RE: FOIA Request No. 2019-05253

Dear Mr. McGrath:

This is the second rolling release in response to the above-referenced Freedom of Information Act (FOIA) request submitted by Bianca Tylek, Worth Rises Executive Director and Austin Evers, American Oversight Executive Director. Additional determinations and releases will be forthcoming.

Enclosed with this determination letter are 210 pages of records processed in response to Request No. 2019-05253. After careful review, our office determined 42 pages are appropriate for release in full; 167 pages are appropriate for release in part; one (1) page was nonresponsive to the request; and zero (0) pages were withheld in their entirety. Records were redacted pursuant to Title 5 U.S.C. §§ 552(b)(6) and (b)(7)(C).

If you have questions about this response please feel free to contact the undersigned, this office, or the Bureau of Prisons FOIA Public Liaison, Mr. C. Darnell Stroble, at: 202-616-7750; 320 First Street NW, Suite 936, Washington, DC 20534; or ogc_efoia@bop.gov.

Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The OGIS may be contacted at: Office of Government Information, Services, National Archives and Records

Taft wait time for EODs

Hi Cristina,
I realize that time has not be good to discuss so I thought I would send you a note and at your convenience, see if we could briefly discuss the above. It appears that Taft is being led to believe that an applicants' background must be completed before they are given an EOD. Why is this different from the BOP practice (the BI scheduled after the pre-investigative work completed) and an EOD is provided/allowed?

I may have this wrong but it appears as though Taft is being held to a higher standard than BOP.

Hope you are well. I will talk to you soon.

Can I pass this along and ask that you not share it. Provides context as to what some thoughts are on the topic I dumped in your lap. The oversight folks are short handed and if they hear a big shot like you is questioning them, they tend to get self-conscientious and may inadvertently pass along their frustration☺

Good morning Dan.

Absolutely! As you know, I have been very concerned about this issue from day one.

A couple of thoughts:

- The Bureau invited us, (along with other contractors) to JSTARs training in January of 2018, with the intent for our staff to have access to JSTARs. However, the BOP has yet to enable our access to JSTARs. As I understand it, there seems to be some communication issues within the BOP as to whether or not contractors would be utilizing JSTARs. Our having access should save us a fair portion of time in the process. (One of the BOP on-site staff here, who retired in January, used to do this for Taft. He has not been replaced).
- Some of the candidates themselves have caused surprising delays. I will forward you separately the cover email we send asking each candidate to carefully complete necessary materials in preparation for appointments with our staff here. If they do not complete the materials, delays inevitably occur. As you noted, this was the case with (b)(6)

AMERICAN OVERSIGHT

I suggest (b)(6) or another person from the Corporate HR staff, come to Taft with a mission to examine our process to recommend improvements. I believe a set of unconnected eyes might be helpful in terms of examining our understanding of BOP requirements and how we may be interpreting those requirements or where we need to push back more.

I am very pleased with the staff member in our HR, (b)(6) who has the primary responsibility for these processes. She is our newest there. She is the one who supplied the (b)(6) (b)(6) timeline you attached for me. She would be well-suited for additional process improvements we may engage in to help our cause.

(b)(6); (b)(7)(C) has a backup for NCICs and he is good about telling (b)(6) when he might be away. He and (b)(6) work well together. I know he struggles toward the end of each month as he has monthly report due along with other duties. He and (b)(6) have spoken about this as well. (Another on site staff member, who transferred last December, used to do the NCICs). Again, the reduction in on site staff leaves (b)(6); (b)(7)(C) to try to fit in quite a bit.

Happy to talk much more about this.

Craig,
I have BOP looking into this issue with extended periods regarding the background time and EOD at Taft but from the looks of this, there appears delays not related ONLY to BOP. I ask that the hiring process at Taft be examined in order to streamline anything on our end as well. I will share BOPs perspective when I receive it but please be certain all steps to streamline within our control are examined and put into use. (Eg. can we arrange with (b)(6); (b)(7)(C) an alternate contact if he is out for NCIC?)

