RE: FOIA Request No. 2019-05253

Dear Mr. McGrath:

This is the fifth rolling release in response to the above-referenced Freedom of Information Act (FOIA) request submitted by Bianca Tylek, Worth Rises Executive Director and Austin Evers, American Oversight Executive Director. Additional determinations and releases will be forthcoming.

Enclosed with this determination letter are 308 pages of records processed in response to Request No. 2019-05253. After careful review, our office determined 28 pages are appropriate for release in full, 264 pages are appropriate for release in part, two (2) pages are withheld in their entirety, and 14 pages were non-responsive. Records were redacted pursuant to the following FOIA exemptions:

**(b)(4)** - allows the withholding of records related to trade secrets and other confidential business information;

**(b)(5)** - allows the withholding of certain inter-agency and intra-agency communications protected by the deliberative process privilege, the attorney work-product privilege, and/or the attorney-client privilege;

**(b)(6)** - allows the withholding of records or information when release thereof would constitute a clearly unwarranted invasion of the personal privacy of third parties;

AMERICAN OVERSIGHT

**(b)(7)(C)** - allows the withholding of records or information compiled for law enforcement purposes when release thereof could reasonably be expected to constitute an unwarranted invasion of the personal privacy of third parties;

**(b)(7)(E)** - allows the withholding of records or information compiled for law enforcement purposes when release thereof would disclose techniques and procedures for law enforcement investigations or prosecutions; and

**(b)(7)(F)** - allows the withholding of records or information compiled for law enforcement purposes when release thereof could reasonably be expected to endanger the life or personal safety of an individual.

*See* 5 U.S.C. §§ 552(b)(4), (b)(5), (b)(6), (b)(7)(C), (b)(7)(E), and (b)(7)(F). Copies of releasable records are enclosed.

If you have questions about this response please feel free to contact the undersigned: 202-616-7750; 320 First Street NW, Suite 936, Washington, DC 20534; or ogc_efoia@bop.gov.

Sincerely,

Deborah Locke
*for* Eugene Baime, Supervisory Attorney

Enclosure: 308 pages

** We Look Forward to Meeting You at the ACA Conference & Expo
---
Just a friendly reminder that the 2018 American Correctional Association's (ACA) Conference & Expo is only a few days away in Minneapolis, MN.

Legacy's Business Services team will be at the conference in Booth 230 discussing some of our upcoming innovations and be demonstrating technologies like our new Bridge Communication Device (BCD), Tablets, and our mobile app.

While you're exploring, come and visit our booth to be automatically entered to win one of two new Amazon Echo Alexa-Enabled Portable Bluetooth Speakers!

Also, feel free to reach out to us prior to the show to schedule a demonstration appointment with our team.

We hope to see you soon!

I. CLASSIFICATION

This is to advise you of your classification as a **CIM** Case. This classification does not preclude you from transfer, temporary release, or participation in community activities recommended by the Warden, but it requires review by the Regional and/or Central Office for such participation to occur. This classification will be reviewed (depending on your **CIM** assignment) by the Warden or Regional Office within 60 days to determined if a sound basis exists to continue you as a **CIM** case. You will be advised only if your classification changes as a result of this review.

You may submit any objections to this classification directly to the review authority (address available from Unit Staff). A **CIM** classification not changed in 60 days from date of this notification is final and may be appealed through the Administrative Remedy Procedure.

## Hello Angela,

You are invited to the following event:

Event to be held at the following time, date, and location:

Sunday, January 22, 2017 from
7:00 PM to 11:00 PM (CST)

**Rio Rio Cantina**
421 East Commerce Street
San Antonio, TX 78205

GTL and our co-sponsors (Corizon, Metrasens, Numi Financial and Mid-Atlantic Consulting) would like to invite you to join us at Rio Rio Cantina & Naked Iguana Tequila Bar for an evening of food and fun! The GTL hospitality events are always the hit of any show and you'll definitely want to be there! This year, we will have something for everyone; cigar rollers on the ground level at the Naked Iguana entrance, a photo booth and guitar players on the street level Rio Rio entrance, a DJ and dancing on the top floor overlooking the Riverwalk and all three levels will have food and drinks for all attendees!

To attend, all you need to do is register, click the link, sign in and

Mr. Hurwitz:

Jobview is providing about 2 million up-to-date job listings on kiosks in several BOP facilities. With the First Step Act, we believe this resource is particularly useful to returning citizens in preparation for release.

Attached is the flyer for the Jobview kiosk.

I hope this is helpful.

AMERICAN OVERSIGHT

**JOBview 2nd Chance®**

*Allowing inmates to search for jobs from prison*

***Nearly 650,000 people are released from state and federal prisons yearly and far greater numbers reenter from local jails. Each of them needs a job.***

***JOBview 2nd Chance gives inmates a 30-60 day head start on finding a job.***

Jobview 2nd Chance is an ATM-like kiosk that allows people returning to the community from prisons and jails to search for statewide and nationwide jobs without direct access to the internet. Jobview 2nd Chance kiosks are "prison-ready" because the user does not have access to a keyboard or to the internet. Job listings are accessed through a secure wireless connection from the kiosk to the Jobview datacenter via a virtual private network. Jobs can only be searched on the kiosk using a touch screen user interface which controls and limits what the user can see and do. Job descriptions, along with job application requirements and instructions, can be printed directly from the kiosk to assist the user with later follow-up. The JOBview program is self-service and requires no user training. The kiosk is ready for use the minute you plug it in.

JOBview 2nd Chance provides access to nearly 2 million job listings. The listings are updated daily so users are always searching current jobs. A "disconnected" version of the kiosk is also available and job listings are updated through a JOBswap media device on a regular basis. A "software only" version of the JOBview 2nd program is available for facilities that already have a secure computing environment that is accessible by inmates.

**Inmate Benefits**

- Get a 30-90 day head start on a job search
- Browse state and nationwide jobs that are current and updated nightly
- Start thinking about jobs before release; putting their mind on something positive and productive
- See what skills and specific requirements they will face well ahead of release
- Match educational programs they are using to the types of jobs they may be qualified for and will likely encounter
- Practice electronic job searching which is technology they will commonly see upon release
- Job listings of interest can be printed and used for reference after a kiosk session

**Correctional Facility Benefits**

- No job-seeker training costs because the JOBview 2nd Chance user interface is self-explanatory
- Staff no longer needs to find and print job listings for their transitioning inmates
- Job listings for all types of jobs and levels of experience in cities nationwide
- Turnkey service; Jobview takes care of everything
- No long-term contracts; annual renewal option
- The annual cost of the JOBview service can be recovered in just three months with one less returning inmate

Two versions of the kiosk are available depending on the security requirements of the facility.

