Re: Freedom of Information Act Request No. 2022-USMS-000003
Subject: FOIA Request regarding January 6th

Dear Requester:

The United States Marshals Service (USMS) is responding to your Freedom of Information Act (FOIA) request received by USMS on January 11, 2021 for the following:

"All communications (including emails, email attachments, complete email chains, text messages (or messages on similar applications such as Signal or WhatsApp) and calendar invitations) sent or received by the officials listed below regarding events at the U.S. Capitol, U.S. National Mall, or surrounding grounds in Washington D.C. on January 6, 2021, including but not limited to the potential or actual deployment of law enforcement officers and/or National Guard troops, requests for assistance from members of Congress or Congressional staff, protests or armed activity at the Capitol, President Trump's rally, or concerns about security.

Please note that American Oversight does not seek, and that this request specifically excludes, the initial mailing of news clips or other mass-distribution emails. However, subsequent communications forwarding such emails are responsive to this request. In other words, for example, if a specified official received a mass-distribution news clip email referencing protests or violent activity at the Capitol, that initial email would not be responsive to this request.

However, if a specified official forwarded that email to another individual with his own commentary, that subsequent message would be responsive to this request and should be produced.

2. All orders, directives, protocols, or guidance prepared, written, approved, or signed by the officials listed below, regarding events at the U.S. Capitol, U.S. National Mall, or surrounding grounds in Washington D.C. on January 6, 2021, including but not limited to the potential or actual deployment of law enforcement officers and/or National Guard troops, requests for assistance from members of Congress or Congressional staff, protests or armed activity at the Capitol, President Trump's rally, or concerns about security.

Specified officials:

a. Donald Washington, Director

b. Jeff Tyler, Deputy Director

c. John Kilgallon, Chief of Staff

For both parts of this request, please provide all responsive records from December 31, 2020, through January 7, 2021. (Date Range for Record Search: From 12/31/2020 To 1/7/2021)."

Pursuant to your request, the USMS conducted a search for records responsive to your request and located 112 pages of responsive documentation.

To withhold a responsive record in whole or part, an agency must show both that the record falls within a FOIA exemption, 5 U.S.C. § 552(b), and that the agency “reasonably foresees that disclosure would harm an interest protected by exemption.” See § 552(a)(8)(A)(i)(I); *Machado Amadis v. U.S. Dep’t of State*, 971 F.3d 364 (D.C. Cir. 2020). As described in this correspondence, the USMS reviewed responsive records to your request and asserted FOIA exemptions as appropriate. Further, the USMS has determined it is reasonably foreseeable that disclosure of the withheld information would harm an agency interest protected by the exemption. These pages are released to you with portions of 1 page(s) withheld and 0 page(s) withheld in full pursuant to the following Exemptions of the FOIA, 5 U.S.C. § 552(b):

(b)(6), FOIA Exemption (b)(6) allows an agency to withhold personnel, medical, and similar files, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy. Records that apply to or describe a particular individual, including investigative records, qualify as “personnel,” “medical,” or “similar files” under Exemption 6. A discretionary release of such records is not appropriate. See *United States Department of Justice (DOJ) v. Reporters Committee for Freedom of the Press*, 489 U.S. 749 (1989).

(b)(7)(C), FOIA Exemption (b)(7)(C) protects records or information compiled for law enforcement purposes to the extent that the production of such records or information could reasonably be expected to constitute an unwarranted invasion of personal privacy. A discretionary release of such records is not appropriate. See *United States Department of Justice (DOJ) v. Reporters Committee for Freedom of the Press*, 489 U.S. 749 (1989). Accordingly, the personally identifiable information of law enforcement officers and government employees was withheld from the responsive documentation. The disclosure of such sensitive information contained in records compiled for law enforcement purposes to the public could subject law enforcement officers and other government personnel to harassment and unwelcome contact. This could disrupt and impede official agency activity, as well as endanger the safety of law enforcement officials. Additionally, the personally identifiable information of third parties named in the records was withheld. The disclosure of third-party information could constitute an unwarranted invasion of personal privacy and subject the individuals to embarrassment, harassment, and undue public attention. Individuals have a recognized privacy interest in not being publicly associated with law enforcement investigations, not being associated

unwarrantedly with alleged criminal activity, and controlling how communications about them are disseminated.

