On behalf of Pacific Legal Foundation, we were delighted you were able to attend the ALEC Annual Meeting workshop on “How to Make Policy Reform Last: Reform the Regulatory State.”

We hope you left the workshop with a greater appreciation of how overregulation is a problem impacting all policy areas, as well as some productive ideas for government-wide regulatory reform and oversight. We hope we can continue the dialogue on such reforms so that we can help you restore democratic accountability to the regulatory process. Please feel free to reach out to either PLF’s Outreach Director, Rachel Swaffer (RSwaffer@pacificlegal.org), or me (TGaziano@pacificlegal.org) with any questions or ideas on how we can work together to roll back administrative overreach in your state.

You can also [download ALEC’s model Administrative Procedures Act](#). We hope you can join us at the Administrative Law Subcommittee meeting at ALEC’s States and Nation Policy Summit to discuss similar reforms that address administrative overreach and overregulation.

Elaine,

To be reimbursed from any state funds (including intradistrict), the Representative has to have prior approval from House Administration for out of state travel. Once the trip is approved you can reimburse him from MEA or Intradistrict funds. The only way reimbursement could come from the General Fund is with the Speaker's approval.

Valery,

A quick question, Can Rep Roth be reimbursed entirely out of intradistrict for the ALEC conference or does it need to be split with office account? I'm referring to the full conference pass \$850.
Did the House ever pay for it out of General Revenue?

Valery,

A quick question, Can Rep Roth be reimbursed entirely out of intradistrict for the ALEC conference or does it need to be split with office account? I'm referring to the full conference pass \$850.
Did the House ever pay for it out of General Revenue?

Thanks,

Elaine,

To be reimbursed from any state funds (including intradistrict), the Representative has to have prior approval from House Administration for out of state travel. Once the trip is approved you can reimburse him from MEA or Intradistrict funds. The only way reimbursement could come from the General Fund is with the Speaker's approval.

How to communicate conservative messages winsomely and persuasively

Melanie Sturm, Engage 2 Win

It is not what you say, its what your constituents hear!

How to communicate conservative messages, to win a better future for the World. You can not convert the hostiles. You can convert the persuadeable.

People say we don't care. Our values are the best for the most people, especially the most vulnerable. America is an economic wonder, and proves that point. Our problem is a failure to communicate.

Show that you Care!

Ask people to Think Again. You might change your mind!

"Whenever the people are well informed, they can be trusted with their own government; that, whenever things go so far wrong as to attract their notice, they may be relied on to set them to rights." Thomas Jefferson; to Richard Price Paris, January 8, 1789.

Modified Margaret Thatcher, "First we must win their trust, then the argument, and then the vote!"

We have a shared American Heritage:

- 1) Individual/ private property rights
 - 2) Equality under the law/ rule of law
 - 3) Consent of the governed
 - 4) Limited constitutional government
 - 5) Liberty
 - 6) In God We Trust
 - 7) E Pluribus Unum
 - 8) Free Speech/ Religious Liberty
 - 9) Economic Freedom
 - 10) Fiscal Prudence
 - 11) Personal responsibility
 - 12) Peace through strength
- BIG PUSHBACK ON #6 – IN GOD WE TRUST

Americanism is the moral superior approach to humanity!

Our worldview is correct. We must find a better to explain it.

"We have a strong conviction to fight for the underdog."

You have 7 seconds to make a good first impression.

Social media has become 'curated tribalism' We have forgotten how to get to a moral consensus.

Part of self government is using free speech to come together in the market place, and form a more perfect union.

- 1) BDS movement does not promote Palestinians. It actually denigrates Israel.
- 2) Be an engaged listener first, then formulate your reply.
- 3) It is our goal to help the most vulnerable, who have been denied the dignity and fulfillment of work.
- 4) Do you support an increase in the minimum wage? I support people earning a liveable wage. I just worry about the most vulnerable in our society, who have trouble reaching the lowest ring

of the opportunity ladder. It's not fair to make it harder to work towards a living wage. If someone is having difficulty getting a job at \$10 per hour, can they get one at \$15 per hour?

