RE: ICE FOIA Case Number 2020-ICFO-52855

Dear Requester:

This letter is the final response to your Freedom of Information Act (FOIA) request to U.S. Immigration and Customs Enforcement (ICE), dated 6/10/2020. You have requested various documents pertaining to the federal government's response to the protests sparked by the killing of George Floyd. ICE has considered your request under the FOIA, 5 U.S.C. § 552.

ICE considered the foreseeable harm standard when reviewing the record set and has applied the FOIA exemptions as required by the statute and the Attorney General's Guidance.

A search of the ICE Homeland Security Investigations (HSI) for records responsive to your request produced 554 pages that are potentially responsive to your request. After review of those documents, ICE have determined that 24 pages originated with other federal agencies, we have referred those pages to the agencies for their direct response to you. Furthermore, 155 pages were determined to be duplicate pages provided for the request. ICE reviewed the remaining 375 pages and portions of the 375 pages will be withheld pursuant to Exemptions of the FOIA as described below.

ICE has applied Exemption 5 to protect from disclosure intra-agency documents that contain the recommendations, opinions, and conclusions of agency employees. The disclosure of these communications would discourage the expression of candid opinions and inhibit the free and frank exchange of information and opinions among agency personnel on important agency decision-making by having a chilling effect on the agency's deliberative process.

FOIA Exemption 5 protects from disclosure those inter- or intra-agency documents that are normally privileged in the civil discovery context. The three most frequently invoked privileges are the deliberative process privilege, the attorney work-product privilege, and the attorney-client privilege. After carefully reviewing the responsive documents, I have determined that portions of the responsive documents qualify for protection under the deliberative process privilege, the attorney-client privilege, and the attorney work-product privilege. The deliberative process

AMERICAN OVERSIGHT

privilege protects the integrity of the deliberative or decision-making processes within the agency by exempting from mandatory disclosure opinions, conclusions, and recommendations included within inter-agency or intra-agency memoranda or letters. The release of this internal information would discourage the expression of candid opinions and inhibit the free and frank exchange of information among agency personnel. The attorney work-product privilege protects documents and other memoranda prepared by an attorney in contemplation of litigation. The attorney-client privilege protects confidential communications between an attorney and his client relating to a legal matter for which the client has sought professional advice. It applies to facts divulged by a client to his attorney, and encompasses any opinions given by an attorney to his client based upon, and thus reflecting, those facts, as well as communications between attorneys that reflect client-supplied information. The attorney-client privilege is not limited to the context of litigation.

ICE has applied FOIA Exemptions 6 and 7(C) to protect from disclosure the names, e-mail addresses, and phone numbers of DHS employees, as well as other third-party information contained within the documents.

FOIA Exemption 6 exempts from disclosure personnel or medical files and similar files the release of which would cause a clearly unwarranted invasion of personal privacy. This requires a balancing of the public's right to disclosure against the individual's right to privacy. The privacy interests of the individuals in the records you have requested outweigh any minimal public interest in disclosure of the information. Any private interest you may have in that information does not factor into the aforementioned balancing test.

FOIA Exemption 7(C) protects records or information compiled for law enforcement purposes that could reasonably be expected to constitute an unwarranted invasion of personal privacy. This exemption takes particular note of the strong interests of individuals, whether they are suspects, witnesses, or investigators, in not being unwarrantably associated with alleged criminal activity. That interest extends to persons who are not only the subjects of the investigation, but those who may have their privacy invaded by having their identities and information about them revealed in connection with an investigation. Based upon the traditional recognition of strong privacy interest in law enforcement records, categorical withholding of information that identifies third parties in law enforcement records is ordinarily appropriate. As such, I have determined that the privacy interest in the identities of individuals in the records you have requested clearly outweigh any minimal public interest in disclosure of the information. Please note that any private interest you may have in that information does not factor into this determination.

ICE has applied FOIA Exemption 7(E) to protect from disclosure internal agency case numbers and internal agency URLs contained within the document.

FOIA Exemption 7(E) protects records compiled for law enforcement purposes, the release of which would disclose techniques and/or procedures for law enforcement investigations or prosecutions, or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law. I have determined that disclosure of certain law enforcement sensitive information contained within the

AMERICAN OVERSIGHT

responsive records could reasonably be expected to risk circumvention of the law. Additionally, the techniques and procedures at issue are not well known to the public.

You have a right to appeal the above withholding determination. Should you wish to do so, you must send your appeal and a copy of this letter, within 90 days of the date of this letter following the procedures outlined in the DHS FOIA regulations at 6 C.F.R. Part 5 § 5.8. You may submit your appeal electronically at GILDFOIAAppeals@ice.dhs.gov or via regular mail to:

JIOC Comment: ICE Personnel in Area: JIOC is coordinating with field operations for personnel status checks and will provide updates when available.

UPDATE 1 – FPS reports currently the identity of the individual who threw the Molotov cocktail is unknown. Investigation is in progress. A preliminary search of social media indicated the unplanned demonstration was in support of George Floyd, the man recently killed in Minneapolis, MN.

(0723 ET 28 May) Overview: FPS is reporting a Molotov cocktail being thrown at an ICE facility in Portland, OR as part of a protest event.

Report: FPS reports that at about 0527 ET this morning a group of about 30-40 protesters showed up at the ICE facility and held an unplanned protest. FPS called in three Inspectors to monitor the event. The group quickly became unruly and a unknown subject threw a Molotov cocktail at the side of the facility causing some scorching to the outside of the facility. Units on scene were able to put the fire out with a fire extinguisher. The crowd quickly dispersed from the area. FPS has several Officers and Special Agents on scene assessing the situation. The Portland Police Bureau was in the area but did not assist or engage the group of protesters.

The Office of Operations Coordination National Operations Center is actively engaging partner organizations across the Homeland Security enterprise for additional information and will provide updates as warranted.

Good morning Operations Chiefs,

I was notified by HSI Tasking 2 on the 11th that we have another element to our daily noon riot reporting. Please have your operations managers work with their offices to provide answers to the six questions below when HSI personnel is requested to assist. Attached are documents of how HSI Tasking 2 has been reporting the information we send them.

Thank you for your assistance.

FYI - See attached for what our response to this daily consists of…

Here are the six questions for the requests from outside agencies:

Additionally, Components will report the receipt of tasking, via (b)(7)(E) from other agencies (DHS/Federal/State/Local/Tribal) as soon as they receive them. Include the following in your notification:

1. Requesting agency
2. Capability/personnel (specific number and type) requested
3. Location were support will be sent to.
4. Desired date/time for support to be in place
5. Limiting factors (ability to support the request, legal constraints, impacts to DHS mission)
6. Any amplifying information you believe would increase the Secretary's or Deputy Secretary's situational awareness or understanding of the situation

I talked to (b)(6),(b)(7)(C) and he agrees we just use the current 12:00 PM reporting to respond to this request, so nothing additional for you (except for the six questions above).

Good morning Operations Chiefs,

I was notified by HSI Tasking 2 on the 11th that we have another element to our daily noon riot reporting. Please have your operations managers work with their offices to provide answers to the six questions below when HSI personnel is requested to assist. Attached are documents of how HSI Tasking 2 has been reporting the information we send them.

Thank you for your assistance.

FYI - See attached for what our response to this daily consists of…

Here are the six questions for the requests from outside agencies:

Additionally, Components will report the receipt of tasking, via (b)(7)(E) from other agencies (DHS/Federal/State/Local/Tribal) as soon as they receive them. Include the following in your notification:

1. Requesting agency
2. Capability/personnel (specific number and type) requested
3. Location were support will be sent to.
4. Desired date/time for support to be in place
5. Limiting factors (ability to support the request, legal constraints, impacts to DHS mission)
6. Any amplifying information you believe would increase the Secretary's or Deputy Secretary's situational awareness or understanding of the situation

I talked to (b)(6),(b)(7)(C) and he agrees we just use the current 12:00 PM reporting to respond to this request, so nothing additional for you (except for the six questions above).

FPS Operations have concluded for the evening.

OPSDEPS Members/Colleagues:

The nation has seen an increase in protests in recent days following the death of George Floyd. While many of your agencies have already provided direct support to Federal and State law enforcement organizations throughout the country for on-scene security, protection, and law enforcement efforts, your colleagues at FPS are requesting your assistance if it's available. FPS has been particularly impacted by these events and asked OPS to request assistance for (b)(7)(E) certified law enforcement officers and equipment to allocated FPS operations/locations.

The attached spreadsheet identifies the assistance needed by Region, City / Location, Mission, Skill Set & Equipment, Number of Personnel Requested, and Duration of support.

