RE: FOIA Request No. 2019-05253

Dear Mr. McGrath:

This is the first rolling release in response to the above-referenced Freedom of Information Act (FOIA) request submitted by Bianca Tylek, Worth Rises Executive Director and Austin Evers, American Oversight Executive Director. Additional determinations and releases will be forthcoming.

Enclosed with this determination letter are 200 pages of records processed in response to Request No. 2019-05253. After careful review, our office determined 22 pages are appropriate for release in full; 170 pages are appropriate for release in part; two (2) pages must be withheld in their entirety; and six (6) pages were non-responsive to the request. Records were redacted or withheld in full from disclosure pursuant to Title 5 U.S.C. §§ 552(b)(5), (b)(6), (b)(7)(C), and (b)(7)(E).

If you have questions about this response please feel free to contact the undersigned, this office, or the Bureau of Prisons FOIA Public Liaison, Mr. C. Darnell Stroble, at: 202-616-7750; 320 First Street NW, Suite 936, Washington, DC 20534; or ogc_efoia@bop.gov.

Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The OGIS may be contacted at: Office of Government Information, Services, National Archives and Records Administration, Room 2510, 8601 Adelphi Road, College Park, MD 20740-6001; ogis@nara.gov; 202-741-5770 (phone); 1-877-684-6448 (toll free); or 202-741-5769 (fax).

AMERICAN OVERSIGHT

If you are not satisfied with my response to this request, you may administratively appeal by writing to the Director, Office of Information Policy (OIP), United States Department of Justice, 441 G St., NW, 6th Floor, Washington, DC 20530, or you may submit an appeal through OIP's FOIA STAR portal by creating an account following the instructions on OIP's website (https://www.justice.gov/oip/submit-and-track-request-or-appeal). Your appeal must be postmarked or electronically transmitted within 90 days of the date of my response to your request. If you submit your appeal by mail, both the letter and the envelope should be clearly marked "Freedom of Information Act Appeal."

Sincerely,

Deborah Locke
for Eugene Baime, Supervisory Attorney

Encl.

Hello (b)(yes we can probably do that. However, it's going to take several weeks (b)(7)(E) (b)(7)(E) if everything goes smoothly. Also what inferences are to be drawn from the recidivism of inmates released from one RRC? As you know, multipl dozens of things can affect if an inmate recidivates or not. Given the above, let us know if you want us to proceed.

Good afternoon Sir.

AMERICAN OVERSIGHT

Good afternoon Sir,

I wanted to follow up with you regarding taking a look at return rates for those released from the Leidel RRC following the Continuum of Care Program enhancement implementation.

I have attached two co-horts of releases from the facility (2018 and YTD 2019), is there an opportunity to run those participants to allow our research dept to take a look at the return rate for those participants as we evaluate the program?

If you have any questions, please don't hesitate to give me a call. Sorry I missed you at ACA last week.

Have a good evening Sir.

Mr. (b)(6)

Thank you for your offer of assistance, it is appreciated. We have been in touch with your (b)(6) (b)(6) The decision was communicated to us that we would not evacuate the Liedell facility. The decision is consistent with information and evacuation plans we are coordinating with the Texas Department of Criminal Justice. The appropriate provisions have been made and are being implemented.

We will have additional leadership deployed to the area to assist in assessing and implementing all emergency protocols. Additionally, our emergency operations center will be operational and will be monitoring the situation. Our incident commander for

AMERICAN OVERSIGHT

this operation is VP (b)(6) (b)(6) who can be reached at (b)(6)

Again, thank you and we will keep you informed. If you have questions or concerns please feel free to call me anytime. My cell is (b)(6)

Hello (b)(yes we can probably do that. However, it's going to take several weeks (b)(7)(E) (b)(7)(E) If everything goes smoothly. Also what infrences are to be drawn from the recidivism of inmates released from one RRC? As you know, multipl dozens of things can affect if an inmate recidivates or not. Given the above, let us know if you want us to proceed.

Good afternoon Sir,

I wanted to follow up with you regarding taking a look at return rates for those released from the Leidel RRC following the Continuum of Care Program enhancement implementation.

