RE: FOIA Request No. 2019-05253

Dear Mr. McGrath:

This is the fourth rolling release in response to the above-referenced Freedom of Information Act (FOIA) request submitted by Bianca Tylek, Worth Rises Executive Director and Austin Evers, American Oversight Executive Director. Additional determinations and releases will be forthcoming.

Enclosed with this determination letter are 331 pages of records processed in response to Request No. 2019-05253. After careful review, our office determined 63 pages are appropriate for release in full, 267 pages are appropriate for release in part, and one (1) page was non-responsive. Records were redacted pursuant to the following FOIA exemptions:

(b)(5) - allows the withholding of certain inter-agency and intra-agency communications protected by the deliberative process privilege, the attorney work-product privilege, and/or the attorney-client privilege;

(b)(6) - allows the withholding of records or information when release thereof would constitute a clearly unwarranted invasion of the personal privacy of third parties;

(b)(7)(C) - allows the withholding of records or information compiled for law enforcement purposes when release thereof could reasonably

AMERICAN OVERSIGHT

be expected to constitute an unwarranted invasion of the personal privacy of third parties;

(b)(7)(E) - allows the withholding of records or information compiled for law enforcement purposes when release thereof would disclose techniques and procedures for law enforcement investigations or prosecutions; and

(b)(7)(F) - allows the withholding of records or information compiled for law enforcement purposes when release thereof could reasonably be expected to endanger the life or personal safety of an individual.

See 5 U.S.C. §§ 552(b)(5), (b)(6), (b)(7)(C), (b)(7)(E), and (b)(7)(F). Copies of releasable records are enclosed.

If you have questions about this response please feel free to contact the undersigned: 202-616-7750; 320 First Street NW, Suite 936, Washington, DC 20534; or ogc_efoia@bop.gov.

Sincerely,

Good afternoon Blake. I trust all is well with you. We can certainly discuss arranging some table tops and/or mock scenarios which would include our BOP SORT teams noted below to seek feedback regarding your performance. However, I do want to remind you that (b)(7)(E); (b)(7)(F) (b)(7)(E); (b)(7)(F) (b)(7)(E); (b)(7)(F) I hope this clarifies our role during incidents at our contract facilities.

Good morning - I am seeking permission to reach out to Mike Carvajal in regards to emergency preparedness and readiness. Mike's SORT team in (b)(7)(E); (b)(7)(F) (b)(7)(E); (b)(7)(F) I would like to coordinate with Mike and his Wardens to have his team visit our facility to develop a better understanding of our physical plant and our emergency response capabilities. My focus is to jointly look at some tabletop events where we may have a stronger understanding of what assistance the BOP is authorized to provide during a disturbance, response times to the facility, and a full understanding of resources.

I believe early preparation would be mutually beneficial to both GEO and the government. Please let me know if you are good for us to proceed.

In reference to our conversation earlier, I'm writing to ascertain (b)(7)(E); (b)(7)(F) (b)(7)(E); (b)(7)(F) facilities in the event we needed significant assistance for a protracted event. When I was AD, Frank Lara, (b)(6) (b)(6) and I had (b)(7)(E); (b)(7)(F) What I'd like to do is to invite those teams into our facilities so that there is a better familiarization with our operation beginning with Moshannon Valley. The Town of Pecos City Water Department took water samples at the facility yesterday. All samples were fine in the inmate living areas, food service and areas inside the secure perimeter, however the Administration Building tested positive for ECOLI Bacteria. Therefore only the admin building is restricted to boil before consumption and maintenance is trying to determine the water issue for this building only. Boil notices have been posted in the Admin Building and BOP has been notified for their building as well.

As the city inspector explained it, the Admin Building and BOP Building are at "the end of the line" and the only troubled areas. He asked us to keep the sink faucets running for about an hour and open the fire hose stand pipes in this building for a couple of hours to flush the system and he will re-test tomorrow.

How Correctional Facilities Can Attract and Develop All-Star Talent with the Right Education Programs

Learn how the Tennessee Department of Correction is leveraging a learning management system

Wed, Nov 28th, 2018 2:00 PM ET

AMERICAN OVERSIGHT

Cost: Free

With the national population of correctional officers at approximately 430,000 and an estimated annual turnover rate for corrections officers approaching 40 percent, it is imperative for administrators of jails and prisons to provide training opportunities. These opportunities improve employee performance and foster career advancement. Educational technology – most notably a learning management system (LMS) – can support a comprehensive training program, improve recordkeeping for administrative staff, and reduce costs for government agencies.

