Dear Mr. Evers:

This letter responds to your Freedom of Information Act (FOIA) request dated January 11, 2021. Your matter is now in litigation in American Oversight v. DOD, et al., 21-cv-624 (D.D.C.).

Your January 11, 2021 FOIA request is for all responsive records from December 31, 2020, through January 7, 2021:

1. All communications (including emails, email attachments, complete email chains, text messages (or messages on similar applications such as Signal or WhatsApp) and calendar invitations) sent or received by the officials listed below regarding events at the U.S. Capitol, U.S. National Mall, or surrounding grounds in Washington D.C. on January 6, 2021, including but not limited to the potential or actual deployment of law enforcement officers and/or National Guard troops, requests for assistance from members of Congress or Congressional staff, protests or armed activity at the Capitol, President Trump's rally, or concerns about security.
 2. All orders, directives, protocols, or guidance prepared, written, approved, or signed by the officials listed below, regarding events at the U.S. Capitol, U.S. National Mall, or surrounding grounds in Washington D.C. on January 6, 2021, including but not limited to the potential or actual deployment of law enforcement officers and/or National Guard troops, requests for assistance from members of Congress or Congressional staff, protests or armed activity at the Capitol, President Trump's rally, or concerns about security.
- Our search yielded the attached responsive records.

This release consists of 139 pages in a continuous rolling release over the course of the litigation. We have redacted material under Exemptions (b)(6) and (b)7A.

Exemption 6 of the FOIA 5 U.S.C. § 552(b)(6)

Exemption (b)(6) of the FOIA protects from mandatory disclosure "personnel and medical files the disclosure of which would constitute a clearly unwarranted invasion of privacy." 5 U.S.C. § 552(b)(6) (2011). To qualify for protection under Exemption (b)(6),

records must meet two criteria: (1) they must be “personnel and medical files and similar files,” (2) the disclosure of which “would constitute a clearly unwarranted invasion of personal privacy.” *Id.*; *United States Dep’t of State v. Washington Post Co.*, 456 U.S. 595, 599-603 (1982). The first prong is met if the information “appl[ies] to a particular individual” and is “personal” in nature. *New York Times Co. v. NASA*, 852 F.2d 602, 606 (D.C. Cir. 1988). The second prong requires courts to strike a “balance between the protection of an individual’s right to privacy and the preservation of the public’s right to government information.” *United States Dep’t of State v. Washington Post Co.*, 456 U.S. 595, 599 (1982). The “public interest” in the analysis is limited to the “core purpose” for which Congress enacted the FOIA: to “shed . . . light on an agency’s performance of its statutory duties.” *United States Dep’t of Justice v. Reporters Comm. for Freedom of the Press*, 489 U.S. 749, 773 (1989).

We are withholding telephone numbers and contact information for all Army personnel (e.g., e-mail addresses, telephone-line numbers) and third-party information under Exemption 6. 5 U.S.C. § 552(b)(6). See *Judicial Watch, Inc. v. United States*, No. 03-1160, 2004 WL 26736, at *4 (4th Cir. Jan. 6, 2004). Under the Exemption (b)(6) balancing test, the Supreme Court held in a similar case that disclosure of employee addresses “would not appreciably further the citizens’ right to be informed about what their Government is up to and, indeed, would reveal little or nothing about the employing agencies or their activities.” *United States Dep’t of Defense v. Fed. Labor Relations Auth.*, 510 U.S. 487 (1994). The same is true here regarding telephone numbers. Disclosure of the names, contact and personal information of government employees would contribute little to the public’s understanding of government activities. By contrast, such disclosure would constitute a “non-trivial” and “not insubstantial” invasion of government employees’ privacy interests. *Id.* at 500, 501.

Exemption 7 of the FOIA 5 U.S.C. § 552(b)(7)(A)

Exemption (b)7(A), authorizes the withholding of “records or information compiled for law enforcement purposes, but only to the extent that production of such law enforcement records or information . . . could reasonably be expected to interfere with enforcement proceedings.” These records contain information, the release of which could reasonably be expected to interfere with ongoing enforcement proceedings. Information withheld under these exemptions have been appropriately marked.

If you have any questions regarding this letter or the information furnished, please contact Lee Reeves at (202) 616-0773 or Lee.Reeves2@usdoj.gov.

Sincerely,

Paul V. DeAgostino
