Re: ACF FOIA 19-F-0036 and 19-F-0194 (American Oversight v. U.S. Department of Commerce et. al., Case No. 19-cv-912)

Dear Mr. Evers:

This is the nineteenth interim response pertaining to Case No. 19-cv-912 filed April 2, 2019, relating to Freedom of Information Act (FOIA) requests 19-F-0036 and 19-F-0194, submitted to the Administration for Children and Families.

FOIA requests 19-F-0036 and 19-F-0194 seek the following records:

> All calendars or calendar entries for any of the following individuals, including any calendars maintained on behalf of these individuals:
>
> - Scott Lloyd
> - Jonathan Hayes
> - Lynn Johnson
> - Clarence Carter
> - Pedro Moreno
> - Anna Pilato
> - Mary Powers

Enclosed are 200 pages of records that were sent to outside agencies for consult and returned to ACF for release. Some of the information on the disclosed pages has been withheld under the FOIA exemptions (b)(5) and (b)(6).

The exemption (b)(5) protects inter-agency or intra-agency memorandums or letters which would not be available by law to a party other than an agency in litigation with the agency. The exemption protects agency deliberations, both internal and with agency contractors and consultants, attorney-client privileged records and attorney work product. In this case, the withheld information includes pre-decisional discussions within the agency and between agency staff.

FOIA exemption (b)(6) permits the withholding of records which, if released, would constitute a clearly unwarranted invasion of personal privacy. In this case, the withheld information consists

AMERICAN OVERSIGHT

of the identities and/or other private information of private individuals and the work cell phones and internal email addresses of federal employees. Public disclosure of this information would constitute an invasion of privacy of those individuals whose identifying information was disclosed. In withholding the information, the individual's privacy interest was balanced against any public interest in disclosure. In each instance where information was withheld, it was determined that the individual's privacy interests outweighed any public interest in disclosure of the withheld information. Disclosure of the withheld information would invade the privacy of the subject individuals but would reveal nothing about the operations or activities of the government.

We will continue to produce records to you. If you are not satisfied with any aspect of the processing and handling of this request, you may contact the Assistant United States Attorney in the United States Department of Justice who is handling this case for the Department.

Sincerely yours,

Carla C. Smith -S

As these consultations will take place prior to the Forecast submission, POs must work on conceptualizing their individual FOAs and activities for the FY. POs will be able to submit their Forecasts in the AM system once the consultation has taken place.

Early next week I will be sending an email regarding the FY 2019/2020 Forecast and FOA process. With this process in place, the discretionary Forecast submission deadline for FY 2019/20 is Friday, October 12, 2018. Mandatory Forecasts and FOAs are due on Monday, October 1, 2018. Please be sure to review the calendar and submit your Forecasts and FOAs within the established deadlines so DGP can complete their review. Timely submission to DGP will ensure that your PO can publish FOAs sooner in the FY to allow additional time to panel applications and for OGM to process awards.

As always, DGP is available to assist POs with any questions they might have on their Forecasts and FOAs. We appreciate everyone's cooperation in meeting the established ACF deadlines. It is important that everyone adheres to these deadlines to ensure a smooth and efficient process.

Thank you.

Subject: RE: Monthly Faith Call

Hi Angie,

That would be perfect! Thank you for being so accommodating. Please hold that time.

We will invite all of our faith leaders from all religious backgrounds on the call. Jenny Korn will introduce her as the first speaker after Jenny gives a few brief intro remarks on the call. We will have Lynne introduce the work she does at HHS and give an update on her work with UAC's as well as the grant opportunity you all have that faith groups may be interested in. We will then have her take a few questions. Let me know if you have any questions.

Lynn,

Hope you are well. I have a friend who is on Ways and Means handling childhood education and health issues—has lots of experience in running various programs from her time in Ohio. Would you be willing to meet with her for coffee sometime? I think it might be a useful connection for the your division.

Thanks!

This exchange will explore new directions in case management and coaching as well as how a coaching approach is distinctive from more typical case management models and may lead to more positive outcomes. We will hear about two programs that use coaching in their models to achieve better labor market outcomes for their clients including a new workforce coaching program called *MyGoals for Employment Success*, located in Maryland and Texas, and *Fedcap*, a Manhattan-based not-for-profit organization that provides vocational training and employment resources to those who face barriers to employment.

What is a Learning Exchange?
The Learning Exchange provides an opportunity for HHS leadership and staff, as well as other federal partners, to learn about cutting-edge, emerging findings from applied research that have clear relevance for HHS programs and policies. During the Learning Exchange, poverty center affiliates will discuss research findings on a specific topic and engage in a dialogue with federal leaders and staff about implications for policy and practice. The goals are to increase the ability of research findings to inform government policy and programs in a timely manner and to inform University of Wisconsin researchers of current federal priorities.

If you are non HHS: Please allow an extra 15 minutes to go through security Also, please make sure you send me an email 7 days before the event telling me you are attending so that you can be placed on the guest list for building entry.

March 2019 ORR Operational Directive

The Office of Refugee Resettlement (ORR) is implementing an operational directive concerning the April 2018 ORR- Immigration and Customs Enforcement (ICE) - Customs and Border Protection (CBP) Information Sharing Memorandum of Agreement (MOA).