- 5) In 2017, a shift occurred. 60% believe Government has a responsibility for affordable healthcare. I support all Americans having access to affordable health care.
- 6) Some millennials, when they hear Socialism, they equal outcome. Others think it is Socializing.

SOCIAL JUSTICE (equal outcomes)	8%
FAIR & CARE (facts are uncaring)	34%
ECONOMY	24%
LAW & ORDER	21%
HIGHER POWER	13%

Trump does well with FAIR & CARE –

- a) We need to change FREE Trade to FAIR Trade (for America)
- b) NATO must pay their FAIR share
- c) Illegals – putting them first is UNFAIR to Americans

JONATHAN HAIDT “Righteous Mind”.

www.Yourmorals.org

There are 5 main levels of concern

1) Compassion	Liberals	Conservatives
2) Fairness	Liberals	Conservatives
3) Purity		Conservatives
4) Authority		Conservatives
5) Loyalty		Conservatives

Alex De Toqueville – Democracy and Socialism have nothing in common but one word, EQUALITY. But notice the difference while Democracy seeks equality in Liberty, socialism seeks equality in restraint and servitude.

Venezuela is an excellent case study in socialism.

- 1) Dilution of property rights by a centralized government.
- 2) Abolition of the Profit motive
- 3) Redistribution of resources via coercion and the buying of votes.

Nordic countries are not socialist; They are economically free.

- 1) Nordic countries do not own or heavily regulate private enterprise.
- 2) Nordic countries became rich when governments were small and taxes modest
- 3) Private enterprise created economic success, which built their welfare states.
- 4) Welfare states don't create wealth, they redistribute it.
- 5) The fiscal burden of their welfare states are disproportionately borne by low and middle income taxpayers.

The vulnerable for whom we are fighting:

- 1) The 'energy poor' hurt by renewable mandates.
- 2) Obamacare's victims:
 - a) “29ers” employees limited to part time work due to Obamacare
 - b) “49ers” employers limited to < 50 employees due to Obamacare

- c) Those who have lost insurance plans/doctors/hospitals.
- 3) Students performing under grade level in system prioritizing adults over kids
- 4) The under-employed hurt by over-regulation, now helped by deregulation
- 5) Unemployed minority youth hurt by minimum wage and low-wage immigrants
- 6) Stressed communities due to economic and social costs related to illegal immigrants
- 7) Operation Choke Point Victims (pawn/coin shops and short-term lenders)
- 8) Small business owners incurring increased regulatory costs.
- 9) Ranchers who lose ranches due to the Endangered Species Act

PRACTICE IDENTIFYING THE VULNERABLE

Who are the vulnerable hurt by These progressive policies?	Who are the vulnerable helped By these conservative policies?
1) Obamacare/Medicare for All	Free-market based Healthcare
2) 100% renewable/fracking bans	Fracking/Keystone/ XL Pipeline
3) Sanctuary Cities	Immigration Law Enforcement
4) Ban Charter Schools/ end funding	School Choice
5) Universal Basic Income	Male/Female bathrooms
6) Unlimited SALT/ Mortgage deductions	Tax Reform
7) Gun Control	2 nd Amendment Rights

Unfair that young people are paying into Social Security, and they are not going to get their benefits when they retire.

Start your speech with why you believe what you believe.
Apple creates destructive market place inventions.

MLK – I HAVE A DREAM LINCOLN- Government of the people, by the people, for the people,
shall not perish from the Earth.
Man made laws must match up with natural rights – we are endowed by our Creator.

THOMAS SOWELL – The strongest argument for socialism is that it sounds so good. The strongest
Argument against it is – It does not work.
Free enterprise is based on the idea that if you help others (by providing a better product), in return
Others will help you (by buying your product).

Economic freedom produces -> -> -> Quality of life.
People who live in countries with greater economic freedom:

- 1) Live 20 years longer
- 2) Less corruption
- 3) Less child labor
- 4) Greater religious freedom
- 5) Government stays smaller in relation to the size of the economy.

“A handful of rich people should not run the country” Senator Bernie Sanders
“Should a handful of politicians run the country and the economy?” the People

Abraham Lincoln, “ We should govern with malice toward none, and charity for all.”
We need to fight for the energy poor and the job searchers.

