Subject: Disability Rights Florida - Letter to Governor DeSantis Regarding Florida's Vaccine Distribution Framework

Governor DeSantis, and relevant state officials:

Attached, please find Disability Rights Florida's comments regarding the state's COVID-19 vaccine distribution and administration planning efforts. Following our review of information that is publicly-available at the moment, we write to your Office in an effort to frame considerations of relevance to the state's disability populations as this planning commences. As has been the case since the COVID-19 pandemic began, Disability Rights Florida wishes to be a resource to the state and to your Office so that Floridians with disabilities remain safe and well-informed throughout the duration of this public health crisis. Please do not hesitate to contact our office if there is anything that we can do to support the state's efforts, or to further clarify its understanding of these matters.

Governor DeSantis:

As Florida begins its long-awaited initial phased distribution of COVID-19 vaccines across the state, Disability Rights Florida again writes to your Office to underscore several relevant considerations for ensuring that Florida's disability populations remain safe and adequately informed in the coming months. Since 1977, our organization has served as the state's federally designated Protection and Advocacy (P&A) system benefitting all persons with disabilities in the state through the provision of an array of client-directed and systemic intervention strategies authorized across a range of nine separate federal grants.

Equitable Treatment of Disability-Specific Congregate Living Settings

First, we again stress the importance of including all congregate residential settings serving individuals with disabilities within the state's definition and understanding of "long-term care" (LTC) facilities.[1] As you know,

[1] This includes ensuring the equitable characterization and treatment of staff and residents of congregate settings licensed and regulated by the state's Agency for Persons with Disabilities (such as group homes, adult foster care facilities, residential habilitation centers, and intermediate care facilities) as well as the state's Developmental Disability Centers – the Developmental Disabilities Defendant Program (DDDP), Sunland Center and Tacachale Center. This should also include all staff and residents of congregate settings licensed and regulated by the state's Department of Children and Families (such as psychiatric hospitals and psychiatric units, short term residential treatment and group home facilities, forensic facilities, and Baker or Marchman Act receiving facilities and crisis stabilization units), as well as other settings in the state such as jails, prisons, detention centers, and homeless shelters.

AMERICAN OVERSIGHT

many persons with disabilities have underlying health conditions that render them high-risk for experiencing complications and even death if exposed to COVID-19. For example, those with intellectual and developmental disabilities are almost three times as likely to die from COVID-19 as others who are infected, and people with chronic kidney or heart disease, cancer, and other comorbidities have a significantly elevated risk of death.[2] Many of these high-risk individuals live in congregate settings other than nursing homes or assisted living facilities, and according to the Kaiser Family Foundation, while those in long-term care facilities account for 6% of total COVID cases in the US, they simultaneously account for 40% of total COVID-related deaths.[3]

Past failures to identify and prioritize LTC settings other than nursing homes and assisted living facilities have resulted in coverage or protection gaps for many individuals with disabilities living in these populations. For example, when the state's mandatory facility testing protocols expired several months ago, the state argued that federal law requiring testing in nursing homes would sufficiently fill the void created by allowing these standards to lapse. However, the decision to jettison these testing requirements in this manner has left staff and providers of LTC settings other than nursing homes (as well as individuals with disabilities residing in these facilities) without equitable access to essential testing for months.[4]

Persons with disabilities and underlying health conditions that make them high-risk for infection should be prioritized within the state's response framework and understanding if they live in *any* type of congregate or shared residential setting – whether it be nursing homes, group homes, intermediate care facilities, psychiatric facilities, jails, or prisons. The risks to people living in congregate facilities – of all types – is well documented, and the state's planning for vaccine distribution and administration must properly encompass all such settings accordingly on an equitable basis as this planning commences.

The Importance of Informed Consent for Vaccinations Administered to Disability Populations

While it is important for Florida to grasp the full range of vulnerable populations residing statewide in its congregate facilities, it is just as important for the state to understand and contextualize the legitimate fears and natural aversions that many individuals with disabilities and their advocates maintain towards the prospect of forced or coerced vaccinations and other medical experimentation.[5] Not unlike similar well-founded and well-publicized aversions held by other socially marginalized groups[6] in this country, the reluctance of those with disabilities in the state to being among the first to receive COVID-19 vaccines

[4] During this time, although the state began directing its federal allotment of "rapid test" kits to nursing homes when these requirements expired, such "point of care" testing could not be administered to staff or providers of group homes in the state without first obtaining a federal testing waiver to permit administration.

Lockhart "Experts Warn of Low COVID Vaccine Trust Among Black Americans", *NBC News* (December 11,2020); Christopher Booker and Connie Kargbo "Inside the Attempt to Build Trust About the COVID-19 Vaccine in Black Communities", *PBS News Hour Weekend* (December 12, 2020).

AMERICAN OVERSIGHT

following the FDA's initial emergency authorization needs to be considered in good faith by public health officials in the state at this juncture. This is true despite substantial anecdotal and clinical support for the safety and efficacy of these vaccines.

While it is encouraging that your Office has routinely stressed its intention to administer these vaccines on a voluntary basis, the precise dimensions for how this voluntariness is to be cultivated across the state's interactions with disability populations is yet unknown. What efforts will be made to receive the informed consent of individuals who rely upon court-ordered guardians or similar surrogate decisionmakers to coordinate their medical care? How will individuals who are voluntarily or involuntarily residing in state hospitals or treatment centers be appropriately advised of the risks and benefits of vaccination?

Ensuring the Accessibility of Information Related to Vaccine Administration

Given the importance of hinging Florida's vaccine distribution and allocation planning on appropriately obtained informed consent, it is somewhat distressing to note that the state's "COVID-19 Vaccination Plan" contains no discussion or apparent consideration of the accessibility of information that it intends to communicate and disseminate to populations it will seek to vaccinate.[7] Ample portions of this planning reference various aspects of safety, awareness, and informational campaigns that the state intends to coordinate – including second-dose reminders, general program communication, vaccine safety monitoring, vaccination program monitoring, pre-vaccine communication strategies, limited vaccine availability communication strategies, and widespread vaccine availability communication strategies. It is imperative that Florida places an emphasis on targeted, accessible outreach to its disability populations for each of these communication strategies.

To facilitate both the efficacy of this vaccine planning as well as the requisite informed consent for its voluntary administration as your Office has regularly stated, Florida must ensure that materials regarding the vaccination protocol are accessible to all members of the public, including to people with disabilities and those with limited English proficiency. This includes – but is not limited to – providing such information in plain language, in screen-reader accessible formats, in other alternative formats needed by people with disabilities (including American Sign Language and graphic formats that are understandable by people who may not be able to read), and in the top 15 non-English languages spoken in the state.

Promoting Inclusive, Accessible Means and Modes of Vaccine Distribution and Administration

Finally, the state must once again ensure that reasonable modifications are ultimately available to its distribution and administration planning efforts for individuals with mobility impairments or who are otherwise transportation disadvantaged. Although it appears that a central feature of the federal-state "LTC pharmacy partnership" will involve pharmacists traveling to long-term care facilities to administer doses of the vaccines to residents directly, Florida should begin coordinating mobile vaccination programs and other no-cost transportation options to ensure that vaccinations are accessible to people with disabilities and older adults who do not drive or who are in settings that do not provide transportation. As was the case earlier in the pandemic when county health departments initially began offering testing programs on a widescale basis, vaccination programs likewise cannot be restricted to facility-based or "drive-up only" sites.

[7] Florida Department of Health "COVID-19 Vaccination Plan" (October 16, 2020). Available electronically at http://ww11.doh.state.fl.us/comm/_partners/covid19_report_archive/vaccination-plan/vaccination_plan_latest.pdf.

AMERICAN OVERSIGHT

Disability Rights Florida appreciates your Office's attention to the above considerations, and your commitment to ensuring the safety and well-being of all Floridians including those with disabilities during this time and throughout the duration of the COVID-19 pandemic. As you are aware, federal law[8] prohibits discrimination against individuals with disabilities in the provision of medical care and treatment. In March of this year, the US Department of Health and Human Services' Office for Civil Rights (OCR) issued a bulletin[9] affirming that these protections remain in place throughout the COVID-19 pandemic, noting that "persons with disabilities should not be denied medical care on the basis of stereotypes, assessments of quality of life, or judgments about a person's relative 'worth' based on the presence or absence of disabilities or age. Decisions by covered entities concerning whether an individual is a candidate for treatment should be based on an individualized assessment of the patient based on the best objective medical evidence."

Although the state has structured and promised an ostensibly elective or voluntary approach to statewide administration of its COVID-19 vaccines, all components of Florida's vaccine allocation framework must comply with federal civil rights laws and related directives from OCR. If there is anything that Disability Rights Florida may do to clarify these requirements – or to assist or collaborate on the above considerations and objectives – please do not hesitate to let our office know.

Very Sincerely,

/s/_____
Peter P. Sleasman

Subject: Note to Governors regarding Pfizer allocations

Dear Governor –

First, let us thank you for the historic partnership that has commenced as the first authorized vaccine to prevent COVID-19 has rolled out across the country. The cooperation between the governors, the private sector, and the federal government is crucial to successfully implement the largest vaccination program in recent history. We have made great progress since the distribution and administration effort was started less than one week ago as part of Operation Warp Speed (OWS), the historic effort that has delivered an FDA-authorized vaccine to Americans in record time.

We want to provide further perspective on the planning numbers generated in mid-November that are being compared with official weekly allocations. Official allocation numbers are only made available the week prior to distribution as they are based on the number of vaccine doses that have met FDA certification standards and have been released to the USG. The clarification that we hope to provide below is meant to address confusion and continue to provide states with further details to plan for vaccination efforts.

To assist jurisdictions in their planning, in November, OWS provided jurisdictions projected numbers of Pfizer vaccine doses for planning purposes through the end of December. Those projections were based on then-available manufacturing estimates that Pfizer provided to the USG. We hoped it was clear that those figures and the underlying projections from the companies were for planning purposes and could be refined, and that if the number of releasable doses from a manufacturer changed, the allocations to jurisdictions would change, too.

OWS can only allocate doses that have completed quality control and are released for distribution. For each allocation, OWS reserves a safety stock and then ships half of the remaining doses based on jurisdictions' orders, with half to be shipped several weeks later for a second dose. This is done to ensure that every American who receives a first shot can receive the second dose at the appropriate time.

Only three official allocation numbers have been provided to states: Week 1 Pfizer allocations were provided on Friday, November 20; week 1 Moderna allocations were provided on Friday, November 27; and week 2 Pfizer allocations were provided Tuesday, December 15.

Pfizer should have on-hand, to the best of our knowledge, more than 7 million doses for the U.S. vaccination effort:

- 2.9 million of which will be shipped as a second dose in three weeks;
- 500,000 doses as safety stock;
- Over 4 million doses for next week's allocation
    - Approximately 2 million of which will be delivered, at states' direction, to sites starting on Monday, December 21, with the other 2 million being held by Pfizer as a second dose.

All of these doses are spoken for. If Pfizer has more releasable doses available, we will add them to allocations for distribution. Pfizer assures us the United States is on track to receive at least 20 million doses by the end of December. As global production and supply increases, allocations may fluctuate accordingly.

We thank you for your partnership on this historic public health effort. We want to congratulate all jurisdictions that have begun their vaccination programs, and look forward to continuing to work with jurisdictions as the vaccine administration continues to scale. As you may have seen, a FDA advisory panel recently recommended the FDA approve Moderna's vaccine, and two other promising candidates from Johnson & Johnson and AstraZeneca are also in development. As has been the case throughout the process, we encourage states to continue updating and refining their plans in consultation with the CDC and OWS liaisons that they have been working with since planning commenced. We also encourage States to continue clearly communicating with local officials and other pertinent stakeholders. Operation Warp Speed and HHS continue to be transparent about vaccine distribution and allocation of all current and potential vaccine candidates.

Thank you.

Sincerely,

Darcie Johnston
Director, Intergovernmental Affairs
U.S. Department of Health and Human Services

Hello,

We recognize that this is a critical time for planning around COVID-19 vaccination efforts. As such, we are committed to letting you know about important updates.

Firstly, we are excited to announce that our Pfizer-BioNTech COVID-19 Vaccine website for US healthcare professionals is now available at www.cvdvaccine.com.

In addition, we wanted to let you know that Pfizer will be hosting a series of training sessions to review information and answer questions on storage, handling, and administration. Please click on the links below to join the sessions at the designated times.

The Pfizer-BioNTech COVID-19 Vaccine has not been approved or licensed by FDA, but has been authorized for emergency use by FDA under an Emergency Use Authorization to prevent Coronavirus Disease 2019 (COVID-19) for use in individuals 16 years of age and older. The emergency use of this product is only authorized for the duration of the declaration that circumstances exist justifying the authorization of emergency use of the medical product under Section 564(b)(1) of the FD&C Act unless the declaration is terminated or authorization revoked sooner.

Please see Emergency Use Authorization (EUA) Fact Sheet for Healthcare Providers Administering Vaccine (Vaccination Providers) including Full EUA Prescribing Information available at www.cvdvaccine.com.

Best,
Pfizer

If you no longer wish to receive Pfizer emails related to the Pfizer and BioNTech COVID-19 Vaccine State Readiness Support Site, please click here to unsubscribe. Please allow up to ten days for us to honor your request.

Subject: Draft Moderna Vaccine Consent Form
Importance: High

Good evening, Dr. Scheppke and Steve,

If you have a chance, please review the draft consent form for the Moderna vaccine that is attached. I am unsure if any of the screening questions need to be changed, so I have highlighted them.

I have updated it for only 18 years of age and older, everything else substantive is the same as the Pfizer form.

If anyone has any edits, just send them straight to me and I will finalize and send the final forms to everyone.

Thanks!

AMERICAN OVERSIGHT

NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

USES AND DISCLOSURES OF YOUR PROTECTED HEALTH INFORMATION

Protected health information includes demographic and medical information that concerns the past, present, or future physical or mental health of an individual. Demographic information could include your name, address, telephone number, social security number and any other means of identifying you as a specific person. Protected health information contains specific information that identifies a person or can be used to identify a person.

Protected health information is health information created or received by a health care provider, health plan, employer, or health care clearinghouse. The Department of Health can act as each of the above business types. This medical information is used by the Department of Health in many ways while performing normal business activities.

Your protected health information may be used or disclosed by the Department of Health for purposes of treatment, payment, and health care operations. *Health care professionals use medical information in the clinics or hospital to take care of you. Your protected health information may be shared, with or without your consent, with another health care provider for purposes of your treatment. The Department of Health may use or disclose your health information for case management and services. The Department of Health clinic or hospital may send the medical information to insurance companies, Medicaid, or community agencies to pay for the services provided you.*

Your information may be used by certain department personnel to improve the department's health care operations. The department also may send you appointment reminders, information about treatment options or other health-related benefits and services.

Some protected health information can be disclosed without your written authorization as allowed by law. Those circumstances include:

- Reporting abuse of children, adults, or disabled persons.
- Investigations related to a missing child.
- Internal investigations and audits by the department's divisions, bureaus, and offices.
- Investigations and audits by the state's Inspector General and Auditor General, and the legislature's Office of Program Policy Analysis and Government Accountability.
- Public health purposes, including vital statistics, disease reporting, public health surveillance, investigations, interventions, and regulation of health professionals.
- District medical examiner investigations;

AMERICAN OVERSIGHT

- Research approved by the department.
- Court orders, warrants, or subpoenas;
- Law enforcement purposes, administrative investigations, and judicial and administrative proceedings.

Other uses and disclosures of your protected health information by the department will require your written authorization. These uses and disclosures may be for marketing and for research purposes, certain uses and disclosure of psychotherapist notes, and the sale of protected health information resulting in remuneration to the Department of Health.

This authorization will have an expiration date that can be revoked by you in writing.

INDIVIDUAL RIGHTS

You have the right to request the Department of Health to restrict the use and disclosure of your protected health information to carry out treatment, payment, or health care operations. You may also limit disclosures to individuals involved with your care. The department is not required to agree to any restriction.

You have the right to be assured that your information will be kept confidential. The Department of Health will make contact with you in the manner and at the address or phone number you select. You may be asked to put your request in writing. If you are responsible to pay for services, you may provide an address other than your residence where you can receive mail and where we may contact you.

You have the right to inspect and receive a copy of your protected health information that is maintained by the Department of Health within 30 days of the Department's receipt of your request.to obtain a copy of your protected health information. You must complete the Department's Authorization to Disclosure Confidential Information form and submit the request to the county health department or Children's Medical Services office. If there are delays in getting you the information, you will be told the reason for the delay and the anticipated date when you will receive your information.

Your inspection of information will be supervised at an appointed time and place. You may be denied access as specified by law.

If you choose to receive a copy of your protected health information, you have the right to receive the information in the form or format you request. If the Department cannot produce it in that form or format, it will give you the information in a readable hard copy form or another form or format that you and the Department agree to.

The Department cannot give you access to psychotherapy notes or certain information being used in a legal proceeding. Records are maintained for specified periods of time in accordance with the law. If your request covers information beyond that time the Department is required to keep the record, the information may no longer be available.

AMERICAN OVERSIGHT

If access is denied, you have the right to request a review by a licensed health care professional who was not involved in the decision to deny access. This licensed health care professional will be designated by the department.

You have the right to correct your protected health information. Your request to correct your protected health information must be in writing and provide a reason to support your requested correction. The Department of Health may deny your request, in whole or part, if it finds the protected health information:

- Was not created by the department.
- Is not protected health information.
- Is by law not available for your inspection.
- Is accurate and complete.

If your correction is accepted, the department will make the correction and tell you and others who need to know about the correction. If your request is denied, you may send a letter detailing the reason you disagree with the decision. The department may respond to your letter in writing. You also may file a complaint, as described below in the section titled Complaints.

You have the right to receive a summary of certain disclosures the Department of Health may have made of your protected health information. This summary does not include:

- Disclosures made to you.
- Disclosures to individuals involved with your care.
- Disclosures authorized by you.
- Disclosures made to carry out treatment, payment, and health care operations.
- Disclosures for public health.
- Disclosures to health professional regulatory purposes.
- Disclosures to report abuse of children, adults, or disabled.
- Disclosures prior to April 14, 2003.

This summary does include disclosures made for:

- Purposes of research, other than those you authorized in writing.
- Responses to court orders, subpoenas, or warrants.

You may request a summary for not more than a 6 year period from the date of your request.

If you received this Notice of Privacy Practices electronically, you have the right to a paper copy upon request.

The Department of Health may mail or call you with health care appointment reminders.

DEPARTMENT OF HEALTH DUTIES

AMERICAN OVERSIGHT

The Department of Health is required by law to maintain the privacy of your protected health information. This Notice of Privacy Practices tells you how your protected health information may be used and how the department keeps your information private and confidential. This notice explains the legal duties and practices relating to your protected health information. The department has the responsibility to notify you following a breach of your unsecured protected health information.

As part of the department's legal duties this Notice of Privacy Practices must be given to you. The department is required to follow the terms of the Notice of Privacy Practices currently in effect.

The Department of Health may change the terms of its notice. The change, if made, will be effective for all protected health information that it maintains. New or revised notices of privacy practices will be posted on the Department of Health website at http://www.floridahealth.gov/about-the-department-of-health/about-us/patient-rights-and-safety/hipaa/index.html and will be available by email and at all Department of Health buildings. Also available are additional documents that further explain your rights to inspect and copy and amend your protected health information.

COMPLAINTS

If you believe your privacy health rights have been violated, you may file a complaint with the: Department of Health's Inspector General at 4052 Bald Cypress Way, BIN A03/ Tallahassee, FL 32399-1704/ telephone 850-245-4141 and with the Secretary of the U.S. Department of Health and Human Services at 200 Independence Avenue, S.W./ Washington, D.C. 20201/ telephone 202-619-0257 or toll free 877-696-6775.

The complaint must be in writing, describe the acts or omissions that you believe violate your privacy rights, and be filed within 180 days of when you knew or should have known that the act or omission occurred. The Department of Health will not retaliate against you for filing a complaint.

FOR FURTHER INFORMATION

Requests for further information about the matters covered by this notice may be directed to the person who gave you the notice, to the director or administrator of the Department of Health facility where you received the notice, or to the Department of Health's Inspector General at 4052 Bald Cypress Way, BIN A03/ Tallahassee, FL 32399-1704/ telephone 850-245-4141.

EFFECTIVE DATE

This Notice of Privacy Practices is effective beginning July 1, 2013, and shall be in effect until a new Notice of Privacy Practices is approved and posted.

Is this the patient's first or second dose of the COVID-19 vaccination? ☐ First Dose ☐ Second Dose

SECTION 2: COVID-19 SCREENING QUESTIONS

Please check YES or No for each question.	**Yes**	**No**
1. Are you sick today?		
2. Have you had a severe allergic reaction to a previous dose of this vaccine or to any of the ingredients of this vaccine?		
3. Do you carry an Epi-pen for emergency treatment of anaphylaxis?		
4. For women, are you pregnant or is there a chance you could become pregnant?		
5. For women, are you breastfeeding		
6. Have you had any other vaccinations in the previous 14 days?		
7. In the past two weeks, have you tested positive for COVID-19?		
8. Have you had in the last 10 days fever, chills, cough, shortness of breath, difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea, vomiting, or diarrhea?		

SECTION 3: IMMUNIZATION SCREENING GUIDANCE FOR COVID-19 VACCINE

Please check YES or No for each question.	**Yes**	**No**
9. Do you have allergies or reactions to any medications, foods, vaccines, or latex? Please explain:		
10. Are you immunocompromised or on a medicine that affects your immune system?		
11. Do you have a bleeding disorder or are you on a blood thinner/blood-thinning medication?		
12. Have you received a previous dose of any COVID-19 vaccine? If yes, which manufacturer's vaccine did you receive:		

- I certify that I am: (a) the patient and at least 18 years of age; (b) the legal guardian of the patient and confirm that the patient is at least 18 years of age; or (c) authorized to consent for vaccination for the patient named above. Further, I hereby give my consent to the Florida Department of Health (DOH) or its agents to administer the COVID-19 vaccine.
- I understand that this product has not been approved or licensed by FDA, but has been authorized for emergency use by FDA, under an EUA to prevent Coronavirus Disease 2019 (COVID-19) for use in individuals 18 years of age and older; and the emergency use of this product is only

AMERICAN OVERSIGHT

authorized for the duration of the declaration that circumstances exist justifying the authorization of emergency use of the medical product under Section 564(b)(1) of the FD&C Act unless the declaration is terminated or authorization revoked sooner.

- I understand that it is not possible to predict all possible side effects or complications associated with receiving vaccine(s). I understand the risks and benefits associated with the above vaccine and have received, read and/or had explained to me the Emergency Use Authorization Fact Sheet on the COVID-19 vaccine I have elected to receive. I also acknowledge that I have had a chance to ask questions and that such questions were answered to my satisfaction.
- I acknowledge that I have been advised to remain near the vaccination location for approximately 15 minutes after administration for observation. If I experience a severe reaction, I will call 9-1-1 or go to the nearest hospital.
- On behalf of myself, my heirs and personal representatives, I hereby release and hold harmless the State of Florida, the Florida Department of Health (DOH), and their staff, agents, successors, divisions, affiliates, subsidiaries, officers, directors, contractors and employees from any and all liabilities or claims whether known or unknown arising out of, in connection with, or in any way related to the administration of the vaccine listed above.
- I acknowledge that: (a) I understand the purposes/benefits of Florida SHOTS, Florida's immunization registry and (b) DOH will include my personal immunization information in Florida SHOTS and my personal immunization information will be shared with the Centers for Disease Control (CDC) or other federal agencies.
- I further authorize DOH or its agents to submit a claim to my insurance provider or Medicare Part B without supplemental coverage payment for me for the above requested items and services. I assign and request payment of authorized benefits be made on my behalf to DOH or its agents with respect to the above requested items and services. I understand that any payment for which I am financially responsible is due at the time of service or if DOH invoices me after the time of service, upon receipt of such invoice.
- I acknowledge receipt of the Notice of Privacy Rights.

FACT SHEET FOR RECIPIENTS AND CAREGIVERS
EMERGENCY USE AUTHORIZATION (EUA) OF THE MODERNA COVID-19 VACCINE TO PREVENT CORONAVIRUS DISEASE 2019 (COVID-19) IN INDIVIDUALS 18 YEARS OF AGE AND OLDER

You are being offered the Moderna COVID-19 Vaccine to prevent Coronavirus Disease 2019 (COVID-19) caused by SARS-CoV-2. This Fact Sheet contains information to help you understand the risks and benefits of the Moderna COVID-19 Vaccine, which you may receive because there is currently a pandemic of COVID-19.

The Moderna COVID-19 Vaccine is a vaccine and may prevent you from getting COVID-19. There is no U.S. Food and Drug Administration (FDA) approved vaccine to prevent COVID-19.

Read this Fact Sheet for information about the Moderna COVID-19 Vaccine. Talk to the vaccination provider if you have questions. It is your choice to receive the Moderna COVID-19 Vaccine.

The Moderna COVID-19 Vaccine is administered as a 2-dose series, 1 month apart, into the muscle.

The Moderna COVID-19 Vaccine may not protect everyone.

This Fact Sheet may have been updated. For the most recent Fact Sheet, please visit www.modernatx.com/covid19vaccine-eua.

WHAT YOU NEED TO KNOW BEFORE YOU GET THIS VACCINE

WHAT IS COVID-19?
COVID-19 is caused by a coronavirus called SARS-CoV-2. This type of coronavirus has not been seen before. You can get COVID-19 through contact with another person who has the virus. It is predominantly a respiratory illness that can affect other organs. People with COVID-19 have had a wide range of symptoms reported, ranging from mild symptoms to severe illness. Symptoms may appear 2 to 14 days after exposure to the virus. Symptoms may include: fever or chills; cough; shortness of breath; fatigue; muscle or body aches; headache; new loss of taste or smell; sore throat; congestion or runny nose; nausea or vomiting; diarrhea.

WHAT IS THE MODERNA COVID-19 VACCINE?
The Moderna COVID-19 Vaccine is an unapproved vaccine that may prevent COVID-19. There is no FDA-approved vaccine to prevent COVID-19.

The FDA has authorized the emergency use of the Moderna COVID-19 Vaccine to prevent COVID-19 in individuals 18 years of age and older under an Emergency Use Authorization (EUA).

For more information on EUA, see the "**What is an Emergency Use Authorization (EUA)?**" section at the end of this Fact Sheet.

AMERICAN OVERSIGHT

WHAT SHOULD YOU MENTION TO YOUR VACCINATION PROVIDER BEFORE YOU GET THE MODERNA COVID-19 VACCINE?

Tell your vaccination provider about all of your medical conditions, including if you:

- have any allergies
- have a fever
- have a bleeding disorder or are on a blood thinner
- are immunocompromised or are on a medicine that affects your immune system
- are pregnant or plan to become pregnant
- are breastfeeding
- have received another COVID-19 vaccine

WHO SHOULD GET THE MODERNA COVID-19 VACCINE?

FDA has authorized the emergency use of the Moderna COVID-19 Vaccine in individuals 18 years of age and older.

WHO SHOULD NOT GET THE MODERNA COVID-19 VACCINE?

You should not get the Moderna COVID-19 Vaccine if you:

- had a severe allergic reaction after a previous dose of this vaccine
- had a severe allergic reaction to any ingredient of this vaccine

WHAT ARE THE INGREDIENTS IN THE MODERNA COVID-19 VACCINE?

The Moderna COVID-19 Vaccine contains the following ingredients: messenger ribonucleic acid (mRNA), lipids (SM-102, polyethylene glycol [PEG] 2000 dimyristoyl glycerol [DMG], cholesterol, and 1,2-distearoyl-sn-glycero-3-phosphocholine [DSPC]), tromethamine, tromethamine hydrochloride, acetic acid, sodium acetate, and sucrose.

HOW IS THE MODERNA COVID-19 VACCINE GIVEN?

The Moderna COVID-19 Vaccine will be given to you as an injection into the muscle.

The Moderna COVID-19 Vaccine vaccination series is 2 doses given 1 month apart.

If you receive one dose of the Moderna COVID-19 Vaccine, you should receive a second dose of the same vaccine 1 month later to complete the vaccination series.

HAS THE MODERNA COVID-19 VACCINE BEEN USED BEFORE?

The Moderna COVID-19 Vaccine is an unapproved vaccine. In clinical trials, approximately 15,400 individuals 18 years of age and older have received at least 1 dose of the Moderna COVID-19 Vaccine.

WHAT ARE THE BENEFITS OF THE MODERNA COVID-19 VACCINE?

In an ongoing clinical trial, the Moderna COVID-19 Vaccine has been shown to prevent COVID-19 following 2 doses given 1 month apart. The duration of protection against COVID-19 is currently unknown.

AMERICAN OVERSIGHT

WHAT ARE THE RISKS OF THE MODERNA COVID-19 VACCINE?

Side effects that have been reported with the Moderna COVID-19 Vaccine include:

- Injection site reactions: pain, tenderness and swelling of the lymph nodes in the same arm of the injection, swelling (hardness), and redness
- General side effects: fatigue, headache, muscle pain, joint pain, chills, nausea and vomiting, and fever

There is a remote chance that the Moderna COVID-19 Vaccine could cause a severe allergic reaction. A severe allergic reaction would usually occur within a few minutes to one hour after getting a dose of the Moderna COVID-19 Vaccine. For this reason, your vaccination provider may ask you to stay at the place where you received your vaccine for monitoring after vaccination. Signs of a severe allergic reaction can include:

- Difficulty breathing
- Swelling of your face and throat
- A fast heartbeat
- A bad rash all over your body
- Dizziness and weakness

These may not be all the possible side effects of the Moderna COVID-19 Vaccine. Serious and unexpected side effects may occur. The Moderna COVID-19 Vaccine is still being studied in clinical trials.

WHAT SHOULD I DO ABOUT SIDE EFFECTS?

If you experience a severe allergic reaction, call 9-1-1, or go to the nearest hospital.

Call the vaccination provider or your healthcare provider if you have any side effects that bother you or do not go away.

Report vaccine side effects to **FDA/CDC Vaccine Adverse Event Reporting System (VAERS)**. The VAERS toll-free number is 1-800-822-7967 or report online to https://vaers.hhs.gov/reportevent.html. Please include "Moderna COVID-19 Vaccine EUA" in the first line of box #18 of the report form.

In addition, you can report side effects to ModernaTX, Inc. at 1-866-MODERNA (1-866-663-3762).

You may also be given an option to enroll in **v-safe. V-safe** is a new voluntary smartphone-based tool that uses text messaging and web surveys to check in with people who have been vaccinated to identify potential side effects after COVID-19 vaccination. **V-safe** asks questions that help CDC monitor the safety of COVID-19 vaccines. **V-safe** also provides second-dose reminders if needed and live telephone follow-up by CDC if participants report a significant health impact following COVID-19 vaccination. For more information on how to sign up, visit: www.cdc.gov/vsafe.

AMERICAN OVERSIGHT

WHAT IF I DECIDE NOT TO GET THE MODERNA COVID-19 VACCINE?
It is your choice to receive or not receive the Moderna COVID-19 Vaccine. Should you decide not to receive it, it will not change your standard medical care.

ARE OTHER CHOICES AVAILABLE FOR PREVENTING COVID-19 BESIDES MODERNA COVID-19 VACCINE?
Currently, there is no FDA-approved alternative vaccine available for prevention of COVID-19. Other vaccines to prevent COVID-19 may be available under Emergency Use Authorization.

CAN I RECEIVE THE MODERNA COVID-19 VACCINE WITH OTHER VACCINES?
There is no information on the use of the Moderna COVID-19 Vaccine with other vaccines.

WHAT IF I AM PREGNANT OR BREASTFEEDING?
If you are pregnant or breastfeeding, discuss your options with your healthcare provider.

WILL THE MODERNA COVID-19 VACCINE GIVE ME COVID-19?
No. The Moderna COVID-19 Vaccine does not contain SARS-CoV-2 and cannot give you COVID-19.

KEEP YOUR VACCINATION CARD
When you receive your first dose, you will get a vaccination card to show you when to return for your second dose of the Moderna COVID-19 Vaccine. Remember to bring your card when you return.

HOW CAN I LEARN MORE?
- Ask the vaccination provider
- Visit CDC at https://www.cdc.gov/coronavirus/2019-ncov/index.html
- Visit FDA at https://www.fda.gov/emergency-preparedness-and-response/mcm-legal-regulatory-and-policy-framework/emergency-use-authorization
- Contact your state or local public health department

AMERICAN OVERSIGHT

WHERE WILL MY VACCINATION INFORMATION BE RECORDED?
The vaccination provider may include your vaccination information in your state/local jurisdiction's Immunization Information System (IIS) or other designated system. This will ensure that you receive the same vaccine when you return for the second dose. For more information about IISs, visit: https://www.cdc.gov/vaccines/programs/iis/about.html.

WHAT IS THE COUNTERMEASURES INJURY COMPENSATION PROGRAM?
The Countermeasures Injury Compensation Program (CICP) is a federal program that may help pay for costs of medical care and other specific expenses of certain people who have been seriously injured by certain medicines or vaccines, including this vaccine. Generally, a claim must be submitted to the CICP within one (1) year from the date of receiving the vaccine. To learn more about this program, visit www.hrsa.gov/cicp/ or call 1-855-266-2427.

WHAT IS AN EMERGENCY USE AUTHORIZATION (EUA)?
The United States FDA has made the Moderna COVID-19 Vaccine available under an emergency access mechanism called an EUA. The EUA is supported by a Secretary of Health and Human Services (HHS) declaration that circumstances exist to justify the emergency use of drugs and biological products during the COVID-19 pandemic.

The Moderna COVID-19 Vaccine has not undergone the same type of review as an FDA-approved or cleared product. FDA may issue an EUA when certain criteria are met, which includes that there are no adequate, approved, and available alternatives. In addition, the FDA decision is based on the totality of the scientific evidence available showing that the product may be effective to prevent COVID-19 during the COVID-19 pandemic and that the known and potential benefits of the product outweigh the known and potential risks of the product. All of these criteria must be met to allow for the product to be used during the COVID-19 pandemic.

The EUA for the Moderna COVID-19 Vaccine is in effect for the duration of the COVID-19 EUA declaration justifying emergency use of these products, unless terminated or revoked (after which the products may no longer be used).

Get Outlook for iOS

From: NCIRD Immunization Grantee Mailbox (CDC) <nipgrant@cdc.gov>
Sent: Sunday, December 13, 2020 9:40:10 PM
To: NCIRD Immunization Grantee Mailbox (CDC) <nipgrant@cdc.gov>
Subject: Release of COVID-19 Clinical Websites and Resources

CDC is excited to announce updates to several COVID-19 vaccination websites and introduce the new Pfizer-BioNTech COVID-19 Vaccine web page.

- The COVID-19 vaccination website for healthcare professionalshas been updated to direct healthcare professionals to clinical information including ACIP recommendations, storage and handling information, and vaccination provider requirements and support.
- The new Pfizer-BioNTech COVID-19 Vaccine webpagehas information specific to Pfizer's vaccine, including resources to assist providers in storing, handling, and administering the vaccine. The materials now available on the webpage are attached to this email. Currently the page contains storage and handling information, and tomorrow we will update it with administration information; we are working to align this information with ACIP's clinical recommendations that will be released then.
- In the meantime, a presentation about ACIP recommendations were presented on a CDC partner call today. Slides from the presentation can be found at: https://www.cdc.gov/vaccines/covid-19/planning/index.html.
- Also new today are updates to CDC's COVID-19 vaccine information for consumers, including:
    - What to expect at your vaccination appointment
    - What to expect after getting vaccinated
    - Post-vaccination considerations for healthcare personnel
    - Post-vaccination considerations for long-term care residents
- Providers participating in the COVID-19 Vaccination Program can find information about the requirements of the CDC COVID-19 Vaccination Provider Agreement at COVID-19 Vaccination Provider Requirements and Support | CDCand on the websites listed in the footnotes of the agreement.

It's important to keep up to date with the latest information and we recommend checking these websites frequently. Also sign up for email updates on the sites to be notified when changes and updates are made.

AMERICAN OVERSIGHT

PLEASE DO NOT RESPOND OR REPLY DIRECTLY TO THIS E-MAIL

This message has been sent to program managers and field staff. Please review the individual announcements for contact information. If you do not see any contact information and need additional information, please contact your program manager. If you need access to the ISD Awardee SharePoint site, please contact your supervisor or your CDC project officer for more information.

AMERICAN OVERSIGHT

Dry Ice Safety
for Healthcare Professionals

What You Need

- Safety goggles
- Insulated gloves

What Is Dry Ice?

- Dry ice is carbon dioxide in solid form.
- Dry ice looks like ice but is a cryogenic material. It can cause severe frostbite upon contact with skin for more than a few seconds.
- Dry ice goes from a solid to a gas (sublimates) as it warms, releasing carbon dioxide.
- Dry ice is about twice as heavy as regular ice.

Working with Dry Ice

- Never handle dry ice with bare hands. Always wear gloves designed for very cold temperatures and safety goggles.
- Always work in a well-ventilated room.
- If dry ice spills on counters, floors, or other surfaces, don protective gloves before handling. If the dry ice is unusable, then dispose of it properly.
- Do not eat dry ice.

Storage of Dry Ice

- Store dry ice in a container that allows for the release of gas, such as a vented cooler or Styrofoam cooler.
- DO NOT store dry ice in a tightly sealed container. As dry ice changes from its frozen state to a gaseous state, it may cause an airtight container to expand and potentially explode.

- **Keep dry ice in a well-ventilated room.**
  Carbon dioxide can replace oxygen in closed spaces, creating an oxygen-deficient environment. This can result in suffocation.

Disposing of Dry Ice

- Do not put dry ice down a sink drain or toilet or into the trash.
- Dispose of dry ice in an open container in a well-ventilated room to sublimate.

Refer to a Safety Data Sheet (SDS) for more information, including first aid and accidental release measures. Consult with your Occupational Health and Safety Office for further guidance.

AMERICAN OVERSIGHT

Pfizer-BioNTECH COVID-19 Vaccine

Beyond Use Date/Time (BUD) Tracking Label for Vaccine During Refrigerator Storage

Before mixing, COVID-19 vaccine (Pfizer) may be stored in the refrigerator between 2°C and 8°C (36°F and 46°F) for up to 120 hours (5 days).

1. Place vaccine vials removed from frozen storage at the same time together in a resealable plastic bag or similar container.
2. Complete the information on the storage label and attach it to the container holding the unmixed vaccine vials.
3. Once labeled, store unmixed vaccine vials upright in the refrigerator between 2°C and 8°C (36°F and 46°F).

After 120 hours (5 days), remove any remaining vials from the refrigerator and discard. Follow the manufacturer's and your jurisdiction's guidance on proper disposal.

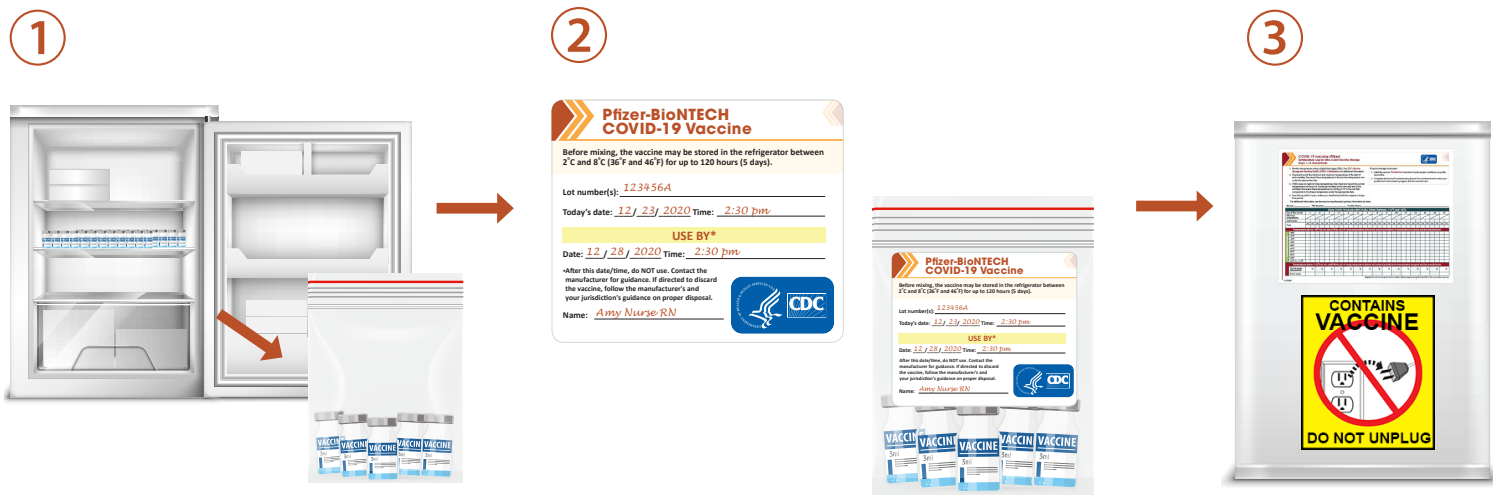
Do NOT keep vials together that were removed from frozen storage at different times.

Do NOT refreeze thawed vaccine.

Note: Storage labels on page 2 are formatted to print on 4" x 3-1/3" adhesive labels. We are unable to format for other size labels. If this size label is not available, print on paper and tape to container holding the vaccine.

REMEMBER!

Use vaccine vials stored in the refrigerator **before** removing additional vials from the freezer.



For additional information, see the vaccine manufacturer's product information at www.cvdvaccine.com

AMERICAN OVERSIGHT

Pfizer-BioNTECH COVID-19 Vaccine

Storage and Handling Summary

Basics

- Store vaccine in an ultra-cold freezer, thermal shipping container, or refrigerator. See guidance below for each storage unit.
- Follow the manufacturer's instructions for returning the thermal shipping container.
- Each thermal shipping container holds up to 5 trays of vaccine.
  - Each tray contains 195 multidose vials (975 doses).
- Use vaccine vials stored in the refrigerator before removing vials from frozen storage.
- Check and record storage unit temperature each workday. See guidance below for each type of storage unit. Save storage records for 3 years, unless your jurisdiction requires a longer time period.

Deliveries

Vaccine

When vaccine is delivered:

1. Open the thermal shipping container. Press on the stop shipment button on the temperature monitor device for 5 seconds.
2. The LED indicator light will change to a solid color and a temperature status report will be e-mailed to the person who ordered the vaccine.
3. Proceed based on the color of the LED indicator light. No color or red: Wait for the status report. Green: Unpack the vaccine.
4. Follow the manufacturer's guidance for unpacking the vaccine. Inspect the trays.
   - Do not open the vial trays or remove vials until ready to thaw/use the vaccine.
   - If storing the vaccine at ultra-cold temperatures, return vaccine to frozen storage within 5 minutes.

Dry Ice Safety

1. Dry ice is needed to maintain proper temperatures in the thermal shipping container.
2. Dry ice requires special handling.
3. Ensure staff is trained to handle dry ice safely and have proper PPE.
4. Do not use or store dry ice in confined areas, walk-in refrigerators, environmental chambers, or rooms without ventilation. A leak in such an area could cause an oxygen-deficient atmosphere.

Ancillary Supply Kit

Ancillary supply kit will be delivered separately from the vaccine and includes:

- Mixing supplies: Diluent, needles, syringes, and sterile alcohol prep pads.
  - Do NOT use mixing supplies to administer vaccine.
- Administration supplies: Needles, syringes, sterile alcohol prep pads, vaccination record cards, and some PPE supplies

Each ancillary supply kits contains enough supplies to mix and administer 1 tray of vaccine.

Ultra-Cold Freezer

Vaccine may be stored in an ultra-cold freezer between -80°C and -60°C (-112°F and -76°F).

Use a digital data logger (DDL) with a probe designed specifically to measure ultra-cold temperatures. Check and record the temperature daily using a temperature log for ultra-cold storage units. Use one of the options below:

- **Option 1:** If the DDL can measure minimum/maximum temperatures (min/max), check and record the min/max temperatures at the start of each workday.
- **Option 2:** If the DDL does not read min/max temperatures, check and record the current temperature at the start and end of each workday.

Vaccine may be stored until the expiration date. The expiration date could be extended as more stability data become available. Store vaccine vials upright in the tray and protect from light.

Thermal Shipping Container

CDC recommends providers consider using the thermal shipping container for temporary storage only. The container requires significant support to store vaccine at proper temperatures, including, trained staff, a regular supply of dry ice and standard operating procedures on regular maintenance.

AMERICAN OVERSIGHT

Pfizer-BioNTECH COVID-19 Vaccine
Storage and Handling Summary

Use the Controlant Temperature Monitoring Device (TMD), included with the thermal shipping container, to monitor the temperature.

- Up to 4 contacts can be identified to receive e-mails and text alerts on the temperature status of the container.
- Review daily e-mails on the status of the container.
- Save the final e-mail (full summary of status reports).

Replenish dry ice pellets (10 mm to 16 mm) within 24 hours of delivery and every 5 days after. Follow manufacturer's guidance for adding dry ice.

- Dry ice will be sent for the first re-icing.
- Additional dry ice shipments will NOT be provided. Arrange for dry ice to maintain the temperature of the container after the first re-ice.

Removing vaccine vials/doses for use:

- Determine the number of vials needed before opening the thermal shipping container.
- Open the thermal shipping container no more than 2 times per day for up to 3 minutes each time. Use packaging tape to reseal the outer carton after each entry.

Store vaccine vials upright in the tray and protect from light.

» Refrigerator

Before mixing, the vaccine may be stored in the refrigerator between 2°C and 8°C (36°F and 46°F) for up to 120 hours (5 days). After 120 hours (5 days), remove any remaining vials from the refrigerator and discard following the manufacturer's and your jurisdiction's guidance on proper disposal.

Use a DDL with a detachable probe that best reflects vaccine temperatures (e.g., probe buffered with glycol, glass beads, sand, or Teflon®). Check and record the temperature daily using a temperature log for ultra-cold storage units. Use one of the options below:

- **Option 1:** If the DDL can measure minimum/maximum temperatures (min/max), check and record the min/max temperatures at the start of each workday.
- **Option 2:** If the DDL does not read min/max temperatures, check and record the current temperature at the start and end of each workday.

Use beyond use date labels to track how long the vaccine has been in the refrigerator. Monitor the beyond-use-date/time.

- Place vaccine vials removed from frozen storage at the same time together in a resealable plastic bag or similar container.
- Complete the information on the storage label and attach it to the container holding the unmixed vaccine vials.
- Once labeled, store unmixed vaccine vials upright in the refrigerator.

Thawed vaccine cannot be refrozen.

» Diluent

0.9% sodium chloride (normal saline, preservative-free) diluent is included in the ancillary supply kits. Follow the manufacturer's guidance for storing the diluent.

» Mixed Vaccine

- Once mixed, vaccine can be left at room temperature (2°C to 25°C [35°F to 77°F]) for up to 6 hours.
- Discard any remaining vaccine after 6 hours.
- Mixed vaccine should NOT be returned to freezer storage.
- Mixed vaccine does not need to be protected from light.

AMERICAN OVERSIGHT

Pfizer-BioNTECH COVID-19 Vaccine

Temperature Log for Ultra-Cold Vaccine Storage (Celsius) Days 1–15

Store COVID-19 vaccine (Pfizer) between -80°C and -60°C. Using a digital data logger (DDL), check and record the temperature daily using one of the options below. Save this record for 3 years, unless your state/local jurisdiction requires a longer time period. See ***CDC's Vaccine Storage and Handling Toolkit*, COVID-19 Addendum,** for additional information.

Option 1: Minimum/Maximum (Min/Max) Temperatures

1. If the DDL can measure min/max temperatures, check and record the min/max temperatures at the start of each workday.
2. Document these temperatures in the min/max temperature row under the appropriate date.

Option 2: Current Temperature

1. If the DDL does not read min/max temperatures, check and record the current temperature at the start and end of the workday.
2. Document these temperatures by writing an "X" in the row that corresponds to the freezer temperature under the appropriate day of the month.

If the temperature is out of range, TAKE ACTION!

1. Do **NOT** discard the vaccine.
2. Label the vaccine **"Do Not Use."**
3. Complete the Vaccine Troubleshooting Record.
4. Contact the manufacturer to determine under what conditions (frozen or refrigerated) to store the vaccine as quickly as possible.

Pfizer-BioNTECH COVID-19 Vaccine

Temperature Log for Ultra-Cold Vaccine Storage (Fahrenheit) Days 16–31

Store COVID-19 vaccine (Pfizer) between -112°F and -76°F. Using a digital data logger (DDL), check and record the temperature daily using one of the options below. Save this record for 3 years, unless your state/local jurisdiction requires a longer time period. See ***CDC's Vaccine Storage and Handling Toolkit*, COVID-19 Addendum,** for additional information.

Option 1: Minimum/Maximum (Min/Max) Temperatures

1. If the DDL can measure min/max temperatures, check and record the min/max temperatures at the start of each workday.
2. Document these temperatures in the min/max temperature row under the appropriate date.

Option 2: Current Temperature

1. If the DDL does not read min/max temperatures, check and record the current temperature at the start and end of the workday.
2. Document these temperatures by writing an "X" in the row that corresponds to the freezer temperature under the appropriate day of the month.

If the temperature is out of range, TAKE ACTION!

1. Do **NOT** discard the vaccine.
2. Label the vaccine **"Do Not Use."**
3. Complete the Vaccine Troubleshooting Record.
4. Contact the manufacturer to determine under what conditions (frozen or refrigerated) to store the vaccine as quickly as possible.

Month _____ **PIN Number** _____

COVID-19 Vaccine Expiration Date Tracking Tool

Use this tracking tool to record updated expiration dates for COVID-19 vaccine as additional stability data are available from the manufacturer. When the current expiration date gets close, contact the manufacturer before discarding vaccine. Document the current date, the vaccine lot number, and the updated expiration date in the appropriate columns, including the information source and the name of the person completing this form. Keep this document for 3 years or longer if required by your jurisdiction..

Product name: _____ **Manufacturer:** _____ **Original Expiration Date:** _____

Expiration date info is available at (include all available information from manufacturer; website, app, phone number.)

Date	Lot Number	Updated Expiration Date	Info Source	Name
Example: 09/01/2020	*ABC123DEF456*	*06/30/2021*	☒ Website ☐ Barcode	*Susie Smith RN*

Subject: Resources Available to Support Moderna COVID-19 Vaccine

Good Morning,

As you may already be aware, Moderna has received Emergency Use Authorization for Moderna COVID-19 Vaccine. More information is available in our Press Release.

I want to make you aware of resources that can be helpful as your teams begin vaccinations.

Dedicated Website for HCPs and Vaccine Recipients

Information about Moderna COVID-19 Vaccine can be found by visiting https://www.modernatx.com/covid19vaccine-eua. Here you'll find helpful information such as:

- Fact sheet, prescribing information, and important safety information,
- A tool to determine the expiration date of each lot of vaccine,
- Storage & handling requirements,
- Dosing & administration information, and more.

Moderna Call Center

The Moderna Call Center is available from 8am to 8pm EST, Monday through Friday and can be reached at 1-866-MODERNA (1-866-663-3762). We are here to support you as you begin vaccinations and can assist in answering questions in real-time.

I'll follow up with you in the coming days but please reach out in the meantime if you need assistance or have other inquiries.

Respectfully,

Mark Hirth

Senior Director, Key Account Manager | Moderna

Subject: Re: SHOTS Update

Think we've figured out.

They added 2 more sites to their organization. All have been assigned the covid effort and are eligible to receive vaccine.

The 2 newly added sites were previously enrolled in VFC so we had to finish enrollment in VFA so they could receive adult covid vaccine.

The only remaining task they need to do is to log into SHOTS, print out their section A, which has been updated to now show 3 sites enrolled, and sign and email back to covidvaccineprogram@flhealth.gov

We can now add either all 3 sites to the week #2 moderna allocation or we can send to main site, Hendry Regional Medical Center (vfc 701738) and they can transfer to these other 2 sites.

Thanks,
Amy

Molly/Courtney,

Good morning. We have just spoken with the CEO from Hendry Regional Medical Center. He has been enrolled in SHOTS since 12/17 after much confusion over having to use the clinic instead of the

AMERICAN OVERSIGHT

hospital. Both parts of the registration are complete. He has stated that it still states processing even though he was told it is complete. He is extremely concerned about being able to receive vaccine having met the deadline prior to 10am on 12/18. Any assistance in being able to verify this hospitals enrollment and allocation of vaccine would be appreciated.

We continue to work on clearing the list and today also confirmed that UF HEALTH LEESBURG SENIOR BEHAVIORAL HEALTH CENTER and UF HEALTH THE VILLAGES HOSPITAL will be covered for vaccine allocation, administration and documentation by UF HEALTH LEESBURG which is already enrolled.

We will provide the updated spreadsheet on Monday but I wanted to draw your attention and assistance to Hendry if possible.

Thanks,

Mark

Subject: Update 1 - Pfizer Vaccine Consent Form

Good evening,

To be consistent with our screening of individuals that have received a vaccine within 14 days of being offered a COVID-19 vaccine, I have also updated the Pfizer-BioNTech vaccine consent form with that added question in Section 2. It reflects an effective date of 12.21.2020 and can replace the previous version from 12.13.2020.

Thank you,

Louise St. Laurent

Insurance Company : _____Insurance Company Phone #_____
Insured's Name:_____Relationship:_____Insured's Date of Birth_____

Is this the patient's first or second dose of the COVID-19 vaccination? ☐ First Dose ☐ Second Dose

SECTION 2: COVID-19 SCREENING QUESTIONS

Please check YES or No for each question.	Yes	No
1. Are you sick today?		
2. Have you had a severe allergic reaction to a previous dose of this vaccine or to any of the ingredients of this vaccine?		
3. Do you carry an Epi-pen for emergency treatment of anaphylaxis?		
4. For women, are you pregnant or is there a chance you could become pregnant?		
5. For women, are you breastfeeding		
6. Have you had any other vaccinations in the previous 14 days?		
7. In the past two weeks, have you tested positive for COVID-19?		
8. Have you had in the last 10 days fever, chills, cough, shortness of breath, difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea, vomiting, or diarrhea?		

SECTION 3: IMMUNIZATION SCREENING GUIDANCE FOR COVID-19 VACCINE

Please check YES or No for each question.	Yes	No
9. Do you have allergies or reactions to any medications, foods, vaccines, or latex? Please explain:		
10. Are you immunocompromised or on a medicine that affects your immune system?		
11. Do you have a bleeding disorder or are you on a blood thinner/blood-thinning medication?		
12. Have you received a previous dose of any COVID-19 vaccine? If yes, which manufacturer's vaccine did you receive:		

- I certify that I am: (a) the patient and at least 18 years of age; (b) the parent or legal guardian of the patient and confirm that the patient is at least 16 years of age; or (c) authorized to consent for vaccination for the patient named above. Further, I hereby give my consent to the Florida Department of Health (DOH) or its agents to administer the COVID-19 vaccine.
- I understand that this product has not been approved or licensed by FDA, but has been authorized for emergency use by FDA, under an EUA to prevent Coronavirus Disease 2019 (COVID-19) for use in individuals 16 years of age and older; and the emergency use of this product is only

AMERICAN OVERSIGHT

authorized for the duration of the declaration that circumstances exist justifying the authorization of emergency use of the medical product under Section 564(b)(1) of the FD&C Act unless the declaration is terminated or authorization revoked sooner.

- I understand that it is not possible to predict all possible side effects or complications associated with receiving vaccine(s). I understand the risks and benefits associated with the above vaccine and have received, read and/or had explained to me the Emergency Use Authorization Fact Sheet on the COVID-19 vaccine I have elected to receive. I also acknowledge that I have had a chance to ask questions and that such questions were answered to my satisfaction.
- I acknowledge that I have been advised to remain near the vaccination location for approximately 15 minutes after administration for observation. If I experience a severe reaction, I will call 9-1-1 or go to the nearest hospital.
- On behalf of myself, my heirs and personal representatives, I hereby release and hold harmless the State of Florida, the Florida Department of Health (DOH), and their staff, agents, successors, divisions, affiliates, subsidiaries, officers, directors, contractors and employees from any and all liabilities or claims whether known or unknown arising out of, in connection with, or in any way related to the administration of the vaccine listed above.
- I acknowledge that: (a) I understand the purposes/benefits of Florida SHOTS, Florida's immunization registry and (b) DOH will include my personal immunization information in Florida SHOTS and my personal immunization information will be shared with the Centers for Disease Control (CDC) or other federal agencies.
- I further authorize DOH or its agents to submit a claim to my insurance provider or Medicare Part B without supplemental coverage payment for me for the above requested items and services. I assign and request payment of authorized benefits be made on my behalf to DOH or its agents with respect to the above requested items and services. I understand that any payment for which I am financially responsible is due at the time of service or if DOH invoices me after the time of service, upon receipt of such invoice.
- I acknowledge receipt of the Notice of Privacy Rights.

AMERICAN OVERSIGHT

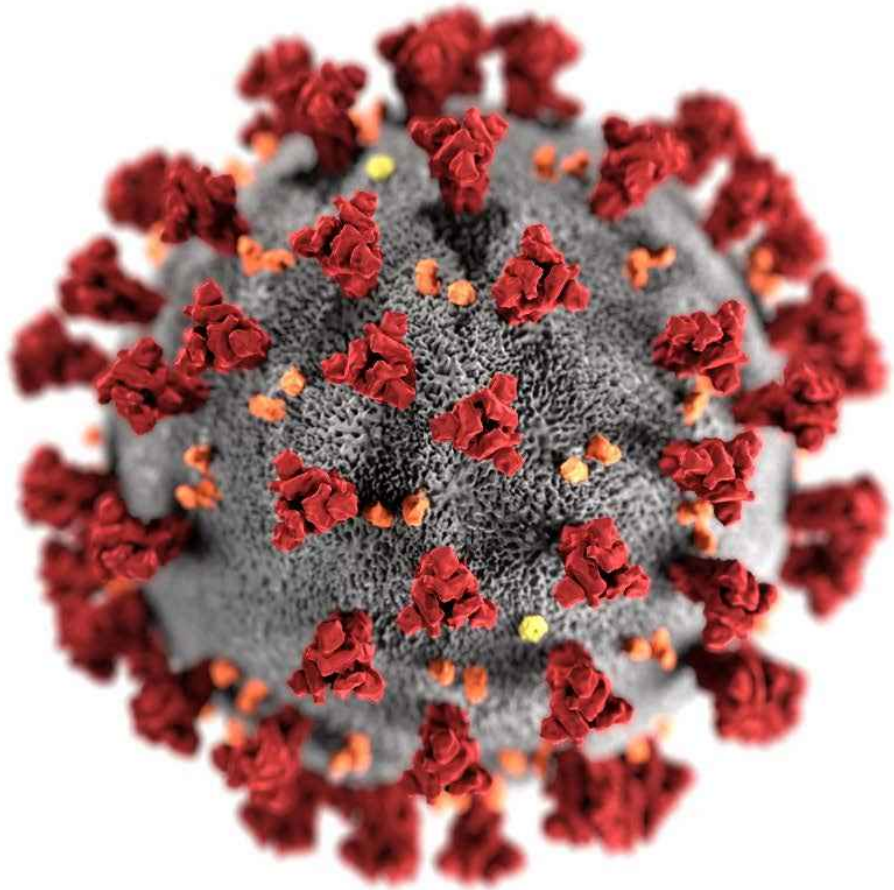
ACIP COVID-19 Vaccines Work Group

Use of Pfizer-BioNTech COVID-19 Vaccine: Clinical Considerations



Sarah Mbaeyi, MD MPH

December 12, 2020

AMERICAN OVERSIGHT

FL-DOH-21-0168-A-078598

Clinical considerations for use of Pfizer-BioNTech COVID-19 vaccine

- Clinical considerations are based on information submitted to the Food and Drug Administration for Emergency Use Authorization (EUA) of the vaccine
  - May be updated as further information becomes available

- In addition to these considerations, the EUA conditions of use and the package insert should be referenced when using the vaccine

AMERICAN OVERSIGHT

https://www.fda.gov/media/144412/download
https://www.fda.gov/media/144413/download

Administration

AMERICAN OVERSIGHT

Administration

- 2-dose series administered intramuscularly 3 weeks apart
- Administration of 2nd dose within 4-day grace period (e.g., day 17-21) considered valid
- If >21 days since 1st dose, 2nd dose should be administered at earliest opportunity (but no doses need to be repeated)
- Both doses are necessary for protection; efficacy of a single dose has not been systematically evaluated

AMERICAN OVERSIGHT

Interchangeability with other COVID-19 vaccine products

- Pfizer-BioNTech COVID-19 vaccine not interchangeable with other COVID-19 vaccine products
  - Safety and efficacy of a mixed series has not been evaluated
- Persons initiating series with Pfizer-BioNTech COVID-19 vaccine should complete series with same product
- If two doses of different mRNA COVID-19 vaccine products inadvertently administered, no additional doses of either vaccine recommended at this time
  - Recommendations may be updated as further information becomes available or additional vaccine types authorized

AMERICAN OVERSIGHT

Coadministration with other vaccines

- Pfizer-BioNTech COVID-19 vaccine should be administered alone with a minimum interval of 14 days before or after administration with any other vaccines
  - Due to lack of data on safety and efficacy of the vaccine administered simultaneously with other vaccines

- If Pfizer-BioNTech COVID-19 vaccine is inadvertently administered within 14 days of another vaccine, doses do not need to be repeated for either vaccine

AMERICAN OVERSIGHT

Vaccination of persons with prior SARS-CoV-2 infection or exposure

AMERICAN OVERSIGHT

Persons with a history of SARS-CoV-2 infection

- Vaccination should be offered to persons regardless of history of prior symptomatic or asymptomatic SARS-CoV-2 infection
  - Data from phase 2/3 clinical trials suggest vaccination safe and likely efficacious in these persons

- Viral or serologic testing for acute or prior infection, respectively, is not recommended for the purpose of vaccine decision-making

AMERICAN OVERSIGHT

Persons with known current SARS-CoV-2 infection

- Vaccination should be deferred until recovery from acute illness (if person had symptoms) *and* criteria have been met to discontinue isolation

- No minimal interval between infection and vaccination

- However, current evidence suggests reinfection uncommon in the 90 days after initial infection and thus persons with documented acute infection in the preceding 90 days may defer vaccination until the end of this period, if desired

AMERICAN OVERSIGHT

https://www.cdc.gov/coronavirus/2019-ncov/hcp/disposition-in-home-patients.html
https://www.cdc.gov/coronavirus/2019-ncov/hcp/duration-isolation.html

Persons who previously received passive antibody therapy for COVID-19

- Currently no data on safety or efficacy of COVID-19 vaccination in persons who received monoclonal antibodies or convalescent plasma as part of COVID-19 treatment

- Vaccination should be deferred for at least 90 days to avoid interference of the treatment with vaccine-induced immune responses
  - Based on estimated half-life of therapies and evidence suggesting reinfection is uncommon within 90 days of initial infection

AMERICAN OVERSIGHT

Persons with a known SARS-CoV-2 exposure

- **Community or outpatient setting:**
  - Defer vaccination until quarantine period has ended to avoid exposing healthcare personnel (HCP) or other persons during vaccination visit

- **Residents of congregate healthcare settings (e.g., long-term care facilities):**
  - May be vaccinated, as likely would not result in additional exposures. HCP are already in close contact with residents and should employ appropriate infection prevention and control procedures

- **Residents of other congregate settings (e.g., correctional facilities, homeless shelters)**
  - May be vaccinated, in order to avoid delays and missed opportunities for vaccination
  - Where feasible, precautions should be taken to limit mixing of these individuals with other residents or non-essential staff

AMERICAN OVERSIGHT

https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/quarantine.html
https://www.cdc.gov/coronavirus/2019-ncov/hcp/infection-control-recommendations.html

Vaccination of special populations

AMERICAN OVERSIGHT

Persons with underlying medical conditions

- Vaccine may be administered to persons with underlying medical conditions who have no contraindications to vaccination

- Phase 2/3 clinical trials demonstrate similar safety and efficacy profiles in persons with underlying medical conditions, including those that place them at increased risk for severe COVID-19, compared to persons without comorbidities

AMERICAN OVERSIGHT

https://www.cdc.gov/coronavirus/2019-ncov/need-extra-precautions/people-with-medical-conditions.html

Immunocompromised persons

- Persons with HIV infection, other immunocompromising conditions, or who take immunosuppressive medications or therapies might be at increased risk for severe COVID-19

- Data not currently available to establish safety and efficacy of vaccine in these groups

- These individuals may still receive COVID-19 vaccine unless otherwise contraindicated

- Individuals should be counseled about:
  - Unknown vaccine safety and efficacy profiles in immunocompromised persons
  - Potential for reduced immune responses
  - Need to continue to follow all current guidance to protect themselves against COVID-19

AMERICAN OVERSIGHT

https://www.cdc.gov/coronavirus/2019-ncov/need-extra-precautions/people-with-medical-conditions.html

Pregnant women

- There are no data on the safety of COVID-19 vaccines in pregnant women
  - Animal developmental and reproductive toxicity (DART) studies are ongoing
  - Studies in humans are ongoing and more planned

- mRNA vaccines and pregnancy
  - Not live vaccines
  - They are degraded quickly by normal cellular processes and don't enter the nucleus of the cell

- COVID-19 and pregnancy
  - Increased risk of severe illness (ICU admission, mechanical ventilation and death)
  - Might be an increased risk of adverse pregnancy outcomes, such as preterm birth

- If a woman is part of a group (e.g., healthcare personnel) who is recommended to receive a COVID-19 vaccine and is pregnant, she may choose to be vaccinated. A discussion with her healthcare provider can help her make an informed decision.