Key topics to be covered in the session:

- How correctional facilities and community corrections agencies can better focus on developing officials to reach their career potential
- How the Tennessee of Department of Correction embraced digital over a paper-based system to transform course curriculum into an automated learning management system
- How educational technology can help meet the needs of a multi-generational workforce in the correctional field
- Get insights to what other corrections facilities are doing to see how your facility compares
- The critical success factors associated with the deployment of a learning management system
- A cost-benefit analysis of implementing new technology into your correctional facility's ecosystem

How Correctional Facilities Can Attract and Develop All-Star Talent with the Right Education Programs

Learn how the Tennessee Department of Correction is leveraging a learning management system

Wed, Nov 28th, 2018 2:00 PM ET
Cost: Free

With the national population of correctional officers at approximately 430,000 and an estimated annual turnover rate for corrections officers approaching 40 percent,

AMERICAN OVERSIGHT

it is imperative for administrators of jails and prisons to provide training opportunities. These opportunities improve employee performance and foster career advancement. Educational technology – most notably a learning management system (LMS) – can support a comprehensive training program, improve recordkeeping for administrative staff, and reduce costs for government agencies.

Key topics to be covered in the session:

- How correctional facilities and community corrections agencies can better focus on developing officials to reach their career potential
- How the Tennessee of Department of Correction embraced digital over a paper-based system to transform course curriculum into an automated learning management system
- How educational technology can help meet the needs of a multi-generational workforce in the correctional field
- Get insights to what other corrections facilities are doing to see how your facility compares
- The critical success factors associated with the deployment of a learning management system
- A cost-benefit analysis of implementing new technology into your correctional facility's ecosystem

Judi

Thanks so much for your kind note. It was very nice meeting you as well and I enjoyed our conversation and time together.

We truly appreciated you taking the time to join us for a visit to our facility. As we discussed, seeing it with your own eyes is really the only way. You are correct, and it is unfortunate, that so much of what we do is reduced to buzzwords and misinformation as opposed to facts and data, so your compliments about our facility are greatly appreciated. I know our team on the ground takes great pride in what they do and we are thankful for our partnership.

I hope to continue bringing members of Congress and others to visit our BOP facilities and again would welcome you to join as well.

Please don't hesitate to contact me if there's any information I can provide or if there is an opportunity to collaborate.

Look forward to seeing you again.

Judi

Thanks so much for your kind note. It was very nice meeting you as well and I enjoyed our conversation and time together.

We truly appreciated you taking the time to join us for a visit to our facility. As we discussed, seeing it with your own eyes is really the only way. You are correct, and it is unfortunate, that so much of what we do is reduced to buzzwords and misinformation as opposed to facts and data, so your compliments about our facility are greatly appreciated. I know our team on the ground takes great pride in what they do and we are thankful for our partnership.

I hope to continue bringing members of Congress and others to visit our BOP facilities and again would welcome you to join as well.

Please don't hesitate to contact me if there

I hope you had a safe trip today. I truly enjoyed meeting you and felt as though we had similar messages to the Congressman in response to his good questions. It was refreshing to run into someone who seemed to understand the big picture so well and have the skills to articulate the salient points--it's quite rare in this business, unfortunately.

I was incredibly impressed with your operations at D. Ray James and am grateful for the outstanding service you provide to the BOP.

Thanks again. I hope our paths cross again soon. Judi

I'm writing to ask for if you would nominate and endorse Tom for the ER Cass Correctional Achievement Award. Of course, you have worked closely with him and know him so well. Your endorsement as an ER Cass Awardee would be quite welcome!

Over the course of my eleven plus years at ACA I have always admired Tom and had great respect for his hard work and dedication. I believe he has served the corrections profession and the association quite admirably and with distinction throughout his long career. As you well know, he has proven himself to be an excellent leader, reformer and champion while serving in various capacities at the FBOP, including multiple stints as Acting Director. He even delayed his own retirement to serve the Bureau in a time of need. As staff liaison to the ACA Legislative Affairs Committee and as Director of ACA's Government Affairs Department, I've had the personal privilege of working closely with Tom on public policy issues and various legislative initiatives. He's been a great mentor to me, a respected leader of the committee and a sound

AMERICAN OVERSIGHT

I hope you and your family are doing well!