It also appears that the attached may not be the best example of the process as there is a combination of Bridge, applicant delay, and BOP delay.

Thank you,
Dan

Hi! I did not forget about your issue....here is what was conveyed to me...helpful?

(b)(6) spoke with (b)(6) Correctional Program Specialist (Privatization Management Branch) and he doesn't know why anyone would be told the below.

(b)(6) also spoke with (b)(6): (b)(7)(C) Senior Secure Institution Manager, and he told (b)(6) there must be miscommunication because the only problem they are having is getting the JSTARS up and running on their network. (b)(6): (b)(7)(C) knows they just need JSTARS approval before EOD, not the full background.

Hi Cristina,
I realize that time has not be good to discuss so I thought I would send you a note and at your convenience, see if we could briefly discuss the above. It appears that Taft is being led to believe that an applicants' background must be completed before they are given an EOD. Why is this different from the BOP practice (the BI scheduled after the pre-investigative work completed) and an EOD is provided/allowed?

I may have this wrong but it appears as though Taft is being held to a higher standard than BOP.

Hope you are well. I will talk to you soon.

Good morning Dan.

Absolutely! As you know, I have been very concerned about this issue from day one.

A couple of thoughts:

- The Bureau invited us, (along with other contractors) to JSTARs training in January of 2018, with the intent for our staff to have access to JSTARs. However, the BOP has yet to enable our access to JSTARs. As I understand it, there seems to be some communication issues within the BOP as to whether or not contractors would be utilizing JSTARs. Our having access should save us a fair portion of time in the process. (One of the BOP on-site staff here, who retired in January, used to do this for Taft. He has not been replaced).
- Some of the candidates themselves have caused surprising delays. I will forward you separately the cover email we send asking each candidate to carefully complete necessary materials in preparation for appointments with our staff here. If they do not complete the materials, delays inevitably occur. As you noted, this was the case with Mr. (b)(6)

I suggest (b)(6) or another person from the Corporate HR staff, come to Taft with a mission to examine our process to recommend improvements. I believe a set of unconnected eyes might be helpful in terms of examining our understanding of BOP requirements and how we may be interpreting those requirements or where we need to push back more.

I am very pleased with the staff member in our HR, (b)(6) who has the primary responsibility for these processes. She is our newest there. She is the one who supplied the (b)(6) (b)(6) timeline you attached for me. She would be well-suited for additional process improvements we may engage in to help our cause.

(b)(6); (b)(7)(C) has a backup for NCICs and he is good about telling (b)(6) when he might be away. He and (b)(6) work well together. I know he struggles toward the end of each month as he has monthly report due along with other duties. He and (b)(6) have spoken about this as well. (Another on site staff member, who transferred last December, used to do the NCICs). Again, the reduction in on site staff leave (b)(6); (b)(7)(C) to try to fit in quite a bit.

Craig,
I have BOP looking into this issue with extended periods regarding the background time and EOD at Taft but from the looks of this, there appears delays not related ONLY to BOP. I ask that the hiring process at Taft be examined in order to streamline anything on our end as well. I will share BOPs perspective when I receive it but please be certain all steps to streamline within our control are examined and put into use. (Eg. can we arrange with (b)(6); (b)(7)(C) an alternate contact if he is out for NCIC?)

It also appears that the attached may not be the best example of the process as there is a combination of Bridge, applicant delay, and BOP delay.

Thank you,
Dan

GTL has partnered with CorrectionsOne to deliver a webinar about creating a professional training program to recruit, educate and motivate correctional facility staff. The event will be on Nov. 28, and the principal presenters will be Dr. Turner Nashe, Jr. (Senior Vice President of Education Services at GTL), (b)(6) Director of Statewide Training at the Tennessee Department of Correction), and Alisa Malone (Director of Workforce Development at GTL).

Please register today to reserve your spot.