(b)(7)(E), FOIA Exemption (b)(7)(E) exempts from release information that would disclose law enforcement techniques or procedures, the disclosure of which could reasonably be expected to risk circumvention of the law. Public disclosure of law enforcement techniques and procedures could allow people seeking to violate the law to take preemptive steps to counter actions taken by USMS during investigatory operations. Information pertaining to case selection, case development, and investigatory methods are law enforcement techniques and procedures that are not commonly known. The disclosure of this information serves no public benefit and would have an adverse impact on agency operations. Furthermore, public disclosure of information such as internal URLs, codes, and internal identifying numbers could assist unauthorized parties in deciphering the meaning of the codes and numbers, aid in gaining improper access to law enforcement databases, and assist in the unauthorized party's navigation of these databases. This disclosure of techniques for navigating the databases could permit people seeking to violate the law to gain sensitive knowledge and take preemptive steps to counter actions taken by USMS during investigatory operations. The disclosure of this information serves no public benefit and would not assist the public in understanding how the agency is carrying out its statutory responsibilities.

(b)(7)(F), FOIA Exemption (b)(7)(F) protects law enforcement information that "could reasonably be expected to endanger the life or physical safety of any individual." 5 U.S.C. § 552(b)(7)(F). Courts have routinely upheld the use of Exemption (b)(7)(F) to protect the identities of law enforcement agents, as well as protect the names and identifying information of non-law enforcement federal employees, local law enforcement personnel, and other third persons in connection with particular law enforcement matters. See *Garza v. U.S. Marshals Serv., et al.*, Civ. A. No. 16-0976, 2018 WL 4680205, * 17 (D.D.C. Sept. 28, 2018); *Hammouda v. Dep't of Justice*, 920 F. Supp. 2d 16, 26 (D.D.C. 2013); *Fischer v. Dep't of Justice*, 723 F. Supp. 2d 104, 111 (D.D.C. 2010); *Blanton v. Dep't of Justice*, 182 F. Supp. 2d 81, 87 (D.D.C. 2002).

USMS withholding, This marking advises where USMS has asserted withholdings on referred documents, regardless of whether the referring agency applied their own withholdings. Any withholdings without this marking were applied by the referring agency and therefore any appeals relative to those withholdings should be directed to the referring agency.

For your information, Congress excluded three discrete categories of law enforcement and national security records from the requirements of the FOIA. See 5 U.S.C. 552(c) (2006 & Supp. IV (2010)). This response is limited to those records that are subject to the requirements

of the FOIA. This is a standard notification that is given to all our requesters and should not be taken as an indication that excluded records do, or do not, exist.

If you are not satisfied with the USMS determination in response to this request, you may administratively appeal by writing to the Director, Office of Information Policy (OIP), United States Department of Justice, 441 G Street, NW, 6th Floor, Washington, D.C. 20530, or you may submit an appeal through OIP's FOIA STAR portal by creating an account following the instructions on OIP's website: <https://www.justice.gov/oip/submit-and-track-request-or-appeal>. Your appeal must be postmarked or electronically transmitted within 90 days of the date of my response to your request. If you submit your appeal by mail, both the letter and the envelope should be clearly marked "Freedom of Information Act Appeal." If possible, please provide a copy of your original request and this response letter with your appeal.

You may also contact Charlotte Luckstone or our FOIA Public Liaison at (703) 740-3943 for any further assistance and to discuss any aspect of your request. Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, Room 2510, 8601 Adelphi Road, College Park, Maryland 20740-6001; e-mail at ogis@nara.gov; telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

Good morning, please see the updated information regarding IOD's readiness posture in the light of possible civil unrest related to certification of the election. Once I receive a list from the FBI, I'll work with DAD [REDACTED] to staff the SIOC as directed.

[REDACTED] please reach out to MPD and request if there is any space for a USMS liaison at their JOC. The AD related that similar requests have been declined due to social distancing requirements, however, we want to ensure that we are being as proactive as possible. If there is availability please staff as you see fit.