I'm writing to ask for if you would nominate and endorse Tom for the ER Cass Correctional Achievement Award. Of course, you have worked closely with him and know him so well. Your endorsement as an ER Cass Awardee would be quite welcome!

Over the course of my eleven plus years at ACA I have always admired Tom and had great respect for his hard work and dedication. I believe he has served the corrections profession and the association quite admirably and with distinction throughout his long career. As you well know, he has proven himself to be an excellent leader, reformer and champion while serving in various capacities at the FBOP, including multiple stints as Acting Director. He even delayed his own retirement to serve the Bureau in a time of need. As staff liaison to the ACA Legislative Affairs Committee and as Director of ACA's Government Affairs Department, I've had the personal privilege of working closely with Tom on public policy issues and various legislative initiatives. He's been a great mentor to me, a respected leader of the committee and a sound voice of reason within the association.

The deadline for submitting nominations is **December 1, 2017**.

Harley did a letter of support but I guess a form needs to be submitted to make it an official nomination. This is the link from the bottom of the email chain. http://www.aca.org/aca_prod_imis/Docs/Award%20Forms/aca_ercass.pdf

Do you have this kind of information for Tom or could it be pulled together by Friday?

>>> Judi Garrett 11/28/2017 11:53 AM >>>
Thanks. Harley and I spoke and I sent him the information I had from last year. I thought Harley was doing it! He and I never spoke about the Director doing anything...if something is needed just let me know,

>>> (b)(6) 11/28/2017 11:51 AM >>>
Hi Judi. I talked to Harley this morning. He asked me to contact you re: Tom's nomination for the ACA ER Cass Award. I told Harley that I was unaware of Tom being nominated but would check with you.
Have you done anything in the way of a nomination or talked to the Director about it? Since Tom is not eligible for the DOJ award the Director wanted to nominate him for, I bet he would be very supportive of nomination Tom for the ER Cass award.

Thank you,

Thanks so much for your kind note. It was very nice meeting you as well and I enjoyed our conversation and time together.

We truly appreciated you taking the time to join us for a

visit to our facility. As we discussed, seeing it with your own eyes is really the only way. You are correct, and it is unfortunate, that so much of what we do is reduced to buzzwords and misinformation as opposed to facts and data, so your compliments about our facility are greatly appreciated. I know our team on the ground takes great pride in what they do and we are thankful for our partnership.

I hope to continue bringing members of Congress and others to visit our BOP facilities and again would welcome you to join as well.

Please don't hesitate to contact me if there's any information I can provide or if there is an opportunity to collaborate.

Look forward to seeing you again.

Thanks so much for your kind note. It was very nice meeting you as well and I enjoyed our conversation and time together.

We truly appreciated you taking the time to join us for a visit to our facility. As we discussed, seeing it with your own eyes is really the only way. You are correct, and it is unfortunate, that so much of what we do is reduced to buzzwords and misinformation as opposed to facts and data, so your compliments about our facility are greatly appreciated. I know our team on the ground takes great pride in what they do and we are thankful for our partnership.

I hope to continue bringing members of Congress and others to visit our BOP facilities and again would welcome you to join as well.

Please don't hesitate to contact me if there's any information I can provide or if there is an opportunity to collaborate.

(b)(6)

Look forward to seeing you again.

I hope you had a safe trip today. I truly enjoyed meeting you and felt as though we had similar messages to the Congressman in response to his good questions. It was refreshing to run into someone who seemed to understand the big picture so well and have the skills to articulate the salient points--it's quite rare in this business, unfortunately.

I was incredibly impressed with your operations at D. Ray James and am grateful for the outstanding service you provide to the BOP.

Harley,

I hope you and your family are doing well!

I'm writing to ask for if you would nominate and endorse Tom for the ER Cass Correctional Achievement Award. Of course, you have worked closely with him and know him so well. Your endorsement as an ER Cass Awardee would be quite welcome!

