Re: HQ-2020-00051-F

Dear Mr. Evers:

This is a supplemental response to the request for information that you sent to the Department of Energy (DOE) under the Freedom of Information Act (FOIA), 5 U.S.C. § 552. You requested:

> All email communications (including email messages, calendar invitations, and attachments thereto, and including complete email chains) sent by the DOE officials specified below containing any of the following key terms:
>
> i.Naftogaz
> ii.Favorov
> iii.Fruman
> iv.Parnas
> v.Sargeant
> vi. 45 Energy Group
> vii.Baumgardner

Specified DOE Officials:
i. Secretary Rick Perry
ii. Deputy Secretary Dan Brouillette
iii. Former Chief of Staff Brian McCormack
iv. Anyone currently serving in the capacity of Chief of Staff
v. Under Secretary Mark Menezes
vi. Samuel Buchan, Special Adviser
vii. William Cooper, General Counsel
viii. Paul Tumminia, Senior Advisor, Office of Russian and Eurasian Affairs
ix. Anyone serving in the capacity of White House Advisor or Liaison

Please produce all responsive records from January 1, 2019, through the date the search is conducted.

On January 9, 2020, during a call including DOJ attorneys and American Oversight counsel, you agreed to waive all duplicative attachments, provided we indicate where duplicative attachments are being omitted, as well as mass mailings and newsletters. You also agreed to waive nonresponsive attachments for now, but asked that we include a slip sheet in place of each nonresponsive attachment.

Your request was assigned to DOE's Office of Executive Secretariat (ES), Office of International Affairs (IA), and Office of the General Counsel (GC) to conduct a search of their files for responsive documents. The search started on November 21, 2019, which is the cutoff date for responsive documents. You received a first partial response to this request on April 15, 2020 consisting of ten (10) documents. One of the documents was transferred in full to the Department of State (DOS) for review and direct response to you. This document was released on December 1, 2020, after DOS provided release determinations on their equities.

AMERICAN OVERSIGHT

You received a second partial on May 18, 2020, consisting of thirty-four (34) documents. Twenty (20) documents were sent to DOS for consultation. These documents were released on December 1, 2020, after DOS provided release determinations on their equities. Further, one (1) document was sent to International Trade Administration (ITA) for consultation. This document was released on August 17, 2020, after ITA provided release determinations on their equities.

You received a third partial on June 15, 2020, consisting of twelve (12) documents. Five (5) documents were sent to DOS for consultation. These documents were released on December 1, 2020, after DOS provided release determinations on their equities.

You received a fourth partial on July 15, 2020, consisting of twenty-six (26) documents. Three (3) documents were sent to DOS for consultation. These documents were released on December 1, 2020, after DOS provided release determinations on their equities. In addition, one (1) document was sent to the Overseas Private Investment Corporation (OPIC) for consultation, and one (1) document was sent to the U.S. Trade and Development Agency (TDA) for consultation. These documents were released on November 16, 2020, after TDA and OPIC provided release determinations on their equities. Two (2) documents were sent to DOE's Pacific Northwest National Laboratory (PNNL) for review and direct response to you. These two documents were released on November 16, 2020 and December 1, 2020, after PNNL provided release determinations on their equities.

You received a fifth partial on August 17, 2020, consisting of thirty (30) documents. Thirteen (13) documents were sent to DOS for consultation and one (1) document was sent to U.S. Department of the Treasury (UST) for consultation. On May 4, 2021, we advised you that in light of the agreement between American Oversight and DOE which narrowed the set of custodians and search terms you are requesting, DOE has determined that none of the documents sent to DOS or UST as part of the fifth partial are responsive to your narrowed request.

You received a sixth partial on September 15, 2020, consisting of forty-five (45) documents. Eleven (11) documents were sent to DOS for consultation. In addition, one (1) document was sent to ITA for consultation and one (1) document was transferred to DOE's National Nuclear Security Administration (NNSA) for review and direct response to you. In light of the agreement between American Oversight and DOE which narrowed the set of custodians and search terms you are requesting, DOE has determined that the documents sent to ITA and NNSA are not responsive to your narrowed request.