OPS encourages Components with capacity and capability to directly coordinate with the FPS Regional contacts below. This is to ensure requirements are both met and to deconflict multiple offers of mutual assistance.

MEMORANDUM FOR: DISTRIBUTION

FROM: Chad F. Wolf
Acting Secretary

SUBJECT: DHS Support to Protect Federal Facilities and Property

---

Purpose: The purpose of this memorandum is to provide guidance for direct support to the Federal Protective Service and our interagency partners to protect all federal facilities and property.

Introduction: The Department plays a key role in protecting Federal facilities and property primarily through the Federal Protective Service (FPS) and in partnership with other DHS law enforcement Components, interagency partners, and state and local partners. Recently, we have seen numerous instigators, criminals and other bad actors use peaceful protests to harm people and property, both Federal and private. For the past month, these bad actors have continued their unlawful activity which has resulted in numerous threats, disruption, and damage to Federal facilities and property.

Background: On June 26, the President issued the following Executive Order: Protecting American Monuments, Memorials, and Statues and Combating Recent Criminal Activity. In this order, the President directed that DHS "shall provide, as appropriate and consistent with applicable law, personnel to assist with the protection of Federal monuments, memorials, statues, or property."

In furtherance of this directive, I have formalized the DHS Protecting American Communities Task Force (PACT) to provide an ongoing assessment of potential civil unrest and property destruction and to address internal resource allocation and potential surge activity to ensure the continuing protection of people and property.

Additionally, with the consent of other Departments and Agencies, I have determined that it is in the public interest and fiscally sound for FPS to partner with other federal law enforcement to execute the direction of the President. To that end, DHS began coordination with the Department of Justice (DOJ) and the Department of the Interior (DOI) to establish information/intelligence sharing and resource coordination as outlined in the order.

Action: The upcoming July 4th holiday weekend has the potential for increased distruptive activity at specific locations across the country that could threaten our personnel and the Federal facilities and property they protect. DHS will be forward leaning in preparing to protect Federal facilities and property.

Guys,

Please see below proposed guidance to send to field related to civil unrest assistance. I asked for an 11a reporting time to account for late responses and time to compile office responses. Let me know what you think.

Ops Managers,

Due to the surge in LE response to civil unrest across the country Dom Ops will begin daily reporting of HSI personnel/resource deployed to assist local jurisdictions. To that end, it is requested that Ops Managers engage with your assigned offices to report operational (physical) or material assistance (i.e. supplies, intel support) HSI is or may be providing. Please use below as a go-by (red) to send to the field for reporting:

Subject: Reporting on HSI Personnel Assisting STL LE Partners

Morning crew,

In response to the growing civil unrest throughout the country, and the surge in LE response, Dom Ops will begin daily reporting of HSI personnel/resource deployed to assist local jurisdictions. To accurately capture our operational (physical) footprint or material assistance (i.e. supplies, intel support) HSI is or may be providing, we are requesting reporting on said activites to me and please cc the box for visibility. Moving forward, leadership is asking for the information to be send before 1100hrs so we can consolidate the reports and move them up the chain. Since today is the first day, we're operating on a noon cut off for any information in your AOR.

Thank you guys and I appreciate your fluidity during these troubling times.

AMERICAN OVERSIGHT

6-6-2020 Million Man March:

1. FBI Intel indicates this will be a "crowd-sourced" demonstration with no one organizing entity.
2. As previously reported, multiple events scheduled tomorrow, with probability of merging together.
3. No increase in hotel bookings or Amtrak tickets. Possible majority of protesters may drive in.
4. MPD will be closing numerous streets to parking at 0500 and closing to traffic beginning at 0600.
5. For closures see advisory posted at https://mpdc.dc.gov/release/traffic-advisory-first-amendment-demonstrations

Staging locations for QRF teams for tomorrow's operation is as follows:

- ICE: PCN
- ATF: Ft. McNair
- BOP: Kennedy Center
- FPS: Ft. McNair
- CBP: Ronald Regan (b)(7)(E)
    - Per USSS, CBP will be first call due to CDU (civil disturbance unit) equipment/training.

NOC response for S1's Briefing:

Total # of personnel providing support in NCR and to whom: On June 5-6 HSI and ERO provided approximately (b)(7)(E) law enforcement personnel to this operation. Personnel deployed on June 5-6 were comprised of SRT elements from HSI San Antonio, OFTP, and ERO Detroit. SRT assets were supported by analysts and agents and supervisory staff/senior leadership from HSI DC, HSI Baltimore, HSI and ERO Headquarters and agents/Technical Enforcement Officers from HSI Tech Ops.

Specific mission assignments or targets assigned: On June 5-6 a total of (b)(7)(E) SRT agents/officers deployed into NW Washington DC to provide law enforcement presence and serve as Quick Reaction Force (QRF) to other law enforcement personnel stationed inside and around the vicinity of Northwest Washington, DC, Lafayette Park, White House complex, National Mall and other areas of the city targeted by demonstrators. SRT agents/officers deployed to strategic locations in NW Washington to provide deterrence against potential looters or other individuals engaged in criminal activity. Agents/officers were scheduled for deployment duty f (b)(7)(E) Operations were terminated at approximately 2200 hours due to minimal demonstrators and pedestrian foot traffic throughout the evening as a result of severe thunderstorms in the area that deterred individuals from going outside. Since June 1 HSI has also deployed senior supervisory (GS-15) personnel to the FBI's Washington Field Office Command and Technical Operations Center (CTOC) to coordinate deployment and liaise with federal/state/local partners. Since June 4, HSI has also deployed supervisory (GS-14) personnel to FBI Headquarters' Strategic Information and Operations Center (SIOC) to liaise with federal partners, assist in coordination of national response and coordinate with ICE-HSI/ERO field offices around the country impacted by ongoing civil unrest.

Operational outcomes to include injuries, arrests made, actions taken, etc.: As of June 5 at 2215 hours, no arrests or injuries have been reported, as agents/officers were postured to serve as QRF and

AMERICAN OVERSIGHT

deter criminal activity in their sectors. QRF response was not required and no reports of rioting, looting or property damage were reported in their sector during deployment, resulting in a successful completion of assigned mission for June 6.

All units 10-7 until 09:30 tomorrow. SAC (b)(6),(b)(7)(C) has Incident Command in the AM.

Subject: Sit Rep #1 6-5-2020

Sirs/Ma'am,

Sit-Rep # 1 –

- ICE SRT posture for 6/5 continues to be providing direct support for (b)(7)(E) roving FBI arrest teams. HSI SRT San Antonio (b)(7)(E) ERO SRT Detroit (b)(7)(E) and SRT OFTP (b)(7)(E) are in support.
- Small protests continue throughout the city – peaceful at this time
- No arrests reported by MPD in the last 48 hours
- Threats to LE on social media are increasing – Intel is working to provide a comprehensive report of threats and numbers for the Saturday 6/6 protest.

AMERICAN OVERSIGHT

- Capital Police reported an officer was "doxed" by protestors yesterday evening. Protestors used photos of the officer's face and name tag to search the internet and social media. The suspects then posted all information they could find on the officer to social media including the officer's home address. Intel reports social media chatter that protesters attending the Saturday 6/6 "Million Person March" are being asked to photograph and dox all Law Enforcement.

Saturday 6/6 –Planning Update:

ICE coordinated with USSS leadership and tactical control at CTOC.

1. ICE SRT will stage teams at the PCN and have (b)(6),(b)(7)(C) teams per shift
2. All planning at this point is preliminary – There is anticipated presentation of the overall plan to the AG.

High points of the Op Plan at this point specific to tactical response teams are as follows:

1. All teams will be staged at different locations throughout the city
2. Team deployment will be managed out of the FBI CTOC.
3. USSS will request deployment of teams based on capability and threat
4. The request will be made to the CTOC representative desk to deploy assets.
5. All movements, threats, and deployments will be tracked in real time on a map board in the CTOC

(b)(7)(E) members of the NCR RRT will be staging at the PCN on 6/6 to assist in the protection of ICE facilities and assets if needed. Coordination with FPS and OPR has occurred.

JIOC,

I have received another posting regarding the Planned demonstration that will take place Sunday June 7, 2020 at 2pm PDT and take place at 10250 Rancho Rd, Adelanto, CA 92301. It looks like they will start at the intersection of Hwy 395 and Rancho Rd and march to the ICE Detention Center which will be approximately 2.1 miles. We believe there is a possibility that two organizations may be converging at this protest. At this time it is unknown of the amount of personnel to attend. A Message from Deputy Director and Senior Official Performing the Duties of the Director Matthew T. Albence

To All ICE Employees
June 2, 2020

Personal Safety and Security

There are several ongoing national and regional civil demonstrations, with a small number of these events becoming destructive, violent, and specifically targeted toward law enforcement officers and federal agencies. During these rapidly evolving circumstances, I urge you to remain extra vigilant and to closely monitor your surroundings and prioritize your personal safety and the safety of your loved ones. While we remain in a mandatory telework posture, I would also like to take this opportunity to remind you about actions you can take to improve your operational and personal awareness and safety.