How Correctional Facilities Can Attract and Develop All-Star Talent with the Right Education Programs

Learn how the Tennessee Department of Correction is leveraging a learning management system

Wed, Nov 28th, 2018 2:00 PM ET

AMERICAN OVERSIGHT

Cost: Free

With the national population of correctional officers at approximately 430,000 and an estimated annual turnover rate for corrections officers approaching 40 percent, it is imperative for administrators of jails and prisons to provide training opportunities. These opportunities improve employee performance and foster career advancement. Educational technology – most notably a learning management system (LMS) – can support a comprehensive training program, improve recordkeeping for administrative staff, and reduce costs for government agencies.

Key topics to be covered in the session:

- How correctional facilities and community corrections agencies can better focus on developing officials to reach their career potential
- How the Tennessee of Department of Correction embraced digital over a paper-based system to transform course curriculum into an automated learning management system
- How educational technology can help meet the needs of a multi-generational workforce in the correctional field
- Get insights to what other corrections facilities are doing to see how your facility compares
- The critical success factors associated with the deployment of a learning management system
- A cost-benefit analysis of implementing new technology into your correctional facility's ecosystem

How Correctional Facilities Can Attract and Develop All-Star Talent with the Right

AMERICAN OVERSIGHT

Education Programs

Learn how the Tennessee Department of Correction is leveraging a learning management system

Wed, Nov 28th, 2018 2:00 PM ET

Cost: Free

With the national population of correctional officers at approximately 430,000 and an estimated annual turnover rate for corrections officers approaching 40 percent, it is imperative for administrators of jails and prisons to provide training opportunities. These opportunities improve employee performance and foster career advancement. Educational technology – most notably a learning management system (LMS) – can support a comprehensive training program, improve recordkeeping for administrative staff, and reduce costs for government agencies.

Key topics to be covered in the session:

- How correctional facilities and community corrections agencies can better focus on developing officials to reach their career potential
- How the Tennessee of Department of Correction embraced digital over a paper-based system to transform course curriculum into an automated learning management system
- How educational technology can help meet the needs of a multi-generational workforce in the correctional field
- Get insights to what other corrections facilities are doing to see how your facility compares
- The critical success factors associated with the deployment of a learning management system
- A cost-benefit analysis of implementing new technology into your correctional facility's ecosystem

To Alumni of Class 17,

In mid-December, I sent you an informational e-mail referencing NIC's highly regarded Executive Excellence (EE) program and the two programs we are offering which include classes 20 and 21. In three days, I will leave for the National Corrections Academy in Aurora, Colorado and be met by (b)(6) and (b)(6) in welcoming EE Class 20 to the experience. It feels really good to be getting back down to business and the

AMERICAN OVERSIGHT

program (b)(6) and I are very excited about next week and meeting the new class.

What this note is about is that while EE Class 20 will be moving full speed ahead with lots of exciting new faculty and the ever stimulating fireside chats, I want to remind you that Class 21 starts April 23rd. The NIC Registrar reminded me yesterday that we need to make our selection for that class by March 10. That being said sometimes a candidate for a future class may not have registered for the program just yet. Therefore, if you had a candidate that you recommended please be sure they have registered and sent along all of their supplementary materials. If your candidate(s) have not registered for EE Class 21, there is still time and I am once again attaching the **"NIC How to Apply Instructions"** for your reference.

Each of you represents our best recruitment force and we appreciate your effort on our behalf. Again, Class 21 has what appears to be some excellent candidates in the queue. Your knowledge of the program and our expectations serves as an exceptional frame of reference for our future program. Again, my purpose in sending out this final e-mail is to encourage you to think about a colleague in your organization, who you feel could benefit by attending EE. This is an exciting time for our field, we need great leadership and I look forward to seeing your recommendation for Class 21 by March 6. Thank you for your consideration and prompt attention to this note

With my best personal regards,

Hey Class 17! I had to go back and look to see when our first class was held and I cant believe it his been a little over 4 years. Time does fly by! I was hoping everyone could give an update on what is going on in your lives just to catch us all up to speed. I hope that everyone is doing great and living life to its fullest. I am currently on the move again, this time to Terre Haute, IN as the Complex Warden at that facility. (b)(6) Again, I hope all is well and would love to hear from everyone else. Take care.