- **JOBview 2nd Chance Non-Apply VPN**: Users can search for jobs but they cannot apply. The kiosk is configured with a wireless connection to the Jobview datacenter over a virtual private network (VPN). The VPN only allows the kiosk to access updated job listing data at the Jobview datacenter. The user has no access to the internet.
- **JOBview 2nd Chance Non-Apply JOBswap:** Users can search for jobs but they cannot apply. The kiosk is a stand-alone configuration with no wireless connection to the Jobview datacenter. The jobs database is updated from a JOBswap media device provided monthly, or more often if desired. The update process is fully automated once the media device is inserted into the kiosk.

To learn more please call us at 866-562-8439, or email info@jobview.com.

Test drive JOBview 2nd Chance at: www.jobview.com/secondchancedemo.asp

AMERICAN OVERSIGHT
DOJ-19-0929-G-000043
BOP FOIA #2018-05253 - RR#5: Page 996 of 1261

JOBview® 2nd Chance *Allowing inmates to search for jobs from prison*

A **Software Only** version of JOBview 2nd Chance is also available for installation on Windows-based computers in your facility. If you can provide a secure connection (through a proxy) to the Jobview datacenter, inmates will be able to search our "live" jobs database but they will not able to apply. If the computers do not have access to the internet, the jobs database is updated from a JOBswap media device provided monthly, or more often if desired.

**Pricing**

JOBview 2nd Chance is an annual subscription service with a minimum one-year service agreement term.

Turnkey Kiosk Pricing:

Each of the two kiosk versions is priced at to $8,700 per year plus a one-time kiosk transportation and installation fee. For this price, Jobview provides a fully configured touchscreen kiosk that includes a built-in printer. A wireless card is included and provides secure access to the jobs database in the Jobview datacenter over a virtual private network (VPN). The annual subscription fee also includes on-site service should the need arise. Printer paper replacement and printer service is easily conducted by your staff. Jobview handles the rest! The kiosk requires a standard 15 amp outlet and has the following dimensions: 53" H, 28" W, 23" D

Software Only Pricing:

- Facility: $5,000 annual site license fee covers all computers at the facility

The facility must provide properly configured desktop computers. Contact Jobview for configuration requirements.

i have transfer paper work from institution for this person for today but we still have not received referral in R3m. Is he coming today? if so please send us referral in R3m asap.

(b)(6) this is the packet you send me last week asking if i could take him. I have transfer order and thumbprint card and the packet you sent to me but no referral in r3m.

thank you

So you want this Sex Offender that downloaded numerous child porn and admitted to being involved sexually with children and admitted that he has always been attracted to children to be 600 ft away from a school and 6 other businesses within .2 miles of the area where children congregate?

>>> (b)(6) 6/21/2017 3:09 PM >>>
Relocation was not authorized my who? Probation?
I think you misunderstood what was said. Ordinarily, inmates should go to their sentencing district. But, when the resources are not available, separation issues exist, or other circumstances come up that prevent them from remaining in their sentencing district, they can go elsewhere. Please reinstate this inmate's original placement at the RRC.

If we get a window of opportunity we are going to evacuate the facility tomorrow. We will relocate to Joe Corley. We should know by 0900 if we have a clear route. I will keep you updated.

> Derrick, please provide a detailed update this morning regarding any flooding, power issues, food/subsistence, or anything else that may effect your ability to operate in Houston, We have a meeting with executive staff this morning at 10 am and as of right now the Liedel facility is the only one that has the greatest potential to be effected. If there is any assistance needed from the BOP, I will be able to staff it with the executive staff this morning. Looks like projections for the Houston area are not getting better at this time and the situation may be prolonged due to anticipated heavy rain.

Thank you for your offer of assistance, it is appreciated. We have been in touch with your RRM (b)(6) (b)(6) The decision was communicated to us that we would not evacuate the Liedell facility. The decision is consistent with information and evacuation plans we are coordinating with the Texas Department of Criminal Justice. The appropriate provisions have been made and are being implemented.

We will have additional leadership deployed to the area to assist in assessing and implementing all emergency protocols. Additionally, our emergency operations center will be operational and will be monitoring the situation. Our incident commander for

AMERICAN OVERSIGHT

this operation is VP (b)(6) who can be reached at (b)(6)

| **Attachments:** | TEXT.htm, Mime.822 |

curved top shadow

---

GTL has partnered with CorrectionsOne to deliver a webinar about creating a professional training program to recruit, educate and motivate correctional facility staff. The event will be on Nov. 28, and the principal presenters will be Dr. Turner Nashe, Jr. (Senior Vice President of Education Services at GTL), (b)(6) Director of Statewide Training at the Tennessee Department of Correction), and Alisa Malone (Director of Workforce Development at GTL).

Please register today to reserve your spot.

GTL-CorrectionsOne Education Webinar-FINAL-r3-edited.gif.jpg

**How Correctional Facilities Can Attract and Develop All-Star Talent with the Right Education Programs**

**Learn how the Tennessee Department of Correction is leveraging a learning management system**

**Wed, Nov 28th, 2018 2:00 PM ET**

AMERICAN OVERSIGHT

## Cost: Free

With the national population of correctional officers at approximately 430,000 and an estimated annual turnover rate for corrections officers approaching 40 percent, it is imperative for administrators of jails and prisons to provide training opportunities. These opportunities improve employee performance and foster career advancement. Educational technology – most notably a learning management system (LMS) – can support a comprehensive training program, improve recordkeeping for administrative staff, and reduce costs for government agencies.