In the event of threats against ICE employees, contractors, or the agency:

- Contact 911 for threats needing an immediate emergency response.
- Contact local police non-emergency numbers, for non-emergency incidents.
- Send immediate notification to the JIOC at (b)(6),(b)(7)(C) @ice.dhs.gov or 202-732-(b)(6),(b)(7)(C)
- Notify component chain of command.

In the event of threats or protests affecting ICE facilities or private residences:

- Avoid confrontation if you encounter protestors.
- Contact 911 for situations needing an immediate emergency response.

AMERICAN OVERSIGHT

- Contact local police non-emergency numbers for non-emergency situations.
- Notify your chain of command at the first opportunity.
- For ICE facilities, call the Federal Protective Service 24-hour dispatch center at 1-877-437-7411.
- Report all protests and threats to ICE personnel to the JIOC at (b)(6),(b)(7)(C) (b)(6),(b)(7)(C)@ice.dhs.gov or 202-732-(b)(6),(b)(7)(C)

To increase your personal safety and security:

- Remove ICE identifying badges or clothing while in public (e.g., hats, jackets, lanyards). Anything that identifies you as an ICE employee can make you a target.
  - Be mindful of conversations in public areas. Cellular phone conversations can easily be overheard by those around you.
  - To the extent possible, change your daily travel routine and activities.
  - Be aware of activities around your home, and report anything unusual or suspicious to local law enforcement.
  - Report online threats directed at you, another employee, or an ICE facility to the JIOC at (b)(6),(b)(7)(C) @ice.dhs.gov or 202-732-(b)(6),(b)(7)(C)
  - Manage and protect your online footprint. Use the privacy and security settings on social networking sites. Click here for the "Social Media Privacy and Open Source Opt-Out Guidance" published in May 2018.
  - Keep your personal information private and limit the amount of personal information you provide on social networking sites. Advise your family and friends to limit information they share about you.

Finally, remember there are resources available to you in difficult times, including the Peer Support Program and the Employee Assistance Program. These programs are available to all employees in times of need. In addition, the Office of Professional Responsibility maintains helpful resources concerning personnel safety and security here.

Remain strong, stand proud, and above all, be safe.

!!!White folks please come prepared to stand between cops and people of color!!!

DePaul boasts itself as a beacon of interracial solidarity yet still profits off the prison industrial complex which disproportionally targets students of color by funding the education of Chicago police officers, working with the Fraternal Order of Police, allowing ICE on campus and refusing to support the BDS (boycott, divest, and sanction) movement.

When DePaul students have tried to take action against the university in the past we have been silenced by the administration which last week called SWAT on students who protested for black lives in the wake of the George Floyd and Breonna Taylor killings at the hands of police.

Public defenders in the Bay Area have planned a march for Black lives for Monday, June 8th and have called on public defenders across the country to organize marches in solidarity. We at NDS Detroit are answering the call.

We march to publicly acknowledge the racist roots of our criminal legal institutions that have gone unchecked for far too long. We march in solidarity with those demanding justice.

We will begin our march at the Theodore Levin U.S. Courthouse on Lafayette Street at 3:00 PM. We will march through Campus Martius to the 36th District Court and the Wayne County Jail. We will gather on the steps of the Frank Murphy Hall of Justice for brief speeches and a symbolic action where participants will lay down for eight minutes and 46 seconds. The route is approximately two miles in total.

Attendees are encouraged to dress in white as a symbol of hope and as an honoring of people who have been killed by the police and harmed by the criminal legal system. Please bring water and wear masks and comfortable shoes. Social distancing will be observed and maintained during the march by designated marshals.

This march and demonstration are part of a national day of public defenders marching for Black lives and is cosponsored by Neighborhood Defender Service of Detroit, State Appellate Defender Office, National Lawyers Guild-Detroit & Michigan Chapter, Detroit Justice Center, National Conference of Black Lawyers, and Wayne County Criminal Defense Bar Association.

(b)(6),(b)(7)(C)

I wanted to give you a heads up this afternoon, before tomorrow mornings reporting period, regarding a request for support:

1. **Requesting agency:**
   Kansas City Missouri Police Department (KCPD)
2. **Capability/personnel (specific number and type) requested:**
   HSI Kansas City will be sending (b)(7)(E) Special Agents, including a Tactical Medic, to support logistical and security measures and the Operations Command Post.
3. **Location were support will be sent to:**
   1200 E Linwood Ave, Kansas City, Missouri
4. **Desired date/time for support to be in place:**
   June 5-7, 2020 starting (b)(7)(E) hours until end of activities
5. **Limiting factors (ability to support the request, legal constraints, impacts to DHS mission)**
   KCPD has requested frontline assistance due to officer fatigue, but due to statutory authority Special Agents have informed KCPD command that they can only perform logistical/security support to free up officers for the frontline.
6. **Any amplifying information you believe would increase the Secretary's or Deputy Secretary's situational awareness or understanding of the situation**
   Kansas City has experienced nightly protest activities since May 29, 2020 at the Country Club Plaza and surrounding areas. A majority of the protestors have been peaceful, but there are cells of protestors causing property damage and throwing objects at officers nightly. Kansas City has conducted over 100 arrests for various crimes and had over 25 officer injuries due to protest activities. KCPD is reporting officer fatigue and a shortage in less lethal munitions and is asking outside agencies for manpower and any excess less lethal inventory.

Thanks

Here are the six questions for the requests from outside agencies:
Additionally, Components will report the receipt of tasking, via (b)(7)(E) from other agencies (DHS/Federal/State/Local/Tribal) as soon as they receive them. Include the following in your notification:

ERO El Paso just finished a conference call with the USA for the Western District of Texas. He relayed that the AGs office is looking at intelligence from the FBI that 80% of the antagonists are crossing state lines to enter various cities and commit hostile acts, its possible Federal LEAs may be covered under certain authorities.

In Texas, the USA is engaging the State AG about a blanket deputization for Federal LEOs if needed.

HQ OPLA may be looped in by DOJ on these efforts soon if not already.

Circling back and looking for concurrence to deploy ERO SRT.

The US Marshal, (b)(6),(b)(7)(C) called ERO Buffalo to request our SRT. (b)(6),(b)(7)(C) state's that there is a planned violent protest scheduled at 1700 hrs today in downtown Buffalo. The protesters are meeting at Niagara Square in front of Buffalo City hall.

(b)(6),(b)(7)(C) indicates that confirmed intelligence shows that the protesters are planning to target the Federal Court house, which is next to Niagara Square. His plan is to have US Marshal deputies and FPS officers be the primary law enforcement unit for any issues at the courthouse. However, the USM and FPS don't have a tactical team with less lethal capabilities.

(b)(6),(b)(7)(C), in accordance with the US Attorney in Buffalo, is requesting to utilize ERO SRT. All members of ERO SRT are cross designated by him for their participation on other Federal task forces, i.e. FBI, DEA and ATF. (b)(6),(b)(7)(C) will cross designate any other ERO staff member that we request, (FOD, DFOD,

The USM Task Force Office is located at the Federal Court House, our ERO office is within 100 yards of the Federal Court House. Our office also has vehicles parked at the Federal Court House and we have cubicles space in the USM's operations center because of our cross designation and task force participation.

The Buffalo Police Department has told the USM that they don't have enough staff to provide assistance for any Federal properties and FPS only has three officers in the city of Buffalo.

The Chief Federal Magistrate and United States Attorney have also requested our assistance under our cross designation authority. There is genuine concern for the safety and security of the Federal Court House.

ERO has authority under 8 USC 1357 to enforce any Federal law without a direct immigration nexus. The USM are the lead agency for any arrests at the Court House and the USAO has authorized them to make arrests under 18 USC 1361, for any person damaging federal property.

Requesting OPLA opinion asap. Our team is on standby.

All,

I wanted to circle back about our discussion of Buffalo.

I just spoke w (b)(6),(b)(7)(C) and he advised that we don't have a presence or equities at the US Courthouse. With that in mind, (b)(6),(b)(7)(C) did report that Buffalo PD and the city is planning to deal with a large anticipated protest a few blocks from the building where both HSI and ERO have offices. With that in mind, HSI is going to have our SRT staged in our building to secure ICE space and property there. Our team is going to be augmented by a couple of BORTAC and BORSTAR agents, who we train with on a regular basis.