AMERICAN OVERSIGHT

https://www.cdc.gov/coronavirus/2019-ncov/need-extra-precautions/pregnancy-breastfeeding.html

Pregnant women

- Considerations for vaccination:
  - level of COVID-19 community transmission, (risk of acquisition)
  - her personal risk of contracting COVID-19, (by occupation or other activities)
  - the risks of COVID-19 to her and potential risks to the fetus
  - the efficacy of the vaccine
  - the known side effects of the vaccine
  - the lack of data about the vaccine during pregnancy

- Pregnant women who experience fever following vaccination should be counseled to take acetaminophen as fever has been associated with adverse pregnancy outcomes

- Routine testing for pregnancy prior to receipt of a COVID-19 vaccine is not recommended.

AMERICAN OVERSIGHT

Breastfeeding/Lactating women

- There are no data on the safety of COVID-19 vaccines in lactating women or the effects of mRNA vaccines on the breastfed infant or milk production/excretion

- mRNA vaccines are not considered live virus vaccines and are not thought to be a risk to the breastfeeding infant

- If a lactating woman is part of a group (e.g., healthcare personnel) who is recommended to receive a COVID-19 vaccine, she may choose to be vaccinated

AMERICAN OVERSIGHT

Patient vaccine counseling

AMERICAN OVERSIGHT

Reactogenicity

- Before vaccination, providers should counsel vaccine recipients about expected local and systemic post-vaccination symptoms

- Unless a person develops a contraindication to vaccination, they should be encouraged to complete the series even if they develop post-vaccination symptoms in order to optimize protection against COVID-19

- Antipyretic or analgesic medications may be taken for treatment of post-vaccination symptoms
  - Routine prophylaxis for the purposes of preventing symptoms is not recommended at this time, due to lack of information on impact of use on vaccine-induced antibody responses

AMERICAN OVERSIGHT

Vaccine efficacy

- Two doses required to achieve high efficacy
  - Efficacy after 2nd dose: 95.0% (95% CI: 90.3%, 97.6%)

- Patients should be counseled on importance of completing the 2-dose series in order to optimize protection

AMERICAN OVERSIGHT

Public health recommendations for vaccinated persons

- Protection from vaccine is not immediate; vaccine is a 2-dose series and will take 1 to 2 weeks following the second dose to be considered fully vaccinated

- No vaccine is 100% effective

- Given the currently limited information on how well the vaccine works in the general population; how much it may reduce disease, severity, or transmission; and how long protection lasts, vaccinated persons should continue to follow all current guidance to protect themselves and others, including:
  - Wearing a mask
  - Staying at least 6 feet away from others
  - Avoiding crowds
  - Washing hands often
  - Following CDC travel guidance
  - Following quarantine guidance after an exposure to someone with COVID-19
  - Following any applicable workplace or school guidance

AMERICAN OVERSIGHT

https://www.cdc.gov/coronavirus/2019-ncov/index.html

Contraindications and precautions

AMERICAN OVERSIGHT

Contraindications and precautions

- Package insert:
  - Severe allergic reaction (e.g., anaphylaxis) to any component of the Pfizer-BioNTech COVID-19 vaccine is a contraindication to vaccination
  - Appropriate medical treatment used to manage immediate allergic reactions must be immediately available in the event an acute anaphylactic reaction occurs following administration of the vaccine

- Because of reports of anaphylactic reactions vaccinated outside of clinical trials, the additional following guidance is proposed:
  - Persons who have had a severe allergic reaction to any vaccine or injectable therapy (intramuscular, intravenous, or subcutaneous) should not receive the Pfizer-BioNTech vaccine at this time
  - Vaccine providers should observe patients after vaccination to monitor for the occurrence of immediate adverse reactions:
    - Persons with a history of anaphylaxis: 30 minutes
    - All other persons: 15 mins

AMERICAN OVERSIGHT

Interpretation of SARS-CoV-2 test results in vaccinated person

AMERICA OVERSIGHT

SARS-CoV-2 tests

- **Viral tests:** Prior receipt of the Pfizer-BioNTech COVID-19 vaccine will not affect the results of SARS-CoV-2 nucleic acid amplification or antigen tests

- **Antibody tests:**
  - Currently available antibody tests for SARS-CoV-2 assess IgM and/or IgG to spike or nucleocapsid proteins
  - Pfizer-BioNTech COVID-19 vaccine contains mRNA that encodes the spike protein; thus, a positive test for spike protein IgM/IgG could indicate either prior infection or vaccination
  - To evaluate for evidence of prior infection in an individual with a history of Pfizer-BioNTech COVID-19 vaccination, a test specifically evaluating IgM/IgG to the nucleocapsid protein should be used

AMERICAN OVERSIGHT

https://www.fda.gov/medical-devices/coronavirus-disease-2019-covid-19-emergency-use-authorizations-medical-devices/eua-authorized-serology-test-performance

Discussion

Discussion

- Does ACIP agree with the guidance around use in:
  - Immunocompromised persons
  - Pregnant or lactating women
- Does ACIP agree with the proposed contraindications to vaccination?
- Are there any other sections of the clinical considerations that ACIP would like to discuss?

AMERICAN OVERSIGHT

Proposed Edits to 2021 Immunization Schedules

AMERICAN OVERSIGHT

COVID-19 Vaccine

- Addendum to Recommended Adult Immunization Schedule, United States, 2021
- Addendum to Recommended Child/Adolescent Immunization Schedule, United States, 2021

AMERICAN OVERSIGHT

Notes Recommended Adult Immunization Schedule, United States, 2021

For vaccine recommendations for persons 18 years of age or younger, see the Recommended Child/Adolescent Immunization Schedule.

Additional Information

COVID-19 Vaccination
ACIP recommends use of COVID-19 vaccines within the scope of the Emergency Use Authorization or Biologics License Application for the particular vaccine. Interim ACIP recommendations for the use of COVID-19 vaccines can be found at https://www.cdc.gov/vaccines/hcp/acip-recs/vacc-specific/covid-19.html

***Haemophilus influenzae* type B vaccination**

- **At risk for hepatitis A virus infection**: 2-dose series HepA or 3-dose series HepA-HepB as above
  - **Chronic liver disease** (e.g., persons with hepatitis B, hepatitis C, cirrhosis, fatty liver disease, alcoholic liver disease, autoimmune hepatitis, alanine aminotransferase [ALT] or aspartate aminotransferase [AST] level greater than twice the upper limit of normal)
  - **HIV infection**
  - **Men who have sex with men**
  - **Injection or noninjection drug use**
  - **Persons experiencing homelessness**
  - **Work with hepatitis A virus** in research laboratory or with nonhuman primates with hepatitis A virus infection
  - **Travel in countries with high or intermediate endemic hepatitis A** (HepA-HepB [Twinrix] may be administered on an accelerated weeks apart] or 3-dose series Engerix-B or Recombivax HB at 0, 1, 6 months [minimum intervals: dose 1 to dose 2: 4 weeks / dose 2 to dose 3: 8 weeks / dose 1 to dose 3: 16 weeks]) or 3-dose series HepA-HepB (Twinrix at 0, 1, 6 months [minimum intervals: dose 1 to dose 2: 4 weeks / 5 dose 2 to dose 3: 5 months])

Special situations

- **At risk for hepatitis B virus infection**: 2-dose (Heplisav-B) or 3-dose (Engerix-B, Recombivax HB) series or 3-dose series HepA-HepB (Twinrix) as above
  - **Chronic liver disease** (e.g., persons with hepatitis C, cirrhosis, fatty liver disease, alcoholic liver disease, autoimmune hepatitis, alanine aminotransferase [ALT] or aspartate aminotransferase [AST] level greater than twice upper limit of normal)
  - **HIV infection**

AMERICAN OVERSIGHT

Notes Recommended Child and Adolescent Immunization Schedule for ages 18 years or younger, United States, 2021

For vaccine recommendations for persons 19 years of age or older, see the Recommended Adult Immunization Schedule.

Additional information

COVID-19 Vaccination

ACIP recommends use of COVID-19 vaccines within the scope of the Emergency Use Authorization or Biologics License Application for the particular vaccine. Interim ACIP recommendations for the use of COVID-19 vaccines can be found at https://www.cdc.gov/vaccines/hcp/acip-recs/vacc-

- Consult relevant ACIP statements for detailed recommendations at www.cdc.gov/vaccines/hcp/acip-recs/index.html.

The repeat dose should be spaced after the invalid dose by the recommended minimum interval. For further details, see Table 3-1, Recommended and minimum ages and intervals between vaccine doses, in *General Best Practice Guidelines for Immunization* at www.cdc.gov/vaccines/hcp/acip-recs/general-recs/timing.html.

- Information on travel vaccine requirements and recommendations is available at http://www.cdc.gov/travel/.

- For vaccination of persons with immunodeficiencies, see Table 8-1, Vaccination of persons with primary and secondary immunodeficiencies, in *General Best Practice Guidelines for Immunization* at https://www.cdc.gov/vaccines/hcp/acip-recs/general-recs/immunocompetence.html, and "Immunization in Special Clinical Circumstances" (In: Kimberlin DW, Brady MT, Jackson MA, Long SS, eds. *Red Book: 2018 Report of the Committee*

AMERICAN OVERSIGHT

Pfizer-BioNTECH COVID-19 Vaccine

Temperature Log for Ultra-Cold Vaccine Storage (Celsius) Days 1–15

Store COVID-19 vaccine (Pfizer) between -80°C and -60°C. Using a digital data logger (DDL), check and record the temperature daily using one of the options below. Save this record for 3 years, unless your state/local jurisdiction requires a longer time period. See ***CDC's Vaccine Storage and Handling Toolkit*, COVID-19 Addendum,** for additional information.

Option 1: Minimum/Maximum (Min/Max) Temperatures

1. If the DDL can measure min/max temperatures, check and record the min/max temperatures at the start of each workday.
2. Document these temperatures in the min/max temperature row under the appropriate date.

Option 2: Current Temperature

1. If the DDL does not read min/max temperatures, check and record the current temperature at the start and end of the workday.
2. Document these temperatures by writing an "X" in the row that corresponds to the freezer temperature under the appropriate day of the month.

If the temperature is out of range, TAKE ACTION!

1. Do **NOT** discard the vaccine.
2. Label the vaccine **"Do Not Use."**
3. Complete the Vaccine Troubleshooting Record.
4. Contact the manufacturer to determine under what conditions (frozen or refrigerated) to store the vaccine as quickly as possible.

FLORIDA VACCINES FOR CHILDREN (VFC) PROGRAM

Vaccine Transfer Packing Slip

To preserve the vaccine viability, it is important to maintain the "cold-chain" when transporting vaccines. Providers must handle, store, and transport vaccines properly. NOTE: Do not transfer open vials.

Provider Transferring the vaccine(s)

VFC PIN: 481046 Provider Name: 1MTL - MAITLAND CENTER
Telephone #: (407)660-7000 Date: 12/14/2020

Print Name: MEGAN SWEET

Provider Receiving the vaccine(s)

VFC PIN:060031 Provider Name: CENTRAL PHARMACY

When receiving the vaccines listed below, please verify the vaccines are in viable condition and the cold-chain has not been compromised.

Name of the Vaccine/Mfg	Lot Number	NDC	Expiration Date	Number of Doses
COVID-19 PFIZER - COVID-19 Pfizer PFR-PFIZER, INC	DUMMY	59267-1000-02	12/31/2020	10

To avoid vaccines becoming unserviceable, the provider will ensure:

- all vaccines are immediately and properly stored.
- the refrigerator temperature for storage is within the range.
- to use the vaccines with the shortest expiration date first.

------ This is a packing slip. Please do not fax this form to the VFC program ------

CDC-RFA-IP19-1901 Immunizations and Vaccines for Children
Supplemental COVID 19 #2 Funding - December 2020

Program Technical Review

Applicant: **Florida**

Amount Requested: $ 8,792,153

CDC Reviewer Name: Nathan Crawford

2020 Supplemental COVID-19 Vaccination Planning and Implementation: Purpose and Target Groups

The primary purpose of this supplemental funding is to support the COVID-19 vaccination planning and implementation. Required activities include: Implementing COVID-19 vaccination plan, Upholding operational readiness for vaccinating the specific populations, Begin vaccination of priority populations, and Reporting all required COVID-19 vaccine administration data.

CDC Program Reviewer Comments

Budget Review Proposed budget must follow CDC budget guidelines.

Please see CDC review comments below:
Personnel/fringe:
The budget for "personnel" is not sufficiently itemized and is missing key details about these personnel. Please refer to CDC guidance here and provide the needed additional details.
https://www.cdc.gov/grants/documents/budget-preparation-guidance.pdf

Supplies:
The budget for "supplies" is not sufficiently itemized and is missing key details. Please refer to CDC guidance here and provide the needed additional details.
https://www.cdc.gov/grants/documents/budget-preparation-guidance.pdf

Travel:

FACT SHEET FOR RECIPIENTS AND CAREGIVERS

EMERGENCY USE AUTHORIZATION (EUA) OF THE PFIZER-BIONTECH COVID-19 VACCINE TO PREVENT CORONAVIRUS DISEASE 2019 (COVID-19) IN INDIVIDUALS 16 YEARS OF AGE AND OLDER

You are being offered the Pfizer-BioNTech COVID-19 Vaccine to prevent Coronavirus Disease 2019 (COVID-19) caused by SARS-CoV-2. This Fact Sheet contains information to help you understand the risks and benefits of the Pfizer-BioNTech COVID-19 Vaccine, which you may receive because there is currently a pandemic of COVID-19.

The Pfizer-BioNTech COVID-19 Vaccine is a vaccine and may prevent you from getting COVID-19. There is no U.S. Food and Drug Administration (FDA) approved vaccine to prevent COVID-19.

Read this Fact Sheet for information about the Pfizer-BioNTech COVID-19 Vaccine. Talk to the vaccination provider if you have questions. It is your choice to receive the Pfizer-BioNTech COVID-19 Vaccine.

The Pfizer-BioNTech COVID-19 Vaccine is administered as a 2-dose series, 3 weeks apart, into the muscle.

The Pfizer-BioNTech COVID-19 Vaccine may not protect everyone.

This Fact Sheet may have been updated. For the most recent Fact Sheet, please see www.cvdvaccine.com.

WHAT YOU NEED TO KNOW BEFORE YOU GET THIS VACCINE?

WHAT IS COVID-19?

COVID-19 disease is caused by a coronavirus called SARS-CoV-2. This type of coronavirus has not been seen before. You can get COVID-19 through contact with another person who has the virus. It is predominantly a respiratory illness that can affect other organs. People with COVID-19 have had a wide range of symptoms reported, ranging from mild symptoms to severe illness. Symptoms may appear 2 to 14 days after exposure to the virus. Symptoms may include: fever or chills; cough; shortness of breath; fatigue; muscle or body aches; headache; new loss of taste or smell; sore throat; congestion or runny nose; nausea or vomiting; diarrhea.

WHAT IS THE PFIZER-BIONTECH COVID-19 VACCINE?

The Pfizer-BioNTech COVID-19 Vaccine is an unapproved vaccine that may prevent COVID-19. There is no FDA-approved vaccine to prevent COVID-19.

AMERICAN OVERSIGHT

The FDA has authorized the emergency use of the Pfizer-BioNTech COVID-19 Vaccine to prevent COVID-19 in individuals 16 years of age and older under an Emergency Use Authorization (EUA).

For more information on EUA, see the "**What is an Emergency Use Authorization (EUA)?**" section at the end of this Fact Sheet.

WHAT SHOULD YOU MENTION TO YOUR VACCINATION PROVIDER BEFORE YOU GET THE PFIZER-BIONTECH COVID-19 VACCINE?

Tell the vaccination provider about all of your medical conditions, including if you:

- have any allergies
- have a fever
- have a bleeding disorder or are on a blood thinner
- are immunocompromised or are on a medicine that affects your immune system
- are pregnant or plan to become pregnant
- are breastfeeding
- have received another COVID-19 vaccine

WHO SHOULD GET THE PFIZER-BIONTECH COVID-19 VACCINE?

FDA has authorized the emergency use of the Pfizer-BioNTech COVID-19 Vaccine in individuals 16 years of age and older.

WHO SHOULD <u>NOT</u> GET THE PFIZER-BIONTECH COVID-19 VACCINE?

You should not get the Pfizer-BioNTech COVID-19 Vaccine if you:

- had a severe allergic reaction after a previous dose of this vaccine
- had a severe allergic reaction to any ingredient of this vaccine

WHAT ARE THE INGREDIENTS IN THE PFIZER-BIONTECH COVID-19 VACCINE?

The Pfizer BioNTech COVID-19 Vaccine includes the following ingredients: mRNA, lipids ((4-hydroxybutyl)azanediyl)bis(hexane-6,1-diyl)bis(2-hexyldecanoate), 2 [(polyethylene glycol)-2000]-N,N-ditetradecylacetamide, 1,2-Distearoyl-sn-glycero-3-phosphocholine, and cholesterol), potassium chloride, monobasic potassium phosphate, sodium chloride, dibasic sodium phosphate dihydrate, and sucrose.

HOW IS THE PFIZER-BIONTECH COVID-19 VACCINE GIVEN?

The Pfizer-BioNTech COVID-19 Vaccine will be given to you as an injection into the muscle.

The Pfizer-BioNTech COVID-19 Vaccine vaccination series is 2 doses given 3 weeks apart.

If you receive one dose of the Pfizer-BioNTech COVID-19 Vaccine, you should receive a second dose of this same vaccine 3 weeks later to complete the vaccination series.

AMERICAN OVERSIGHT

HAS THE PFIZER-BIONTECH COVID-19 VACCINE BEEN USED BEFORE?
The Pfizer-BioNTech COVID-19 Vaccine is an unapproved vaccine. In clinical trials, approximately 20,000 individuals 16 years of age and older have received at least 1 dose of the Pfizer-BioNTech COVID-19 Vaccine.

WHAT ARE THE BENEFITS OF THE PFIZER-BIONTECH COVID-19 VACCINE?
In an ongoing clinical trial, the Pfizer-BioNTech COVID-19 Vaccine has been shown to prevent COVID-19 following 2 doses given 3 weeks apart. The duration of protection against COVID-19 is currently unknown.

WHAT ARE THE RISKS OF THE PFIZER-BIONTECH COVID-19 VACCINE?
Side effects that have been reported with the Pfizer-BioNTech COVID-19 Vaccine include:

- injection site pain
- tiredness
- headache
- muscle pain
- chills
- joint pain
- fever
- injection site swelling
- injection site redness
- nausea
- feeling unwell
- swollen lymph nodes (lymphadenopathy)

There is a remote chance that the Pfizer-BioNTech COVID-19 Vaccine could cause a severe allergic reaction. A severe allergic reaction would usually occur within a few minutes to one hour after getting a dose of the Pfizer-BioNTech COVID-19 Vaccine. Signs of a severe allergic reaction can include:

- Difficulty breathing
- Swelling of your face and throat
- A fast heartbeat
- A bad rash all over your body
- Dizziness and weakness

These may not be all the possible side effects of the Pfizer-BioNTech COVID-19 Vaccine. Serious and unexpected side effects may occur. Pfizer-BioNTech COVID-19 Vaccine is still being studied in clinical trials.

WHAT SHOULD I DO ABOUT SIDE EFFECTS?
If you experience a severe allergic reaction, call 9-1-1, or go to the nearest hospital.

Call the vaccination provider or your healthcare provider if you have any side effects that bother you or do not go away.

AMERICAN OVERSIGHT

Report vaccine side effects to **FDA/CDC Vaccine Adverse Event Reporting System (VAERS)**. The VAERS toll-free number is 1-800-822-7967 or report online to https://vaers.hhs.gov/reportevent.html. Please include "Pfizer-BioNTech COVID-19 Vaccine EUA" in the first line of box #18 of the report form.

In addition, you can report side effects to Pfizer Inc. at the contact information provided below.

Website	Fax number	Telephone number
www.pfizersafetyreporting.com	1-866-635-8337	1-800-438-1985

WHAT IF I DECIDE NOT TO GET THE PFIZER-BIONTECH COVID-19 VACCINE?
It is your choice to receive or not receive the Pfizer-BioNTech COVID-19 Vaccine. Should you decide not to receive it, it will not change your standard medical care.

ARE OTHER CHOICES AVAILABLE FOR PREVENTING COVID-19 BESIDES PFIZER-BIONTECH COVID-19 VACCINE?
Currently, there is no approved alternative vaccine available for prevention of COVID-19. FDA may allow the emergency use of other vaccines to prevent COVID-19.

CAN I RECEIVE THE PFIZER-BIONTECH COVID-19 VACCINE WITH OTHER VACCINES?
There is no information on the use of the Pfizer-BioNTech COVID-19 Vaccine with other vaccines.

WHAT IF I AM PREGNANT OR BREASTFEEDING?
If you are pregnant or breastfeeding, discuss your options with your healthcare provider.

WILL THE PFIZER-BIONTECH COVID-19 VACCINE GIVE ME COVID-19?
No. The Pfizer-BioNTech COVID-19 Vaccine does not contain SARS-CoV-2 and cannot give you COVID-19.

KEEP YOUR VACCINATION CARD
When you get your first dose, you will get a vaccination card to show you when to return for your second dose of Pfizer-BioNTech COVID-19 Vaccine. Remember to bring your card when you return.

AMERICAN OVERSIGHT

ADDITIONAL INFORMATION

If you have questions, visit the website or call the telephone number provided below.

To access the most recent Fact Sheets, please scan the QR code provided below.

Global website	Telephone number
www.cvdvaccine.com	1-877-829-2619 (1-877-VAX-CO19)

HOW CAN I LEARN MORE?

- Ask the vaccination provider.
- Visit CDC at https://www.cdc.gov/coronavirus/2019-ncov/index.html.
- Visit FDA at https://www.fda.gov/emergency-preparedness-and-response/mcm-legal-regulatory-and-policy-framework/emergency-use-authorization.
- Contact your local or state public health department.

WHERE WILL MY VACCINATION INFORMATION BE RECORDED?

The vaccination provider may include your vaccination information in your state/local jurisdiction's Immunization Information System (IIS) or other designated system. This will ensure that you receive the same vaccine when you return for the second dose. For more information about IISs visit: https://www.cdc.gov/vaccines/programs/iis/about.html.

WHAT IS THE COUNTERMEASURES INJURY COMPENSATION PROGRAM?

The Countermeasures Injury Compensation Program (CICP) is a federal program that may help pay for costs of medical care and other specific expenses of certain people who have been seriously injured by certain medicines or vaccines, including this vaccine. Generally, a claim must be submitted to the CICP within one (1) year from the date of receiving the vaccine. To learn more about this program, visit www.hrsa.gov/cicp/ or call 1-855-266-2427.

WHAT IS AN EMERGENCY USE AUTHORIZATION (EUA)?

The United States FDA has made the Pfizer-BioNTech COVID-19 Vaccine available under an emergency access mechanism called an EUA. The EUA is supported by a Secretary of Health and Human Services (HHS) declaration that circumstances exist to justify the emergency use of drugs and biological products during the COVID-19 pandemic.

The Pfizer-BioNTech COVID-19 Vaccine has not undergone the same type of review as an FDA-approved or cleared product. FDA may issue an EUA when certain criteria are met, which includes that there are no adequate, approved, available alternatives. In addition, the FDA decision is based on the totality of scientific evidence available showing that the product may be effective to prevent COVID-19 during the COVID-19

AMERICAN OVERSIGHT

pandemic and that the known and potential benefits of the product outweigh the known and potential risks of the product. All of these criteria must be met to allow for the product to be used in the treatment of patients during the COVID-19 pandemic.

The EUA for the Pfizer-BioNTech COVID-19 Vaccine is in effect for the duration of the COVID-19 EUA declaration justifying emergency use of these products, unless terminated or revoked (after which the products may no longer be used).

Post COVID-19 Vaccine Information

This informational tool includes important things to know about reporting adverse events from your COVID-19 vaccination (based on subject matter review/input, CDC sources and the 12/11/20 FDA Fact Sheet for Recipients and Caregivers)

If you or a family member has received the COVID-19 vaccination and has a severe adverse event, you should seek emergency medical care.

1. **WHAT IS COVID-19?** COVID-19 disease is caused by a coronavirus called SARS-CoV-2. This type of coronavirus has not been seen before. You can get COVID-19 through contact with another person who has the virus. It is predominantly a respiratory illness that can affect other organs. People with COVID-19 have had a wide range of symptoms reported, ranging from mild symptoms to severe illness. Symptoms may appear 2 to 14 days after exposure to the virus. Symptoms may include fever or chills; cough; shortness of breath; fatigue; muscle or body aches; headache; new loss of taste or smell; sore throat; congestion or runny nose; nausea or vomiting; diarrhea.

2. **WHAT IS THE PFIZER-BIONTECH COVID-19 VACCINE?** The Pfizer-BioNTech COVID-19 Vaccine is an unapproved vaccine that may prevent COVID-19. There is no FDA-approved vaccine to prevent COVID-19. The FDA has authorized the emergency use of the Pfizer-BioNTech COVID-19 Vaccine to prevent COVID-19 in individuals 16 years of age and older under an Emergency Use Authorization (EUA). For more information on EUA, see the "What is an Emergency Use Authorization (EUA)?" section at the end of this Fact Sheet.

3. **I THINK I AM HAVING AN ADVERSE REACTION TO THE COVID-19 VACCINE I RECEIVED TODAY.**

Contact your primary healthcare provider to report your symptoms. If symptoms are severe you should always seek emergency medical treatment.

4. **WHAT SHOULD I DO ABOUT SIDE EFFECTS?** If you experience a severe allergic reaction, call 9-1-1, or go to the nearest hospital.

Call the vaccination provider or your healthcare provider if you have any side effects that bother you or do not go away.

AMERICAN OVERSIGHT

5. I HAVE A SORE ARM AND RECEIVED THE COVID-19 VACCINE TODAY.

Tenderness at the site of administration for a vaccine can occur. Follow your healthcare provider's instructions for care after your shot.

6. I MYSELF OR MY LOVED ONE SEEMS TO BE VERY SICK AFTER RECEIVING THE COVID-19 VACCINE. SHOULD I CALL THE DOCTOR?

If you are worried about how you or your family member looks or feels, call your healthcare provider or the nearest hospital emergency department.

7. WHAT ARE THE MAIN RISKS or SIDE EFFECTS OF THE PFIZER-BIONTECH COVID-19 VACCINE? (or I do not have the paper my healthcare provider gave me with the potential vaccine reactions, can you tell me what they are?)

Side effects that have been reported with the Pfizer-BioNTech COVID-19 Vaccine include:

- injection site pain
- tiredness
- headache
- muscle pain
- chills
- joint pain
- fever
- injection site swelling
- injection site redness
- nausea
- feeling unwell
- swollen lymph nodes (lymphadenopathy)

There is a remote chance that the Pfizer-BioNTech COVID-19 Vaccine could cause a severe allergic reaction. A severe allergic reaction would usually occur within a few minutes to one hour after getting a dose of the Pfizer-BioNTech COVID-19 Vaccine.

Signs of a severe allergic reaction can include:

- Difficulty breathing
- Swelling of your face and throat

DRAFT
AMERICAN OVERSIGHT

- A fast heartbeat
- A bad rash all over your body
- Dizziness and weakness

These may not be all the possible side effects of the Pfizer-BioNTech COVID-19 Vaccine. Serious and unexpected side effects may occur. Pfizer-BioNTech COVID-19 Vaccine is still being studied in clinical trials.

8. WHO SHOULD GET THE PFIZER-BIONTECH COVID-19 VACCINE?

- FDA has authorized the emergency use of the Pfizer-BioNTech COVID-19 Vaccine in individuals 16 years of age and older.

9. WHO SHOULD NOT GET THE PFIZER-BIONTECH COVID-19 VACCINE?

You should not get the Pfizer-BioNTech COVID-19 Vaccine if you:

- had a severe allergic reaction after a previous dose of this vaccine
- had a severe allergic reaction to any ingredient of this vaccine

10. WHAT ARE THE INGREDIENTS IN THE PFIZER-BIONTECH COVID-19 VACCINE?

The Pfizer BioNTech COVID-19 Vaccine includes the following ingredients:

mRNA, lipids ((4-hydroxybutyl)azanediyl)bis(hexane-6,1-diyl)bis(2-hexyldecanoate), 2 [(polyethylene glycol)-2000]-N,N-ditetradecylacetamide, 1,2-Distearoyl-sn-glycero-3-phosphocholine, and cholesterol), potassium chloride, monobasic potassium phosphate, sodium chloride, dibasic sodium phosphate dihydrate, and sucrose.

11. WHAT SHOULD YOU MENTION TO YOUR VACCINATION PROVIDER BEFORE YOU GET THE PFIZER-BIONTECH COVID-19 VACCINE?

Tell the vaccination provider about all your medical conditions, including if you:

- have any allergies
- have a fever
- have a bleeding disorder or are on a blood thinner
- are immunocompromised or are on a medicine that affects your immune system
- are pregnant or plan to become pregnant

AMERICAN OVERSIGHT

• are breastfeeding

• have received another COVID-19 vaccine

HOW IS THE PFIZER-BIONTECH COVID-19 VACCINE GIVEN? The Pfizer-BioNTech COVID-19 Vaccine will be given to you as an injection into the muscle. The Pfizer-BioNTech COVID-19 Vaccine vaccination series is 2 doses given 3 weeks apart. If you receive one dose of the Pfizer-BioNTech COVID-19 Vaccine, you should receive a second dose of this same vaccine 3 weeks later to complete the vaccination series.

12. HAS THE PFIZER-BIONTECH COVID-19 VACCINE BEEN USED BEFORE? The Pfizer-BioNTech COVID-19 Vaccine is an unapproved vaccine. In clinical trials, approximately 20,000 individuals 16 years of age and older have received at least 1 dose of the Pfizer-BioNTech COVID-19 Vaccine.

13. WHAT ARE THE BENEFITS OF THE PFIZER-BIONTECH COVID-19 VACCINE? In an ongoing clinical trial, the Pfizer-BioNTech COVID-19 Vaccine has been shown to prevent COVID-19 following 2 doses given 3 weeks apart. The duration of protection against COVID-19 is currently unknown.

14. HOW CAN I REPORT AN ADVERSE EVENT FROM THE COVID-19 VACCINE?

The Florida Dept. of Health (FDOH) COVID-19 call center is available 24/7. You can reach the FDOH COVID-19 hotline by calling 1-866-779-6121 or by email at COVID-19@flhealth.gov.

15. AS PART OF ENSURING FURTHER VACCINE SAFETY, I HAVE HEARD THAT EXPERTS ARE TRACKING SIDE EFFECTS INFORMATION TO GET MORE DATA AND HELP MORE PEOPLE. WHAT STEPS DO I NEED TO TAKE WHEN I NEED TO REPORT SIDE EFFECTS?

- Contact your primary healthcare provider to report your symptoms. Ask them to report the reaction to the Vaccine Adverse Event Reporting System (VAERS), or you can file the report directly through VAERS. The VAERS toll-free number is 1-800-822-7967 or report online to https://vaers.hhs.gov/reportevent.html.
- Please include “Pfizer-BioNTech COVID-19 Vaccine EUA” in the first line of box #18 of the VAERS report form.
- **VAERS does not provide medical advice**.

AMERICAN OVERSIGHT

- VAERS covers the entire U.S. population:
  - 320 million U.S. residents as a covered population for safety monitoring
  - All ages, races, occupations (including healthcare workers) states/jurisdictions, healthy people, those with chronic health problems, long-term care facility residents, older adults living in the community, etc.

16. I HAVE HEARD OF V-SAFE AS A PHONE-BASED APPLICATION TO HELP WITH MONITORING COVID-19 SIDE EFFECTS. WHAT IS V-SAFE?

- **V-safe** is a smartphone-based tool that uses text messaging and web surveys to provide personalized health check-ins after you receive a COVID-19 vaccination. Through v-safe, you can quickly tell CDC if you have any side effects after getting the COVID-19 vaccine. Depending on your answers, someone from CDC may call to check on you. And v-safe will remind you to get your second COVID-19 vaccine dose if you need one.

- **How do I download the V-safe app on my smartphone?** Sign up with your smartphone's browser at vsafe.cdc.gov

- **How can I participate?** Your participation in CDC's **V-safe** makes a difference—it helps keep COVID-19 vaccines safe. Once you get a COVID-19 vaccine, you can enroll in **V-safe** using your smartphone. Participation is voluntary and you can opt out at any time. You will receive text messages from **V-safe** around 2 p.m. local time. To opt out, simply text "STOP" when **V-safe** sends you a text message. You can also start **V-safe** again by texting "START."

- **How long do V-safe check-ins last?**
  During the first week after you get your vaccine, **V-safe** will send you a text message each day to ask how you are doing. Then you will get check-in messages once a week for up to 5 weeks. The questions **V-safe** asks should take less than 5 minutes to answer. If you need a second dose of vaccine, **V-safe** will provide a new 6-week check-in process so you can share your second-dose vaccine experience as well. You'll also receive check-ins 3, 6, and 12 months after your final dose of vaccine.

- **Is my health information safe in V-safe?** Yes. Your personal information in **V-safe** is protected so that it stays confidential and private.

17. IS THERE YET ANOTHER OPTION FOR ME TO REPORT COVID-19 RELATED SIDE EFFECTS?

AMERICAN OVERSIGHT

In addition, you can report side effects to Pfizer Inc. at the contact information provided below.

- Website: www.pfizersafetyreporting.com
- Fax number 1-866-635-8337
- Telephone number 1-800-438-1985

18. **WHAT IF I AM PREGNANT OR BREASTFEEDING?** Available data on Pfizer-BioNTech COVID-19 Vaccine administered to pregnant women are insufficient to inform vaccine-associated risks in pregnancy. Data are not available to assess the effects of Pfizer-BioNTech COVID-19 Vaccine on the breastfed infant or on milk production/excretion. If a woman is part of a group (e.g., healthcare personnel) who is recommended to receive a COVID-19 vaccine and is pregnant, she may choose to be vaccinated. A discussion with her healthcare provider can help her make an informed decision.

19. **WHAT IS THE ROLE OF THE COVID-19 VACCINE IN PEDIATRIC POPULATIONS?**

Emergency Use Authorization of Pfizer-BioNTech COVID-19 Vaccine in adolescents 16 and 17 years of age is based on extrapolation of safety and effectiveness from adults 18 years of age and older. Emergency Use Authorization of Pfizer BioNTech COVID-19 Vaccine does not include use in individuals younger than 16 years of age.

20. **WHAT IS THE ROLE OF THE COVID-19 VACCINE IN GERIATRIC POPULATIONS?**

Clinical studies of Pfizer-BioNTech COVID-19 Vaccine include participants 65 years of age and older and their data contributes to the overall assessment of safety and efficacy. Of the total number of Pfizer-BioNTech COVID-19 Vaccine recipients in Study 2 (N=20,033), 21.4% (n=4,294) were 65 years of age and older and 4.3% (n=860) were 75 years of age and older.

21. **WILL THE PFIZER-BIONTECH COVID-19 VACCINE GIVE ME COVID-19?** No. The Pfizer-BioNTech COVID-19 Vaccine does not contain SARS-CoV-2 and cannot give you COVID-19.

22. **I have heard the vaccine is highly effective ~ almost 95% - of not getting into trouble with COVID-19 disease, so do I need to still wear a mask or do** social d**istance after getting the vaccine?**

AMERICAN OVERSIGHT

No vaccine is 100% effective. When people hear that vaccine is 95% effective, people may naturally assume they themselves are in the 95% and likely few people may think they are in the 5 percent for whom it may not work. And yet if you or someone who gets the COVID-19 vaccine does happen to be in that 5%, it is possible people may stop engaging in behaviors like social distancing and mask-wearing, but this is NOT AT ALL recommended.

Given the currently limited information on how well the vaccine works in the general
population; how much it may reduce disease, severity, or transmission; and how long
protection lasts, vaccinated persons should continue to follow all current guidance to
protect themselves and others, including:
– Wearing a mask
– Staying at least 6 feet away from others
– Avoiding crowds
– Washing hands often
– Following CDC travel guidance
– Following quarantine guidance after an exposure to someone with COVID-19
– Following any applicable workplace or school guidance

23. WHAT IF I DECIDE NOT TO GET THE PFIZER-BIONTECH COVID-19 VACCINE?
It is your choice to receive or not receive the Pfizer-BioNTech COVID-19 Vaccine. Should you decide not to receive it, it will not change your standard medical care.

24. ARE OTHER CHOICES AVAILABLE FOR PREVENTING COVID-19 BESIDES PFIZER-BIONTECH COVID-19 VACCINE? Currently, there is no approved alternative vaccine available for prevention of COVID-19. FDA may allow the emergency use of other vaccines to prevent COVID-19. Important to remind everyone, whether they opt to get the vaccine or not, continued mask-wearing, staying at least 6 feet away from others and appropriate and frequent hand washing (preferably with soap and water or alcohol-based hand rub), avoiding crowds, and following quarantine guidance, are still critically important until the pandemic is over and remain two of the most important steps that everyone can take to avoid exposure to the SARS-CoV-2 virus that causes COVID-19 infection in the first place.

25. CAN I RECEIVE THE PFIZER-BIONTECH COVID-19 VACCINE WITH OTHER VACCINES? There is no information on the use of the Pfizer-BioNTech COVID-19 Vaccine with other vaccines.

AMERICAN OVERSIGHT

26. KEEP YOUR VACCINATION CARD When you get your first dose, you will get a vaccination card to show you when to return for your second dose of Pfizer-BioNTech COVID-19 Vaccine. Remember to bring your card when you return.

27. I GOT THE COVID-19 VACCINE (OR SOMEONE I KNOW IS THINKING OF GETTING THE COVID-19 VACCINE) AND I HAVE HEARD THAT THE VACCINE CAN LEAD TO SCARY THINGS LIKE CHANGING MY GENETIC CODE. WHAT DO I DO?

- The most accurate and reliable information on COVID-19 and COVID-19 vaccine can be found at trusted sources, such as www.coronavirus.gov or www.fema.gov/coronavirus/rumor-control where the agency highlights specific misinformation campaigns.
- Check the source of the information. Agenda-driven sites or ones that spread false information can sometimes masquerade as legitimate news sites.

28. HOW CAN I GET MORE INFORMATION ON COVID-19 VACCINES?

Visit the CDC's website at https://www.cdc.gov/coronavirus/2019-ncov/vaccines/index.html The CDC can also be reached by phone at 1-800-232-4636 (1-800-CDC-INFO).

DRAFT

AMERICAN OVERSIGHT

From: Riggen, Amy
To: Otis, Aaron
Date: Thursday, December 17, 2020 4:06:26 PM
Attachments: Updated DRAFT Moderna allocation 20201211.xlsx

Amy C. Riggen, BSN, RN
Administrator, Immunization Section
Florida Department of Health
Division of Disease Control and Health Protection
Bureau of Epidemiology
Office Phone: (850) 245-4331
Cell Phone: (850) 363-6399
Fax: (850) 922-4195
Email: Amy.Riggen@flhealth.gov

Mission: To protect, promote & improve the health of all people in Florida through integrated state, county & community efforts.

Please note: Florida has a very broad public records law. Most written communications to or from state officials regarding state business are public records available to the public and media upon request. Your email communications may therefore be subject to public disclosure.
Please do not email confidential information unless you use encryption software.

AMERICAN OVERSIGHT

From: Riggen, Amy
To: Prigozhina, Alina
Cc: Curatolo, Danielle
Subject: maps
Date: Tuesday, December 15, 2020 9:47:15 AM

I can't remember if this was already done but Cindy is asking for mapping for week #1 Pfizer hospitals with where doses went and the amounts and then same thing for week #1 Moderna.

If you don't have those spreadsheets, please get with Danielle as she created them.

Thank you – please work with Jason on this.

Subject: meetings
Date: Tuesday, December 15, 2020 9:24:50 AM
Importance: High

For Moderna –

When do they meet to vote on the EUA and when does ACIP meet?

AMERICAN OVERSIGHT

From:	Riggen, Amy
To:	Hardin, Brandon (HHS/IOS); Werner, Margaret (CDC/DDPHSIS/CGH/GID); Wong, Betty (CDC/DDPHSS/OS/OD); Chappell, Shauntrelle L. (CDC/DDID/NCIRD/ISD)
Cc:	Rhodes, Halsey; Curatolo, Danielle
Subject:	Moderna - TIberius
Date:	Friday, December 18, 2020 8:40:20 AM

Our Moderna allocation of 162,100 doses has not moved to Production in Tiberius. Any timeline as to when that will happen? Florida would like to allocate doses today.

Thanks,
Amy

From: Riggen, Amy
To: Bush, Amanda
Subject: Moderna consent form
Date: Tuesday, December 15, 2020 11:58:54 AM

So is a Moderna consent form being crafted? Looks like it would just be a title thing that would be to be changed.

Please advise.

So, Controlant won't be tracking Moderna. Do we know if there's another system that will be tracking those shipments?

Is there anyway for us to prioritize facility arrival for Moderna vaccine.

Example:
Day 1 delivery to Duval and Palm Beach County CHDs that we have allocated doses to.

Thanks,
Amy

Subject: onsite support
Date: Wednesday, December 16, 2020 11:18:38 AM

I'm going to ask you to head this up with Jacquie if you don't mind, but what I would like each morning by 9 AM is:

A table with each of the Pfizer week #1 sites listed, along with the field staff assigned to that site, and if they will be on-site providing support and the hours they will be there.

If there is anyway to get that in the evening by 4:45 each day that would be even better, but I realize that phones calls and emails have to be returned so final plans may not be available at that time.

Right now, this is just for the remainder of this week -weekend, although that request could change.

Thanks so much!

From: Riggen, Amy
To: Dick, Cindy; Coppola, Courtney; Otis, Aaron
Subject: Pfizer Allocations week #2
Date: Friday, December 18, 2020 6:53:06 PM

All Pfizer allocations have been entered into VTrckS and have been accepted.

We will watch to see if Moderna gets moved into Production tomorrow and will let you know.

All Pfizer 5 transfer requests have been approved on our side, there are a few steps the sender and receiver need to do on their side in SHOTS. I've talked with all the hospitals this evening and they have voiced understanding of the steps.

Thanks,
Amy

FACT SHEET FOR HEALTHCARE PROVIDERS ADMINISTERING VACCINE (VACCINATION PROVIDERS)

EMERGENCY USE AUTHORIZATION (EUA) OF THE PFIZER-BIONTECH COVID-19 VACCINE TO PREVENT CORONAVIRUS DISEASE 2019 (COVID-19)

The U.S. Food and Drug Administration (FDA) has issued an Emergency Use Authorization (EUA) to permit the emergency use of the unapproved product, **Pfizer-BioNTech COVID-19 Vaccine**, for active immunization to prevent COVID-19 in individuals 16 years of age and older.

SUMMARY OF INSTRUCTIONS FOR COVID-19 VACCINATION PROVIDERS

Vaccination providers enrolled in the federal COVID-19 Vaccination Program must report all vaccine administration errors, all serious adverse events, cases of Multisystem Inflammatory Syndrome (MIS) in adults and children, and cases of COVID-19 that result in hospitalization or death following administration of Pfizer-BioNTech COVID-19 Vaccine. See "MANDATORY REQUIREMENTS FOR PFIZER-BIONTECH COVID-19 VACCINE ADMINISTRATION UNDER EMERGENCY USE AUTHORIZATION" for reporting requirements.

The Pfizer-BioNTech COVID-19 Vaccine is a suspension for intramuscular injection administered as a series of two doses (0.3 mL each) 3 weeks apart.

See this Fact Sheet for instructions for preparation and administration. This Fact Sheet may have been updated. For the most recent Fact Sheet, please see www.cvdvaccine.com.

For information on clinical trials that are testing the use of the Pfizer-BioNTech COVID-19 Vaccine for active immunization against COVID-19, please see www.clinicaltrials.gov.

DESCRIPTION OF COVID-19

Coronavirus disease 2019 (COVID-19) is an infectious disease caused by the novel coronavirus, SARS-CoV-2, that appeared in late 2019. It is predominantly a respiratory illness that can affect other organs. People with COVID-19 have reported a wide range of symptoms, ranging from mild symptoms to severe illness. Symptoms may appear 2 to 14 days after exposure to the virus. Symptoms may include: fever or chills; cough; shortness of breath; fatigue; muscle or body aches; headache; new loss of taste or smell; sore throat; congestion or runny nose; nausea or vomiting; diarrhea.

AMERICAN OVERSIGHT

DOSAGE AND ADMINISTRATION

Storage and Handling

During storage, minimize exposure to room light, and avoid exposure to direct sunlight and ultraviolet light.

Do not refreeze thawed vials.

Frozen Vials Prior to Use

Cartons of Pfizer-BioNTech COVID-19 Vaccine Multiple Dose Vials arrive in thermal containers with dry ice. Once received, remove the vial cartons immediately from the thermal container and store in an ultra-low temperature freezer between -80ºC to -60ºC (-112ºF to -76ºF). Vials must be kept frozen between -80ºC to -60ºC (-112ºF to -76ºF) and protected from light until ready to use.

If an ultra-low temperature freezer is not available, the thermal container in which the Pfizer-BioNTech COVID-19 Vaccine arrives may be used as temporary storage when consistently re-filled to the top of the container with dry ice. Refer to the re-icing guidelines packed in the original thermal container for instructions regarding the use of the thermal container for temporary storage. The thermal container maintains a temperature range of -90ºC to -60ºC (-130ºF to -76ºF). Storage within this temperature range is not considered an excursion from the recommended storage condition.

Thawed Vials Before Dilution

Thawed Under Refrigeration
Thaw and then store undiluted vials in the refrigerator [2ºC to 8ºC (35ºF to 46ºF)] for up to 5 days (120 hours). A carton of 25 vials or 195 vials may take up to 2 or 3 hours, respectively, to thaw in the refrigerator, whereas a fewer number of vials will thaw in less time.

Thawed at Room Temperature
For immediate use, thaw undiluted vials at room temperature [up to 25ºC (77ºF)] for 30 minutes. Thawed vials can be handled in room light conditions. Vials must reach room temperature before dilution.

Undiluted vials may be stored at room temperature for no more than 2 hours.

AMERICAN OVERSIGHT
FL-DOH-21-0168-A-078710

Vials After Dilution

- After dilution, store vials between 2°C to 25°C (35°F to 77°F) and use within 6 hours from the time of dilution.
- During storage, minimize exposure to room light, and avoid exposure to direct sunlight and ultraviolet light.
- Any vaccine remaining in vials must be discarded after 6 hours.
- Do not refreeze.

Dosing and Schedule

The Pfizer-BioNTech COVID-19 Vaccine is administered intramuscularly as a series of two doses (0.3 mL each) 3 weeks apart.

There are no data available on the interchangeability of the Pfizer-BioNTech COVID-19 Vaccine with other COVID-19 vaccines to complete the vaccination series. Individuals who have received one dose of Pfizer-BioNTech COVID-19 Vaccine should receive a second dose of Pfizer-BioNTech COVID-19 Vaccine to complete the vaccination series.

Dose Preparation

Prior to Dilution

- The Pfizer-BioNTech COVID-19 Vaccine Multiple Dose Vial contains a frozen suspension that does not contain preservative and must be thawed and diluted prior to administration.
- Vials may be thawed in the refrigerator [2ºC to 8ºC (35ºF to 46ºF)] or at room temperature [up to 25ºC (77ºF)] *(see Storage and Handling)*.
- Refer to thawing instructions in the panels below.

Dilution

Dilute the vial contents using 1.8 mL of 0.9% Sodium Chloride Injection, USP (not provided) to form the Pfizer-BioNTech COVID-19 Vaccine. ONLY use 0.9% Sodium Chloride Injection, USP as the diluent. This diluent is not packaged with the vaccine and must be sourced separately. Do not use bacteriostatic 0.9% Sodium Chloride Injection or any other diluent.

- Refer to dilution and dose preparation instructions in the panels below.

AMERICAN OVERSIGHT

THAWING PRIOR TO DILUTION	
	• Thaw vial(s) of Pfizer-BioNTech COVID-19 Vaccine before use either by: ○ Allowing vial(s) to thaw in the refrigerator [2ºC to 8ºC (35ºF to 46ºF)]. A carton of vials may take up to 3 hours to thaw, and thawed vials can be stored in the refrigerator for up to five days (120 hours). ○ Allowing vial(s) to sit at room temperature [up to 25ºC (77ºF)] for 30 minutes. • Using either thawing method, vials must reach room temperature before dilution and must be diluted within 2 hours.
	• Before dilution invert vaccine vial gently 10 times. • Do not shake. • Inspect the liquid in the vial prior to dilution. The liquid is a white to off-white suspension and may contain white to off-white opaque amorphous particles. • Do not use if liquid is discolored or if other particles are observed.
DILUTION	
	• Obtain sterile 0.9% Sodium Chloride Injection, USP. Use only this as the diluent. • Using aseptic technique, withdraw 1.8 mL of diluent into a transfer syringe (21-gauge or narrower needle). • Cleanse the vaccine vial stopper with a single-use antiseptic swab. • Add 1.8 mL of 0.9% Sodium Chloride Injection, USP into the vaccine vial.

AMERICAN OVERSIGHT

	• Equalize vial pressure before removing the needle from the vial by withdrawing 1.8 mL air into the empty diluent syringe.
	• Gently invert the vial containing the Pfizer-BioNTech COVID-19 Vaccine 10 times to mix. • Do not shake. • Inspect the vaccine in the vial. • The vaccine will be an off-white suspension. Do not use if vaccine is discolored or contains particulate matter.
	• Record the date and time of dilution on the Pfizer-BioNTech COVID-19 Vaccine vial label. • Store between 2°C to 25°C (35°F to 77°F). • Discard any unused vaccine 6 hours after dilution.

AMERICAN OVERSIGHT

PREPARATION OF INDIVIDUAL 0.3 mL DOSES OF PFIZER-BIONTECH COVID-19 VACCINE	
	• Using aseptic technique, cleanse the vial stopper with a single-use antiseptic swab, and withdraw 0.3 mL of the Pfizer-BioNTech COVID-19 Vaccine. • Administer immediately.

Administration

Visually inspect each dose in the dosing syringe prior to administration. The vaccine will be an off-white suspension. During the visual inspection,

- verify the final dosing volume of 0.3 mL.
- confirm there are no particulates and that no discoloration is observed.
- do not administer if vaccine is discolored or contains particulate matter.

Administer the Pfizer-BioNTech COVID-19 Vaccine intramuscularly.

Contraindications

Do not administer Pfizer-BioNTech COVID-19 Vaccine to individuals with known history of a severe allergic reaction (e.g., anaphylaxis) to any component of the Pfizer-BioNTech COVID-19 Vaccine *(see Full EUA Prescribing Information)*.

Warnings

Appropriate medical treatment used to manage immediate allergic reactions must be immediately available in the event an acute anaphylactic reaction occurs following administration of Pfizer-BioNTech COVID-19 Vaccine.

Immunocompromised persons, including individuals receiving immunosuppressant therapy, may have a diminished immune response to the Pfizer-BioNTech COVID-19 Vaccine.

Pfizer-BioNTech COVID-19 Vaccine may not protect all vaccine recipients.

AMERICAN OVERSIGHT

Adverse Reactions

Adverse reactions following the Pfizer-BioNTech COVID-19 Vaccine that have been reported in clinical trials include injection site pain, fatigue, headache, muscle pain, chills, joint pain, fever, injection site swelling, injection site redness, nausea, malaise, and lymphadenopathy *(see Full EUA Prescribing Information)*.

Severe allergic reactions have been reported following the Pfizer-BioNTech COVID-19 Vaccine during mass vaccination outside of clinical trials.

Additional adverse reactions, some of which may be serious, may become apparent with more widespread use of the Pfizer-BioNTech COVID-19 Vaccine.

Use with Other Vaccines

There is no information on the co-administration of the Pfizer-BioNTech COVID-19 Vaccine with other vaccines.

INFORMATION TO PROVIDE TO VACCINE RECIPIENTS/CAREGIVERS

As the vaccination provider, you must communicate to the recipient or their caregiver, information consistent with the "Fact Sheet for Recipients and Caregivers" (and provide a copy or direct the individual to the website www.cvdvaccine.com to obtain the Fact Sheet) prior to the individual receiving Pfizer-BioNTech COVID-19 Vaccine, including:

- FDA has authorized the emergency use of the Pfizer-BioNTech COVID-19 Vaccine, which is not an FDA-approved vaccine.
- The recipient or their caregiver has the option to accept or refuse Pfizer-BioNTech COVID-19 Vaccine.
- The significant known and potential risks and benefits of Pfizer-BioNTech COVID-19 Vaccine, and the extent to which such risks and benefits are unknown.
- Information about available alternative vaccines and the risks and benefits of those alternatives.

For information on clinical trials that are testing the use of the Pfizer-BioNTech COVID-19 Vaccine to prevent COVID-19, please see www.clinicaltrials.gov.

Provide a vaccination card to the recipient or their caregiver with the date when the recipient needs to return for the second dose of Pfizer-BioNTech COVID-19 Vaccine.

AMERICAN OVERSIGHT

MANDATORY REQUIREMENTS FOR PFIZER-BIONTECH COVID-19 VACCINE ADMINISTRATION UNDER EMERGENCY USE AUTHORIZATION

In order to mitigate the risks of using this unapproved product under EUA and to optimize the potential benefit of Pfizer-BioNTech COVID-19 Vaccine, the following items are required. Use of unapproved Pfizer-BioNTech COVID-19 Vaccine for active immunization to prevent COVID-19 under this EUA is limited to the following (all requirements **must** be met):

1. Pfizer-BioNTech COVID-19 Vaccine is authorized for use in individuals 16 years of age and older.

2. The vaccination provider must communicate to the individual receiving the Pfizer-BioNTech COVID-19 Vaccine or their caregiver, information consistent with the "Fact Sheet for Recipients and Caregivers" prior to the individual receiving Pfizer-BioNTech COVID-19 Vaccine.

3. The vaccination provider must include vaccination information in the state/local jurisdiction's Immunization Information System (IIS) or other designated system.

4. The vaccination provider is responsible for mandatory reporting of the following to the Vaccine Adverse Event Reporting System (VAERS):
   - vaccine administration errors whether or not associated with an adverse event,
   - serious adverse events* (irrespective of attribution to vaccination),
   - cases of Multisystem Inflammatory Syndrome (MIS) in adults and children, and
   - cases of COVID-19 that result in hospitalization or death.

   Complete and submit reports to VAERS online at https://vaers.hhs.gov/reportevent.html or by calling 1-800-822-7967. The reports should include the words "Pfizer-BioNTech COVID-19 Vaccine EUA" in the description section of the report.

5. The vaccination provider is responsible for responding to FDA requests for information about vaccine administration errors, adverse events, cases of MIS in adults and children, and cases of COVID-19 that result in hospitalization or death following administration of Pfizer-BioNTech COVID-19 Vaccine to recipients.

* Serious adverse events are defined as:
- Death;
- A life-threatening adverse event;
- Inpatient hospitalization or prolongation of existing hospitalization;
- A persistent or significant incapacity or substantial disruption of the ability to conduct normal life functions;
- A congenital anomaly/birth defect;

AMERICAN OVERSIGHT

- An important medical event that based on appropriate medical judgement may jeopardize the individual and may require medical or surgical intervention to prevent one of the outcomes listed above.

OTHER ADVERSE EVENT REPORTING TO VAERS AND PFIZER INC.

Vaccination providers may report to VAERS other adverse events that are not required to be reported using the contact information above.

To the extent feasible, report adverse events to Pfizer Inc. using the contact information below or by providing a copy of the VAERS form to Pfizer Inc.

Global website	Telephone number
www.cvdvaccine.com	1-877-829-2619 (1-877-VAX-CO19)

AVAILABLE ALTERNATIVES

There is no approved alternative vaccine to prevent COVID-19. There may be clinical trials or availability under EUA of other COVID-19 vaccines.

AUTHORITY FOR ISSUANCE OF THE EUA

The Secretary of Health and Human Services (HHS) has declared a public health emergency that justifies the emergency use of drugs and biological products during the COVID-19 pandemic. In response, FDA has issued an EUA for the unapproved product, Pfizer-BioNTech COVID-19 Vaccine, for active immunization against COVID-19 in individuals 16 years of age and older.

FDA issued this EUA, based on Pfizer-BioNTech's request and submitted data.

AMERICAN OVERSIGHT
FL-DOH-21-0168-A-078717

Although limited scientific information is available, based on the totality of the scientific evidence available to date, it is reasonable to believe that the Pfizer-BioNTech COVID-19 Vaccine may be effective for the prevention of COVID-19 in individuals as specified in the *Full EUA Prescribing Information*.

This EUA for the Pfizer-BioNTech COVID-19 Vaccine will end when the Secretary of HHS determines that the circumstances justifying the EUA no longer exist or when there is a change in the approval status of the product such that an EUA is no longer needed.

For additional information about Emergency Use Authorization visit FDA at: https://www.fda.gov/emergency-preparedness-and-response/mcm-legal-regulatory-and-policy-framework/emergency-use-authorization.

The Countermeasures Injury Compensation Program

The Countermeasures Injury Compensation Program (CICP) is a federal program that has been created to help pay for related costs of medical care and other specific expenses to compensate people injured after use of certain medical countermeasures. Medical countermeasures are specific vaccines, medications, devices, or other items used to prevent, diagnose, or treat the public during a public health emergency or a security threat. For more information about CICP regarding the Pfizer-BioNTech COVID-19 Vaccine used to prevent COVID-19, visit www.hrsa.gov/cicp, email cicp@hrsa.gov, or call: 1-855-266-2427.

FULL EMERGENCY USE AUTHORIZATION (EUA) PRESCRIBING INFORMATION

1 AUTHORIZED USE

Pfizer-BioNTech COVID-19 Vaccine is authorized for use under an Emergency Use Authorization (EUA) for active immunization to prevent coronavirus disease 2019 (COVID-19) caused by severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) in individuals 16 years of age and older.

2 DOSAGE AND ADMINISTRATION

For intramuscular injection only.

2.1 Preparation for Administration

Prior to Dilution

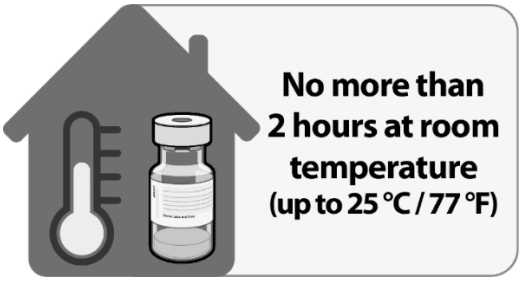
- The Pfizer-BioNTech COVID-19 Vaccine Multiple Dose Vial contains a frozen suspension that does not contain preservative and must be thawed and diluted prior to administration.
- Vials may be thawed in the refrigerator [2ºC to 8ºC (35ºF to 46ºF)] or at room temperature [up to 25ºC (77ºF)] *[see How Supplied/Storage and Handling (19)]*.
- Refer to thawing instructions in the panels below.

Dilution

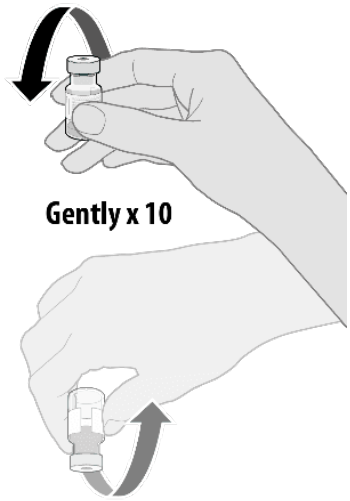
- Dilute the vial contents using 1.8 mL of 0.9% Sodium Chloride Injection, USP (not provided) to form the Pfizer-BioNTech COVID-19 Vaccine.
- ONLY use 0.9% Sodium Chloride Injection, USP as the diluent. This diluent is not packaged with the vaccine and must be sourced separately. Do not use bacteriostatic 0.9% Sodium Chloride Injection or any other diluent.
- Refer to dilution and dose preparation instructions in the panels below.

AMERICAN OVERSIGHT
FL-DOH-21-0168-A-078720

THAWING PRIOR TO DILUTION

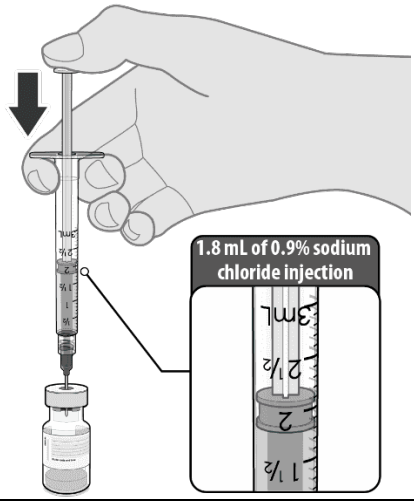


- Thaw vial(s) of Pfizer-BioNTech COVID-19 Vaccine before use either by:
  - Allowing vial(s) to thaw in the refrigerator [2ºC to 8ºC (35ºF to 46ºF)]. A carton of vials may take up to 3 hours to thaw, and thawed vials can be stored in the refrigerator for up to five days (120 hours).
  - Allowing vial(s) to sit at room temperature [up to 25ºC (77ºF)] for 30 minutes.
- Using either thawing method, vials must reach room temperature before dilution and must be diluted within 2 hours.



- Before dilution invert vaccine vial gently 10 times.
- Do not shake.
- Inspect the liquid in the vial prior to dilution. The liquid is a white to off-white suspension and may contain white to off-white opaque amorphous particles.
- Do not use if liquid is discolored or if other particles are observed.

DILUTION



- Obtain sterile 0.9% Sodium Chloride Injection, USP. Use only this as the diluent.
- Using aseptic technique, withdraw 1.8 mL of diluent into a transfer syringe (21-gauge or narrower needle).
- Cleanse the vaccine vial stopper with a single-use antiseptic swab.
- Add 1.8 mL of 0.9% Sodium Chloride Injection, USP into the vaccine vial.

AMERICAN OVERSIGHT
FL-DOH-21-0168-A-078721

	• Equalize vial pressure before removing the needle from the vial by withdrawing 1.8 mL air into the empty diluent syringe.
	• Gently invert the vial containing the Pfizer-BioNTech COVID-19 Vaccine 10 times to mix. • Do not shake. • Inspect the vaccine in the vial. • The vaccine will be an off-white suspension. Do not use if vaccine is discolored or contains particulate matter.
	• Record the date and time of dilution on the Pfizer-BioNTech COVID-19 Vaccine vial label. • Store between 2°C to 25°C (35°F to 77°F). • Discard any unused vaccine 6 hours after dilution.

AMERICAN OVERSIGHT

PREPARATION OF INDIVIDUAL 0.3 mL DOSES OF PFIZER-BIONTECH COVID-19 VACCINE	
	• Using aseptic technique, cleanse the vial stopper with a single-use antiseptic swab, and withdraw 0.3 mL of the Pfizer-BioNTech COVID-19 Vaccine. • Administer immediately.

2.2 Administration Information

Visually inspect each dose in the dosing syringe prior to administration. The vaccine will be an off-white suspension. During the visual inspection,

- verify the final dosing volume of 0.3 mL.
- confirm there are no particulates and that no discoloration is observed.
- do not administer if vaccine is discolored or contains particulate matter.

Administer the Pfizer-BioNTech COVID-19 Vaccine intramuscularly.

2.3 Vaccination Schedule for Individuals 16 Years of Age and Older

The Pfizer-BioNTech COVID-19 Vaccine is administered intramuscularly as a series of two doses (0.3 mL each) three weeks apart.

There are no data available on the interchangeability of the Pfizer-BioNTech COVID-19 Vaccine with other COVID-19 vaccines to complete the vaccination series. Individuals who have received one dose of Pfizer-BioNTech COVID-19 Vaccine should receive a second dose of Pfizer-BioNTech COVID-19 Vaccine to complete the vaccination series.

3 DOSAGE FORMS AND STRENGTHS

Pfizer-BioNTech COVID-19 Vaccine is a suspension for injection. After preparation, a single dose is 0.3 mL.

4 CONTRAINDICATIONS

Do not administer Pfizer-BioNTech COVID-19 Vaccine to individuals with known history of a severe allergic reaction (e.g., anaphylaxis) to any component of the Pfizer-BioNTech COVID-19 Vaccine *[see Description (13)]*.