I have attached two co-horts of releases from the facility (2018 and YTD 2019), is there an opportunity to run those participants to allow our research dept to take a look at the return rate for those participants as we evaluate the program?

If you have any questions, please don't hesitate to give me a call. Sorry I missed you at ACA last week.

Have a good evening Sir.

Good Afternoon Sonya,

I wanted to take a moment to say a quick hello and introduce myself. I am your new Account Manager. You may have worked with (b)(6) in the past. (b)(6) has resigned.

I would love to have a quick chat with you to properly introduce myself and answer any questions you may have with regard to CenturyLink or our capabilities. Please let me know if you will have some time this week or next and I will schedule a quick call.

I would also love to bring you up to speed on CenturyLink and our latest service offerings which include **drone detection and mitigation**, **data analytics**, **video surveillance** platforms as well as a host of others. I am attaching a 1 page product offering summary for you to peruse at your convenience. It should serve as a good reference for how CenturyLink can help the Bureau of Prisons with its day to day IT needs and requirements.

Thanks in advance and I am looking forward to meeting you, Sonya.

Have a great day,

AMERICAN OVERSIGHT

(b)(7)(E)

https://zoom.us/docs/doc/Zoom-Security-White-Paper.pdf

Firewall Compatibility

During session setup, the Zoom client connects via HTTPS (port 443/TLS) to Zoom servers to obtain information

required for connecting to the applicable meeting or webinar, and to assess the current network environment such as

the appropriate multimedia router to use, which ports are open and whether an SSL proxy is used. With this metadata,

the Zoom client will determine the best method for real time communication, attempting to connect automatically using

preferred udp and tcp ports 8801, 8802, and 8804. For increased compatibility and support of enterprise SSL proxies,

connection can also be made via HTTPS (port 443/TLS). An HTTPS connection is also established for users connecting

to a meeting via the Zoom web browser client.

Client Application

Role-based user security

The following pre-meeting security capabilities are available to the meeting host:

• Enable an end-to-end (E2E) encrypted meeting

• Secure log-in using standard username and password or SAML single sign-on

• Start a secured meeting with password

• Schedule a secured meeting with password

Selective meeting invitation: The host can selectively invite participants via email, IM, or SMS. This provides greater

control over the distribution of the meeting access information. The host can also create the meeting to only allow

AMERICAN OVERSIGHT

members from a certain domain email to join.

Meeting Details Security: Zoom retains event details pertaining to a session for billing and reporting purposes. The

event details are stored at the Zoom secured database and are available to the customer account administrator for

review on the customer portal page once they have securely logged-on.

Application security: Zoom can encrypt all presentation content at the application layer using the Advanced Encryption

Standard (AES) 256-bit algorithm.

Zoom client group policy controls: Specifically applicable to the Zoom Meetings client for Windows and Zoom Rooms

for Windows, administrators can define a broad set of client configuration settings that are enforced through Active

Directory group policy controls.

E2E Chat Encryption: Zoom E2E chat encryption allows for a secured communication where only the intended recipient

can read the secured message. Zoom uses public and private key to encrypt the chat session with Advanced Encryption

Standard (AES-256). Session keys are generated with a device-unique hardware ID to avoid data being read from other

devices. This ensures that the session can not be eavesdropped on or tampered with.

Good afternoon Sir,

I wanted to follow up with you regarding taking a look at return rates for those released from the Leidel RRC following the Continuum of Care Program enhancement implementation.

I have attached two co-horts of releases from the facility (2018 and YTD 2019), is there an

AMERICAN OVERSIGHT

opportunity to run those participants to allow our research dept to take a look at the return rate for those participants as we evaluate the program?

If you have any questions, please don't hesitate to give me a call. Sorry I missed you at ACA last week.

Have a good evening Sir.

INMATE WALKS AWAY FROM TAFT CORRECTIONAL INSTITUTION'S MINIMUM SECURITY SATELLITE CAMP

Taft, California. – January 6, 2018 – On January 6, 2018 at 11:17 a.m., while conducting the official count, staff at the Taft Correctional Institution discovered Javier Torres was missing from the Institution's Satellite Camp facility. The Satellite Camp is a minimum-security facility that houses approximately 550 low risk federal inmates. Similar to prison camps operated by the Federal Bureau of Prisons, this facility does not have a perimeter security fence or armed posts.