Please contact me directly with any questions or concerns [REDACTED]

Good Morning [REDACTED] and my apologies in advance for you having to assume the role that [REDACTED] previously had as my "source" inside the FBI.

The Deputy Director has asked that I reach out to you on behalf of the Marshals Service to see if there are any specific plans that the FBI has to prepare for any possible civil unrest that may occur tomorrow, January 6th as a result of the Certification in Congress of the Presidential Election. It is my understanding that [REDACTED] (b) (7)(E)

[REDACTED]. If possible, would you be amenable to putting my Deputy Assistant Director [REDACTED], who is cc'd on this email in contact with someone that we could provide a personnel list to for a seat there.

Additionally, I know the BOP has been contacted by the Office of the Deputy Attorney General for some bodies to assist at Main Justice in the event anything happens there. Do you all have any planned response or are you just on a "stand by and see what happens" footing. We have our personnel from the Capitol Area Regional Fugitive Task Force on stand-by but otherwise have no other planned action.

Thanks in advance for any assistance that you may be able to provide.

Take care and stay safe,

AD,

I just spoke with Commander [REDACTED]. In addition to the support CIB is providing for the SIOC we will provide additional analysts to assist with the cases that are being generated from events in DC. This will be remote assistance on case work ups and such. Additionally [REDACTED] will continue to use the VCC that was established last night to track progress of our missions.

If any of the Senior Staff need assistance accessing the VCC please go direct with Supervisor [REDACTED] and we will get you set up. [REDACTED] is also working on the staffing for the SIOC and once we have that list completed I will provide that to the command staff.

Side note, I did reach out to TOD to see if a project code was available for this response and there is not one yet.

Subject: UPDATE: Civil Unrest Warrants-- [REDACTED] DC/SC and [REDACTED] DC/DC

AD—

In the wake of yesterday's civil unrest, CARFTF Commander [REDACTED] just informed me that approximately [REDACTED] warrants for DC/SC and [REDACTED] fed warrants from DC/DC will be forthcoming shortly.

- Commander [REDACTED] will work with his district counterparts to coordinate apprehension efforts.
- [REDACTED] will coordinate with CIB [REDACTED] for analyst support.
- [REDACTED] will continue to rotate CARFTF members through the war room to maintain USMS presence.

Commander [REDACTED] will continue to monitor the situation and keep us apprised.

Respectfully,

AD,

I just spoke with Commander [REDACTED]. In addition to the support CIB is providing for the SIOC we will provide additional analysts to assist with the cases that are being generated from events in DC. This will be remote assistance on case work ups and such. Additionally [REDACTED] will continue to use the VCC that was established last night to track progress of our missions.

If any of the Senior Staff need assistance accessing the VCC please go direct with Supervisor [REDACTED] and we will get you set up. [REDACTED] is also working on the staffing for the SIOC and once we have that list completed I will provide that to the command staff.

Side note, I did reach out to TOD to see if a project code was available for this response and there is not one yet.

Meanwhile, Deputy U.S. Marshals including personnel from the Capitol Area Regional Fugitive Task Force entered the (b) (7)(E)

Deputy Marshals conducted (b) (7)(E) to ensure all protesters were removed and the facility was secure. Deputy Marshals also augmented U.S. Capitol Police in maintaining security of critical locations of the building. Finally, Deputy Marshals also assisted U.S. Capitol Police in safeguarding and providing escort for members of congress as both the House and Senate were called back into session to complete the electoral vote count. Deputy U.S. Marshals were relieved from their assignments shortly before midnight.

Subject: Numbers for DOJ response to Capitol
Importance: High

Andrew,

Good morning. The A/AG has requested several pieces of data about USMS's response to the Capitol. He is looking for the following: (1) total number of FBI personnel who were dispatched to the Capitol grounds; (2) specific types and groups of the personnel that were dispatched; (3) the dispatch and/or arrival times for each group; (4) the duties that each group were covering; and (5) any duties or actions that should be highlighted (ex. USMS cleared the Senate Chamber, USMS provided security for XXX Senate/House members, etc.). He wants these numbers for press and other information requests. The round-up below is what my people were able to cobble together overnight, but it is barebones at best. Is this something you can get or have one of the other Marshals get for us? The A/AG would like something this morning.