AMERICAN OVERSIGHT
FL-DOH-21-0168-A-078723

5 WARNINGS AND PRECAUTIONS

5.1 Management of Acute Allergic Reactions

Appropriate medical treatment used to manage immediate allergic reactions must be immediately available in the event an acute anaphylactic reaction occurs following administration of Pfizer-BioNTech COVID-19 Vaccine.

5.2 Altered Immunocompetence

Immunocompromised persons, including individuals receiving immunosuppressant therapy, may have a diminished immune response to the Pfizer-BioNTech COVID-19 Vaccine.

5.3 Limitation of Effectiveness

The Pfizer-BioNTech COVID-19 Vaccine may not protect all vaccine recipients.

6 OVERALL SAFETY SUMMARY

It is MANDATORY for vaccination providers to report to the Vaccine Adverse Event Reporting System (VAERS) all vaccine administration errors, all serious adverse events, cases of Multisystem Inflammatory Syndrome (MIS) in adults and children, and hospitalized or fatal cases of COVID-19 following vaccination with the Pfizer-BioNTech COVID-19 Vaccine. To the extent feasible, provide a copy of the VAERS form to Pfizer Inc. Please see the REQUIREMENTS AND INSTRUCTIONS FOR REPORTING ADVERSE EVENTS AND VACCINE ADMINISTRATION ERRORS section for details on reporting to VAERS and Pfizer Inc.

In clinical studies, adverse reactions in participants 16 years of age and older included pain at the injection site (84.1%), fatigue (62.9%), headache (55.1%), muscle pain (38.3%), chills (31.9%), joint pain (23.6%), fever (14.2%), injection site swelling (10.5%), injection site redness (9.5%), nausea (1.1%), malaise (0.5%), and lymphadenopathy (0.3%).

Severe allergic reactions have been reported following the Pfizer-BioNTech COVID-19 Vaccine during mass vaccination outside of clinical trials.

6.1 Clinical Trials Experience

Because clinical trials are conducted under widely varying conditions, adverse reaction rates observed in the clinical trials of a drug cannot be directly compared to rates in the clinical trials of another drug and may not reflect the rates observed in practice.

The safety of Pfizer-BioNTech COVID-19 Vaccine was evaluated in participants 16 years of age and older in two clinical studies conducted in the United States, Europe, Turkey, South Africa, and South America. Study BNT162-01 (Study 1) was a Phase 1/2, two-part, dose-escalation trial that enrolled 60 participants, 18 through 55 years of age. Study C4591001 (Study 2) is a Phase 1/2/3, multicenter, multinational, randomized, saline placebo-controlled, observer-blind, dose-finding, vaccine candidate-selection (Phase 1) and efficacy (Phase 2/3) study that has enrolled approximately 44,000 participants, 12 years of age or older. Of these, approximately 43,448 participants (21,720 Pfizer-BioNTech COVID-19 Vaccine; 21,728 placebo) in Phase 2/3 are 16 years of age or older (including 138 and 145 adolescents 16 and 17 years of age in the vaccine and placebo groups, respectively).

AMERICAN OVERSIGHT

At the time of the analysis of Study 2 for the EUA, 37,586 (18,801 Pfizer-BioNTech COVID-19 Vaccine and 18,785 placebo) participants 16 years of age or older have been followed for a median of 2 months after the second dose of Pfizer-BioNTech COVID-19 Vaccine.

The safety evaluation in Study 2 is ongoing. The safety population includes participants enrolled by October 9, 2020, and includes safety data accrued through November 14, 2020. Participants 18 years and older in the reactogenicity subset are monitored for solicited local and systemic reactions and use of antipyretic medication after each vaccination in an electronic diary. Participants are being monitored for unsolicited adverse events, including serious adverse events, throughout the study [from Dose 1 through 1 month (all unsolicited adverse events) or 6 months (serious adverse events) after the last vaccination].

Demographic characteristics in Study 2 were generally similar with regard to age, gender, race, and ethnicity among participants who received Pfizer-BioNTech COVID-19 Vaccine and those who received placebo. Overall, among the total participants who received either the Pfizer-BioNTech COVID-19 Vaccine or placebo, 50.6% were male and 49.4% were female, 83.1% were White, 9.1% were Black or African American, 28.0% were Hispanic/Latino, 4.3% were Asian, and 0.5% were American Indian/Alaska Native.

Local and Systemic Adverse Reactions Solicited in the Study 2

Table 1 and Table 2 present the frequency and severity of solicited local and systemic reactions, respectively, within 7 days following each dose of Pfizer-BioNTech COVID-19 Vaccine and placebo in the subset of participants 18 to 55 years of age included in the EUA safety population who were monitored for reactogenicity with an electronic diary.

Table 3 and Table 4 present the frequency and severity of reported solicited local and systemic reactions, respectively, within 7 days of each dose of Pfizer-BioNTech COVID-19 Vaccine and placebo for participants 56 years of age and older.

Across both age groups, the mean duration of pain at the injection site after Dose 2 was 2.5 days (range 1 to 36 days), for redness 2.6 days (range 1 to 34 days), and for swelling 2.3 days (range 1 to 34 days) for participants in the Pfizer-BioNTech COVID-19 Vaccine group.

Solicited reactogenicity data in 16 and 17 year-old participants are limited.

Table 1: Study 2 – Frequency and Percentages of Participants with Solicited Local Reactions, by Maximum Severity, Within 7 Days After Each Dose – Participants 18-55 Years of Age‡ – Reactogenicity Subset of the Safety Population*

AMERICAN OVERSIGHT

Unsolicited Adverse Events

Serious Adverse Events

In Study 2, among participants 16 to 55 years of age who had received at least 1 dose of vaccine or placebo (Pfizer-BioNTech COVID-19 Vaccine = 10,841; placebo = 10,851), serious adverse events from Dose 1 through up to 30 days after Dose 2 in ongoing follow-up were reported by 0.4% of Pfizer-BioNTech COVID-19 Vaccine recipients and by 0.3% of placebo recipients. In a similar analysis, in participants 56 years of age and older (Pfizer-BioNTech COVID-19 Vaccine = 7960, placebo = 7934), serious adverse events were reported by 0.8% of Pfizer-BioNTech COVID-19 Vaccine recipients and by 0.6% of placebo recipients who received at least 1 dose of Pfizer-BioNTech COVID-19 Vaccine or placebo, respectively. In these analyses, 91.6% of study participants had at least 30 days of follow-up after Dose 2. Appendicitis was reported as a serious adverse event for 12 participants, and numerically higher in the vaccine group, 8 vaccine participants and 4 placebo participants. Currently available information is insufficient to determine a causal relationship with the vaccine. There were no other notable patterns or numerical imbalances between treatment groups for specific categories of serious adverse events (including neurologic, neuro-inflammatory, and thrombotic events) that would suggest a causal relationship to Pfizer-BioNTech COVID-19 Vaccine.

Non-Serious Adverse Events

Overall in Study 2 in which 10,841 participants 16 to 55 years of age received Pfizer-BioNTech COVID-19 Vaccine and 10,851 participants received placebo, non-serious adverse events from Dose 1 through up to 30 days after Dose 2 in ongoing follow-up were reported in 29.3% of participants who received Pfizer-BioNTech COVID-19 Vaccine and 13.2% of participants in the placebo group, for participants who received at least 1 dose. Overall in a similar analysis in which 7960 participants 56 years of age and older received Pfizer-BioNTech COVID-19 Vaccine, non-serious adverse events within 30 days were reported in 23.8% of participants who received Pfizer-BioNTech COVID-19 Vaccine and 11.7% of participants in the placebo group, for participants who received at least 1 dose. In these analyses, 91.6% of study participants had at least 30 days of follow-up after Dose 2. The higher frequency of reported unsolicited non-serious adverse events among Pfizer BioNTech COVID-19 Vaccine recipients compared to placebo recipients was primarily attributed to local and systemic adverse events reported during the first 7 days following vaccination that are consistent with adverse reactions solicited among participants in the reactogenicity subset and presented in Tables 3 and 4. From Dose 1 through 30 days after Dose 2, reports of lymphadenopathy were imbalanced with notably more cases in the Pfizer-BioNTech COVID-19 Vaccine group (64) vs. the placebo group (6), which is plausibly related to vaccination. Throughout the safety follow-up period to date, Bell's palsy (facial paralysis) was reported by four participants in the Pfizer-BioNTech COVID-19 Vaccine group. Onset of facial paralysis was Day 37 after Dose 1 (participant did not receive Dose 2) and Days 3, 9, and 48 after Dose 2. No cases of Bell's palsy were reported in the placebo group. Currently available information is insufficient to determine a causal relationship with the vaccine. There were no other notable patterns or numerical imbalances between treatment groups for specific categories of non-serious adverse events (including other neurologic or neuro-inflammatory, and thrombotic events) that would suggest a causal relationship to Pfizer-BioNTech COVID-19 Vaccine.

8 REQUIREMENTS AND INSTRUCTIONS FOR REPORTING ADVERSE EVENTS AND VACCINE ADMINISTRATION ERRORS

See Overall Safety Summary (Section 6) for additional information.

The vaccination provider enrolled in the federal COVID-19 Vaccination Program is responsible for MANDATORY reporting of the listed events following Pfizer-BioNTech COVID-19 Vaccine to the Vaccine Adverse Event Reporting System (VAERS):

AMERICAN OVERSIGHT
FL-DOH-21-0168-A-078730

- Vaccine administration errors whether or not associated with an adverse event
- Serious adverse events* (irrespective of attribution to vaccination)
- Cases of Multisystem Inflammatory Syndrome (MIS) in children and adults
- Cases of COVID-19 that result in hospitalization or death

*Serious adverse events are defined as:

- Death
- A life-threatening adverse event
- Inpatient hospitalization or prolongation of existing hospitalization
- A persistent or significant incapacity or substantial disruption of the ability to conduct normal life functions
- A congenital anomaly/birth defect
- An important medical event that based on appropriate medical judgement may jeopardize the individual and may require medical or surgical intervention to prevent one of the outcomes listed above

Instructions for Reporting to VAERS

The vaccination provider enrolled in the federal COVID-19 Vaccination Program should complete and submit a VAERS form to FDA using one of the following methods:

- Complete and submit the report online: https://vaers.hhs.gov/reportevent.html, or
- If you are unable to submit this form electronically, you may fax it to VAERS at 1-877-721-0366. If you need additional help submitting a report you may call the VAERS toll-free information line at 1-800-822-7967 or send an email to info@vaers.org.

IMPORTANT: When reporting adverse events or vaccine administration errors to VAERS, please complete the entire form with detailed information. It is important that the information reported to FDA be as detailed and complete as possible. Information to include:

- Patient demographics (e.g., patient name, date of birth)
- Pertinent medical history
- Pertinent details regarding admission and course of illness
- Concomitant medications
- Timing of adverse event(s) in relationship to administration of the Pfizer-BioNTech COVID-19 Vaccine
- Pertinent laboratory and virology information
- Outcome of the event and any additional follow-up information if it is available at the time of the VAERS report. Subsequent reporting of follow-up information should be completed if additional details become available.

The following steps are highlighted to provide the necessary information for safety tracking:

1. In Box 17, provide information on Pfizer-BioNTech COVID-19 Vaccine and any other vaccines administered on the same day; and in Box 22, provide information on any other vaccines received within one month prior.
2. In Box 18, description of the event:
    a. Write "Pfizer-BioNTech COVID-19 Vaccine EUA" as the first line.
    b. Provide a detailed report of vaccine administration error and/or adverse event. It is important to provide detailed information regarding the patient and adverse event/medication error for ongoing safety evaluation of this unapproved vaccine. Please see information to include listed above.

AMERICAN OVERSIGHT
FL-DOH-21-0168-A-078731

3. Contact information:
    a. In Box 13, provide the name and contact information of the prescribing healthcare provider or institutional designee who is responsible for the report.
    b. In Box 14, provide the name and contact information of the best doctor/healthcare professional to contact about the adverse event.
    c. In Box 15, provide the address of the facility where vaccine was given (NOT the healthcare provider's office address).

Other Reporting Instructions

Vaccination providers may report to VAERS other adverse events that are not required to be reported using the contact information above.

To the extent feasible, report adverse events to Pfizer Inc. using the contact information below or by providing a copy of the VAERS form to Pfizer Inc.

10 DRUG INTERACTIONS

There are no data to assess the concomitant administration of the Pfizer-BioNTech COVID-19 Vaccine with other vaccines.

11 USE IN SPECIFIC POPULATIONS

11.1 Pregnancy

Risk Summary

All pregnancies have a risk of birth defect, loss, or other adverse outcomes. In the US general population, the estimated background risk of major birth defects and miscarriage in clinically recognized pregnancies is 2% to 4% and 15% to 20%, respectively. Available data on Pfizer-BioNTech COVID-19 Vaccine administered to pregnant women are insufficient to inform vaccine-associated risks in pregnancy.

11.2 Lactation

Risk Summary

Data are not available to assess the effects of Pfizer-BioNTech COVID-19 Vaccine on the breastfed infant or on milk production/excretion.

11.3 Pediatric Use

Emergency Use Authorization of Pfizer-BioNTech COVID-19 Vaccine in adolescents 16 and 17 years of age is based on extrapolation of safety and effectiveness from adults 18 years of age and older. Emergency Use Authorization of Pfizer BioNTech COVID-19 Vaccine does not include use in individuals younger than 16 years of age.

AMERICAN OVERSIGHT
FL-DOH-21-0168-A-078732

11.4 Geriatric Use

Clinical studies of Pfizer-BioNTech COVID-19 Vaccine include participants 65 years of age and older and their data contributes to the overall assessment of safety and efficacy *[see Overall Safety Summary (6.1) and Clinical Trial Results and Supporting Data for EUA (18.1)]*. Of the total number of Pfizer-BioNTech COVID-19 Vaccine recipients in Study 2 (N=20,033), 21.4% (n=4,294) were 65 years of age and older and 4.3% (n=860) were 75 years of age and older.

13 DESCRIPTION

The Pfizer-BioNTech COVID-19 Vaccine is supplied as a frozen suspension in multiple dose vials; each vial must be diluted with 1.8 mL of sterile 0.9% Sodium Chloride Injection, USP prior to use to form the vaccine. Each dose of the Pfizer-BioNTech COVID-19 Vaccine contains 30 mcg of a nucleoside-modified messenger RNA (modRNA) encoding the viral spike (S) glycoprotein of SARS-CoV-2.

Each dose of the Pfizer-BioNTech COVID-19 Vaccine also includes the following ingredients: lipids (0.43 mg (4-hydroxybutyl)azanediyl)bis(hexane-6,1-diyl)bis(2-hexyldecanoate), 0.05 mg 2[(polyethylene glycol)-2000]-N,N-ditetradecylacetamide, 0.09 mg 1,2-distearoyl-sn-glycero-3-phosphocholine, and 0.2 mg cholesterol), 0.01 mg potassium chloride, 0.01 mg monobasic potassium phosphate, 0.36 mg sodium chloride, 0.07 mg dibasic sodium phosphate dihydrate, and 6 mg sucrose. The diluent (0.9% Sodium Chloride Injection, USP) contributes an additional 2.16 mg sodium chloride per dose.

The Pfizer-BioNTech COVID-19 Vaccine does not contain preservative. The vial stoppers are not made with natural rubber latex.

14 CLINICAL PHARMACOLOGY

14.1 Mechanism of Action

The modRNA in the Pfizer-BioNTech COVID-19 Vaccine is formulated in lipid particles, which enable delivery of the RNA into host cells to allow expression of the SARS-CoV-2 S antigen. The vaccine elicits an immune response to the S antigen, which protects against COVID-19.

18 CLINICAL TRIAL RESULTS AND SUPPORTING DATA FOR EUA

18.1 Efficacy in Participants 16 Years of Age and Older

Study 2 is a multicenter, multinational, Phase 1/2/3, randomized, placebo-controlled, observer-blind, dose-finding, vaccine candidate–selection, and efficacy study in participants 12 years of age and older. Randomization was stratified by age: 12 through 15 years of age, 16 through 55 years of age, or 56 years of age and older, with a minimum of 40% of participants in the ≥56-year stratum. The study excluded participants who were immunocompromised and those who had previous clinical or microbiological diagnosis of COVID-19. Participants with preexisting stable disease, defined as disease not requiring significant change in therapy or hospitalization for worsening disease during the 6 weeks before enrollment, were included as were participants with known stable infection with human immunodeficiency virus (HIV), hepatitis C virus (HCV), or hepatitis B virus (HBV).

In the Phase 2/3 portion approximately 44,000 participants 12 years of age and older were randomized equally and received 2 doses of Pfizer-BioNTech COVID-19 Vaccine or placebo separated by 21 days. Participants are planned to be followed for up to 24 months, for assessments of safety and efficacy against COVID-19.

AMERICAN OVERSIGHT
FL-DOH-21-0168-A-078733

The population for the analysis of the primary efficacy endpoint included, 36,621 participants 12 years of age and older (18,242 in the Pfizer-BioNTech COVID-19 Vaccine group and 18,379 in the placebo group) who did not have evidence of prior infection with SARS-CoV-2 through 7 days after the second dose. Table 5 presents the specific demographic characteristics in the studied population.

Table 5: Demographics (population for the primary efficacy endpoint)[a]

	Pfizer-BioNTech COVID-19 Vaccine (N=18,242) n (%)	**Placebo (N=18,379) n (%)**
Sex		
Male	9318 (51.1)	9225 (50.2)
Female	8924 (48.9)	9154 (49.8)
Age (years)		
Mean (SD)	50.6 (15.70)	50.4 (15.81)
Median	52.0	52.0
Min, max	(12, 89)	(12, 91)
Age group		
≥12 through 15 years	46 (0.3)	42 (0.2)
≥16 through 17 years	66 (0.4)	68 (0.4)
≥16 through 64 years	14,216 (77.9)	14,299 (77.8)
≥65 through 74 years	3176 (17.4)	3226 (17.6)
≥75 years	804 (4.4)	812 (4.4)
Race		
White	15,110 (82.8)	15,301 (83.3)
Black or African American	1617 (8.9)	1617 (8.8)
American Indian or Alaska Native	118 (0.6)	106 (0.6)
Asian	815 (4.5)	810 (4.4)

Ethnicity		
Hispanic or Latino	4886 (26.8)	4857 (26.4)
Not Hispanic or Latino	13,253 (72.7)	13,412 (73.0)
Not reported	103 (0.6)	110 (0.6)
Comorbidities[c]		
Yes	8432 (46.2)	8450 (46.0)
No	9810 (53.8)	9929 (54.0)

a. All eligible randomized participants who receive all vaccination(s) as randomized within the predefined window, have no other important protocol deviations as determined by the clinician, and have no evidence of SARS-CoV-2 infection prior to 7 days after Dose 2.

b. Includes multiracial and not reported.

c. Number of participants who have 1 or more comorbidities that increase the risk of severe COVID-19 disease
- Chronic lung disease (e.g., emphysema and chronic bronchitis, idiopathic pulmonary fibrosis, and cystic fibrosis) or moderate to severe asthma
- Significant cardiac disease (e.g., heart failure, coronary artery disease, congenital heart disease, cardiomyopathies, and pulmonary hypertension)
- Obesity (body mass index ≥ 30 kg/m^2)
- Diabetes (Type 1, Type 2 or gestational)
- Liver disease
- Human Immunodeficiency Virus (HIV) infection (not included in the efficacy evaluation)

AMERICAN OVERSIGHT
FL-DOH-21-0168-A-078734

Efficacy Against COVID-19

The population in the primary efficacy analysis included all participants 12 years of age and older who had been enrolled from July 27, 2020, and followed for the development of COVID-19 through November 14, 2020. Participants 18 to 55 years of age and 56 years of age and older began enrollment from July 27,2020, 16 to 17 years of age began enrollment from September 16, 2020 and 12 to 15 years of age began enrollment from October 15, 2020.

The vaccine efficacy information is presented in Table 6.

Table 6: Vaccine Efficacy – First COVID-19 Occurrence From 7 Days After Dose 2, by Age Subgroup – Participants Without Evidence of Infection and Participants With or Without Evidence of Infection Prior to 7 Days After Dose 2 – Evaluable Efficacy (7 Days) Population

First COVID-19 occurrence from 7 days after Dose 2 in participants without evidence of prior SARS-CoV-2 infection*			
Subgroup	**Pfizer-BioNTech COVID-19 Vaccine N[a]=18,198 Cases n1[b] Surveillance Time[c] (n2[d])**	**Placebo N[a]=18,325 Cases n1[b] Surveillance Time[c] (n2[d])**	**Vaccine Efficacy % (95% CI)**
All subjects[e]	8 2.214 (17,411)	162 2.222 (17,511)	95.0 (90.3, 97.6)[f]
16 to 64 years	7 1.706 (13,549)	143 1.710 (13,618)	95.1 (89.6, 98.1)[g]
65 years and older	1 0.508 (3848)	19 0.511 (3880)	94.7 (66.7, 99.9)[g]
First COVID-19 occurrence from 7 days after Dose 2 in participants with or without evidence of prior SARS-CoV-2 infection			
Subgroup	**Pfizer-BioNTech COVID-19 Vaccine N[a]=19,965 Cases n1[b] Surveillance Time[c] (n2[d])**	**Placebo N[a]=20,172 Cases n1[b] Surveillance Time[c] (n2[d])**	**Vaccine Efficacy % (95% CI)**
All subjects[e]	9 2.332 (18,559)	169 2.345 (18,708)	94.6 (89.9, 97.3)[f]
16 to 64 years	8 1.802 (14,501)	150 1.814 (14,627)	94.6 (89.1, 97.7)[g]
65 years and older	1 0.530 (4044)	19 0.532 (4067)	94.7 (66.8, 99.9)[g]

Note: Confirmed cases were determined by Reverse Transcription-Polymerase Chain Reaction (RT-PCR) and at least 1 symptom consistent with COVID-19 (symptoms included: fever; new or increased cough; new or increased shortness of breath; chills; new or increased muscle pain; new loss of taste or smell; sore throat; diarrhea; vomiting).

* Participants who had no evidence of past SARS-CoV-2 infection (i.e., N-binding antibody [serum] negative at Visit 1 and SARS-CoV-2 not detected by NAAT [nasal swab] at Visits 1 and 2), and had negative NAAT (nasal swab) at any unscheduled visit prior to 7 days after Dose 2 were included in the analysis.

a. N = number of participants in the specified group.

b. n1 = Number of participants meeting the endpoint definition.

c. Total surveillance time in 1000 person-years for the given endpoint across all participants within each group at risk for the endpoint. Time period for COVID-19 case accrual is from 7 days after Dose 2 to the end of the surveillance period.

AMERICAN OVERSIGHT
FL-DOH-21-0168-A-078735

d. n2 = Number of participants at risk for the endpoint.
e. No confirmed cases were identified in participants 12 to 15 years of age.
f. Credible interval for VE was calculated using a beta-binomial model with a beta (0.700102, 1) prior for θ=r(1-VE)/(1+r(1-VE)), where r is the ratio of surveillance time in the active vaccine group over that in the placebo group.
g. Confidence interval (CI) for vaccine efficacy is derived based on the Clopper and Pearson method adjusted to the surveillance time.

19 HOW SUPPLIED/STORAGE AND HANDLING

Pfizer-BioNTech COVID-19 Vaccine Suspension for Intramuscular Injection, Multiple Dose Vials are supplied in a carton containing 25 multiple dose vials (NDC 59267-1000-3) or 195 multiple dose vials (NDC 59267-1000-2).

During storage, minimize exposure to room light, and avoid exposure to direct sunlight and ultraviolet light.

Do not refreeze thawed vials.

Frozen Vials Prior to Use

Cartons of Pfizer-BioNTech COVID-19 Vaccine Multiple Dose Vials arrive in thermal containers with dry ice. Once received, remove the vial cartons immediately from the thermal container and store in an ultra-low temperature freezer between -80ºC to -60ºC (-112ºF to -76ºF). Vials must be kept frozen between -80ºC to -60ºC (-112ºF to -76ºF) and protected from light, in the original cartons, until ready to use.

If an ultra-low temperature freezer is not available, the thermal container in which the Pfizer-BioNTech COVID-19 Vaccine arrives may be used as temporary storage when consistently re-filled to the top of the container with dry ice. Refer to the re-icing guidelines packed in the original thermal container for instructions regarding the use of the thermal container for temporary storage. The thermal container maintains a temperature range of -90ºC to -60ºC (-130ºF to -76ºF). Storage within this temperature range is not considered an excursion from the recommended storage condition.

Thawed Vials Before Dilution

Thawed Under Refrigeration
Thaw and then store undiluted vials in the refrigerator [2ºC to 8ºC (35ºF to 46ºF)] for up to 5 days (120 hours). A carton of 25 vials or 195 vials may take up to 2 or 3 hours, respectively, to thaw in the refrigerator, whereas a fewer number of vials will thaw in less time.

Thawed at Room Temperature
For immediate use, thaw undiluted vials at room temperature [up to 25ºC (77ºF)] for 30 minutes. Thawed vials can be handled in room light conditions.

Vials must reach room temperature before dilution.

Undiluted vials may be stored at room temperature for no more than 2 hours.

AMERICAN OVERSIGHT
FL-DOH-21-0168-A-078736

Vials After Dilution

After dilution, store vials between 2°C to 25°C (35°F to 77°F) and use within 6 hours from the time of dilution. During storage, minimize exposure to room light, and avoid exposure to direct sunlight and ultraviolet light. Any vaccine remaining in vials must be discarded after 6 hours. Do not refreeze.

20 PATIENT COUNSELING INFORMATION

Advise the recipient or caregiver to read the Fact Sheet for Recipients and Caregivers.

The vaccination provider must include vaccination information in the state/local jurisdiction's Immunization Information System (IIS) or other designated system. Advise recipient or caregiver that more information about IISs can be found at: https://www.cdc.gov/vaccines/programs/iis/about.html.

FACT SHEET FOR RECIPIENTS AND CAREGIVERS

EMERGENCY USE AUTHORIZATION (EUA) OF THE PFIZER-BIONTECH COVID-19 VACCINE TO PREVENT CORONAVIRUS DISEASE 2019 (COVID-19) IN INDIVIDUALS 16 YEARS OF AGE AND OLDER

You are being offered the Pfizer-BioNTech COVID-19 Vaccine to prevent Coronavirus Disease 2019 (COVID-19) caused by SARS-CoV-2. This Fact Sheet contains information to help you understand the risks and benefits of the Pfizer-BioNTech COVID-19 Vaccine, which you may receive because there is currently a pandemic of COVID-19.

The Pfizer-BioNTech COVID-19 Vaccine is a vaccine and may prevent you from getting COVID-19. There is no U.S. Food and Drug Administration (FDA) approved vaccine to prevent COVID-19.

Read this Fact Sheet for information about the Pfizer-BioNTech COVID-19 Vaccine. Talk to the vaccination provider if you have questions. It is your choice to receive the Pfizer-BioNTech COVID-19 Vaccine.

The Pfizer-BioNTech COVID-19 Vaccine is administered as a 2-dose series, 3 weeks apart, into the muscle.

The Pfizer-BioNTech COVID-19 Vaccine may not protect everyone.

This Fact Sheet may have been updated. For the most recent Fact Sheet, please see www.cvdvaccine.com.

WHAT YOU NEED TO KNOW BEFORE YOU GET THIS VACCINE?

WHAT IS COVID-19?

COVID-19 disease is caused by a coronavirus called SARS-CoV-2. This type of coronavirus has not been seen before. You can get COVID-19 through contact with another person who has the virus. It is predominantly a respiratory illness that can affect other organs. People with COVID-19 have had a wide range of symptoms reported, ranging from mild symptoms to severe illness. Symptoms may appear 2 to 14 days after exposure to the virus. Symptoms may include: fever or chills; cough; shortness of breath; fatigue; muscle or body aches; headache; new loss of taste or smell; sore throat; congestion or runny nose; nausea or vomiting; diarrhea.

WHAT IS THE PFIZER-BIONTECH COVID-19 VACCINE?

The Pfizer-BioNTech COVID-19 Vaccine is an unapproved vaccine that may prevent COVID-19. There is no FDA-approved vaccine to prevent COVID-19.

AMERICAN OVERSIGHT

The FDA has authorized the emergency use of the Pfizer-BioNTech COVID-19 Vaccine to prevent COVID-19 in individuals 16 years of age and older under an Emergency Use Authorization (EUA).

For more information on EUA, see the "**What is an Emergency Use Authorization (EUA)?**" section at the end of this Fact Sheet.

WHAT SHOULD YOU MENTION TO YOUR VACCINATION PROVIDER BEFORE YOU GET THE PFIZER-BIONTECH COVID-19 VACCINE?

Tell the vaccination provider about all of your medical conditions, including if you:

- have any allergies
- have a fever
- have a bleeding disorder or are on a blood thinner
- are immunocompromised or are on a medicine that affects your immune system
- are pregnant or plan to become pregnant
- are breastfeeding
- have received another COVID-19 vaccine

WHO SHOULD GET THE PFIZER-BIONTECH COVID-19 VACCINE?

FDA has authorized the emergency use of the Pfizer-BioNTech COVID-19 Vaccine in individuals 16 years of age and older.

WHO SHOULD <u>NOT</u> GET THE PFIZER-BIONTECH COVID-19 VACCINE?

You should not get the Pfizer-BioNTech COVID-19 Vaccine if you:

- had a severe allergic reaction after a previous dose of this vaccine
- had a severe allergic reaction to any ingredient of this vaccine

WHAT ARE THE INGREDIENTS IN THE PFIZER-BIONTECH COVID-19 VACCINE?

The Pfizer BioNTech COVID-19 Vaccine includes the following ingredients: mRNA, lipids ((4-hydroxybutyl)azanediyl)bis(hexane-6,1-diyl)bis(2-hexyldecanoate), 2 [(polyethylene glycol)-2000]-N,N-ditetradecylacetamide, 1,2-Distearoyl-sn-glycero-3-phosphocholine, and cholesterol), potassium chloride, monobasic potassium phosphate, sodium chloride, dibasic sodium phosphate dihydrate, and sucrose.

HOW IS THE PFIZER-BIONTECH COVID-19 VACCINE GIVEN?

The Pfizer-BioNTech COVID-19 Vaccine will be given to you as an injection into the muscle.

The Pfizer-BioNTech COVID-19 Vaccine vaccination series is 2 doses given 3 weeks apart.

If you receive one dose of the Pfizer-BioNTech COVID-19 Vaccine, you should receive a second dose of this same vaccine 3 weeks later to complete the vaccination series.

AMERICAN OVERSIGHT

HAS THE PFIZER-BIONTECH COVID-19 VACCINE BEEN USED BEFORE?
The Pfizer-BioNTech COVID-19 Vaccine is an unapproved vaccine. In clinical trials, approximately 20,000 individuals 16 years of age and older have received at least 1 dose of the Pfizer-BioNTech COVID-19 Vaccine.

WHAT ARE THE BENEFITS OF THE PFIZER-BIONTECH COVID-19 VACCINE?
In an ongoing clinical trial, the Pfizer-BioNTech COVID-19 Vaccine has been shown to prevent COVID-19 following 2 doses given 3 weeks apart. The duration of protection against COVID-19 is currently unknown.

WHAT ARE THE RISKS OF THE PFIZER-BIONTECH COVID-19 VACCINE?
Side effects that have been reported with the Pfizer-BioNTech COVID-19 Vaccine include:

- injection site pain
- tiredness
- headache
- muscle pain
- chills
- joint pain
- fever
- injection site swelling
- injection site redness
- nausea
- feeling unwell
- swollen lymph nodes (lymphadenopathy)

There is a remote chance that the Pfizer-BioNTech COVID-19 Vaccine could cause a severe allergic reaction. A severe allergic reaction would usually occur within a few minutes to one hour after getting a dose of the Pfizer-BioNTech COVID-19 Vaccine. Signs of a severe allergic reaction can include:

- Difficulty breathing
- Swelling of your face and throat
- A fast heartbeat
- A bad rash all over your body
- Dizziness and weakness

These may not be all the possible side effects of the Pfizer-BioNTech COVID-19 Vaccine. Serious and unexpected side effects may occur. Pfizer-BioNTech COVID-19 Vaccine is still being studied in clinical trials.

WHAT SHOULD I DO ABOUT SIDE EFFECTS?
If you experience a severe allergic reaction, call 9-1-1, or go to the nearest hospital.

Call the vaccination provider or your healthcare provider if you have any side effects that bother you or do not go away.

AMERICAN OVERSIGHT

Report vaccine side effects to **FDA/CDC Vaccine Adverse Event Reporting System (VAERS)**. The VAERS toll-free number is 1-800-822-7967 or report online to https://vaers.hhs.gov/reportevent.html. Please include "Pfizer-BioNTech COVID-19 Vaccine EUA" in the first line of box #18 of the report form.

In addition, you can report side effects to Pfizer Inc. at the contact information provided below.

Website	Fax number	Telephone number
www.pfizersafetyreporting.com	1-866-635-8337	1-800-438-1985

WHAT IF I DECIDE NOT TO GET THE PFIZER-BIONTECH COVID-19 VACCINE?
It is your choice to receive or not receive the Pfizer-BioNTech COVID-19 Vaccine. Should you decide not to receive it, it will not change your standard medical care.

ARE OTHER CHOICES AVAILABLE FOR PREVENTING COVID-19 BESIDES PFIZER-BIONTECH COVID-19 VACCINE?
Currently, there is no approved alternative vaccine available for prevention of COVID-19. FDA may allow the emergency use of other vaccines to prevent COVID-19.

CAN I RECEIVE THE PFIZER-BIONTECH COVID-19 VACCINE WITH OTHER VACCINES?
There is no information on the use of the Pfizer-BioNTech COVID-19 Vaccine with other vaccines.

WHAT IF I AM PREGNANT OR BREASTFEEDING?
If you are pregnant or breastfeeding, discuss your options with your healthcare provider.

WILL THE PFIZER-BIONTECH COVID-19 VACCINE GIVE ME COVID-19?
No. The Pfizer-BioNTech COVID-19 Vaccine does not contain SARS-CoV-2 and cannot give you COVID-19.

KEEP YOUR VACCINATION CARD
When you get your first dose, you will get a vaccination card to show you when to return for your second dose of Pfizer-BioNTech COVID-19 Vaccine. Remember to bring your card when you return.

AMERICAN OVERSIGHT

ADDITIONAL INFORMATION

If you have questions, visit the website or call the telephone number provided below.

To access the most recent Fact Sheets, please scan the QR code provided below.

Global website	Telephone number
www.cvdvaccine.com	1-877-829-2619 (1-877-VAX-CO19)

HOW CAN I LEARN MORE?

- Ask the vaccination provider.
- Visit CDC at https://www.cdc.gov/coronavirus/2019-ncov/index.html.
- Visit FDA at https://www.fda.gov/emergency-preparedness-and-response/mcm-legal-regulatory-and-policy-framework/emergency-use-authorization.
- Contact your local or state public health department.

WHERE WILL MY VACCINATION INFORMATION BE RECORDED?

The vaccination provider may include your vaccination information in your state/local jurisdiction's Immunization Information System (IIS) or other designated system. This will ensure that you receive the same vaccine when you return for the second dose. For more information about IISs visit: https://www.cdc.gov/vaccines/programs/iis/about.html.

WHAT IS THE COUNTERMEASURES INJURY COMPENSATION PROGRAM?

The Countermeasures Injury Compensation Program (CICP) is a federal program that may help pay for costs of medical care and other specific expenses of certain people who have been seriously injured by certain medicines or vaccines, including this vaccine. Generally, a claim must be submitted to the CICP within one (1) year from the date of receiving the vaccine. To learn more about this program, visit www.hrsa.gov/cicp/ or call 1-855-266-2427.

WHAT IS AN EMERGENCY USE AUTHORIZATION (EUA)?

The United States FDA has made the Pfizer-BioNTech COVID-19 Vaccine available under an emergency access mechanism called an EUA. The EUA is supported by a Secretary of Health and Human Services (HHS) declaration that circumstances exist to justify the emergency use of drugs and biological products during the COVID-19 pandemic.

The Pfizer-BioNTech COVID-19 Vaccine has not undergone the same type of review as an FDA-approved or cleared product. FDA may issue an EUA when certain criteria are met, which includes that there are no adequate, approved, available alternatives. In addition, the FDA decision is based on the totality of scientific evidence available showing that the product may be effective to prevent COVID-19 during the COVID-19

AMERICAN OVERSIGHT

pandemic and that the known and potential benefits of the product outweigh the known and potential risks of the product. All of these criteria must be met to allow for the product to be used in the treatment of patients during the COVID-19 pandemic.

The EUA for the Pfizer-BioNTech COVID-19 Vaccine is in effect for the duration of the COVID-19 EUA declaration justifying emergency use of these products, unless terminated or revoked (after which the products may no longer be used).

Vaccine Coordination and Planning Office Hours – December 9, 2020

- Potential for Pfizer to be approved 12/10; Moderna closely behind
- Anticipate 40-million doses available nationwide by end of December – enough for 20-million
- Initial ACIP recommendations: Phase 1A – frontline workers, LTC residents and staff

Q – Heather: describe what will happen with initial doses;
A – Call tomorrow at 11:30 a.m. joint call with SERT call, encourage participation. Early asked to identify hospital to pre-position vaccine (ultra-cold storage), since then we know more and Moderna is on the heals – push out to hospital not just the 5; pilots in field to receive vaccine (media today or tomorrow); other enrolled hospital will receive vaccine not long after; not as long as originally thought

Q – Is Pfizer coming to the CHDs?
A – Looking at facilities who can best handle; LTC Pharmacy Program and Hospitals.

Q – Any funding to support mass vaccination?
A – Schedule C forth coming; hoping for additional funds to support efforts

Q - Will the vaccine for LTC go directly to the contract pharmacies or to the LTC facilities?
A – directly to the pharmacy; pharmacy will make arrangements and go out and provide vaccines

Q – are LTC included in initial allocation?
A – The allocation to LTCs is handled; overall allocation to State, carve out to LTC

Q – definition of LTC facility; lots of questions about who will get; some LTCs not registered and if they are going to get from CVS/Walgreens or those that are going to do it themselves?
A – AHCA worked to get all eligible registered

Q – Key West pharmacists – do not know what is going on? Are we expected to talk to someone at CVS
A –no action needed by CHDs related to LTCs at this time; in many cases being handled by headquarters of pharmacy and not the local pharmacy

Q - What is the responsibility of the hospitals for providing the vaccine to First Responders?
A – strategy being discussed – no final decision made at this point

Q - Are we recommending hold back second dose or trust that more is coming
A – Not recommended to hold back any vaccine; feds are holding back vaccine on our behalf

Q - Have we been hearing any additional details regarding the initial reports of anaphylactoid reaction post Pfizer vaccination?, and would there be implications for ensuring all LTCFs have adequate stocks of adrenaline pens or other countermeasures based on history of significant allergic reactions among their census? ref: https://www.bbc.com/news/health-55244122; https://www.euronews.com/2020/12/09/pfizer-vaccine-uk-body-tells-people-with-history-of-allergic-reactions-not-to-get-jab-yet;

A – Dr. Jani-UK experience, based safety data on clinical trials and about 40 -50 thousand patient, possible that we are going to see reactions emerge; seemed to be related to those that had allegories,

AMERICAN OVERSIGHT

UK – telling if you have severe vaccines, food, etc. to not take vaccine; ACIP may make recommendations

Q - Will the LTCF/Pharmacies be inputting the data into FLShots? OR will we be expected to train them or input the data for them?
A – They will be doing their input; pharmacies would be responsible for record keeping for the LTCs

Q – Should we pursue a closed POD with LTC
A – Not needed at this time

Q - Has anyone successfully registered with VaccineFinder?
A – State Immunization office is registered. It is not anticipated CHDs need to enroll.

Vaccine Coordination and Planning Office Hours – December 16, 2020

- See posted Product Information Guide for storage and handling questions.
- FLShots and Consent Form FAQ coming soon.

Q - Can you give us an update on where vaccine is going? I'm getting calls from local hospital.
A –There was to be press conference today; have not seen any information at this time.

Q - We are working on an educational and listening session with our staff. What is the expectation of DOH staff regardless of their personal decision to take the vaccine? Ethically, are we not all obligated to recommend it as safe and effective? I believe we need clear communication around this.
A – Same as all vaccines. Use as opportunity to educate those who choose to not receive. Cannot mandate vaccination of staff.

Q- A community partner asked this: If someone has had COVID, is it recommended they get the vaccine?
A – Yes

Q - Can you talk about triage protocol for determining procedure for prioritizing > 65 with chronic conditions during start of public mass vaccination phase?
A – Focus is still 1a. Further prioritization is forthcoming.

Q - Pfizer consent is available, is one available for Moderna?
A- Once EUA is issued we will get it out.

Q - Any studies during trials with Dialysis patients? Centers here are asking if re-vaccination must occur.
A –Dr. Jani – does not think they were included, not sure if advanced renal disease were included

Q – Can the Vaccine Technology video be shared with EM?
A – At this time the link is not working outside of DOH

Q - We were told by EM today, that all first responder vaccines will be going to the CHD's. Is this true?
A – Depends on what county; there are certain EMS that are their own provider; hospital may have surplus and be willing to vaccinate when the time comes

AMERICAN OVERSIGHT

Q - Do we know if Moderna has any guidance on when a person can get the covid vaccine after contacting covid 19? or after recovering from the virus?
A – stipulation – people who had documented infection in the prior 90 days/3 months can delay to facilitate vaccination of others; still there is complete consensus vaccination is recommended

Q - Any guidance on when healthcare providers outside the hospital setting such as: Behavioral/Mental Health/Substance abuse, prisons/jails, or doctors without hospital rights will be able to be vaccinated?
A –will be by the phased approached based on vaccine supply

Q – Free not going to charge for administration?
A – If county is going to file for FEMA reimbursement, they will need to show they have attempted to get reimbursed from another source. CHDs will not pursue but if a vendor is in place, we might recoup through reimbursement

Q - What immuno-compromised conditions/medications are NOT allowed to get the vaccine?
A – Dr. Jani - provider discussions are the most important way to go; no contraindication for HIV clients; biologics did not provide a discrete list. Terry Schenk - Compromised might want to get Pfizer and Moderna; Dr. Jani - others are vector based – plug the spike protein

Q - Will there be warnings for people with inherent drug allergies included in our communications to the public?
A – CDC has put out information. Dr. Jani – what we know – green yellow red table and provided guidance , allergic reaction to any components of the vaccine – discussed with provider; CDC is trying to get more information from experts; precaution (yellow) history of severe allergic relation

Q - Was a JIT training for the providers drafted yet that can be shared?
A – both have training; Pfizer is available; Moderna will come once approved

Q - There was a second survey for EMS/FR sent out on Friday and a reminder today. What was the purpose. Creating a little confusion as we have been working with this group for some time
A – intent was to collect Number of fire fighter– number of people that would take the vaccine, split out clinical vs. non-clinical; readiness for vaccination of their people.

Q - University partner question: Who medically covers their University Health staff administering vaccinations? Do they need their medical director to designate vaccinators or are they covered by the Emergency Order?
A – working to enroll university that have clinic and pharmacy be able to cover their own staff and students

Q - How do we explain vaccine has NOT been approved/licensed but HAS been auth by EUA by FDA. How do we explain this to staff to explain to clients?
A – Dr. Jani – notice the experts are careful to use the word approved and the name of the vaccine in the same sentence – EUA is an authorization for emergency use, approved comes in as we get further clinical trials and Phase 4 and stay true to the control arms, at some point when there is enough data, if at that point, the FDA will take all data and will proceed to approval and licensure and can say that it is approved. This does not mean that it is unsafe.

AMERICAN OVERSIGHT

Q - Into what phase do jail inmates fall?
A – subpopulations have not been delineated out at this time; T Schenk – CDC shows they fall into Phase 2, but discussion has occurred for the clinical staff, but decision are still being made.

Q - So you can bill the insurance, but you cannot bill the client (ex. self pays) the admin fee?
A – Yes, should not cost anyone

Q - What's the message for pregnant or breastfeeding women? Are we encouraging them to take it or consult their doctor?
A – Dr. Jani – no data on safety for this population; animal studies; mRNA are not live virus; not associated when given in the first trimester – has not seen recommendation for pregnant women; Increase risk in pregnancy outcomes – weigh in that factor even though data not available; health care workers can choice and have an informed decision; no data on lactation , if they are part of health care personnel recommended they may choose to get vaccinated, breastfeeding is important; pregnant who experience fever at receiving can be offered Tylenol but should not take other meds; ACOG has more information

ACOG has published a statement that pregnant women and lactating women should be offered the option to be vaccinated when their group is offered that option (ie healthcare providers should be offered the option to take the vaccine now if they choose and it is available to them) with shared decision making along with their OB clinician

Q - Are CHDs to start prebooking COVID 19 vaccine now?
A – At the moment vaccines are being pushed to hospital and a handful of CHDs, until we have sufficient vaccine supply, FL SHOTS will be opened up to others; move to a more normal IMMS process; anticipate Moderna following similar timeline – Thursday / Friday may see EUA, ACIP is scheduled to meet 12/18 & 12/19

Q - so messaging will be, vaccine is FREE, but we may collect from insurance an admin fee?
A – yes

Q - What is the plan for EpiPen distribution? Are those just going to IMT teams?
A – Not anticipated distribution, acquire through normal means, thinking about your open and closed PODS – provided funding can be used.

Q - What messaging should we give the general public seeking vaccination?
A – Talking points have been provided to PIOs and Health Officers

Q - Do we know when is the Moderna FACT SHEET For Healthcare providers will be available?
A – Depends on when EUA is issued

Q - Without the Factsheet or consent form, if we receive the Moderna vaccines, will we hold until those documents are released?
A – should not receive vaccine ahead of the forms being available.

AMERICAN OVERSIGHT

12/12/20

Provider COVID-19 Conference Call Questions for DOH- DRAFT answers

2. I am an FL RN living in the state of Florida. How can I volunteer to assist with vaccine administration?

Thank you for volunteering your time and services to help with the COVID effort. Active vaccination preparation and readiness efforts are in full swing, and many have questions about availability and distribution of the vaccine in the state of Florida and throughout our nation.

Please feel free to sign up for the FLORIDA MEDICAL RESERVE CORPS (MRC) NETWORK PROGRAM. For sign up follow the link provided.
https://flhealthresponse.com/mrcvolunteer

In addition, you may also reach out to your local county health department to offer assistance with the COVID effort in your community.
Florida's County Health Departments contact information is located at
http://www.floridahealth.gov/all-county-locations.html

7. is the vaccine appropriate for those who have already had COVID? Without the vaccine, can a person contract COVID a second or third time? If you have had COVID and 6-8 weeks later you are symptom free but still test positive, should you take the vaccine?

According to the CDC: There is not enough information currently available to say if or for how long after infection someone is protected from getting COVID-19 again; this is called natural immunity. Early evidence suggests natural immunity from COVID-19 may not last very long, but more studies are needed to better understand this. Until we have a vaccine available and the Advisory Committee on Immunization Practices makes recommendations to CDC on how to best use COVID-19 vaccines, CDC cannot comment on whether people who had COVID-19 should get a COVID-19 vaccine.

https://www.cdc.gov/coronavirus/2019-ncov/vaccines/faq.html

9. What will be the procedure for healthcare providers to obtain the vaccine once available? My primary care provider and colleague is not sure whether he will be able to provide it to me in time. I am a licensed Florida physician in Broward County.

The health of all Floridan's is a priority for the Florida Department of Health. As additional vaccines are provided to our state, vaccine distribution will become state-wide. At this time vaccine allocations are limited and are being distributed as quickly and safely as possible with the limited doses available. You may reach out to your local county health department to learn more information about the COVID effort in your community.

Florida's County Health Departments contact information is located at
http://www.floridahealth.gov/all-county-locations.html

13. I am a Registered Nurse in SE Florida and I am interested in working to administer COVID Vaccine. I've searched but haven't been able to get information on how/where to apply for this.

AMERICAN OVERSIGHT

Do you have any information about where I can apply? The websites for CVS and Walgreens haven't provided much help. Thank you.

Thank you for offering your time and services to help with the COVID effort. You may reach out to your local county health department to offer assistance with the COVID effort in your community.

Florida's County Health Departments contact information is located at http://www.floridahealth.gov/all-county-locations.html

14. Will we be vaccinated when it is ready?

The health of all Floridan's is a priority for the Florida Department of Health. As additional vaccines are provided to our state, vaccine distribution will become state-wide. At this time vaccine allocations are limited and are being distributed as quickly and safely as possible with the limited doses available. You may also reach out to your local county health department to find out more information about COVID-19 vaccination in your area.

Florida's County Health Departments contact information is located at http://www.floridahealth.gov/all-county-locations.html

18. Is it possible to get a copy of the state's final COVID-19 vaccine distribution plan referenced by the Governor yesterday?

The federal government will oversee a centralized system to order, distribute, and track COVID-19 vaccines. All vaccines will be ordered through CDC. Vaccine providers will receive vaccines from CDC's centralized distributor or directly from a vaccine manufacturer.

Many COVID-19 vaccine candidates are in development, and clinical trials are being conducted at the same time with large-scale manufacturing. With first doses expected before the end of 2020, planning and preparing for a COVID-19 vaccination program is very important.

Planning efforts have focused on every step and detail of the process, including:

- Establishing and testing logistics plans with manufacturers and commercial partners that are part of CDC's centralized COVID-19 vaccine delivery system
- Coordinating the first distribution of vaccines and needed supplies from centralized locations
- Ordering processes for additional doses of the vaccine after the first supply has been shipped
- Receiving, storing, and handling vaccines properly at very specific temperatures
- Deciding who should receive a vaccine first, based on national recommendations, if there are not enough doses of the vaccine for everyone
- Giving the vaccines in a safe way during an ongoing pandemic

AMERICAN OVERSIGHT

- Reporting on vaccine inventory, administration, and safety using a variety of new and enhanced data systems
- Expanding safety surveillance through new systems and additional information sources, as well as scaling up existing safety monitoring systems
- Developing plans to assess vaccine effectiveness, which means how well the vaccines protect against COVID-19 under real-life conditions
- Making sure timely, credible, and clear communication is provided to the public and stakeholders around all aspects of the vaccination program

This situation continues to change, and planning will progress as more information about authorized or approved vaccines that become available. A safe and effective COVID-19 vaccine is a critical component of the U.S. strategy to reduce COVID-19-related illnesses, hospitalizations, and deaths and to help society function as it did before COVID-19. The goal of the U.S. government is to have enough COVID-19 vaccine doses for all people in the United States who choose to be vaccinated.

Our state currently has a COVID vaccination plan posted on The department of Health Website at https://floridahealthcovid19.gov/ that will be updated as more information is released and the vaccine becomes available.

20.Would it be possible to address how / who RNs would contact to work at administering COVID vaccines? I renewed my RN license to enable me to help with administering vaccines. Sarasota/Manatee counties.

Thank you for volunteering your time and services to help with the COVID effort. Active vaccination preparation and readiness efforts are in full swing, and many have questions about availability and distribution of the vaccine in the state of Florida and throughout our nation.

Please feel free to sign up for the FLORIDA MEDICAL RESERVE CORPS (MRC) NETWORK PROGRAM. For sign up follow the link provided.
https://flhealthresponse.com/mrcvolunteer

In addition, you may also reach out to your local county health department to offer assistance with the COVID effort in your community.
Florida's County Health Departments contact information is located at
http://www.floridahealth.gov/all-county-locations.html

22. Will it be mandatory for healthcare professionals to receive the COVID vaccine in the state of Florida?

Currently, COVID vaccines are not mandatory for Florida citizens. However, they are encouraged.

23. I am a Registered Nurse, retired with an active license. I live in Coconut Creek, and I am trying to find a job to assist with COVID-19 vaccination program. I also need information on how to get a site certified and ready to assist.

AMERICAN OVERSIGHT

Thank you for volunteering your time and services to help with the COVID effort. Active vaccination preparation and readiness efforts are in full swing, and many have questions about availability and distribution of the vaccine in the state of Florida and throughout our nation.

Please feel free to sign up for the FLORIDA MEDICAL RESERVE CORPS (MRC) NETWORK PROGRAM. For sign up follow the link provided.
https://flhealthresponse.com/mrcvolunteer

http://www.floridahealth.gov/all-county-locations.html

30. As we anxiously await the EUA for the COVID vaccine trails, we are working to ensure that Nemours Children's Hospital is prepared to vaccinate our front-line healthcare workers as the vaccine becomes available. I was curious if any guidance had been put out by DOH – or the CDC – related to prospective reporting requirements? We just want to ensure we are properly collecting information for our immunized associates and the reporting vehicle for submitting this information.

To become a COVID-19 vaccine provider your organization must be enrolled in Florida SHOTS and the Vaccines for Children/Adults Program (VFC/VFA).

To enroll in the Florida SHOTS program, visit FLShotsUsers.com. Fill out the application. Check the "COVID-19 Enrollment" check box to indicate your interest in the COVID-19 vaccination effort. Complete the registration process as directed.

Once you are enrolled in Florida SHOTS, log in to the application and access the COVID-19 Enrollment page. Complete the Section A agreement, including the necessary signatures, and email the signed document to CovidVaccineProgram@flhealth.gov. Then:

- If you are not enrolled in VFC/VFA you will be contacted by an enrollment specialist to complete that process.
- If you are already enrolled in VFC/VFA, you must then complete and submit the necessary section B agreements **for each site that you want to enroll as a COVID-19 vaccine provider**. The Section B form is found in Florida SHOTS on the COVID-19 enrollment page.

Once you are enrolled in FLSHOTS and VFC/VFA, and have submitted the Section A and B COVID-19 agreements, the process is complete. The COVID-19 vaccine enrollment desk will contact your organization to provide further information on how to order and receive vaccines as available.

For questions or additional information, please contact the COVID-19 Vaccine Enrollment Desk at 833-701-1397, or email CovidVaccineProgram@flhealth.gov.

Click Here to view the flyer with enrollment instructions:
http://www.floridahealth.gov/programs-and-services/immunization/COVID-19VaccineInfo/_documents/covid-vaccine-flow-chart-info.pdf

AMERICAN OVERSIGHT

To view the Department of Health Immunization Section COVID-19 Vaccine webpage, visit: http://www.floridahealth.gov/programs-and-services/immunization/COVID-19VaccineInfo/index.html

31. As a healthcare professional how to we arrange for COVID-19 vaccination with the state or county health agencies if its not being provided by our employer?

You may reach out to your local county health department to learn more information about the COVID effort in your community.

Florida's County Health Departments contact information is located at http://www.floridahealth.gov/all-county-locations.html

36. Is the COVID-19 vaccine mandatory for all the healthcare workers and providers in the US?

Currently, the COVID-19 vaccination is not mandatory, but it is encouraged and recommended, especially those who are often in contact with those who are positive for the COVID-19 virus.

34. Will mental health/ behavioral healthcare workers be included in essential workers that may be able to receive the COVID inoculation when they are ready? Oftentimes, these workers are forgotten…

The health of all Floridan's is a priority for the Florida Department of Health. As additional vaccines are provided to our state, vaccine distribution will become state-wide. At this time vaccine allocations are limited and are being distributed as quickly and safely as possible with the limited doses available.

35. When will CRNAs who work in ambulatory surgery centers get the vaccine?

The health of all Floridan's is a priority for the Florida Department of Health. As additional vaccines are provided to our state, vaccine distribution will become state-wide. At this time vaccine allocations are limited and are being distributed as quickly and safely as possible with the limited doses available.

37. When will the Florida Physicians without hospital privileges get the COVID vaccine? And how will we be contacted?

The health of all Floridan's is a priority for the Florida Department of Health. As additional vaccines are provided to our state, vaccine distribution will become state-wide. At this time vaccine allocations are limited and are being distributed as quickly and safely as possible with the limited doses available. You may reach out to your local county health department to learn more information about the COVID effort in your community.

Florida's County Health Departments contact information is located at http://www.floridahealth.gov/all-county-locations.html

39. I am a licensed physical therapist in Florida who is self-employed working with children ad adults with disabilities in homes, group homes, daycares, and preschools. When will I be able to get the COVID-19 vaccine since I am working with children and adults who are ill and not able to wear masks?

AMERICAN OVERSIGHT

The health of all Floridan's is a priority for the Florida Department of Health. As additional vaccines are provided to our state, vaccine distribution will become state-wide. At this time vaccine allocations are limited and are being distributed as quickly and safely as possible with the limited doses available. You may reach out to your local county health department to learn more information about the COVID effort in your community.

Florida's County Health Departments contact information is located at http://www.floridahealth.gov/all-county-locations.html

43. I have worked in a COVID unit since March. I have been tested weekly and until Monday 12/7 I have always been negative. I am asymptomatic and want to return to work ASAP. What are the current guidelines for testing and returning to work? The facility requires two negative tests. Is that FDOH guidelines as well. Can I return to work after 10 days if I remain asymptomatic, regardless of the testing results?

Local public health authorities determine and establish the quarantine options for their jurisdictions. CDC currently recommends a quarantine period of 14 days. However, based on local circumstances and resources, the following options to shorten quarantine are acceptable alternatives.

- Quarantine can end after Day 10 without testing and if no symptoms have been reported during daily monitoring.
  - With this strategy, residual post-quarantine transmission risk is estimated to be about 1% with an upper limit of about 10%.

- *When diagnostic testing resources are sufficient and available (see bullet 3, below),* then quarantine can end after Day 7 if a diagnostic specimen tests negative and if no symptoms were reported during daily monitoring. The specimen may be collected and tested within 48 hours before the time of planned quarantine discontinuation (e.g., in anticipation of testing delays), but quarantine cannot be discontinued earlier than after Day 7.
  - With this strategy, the residual post-quarantine transmission risk is estimated to be about 5% with an upper limit of about 12%.

In both cases, additional criteria (e.g., continued symptom monitoring and masking through Day 14) must be met and are outlined in the full text.

See https://www.cdc.gov/coronavirus/2019-ncov/more/scientific-brief-options-to-reduce-quarantine.html for more information regarding COVID 19 quarantine guidelines.

44. One of our partners was diagnosed with COVID with mild symptoms. He is clinically good and has no symptoms for two days. He is improving and wants to come back to work. What is the requirement to start work again?

Local public health authorities determine and establish the quarantine options for their jurisdictions. CDC currently recommends a quarantine period of 14 days. However, based on local circumstances and resources, the following options to shorten quarantine are acceptable alternatives.

AMERICAN OVERSIGHT

- Quarantine can end after Day 10 without testing and if no symptoms have been reported during daily monitoring.
    - With this strategy, residual post-quarantine transmission risk is estimated to be about 1% with an upper limit of about 10%.

- *When diagnostic testing resources are sufficient and available (see bullet 3, below),* then quarantine can end after Day 7 if a diagnostic specimen tests negative and if no symptoms were reported during daily monitoring. The specimen may be collected and tested within 48 hours before the time of planned quarantine discontinuation (e.g., in anticipation of testing delays), but quarantine cannot be discontinued earlier than after Day 7.

See https://www.cdc.gov/coronavirus/2019-ncov/more/scientific-brief-options-to-reduce-quarantine.html for more information regarding COVID 19 quarantine guidelines.

AMERICAN OVERSIGHT

56. I have a friend who tested positive for COVID and despite resolution of symptoms continued to test positive for COVID on another 4 tests. Is this considered one positive or 5 positives?

This is considered one case, with 5 positive test results.

58. Can you tell us the numbers in Barefoot Bay?

Please see the COVID-19 Dashboard for updated COVID-19 cases in our state and county information.

See the following link:
https://experience.arcgis.com/experience/96dd742462124fa0b38ddedb9b25e429/

61. How do healthcare providers that work in nursing homes sign up for the early administration of the vaccine?

Phase 1A includes essential healthcare workers who are at most risk of contracting/spreading COVID-19. Long-term care facilities are included in Phase 1 of covid distribution.

62. I am an independent pharmacy. How do I make my pharmacy become a COVID testing center? I have called the state

67. When family members come to visit loved ones in a facility are, they allowed to visit without a mask?

Currently, there are no state-wide mask mandates in Florida. The CDC has shared the following considerations for mask wearing: **Your mask helps protect those around you**

COVID-19 spreads mainly from person to person through respiratory droplets. Respiratory droplets travel into the air when you cough, sneeze, talk, shout, or sing. These droplets can then land in the mouths or noses of people who are near you or they may breathe these droplets in. Masks are a simple barrier to help prevent your respiratory droplets from reaching others. Studies show that masks reduce the spray of droplets when worn over the nose and mouth.

You should wear a mask, even if you do not feel sick. This is because several studies have found that people with COVID-19 who never develop symptoms (asymptomatic) and those who are not yet showing symptoms (pre-symptomatic) can still spread the virus to other people. The main function of wearing a mask is to protect those around you, in case you are infected but not showing symptoms.

It is especially important to wear a mask when you are unable to stay at least 6 feet apart from others since COVID-19 spreads mainly among people who are in close contact with one another (within about 6 feet).

Mask mandates are not in affect for all facilities but wearing your mask will help reduce the spread of COVID-19.

AMERICAN OVERSIGHT

68. Will residents in nursing homes or ALF's be mandated to get COVID vaccine or will it be optional?

Currently, the COVID-19 vaccination is not mandatory. Attaining a COVID-19 vaccine is encouraged when available. Those who are vulnerable and at risk for contracting COVID-19 should obtain a covid vaccine to protect themselves and those around them, if they so choose.

Fact sheet has FDA official language for the additional dose

Q: Some vials of the Pfizer-BioNTech COVID-19 vaccine have contained extra product after five doses is obtained. Can the extra be used?

A: FDA is aware of the issue and working with Pfizer to determine the best path forward, and will share additional updates as we have them. At this time, given the public health emergency, FDA is advising that it is acceptable to use every full dose obtainable (the sixth, or possibly even a seventh) from each vial, pending resolution of the issue. However, since the vials are preservative free, it is critical to note that any further remaining product that does not constitute a full dose should not be pooled from multiple vials to

AMERICAN OVERSIGHT

create one.

Good morning,

How are we addressing this as a group?
My phone and email are blowing up from our initial hospitals.

Here is my messaging: "until we have an amended EUA we must follow the 5-dose label on the Pfizer product."

Some pharmacists/hospitals are dating/labeling the vials with the remaining 6th dose and storing in hope of official approval in writing today.

AMERICAN OVERSIGHT

Are any state health officers approving the 6th dose at the state level? This is what our providers are asking.

Thank you,

*** Caution. This is an EXTERNAL email. DO NOT open attachments or click links from unknown senders or unexpected email. ***

All,

We've had several questions on the 6th dose communication below, and whether there will be more official guidance coming from the FDA. I'm surprised that an email from me doesn't seem sufficient.

Although I don't have an official communication directly from the FDA yet, I have a second communication indirectly from them, and can say that this was received by Dr. Messionier directly from the FDA.

"FDA is aware of the issue and working with Pfizer to determine the best path forward, and will share additional updates as we have them. At this time, given the public health emergency, FDA is advising that it is acceptable to use every full dose obtainable (the sixth, or possibly even a seventh) from

AMERICAN OVERSIGHT

each vial, pending resolution of the issue. However, since these are preservative free vials, it is critical to note that any further remaining liquid that does not constitute a full dose should not be pooled from multiple vials to create one."

Also, a message from the CDC: "Comms is working on an FAQ for the CDC website as well."

Very Respectfully,
Brandon

Subject: Region IV Quick Updates

Good Morning Region IV!

Here are a few quick items I wanted pass this morning:

-Pfizer second week allocations are loaded in Tiberius production module. Also note that allocation transfers have begun for the LTCF program. The total Pfizer 2nd week allocation is 4.3M doses, minus 5% safety stock and second dose, then pro rata based on total population. If you allocation doesn't match that math, it may be because of LTCF allocation transfers.
-Pfizer VTrckS ordering caps should be updated tomorrow, and I believe that any orders placed by 0930 Sunday will arrive either Monday or Tuesday, but I will work to get clarity on this.
-Moderna ordering will not open back up until EUA is issued. Unlike Pfizer orders, since Moderna is shipped by McKesson, those orders can't be held, so ordering must be delayed until EUA is issued.
-A decision was made to phase in Moderna pre-orders over 3 days, similar to Pfizer. First Moderna

AMERICAN OVERSIGHT

orders will likely arrive on Monday, 21 Dec (subject to change). Kits for Moderna preorders will begin shipping today, arriving tomorrow.
-Expecting Moderna 2 and Pfizer 3 allocations to be visible in Tiberius on 22 Dec. Fingers crossed.
-Current CDC guidance is to stick with only obtaining 5 doses per vial of Pfizer vaccine, with the reason being it is aligned with the EUA, but CDC leadership is working to get more clarity on this. More to come.

I'm sure there's more to come today and this week, but wanted to get this info to you ASAP. Have a great day!