Taft Correctional Institution immediately contacted all appropriate law enforcement agencies including the Taft Police Department, Bakersfield Police Department, Kern County Sheriff's Department, California Highway Patrol, Federal Bureau of Investigation, Federal Bureau of Prisons, and the United States Marshals Service.

Inmate Javier Torres is a 29-year-old white male of hispanic origin. He is 5'11" tall, has black hair, and brown eyes, and weighs approximately 310 lbs. He has 1" scar on his right hand, and no known aliases. Inmate Javier Torres was sentenced on August 1, 2017, in the Central District of California, to 120 months in federal custody for Possession With Intent to Distribute Cocaine and Importation of Cocaine. He arrived at the Taft Correctional Institution Satellite Camp on August 25, 2017. His projected release date was August 22, 2025.

If anyone suspects they have seen this individual or obtains information as to his location, please contact the Federal Bureau of Investigation, the United States Marshals Service, or any law enforcement agency.

Hi Nancy,

I hope you're doing well. I handle media relations for MTC. I'm going to be in D.C. next week and was hoping you had a few minutes for a brief introduction? Do you have some time on Thursday, May 4? Morning would be best for me, but I can make the afternoon work as well. I promise I won't take much time. I just want to say hi and introduce myself. Thanks.

The media request came from Rosie Flores of the Pecos Enterprise Newspaper.
This was her specific request

"Good Morning,
We just received an e-mail from a concerned family member about what is
happening at the RCDCIII facility.
She stated that she fears her family member is not receiving his medication
or being fed regularly, due to the ongoing lockdown at the facility.
She also mentioned that her family member is not one of the inmates that
was trying to create trouble and is very concerned about him.
Is there anything that you can tell us about the situation at the facility
at this time?
Thanks,
Rosie"

The media request came from Rosie Flores of the Pecos Enterprise Newspaper. This was her specific request

"Good Morning,
We just received an e-mail from a concerned family member about what is happening at the RCDCIII facility.
She stated that she fears her family member is not receiving his medication or being fed regularly, due to the ongoing lockdown at the facility.
She also mentioned that her family member is not one of the inmates that was trying to create trouble and is very concerned about him.
Is there anything that you can tell us about the situation at the facility at this time?
Thanks,
Rosie"

Subject: Fwd: Information on Media Request

>>> (b)(6) 05/03/2017 18:27 >>>
The media request came from Rosie Flores of the Pecos Enterprise Newspaper.
This was her specific request

"Good Morning,
We just received an e-mail from a concerned family member about what is happening at the RCDCIII facility.
She stated that she fears her family member is not receiving his medication or being fed regularly, due to the ongoing lockdown at the facility.
She also mentioned that her family member is not one of the inmates that was trying to create trouble and is very concerned about him.
Is there anything that you can tell us about the situation at the facility at this time?
Thanks,
Rosie"

Hi Nancy,

I hope you're doing well. I handle media relations for MTC. I'm going to be in D.C. next week and was hoping you had a few minutes for a brief introduction? Do you have some time on Thursday, May 4? Morning would be best for me, but I can make the afternoon work as well. I promise I won't take much time. I just want to say hi and introduce myself. Thanks.

MTC Taft Correctional Institution

NEWS RELEASE

Taft Correctional Institution
1500 Cadet Road
P.O. Box 7000
Taft, CA 93268
(b)(6)

For Immediate Release

INMATE WALKS AWAY FROM TAFT CORRECTIONAL INSTITUTION'S MINIMUM SECURITY SATELLITE CAMP

Taft, California. – August 8, 2016 – On August 8, 2016 at 4:32 p.m., while conducting the official count, staff at the Taft Correctional Institution discovered one inmate was missing from the Institution's Satellite Camp facility. The Satellite Camp is a minimum-security facility that generally houses approximately 550 low risk federal inmates with shorter sentences. Similar to prison camps operated by the Federal Bureau of Prisons, this facility does not have a perimeter security fence or armed posts

Taft Correctional Institution immediately contacted all appropriate law enforcement agencies including the Taft Police Department, Bakersfield Police Department, Kern County Sheriff's Department, California Highway Patrol, Federal Bureau of Investigation, Federal Bureau of Prisons, and United States Marshals Service.

