The Florida Department of Health's mission is to protect, promote and improve the health of all people in Florida through integrated state, county, and community efforts.

Please note: Florida has a very broad public records law. Most written communications to or from state officials regarding state business are public records available to the public and media upon request. Your e-mail communication may therefore be subject to public disclosure.

Date: Saturday, January 9, 2021 5:19:14 PM
Attachments: All Publix VFC COVID Spreadsheet.xlsx

Get Outlook for iOS

From: Terminello, Amanda <Amanda.Terminello@flhealth.gov>
Sent: Saturday, January 9, 2021 5:06:38 PM
To: Riggen, Amy <Amy.Riggen@flhealth.gov>
Subject: RE: Publix Update

There were a few duplicates on the previous spreadsheet, my apologies.

Publix update as of now:
- Enrolled = 213
- In progress = 70 (we need to process the section B and assign effort)
- VFC EID = 40 (waiting for section B from publix)
- Pending VFC EID = 95 (we have not started entering on our end yet for them to have access to section B)

Included the differences between last report and this one attached in red font. Hope that helps.

Thanks,
Amanda

Amanda Terminello, MPH, CPH

Not to be a pain but is there anyway they could just send me the new ones from the last report. I have done a bunch of calculations on the spreadsheet and don't want to start over.

Subject: Publix Update

We've fully enrolled 322 Publix stores. Spreadsheet attached with sites in red added today.

Will be opening up the section B for the remaining 95 stores tomorrow in the identified priority counties.

Amanda Terminello, MPH, CPH

CDC Public Health Advisor

Florida Department of Health, Immunization Section
4025 Esplande Way Tallahassee, FL 32311

Office: (850) 901-6931

Cell: (850) 274-6798

The Florida Department of Health's mission is to protect, promote and improve the health of all people in Florida through integrated state, county, and community efforts.

Please note: Florida has a very broad public records law. Most written communications to or from state officials regarding state business are public records available to the public and media upon request. Your e-mail communication may therefore be subject to public disclosure.

Amanda Terminello, MPH, CPH

CDC Public Health Advisor

Florida Department of Health, Immunization Section
4025 Esplande Way Tallahassee, FL 32311

Amanda.Terminello@FLHealth.gov

Office: (850) 901-6931

Cell: (850) 274-6798

The Florida Department of Health's mission is to protect, promote and improve the health of all people in Florida through integrated state, county, and community efforts.

Please note: Florida has a very broad public records law. Most written communications to or from state officials regarding state business are public records available to the public and media upon request. Your e-mail communication may therefore be subject to public disclosure.

To: Riggen, Amy <Amy.Riggen@flhealth.gov>
Subject: Request from The Clorox Company re: state vaccine program

Dear Amy,

We understand that Clorox Company front-line employees are considered "essential workers," and they may qualify for early access to the COVID-19 vaccine as part of the government's prioritization protocol (as Phase 1B). The purpose of this email is to understand how Florida will be managing this process and how we may best work with you.

We currently have approximately 383 workers at our manufacturing facility in Sunrise, Florida where we make Nutranext vitamins, minerals and other dietary supplements. These items are considered essential because they support people's well-being and health.

In addition, we have six Florida-based engineers who work on-site at our manufacturing facility in the state and across the U.S. installing and maintaining plant equipment to help ensure production of our products continues given the unprecedented public demand.

We understand that details of the state vaccination program are still being developed. With the health and safety of our "essential workers" as a priority, we wanted to reach out to you now to understand the steps you are taking to implement the vaccination program and if there is any information you need from us at this point.

In addition to confirming that our on-site workers can be included in Phase 1B, we are hoping to learn more about the following:

- How and when Florida will be rolling out the vaccine to Phase 1B workers, including potential costs
- What type of communications and documentation we should provide our employees to help them receive a vaccination
- If we should be prepared to use the Vaccine Administration Management System (VAMS) to participate in the state's programs.

Thank you for your time and help.

Kind regards,

AMERICAN OVERSIGHT

Susan

AMERICAN OVERSIGHT

Lista de verificación antes de la vacunación contra el COVID-19

Para quienes reciban la vacuna:

Las siguientes preguntas nos ayudarán a determinar si hay alguna razón por la cual usted no debería ponerse la vacuna contra el COVID-19 hoy.
Si responde "sí" a alguna pregunta, eso no significa necesariamente que no debería vacunarse. Solo quiere decir que podrían hacerle preguntas adicionales. Si no entiende alguna pregunta, pídale a su proveedor de atención médica que se la explique.