Very Respectfully,
Brandon

Hello Jade,

We received the notification regarding next week's allocations. I continue to hear that some of our sites are not registered with FloridaShots, when it fact we've completed registration for all of our sites for several weeks now. In addition, our sites are getting calls from the county DOH/emergency management folks notifying them that they will receive allocations directly to them vs. the centralized location we've included in our Florida shots registration. Given that we have sites in several counties, it's there someone at the State level (DOH/FloridaShots) I can talk to to clarify my above concerns. Otherwise, the current list shows my biggest facilities are not listed to receive any allocations next week. We have a significant number of Phase 1A staff members that can benefit from the vaccine next week and ask that you please help us receive the appropriate allocations next week.

Thank you in advance,
Luis Collado

Importance: High

Good evening Jade,

I hope you are having a great week so far. We thank you and the Surgeon General's office for your commitment and outstanding support throughout the pandemic!

On today's FHA call, Dr. Rivkees mentioned that next week's (and/or following week) allocations of Moderna would be prioritized to those hospitals who have not received any/sufficient vaccines yet.

As you know, we are expecting a small allocation of the Pfizer vaccine from Jackson Healthcare System (3,500 doses) starting tomorrow morning. Nevertheless, in order to provide the vaccine to the remainder of our front line/high risk personnel (Phase 1A group) we will have a need for additional allocations beyond what we're expecting to receive from Jackson Health.

Can you please confirm that the following hospitals within our system should expect direct Moderna vaccine allocations next week. If so, can you please provide an estimate of expected allocation by site or for our entire system (Baptist Health South Florida).

We need to talk about why and how we can communicate with these hospitals to ensure they are enrolling as a hospital provider site.

Thanks,
Amy

Subject: RE: [External] Vaccine - Baptist South Miami

Ok so yes all of these hospitals are enrolled, the ones with AHCA names I put in Red all were allocated doses on the first Moderna allocation.

The ones I've highlighted put their COVID site type as "health center occupational" instead of "hospital". That is why they have never made the enrolled hospital lists. I can add them to the next Moderna or Pfizer allocation (depending on their ultracold status).

Occupational Health-Baptist (org Login QHP79371) has 12 COVID-19 vaccine enrolled sites.

1. Baptist Health Pharmacy Distribution Center (VFC PIN 701162) BAPTIST HOSPITAL OF MIAMI, on Moderna 1 allocation
2. Baptist Hospital Miami (VFC PIN 701187) "health center occupational"
3. Bethesda Hospital East (VFC PIN 701164) BETHESDA HOSPITAL EAST, on Moderna 1 allocation
4. Bethesda Hospital West (VFC PIN 701246) BETHESDA HOSPITAL WEST, on Moderna 1 allocation
5. Boca Raton Regional Hospital (VFC PIN 701192) BOCA RATON REGIONAL HOSPITAL, on Moderna 1 allocation
6. Doctors Hospital (VFC PIN 701179) DOCTORS HOSPITAL, on Moderna 1 allocation
7. Fisherman's Community Hospital (VFC PIN 701247) "health center occupational"
8. Homestead Hospital (VFC PIN 701189) HOMESTEAD HOSPITAL, on Moderna 1 allocation
9. Mariners Hospital (VFC PIN 701267) "health center occupational"
10. Occupational Health – Baptist (VFC PIN 701178) BAPTIST HOSPITAL OF MIAMI, on Moderna 1 allocation
11. South Miami Hospital (VFC PIN 701190) "health center occupational"
12. West Kendall Baptist (VFC PIN 701181) their site type is "health center occupation" so they didn't get counted as a hospital.

Subject: FW: [External] Vaccine - Baptist South Miami

Don't worry about enrollment dates email I just sent, what we need to concentrate on is changing the ones highlighted over to a hospital provider type in the Section B.

Can you let me know when that is done.

Good morning Molly, Mark,

Very concerning as this miscommunication/ confusion between FloridaShots and what the State receives is impacting our allocations for the next two weeks.

Including you both in hopes you can help clarify the and ultimately help us receive proper allocations for the next two weeks.

Thank you in advance,
Luis Collado

If the current budget includes other areas of accountability include them in the TOTAL ALLOTMENT and provide a brief explanation.

AMERICAN OVERSIGHT

6. Duties and Responsibilities - Describe in detail the specific duties and responsibilities assigned to this position and the percentage of time for each. Indicate the role of this position in accomplishing the unit and agency mission. If applicable, include examples of independent, final policy decisions made and show their effect on the agency, the public, or other state agencies.

% of Time	Duties and Responsibilities
	This individual will be responsible for all supervisory duties including, but not limited to, hiring and selection, developing performance plans, conducting performance appraisals, planning, and directing their work, approving leave, and taking disciplinary action as appropriate. **The Learning and Growth Perspective of this position is to mobilize community partnerships to identify and solve health problems. This person will assess aggregated data from Internal Business Processes, Financial and Customer and Community perspectives to formulate public policies (strategies) with the community partners for the health of the community, populations and visitors at risk. The incumbent will ensure a competent public health workforce; the employees will be equipped with the right skills, technology and be energized to do the right things at the right time.** **The Internal Business Process Perspective of this position is to assure that all populations have access to appropriate and cost-effective care. This will include health promotion and disease prevention services, and evaluation of the effectiveness of that care. The person will inform, educate and empower people about health issues; enforce laws and regulations that protect health and ensure safety; link people to needed personal health services and assure the provision of health care when otherwise unavailable. The incumbent will develop, collect, and monitor data to continually improve the county health department's success in preventing epidemics and spread of diseases; protecting against environmental hazards; responding to disasters and assisting in recovery and providing a safety net for the most vulnerable among us.** **The Financial Perspective of this position is to marshal community resources, optimize the use of all resources, and accurately and timely report all financial information. The person will marshal resources to increase the support for the internal business processes needed by the community. The incumbent will measure and improve the organization's success in increasing grant dollars, volunteerism activity, support from the Board of County Commissioners, and collections from 3rd parties. This individual will optimize the use of existing resources by maintaining the cash balance within the Department of Health standards, reducing unit costs, controlling expenditures and increasing the organization's overall return on investment. The individual will accurately and timely report on Core Contracts, Vendor Contracts, all other Financial Reports and ensure that internal controls are adequate for any cash collected. This individual will ensure consistent application of the Service Level Agreement for Human Resources Services.** **The Customer and Community Perspective of this position is to establish an admirable relationship with their Board of County Commissioners, clients and the community partners. The incumbent will measure their success in satisfying the customer and community by increasing the value of their services and products.** **The individual will adhere to the specific County Health Department Directors and Administrators competencies and the Department of Health values.**

AMERICAN OVERSIGHT

7. Knowledge, skills and abilities, including utilization of equipment, required for the position:
Knowledge of the prevention and treatment of infectious diseases of public health significance, prevention of diseases of environmental origin, prevention of injuries, promotion of healthy behaviors, response to disasters and assistance in the recovery, and providing access to health care.

Skill in monitoring, investigating, and diagnosing health status to identify and treat health problems. The ability to mobilize community partnerships, develop policies and plans, enforce laws and regulations, link people to needed services, and assure a competent workforce.

Ability to evaluate effectiveness, accessibility, and quality of personal and population-based health services and to research for new insights and innovative solutions to health problems.

8. Licensure/registration/certification requirements (If applicable, list the appropriate Florida Statute or federal regulation cite):

9. Other job-related requirements for this position:

- Certification of Acknowledgement: This position is in compliance with and monitors compliance (when applicable) of the mandatory requirements in Sections 215.422 and 112.061, Florida Statutes, and Chapter 691-24.001, Florida Administrative Code.
- Contract Manager's Supervisor: Serves as the supervisor for a contract manager(s) and monitors compliance with the mandatory requirements in Sections 287.057(16) and 215.422, Florida Statutes.
- Property Custodian: Assigned responsibility for control or department assets. (inventory/AMS)
- Local Registrar for Vital Statistics: Assigned responsibility for vital statistics as outlined in Chapter 382, Florida Statutes.
- Purchasing Card: Assigned Purchasing Card responsibilities.
- Incumbent will have access to records containing social security numbers in the performance of job duties.
- Incumbent may be required to work before, during and/or beyond normal work hours or days in the event of an emergency. Emergency duty required of the incumbent includes working in special needs or Red Cross shelters, or performing other emergency duties including, but not limited to, responses to or threats involving any disaster or threat of disaster, man-made or natural.
- Employee is subject to emergency calls from his/her residence for the protection of life or property. This is pursuant to DMS rule 60B-1.008 Special Assignment.
- All employees are expected to complete timesheets as required, both accurately and within the required timeframe.
- All employees are expected to complete mandatory trainings within the required timeframe, as deemed necessary by the Department, the Delegated Authority, grant requirements and/or Florida Statutes.

10. Working hours: (A) Daily from 8:00 to 5:00 (B) Total hours in workweek 40 (C) Explain any variation in work (split shift, rotation, etc.)

11. **Agency Use Only** –
Check those that apply: Uniform Allowance ☐ CJIP ☐ Bond Indicator ☒ Drug Screening ☐ Re-screening ☒
Security Check: No security screen required ☐ Background investigation required ☐ Background & fingerprint required ☒
Fingerprint investigation required ☐ Access to abuse records ☐ Caretaker ☐ Financial ☐ Law enforcement ☐ Management ☐
Sensitive ☒ Agency Security Check ☐
Check the Strategic Priority Areas of the Agency Strategic Plan that support the duties and responsibilities:
Health Equity ☒ Long, Healthy Life ☒ Readiness for Emerging Health Threats ☒ Effective Agency Processes ☒
Regulatory Efficiency ☒

The following have acknowledged that the statements above, to the best of their knowledge, accurately describe the duties and responsibilities of the position.

Governor Ron DeSantis Announces Distribution Plan for Allocation of Moderna COVID-19 Vaccine

Tallahassee, Fla. – Today, Governor Ron DeSantis announced the State of Florida's initial distribution plan for Moderna's COVID-19 vaccine.

AMERICAN OVERSIGHT

Florida is preparing to receive the first shipment of the Moderna vaccine next week, pending an Emergency Use Authorization by the U.S. Food and Drug Administration (FDA).

270,700 doses will be distributed to 181 hospital locations that did not receive doses in the first allocation of the Pfizer COVID-19 vaccine. These hospital locations span 43 counties. Find the full list **HERE**.

The state is able to distribute this vaccine to a large number of hospitals as the Moderna vaccine does not require ultra-cold storage.

Governor DeSantis has issued regular video updates on vaccine distribution in Florida, which can be found **HERE**.

Floridians are also encouraged to opt-in to receive updates about the COVID-19 vaccine via text. Floridians can receive these text updates by texting FLCOVID19 to 888777.

The state is able to distribute this vaccine to a large number of hospitals as the Moderna vaccine does not require ultra-cold storage.

Governor DeSantis has issued regular video updates on vaccine distribution in Florida, which can be found **HERE**.

Floridians are also encouraged to opt-in to receive updates about the COVID-19 vaccine via text. Floridians can receive these text updates by texting FLCOVID19 to 888777.

Governor Ron DeSantis Announces Distribution Plan for Allocation of Moderna COVID-19 Vaccine

Tallahassee, Fla. – Today, Governor Ron DeSantis announced the State of Florida's initial distribution plan for Moderna's COVID-19 vaccine.

Florida is preparing to receive the first shipment of the Moderna vaccine next week, pending an Emergency Use Authorization by the U.S. Food and Drug Administration (FDA).

270,700 doses will be distributed to 181 hospital locations that did not receive doses in the first allocation of the Pfizer COVID-19 vaccine. These hospital

Subject: AdventHealth Altamonte Springs Florida Shot - COVID Enrollment

Good evening Amy,

AdventHealth Altamonte Springs was the only one of our hospitals that was missing from the Governor's listing of hospitals to receive Moderna. We see they are enrolled in Florida Shots along with all our campuses and we submitted a Section B of the CDC COVID-19 Vaccine Provider Agreement as we have with all of our hospital campuses.

With a 10 am deadline to make sure we are properly enrolled, we do not want to miss out on receiving Moderna at this location and need to understand what if anything is missing for AdventHealth Altamonte Springs.

Please do not hesitate to contact me at 321-228-6165.

Blessings,
Diane L. Godfrey

Subject: RE: agreement between County EMS director and CHD
Date: Saturday, December 12, 2020 1:02:47 PM
Attachments: Vaccination Agreement Templates - COVID-19 (357 KB).msg

Dr. Jackson,

This is the email that we sent with the template for limited use vaccinations, it is similar to Hep A. Any proposed changes would need to be worked through your legal office.

Subject: agreement between County EMS director and CHD

FL Statute 401.272 allows paramedics to administer vaccines under a medical director, and with a signed agreement with the CHD.
Does DOH have a standard agreement or should we work with legal council to develop the agreement to use locally?

Dear Health Officer,

The attached agreements were previously distributed to assist local health departments with engagement of community partners for the purpose of collaborating in providing vaccination services to your counties. These agreements outline roles and responsibilities for community partners to assist with vaccinations, POD site locations and storage of vaccines. In an effort to assess our current local capabilities we will be asking each county health department to provide a list of all executed MOUs into ReadyOp. At this point we will not be asking for the agreements, just the type of agreement in place, partner involved and estimated number to be vaccinated.

We anticipate the ReadyOp form to be completed by Monday, December 7th, and will ask that it be populated with your county data by COB Wednesday December 9th, with weekly reporting thereafter of any newly executed agreements.

Should you have any questions or concerns please reach out to Erin Hess, Aaron Otis or myself.

AMERICAN OVERSIGHT

I. Purpose

To administer vaccines according to the current standard of care, to document all vaccines administered in the CHD, to ensure distribution of risk/benefit information to clients, and to report adverse events.

II. Procedures

Department of Health (DOH) county health department (CHD) staff will administer vaccines according to the current standard of care and document administration of all vaccines administered to CHD clients. All clients or their parent/guardian will be informed of the risks and benefits of each vaccine to be administered. The current Vaccine Information Statement (VIS), prepared by the Centers for Disease Control and Prevention (CDC), will be provided to the client or their parent/guardian. Adverse events associated with the administration of certain vaccines will be reported to the Vaccine Adverse Event Reporting System (VAERS).

A. Vaccine Administration Documentation

Each CHD is required to obtain consent for treatment and care, including immunization services, for all clients receiving immunizations. Documenting consent in the Florida State Health Online Tracking System (SHOTS) is recommended and suffices for electronic signature. The current Department of Children and Families Operating Procedure details statutory authority and outlines under which circumstances a foster parent or shelter care worker may sign to authorize needed immunizations. Contact the local Department of Children and Families district office for specific guidance at http://www.myflfamilies.com/contact-us.

An education plan that includes competency-based training on vaccine administration should be developed and implemented for all CHD staff who administer vaccines. Individuals shall maintain records of all training documentation in the event of an audit.

When a client presents for immunizations, all client identification and historical immunization data should be reviewed and updated, as needed.

1. Electronic Immunization Clinic Record Form (DH 687)

   a. The Immunization Clinic Record is the permanent medical record for a client's immunizations. The Health Management System (HMS) documents all client services, and Florida SHOTS is used to document historical and administered vaccines.

   b. It is not necessary to maintain a hard copy of current immunizations if the electronic DH 687 form within Florida SHOTS is used.

   c. Enter data in Florida SHOTS according to the guidelines in this policy. All client and immunization information should be entered into Florida SHOTS as soon as possible, preferably during the administration process or at least the same day.

AMERICAN OVERSIGHT

FL-DOH-21-0168-A-078834

d. Florida SHOTS-generated DH 687 form can be printed, if a hard copy is necessary. All doses of all vaccines administered will be documented on this form.

2. Florida SHOTS Notification and Opt-Out Form (DH 1478)

a. Effective January 1, 2003, all children born in Florida are added to Florida SHOTS as required by section 381.003, Florida Statutes, and Florida Administrative Code Rule 64D-3.046. The Bureau of Vital Statistics provides a birth file for all children born on or after January 1, 2003, for loading into Florida SHOTS. Opt-out forms for these children are provided by the Bureau of Vital Statistics through the birth notice that is mailed to their parent/guardian. The opt-out provision is automatically recorded in Florida SHOTS for these births. There is no need to provide additional opt-out information, unless specifically requested by a parent/guardian. If a parent/guardian does request an opt-out form, the CHD should provide the form and have the parent/guardian follow directions on the form for submission. This form is also available online at http://flshotsusers.com/opt-out.

b. All staff who administer vaccines must be added as personnel in Florida SHOTS.

c. Technical assistance for Florida SHOTS is available from the *DOH Immunization Section User's Guide to Florida SHOTS: Immunization Registry* and the staff at Florida SHOTS enrollment desk (contact 1-877-888-7468 or email DL HSD IMM FLSHOTS HELPDESK). Web-based training for Florida SHOTS is available and recommended for all users.

d. When a child's immunization record is added to Florida SHOTS, parent/guardian should receive notification of the ability to opt out of sharing immunization records by filling out and submitting a *Florida SHOTS Notification and Opt-Out* form (DH 1478). This notification is required by section 381.003, Florida Statutes, and Rule 64D-3.046, Florida Administrative Code. Notification can be accomplished by posting a highly visible DH 1478 form at the intake desk where parent/guardian bring children for vaccinations.

e. The aforementioned posting of the notification is sufficient for parent/guardian whose children born prior to January 1, 2003, are added to the registry or who present for the first time from another state. The notification date and the name of the individual recording the date should be added to Florida SHOTS when the client is added to the system for the first time. This information will automatically appear on the electronic DH 687 form in view or print mode. (Opt-out information only has to be provided and documented once in Florida SHOTS).

AMERICAN OVERSIGHT

FL-DOH-21-0168-A-078835

3. Religious Exemption from Immunization Form (DH 681)

    a. Effective August 14, 2015, when a parent requests *Religious Exemption from Immunization* form (DH 681), CHD staff will provide the department form *Did You Choose Not to Vaccinate Your Child?* (DH8001-DCHP-07/2015), located at http://www.floridahealth.gov/programs-and-services/immunization/publications/_documents/vaccine-responsibilities-ltr-eng.pdf.

    b. This is intended for distribution to DOH clients who exercise their right to opt out of vaccinating their children through a religious exemption. No attestation or signed acknowledgement should be required of clients upon their receipt of the form as it is for educational purposes, not counseling.

    c. If a parent/guardian requests such an exemption, then the CHD staff must use the current DH 681 form available electronically in Florida SHOTS, which the parent/guardian affirms a religious conflict exists. This form must be issued upon request. No other information should be solicited from the parent/guardian.

    d. Document issuance of religious exemption in Florida SHOTS according to guidance in the *DOH Immunization Section User's Guide to Florida SHOTS: Immunization Registry*. Provide a completed *Religious Exemption from Immunization* form (DH 681) and duplicate for client and/or parent/guardian records. Refer to the current *Immunization Guidelines for Florida Schools, Childcare Facilities and Family Daycare Homes* at www.floridahealth.gov/programs-and-services/immunization/children-and-adolescents/_documents/school-guide.pdf for additional information.

4. Immunization History Update

    a. Add all historical immunizations given by other clinics or private medical providers into Florida SHOTS, unless already available in the system.

    b. If the client receives services from another provider, instruct the parent/guardian to take the updated immunization record to that practice.

    c. Review Florida SHOTS Immunization Status page to assist in determining vaccines due and recommended due dates. Assess the client's immunization history to determine which vaccine(s) is needed at each encounter. Review all sources of immunization documentation.

5. Eligibility for Vaccines for Children (VFC) Program

    a. Screen clients (birth through 18 years of age) at each clinic visit to determine their eligibility under the VFC Program. Refer to *the Florida Vaccines for*

AMERICAN OVERSIGHT

FL-DOH-21-0168-A-078836

Children Program Provider Handbook at www.floridahealth.gov/programs-and-services/immunization/vaccines-for-children/_documents/vfc-provider-handbook-2016.pdf for details.

b. Indicate the eligibility status by selecting the appropriate code in Florida SHOTS.

(1) Eligibility categories:

(a) VFC-Eligible–American Indian or Alaskan Native

(b) VFC-Eligible–Medicaid/MCO

(c) VFC-Eligible–Underinsured

(d) VFC-Eligible–Uninsured

6. Distribution of Risk/Benefit Information

a. Provision of the Vaccine Information Sheet (VIS)

(1) By federal law, the National Childhood Vaccine Injury Act requires all vaccine providers to give each patient or their parent/guardian the appropriate CDC VIS form on each occasion a vaccination is given. Florida SHOTS will link to the current version for each vaccine. These forms are available at www.cdc.gov/vaccines/hcp/vis/index.html. Document the VIS given, publication date, to whom the VIS was provided, and the CHD staff providing the VIS in Florida SHOTS. **Note:** Both the consent and VIS receipt should be documented in Florida SHOTS.

(2) Allow the client **or** parent/guardian sufficient time to read the VIS. Providers should supplement VIS forms orally, with videotapes, additional printed material, or any other way that will help the client and parent/guardian understand the disease and vaccine, as needed.

(3) The CHD clinical staff will answer all questions in a client-friendly, culturally sensitive manner.

(4) Maintain a translation referral list and information to Language Line Services. Translated versions of the VIS for childhood vaccines are available on-line at www.immunize.org/vis/?f=9.

(5) In the absence of access to Florida SHOTS, use the hard copy of the DH 687 form. Record the CDC publication date of each VIS provided in the "VIS Date" section on the line corresponding with the vaccine given. Document the required information on the DH 687 form after the client and/or parent/guardian have been provided and s/he has read the applicable VIS.

AMERICAN OVERSIGHT

FL-DOH-21-0168-A-078837

7. Vaccine Administration

   a. The CHD clinical staff will administer the appropriate vaccines according to the current standard of care, the current *ACIP Recommended Immunization Schedules for Persons Aged 0 through 18 years, United States*, and the latest *Report of the Committee on Infectious Diseases of the American Academy of Pediatrics (Red Book)*. The CHD staff will also document administration of all vaccines administered to CHD clients.

   b. Upon review all sources of immunization documentation and assessment of the client's immunization status, CHD staff will determine which vaccine(s) is (are) needed at each encounter.

   c. CHD staff will provide the needed vaccine(s) according to the CHD's internal standing orders for administering the age-appropriate vaccine(s) due at the time of the encounter. Under these standing orders, eligible CHD clinical staff may vaccinate children and teens who meet any of the criteria.

   d. Screen all patients for contraindications and precautions to the age-appropriate vaccine(s) due at the time of the encounter.

8. Documentation of Doses Given

   a. Only Florida SHOTS registry should be used for documentation of immunizations.

   b. Choose the appropriate vaccine administration route/site from Florida SHOTS. A listing of approved abbreviations is located in the Department of Health Policy (DOHP) 380-3-14, Clinical Abbreviations/Acronyms/Symbols Policy, available at dohwebdev.doh.ad.state.fl.us/Divisions/Planning_Evaluation/HPE_DOHPolicy/DOHP380-3.pdf.

   c. Varicella Disease: If the client has a valid history of varicella disease, it should be entered as a contraindication by recording the date and source of history (that is physician documentation) in the varicella section in Florida SHOTS.

   d. If using combination vaccines, verify that administration of each antigen is documented. In the absence of access to Florida SHOTS, verify that all information for each antigen is recorded on a hard copy DH 687 form. A blank DH 687 form can be printed from Florida SHOTS.

   e. Inquire about and record all conditions that may indicate allergies, contraindications, and permanent medical exemptions. Reference the list of valid precautions and contraindications from the CDC website at https://www.cdc.gov/vaccines/hcp/acip-recs/general-recs/contraindications.html.

AMERICAN OVERSIGHT

FL-DOH-21-0168-A-078838

f. A Florida SHOTS-generated *Florida Certification of Immunization* form (DH 680) can be provided to the parent/guardian, if needed. Only valid doses of vaccines required for school or child care appear on this form.

g. Parent/guardian may be issued a DH 680 personal identification number by the CHD or other health care provider for later retrieval of the DH 680 form directly by the parent/guardian.

h. A Florida SHOTS-generated report, *Immunization History* form (DH 686) can be printed and provided to the parent/guardian, as a personal immunization record. All valid doses of vaccines received and recommended next due dates are listed on this form.

i. If the client is a Women, Infants and Children Program (WIC) client, add the WIC identification number, if known.

9. Family Planning/STD Confidential Minors and Immunizations

a. The provider must document in the notes that the confidential minor seeking Family Planning/STD services meets the requirements of the statute, as reflected in TAG 332-4 FAMPLAN4 paragraph C, and has been informed of risks/benefits of the vaccine and given informed consent.

b. Confidential Family Planning/STD minor clients may receive the human papillomavirus (HPV) vaccine and the hepatitis B vaccine without parental consent.

c. An uninsured minor (under 19 years of age) may receive these vaccines through a Title X Family Planning/STD Clinic. If an insured minor desires vaccination, but does not have access to the insurance because of confidential circumstances (seeking family planning or STD services), the minor is considered uninsured, which meets eligibility for VFC-funded (PC 01) vaccine. Minors who are insured by Medicaid are also eligible for VFC-funded (PC 01) vaccine.

d. If a confidential minor begins vaccination series as a Family Planning/STD client, then the minor must complete vaccination series as a Family Planning/STD client. A confidential Family Planning/STD minor client must not be referred to CHD Immunization Clinics to receive follow-up series vaccinations.

e. Documentation of immunizations for confidential Family Planning/STD minor clients must be performed within the clients' electronic health record in Medication Profile/Emdeon and not entered into FLSHOTS.

f. Within Medication in HMS, choose Standard/Reported. Do not choose minors insurance unless it is Medicaid. On the RxPad page, choose the

AMERICAN OVERSIGHT

FL-DOH-21-0168-A-078839

"Reported RX" button on the right-hand side of the screen. Complete Effective Date; enter vaccination type under DRUG. This will record the name of the vaccine and the dose given. Record the following under Notes to Pharmacist:

(1) Vaccination Information Statement with publication date given to client

(2) Injection site

(3) Injection route

(4) Name of vaccine manufacturer

(5) Vaccine lot number

(6) Expiration date

(7) NDC number

(8) Name and title of vaccinator

(9) Dose sequence (first, second, or third)

(10) Next Dose in number weeks or months (for the second and third doses)
EXAMPLE: HPV VIS (11/15/15) given to client; RDT; IM; Merck & Co; Lot# L018351; Exp 8/11/17; NDC 00006-4119-03; Administered by J. Smith, RN; 1st dose. Next Dose in X weeks.
NOTE: There is limited space in comments and this information must be entered as indicated with no returns
REMOVE PHARMACY by clicking the black X
SAVE.

g. CHDs should follow the guidance provided in the *Florida VFC Provider Handbook* for inventory management.

h. Reimbursement of HPV and hepatitis B vaccination services for confidential Family Planning/STD minor clients is limited to billing Medicaid for the administration fee only.

i. Recommended confidential minor immunization guidelines:

(1) Female confidential Family Planning/STD minor clients aged 11–17 years:

(a) Should be offered either VFC-funded (PC 01) HPV vaccine for prevention of HPV and cervical cancer if not previously vaccinated.

AMERICAN OVERSIGHT

FL-DOH-21-0168-A-078840

(b) Should be offered VFC-funded (PC 01) hepatitis B vaccination if not previously vaccinated

(2) Male confidential Family Planning/STD minor clients aged 11–17 years:

(a) Should be offered VFC-funded (PC 01) HPV vaccine, if not previously vaccinated.

(b) Should be offered VFC-funded (PC 01) hepatitis B vaccination if not previously vaccinated.

10. Post-Vaccination Parent/Guardian Counseling

a. Provide client or parent/guardian with information (oral or written) on common adverse events, which may follow immunization.

b. In case of an adverse event following vaccine administration, provide client or parent/guardian with telephone numbers and explain where and how to obtain medical care during daytime and nighttime hours. Please instruct client or parent/guardian to contact the CHD if any adverse event occurs.

c. Follow-up activities, such as telephone calls, reminder/recall notices, and home visits, should be documented under contact attempts in Florida SHOTS and/or in the medical record.

B. Vaccine Adverse Event Reporting System (VAERS)

1. The VAERS is a passive surveillance system through which individuals report events associated with the administration of certain vaccines.

2. According to the National Childhood Vaccine Injury Act, you must report specific adverse events following the administration of specific vaccines in accordance with recommendations provided in the *Morbidity and Mortality Weekly Report* (*MMWR*) Volume 60, No. RR-2, January 28, 2011.

3. The VAERS accepts all reports of adverse events after the administration of any vaccine.

4. Any serious adverse events, such as those that require a health care visit, should be reported through the VAERS.

5. Health care providers, including CHD staff, are required by law to report certain adverse events.

6. Lay people, such as parent/guardian, may also report adverse events to the VAERS. Encourage these individuals to seek the assistance of a health professional in completing the form.

AMERICAN OVERSIGHT

FL-DOH-21-0168-A-078841

a. VAERS Forms

(1) The VAERS reports are submitted electronically at vaers.hhs.gov/index.

(2) For non-electronic submission, copies of the VAERS reporting form and instructions can be found and downloaded from vaers.hhs.gov/, by calling toll-free 1-800-822-7967, or by submitting requests to the VAERS at info@vaers.org.

b. Reporting Process

(1) CHD Staff Responsibilities:

(a) Initiate and complete electronic VAERS report submission according to the instructions.

(b) Print and review the form to ensure that all items are complete. Be sure the dates make chronological sense. For example, the date of birth must precede the date of vaccination. This information is critical to the analysis of the VAERS data.

(c) Notify the CHD VAERS coordinator and the Immunization Section VAERS coordinator.

(d) Submit a completed report to VAERS, the Immunization Section VAERS coordinator, and retain a copy for case management.

c. Each CHD will appoint a VAERS Coordinator responsible for:

(1) Receiving VAERS notification from all CHD clinics in the county.

(2) Reviewing the report for completeness, accuracy, and consistency.

(3) Verifying electronic VAERS submission and notification to Immunization Section VAERS Coordinator.

(4) Identify a designated backup staff. Cross training these duties ensures timely and accurate reporting. Performance standards should reflect these responsibilities for the designated individuals.

(5) Enter adverse event(s) into Florida SHOTS on behalf of the client.

d. Follow Up of Serious Adverse Events

(1) Certain serious adverse events require a 60-day and/or one-year follow up. The parameters for follow-up reporting are determined by the VAERS on a case-by-case basis.

AMERICAN OVERSIGHT

FL-DOH-21-0168-A-078842

(2) The Immunization Section VAERS Coordinator will notify the CHD VAERS Coordinator when follow up is due, so that the CHD coordinator can obtain information on the status of the client and report findings back to the Immunization Section VAERS Coordinator.

III. Scope

A. Personnel: All CHD Medical Doctors (MD), Doctors of Osteopathy (DO), Advanced Registered Nurse Practitioners (ARNP), Physician's Assistants (PA), Registered Nurses (RN), and Licensed Practical Nurses (LPN) within constraints of their practice acts, protocols, and responsibilities for immunization services.

B. Competencies: The CHD management team is responsible for determining the level of knowledge and competency of staff members providing immunization services.

C. Areas of Responsibility:

1. Distribution of Risk/Benefit Information: Each CHD provider is responsible for ensuring documentation of receipt of the appropriate VIS prior to each vaccination administration under federal law.

2. Vaccine Administration: The CHD immunizations staff is responsible for administering vaccines according to the current standard of care and following the ACIP recommendations.

3. Vaccine Administration Documentation: Each CHD is responsible for maintaining proper documentation of vaccine administration.

4. Vaccine Adverse Event Reporting System: CHD staff is responsible for reporting certain adverse events under federal law.

IV. Authority:

Sections 381.0011, 381.003, and 1003.22, Florida Statutes, and Florida Administrative Code Rule 640-3.046.

VACCINATION EVENT (COVID-19)
LIMITED USE LICENSE AGREEMENT
BETWEEN
STATE OF FLORIDA, DEPARTMENT OF HEALTH
_____COUNTY HEALTH DEPARTMENT
AND
_____

This Limited Use License Agreement ("Agreement") is entered into this _____ day of _____, 2020, by and between the State of Florida, Department of Health, _____ County Health Department ("Health Department") and _____.

WHEREAS, the Health Department is responsible to conduct programs for the prevention and control of communicable diseases and vaccine-preventable diseases, pursuant to section 381.003, Florida Statutes ("F.S."); and

WHEREAS, the State Surgeon General and State Health Officer has determined that Coronavirus Disease 2019 (COVID-19) is a threat to public health in Florida and issued a Declaration of Public Health Emergency on March 1, 2020; and

WHEREAS, the Health Department has instituted a mobile health clinic to visit clients at various locations in _____ County where community residents have been identified as in need of medical services with limited access to existing facilities; and

WHEREAS, _____ has space available on its premises sufficient to accommodate the mobile health clinic and its expected clients and has offered the use of this available space to the Health Department;

NOW, THEREFORE, the parties agree as follows:

_____ responsibilities:

1. _____ hereby grants to the Health Department an exclusive limited duration revocable right, privilege and license to access and use that portion of the premises designated by _____for the COVID-19 vaccination event on the dates and hours described herein.

2. _____ acknowledges that this space and its surrounding areas shall be open to the clients of the Health Department and other members of the general public in order to obtain and receive COVID-19 vaccinations provided by the Health Department.

3. _____ agrees to allow the Health Department to include its name and address on all communication materials informing the public of the services of the mobile clinic and its availability to the residents of _____ County, Florida.

Health Department responsibilities:

1. The Health Department will offer COVID-19 vaccinations in its mobile health clinic on _____ premises on agreed upon days and times.

AMERICAN OVERSIGHT

2. The Health Department shall provide, at Health Department's sole cost and expense, all services, supplies and equipment required for the COVID-19 vaccination event. The Health Department will display signage that indicates that the vaccinations are being provided by the Health Department.

3. The Health Department shall conduct the COVID-19 vaccinations in full compliance with all applicable governmental requirements. Health Department represents and warrants that: (i) Health Department has all authorizations, licenses and permits that are necessary to provide the COVID-19 vaccinations; (ii) Health Department and its employees, guests, invitees, agents, contractors and representatives (the "Health Department Parties") will not violate any laws, regulations, rules or governmental requirements in connection with, or during the vaccination event; and (iii) Health Department shall ensure that the COVID-19 vaccination event is carried out in a safe and controlled manner.

4. The Health Department shall maintain all records and conduct any epidemiological investigation and monitoring for identified COVID-19 Persons Under Investigation and COVID-19 cases resulting from the execution of this Agreement.

Both parties agree to abide by all local, state and federal laws.

B. Information Security and Confidentiality

The Health Department shall maintain confidentiality of all data, files, and records including patient records related to the services provided pursuant to this Agreement and will comply with state and federal laws, including, but not limited to, sections 384.29, 381.004, 392.65 and 456.057, F.S.

C. Liability and Insurance

Each party who is a state agency or subdivision, as defined in section 768.28, F.S., agrees to be fully responsible only to the extent provided by section 768.28, F.S., for the negligent acts or omissions or tortious acts of its own employees, agents or principals which result in claims or suits against the other party (parties), and agrees to be liable for any damages proximately caused by said acts or omissions or torts. Each party, at its expense, shall maintain ordinary property and liability insurance to the extent authorized by law. Nothing herein is intended to serve as a waiver of sovereign immunity by any party to which sovereign immunity applies. Nothing herein shall be construed as consent by a state agency or subdivision of the State of Florida to be sued by third parties in any matter arising out of this Agreement. No state agency or subdivision indemnifies any other party or person.

D. Amendment

This Agreement contains all the terms and conditions agreed upon by the parties. There are no provisions, terms, conditions, or obligations other than those contained herein. This Agreement may be amended at any time in writing and signed by both parties.

E. Effective Date, Term, Termination

This Agreement shall become effective upon the signature of both parties and remain in effect until otherwise agreed to by the parties. This Agreement may be terminated by either party without cause upon no less than 30 days written notice to the other party, unless a lesser time is mutually agreed upon in writing by both parties. Notice shall be delivered by certified mail, return receipt requested, or in person with proof of delivery.

F. Independent Parties

The parties expressly agree that no relationship of employer/employee, principal agent, lessee/lessor, or other association shall be created by this Agreement between the parties or their directors, officers, agents, or employees. The parties agree that they will never incur any obligations on the part of the other party.

G. Inspector General

AMERICAN OVERSIGHT

To the extent applicable, both parties acknowledge and understand their duty to cooperate with the inspector general in any investigation, audit, inspection, review, or hearing pursuant to section 20.055(5), F.S.

H. Financial Obligations

Both parties agree to be responsible for their own costs associated with performing its respective obligations under this Agreement. In the event of a dispute under this Agreement, both parties are responsible for their own attorney fees and costs. Venue for any legal action arising from this Agreement will be in the county of the Health Department.

I. Authority to Bind Principals

The persons executing this Agreement on behalf of their respective agency parties hereby represent and warrant that they have the right, power, legal capacity, and appropriate authority to enter into this Agreement on behalf of the agency for which they sign.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed for the uses and purposes therein expressed on the day and year first above written.

PARAMEDICINE VACCINATION AGREEMENT (COVID-19)
BETWEEN THE
STATE OF FLORIDA, DEPARTMENT OF HEALTH
_____COUNTY HEALTH DEPARTMENT
AND
_____EMS MEDICAL DIRECTOR

This Paramedicine Vaccination Agreement ("Agreement") is made and entered into by the State of Florida, Department of Health, _____County Health Department, hereinafter referred to as the "Health Department", and the Medical Director for the _____EMS hereinafter referred to as the "Medical Director," jointly referred to as the "parties."

RECITALS

WHEREAS, the Health Department is responsible to conduct programs for the prevention and control of communicable diseases and vaccine-preventable diseases, pursuant to section 381.003, Florida Statutes ("F.S."); and

WHEREAS, the State Surgeon General and State Health Officer has determined that Coronavirus Disease 2019 (COVID-19) is a threat to public health in Florida and issued a Declaration of Public Health Emergency on March 1, 2020; and

WHEREAS, the Health Department seeks the assistance of _____EMS for the administration of COVID-19 vaccinations in _____ County; and

WHEREAS, pursuant to section 401.272, F.S., paramedics may partner with the Health Department to perform health promotion and wellness activities in a nonemergency environment under direction from their Medical Director, to more effectively carry out health care tasks that are consistent with the public health; and

WHEREAS, the _____EMS paramedics have agreed to partner with the Health Department to administer COVID-19 vaccinations under the direction of its Medical Director.

NOW, THEREFORE, in consideration of the foregoing, the parties hereto agree as follows:

TERMS

I. Purpose:

The purpose of this Agreement is to improve community public health preparedness and response during a public health incident, public health threat, or other significant public health emergency in _____ County. This Agreement is intended to support the administration of COVID-19 vaccinations by _____EMS paramedics.

II. Scope:

A. The provisions of this Agreement apply to activities to be performed to support community-based COVID-19 vaccinations at the direction of the Health Department.

B. No provisions of this Agreement limit the activities of the Health Department in performing its local and state functions.

AMERICAN OVERSIGHT

III. Definitions:

A. Administration/Administering/Administer – Obtaining, preparing, and administering a single COVID-19 vaccination by a legally authorized person to a patient.

IV. Health Department Responsibilities:

A. Provide, transport, control and maintain the COVID-19 vaccine.

B. Provide protocols, policies and procedures for administering the COVID-19 vaccination.

C. Provide training to _____EMS paramedics ("paramedics") regarding the administration of the COVID-19 vaccination.

D. Provide a means of documenting the administration of the COVID-19 vaccination, consistent with Health Department policies and procedures.

E. Provide registered nurses and other staff to work with and consult with the EMS paramedics and to answer vaccination and related questions as needed.

F. Maintain all records and conduct any epidemiological investigation and monitoring for identified COVID-19 Persons Under Investigation and COVID-19 cases resulting from the execution of this Agreement.

V. Medical Director Responsibilities:

A. Provide direction and oversight to paramedics providing vaccination services through the _____ EMS, pursuant to requirements of section 401.272, F.S.

B. Assign qualified paramedics to administer the COVID-19 vaccination. Ensure that paramedics comply with the protocols and procedures established and approved by the Medical Director.

C. Ensure that the paramedics maintain the confidentiality of all data, files, and records related to the services provided pursuant to this Agreement and shall comply with state and federal laws. The paramedics must also comply with any applicable professional standards of practice with respect to patient confidentiality.

D. Obtain an informed consent from each patient or their parent or guardian, as applicable.

E. Administer the COVID-19 vaccination to each patient using the correct administration procedure, according to established Health Department recommendations.

F. Document vaccinations using the prescribed method by the Health Department.

G. Follow the Health Department's established courtesy standard, which states: "Treat customers, the public and staff with courtesy, respect and dignity and present a positive public image."

AMERICAN OVERSIGHT

H. Consult with the Health Department on any questions that may require more in-depth COVID-19 knowledge or problem solving.

VI. Terms and Conditions:

A. Laws

Both parties agree to abide by all local, state and federal laws.

B. Information Security and Confidentiality

The Medical Director must maintain confidentiality of all data, files, and records including patient records related to the services provided pursuant to this Agreement and will comply with state and federal laws, including, but not limited to, sections 384.29, 381.004, 392.65 and 456.057, F.S. Procedures must be implemented by the Medical Director to ensure the protection and confidentiality of all confidential information and records. The Medical Director must also comply with any applicable professional standards of practice with respect to patient confidentiality.

C. Liability and Insurance

Each party who is a state agency or subdivision, as defined in section 768.28, F.S., agrees to be fully responsible only to the extent provided by section 768.28, F.S., for the negligent acts or omissions or tortious acts of its own employees, agents or principals which result in claims or suits against the other party (parties), and agrees to be liable for any damages proximately caused by said acts or omissions or torts. Each Party, at its expense, shall maintain ordinary property and liability insurance to the extent authorized by law. Nothing herein is intended to serve as a waiver of sovereign immunity by any party to which sovereign immunity applies. Nothing herein shall be construed as consent by a state agency or subdivision of the State of Florida to be sued by third parties in any matter arising out of this Agreement. No state agency or subdivision indemnifies any other party or person.

D. Amendment

This Agreement contains all the terms and conditions agreed upon by the parties. There are no provisions, terms, conditions, or obligations other than those contained herein. This Agreement may be amended at any time in writing and signed by both parties.

E. Effective Date, Term, Termination

This Agreement shall become effective upon the signature of both parties and remain in effect until otherwise agreed to by the parties. This Agreement may be terminated by either party without cause upon no less than 30 days written notice to the other party, unless a lesser time is mutually agreed upon in writing by both parties. Notice shall be delivered by certified mail, return receipt requested, or in person with proof of delivery.

F. Independent Parties

The parties expressly agree that no relationship of employer/employee, principal agent, lessee/lessor, or other association shall be created by this Agreement between the

AMERICAN OVERSIGHT

parties or their directors, officers, agents, or employees. The parties agree that they will never incur any obligations on the part of the other party.

G. Inspector General

To the extent applicable, both parties acknowledge and understand their duty to cooperate with the inspector general in any investigation, audit, inspection, review, or hearing pursuant to section 20.055(5), F.S.

H. Financial Obligations

Both parties agree to be responsible for their own costs associated with performing its respective obligations under this Agreement. In the event of a dispute under this Agreement, both parties are responsible for their own attorney fees and costs. Venue for any legal action arising from this Agreement will be in the county of the Health Department.

I. Authority to Bind Principals

The persons executing this Agreement on behalf of their respective agency parties hereby represent and warrant that they have the right, power, legal capacity, and appropriate authority to enter into this Agreement on behalf of the agency for which they sign.

IN WITNESS THEREOF, the parties hereto have caused this Agreement to be executed by their undersigned officials as duly authorized.

VACCINATION SITE AGREEMENT (COVID-19)
FOR CLOSED POINT OF ADMINISTRATION
BETWEEN
STATE OF FLORIDA, DEPARTMENT OF HEALTH
_____COUNTY HEALTH DEPARTMENT
AND
(ORGANIZATION)

This Vaccination Site Agreement for a Closed Point of Administration ("Agreement") is made and entered into by the State of Florida, Department of Health, _____County Health Department, hereinafter referred to as the "Health Department", and _____, hereinafter referred to as the "Organization." Health Department and Organization are jointly referred to as the "parties."

RECITALS

WHEREAS, the Health Department is responsible for conducting programs for the prevention and control of communicable diseases and vaccine-preventable diseases, pursuant to section 381.003, Florida Statutes ("F.S."); and

WHEREAS, the Health Department seeks to collaborate with the Organization to enhance its ability to respond to a public health incident, public health threat, or other significant public health emergency; and

WHEREAS, the State Surgeon General and State Health Officer has determined that Coronavirus Disease 2019 (COVID-19) is a threat to public health in Florida and issued a Declaration of Public Health Emergency on March 1, 2020; and

WHEREAS, the parties want to coordinate their collective efforts in providing greater public access to COVID-19 vaccinations to prevent the occurrence and spread of communicable diseases, including COVID-19.

NOW, THEREFORE, in consideration of the foregoing, the parties agree as follows:

TERMS

I. Purpose:

A. The purpose of this Agreement is to set forth guidance for the designation of the Organization as a Vaccination Site location servicing the Identified Population during a public health incident, public health threat, or other significant public health emergency.

B. This Agreement outlines the scope of work between the Organization and the Health Department and is aimed at improving community public health preparedness and response in _____ County.

II. Scope:

A. The provisions of this Agreement apply to activities to be performed resulting from the implementation of Health Department emergency response plans.

AMERICAN OVERSIGHT

B. No provisions of this Agreement limit the activities of the Health Department in performing its local and state functions.

III. Definitions:

A. Administration/Administering/Administer: Obtaining, preparing, and administering a single COVID-19 vaccination to a patient by a legally authorized person.

B. Identified Population: Clients, employees, contractors, essential personnel, residents, and family members of the Organization who would receive COVID-19 vaccinations. May also include members of the general public once the Organization has completed services to its Identified Population.

C. Organization: Cooperating business, government, faith-based or secular organization.

D. Vaccination Site: Location for administering COVID-19 vaccinations to individuals pursuant to a public health emergency; established to serve the Identified Population of the Organization.

E. Vaccination Supplies: Vaccine and medical supplies to administer the vaccine.

IV. Health Department Responsibilities:

A. Provide the Organization with COVID-19 vaccination supplies, to the extent available, and guidance for the storage, recordkeeping, and transportation of the vaccination supplies. This includes transfer of vaccination supplies to the Organization's custody and control from the Health Department.

B. Provide policies and procedures for administering the COVID-19 vaccination, which shall be attached as Exhibit A to this Agreement.

C. Provide a point of contact at the Health Department who may provide training to the Organization's staff on an as-needed basis.

D. Provide additional COVID-19 vaccination supplies if the Organization will administer vaccinations to the general public once the Organization has completed services to its Identified Population.

V. Organization Responsibilities:

A. Develop and maintain a plan for vaccinating its Identified Population and attach as Exhibit A to this Agreement. Provide the Health Department with a copy of the plan, and to the extent possible, the number of individuals in the Identified Population who would receive COVID-19 vaccinations at the Vaccination Site.

B. Identify primary and secondary contacts at the Organization for notifications and receipt of vaccination supplies. Contact information may be updated as needed without amending this Agreement. Each party reserves the right to change its Point of Contact without written notification but must notify the other party within 30 days after such a change.

AMERICAN OVERSIGHT

C. Ensure that a medical dispensing or administering professional (physician or supervised professional operating under appropriate medical protocols, pharmacist, APRN, PA, dentist, podiatrist, or other medical professional authorized to dispense or administer at the time of the event) is on-site to oversee all vaccinations, including the proper handling and storage of vaccination supplies.

D. Provide to the Health Department the name and point of contact information of the individual who is expected to fill the medical license requirement listed above and advise the Health Department when this information changes.

E. Utilize vaccination supplies and related materials from by the Health Department to provide COVID-19 vaccinations to the Organization's Identified Population.

F. Collect completed client registration forms for individuals undergoing vaccinations and maintain an inventory of supplies received and/or administered.

G. Ensure that no fee of any kind is charged to the Identified Population for any function associated with vaccination activities.

H. Return any unused COVID-19 vaccination supplies to the Health Department and account for all COVID-19 vaccinations administered.

I. Contact the Health Department if additional vaccination supplies are required.

J. Notify the Health Department representative whether the Organization intends to offer COVID-19 vaccinations to the general public once the Organization has completed services to its Identified Population. Seek and receive approval from the Health Department before proceeding.

VI. Financial Obligations of the Parties:

A. Both parties are responsible for their own costs in performing their obligations under this Agreement.

B. Designation or utilization of the Organization as a Vaccinations Site will not result in reimbursable transactions or costs between the Organization and the Health Department.

C. In the event of dispute under this Agreement, both parties are responsible for their own attorney's fees and costs.

VII. Conditions, Amendments, and Termination:

A. The parties agree that this Agreement is effective upon signature of both parties and will continue in effect for a period of five years, unless terminated earlier by the parties. Both parties agree to review this Agreement during the period, as needed.

B. Requests for information, confidentiality. This Agreement is governed for public records purposes by Chapter 119, F.S. Additional federal laws may apply. Where federal law forms a basis to prevent disclosure of the terms of this Agreement, the parties agree that neither will disclose the nature of this effort and the terms of this agreement to any person or entity, except as may be necessary to fulfill its mission and statutory and regulatory

AMERICAN OVERSIGHT

responsibilities. The parties agree to notify one another before releasing materials or information relating to this Agreement pursuant to federal or state freedom of information act statutes or similar provisions in law.

C. Information Security: The Organization must maintain confidentiality of all data, files, and records including client records related to the services provided pursuant to this Agreement and will comply with state and federal laws, including, but not limited to, sections 384.29, 381.004, 392.65 and 456.057, F.S. Procedures must be implemented by the Organization to ensure the protection and confidentiality of all confidential matters. The Organization must also comply with any applicable professional standards of practice with respect to client confidentiality.

D. The Health Department is a State Agency or Subdivision and is self-insured through the State of Florida Risk Management Trust Fund, established pursuant to section 284.30, F.S., and administered by the Florida Department of Financial Services. The Health Department certifies that it maintains, and agrees to continue to maintain during the term of this Agreement, general and professional liability protection coverage through the Risk Management Trust Fund, and certifies that this protection extends to the Health Department, its officers, employees, and agents, and covers statutory liability exposure to the limitations described in Section 768.28, F.S.

E. The Organization warrants it has and will maintain throughout the term of this Agreement sufficient general and professional liability insurance for the provision of its services under the Agreement. The Health Department reserves the right to request a copy of the insurance for review.

F. Any provision of the Agreement later found to be in conflict with Federal law or regulation, or invalidated by a court of competent jurisdiction, will be considered inoperable or superseded by that law or regulation. Any provision found inoperable is severable from this Agreement, and the remainder of the Agreement will remain in full force and effect.

G. The parties agree that the terms of this Agreement may be revised at any time only by formal written agreement, executed by both parties herein.

H. Either party may terminate this Agreement at any time by giving the other party written notice at least 60 days prior to the intended termination date.

I. The parties expressly agree that no relationship of employer/employee, principal agent, lessee/lessor, or other association shall be created by this Agreement between the parties or their directors, officers, agents, or employees. The parties agree that they will never incur any obligations on the part of the other party.

J. This Agreement is non-exclusive. Thus, the parties reserve the right to enter into similar agreements of understandings with other parties.

K. Inspector General: To the extent applicable, both parties acknowledge and understand their duty to cooperate with the inspector general in any investigation, audit, inspection, review, or hearing pursuant to section 20.055(5), F.S.

AMERICAN OVERSIGHT

VIII. No Private Right Created:

THIS DOCUMENT IS AN INTERNAL AGREEMENT BETWEEN THE STATE OF FLORIDA AND THE ORGANIZATION AND DOES NOT CREATE OR CONFER ANY RIGHT OR BENEFIT ON ANY OTHER PERSON OR PARTY, PRIVATE OR PUBLIC. NOTHING IN THIS AGREEMENT IS INTENDED TO RESTRICT THE AUTHORITY OF EITHER SIGNATORY TO ACT AS PROVIDED BY LAW OR REGULATION, OR TO RESTRICT ANY AGENCY FROM ENFORCING ANY LAWS WITHIN ITS AUTHORITY OR JURISDICTION.

IN WITNESS THEREOF, the parties hereto have caused this Agreement to be executed by their undersigned officials as duly authorized.

VACCINATION SITE AGREEMENT (COVID-19)
FOR AN OPEN POINT OF ADMINISTRATION
BETWEEN
STATE OF FLORIDA, DEPARTMENT OF HEALTH
_____COUNTY HEALTH DEPARTMENT
AND
(ORGANIZATION)

This Vaccination Site Agreement for an Open Point of Administration ("Agreement") is made and entered into by the State of Florida, Department of Health, _____County Health Department, hereinafter referred to as the "Health Department", and _____, hereinafter referred to as the "Organization." Health Department and Organization are jointly referred to as the "parties."

RECITALS

WHEREAS, the Health Department is responsible for conducting programs for the prevention and control of communicable diseases and vaccine-preventable diseases, pursuant to section 381.003, Florida Statutes ("F.S."); and

WHEREAS, the Health Department seeks to collaborate with the Organization to respond to a public health incident, public health threat, or other significant public health emergency; and

WHEREAS, the State Surgeon General and State Health Officer has determined that Coronavirus Disease 2019 (COVID-19) is a threat to public health in Florida and issued a Declaration of Public Health Emergency on March 1, 2020; and

WHEREAS, the parties want to coordinate their collective efforts in providing greater public access to COVID-19 vaccinations to prevent the occurrence and spread of communicable diseases, including COVID-19.

NOW, THEREFORE, in consideration of the foregoing, the parties agree as follows:

TERMS

I. Purpose:

A. The purpose of this Agreement is to set forth guidance for the designation of the Organization as a Vaccination Site location servicing an Identified Population during a public health incident, public health threat, or other significant public health emergency.

B. This Agreement outlines the scope of work between the Organization and the Health Department and is aimed at improving community public health preparedness and response in _____ County.

II. Scope:

A. The provisions of this Agreement apply to activities to be performed resulting from the implementation of Health Department emergency response plans.

AMERICAN OVERSIGHT

B. No provisions of this Agreement limit the activities of the Health Department in performing its local and state functions.

III. Definitions:

A. Administration/Administering/Administer: Obtaining, preparing, and administering a single COVID-19 vaccination to a patient by a legally authorized person.

B. Identified Population: Individuals in the general public who seek a vaccination.

C. Organization: Cooperating business, government, faith-based or secular organization.

D. Vaccination Site: Location for administering COVID-19 vaccinations to individuals pursuant to a public health emergency; established to serve the Identified Population of the Organization.

E. Vaccination Supplies: Vaccine and medical supplies to administer the vaccine.

IV. Health Department Responsibilities:

A. Develop a plan for vaccinating the Identified Population at the Organization's site, to include the number of individuals in the Identified Population who would receive COVID-19 vaccinations at the Vaccination Site.

B. Provide the Organization with COVID-19 vaccination supplies, to the extent available, and guidance for the storage, recordkeeping, and transportation of the vaccination supplies. This includes transfer of vaccination supplies to the Organization's custody and control from the Health Department.

C. Provide policies and procedures for administering the COVID-19 vaccination, which shall be attached as Exhibit A to this Agreement.

D. Provide a point of contact at the Health Department who may provide training to the Organization's staff on an as-needed basis.

E. Provide additional COVID-19 vaccination supplies to the Organization if needed and available.

V. Organization Responsibilities:

A. Identify primary and secondary contacts at the Organization for notifications and receipt of vaccination supplies. Contact information may be updated as needed without amending this Agreement. Each party reserves the right to change its Point of Contact without written notification but must notify the other party within 30 days after such a change.

B. Ensure that a medical dispensing or administering professional (physician or supervised professional operating under appropriate medical protocols, pharmacist, APRN, PA, dentist, podiatrist, or other medical professional authorized to dispense or administer at the time of the event) is on-site to oversee all vaccinations, including the proper handling and storage of vaccination supplies.

AMERICAN OVERSIGHT

C. Provide to the Health Department the name and point of contact information of the individual who is expected to fill the medical license requirement listed above and advise the Health Department when this information changes.

D. Utilize vaccination supplies and related materials from by the Health Department to provide COVID-19 vaccinations to the Identified Population.

E. Collect completed client registration forms for individuals undergoing vaccinations and maintain an inventory of supplies received and/or administered.

F. Ensure that no fee of any kind is charged to the Identified Population for any function associated with vaccination activities.

G. Return any unused COVID-19 vaccination supplies to the Health Department and account for all COVID-19 vaccinations administered.

H. Contact the Health Department if additional vaccination supplies are required.

VI. Financial Obligations of the Parties:

A. Both parties are responsible for their own costs in performing their obligations under this Agreement.

B. Designation or utilization of the Organization as a Vaccinations Site will not result in reimbursable transactions or costs between the Organization and the Health Department.

C. In the event of dispute under this Agreement, both parties are responsible for their own attorney's fees and costs.

VII. Conditions, Amendments, and Termination:

A. The parties agree that this Agreement is effective upon signature of both parties and will continue in effect for a period of five years, unless terminated earlier by the parties. Both parties agree to review this Agreement during the period, as needed.

B. Requests for information, confidentiality. This Agreement is governed for public records purposes by Chapter 119, F.S. Additional federal laws may apply. Where federal law forms a basis to prevent disclosure of the terms of this Agreement, the parties agree that neither will disclose the nature of this effort and the terms of this agreement to any person or entity, except as may be necessary to fulfill its mission and statutory and regulatory responsibilities. The parties agree to notify one another before releasing materials or information relating to this Agreement pursuant to federal or state freedom of information act statutes or similar provisions in law.

C. Information Security: The Organization must maintain confidentiality of all data, files, and records including client records related to the services provided pursuant to this Agreement and will comply with state and federal laws, including, but not limited to, sections 384.29, 381.004, 392.65 and 456.057, F.S. Procedures must be implemented by the Organization to ensure the protection and confidentiality of all confidential matters. The Organization must also comply with any applicable professional standards of practice with respect to client confidentiality.

AMERICAN OVERSIGHT

D. The Health Department is a State Agency or Subdivision and is self-insured through the State of Florida Risk Management Trust Fund, established pursuant to section 284.30, F.S., and administered by the Florida Department of Financial Services. The Health Department certifies that it maintains, and agrees to continue to maintain during the term of this Agreement, general and professional liability protection coverage through the Risk Management Trust Fund, and certifies that this protection extends to the Health Department, its officers, employees, and agents, and covers statutory liability exposure to the limitations described in Section 768.28, F.S.

E. The Organization warrants it has and will maintain throughout the term of this Agreement sufficient general and professional liability insurance for the provision of its services under the Agreement. The Health Department reserves the right to request a copy of the insurance for review.

F. Any provision of the Agreement later found to be in conflict with Federal law or regulation, or invalidated by a court of competent jurisdiction, will be considered inoperable or superseded by that law or regulation. Any provision found inoperable is severable from this Agreement, and the remainder of the Agreement will remain in full force and effect.

G. The parties agree that the terms of this Agreement may be revised at any time only by formal written agreement, executed by both parties herein.

H. Either party may terminate this Agreement at any time by giving the other party written notice at least 60 days prior to the intended termination date.

I. The parties expressly agree that no relationship of employer/employee, principal agent, lessee/lessor, or other association shall be created by this Agreement between the parties or their directors, officers, agents, or employees. The parties agree that they will never incur any obligations on the part of the other party.

J. This Agreement is non-exclusive. Thus, the parties reserve the right to enter into similar agreements of understandings with other parties.

K. Inspector General: To the extent applicable, both parties acknowledge and understand their duty to cooperate with the inspector general in any investigation, audit, inspection, review, or hearing pursuant to section 20.055(5), F.S.

VIII. No Private Right Created:

THIS DOCUMENT IS AN INTERNAL AGREEMENT BETWEEN THE STATE OF FLORIDA AND THE ORGANIZATION AND DOES NOT CREATE OR CONFER ANY RIGHT OR BENEFIT ON ANY OTHER PERSON OR PARTY, PRIVATE OR PUBLIC. NOTHING IN THIS AGREEMENT IS INTENDED TO RESTRICT THE AUTHORITY OF EITHER SIGNATORY TO ACT AS PROVIDED BY LAW OR REGULATION, OR TO RESTRICT ANY AGENCY FROM ENFORCING ANY LAWS WITHIN ITS AUTHORITY OR JURISDICTION.

AMERICAN OVERSIGHT

IN WITNESS THEREOF, the parties hereto have caused this Agreement to be executed by their undersigned officials as duly authorized.

Importance: High

Mark, Aaron –

Good afternoon. The Office of the General Counsel has prepared and approved the attached agreement template for use in situations where the CHD needs an external organization to provide ultra-cold storage for CHD COVID-19 vaccine. CHD Attorneys are available to review further, as needed, if changes are needed to the template. Please let me know of any questions. Thank you.

Subject: FW: Approval Request for Covid-19 vaccine redistribution.

Ms. Bush & Ms. Peltz,
Tampa General Hospital would like to initiate the redistribution process of Covid-19 vaccines to local partnering hospitals. Yesterday, I spoke to Jim Cobb, at the Fl DOH Immunization Section Bureau of Epidemiology Division of Disease Control and Health Protection, and requested approval to initiate the redistribution process of Covid vaccine. I received initial approval late yesterday. DO we need any additional approvals to initiate the redistribution process from your office?

I called Ms Bush and left a message this morning for guidance with the redistribution packet we received last night.
I will begin working on completing these forms, but would like to speak to someone regarding the forms. I can be reached anytime on my mobile line, 813-833-2799.

Our partnered hospitals are:
Advent Heath Hospital – Fletcher

Subject: FW: Approval Request for Covid-19 vaccine redistribution.

Ms. Bush & Ms. Peltz,
Tampa General Hospital would like to initiate the redistribution process of Covid-19 vaccines to local partnering hospitals. Yesterday, I spoke to Jim Cobb, at the Fl DOH Immunization Section Bureau of Epidemiology Division of Disease Control and Health Protection, and requested approval to initiate the redistribution process of Covid vaccine. I received initial approval late yesterday. DO we need any additional approvals to initiate the redistribution process from your office?

I called Ms Bush and left a message this morning for guidance with the redistribution packet we received last night.
I will begin working on completing these forms, but would like to speak to someone regarding the forms. I can be reached anytime on my mobile line, 813-833-2799.

Our partnered hospitals are:
Advent Heath Hospital – Fletcher
3100 E. Fletcher Ave Tampa, Florida 33613
Florida Shots Pin# 700909
Contact: Michael Kirsch
e-mail: Michael.kirsch@adventhealth.com
Contact Tele: 863-944-3780

BayCare – St. Joseph Hospital
3001 W. Dr. Martin Luther King Jr. Blvd. Tampa, Florida 33607
Florida Shots Pin# 700826
Contact: Michael Magee
e-mail: Michael.magee@baycare.org
Contact Tele: 813-870-4868

HCA – Brandon Regional
119 Oakfield Dr. Brandon, Florida 33511
Florida Shots Pin # will communicate number Friday, 12/18
Contact: Jennifer Miles
e-mail: Jennifer.miles@healthtrustPG.com
Contact Tele: 727-201-6520

Thank you in advance for your assistance with this process,
Regards,

Subject: RE: BIManager - Dashboard
Date: Saturday, December 12, 2020 2:22:46 PM

Sorry Margaret –

I'm talking about the Coolant Dashboard so we can track shipments. I can log in and see that shipping labels have been created for 4 of our facilities for Pfizer week #1 and I was just hoping that emergency management could track this for leadership. It would just take one thing off my daily to do list.

Thanks,
Amy

Subject: Call Center Script vaccine language

Good Afternoon Leah. I am trying to update our general "Is there a vaccine?" question for our Call Center Script in light of the Pfizer EUA issued yesterday. Would you review the attached language for anything incorrect or problematic? This is just a broad, high-level answer that I would like to get out in our script update ASAP. We are also working on a more detailed vaccine FAQ but that will take more time. And please let me know if there is someone else I should be reaching out to with review requests such as this. Thank you,

AMERICAN OVERSIGHT

Sent: Friday, December 11, 2020 11:48 AM
To: NCIRD Immunization Grantee Mailbox (CDC) <nipgrant@cdc.gov>
Subject: CDC Field Staff Observations at Vaccination Sites

As you know, the FDA advisory body, Vaccines and Related Biological Products Advisory Committee, recommended an Emergency Use Authorization (EUA) for the Pfizer COVID-19 vaccine, and it is expected that an EUA will be issued shortly. Pfizer vaccine will start to be shipped to over 600 initial sites on Monday-Wednesday next week (December 14-16th). A survey link will be sent to vaccine ship-to site contacts to collect information on the adequacy and integrity of the thermal shipping container, vaccine vials, and ancillary supplies shortly before their shipment is scheduled to arrive.

Due to of the significant investment of the US Government in the COVID-19 vaccination program and the importance of these vaccines, CDC is assigning observers to document receipt and integrity of these products. In addition, these visits will allow us to gather important information on the early shipments so we can continually improve the process.