Key topics to be covered in the session:

- How correctional facilities and community corrections agencies can better focus on developing officials to reach their career potential
- How the Tennessee of Department of Correction embraced digital over a paper-based system to transform course curriculum into an automated learning management system
- How educational technology can help meet the needs of a multi-generational workforce in the correctional field
- Get insights to what other corrections facilities are doing to see how your facility compares
- The critical success factors associated with the deployment of a learning management system
- A cost-benefit analysis of implementing new technology into your correctional facility's ecosystem

FYI

>>> "Swenson, Daren" <(b)(6)@corecivic.com> 2/21/2018 8:00 PM >>>

(b)(6)

Good afternoon – I want to give you an update on the immediate actions we have taken in regards to your recent visit at our Ocean View facility in San Diego. I can assure you we are taking your concerns with the upmost seriousness and have already begun addressing these issues. Below is an outline of the actions we have taken and staff who have been deployed to assist the leadership team and provide oversight to ensure that the issues are addressed in an effective and sustainable manner.

1. The facility leadership team has been placed on a seven (7) day a week, rotating, multiple-shift schedule to ensure immediate action on sanitation, training, and observation of practices in the facility.

2. Four (4) TDY Monitor staff (BOP RRM approved) from our Arizona facility have arrived at Ocean View to help provide shift coverage while the remaining vacancies for security staff are filled. As of today, job offers have been extended for all current Monitor vacancies. Additionally, the facility has been authorized to temporarily over hire Monitor staff to assist in offsetting the impact of the additional State of California training requirement for security staff to attend an approximate 14 week 200 hour off-site academy. They have also interviewed and identified staff for those positions and are extending those offers this week.

3. FSC Support staff arrived on Monday 2/19 to begin working immediately on supporting corrective actions. These staff will be providing both support and oversight with the facility leadership to ensure appropriate sustainable corrective actions are completed. Those staff include:
   - (b)(6) Managing Director, Facility Maintenance
   - (b)(6) Director, Facility Maintenance, Community Branch
   - (b)(6) Safety Support Specialist, Community Branch
   - (b)(6) Manager, Security, Community Branch

4. Our FSC Facilities Maintenance team has already met with multiple contractors to address specific maintenance needs and work has already begun on some projects. (b)(6) FSC Community Branch Safety Support Specialist, met our chemical and sanitation supply company at the facility on Monday. She has developed a plan to install additional supplies and improved access to cleaning supplies in multiple locations around the facility, with a specific focus on the resident living areas. She is also ordering equipment to address the emergency lighting and various other safety concerns noted on your visit. (b)(6) FSC Community Branch Security Manager, is following up on items identified related to PREA concerns, security rounds, and staff knowledge of daily duties and responsibilities.

AMERICAN OVERSIGHT

5. Next week, additional staff including maintenance, safety, training, and quality assurance personnel will be on-site to provide specific technical support and task completions.

6. We are currently developing a plan to provide FSC technical support for a minimum of the next thirty (30) days to assist with on-going corrective actions. We will assess our progress at the end of the thirty (30) days and determine the need for additional support beyond this initial period, as well as the frequency of on-going follow-up inspections to ensure the corrective actions have been sustained.

I have also been on-site since yesterday afternoon to work with the facility leadership and FSC support staff to ensure they have all of the resources necessary to immediately address your concerns. We have received the memo from (b)(6) today outlining the deficiencies and requested plans of action and are currently working on the response based on work already being done by the facility staff and the support team that arrived on Monday. (b)(6) and I will also continue to provide periodic updates to you on the progress we are making at the facility.

I appreciate your willingness to give us this opportunity to remedy these items and again assure you that we are addressing your concerns with the seriousness and urgency warranted. I look forward to us meeting on March 6th in Washington, DC, and providing you with a detailed update on our progress at Ocean View, as well as discussing our other partnerships in Tucson, AZ and Austin, TX. Please feel free to reach out to me at any time if you have questions related to this or any other concern you may have with our CoreCivic Community contract facilities.

Sincerely,

Daren

Hugh-

Thank you again for your time yesterday, we greatly appreciate it. Thank you also for giving me the opportunity to give you an update on our San Diego facility. As mentioned, we are committed to improve our operations at that facility and I believe your team will be pleased with our progress during your next visit.

Have a great Tuesday. Damon

Hi Hugh,

What a great **ACA 2018 Winter Conference**!

Sorry if we missed you at our booth. To bring you up to speed, we shared the behind-the-scenes view on our recent acquisition of Telmate and how we're ready to give facilities . Plus, our innovative **Inspire Tablet** technology can help make all the difference at your facility.

AMERICAN OVERSIGHT

**Tablet Benefits:**

- Staying secure
- Reducing violence
- Saving time and money
- Continuing education
- Building self-esteem, self-reliance
- Reducing recidivism
- More calls
- Secure messaging & photo sharing
- Facility approved multimedia
- Easy commissary ordering
- Law library access
- Digital requests, grievances & crime tips

If you'd like to learn more about powering up with our tablet program, you can start .

Looking forward to working with you in 2018.

Power up with GTL

Thanks,
The GTL/Telmate Team

**From:** GTL <noreply@gtl.net>
**To:** (b)(6) @bop.gov
**Subject:** Wait, did we miss you at ACA?

Forward to Friend

Hi Hugh,

What a great **ACA 2018 Winter Conference**!

Sorry if we missed you at our booth. To bring you up to speed, we shared the behind-the-scenes view on our recent acquisition of Telmate and how we're ready to give facilities . Plus, our innovative **Inspire Tablet** technology can help make all the difference at your facility.

**Tablet Benefits:**

- Staying secure
- Reducing violence
- Saving time and money
- More calls
- Secure messaging & photo sharing
- Facility approved multimedia

AMERICAN OVERSIGHT

- Continuing education
- Building self-esteem, self-reliance
- Reducing recidivism
- Easy commissary ordering
- Law library access
- Digital requests, grievances & crime tips

If you'd like to learn more about powering up with our tablet program, you can start .

Looking forward to working with you in 2018.

Thanks,
The GTL/Telmate Team

AMERICAN OVERSIGHT

All,

Please see the below update which impacts only the number of inmates which are transferring to MDC Los Angeles. The manifest/transfers have been effected with the following inmates escaping from the facility overnight.

(b)(6); (b)(7)(C)

The numbers to the left represent where they were on the previously provided list. They have been placed on escape status and the USMS notified. An updated list with their name removed listing 17 inmates is attached. At this pint there are no changes to the list of inmates going to MCC San Diego.

(b)(6)

All,

The attached transfer order is for all the inmates going to MDC Los Angeles. CIM clearances were loaded for the appropriate inmates in SENTRY.