The city is also establishing a command post and (b)(6),(b)(7)(C) is going to be in contact with them, as is the US Attorney who (b)(6),(b)(7)(C) has also talked with. The USA has already committed to prosecuting any assaults on federal officers.

We will report up any incidents through normal channels if anything occurs.

Subject: RE: 2pm - Civil Unrest Discussion

This is what we have thus far:

Minneapolis:

1. Secret Service SAC called acting SPM FOD to give him a head's up that the USA asked the Secret Service for assistance during the riots. Secret Service HQ initially said they couldn't without an ask from the state for federal assistance. Then the Secret Service HQ called the SAC back and said they heard there was talks about granting power to assist from the Federal government. The SAC wanted us to have a head's up so we could prepare. A subsequent conversation with the Secret Service SAC indicated that the request to ERO might revolve around transportation assistance because they know we have a lot of vans and a bus.
2. Estimates are over 75,000 unauthorized people on the streets of Minneapolis tonight.
3. There is an 8pm curfew.
4. An additional 1,200 National Guardsmen being called up.
5. Request to move a few ERO employees and their families out of the protest zone. We have at least two and maybe three families (trying to get a good count) that live near the MPD 3rd Precinct. That is the police building that was burned.
    1. We would like to authorize an evacuation of those employees and their families to a hotel somewhere on the outskirts of town.

Buffalo:

1. The USM is asking for assistance to protect the federal building in Buffalo. They are specifically asking for our SRT assets and our non-lethal capabilities.
    1. This appears to be primarily a mission to protect federal property.

I just spoke to (b)(6),(b)(7)(C) a bit ago on this. We are being requested again by BPD tonight and will coordinate with ERO. I spoke to the FOD and we are joining forces.

BP BORTAC and BORSTAR will supplement our SRT Team. Additionally the US Marshall has requested again for us to assist them at the Federal Court House.

The Chief Federal Judge here in Buffalo also reached and thanked us for saving the Courthouse last night.

Also we will be securing our building space at 250 Delaware Avenue

I have tdy'd in more SRT personnel from our RAC offices to assist.

I spoke to BPD and they are expecting small resistance pockets and lots of looting. Reports vary and it could be a calm night. It's a lot of chatter on social media.

AMERICAN OVERSIGHT

We will have a command center set up at HSI Buffalo and the FOD are meeting at 3:30PM to make sure we are all on the same page.

I was also on a call with the FED HEADS in Buffalo and the US Attorney (b)(6),(b)(7)(C)

They are enacting the JTTF and treating this as domestic terrorism and the process will placed in motion.

The DA and the USAO are on the same page and have a prosecution plan.

Additionally (b)(7)(E) State Troopers with K9s tactical teams etc.....is inbound to Buffalo now.

Of note is HSI and ERO were specifically highlighted on this call by senior BPD command as doing an exemplary job last night. The Mayor also expressed his gratitude too.

Will keep you posted as we go tonight.

Buffalo had 5.000 to 7,000 protestors last night , ERO SRT wrapped up shortly after midnight.

1. If ERO and HSI were not close the courthouse and responded, the Marshals would have likley been overrun.
2. Of signifigant note, a driver made a wrong turn near our building and was dragged out of his car by protesters. Both ERO and HSI responded to the assist the driver and being credited with saving the driver's life.
3. Buffalo PD reports more rioting is planned tonight, Antifa has mention our buidling.
4. Social media is being monitored.

5. We will update as the day progresses but ERO will likey deploy SRT to the building again today.

Here is the latest:

We were outside our building, protest passed by our office and attempted to breach the courthouse. The USM called the PD for help, PD couldn't respond so he called for any LEO assistance due to the emergent situation. ERO and HSI responded to help the USM staff from getting overrun. There are no injuries, and although the scene is not yet secure, people are dispersing.

Other Reportable Activity

Include SRT/RRT stand-bys, HSI personnel called to respond in alternate capacity (i.e. National Guard), material/equipment.

If there is an exigent deployment of HSI resources that is NOT included in the daily reporting, notification should be made to Dom Ops soon as operationally possible.

Negative responses are required. All offices should respond to this tasking NLT EST 11am to their respective Ops Managers.

Sirs/Ma'am,

Having your support and knowing you had our backs made our decision making really easy. The success of this operation belongs to our second to none SRT and RRT operators. Some of our most dedicated and above all self-sufficient teams.

We will let the teams know ASAP and will start begin demobilization immediately.

Thanks,

We currently have two teams at the PCN but bearing any last minute changes we will go (b)(7)(E)

Sir's/Ma'am,

Although the situation remains calm, we are tracking online streams that are drawing attention in regards to an abolish ICE protest. Perhaps unrelated but thus far we have large crowds around the PCN building, coming from 395 to 12th street and at the 12th street bridge and Constitution. Our assets are safe and the NCR RRT is tracking the situation. Again, the situation remains calm at this point and the overall crowd moving away from us. However the number of protesters dramatically increasing to over 24,000 people in DC.

Sirs/Ma'am,

Sit-Rep # 4 FINAL

1. MPD reports zero arrests and no property damage for second night in a row.
2. MPD estimates a total of only 150 demonstrators in the city at this time, in two separate groups.
3. SRT teams have concluded operations for the evening and had minimal contact with the public and only sporadically observed any demonstrators.
4. FBI arrest teams will be at 50 percent tomorrow.
5. Current plan is to deploy (b)(7)(E) HSI SRT (San Antonio) and (b)(7)(E) ERO SRT (Detroit) beginning at 1800 hours on June 5.

June 7- "Million Person March"

As identified by social media the "Million Person March" consists of multiple demonstrations from various groups, spanning start times of 1000 to 1700 and of unknown duration. The current plan for anticipated demonstrations is as follows:

(b)(7)(E)

NOC response for S1's Briefing:

Total # of personnel providing support in NCR and to whom: On June 4-5 HSI and ERO provided approximately (b)(7)(E) law enforcement personnel to this operation, respectively. Personnel deployed on June 4-5 were comprised of SRT elements from HSI NCR (DC and Baltimore), as well as HSI SRTs from Boston and ERO SRT teams from Miami, San Antonio, El Paso and Phoenix. SRT assets were supported

AMERICAN OVERSIGHT

by analysts and agents and supervisory staff/senior leadership from HSI DC, HSI Baltimore, HSI and ERO Headquarters and agents/Technical Enforcement Officers from HSI Tech Ops.

Specific mission assignments or targets assigned: On June 4-5, a total of (b)(7)(E) SRT agents/officers deployed into NW Washington DC to provide law enforcement presence and serve as Quick Reaction Force (QRF) to other law enforcement personnel stationed inside and around the vicinity of Lafayette Park, White House complex, National Mall and other areas of the city targeted by demonstrators. SRT agents/officers also deployed to strategic locations in NW Washington to provide deterrence against potential looters or other individuals engaged in criminal activity during curfew. Agents/officers worked in two overlapping shifts, covering the hours of 1800 to 0100. Operations were terminated due to minimal demonstrators throughout the evening, likely due to inclement weather. Since June 1 HSI has also deployed senior supervisory (GS-15) personnel to the FBI's Washington Field Office Command and Technical Operations Center (CTOC) to coordinate deployment and liaise with federal/state/local partners. On June 4, HSI also initiated deployment of senior supervisory (GS-15) personnel to FBI Headquarters' Strategic Information and Operations Center (SIOC) to liaise with federal partners, assist in coordination of national response and coordinate with ICE-HSI/ERO field offices around the country impacted by ongoing civil unrest.

Operational outcomes to include injuries, arrests made, actions taken, etc.: As of June 5 at 1245 hours, no arrests or injuries have been reported, as agents/officers were postured to serve as QRF and deter criminal activity in their sectors. QRF response was not required and no reports of rioting, looting or property damage were reported in their sector during deployment, resulting in a successful completion of assigned mission for June 4-5

All ICE teams are 10-7 at this time. Operations will begin tomorrow at 6:00PM.

AMERICAN OVERSIGHT

Sirs/Ma'am,

Sit-Rep # 1 – No major Changes – Protest remain peaceful

1. The Mission set for SRT teams continues to be QRF and quadrant support to roving federal arrest teams.
    1. Mission start time is 1900
    2. Particular interest will be made to hotels lodging National Guard soldiers. The commander of National Guard forces has expressed concern that the hotels lodging troops may become targets for protestors or violence. Social media and intel are tracking photos of both hotels and angry chatter about the lodging of soldiers.
    3. No ICE assets are lodging at these hotels.

2. Changes to Federal Deployments numbers
    1. CBP: - deploying (b)(7)(E) personnel tonight.
    2. National Guard: (b)(7)(E) oldiers and airman, increase of (b)(7)(E) Tennessee National Guardsmen arriving today.