CDC field staff assigned to immunization and preparedness programs will be visiting a sample of these sites to observe the receipt of these shipments, and may contact these sites prior to their visits. These field staff will be completing the brief online survey on behalf of the site they are observing and sending photos to a CDC inbox to document any concerning aspects of the shipment. You may be contacted by these CDC observers if any concerns arise during their observation.

Thank you so much for your help with this effort in the midst of an ongoing and escalating pandemic.

CDC COVID-19 Vaccine Task Force

Subject: CHD Enrollment

I know you have been working together to track CHD enrollment. Apparently there are still some that have not completed this and we are scrambling tonight to ensure that two on the list to receive Moderna allocations get their paperwork in by our 8 pm deadline.

Monday morning – this must be a priority to get these CHDs enrolled.

Amanda –

Can you send me the spreadsheet with outstanding CHDs and then have your enrollment team start calling them first thing Monday morning?

Sorry to sound harsh, I'm a little stressed!

THANK YOU!!!!

Hi Amy

I need a an answer to a question regarding the eligibility of patients who have recently received another vaccine to now receive the mRNA vaccine, or if there is some minimum timeframe that must pass between other vaccines and COVID vaccine.

I recall the CDC initially was saying 30 days, but I believe they backed off on that. Our field crews will

Subject: RE: Co-Administration of vaccines

I will add one comment - reviewing the special mechanism of the mRNA vaccines, and after we have experience from millions of patients vaccinated, I suspect as an ID doc, that the restriction around 14 days will eventually be lifted. Given the phase IV of the Pfizer-BioNTech vaccine and all the other ones in the pipeline, it's completely understandable the conservative perspective in the CDC slide – that respects the current need to try to minimize the confounding factors, misattributing some side effects, etc.

Subject: URGENT: COVID-19 Vaccination Update

AMERICAN OVERSIGHT

CAUTION: This email originated from outside the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Ms. Vaughan,

Thank you for updating us earlier. We are glad to see that you all have no new cases!

We also wanted to follow up with news about COVID-19 vaccinations. At this moment, CVS and Walgreens do not have the cold storage capacity to distribute COVID-19 vaccines among LTCFs in Orange County. As such, the Department of Health is stepping in to provide the first wave of immunizations. We are beginning with facilities that have had cases in the last 30 days. Your facility, Metro West, meets that criteria.

By 12:00 PM tomorrow, could you please provide us with:
- The name and contact information of the primary point-of-contact for our Emergency Management Team (who will be scheduling all vaccinations)
- The total number of residents at Metro West
- The total number of staff at Metro West

We appreciate your attention to this matter!

SECTION 2: COVID-19 SCREENING QUESTIONS

Please check YES or No for each question.	**Yes**	**No**
1. Are you sick today?		
2. Have you had a severe allergic reaction to a previous dose of this vaccine or to any of the ingredients of this vaccine?		
3. Do you carry an Epi-pen for emergency treatment of anaphylaxis?		
4. For women, are you pregnant or is there a chance you could become pregnant?		
5. For women, are you breastfeeding		
6. In the past two weeks, have you tested positive for COVID-19?		
7. Have you had in the last 10 days fever, chills, cough, shortness of breath, difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea, vomiting, or diarrhea?		

SECTION 3: IMMUNIZATION SCREENING GUIDANCE FOR COVID-19 VACCINE

Please check YES or No for each question.	**Yes**	**No**
8. Do you have allergies or reactions to any medications, foods, vaccines, or latex? Please explain:		
9. Are you immunocompromised or on a medicine that affects your immune system?		
10. Do you have a bleeding disorder or are you on a blood thinner/blood-thinning medication?		
11. Have you received a previous dose of any COVID-19 vaccine? If yes, which manufacturer's vaccine did you receive:		

- I certify that I am: (a) the patient and at least 18 years of age; (b) the parent or legal guardian of the patient and confirm that the patient is at least 16 years of age; or (c) authorized to consent for vaccination for the patient named above. Further, I hereby give my consent to the Florida Department of Health (DOH) or its agents to administer the COVID-19 vaccine.
- I understand that this product has not been approved or licensed by FDA, but has been authorized for emergency use by FDA, under an EUA to prevent Coronavirus Disease 2019 (COVID-19) for use in individuals 16 years of age and older; and the emergency use of this product is only

AMERICAN OVERSIGHT

authorized for the duration of the declaration that circumstances exist justifying the authorization of emergency use of the medical product under Section 564(b)(1) of the FD&C Act unless the declaration is terminated or authorization revoked sooner.

- I understand that it is not possible to predict all possible side effects or complications associated with receiving vaccine(s). I understand the risks and benefits associated with the above vaccine and have received, read and/or had explained to me the Emergency Use Authorization Fact Sheet on the COVID-19 vaccine I have elected to receive. I also acknowledge that I have had a chance to ask questions and that such questions were answered to my satisfaction.
- I acknowledge that I have been advised to remain near the vaccination location for approximately 15 minutes after administration for observation. If I experience a severe reaction, I will call 9-1-1 or go to the nearest hospital.
- On behalf of myself, my heirs and personal representatives, I hereby release and hold harmless the State of Florida, the Florida Department of Health (DOH), and their staff, agents, successors, divisions, affiliates, subsidiaries, officers, directors, contractors and employees from any and all liabilities or claims whether known or unknown arising out of, in connection with, or in any way related to the administration of the vaccine listed above.
- I acknowledge that: (a) I understand the purposes/benefits of Florida SHOTS, Florida's immunization registry and (b) DOH will include my personal immunization information in Florida SHOTS and my personal immunization information will be shared with the Centers for Disease Control (CDC) or other federal agencies.
- I further authorize DOH or its agents to submit a claim to my insurance provider or Medicare Part B without supplemental coverage payment for me for the above requested items and services. I assign and request payment of authorized benefits be made on my behalf to DOH or its agents with respect to the above requested items and services. I understand that any payment for which I am financially responsible is due at the time of service or if DOH invoices me after the time of service, upon receipt of such invoice.
- I acknowledge receipt of the Notice of Privacy Rights.

Subject: RE: Consent form

Steve and Amy – I would like to send this clarification email to Melody and those below – any comments before I send?

DRAFT: To clarify, the consent is typically provided by the party doing the vaccination. In the case of DOH doing the vaccinations, they will provide their form (document originally sent), if CVS or Walgreens do the vaccination, they will have their own form, and if the nursing home enrolls in SHOTs and does their own vaccine, they would provide the consent form. Thanks - Molly

Subject: Consent form

Please see DOH consent form for Pfizer. This is only for those facilities where DOH/IMTs are administering the vaccinations. CVS and Walgreens will have their own forms. You will want to let facilities make their own version of this or if you can make a model for them to use, it will be helpful. Thanks so much - Molly

Good evening Dr. Deligdish –

Thank you for reaching out to the Florida Department of Health with your inquiry.

Currently, planning for COVID-19 vaccination distribution is underway at the Department. As more vaccine becomes available and target populations expand, it is likely that your facilities could play a role in vaccine administration.

The first step in doing this is by enrolling as a COVID-19 Provider. Please contact our COVID Enrollment Team at CovidVaccineProgram@flhealth.gov and they can assist you with the necessary steps. Once you are fully enrolled, you will be eligible to receive COVID vaccine when allocations are made to the population that you serve.

If you have further questions, please feel free to reach out.

Thank you,
Amy

To:	St Laurent, Louise R; Lewis, Jennifer; Lamia, Christine E; Bush, Amanda
Cc:	Roberson, Shamarial; Otis, Aaron; Dick, Cindy
Subject:	RE: COVID SOW - Vaccines and Immunization SOW and ACF Additional Terms and Conditions jledits.
Date:	Monday, December 14, 2020 11:26:27 AM

This program is voluntary for the V-Safe system through CDC. People who receive a COVID vaccine can enroll, but it's not mandatory.

Information will be handed out at the time of vaccination with this information.

People will also be given a vaccine card with they can keep, but with paper records, sometimes they get lost.

Our proposal includes sending everyone that receives a COVID vaccine a text message. The first message will ask if they wish to receive notifications from FDOH regarding vaccination. If they do not opt out, they will receive a text message about 5-7 days prior to their 2nd dose being due.

We have allocated these funds in our round 2 supplemental funding. The cost is relatively low for the amount of individuals that could be reached.

Follow-up to ensure the dose is complete is a high priority to ensure herd immunity throughout the state. We have been providing updates to leadership through this process so they were aware of this initiative.

Other states are also using text message reminder systems such as this.

Please let me know if you have any further questions.

Thank you,
Amy

Subject: RE: SOW approval

Good morning Amy,

I will do my best to expedite review of ACF's additional terms and conditions; however, the Provider's proposal must be transferred into the department's SOW template. I took a brief glance at the scope of work and it is missing statutorily required performance measures and financial consequences as well as quantifiable and measurable tasks and deliverables. Additionally, timeframes for completion must be associated with each "milestone" listed in the document. Once the SOW has been updated the draft will then need to be submitted to the Purchasing Scope of Work feedback box for further approval.

Contact me if you have any questions.

Thank you,

Subject: RE: COVID SOW - Vaccines and Immunization SOW and ACF Additional Terms and Conditions jledits.

This program is voluntary for the V-Safe system through CDC. People who receive a COVID vaccine can enroll, but it's not mandatory.

Information will be handed out at the time of vaccination with this information.

People will also be given a vaccine card with they can keep, but with paper records, sometimes they get lost.

Our proposal includes sending everyone that receives a COVID vaccine a text message. The first message will ask if they wish to receive notifications from FDOH regarding vaccination. If they do not opt out, they will receive a text message about 5-7 days prior to their 2nd dose being due.

We have allocated these funds in our round 2 supplemental funding. The cost is relatively low for the amount of individuals that could be reached.

Follow-up to ensure the dose is complete is a high priority to ensure herd immunity throughout the state. We have been providing updates to leadership through this process so they were aware of this initiative.

Other states are also using text message reminder systems such as this.

Please let me know if you have any further questions.

Thank you,
Amy

AMERICAN OVERSIGHT

AMERICAN OVERSIGHT

Get vaccinated. Get your smartphone. Get started with v-safe.

What is v-safe?

V-safe is a smartphone-based tool that uses text messaging and web surveys to provide personalized health check-ins after you receive a COVID-19 vaccination. Through ***v-safe***, you can quickly tell CDC if you have any side effects after getting the COVID-19 vaccine. Depending on your answers, someone from CDC may call to check on you. And ***v-safe*** will remind you to get your second COVID-19 vaccine dose if you need one.

Your participation in CDC's ***v-safe*** makes a difference—it helps keep COVID-19 vaccines safe.

How can I participate?

Once you get a COVID-19 vaccine, you can enroll in ***v-safe*** using your smartphone. Participation is voluntary and you can opt out at any time. You will receive text messages from ***v-safe*** around 2pm local time. To opt out, simply text "STOP" when ***v-safe*** sends you a text message. You can also start ***v-safe*** again by texting "START."

How long do v-safe check-ins last?

During the first week after you get your vaccine, ***v-safe*** will send you a text message each day to ask how you are doing. Then you will get check-in messages once a week for up to 5 weeks. The questions ***v-safe*** asks should take less than 5 minutes to answer. If you need a second dose of vaccine, ***v-safe*** will provide a new 6-week check-in process so you can share your second-dose vaccine experience as well. You'll also receive check-ins 3, 6, and 12 months after your final dose of vaccine.

Is my health information safe?

Yes. Your personal information in ***v-safe*** is protected so that it stays confidential and private.*

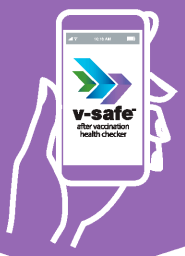
*To the extent ***v-safe*** uses existing information systems managed by CDC, FDA, and other federal agencies, the systems employ strict security measures appropriate for the data's level of sensitivity. These measures comply, where applicable, with the following federal laws, including the Privacy Act of 1974; standards enacted that are consistent with the Health Insurance Portability and Accountability Act of 1996 (HIPAA); the Federal Information Security Management Act, and the Freedom of Information Act.

AMERICAN OVERSIGHT

12/01/20

v-safeSM
after vaccination health checker

Use your smartphone to tell CDC about any side effects after getting the COVID-19 vaccine. You'll also get reminders if you need a second vaccine dose.



Sign up with your smartphone's browser at
vsafe.cdc.gov

OR

Aim your smartphone's camera at this code

FL-DOH-21-0168-A-078951

How to register and use v-safe

You will need your smartphone and information about the COVID-19 vaccine you received. This information can be found on your vaccination record card; if you cannot find your card, please contact your healthcare provider.

Register

1. Go to the ***v-safe*** website using one of the two options below:

Use your smartphone's browser to go to

vsafe.cdc.gov

OR

Aim your smartphone's camera at this code

2. Read the instructions. Click **Get Started**.
3. Enter your name, mobile number, and other requested information. Click **Register**.
4. You will receive a text message with a verification code on your smartphone. Enter the code in ***v-safe*** and click **Verify**.
5. At the top of the screen, click **Enter your COVID-19 vaccine information**.
6. Select which COVID-19 vaccine you received (found on your vaccination record card; if you cannot find your card, please contact your healthcare provider). Then enter the date you were vaccinated. Click **Next**.
7. Review your vaccine information. If correct, click **Submit**. If not, click **Go Back**.
8. **Congrats! You're all set!** If you complete your registration before 2pm local time, ***v-safe*** will start your initial health check-in around 2pm that day. If you register after 2pm, ***v-safe*** will start your initial health check-in immediately after you register—just follow the instructions.

   You will receive a reminder text message from ***v-safe*** when it's time for the next check-in—around 2pm local time. Just click the link in the text message to start the check-in.

Complete a v-safe health check-in

1. When you receive a ***v-safe*** check-in text message on your smartphone, click the link when ready.
2. Follow the instructions to complete the check-in.

Troubleshooting

How can I come back and finish a check-in later if I'm interrupted?

- Click the link in the text message reminder to restart and complete your check-in.

How do I update my vaccine information after my second COVID-19 vaccine dose?

- ***V-safe*** will automatically ask you to update your second dose information. Just follow the instructions.

Subject: COVID transfer steps/manual

We finished up our COVID transfer manual. Does this need to route through leadership or can it be sent to enrolled providers? VFC has this manual for regular transfer processes that is already on the SHOTS website, this is just an updated version related to COVID.

I also created some bullet points and sent them to the 5 hospital orgs Friday night that were doing transfers. The feedback was that this was very helpful so may want to consider sending this out to enrolled providers as well. It's just in a little bit more plain language about what the steps in SHOTS are that is not included in the emergency rule.

Baskar is sending an updated transfer report Monday morning so I'll be able to see if all these hospital transfer requests actually took place appropriately or not.

Thanks,

To: Hess, Erin E
Subject: RE: COVID Update - XXXXXXXX
Date: Friday, December 18, 2020 8:24:06 AM
Attachments: Strategies to Build COVID-19 Vaccine Confidence (002).pdf

---

Health Officers, Medical Directors, Directors of Nursing and Planners –

Please continue to encourage providers in your community to enroll as COVID providers in FLShots. Documents are attached that can be shared concerning the enrollment process.
An updated list of enrolled providers is posted each week to the SharePoint. Please note the list dated 12-1-2020 contained all providers enrolled in either VFC or VFA including those that are not enrolled in COVID-19. The list has since been culled to only show those enrolled in the COVID-19 Vaccine Program should note a discrepancy in the data.

NEW AND UPDATED INFORMATION

The COVID Call Center is available 24 hours a day, 7 days a week and can be reach at 1-866-779-6121 or by emailing COVID-19@flhealth.gov.

FL Shots

CDC Key Points this Week
As we prepare for the rollout of COVID-19 vaccine, we want to share with you some ready-made materials that can be used to build confidence about COVID-19 vaccination among healthcare teams and other staff. These are part of CDC's COVID-19 Vaccination Communication Toolkit for Medical Centers, Clinics, and Clinicians. Materials include:

- A guide for building vaccine confidence within health systems, medical offices and clinics
- Turn-key slide decks for immunization coordinators, the healthcare team and other healthcare personnel with information about COVID-19 vaccines, tips for building vaccine confidence, and tips for having effective vaccine conversations with patients
- Posters, fact sheets, FAQs, and social media
- Printable buttons/stickers for staff to wear once they've gotten their vaccine
- A video describing how ACIP makes recommendations and advises CDC on the use of vaccines in our country

Office of Communications
- The vaccine page can be found here: https://floridahealthcovid19.gov/covid-19-vaccines-in-florida/
- We now have a "Vaccine" topic on the resources page: https://floridahealthcovid19.gov/resources/. At this point 4 approved handouts have been added.
- When a person goes to the COVID-19 Response Website a window will pop up (see image) that lets people know about the vaccines and allows them to click on "Learn More" which takes them to the Vaccine page. This window will pop up a total of 7 times on a person's browser. After that it stops. We wouldn't want to be too annoying.
- On the COVID-19 Response Home page a banner has been placed at the top that lets people know about the vaccines with the option to go to the Vaccine page.

The CDC has launched a COVID-19 vaccination communication toolkit. We have adapted the resources in this toolkit for dissemination (see first 4 attachments). A guide, "Strategies to Build COVID-19 Vaccine Confidence", has also been developed for your use (5th attachment).

CDC Resources You Can Use Now
- **Best Practices on Vaccine Storage and Handling.** CDC's Vaccine Storage and Handling Toolkit now includes an Addendum with best practices and other resources to assist COVID-19 vaccination providers with proper storage and handling of COVID-19 vaccines and aims to help providers meet the requirements of the COVID-19 Vaccination Program Provider Agreement. The Addendum will be updated with specific information for each COVID-19 product. You may sign up for email updates anytime the toolkit is updated.

AMERICAN OVERSIGHT

COVID-19 Vaccine Training Module for Healthcare Providers. This new web-on-demand module is for healthcare providers who will be administering COVID-19 vaccine. The training includes information about COVID-19 vaccine EUAs, vaccine safety, and general information about vaccine storage, handling, administration, and reporting.

- **Frequently Asked Questions about COVID-19 Vaccination**
- **Pharmacy Partnership for Long-Term Care Program FAQs**

-

LTCF and Retail Pharmacy Partnership

As this program is being managed central it is possible your local retail pharmacy does not have full awareness of the program or vaccination plans for your community.
CVS and Walgreens have website with information about their LTCF vaccination program and can be found at the following links:
https://www.omnicare.com/covid-19-vaccine-resource
www.omnicare.com
https://wba.qumucloud.com/view/oDAT0v8obvH#/

Students and Volunteers

- Please work with your legal counsel if you need to update any documents in order to utilze nursing students for your mass vaccination efforts.

- We are receiving lots of requests into the COVID mailbox of individuals wishing to volunteer for COVID vaccination operations. These are being routed back to the local CHD. Please follow all volunteer policies and procedures. Work with HR should you have any questions.

REMINDERS

Internal Communication

If you are having a consortium call for Health Officers, Nurses, Planners, etc and would like a member of the Mass Vaccination Planning Team to attend and give updates, please send a request to attend with meeting date and time to Erin Hess at Erin.Hess@flhealth.gov.

SharePoint link and instructions

An Immunization-COVID 19 page has been established in SharePoint. It will be used for resources and documents related to COVID-19 mass vaccination. The folder can be accessed from the [redacted] – click on "Immunization – COVID-19" on the left-hand navigation. It can also be accessed from the following link: [redacted]

It is recommended you set alerts for when documents are posted. The link below provides on instructions on setting up alerts in SharePoint anytime list, files or documents are added, modified or deleted.
https://support.microsoft.com/en-us/office/create-an-alert-to-get-notified-when-a-file-or-folder-changes-in-sharepoint-e5a79e7b-a146-46da-a9ef-d65409ba8918

AMERICAN OVERSIGHT

Strategies to Build COVID-19 Vaccine Confidence

Contact:
Communication Office
NewsMedia@flhealth.gov

Overview:

Vaccine confidence is the trust that patients, parents or providers have in:

- Recommended vaccines.
- Providers who administer vaccines.
- Processes and policies that lead to vaccine development, licensure, manufacturing and recommendations for use.

A person must have trust in all three of these items to feel fully confident in their decision to get vaccinated. The foundation of trust is critical, and this is something that must be built over time. This is a critical concept to think about when working with populations who may have a history of mistrust in the medical establishment or the government.

Factors weighing on vaccine acceptance:

- Are there side effects?
- Does it work?
- Is it safe?
- How much does it cost?

A COVID-19 vaccine is more acceptable if:

- Health care personnel say it is safe.
- No costs to the individual.
- It would help get back to school and work.
- They could get it easily.

You can build trust and vaccine acceptance and confidence by sharing clear, complete and accurate messages about COVID-19 vaccine in collaboration with federal, state and local agencies and partners.

AMERICAN OVERSIGHT

Strategies to Build Vaccine Confidence:

1. ***Encourage senior leaders to be vaccine champions.***
    - Talk to leaders about vaccine confidence and why it is important.
    - Ask leaders to lead by example.
        - Photograph or take a video of leaders getting the COVID-19 vaccine to share with members of your community.
    - Invite leaders to share their personal reasons for getting vaccinated and the importance of vaccination. Share via:
        - Testimonials
        - Short videos
        - Email blasts
        - Social media
        - Blogs or web articles

2. ***Promote vaccine education and resources.***
    - Educate community members and leaders about COVID-19 vaccines, how they are developed and monitored for safety and how they can talk to others about vaccines.
    - Teach community members and leaders how to have effective COVID-19 vaccine conversations and answer common questions.
    - Promote Centers for Disease Control and Prevention (CDC), U.S. Food and Drug Administration (FDA) and Florida Department of Health (FDOH) resources:
        - CDC Coronavirus (COVID-19): www.cdc.gov/coronavirus/2019-ncov/index.html
        - CDC COVID-19 Vaccination Communication Toolkit: www.cdc.gov/vaccines/covid-19/health-systems-communication-toolkit.html
        - CDC Frequently Asked Questions about COVID-19 Vaccination: www.cdc.gov/coronavirus/2019-ncov/vaccines/faq.html
        - FDA COVID-19 Vaccines: www.fda.gov/emergency-preparedness-and-response/coronavirus-disease-2019-covid-19/covid-19-vaccines
        - FDOH COVID-19 Vaccines in Florida: https://floridahealthcovid19.gov/covid-19-vaccines-in-florida
        - FDOH Infographics: https://floridahealthcovid19.gov/resources

3. ***Make the decision to get vaccinated visible and celebrate it!***
    - Create and provide “I got my COVID-19 vaccine!” pins, lanyard, masks, bracelets, etc.
    - Post photos in common or break areas or online showing cheerful people who just got vaccinated.
    - Offer a small, sincere token of gratitude for early adopters.
    - Record and share testimonials on why someone decided to get vaccinated.
    - Reach out to local news outlets to highlight your community’s leadership in COVID-19 vaccine introduction.

4. ***Share key messages.***
    Share the messages below through social media, email, common/break area posters or boards and other channels:

    Building Trust and Confidence

AMERICAN OVERSIGHT

- Get a COVID-19 vaccine to protect yourself, your peers, your friends and your family from infection.
- Vaccine confidence starts with you! Building defenses against COVID-19 is a team effort.
- Getting the COVID-19 vaccine is an added layer of protection against infection for yourself, your colleagues, your friends and your family.
- There are several things you can do to help build vaccine confidence:
    - Choose to get vaccinated yourself (and get the recommended number of doses).
    - Share your reasons for getting vaccinated and encourage others.
    - Learn how to have effective COVID-19 vaccine conversations.

Vaccine Safety

- COVID-19 vaccines are being held to the same safety standards as all vaccines.
- The U.S. Food and Drug Administration carefully reviews all safety data from clinical trials.
- The U.S. Food and Drug Administration authorizes emergency vaccine use only when the expected benefits outweigh potential risks.
- The Advisory Committee on Immunization Practices, composed of scientific and clinical experts, reviews safety data before recommending any vaccine for use.
- The U.S. Food and Drug Administration's and Centers for Disease Control and Prevention will continue to monitor the safety of COVID-19 vaccines to make sure even very rare side effects are identified.
- The reason why these vaccines became available more quickly is because Operation Warp Speed allowed for widespread production and preparations to distribute vaccine before the U.S. Food and Drug Administration issued emergency use authorization. This effort through the federal government accelerates vaccine delivery, while also ensuring vaccines are safe and effective.

Vaccine Successes

- In the late 1940s, polio outbreaks in the U.S. increased in frequency and size, disabling an average of more than 35,000 people each year. By developing and utilizing a polio vaccine, no cases of polio have originated in the U.S. since 1979.[1]
- For hundreds of years, smallpox was a major cause of death worldwide, and was fatal for approximately 3 of every 10 individuals who contracted the virus. Due to the development and utilization of a smallpox vaccine, the World Health Assembly declared that it had been eradicated in 1980.[2]
- Before the measles vaccination program began in 1963, an estimated 3 to 4 million people got measles each year in the U.S. Of those cases, 400 to 500 died, 48,000 were

[1] Centers for Disease Control and Prevention. (2019). Polio Elimination in the United States. Retrieved from Centers for Disease Control and Prevention: www.cdc.gov/polio/what-is-polio/polio-us.html.

AMERICAN OVERSIGHT

hospitalized and 1,000 developed brain swelling. Since then, widespread use of the measles vaccine has led to a greater than 99% reduction in measles cases.[3]

- To learn more about standard vaccines in Florida visit: ThePowerToProtect.org.

Reinforcing the Continuation of Mitigation Strategies

It is important to continue the Centers for Disease Control and Prevention's best practices and mitigation strategies that are currently recommended when possible, including:

- Practicing social distancing (maintaining 6 feet of separation) and staying at home when you are sick.
- Limiting the size of social gatherings, especially in indoor settings.
- If you are around other people, wear a mask, avoid groups or crowds and maintain 6 feet of separation.
- Washing your hands frequently and for at least 20 seconds. If soap and water are not readily available, use a hand sanitizer that contains at least 60% alcohol in the ingredients.
- Avoiding touching your eyes, nose and mouth.
- Covering your cough or sneeze with a tissue, then throwing it in the trash. If you do not have a tissue, using your sleeve or elbow, but not your hands.
- Cleaning and disinfecting frequently touched objects and surfaces at least daily.
- Using telemedicine/telehealth options for regular medical visits.
- Taking regular medications on time and as directed.
- Keeping up the healthy habits that your health care provider recommends, including healthy eating, exercise, getting enough sleep, quitting smoking and managing chronic or underlying health conditions.

AMERICAN OVERSIGHT

Why Get Vaccinated?

To Protect Yourself, Your Coworkers, Your Patients, Your Family, and Your Community

- Building defenses against COVID-19 in this facility and in your **community is a team effort. And you** are a key part of that defense.
- Getting the COVID-19 vaccine adds **one more layer of protection** for you, your coworkers, patients, and family.

Here are ways you can **build people's confidence** in the new COVID-19 vaccines in your facility, your community, and at home:

- ✓ **Get vaccinated** and enroll in the **v-safe** text messaging program to help CDC monitor vaccine safety.
- ✓ **Tell others why** you are getting vaccinated and encourage them to get vaccinated.
- ✓ **Learn how to have conversations** about COVID-19 vaccine with coworkers, family, and friends.

Subject: Covid Vaccine Transfer request

Good morning.
AdventHealth Orlando is requesting the ability to transfer 2 boxes of COVID vaccine (1950 doses, 390 vials) to HCA. One box will go to Pin number for Osceola regional Medical Center PIN 701459 and the other to PIN 701451 for Central Florida Regional. This transfer request is contingent on approval today (12/20) as our transfer plan to these facilities will be different if we're not able to initiate transfer until tomorrow. I have attached our signed transfer agreement for reference.

COVID-19 VACCINE SURVEY

IMPORTANT - PLEASE READ AND COMPLETE THE SURVEY

Friday, December 11, 2020

Dear: wnewbern@tequesta.org
FL-Tequesta Fire Rescue

In anticipation of a COVID-19 vaccine being available later this month, the Florida Department of Health is seeking input from FL-Tequesta Fire Rescue to assist in vaccine planning efforts. A link to a survey is provided below. We request that you complete this survey by **Wednesday, December 16, 2020 – 5 pm.**

This survey is designed to collect information from FL-Tequesta Fire Rescue, including:

1. Preferences on vaccination methods for staff,
2. If applicable, your agencies ability to vaccinate employees,
3. Estimation of the number of employees / volunteers who are willing or required to be vaccinated for COVID-19.

The information collected in this survey will assist us in vaccine distribution planning, expediting enrollment of willing agencies as vaccine providers and forecasting potential demand in the early phases of vaccine availability.

Survey Link:

Subject: COVID-19 - URGENT - RESPONSE NEEDED

COVID-19 VACCINE SURVEY

IMPORTANT - PLEASE READ AND COMPLETE THE SURVEY

Friday, December 11, 2020

Dear: wnewbern@tequesta.org
FL-Tequesta Fire Rescue

In anticipation of a COVID-19 vaccine being available later this month, the Florida Department of Health is seeking input from FL-Tequesta Fire Rescue to assist in vaccine planning efforts. A link to a survey is provided below. We request that you complete this survey by **Wednesday, December 16, 2020 – 5 pm.**

This survey is designed to collect information from FL-Tequesta Fire Rescue, including:

1. Preferences on vaccination methods for staff,
2. If applicable, your agencies ability to vaccinate employees,
3. Estimation of the number of employees / volunteers who are willing or required to be vaccinated for COVID-19.

The information collected in this survey will assist us in vaccine distribution planning, expediting enrollment of willing agencies as vaccine providers and forecasting potential demand in the early phases of vaccine availability.

Survey Link:
https://fdoh.readyop.com/fs/4cO1/40d9

Should you have any questions regarding this survey please respond to:
StateESF8.Planning@flhealth.gov.

Thank you

Good Morning Mr. Senyshyn,

I appreciate you taking my call and any help you can give me in acquiring vaccine for our direct responders is greatly appreciated. The Larkin Community Hospital South Miami Campus has registered with Florida Shots and the COVID Vaccine Program. We have completed and turned in all the questionnaires including our capability to store the Pfizer vaccine in the Ultra Cold storage Freezer which we have on the premises. To this point we have not had any communication from either the Vaccine Program, Florida Department of Health or Jackson Memorial Hospital regarding any allocation of vaccine. I have viewed a list that includes 173 hospitals slated to receive the Moderna vaccine next week pending FDA approval which includes our sister facility Larkin Community Hospital Palm Springs Campus, but excludes this hospital. If you could please help in directing me to who I can contact/speak to about this. We have a number of nurses, physicians, respiratory personnel and others that have direct contact with COVID-19 patients and we would like to vaccinate them. I have included our Florida Shots ID and other pertinent information for you. Thank you!

Special Edition – Monday, December 14, 2020

COVID-19 Vaccine Codes: Updated Effective Date for Pfizer-BioNTech

On December 11, 2020, the U.S. Food and Drug Administration issued an Emergency Use Authorization (EUA) for the Pfizer-BioNTech COVID-19 Vaccine for the prevention of COVID-19 for individuals 16 years of age and older. Review Pfizer's Fact Sheet for Healthcare Providers Administering Vaccine (Vaccination Providers) regarding the limitations of authorized use.

During the COVID-19 Public Health Emergency (PHE), Medicare will cover and pay for the administration of the vaccine (when furnished consistent with the EUA). Review our updated payment and HCPCS Level I CPT code structure for specific COVID-19 vaccine information. Only bill for the vaccine administration codes when you submit claims to Medicare; don't include the vaccine product codes when vaccines are free.

Subject: COVID-19 Vaccine Provider FAQs

Good Afternoon,

I know with the authorization of the vaccine, there is a lot of hot off the press and still-coming-out information. Couple that with training and onboarding more staff, I think it is really important to have an updated FAQ document. This will serve as a script for the first tier of agents on the help desk. Our new responders appreciate the comprehensive nature of this document and it has been instrumental in training and information sharing.

Of course it is an ever-evolving document, but I'm hoping to keep it as complete and current as possible. I've updated this document as of today, adding both more answers and questions. I've added enrollment information and answers I was familiar with, but there are sections where I have less information and defer to you all as the subject matter experts. Please add as much information as you can as you have it.

Document found in our COVID-19 Vaccination Planning Team Files for convenience.

Thank you,
Amanda

COVID-19 Vaccine Provider FAQs

UPDATED DECEMBER 12, 2020

Contents

General4
- Q1. When will COVID-19 vaccines be available?4
- Q2. How many COVID-19 vaccines will be available in Florida?4
- Q3. Where can I find a list of providers in my area that have COVID-19 vaccines?4
- Q4. What if I signed up and then chose to stop receiving COVID-19 vaccines?5
- Q5. What is my IIS ID?5
- Q6. I am a retired nurse. How do I volunteer to help with the COVID-19 vaccine effort?5
- Q7. Where can I find more information and training resources for the COVID-19 vaccines?5

Enrollment5
- Q1. I'm a medical provider. How can I sign up to receive COVID-19 vaccines?5
- Q2. I'm a pharmacy. How do I sign up to receive COVID-19 vaccines?6
- Q3. Will I need to enroll with the CDC directly for COVID-19 vaccines?6
- Q4. If I get COVID-19 vaccines from my local county health department, do I have to enroll with the state?6
- Q5. We have several clinic locations. Will each of them need to enroll for COVID-19 vaccines separately or will I enroll my whole organization all together?6
- Q6. If I enroll for COVID-19 vaccines, will my information be available to the public?6
- Q7. What will I be required to do as a COVID-19 vaccine provider?6
- Q8. Is there a deadline to enroll for COVID-19 vaccines?6
- Q9. How long does it take to sign up for COVID-19 vaccines?6
- Q10. I am a dentist. Can I enroll as a medical provider in the COVID-19 vaccine effort?6

Enrollment Forms7
- Q1. Where do I find the form to enroll for COVID-19 vaccines?7
- Q2. I filled out the CDC vaccine enrollment forms. Now what?7
- Q3. Who has to sign the COVID-19 vaccine enrollment forms?7
- Q4. Do I have to fill out a Section A form for each site that we want to enroll?7
- Q5. Our clinics have different chief medical officers and chief executive officers, can we sign multiple Section A forms?7
- Q6. We are a large organization. Our chief medical officer is located in another state. Can they still sign the Section A form?7
- Q7. Do I have to fill out a Section B form for each site that we want to enroll? What if I only have 1 site?7
- Q8. Section B form asks for number of patients routinely served by my clinic. Is this on a daily, weekly, monthly, yearly basis?7
- Q9. Section B asks for unique patients/clients seen per week. What is a unique patient?8

Vaccine Products8
- Q1. Who will be the first to receive COVID-19 vaccines?8
- Q2. Which COVID-19 vaccine products are available?8
- Q3. Which COVID-19 vaccine product will I receive if I enroll?8
- Q4. Are the vaccines safe? Are the vaccines effective?8
- Q5. What populations are recommended to receive the vaccines?8
- Q6. What are the identified contraindications of the vaccines?8
- Q7. Where can I find more information on the specific vaccine products?8

AMERICAN OVERSIGHT

Q8. What are the side effects of the vaccines?8
Food and Drug Administration (FDA) Emergency Use Authorization (EUA)8
Q1. What is the difference between an EUA and full FDA approval?8
Q2. Will we receive a Vaccine Information Statement (VIS) for an EUA vaccine?8
Q3. What requirements must providers abide by for the EUA?8
Adverse Events8
Q1. Am I required to report adverse events as a result of the COVID-19 vaccine administration? How do I report adverse events?8
Q2. What is my liability regarding adverse events and vaccine administration?8
Q3. Am I required to follow up with patients after vaccine administration?8
Florida SHOTS9
Q1. Will I need to enroll in Florida SHOTS to receive COVID-19 vaccines?9
Q2. How do I know if I am signed up in Florida SHOTS?9
Q3. How do I find my Florida SHOTS Org Login ID?9
Q4. If my organization is enrolled in Florida SHOTS, am I automatically enrolled in COVID-19?9
Q5. Our EHR does not automatically upload to Florida SHOTS. Can we upload data manually?9
Q6. We want to vaccinate our employees as healthcare staff. They are not included in our EHR. How do report this data to Florida SHOTS?9
Q7. Will Florida SHOTS be available to train healthcare providers?9
Vaccines for Children (VFC) or Vaccines for Adults (VFA)9
Q1. Will I need to enroll in VFC/VFA to enroll for COVID-19 vaccines?9
Q2. We do not serve pediatric patients. Do I still need to sign up for VFC?9
Q3. Will the COVID-19 vaccines only be available to VFC eligible patients?10
Q4. If my organization is enrolled in VFC/VFA, am I automatically enrolled in COVID-19?10
Q5. Who can be an enrollee for my site?10
Vaccine Administration10
Q1. Will the state tell me who I can and cannot vaccinate?10
Q2. Can I vaccinate my staff and my patients?10
Q3. Will I have to vaccinate other people outside my staff or my clinic?10
Q4. Will I be required to monitor vaccine recipients for 15 minutes after vaccine administration?10
Q5. Will I be required to use a consent form? Will DOH provide this consent form?10
Ordering and Receiving Vaccines10
Q1. How do I order COVID-19 vaccines?10
Q2. How many COVID-19 vaccines will I receive?10
Q3. Can COVID-19 vaccines be shipped to one location and administered in another location?10
Q4. For the 2 dose COVID-19 vaccines, do we need to divide the allocation in order to account for the 2nd dose?10

Q3. Will the vaccine be required for certain occupation groups?13
Q4. Can I mandate my employees receive the vaccine?13

General

Q1. When will COVID-19 vaccines be available?

Q2. How many COVID-19 vaccines will be available in Florida?

We do not have an exact number of how many COVID-19 vaccines will be available in Florida. The federal government will allocate a certain number of doses to Florida and other states based on multiple factors, including population density, critical populations, current local spread of COVID-19, and vaccine production and availability.

Q3. Where can I find a list of providers in my area that have COVID-19 vaccines?

When vaccine becomes available you may search Vaccine Finder to find a provider near you, found at www.Vaccinefinder.org.

Q4. What if I signed up and then chose to stop receiving COVID-19 vaccines?

Simply notify the COVID-19 vaccine help desk at CovidVaccineProgram@flhealth.gov.

Q5. What is my IIS ID?

AMERICAN OVERSIGHT

IIS stands for Immunization Information System. The IIS for the state of Florida is Florida SHOTS. The IIS ID number is your Florida SHOTS Organization Login ID. It is the code you enter above your user ID to log in to Florida SHOTS.

Q6. I am a retired nurse. How do I volunteer to help with the COVID-19 vaccine effort?

Please contact your local county health department, local hospitals, or COVID-19@flhealth.gov.

Q7. Where can I find more information and training resources for the COVID-19 vaccines?

Please visit COVID-19 Vaccine Training Module For Healthcare Professionals (cdc.gov) and COVID-19 Vaccination Training Programs and Reference Materials for Healthcare Professionals (cdc.gov).

Enrollment

Q1. I'm a medical provider. How can I sign up to receive COVID-19 vaccines?

In order to be eligible to receive COVID-19 vaccines, providers must enroll as a COVID-19 vaccine provider. The first step in the enrollment process is to have an active Florida SHOTS account. Please have your Florida SHOTS Org Login ID ready when communicating with an enrollment specialist. If you need assistance with obtaining your ORG ID please contact the Florida SHOTS Helpdesk at 877-888-7468, opt.2. If you have not yet enrolled in Florida SHOTS, visit www.flshotsusers.com to complete the online enrollment form.

The next step is to submit one (1) Section A Provider Agreement form for your organization, regardless of how many sites you want to enroll. Log in to Florida SHOTS and visit the COVID-19 enrollment page. Fill out the information, including the correct number of sites you want to enroll. After you submit this form within Florida SHOTS, click "View/Print Section A PDF." This PDF form must be signed by both the Chief Executive Officer and Chief Medical Officer and emailed to CovidVaccineProgram@flhealth.gov to be processed.

If your clinic is not currently enrolled in VFC/VFA, an enrollment specialist will contact you to gather more information about your clinics. Once they enter this information into Florida SHOTS, you will have access to the Section B Form.

Providers must submit a Section B Provider Profile form for each site to be enrolled in COVID-19 vaccine. Each location that will be ordering, receiving, and/or storing COVID-19 vaccines must be enrolled. The primary vaccine coordinator for the site must log in to the COVID-19 Enrollment page and complete the Section B form. The Section B form is submitted within Florida SHOTS.

Once the COVID-19 vaccine enrollment team receives both your signed Section A form and section B form, they will complete enrollment.

Q2. I'm a pharmacy. How do I sign up to receive COVID-19 vaccines?

Pharmacies follow the same process as other medical providers. The only difference is pharmacies who need to enroll in Florida SHOTS must visit www.flshotsusers.com and complete the enrollment application for pharmacies. The application can be faxed to the number listed on the form or emailed to the email address on the form. Pharmacies then visit the COVID-19 Enrollment Page within Florida SHOTS and follow the same steps as other providers.

Q3. Will I need to enroll with the CDC directly for COVID-19 vaccines?

No. Florida SHOTS will submit your participation status and administrations to CDC.

Q4. If I get COVID-19 vaccines from my local county health department, do I have to enroll with the state?

AMERICAN OVERSIGHT

Q5. We have several clinic locations. Will each of them need to enroll for COVID-19 vaccines separately or will I enroll my whole organization all together?

Each location that will be ordering, receiving, and/or storing COVID-19 vaccines must be enrolled in COVID-19. Providers will complete one Section A form for the organization as a whole. The Section A form asks how many sites will be enrolling for COVID-19 vaccines. Providers will submit one Section B form for each site they want to enroll for COVID-19 vaccines.

Q6. If I enroll for COVID-19 vaccines, will my information be available to the public?

COVID-19 vaccine provider information will be publicly available on www.vaccinefinder.org once COVID-19 vaccines are in greater supply and available to the larger population.

Q7. What will I be required to do as a COVID-19 vaccine provider?

The Section A Form Provider Agreement details requirements providers agree to abide by in order to participate in the COVID-19 vaccine effort. This form can be found on the COVID-19 Enrollment page within Florida SHOTS.

Q8. Is there a deadline to enroll for COVID-19 vaccines?

There is not a deadline to enroll for COVID-19 vaccines. However, providers may not receive COVID-19 vaccines until they are fully enrolled.

Q9. How long does it take to sign up for COVID-19 vaccines?

The enrollment process varies according to several factors, including if the organization is familiar with their Florida SHOTS account, responsiveness to contact an enrollment specialist and complete the forms, and the workload of the COVID-19 vaccine provider enrollment team.

Q10. I am a dentist. Can I enroll as a medical provider in the COVID-19 vaccine effort?

No. Dentists are not licensed to administer vaccines. If you would like to provide vaccinations to your staff as healthcare workers, please contact your local county health department, hospital providers, or other COVID-19 vaccine medical providers.

Enrollment Forms

Q1. Where do I find the form to enroll for COVID-19 vaccines?

The Section A Provider Agreement and Section B Provider Profile forms are found within Florida SHOTS under the COVID-19 Enrollment Page. Section A must be signed by both the Chief Medical Officer and Chief Executive Officer and emailed to CovidVaccineProgram@flhealth.gov. Unless they are already enrolled in VFC/VFA, Section B will not be available to providers until they have begun the VFC/VFA enrollment process.

Q2. I filled out the CDC vaccine enrollment forms. Now what?

COVID-19 Vaccine forms must be completed within Florida SHOTS. The state of Florida has built the CDC vaccine enrollment forms into Florida SHOTS. We cannot accept CDC vaccine enrollment forms outside of the form that is found within Florida SHOTS.

Q3. Who has to sign the COVID-19 vaccine enrollment forms?

The Section A Provider Agreement form must be signed by both the Chief Medical Officer and Chief Executive Officer and emailed to CovidVaccineProgram@flhealth.gov.
The Section B Provider Profile form must be completed and submitted within Florida SHOTS by the primary vaccine coordinator for each site.

Q4. Do I have to fill out a Section A form for each site that we want to enroll?

AMERICAN OVERSIGHT

Each location that will be ordering, receiving, and/or storing COVID-19 vaccines must be enrolled in COVID-19. One Section A form must be signed for the organization as a whole as listed in Florida SHOTS. One Section B form must be completed for each site that will be enrolled for COVID-19 vaccines.

Q5. Our clinics have different chief medical officers and chief executive officers, can we sign multiple Section A forms?

No. Only one Section A Provider Agreement can be signed and submit per organization as in Florida SHOTS.

Q6. We are a large organization. Our chief medical officer is located in another state. Can they still sign the Section A form?

Yes. The Chief Medical Officer does not have to be licensed in the state of Florida. However, an enrollee must be identified for each site. The enrollee must be a Florida licensed medical provider.

Q7. Do I have to fill out a Section B form for each site that we want to enroll? What if I only have 1 site?

Yes. One Section B form must be completed for each site that will be enrolled for COVID-19 vaccines. Each location that will be ordering, receiving, and/or storing COVID-19 vaccines must be enrolled in COVID-19. If you have one site, you will complete one Section B form.

Q8. Section B form asks for number of patients routinely served by my clinic. Is this on a daily, weekly, monthly, yearly basis?

We understand this to refer to the total number of patients registered at your clinic.

Q9. Section B asks for unique patients/clients seen per week. What is a unique patient?

This refers to the number of unique individuals seen per week, not the number of visits per week. If an individual is seen multiple times in the period of a week, they would only be counted as one patient.

Vaccine Products

Q1. Who will be the first to receive COVID-19 vaccines?

When a COVID-19 vaccine becomes available, Florida will implement a phased approach to vaccine administration. Because the initial supply will be limited, recipients will be prioritized. Priority groups may vary based on the vaccine that is ultimately approved, vaccine availability, and the groups the vaccine is authorized for use in. Based upon current federal guidance, initial priority groups will include health care workers and assisted living facility/long-term care residents.

Q2. Which COVID-19 vaccine products are available?

Q3. Which COVID-19 vaccine product will I receive if I enroll?

COVID-19 vaccine products may become available at various times. We do not have an exact number of how many of which type of vaccine products are allocated to the state of Florida and this distribution is likely to change over time. Florida will allocate vaccine products to enrolled providers according to the available supply.

Q4. Are the vaccines safe? Are the vaccines effective?

Q5. What populations are recommended to receive the vaccines?

Q6. What are the identified contraindications of the vaccines?

Q7. Where can I find more information on the specific vaccine products?

Q8. What are the side effects of the vaccines?

AMERICAN OVERSIGHT

Food and Drug Administration (FDA) Emergency Use Authorization (EUA)

Q1. What is the difference between an EUA and full FDA approval?

Q2. Will we receive a Vaccine Information Statement (VIS) for an EUA vaccine?

Q3. What requirements must providers abide by for the EUA?

Adverse Events

Q1. Am I required to report adverse events as a result of the COVID-19 vaccine administration? How do I report adverse events?

Q2. What is my liability regarding adverse events and vaccine administration?

Q3. Am I required to follow up with patients after vaccine administration?

Florida SHOTS

Q1. Will I need to enroll in Florida SHOTS to receive COVID-19 vaccines?

Yes. To enroll in Florida SHOTS, visit www.flshotsusers.com. Fill out the application and check the "COVID-19 Enrollment" box to indicate your interest in enrolling for COVID-19 vaccines.

Q2. How do I know if I am signed up in Florida SHOTS?

For questions regarding your Florida SHOTS account, contact the Florida SHOTS Help Desk at (877) 888 – 7468, option #2.

Q3. How do I find my Florida SHOTS Org Login ID?

The Florida SHOTS Org Login ID is the code you use to log in to Florida SHOTS, op top of your user ID. For questions regarding your Florida SHOTS account, contact the Florida SHOTS Help Desk at (877) 888 – 7468, option #2.

Q4. If my organization is enrolled in Florida SHOTS, am I automatically enrolled in COVID-19?

No. Providers must follow all enrollment steps to complete COVID-19 vaccine enrollment.

Q5. Our EHR does not automatically upload to Florida SHOTS. Can we upload data manually?

Providers can log into the Florida SHOTS system and individual enter doses administered to patients.

Q6. We want to vaccinate our employees as healthcare staff. They are not included in our EHR. How do report this data to Florida SHOTS?

Providers can log into the Florida SHOTS system and individual enter doses administered to patients.

Q7. Will Florida SHOTS be available to train healthcare providers?

Vaccines for Children (VFC) or Vaccines for Adults (VFA)

Q1. Will I need to enroll in VFC/VFA to enroll for COVID-19 vaccines?

AMERICAN OVERSIGHT

Providers are required to have a VFC/VFA PIN to enroll in the COVID-19 vaccine effort. This will be generated during the COVID-19 vaccine enrollment process. Providers not already enrolled in VFC/VFA will not be assigned any other VFC/VFA efforts for additional vaccines.

Q2. We do not serve pediatric patients. Do I still need to sign up for VFC?

Regardless of the age of patients served, providers are required to have a VFC/VFA PIN to enroll in the COVID-19 vaccine effort. This will be generated during the COVID-19 vaccine enrollment process. Providers not already enrolled in VFC/VFA will not be assigned any other VFC/VFA efforts for additional vaccines.

Q3. Will the COVID-19 vaccines only be available to VFC eligible patients?

No. COVID-19 vaccines will be available for all individuals who meet criteria for who is recommended to receive the vaccines at that time. It is our goal to eventually have everyone who wants to receive a COVID-19 vaccine receive one.

Q4. If my organization is enrolled in VFC/VFA, am I automatically enrolled in COVID-19?

No. Providers must follow all enrollment steps to complete COVID-19 vaccine enrollment.

Q5. Who can be an enrollee for my site?

The enrollee must be a Florida licensed medical professional to take responsibility for the vaccine program at the individual site. They can be a medical doctor (MD), pharmacist, physician assistant, or advanced practice registered nurse (APRN). A registered nurse (RN) cannot be an enrollee.

Vaccine Administration

Q1. Will the state tell me who I can and cannot vaccinate?

Q2. Can I vaccinate my staff and my patients?

Q3. Will I have to vaccinate other people outside my staff or my clinic?

Q4. Will I be required to monitor vaccine recipients for 15 minutes after vaccine administration?

Q5. Will I be required to use a consent form? Will DOH provide this consent form?

Ordering and Receiving Vaccines

Q1. How do I order COVID-19 vaccines?

Once doses are widely available, providers will use Florida SHOTS to request vaccine doses. How?

Q2. How many COVID-19 vaccines will I receive?

The federal government will allocate a certain number of doses to Florida and other states based on multiple factors, including population density, critical populations, current local spread of COVID-19, and vaccine production and availability. Florida will distribute its allocated COVID-19 vaccine supply according to its availability and current guidelines. At this time we cannot guarantee or confirm the exact supply or doses allocated to specific providers.

Q3. Can COVID-19 vaccines be shipped to one location and administered in another location?

Q4. For the 2 dose COVID-19 vaccines, do we need to divide the allocation in order to account for the 2nd dose?

AMERICAN OVERSIGHT

No, you won't need to split the shipment in half. It is critical that all doses administered be documented in Florida SHOTS. The number of doses needed for additional orders will be based on recorded doses administered.

Q5. What are the minimum doses to be ordered?

Vaccine Shipments

Q1. Which carrier will be responsible for shipping vaccines?

COVID-19 vaccines will be shipped via FedEx and UPS.

Q2. What are the dimensions of the ultra-cold shipping container?

The ultra-cold thermal shipping container dimensions are 16.5' L x 16.5' W x 22.5' H.

Q3. How many vials will be included per tray for ultra-cold shipments?

There are 195 5-dose vials per tray.

Q4. Will ancillary supplies be included in vaccine shipments? What is included in the ancillary kits?

Ancillary kits will be shipped separately from vaccine products but will arrive in near time. Ancillary supplies will be packaged in kits and will be automatically ordered in amounts to match vaccine orders in VTrckS. Each kit will contain supplies to administer 100 doses of vaccine, including 105 needles (various sizes for the population served by the ordering vaccination provider), 105 syringes, 210 alcohol prep pads, four surgical masks and two face shields (per kit) for vaccinators and 100 COVID-19 vaccination record cards for vaccine recipients. Sharps containers will not be included in the kits.

Q5. Will I need to return the vaccine shipping container? If so, how do I do this?

Q6. Will I be notified if my provider office will be receiving COVID-19 vaccines? If so, when?

Q7. Is my provider office on the list for the next shipment of COVID-19 vaccines?

Storage and Handling

Q1. What are the storage and handling requirements of the COVID-19 vaccine?

CDC's vaccine storage and handling toolkit has been updated with a COVID-19 vaccine addendum. Visit the Vaccine Storage and Handling Toolkit website for more information.

Q2. Am I required to have an ultra-cold storage unit to receive COVID-19 vaccines?

No, we expect the Moderna product will be granted an emergency use authorization. This vaccine can be stored at normal frozen vaccine temperatures.

Q3. Where can I find more information on storage and handling requirements of the different vaccine products?

Q4. How can I train my providers on storage and handling requirements of the vaccine?

Q5. Will I be required to monitor and report storage unit temperatures? If so, how?

Q6. Will I be required to report temperature excursions? If so, how?

AMERICAN OVERSIGHT

Q7. How long is the ultra-cold vaccine viable in the thermal shipping container?
Q8. How long is the Pfizer vaccine viable outside of ultra-cold temperatures?

Data Reporting
Q1. Will I need to report data for COVID-19 vaccines?
Yes, reporting of doses is required as part of the federal COVID-19 agreement.
Q2. How will I report this data?
Vaccine administration data must be reported to Florida SHOTS within 24 hours of vaccine administration. The data can be entered manually into Florida SHOTS or by HL7 messaging from an electronic medical record. Batch upload will be available in the near future and a template for batch upload will be provided. How?
Q3. What specific data do I have to report?
Q4. How often do I have to report data?
COVID-19 vaccine administrations should be reported to Florida SHOTS within 24 hours of the administration.
Q5. Will I need to report data to the state and to CDC?

Vaccine Transfer and Redistribution
Q1. What is the difference between vaccine transfer and redistribution?
Q2. Am I allowed to redistribute COVID-19 vaccines?
Q3. Am I allowed to transfer COVID-19 vaccines?
Q4. How do I transfer COVID-19 vaccine inventory to another site?
Q5. How do I transfer COVID-19 vaccine products to another site?

Billing
Q1. Will I be charged for COVID-19 vaccines?
COVID-19 vaccine will be procured and distributed by the federal government at no cost to enrolled COVID-19 vaccination providers.
Q2. Can I charge a COVID-19 vaccine administration fee?
Vaccine providers will be able to charge an administration fee. However, participating vaccine providers
must administer COVID-19 vaccine regardless of the vaccine recipient's ability to pay COVID-19 vaccine
administration fees or coverage status, as stated in the CDC Provider Agreement.
Vaccine providers may seek appropriate reimbursement from a program or plan that covers COVID-19 vaccine administration fees for the vaccine recipient. For uninsured patients, the vaccine provider can seek reimbursement for an administration fee from the HRSA Provider Relief Fund.
Q3. Can I charge an office visit for my patients for COVID-19 vaccines?
Providers can bill for an office visit when administering COVID-19 vaccine if the visit meets the criteria for office visit coding under a recipient's plan. However, participating vaccine providers must administer COVID-19 vaccine regardless of the vaccine recipient's ability to pay COVID-19

AMERICAN OVERSIGHT

vaccine
administration fees or coverage status, as stated in the CDC Provider Agreement.

Q4. I do not currently bill Medicare or Medicaid. Will this be a problem?

Communicating with Vaccine Recipients

Q1. Where can I find resources on communicating with my patients on the vaccine?

Please see COVID-19 Vaccination Communication Toolkit For Medical Centers, Clinics, and Clinicians Get ready-made materials to build vaccine confidence about COVID-19 vaccination among your staff, patients, and communities. (cdc.gov).

Q2. How should I respond to individuals who are hesitant to receive the vaccine?

Q3. Will the vaccine be required for certain occupation groups?

Q4. Can I mandate my employees receive the vaccine?

As discussed. Jacksonville FBI representative has contacted DOH-Duval. He advised that US Department of Justice agencies have been instructed to go through their local health

AMERICAN OVERSIGHT

departments for COVID immunizations. We have not heard this before. This would include US Marshalls, FBI, Secret Service, Customs and Border Patrol, DEA, ATF and the Postal Inspector, and others. Just wanted you to be aware and see if we can confirm this understanding since it will have statewide impact for larger counties. We also need to determine where they are on the priority list (e.g., include them with Public Safety, Phase 1A).

I would say yes as we need clear direction on which federal employees are expected to be vaccinated by the state. Then we need to determine their capabilities to vaccinate themselves or do we include them in one of our efforts.

Good Morning,

I'm trying to get clarification for diluent for the Pfizer Vaccine. Do we need source this locally or will be coming from the state.

temperature [up to 25°C (77°F)] *(see Storage and Handling)*.

- Refer to thawing instructions in the panels below.

Dilution
Dilute the vial contents using 1.8 mL of 0.9% Sodium Chloride Injection, USP (not provided) to form the Pfizer-BioNTech COVID-19 Vaccine. ONLY use 0.9% Sodium Chloride Injection, USP as the diluent. This diluent is not packaged with the vaccine and must be sourced separately. Do not use bacteriostatic 0.9% Sodium Chloride Injection or any other diluent.

- Refer to dilution and dose preparation instructions in the panels below.

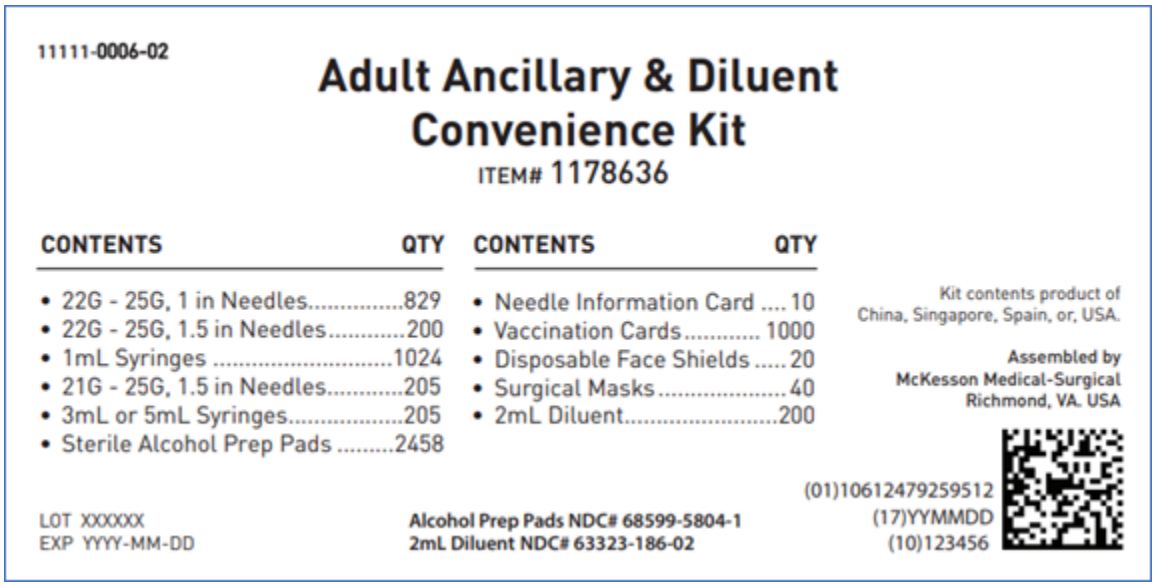
Contents and Quantities for Mega Kits to Support Pfizer Vaccine

December 11, 2020

This is a clarification about the needle and syringes included in the COVID-19 ancillary supply kits for administering Pfizer's ultra-frozen vaccine. Based on questions coming into our call centers supporting the distribution of the ancillary supply kits for Operation Warp Speed, there is some confusion about the quantities of needles and syringes included in the kits. Each kit is clearly labeled with a complete inventory list. (See example below.)



11111-0006-02

Adult Ancillary & Diluent Convenience Kit

ITEM# 1178636

CONTENTS	QTY	CONTENTS	QTY
• 22G - 25G, 1 in Needles	829	• Needle Information Card	10
• 22G - 25G, 1.5 in Needles	200	• Vaccination Cards	1000
• 1mL Syringes	1024	• Disposable Face Shields	20
• 21G - 25G, 1.5 in Needles	205	• Surgical Masks	40
• 3mL or 5mL Syringes	205	• 2mL Diluent	200
• Sterile Alcohol Prep Pads	2458		

Kit contents product of China, Singapore, Spain, or, USA.

Assembled by
McKesson Medical-Surgical
Richmond, VA. USA

(01)10612479259512
(17)YYMMDD
(10)123456

LOT XXXXXX
EXP YYYY-MM-DD

Alcohol Prep Pads NDC# 68599-5804-1
2mL Diluent NDC# 63323-186-02

Procuring the sheer number of needles and syringes needed to support an operation of this size involves complex logistics, which is why vaccine administrators may see variance in how the supplies are packaged. The listed products may be received as a combo, defined as a single packaged needle and syringe, or as individual components. The quantities listed on the label represent the minimum number of total combinations in each kit.

- For example, if the kit above was shipped with (829) 1ml-25Gx1" syringe/needle combos and (200) 22Gx1.5" needles for administration, the kit would only contain (200) 1ml syringes to accompany the needles. This would yield a total of (1,029) needles with accompanying syringes (some packaged together, some individually).
- If a kit contained only individual needles and syringes, there may be 5 more needles than syringes. This is intentional and is designed to improve your experience and maximize the inventory across all kits built.
    - In this scenario, the adjustment was to the 22-25Gx1.5" needles. The kit was originally configured to have 195. This was increased by 5 (to 200) to improve the administrators' experience by using two whole boxes.

AMERICAN OVERSIGHT

FL-DOH-21-0168-A-079026

Please note there will be multiple configurations used as Operation Warp Speed continues to procure products to support the assembly of these and other ancillary supply kits. Regardless of configuration, the kit contents will meet the minimum quantities listed on the kit content labels and will support the same total number of doses.

We hope this communication helps your teams as they review the content in the kits to ensure their readiness for administration when you receive the vaccine doses.

Please direct any issues regarding the ancillary kits to support the Pfizer COVID-19 vaccine to McKesson Customer Service at:

Natasha –

I am sending you the step by step instructions for doing the transfer and ensuring it's in SHOTS. I wish we had thought to do this earlier, but wanted you to have it now.

I'm going to share with the other 4 hospitals doing transfers as well. We will definitely make this a formal document and have it for future reference to hopefully make this transfer process a little easier on everyone. This is new for everyone so we are learning many lessons along the way.

Thanks for all your hard work in getting this vaccine out there and in the arms of folks!

- Sender gets VFC PIN number for Receiver
- Sender fills out Redistribution Agreement form
- Sender emails Redistribution Agreement form to the VFC

Hi Amy –

Broward Health has opted to operate out of two facilities so it will be 3 Pizza boxes to Broward General (701097) and 3 Pizza boxes to Broward North (701096)
Cleveland Clinic (771104) will get 1 pizza box
Holy Cross (061090) will get 1 pizza box
I'll work on the forms now.

Thank you ☺

AMERICAN OVERSIGHT

Subject: DOH/DEM dashboards used now-SHOTS/Vaccine distribution tracking

Paul,

I know its insane with SHOTS and Vaccine distribution but Jamie Grant and EOG have asked me to research the data duplications, dashboards being used now and how the state plans to track and monitor the single and double dose vaccine distribution by county, city, retailer/health provider, etc… Are there any Qlik or ArcGIS dashboards being developed or used now to support the reporting needs for EOG once this all starts? We can assist in business process mapping for the different 'phases' of the overall vaccine process: from customer/individual to retailer/healthcare provider, retailer/healthcare provider to DEM/DOH (supply chain distribution), and DEM/DOH to Fed central supply.

Much like the Covid tracking ArcGIS dashboard DOH built, I think something similar can be used for tracking and phasing the densities of those with 1st of 2 vaccines and those with single dose. I am sure your reporting team has thought of this as well but I havent seen anything like it yet. Do you have anyone I can speak with in your reporting team about these efforts? We can assist, we just need to know where you and DEM need assistance.

Thanks

Matt

FYI …. 2 more counties opt out of the Pharmacy Partnership due to their burdensome CVS and Walgreen's processes and concerns of timely administration. Pinellas County DOH had a teleconference at 4 PM today to notify facilities.

Thanks,
Greg

DOH-PINELLAS AND BROWARD SERVING AS PILOT COUNTIES DISTRIBUTING COVID-19 VACCINES

By Maggie Hall, PIO

Broward and Pinellas Counties December 11, 2020 will serve as two of the first Florida counties taking part next week in a COVID-19 vaccination effort that will prioritize Pfizer-BioNTech immunizations for residents of skilled nursing facilities (SNFs) and those who provide their care. This initial distribution of vaccines to protect Florida's most vulnerable

AMERICAN OVERSIGHT

residents is expected next week.

Per the recommendations of the Centers for Disease Control and Prevention's Advisory Committee on Immunization Practices (ACIP), LTCF residents and health care personnel are included in Phase 1 of the Florida vaccine distribution plan.