Obama definition of fairness in Obamacare: Take from the rich, and give to the poor.
Conservative definition of fairness: Fighting for the most vulnerable and fair break for All.

The power of asking questions is this. People have to own their answers.

F: express a FEELING

B: identify a specific BEHAVIOR/policy

I: IMPACT of objective behavior/policy

I WORRY THAT YOUNG MINORITY PEOPLE suffering from high unemployment will ever get on the UPWARD MOBILITY ladder. If they are having trouble getting a job now, what will happen when the minimum wage is \$15/hr?

We are not the owners of people's LIVES AND DREAMS, we are the STEWARDS OF FREEDOM.

I ran for office because I saw the "American Dream" slipping away. Middle class Americans are disappearing. These are the 'forgotten Americans' abandoned by FREE Trade Agreements that were not FAIR to the American workers.

We are re-establishing American manufacturing through TAX REFORM and ENERGY INDEPENDENCE.
We are giving people a second chance in life through Prison Reform – First Step Act. Before, they were released back into communities with almost no hope. (FIRST STEP came from ALEC 6 years ago.)
ROAD MAP TO A BRIGHTER FUTURE.

- 1) Prison reform
- 2) Occupational licensing deregulation
- 3) School Choice

50 Years of Top down program does not work. What changes people is from the inside out.
Change is always possible. Hope is alive. But not from empty "sound bites", but from determined people with true grit and a humble heart to effect the change.

The STATES have the power to reign in the FEDERAL GOVERNMENT. The STATES created the Federal Government. Free Enterprise and individual liberty can produce creative disruption.

Top State attendees:(1) Texas 49,(2) Arkansas & Kansas tied, (3) Florida 21, (4) MO and OK, (5) Utah 18, 1500 people attended.

ALLISON BALL introduced her dad, Ron Ball. Before she did, she told a story. When she was 5, her parents gave her \$5 a week as an allowance. She was becoming a socialist. So they stopped the allowance, and started paying her doing chores. She earned \$250 selling pencils.

Ron Ball told a story that changed his life, when he was 10. His family moved from rural West Virginia to the big City. His teacher pulled a trick on him. She asked him to introduce himself. When he told everyone how much he was looking forward to making a lot of new friends, the teacher broke out in a belly laugh. Then she said, "I just wanted you to hear what a real hick sounds like." He was so embarrassed. Finally, after many days of feeling blue, he made a big decision. He was going to be the best student in the 5th grade in that school. He was determined to prove the teacher wrong. It changed his life. He went from being a VICTIM to the BEST student in school. EMBARRASSMENT BECAME VICTORY.

His decision was just the beginning of the opportunity to do something great. It is weird in our society today that people can be heroes just for being famous. In the Greek culture, you do something great because of your sacrifice. It takes 3 primary qualities.

- 1) REAL HUMILITY – Life is not about you. Having a strong EGO is better than a big EGO. BIG EGO is like a cancer or a toxin. It forces you to demand to be on TOP.
- 2) HONEST SACRIFICE – "Mr. Smith Goes to Washington" by Frank Capa, a chemical engineer working for a Big Movie company, became a Director. His bosses thought the movie was too 'pro American' and did not want to release it. It accidentally became popular during the Nazi occupation of France. The French Resistance fighters showed it weekly.
- 3) TRUE GRIT – guts
Bill Haley and the Comets were the Saddlemen. They did a singles record. Side A was Crazy Man Crazy. Bill's got to put his song on Side B. Side A was a dud. Finally, someone played Side B. "Rock Around the Clock". Bill Haley never gave up.

Steve Moore – Trumponomics

- 1) Obama Recovery – 14.9% \$1.8 Trillion
- 2) Average Recovery – 29 %
- 3) Reagan Recovery – 36% \$3.1 Trillion

Reagan "Government is not the solution. It is the problem."

Larry Kudlow – economic adviser to President Trump. 3% Annual growth for the next 20 years would take the debt as a % of GDP from the current 75% to 50%.

Currently there are 7.5 million jobs available with 6 million unemployed. There are 8 million small business owners. Small business owners poll the optimism went straight up.

Under Obama, 35% think things were good or great.

Under Trump, 71% think things were good or great.

There are 1,326,000 new blue collar jobs.