3. USSS issued a notice of a threat target under indictment who just cut his ankle monitor. He is known to be violent and to impersonate law enforcement. Bulletin disseminated.

4. ICE secured operating space at FBI SIOC and supplemented the HSI DC/Baltimore presence with ICE Intel support out of HQ.

5. (b)(7)(E) and planning for the suggested "Million Person March" possible on 6/6/2020.
    1. ICE Command staff is tracking and assessing weekend needs.

6. A protest occupying the MLK memorial remains peaceful

7. There are reports from overseas of several protests occurring in the vicinity of U.S. embassies/consulates. Some have the potential to turn violent. Open source reporting in Athens (in the vicinity of the Embassy) indicates the use of Molotov cocktails by protestors.

8. There will be no curfew for DC tonight.

Sirs/Ma'am,

Sit Rep #6 Key points:

- (b)(7)(E)
- Approximately 300 protesters remain scattered throughout city.
- USSS arrested a subject w BB gun near the White House.
- FBI HRT securing perimeter around St John's Church, adjacent to Lafayette Park, until am. (b)(7)(E) (b)(7)(E)
- U.S Park Police deployed pepper balls on protesters at Lafayette Park earlier as protesters attempted to breach the fence. Situation was rapidly diffused and the Lafayette Park crowd at this point is minimal.
- The ICE teams will continue to work two shifts thus maintain fresh operators during the peak hours.
    - The operational shifts will overlap as follows:
      (b)(7)(E)
- Bearing any last minute issue this will close the day. An updated report will follow in the morning.

To close, the below will be provided to the NOC for S1s brief.

Total # of personnel providing support in NCR and to whom: On June 1-2 and June 2-3, ICE provided (b)(7)(E) and (b)(7)(E) law enforcement personnel from HSI and ERO to this operation, respectively. Personnel on June 1 consisted of special agents and officers from Washington DC, including its tactical Special Response Team (SRT) and personnel from Biltmore, including HSI's NCR Rapid Response Team (RRT). Personnel deployed on June 2 were solely comprised

of SRT elements from HSI DC, as well as HSI SRTs from New York, Detroit, San Antonio, Boston and Office of Firearms and Tactical Programs (OFTP), and ERO SRT teams from New York, Miami, San Antonio, El Paso and Phoenix, and RRT from HSI New York.

Specific mission assignments or targets assigned: June 1-2, (b)(7)(E) HSI DC SRT agents were assigned to augment and support elements of the DC National Guard assigned to provide force protection/law enforcement presence to the African American History Museum and general vicinity of the central portion of the National Mall. Intelligence reported by DoD and FBI indicated that the African American History museum could be the target of counter-protesters. Remaining personnel remained on standby at Potomac Center North while awaiting assignment. Lack of crowd control assets precluded deployment of agents to specific locations. On June 2-3, a total of (b)(7)(E) SRT agents/officers deployed into NW Washington DC to provide law enforcement presence. Agents/officers were augmented by FBI special agents and provided deterrence against potential looters or other individuals engaged in criminal activity during curfew. Agents/officers worked in (b)(7)(E) shifts, covering the hours of (b)(7)(E)

Operational outcomes to include injuries, arrests made, actions taken, etc.: As of June 3, no arrests have been reported, as agents/officers were postured to deter criminal activity in their sector. No reports of rioting, looting or property damage were reported in their sector during deployment, indicating a successful outcome and completion of assigned mission.

Sirs/Ma'am,

Sit Rep #4 Key points below:

1. Large crowds remain at Lafayette Park, which continues to be focal point of protest. Discussions involving Park Police, USSS and BOP/DOJ on if/when/how to disperse or remove crowd are ongoing.
2. As previously reported, this resulted in removal of our BOP resources away from their original mission to secure a perimeter east of 14th/west of 3rd/north of Constitution/south of K.
3. As a result, SRT assets, augmented by approximately (b)(7)(E) FBI agents, have consolidated their locations to shrink the zone. Zone perimeter shifts depending on occasional movement of teams.
4. Teams have multiple MPD stationary units in their sector, which can be utilized for uniform support should need arise.
5. Current SRT mission is to observe and report from key strategic vantage points within the box, while projecting uniform presence and providing support to FBI contingent, which is outfitted in (b)(7)(E)
6. FBI QRF is stationed at Hoover building (HRT) and WFO (FBI SWAT). QRF specifically dedicated to support HSI and FBI teams in field, if necessary.
7. FBI Intel Reports shopping carts full of Bricks being transported in various spots around city, though doesn't appear to be in HSI sector.
8. CBP has moved their officers (b)(7)(E) to vicinity of 15th/Constitution to block access to Ellipse in event Lafayette Park is cleared.
9. If we receive any word Lafayette Park is going to be cleared we will advise SRT Teams 1 and 2 to ensure they are located in secure location in event crowd spills in their direction.
10. MPD has no reportable numbers of arrests at this time. Their patrols have spotted small group of protesters near Lafayette Park putting on gas masks.
11. DEA has (b)(7)(E) teams stationed in intersections throughout city.
12. (b)(7)(E) FPS officers are currently deployed around various federal properties in city.
13. Next brief will be at midnight

Other Key Points:

AMERICAN OVERSIGHT

1. DHS NOC is asking all components present at command post to provide the following by 0300 for an S1 briefing tomorrow:
    1. Total # of personnel providing support in NCR and to whom.
        1. Today we have (b)(7)(E) HSI and ERO SRT members from DC/Baltimore; Ft Benning, GA; Boston; Detroit; New York; San Antonio; Phoenix; El Paso; and Miami
    2. Specific mission assignments or targets assigned.
        1. ICE was assigned to cover an area within Northwest DC, from 14 St to 3rd St and from Constitution Ave to L Street NW. Please note that within the ICE quadrant you will find the Department of Justice Building, Federal Triangle, Penn Quarter, DC Federal Courthouse, and Chinatown among other key locations.
    3. Operational outcomes to include injuries, arrests made, actions taken, etc.
        1. Nothing to Report thus far
2. A completed draft response will be provided with the next Sit Rep.

Sirs/Ma'am,

Unfortunately the overall operational assignments changed last minute and without prior notification to our team leads. These actions resulted in BOP allegedly being moved to Lafayette Park to remove a large crowd of protesters thus our guys are in their assigned sectors without the outer perimeter/crowd control security. I instructed our guys to consolidate as closer together as they can, approximately (b)(7)(E) ICE operators with several FBI non SRT SAs. There is coordination underway at WHO at senior levels and we are pending further information to make operational adjustments as needed. We are told that the FBI DD is currently discussing this with the AG. Otherwise the situation remains clam however the number of protesters is steadily increasing. For instance a large protest with over 1,000 people, currently moving via Constitution Ave, passed our team but they were peaceful at this point.

We currently have (b)(7)(E) teams out, HSI DC/NCR, OFTP, Boston, Detroit, NY and ERO San Antonio. These teams will be on duty (b)(7)(E) when HSI San Antonio, ERO Phoenix, El Paso, NY, Miami will take over (b)(7)(E) bearing any significant incidents.

Sirs/Ma'am,

After a few coordination meetings at WFO, below and attached is the current plan/assignment for our HSI/ERO SRT teams as follows:

1. Bureau of Prisons will be providing crowd control/riot control assets with an approximate total of (b)(7)(E) additional available) officers lining the outer perimeter identified in the attachment. (Apologies for the rough image)
2. That perimeter will be divided (b)(7)(E) staffed by (b)(7)(E) ICE SRT team per quadrant.
3. SRTs will serve as extraction teams for any demonstrators identified along the perimeter. We will only address individuals engaged in criminal activity (b)(7)(E) breach of perimeter and/or assault to law enforcement officers.
4. Extraction teams will hand off detainees to a team of FBI SAs (b)(7)(E) inside the perimeter) who will hold and process at WFO.
5. FBI SWAT will have QRF based at WFO (which is inside our perimeter).
6. Our SRT commanders, along with our WHO embed, will attend a Team Leader briefing at WHO today at 4:30PM.
7. SRTs should deploy to assigned locations (b)(7)(E)
8. We were told that that main DOJ leadership has asked everyone to maintain tactical presence until the end of curfew (b)(7)(E) We are looking into it, however, if that is the case we will have to divide the teams into (b)(7)(E) shifts to account for team rest which is part of the SRT readiness. Additionally most of our teams were traveling today.