- USMS (at least (b) (7)(E) total)
 - Capital Area Regional Fugitive Task Force – (b) (7)(E) people
- USMS (b) (7)(E) – unknown number
- USMS Headquarters – (b) (7)(E) people

Thank you,

AD,

I just spoke with Commander [REDACTED]. In addition to the support CIB is providing for the SIOC we will provide additional analysts to assist with the cases that are being generated from events in DC. This will be remote assistance on case work ups and such. Additionally [REDACTED] will continue to use the VCC that was established last night to track progress of our missions.

If any of the Senior Staff need assistance accessing the VCC please go direct with Supervisor [REDACTED] and we will get you set up [REDACTED] is also working on the staffing for the SIOC and once we have that list completed I will provide that to the command staff.

Side note, I did reach out to TOD to see if a project code was available for this response and there is not one yet.

Subject: JOC Status

Gents,

I will be present in the JOC tomorrow. I do NOT anticipate an IMT deployment at this time.

Summary: Pro-President Trump rallies are scheduled in the NCR tomorrow. There has been some intel indicating the potential for violence and or targeting of federal buildings. The founder of the Proud Boys was arrested yesterday so this is a developing situation that will be monitored closely in the next 24 hours.

USMS Actions- IOD will place liaisons in the MPD CP and FBI SIOC. OEM will have the JOC available to activate. The MCV is staged to move as needed.

IMT- If the situation develops or prolongs past tomorrow, [REDACTED] (b) (7)(E) will be asked to deploy to the JOC. At this time, I would poll personal availability.

Inauguration:

DC/DC continues to run point on the coordination for the Inauguration as is standard practice historically. IMT's plan is as previously outlined in the CONOPs to prepare to deploy but there has been no activation request at this time. I agree with [REDACTED] recommendation that an assessment team from [REDACTED] (b) (7)(E) would be warranted. I would suggest a minimum of one of you, a Plans, and Logs Chief to deploy to [REDACTED] (b) (7)(E) in order to prepare for the full team deployment and activation of the JOC as needed.

To reiterate the CONOPs, [REDACTED] (b) (7)(E) should be prepared to be activated and provide some virtual support to the JOC initially if we activate the team. This will ensure continuity of operations as members travel into DC. As part of the preparations, please ensure at a

minimum that your deployable Plans Chiefs have access to the EOC Commander Inbox as well as yourselves. If not, let me know and I will get on it.

More to follow as it develops,

If we want to jump on a call and talk this out, let me know.

I 100% support assisting other USMS missions and I am happy to hear the awesome reputation of the team being requested for assistance. For information purposes to you and JSD, (b) (7)(E) is paid for and equipped by DoJ JMD SEPS as part of the SCEEM (Selected Cadre Emergency Escort Mission). Any requests for the activation of (b) (7)(E) come from DoJ SEPs to the TOD Office of Emergency Management who then activates (b) (7)(E). If JSD is requesting DUSMs from Superior Court who have certain skill sets and training, than that request should be approved by DCSC Management. Please call with questions.

DAD,

FYSA, the executive summary will be forthcoming, but in summary:

[REDACTED] has been released from any potential missions, MCV has just returned to Springfield. JOC will be deactivating as well. I anticipate no need for further standby for QRT response.

Just wanted to get this out to you in the case you have requests for IOD taskings for the ongoing investigations.

- *(U//FOUO)* A narrative gaining traction on thedonald.win is the attack on the capitol was a "False Flag operation" planned and executed by Antifa and democrats, possibly in collaboration with the FBI and CIA. According to individuals posting, the intent of the false flag operations are an attempt to make conservatives and Donald Trump supporters look bad. The promoters of the false flag theory are also warning people that the posters calling for protests in all the state capitols are actually a set-up by the Government and Antifa to frame conservatives and possibly draw them into violence. Force Laydown Map:

Infrastructure:

- Many road closures are ongoing in DC. See a list [here](#) and an interactive map [here](#).

- The National Park Service announced that the National Mall and Memorial Parks will be temporarily closed through 24 Jan, to include all public facilities, parking areas, and roadways.

