RE: FOIA Request No. 2019-05253

Dear Mr. McGrath:

This is the sixth rolling release in response to the above-referenced Freedom of Information Act (FOIA) request submitted by Bianca Tylek, Worth Rises Executive Director and Austin Evers, American Oversight Executive Director. Additional determinations and releases will be forthcoming.

Enclosed with this determination letter are 245 pages of records processed in response to Request No. 2019-05253. After careful review, our office determined 10 pages are appropriate for release in full, 231 pages are appropriate for release in part, and four (4) pages should be withheld in their entirety. Records were redacted pursuant to the following FOIA exemptions:

(b)(4) - allows the withholding of records related to trade secrets and other confidential business information;

(b)(5) - allows the withholding of certain inter-agency and intra-agency communications protected by the deliberative process privilege, the attorney work-product privilege, and/or the attorney-client privilege;

(b)(6) - allows the withholding of records or information when release thereof would constitute a clearly unwarranted invasion of the personal privacy of third parties;

AMERICAN OVERSIGHT

(b)(7)(C) - allows the withholding of records or information compiled for law enforcement purposes when release thereof could reasonably be expected to constitute an unwarranted invasion of the personal privacy of third parties;

(b)(7)(E) - allows the withholding of records or information compiled for law enforcement purposes when release thereof would disclose techniques and procedures for law enforcement investigations or prosecutions; and

(b)(7)(F) - allows the withholding of records or information compiled for law enforcement purposes when release thereof could reasonably be expected to endanger the life or personal safety of an individual.

See 5 U.S.C. §§ 552(b)(4), (b)(5), (b)(6), (b)(7)(C), (b)(7)(E), and (b)(7)(F). Copies of releasable records are enclosed.

If you have questions about this response please feel free to contact the undersigned: 202-616-7750; 320 First Street NW, Suite 936, Washington, DC 20534; or ogc_efoia@bop.gov.

Sincerely,

Deborah Locke

Good morning - I am seeking permission to reach out to Mike Carvajal in regards to emergency preparedness and readiness. Mike's SORT team in the (b)(7)(E) area is the identified team within PMB contingencies that would be utilized in an emergency support role for Moshannon Valley. I would like to coordinate with Mike and his Wardens to have his team visit our facility to develop a better understanding of our physical plant and our emergency response capabilities. My focus is to jointly look at some tabletop events where we may have a stronger understanding of what assistance the BOP is authorized to provide during a disturbance, response times to the facility, and a full understanding of resources.

I believe early preparation would be mutually beneficial to both GEO and the government. Please let me know if you are good for us to proceed.

In reference to our conversation earlier, I'm writing to ascertain which SORT teams are assigned to our Moshannon Valley, Rivers, and D. Ray James facilities in the event we needed significant assistance for a protracted event. When I was AD, Frank Lara, (b)(6) (b)(6) and I had developed a response protocol for private facilities. What I'd like to do is to invite those teams into our facilities so that there is a better familiarization with our operation beginning with Moshannon Valley. I will make the specific request through PMB once I have details.
Thanks for your assistance in this matter.

Good afternoon Blake. I trust all is well with you. We can certainly discuss arranging some table tops and/or mock scenarios which would include our BOP SORT teams noted below to seek feedback regarding your performance. (b)(7)(E) (b)(7)(E) (b)(7)(E) I hope this clarifies our role during incidents at our contract facilities.

(b)(6)

Good morning - I am seeking permission to reach out to Mike Carvajal in regards to emergency preparedness and readiness. Mike's SORT team in the (b)(7)(E) area is the identified team within PMB contingencies that would be utilized in an emergency support role for Moshannon Valley. I would like to coordinate with Mike and his Wardens to have his team visit our facility to develop a better understanding of our physical plant and our emergency response capabilities. My focus is to jointly look at some tabletop events where we may have a stronger understanding of what assistance the BOP is authorized to provide during a disturbance, response times to the facility, and a full understanding of resources.

I believe early preparation would be mutually beneficial to both GEO and the government. Please let me know if you are good for us to proceed.

Blake

Sir,

In the PMB Contingency Plans/BOP Response, the following SORT teams will respond:

(b)(7)(E) SORT will respond to Moshannon Valley.

(b)(7)(E) SORT will respond to Rivers.

(b)(7)(E) will respond to D. Ray James.

If you need any additional information please give me a call.

Mr. (b)(6)
In reference to our conversation earlier, I'm writing to ascertain which SORT teams are assigned to our Moshannon Valley, Rivers, and D. Ray James facilities in the event we needed significant assistance for a protracted event. When I was AD, Frank Lara, (b)(6) (b)(6) and I had developed a response protocol for private facilities. What I'd like to do is to invite those teams into our facilities so that there is a better familiarization with our operation beginning with Moshannon Valley. I will make the specific request through PMB once I have details.
Thanks for your assistance in this matter.

I hope this message finds you well. A few of my colleagues and I will be in D.C. on April 16th and 17th to meet with USMS and ICE. I was wondering if you and perhaps some of your health care colleagues might be free for a short liaison meeting?

Thank you.

Thanks for the quick response. I look forward to discussing the audit process with you. On the medical side, our Chief Medical Officer, (b)(6) is coming and he had hoped to have a chance to sit down with A.D. Dr. Deborah Schult, or someone on her staff, to discuss heathcare issues generally. As my folks audit health services too, I assumed it would great to participate as well. Thoughts?

Hi Deb,

I'm sure you are busy winding down things down this month. However, below is an invitation to meet with the GEO Executive VP for Compliance and auditing and their Chief Medical Officer. I have previously reached out before the shutdown and consequently canceled ACA participation to meet with them in regard to our audit process and their finding trends. I'm not sure if you or your staff are interested or willing to meet and we have no obligation. If you are interested, please let me know you or your staff's availability. Thanks - (b)(6)

Just confirming today at 3:30 at the BOP main office. As I mentioned, we are meeting with both ICE and USMS over these two days. My colleagues, (b)(6) would like to join us if acceptable. (b)(6) is GEO's chief medical officer and (b)(6) runs GEO's Human Resources program. Thanks in advance and see you later today.

Understood. We'll try with the medical folks another time. We have a meeting at USMS at 1p.m. Would 3:30.p.m. would for you?

Thanks.

I have heard back from Deborah Schult. Unfortunately, she and her staff will not be available on either day. She is retiring in April and is working hard with her staff to prepare them for her departure. However, I am available to meet on April 16th in the afternoon. Please let me know if this work with your schedule. Thanks - (b)(6)

Thanks for the quick response. I look forward to discussing the audit process with you. On the medical side, our Chief Medical Officer, (b)(6) is coming and he had hoped to have a chance to sit down with A.D. Dr. Deborah Schult, or someone on her staff, to discuss heathcare issues generally. As my folks audit health services too, I assumed it would great to participate as well. Thoughts?

Thanks.
