RE: DHS FOIA Request 2020-HQFO-01276
FPS FOIA Case Number 2023-FPFO-00251

Dear Ms. Rasheed:

This is a final response to your June 10, 2020, Freedom of Information Act (FOIA) request to the U.S. Department of Homeland Security (DHS). You are seeking:

1. Any database, spreadsheet, or other document used or potentially used, for the tracking, monitoring, surveillance, or investigation of protesters, demonstrators, organizers, coordinators, members of the press, or other individuals present at protests or activities surrounding those protests (including purportedly unlawful activities) sparked by the police killing of George Floyd on May 25, 2020, including potential or purported unlawful activity, "civil unrest," "civil disturbance," or threats to public safety. Tracking and surveillance includes any identification, observation, monitoring, or recording of individuals, groups, or social media accounts, whether by physical or electronic means, including but not limited to the use of aircraft, drones, international mobile subscriber identity (IMSI) catcher devices, facial recognition technology, or other software from May 26, 2020, to the date the search is conducted.

2. Any guidance (including directives, memoranda, protocols, or other records reflecting guidance) developed by or provided to your agency regarding the tracking, monitoring, surveillance, or investigation of protesters, demonstrators, organizers, coordinators, members of the press, or other individuals present at the nationwide protests or activities surrounding those protests (including purportedly unlawful activities) sparked by the police killing of George Floyd on May 25, 2020, including potential or purported unlawful activity, "civil unrest," "civil disturbance," or threats to public safety. Tracking and surveillance includes any identification, observation, monitoring, or recording of individuals, groups, or social media accounts, whether by physical or electronic means, including but not limited to the use of aircraft, drones, international mobile subscriber identity (IMSI) catcher devices, facial recognition technology, or other software from May 26, 2020, to the date the search is conducted.

AMERICAN OVERSIGHT

On March 17, 2023, DHS's Federal Protective Service (FPS) received a referral from the DHS Privacy Office containing 10 pages of records that originated within FPS for processing and direct response to you. FPS has considered your request under both the FOIA, 5 U.S.C. § 552, and the Privacy Act, 5 U.S.C. § 552a.

Following review, FPS has determined that portions of these pages are partially releasable pursuant to Title 5 U.S.C. § 552 (b)(6), (b)(7)(C), and (b)(7)(E), FOIA Exemptions 6, 7C, and 7E.

Enclosed are 10 pages with certain information withheld as described below:

FOIA Exemption 6: Pursuant to DHS Instruction 262-11-004, FOIA Officers at DHS have been instructed to withhold personally identifiable information (PII) and sensitive personally identifiable information (SPII) of DHS personnel unless a determination is made that the disclosure does not raise security or privacy concerns, or if those concerns are outweighed by any public interest in that information. This policy is available online. Under this policy, the names of senior leaders, spokespersons, and political appointees are generally releasable. With respect to this FOIA request, DHS applied FOIA Exemption 6 to protect PII of DHS employees, including names and contact information. To the extent that DHS has withheld employee PII within these records, it has been determined that the employee(s) has/have substantial and legitimate privacy interests and that these interests are not outweighed by any public interest in the operations of the Department.

FOIA Exemption 7(C) protects records or information compiled for law enforcement purposes that could reasonably be expected to constitute an unwarranted invasion of personal privacy. This exemption takes particular note of the strong interests of individuals, whether they are suspects, witnesses, or investigators, in not being unwarrantably associated with alleged criminal activity. That interest extends to persons who are not only the subjects of the investigation, but those who may have their privacy invaded by having their identities and information about them revealed in connection with an investigation. Based upon the traditional recognition of strong privacy interest in law enforcement records, categorical withholding of information that identifies third parties in law enforcement records is ordinarily appropriate. As such, I have determined that the privacy interest in the identities of individuals in the records you have requested clearly outweigh any minimal public interest in disclosure of the information. Please note that any private interest you may have in that information does not factor into this determination.

FOIA Exemption 7(E) protects records compiled for law enforcement purposes, the release of which would disclose techniques and/or procedures for law enforcement investigations or prosecutions or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law.

You have the right to appeal the above withholding determination. Should you wish to do so, you must send your appeal and a copy of this letter, within 90 days of the date of this letter, to: Privacy Office, Attn: FOIA Appeals, U.S. Department of Homeland Security, 2707 Martin Luther King Avenue SE, Mail Stop 0655, Washington, D.C. 20528-0655, following the

procedures outlined in the DHS FOIA regulations at 6 C.F.R. Part 5 § 5.8. Your envelope and letter should be marked "FOIA Appeal." Copies of the FOIA and DHS FOIA regulations are available at www.dhs.gov/foia.

You may contact the DHS FOIA Public Liaison at 202-343-1743 or toll free 1-866-431-0486 for any further assistance and to discuss any aspect of your request. Additionally, you have a right to seek dispute resolution services from the Office of Government Information Services (OGIS) which mediates disputes between FOIA requesters and Federal agencies as a non-exclusive alternative to litigation. If you are requesting access to your own records (which is considered a Privacy Act request), you should know that OGIS does not have the authority to handle requests made under the Privacy Act of 1974. You may contact OGIS at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, e-mail at ogis@nara.gov; telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

Attachments: Updated FPS Request of Support 06042020.xlsx
Importance: High

OPSDEPS Members/Colleagues:

The nation has seen an increase in protests in recent days following the death of George Floyd. While many of your agencies have already provided direct support to Federal and State law enforcement organizations throughout the country for on-scene security, protection, and law enforcement efforts, your colleagues at FPS are requesting your assistance if it's available. FPS has been particularly impacted by these events and asked OPS to request assistance for (b)(7)(E) certified law enforcement officers and equipment to allocated FPS operations/locations.

The attached spreadsheet identifies the assistance needed by Region, City / Location, Mission, Skill Set & Equipment, Number of Personnel Requested, and Duration of support.

OPS encourages Components with capacity and capability to directly coordinate with the FPS Regional contacts below. This is to ensure requirements are both met and to deconflict multiple offers of mutual assistance.

On behalf of FPS, I thank you in advance for your immediate attention and consideration.