Nombre del paciente _____

Edad _____

	Sí	No	No sé
1. ¿Se siente enfermo hoy?			
2. ¿Ha recibido alguna vez una dosis de la vacuna contra el COVID-19?			
• Si la respuesta es "sí", ¿cuál vacuna le pusieron? ☐ Pfizer ☐ Moderna ☐ Otro producto _____			
3. ¿Ha tenido alguna vez una reacción alérgica a lo siguiente? (Esto incluye una reacción alérgica grave [p. ej., anafilaxis] que haya requerido tratamiento con epinefrina o EpiPen®, o que haya hecho que tuviera que ir al hospital. También incluye una reacción alérgica que haya ocurrido dentro de 4 horas y que haya causado ronchas, inflamación o dificultad para respirar, incluso sibilancias).			
• Un componente de la vacuna contra el COVID-19, como el polietilenglicol (PEG), que se encuentra en algunos medicamentos como los laxantes y preparaciones para los procedimientos de colonoscopia			
• Polisorbato			
• Una dosis previa de la vacuna contra el COVID-19			
4. ¿Ha tenido alguna vez una reacción alérgica a otra vacuna (que no sea la vacuna contra el COVID-19) o a un medicamento inyectable? (Esto incluye una reacción alérgica grave [p. ej., anafilaxis] que haya requerido tratamiento con epinefrina o EpiPen®, o que haya hecho que tuviera que ir al hospital. También incluye una reacción alérgica que haya ocurrido dentro de 4 horas y que haya causado ronchas, inflamación o dificultad para respirar, incluso sibilancias).			
5. ¿Ha tenido alguna vez una reacción alérgica grave (p. ej., anafilaxis) a otra cosa que no sea un componente de la vacuna contra el COVID-19, al polisorbato, o a alguna vacuna o medicamento inyectable? Esto incluye alergias a alimentos, mascotas, medioambiente o medicamentos que se toman por la boca.			
6. ¿Ha recibido alguna vacuna en los últimos 14 días?			
7. ¿Ha tenido alguna vez un resultado positivo en la prueba del COVID-19 o un médico le ha dicho que usted tuvo COVID-19?			
8. ¿Ha recibido terapia pasiva con anticuerpos (anticuerpos monoclonales o suero de convaleciente) como tratamiento para el COVID-19?			
9. ¿Tiene el sistema inmunitario debilitado debido a algo como infección por el VIH o cáncer, o usa medicamentos o terapias inmunodepresores?			
10. ¿Tiene un trastorno hemorrágico o toma un anticoagulante (*blood thinner*)?			
11. ¿Está embarazada o amamantando?

Distribution and Administration Lessons Learned

January 25, 2021
#1 of 2

Title: IT Settings and Email Communications from Controlant

Observation: Administration sites are having issues receiving emails and accessing domains for Controlant's remote onsite temperature monitoring.

Recommendation: Sites need to use Chrome or a browser other than IE. Administration sites should contact their IT support to add the following emails and domains to the allowed list.

support@controlant.com – 24/7 support inbox and line. Contact this address for issues or call 1-701-540-4039 or 1-855-442-668765 to reach the Controlant 24/7 hotline.
onsitemonitoring@controlant.com – All temperature notifications and alerts will come from this email address. This address must be unblocked to receive temperature notifications.
usgov.projects@controlant.com – Inbox for government relations (state & federal) and USG dashboard only. Hospitals/clinics should not contact this address.

Additional email addresses that should be added to the allowed list:
reports@controlant.com
pfizer.logistics@controlant.com
call-center@controlant.com
reverse.logistics@controlant.com

Administration sites can test if their IT system is blocking by opening links in an alert email, or test if their browser opens the following:
https://controlant.com/
https://modalforms.controlant.com
https://eur02.safelinks.protection.outlook.com
https://usg.bi.controlant.info
https://.ct.sendgrid.net

AMERICAN OVERSIGHT

Distribution and Administration Lessons Learned

January 25, 2021
#2 of 2

Title: Reporting Defective Ancillary Supplies

Observation: Administration sites have experienced some defective products within the provided ancillary supply kits. In some cases, jurisdictions have provided reports of defective ancillary supplies to the CDC and the Operation. It is unclear if administration sites and jurisdictions are properly reporting instances of defective supplies into the Vaccine Adverse Event Reporting System (VAERS).

Recommendation: Jurisdictions should report instances of defective supplies through VAERS. This is the official system of record for documenting these events.

Subject: Update: COVID-Supplemental Funding Documents

Good morning! As I noted on Friday, please find the other guidance documents attached. Importantly, note that the application workplan and budget templates are included in these attachments, and please do use these templates for your workplan and budget.