Inmate John Barrena-Jerez is a 36-year-old White male of Hispanic origin. He is 5'7" tall, has black hair, brown eyes, and weighs approximately 267 lbs. He has the following tattoos: flag with stars on his top right arm, flag with 5 stars on his top left arm, barbed wire band on his top left arm and S on his stomach. Inmate John Barrena-Jerez was sentenced on March 2, 2012, in the Southern District of California, to 120 months in federal custody for Conspiracy to Distribute Methamphetmine. He has used the following aliases: John Barrena, El Gordo, and John Barrena Jerez. He arrived at the Taft Correctional Institution Satellite Camp on July 8, 2014. His projected release date was February 23, 2019.

If anyone suspects they have seen this individual or obtains information as to his location, please contact the Federal Bureau of Investigation, United States Marshals Service, or any law enforcement agency.

And it won't be long before we're going to be pulling some more off," chirped McDuffie. "And that will build some momentum to free us from some of this debt."

PRISON:

Continued from 1

Hayes said he was notified on Tuesday night of last week that in excess of 100 inmates refused to be locked down following some sort of disturbance reported in a secured outside area of the prison.

"We were informed that an incident occurred among some inmates who were outside and they refused instructions by the prison staff to go to an assigned area," Hayes said. "Apparently this disturbance carried forward inside as I learned that numerous inmates in one of the prison's housing units refused to be placed on lockdown."

Hayes added that the inmates who were in the secured area outside reportedly showed their reluctance to follow commands from the prison staff by staging a "sit in."

The Sheriff said he was also made aware that some of the inmates managed to break into the office of a prison counselor from where they used the telephone to call the media, their family members, and even Hertford County's E-911 (dispatch) Center.

"Our dispatch center was flooded with phone calls from inmates who said there were multiple injuries involved with what they termed as a riot at Rivers Correctional," Hayes said. "I immediately got on the phone with the warden there and discovered that the information being shared by the inmates was false."

However, Hayes said he "sided with caution" and notified Hertford County Emergency Management and Hertford County EMS.

"I wanted them to be aware of what was taking place at the prison and for them to be on standby just in case they were needed," Hayes said. "I also sent my deputies to patrol the area near the prison, but they were not to go onto the property because our assistance was not requested by the warden."

Hayes said he did offer the services of his department to the warden.

"I was advised that they were able to gain complete control of the inmates who had refused to go into lockdown by around 5:30 a.m. the next morning (Wednesday, Sept. 6)," Hayes stated.

The Sheriff said he was informed by the Rivers Correctional warden that no inmates or staff were injured during the incident.

"To date, I have not been presented any cases by the prison staff that would involve my department in making any arrests on criminal charges linked to this incident," Hayes concluded.

Rivers Correctional Institution, which opened in 2001, houses inmates from the District of Columbia through a contract between the GEO Group and the Federal Bureau of Prisons. It has a capacity of 1,450.

ST. JOHN:

Continued from 1

chased 2.5 acres of land directly behind its main facility with dreams of building a new Fellowship Hall. This building would include a new and larger kitchen and much needed storage space.

"Anyone that has worked in the kitchen at the little building across the road knows that more space was needed," Barr noted.

In the fall of 2011, a committee was appointed to visit the fellowship halls of local churches and come up with a plan that would fit the needs came up with a dream design and with the help of A. R. Chesson Construction Company, drawings of the building and floor plans were made.

With a project cost in mind, members of the church launched its first barbequed chicken and live auction fundraiser in the spring of 2012. This was followed by a yard sale by the WMU in early summer and another

barbeque chicken dinner in the fall. These three fundraisers have become annual events since that time, with all proceeds benefitting the Fellowship Hall Building Fund.

Another fundraising tablishment of a plaque so that both current and former church members could memorialize or honor their loved ones. Those names were engraved on the plaques with a minimum donation of $200. These plaques are now located in the foyer of the new Fellowship Hall and continue to receive donations.

In the spring of 2016, the building fund had reached nearly three-fourths of the money needed for construction. A contract was awarded to Revelle Builders of Murfreesboro for construction. The remaining cost of the project a loan from Southern Bank. Construction began in the fall of last year and the building was formally dedicated, complete with a meal, this past Sunday.