On Dec. 10, U.S. Food and Drug Administration advisers met to discuss the emergency authorization for the Pfizer-BioNTech vaccine. The third phase of the vaccine's use in test participants demonstrated it was 95 percent effective following two doses.

"The arrival of the first doses of COVID-19 vaccines in Pinellas gives us another way to protect the most vulnerable Pinellas residents and health-care workers who have been hard hit by the pandemic as well as those who provide their care," said Dr. Ulyee Choe, director of the Florida Department of Health in Pinellas County (DOH-Pinellas). "We are honored to be one of the first two Florida counties to begin the vaccination effort in the state."

"The COVID-19 vaccine is a sign of hope as we address this pandemic in Florida," said Dr. Paula Thaqi, director of the Florida Department of Health in Broward County (DOH-Broward). "We are still encouraging residents and visitors to take common sense precautions to protect themselves from the spread of the virus. These include frequent hand washing, wearing masks, maintaining six feet of social distancing and staying home if you are feeling sick."

As plans are finalized, DOH-Broward and DOH-Pinellas will release more details on the vaccination plan. Paramedic teams will administer the vaccines. COVID-19 vaccines from other manufacturers will be available for use at later dates as supplies reach the state.

Virtual media availabilities will be available from 1 until 1:30 p.m. for each of the counties.

For information about DOH-Broward, go

To: McKinstry, Molly; Coppola, Courtney; Dick, Cindy
Subject: RE: Draft eblast
Date: Thursday, December 17, 2020 3:10:31 PM

Can we edit the first sentence?

It really should read, "based on hospitals fully enrolled as a COVID-19 Providers through DOH Immunization Section." Just because they are enrolled in SHOTS, doesn't mean they can receive COVID vaccine. You can even add a sentence about if they want to start the enrollment process, they can visit the SHOTS website to start the paperwork. www.flshots.com

Thoughts?

Thanks,
Amy

Subject: Draft eblast

For comment – will send to all hospitals today:

Please also add…

Week 3 Hospital Allocations
DOH will be finalizing Week 3 (1/4/21) hospital COVID-19 allocations based on hospitals fully enrolled in SHOTS, the DOH immunization system, as if 10AM Friday, December 18th. Allocations will be made to hospitals that were not allocated in Week 1 (12/14/20) or Week 2 (12/21/20).

SHOTS Shipping Information
To ensure that COVID-19 vaccine orders are received and promptly entered into inventory, it is important that the ordering site shipping address match the address provided in their Section B within SHOTS. Avoiding any discrepancies in the accuracy of the shipping address will prevent vaccine deliveries to be lost, wasted, become non-viable or returned to the supplier.
The Section B Provider Profile Form captures information found in Florida SHOTS for the site, and asks for additional site-specific information. The primary contact on the account must submit the Section B form in Florida SHOTS. Please verify the shipping address and contact information as listed in the Section B form prior to submission.

AMERICAN OVERSIGHT

From: Riggen, Amy
To: Jani, Asim A
Subject: Re: Email to Governors
Date: Saturday, December 19, 2020 8:47:24 AM

Our moderna allocation planning number for delivery was given to us as 162,100 (to be delivered 12/28-1/2). Yesterday we were notified that our number would be closer to around 128,000.

They still haven't been moved into production in Tiberius so we can't put orders in yet. I'm thinking that would happen today so we are watching closely to see if that happens and how much our actual allocation will be.

Draft plan right now for those doses is to send some to the remaining hospitals who have not received any Moderna or Pfizer doses yet based on the high risk staff they identified (regardless of uktracold storage). After those have been allocated the remaining surplus will be distributed to all CHDs. Of course that is just the draft plan and could change.

Moderna orders for week #1 are scheduled to arrive Monday-Wednesday next week. That's the 367,900 doses. Those are going to all hospitals without ultracold who completed their enrollment as of 12/11.

As more information comes in I will definitely loop you in.

Thanks,
Amy

Right now the facilities that have received vaccine are collecting this information and we will be getting it. There does need to be some further discussion regarding this though.

Subject: Re: Email to Governors

Thx - to keep an eye on equity and access from the start (as opposed to just knowing that some arbitrary numerator is being looked at), are we tracking the denominators, ie the "percentage" of actual eligible enrolled vaccinees at various entities who have gotten the first shot - eg percent of eligible (based on hospital estimated projections etc) healthcare workers at hospital A, urgent care clinic B, LTCF C etc

And if we aren't doing it at the state level, then can/is that information captured at the CHD level?

Subject: Re: Email to Governors

Our moderna allocation planning number for delivery was given to us as 162,100 (to be delivered 12/28-1/2). Yesterday we were notified that our number would be closer to around 128,000.

They still haven't been moved into production in Tiberius so we can't put orders in yet. I'm thinking that would happen today so we are watching closely to see if that happens and how much our actual allocation will be.

Draft plan right now for those doses is to send some to the remaining hospitals who have not received any Moderna or Pfizer doses yet based on the high risk staff they identified (regardless of uktracold storage). After those have been allocated the remaining surplus will be distributed to all CHDs. Of course that is just the draft plan and could change.

Moderna orders for week #1 are scheduled to arrive Monday-Wednesday next week. That's the 367,900 doses. Those are going to all hospitals without ultracold who completed their enrollment as of 12/11.

As more information comes in I will definitely loop you in.

Thx - Amy then based on the email, if I read it correctly, what are the specific numbers that have been allocated already, ie "spoken for" for Florida? It appears that beyond this number, we will need to rely upon Moderna's allotment at lest until more Pfizer is made available.

To: Hess, Erin E <Erin.Hess@flhealth.gov>
Cc: Keyes, Becky (County Health Systems) <Becky.Keyes2@flhealth.gov>
Subject: Escambia - Questions

Escambia is getting 2,500 of the Moderna around 12/22 or 12/23; told it is to be used for LTCs (then there was mention EMS and CHD staff performing field activities); there will be a tactical meeting on Thursday; Escambia has 100% LTC enrolled in the pharmacy program – uncertain about ALF (if not 100%, would like to get a list to help with potential planning)

Has reached out to Claudia (because is getting the same shipment), but has not made contact; wanted to see how she was handling.

Ascension (Sacred Heart) is working with Santa Rosa BOCC to mass vax for their residents (also Gulf); Escambia BOCC would need to provide funding (I suggested showing her support for Sacred Heart doing the work).

Will the CHDs get Epi pens in case of an allergic reaction? Or, is this something the facility would need to provide?

Agreement Questions – Marie appears to have a different interpretation of what each agreement's intended use. I'm confused because this sounds different than what we talked about this morning. What I thought I heard and wrote down was

- Open – use of fairgrounds, airport, etc. to conduct large scale vaccination of specific population (expected to be general population)
- Closed – working in coordination with an organization to vaccinate a specific population (generally their employees and their families
- Limited Use License – transfer of vaccine
- Paramedicine – vaccine for paramedics to give to themselves

Also, she is concerned about vaccinating residents of LTCs and monitoring them afterwards and about getting consent.

Sorry.

AMERICAN OVERSIGHT

They must be:
Enrolled in SHOTS
Enrolled in VFC/VFA Program
Complete Section A and Section B of the CDC Provider Agreement.

They can go to the www.flshots.com webpage and click on interested in becoming a COVID provider and it will initiate the process.

The COVID enrollment helpdesk can also be reached at CovidVaccineProgram@flhealth.gov

Copied in this note is Amy Riggen, of our Immunization section who can help with questions.
We can also arrange a call with DOH and the UHC teams if you wish.

AMERICAN OVERSIGHT

1. Q: Can we vaccinate skilled nursing facilities operated by our health system?

A: Week one should focus on your hospital at risk staff and those of other hospitals.

2. Q: Can we transfer vaccine to another hospital?

A: During week one, hospitals should not transfer vaccination to other facilities. All facilities are expected to enter information for week one vaccinations into SHOTs.

For 7 days following the Advisory Committee on Immunization Practices (ACIP) published recommendations, the chain of custody for COVID vaccine requiring ultracold storage shall not be transferred between healthcare provider sites.

3. Q: Which licensee practitioners may administer the vaccine?

A: Follow your facility's protocols for delegation of duties and oversight of supervision of staff. (we can add the MQA document)

4. Q: Is it the expectation that the 5 hospitals will share vaccine with neighboring hospitals during Week 1 allocations?

A: Yes, for those hospitals you have identified.

Again, just verify that no formal transfers may take place during week 1 and any vaccine "Shared" should ensure the proper chain of custody and data entry documentation into FL SHOTS.

5. Q: During Week 1 allocations will the initial 5 hospitals be able to transfer vaccine to other hospitals for vaccination of their at-risk staff?

A: Not during Week 1, however (Amy) – correct. See response to question # 2

6. Q: How are the additional doses being allocated to other hospitals during Week 1?

A: All doses were allocated to the 5 prepositioned hospital organizations

7. Q: After the initial allocation to the previously identified 5 hospitals how soon can other hospitals expect to receive vaccine?

A: Allocations for Moderna vaccine are being planned for week 2 to all remaining hospital organizations that have completed the COVID Enrollment Provider Process, regardless of ultra-cold/non ultra-cold freezer capacity.– PLEASE CHECK WITH DOH LEADERSHIP TO ENSURE WHEN THIS MESSAGE MAY BE COMMUNICATED

8. Q: How will the doses of Pfizer vaccine be allocated after Week 1? What formula and data are being used?

A:

9. Q: How will the doses of Moderna vaccine be allocated? What formula and date are being used?

A: Hospital organizations who have completed COVID enrollment provider process are being allocated Moderna vaccine based on the number of health care personnel they identified who are at

AMERICAN OVERSIGHT

high risk of transmitting COVID based on work assignments.

10. Q: Will hospitals outside of the initial 5 receive direct allocation of the vaccine after Week 1?
A: See answer to question #7. I think they are asking the same thing.

Q: Should hospitals reserve second dose amounts from their initial allocation or will this be accounted for in additional allocations?
A:

Q: Which hospital is responsible for the second dose allocation? Does this fall on the initial 5 hospitals?
A:

Q: How many doses are expected to be received in Week 1 and the subsequent weeks?
A: Florida will receive their allocations each week.

Subject: RE: FEMA PA Eligibility of Vaccination Related Costs
Date: Friday, December 18, 2020 2:36:52 PM

Allison,

Short answer is yes CHDs can bill. However we only do this in small numbers so the volume here will be overwhelming. We also run into supplanting issues, since we have received federal immunizations funding for staffing. I am waiting for leadership direction but I am not recommending that CHDs bill for services for clinics or PODs that they managed. Should it be a partnership with the county we would recommend the county em manage the reimbursement.

Subject: FEMA PA Eligibility of Vaccination Related Costs

Good evening everyone:

We are getting lots of follow up questions about the guidance FDEM provided this past week as to eligibility of immunization support activities, specifically freezers and fridges- whether purchased or leased.

Generally: Are costs incurred by SLTT governments for the distribution and administration ofCOVID-19 vaccines eligible for FEMA PA?

FEMA's response (found in the attached guidance): Work and associated costs to support the distribution and administration of COVID-19 vaccines may be eligible for PA. The work and associated costs must be in accordance with PA program eligibility requirements as outlined in the

AMERICAN OVERSIGHT

Public Assistance Program and Policy Guide (PAPPG). For example, costs covered by another source of federal funding or insurance are not eligible for PA. The cost of the vaccine itself will be covered by the Federal government and Operation Warp Speed is providing vaccination kits with supplies to support the administration of the vaccine. The vaccine will be made available through established healthcare delivery and reimbursement systems and HHS has established mechanisms and program funding to support the COVID-19 vaccination effort. There may be additional costs incurred by SLTTs to support the distribution and administration of the vaccine. Such costs may be eligible for PA funding when they are necessary to effectively distribute and administer COVID-19 vaccines consistent with CDC guidance and PA program requirements.

All of the underlined caveats found in the attached FEMA policy are potential issues re: the eligibility of immunization support expenses. Specifically FEMA is going to analyze:

- Was the expenditure required as a result of the event?
- Was it reasonable to buy or incur those expenses under the circumstances and were the costs themselves reasonable?
- Was it the legal responsibility of the entity incurring the cost to undertake those support activities and incur those costs?
-

The previous guidance sent out by FDEM regarding freezers and refrigeration was provided out of an abundance of caution. County governments and political subdivisions may be purchasing items in support of immunization activities that FEMA may not ultimately deem eligible. Some concerns additionally include:

- Was the support already provided by another federal program, and therefore not "necessary" ?
- Were the items or services used in support of the immunization activities?

With there being uncertainty early on as to the scope and nature of what was being provided with the immunization "packages" and what additional support may be needed, the advice was provided. As always, it is just our "take" on the guidance and you must make decisions in the best interest of your constituents. We have asked FEMA Region some questions on behalf of specific counties as to specific aspects of their plan and are willing to do the same for any of you. Please reach out to the FDEM Recovery Bureau for additional guidance.

Subject: FINAL - OGC Documents for Vaccine Administration by DOH Staff/Agents

Good afternoon, Dr. Scheppke, Steve, and Cindy,

Attached you will find the final version of the Pfizer-BioNTech COVID-19 vaccine consent form for use within DOH's teams beginning vaccination with this drug this week. This is only for the Pfizer drug that received EUA on Friday from the FDA. OGC has also prepared a guidance document for our teams to use in relation to the Pfizer vaccine, which can be reformatted in a way preferred by ESF-8. I have included that document as a word document as well, in case anyone wants to make it look better or modify to better suit the needs of our teams.

The required documents to be given to the person receiving the immunization (or their guardian) are:

1. The EUA Fact Sheet for Recipients (you'll see on the consent form the person giving the vaccine must note the date of the EUA fact sheet they provided – it says "December 2020" on the current one)
2. The DOH Notice of Privacy Practices

Both of these documents are attached.

Please let me know of any questions or concerns with these documents.

Thank you!

Subject: OGC Documents for Vaccine Administration by DOH Staff/Agents
Importance: High

Good morning, Dr. Scheppke and Steve,

Attached you will find two word documents that we hope are DOH OGC Final Draft Documents for the procedure for vaccine administration and our consent form.

I have made the consent form Pfizer specific, given the fact that any additional EUAs may have different screening requirements. I don't see a way around doing specific consent forms for each EUA at this point. You will see the yellow highlighted portion is an addition made from the EUA. The gray are the edits that Dr. Scheppke and Steve made. I tried to group the questions in the order Dr. Scheppke requested, but if I did it wrong, I can fix it. I have also included the EUA and fact sheets that I relied on to get these drafts close to the finish line. The Fact Sheet for Recipients must be given with each administration of the vaccine to each individual.

I do have one question for AHCA, and I invite Secretary Harris, Molly, or Bill to let me know on the vaccine consent form if you think I should take out the last sentence in the second-to-last bullet. I will update it based on your comments.

I will take over full coordination for finalization with Steve McCoy. If anyone has any other suggestions or things that they think need to be addressed, feel free to send to me or Steve directly. Any future drafts and final documents will be sent by me to everyone on this list.

Thank you all!

Subject: FL Tiberius Object Explorer View for LTCF

Jeanne,

Here are screenshots of the LTCF dashboard in Object Explorer view from FL. Can be found here. Information for individual facilities can also be located here but the sections to be updated by CVS are not completed yet.

Total amount of prime and boost doses transferred to the appropriate pharmacy for the Long Term Care Facilities (LTCF) Program per jurisdictions	**HHS Tiberius → Object Explorer → Awardee → LTCF Program**
Long Term Care Facilities Program (Projected total doses per jurisdictions, SNFs – Projected Total Doses, ALFs and Other Facilities, estimated residents)	**HHS Tiberius → Object Explorer → Awardee → LTCF Program**

Note

The below section displays whether the jurisdiction has confirmed the transfer of doses from its allocation to the appropriate pharmacy partners with CDC, the projected first date for when the Jurisdiction's allocation will be transferred to pharmacy partners, and the quantity of doses to be transferred. If the left-side card reads 'No,' it does not mean the jurisdiction is not enrolled in the program, just that an allocation transfer has not yet been confirmed.

Part A (SNFs)	Dec 10, 2020	60,450
Doses Scheduled to be Transferred to Pharmacy Partner	Date of First Scheduled Transfer	Doses to be Transferred

Greetings: A new NACCHO grant on vaccination / COVID-19. This will be shared with the CHDs. 15 awards, no match. $25,000 per award.

RFA: Supporting Local Health Departments to Increase Vaccine Uptake through COVID-19

NACCHO, with support from the Centers for Disease Control and Prevention (CDC), is pleased to provide funding for the Supporting Local Health Departments to Increase Vaccine Uptake through COVID-19 project.

The goal of this project is to support LHDs and local efforts to maintain and increase immunization coverage levels of routinely recommended vaccines including influenza, as well as protect vulnerable communities during the coronavirus disease 2019 (COVID-19) pandemic. NACCHO will do this by identifying needs of LHDs to reach and protect at-risk or vulnerable populations and will collaborate and coordinate with partners at the national, state, and local level to provide capacity building and technical assistance, training, information sharing, and material development to strengthen public health.

View the Request for Application (RFA) for full details about this project. Application submission

AMERICAN OVERSIGHT

deadline: January 15, 2021

- Anticipated award notification: February 1, 2021

Importance: High

Hi Amanda and Ciara,

AMERICAN OVERSIGHT

I was just on a webex with Sandy McGowin and Huston Powell from HCA Healthcare and apparently Northwest Medical Center | HVY6373 | PIN -701260 completed a Section A/B and was approved for 300 Moderna vaccines. However, this order should have been under the HCA Healthcare | VXR48794/Northwest Medical Center PIN 701505. Is there a way to re-route this order under the master umbrella account VXR48794? Or what can we do to guide them at this point?

I did discuss doing a Transfer from Org to Org, but was not sure if we can head this off at the pass first.

Separate issue: HCA Healthcare reported COVID administrations under their Mercy location PIN 701385 that were "transferred from Jackson Health Systems |JWC46565 " however, I don't think it actually was accepted/approved.

Thanks

Subject: Hospital Registration in Florida Shots

Good evening Cindy and Molly,

FHA has been provided information from George E. Weems Memorial Hospital, Lee Health (information attached) and Nicklaus Children's Hospital (registered as Miami Children's Hospital) that they are registered in FL Shots as vaccine providers, yet they are not on the list shared publicly by the Governor this afternoon. They each indicated they worked with the Florida Shots helpdesk and were provided confirmation they were registered. Will you please assess this and confirm if there are other pieces of information they need to provide to complete their registration? Also, if this was an oversight, is there an opportunity to provide them with vaccine in week 2?

Thanks for your assistance!

Ok, EER Coconut Point is listed as the following covid provider type "Other" "Emergency Room". They don't show up on the hospital report due to this. I just want to confirm that we are including them as a "hospital" to receive vaccine.

This also makes their allocation a bit complicated because I don't know which of Lee memorial system's hospitals to group them with to split the allocation.

Let me know when you're free and we can talk through this

Perfect! I only made slight edits. If you're okay with these edits, I'll send on to Jason for review and then to Dr. Karch.

Immunization Registration Requirement Effective January 1, 2021:
House Bill 213: Immunization Registry was passed during the 2019 Florida Legislative Session. Effective January 1, 2020, all providers who vaccinate individuals ages 17 and younger will be required to enter data in to the Florida State Health Online Tracking System (FL SHOTS) as well as University Health Centers who vaccinate individuals ages 18-23. Prior to House Bill 213, only Vaccines for Children (VFC) enrolled providers were required to enter vaccination data in to FL SHOTS.

Subject: RE: Information for FC-AAP Newsletter
Importance: High

Okay, that's what I thought.

For the FL SHOTS request, would you like to put any info in the FC-AAP newsletter about the mandatory registration of 1/1/2021? If so, could I get that information (or small blurb) by no later than 4pm?

Also, wanted to get your feedback on this – here is what I plan to send for the vaccination blurb (approved already by Comms):
Protecting the lives of Floridians remains the top priority as the state works to secure COVID-19 vaccines. This will be done through prioritizing at-risk populations, vaccinating long-term care facility residents and working alongside the federal government to make the vaccine available to the general public as quickly as possible.

Florida's draft vaccination plan was submitted to the Centers for Disease Control and Prevention and is available online at FloridaHealthCOVID19.gov. The vaccination plan will continue to be updated as the state receives more information and guidance from the federal government on vaccine availability and distribution.

Subject: RE: Information for FC-AAP Newsletter

Hello Dr. Karch,

Here you go! As requested and approved by Comms.

Florida's Draft COVID-19 Vaccination Plan:
Protecting the lives of Floridians remains the top priority as the state works to secure COVID-19 vaccines. This will be done through prioritizing at-risk populations, vaccinating long-term care facility residents and working alongside the federal government to make the vaccine available to the general public as quickly as possible.

Florida's draft vaccination plan was submitted to the Centers for Disease Control and Prevention and is available online at FloridaHealthCOVID19.gov. The vaccination plan will continue to be updated as the state receives more information and guidance from the federal government on vaccine availability and distribution.

Immunization Registration Requirement Effective January 1, 2021:
House Bill 213: Immunization Registry was passed during the 2019 Florida Legislative Session. Effective January 1, 2020, all providers who vaccinate individuals ages 17 and younger will be required to enter data in to the Florida State Health Online Tracking System (FL SHOTS) as well as University Health Centers who vaccinate individuals ages 18-23. Prior to House Bill 213, only Vaccines for Children (VFC) enrolled providers were required to enter vaccination data in to FL SHOTS.

Please let me know if you have any questions.

Thank you,

Subject: Information for FC-AAP Newsletter

Good morning Shararial.

Do we have Comms-approved information to distribute to healthcare providers regarding the COVID-19 Immunization plan? If we are going to make the January 1 Florida Chapter of the AAP newsletter, they will need the information today. If that information is available, could you ask someone to send it to me? Also, any previously sent information on the new Florida Shots registration requirement going into effect on January 1, 2021 would be great to include in the newsletter. Please let me know who I can reach out to for the information for both of these issues; COVID-19 Immunization Plan and FL-SHOTS mandatory registration on 1/1/2021. Thanks and have a wonderful day.

Subject: Interim Considerations: Potential Management of Anaphylaxis at COVID-19 Vaccination Sites

CDC has issued Interim Considerations for Preparing for the Potential Management of Anaphylaxis at COVID-19 Vaccination Sites. Appropriate medical treatment for severe allergic reactions must be immediately available in the event that an acute anaphylactic reaction occurs following administration of Pfizer-BioNTech COVID-19 Vaccine.

Vaccination providers should also be reminded to review, implement, and consult CDC's Interim Clinical Considerations for Use of Pfizer-BioNTech COVID-19 Vaccine. All ACIP recommendations related to COVID-19 vaccine can be found at ACIP COVID-19 Vaccine Recommendations | CDC

Attached is an updated Pfizer-BioNTech COVID-19 Vaccine Standing Orders Template that includes the anaphylaxis guidance. The template will be updated online this morning.

Subject: RE: Moderna - TIberius

Amy,

I'm emailing with Palantir asking why Tiberius is showing you only ordered 61,900 doses. I think right now it's showing what's going to be delivered on Monday only, but I'm not sure. Margaret is validate that the CDC has you ordered your entire first allocation of Moderna as preorders. Those will all be delivered Monday – Wednesday. Your next allocations for Pfizer 3rd week and Moderna 2nd week will be posted in Tiberius production module on the 22nd. Ordering caps should be adjusted on the 23rd, and these orders will be delivered the week of 28 Dec.

I can't remember if we talked about this on Monday morning or not, but the latest planning numbers for Moderna and Pfizer are 4.3M doses weekly through the end of Jan. I went back and looked at my notes, and I see that I told you 162,100 was a good planning number for the 2nd week Moderna allocation. Now the expectation is that it will be closer to your 2nd week Pfizer allocation number, which is also based on 4.3M doses.

I hope this provides more clarity.

Very Respectfully,
Brandon

Amy,

Good morning and happy Friday!

I'm a little confused by the 162,000 doses. Your first Moderna allocation was 367,900 doses, of which FL entered 61,900 doses as pre-orders, which will arrived M-W of next week. Ordering for Moderna won't open back up until EUA is approved, and orders won't arrive until 28 Dec. Does that answer your question?

AMERICAN OVERSIGHT

Good afternoon,
A new spreadsheet was just posted on the SharePoint and hospitals that were listed earlier this morning are no longer on the spreadsheet. Also it appears rows are missing from this spreadsheet- row 5-33 and 39-98, 100-103, and so forth. Can someone repost the spreadsheet or fix so we can see the numbers.

Thank you,
Melanie

From: Riggen, Amy
To: Bush, Amanda
Subject: RE: Moderna consent form
Date: Tuesday, December 15, 2020 1:21:57 PM

OK, just thought of that. Moderna will most likely be arriving in Florida by next Monday. As soon as the EUA gets approved and FDA makes their recommendations, I will get with you about any different screening questions.

We were on a call with them today and it didn't seem like there would be any glaring differences that would need to be excluded/included on a consent form.

Thanks,
Amy

From: Bush, Amanda <Amanda.Bush@flhealth.gov>
Sent: Tuesday, December 15, 2020 1:00 PM
To: Riggen, Amy <Amy.Riggen@flhealth.gov>
Subject: RE: Moderna consent form

I think it has been contemplated that there may need to be specific forms for the different vaccines, dependent on the EUA and risk/screening factors. I have not worked on alternate versions specifically.

Amanda

Sent: Thursday, December 17, 2020 9:27 AM
To: Riggen, Amy <Amy.Riggen@flhealth.gov>
Subject: RE: moderna shipments

Good morning Amy,

Can you confirm that the auto forward rule has been set up – I do not think I have received it. Also – can it be sent to eoc-plans@em.myflorida.com?

Ryan Lock | Florida Division of Emergency Management
State Emergency Response Team | Planning Section Chief
Preparedness Bureau | All-Hazards Preparedness Manager

Subject: FW: moderna shipments

So you will get this report, but it's going to include all of our shipments, not just COVID. Does this

AMERICAN OVERSIGHT

help or make it more complicated?

Jim gets the attached report every morning at approximately 6:30. It displays the doses shipped prior to midnight and provides the tracking number. We set a rule so that the report will automatically forward to Ryan.

AMERICAN OVERSIGHT

So Moderna won't be sending an email to providers like Pfizer did?

From: Rhodes, Halsey <Halsey.Rhodes@flhealth.gov>
Sent: Tuesday, December 15, 2020 12:47 PM
To: Riggen, Amy <Amy.Riggen@flhealth.gov>; Cobb, James <James.Cobb@flhealth.gov>
Subject: RE: moderna shipments

Copying Jim and Wendy in case my info is out of date or incorrect.

Once the vaccine ships a FedEx tracking number is created. I believe once a transmission between VtrckS and SHOTS happens, that tracking number becomes available in SHOTS and the provider can see it.. That is the only way I know of to track it.

So, Controlant won't be tracking Moderna. Do we know if there's another system that will be tracking those shipments?

Jim gets the attached report every morning at approximately 6:30. It displays the doses shipped prior to midnight and provides the tracking number. We set a rule so that the report will automatically forward to Ryan.

Copying Jim and Wendy in case my info is out of date or incorrect.

Once the vaccine ships a FedEx tracking number is created. I believe once a transmission between VtrckS and SHOTS happens, that tracking number becomes available in SHOTS and the provider can see it.. That is the only way I know of to track it.

Subject: RE: moderna shipments

Copying Jim and Wendy in case my info is out of date or incorrect.

Once the vaccine ships a FedEx tracking number is created. I believe once a transmission between VtrckS and SHOTS happens, that tracking number becomes available in SHOTS and the provider can see it.. That is the only way I know of to track it.

Not good news….

Once the vaccine ships a FedEx tracking number is created. I believe once a transmission between VtrckS and SHOTS happens, that tracking number becomes available in SHOTS and the provider can see it.. That is the only way I know of to track it.

Since it's McKesson shipping it and not Moderna directly, the provider receiving the vaccine won't receive an email with the tracking information either like they did with Pfizer.

Dear Awardees –

We will begin processing your initial Moderna COVID-19 vaccine orders this week pending the EUA for this vaccine is issued by the FDA. Upon EUA issuance, provider sites will receive vaccine over three days – currently, we estimate these deliveries to occur Monday through Wednesday, December 21-23.

Anticipated timeline (assumes EUA is issued this weekend):

AMERICAN OVERSIGHT

•Ancillary kits for Day 1 sites will begin arriving Thursday, December 17

•Vaccine will begin arriving Monday, December 21

All jurisdictions will receive some vaccine Day 1 (vaccine for the Pacific Islands will ship but may arrive later)

•Ancillary supplies will arrive before vaccine.

•Orders by day will be provided to each jurisdiction this weekend so you will know what to expect at each site.

PLEASE DO NOT RESPOND OR REPLY DIRECTLY TO THIS E-MAIL

Subject: RE: MRC DOH POC
Date: Friday, December 18, 2020 11:55:31 AM

Jennifer,

As you know we no longer maintain a state level MRC program. But Denita can schedule a call with the programs to discuss concerns. To clarify a couple of points. MRC can be used for any DOH activities assuming they have met the requirements, this include data sharing, and background check. A level two is required prior to being able to work. In the current environment we have not granted exceptions.

To: Otis, Aaron <Aaron.Otis@flhealth.gov>
Subject: MRC DOH POC

Good Afternoon,

Several of the MRC coordinators at the CHDs have been experiencing onboarding, retainment and activation issues regarding staffing. They are wanting to speak with a person who can help coordinate/standardize some of these issues. Many are HR related and they are getting varying responses from the regional HR hubs.

- Miami-Dade DOH Coordinator was advised MRC could not be used for contact tracing.
- On boarding rapidly for licensed staff – CHDs are redoing background check lvl 2 despite MQA performing that duty at licensure renewal.

The POC was Rick Miller, then Janine Posey, and it is supposed to be Denita Mitchell but this is not clear and they are finding it difficult to get her to respond to inquiries.

I have recommended that the approx. 12 DOH MRC coordinators have a group call to document and prioritize these issues to help streamline this process. I believe this is going to be accomplished in the next 2 weeks. Again, they are just in need of a single BPR POC to share their findings/recommendations with. Who would this be?

Subject: RE: New Form Submission: COVID-19 - Request Form; DOH-Miami-Dade Contact Tracing Response to COVID-19

Hi Erin,

As agreed upon, we reviewed our proposal for the next 6 months. On November 21, we requested an additional 8.2M which would carry us through June 2021, these estimates were based on Miami-Dade's averages of new cases per day, at the time, which totaled 1,619. The County's Care Act funding (13.7M) supporting the CHD contact tracing activities is set to expire on 12/31/2020. We understand the fiscal constraints faced by the State; however, this request was considerably less than the total amount that will be spent for contact tracing through Maximus for the period of July-December 2020.
The original request was and continues to be based on the number of new cases in Miami-Dade. Currently, we are averaging approximately over 2,273 new cases per day. Based on the case load increase our CHD will not be able to respond and meet the needs our community if the funding is not available to maintain these efforts.
In addition, we have dedicated CHD staff from different program areas to assist with these efforts; however, with today's new development for COVID-19 vaccine administration and distribution, we may need to reprioritize and redirect staff assignment to be able to meet the immediate need.
Finally, the additional funding is critical if we are to continue the level of effort necessary to meet our responsibilities in the community; if necessary one option would be to allocate 4.1M to Miami-Dade. This allocation would take us to March 2021 at which time we can reevaluate our needs.

I thank you so much for your support and anxiously await on how we will proceed come January.

Thank you,

Yesenia

Erin,

HAI can assist with another assessment but any update on the portion of the request for Epi Staff?

Robert, seems they are needing assistance at the CHD with managing the outbreak (epi staff). We can coordinate IC follow up for another assessment, however my team has recently been onsite.

Kindest Regards,

Nychie Dotson, PhD, MPH, CIC, CPHQ, FAPIC

Erin,

Thank you for the update on the other questions/comments I had and for your patience; let's try this again for the gloves:

- Burn rate is 400 pair per day x 10-days = 4000 pair **non-latex**
  - 3K - X-large **non-latex**
  - 1K - large **non-latex**

Question: since this is an ongoing event with testing, can we get a months supply so we don't need to keep ordering so often and run out or vendor runs out?

Greg

Importance: High

Good morning, Dr. Scheppke and Steve,

Attached you will find two word documents that we hope are DOH OGC Final Draft Documents for the procedure for vaccine administration and our consent form.

I have made the consent form Pfizer specific, given the fact that any additional EUAs may have different screening requirements. I don't see a way around doing specific consent forms for each EUA at this point. You will see the yellow highlighted portion is an addition made from the EUA. The gray are the edits that Dr. Scheppke and Steve made. I tried to group the questions in the order Dr. Scheppke requested, but if I did it wrong, I can fix it. I have also included the EUA and fact sheets

AMERICAN OVERSIGHT

that I relied on to get these drafts close to the finish line. The Fact Sheet for Recipients must be given with each administration of the vaccine to each individual.

I do have one question for AHCA, and I invite Secretary Harris, Molly, or Bill to let me know on the vaccine consent form if you think I should take out the last sentence in the second-to-last bullet. I will update it based on your comments.

I will take over full coordination for finalization with Steve McCoy. If anyone has any other suggestions or things that they think need to be addressed, feel free to send to me or Steve directly. Any future drafts and final documents will be sent by me to everyone on this list.

Thank you all!

Louise and Steve –

Just made a couple comments.

1. We would prefer a mobile/cell phone for the text message reminder for the 2nd dose
2. Didn't know if you wanted to define what a fever is (100.4 F or greater)
3. Questions 10 and 11 need to be moved over to align with 1-8 but I couldn't get it to edit.

Thanks,
Amy

Amy,

Will you take a look at the consent form to check to see if it looks like we're missing anything that would go in SHOTS? I think I have everything from the emergency rule, but if we need to add any additional fields, please just let me know.

Thanks!

Steve,

Thank you for thinking about the FL SHOTS requirements, I added some more information and modified the facility name line at the top to be consistent with the draft emergency rule fields (attached for reference).

I did not include the "if yes, then do X" for the Screening Guidance. I am afraid to include that on the actual consent form, and have incorporated that into the draft planning/protocols that are also attached for our teams.

Let me know if you see anything else concerning or that needs edits. I will still await confirmation from all of you before I send everyone else the final forms.

Thanks!

2. Have you had a severe allergic reaction to a previous dose of this vaccine or to any of the ingredients of this vaccine?		
3. Do you carry an Epi-pen for emergency treatment of anaphylaxis?		
4. For women, are you pregnant or is there a chance you could become pregnant?		
5. For women, are you breastfeeding		
6. In the past two weeks, have you tested positive for COVID-19?		
7. Have you had in the last 10 days fever, chills, cough, shortness of breath, difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea, vomiting, or diarrhea?		

SECTION 3: IMMUNIZATION SCREENING GUIDANCE FOR COVID-19 VACCINE

Please check YES or No for each question.	Yes	No
8. Do you have allergies or reactions to any medications, foods, vaccines, or latex? Please explain:		
9. Are you immunocompromised or on a medicine that affects your immune system?		
10. Do you have a bleeding disorder or are you on a blood thinner/blood-thinning medication?		
11. Have you received a previous dose of any COVID-19 vaccine? If yes, which manufacturer's vaccine did you receive:		

Commented [Riggen, Amy1]: Mobile or Cell phone preferred

Commented [Riggen, Amy2]: Do you want to clarify what a fever is? A temperature equal to or great than 100.4 F

DRAFT
AMERICAN OVERSIGHT
FL-DOH-21-0168-A-079250

- I certify that I am: (a) the patient and at least 18 years of age; (b) the parent or legal guardian of the patient and confirm that the patient is at least 16 years of age; or (c) authorized to consent for vaccination for the patient named above. Further, I hereby give my consent to the Florida Department of Health (DOH) or its agents to administer the COVID-19 vaccine.
- I understand that this product has not been approved or licensed by FDA, but has been authorized for emergency use by FDA, under an EUA to prevent Coronavirus Disease 2019 (COVID-19) for use in individuals 16 years of age and older; and the emergency use of this product is only authorized for the duration of the declaration that circumstances exist justifying the authorization of emergency use of the medical product under Section 564(b)(1) of the FD&C Act unless the declaration is terminated or authorization revoked sooner.
- I understand that it is not possible to predict all possible side effects or complications associated with receiving vaccine(s). I understand the risks and benefits associated with the above vaccine and have received, read and/or had explained to me the Emergency Use Authorization Fact Sheet on the COVID-19 vaccine I have elected to receive. I also acknowledge that I have had a chance to ask questions and that such questions were answered to my satisfaction.
- I acknowledge that I have been advised to remain near the vaccination location for approximately 15 minutes after administration for observation. If I experience a severe reaction, I will call 9-1-1 or go to the nearest hospital.
- On behalf of myself, my heirs and personal representatives, I hereby release and hold harmless the State of Florida, the Florida Department of Health (DOH), and their staff, agents, successors, divisions, affiliates, subsidiaries, officers, directors, contractors and employees from any and all liabilities or claims whether known or unknown arising out of, in connection with, or in any way related to the administration of the vaccine listed above.
- I acknowledge that: (a) I understand the purposes/benefits of Florida SHOTS, Florida's immunization registry and (b) DOH will include my personal immunization information in Florida SHOTS and my personal immunization information will be shared with the Centers for Disease Control (CDC) or other federal agencies.
- I further authorize DOH or its agents to submit a claim to my insurance provider or Medicare Part B without supplemental coverage payment for me for the above requested items and services. I assign and request payment of authorized benefits be made on my behalf to DOH or its agents with respect to the above requested items and services. I understand that any payment for which I am financially responsible is due at the time of service or if DOH invoices me after the time of service, upon receipt of such invoice.
- I acknowledge receipt of the Notice of Privacy Rights.

Commented [St Laurent, Louise R3]: Pending AHCA input – we can leave it just to be safe for now, but will update once Secretary Harris weighs in.

To: Colon, Robert E <Robert.Colon@flhealth.gov>
Cc: Rhodes, Halsey <Halsey.Rhodes@flhealth.gov>
Subject: onsite support

I'm going to ask you to head this up with Jacquie if you don't mind, but what I would like each morning by 9 AM is:

A table with each of the Pfizer week #1 sites listed, along with the field staff assigned to that site, and if they will be on-site providing support and the hours they will be there.

If there is anyway to get that in the evening by 4:45 each day that would be even better, but I realize that phones calls and emails have to be returned so final plans may not be available at that time.

Right now, this is just for the remainder of this week -weekend, although that request could change.

Thanks so much!

For now, yes. I'm trying to figure out what FHA actually sent them.

Seriously – moving forward can we enforce that organizations who enroll in SHOTS have to enroll as they are licensed with AHCA so the name issue doesn't continue to drive everyone crazy?!?

AMERICAN OVERSIGHT

- Pfizer-BioNTech COVID-19 Vaccine does not contain the live virus that causes Coronavirus. Having symptoms like fever after you get a vaccine is normal and a sign your immune system is learning how to recognize and fight the virus that causes COVID-19.
- COVID-19 enrolled providers may not transfer COVID-19 vaccines during the 7 days following ACIP recommendation.
- COVID-19 Providers must ensure that all vaccine administration data be entered into the FL SHOTS Immunization Information System within 24 hours.
- CDC is also implementing a new smartphone-based tool called **v-safe** to check-in on people's health after they receive a COVID-19 vaccine. When you receive your vaccine, you should also receive a **v-safe** information sheet telling you how to enroll in **v-safe**. If you enroll, you will receive regular text messages directing you to surveys where you can report any problems or adverse reactions you have after receiving a COVID-19 vaccine.
- At the time of vaccination, recipients will receive a vaccination card from their provider. Please keep this card with you as it will contain important information needed when obtaining your second dose of COVID-19 vaccine.
- While experts learn more about the protection that COVID-19 vaccines provide under real-life conditions, it will be important for everyone to continue using all the tools available to us to help stop this pandemic, like covering your mouth and nose with a mask, washing hands often, and staying at least 6 feet away from others. Together, COVID-19 vaccination and following CDC's recommendations for how to protect yourself and others will offer the best protection from getting and spreading COVID-19.
- Getting vaccinated yourself may also protect people around you, particularly people at increased risk for severe illness from COVID-19. (or as we in Immunizations like to say: Becoming vaccinated helps protect you, your family and your communities!)

From: Riggen, Amy
To: Cobb, James; Rhodes, Halsey
Subject: RE: Pfizer Orders - Day1, Day2, Day3
Date: Saturday, December 12, 2020 10:04:20 AM

So…. Starting Monday, they are wanting a report by 8 AM of the times Pfizer was shipped, and then a noon tracking update and a 4 pm tracking update.

Also – we will need to track all of these continually to ensure they are delivered on time. I'm being told that if a shipment is due at 2 pm, and we haven't got confirmation by 1:55, we will need to track that down and figure out why and where it is.

Is there someone we can designate to do this as part of their responsibilities until the planners take over?

In Tiberius you can do this and we have requested access to 3 of the DEM planners who once they get access and get trained on this feature, they will be taking this over. Not sure what that timeframe is. Danielle has never seen that page in Tiberius so she can't train them.

To: Riggen, Amy <Amy.Riggen@flhealth.gov>; Rhodes, Halsey <Halsey.Rhodes@flhealth.gov>
Subject: RE: Pfizer Orders - Day1, Day2, Day3

Hopefully they will show up on my daily shipping report. I am about to send you the latest one received. We get these daily from VTrcks. Once you receive the spreadsheet I am sending you can see the date the order was placed and when it was shipped with the tracking number. I'm having trouble with the DOH connection as usual.

Redistribution Considerations for Pfizer & BioNTech's COVID-19 Vaccine

December 11, 2020

AMERICAN OVERSIGHT

Breakthroughs that change patients' lives

Current as of December 2020, Operation Warp Speed has requested that prior to the potential FDA authorization of the Pfizer-BioNTech Covid-19 Vaccine, Pfizer send select training materials containing information for properly storing, preparing and administering the vaccine to anticipated vaccination sites. Although there is no guarantee that the vaccine will be authorized by FDA, given the urgency of the pandemic, providing these materials in advance will enhance sites' preparation. Materials, specifications and assumptions are subject to change. For the most up-to-date materials upon authorization, please visit www.cvdvaccine.com. Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

Why Transport or Redistribute Vaccine?

Pfizer does not recommend redistribution of Pfizer & BioNTech's COVID-19 vaccine as part of regular operations because of increased risks to the vaccine. Understanding that redistribution may be required and encouraged by local regulatory authorities, Pfizer has provided the following guidance to reduce the risks to the vaccine during redistribution.

Potential redistribution example scenarios:

- Transport to an off-site or satellite clinic
- Transport to remote communities with lower population density
- Transport to long term care facilities (LTCF)
- Transport to another site to avoid wastage
- Pharmacy to hospital/clinics
- Distributor/wholesaler to ultimate point of use (POU)

AMERICAN OVERSIGHT
Breakthroughs that change patients' lives

Overview

The purpose of this document is to provide key considerations around Pfizer & BioNTech's COVID-19 vaccine candidate (BNT162b2) to assist vaccine planning personnel and coordinators with the deconsolidation[1] and redistribution of the vaccine.

This information is provided for educational purposes only, to assist under extraordinary pandemic conditions if redistribution cannot be avoided. Pfizer does not oversee or control deconsolidation[1] or redistribution after delivery and any redistribution is being taken solely at the redistributor's risk and responsibility.

Deconsolidation[1] and redistribution scenarios in this document include:

Shipping full trays (195 vials per tray) at:

-90ºC to -60ºC (-130ºF to -76ºF) freezer temperature

OR

Shipping individual vials or full trays at:

2 – 8 ºC (35.6° to 46.4°F) refrigeration temperature

If vials are removed from frozen conditions, they should be transported at refrigeration temperatures (2 – 8 ºC).

Specific considerations unique to these two scenarios have been called out separately where applicable. If they have not been called out separately, considerations are applicable for both.

[1]Breaking down the vaccine trays into smaller, portable packaging for redistribution or taking full trays and distributing at 2 to 8 degrees C temperatures. In addition, taking full trays and redistributing at ULT temperatures.

AMERICAN OVERSIGHT

Points of Distribution (POD) Responsibilities

A POD is a site that directly receives a vaccine shipment from Pfizer and then chooses to redistribute part of all the of shipment to another location responsible for administering the vaccines.

- Deconsolidating the Thermal Shipper (container that vaccines arrive in) and trays into smaller, portable packaging for redistribution.
- Identifying their own shipping container and temperature monitors that meet the cold storage requirements of Pfizer & BioNTech's COVID-19 vaccine for redistribution.
- Transporting vaccines in the POD's own packaging using their own selected carriers.
- Ensuring all ancillary supplies, education materials, and EUA fact sheets required to administer the vaccine are also redistributed.
- Transporting diluents with their corresponding vaccine (in separate containers due to unique storage requirements) so there are always equal amounts of vaccines and diluents for reconstitution. Diluent storage and handling requirements should always be adhered to by PODs when transporting and redistributing.

AMERICAN OVERSIGHT
Breakthroughs that change patients' lives

Vial & Tray Requirements

Vials & Trays

- Frozen vials should be stored upright whenever possible. It is understood the vials may roll around in the trays when being moved in and out of frozen storage.
- Caution should be taken while handling frozen vial trays to avoid damage to vials.
- It is recommended that whenever possible that frozen vials are transported in unopened, full cartons.
- During transportation, frozen vials that are unsecured could become damaged.
- Do not open the vial trays or remove vials until you are ready for thawing or use.
- Thawed vials should be kept upright during refrigerated storage.
- An appropriate container should be used to minimize the potential for vials to be jostled. If vials are inadvertently bumped, they should be righted, however the risk to the product is minimal and vials which are temporarily knocked over may still be used.
- Vials are glass and should be handled with care. Visual inspection prior to use should be carried out.
- Thawed vials should be securely packed when transported.

AMERICAN OVERSIGHT
Breakthroughs that change patients' lives

Current as of December 2020, Operation Warp Speed has requested that prior to the potential FDA authorization of the Pfizer-BioNTech Covid-19 Vaccine, Pfizer send select training materials containing information for properly storing, preparing and administering the vaccine to anticipated vaccination sites. Although there is no guarantee that the vaccine will be authorized by FDA, given the urgency of the pandemic, providing these materials in advance will enhance sites' preparation. Materials, specifications and assumptions are subject to change. For the most up-to-date materials upon authorization, please visit www.cvdvaccine.com. Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

Storage Options

Pfizer Thermal Shipper

- The original packaging that the vaccine arrives in – the Thermal Shipper – maintains a temperature range of -90ºC to -60ºC (-130ºF to 76ºF). Storage within this temperature range is not considered an excursion from the recommended storage condition.
- Vial removal from trays should be done directly from the thermal shipper.
- The Thermal Shipper may be used as temporary storage for up to 30 days from delivery.

Ultra Low Temperature Freezer (ULTF)

- Vials should be stored in a ULTF between -80ºC and -60 ºC (-112°F to -76°F), protected from light and kept in the original packaging.
- Vials are stable for up to 6 months at -80ºC to -60ºC until the expiration date on the vial and tray (6 months after manufacture).

Refrigerator

- Vials are stable for up to 5 days (120 hours) at 2-8ºC.

CAUTION: During the unpacking process, you might feel resistance when trying to remove the box that holds the vial trays. Do not apply force to remove the box. Use the 2 bands wrapped around each vial tray to remove the trays from the thermal shipping container.

AMERICAN OVERSIGHT
Breakthroughs that change patients' lives

Current as of December 2020, Operation Warp Speed has requested that prior to the potential FDA authorization of the Pfizer-BioNTech Covid-19 Vaccine, Pfizer send select training materials containing information for properly storing, preparing and administering the vaccine to anticipated vaccination sites. Although there is no guarantee that the vaccine will be authorized by FDA, given the urgency of the pandemic, providing these materials in advance will enhance sites' preparation. Redistribution Overview: Full Trays at ULT Freezer Temps

1. Thermal Shipper Arrives at Point of Delivery (POD) at -90ºC to -60ºC
2. Trays are stored at freezer temperature (-90ºC to -60ºC in the Thermal Shipper or at -80ºC to -60ºC in a ULT freezer) until ready for redistribution
3. Trays are deconsolidated (vials should not be removed from trays) and re-packaged for transport at -90ºC to -60ºC to Points of Use (POU)
4. Vaccines are transported at -90ºC to -60ºC by courier/transport provider to POU
5. Container arrives at POU(s)
6. Trays are transferred to ULT freezer(s) at -80ºC to -60ºC

More details around each step are provided on the following slides.

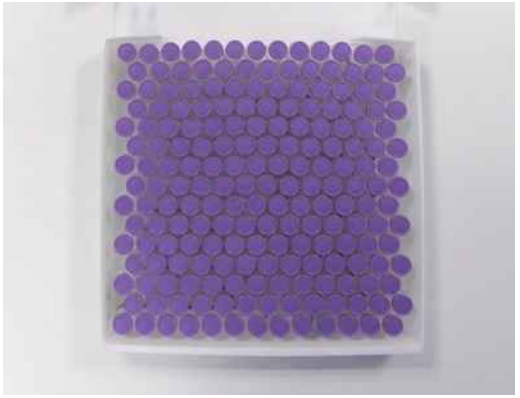
Specifications for Pfizer & BioNTech's COVID-19 Vaccine Candidate (BNT162b2) Packaging

Vials

- 2 mL type 1 glass preservative free multi-dose vial (MDV)
- MDV has 0.45 mL frozen liquid drug product
- 5 doses per vial after dilution

Trays



- Single tray holds 195 vials
- 975 doses per tray

Thermal Shipper

A. Dry Ice Pod
Holds the top layer of dry ice.

B. Vial Trays
Vial trays look like small pizza boxes. Each vial tray contains multiple dose vials. Each thermal shipping container will have up to 5 vial trays inside.

C. Box that Holds the Vial Trays
Box within the thermal shipping container that includes the vial trays. This box has handles and can be fully removed from the thermal shipping container.

D. Foam Lid
Top foam lid that includes an embedded temperature monitor device and remains connected to the box.

E. Thermal Shipping Container
Outer box of the thermal shipping container.

- Minimum 1 tray (975 doses) or up to 5 trays (4875 doses) stacked in a payload area of the shipper
- Payload carton submerged in dry ice pellets
- Thermal shipper keeps ULT -90ºC to -60ºC (-130ºF to -76ºF) up to 10 days if stored at 15°C to 25°C (5° to 77°F) temperatures without opening
- Thermal shippers are reusable and designed to be temporary storage containers for up to 30 days from delivery, by replenishing dry ice every 5 days. It is recommended that the thermal shipping container not be opened more than 2 times a day, and shouldn't be opened for more than 3 minutes at a time.

AMERICAN OVERSIGHT

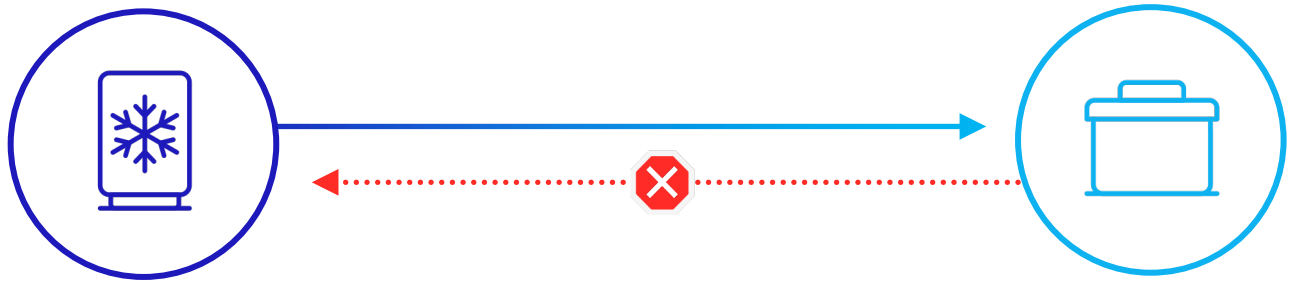
Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

Pfizer & BioNTech's COVID-19 Vaccine Candidate (BNT162b2) Temperature Change Considerations

Once vaccine has been thawed, it should not be re-frozen.

SAMPLE SCENARIO

*A point of delivery (POD) has several trays of vaccine stored in an ultra low temperature freezer (ULTF). An immunizer assigned to vaccinate at a local long term care facility (LTCF) picks up 5 vials for the day that will be transported in a portable 2-8°C container from the POD. At the end of the day, she returns the unused, undiluted vials to the POD to be stored at 2-8°C. **These vials can not be re-frozen**.*



Ultra Low Temperature Freezer (ULTF)
-80ºC to -60 ºC (-112°F to -76°F)
or Thermal Shipper
-90ºC to -60ºC (-130ºF to 76ºF)

2-8°C Container

AMERICAN OVERSIGHT

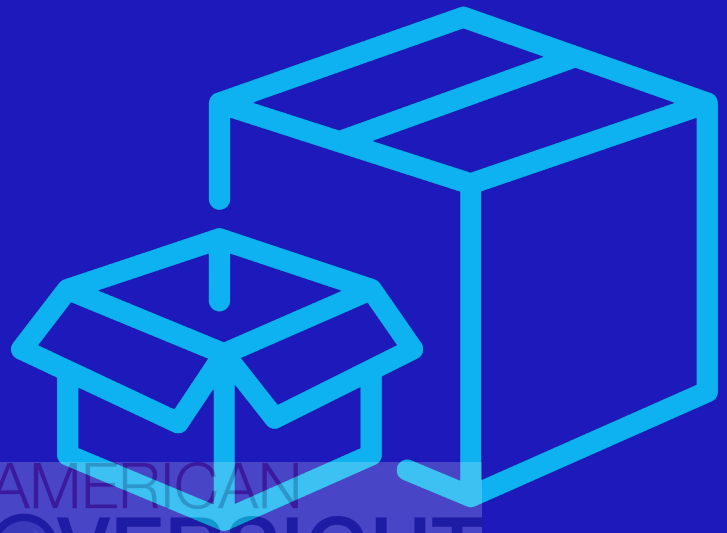
Assembling Packing & Redistribution Supplies



General Guidelines

- Only full trays (195 vials) should be redistributed at freezer temperatures
- Individual vials and trays must be redistributed at 2-8ºC, subject to the following recommended actions
- Trays or cartons that house the vials should be designed as small as possible so that vials are packaged securely and should protect the product from the distribution environment.
- Tray or carton materials should be capable of withstanding exposure to the product's required temperature setting.
- Consider robust materials for packaging, specifically to withstand dry ice transport and condensation.
- Tray should be able withstand the weight of the vials it is intended to transport.
- If intended to carry by hand, consider final weight of packaging for those who will be transporting the vaccines.
- It is recommended that protection and security devices (i.e. seals) be incorporated into all packaging to prevent tampering.
- If using Phase Change Material (PCM) coolant, fire testing/storage capacity constraints should be considered.
- Whenever possible, use packaging that has been tested to industry standards.

AMERICAN OVERSIGHT

Current as of December 2020, Operation Warp Speed has requested that prior to the potential FDA authorization of the Pfizer-BioNTech Covid-19 Vaccine, Pfizer send select training materials containing information for properly storing, preparing and administering the vaccine to anticipated vaccination sites. Although there is no guarantee that the vaccine will be authorized by FDA, given the urgency of the pandemic, providing these materials in advance will enhance sites' preparation. Materials, specifications and assumptions are subject to change. For the most up-to-date materials upon authorization, please visit www.cvdvaccine.com. Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

Assembling Packing & Redistribution Supplies

Redistribution Container Considerations

- When selecting a thermal container for redistribution, ensure the packaging is fit for purpose and meets the Pfizer & BioNTech COVID-19 vaccine cold chain requirements.
- It's recommended that thermal containers have been tested against recognized standards (i.e. ISTA, ASTM). Make sure the containers and pack-outs are qualified to meet the required temperatures.

Considerations if Shipping Full Trays in Freezer (-90° to -60°C)

- Payload area needs to be capable of accommodating a thermal/insulated glove to remove the product.
- Coolant is typically dry ice for this type of container.
  - **Avoid liquid nitrogen as a coolant, which can damage the vials and stoppers**. Consider inner thermal packaging material that can withstand the condensation of dry ice.
- Provide dangerous goods training on handling dry ice.
- **Vials should never be in direct contact with dry ice**.

Considerations if Shipping Vials or Trays in Refrigerator (2° to 8° C)

- Consider freezer & refrigerator capabilities to condition coolant media (i.e. gel packs or PCM).
- If using PCM, conduct appropriate testing/storage related to fire concerns (EHS).

AMERICAN OVERSIGHT
Breakthroughs that change patients' lives

Current as of December 2020, Operation Warp Speed has requested that prior to the potential FDA authorization of the Pfizer-BioNTech Covid-19 Vaccine, Pfizer send select training materials containing information for properly storing, preparing and administering the vaccine to anticipated vaccination sites. Although there is no guarantee that the vaccine will be authorized by FDA, given the urgency of the pandemic, providing these materials in advance will enhance sites' preparation. Materials, specifications and assumptions are subject to change. For the most up-to-date materials upon authorization, please visit www.cvdvaccine.com. Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

Assembling Packing & Redistribution Supplies

Temperature Monitoring Devices

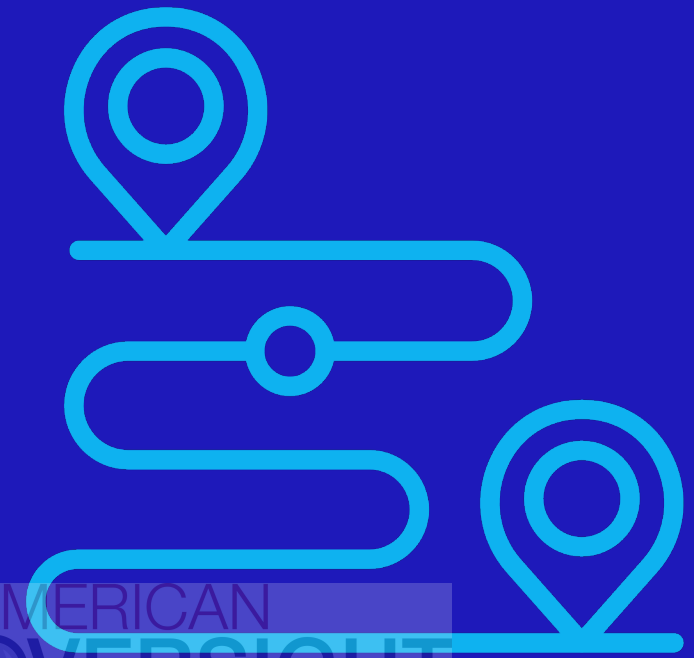
- Temperature monitoring devices are critical to ensure awareness of the vaccine temperature at all times.
- When selecting a temperature monitoring device for redistribution packaging, be sure to follow local board of health guidelines. See appendix for list of temperature monitoring device vendors.
- Do not use Pfizer's temperature monitoring device included in the Thermal Shipper for redistribution

Considerations for Temperature Monitoring Devices that Adhere to Good Practice (GxP) Requirements:

- ❑ High & low temperature alarms
- ❑ LCD Indicators (alarm or OK)
- ❑ Current temperature reading or method for accessing temperature requirements
- ❑ Integration to data analysis software (software compliant with 21 CFR Part 11 Systems)
- ❑ Recording interval with a minimum of every 15 minutes
- ❑ Start-up delay option
- ❑ Certified by the local governing body in charge of temperature monitoring and standards
- ❑ Probe or probeless
  - Some probeless temperature monitoring devices stop displaying temperature and require the display to acclimate to ambient temperatures before reading for dry ice shipments.
  - If re-icing is occurring, make sure if using probes, the temperature monitors are properly secured to ensure appropriate readings.
- ❑ If using a -90° to -60°C container, the temperature monitoring device should have a minimum -90°C temperature measurement range. Make sure when you are selecting a device that it's capable of monitoring a wider temperature range than the required storage conditions.

AMERICAN OVERSIGHT
Breakthroughs that change patients' lives

Preparing to Transport or Ship



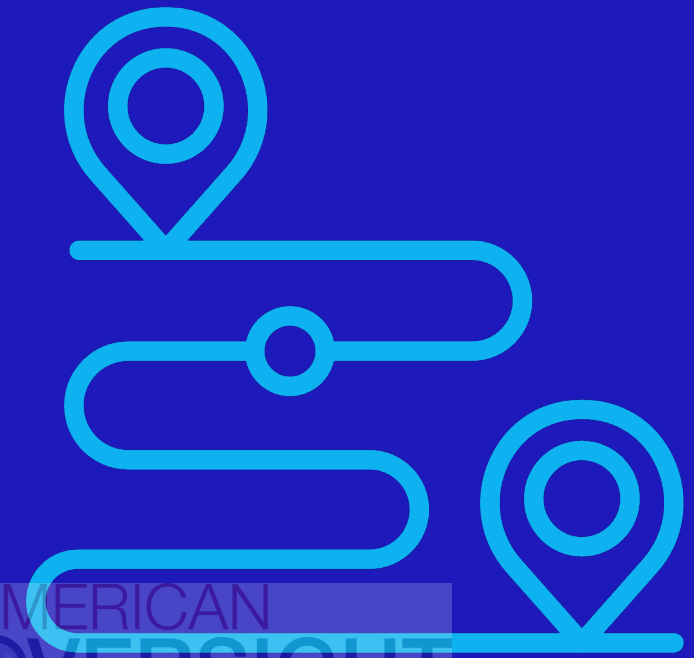
General Guidelines

- Portable vaccine refrigerator and freezer units are considered the best option for vaccine transport. Portable vaccine refrigerator and freezer units that have built-in temperature regulation are optimal.
- Vials should be stored upright whenever possible. It is understood the vials may roll around in the trays when being moved in and out of storage.
- Thawed vials should be securely packed when transported.
- Caution should be taken while handling frozen vial trays to avoid damage to vials.
- Temperature tracking logs/alarms should be put in place for full trays and loose vials during transfer activities, pack-out, deconsolidation and redistribution.
- If transporting in a container with dry ice, avoid direct contact of paperboard materials with dry ice. Vials should never be in direct contact with dry ice.

AMERICAN OVERSIGHT

Current as of December 2020, Operation Warp Speed has requested that prior to the potential FDA authorization of the Pfizer-BioNTech Covid-19 Vaccine, Pfizer send select training materials containing information for properly storing, preparing and administering the vaccine to anticipated vaccination sites. Although there is no guarantee that the vaccine will be authorized by FDA, given the urgency of the pandemic, providing these materials in advance will enhance sites' preparation. Materials, specifications and assumptions are subject to change. For the most up-to-date materials upon authorization, please visit www.cvdvaccine.com. Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

Preparing to Transport or Ship



General Guidelines *(continued)*

- Do not submerse vials in cold water or ice water bath.
- Visible ice formation on outside of thermal container may be an indication of internal temperatures exceeding low range of –90°C.
- Point of Distribution (POD) should leverage their existing handling and packaging expertise and POD Standard Operating Procedures (SOPs) and protocols for transport preparation.
- Meeting cold storage requirements of product at distribution center is essential.
- Vials must be transported un-diluted. Do not transport vials after dilution.
- Select appropriate mode of transportation based on final weight of packaging.
- Avoid leaving containers in areas where they are exposed to direct sunlight.

AMERICAN OVERSIGHT

Current as of December 2020, Operation Warp Speed has requested that prior to the potential FDA authorization of the Pfizer-BioNTech Covid-19 Vaccine, Pfizer send select training materials containing information for properly storing, preparing and administering the vaccine to anticipated vaccination sites. Although there is no guarantee that the vaccine will be authorized by FDA, given the urgency of the pandemic, providing these materials in advance will enhance sites' preparation. Materials, specifications and assumptions are subject to change. For the most up-to-date materials upon authorization, please visit www.cvdvaccine.com. Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

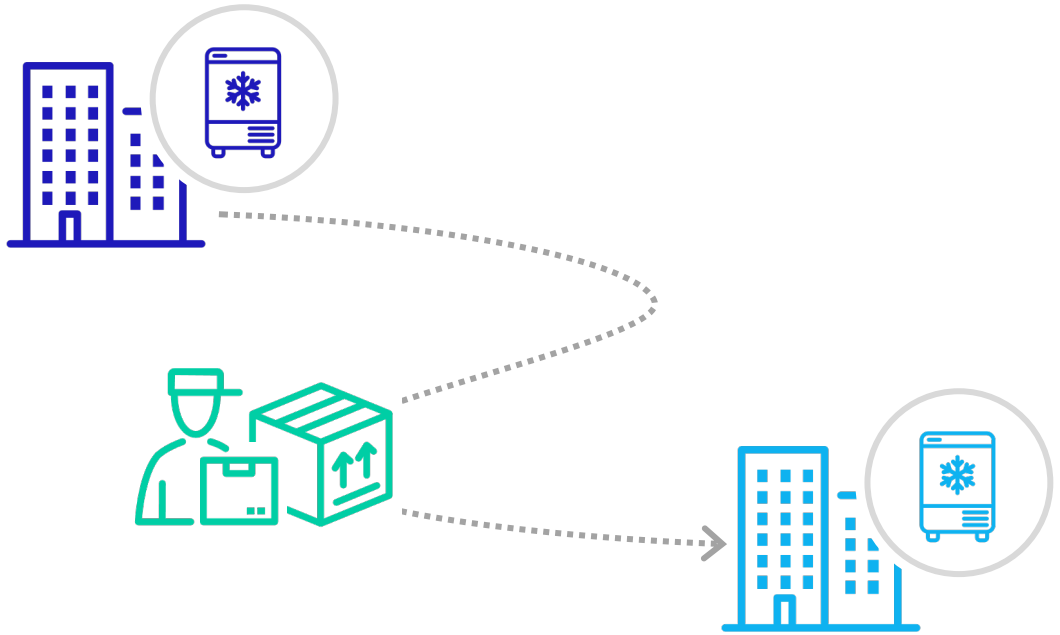
Preparing to Transport or Ship

Transferring full trays to an Ultra-Low Temperature (ULT) container (-90° to -60°C)

- Trays that arrive in frozen trays with 195 vials – which are kept closed – should not be at room temperature for longer than 5 minutes.
- Before repacking the vials into another thermal shipping container for transport, bring the vials back to -90° to -60°C (ULTF or Pfizer Thermal Shipper) before transferring to new container.
- Pfizer does not recommend the re-use of its Thermal Shipper for redistribution due to the potential for damage to the container and to ensure that it is returned no later than 30 days after receipt.