MPD Updates:

1. MPD will have approximately (b)(7)(E) officers out tonight
2. Last night total arrest count by MPD was 300 arrests with 2 officer injured

Other Notes:

3. VPOTUS will be at WHO tonight 5:00PM to meet and greet agency representatives

Sirs/Ma'am,

Just FYSA as it pertains to the latest info for tonight. After much back and forth amongst all stakeholders at WFO last night and this AM, detailed deployment information, i.e. numbers and locations, from the DC National Guard are needed (which won't be decided until later today) to determined SRT deployments. Federal teams will likely serve as extraction/arrest/support teams, as well as visible presence, show of force, at key locations, those locations have yet to be determined. The FBI does not know what they plan to do with their teams as MPD ended up doing their own thing without federal support. My best estimate is that we may be tasked with providing support to the National Guard. I wish I had better info but wanted to share the latest.

Will keep you posted as I learn more.

As far as the ICE team goes, our plan is to meet at the PCN to deputize over (b)(7)(E) SRT operators and wait for guidance/deployment orders from WFO. Based on last night activities, I am confident that we can support the operation with our SRT and TACCOM personnel. WFO command post will begin operations at noon today, thus additional information will be forthcoming.

Thanks,

Sirs/Ma'am,

Sit Rep #6 Final

Current Posture

1. MPD estimates 2,300 protestors remain in the district, 2k of which are peacefully congregating in area of Lafayette Park, crowds continue to dissipate.
2. MPD reports no arrests for the evening.
3. Park Police are reducing staffing for the remainder of the evening.
4. CBP, TSA and BOP are initiating demobilization for the evening.
5. FBI has downgraded QRF teams to recall status (b)(7)(E) teams).
6. ICE SRT will have (b)(7)(E) teams on recall status (mirroring FBI posture).
7. CTOC reducing staff with no more scheduled Sit Reps until tomorrow.

Future Posture

1. USSS leadership advised discussions are expected to occur between DHS and DOJ on modifying/downgrading the event from an informal NSSE.
2. FBI stated that they do not intend to have any arrest teams active tomorrow and may cease these operations indefinitely.
3. FBI further stated that they will be reducing activated personnel to two QRF teams. All other teams are on standby and subject to recall status.
4. ICE will actively deploy (b)(7)(E) SRT teams (total (b)(7)(E) personnel), staged at the PCN from (b)(7)(E) (b)(7)(E) tomorrow.
5. Additionally, (b)(7)(E) SRT teams will be in standby status for deployment if needed.
6. ICE Incident Commanders are currently evaluating demobilization plans.

NOC response for S1's Briefing:

Total # of personnel providing support in NCR and to whom: On June 6-7 HSI and ERO provided approximately (b)(7)(E) law enforcement personnel to this operation. Personnel deployed were comprised of SRT elements from HSI NCR (DC/Baltimore), San Antonio, OFTP, Detroit, and Boston; and ERO Detroit, El Paso, Miami, San Antonio, and Phoenix. RRT NCR (Baltimore/DC) were also deployed to PCN during the duration of today's operation. Deployed assets were supported by analysts and agents and supervisory staff/senior leadership from HSI DC, HSI Baltimore, HSI and ERO Headquarters and agents/Technical Enforcement Officers from HSI Tech Ops.

AMERICAN OVERSIGHT

Specific mission assignments or targets assigned: On June 6-7 a total of (b)(7)(E) SRT agents/officers deployed in a Quick Reaction Force (QRF) status in support of a coordinated federal/local interagency response to deter and prevent unlawful activity during mass demonstrations throughout the day. Agents were deployed in (b)(7)(E) overlapping scheduled shifts, spanning (b)(7)(E) Agents were on QRF status within ICE Headquarters at Potomac Center North (PCN). No SRT assets, nor any additional tactical assets from other agencies, were requested to deploy during the operation. RRT assets were also deployed to PCN during the operation for force and asset protection duties in the event demonstrators arrived at PCN and attempted to breach security. Since June 1 HSI has also deployed senior supervisory (GS-15) personnel to the FBI's Washington Field Office Command and Technical Operations Center (CTOC) to coordinate deployment and liaise with federal/state/local partners. Since June 4, HSI has also deployed supervisory (GS-14) personnel to FBI Headquarters' Strategic Information and Operations Center (SIOC) to liaise with federal partners, assist in coordination of national response and coordinate with ICE-HSI/ERO field offices around the country impacted by ongoing civil unrest.

Operational outcomes to include injuries, arrests made, actions taken, etc.: As of June 7 at 2230 hours, no arrests or injuries have been reported, as agents/officers were postured to serve as QRF and were not requested to deploy outside of PCN. QRF response was not required and no reports of arrests associated with rioting, looting or property damage were reported in the city and mission was downgraded from QRF to standby status at 2030, simultaneous to other participating agencies. SRT, along with other assets dedicated by HSI and ERO, supported the overall mission of this interagency event. Their presence and mission ready capabilities enabled safe deployment of non-tactical resources to other parts of the city to conduct their mission, with the knowledge that officer safety could be augmented with arrival of SRT QRF response, if necessary. The overall deployment of resources to this operation, including HSI and ERO assets, contributed significantly to night of peaceful demonstrations with no property damage or assaults in the city, resulting in completion of a successful mission.

Sit Rep #4

- All agencies reporting no changes in status
- MPD and FBI both estimate current crowd size to be minimizing
- No reports of civil unrest or criminal activity and thus far no deployments of federal SRTs has occurred. The mission set shifted to solely QRF as opposed to holding quadrants.
    - CTOC has requested that no SRTs be on the streets
- We are concluding first shift operations as this point and will have (b)(7)(E) SRTs to cover second shift operations with (b)(7)(E) teams staging at Ft. MacNair and (b)(7)(E) at the PCN.
- SAC (b)(6),(b)(7)(C) will take over as incident commander

Yes Sir, at this point we are clear and MPD blocked the surrounding area from 395 to 12th and 14th St bridges. We are also working through Waldemar and building management for alternate exits through the building next door. Thus far the crowd move to 12 and Constitution. Furthermore, as a contingency we are having (b)(7)(E) teams, from the second shift, staging at Ft. McNair along with FPS.

Sir's/Ma'am,

Although the situation remains calm, we are tracking online streams that are drawing attention in regards to an abolish ICE protest. Perhaps unrelated but thus far we have large crowds around the PCN building, coming from 395 to 12th street and at the 12th street bridge and Constitution. Our assets are safe and the NCR RRT is tracking the situation. Again, the situation remains calm at this point and the overall crowd moving away from us. However the number of protesters dramatically increasing to over 24,000 people in DC.

!!!White folks please come prepared to stand between cops and people of color!!!

DePaul boasts itself as a beacon of interracial solidarity yet still profits off the prison industrial complex which disproportionally targets students of color by funding the education of Chicago police officers, working with the Fraternal Order of Police, allowing ICE on campus and refusing to support the BDS (boycott, divest, and sanction) movement.

When DePaul students have tried to take action against the university in the past we have been silenced by the administration which last week called SWAT on students who protested for black lives in the wake of the George Floyd and Breonna Taylor killings at the hands of police.

Each occupant agency shall be responsible for the observance of these rules and regulations. Federal agencies must post the notice in the Appendix to this part at each public entrance to each Federal facility.

Rules and Regulations Governing Conduct on Federal Property

November, 2005

Federal Management Regulation
Title 41, Code of Federal Regulations, Part 102-74, Subpart C

Applicability (41 CFR 102–74.365). The rules in this subpart apply to all property under the authority of GSA and to all persons entering in or on such property. Each occupant agency shall be responsible for the observance of these rules and regulations. Federal agencies must post the notice in the Appendix to this part at each public entrance to each Federal facility.

Inspection (41 CFR 102-74.370). Federal agencies may, at their discretion, inspect packages, briefcases and other containers in the immediate possession of visitors, employees or other persons arriving on, working at, visiting, or departing from Federal property. Federal agencies may conduct a full search of a person and the vehicle the person is driving or occupying upon his or her arrest.

Admission to Property (41 CFR 102-74.375). Federal agencies must:

(a) Except as otherwise permitted, close property to the public during other than normal working hours. In those instances where a Federal agency has approved the after-normal-working hours use of buildings or portions thereof for activities authorized by subpart D of this part, Federal agencies must not close the property (or affected portions thereof) to the public;

(b) Close property to the public during working hours only when situations require this action to ensure the orderly conduct of Government business. The designated official under the Occupant Emergency Program may make such decision only after consultation with the buildings manager and the highest ranking representative of the law enforcement organization responsible for protection of the property or the area. The designated official is defined in Sec. 102-71.20 of this chapter as the highest ranking official of the primary occupant agency, or the alternate highest ranking official or designee selected by mutual agreement by other occupant agency officials; and

(c) When property or a portion thereof is closed to the public, restrict admission to the property, or the affected portion, to authorized persons who must register upon entry to the property and must, when requested, display Government or other identifying credentials to Federal police officers or other authorized individuals when entering, leaving or while on the property. Failure to comply with any of the applicable provisions is a violation of these regulations.