RRC staff issued incident reports late last night to all inmates involved and these three inmates walked away from the facility, they were all part of the (b)(7)(F) that chased (b)(7)(F) out of the facility.

Not the best judgement on the part of RRC staff to issue the incident reports, they were attempting to comply with the policy requirement to ordinarily issue the IR within 24 hrs, with this type of situation we normally advise them to not issue until USMS or transport teams have secured the inmates.

(b)(6)

Thank you for your offer of assistance, it is appreciated. We have been in touch with your RRM (b)(6) The decision was communicated to us that we would not evacuate the Liedell facility. The decision is consistent with information and evacuation plans we are coordinating with the Texas Department of Criminal Justice. The appropriate provisions have been made and are being implemented.

We will have additional leadership deployed to the area to assist in assessing and implementing all emergency protocols. Additionally, our emergency operations center will be operational and will be monitoring the situation. Our incident commander for this operation is VP (b)(6) who can be reached at (b)(6)

Again, thank you and we will keep you informed. If you have questions or concerns please feel free to call me anytime. My cell is (b)(6)

Thank you for your offer of assistance, it is appreciated. We have been in touch with your RRM (b)(6) The decision was communicated to us that we would not evacuate the Liedell facility. The decision is consistent with information and evacuation plans we are coordinating with the Texas Department of Criminal Justice. The appropriate provisions have been made and are being implemented.

We will have additional leadership deployed to the area to assist in assessing and implementing all emergency protocols. Additionally, our emergency operations center will be operational and will be monitoring the situation. Our incident commander for this operation is VP (b)(6) who can be reached at (b)(6)

Again, thank you and we will keep you informed. If you have questions or concerns please feel free to call me anytime. My cell is (b)(6)

> Derrick, please provide a detailed update this morning regarding any flooding, power issues, food/subsistence, or anything else that may effect your ability to operate in Houston, We have a meeting with executive staff this morning at 10 am and as of right now the Liedel facility is the only one that has the greatest potential to be effected. If there is any assistance needed from the BOP, I will be able to staff it with the executive staff this morning. Looks like projections for the Houston area are not getting better at this time and the situation may be prolonged due to anticipated heavy rain.

Thank you for your offer of assistance, it is appreciated. We have been in touch with your RRM (b)(6) The decision was communicated to us that we would not evacuate the Liedell facility. The decision is consistent with information and evacuation plans we are coordinating with the Texas Department of Criminal Justice. The appropriate provisions have been made and are being implemented.

We will have additional leadership deployed to the area to assist in assessing and implementing all emergency protocols. Additionally, our emergency operations center will be operational and will be monitoring the situation. Our incident commander for this operation is VP (b)(6) who can be reached at (b)(6)

Again, thank you and we will keep you informed. If you have questions or concerns please feel free to call me anytime. My cell is (b)(6)

AMERICAN OVERSIGHT

# Leidel Center Update
# Monday, August 28, 2017

**Resident population:**

- 153 total including 125 males and 28 females.
- Town hall conducted with residents this morning, Monday, 8/28, to continue to address any concerns. Some residents appear to be getting somewhat anxious as situation becomes prolonged. Staff continue to monitor and communicate with the residents.
- No medical issues reported.

**Facility:**

- Have maintained electricity.
- No flooding in buildings at this time.
- One leak in Building H dormitory roof; ceiling tile damage. No residents assigned to the cubicle in vicinity.

**Food**

- Food on-site through Wednesday dinner serving 2 meals per day starting today, if needed.
- Asst. Facility Director purchased supplemental food this morning; currently obtaining update regarding amount purchased.
- Food for 9 meals has been prepared at Southeast Texas Treatment Center (STTC); delivery currently being attempted by STTC staff.
- Have 1000 meals prepared with additional product for an additional 1000 meals at Joe Corley Detention Center, in Conroe, TX. Working with Harris County Sherriff's Office High Water rescue to attempt delivery this morning.

**Staffing**:

- 4 staff have remained on-site since Saturday evening, 8/26. Staff managing well.
- Facility Director and Assistant Facility Director able to get to facility this morning to provide relief.

Good Morning,

No issues at any facilities overnight. The focus today will be to maintain the watch on our facilities in the Houston area. As you know the current threat is flooding. Our emergency and contingency plans remain in effect.

As of now we are positioned to stay in place. We are positioned to evacuate to Joe Corley if absolutely necessary. We feel comfortable with the current plan. Additional resources (food, water, fuel) are being provided to the facility today.

AMERICAN OVERSIGHT

how accountability etc is going to be done if you are going to allow them to go onto HC. Why can't they be evacuated with the population and released from Joe Corley on their release date, GEO could transport all releases back to Houston, this is going to be on-going and they need to have a plan to do this type of thing. Call me on this.

>>> (b)(6) 8/30/2017 12:05 PM >>>
I do not believe they have left yet. I just spoke to the RRC Director and approved 4 inmates to move to HC that release from custody on Friday. All have previous HC sites they will be going to and Liedel staff personally verified through calls to the residence that someone was there and the site was NOT impacted by the storm.

Subject: Fwd: Chanukah 2017

>>> (b)(6) 11/15/2017 09:43 >>>
Dear Hugh,

Good morning! Hope all is well!

As per the email response below, D. Ray James Correctional Facility -- a facility contracted by BOP -- will not be accommodating menorah lighting with real candles for the Jewish holiday of Chanukah. Instead they are only allowing electric candles. Hugh, electric candles is insufficient in Jewish law and so the Jewish inmates there would not be observing the holiday and fulfilling their obligation appropriately. We would be extremely grateful if you can help resolve this. I am hoping this is just a misunderstanding and simply needs clarification that electric candles is not in fact an acceptable alternative.

Please note that the GA State Fire Marshals have explicitly stated that this can be done safely -- please see their attached letter -- and so this facility can indeed allow real candles for all 8 nights of Chanukah safely as per these fire safety experts for the state of Georgia. Indeed, even all GDC (Georgia Dept of Corrections) state prison facilities allow it -- please see attached a very recent email from (b)(6) Director of Chaplaincy Services for GDC. Of course, all BOP facilities, including in GA (Atlanta, Jesup etc), accommodate the menorah lighting with real candles. Respectfully, D. Ray James should be no different.