(b) (7)(E)

Events/LE Status:

- According to the US Park Police and the DC Metropolitan PD, there are currently approximately 45 identified demonstrations planned for the National Capitol Region through 01 Feb 21 with attendance estimates ranging from one to 5,000. *(DHS Presidential Inauguration Summary, 1/19/2021)*
- There are a number of events planned for 1/20/2021 being monitored for criminal activity, including the Million Militia March, Stop the Steal March, Black Lives Matter March, Project 1599 March, and a rally to oppose the Million Militia March. *(NCR Watch Desk Situational Analysis Report, 1/19/2021)*
- A group identified as "Project 1599" are expected to march at the inauguration site on 20 January. The group has stated that they are protesting the "illegitimate inauguration of Biden" and expect 75,000 attendees. **There is no indication of civil disobedience.** *(OSI Situation Report, 01/19/21)*
- The cancellation of several planned events online, coupled with many individuals moving their communications to identified social media platforms, makes it difficult to identify the expected size and composition of the majority of planned gatherings in the NCR.
- As of 19 January, there are greater than 25,000 National Guard in Washington, DC. *(DHS Presidential Inauguration Summary, 1/19/2021)*. The NG are supporting the Capitol Police, Park Police, and DC Metro Police. This support includes troops on the ground tasked with Capitol security, as well as troops tasked with staffing Traffic Control Points and those classified as Quick Reaction Forces.
- The Federal Protective Service reports they are receiving calls asking how many officers are on shift.
- 911 Centers nationwide are reporting an increase in the number of calls asking about the posture of police forces. *(DHS Daily Inauguration Briefing, 1/19/2021)*

ESF#13 Activities:

- DEA/ HHS personnel were all COVID tested yesterday. All results were negative.

(b) (7)(E)

Bill,

I have only one very minor issue. In the log there has been a small error: It lists at 1552 "US Mayor order 6pm curfew" This should read DC Mayor orders 6pm curfew.

Executive Summary

Demonstration Activities in National Capital Region

January 6, 2021

Background: Washington, D.C. has prepared for permitted First Amendment gatherings during a period of January 5 through January 7, 2021 that have the potential to attract counter protests and violent opportunists.

Current Status:

- The Joint Operations Center (JOC) has been activated and will adjust hours based on events.
- (b) (7)(E) has coordinated with National Capital Region (NCR) District Management.
- (b) (7)(E) has a team on standby in Springfield, VA available to respond as directed.
- Investigative Operations Division (IOD) is staffing a liaison post at the Strategic Information and Operations Center (SIOC) and in contact with the Metropolitan Police Department (MPD).

JOC Updates:

- DHS SITROOM is being monitored by the JOC.
- (b) (7)(E) is prepared to respond to RFK and support Federal Bureau of Prisons (BOP) as directed.
- IOD will provide any real time updates on threats to United States Marshals Service (USMS) protected facilities or persons developed by partner agencies.
- As of 10:30 A.M., United States Secret Service (USSS) estimated 10,500 individuals have passed through the security points to the Ellipse site and an estimated 20,000 reported earlier around the Washington Monument.

Risks/Challenges: Nothing significant to report.

Next Steps: USMS assets will continue to coordinate the agencies efforts and response as needed

Dear Department, Agency, or Office Head:

The January 6, 2021 attack on our Capitol, one of the great symbols of American democracy, will forever be a stain on our Nation's history. The attackers failed to disrupt the work of Congress, due in large part to the heroic acts of many officers and congressional staff. Nevertheless, the security failures that led to the breach endangered not just the Vice President and the Congress, but the peaceful, democratic transfer of power itself. The American people deserve a complete accounting of those failures.

We respectfully request that you immediately arrange briefings with our Committees to provide all relevant information related to the attack on the Capitol, including all information known about potential violence prior to the attack, security precautions taken, and a detailed explanation of your agency's or department's security response. Please also provide the following information in writing and requested documents as soon as possible, but no later than February 19, 2021. All responsive classified documents and information should be provided to the Senate Security (SVC-217).

1. A detailed "tick-tock" timeline of your agency's or department's actions prior to the January 6, 2021, Joint Session of Congress, through the attack, and until the Capitol complex was declared secure.