You received a seventh partial on October 15, 2020, consisting of sixty-five (65) documents. Forty-eight (48) documents were sent to DOS for consultation.

You received an eighth partial on November 16, 2020, consisting of fifty-two (52) documents. Twenty-four (24) documents were sent to DOS for consultation.

You received a ninth partial on December 15, 2020, consisting of forty-four (44) documents. Ten (10) documents were sent to DOS for consultation.

AMERICAN OVERSIGHT

You received a tenth partial on January 15, 2021, consisting of thirty-four (34) documents. Seventeen (17) documents were sent to DOS for consultation.

You received an eleventh partial on February 16, 2021, consisting of thirteen (13) documents. Six (6) documents were sent to DOS for consultation. In addition, two (2) documents were sent to ITA for consultation. In light of the agreement between American Oversight and DOE which narrowed the set of custodians and search terms you are requesting, DOE has determined that these documents sent to ITA are not responsive to your narrowed request.

You received a twelfth partial on March 15, 2021, consisting of nine (9) documents. Two (2) documents were sent to DOS for consultation.

You received a thirteenth partial on April 15, 2021, consisting of eleven (11) documents.

You received a fourteenth and final partial on May 17, 2021, consisting of eighteen (18) documents. One (1) document was sent to another equity for consultation, one (1) document was sent to DOS for consultation, and three (3) documents were sent to *both* DOS and the other equity for consultation.

Eleven (11) documents responsive to the sixth through twelfth and fourteenth partials were released to you on December 15, 2021, after DOS provided released determinations on their equities.

This letter serves as a supplemental response to the fourteenth and final partial for DOE. Both DOS and the other equity have provided release determinations for the four (4) outstanding documents. These documents are now being released to you as described in the accompanying index. This completes DOE's response to HQ-2020-00051-F. All responsive documents have now been produced, excluding those documents from the fifth through twelfth partial that were referred to other agencies for consultation but were later determined to fall outside the narrowing agreement reached between DOJ and American Oversight counsel.

Upon review, DOE has determined that certain information should be withheld in the documents pursuant to Exemptions 1, 3, 5, and 6 of the FOIA, 5 U.S.C. § 552, (b)(1), (b)(3), (b)(5), and (b)(6).

Some of the documents released for this supplemental response have been reviewed by the Office of Classification, Office of Environment, Health, Safety and Security, in the DOE pursuant to 10 C.F.R. § 1004.6. These documents contain information properly classified as National Security Information, and are now being released to you with certain information withheld pursuant to Exemption 1 of the FOIA.

Title 5, United States Code, section 552(b)(1) (5 U.S.C. 552(b)(1)) (Exemption 1), provides that an agency may exempt from disclosure matters that are specifically authorized under criteria established by an Executive order to be kept secret in the interest of national defense or foreign policy, and are in fact properly classified pursuant to such Executive order. The portions deleted from the subject document(s) pursuant to Exemption I contain information that has been

AMERICAN OVERSIGHT

classified as C-FGI/MOD under Executive Order 13526, "Classified National Security Information" and is therefore exempt from disclosure.

Exemption 3 protects from disclosure information "specifically exempted from disclosure by statute (other than section 552(b) of this title), if that statute –(A)(i) requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue; or (ii) establishes particular criteria for withholding or refers to particular types of matters to be withheld[.]" The National Security Act of 1947, which calls for the Director of Central Intelligence to protect 'intelligence sources and methods,' clearly 'refers to particular types of matters,' 5 U.S.C. § 552(b)(3)(B), and thus qualifies as a withholding statue under Exemption 3.")

The Act permits the redactions of both sensitive unclassified information and classified information, such as intelligence methodology and intelligence and counterintelligence personnel involved in these activities. The information withheld under Exemption 3 consists of the names of intelligence community personnel, the disclosure of which could reveal the nature of intelligence activities.