"We are not through; we still have a debt to pay, and our annual fundraisers will continue," Barr said.

"We could not have made it this far without the will of our God, the hard work of our church family, our community, friends in the surrounding counties and local businesses. Thank you to all that have supported our goal and pray that you continue your support," she added.

ship Hall was located across the road from the church. That 24' x 40' building traces its roots to 1950, constructed then by the Home Demonstration Club (HDC).

Research performed by St. John Baptist Church Deacon Joe Askew shows that facility – known by many as the Community Building – was used extensively by the church due to the fact that many of its women members were also part of the HDC.

Over the years upgrades were made to the building with the addition of a 12' x 21' kitchen. Later, men's and women's restrooms and cen-

added.

In the mid 1990's, the HDC was dissolved and the ownership of the building was transferred to the church.

"The building has served the community and the church well over the years, but due to its age is in need of repairs," Askew noted in his research. "The road separating it from the church has been and remains a great concern for both our children and older members. The elevated bathrooms are also a safety concern for our elderly."

All of those problems are now solved with the opening of the new Fel-

MTC Taft Correctional Institution

NEWS RELEASE

Taft Correctional Institution
1500 Cadet Road
P.O. Box 7000
Taft, CA 93268
(b)(6)

For Immediate Release

INMATE WALKS AWAY FROM TAFT CORRECTIONAL INSTITUTION'S MINIMUM SECURITY SATELLITE CAMP

Taft, California. – December 15, 2015 – On December 15, 2015, at 4:45 p.m., while conducting the official count, staff at the Taft Correctional Institution discovered one inmate was missing from the Institution's Satellite Camp facility. The Satellite Camp is a minimum-security facility that generally houses approximately 550 low risk federal inmates with shorter sentences. Similar to prison camps operated by the Federal Bureau of Prisons, this facility does not have a perimeter security fence or armed posts

Taft Correctional Institution immediately contacted all appropriate law enforcement agencies including the Taft Police Department, Bakersfield Police Department, Kern County Sheriff's Department, California Highway Patrol, Federal Bureau of Investigation, Federal Bureau of Prisons, and United States Marshals Service.

Inmate Nathan Nwobi is a 42-year-old Black male. He is 5'8" tall, has black hair, brown eyes, weighs approximately 163 lbs., and has a one inch scar on his left knee. Inmate Nathan Nwobi was sentenced on August 24, 2012, in the Central District of California, to 120 months in federal custody for Conspiracy to Manufacture and Possession With Intent to Distribute Marijuana, Manufacture and Possession With Intent to Distribute Marijuana, and Maintaining A Drug Involved Premises. He has used the following aliases: Douglas Cook. He arrived at the Taft Correctional Institution Satellite Camp on November 5, 2015. His projected release date was November 20, 2020.

If anyone suspects they have seen this individual or obtains information as to his location, please contact the Federal Bureau of Investigation, United States Marshals Service, or any law enforcement agency.

Subject: Bakersfield Californian Article Regarding Scabies at the Taft Correctional Camp

Attachments: TEXT.htm, IMAGE.jpeg, IMAGE.jpeg

Good Afternoon,

Please see an additional news article posted on Friday regarding scabies at the Taft Correctional Camp. The facility just forwarded a few minutes ago.

Inmates are being treated with the appropriate medicine at this time and all appropriate BOP protocols are being followed.

Have a nice day.

(b)(6)

>>> Dale Patrick <(b)(6) 4/1/2019 10:58 AM >>>
I discovered another article on Channel 17 KGET's website posted on Friday evening after hours about our press release.

https://www.bakersfield.com/news/breaking/taft-prison-camp-placed-under-quarantine-after-inmates-contract-scabies/article_b2b524aa-523b-11e9-bfa6-6fde76f6048c.html

The part of the article in the Bakersfield Californian where the stated "Scabies is a skin condition in which tiny mites burrow underneath the skin, causing severe itchiness and possibly rashes: was not part of the Press Release. I also received an inquiry from KGET Channel 17 staff who apparently did not get the Press Release. I forwarded them a copy and asked them to check the e-mail address I have for them on file.