Hugh, denying the Jewish inmates in this facility the lighting of the menorah with real candles is a violation of Jewish law which calls for us to light the menorah on all 8 nights with real candles. This violates their rights by the

AMERICAN OVERSIGHT

which calls for us to light the menorah on all 8 nights with real candles. This violates their religious rights as protected by the Constitution and RLUIPA (Religious Land Use And Institutionalized Persons Act ).

Importantly, the strict new RLUIPA guidelines issued by the Department of Justice state: "…where a significant number of other institutions allow an accommodation, an institution cannot deny that accommodation consistent with RLUIPA's strict scrutiny requirement unless the institution offers persuasive reasons why it cannot adopt the less restrictive methods used elsewhere. Less restrictive alternatives used by the Federal Bureau of Prisons (BOP) are particularly relevant to the least restrictive means analysis because BOP manages the country's largest correctional system while adhering to the comparably strict protections for religious exercise that are guaranteed by RFRA. Consequently, where BOP accommodates a particular religious exercise, an institution that forbids that exercise is unlikely to satisfy RLUIPA's strict scrutiny inquiry unless it can demonstrate that the BOP approach is unworkable…"

Indeed, our understanding is that all other BOP facilities -- even the most maximum -- accommodate the menorah lighting with real candles for all 8 nights of Chanukah.

We very much appreciate your attention to this important holiday and resolving this matter.

Thank you very much and may G-d bless you!

Warmly,

(b)(6)

**Subject:** Chanukah 2017

Dear AW Chalmers,

I hope this email finds you in the best of health!

The holiday of Chanukah is soon approaching (December 12 – December 20, 2017) and I just wanted to confirm that the Jewish inmates at your facility will be able to light the menorah with real candles after nightfall for all those 8 nights? Please advise if they'll be able to use real candles and please advise if it will be arranged for each of the 8 nights of Chanukah after nightfall (except Friday) in a designated room or in the chapel.

Chanukah supplies may be purchased at http://www.jewishsupply.com/hanukkah.

We light the first candle on December 12 after nightfall and each following night (except Dec. 15), each night adding another candle, till the last night on December 19 we are lighting 8 candles. Electric candles are not permitted according to Jewish law. The menorah must be lit by a Jewish person. Importantly, kindly make special arrangements in advance to assist in

AMERICAN OVERSIGHT

supervision for the Chanukah services if a chaplain will not be present in the facility on any of the 8 nights of Chanukah. If possible, the inmates should be allowed to watch the candles burn down -- which takes approximately a half hour or more. Alternatively, they should be allowed to kindle the menorah and then they can leave and someone else can watch it. However, the candles should be allowed to burn down on their own, and not be blown out.

The timing of the lighting of the menorah and candles is important. Candles should be lit after nightfall on every night -- even two hours after sunset. However, Friday, December 15 is an exception due to Sabbath – on that day the menorah must be lit within about a half hour before sunset. Also, because December 16 is a Saturday, it is crucial that the menorah is kindled after nightfall, since we are forbidden to ignite fire on the Sabbath. (You can see sunset and nightfall times in your city at this website.)

If you could please advise me of the status of these Chanukah lighting accommodations at your facility, I'd greatly appreciate it!

Also: One of our excellent programs include sending volunteers for the holidays. These visits add tremendous joy and inspiration for the participants. Our Volunteer Coordinator, (b)(6) (b)(6) would be delighted to assist in coordinating such a visit. He can be contacted at (b)(6) Also, if you scroll down past the information regarding Chanukah, I have taken the liberty of including an inspiring story about Chanukah in prison, which I hope you will enjoy.

Please feel free to contact me if you have any questions. I am here to help!

Thank you very much and may G-d bless you with much success in all your noble endeavors!

Warmly,

Dear Hugh.

Good morning! Hope all is well!

As per the email response below, D. Ray James Correctional Facility -- a facility contracted by BOP -- will not be accommodating menorah lighting with real candles for the Jewish holiday of Chanukah. Instead they are only allowing electric candles. Hugh, electric candles is insufficient in Jewish law and so the Jewish inmates there would not be observing the holiday and fulfilling their obligation appropriately. We would be extremely grateful if you can help resolve this. I am hoping this is just a misunderstanding and simply needs clarification that electric candles is not in fact an acceptable alternative.

Please note that the GA State Fire Marshals have explicitly stated that this can be done safely -- please see their attached letter -- and so this facility can indeed allow real candles for all 8 nights of Chanukah safely as per these fire safety experts for the state of Georgia. Indeed, even all GDC (Georgia Dept of Corrections) state prison facilities allow it -- please see attached a very recent email from (b)(6) Director of Chaplaincy Services for GDC. Of course, all BOP facilities, including in GA (Atlanta, Jesup etc), accommodate the menorah lighting with real candles. Respectfully. D. Ray James should be no different.

Hugh, denying the Jewish inmates in this facility the lighting of the menorah with real candles is a violation of Jewish law which calls for us to light the menorah on all 8 nights with real candles. This violates their religious rights as protected by the Constitution and RLUIPA (Religious Land Use And Institutionalized Persons Act ).

Importantly, the strict new RLUIPA guidelines issued by the Department of Justice state: "…where a significant number of other institutions allow an accommodation, an institution cannot deny that accommodation consistent with RLUIPA's strict scrutiny requirement unless the institution offers persuasive reasons why it cannot adopt the less restrictive methods used elsewhere. Less restrictive alternatives used by the Federal Bureau of Prisons (BOP) are particularly relevant to the least restrictive means

AMERICAN OVERSIGHT

analysis because BOP manages the country's largest correctional system while adhering to the comparably strict protections for religious exercise that are guaranteed by RFRA. Consequently, where BOP accommodates a particular religious exercise, an institution that forbids that exercise is unlikely to satisfy RLUIPA's strict scrutiny inquiry unless it can demonstrate that the BOP approach is unworkable…"

Indeed, our understanding is that all other BOP facilities -- even the most maximum -- accommodate the menorah lighting with real candles for all 8 nights of Chanukah.

We very much appreciate your attention to this important holiday and resolving this matter.

Thank you very much and may G-d bless you!

Warmly,

(b)(6)

To: (b)(6)

Dear (b)(6)

Thank you for your warm well wishes. I also hope you are in good health and ready to receive the pleasures of the holiday season. I also want to thank you for recent inquiry regarding the approaching holiday of Chanukah.