Over the course of my eleven plus years at ACA I have always admired Tom and had great respect for his hard work and dedication. I believe he has served the corrections profession and the association quite admirably and with distinction throughout his long career. As you well know, he has proven himself to be an excellent leader, reformer and champion while serving in various capacities at the FBOP, including multiple stints as Acting Director. He even delayed his own retirement to serve the Bureau in a time of need. As staff liaison to the ACA Legislative Affairs Committee and as Director of ACA's Government Affairs Department, I've had the personal privilege of working closely with Tom on public policy issues and various legislative initiatives. He's been a great mentor to me, a respected leader of the committee and a sound voice of reason within the association.

The deadline for submitting nominations is **December 1, 2017**.

Hi Judi. I talked to Harley this morning. He asked me to contact you re: Tom's nomination for the ACA ER Cass Award. I told Harley that I was unaware of Tom being nominated but would check with you.
Have you done anything in the way of a nomination or talked to the Director about it? Since Tom is not eligible for the DOJ award the Director wanted to nominate him for, I bet he would be very supportive of nomination Tom for the ER Cass award.

Thank you,

Harley,

I hope you and your family are doing well!

I'm writing to ask for if you would nominate and endorse Tom for the ER Cass Correctional Achievement Award. Of course, you have worked closely with him and know him so well. Your endorsement as an ER Cass Awardee would be quite welcome!

AMERICAN OVERSIGHT

endorsement as an ER Class Awardee would be quite welcome.

Over the course of my eleven plus years at ACA I have always admired Tom and had great respect for his hard work and dedication. I believe he has served the corrections profession and the association quite admirably and with distinction throughout his long career. As you well know, he has proven himself to be an excellent leader, reformer and champion while serving in various capacities at the FBOP, including multiple stints as Acting Director. He even delayed his own retirement to serve the Bureau in a time of need. As staff liaison to the ACA Legislative Affairs Committee and as Director of ACA's Government Affairs Department, I've had the personal privilege of working closely with Tom on public policy issues and various legislative initiatives. He's been a great mentor to me, a respected leader of the committee and a sound voice of reason within the association.

The deadline for submitting nominations is **December 1, 2017**.

Thanks so much for your kind note. It was very nice meeting you as well and I enjoyed our conversation and time together.

We truly appreciated you taking the time to join us for a visit to our facility. As we discussed, seeing it with your own eyes is really the only way. You are correct, and it is unfortunate, that so much of what we do is reduced to buzzwords and misinformation as opposed to facts and data, so your compliments about our facility are greatly appreciated. I know our team on the ground takes great pride in what they do and we are thankful for our partnership.

I hope to continue bringing members of Congress and others to visit our BOP facilities and again would welcome you to join as well.

Please don't hesitate to contact me if there's any information I can provide or if there is an opportunity to collaborate.

(b)(6)

Look forward to seeing you again.

I hope you had a safe trip today. I truly enjoyed meeting you and felt as though we had similar messages to the Congressman in response to his good questions. It was refreshing to run into someone who seemed to understand the big picture so well and have the skills to articulate the salient points--it's quite rare in this business, unfortunately.

I was incredibly impressed with your operations at D. Ray James and am grateful for the outstanding service you provide to the BOP.

Thanks again. I hope our paths cross again soon. Judi

Judi

Thanks so much for your kind note. It was very nice meeting you as well and I enjoyed our conversation and time together.

We truly appreciated you taking the time to join us for a visit to our facility. As we discussed, seeing it with your own eyes is really the only way. You are correct, and it is unfortunate, that so much of what we do is reduced to buzzwords and misinformation as opposed to facts and data, so your compliments about our facility are greatly appreciated. I know our team on the ground takes great pride in what they do and we are thankful for our partnership.

I hope to continue bringing members of Congress and others to visit our BOP facilities and again would welcome you to join as well.

Please don't hesitate to contact me if there's any information I can provide or if there is an opportunity to collaborate.

I hope you had a safe trip today. I truly enjoyed meeting you and felt as though we had similar messages to the Congressman in response to his good questions. It was refreshing to run into someone who seemed to understand the big picture so well and have the skills to articulate the salient points--it's quite rare in this business, unfortunately.

I was incredibly impressed with your operations at D. Ray James and am grateful for the outstanding service you provide to the BOP.

Thanks again. I hope our paths cross again soon. Judi

Harley,

I hope you and your family are doing well!

I'm writing to ask for if you would nominate and endorse Tom for the ER Cass Correctional Achievement Award. Of course, you have worked closely with him and know him so well. Your endorsement as an ER Cass Awardee would be quite welcome!