We will be having a call today at 4pm eastern to discuss this funding and the guidance and you will see that information here below (we will also send this out by all-awardee message):

Audio dial-in information:
800-369-3145
Passcode: 9222245

We also will be showing documents using Adobe Connect:
https://cdcizlearn.adobeconnect.com/program/

AMERICAN OVERSIGHT

Workplan: COVID-19 Vaccination Supplemental Funding – January 2021

Awardee:

Supported through the Coronavirus Response and Relief Supplemental Appropriations Act of 2021, P.L. 116-260

AMERICAN OVERSIGHT

NAME OF AWARDEE Workplan: COVID-19 Supplemental Funding– January 2021

INSTRUCTIONS: This template contains all required activities and performance measures. For each required activity, add specific, measurable, achievable, realistic, time-bound (SMART) activities. Other activities and performance measures may be added as needed. The workplan must meet these criteria:

- Text 12 font, single spaced, 1- inch margins, number all pages (not to exceed 25 pages)
- Background, Approach and Program Evaluation and Measurement plan (may be part of applicant work plan if the plan includes SMART objectives and performance measures).
- Utilize the CDC Framework for Evaluation in developing your Evaluation and Measurement Plan https://www.cdc.gov/eval/framework/index.htm

Background

This section should describe the overall context and need for the funding, including the current status of COVID-19 vaccination activities.

Approach *(main body of the application)*

This section must:

- Describe activities by **phases 1a, 1b, 1c, phase 2, and phase 3**. Plans and activities for each phase must be described.
- Refer to the **Programmatic Guidance document** and to the **COVID-19 Vaccination Playbook** as you develop your workplan and budget: COVID-19 Vaccination Program Operational Guidance (cdc.gov)
- Describe specific, measurable, achievable, realistic, and time-bound (SMART) objectives, activities, outcomes, and performance measures (see job aid below on page 3).
- Place an asterisk on those activities you are **associating with the requirement that a minimum of 10% of funding** is for activities focused on high-risk and underserved populations including racial and ethnic minority populations and rural communities.

1. Increase COVID-19 vaccination capacity across the jurisdiction, including among high-risk and underserved populations

Increase the number of vaccine provider sites, including through the use of pharmacies. This can be done through a competitive application process, through enrollment of specific providers into such a program, or through other means

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

AMERICAN OVERSIGHT

Performance Measure (PM) 1.1: Number of new vaccine providers, by type, enrolled as COVID-19 providers in the past quarter. (Provider types as listed on the COVID-19 Provider Agreement)

Enroll/train vaccine providers, including complementary providers, to build capacity to vaccinate pediatric and adult populations in accordance with ACIP recommendations.

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

PM 1.2: Number of vaccine providers trained in proper vaccine administration and in vaccine storage/handling in the past quarter.

Enlist/educate adult providers, including specialists that see high risk patients, to identify and refer patients to vaccination clinics if they are not themselves vaccinators

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

PM 1.3: Number of adult health care providers trained in the past quarter for the purposes of ensuring patients are appropriately immunized or referred for vaccinations.

Fund local health departments to **expand** their **operations** (e.g., providing vaccinations during evenings, overnight, and on weekends) and to **increase** their **throughput**

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

AMERICAN OVERSIGHT

PM 1.4: Number and percent of health departments with expanded operations in the past quarter. List examples of that expanded operations.

Support public health **workforce recruitment and training** including working with health providers from rural communities, communities of color, and/or communities of high social vulnerability. (CDC's Social Vulnerability Index (SVI))

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

PM 1.5: Number of new public health workers hired (FTE, contractor, etc) in the past quarter

Implement **vaccine strike teams, mobile vaccine clinics, satellite clinics, temporary, or off-site clinics** to travel and provide vaccination services in non-traditional settings and/or to supplement the work of local health departments in underserved communities

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

PM 1.6: Number and percent of strike teams, mobile clinics, or temporary off-site clinics held in the past quarter in underserved communities.

PM 1.7: Number of vaccine doses provided through strike teams, mobile clinics, or temporary off-site clinics in the past quarter in underserved communities.

2. Ensure high-quality and safe administration of COVID-19 vaccines

Implement **site visits** to COVID-19 vaccination clinics to provide monitoring and quality assurance support (supportive supervision) and to promote quality improvement.

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

AMERICAN OVERSIGHT

PM 2.1: Number and percent of site visits (in-person and virtual) to COVID-19 vaccination clinics in the past quarter for the purposes of ensuring proper vaccine administration, proper vaccine storage and handling, and improved quality assurance. Describe key issues identified and how resolved.

Support vaccine administration sites by responding to issues, questions, and ensuring training as needed for new products or changes to products

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

PM 2.2: Number and percent of COVID-19 provider sites supported in the past quarter through trainings or response to issues/questions.