I have reviewed our procedures regarding the use of real candles as opposed to electric candles for all religious services for all faith groups. The use of real candles has been determined to be an unacceptable security risk and are not authorized in any of the many faith based religious services represented at this facility. We believe the use of electric candles provides an acceptable alternative and honors the intent

and spirit of religious holidays and services.

I apologize our response is not more favorable. However, our responsibility to operate a safe and secure environment is vital to accomplishing our mission.

Thank you for your concern and inquiry, and also thank you for offering contact information for (b)(6) I will pass along this information to (b)(6)

Thanks again,

Sincerely,

Craig Chalmers

*Subject:* Chanukah 2017

Dear AW Chalmers,

I hope this email finds you in the best of health!

The holiday of Chanukah is soon approaching (December 12 – December 20, 2017) and I just wanted to confirm that the Jewish inmates at your facility will be able to light the menorah with real candles after nightfall for all those 8 nights? Please advise if they'll be able to use real candles and please advise if it will be arranged for each of the 8 nights of Chanukah after nightfall (except Friday) in a designated room or in the chapel.

Chanukah supplies may be purchased at http://www.jewishsupply.com/hanukkah <https://urldefense.proofpoint.com/v2/url?u=http-3A__www.jewishsupply.com_hanukkah&d=DwMDaQ&c=qXU8bODmBIHPI-8LaCqiA&r=SKccHN

We light the first candle on December 12 after nightfall and each following night (except Dec. 15), each night adding another candle, till the last night on December 19 we are lighting 8 candles. Electric candles are not permitted according to Jewish law. The menorah must be lit by a Jewish person. Importantly, kindly make special arrangements in advance to assist in supervision for the Chanukah services if a chaplain will not be present in the facility on any of the 8 nights of Chanukah. If possible, the inmates should be allowed to watch the candles burn down -- which takes approximately a half hour or more. Alternatively, they should be allowed to kindle the menorah and then they can leave and someone else can watch it. However, the candles should be allowed to burn down on their own, and not be blown out.

The timing of the lighting of the menorah and candles is important. Candles should be lit after nightfall on every night -- even two hours after sunset. However, Friday, December 15 is an exception due to Sabbath – on that day the menorah must be lit within about a half hour before sunset. Also, because December 16 is a Saturday, it is crucial that the menorah is kindled after nightfall, since we are forbidden to ignite fire on the Sabbath. (You can see sunset and nightfall times in your city at this website.)

AMERICAN OVERSIGHT

RRC staff issued incident reports late last night to all inmates involved and these three inmates walked away from the facility, they were all part of the (b)(7)(F) group that chased (b)(7)(F) out of the facility.

Not the best judgement on the part of RRC staff to issue the incident reports, they were attempting to comply with the policy requirement to ordinarily issue the IR within 24 hrs, with this type of situation we normally advise them to not issue until USMS or transport teams have secured the inmates.

No we gave very clear direction that neither the inmates or any staff below the Director should be notified in advance of the move.

RRC staff issued incident reports late last night to all inmates involved and these three inmates walked away from the facility, they were all part of the (b)(7)(F) that chased (b)(7)(F) out of the facility.

Not the best judgement on the part of RRC staff to issue the incident reports, they were attempting to comply with the policy requirement to ordinarily issue the IR within 24 hrs, with this type of situation we normally advise them to not issue until USMS or transport teams have secured the inmates.

6. We are currently developing a plan to provide FSC technical support for a minimum of the next thirty (30) days to assist with on-going corrective actions. We will assess our progress at the end of the thirty (30) days and determine the need for additional support beyond this initial period, as well as the frequency of on-going follow-up inspections to ensure the corrective actions have been sustained.

I have also been on-site since yesterday afternoon to work with the facility leadership and FSC support staff to ensure they have all of the resources necessary to immediately address your concerns. We have received the memo from (b)(6) today outlining the deficiencies and requested plans of action and are currently working on the response based on work already being done by the facility staff and the support team that arrived on Monday. (b)(6) and I will also continue to provide periodic updates to you on the progress we are making at the facility.

I appreciate your willingness to give us this opportunity to remedy these items and again assure you that we are addressing your concerns with the seriousness and urgency warranted. I look forward to us meeting on March 6th in Washington, DC, and providing you with a detailed update on our progress at Ocean View, as well as discussing our other partnerships in Tucson, AZ and Austin, TX. Please feel free to reach out to me at any time if you have questions related to this or any other concern you may have with our CoreCivic Community contract facilities.

Sincerely,

Daren

# Inmates vow to bust El Chapo out of prison

By Jamie Schram

January 27, 2017 | 10:30am | Updated

Joaquin "El Chapo" Guzman arrives at Long Island MacArthur airport on Jan. 19.

**More On:**

AMERICAN OVERSIGHT

**Bringing El Chapo to court is a 'pain in the butt'**
**Sean Penn may be called to witness stand over El Chapo**
**El Chapo's escape tunneling days are over: feds**
**Feds want to lock up El Chapo for life**

Notorious Mexican drug lord Joaquin "El Chapo" Guzman has a new group of "hitmen" ready to bust him out of prison, according to a new report.

Five tough-talking inmates shot a video inside a cell at the federal lockdown in Taft, California, revealing their plans to help Guzman escape if he's convicted of his American crimes and sent to their institution.

"We are the hitmen who are going to take care of him," one of the prisoners warned, the Los Angeles Times reported Thursday.

"We want to tell the people this: If you bring 'el señor' here and if 'el señor' asks us to free him, we are going to take him out immediately,'" all five men pledge, speaking in Spanish.

Guzman, 59, was extradited from Mexico to New York last week to face trial on drug-trafficking and other related charges. He was also charged with federal crimes in several other states, including California.

Despite his status as the world's biggest drug trafficker, he's best known for his two Houdini-like prison escapes in Mexico. He was recaptured both times.

During the three-minute video, the prisoners hid their faces behind black sunglasses, hats and bandannas inside the small, sparsely furnished cell.

They took turns speaking to the camera in Spanish, boasting about having total control over the prison and enjoying free access to women, cellphones and drugs, the Daily Mail reported.

The leader of the group, identified only as "Chucky," claims he has "bought" off all the prison guards and seemed sure that Guzman would wind up there.