Preservation of Property (41 CFR 102-74.380). All persons entering in or on Federal property are prohibited from:

(a) Improperly disposing of rubbish on property;
(b) Willfully destroying or damaging property;
(c) Stealing property;
(d) Creating any hazard on property to persons or things; or
(e) Throwing articles of any kind from or at a building or climbing upon statues, fountains or any part of the building.

Conformity with Signs and Directions (41 CFR 102-74.385). Persons in and on property must at all times comply with official signs of a prohibitory, regulatory or directory nature and with the lawful direction of Federal police officers and other authorized individuals.

Disturbances (41 CFR 102-74.390). All persons entering in or on Federal property are prohibited from loitering, exhibiting disorderly conduct or exhibiting other conduct on property that:

(a) Creates loud or unusual noise or a nuisance;
(b) Unreasonably obstructs the usual use of entrances, foyers, lobbies, corridors, offices, elevators, stairways, or parking lots;
(c) Otherwise impedes or disrupts the performance of official duties by Government employees; or
(d) Prevents the general public from obtaining the administrative services provided on the property in a timely manner.

Gambling (41 CFR 102-74.395). (a) Except for the vending or exchange of chances by licensed blind operators of vending facilities for any lottery set forth in a State law and authorized by section 2(a)(5) of the Randolph-Sheppard Act (20 U.S.C. 107 et seq.), all persons entering in or on Federal property are prohibited from:

(1) Participating in games for money or other personal property;
(2) Operating gambling devices;
(3) Conducting a lottery or pool; or
(4) Selling or purchasing numbers tickets.

(b) This provision is not intended to prohibit prize drawings for personal property at otherwise permitted functions on Federal property, provided that the game or drawing does not constitute gambling per se. Gambling per se means a game of chance where the participant risks something of value for the chance to gain or win a prize.

Narcotics and Other Drugs (41 CFR 102-74.400). Except in cases where the drug is being used as prescribed for a patient by a licensed physician, all persons entering in or on Federal property are prohibited from:

(a) Being under the influence, using or possessing any narcotic drugs, hallucinogens, marijuana, barbiturates, or amphetamines; or
(b) Operating a motor vehicle on the property while under the influence of alcoholic beverages, narcotic drugs, hallucinogens, marijuana, barbiturates, or amphetamines.

Alcoholic Beverages (41 CFR 102-74.405). Except where the head of the responsible agency or his or her designee has granted an exemption in writing for the appropriate official use of alcoholic beverages, all persons entering in or on Federal property are prohibited from being under the influence or using alcoholic beverages. The head of the responsible agency or his or her designee must provide a copy of all exemptions granted to the buildings manager and the highest ranking representative of the law enforcement organization, or other authorized officials, responsible for the security of the property.

Soliciting, Vending and Debt Collection (41 CFR 102-74.410). All persons entering in or on Federal property are prohibited from soliciting alms (including money and nonmonetary items) or commercial or political donations, vending merchandise of all kinds, displaying or distributing commercial advertising, or collecting private debts, except for:

(a) National or local drives for funds for welfare, health or other purposes as authorized by 5 CFR part 950, entitled "Solicitation of Federal Civilian and Uniformed Service Personnel for Contributions to Private Voluntary Organizations," and sponsored or approved by the occupant agencies;
(b) Concessions or personal notices posted by employees on authorized bulletin boards;
(c) Solicitation of labor organization membership or dues authorized by occupant agencies under the Civil Service Reform Act of 1978 (Pub. L. 95–454);
(d) Lessee, or its agents and employees, with respect to space leased for commercial, cultural, educational, or recreational use under 40 U.S.C. 581(h). Public areas of GSA-controlled property may be used for other activities in accordance with subpart D of this part;
(e) Collection of non-monetary items that are sponsored or approved by the occupant agencies; and
(f) Commercial activities sponsored by recognized Federal employee associations and on-site child care centers.

Posting and Distributing Materials (41 CFR 102-74.415). All persons entering in or on Federal property are prohibited from:

(a) Distributing free samples of tobacco products in or around Federal buildings, as mandated by Section 636 of Public Law 104–52;
(b) Posting or affixing materials, such as pamphlets, handbills, or flyers, on bulletin boards or elsewhere on GSA-controlled property, except as authorized in Sec. 102–74.410, or when these displays are conducted as part of authorized Government activities; and
(c) Distributing materials, such as pamphlets, handbills or flyers, unless conducted as part of authorized Government activities. This prohibition does not apply to public areas of the property as defined in Sec.102–71.20 of this chapter. However, any person or organization proposing to distribute materials in a public area under this section must first obtain a permit from the building manager as specified in subpart D of this part. Any such person or organization must distribute materials only in accordance with the provisions of subpart D of this part. Failure to comply with these provisions is a violation of these regulations.

Photographs for News, Advertising, or Commercial Purposes (41 CFR 102-74.420). Except where security regulations, rules, orders, or directives apply or a Federal court order or rule prohibits it, persons entering in or on Federal property may take photographs of:

(a) Space occupied by a tenant agency for non-commercial purposes only with the permission of the occupying agency concerned;
(b) Space occupied by a tenant agency for commercial purposes only with written permission of an authorized official of the occupying agency concerned; and
(c) Building entrances, lobbies, foyers, corridors, or auditoriums for news purposes.

Dogs and Other Animals (41 CFR 102-74.425). No person may bring dogs or other animals on Federal property for other than official purposes. However, a disabled person may bring a seeing eye dog, a guide dog, or other animal assisting or being trained to assist that individual.

Breastfeeding (41 CFR 102–74.426). Public Law 108–199, Section 629, Division F, Title VI (January 23, 2004), provides that a woman may breastfeed her child at any location in a Federal building or on Federal property, if the woman and her child are otherwise authorized to be present at the location.

Vehicular and Pedestrian Traffic (41 CFR 102-74.430). All vehicle drivers entering or while on Federal property:

(a) Must drive in a careful and safe manner at all times;
(b) Must comply with the signals and directions of Federal police officers or other authorized individuals;
(c) Must comply with all posted traffic signs;
(d) Must comply with any additional posted traffic directives, approved by the GSA Regional Administrator, which will have the same force and effect as these regulations;
(e) Are prohibited from blocking entrances, driveways, walks, loading platforms, or fire hydrants; and
(f) Are prohibited from parking on Federal property without a permit. Parking without authority, parking in unauthorized locations or in locations reserved for other persons, or parking contrary to the direction of posted signs is prohibited. Vehicles parked in violation, where warning signs are posted, are subject to removal at the owner's risk and expense. Federal agencies may take as proof that a motor vehicle was parked in violation of these regulations or directives as prima facie evidence that the registered owner was responsible for the violation.

Explosives (41 CFR 102-74.435). No person entering or while on Federal property may carry or possess explosives, or items intended to be used to fabricate an explosive or incendiary device, either openly or concealed, except for official purposes.

Weapons (41 CFR 102-74.440). Federal law prohibits the possession of firearms or other dangerous weapons in Federal facilities and Federal court facilities by all persons not specifically authorized by 18 U.S.C. 930. Violators will be subject to fine and/or imprisonment for periods up to five (5) years.

Nondiscrimination (41 CFR 102-74.445). Federal agencies must not discriminate by segregation or otherwise against any person or persons because of race, creed, religion, age, sex, color, disability or national origin in furnishing or by refusing to furnish to such person or persons the use of any facility of a public nature, including all services, privileges, accommodations, and activities provided on the property.

Penalties (41 CFR 102-74.450). A person found guilty of violating any rule or regulation in this subpart while on any property under the charge and control of GSA shall be fined under title 18 of the United States Code, imprisoned for not more than 30 days, or both.

Impact on Other Laws or Regulations (41 CFR 102-74.455). No rule or regulation in this subpart may be construed to nullify any other Federal laws or regulations or any State and local laws and regulations applicable to any area in which the property is situated (40 U.S.C. 121(c)).

In certain locations, ICE occupies space that is private property leased through the General Services Administration (GSA). Because the leased space is occupied by an agency of the Federal Government, the GSA rules and regulations that govern conduct on federal property apply. See generally 41 C.F.R. § 102-74, Subpart C.

As an example, because the building at 2035 N. Central Avenue in Phoenix, Arizona, is leased through the GSA, its Rules and Regulations apply. To be enforceable, the Regulations must be posted at each public entrance to the facility, and must remain posted in a conspicuous place on the property. As required, Notice has been posted on the N. Central Avenue side of the building, at three separate locations.