To Alumni of Class 17,

In mid-December, I sent you an informational e-mail referencing NIC's highly regarded Executive Excellence (EE) program and the two programs we are offering which include classes 20 and 21. In three days, I will leave for the National Corrections Academy in Aurora, Colorado and be met by (b)(6) and (b)(6) in welcoming EE Class 20 to the experience. It feels really good to be getting back down to business and the program (b)(6) and I are very excited about next week and meeting the new class.

What this note is about is that while EE Class 20 will be moving full speed ahead with lots of exciting new faculty and the ever

stimulating fireside chats, I want to remind you that Class 21 starts April 23rd. The NIC Registrar reminded me yesterday that we need to make our selection for that class by March 10. That being said sometimes a candidate for a future class may not have registered for the program just yet. Therefore, if you had a candidate that you recommended please be sure they have registered and sent along all of their supplementary materials. If your candidate(s) have not registered for EE Class 21, there is still time and I am once again attaching the **"NIC How to Apply Instructions"** for your reference.

Each of you represents our best recruitment force and we appreciate your effort on our behalf. Again, Class 21 has what appears to be some excellent candidates in the queue. Your knowledge of the program and our expectations serves as an exceptional frame of reference for our future program. Again, my purpose in sending out this final e-mail is to encourage you to think about a colleague in your organization, who you feel could benefit by attending EE. This is an exciting time for our field, we need great leadership and I look forward to seeing your recommendation for Class 21 by March 6. Thank you for your consideration and prompt attention to this note

With my best personal regards,

Bob

Subject: Announcing Executive Excellence Class #22

TO: The Alumni of Executive Excellence Class 17,

In late winter of last year, I sent you an informational e-mail referencing National Institute of Corrections' (NIC) highly regarded Executive Excellence (EE) program and we were hoping to offer two programs last year including classes 22 and 23 in July and September of 2018. Because of budget issues, we had to postpone both of those programs and we were only able to finish Classes 20 and 21 before the end of the fiscal year. The budget circumstance we had to confront was a series of continuing resolutions (CR). A CR is a fiscal strategy that permits us to do limited activities while significantly restricting our capacity to provide a full range of service for our field of corrections. Essentially, our service delivery capability has been very limited to almost no training and very little technical assistance so far this year. Several weeks ago, the current CR was relaxed which was great news and fortunately, Executive Excellence was a program that we decided we

AMERICAN OVERSIGHT

would be able to offer at least once this year. Our planning for this vital and important effort for corrections is moving forward and we now have a date for the EE Class 22, Phase 1 from July 7 through July 19, 2019. It feels really good to be getting back down to business and the program.

The purpose of this note to request your assistance in finding new candidates for EE Class 22. In the past few weeks (b)(6) (b)(6) and me have been moving at full speed to find a number of exciting new faculty and the ever-stimulating fireside chatters for the new class. I want to remind you that Class 22 starts July 7. Yesterday the NIC Registrar reminded me that we will need to make our selection for this class by May 3. That being said, sometimes a candidate for a future class may not be currently registered for the program. Therefore, if you have a candidate who you would recommend please be sure they have registered and sent along all of their supplementary materials. If your candidate(s) have not registered for EE Class 22, there is still plenty of time and I am attaching the **"How to Sign Up for a New Account in the NIC Learning Center"** for your reference.

I cannot stress enough what each of you represents as our best recruitment force and we appreciate your effort on our behalf. Again, Class 22 has what appears to be some excellent candidates in the queue. Your knowledge of the program and our expectations serves as an exceptional frame of reference for our future program. Again, my purpose in sending out this email is to encourage you to think about a colleague in your organization who you feel could benefit by attending EE. This is an exciting time for our field. We need great leadership and I look forward to seeing your recommendation for Class 22 by May 3. Thank you for your consideration and prompt attention to this note.