"Everything is ready for you. What you say is the law. Here you have more than 3,500 soldiers," Chucky says in the video to the Sinaloa drug cartel, which Guzman ran for decades, murdering his way to the top of the drug world.

Federal officials were disturbed by the video, issuing a statement to the LA Times.

AMERICAN OVERSIGHT

“Upon learning of the video, BOP oversight staff on-site at the facility began working with the contractor to investigate the allegations of irregularities at the facility,” said Jill Tyson, a spokeswoman for the Federal Bureau of Prisons.

Guzman faces life in a federal prison if convicted on the 17-count indictment in Brooklyn federal court.

"Everything is ready for you. What you say is the law. Here you have more than 3,500 soldiers," Chucky says in the video to the Sinaloa drug cartel, which Guzman ran for decades, murdering his way to the top of the drug world.

Federal officials were disturbed by the video, issuing a statement to the LA Times.

"Upon learning of the video, BOP oversight staff on-site at the facility began working with the contractor to investigate the allegations of irregularities at the facility," said Jill Tyson, a spokeswoman for the Federal Bureau of Prisons.

Guzman faces life in a federal prison if convicted on the 17-count indictment in Brooklyn federal court.

The media request came from Rosie Flores of the Pecos Enterprise Newspaper.
This was her specific request

"Good Morning,
We just received an e-mail from a concerned family member about what is happening at the RCDCIII facility.
She stated that she fears her family member is not receiving his medication or being fed regularly, due to the ongoing lockdown at the facility.
She also mentioned that her family member is not one of the inmates that was trying to create trouble and is very concerned about him.
Is there anything that you can tell us about the situation at the facility at this time?
Thanks,
Rosie"

Here is the press release we are asking approval for:

(b)(5)

Please let me know if you need anything else but this is all the information we have on the request.

Derrick, you have the authority and permission of the BOP to make any determinations needed regarding the need to evacuate your Houston facility. Please notify us as soon as safe and practical once a determination is made. If you require further support or assistance from the BOP please do not hesitate to ask.

Stay safe as our thoughts are with all who are involved in this tragic event.

Update on Leidel. We continue to assess the situation. The facility is quiet and most importantly still dry. Food is ok for now but not sustainable for more than a couple of days. Because of uncertainties in the area we are still committed to evacuating the population when the road conditions permit. Currently we are assessing a route to determine if it can be safely navigated while transporting residents. We have leadership staff on the ground who are driving the route to assist in making the decision. We will be notified shortly of a recommendation. If the recommendation is positive I want to reconfirm I have your permission to relocate the population to our Joe Corley facility.

We will utilize best practices to ensure population separation by type and of course by gender. Please advise if you have questions or concerns.

Thanks for the support and encouragement given during this incident.

As of now we are positioned to stay in place. We are positioned to evacuate to Joe Corley if absolutely necessary. We feel comfortable with the current plan. Additional resources (food, water, fuel) are being provided to the facility today.

Thank you for
your offer of
assistance, it is
appreciated.
We have been
in touch with
your RRM
(b)(6) The
decision was
communicated
to us that we
would not
evacuate the
Liedell facility.
The decision is
consistent
with
information
and
evacuation
plans we are
coordinating
with the Texas
Department
of Criminal
Justice. The

AMERICAN OVERSIGHT

appropriate provisions have been made and are being implemented.

We will have additional leadership deployed to the area to assist in assessing and implementing all emergency protocols. Additionally, our emergency operations center will be operational and will be monitoring the situation. Our incident commander for this operation is VP (b)(6) (b)(6) who can be reached at (b)(6)

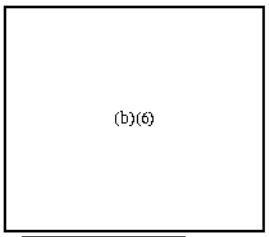

Again, thank you and we will keep you informed. If you have questions or concerns please feel free to call me anytime. My cell is (b)(6)

Good Morning,

Our evacuation plan is being executed. A briefing will occur at approximately 8:00 a.m. (CST) at the Joe Corley facility and the team will depart shortly afterwards. Notification to the Leidel leadership is occurring at 7:30 a.m. (CST). We will keep you posted.

I will be off the air for approximately 45 minutes beginning at 9:00 a.m. (EST). During that time (b)(6) available to answer any questions or address concerns.

Thanks for your continued support.

(b)(6) just as an FYI, I have attempted contact with the emergency numbers for the USPOs in the Southern District of Texas and also reached out to the Administrative Office of the U.S. Courts who are in concurrence that should you make a decision to evacuate your facility that all USPO clients will evacuate with all the residents of your facility to include those that were on Home Confinement. Please let me know as soon as possible once a determination has been made that it is safe to evacuate.

Our Liedel Residential Reentry Center is attempting to evacuate and will be moving all inmates to the GEO Joe Corley Facility in Conroe Tx. Under ordinary circumstances we are not able to move USPO clients into a detention setting. However, for the safety and security of the USPO clients I believe it is in their best interest to evacuate them along with the rest of the facility and not to tax the evacuation system in Houston any further by adding these individuals to it.

GEO headquarters in still confirming their ability and an actual route to effect the evacuation but I wanted to ensure that you were informed and agreed to allow the USPO clients to be evacuated with the remainder of the facility. If I cannot get ahold of anybody from USPO my intent is to go ahead with the evacuation to include the USPO clients.

Currently the following USPO clients are in the facility:

I am not real comfortable putting any of the inmates on HC, how are they going to be transported to their HC location? How are they going to be monitored? Was the HC location previously approved by RRC staff? Need a real good plan on how accountability etc is going to be done if you are going to allow them to go onto HC. Why can't they be evacuated with the population and released from Joe Corley on their release date, GEO could transport all releases back to Houston, this is going to be on-going and they need to have a plan to do this type of thing. Call me on this.

>>> (b)(6) 8/30/2017 12:05 PM >>>
I do not believe they have left yet. I just spoke to the RRC Director and approved 4 inmates to move to HC that release from custody on Friday. All have previous HC sites they will be going to and Liedel staff personally verified through calls to the residence that someone was there and the site was NOT impacted by the storm.

Hugh-

Thank you again for your time yesterday, we greatly appreciate it. Thank you also for giving me the opportunity to give you an update on our San Diego facility. As mentioned, we are committed to improve our operations at that facility and I believe your team will be pleased with our progress during your next visit.