EXAMPLE

A centralized ultra low temperature freezer (ULTF) point of distribution (POD) receives vaccine shipment in a Pfizer Thermal Shipper then after a few days redistributes some quantity to another site with a ULTF.



AMERICAN OVERSIGHT
Breakthroughs that change patients' lives

Current as of December 2020, Operation Warp Speed has requested that prior to the potential FDA authorization of the Pfizer-BioNTech Covid-19 Vaccine, Pfizer send select training materials containing information for properly storing, preparing and administering the vaccine to anticipated vaccination sites. Although there is no guarantee that the vaccine will be authorized by FDA, given the urgency of the pandemic, providing these materials in advance will enhance sites' preparation. Materials, specifications and assumptions are subject to change. For the most up-to-date materials upon authorization, please visit www.cvdvaccine.com. Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

Preparing to Transport or Ship

Transferring vials or full trays to a refrigerated container (2° to 8°C)

- Based on current stability studies, a tray of 25 vials or 195 vials may take up to 2 or 3 hours to thaw in the refrigerator, respectively, whereas a fewer number of vials will thaw in less time. Vials may be stored in the refrigerator for up to 5 days (120 hours).
- If less than a full tray is repacked for redistribution, POD will need to provide smaller packaging unit that is transported via reputable courier or a temperature control vehicle (TCV).
- Repacking should be done in a 2° to 8°C environment whenever possible. Otherwise, time at room temp should be tracked and minimized to stay within the 2-hour allowance for room temperature.
- If using 2° to 8°C for transportation, POD needs to have a process to ensure that the 12 hours available for transportation at 2° to 8°C is not exceeded.
- The 12 hours available for transportation should be included as part of the total allowable 120 hours of product stability at 2° to 8°C.

EXAMPLE

A centralized ultra low temperature freezer (ULTF) point of distribution (POD) receives vaccine shipment in a Pfizer Thermal Shipper then after a few days redistributes to a rural area or point of use (POU) with a 2° to 8°C refrigerator.

Although there is no guarantee that the vaccine will be authorized by FDA, given the urgency of the pandemic, providing these materials in advance will enhance sites' preparation. Materials, specifications and assumptions are subject to change. For the most up-to-date materials upon authorization, please visit www.cvdvaccine.com. Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

Preparing to Transport or Ship

Labeling of Packaging for Shipping

- Ensure appropriate United Nations Number markings as indicated in the IATA Dangerous Goods Regulations are indicated on the outside of the packaging based on the type of battery used for the temperature monitoring device.
- If shipping in a -90° to -60°C using dry ice, thermal container should be marked with Dry Ice UN1845.

AMERICAN OVERSIGHT
Breakthroughs that change patients' lives

Current as of December 2020, Operation Warp Speed has requested that prior to the potential FDA authorization of the Pfizer-BioNTech Covid-19 Vaccine, Pfizer send select training materials containing information for properly storing, preparing and administering the vaccine to anticipated vaccination sites. Although there is no guarantee that the vaccine will be authorized by FDA, given the urgency of the pandemic, providing these materials in advance will enhance sites' preparation. Materials, specifications and assumptions are subject to change. For the most up-to-date materials upon authorization, please visit www.cvdvaccine.com. Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

Transporting or Shipping

General Guidelines

- Product packaging for transportation or shipping
  - An appropriate container should be used to minimize the potential for vials to be jostled. If vials are inadvertently bumped, they should be righted, however the risk to the product is minimal and vials which are temporarily knocked over may still be used.
  - If being transported outside of original trays, vials must be packaged securely to avoid breakage and to prevent vials from rolling during transport.
  - It is recommended that whenever possible that frozen vials are transported in unopened, full cartons.
  - Product should be stored in an insulated container filled with dry ice or gel packs. Vials should avoid direct contact with dry ice.
  - Packaging should include a temperature monitoring device in/on the insulated container as required by local health boards
- During transportation, frozen vials that are unsecured could become damaged.
- Thawed vials should be kept upright during refrigerated storage.

AMERICAN OVERSIGHT

Current as of December 2020, Operation Warp Speed has requested that prior to the potential FDA authorization of the Pfizer-BioNTech Covid-19 Vaccine, Pfizer send select training materials containing information for properly storing, preparing and administering the vaccine to anticipated vaccination sites. Although there is no guarantee that the vaccine will be authorized by FDA, given the urgency of the pandemic, providing these materials in advance will enhance sites' preparation. Materials, specifications and assumptions are subject to change. For the most up-to-date materials upon authorization, please visit www.cvdvaccine.com. Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

Transporting or Shipping

General Guidelines *(continued)*

- Rough handling of the thermal shipping container is linked to excessive sublimation of dry ice cooling below -90°C (if dry iced is used)
- Temperature should be controlled and monitored during transportation
- Action/review required in case of incident during transportation (e.g. temp deviation, off-road, unexpected box opening, delay, etc.)
- Ensure that commercial courier/transport provider is licensed to provide commercial transportation and has experience in handling pharmaceutical products/dry ice (if dry ice is used)
- In remote locations or where infrastructure is limited, drones could be a mode of transport for redistribution ensuring appropriate testing.

AMERICAN OVERSIGHT

Current as of December 2020, Operation Warp Speed has requested that prior to the potential FDA authorization of the Pfizer-BioNTech Covid-19 Vaccine, Pfizer send select training materials containing information for properly storing, preparing and administering the vaccine to anticipated vaccination sites. Although there is no guarantee that the vaccine will be authorized by FDA, given the urgency of the pandemic, providing these materials in advance will enhance sites' preparation. Materials, specifications and assumptions are subject to change. For the most up-to-date materials upon authorization, please visit www.cvdvaccine.com. Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

Transporting or Shipping

Temperature Control Vehicle (TCV) Shipping
When Available

- TCV or refrigerated truck should maintain temperature at 15-25°C throughout transport
- 2-8°C container should be used in addition to the TCV maintaining temperature
- Ideally, same day service is used with an insulated container filled with dry ice or gel packs to ensure product is kept at the right temperature (max 12 hours transportation time at 2-8°C)
- TCV or refrigerated truck can be used for both larger shipments to direct points and milk runs (defined routes with drop-offs at specific points) and deliveries for large or small shipments to multiple points

Tracking Shipment tracked through TCV or device GPS tracking capabilities for real-time shipment status milestones and alerts

AMERICAN OVERSIGHT
Breakthroughs that change patients' lives

Current as of December 2020, Operation Warp Speed has requested that prior to the potential FDA authorization of the Pfizer-BioNTech Covid-19 Vaccine, Pfizer send select training materials containing information for properly storing, preparing and administering the vaccine to anticipated vaccination sites. Materials, specifications and assumptions are subject to change. For the most up-to-date materials upon authorization, please visit www.cvdvaccine.com. Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

Transporting or Shipping

Parcel Shipping
When TCV Shipping Not Available

- Expedited transportation service with an insulated container containing dry ice / gel packs to ensure product is kept at the right temperature
- Commercial Couriers/Integrators – Same day or earliest next day delivery service is ideal or fastest available delivery service
- Consider the level of delivery service that the site needs for visibility and event response

Tracking Shipment tracked through traditional courier/integrator tracking services to ensure on-time delivery and exception response

AMERICAN OVERSIGHT
Breakthroughs that change patients' lives

Transporting or Shipping

Air Transport

Air transport of thawed vials at 2-8°C on pressurized and unpressurized aircraft

- Vials must be securely packed in a 2-8°C temperature controlled container appropriate for use on an aircraft
- On unpressurized flights, temperature-controlled containers must maintain 2-8°C even if the outside air temperature is < 2°C to prevent the vials from refreezing.

Air transport of frozen vials at -60 to -80°C on dry ice

- Follow FAA (Federal Aviation Administration) / IATA (International Association of Transportation Authorities) guidelines for shipping dry ice on aircrafts.
- The equilibrium temperature of dry ice changes as a result of air pressure. Unpressurized aircraft transporting the vaccine on dry ice should not exceed an altitude of 25,000 feet in order to maintain the vaccine within the labeled storage condition.

AMERICAN OVERSIGHT
Breakthroughs that change patients' lives

Current as of December 2020, Operation Warp Speed has requested that prior to the potential FDA authorization of the Pfizer-BioNTech Covid-19 Vaccine, Pfizer send select training materials containing information for properly storing, preparing and administering the vaccine to anticipated vaccination sites. Although there is no guarantee that the vaccine will be authorized by FDA, given the urgency of the pandemic, providing these materials in advance will enhance sites' preparation. Materials, specifications and assumptions are subject to change. For the most up-to-date materials upon authorization, please visit www.cvdvaccine.com. Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

Receiving

General Guidelines

- Confirm the receiving point of use (POU) has the necessary ancillary supplies to support vaccine storage and administration.
- Ensure the receiving POU is staffed appropriately and able to administer the vaccine within the stability timeline.
- Prior to redistribution and accounting for transport time, make sure there will be enough product stability time left for the receiving POU to be able to administer the vaccine.
- Clearly communicate with receiving POU on exact time of vaccine delivery to ensure readiness.
- Receiving POU must be an authorized COVID-19 vaccine site by local health boards.

AMERICAN OVERSIGHT

Current as of December 2020, Operation Warp Speed has requested that prior to the potential FDA authorization of the Pfizer-BioNTech Covid-19 Vaccine, Pfizer send select training materials containing information for properly storing, preparing and administering the vaccine to anticipated vaccination sites. Materials, specifications and assumptions are subject to change. For the most up-to-date materials upon authorization, please visit www.cvdvaccine.com. Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

Receiving

Storage Considerations at point of use (POU)

- While planning the redistribution strategy, ensure receiving POU has the appropriate ability and capacity to store product at the necessary temperature.
- Check vaccine temperature upon arrival at the receiving POU and store vaccines at recommended temperatures immediately.
- If there is a temperature excursion, please contact Pfizer using this link.
- Immediately upon arrival at the receiving POU, vaccines should be stored in an appropriate storage unit with a temperature monitoring device. Follow these guidelines for monitoring and recording storage unit temperature:
  - If the device displays min/max temperatures, this information should be checked and recorded.
  - If the device does not display min/max temperatures, then the current temperature should be checked and recorded a minimum of two times (at the start and end of the workday).
- If vaccines cannot be stored in an on-site storage unit, they should be kept in the portable vaccine storage unit using the following guidance:
  - Place a temperature monitoring device (preferably with a probe in a thermal buffer) as close as possible to the vaccines, and check and record temperatures hourly.
  - Keep the container closed as much as possible.

Returning Leftover Vaccine

Follow local health board guidelines for storing vaccine at temporary or off-site locations. Some local health boards may require all unused/undiluted vaccine be returned to a registered hub site at the end of the day for longer-term storage.

Strange.

I'm showing 4:
934011888651
934011888662
934011888673
934011888684

Are they still showing in Memphis or have they moved at all?

Thanks,
Amy

Subject: possible 6th dose in Pfizer

Following up to the article I sent – The email below came from our KY partners…FYI

==========

We just received this from Immunization project officer. Not official yet.

"FDA is aware of the issue and working with Pfizer to determine the best path forward, and will share additional updates as we have them. At this time, given the public health emergency, FDA is advising that it is acceptable to use every full dose obtainable (the sixth, or possibly even a seventh) from each vial, pending resolution of the issue. However, since these are preservative free vials, it is critical to note that any further remaining liquid that does not constitute a full dose should not be pooled from multiple vials to create one."

Also, a message from the CDC: "Comms is working on an FAQ for the CDC website as well."

Very Respectfully,
Brandon

To: Rubio, Tito G. <Tito.Rubio@flhealth.gov>
Subject: Prioritization of a Nuclear Security and Emergency Staff

Tito,
As I was reading this week about the prioritization of individuals to receive the COVID-19 vaccination, I wanted to inquire as to whether or not the Federally required nuclear security officers and emergency plan staff responsible for safeguarding the spent nuclear fuel stored in Crystal River will be considered emergency response personnel for purposes of priority receipt of the vaccination? This question might have already been raised at the state level in south Florida where the two operating reactor sites are located.

Please let me know if this has been considered and who I would need to speak to in order to assure the nuclear security officers and emergency staff are prioritized appropriately.

Thank you,
Phyllis Dixon

Subject: RE: question - Pfizer

Halsey and Amy,

Great question. The second dose allocations will be added to your VTrckS ordering cap 14 days after the first dose allocations are added to the ordering cap. Orders for second doses (and more first doses) must be entered into VTrckS. In VTrckS, there is no difference between first doses and second doses. I hope this fully answers your question, but let me know if it doesn't.

Subject: Reaching out to the Counties

Hi Nicolas. As a quick follow-up to our Wednesday meeting. Some time ago we confirmed with Aaron that Maximus could reach out directly to the counties regarding COVID assistance. We wanted to re-confirm this is still the case, we will be reaching out directly to let the counties know about the trained staff available as of 1/1/2021.

Please let us know if you have any concerns.
Thank you.

AMERICAN OVERSIGHT

Subject: ReadyOp Reporting - Vaccination Agreement Templates - COVID-19

Beginning, tomorrow December 9, 2020 please report by COB each Wednesday weekly progress on form 731 – CHD COVID Vaccine Required Activities. A pdf of form 731 and explanation of each requirement is attached.

A tab has been created in ReadyOp called "CHD COVID Vaccine Req Activities" with links for all 67 CHDs. This is identical to previous reporting structures for COVID-19 Sit Rep/Hep A Sit Rep/Tropical Weather Sit Rep reporting. Go to the tab, click on the little icon in the box with your CHD's name. If you choose to access from the forms tab please scroll and find your existing entry to update weekly. Please do not submit multiple forms.

If anyone is unable to access, please send Erin Hess the username of the account being used to sign in and I will investigate.

Also, effective immediately Form 609 – CHD Situation report which reported response staffing weekly is no longer required.

Please contact Erin Hess (850-510-5430) with questions.

To: DL DOH CHD Administrators_Directors <DLDOHCHDAdministrators_Directors@flhealth.gov>
Cc: County Health Systems <CountyHealthSystems@flhealth.gov>
Subject: Vaccination Agreement Templates - COVID-19

Dear Health Officer,

The attached agreements were previously distributed to assist local health departments with engagement of community partners for the purpose of collaborating in providing vaccination services to your counties. These agreements outline roles and responsibilities for community partners to assist with vaccinations, POD site locations and storage of vaccines. In an effort to assess our current local capabilities we will be asking each county health department to provide a list of all executed MOUs into ReadyOp. At this point we will not be asking for the agreements, just the type of agreement in place, partner involved and estimated number to be vaccinated.

We anticipate the ReadyOp form to be completed by Monday, December 7th, and will ask that it be populated with your county data by COB Wednesday December 9th, with weekly reporting thereafter of any newly executed agreements.

AMERICAN OVERSIGHT

Subject: Vaccination Agreement Templates - COVID-19

Dear Health Officer,

The attached agreements were previously distributed to assist local health departments with engagement of community partners for the purpose of collaborating in providing vaccination services to your counties. These agreements outline roles and responsibilities for community partners to assist with vaccinations, POD site locations and storage of vaccines. In an effort to assess our current local capabilities we will be asking each county health department to provide a list of all executed MOUs into ReadyOp. At this point we will not be asking for the agreements, just the type of agreement in place, partner involved and estimated number to be vaccinated.

We anticipate the ReadyOp form to be completed by Monday, December 7th, and will ask that it be populated with your county data by COB Wednesday December 9th, with weekly reporting thereafter of any newly executed agreements.

Should you have any questions or concerns please reach out to Erin Hess, Aaron Otis or myself.

From: Riggen, Amy
To: Godfrey, Diane
Subject: RE: Redistribution
Date: Friday, December 18, 2020 6:36:58 PM

Hi Diane –
I am sending you the step by step instructions for doing the transfer and ensuring it's in SHOTS. I wish we had thought to do this earlier, but wanted you to have it now.

I'm going to share with the other 4 hospitals doing transfers as well. We will definitely make this a formal document and have it for future reference to hopefully make this transfer process a little easier on everyone. This is new for everyone so we are learning many lessons along the way.

Thanks for all your hard work in getting this vaccine out there and in the arms of folks!

- Sender gets VFC PIN number for Receiver
- Sender fills out Redistribution Agreement form
- Sender emails Redistribution Agreement form to the VFC program at floridavfc@flhealth.gov with the VFC PIN numbers involved in the vaccine transfer
- VFC program will email Sender confirmation that the transfer has been approved
- Sender performs transfer by logging into FL SHOTS and clicking on Vaccine Inventory, then Vaccine Transfer and following prompts
- Sender prints out VFC Transfer form, signs and places with vaccines going to Receiver
- At time of transfer Receiver verifies correct inventory
- Receiver signs VFC Transfer form and emails to VFC Program at floridavfc@flhealth.gov
- Receiver applies the Pending Receipt via logging into FL SHOTS account, clicking on Vaccine Inventory, then Pending Receipt and following prompts
- Receiver then has the vaccine in their inventory and the transfer is complete

Please let me know if you have any questions,
Amy

>
> Just wanted to give you a quick update on the Region's COVID inoculation

AMERICAN OVERSIGHT

program. Our management team is currently setting up our base of operations at the Hilton Convention Center located at 6001 Candian Ct Orlando FL 32819 in the Celebration Conference Room. Our purpose is to facilitate & coordinate FL DOH responses in the vaccination of area residents located within specific targeted groups and subgroup being identified by DOH. Additional objectives include:

1. Coordinating vaccination operations with County Health Department (CHD) & Agency for Health Care Administration (AHCA) personnel
2. Monitoring the Emergency Status System (ESS) to determine what facilities require prioritization
3. Assigning appropriate vaccination personnel for facility response
4. Requesting/allocating appropriate resources
5. Ensuring proper reporting of vaccine status, problem situations, number of vaccines administered, actions taken, etc...
6. Coordinating & tracking the administration of the second vaccination of those who received the initial dose
7. Developing plans for increasing vaccination supply to keep up with the anticipated increasing demand for services.

We are also responsible for developing accountability reports, inventory reports, critical information reports, reporting any coordination issues and any/all other important mission information. Currently, Orange County and Seminole County are handling their inoculation programs internally without our assistance, but we stand by ready to assist/help them with whatever they need.

This week we will be establishing the logistics area where the inoculation supplies will be kept as well as conducting training for the three inoculation medical teams who will be used to deliver the vaccine throughout the region according to the DOH defined targeted group & subgroup list. Per State DEM, we anticipate receiving our regional supply of vaccines by the end of this week.

Please feel free to contact me on my cell (305-986-1291) if you need anything. Also, the email you can send all inquiries after Wednesday to is IMT-CT-IC@em.myflorida.com. Please use my email (rscuetrain@msn.com) until that time. I look forward to working with all of you during this important mission.

John Holgerson
Incident Commander
Region 5 COVID Branch Tactical Team

Please Note: Florida has very broad public records laws. Most written communications to or from County officials

AMERICAN OVERSIGHT

regarding County business are public records available to the public and media upon request. It is the policy of St. Lucie County that all County records shall be open for personal inspection, examination and / or copying. Halsey,

This came through CDC leadership. It was mentioned that it came from the FDA via Dr. Messionier. This was to get you the response from the FDA as soon as possible.

I would expect official documentation from the FDA on this, but I don't know the timeline for that.

AMERICAN OVERSIGHT

I'll also ask if something can go out through the all awardee email.

I know other jurisdictions are trying to delay putting this out, until more information is provided by the CDC on the inventory piece of this as well. But that is up to the jurisdiction on when and how to communicate.

Very Respectfully,
Brandon

Subject: Region IV Quick Updates

Good Morning Region IV!

Here are a few quick items I wanted pass this morning:

-Pfizer second week allocations are loaded in Tiberius production module. Also note that allocation

AMERICAN OVERSIGHT

transfers have begun for the LTCF program. The total Pfizer 2nd week allocation is 4.3M doses, minus 5% safety stock and second dose, then pro rata based on total population. If you allocation doesn't match that math, it may be because of LTCF allocation transfers.
-Pfizer VTrckS ordering caps should be updated tomorrow, and I believe that any orders placed by 0930 Sunday will arrive either Monday or Tuesday, but I will work to get clarity on this.
-Moderna ordering will not open back up until EUA is issued. Unlike Pfizer orders, since Moderna is shipped by McKesson, those orders can't be held, so ordering must be delayed until EUA is issued.
-A decision was made to phase in Moderna pre-orders over 3 days, similar to Pfizer. First Moderna orders will likely arrive on Monday, 21 Dec (subject to change). Kits for Moderna preorders will begin shipping today, arriving tomorrow.
-Expecting Moderna 2 and Pfizer 3 allocations to be visible in Tiberius on 22 Dec. Fingers crossed.
-Current CDC guidance is to stick with only obtaining 5 doses per vial of Pfizer vaccine, with the reason being it is aligned with the EUA, but CDC leadership is working to get more clarity on this.
More to come.

I'm sure there's more to come today and this week, but wanted to get this info to you ASAP. Have a great day!

Very Respectfully,
Brandon

Subject: RE: Region IV Quick Updates

All,

This just came in as an update from the **FDA**:

"Given the public health emergency, it acceptable to use every full dose obtainable (the sixth, or possibly even a seventh) from each vial, pending our administrative solution to the issue. However, since these are preservative free vials, any further remaining liquid that does not constitute a full dose should not be pooled from multiple vials to create one."

Very Respectfully,
Brandon

Subject: Region IV Quick Updates

Good Morning Region IV!

Here are a few quick items I wanted pass this morning:

-Pfizer second week allocations are loaded in Tiberius production module. Also note that allocation transfers have begun for the LTCF program. The total Pfizer 2nd week allocation is 4.3M doses, minus 5% safety stock and second dose, then pro rata based on total population. If you allocation doesn't match that math, it may be because of LTCF allocation transfers.
-Pfizer VTrckS ordering caps should be updated tomorrow, and I believe that any orders placed by 0930 Sunday will arrive either Monday or Tuesday, but I will work to get clarity on this.
-Moderna ordering will not open back up until EUA is issued. Unlike Pfizer orders, since Moderna is shipped by McKesson, those orders can't be held, so ordering must be delayed until EUA is issued.
-A decision was made to phase in Moderna pre-orders over 3 days, similar to Pfizer. First Moderna orders will likely arrive on Monday, 21 Dec (subject to change). Kits for Moderna preorders will begin shipping today, arriving tomorrow.
-Expecting Moderna 2 and Pfizer 3 allocations to be visible in Tiberius on 22 Dec. Fingers crossed.
-Current CDC guidance is to stick with only obtaining 5 doses per vial of Pfizer vaccine, with the reason being it is aligned with the EUA, but CDC leadership is working to get more clarity on this. More to come.

AMERICAN OVERSIGHT

I'm sure there's more to come today and this week, but wanted to get this info to you ASAP. Have a great day!

Is it possible to verify if Moderna vials will have the 2D barcode so we can use scanners? The Pfizer does not and our IIS is trying to develop a work around. We built in the scanner technology to help with quicker data entry time so just wondering about Moderna.

Thanks for any information,
Amy

All,

I thought this was a good clarification, but maybe most of you are aware already.

***
Pfizer does have an expiration date on their product and we will work to correct the shipment file to reflect updated information.

12/31/2069 is a place holder for the manufacturers that won't have expiration dates available. Today this applies to all other vaccines except Pfizer.

As information changes, we will work to provide updates. Moderna has confirmed that they will not have a visible expiration date while distributing the product under an EUA. The expiry dates will only be available by scanning the QR code and/or going to the manufacturer website for expiration updates.

Amy, I just ran the following report, to get the breakdown of all the vaccines administered today statewide. It took just **a minute** to get the numbers. So if they want total numbers given in a day at any point during the day, that data should be pretty quick. (max 10-15 minutes). It is only when they want to do cumulative over multiple days, it might take a bit.

Subject: RE: Requested Information

Not sure how I would be able to tell an APD group home based on types in Tiberius. I will pull what I can for all facilities and someone from AHCA will likely need to match these to your home types to get the numbers being requested.

Molly and Laura – could you please provide us with a list of the APD Group Homes/Operated facilities who are on the master list of the enrollees of the LTCF Pharmacy Program? That would be ever-so-helpful. Thanking you in advance.

I need a an answer to a question regarding the eligibility of patients who have recently received another vaccine to now receive the mRNA vaccine, or if there is some minimum timeframe that must pass between other vaccines and COVID vaccine.

I recall the CDC initially was saying 30 days, but I believe they backed off on that.

Can you find something that clarifies?

Subject: Re: SHOTS Update

Think we've figured out.

They added 2 more sites to their organization. All have been assigned the covid effort and are eligible to receive vaccine.

The 2 newly added sites were previously enrolled in VFC so we had to finish enrollment in VFA so they could receive adult covid vaccine.

The only remaining task they need to do is to log into SHOTS, print out their section A, which has been updated to now show 3 sites enrolled, and sign and email back to covidvaccineprogram@flhealth.gov

We can now add either all 3 sites to the week #2 moderna allocation or we can send to main site, Hendry Regional Medical Center (vfc 701738) and they can transfer to these other 2 sites.

Thanks,
Amy

Subject: SHOTS Update

Molly/Courtney,

Good morning. We have just spoken with the CEO from Hendry Regional Medical Center. He has been enrolled in SHOTS since 12/17 after much confusion over having to use the clinic instead of the hospital. Both parts of the registration are complete. He has stated that it still states processing even though he was told it is complete. He is extremely concerned about being able to receive vaccine having met the deadline prior to 10am on 12/18. Any assistance in being able to verify this hospitals enrollment and allocation of vaccine would be appreciated.

We continue to work on clearing the list and today also confirmed that UF HEALTH LEESBURG SENIOR BEHAVIORAL HEALTH CENTER and UF HEALTH THE VILLAGES HOSPITAL will be covered for vaccine allocation, administration and documentation by UF HEALTH LEESBURG which is already enrolled.

We will provide the updated spreadsheet on Monday but I wanted to draw your attention and assistance to Hendry if possible.

Thanks,

Mark

Subject: SHOTS Update

Molly/Courtney,

Good morning. We have just spoken with the CEO from Hendry Regional Medical Center. He has been enrolled in SHOTS since 12/17 after much confusion over having to use the clinic instead of the hospital. Both parts of the registration are complete. He has stated that it still states processing even though he was told it is complete. He is extremely concerned about being able to receive vaccine having met the deadline prior to 10am on 12/18. Any assistance in being able to verify this hospitals enrollment and allocation of vaccine would be appreciated.

AMERICAN OVERSIGHT

We continue to work on clearing the list and today also confirmed that UF HEALTH LEESBURG SENIOR BEHAVIORAL HEALTH CENTER and UF HEALTH THE VILLAGES HOSPITAL will be covered for vaccine allocation, administration and documentation by UF HEALTH LEESBURG which is already enrolled.

We will provide the updated spreadsheet on Monday but I wanted to draw your attention and assistance to Hendry if possible.

Thanks,

Mark

Subject: Re: SHOTS Update

Think we've figured out.

They added 2 more sites to their organization. All have been assigned the covid effort and are eligible to receive vaccine.

The 2 newly added sites were previously enrolled in VFC so we had to finish enrollment in VFA so they could receive adult covid vaccine.

The only remaining task they need to do is to log into SHOTS, print out their section A, which has been updated to now show 3 sites enrolled, and sign and email back to covidvaccineprogram@flhealth.gov

We can now add either all 3 sites to the week #2 moderna allocation or we can send to main site, Hendry Regional Medical Center (vfc 701738) and they can transfer to these other 2 sites.

Thanks,

AMERICAN OVERSIGHT

As long as the section a was re-signed for the 3 sites we're good on our side.

If he can double check his section b to ensure the correct shipping address that would be great.

Thanks,
Amy

Subject: RE: SHOTS

Amy, we will have no issue if they use manual entry to record the shots and/or use Interop to send the records to SHOTS. Our spreadsheet is not ready yet.

However, we haven't yet received a finalized version of CDSi. So if they add it might look invalid as well as next dose recommendations are not available yet (it comes from CDSi)

Thanks

Subject: sit repot
Importance: High

While we work out the details on what else to include, I wanted to be clear on what we know will be required and by whom. As always, subject to change….

Due by 4 PM each day,

Danielle – send the number of vaccines administered for that day along with the total vaccinations administered cumulatively and an average vaccinations given per day.

Baskar – send the amount of each type of vaccine (Pfizer and Moderna, etc… as more become available) that has been shipped, the amount currently on hand in inventory.

Jeff/Amy – amount of vaccine allocated to Florida that has not been designated to a particular facility.

Thanks,
Amy

Good morning all,
Command Staff has decided that the main FLSHOTS Report will be enough, and that the Nightly EOG Vaccine Roll-up is not required. Thank you all for working yesterday to get the information in, but that will no longer be required.

Thank you again,

Ryan Lock | Florida Division of Emergency Management

Ryan-

OK – I should have been a bit more clear. The report can be run anytime I am told. If your deadline is 9PM, we should back up an hour and a half or so to give time to run the report and for you to format, massage, etc.

So I suggest the FlShots report for the EEOG rollup be run every night at 730PM and will cover the preceding 24-hr period. Right now the report runs quickly. In a month or two it may take longer to run and for the formatting as the categories of recipients may expand.

I expect we will still do a limited 400 pm report for the 5 pm UCG discussion - at least until things settle into a routine.

Jeff,

- Understood on the LTC comment. Good suggestion. I will change it.
- EOG requires us to send a nightly testing rollup. I send it to Command every night at 9pm. I don't think we'll be able to push the vaccine report to the morning. My ask would be that we cut the data off at a time that makes sense, and just send sometime before 9PM so my team / I can put into the rollup.

Ryan –

We want to be careful with the categories – for example Assisted Living Facility is a type of Long Term Care facility. Currently only Skilled Nursing Facilities are to be vaccinated by the regional teams. Might be better to use the broader category of "Long Term Care Facility"?

As far as the reporting time that could be about anytime – however the later in the day gives the providers more time to enter data. earlier in the day would be easier on the personnel here. If we work 24-hr time period anyhow does the reporting time matter?

Thank you Baskar and all,
It sounds like from our 5:00pm call Command is good with the below. Is the breakdown Baskar sent something we can have sent automatically to eoc-plans@em.myflorida.com? And what will be the normal time it will be sent? I know SERT Chief wanted something valid around 7:00pm, but I believe Cindy (or someone else from FDOH) said 9:00pm is more reasonable.

Just want to make sure I can set expectations.

Thank you,

Hi Amy

Below are the facilities and number of vaccines we will be transferring in Miami Dade County

Nicklaus Children's Hospital- 250 vaccines (50 vials on 12/21)

Baptist Hospital- 500 vaccines (100 vials on 12/21)

HCA- Mercy Hospital 250 (50 vials on 12/19) and 250 (50 vials on 12/21)

Tenet- Palmetto Hospital- 250 vaccines (50 vials on 12/21)

We will be supporting University of Miami on Monday with our vaccine and employees entering into Florida Shots (~500 vaccines).

When you are available we can Zoom to do the transfer in the system. I think the paperwork from Friday stills needs to be processed and I will organize and get all of this paperwork to you.

Thanks
Venessa

Almost embarrassed to ask this

Baptist told us they were "all set" for next week and I'm pretty sure they are on the Maderna

AMERICAN OVERSIGHT

list

Come to find out they thought we were going to give them our vaccine and scanners but they would use their staff to transmit on their behalf

If I were to guess they would want 500-600 a day until the Maderna comes to them

Let me know what you think is best for us to tell them

Thanks
Venessa

WARNING: This email originated outside of Jackson Health System. Do not click links or attachments unless you recognize the sender and know the content is safe.

I am sending you the step by step instructions for doing the transfer and ensuring it's in SHOTS. I wish we had thought to do this earlier, but wanted you to have it now.

I'm going to share with the other 4 hospitals doing transfers as well. We will definitely make this a formal document and have it for future reference to hopefully make this transfer process a little easier on everyone. This is new for everyone so we are learning many lessons along the way.

Thanks for all your hard work in getting this vaccine out there and in the arms of folks!

- Sender gets VFC PIN number for Receiver
- Sender fills out Redistribution Agreement form
- Sender emails Redistribution Agreement form to the VFC program at floridavfc@flhealth.gov with the VFC PIN numbers involved in the vaccine transfer
- VFC program will email Sender confirmation that the transfer has been approved
- Sender performs transfer by logging into FL SHOTS and clicking on Vaccine Inventory, then Vaccine Transfer and following prompts
- Sender prints out VFC Transfer form, signs and places with vaccines going to Receiver
- At time of transfer Receiver verifies correct inventory
- Receiver signs VFC Transfer form and emails to VFC Program at floridavfc@flhealth.gov
- Receiver applies the Pending Receipt via logging into FL SHOTS account, clicking on Vaccine Inventory, then Pending Receipt and following prompts
- Receiver then has the vaccine in their inventory and the transfer is complete

AMERICAN OVERSIGHT

Transferring COVID-19 Vaccine Inventory

DECEMBER 14, 2020

There may be times when you need to transfer COVID-19 vaccines from your inventory to another site within your organization or to another VFC provider outside of your organization. This short guide will give you the step-by-step instructions on how to transfer your site's inventory.

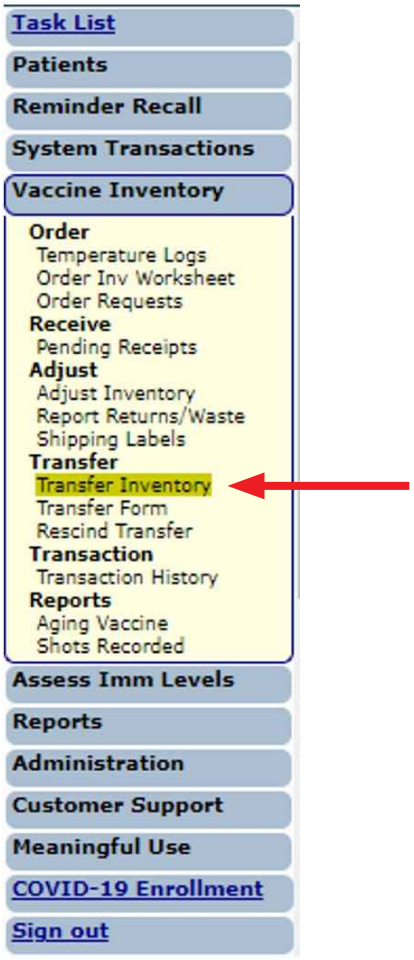
NOTE: If you are transferring vaccine to another enrolled COVID-19 Vaccine Program site *outside* of your organization, contact the VFC Program at FloridaVFC@flhealth.gov, *before* transferring the vaccine.

STEP 1

Log into Florida SHOTS.

STEP 2

Select "**Vaccine Inventory**" then "**Transfer Inventory**" from the Florida SHOTS menu.



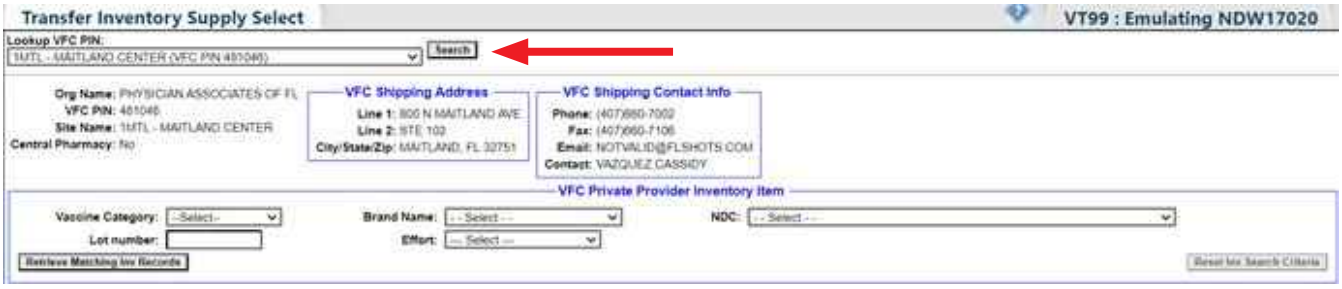
AMERICAN OVERSIGHT

STEP 3

Select the desired VFC site from the drop-down box. Then click "**Search**."

NOTE: If you work with a single VFC site, the site name will automatically appear in the drop-down box. Click "**Search**" to bring up that PIN's "**Transfer Inventory Supply Select**" page.

If you work with *multiple* VFC sites within your organization, select the PIN for the site you wish to work with from the drop-down box. Click "**Search**" to bring up that PIN's "**Transfer Inventory Supply Select**" page.



The "**Transfer Inventory Supply Select**" page includes the following site information:

- **Org Name** – Name of the organization as it is listed in Florida SHOTS.
- **VFC PIN** – Identification number that the VFC Program office provided to your site.
- **Site Name** – Name of the site as it is listed in Florida SHOTS.
- **VFC Shipping Address** – Address to which the VFC Program office ships your site's VFC vaccine.
- **VFC Shipping Contact Info** – Phone, fax, email, and VFC primary contact for the site.

NOTE: Always check this information for accuracy and notify the VFC Program office if there are changes.

STEP 4

Use any of the following criteria to select the VFC inventory for transferring to another VFC site:

- **Vaccine Category** – Generic name used to group vaccines having similar components.
- **Brand Name** – Name the manufacturer provides to the vaccine.
- **NDC** – National Drug Code that the CDC has attached to this specific vaccine.
- **Lot Number** – The lot number provided by the manufacturer to track the vaccine.

Select the criteria and click "**Retrieve Matching Inv Records.**"

STEP 5

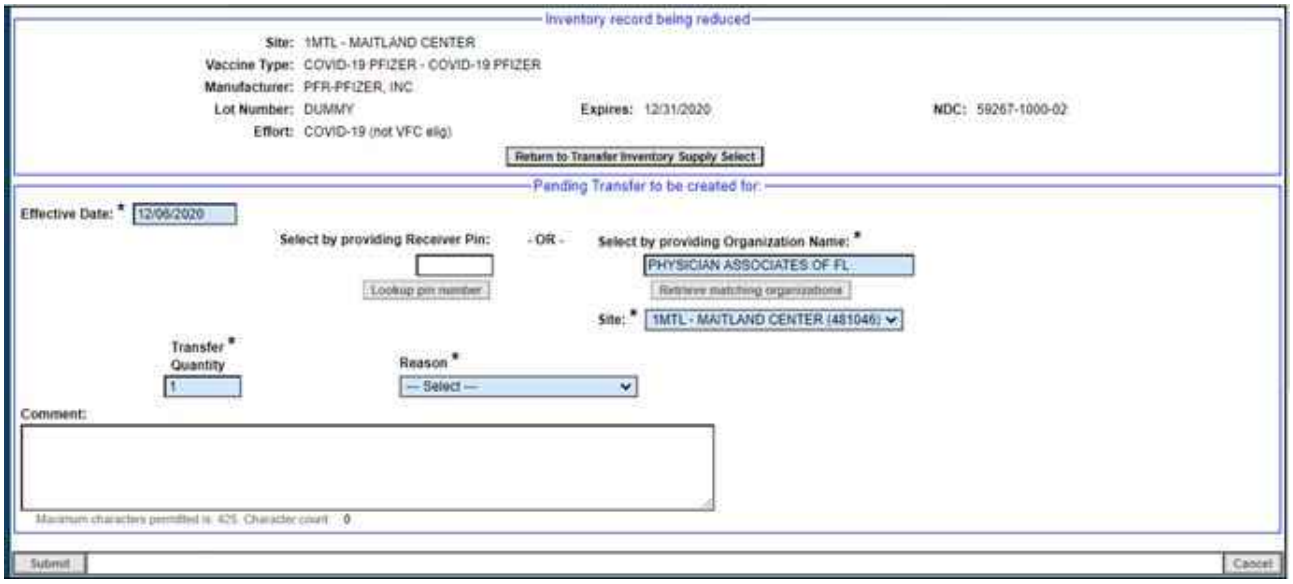
Each VFC inventory record in the "**Transfer Inventory Supply Select**" result list will show the following information:

- **Lot Number** – The lot number provided by the manufacturer to track the vaccine
- **Expiration Date** – The date the manufacturer provides as to when the vaccine will no longer be available to give as a dose to a patient.
- **Effort** – The funding source.
- **Last Reported Qty On Hand** – The date and number of doses that Florida SHOTS shows involved with the most recent inventory update.
- **Calc Current Qty On Hand** – The amount of vaccine Florida SHOTS calculates your site has for a lot based on what the site has communicated in regard to doses administered, current inventory, transfers, and adjustments through the "Order Request Form" and through inventory maintenance in Florida SHOTS.
- **Tx History** – A link to the "Transaction History" page for that VFC inventory record; displays every transaction that has occurred with the VFC vaccine since Florida SHOTS recognized it as part of your site's VFC vaccine inventory.

Click "**Select**" by the VFC vaccine record that you wish to transfer to another VFC site.

STEP 6

This brings you to the "**Transfer Inventory**" page, which displays "**Inventory record being reduced**" at the top of the page in blue and "**Pending Transfer to be created for**" below.



Your site must complete the steps listed below on the "**Transfer Inventory**" page (required fields will be blue):

a. Enter the "**Effective Date**" of transfer.

b. Indicate where the vaccine will be transferred:
   - If you know the PIN, enter it and click "**Lookup pin number**."
   - If you do not know the site's PIN, you can enter the Organization Name and click "**Retrieve matching organizations**," and pick the site from the list displayed.
   - If the site is within your organization, you can simply select the site from the site **drop-down box**.

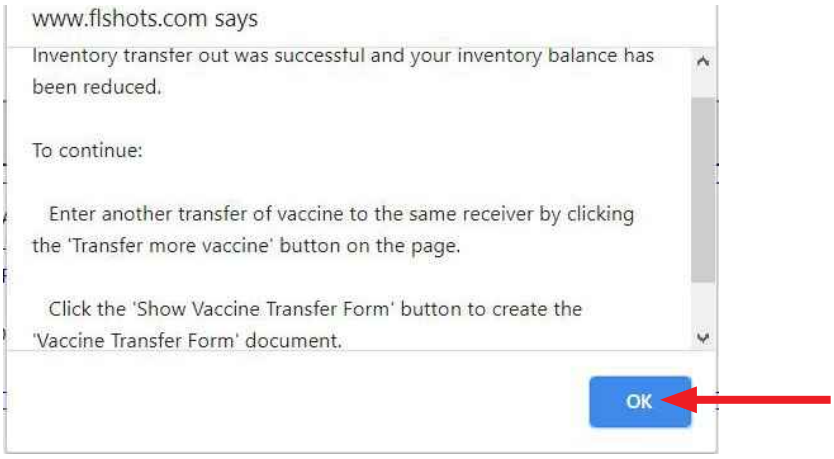
c. Enter the number of doses you want to transfer in "**Transfer Quantity**".

d. Select the **reason** you are transferring the COVID-19 vaccines to the other VFC site. Available transfer options are:
   - Excess Inventory
   - Inadequate Inventory
   - Loss of Inventory – Mechanical Failure
   - Other
   - Practice Closure
   - Transferred for Outbreak Response

NOTE: Choosing "**Other**" as your transfer reason will require that you input an additional comment.

STEP 7

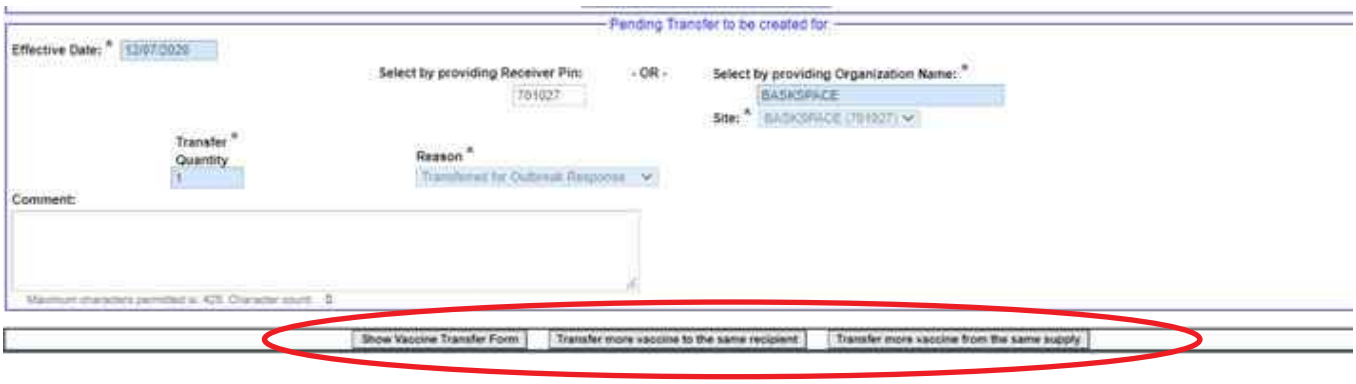
Once you have entered the required information, click "**Submit**." The following pop-up appears to confirm a successful transfer. Click "**OK**."



STEP 8

After submitting your transfer, Florida SHOTS will allow you to complete one of the following actions from the same "**Transfer Inventory**" page:

- Click the "**Show Vaccine Transfer Form**" to process the packing slip, which will be sent with the COVID-19 vaccine to the receiving site.
- Transfer more vaccines to the **same recipient**.
- Transfer more vaccines from the **same supply**.



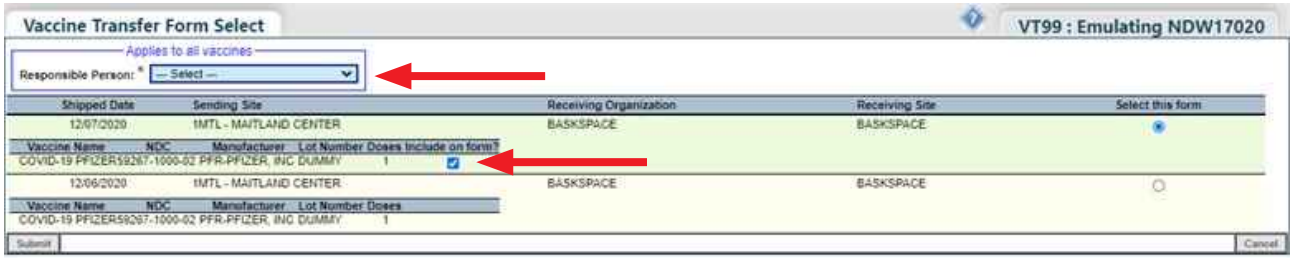
Creating the Vaccine Transfer Form

STEP 1

Click "**Show Vaccine Transfer Form**" so that the transferred COVID-19 vaccines have the appropriate documentation when it is sent to the receiving site. The "**Vaccine Transfer Form Select**" page displays.

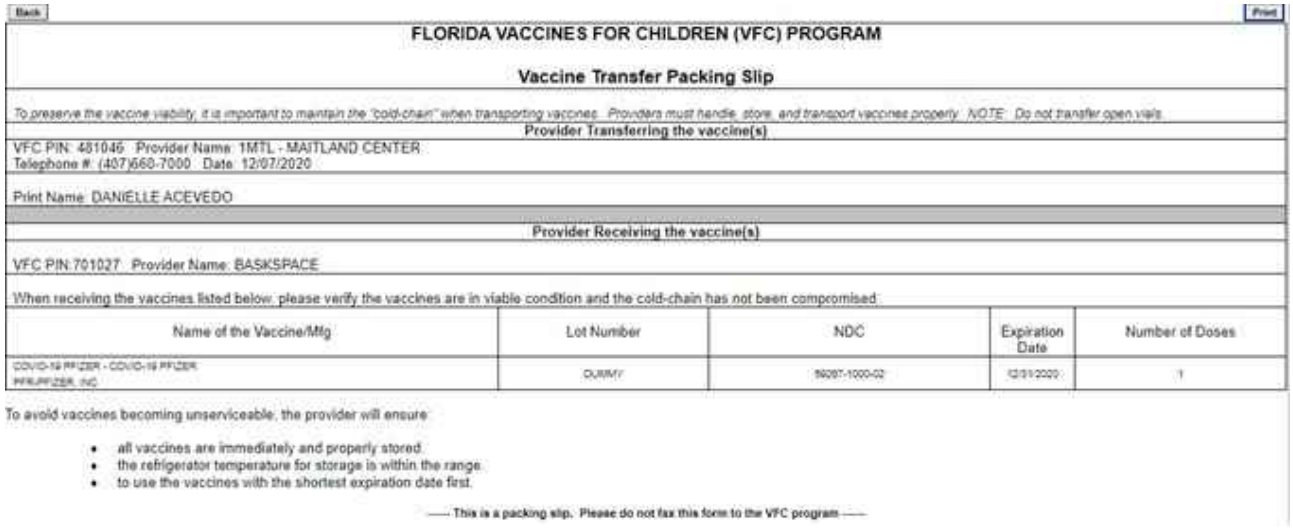
STEP 2

Select the "**Responsible Person**" who is physically transferring the COVID-19 vaccines from your site. Then determine whether the specific NDC and lot number should be included on this "**VFC Vaccine Packing Slip**" by checking the "**Include on form?**" check box.



STEP 3

Enter the required criteria and click "**Submit**". The "**Vaccine Transfer Form**" then appears.



Back Print

FLORIDA VACCINES FOR CHILDREN (VFC) PROGRAM

Vaccine Transfer Packing Slip

To preserve the vaccine viability, it is important to maintain the "cold-chain" when transporting vaccines. Providers must handle, store, and transport vaccines properly. NOTE: Do not transfer open vials.

Provider Transferring the vaccine(s)

VFC PIN: 481046 Provider Name: 1MTL - MAITLAND CENTER
Telephone #: (407)660-7000 Date: 12/07/2020

Print Name: DANIELLE ACEVEDO

Provider Receiving the vaccine(s)

VFC PIN:701027 Provider Name: BASKSPACE

When receiving the vaccines listed below, please verify the vaccines are in viable condition and the cold-chain has not been compromised.

Name of the Vaccine/Mfg	Lot Number	NDC	Expiration Date	Number of Doses
COVID-19 PFIZER - COVID-19 PFIZER PFR-PFIZER, INC	DUMMY	59267-1000-02	12/31/2020	1

To avoid vaccines becoming unserviceable, the provider will ensure:

- all vaccines are immediately and properly stored
- the refrigerator temperature for storage is within the range
- to use the vaccines with the shortest expiration date first.

—— This is a packing slip. Please do not fax this form to the VFC program ——

STEP 4

If you are transferring vaccine to another site within your organization, both the sending and receiving sites need to sign this **Vaccine Transfer Packing Slip** and email a copy to the VFC program at FloridaVFC@flhealth.gov for record-keeping.

NOTE: The receiving site should go to their "**Pending Receipts**" page after comparing this packing slip they receive with the transferred vaccine and accept the pending transfer by clicking "**Apply transfer to inventory balances**."

HELP DESK

AMERICAN OVERSIGHT

entering into Florida Shots (~500 vaccines).

When you are available we can Zoom to do the transfer in the system. I think the paperwork from Friday stills needs to be processed and I will organize and get all of this paperwork to you.

Thanks
Venessa

Subject: Re: steps

Almost embarrassed to ask this

Baptist told us they were "all set" for next week and I'm pretty sure they are on the Maderna list

Come to find out they thought we were going to give them our vaccine and scanners but they would use their staff to transmit on their behalf

If I were to guess they would want 500-600 a day until the Maderna comes to them

Let me know what you think is best for us to tell them

Thanks
Venessa

Subject: Re: steps

Hi Amy

Hopefully you got some rest

Nicklaus Children's Hosp got me the needed sections of the paperwork around 730pm last night

I'll go through the process tonight

Can they plan for me to transfer 250vials to them Monday morning at 6am

Thanks
Venessa, 954-854-1233

Subject: steps

WARNING: This email originated outside of Jackson Health System. Do not click links or attachments unless you recognize the sender and know the content is safe.

I am sending you the step by step instructions for doing the transfer and ensuring it's in SHOTS. I wish we had thought to do this earlier, but wanted you to have it now.

I'm going to share with the other 4 hospitals doing transfers as well. We will definitely make this a formal document and have it for future reference to hopefully make this transfer process a little easier on everyone. This is new for everyone so we are learning many lessons along the way.

Thanks for all your hard work in getting this vaccine out there and in the arms of folks!

- Sender gets VFC PIN number for Receiver
- Sender fills out Redistribution Agreement form
- Sender emails Redistribution Agreement form to the VFC program at floridavfc@flhealth.gov with the VFC PIN numbers involved in the vaccine transfer
- VFC program will email Sender confirmation that the transfer has been approved
- Sender performs transfer by logging into FL SHOTS and

AMERICAN OVERSIGHT

clicking on Vaccine Inventory, then Vaccine Transfer and following prompts
- Sender prints out VFC Transfer form, signs and places with vaccines going to Receiver
- At time of transfer Receiver verifies correct inventory
- Receiver signs VFC Transfer form and emails to VFC Program at floridavfc@flhealth.gov
- Receiver applies the Pending Receipt via logging into FL SHOTS account, clicking on Vaccine Inventory, then Pending Receipt and following prompts
- Receiver then has the vaccine in their inventory and the transfer is complete

Sent: Tuesday, December 15, 2020 4:13 PM
To: Riggen, Amy <Amy.Riggen@flhealth.gov>
Subject: Temporary Special Duty Additive
Importance: High

Hi Amy,

I would strongly suggest sending this over to HR (Fanchelle) to request a Special Duty Increase for Jim and Wendy. The below justification was one you drafted for Jim and something similar can be written for Wendy as well. Please review and let me know your thoughts. We can get this ticket moved quickly due to the nature of the request.

Mr. Cobb's position as the Vaccines for Children Program Manager has seen an increase in daily responsibilities related to outbreak responses such as hepatitis A and COVID-19. Duties include developing and facilitating new enrollment procedures to increase provider participation which ensure that vaccines can be distributed efficiently and effectively, resulting in Florida residents being able to receive these necessary vaccine preventable disease immunizations. The addition of staff members to help complete the necessary job duties to ensure the Vaccines for Children Program can meet the needs of the state of Florida has increased his supervisory duties as well.

Subject: Thoughts? Re Poison Control info

GM Amy,
Reading over the EUA letter for caregivers and recipients at https://www.fda.gov/emergency-preparedness-and-response/coronavirus-disease-2019-covid-19/pfizer-biontech-covid-19-vaccine, I think we can/should essentially use that FAQ framework, reformat and add the Poison Control contact info into the respective draft document. Not sure at this point we need to "add" or "modify" any of the EUA letter information as script.
What do you think?
Asim

When you get a chance will you check to see if Moderna got moved to production?

If they haven't can you check around noon and then again around 5?

Thanks!!

Thanks for the update. Keep a look out for Pfizer – although I know you already are.

Also, on Moderna being moved to production.

THANK YOU!!!

Subject: Tiberius Updates FYI
Importance: High

There will be an update of the Microplanning Application ***tomorrow 12/17 around 12PM EST*** and wanted to give everyone a heads up. The two main updates to note are:

1. **Now that Production Allocations are available, we have received guidance to remove the "Exercise Allocations" Scenario from the application.** Users will *not* lose their work, all plans that were a part of the "Exercise Allocations" scenario will now be found under the "No Scenario" option with the same plan name. The "Production Allocation" scenario will not be changed, and will continue to be updated in both the Exercise and Production Modules as more allocations become available.
2. **Based on feedback, we have revamped the Plan Selection user interface.** Since there so many more plans in the application, we have revamped the interface to it make easier to see all the plans available and find the plan you're looking for. The documentation has been updated in the platform and shared at the bottom of this email.

Subject: tracking

Once vaccine is shipped, we are being asked to create a report with tracking information from VTrckS until the DEM planners get access in Tiberius. That could take some time and then training has to take place.

They will want this after the first doses get shipped next week. Is there a way to create a spreadsheet on this? They will want a morning and afternoon report for the first few weeks I am sure. Once Moderna gets shipped we may need to do 2 separate spreadsheets.

Let's talk Monday – or I'm here over the weekend if that works better.

Thanks,
Amy

Subject: Update on Clinic Ids for CHDs

Good afternoon Megan,
The emergency strike team will be using Broward CHD and Pinellas CHD to document the vaccinations administered at the LTC facilities in those counties.

With respect to Pinellas CHD, currently the vaccines for it is going to be coming from Hillsborough CHD (pin 701221). Currently Amanda, is finalizing the enrollment for Pin 527003 under Pinellas CHD. The vaccines for this effort will be transferred from pin 701221 to 527003 (once its enrollment

AMERICAN OVERSIGHT

is complete). So the clinic ids that were set up under Hillsborough site (701221) needs to be removed and added under site (pin 527003 – IMM Outreach(?)) in Pinellas CHD.

The 527003 enrollment in COVID and transfer of vaccines in FLSHOTS from 701221 and 527003 must happen before the strike team staff be able to document the vaccination in SHOTS.

Megan/Brittany, let me know if you need help in setting up the Clinic Id under Pinellas CHD.

Thanks

WARNING: This email originated outside of Jackson Health System. Do not click links or attachments unless you recognize the sender and know the content is safe.

Good Morning Everyone,

I hope this message finds you well. I just wanted to check in this morning to verify if my presence is needed at any of your sites today? Please let me know so that I could report it back to HQ.

Also, I got a call from the Immunization Section Administrator last night asking about adverse reactions. In particular, a severe reaction that took place yesterday at University of Miami, if I am not mistaken. I was told the person was taken to the Emergency Department. I do not need personally identifiable information but I would like to have an idea of what happened and I definitely need confirmation that this event was reported through VAERS. I need to report that back ASAP. Moving forward, please alert me of adverse events/reactions at your sites because the EOC at HQ needs to know.

Lastly, I wanted to take a moment to give you a few updates:

- **NDC**: FLSHOTS has informed me that the sites need to use the "02" in the system for the data entry to be correct.
- **Scanners**: Unfortunately, the COVID vaccine that is available now is not shipping with the appropriate datamatrix 2D barcodes which vaccines normally carry

As always, please do not hesitate to reach out if I could be of any assistance. If not there physically, know that I am a call, text, or email away.

Wishing you all a wonderful day!

Sincerely,

Subject: RE: maps

The application (Web AppBuilder version) has been updated with a new Hospitals by Vaccine Type layer on by default. Pop-Ups now include vaccine type and doses information for all hospitals regardless of hospital type.

Note: I am un-sharing the Experience version from the IMM Reports Group since it does not provide the layout I want.

Info Summary widget includes breakdown of allocation by vaccine type with info on doses count for each location.

Summary widget provides total of Statewide Doses across all hospitals.

Cindy – here is the link to the application:
https://floridadisaster.maps.arcgis.com/apps/webappviewer/index.html?

Hi Jason,

Please see the request from Cindy Dick in an email below.
I added 2 columns to Vaccine Providers feature layer:

- Vaccine Type Allocation – Pfizer or Moderna
- Number of Doses

191 objects have these attributes populated with data.

Could you please add these parameters to your map application?
Please let me know if I can do anything else to help.

Thank you,
Alina

AMERICAN OVERSIGHT

Yesterday at office hours I asked a question from a community partner about whether they can modify consent forms to meet their organizational requirements.

"Are hospitals required to use DOH vaccine consent forms? Can they be modified for the hospital? If they can modify, which parts are they required to keep?"

I seem to recall that the answer is that this is a DOH form, but what was the direction on what, if any, modifications are possible.

Thank you.

Date: Sunday, December 20, 2020 11:12:37 AM

I see Brooks is on there for UF Jax but know that is not an enrolled facility. So I'm assuming UF Jax took their vaccine to them and vaccinated, so really an outreach event, not a transfer?

Am I reading that correctly?

I'm asking because several of these listed did not go through our program office for approval.

Some of these were official transfers that came through our program so i think this spreadsheet might be a mix.

We are good on our side today. We can follow up tomorrow to ensure all the inventory that was requested to transfer is showing up in SHOTS.

I think "transfer" is going to be another term that needs a clear definition because its going to mean something different to us. I've been telling folks for years that immunizations really requires learning a whole new language.

Subject: vaccine tracking in tiberius

Hi all,

I spoke with our Tiberius support contact and she instructed me that there is separate data from what I have that shows shipping data in Tiberius. They are working to get you access as soon as possible.

In the meantime, the data from Tiberius is coming from is being updated from the Vtrcks system which contains shipping information. Amy is going to discuss running reports from this system that our team can send to you. We will keep you updated on the information we can produce from Vtrcks.

Thanks,

Danielle Curatolo, MPH

AMERICAN OVERSIGHT

From: Riggen, Amy
To: Hogan, Thanh
Subject: RE: Vaccine Transfer
Date: Friday, December 18, 2020 6:31:53 PM

I am sending you the step by step instructions for doing the transfer and ensuring it's in SHOTS. I wish we had thought to do this earlier, but wanted you to have it now.

I'm going to share with the other 4 hospitals doing transfers as well. We will definitely make this a formal document and have it for future reference to hopefully make this transfer process a little easier on everyone. This is new for everyone so we are learning many lessons along the way.

Thanks for all your hard work in getting this vaccine out there and in the arms of folks!

- Sender gets VFC PIN number for Receiver
- Sender fills out Redistribution Agreement form
- Sender emails Redistribution Agreement form to the VFC program at floridavfc@flhealth.gov with the VFC PIN numbers involved in the vaccine transfer
- VFC program will email Sender confirmation that the transfer has been approved
- Sender performs transfer by logging into FL SHOTS and clicking on Vaccine Inventory, then Vaccine Transfer and following prompts
- Sender prints out VFC Transfer form, signs and places with vaccines going to Receiver
- At time of transfer Receiver verifies correct inventory
- Receiver signs VFC Transfer form and emails to VFC Program at floridavfc@flhealth.gov
- Receiver applies the Pending Receipt via logging into FL SHOTS account, clicking on Vaccine Inventory, then Pending Receipt and following prompts
- Receiver then has the vaccine in their inventory and the transfer is complete

Please let me know if you have any questions,
Amy

Please see below – any concerns with this plan? They will do the forms etc, but wanted to check with you first.

They clarified - Brooks Rehab Hospital is adjacent to Memorial Hospital which has agreed to store for them if necessary. However, the number to Brooks will be low and they plan to use their doses within 2 days. Transferring to them will reduce the FTE burden on UF Health since we won't have to station a pharmacist and support person with the vaccine at all times.

Subject: RE: Vaccine Transfer

I am sending you the step by step instructions for doing the transfer and ensuring it's in SHOTS. I wish we had thought to do this earlier, but wanted you to have it now.

I'm going to share with the other 4 hospitals doing transfers as well. We will definitely make this a formal document and have it for future reference to hopefully make this transfer process a little easier on everyone. This is new for everyone so we are learning many lessons along the way.

Thanks for all your hard work in getting this vaccine out there and in the arms of folks!

- Sender gets VFC PIN number for Receiver
- Sender fills out Redistribution Agreement form
- Sender emails Redistribution Agreement form to the VFC program at floridavfc@flhealth.gov with the VFC PIN numbers

AMERICAN OVERSIGHT

involved in the vaccine transfer
- VFC program will email Sender confirmation that the transfer has been approved
- Sender performs transfer by logging into FL SHOTS and clicking on Vaccine Inventory, then Vaccine Transfer and following prompts
- Sender prints out VFC Transfer form, signs and places with vaccines going to Receiver
- At time of transfer Receiver verifies correct inventory
- Receiver signs VFC Transfer form and emails to VFC Program at floridavfc@flhealth.gov
- Receiver applies the Pending Receipt via logging into FL SHOTS account, clicking on Vaccine Inventory, then Pending Receipt and following prompts
- Receiver then has the vaccine in their inventory and the transfer is complete

Please let me know if you have any questions,
Amy

Subject: [External] RE: Week 2 hospitals

Hi Molly,

Can you explain what you mean by "wrong" county. The counties we had were what the provider listed on their Section B in SHOTS. Do you mean this shipping address county doesn't match the county they are licensed in? Or do you mean that the shipping address we have is not located in the county we listed?