Probable Cause

- Arrest authority under 8 U.S.C. § 1357(a)(5)(A) and 19 U.S.C. § 1589a require probable cause. Probable cause is personal knowledge or trustworthy information of facts and circumstances that would lead a reasonably prudent person to believe that an offense has been committed or is being committed by the person to be arrested.It is MORE than mere suspicion.It does not have to be absolute certainty of guilt.

ICE

Probable Cause

- Remember that 8 U.S.C. § 1357(a)(5)(A) and 19 U.S.C. § 1589a authorize arrest for Federal misdemeanor violations, only if committed in the officer's presence. Remember that 8 U.S.C. § 1357(a)(5)(B) and 19 U.S.C. § 1589a authorize arrest for a Federal felony committed outside the officer's presence if the officer has reasonable grounds to believe (which the courts interpret as probable cause) that the person to be arrested has committed or is committing a felony.

Pre-Arrest Considerations

- ERO should first attempt to diffuse the situation. ERO should contact the appropriate local law enforcement agency (LEA), such as the Phoenix Police Department (PPD), to enforce violations of state or local law, before exercising its arrest authority under either 8 U.S.C. § 1357(a)(5) or 19 U.S.C. § 1589(a).ERO should contact the Federal Protective Service (FPS) to enforce violations of federal law, before exercising its arrest authority under either 8 U.S.C. § 1357(a)(5) or 19 U.S.C. § 1589(a).Again, if the violation is a federal misdemeanor, the subject must commit the offense in the officer's presence, before the officer invokes the arrest authority under 8 U.S.C. § 1357(a)(5)(A) or 19 U.S.C. § 1589a.

Rules and Regulations Governing Conduct on Federal Property

November, 2005

Federal Management Regulation
Title 41, Code of Federal Regulations, Part 102-74, Subpart C

Applicability (41 CFR 102–74.365). The rules in this subpart apply to all property under the authority of GSA and to all persons entering in or on such property. Each occupant agency shall be responsible for the observance of these rules and regulations. Federal agencies must post the notice in the Appendix to this part at each public entrance to each Federal facility.

Inspection (41 CFR 102-74.370). Federal agencies may, at their discretion, inspect packages, briefcases and other containers in the immediate possession of visitors, employees or other persons arriving on, working at, visiting, or departing from Federal property. Federal agencies may conduct a full search of a person and the vehicle the person is driving or occupying upon his or her arrest.

Admission to Property (41 CFR 102-74.375). Federal agencies must:

(a) Except as otherwise permitted, close property to the public during other than normal working hours. In those instances where a Federal agency has approved the after-normal-working hours use of buildings or portions thereof for activities authorized by subpart D of this part, Federal agencies must not close the property (or affected portions thereof) to the public;

(b) Close property to the public during working hours only when situations require this action to ensure the orderly conduct of Government business. The designated official under the Occupant Emergency Program may make such decision only after consultation with the buildings manager and the highest ranking representative of the law enforcement organization responsible for protection of the property or the area. The designated official is defined in Sec. 102-71.20 of this chapter as the highest ranking official of the primary occupant agency, or the alternate highest ranking official or designee selected by mutual agreement by other occupant agency officials; and

(c) When property or a portion thereof is closed to the public, restrict admission to the property, or the affected portion, to authorized persons who must register upon entry to the property and must, when requested, display Government or other identifying credentials to Federal police officers or other authorized individuals when entering, leaving or while on the property. Failure to comply with any of the applicable provisions is a violation of these regulations.

Preservation of Property (41 CFR 102-74.380). All persons entering in or on Federal property are prohibited from:

(a) Improperly disposing of rubbish on property;
(b) Willfully destroying or damaging property;
(c) Stealing property;
(d) Creating any hazard on property to persons or things; or
(e) Throwing articles of any kind from or at a building or climbing upon statues, fountains or any part of the building.

Conformity with Signs and Directions (41 CFR 102-74.385). Persons in and on property must at all times comply with official signs of a prohibitory, regulatory or directory nature and with the lawful direction of Federal police officers and other authorized individuals.

Disturbances (41 CFR 102-74.390). All persons entering in or on Federal property are prohibited from loitering, exhibiting disorderly conduct or exhibiting other conduct on property that:

(a) Creates loud or unusual noise or a nuisance;
(b) Unreasonably obstructs the usual use of entrances, foyers, lobbies, corridors, offices, elevators, stairways, or parking lots;
(c) Otherwise impedes or disrupts the performance of official duties by Government employees; or
(d) Prevents the general public from obtaining the administrative services provided on the property in a timely manner.

Gambling (41 CFR 102-74.395). (a) Except for the vending or exchange of chances by licensed blind operators of vending facilities for any lottery set forth in a State law and authorized by section 2(a)(5) of the Randolph-Sheppard Act (20 U.S.C. 107 et seq.), all persons entering in or on Federal property are prohibited from:

(1) Participating in games for money or other personal property;
(2) Operating gambling devices;
(3) Conducting a lottery or pool; or
(4) Selling or purchasing numbers tickets.

(b) This provision is not intended to prohibit prize drawings for personal property at otherwise permitted functions on Federal property, provided that the game or drawing does not constitute gambling per se. Gambling per se means a game of chance where the participant risks something of value for the chance to gain or win a prize.

Narcotics and Other Drugs (41 CFR 102-74.400). Except in cases where the drug is being used as prescribed for a patient by a licensed physician, all persons entering in or on Federal property are prohibited from:

(a) Being under the influence, using or possessing any narcotic drugs, hallucinogens, marijuana, barbiturates, or amphetamines; or
(b) Operating a motor vehicle on the property while under the influence of alcoholic beverages, narcotic drugs, hallucinogens, marijuana, barbiturates, or amphetamines.

Alcoholic Beverages (41 CFR 102-74.405). Except where the head of the responsible agency or his or her designee has granted an exemption in writing for the appropriate official use of alcoholic beverages, all persons entering in or on Federal property are prohibited from being under the influence or using alcoholic beverages. The head of the responsible agency or his or her designee must provide a copy of all exemptions granted to the buildings manager and the highest ranking representative of the law enforcement organization, or other authorized officials, responsible for the security of the property.

Soliciting, Vending and Debt Collection (41 CFR 102-74.410). All persons entering in or on Federal property are prohibited from soliciting alms (including money and non-monetary items) or commercial or political donations, vending merchandise of all kinds, displaying or distributing commercial advertising, or collecting private debts, except for:

(a) National or local drives for funds for welfare, health or other purposes as authorized by 5 CFR part 950, entitled "Solicitation of Federal Civilian and Uniformed Service Personnel for Contributions to Private Voluntary Organizations," and sponsored or approved by the occupant agencies;
(b) Concessions or personal notices posted by employees on authorized bulletin boards;

(d) Lessee, or its agents and employees, with respect to space leased for commercial, cultural, educational, or recreational use under 40 U.S.C. 581(h). Public areas of GSA-controlled property may be used for other activities in accordance with subpart D of this part;
(e) Collection of non-monetary items that are sponsored or approved by the occupant agencies; and

(b) Posting or affixing materials, such as pamphlets, handbills, or flyers, on bulletin boards or elsewhere on GSA-controlled property, except as authorized in Sec. 102–74.410, or when these displays are conducted as part of authorized Government activities; and
(c) Distributing materials, such as pamphlets, handbills or flyers, unless conducted as part of authorized Government activities. This prohibition does not apply to public areas of the property as defined in Sec.102–71.20 of this chapter. However, any person or organization proposing to distribute materials in a public area under this section must first obtain a permit from the building manager as specified in subpart D of this part. Any such person or organization must distribute materials only in accordance with the provisions of subpart D of this part. Failure to comply with these provisions is a violation of these regulations.

Photographs for News, Advertising, or Commercial Purposes (41 CFR 102-74.420). Except where security regulations, rules, orders, or directives apply or a Federal court order or rule prohibits it, persons entering in or on Federal property may take photographs of:

(a) Space occupied by a tenant agency for non-commercial purposes only with the permission of the occupying agency concerned;
(b) Space occupied by a tenant agency for commercial purposes only with written permission of an authorized official of the occupying agency concerned; and
(c) Building entrances, lobbies, foyers, corridors, or auditoriums for news purposes.

Parking without authority, parking in unauthorized locations or in locations reserved for other persons, or parking contrary to the direction of posted signs is prohibited. Vehicles parked in violation, where warning signs are posted, are subject to removal at the owner's risk and expense. Federal agencies may take as proof that a motor vehicle was parked in violation of these regulations or directives as prima facie evidence that the registered owner was responsible for the violation.

Explosives (41 CFR 102-74.435). No person entering or while on Federal property may carry or possess explosives, or items intended to be used to fabricate an explosive or incendiary device, either openly or concealed, except for official purposes.