Over the course of my eleven plus years at ACA I have always admired Tom and had great respect for his hard work and dedication. I believe he has served the corrections profession and the association quite admirably and with distinction throughout his long career. As you well know, he has proven himself to be an excellent leader, reformer and champion while serving in various capacities at the FBOP, including multiple stints as Acting Director. He even delayed his own retirement to serve the Bureau in a time of need. As staff liaison to the ACA Legislative Affairs Committee and as Director of ACA's Government Affairs Department, I've had the personal privilege of working closely with Tom on public policy issues and various legislative initiatives. He's been a great mentor to me, a respected leader of the committee and a sound voice of reason within the association.

The deadline for submitting nominations is **December 1, 2017**.

Hello and Happy New Year!

I noticed your name on the ACA conference registration and wanted to extend this invitation to stop by our event.

I currently work in your area as a Securus Account Manager and will be at the conference as well.

Please feel free to contact me if you have any questions.

I hope you can join us Sunday night!

Safe travels!

Sincerely,

A lot of titles and you deserve them all!! Bravo Zulu on your next career- Very well deserved.

I plan on being at Beaumont FCC next Wednesday and would love to catch up for ten - 15 minutes if your schedule allows. My Company [and my Division has the honor to provide Healthcare delivery to you at Beaumont FCC].

I really would just like some personal time with you- and business does not have to be discussed at all- unless you have some pointed questions concerning medical. Our combined teams did very well together during the tough times that Harvey presented.

Please give my best to your family-

Great to hear from you! I believe my schedule is under the complete control of the RD and Complex Warden. Please just go direct with him to intercept me along the tour at a logical place. I'm not sure even which facility I'll be walking, and I am certainly too new to know any intelligent questions about health care delivery ;-)

Warm Regards,

GTL Hospitality Event at the 2017 ACA Show in St. Louis, MO

August 20, 2017 6:30 p.m. to 10:30 p.m.

Willow, 321 N 10th Street, St. Louis, MO

GTL's presence at the ACA's upcoming Congress of Correction is shaping up to be the biggest and best yet. Here's why:

- **A Newly Expanded GTL.** With the recent acquisition of Telmate, we have increased the breadth of our portfolio, sharpened our focus on innovation, and doubled down on our commitment to world-class customer service. The acquisition will allow us to offer the next-generation products and solutions that provide security and value for corrections customers while aiding the reduction of inmate recidivism through education and rehabilitation.

- **Technology on Display.** GTL's Technology in Motion vehicle will be inside the exhibit hall in booth #301. Technology in Motion is a mobile customer briefing program that features a full technology demonstration center inside of a custom-built 40-foot motor coach. The vehicle includes the hardware, software, and connectivity to enable comprehensive hands-on demonstrations of GTL's full range of offerings for the corrections market. It's an immersive innovation experience, so come see us in booth #301. Also drop by Telmate's exhibit in booth #806.

- **A Night of Fun.** GTL and our co-sponsors NaphCare, ChemImage, and Metrasens are excited to invite you to our exclusive "Blues, Brews & BBQ" hospitality event on Sunday night! Expect to enjoy an evening filled with live music, great BBQ, craft beer & spirits, and special entertainment sure to amaze you. Education in Corrections:

Significantly curtail recidivism and reduce budget shortfalls

GTL has made a significant investment in our rehabilitative and professional education offerings, proving our commitment to providing the leading edge of educational opportunities for both your offender population and staff.

Education_4-17 with play icon.jpg

Click here to view a short video that explains our philosophy on education.

Facts about GTL education

- GTL has recently made a more substantial investment in corrections education than anyone else in the industry.
- GTL is committed to utilizing professional educators to create and deliver our instructional materials, underscoring our recognition that professional educators prefer speaking with other professional educators.
- GTL's education resources are available immediately and are currently being used by over 20,000 inmate students across the country.
- GTL's education content is delivered over our secure wireless platform, preventing the need to introduce unsecured cellular tablet technology into your facility.
- GTL's education catalog has over 65,000 titles of professional content from leading publishers. We do not endorse the "game-ification" of education which may dilute the value of a curriculum. We are proud of the depth and breadth of our content and the unparalleled experience of our education staff.