Thanks,

TO: Hospital Executives
CC: Hospital Emergency Preparedness and Management Contacts
FROM: Mark Ross, Associate Vice President
SUBJECT: Week 3 Hospital COVID-19 Vaccine Allocation
DATE: December 17, 2020

The Department of Health (DOH) is finalizing the hospital COVID-19 vaccine allocations for the week of January 4 based on hospitals that are fully enrolled in Florida SHOTS as a COVID-19 Provider through the DOH Immunization Section in Florida SHOTS as of 10:00 a.m. Friday, December 18.

Hospitals that are not currently enrolled are asked to go to the Florida SHOTS website and enroll as a COVID-19 provider. Week 3 allocations will be made to hospitals that were not allocated in Week 1 (December 14) or Week 2 (December 21). Hospitals that are not enrolled by the Week 3 deadline may continue the enrollment process and will be eligible for direct allocation in future weeks.

Florida SHOTS Shipping Information

To ensure that COVID-19 vaccine orders are received and promptly entered into inventory, it is important that the ordering site shipping address match the address provided in Section B within Florida SHOTS. Avoiding any discrepancies in the accuracy of the shipping address will prevent vaccine deliveries to be lost, wasted, become non-viable or returned to the supplier.

The Section B Provider Profile Form captures information found in Florida SHOTS for the site, and asks for additional site-specific information. The primary contact on the account must submit the Section B form in Florida SHOTS. Please verify the shipping address and contact information as listed in the Section B form prior to submission.

FHA will continue to share information as it becomes available. Thank you.

My name's Abe Aboraya, I'm a reporter with WMFE, the NPR station in Orlando. I was reading through the draft COVID-19 vaccination plan. In it, it mentions that every county health department is supposed to do a vaccine administration exercise by December 1, and then submit an after action

AMERICAN OVERSIGHT

report to the Florida Department of Health. I'm requesting a copy of the after action report for the following counties:

1. Orange
2. Osceola
3. Lake
4. Seminole
5. Brevard
6. Volusia
7. Sumter
8. Marion

I do not need all reports delivered at the same time. If certain county reports are available before others, they can be sent individually. If the reports are exempt from public release, please cite the statute exempting them. If you have any questions, reach me on my cell phone: 321-750-9336.

Subject: ReadyOp Reporting - Vaccination Agreement Templates - COVID-19
Attachment(s): "C19 CHD Required Activities approved.docx","COVID-19 - CHD COVID Vaccine Required Activities.pdf"

Beginning, tomorrow December 9, 2020 please report by COB each Wednesday weekly progress on form 731 – CHD COVID Vaccine Required Activities. A pdf of form 731 and explanation of each requirement is attached. The link can be accessed at https://fdoh.readyop.com/fs/4cNL/2d40.

A tab has been created in ReadyOp called "CHD COVID Vaccine Req Activities" with links for all 67 CHDs. This is identical to previous reporting structures for COVID-19 Sit Rep/Hep A Sit Rep/Tropical Weather Sit Rep reporting. Go to the tab, click on the little icon in the box with your CHD's name. If you choose to access from the forms tab please scroll and find your existing entry to update weekly. Please do not submit multiple forms.

If anyone is unable to access, please send Erin Hess the username of the account being used to sign in and I will investigate.

Also, effective immediately Form 609 – CHD Situation report which reported response staffing weekly is no longer required.

Please contact Erin Hess (850-510-5430) with questions.

Subject: Vaccination Agreement Templates - COVID-19

Dear Health Officer,

The attached agreements were previously distributed to assist local health departments with engagement of community partners for the purpose of collaborating in providing vaccination services to your counties. These agreements outline roles and responsibilities for community partners to assist with vaccinations, POD site locations and storage of vaccines. In an effort to assess our current local capabilities we will be asking each county health department to provide a list of all executed MOUs into ReadyOp. At this point we will not be asking for the agreements, just the type of agreement in place, partner involved and estimated number to be vaccinated.

We anticipate the ReadyOp form to be completed by Monday, December 7th, and will ask that it be populated with your county data by COB Wednesday December 9th, with weekly reporting thereafter of any newly executed agreements.

Should you have any questions or concerns please reach out to Erin Hess, Aaron Otis or myself.

AMERICAN OVERSIGHT

County Health Department (CHD) COVID Vaccine Required Activities

By December 30, 2020 CHDs are required to conduct the following activities and report progress weekly by COB on Wednesdays (12/09, 12/16, 12/23, 12/30) in ReadyOp:

1. Review and update your incident management structures to aligned with the statewide draft mass vaccination plan and ensure it includes expertise from your epidemiology, immunizations, preparedness and public information programs.

2. Register as a COVID-19 vaccine provider in FLShots. Instructions are posted on SharePoint.
https://floridahealth.sharepoint.com/:f:/s/DISEASECONTROL/EPI/EqYyJj9vAxhGt6B19QLHQcEB9B0tXD45A7k8pX_x_JuNDg

3. Conduct a meeting between the County Health Officer, County Emergency Management and other critical community partners regarding the imminent need to provide COVID-19 vaccination in your community. The date and list of community partners in attendance will need to be reported.

   Be sure to discuss each area of the subpopulations to be vaccinated as outlined in the Vaccination Planning Template. Additional discussion questions are included to guide your planning efforts.

Vaccine Coordination Information.docx

4. Provide a list of all executed MOUs for open PODs, closed PODs, limited use license and/or paramedicine agreements.

5. Determine resources needed to implement the Vaccination Plan and request resource assistance as needed via ReadyOp.

AMERICAN OVERSIGHT

Additional Community Partner Discussion Questions:

- **How will cold chain be handled?**
  - Ultra-cold vaccine
  - Frozen vaccine
  - Refrigerated vaccine

- **What are staffing needs?**
  - Drive thru vs walk up clinics
  - How will normal CHD operations and hours be maintained while supporting CHD ran PODs?
  - How will normal CHD operations and hours be maintained while supporting community based PODs?
  - Include plans for staff down time, days off, sick leave, etc.
  - How will volunteers be engaged and managed?

- **How many vaccines can be administered per hour (assuming a constant flow of population wanted vaccination)**
  - Estimate through put for walkup and drive thru scenarios

- **What supply needs are anticipated? (**remember vaccine administration kits will be provided which include needles, syringes, alcohol prep pads, vaccination cards and limited PPE)
  - PPE
  - Sharps containers
  - Tents
  - Signage

- **How will the 15-minute waiting period post-vaccination be handled?**
  - Non-congregated waiting area for any walk ups
  - Parking for drive-thrus
  - Staff needed for observation

- **How will needle sticks be handled in the field?**
  - Employees
  - Volunteers
  - Other/contracted staff

- **How and who will complete data entry into FLShots within 24 hours of vaccination?**

- **How will second dose vaccines be verified?**

AMERICAN OVERSIGHT

- Can you administer first and second dose at the same event?
- How will you verify first dose in FLShots on scene?

AMERICAN OVERSIGHT

DRAFT PLANNING TEMPLATE FOR ORGANIZATION OF COVID-19 VACCINATION DELIVERY

FDOH COVID-19 Vaccination Planning Workgroup

Version 1.73

November 9, 2020

AMERICAN OVERSIGHT

TEMPLATE FOR ORGANIZATION OF COVID-19 VACCINATION DELIVERY

INTRODUCTION

With the development of a vaccine for COVID-19, there is a need to plan for the administration of vaccinations nationwide. As such, the Centers for Disease Control and Prevention (CDC) has published their "COVID-19 Vaccination Program Interim Playbook for Jurisdiction Operations." This document states,*" Pandemic vaccination planning is a combined state, territorial, tribal, and local responsibility that requires close collaboration between public health, external agencies, and community partners. Depending on the specific jurisdiction's governance structure, the jurisdiction may play a key role in ensuring readiness at all levels*." It further highlights the need for communities to plan and have situational awareness, stating: *"Prior to plan development, it is important for jurisdictions to have full situational awareness."* This includes coordinating with a wide variety of agencies, including hospitals, long-term care facilities, public safety agencies, and others. The CDC guidance states, "*Local personnel likely have a better understanding of perceptions, unique challenges, and successful mitigation strategies within their communities. Aligning areas of responsibility as well as specific tasks can help to complement rather than duplicate efforts at either level, maximizing the efficient use of resources and overall quality of the COVID-19 Vaccination Program."*

Planning must take into consideration such topics as vaccine receipt and storage, vaccination location, dispensing agencies, logistics, supplies and equipment, staffing, registration, record keeping, adverse reaction monitoring, etc. In order to facilitate planning by County Health Departments (CHD), who will serve as the local coordination point for the vaccinations, this draft planning coordination tool or "template" has been created.

DRAFT

PURPOSE

The purpose of this template is to help CHDs organize the process for COVID-19 vaccinations in their respective county.

OBJECTIVES

The objectives of this template are to:

1) Help identify the key elements of the COVID-19 vaccination process,

2) Identify options available to the CHD and provide a draft planning mechanism for them to be applied to specific target groups,

3) Serve as a draft planning and coordination tool for actions that the CHD will take to ensure vaccination delivery in their jurisdiction.

KEY POINTS AND ASSUMPTIONS

AMERICAN OVERSIGHT

1) This draft planning template follows and works in conjunction with the CDC *COVID-19 Vaccination Program Interim Playbook for Jurisdictional Operations* guidance.

2) This draft planning template works in conjunction with and compliments the State plan that has been developed for the vaccination program. (a copy can be accessed at: https://floridahealthcovid19.gov)

3) Vaccinations will occur in phases, tied to both the availability of vaccine as well as to the prioritization of critical need.

4) The identified vaccination "Phases" include 1A, 1B, 2, 3, and 4. For the template, the following corresponding colors will be used to denote vaccination phase (Note – Some people may fit into more than one target group and should then default to the more urgent phase):

PHASE	GENERAL TARGET GROUPS
Phase 1 A	Health workers and first responders
Phase 1 B	People with high risk health conditions & congregate settings
Phase 2	Workers in critical positions & people with underlying conditions
Phase 3	Workers in general settings, children and young adults
Phase 4	Everyone who did not have access during previous phases

5) Administration of the vaccine will require coordination between local, state, and federal government agencies as well as with private businesses and citizens.

6) With a number of the vaccine candidates, plans will have to, in most cases, include a second dose of the vaccine being administered to be effective.

7) Communication about the vaccine and vaccinations will be needed to educate and inform people throughout the State.

8) CHDs will serve in a local coordination role for the delivery of vaccinations.

9) Specific requirements for receiving, storing, and dispensing of vaccine are necessary due to the "cold chain" nature of the vaccines.

10) The vaccination program will take place over a number of months with a start time in 2020 and extending well into 2021.

DRAFT

BLANK FORM

Targeted Group/Subgroup:	**(FACILITY TYPE HERE)**

AMERICAN OVERSIGHT

Responsible Agency:

DRAFT

FORM FIELD INFORMATION AND EXPLANATION

Targeted Groups / Subgroups
This block identifies the particular targeted group and subgroup who will be receiving vaccinations. Options include:

- Hospitals / Staff

AMERICAN OVERSIGHT

- Hospitals / Patients
- Long-term Care – Staff
- Long-term Care - Skilled Nursing Facilities
- Long-term Care - Assisted Living Facilities
- Long-term Care - Independent Living Facilities
- Long-term Care - Home Healthcare
- Long-term Care - Disability Centers
- Long-term Care - Mental Health Facilities
- Public Safety – EMS
- Public Safety - Law Enforcement
- Public Safety - Fire/Rescue
- Public Safety – Lifeguard
- Public Safety - Dispatch-Communications
- Veterans
- Critical Services Employees
- At Risk Populations - Over 65 Years of Age
- At Risk Population - Pre-existing Medical Conditions
- People Experiencing Homelessness
- Children
- Education – Preschool and K-12 Schools
- Education - Colleges and Universities
- Federally Qualified Healthcare Centers
- Tribes/Indigenous Peoples
- Migrant Farm Workers
- Correctional Facilities
- General Public
- Other

DRAFT

Responsible Agencies (Local)
This block identifies who will be responsible for ensuring that the targeted group and subgroup receive vaccinations. Options include:

- Hospital
- Long-term Care Facility
- County Health Department
- Public Safety Agency
- School/College/University
- Tribe
- Federally Qualified Healthcare Center
- Pharmacies
- Physician's Office

AMERICAN OVERSIGHT

- Other

Supportive Agencies
This block identifies the key supportive agencies or partners that can be used to plan for and deliver vaccinations to the targeted group and subgroup. Options include, but are not limited to:

- Florida Department of Health
- Florida Assisted Living Association
- Florida Senior Living Association
- Florida Healthcare Association
- LeadingAge Florida
- Hospital Associations
- Public Safety Associations
- State Fire Marshal's Office
- Florida Ambulance Association
- Agency for Healthcare Administration
- U.S. Health and Human Services
- Centers for Disease Control
- Florida Association of Community Healthcare Centers
- Florida Hospital Association
- Other

DRAFT

Phases
This block identifies when a particular targeted group and subgroup will receive vaccinations. The basic prioritization has been designated by CDC and has been identified in the State plan. The assignment of a particular targeted group and subgroup may change as further Executive Leadership guidance is received.

- 1A
- 1B
- 2
- 3
- 4

Locations of Delivery

This block identifies where the vaccinations will be delivered and, in some cases, identifies whether the point of dispensing will be limited to a particular group of people (closed POD) or open to others outside of the host organization (Open POD). Options include:

- Hospitals / Closed POD
- Hospitals / Open POD
- LTCs / Closed POD
- Public Safety Agencies
- County Health Departments

AMERICAN OVERSIGHT

- Drive-thru Mass Vaccination / Closed POD
- Drive-thru Mass Vaccination / Open POD
- Walk-up Mass Vaccination / Closed POD
- Walk-up Mass Vaccination / Open POD
- Pharmacies
- Physician Offices
- Tribal Reservations / Closed POD
- Specially Established Closed PODs
- Specially Established Open PODs
- Private Businesses
- Other

Methods of Delivery

Given that there may be multiple locations where vaccination will occur, this block lays out potential location for vaccination delivery. Options include:

- Hospital Facility Nurses
- Long-term Care Facility Nurses
- School/College/University Healthcare Center Nurses
- Contracted Medical Personnel – Mobile
- EMS Personnel
- County Health Department Personnel
- Pharmacy Personnel
- Physicians
- Mass Vaccination Clinic Personnel (combination of above)
- Other

DRAFT

Staffing Sources

This block identifies where both medical and non-medical staffing will come from to staff the vaccination site. Options include:

- Own Agency Medical Personnel
- County Health Department Personnel
- Public Safety Personnel
- Contracted Agency Personnel
- School/College/University Healthcare Personnel
- Other

Augmented Staffing Needed

This block identifies whether augmented staffing, to the host agency, will be required to deliver the vaccinations.

- Yes
- No
- Possibly

AMERICAN OVERSIGHT

Vaccine Source
This block identifies which of the primary sources of vaccine (state allocation, federal allocation, or other source) will be used for the particular targeted group and subgroup.

- State Allocation
- Federal Allocation
- Other

Vaccine Storage Location
This block identifies where the vaccine will be received and stored at for redistribution to the agencies that will be delivering vaccinations. Options include:

- County Health Department
- Hospital
- Other

CHD Cold Storage Capability
This block will identify whether the CHD has cold storage capability.

- Yes
- No

DRAFT

Needed Supplies and Equipment:
This block will identify supplies and equipment that will be needed to address vaccination for the specific target group / subgroup.

Communications / Marketing
This block would identify how the target group will receive communications about the vaccinations, including schedules, locations, times, etc.

Notes / Tasks
This block would provide a mechanism for explaining information in the template above including any information that will have an impact on the particular target group, etc. Additionally, it can be used to identify key tasks that must be completed to facilitate vaccination for the identified target group.

SAMPLE COMPLETED FORMS

The following are two pages show examples of completed forms. They are not a mandate on how the forms need to be completed but merely serves as an example of how a particular targeted group template form is completed. Each CHD will have to decide which combination of delivery methods, locations, agencies, etc. works for their particular circumstances.

AMERICAN OVERSIGHT

SAMPLE 1

Targeted Group/Subgroup:	**LONG-TERM CARE – SKILLED NURSING FACILITIES**
Responsible Agency:	Long-term Care Facility Pharmacies
Supportive Agencies:	Florida Assisted Living Association Florida Senior Living Association Florida Healthcare Association LeadingAge Florida Agency for Healthcare Administration
Estimated Number:	TBD
Phase:	1A or 1B
Location of Delivery:	Long-term Care Facility – Closed POD
Possible Methods of Delivery:	Pharmacies Long-term Care Facility Nurses EMS Personnel Contracted Medical Personnel – Mobile
Staffing Sources:	Pharmacy Personnel Long-term Care Facility Nurses EMS Personnel Contracted Medical Personnel – Mobile
Augmented Staffing Needed:	Possibly
Vaccine Source:	Federal Allocation State Allocation
Vaccine Storage Location:	Pharmacy

DRAFT

AMERICAN OVERSIGHT

CHD Cold Storage Capability	County Health Department Yes
Needed Supplies and Equipment:	TBD
Communications / Marketing:	CDC provided communication through the Pharmacy Clinic initiative.
Notes / Tasks: A plan is being developed for long-term care facilities to have their vaccinations delivered through the use of pharmacy established on-site clinics. Under this scenario, vaccine would come from the federal allocation and pharmacies would be responsible for receiving and storing vaccine, administering the vaccinations, and handling record keeping. An alternative would be the use of state allocated vaccine delivered by facility nurses, EMS personnel, or contracted medical personnel operating from a mobile unit, using vaccine stored at the County Health Department. Also, LTCs will have to plan for vaccination of new residents and staff beyond the time period when the pharmacy clinics are operational.	

SAMPLE 2

Targeted Group/Subgroup:	**PUBLIC SAFETY – EMS**
Responsible Agency:	Public Safety Agency Private EMS Agency
Supportive Agencies:	Local EMS Agencies Florida Fire Chief's Association Florida Fire Marshal's Office Florida Ambulance Association Private EMS Companies
Estimated Number:	TBD
Phase:	1A
Location of Delivery:	Public Safety Agency County Health Department Drive-thru Mass Vaccination – Closed POD
Possible Methods of Delivery:	EMS Personnel CHD Personnel Mass Vaccination Clinic (combination) Contracted Medical Personnel – Mobile
Staffing Sources:	Agency Paramedics and Nurses County Health Department Personnel Contracted Medical Personnel – Mobile
Augmented Staffing Needed:	No
Vaccine Source:	State Allocation
Vaccine Storage Location: **CHD Cold Storage Capability:**	County Health Department No

DRAFT

AMERICAN OVERSIGHT

Needed Supplies and Equipment:	TBD
Communications / Marketing:	The local Healthcare Coalition will be used as a mechanism to provide location, schedule, registration information, etc.
Notes / Tasks: EMS agencies include Fire/Rescue, County, and private companies. Given their critical response posture and exposure they would be included in Phase 1A for vaccination. While many agencies will be able to "self" vaccinate, other options are available to capture this critical group. EMS Survey results indicate that many agencies would not only be willing to vaccinate their own personnel but also serve to vaccinate other target groups. Given that most agencies will be able to administer vaccinations to their personnel, there should be no staffing issues with this group. A drive-thru option for this group, as well as other public safety personnel may be a viable option.

Good morning –

Attached is a hand out from the Pfizer website regarding redistribution of vaccine. Thought it would come in helpful for next week.

As far as the training video on the website, you may use on Monday for training the strike teams.

Let me know if you need anything else.

Thanks,
Amy

Redistribution Considerations for Pfizer & BioNTech's COVID-19 Vaccine

December 11, 2020

AMERICAN OVERSIGHT

Breakthroughs that change patients' lives

Current as of December 2020, Operation Warp Speed has requested that prior to the potential FDA authorization of the Pfizer-BioNTech Covid-19 Vaccine, Pfizer send select training materials containing information for properly storing, preparing and administering the vaccine to anticipated vaccination sites. Although there is no guarantee that the vaccine will be authorized by FDA, given the urgency of the pandemic, providing these materials in advance will enhance sites' preparation. Materials, specifications and assumptions are subject to change. For the most up-to-date materials upon authorization, please visit www.cvdvaccine.com. Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

Why Transport or Redistribute Vaccine?

Pfizer does not recommend redistribution of Pfizer & BioNTech's COVID-19 vaccine as part of regular operations because of increased risks to the vaccine. Understanding that redistribution may be required and encouraged by local regulatory authorities, Pfizer has provided the following guidance to reduce the risks to the vaccine during redistribution.

Potential redistribution example scenarios:

- Transport to an off-site or satellite clinic
- Transport to remote communities with lower population density
- Transport to long term care facilities (LTCF)
- Transport to another site to avoid wastage
- Pharmacy to hospital/clinics
- Distributor/wholesaler to ultimate point of use (POU)

AMERICAN OVERSIGHT
Breakthroughs that change patients' lives

Overview

The purpose of this document is to provide key considerations around Pfizer & BioNTech's COVID-19 vaccine candidate (BNT162b2) to assist vaccine planning personnel and coordinators with the deconsolidation[1] and redistribution of the vaccine.

This information is provided for educational purposes only, to assist under extraordinary pandemic conditions if redistribution cannot be avoided. Pfizer does not oversee or control deconsolidation[1] or redistribution after delivery and any redistribution is being taken solely at the redistributor's risk and responsibility.

Deconsolidation[1] and redistribution scenarios in this document include:

Shipping full trays (195 vials per tray) at:

-90ºC to -60ºC (-130ºF to -76ºF) freezer temperature

OR

Shipping individual vials or full trays at:

2 – 8 ºC (35.6° to 46.4°F) refrigeration temperature

If vials are removed from frozen conditions, they should be transported at refrigeration temperatures (2 – 8 ºC).

Specific considerations unique to these two scenarios have been called out separately where applicable. If they have not been called out separately, considerations are applicable for both.

[1]Breaking down the vaccine trays into smaller, portable packaging for redistribution or taking full trays and distributing at 2 to 8 degrees C temperatures. In addition, taking full trays and redistributing at ULT temperatures.

AMERICAN OVERSIGHT

Points of Distribution (POD) Responsibilities

A POD is a site that directly receives a vaccine shipment from Pfizer and then chooses to redistribute part of all the of shipment to another location responsible for administering the vaccines.

- Deconsolidating the Thermal Shipper (container that vaccines arrive in) and trays into smaller, portable packaging for redistribution.
- Identifying their own shipping container and temperature monitors that meet the cold storage requirements of Pfizer & BioNTech's COVID-19 vaccine for redistribution.
- Transporting vaccines in the POD's own packaging using their own selected carriers.
- Ensuring all ancillary supplies, education materials, and EUA fact sheets required to administer the vaccine are also redistributed.
- Transporting diluents with their corresponding vaccine (in separate containers due to unique storage requirements) so there are always equal amounts of vaccines and diluents for reconstitution. Diluent storage and handling requirements should always be adhered to by PODs when transporting and redistributing.

AMERICAN OVERSIGHT
Breakthroughs that change patients' lives

Vial & Tray Requirements

Vials & Trays

- Frozen vials should be stored upright whenever possible. It is understood the vials may roll around in the trays when being moved in and out of frozen storage.
- Caution should be taken while handling frozen vial trays to avoid damage to vials.
- It is recommended that whenever possible that frozen vials are transported in unopened, full cartons.
- During transportation, frozen vials that are unsecured could become damaged.
- Do not open the vial trays or remove vials until you are ready for thawing or use.
- Thawed vials should be kept upright during refrigerated storage.
- An appropriate container should be used to minimize the potential for vials to be jostled. If vials are inadvertently bumped, they should be righted, however the risk to the product is minimal and vials which are temporarily knocked over may still be used.
- Vials are glass and should be handled with care. Visual inspection prior to use should be carried out.
- Thawed vials should be securely packed when transported.

AMERICAN OVERSIGHT
Breakthroughs that change patients' lives

Current as of December 2020, Operation Warp Speed has requested that prior to the potential FDA authorization of the Pfizer-BioNTech Covid-19 Vaccine, Pfizer send select training materials containing information for properly storing, preparing and administering the vaccine to anticipated vaccination sites. Although there is no guarantee that the vaccine will be authorized by FDA, given the urgency of the pandemic, providing these materials in advance will enhance sites' preparation. Materials, specifications and assumptions are subject to change. For the most up-to-date materials upon authorization, please visit www.cvdvaccine.com. Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

Storage Options

Pfizer Thermal Shipper

- The original packaging that the vaccine arrives in – the Thermal Shipper – maintains a temperature range of -90ºC to -60ºC (-130ºF to 76ºF). Storage within this temperature range is not considered an excussion from the recommended storage condition.
- Vial removal from trays should be done directly from the thermal shipper.
- The Thermal Shipper may be used as temporary storage for up to 30 days from delivery.

Ultra Low Temperature Freezer (ULTF)

- Vials should be stored in a ULTF between -80ºC and -60 ºC (-112°F to -76°F), protected from light and kept in the original packaging.
- Vials are stable for up to 6 months at -80ºC to -60ºC until the expiration date on the vial and tray (6 months after manufacture).

Refrigerator

- Vials are stable for up to 5 days (120 hours) at 2-8ºC.

CAUTION: During the unpacking process, you might feel resistance when trying to remove the box that holds the vial trays. Do not apply force to remove the box. Use the 2 bands wrapped around each vial tray to remove the trays from the thermal shipping container.

AMERICAN OVERSIGHT
Breakthroughs that change patients' lives

Redistribution Overview: Full Trays at ULT Freezer Temps

1. Thermal Shipper Arrives at Point of Delivery (POD) at -90ºC to -60ºC
2. Trays are stored at freezer temperature (-90ºC to -60ºC in the Thermal Shipper or at -80ºC to -60ºC in a ULT freezer) until ready for redistribution
3. Trays are deconsolidated (vials should not be removed from trays) and re-packaged for transport at -90ºC to -60ºC to Points of Use (POU)
4. Vaccines are transported at -90ºC to -60ºC by courier/transport provider to POU
5. Container arrives at POU(s)
6. Trays are transferred to ULT freezer(s) at -80ºC to -60ºC

More details around each step are provided on the following slides.

AMERICAN OVERSIGHT

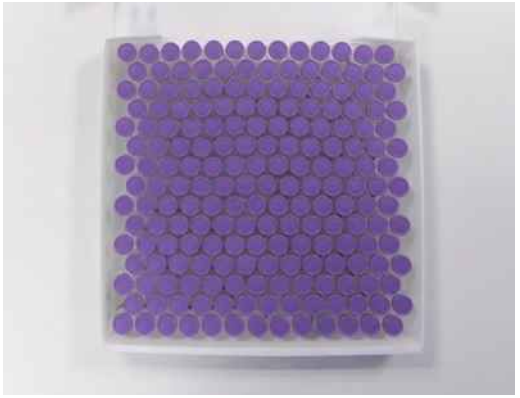
Specifications for Pfizer & BioNTech's COVID-19 Vaccine Candidate (BNT162b2) Packaging

Vials

- 2 mL type 1 glass preservative free multi-dose vial (MDV)
- MDV has 0.45 mL frozen liquid drug product
- 5 doses per vial after dilution

Trays



- Single tray holds 195 vials
- 975 doses per tray

Thermal Shipper

A. Dry Ice Pod
Holds the top layer of dry ice.

B. Vial Trays
Vial trays look like small pizza boxes. Each vial tray contains multiple dose vials. Each thermal shipping container will have up to 5 vial trays inside.

C. Box that Holds the Vial Trays
Box within the thermal shipping container that includes the vial trays. This box has handles and can be fully removed from the thermal shipping container.

D. Foam Lid
Top foam lid that includes an embedded temperature monitor device and remains connected to the box.

E. Thermal Shipping Container
Outer box of the thermal shipping container.

- Minimum 1 tray (975 doses) or up to 5 trays (4875 doses) stacked in a payload area of the shipper
- Payload carton submerged in dry ice pellets
- Thermal shipper keeps ULT -90ºC to -60ºC (-130ºF to -76ºF) up to 10 days if stored at 15°C to 25°C (5° to 77°F) temperatures without opening
- Thermal shippers are reusable and designed to be temporary storage containers for up to 30 days from delivery, by replenishing dry ice every 5 days. It is recommended that the thermal shipping container not be opened more than 2 times a day, and shouldn't be opened for more than 3 minutes at a time.

AMERICAN OVERSIGHT

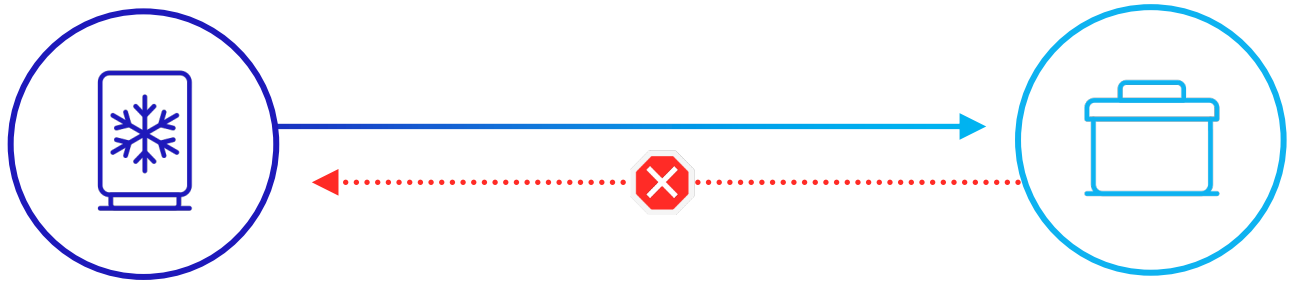
Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

Pfizer & BioNTech's COVID-19 Vaccine Candidate (BNT162b2) Temperature Change Considerations

Once vaccine has been thawed, it should not be re-frozen.

SAMPLE SCENARIO

*A point of delivery (POD) has several trays of vaccine stored in an ultra low temperature freezer (ULTF). An immunizer assigned to vaccinate at a local long term care facility (LTCF) picks up 5 vials for the day that will be transported in a portable 2-8°C container from the POD. At the end of the day, she returns the unused, undiluted vials to the POD to be stored at 2-8°C. **These vials can not be re-frozen**.*



Ultra Low Temperature Freezer (ULTF)
-80ºC to -60 ºC (-112°F to -76°F)
or Thermal Shipper
-90ºC to -60ºC (-130ºF to 76ºF)

2-8°C Container

AMERICAN OVERSIGHT

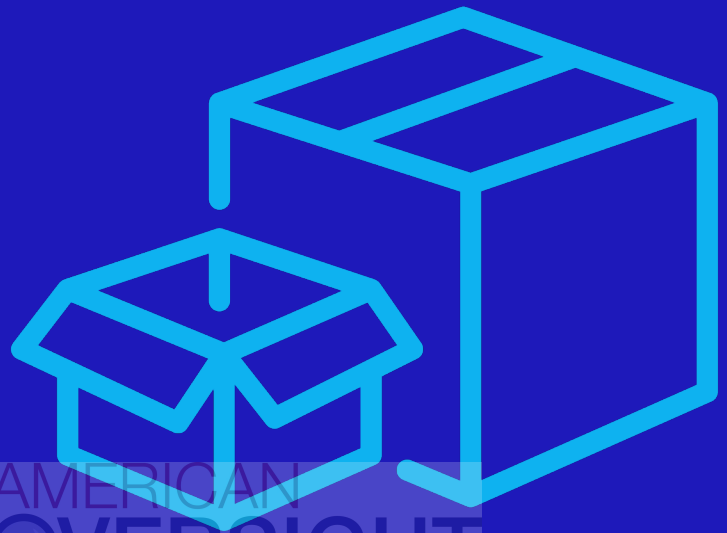
Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

Assembling Packing & Redistribution Supplies



General Guidelines

- Only full trays (195 vials) should be redistributed at freezer temperatures
- Individual vials and trays must be redistributed at 2-8ºC, subject to the following recommended actions
- Trays or cartons that house the vials should be designed as small as possible so that vials are packaged securely and should protect the product from the distribution environment.
- Tray or carton materials should be capable of withstanding exposure to the product's required temperature setting.
- Consider robust materials for packaging, specifically to withstand dry ice transport and condensation.
- Tray should be able withstand the weight of the vials it is intended to transport.
- If intended to carry by hand, consider final weight of packaging for those who will be transporting the vaccines.
- It is recommended that protection and security devices (i.e. seals) be incorporated into all packaging to prevent tampering.
- If using Phase Change Material (PCM) coolant, fire testing/storage capacity constraints should be considered.
- Whenever possible, use packaging that has been tested to industry standards.

AMERICAN OVERSIGHT

Materials, specifications and assumptions are subject to change. For the most up-to-date materials upon authorization, please visit www.cvdvaccine.com. Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

Filed DOH 21-0168-A-079628

Assembling Packing & Redistribution Supplies

Redistribution Container Considerations

- When selecting a thermal container for redistribution, ensure the packaging is fit for purpose and meets the Pfizer & BioNTech COVID-19 vaccine cold chain requirements.
- It's recommended that thermal containers have been tested against recognized standards (i.e. ISTA, ASTM). Make sure the containers and pack-outs are qualified to meet the required temperatures.

Considerations if Shipping Full Trays in Freezer (-90° to -60°C)

- Payload area needs to be capable of accommodating a thermal/insulated glove to remove the product.
- Coolant is typically dry ice for this type of container.
  - **Avoid liquid nitrogen as a coolant, which can damage the vials and stoppers**. Consider inner thermal packaging material that can withstand the condensation of dry ice.
- Provide dangerous goods training on handling dry ice.
- **Vials should never be in direct contact with dry ice**.

Considerations if Shipping Vials or Trays in Refrigerator (2° to 8° C)

- Consider freezer & refrigerator capabilities to condition coolant media (i.e. gel packs or PCM).
- If using PCM, conduct appropriate testing/storage related to fire concerns (EHS).

AMERICAN OVERSIGHT
Breakthroughs that change patients' lives

Current as of December 2020, Operation Warp Speed has requested that prior to the potential FDA authorization of the Pfizer-BioNTech Covid-19 Vaccine, Pfizer send select training materials containing information for properly storing, preparing and administering the vaccine to anticipated vaccination sites. Although there is no guarantee that the vaccine will be authorized by FDA, given the urgency of the pandemic, providing these materials in advance will enhance sites' preparation. Materials, specifications and assumptions are subject to change. For the most up-to-date materials upon authorization, please visit www.cvdvaccine.com. Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

Assembling Packing & Redistribution Supplies

Temperature Monitoring Devices

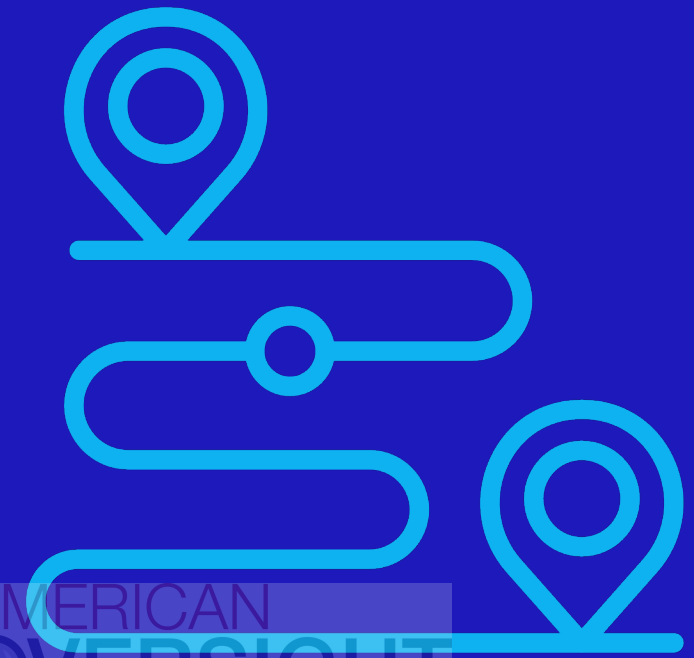
- Temperature monitoring devices are critical to ensure awareness of the vaccine temperature at all times.
- When selecting a temperature monitoring device for redistribution packaging, be sure to follow local board of health guidelines. See appendix for list of temperature monitoring device vendors.
- Do not use Pfizer's temperature monitoring device included in the Thermal Shipper for redistribution

Considerations for Temperature Monitoring Devices that Adhere to Good Practice (GxP) Requirements:

- ❑ High & low temperature alarms
- ❑ LCD Indicators (alarm or OK)
- ❑ Current temperature reading or method for accessing temperature requirements
- ❑ Integration to data analysis software (software compliant with 21 CFR Part 11 Systems)
- ❑ Recording interval with a minimum of every 15 minutes
- ❑ Start-up delay option
- ❑ Certified by the local governing body in charge of temperature monitoring and standards
- ❑ Probe or probeless
  - Some probeless temperature monitoring devices stop displaying temperature and require the display to acclimate to ambient temperatures before reading for dry ice shipments.
  - If re-icing is occurring, make sure if using probes, the temperature monitors are properly secured to ensure appropriate readings.
- ❑ If using a -90° to -60°C container, the temperature monitoring device should have a minimum -90°C temperature measurement range. Make sure when you are selecting a device that it's capable of monitoring a wider temperature range than the required storage conditions.

AMERICAN OVERSIGHT
Breakthroughs that change patients' lives

Preparing to Transport or Ship



General Guidelines

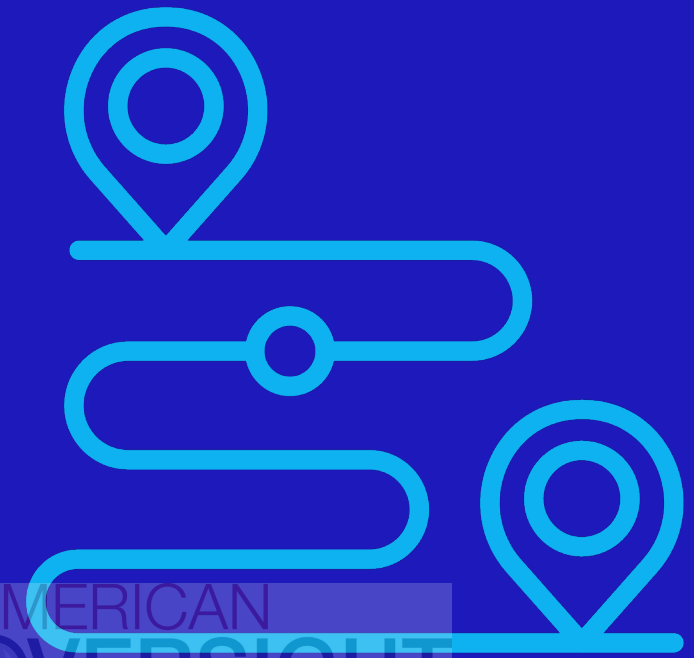
- Portable vaccine refrigerator and freezer units are considered the best option for vaccine transport. Portable vaccine refrigerator and freezer units that have built-in temperature regulation are optimal.
- Vials should be stored upright whenever possible. It is understood the vials may roll around in the trays when being moved in and out of storage.
- Thawed vials should be securely packed when transported.
- Caution should be taken while handling frozen vial trays to avoid damage to vials.
- Temperature tracking logs/alarms should be put in place for full trays and loose vials during transfer activities, pack-out, deconsolidation and redistribution.
- If transporting in a container with dry ice, avoid direct contact of paperboard materials with dry ice. Vials should never be in direct contact with dry ice.

AMERICAN OVERSIGHT

Current as of December 2020, Operation Warp Speed has requested that prior to the potential FDA authorization of the Pfizer-BioNTech Covid-19 Vaccine, Pfizer send select training materials containing information for properly storing, preparing and administering the vaccine to anticipated vaccination sites. Although there is no guarantee that the vaccine will be authorized by FDA, given the urgency of the pandemic, providing these materials in advance will enhance sites' preparation. Materials, specifications and assumptions are subject to change. For the most up-to-date materials upon authorization, please visit www.cvdvaccine.com. Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

FL-DOH 21-0168-A-079631

Preparing to Transport or Ship



General Guidelines *(continued)*

- Do not submerse vials in cold water or ice water bath.
- Visible ice formation on outside of thermal container may be an indication of internal temperatures exceeding low range of –90°C.
- Point of Distribution (POD) should leverage their existing handling and packaging expertise and POD Standard Operating Procedures (SOPs) and protocols for transport preparation.
- Meeting cold storage requirements of product at distribution center is essential.
- Vials must be transported un-diluted. Do not transport vials after dilution.
- Select appropriate mode of transportation based on final weight of packaging.
- Avoid leaving containers in areas where they are exposed to direct sunlight.

AMERICAN OVERSIGHT

Current as of December 2020, Operation Warp Speed has requested that prior to the potential FDA authorization of the Pfizer-BioNTech Covid-19 Vaccine, Pfizer send select training materials containing information for properly storing, preparing and administering the vaccine to anticipated vaccination sites. Although there is no guarantee that the vaccine will be authorized by FDA, given the urgency of the pandemic, providing these materials in advance will enhance sites' preparation. Materials, specifications and assumptions are subject to change. For the most up-to-date materials upon authorization, please visit www.cvdvaccine.com. Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

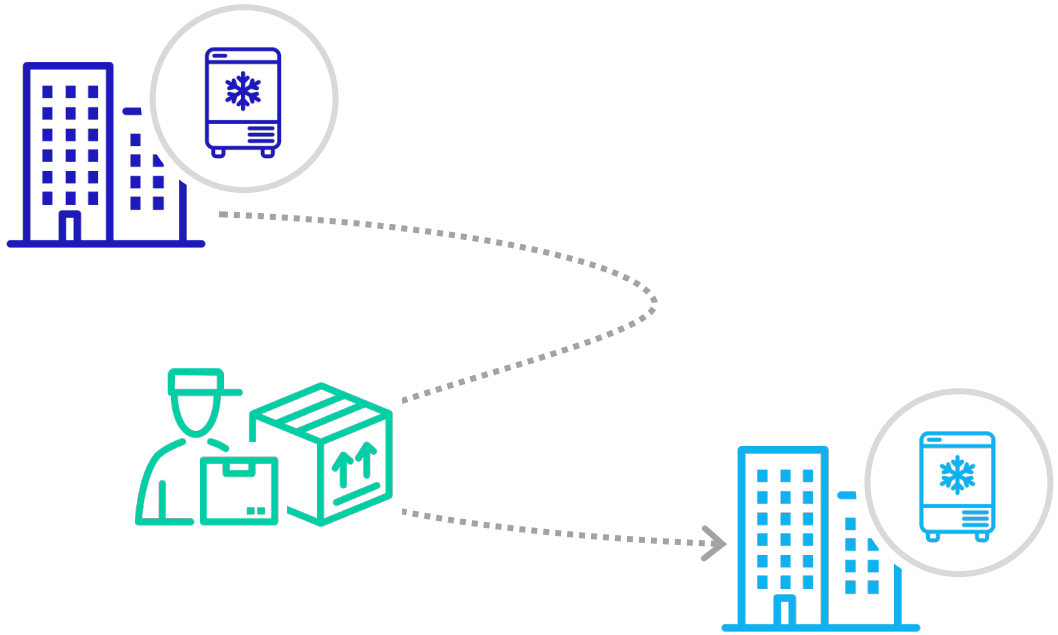
Preparing to Transport or Ship

Transferring full trays to an Ultra-Low Temperature (ULT) container (-90° to -60°C)

- Trays that arrive in frozen trays with 195 vials – which are kept closed – should not be at room temperature for longer than 5 minutes.
- Before repacking the vials into another thermal shipping container for transport, bring the vials back to -90° to -60°C (ULTF or Pfizer Thermal Shipper) before transferring to new container.
- Pfizer does not recommend the re-use of its Thermal Shipper for redistribution due to the potential for damage to the container and to ensure that it is returned no later than 30 days after receipt.

EXAMPLE

A centralized ultra low temperature freezer (ULTF) point of distribution (POD) receives vaccine shipment in a Pfizer Thermal Shipper then after a few days redistributes some quantity to another site with a ULTF.



AMERICAN OVERSIGHT

Although there is no guarantee that the vaccine will be authorized by FDA, given the urgency of the pandemic, providing these materials in advance will enhance sites' preparation. Materials, specifications and assumptions are subject to change. For the most up-to-date materials upon authorization, please visit www.cvdvaccine.com. Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

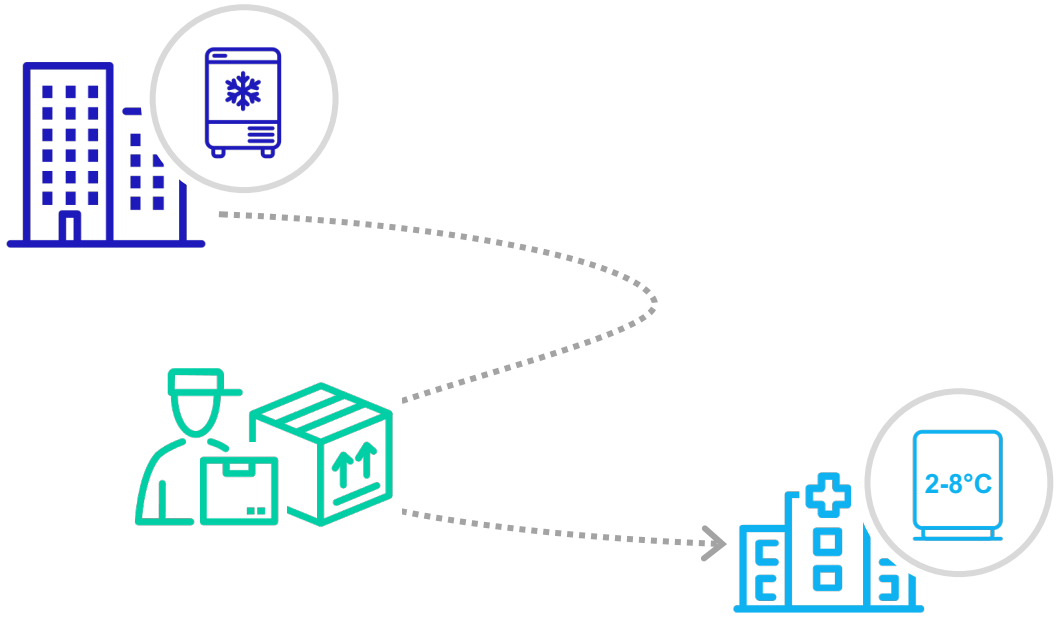
Preparing to Transport or Ship

Transferring vials or full trays to a refrigerated container (2° to 8°C)

- Based on current stability studies, a tray of 25 vials or 195 vials may take up to 2 or 3 hours to thaw in the refrigerator, respectively, whereas a fewer number of vials will thaw in less time. Vials may be stored in the refrigerator for up to 5 days (120 hours).
- If less than a full tray is repacked for redistribution, POD will need to provide smaller packaging unit that is transported via reputable courier or a temperature control vehicle (TCV).
- Repacking should be done in a 2° to 8°C environment whenever possible. Otherwise, time at room temp should be tracked and minimized to stay within the 2-hour allowance for room temperature.
- If using 2° to 8°C for transportation, POD needs to have a process to ensure that the 12 hours available for transportation at 2° to 8°C is not exceeded.
- The 12 hours available for transportation should be included as part of the total allowable 120 hours of product stability at 2° to 8°C.

EXAMPLE

A centralized ultra low temperature freezer (ULTF) point of distribution (POD) receives vaccine shipment in a Pfizer Thermal Shipper then after a few days redistributes to a rural area or point of use (POU) with a 2° to 8°C refrigerator.



AMERICAN OVERSIGHT
Breakthroughs that change patients' lives

Current as of December 2020, Operation Warp Speed has requested that prior to the potential FDA authorization of the Pfizer-BioNTech Covid-19 Vaccine, Pfizer send select training materials containing information for properly storing, preparing and administering the vaccine to anticipated vaccination sites. Although there is no guarantee that the vaccine will be authorized by FDA, given the urgency of the pandemic, providing these materials in advance will enhance sites' preparation. Materials, specifications and assumptions are subject to change. For the most up-to-date materials upon authorization, please visit www.cvdvaccine.com. Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

Preparing to Transport or Ship

Labeling of Packaging for Shipping

- Ensure appropriate United Nations Number markings as indicated in the IATA Dangerous Goods Regulations are indicated on the outside of the packaging based on the type of battery used for the temperature monitoring device.
- If shipping in a -90° to -60°C using dry ice, thermal container should be marked with Dry Ice UN1845.

AMERICAN OVERSIGHT
Breakthroughs that change patients' lives

Current as of December 2020, Operation Warp Speed has requested that prior to the potential FDA authorization of the Pfizer-BioNTech Covid-19 Vaccine, Pfizer send select training materials containing information for properly storing, preparing and administering the vaccine to anticipated vaccination sites. Although there is no guarantee that the vaccine will be authorized by FDA, given the urgency of the pandemic, providing these materials in advance will enhance sites' preparation. Materials, specifications and assumptions are subject to change. For the most up-to-date materials upon authorization, please visit www.cvdvaccine.com. Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

Transporting or Shipping

General Guidelines

- Product packaging for transportation or shipping
  - An appropriate container should be used to minimize the potential for vials to be jostled. If vials are inadvertently bumped, they should be righted, however the risk to the product is minimal and vials which are temporarily knocked over may still be used.
  - If being transported outside of original trays, vials must be packaged securely to avoid breakage and to prevent vials from rolling during transport.
  - It is recommended that whenever possible that frozen vials are transported in unopened, full cartons.
  - Product should be stored in an insulated container filled with dry ice or gel packs. Vials should avoid direct contact with dry ice.
  - Packaging should include a temperature monitoring device in/on the insulated container as required by local health boards
- During transportation, frozen vials that are unsecured could become damaged.
- Thawed vials should be kept upright during refrigerated storage.

AMERICAN OVERSIGHT

Current as of December 2020, Operation Warp Speed has requested that prior to the potential FDA authorization of the Pfizer-BioNTech Covid-19 Vaccine, Pfizer send select training materials containing information for properly storing, preparing and administering the vaccine to anticipated vaccination sites. Materials, specifications and assumptions are subject to change. For the most up-to-date materials upon authorization, please visit www.cvdvaccine.com. Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

Transporting or Shipping

General Guidelines *(continued)*

- Rough handling of the thermal shipping container is linked to excessive sublimation of dry ice cooling below -90°C (if dry iced is used)
- Temperature should be controlled and monitored during transportation
- Action/review required in case of incident during transportation (e.g. temp deviation, off-road, unexpected box opening, delay, etc.)
- Ensure that commercial courier/transport provider is licensed to provide commercial transportation and has experience in handling pharmaceutical products/dry ice (if dry ice is used)
- In remote locations or where infrastructure is limited, drones could be a mode of transport for redistribution ensuring appropriate testing.

AMERICAN OVERSIGHT

Materials, specifications and assumptions are subject to change. For the most up-to-date materials upon authorization, please visit www.cvdvaccine.com. Pfizer will not begin shipment of the vaccine labeled until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

FL-DOH-21-0168-A-079637

Transporting or Shipping

Temperature Control Vehicle (TCV) Shipping
When Available

- TCV or refrigerated truck should maintain temperature at 15-25°C throughout transport
- 2-8°C container should be used in addition to the TCV maintaining temperature
- Ideally, same day service is used with an insulated container filled with dry ice or gel packs to ensure product is kept at the right temperature (max 12 hours transportation time at 2-8°C)
- TCV or refrigerated truck can be used for both larger shipments to direct points and milk runs (defined routes with drop-offs at specific points) and deliveries for large or small shipments to multiple points

Tracking Shipment tracked through TCV or device GPS tracking capabilities for real-time shipment status milestones and alerts

AMERICAN OVERSIGHT
Breakthroughs that change patients' lives

Current as of December 2020, Operation Warp Speed has requested that prior to the potential FDA authorization of the Pfizer-BioNTech Covid-19 Vaccine, Pfizer send select training materials containing information for properly storing, preparing and administering the vaccine to anticipated vaccination sites. Pfizer will not begin shipment of the vaccine unless and until FDA has granted an Emergency Use Authorization. PFIZER CONFIDENTIAL.

Transporting or Shipping

Parcel Shipping
When TCV Shipping Not Available

- Expedited transportation service with an insulated container containing dry ice / gel packs to ensure product is kept at the right temperature
- Commercial Couriers/Integrators – Same day or earliest next day delivery service is ideal or fastest available delivery service
- Consider the level of delivery service that the site needs for visibility and event response

Tracking Shipment tracked through traditional courier/integrator tracking services to ensure on-time delivery and exception response

AMERICAN OVERSIGHT

Transporting or Shipping

Air Transport

Air transport of thawed vials at 2-8°C on pressurized and unpressurized aircraft

- Vials must be securely packed in a 2-8°C temperature controlled container appropriate for use on an aircraft
- On unpressurized flights, temperature-controlled containers must maintain 2-8°C even if the outside air temperature is < 2°C to prevent the vials from refreezing.

Air transport of frozen vials at -60 to -80°C on dry ice

- Follow FAA (Federal Aviation Administration) / IATA (International Association of Transportation Authorities) guidelines for shipping dry ice on aircrafts.
- The equilibrium temperature of dry ice changes as a result of air pressure. Unpressurized aircraft transporting the vaccine on dry ice should not exceed an altitude of 25,000 feet in order to maintain the vaccine within the labeled storage condition.

Receiving

General Guidelines

- Confirm the receiving point of use (POU) has the necessary ancillary supplies to support vaccine storage and administration.
- Ensure the receiving POU is staffed appropriately and able to administer the vaccine within the stability timeline.
- Prior to redistribution and accounting for transport time, make sure there will be enough product stability time left for the receiving POU to be able to administer the vaccine.
- Clearly communicate with receiving POU on exact time of vaccine delivery to ensure readiness.
- Receiving POU must be an authorized COVID-19 vaccine site by local health boards.

FL-DOH-21-0168-A-079641

Receiving

Storage Considerations at point of use (POU)

- While planning the redistribution strategy, ensure receiving POU has the appropriate ability and capacity to store product at the necessary temperature.
- Check vaccine temperature upon arrival at the receiving POU and store vaccines at recommended temperatures immediately.
- If there is a temperature excursion, please contact Pfizer using this link.
- Immediately upon arrival at the receiving POU, vaccines should be stored in an appropriate storage unit with a temperature monitoring device. Follow these guidelines for monitoring and recording storage unit temperature:
  - If the device displays min/max temperatures, this information should be checked and recorded.
  - If the device does not display min/max temperatures, then the current temperature should be checked and recorded a minimum of two times (at the start and end of the workday).
- If vaccines cannot be stored in an on-site storage unit, they should be kept in the portable vaccine storage unit using the following guidance:
  - Place a temperature monitoring device (preferably with a probe in a thermal buffer) as close as possible to the vaccines, and check and record temperatures hourly.
  - Keep the container closed as much as possible.

Returning Leftover Vaccine

Follow local health board guidelines for storing vaccine at temporary or off-site locations. Some local health boards may require all unused/undiluted vaccine be returned to a registered hub site at the end of the day for longer-term storage.

From: Riggen, Amy
To: McKinstry, Molly; McCoy, Steve
Subject: redistribution questions
Date: Thursday, December 17, 2020 3:17:15 PM

- Transfers should only be started for vaccine that will be used as soon as it arrives at the new location
- Redistribution should not take place for long term storage
- Move only the amount of vaccine that is needed for immediate vaccination efforts
- Once a Pfizer vaccine has been removed from the tray, the thawing process has begun.
- Pfizer vials cannot be returned to the thermal shipping container or to an ultra-cold freezer
- Pfizer vaccine once thawed, is viable for up to 120 hours 2-8C
- Pfizer vaccine may be transported at 2-8C if needed
- After 120 hours, Pfizer vaccine must be used or discarded
- Hours of the transport count against the 120 hour limit
- If needed, Pfizer vaccine may be transported in it's original shipping container with dry ice or in a portable ultra-cold freezer that can maintain a temperature of -80C - Only full trays of the Pfizer vaccine can be redistributed using this method

AMERICAN OVERSIGHT

From: Hess, Erin E
To: Anspaugh-Naples, Stephanie
Cc: Otis, Aaron
Subject: Seminole Tribe
Date: Friday, December 18, 2020 8:18:04 AM

Had our call this AM. Was quick.

All MOUs with CHDs are completed (Polk is being signed today).
They had some questions about adverse reporting that Halsey addressed and will send them info.
They anticipate having vaccine in the next 7 – 10 days and will prioritize their health care and public safety staff.

No call 12/25 or 01/01. Next call will be Dec 30. Normal Friday schedule will resume 01/08.

Erin E. Hess

Maybe make a Pfizer folder to clean up the documents a bit? And plan for a Moderna folder?

AMERICAN OVERSIGHT

From: Riggen, Amy
To: Hardin, Brandon (HHS/IOS)
Subject: shipments
Date: Sunday, December 13, 2020 1:06:55 PM

Good afternoon Brandon –

We are using the Controlant Dashboard to track shipments. This morning I noticed a shipment to Pensacola. Would that be to a military base there? Just wanted to make sure since we did not allocate any to Escambia County for Pfizer week #1.

Thanks,
Amy

Cc:	Bielling, Jeffery; Lock, Ryan
Subject:	sit repot
Date:	Tuesday, December 15, 2020 1:51:00 PM
Importance:	High

While we work out the details on what else to include, I wanted to be clear on what we know will be required and by whom. As always, subject to change….

Due by 4 PM each day,

Danielle – send the number of vaccines administered for that day along with the total vaccinations administered cumulatively and an average vaccinations given per day.

Baskar – send the amount of each type of vaccine (Pfizer and Moderna, etc… as more become available) that has been shipped, the amount currently on hand in inventory.

Jeff/Amy – amount of vaccine allocated to Florida that has not been designated to a particular facility.

Thanks,
Amy

Why don’t you go ahead and come to EOC this morning.

They’ll want to see tracking in tiberius and once we get some pfizer numbers they may want to start planning.

If things quiet down after that you can go back over to 4025.

When you get a chance will you check to see if Moderna got moved to production?

If they haven't can you check around noon and then again around 5?

Thanks!!

Good morning –

I know Danielle is on her way in, but Azia if you could check that would be great. Wondering if our Moderna 162,000 got moved to production.

Thanks,
Amy

From: Riggen, Amy
To: Rhodes, Halsey; Cobb, James; Brogdon, Wendy S
Subject: transfer
Date: Thursday, December 17, 2020 12:54:56 PM

So I need someone to call Palm Beach CHD Vaccine Coordinator and discuss the transfer protocol. It's likely they will be transferring some of their Moderna allocation arriving next week to 4 of the LTCF in Miami.

I haven't heard if the ER got submitted or approved yet, but those steps can be shared because it lays it out pretty well.

Please let me know when this gets done.

Now, this could change, so please inform Palm Beach that this MAY be happening. I'm not sure when they'll let Dr. Alonso know. Maybe if we could move to later this afternoon to do, she'll have been notified or atleast it will have been discussed with her by then.

Is this the patient's first or second dose of the COVID-19 vaccination? ☐ First Dose ☐ Second Dose

SECTION 2: COVID-19 SCREENING QUESTIONS

Please check YES or No for each question.	**Yes**	**No**
1. Are you sick today?		
2. Have you had a severe allergic reaction to a previous dose of this vaccine or to any of the ingredients of this vaccine?		
3. Do you carry an Epi-pen for emergency treatment of anaphylaxis?		
4. For women, are you pregnant or is there a chance you could become pregnant?		
5. For women, are you breastfeeding		
6. In the past two weeks, have you tested positive for COVID-19?		
7. Have you had in the last 10 days fever, chills, cough, shortness of breath, difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea, vomiting, or diarrhea?		

SECTION 3: IMMUNIZATION SCREENING GUIDANCE FOR COVID-19 VACCINE

Please check YES or No for each question.	**Yes**	**No**
8. Do you have allergies or reactions to any medications, foods, vaccines, or latex? Please explain:		
9. Are you immunocompromised or on a medicine that affects your immune system?		
10. Do you have a bleeding disorder or are you on a blood thinner/blood-thinning medication?		
11. Have you received a previous dose of any COVID-19 vaccine? If yes, which manufacturer's vaccine did you receive:		

- I certify that I am: (a) the patient and at least 18 years of age; (b) the parent or legal guardian of the patient and confirm that the patient is at least 16 years of age; or (c) authorized to consent for vaccination for the patient named above. Further, I hereby give my consent to the Florida Department of Health (DOH) or its agents to administer the COVID-19 vaccine.
- I understand that this product has not been approved or licensed by FDA, but has been authorized for emergency use by FDA, under an EUA to prevent Coronavirus Disease 2019 (COVID-19) for use in individuals 16 years of age and older; and the emergency use of this product is only

AMERICAN OVERSIGHT

authorized for the duration of the declaration that circumstances exist justifying the authorization of emergency use of the medical product under Section 564(b)(1) of the FD&C Act unless the declaration is terminated or authorization revoked sooner.

- I understand that it is not possible to predict all possible side effects or complications associated with receiving vaccine(s). I understand the risks and benefits associated with the above vaccine and have received, read and/or had explained to me the Emergency Use Authorization Fact Sheet on the COVID-19 vaccine I have elected to receive. I also acknowledge that I have had a chance to ask questions and that such questions were answered to my satisfaction.
- I acknowledge that I have been advised to remain near the vaccination location for approximately 15 minutes after administration for observation. If I experience a severe reaction, I will call 9-1-1 or go to the nearest hospital.
- On behalf of myself, my heirs and personal representatives, I hereby release and hold harmless the State of Florida, the Florida Department of Health (DOH), and their staff, agents, successors, divisions, affiliates, subsidiaries, officers, directors, contractors and employees from any and all liabilities or claims whether known or unknown arising out of, in connection with, or in any way related to the administration of the vaccine listed above.
- I acknowledge that: (a) I understand the purposes/benefits of Florida SHOTS, Florida's immunization registry and (b) DOH will include my personal immunization information in Florida SHOTS and my personal immunization information will be shared with the Centers for Disease Control (CDC) or other federal agencies.
- I further authorize DOH or its agents to submit a claim to my insurance provider or Medicare Part B without supplemental coverage payment for me for the above requested items and services. I assign and request payment of authorized benefits be made on my behalf to DOH or its agents with respect to the above requested items and services. I understand that any payment for which I am financially responsible is due at the time of service or if DOH invoices me after the time of service, upon receipt of such invoice.
- I acknowledge receipt of the Notice of Privacy Rights.

Subject: Vaccine Redistribution
Date: Thursday, December 17, 2020 8:45:30 AM

CDC recognizes that **redistribution** of vaccine may be required by state and local immunization programs. Based on information to date from the manufacturer, for the Pfizer-BioNTech COVID-19 Vaccine, immunization planners should consider the following:

- *Jurisdictions should only start the redistribution process for product that will be used as soon as it arrives at the new location. You should not redistribute product to a new location for long term storage.*
- *Move only the amount of vaccine that is needed at the satellite locations/clinics.*
- *Once a vaccine vial has been removed from the tray, the thawing process has begun. The vial cannot be returned to the thermal shipping container or to an ultra-cold freezer.*
- *Vaccine, once thawed, is viable for up to 120 hours at 2-8C. Vaccine may be transported at 2-8C if needed. After 120 hours, vaccine must be used or discarded. Any hours used for transport count against the 120-hour limit.*
- *If needed, ultra-frozen vaccine may be transported in its original shipping container with dry ice or in a portable ultra-cold freezer that can maintain a temperature of -80º C, however, only full trays of vaccine can be redistributed using this method in order to reduce the likelihood of damaging the vaccine vials in transit.*

So….thinking we should add a statement on our imms page website where it takes them to COVID enrollment and the SHOTS page that the minimum order for Pfizer vaccine is 975 and Moderna is 100.

Here is the data requested. I don't have the allocated info. What we have is the doses shipped info from CDC. The data is as of 1/25/2021 11:59 pm. With respect to Publix, we ship it to their central/depot location and they internally transfer it individual site. We do not ship to individual Publix sites in Brevard county directly. If Publix has documented some of their internal transfers in FLSHOTS (may not be complete information), do you want me to include them here?

AMERICAN OVERSIGHT

Good afternoon,

Please see below records request which has been acknowledged and provided reference number in subject line. Please notify the Public Records Section should your program office have any responsive materials. If it requires longer than 30 minutes to gather and review information, please estimate the amount of time needed and notify the Public Records Section, so an invoice may be prepared for the requester prior to processing request.

Each program office is required to review the responsive records thoroughly before submitting to the Public Records Section for release to ensure no confidential or exempt information is present. If any of the materials provided are redacted, please provide the appropriate statutory reference when providing the materials to the Public Records Section. If you have any additional questions, please feel free to contact the Public Records Section directly.

Thank you

Subject: where vaccines are distributed in Brevard

Good morning, Anita,

Can you please email me the table that shows where the 30,000-plus vaccinations in Brevard County have been distributed to date (how many to the various, specific healthcare providers, how many to specific Publix sites, how many to the health department sites, etc.)?

Thanks,
Jim