With my best personal regards,

Bob

Subject: Announcing Executive Excellence Class #22

TO: The Alumni of Executive Excellence Class 17,

In late winter of last year, I sent you an informational e-mail referencing National Institute of Corrections' (NIC) highly regarded Executive Excellence (EE) program and we were hoping to offer two programs last year including classes 22 and 23 in July and September of 2018. Because of budget issues, we had to postpone both of those programs and we were only able to finish Classes 20 and 21 before the end of the fiscal year. The budget circumstance we had to confront was a series of continuing resolutions (CR). A CR is a fiscal strategy that permits us to do limited activities while significantly restricting our capacity to provide a full range of service for our field of corrections. Essentially, our service delivery capability has been very limited to almost no training and very little technical assistance so far this year. Several weeks ago, the current CR was relaxed which was great news and fortunately, Executive Excellence was a program that we decided we would be able to offer at least once this year. Our planning for this vital and important effort for corrections is moving forward and we now have a date for the EE Class 22, Phase 1 from July 7 through July 19, 2019. It feels really good to be getting back down to business and the program.

The purpose of this note to request your assistance in finding new candidates for EE Class 22. In the past few weeks (b)(6) (b)(6) (b)(6) and me have been moving at full speed to find a number of exciting new faculty and the ever-stimulating fireside chatters for the new class. I want to remind you that Class 22 starts July 7. Yesterday the NIC Registrar reminded me that we will need to make our selection for this class by May 3. That being said, sometimes a candidate for a future class may not be currently registered for the program. Therefore, if you have a candidate who you would recommend please be sure they have registered and sent along all of their supplementary materials. If your candidate(s) have not registered for EE Class 22, there is still plenty of time and I am attaching the **"How to Sign Up for a New Account in the NIC Learning Center"** for your reference.

I cannot stress enough what each of you represents as our best recruitment force and we appreciate your effort on our behalf. Again, Class 22 has what appears to be some excellent candidates in the queue. Your knowledge of the program and our expectations serves as an exceptional frame of reference for our future program. Again, my purpose in this e-mail is to encourage you to think about a colleague in your organization who you feel could benefit by attending EE. This is an exciting time

for our field. We need great leadership and I look forward to seeing your recommendation for Class 22 by May 3. Thank you for your consideration and prompt attention to this note.

To the Colleagues of Dr. Deborah Schult from EE Class #17,

It is with mixed emotion that I tell you that our colleague Dr. Deborah Schult, Assistant Director, Federal Bureau of Prisons (BOP) for the Health Service Division from EE Class #17 will be retiring after 24 years of distinguished service. Deb's actual date for retirement will be on April 30, 2019. The current Acting Director Hugh Hurwitz of the BOP suggested that " we have been very fortunate to have Dr. Schult as a member of the Bureau's Executive Staff for the past three years. Deb's dedication and leadership skills made her a tremendous asset to the Bureau through out her career."
From me, I told Deb in a note sent to her moments ago that she could be very "proud of her exceptional contributions to the BOP and you have established a great benchmark of credibility for yourself as a leader. Your work in the Healthcare Field is also an example of what it means to demonstrate through thought word and deeds **Correctional Excellence"** one of the BOP' s core values. She has been

To the Colleagues of Dr. Deborah Schult from EE Class #17,

It is with mixed emotion that I tell you that our colleague Dr. Deborah Schult, Assistant Director, Federal Bureau of Prisons (BOP) for the Health Service Division from EE Class #17 will be retiring after 24 years of distinguished service. Deb's actual date for retirement will be on April 30, 2019. The current Acting Director Hugh Hurwitz of the BOP suggested that " we have been very fortunate to have Dr. Schult as a member of the Bureau's Executive Staff for the past three years. Deb's dedication and leadership skills made her a tremendous asset to the Bureau through out her career."
From me, I told Deb in a note sent to her moments ago that she could be very "proud of her exceptional contributions to the BOP and you have established a great benchmark of credibility for yourself as a leader. Your work in the Healthcare Field is also an example of what it means to demonstrate through thought word and deeds **Correctional Excellence"** one of the BOP' s core values. She has been remarkable in her 24 years of service.

Please join me in wishing, Deb the very best in the next phase of his career, future and life.