Until further notice, ORR is revising policies related to certain release procedures to their pre-MOA status.

(1) Effective immediately, **Category 1 sponsors no longer require a fingerprint background check** as part of the sponsor assessment process unless a public records check reveals possible disqualifying information; there is a documented risk to the safety of the child; the child is especially vulnerable; or, the case is being referred for a home study.

- By Wednesday, March 27th, care provider Case Managers must cancel all fingerprint appointments for eligible Category 1 sponsors.
- Case Managers must contact eligible Category 1 sponsors to inform them that they no longer require fingerprinting as part of the assessment process.

(2) Case Managers must **continue to document a sponsor's immigration status to determine whether a sponsor care plan is necessary**. Confirmation of adult household immigration status is not required. ORR is exploring ways in which to obtain sponsor immigration status without going through the fingerprint process.

Moving forward, care provider Case Managers must obtain the following information from all sponsors and where necessary an adult care giver identified in a sponsor care plan:

- Documentation sufficient to prove an individuals' immigration status- including copies of valid visas; green cards; copies of NTAs; or, other Federal government issued documentation providing immigration status

Shiloh medical staff diagnosed Lucas with major depressive disorder and told him that officials would not release him until Shiloh medical personnel declared him psychologically sound.

His depression was in large part triggered by "being kept from family," who had entered the country before him, according to court documents.

Colleagues,

The White House will convene a (b) (5) to discuss issues related to unaccompanied alien minors. We know that each of your agencies has a different connection to these issues--which involve security, public safety, detention, and repatriation--and several of you have raised with us that in order to address problems within your individual realms, you need information from and coordination with other agencies. The goal of this (b) is to provide a forum to gather all of your perspectives in developing a unified solution to the problems you face. If we have missed a key member of your team who should join you at the meeting (or join in your stead) please let us know and we will include him/her in the invitation to follow.

NSC and DPC will host the (b) on **Tuesday, November 28, from 10:30am – 12:00pm in the EEOB 428**. Please hold the date.

Read ahead: Please send to us any questions you would like to pose for discussion and any information you might need from other agencies. We will send that out ASAP so that our time together on Monday, November 27, will be as fruitful as possible.

Many thanks.

John, good to hear from you. I'm glad you got the chart.

Yes, we need to catch up. I have an idea I want to share with you at some point (about immigration in general, as an immigrant myself). Maybe over coffee or something in the coming days.

All the best and Happy 4th!

Thank you Jack.

Hi Susan and Maria,

It would be great if we could jump on the phone for a quick call. We've been working on TANF (and also SNAP) workforce issues with a few states, and we would love to describe what we are seeing and get your perspective on whether our ideas make any sense. I'm adding Scott who leads our Rhode Island work. Could you suggest two or three time slots that would work for you next week?

Many Thanks,

Jeff,

Maria is OMB's lead on TANF. You asked about best practices related to workforce support services for TANF recipients and ways to link a portion of payments to results. Maria suggests talking with Susan Golonka at ACF. Her team has a Peer TA network team that may be able to pull some examples, as well as policy staff who have a better sense of what is going on in states. I've copied Maria and Susan on this

Best,

Good Morning Everyone—

Now that we've met with all of the agencies named in the EO and received action items, DPC would like to initiate the next phase of the Welfare EO's implementation.

We will be hosting monthly "Welfare EO Implementation" meetings. These meeting will be focused on prioritizing, coordinating, and implementing the action items already identified. Because your agency and programs are central to the goals of the Welfare EO, we would ask for representatives from your agency to participate.

The first meeting will be this Friday, October 19 at 9:30 am at the EEOB. Please let me know who from your team will be able to attend and update by Tuesday, October 16, by COB.

Hi Clarence,

I hope you are doing well after the stop and start at the beginning of the week!

Per my voice mail, Jim Bates and I would love to come back and sit down with you to present a new array of tools to help you operationalize your vision for a new TANF human services model. We've been having multiple conversations with our colleagues including Andy Bush and Michael De La Rosa to help shape an offering we'd like to present to you.

If you are in town and available February 6 or 7, would your Special Assistant be able to help set up a meeting to discuss please?

AMERICAN OVERSIGHT

about the kinds of questions we could be asking to guide collaborative work in this area. It can be as informal and interactive as we want it to be.

Date/Place of Event: **February 8, 2018, 4:00-5:00 (I promise drinks afterword**). Hilton Crystal City Hotel, Arlington

I/we (hopefully) follow a plenary on *Coordinated Services for Children and their Families: Research Approaches, Benefits, and Challenges* that would be good to attend first **(3:00-4:00)**. Mathematica is presenting on a TANF funded, two generation research project, *Overview of Coordinated Service Models and Research Approaches*, in addition to speakers from Duke and Northwestern.

Background: CCEEPRC's Annual Meeting is sponsored jointly by OPRE and OCC for ACF-funded researchers, policy-makers, program administrators and other partners involved in child development and early education. This meeting focuses on research findings and current research projects that can help inform policy decisions.

Let me know what you think…