Exemption 5 of the FOIA protects from mandatory disclosure "inter-agency or intra-agency memorandums or letters that would not be available by law to a party other than an agency in litigation with the agency…." 5 U.S.C. § 552(b)(5). Exemption 5 incorporates the deliberative process privilege and the attorney-client privilege. The deliberative process privilege protects recommendations, advice, and opinions that are part of the process by which agency decisions and polices are formulated. The information withheld under this privilege consists of inter-agency pre-decisional information.

Portions of these documents reflect deliberative discussions. The DOE may consider these preliminary views as part of the process that will lead to the agency's final policy decision about these matters. The withheld information does not represent a final agency position, and its release would compromise the deliberative process by which the government makes its decisions. Thus, the information is being withheld under Exemption 5 of the FOIA as pre-decisional material that is part of the agency's deliberative process.

Exemption 6 is generally referred to as the "personal privacy" exemption; it provides that the disclosure requirements of FOIA do not apply to "personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy." 5 U.S.C. § 552(b)(6). In applying Exemption 6, the DOE considered: 1) whether a significant privacy interest would be invaded; 2) whether the release of the information would further the public interest by shedding light on the operations or activities of the Government; and 3) whether in balancing the privacy interests against the public interest, disclosure would constitute a clearly unwarranted invasion of privacy.

The information withheld under Exemption 6 consists of nonpublic, private, or secure email addresses and telephone numbers. This information qualifies as "similar files" because it is information in which an individual has a privacy interest. Moreover, releasing the information could subject the individuals to unwarranted or unsolicited communications. Since no public

AMERICAN OVERSIGHT

interest would be served by disclosing this information, and since there is a viable privacy interest that would be threatened by such disclosure, Exemption 6 authorizes withholding the information. Therefore, we have determined that the public interest in the information's release does not outweigh the overriding privacy interests in keeping it confidential.

This satisfies the standard set forth at 5 U.S.C. § 552(a)(8)(A) that agencies shall withhold information under FOIA "only if (I) the agency reasonably foresees that disclosure would harm an interest protected by an exemption . . . ; or (II) disclosure is prohibited by law . . . ." 5 U.S.C. § 552(a)(8)(A) also provides that whenever full disclosure of a record is not possible, agencies shall "consider whether partial disclosure of information is possible . . . ." Thus, we have determined that, in certain instances, a partial disclosure is proper.

Pursuant to 10 C.F.R. 1004.6(d), Nicholas G. Prospero, Acting Director, Office of Classification, Office of Environment, Health, Safety and Security, is the official responsible for the denial of the DOE classified and/or safeguarded information. Pursuant to 10 C.F.R. § 1004.7(b)(2), I am the individual responsible for the determination to withhold all other information described above. The FOIA requires that "any reasonably segregable portion of a record shall be provided to any person requesting such record after deletion of the portions which are exempt." 5 U.S.C. § 552(b). As a result, a redacted version of the documents are being released to you in accordance with 10 C.F.R. § 1004.7(b)(3).

The FOIA provides for the assessment of fees for the processing of requests. See 5 U.S.C. § 552(a)(4)(A)(i); see also 10 C.F.R. § 1004.9(a). In our October 16, 2019 letter, you were advised that your request was placed in the "other" category for fee purposes. Requesters in this category are provided with two free hours of search time and 100 free pages of duplication. In that same letter, we informed you that your fee waiver was granted. Thus, no fees will be charged for processing your request.

You also requested expedited processing of your request. Your request for expedited processing was initially denied in our letters dated October 16, 2019. Upon reconsideration of our decision to deny expedited processing of your request, your request was granted in our letter dated November 22, 2019.

If you have any questions about the processing of the request or this letter, your attorney may contact Hilarie Snyder, Trial Attorney, at Hilarie.E.Snyder@usdoj.gov or 202-305-0747.

I appreciate the opportunity to assist you with this matter.

Sincerely,

Alexander C. Morris