Have a great Tuesday. Damon

Glad to hear Hugh, Ann Schlarb is President of our GEO Care Division and I am confident when your schedule is set on a Houston visit – she will adjust her schedule to meet you there as well. I will let Ann know it's on your radar for down the road.

BTW – am encouraged by the news coverage over budget discussions – looks like you guys may be getting close.

Thanks. I will definitely plan to visit when I am in the Houston area. I have spoken to (b)(6) in the past about the work going on there and am a little familiar. It will be good to see it in action. Barring another shutdown or other emergency, I expect to be at Rivers next month as planned. Hope you can make it too, but I certainly understand if that does not work out. Talk to you soon.

Hugh

>>> (b)(6) @geogroup.com> 2/13/2019 3:12 PM >>>
Director; glad we had the opportunity to catch up last week on the phone. I was briefed this week we may have a site visit in March at our Rivers CF in Winton, NC by you and other members of leadership, obviously look forward to the visit if that opportunity presents itself.

When we spoke, I neglected to share with you that our GEO Reentry division in early 2018 received approval to invest approximately 300K per year for enhanced Continuum of Care/Recidivism reduction programming at our Houston (Leidel facility) Residential Reentry Center (RRC). (b)(6) Residential Reentry Administrator in DC, is aware and has been very supportive. Our Leidel RRC is approximately 1 mile from your FDC Houston facility. As a part of your facility visits around the country, I would encourage you to visit the Leidel facility and allow us the opportunity to review the evidence-based recidivation reduction programming with you.

All the best, and thanks for your continued support and partnership.

| **Date** | 2019/08/20 12:55 |
| **Subject:** | First Step Act JOBVIEW Resource |
| **Attachments:** | TEXT.htm, 2C-Behind Bars-061015.pdf, Mime.822 |

Mr. Hurwitz:

Jobview is providing about 2 million up-to-date job listings on kiosks in several BOP facilities. With the First Step Act, we believe this resource is particularly useful to returning citizens in preparation for release.

Attached is the flyer for the Jobview kiosk.

I hope this is helpful.

AMERICAN OVERSIGHT

**JOBview 2nd Chance®**

*Allowing inmates to search for jobs from prison*

***Nearly 650,000 people are released from state and federal prisons yearly and far greater numbers reenter from local jails. Each of them needs a job.***

***JOBview 2nd Chance gives inmates a 30-60 day head start on finding a job.***

Jobview 2nd Chance is an ATM-like kiosk that allows people returning to the community from prisons and jails to search for statewide and nationwide jobs without direct access to the internet. Jobview 2nd Chance kiosks are "prison-ready" because the user does not have access to a keyboard or to the internet. Job listings are accessed through a secure wireless connection from the kiosk to the Jobview datacenter via a virtual private network. Jobs can only be searched on the kiosk using a touch screen user interface which controls and limits what the user can see and do. Job descriptions, along with job application requirements and instructions, can be printed directly from the kiosk to assist the user with later follow-up. The JOBview program is self-service and requires no user training. The kiosk is ready for use the minute you plug it in.

JOBview 2nd Chance provides access to nearly 2 million job listings. The listings are updated daily so users are always searching current jobs. A "disconnected" version of the kiosk is also available and job listings are updated through a JOBswap media device on a regular basis. A "software only" version of the JOBview 2nd program is available for facilities that already have a secure computing environment that is accessible by inmates.

**Inmate Benefits**

- Get a 30-90 day head start on a job search
- Browse state and nationwide jobs that are current and updated nightly
- Start thinking about jobs before release; putting their mind on something positive and productive
- See what skills and specific requirements they will face well ahead of release
- Match educational programs they are using to the types of jobs they may be qualified for and will likely encounter
- Practice electronic job searching which is technology they will commonly see upon release
- Job listings of interest can be printed and used for reference after a kiosk session

**Correctional Facility Benefits**

- No job-seeker training costs because the JOBview 2nd Chance user interface is self-explanatory
- Staff no longer needs to find and print job listings for their transitioning inmates
- Job listings for all types of jobs and levels of experience in cities nationwide
- Turnkey service; Jobview takes care of everything
- No long-term contracts; annual renewal option
- The annual cost of the JOBview service can be recovered in just three months with one less returning inmate

Two versions of the kiosk are available depending on the security requirements of the facility.

- **JOBview 2nd Chance Non-Apply VPN**: Users can search for jobs but they cannot apply. The kiosk is configured with a wireless connection to the Jobview datacenter over a virtual private network (VPN). The VPN only allows the kiosk to access updated job listing data at the Jobview datacenter. The user has no access to the internet.
- **JOBview 2nd Chance Non-Apply JOBswap:** Users can search for jobs but they cannot apply. The kiosk is a stand-alone configuration with no wireless connection to the Jobview datacenter. The jobs database is updated from a JOBswap media device provided monthly, or more often if desired. The update process is fully automated once the media device is inserted into the kiosk.

To learn more please call us at 866-562-8439, or email info@jobview.com.

JOBview® 2nd Chance *Allowing inmates to search for jobs from prison*

A **Software Only** version of JOBview 2nd Chance is also available for installation on Windows-based computers in your facility. If you can provide a secure connection (through a proxy) to the Jobview datacenter, inmates will be able to search our "live" jobs database but they will not able to apply. If the computers do not have access to the internet, the jobs database is updated from a JOBswap media device provided monthly, or more often if desired.

**Pricing**

JOBview 2nd Chance is an annual subscription service with a minimum one-year service agreement term.

Turnkey Kiosk Pricing:

Each of the two kiosk versions is priced at to $8,700 per year plus a one-time kiosk transportation and installation fee. For this price, Jobview provides a fully configured touchscreen kiosk that includes a built-in printer. A wireless card is included and provides secure access to the jobs database in the Jobview datacenter over a virtual private network (VPN). The annual subscription fee also includes on-site service should the need arise. Printer paper replacement and printer service is easily conducted by your staff. Jobview handles the rest! The kiosk requires a standard 15 amp outlet and has the following dimensions: 53" H, 28" W, 23" D

Software Only Pricing:

- Facility: $5,000 annual site license fee covers all computers at the facility

The facility must provide properly configured desktop computers. Contact Jobview for configuration requirements.