2. What intelligence about potential demonstrations or violence on January 6, 2021 was generated or received by your agency or department in advance of the Capitol attack? Please also provide an accounting on how and when intelligence was disseminated by or to your agency or department; who the intelligence was shared with, both internally and externally; and what actions were taken in response to the intelligence. Please provide copies of all documents supporting these statements.
3. What protocols does your agency or department follow for a planned demonstration at the Capitol? Were any deviations made from those standard protocols before, on, or shortly after January 6, 2021, including whether certain equipment and rules of engagement should be used, a perimeter should be established, or if additional personnel should be on hand? If so, please describe who approved such deviations and when. Please provide copies of all such protocols, as well as documents supporting deviations from those protocols.
4. Within the past ten years, has your agency or department participated in any planning, including but not limited to joint training exercises, threat assessments, or tabletop exercises, relating to large-scale demonstrations or violence at the Capitol? If yes, please describe the date, scope, participants, and results of the planning, including any recommendations made. Please provide all supporting documents, including all reports, summaries, and analyses.
5. What, if any, planning for large-scale demonstrations or potential violence, including but not limited to joint training exercises, threat assessments, and intelligence sharing, occurred in advance of January 6, 2021? Where planning occurred, please describe when it occurred, what Federal, state, or local entities or task forces were involved, and all security recommendations made. Please also provide all supporting documents.
6. Did your agency or department stand up an operations center for the January 6, 2021 Joint Session of Congress? If yes, when was it activated, for what purposes, and what agencies and departments participated? If not, did your agency or department participate in an operations center led by another agency? What was the chain of command should a catastrophic event occur? Were plans discussed with your agency or department on the possibility of handling arrests of multiple individuals, including the transportation, housing, and processing of arrestees?
7. What role did your agency or department play during the January 6 attack? Please include an accounting of the number of personnel on duty on January 6 in connection with the Joint Session of Congress, including where these personnel were located. Please also explain how these figures changed throughout the day.
8. Does your agency or department have any mutual aid agreements with other law enforcement entities in the National Capital Region? If yes, please list those entities and provide all supporting documentation.

9. Did your agency or department receive requests for assistance? If yes, please describe the nature of the request, who made it and when, what assistance your agency or department provided, when it provided such assistance, who made the decision to provide such assistance, and how and when the assistance decision was conveyed to the requestor. Please provide all supporting documentation.
10. If your agency or department protects Federal facilities and/or individuals, what advanced training, including training with other law enforcement partners, threat assessments, and perimeter security assessments are typically done in advance of large-scale special events or protest activities? What modifications are typically made to perimeter security for Federal properties in advance of these kinds of events?
11. If your agency or department leads law enforcement or intelligence task forces, is the U.S. Capitol Police a participant? If so, please list those task forces.
12. What directives or orders were given to frontline officers from your agency or department and how were those communicated? Did your agency or department experience any radio outages or difficulty communicating? Please provide all recordings and documentation of these directives and describe your agency's or department's policy for retaining records after a large-scale incident.
13. Does your agency or department monitor and track potential demonstration activity on open source, public, or private social media platforms? What information did your agency or department obtain regarding how social media was used to organize and promote events leading to the Capitol attack? Did any social media company proactively communicate to your agency or department about potential suspicious or criminal conduct identified on its platform? If yes, please describe which company, the nature of the conduct, and all actions taken in response to the information. Please provide all reports, summaries, or analyses regarding social media developed by your agency or department.
14. Did your agency or department alter or change its planning for the Joint Session of Congress because of statements or input from any local, state, or Federal elected official? If so, please describe those changes and provide all relevant documentation.
15. What coordination occurred between your agency or department and the D.C. Mayor's office or private businesses in Maryland, Virginia, and the District of Columbia in advance of January 6, 2021?
16. Has your agency or department begun any investigation related to the events of January 6? If so, please describe who is leading the investigation, the scope of the investigation, and all investigative steps taken to-date.

February 8, 2021

17. Have any disciplinary actions been taken against employees of your agency or department related to the events on January 6? If yes, please describe those disciplinary actions in detail including, all investigations or removals from duty pending investigation.

Thank you for your time and attention to this important matter.

Sincerely,
