Re: ACF FOIA 19-F-0036 and 19-F-0194 (American Oversight v. U.S. Department of Commerce et. al., Case No. 19-cv-912)

Dear Mr. Evers:

This is the 21st interim response pertaining to Case No. 19-cv-912 filed April 2, 2019, relating to Freedom of Information Act (FOIA) requests 19-F-0036 and 19-F-0194, submitted to the Administration for Children and Families.

FOIA requests 19-F-0036 and 19-F-0194 seek the following records:

> All calendars or calendar entries for any of the following individuals, including any calendars maintained on behalf of these individuals:
>
> - Scott Lloyd
> - Jonathan Hayes
> - Lynn Johnson
> - Clarence Carter
> - Pedro Moreno
> - Anna Pilato
> - Mary Powers

Enclosed are 19 pages of records that were sent to outside agencies for consult and returned to ACF for release. Some of the information on the disclosed pages has been withheld under the FOIA exemptions (b)(5), (b)(6) and (b)(7)(C).

The exemption (b)(5) protects inter-agency or intra-agency memorandums or letters which would not be available by law to a party other than an agency in litigation with the agency. The exemption protects agency deliberations, both internal and with agency contractors and consultants, attorney-client privileged records and attorney work product. In this case, the withheld information includes pre-decisional discussions within the agency and between agency staff.

FOIA exemption (b)(6) permits the withholding of records which, if released, would constitute a clearly unwarranted invasion of personal privacy. In this case, the withheld information consists

AMERICAN OVERSIGHT

of the identities and/or other private information of private individuals and the work cell phones and internal email addresses of federal employees. Public disclosure of this information would constitute an invasion of privacy of those individuals whose identifying information was disclosed. In withholding the information, the individual's privacy interest was balanced against any public interest in disclosure. In each instance where information was withheld, it was determined that the individual's privacy interests outweighed any public interest in disclosure of the withheld information. Disclosure of the withheld information would invade the privacy of the subject individuals but would reveal nothing about the operations or activities of the government.

Exemption 7(C) provides protection for law enforcement information the disclosure of which could reasonably be expected to constitute an unwarranted invasion of personal privacy. The information withheld under (b)(7)(C) includes the names, emails and telephone numbers of law enforcement officers.

We will continue to produce records to you. Currently, we are awaiting consult pages from U.S. Customs and Border Patrol, the Federal Emergency Management Agency, and the Department of State. As soon as ACF receives their responses, we will provide a response to you.

If you are not satisfied with any aspect of the processing and handling of this request, you may contact the Assistant United States Attorney in the United States Department of Justice who is handling this case for the Department.

Sincerely yours,

for Celeste Smith

Lucas R., a 12-year-old boy from Guatemala who was detained in February, was transferred to Shiloh after he refused to take antidepressant Zoloft, which was causing him stomach pain, according to a separate court filing. Shiloh medical staff diagnosed Lucas with major depressive disorder and told him that officials would not release him until Shiloh medical personnel declared him psychologically sound.

His depression was in large part triggered by "being kept from family," who had entered the country before him, according to court documents.

Thank you Jack.

Hi Susan and Maria,

It would be great if we could jump on the phone for a quick call. We've been working on TANF (and also SNAP) workforce issues with a few states, and we would love to describe what we are seeing and get your perspective on whether our ideas make any sense. I'm adding Scott who leads our Rhode Island work. Could you suggest two or three time slots that would work for you next week?

Many Thanks,

Jeff

Maria is OMB's lead on TANF. You asked about best practices related to workforce support services for TANF recipients and ways to link a portion of payments to results. Maria suggests talking with Susan Golonka at ACF. Her team has a Peer TA network team that may be able to pull some examples, as well as policy staff who have a better sense of what is going on in states. I've copied Maria and Susan on this

Judy-

I appreciate the additional guidance included in the document you provided in the attachment to your message. I have passed the document along to my operational clients in ERO. As you may be aware, ICE's interaction with unaccompanied alien children (UACs) is quite limited and they are most commonly first encountered by CBP. That said, below are responses to your follow up questions.

I oversee the Chief Counsel offices in the field that will be representing the government in these proceedings. In addition to some of the technical issues (i.e. Videoconferencing, etc.), there are some logistical issues that need to be resolved to prepare for these hearings:

All,

Please note that we are planning to meet on January 3, 2019 from 11:00am – 12:00pm to discuss support for the request below from Ms. Blake, CIO, Administration for Children and Families (ACF) Department of Health and Human Services who advised the following:

I need some assistance and I am hoping you can help me identify the appropriate staff on your side to work with. We currently have our 36 digital sites that are processing sponsor and sponsor co-habitants fingerprint requests through an OPM modem connection. OPM then routes those prints on to you guys. We are transitioning those sites off of these legacy modem connections and they will begin processing through a central server that has a VPN connection to OPM. This project is called WEBS and it will be leveraged until we build better interoperability with the FBI and/or transition to the Galton devices.

I previously got our (HHS/ACF) ORI code created so that our transactions through OPM were easily identifiable, (b) (6) *ICE has asked for the ability to tell which digital site the prints are collected from. I need to have some design discussion around how we should be configuring our cross match software to achieve this, I need some assistance understanding what configuration changes would be made on our side, some ideas on where we could potentially store some type of locality information for each digital site, and what exactly I should be requesting, i.e. another ORI. If*

you can help to identify the right people to plan this out with, I would truly appreciate your assistance.

The FBI/CJIS/FACESU will book a conference room here at CJIS and provide a *link* for those unable to attend in person to call in (meeting request will soon follow this email).

Perhaps HHS can provide a brief overview of the WEBS project when we meet?

Respectfully,

July 27, 2018 Continued
Friday

I have confirmed HHS' ability to participate in the call tomorrow, Friday, July 27, 2018 at 12:00pm Eastern. HHS attendees will be (b) (6) , USPH, Mr. Mark Weber (HHS PA), and Mr. Toby Biswas, HHS Policy.

The intent of this call is to provide the city with the opportunity to ask HHS any programmatic or policy questions on the actual unaccompanied alien children program that Goodfellow AFB (and DoD, writ large), are not in a position to answer.

I am sure you are all also aware that neither DoD nor HHS are in a position to address city concerns such as hotel occupancy or the sufficiency of local law enforcement. (b) (5)

(b) (6) will moderate the call. For (b) (6) and (b) (6), you are welcome to join us here in 3D247 if able. We would like to touch base tomorrow before the call if your schedules allow.

Please let me know if there are any questions.

Very Respectfully,