With my best regards to all of you,

Bob

To the Colleagues of Dr. Deborah Schult from EE Class #17,

It is with mixed emotion that I tell you that our colleague Dr. Deborah Schult, Assistant Director, Federal Bureau of Prisons (BOP) for the Health Service Division from EE Class #17 will be retiring after 24 years of distinguished service. Deb's actual date for retirement will be on April 30, 2019. The current Acting Director Hugh Hurwitz of the BOP suggested that " we have been very fortunate to have Dr. Schult as a member of the Bureau's Executive Staff for the past three years. Deb's dedication and leadership skills made her a tremendous asset to the Bureau through out her career."
From me, I told Deb in a note sent to her moments ago that she could be very "proud of her exceptional contributions to the BOP and you have established a great benchmark of credibility for yourself as a leader. Your work in the Healthcare Field is also an example of what it means to demonstrate through thought word and deeds **Correctional Excellence"** one of the BOP' s core values. She has been remarkable in her 24 years of service.

Please join me in wishing, Deb the very best in the next phase of his career, future and life.

With my best regards to all of you,

Bob

Bob,

I was at ACA in New Orleans in January for our ACA reaccreditation. Unfortunately the shutdown was still in effect so I didn't have a chance to network with any of my BOP friends. If I am make Boston I will defiantly look for you. Wow class 22, I don't know where time has gone.

Dear Mr. Brown,

Thank you for taking the time to address this issue.

In July of 2018 I retired from the Federal Bureau of Prison after a career of 26 and a half years, having held numerous positions of increasing responsibility that culminated in my appointment to the Senior Executive Service while the Complex Warden at FCC Lompoc.

During my career, I sought many opportunities for professional development and one of the most effective was the online courses offered by the National Institute of Corrections. Indeed, I found them so effective that I shared my experiences with colleagues and charges alike that were similarly motivated and would often assign them directly to staff as a means to fill skills gaps.

Upon retirement I accepted a position with The GEO Group and am currently the Warden of the Northwest Detention Facility, located in Tacoma, Washington, that operates under a federal government contract with Immigration and Custom Enforcement (ICE). The facility houses some 1,400 detainees and employees approximately 370 staff.

Recalling the manner in which I have seen – and personally experienced – these courses have on one's professional development, I am requesting that access be granted for the following individuals:

To the Colleagues of Dr. Deborah Schult from EE Class #17,

It is with mixed emotion that I tell you that our colleague Dr. Deborah Schult, Assistant Director, Federal Bureau of Prisons (BOP) for the Health Service Division from EE Class #17 will be retiring after 24 years of distinguished service. Deb's actual date for retirement will be on April 30, 2019. The current Acting Director Hugh Hurwitz of the BOP suggested that " we have been very fortunate to have Dr. Schult as a member of the Bureau's Executive Staff for the past three years. Deb's dedication and leadership skills made her a tremendous asset to the Bureau through out her career."

tremendous asset to the bureau throughout her career.

From me, I told Deb in a note sent to her moments ago that she could be very "proud of her exceptional contributions to the BOP and you have established a great benchmark of credibility for yourself as a leader. Your work in the Healthcare Field is also an example of what it means to demonstrate through thought word and deeds **Correctional Excellence"** one of the BOP' s core values. She has been remarkable in her 24 years of service.

Please join me in wishing, Deb the very best in the next phase of his career, future and life.

With my best regards to all of you,

Bob

13715-CTL_SocialGov_640x245_Mark (3).jpg

We've learned that roughly 35% of government respondents said that they either have no ongoing digital transformation strategy or they are in the preliminary phases of planning one. With obstacles like legacy systems and operational constraints, a realistic plan for the future is imperative.

Hear the latest digital transformation insights uncovered by 451 Research in their survey of government during a live webinar event on **September 27, 2017 at 1:00 PM ET / 10:00 AM PT** and learn ways to approach digital transformation for government amongst these challenges.

Join 451 Research Analyst, (b)(6) and CenturyLink Director—Government Solutions Management, (b)(6) and learn how other organizations adapt digitization strategies in government.