Rehabilitative Education:

GTL offers Rehabilitative education for:

- Adult Offenders
- Juvenile Offenders
- Adult Probationers
- Adult Parolees
- Prison Industries

The evidence overwhelmingly proves that education reduces recidivism rates, as well as the long-term costs of incarceration. We believe education is the best means to improve opportunities for inmates and help them obtain employment upon their release.

When inmates receive vocational training, the recidivism rate drops to **approximately 30 percent**.

The recidivism rate drops to **13.7%** with an associate's degree, and to **5.6%** with a bachelor's degree.

Once an inmate receives a master's degree, the recidivism rate is so low that it **is effectively zero**.

Professional Education Offerings Also:

GTL offers Professional Education for:

- Corrections Staff
- Probation Staff
- Parole Staff

GTL's solution can be used as a workforce development tool for professional staff at their training academies. Our training content and platform can help facilities reduce turnover, improve knowledge across the board and provide a mechanism to track progress and certifications.

Education in Corrections:

Significantly curtail recidivism and reduce budget shortfalls

GTL has made a significant investment in our rehabilitative and professional education offerings, proving our commitment to providing the leading edge of educational opportunities for both your offender population and staff.

Click here to view a short video that explains our philosophy on education.

Facts about GTL education

- GTL has recently made a more substantial investment in corrections education than anyone else in the industry.
- GTL is committed to utilizing professional educators to create and deliver our instructional materials, underscoring our recognition that professional educators prefer speaking with other professional

Rehabilitative Education:

GTL offers Rehabilitative education for:

- Adult Offenders
- Juvenile Offenders
- Adult Probationers
- Adult Parolees
- Prison Industries

The evidence overwhelmingly proves that education reduces recidivism rates, as well as the long-term costs of incarceration. We believe education is the best means to improve opportunities for inmates and help them obtain employment upon their release.

When inmates receive vocational training, the recidivism rate drops to **approximately 30 percent**.

The recidivism rate drops to **13.7%** with an associate's degree, and to **5.6%** with a bachelor's degree.

Once an inmate receives a master's degree, the recidivism rate is so low that it **is effectively zero**.

educators.

- GTL's education resources are available immediately and are currently being used by over 20,000 inmate students across the country.

- GTL's education content is delivered over our secure wireless platform, preventing the need to introduce unsecured cellular tablet technology into your facility.

- GTL's education catalog has over 65,000 titles of professional content from leading publishers. We do not endorse the "game-ification" of education which may dilute the value of a curriculum. We are proud of the depth and breadth of our content and the unparalleled experience of our education staff.

Gentlemen,

AMERICAN OVERSIGHT

Do you have a preference for day/time for the committee to meet while at the 2018 Winter Conference in ORL? In STL, it was scheduled for Monday from 2:00-4:00. Previously it had been on Sunday from 8:00-10:00. I like the idea of having it on Monday afternoon myself, however attendance was not great. If you have other ideas, Iâ€™m open to them.

The issue of developing a full glossary of terms has been discussed a bit at the last couple of conferences both in our Resolutions and Policies Committee and during the Board of Governors meeting, I believe. I think that's a project we are sitting on for now. But with respect to restrictive housing, etc. I certainly agree. I'm wondering how best to go about clarifying the issue for Congress (or even if they care –HA!)

Education Programs

Learn how the Tennessee Department of Correction is leveraging a learning management system

Wed, Nov 28th, 2018 2:00 PM ET

Cost: Free

With the national population of correctional officers at approximately 430,000 and an estimated annual turnover rate for corrections officers approaching 40 percent, it is imperative for administrators of jails and prisons to provide training opportunities. These opportunities improve employee performance and foster career advancement. Educational technology – most notably a learning management system (LMS) – can support a comprehensive training program, improve recordkeeping for administrative staff, and reduce costs for government agencies.

Key topics to be covered in the session:

- How correctional facilities and community corrections agencies can better focus on developing officials to reach their career potential
- How the Tennessee of Department of Correction embraced digital over a paper-based system to transform course curriculum into an automated learning management system
- How educational technology can help meet the needs of a multi-generational workforce in the correctional field
- Get insights to what other corrections facilities are doing to see how your facility compares
- The critical success factors associated with the deployment of a learning management system
- A cost-benefit analysis of implementing new technology into your correctional facility's ecosystem