Provide **supplies (including personal protective equipment (PPE)), equipment, and training** to providers and partners for:

- ☐ **Vaccine storage and handling**, including monitoring **temperature** of vaccines
- ☐ **Vaccine transport, including any vaccine-specific considerations,** for temporary mass vaccination clinics.
- ☐ **Vaccine administration**

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

PM 2.3: Number of supplies/equipment, by type, delivered to providers and partners for vaccine storage and handling, in the past quarter. (Types: temperature monitoring devices, refrigerators, freezers, other). Describe any concerns regarding ability to obtain needed supplies/equipment.

AMERICAN OVERSIGHT

PM 2.4: Number of supplies/equipment, by type, delivered to providers and partners for vaccine transport, in the past quarter. (Types: temperature monitoring devices, mobile vaccine storage units, other). Describe any concerns regarding ability to obtain needed supplies/equipment.

PM 2.5: Number of supplies/equipment, by type, delivered to providers and partners for vaccine administration, in the past quarter. (Types: needles, syringes, PPE, other).Describe any concerns regarding ability to obtain needed supplies/equipment.

Ensure vaccine administration sites have appropriate capabilities to **address adverse events, including anaphylaxis**

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

PM 2.6: Number and percent of COVID-19 administration sites that have been assessed by the awardee as capable of addressing adverse events including anaphylaxis in the past quarter. The assessment should include that the provider has epinephrine on site, equipment to measure vital signs, and antihistamines.

Support **provider training and reporting of vaccine adverse events** to VAERS

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

PM 2.7: Number and percent of provider sites trained on how to report to VAERS in the past quarter.

3. Ensure equitable distribution and administration of COVID-19 vaccines

Monitor **vaccination coverage** among population subgroups, identifying populations and geographic areas with low coverage. **Implement and evaluate interventions** and direct vaccine and vaccination efforts to increase coverage

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**

AMERICAN OVERSIGHT

(add more rows as needed)		

PM 3.1: Number of people and percent of population vaccinated with COVID-19 vaccine, by subgroups (subgroups are not mutually exclusive):

CDC will track and capture these data separately through other sources.

- ☐ Health care personnel
- ☐ Long-term care facility residents
- ☐ Front line essential workers
- ☐ Persons aged ≥75 years
- ☐ Persons aged 65–74 years
- ☐ Persons aged 16–64 years with high-risk medical conditions
- ☐ All persons aged ≥16 years

Monitor and improve access to vaccinations in communities of high social vulnerability. (CDC's Social Vulnerability Index (SVI))

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

PM 3.2: Describe work to monitor and improve access to vaccinations in underserved communities or communities of high social vulnerability in the past quarter.

Continue and expand on the work of **Vaccine Equity Committees (or similar committees)** to ensure transparency and engagement with the community

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

AMERICAN OVERSIGHT

PM 3.3: Number of Vaccine Equity Committee (or similar) meetings held in the past quarter. Describe key activities of the committee in the past quarter.

Have a written plan to **address high-risk and specific populations** (including older adults) and how to reach each group, including **congregate settings (e.g. correctional facilities), homeless populations, essential workers**, and others.

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

PM 3.4: These plans, including related performance measures, must be included as part of the workplan due within 45 days of the NOA. If additional time is needed, these plans may be received no later than July 1, 2021.

Partner, plan, and implement vaccination activities with **critical organizations**. These organizations could include but are not limited to:

- ☐ Colleges and Universities
- ☐ Occupational health settings for large employers
- ☐ Churches or religious institutions
- ☐ Federally Qualified Health Centers (FQHCs), including Community Health Centers (CHCs)
- ☐ Pharmacies
- ☐ Long-term care facilities (LTCFs), including independent living facilities, assisted living centers, and nursing homes
- ☐ Organizations and businesses that employ critical workforce
- ☐ First responder organizations
- ☐ Non-traditional providers and locations that serve high-risk populations
- ☐ Other partners that serve underserved populations

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

AMERICAN OVERSIGHT

PM 3.5: Number and type of partner organizations that have implemented COVID-19 vaccination activities in the past quarter. Include also a short statement of the activities.

Plan and implement vaccination activities with organizations and business that employ **frontline essential workers**

"ACIP used CISA guidance to define **frontline essential workers** as the subset of essential workers likely at **highest risk for work-related exposure** to SARS-CoV-2, the virus that causes COVID-19, because their work-related duties must be performed on-site and involve being in close proximity (<6 feet) to the public or to coworkers. ACIP has classified the following non–health care essential workers as frontline workers: **first responders (e.g., firefighters and police officers), corrections officers, food and agricultural workers, U.S. Postal Service workers, manufacturing workers, grocery store workers, public transit workers, and those who work in the education sector (teachers and support staff members) as well as child care workers**."
(The Advisory Committee on Immunization Practices' Updated Interim Recommendation for Allocation of COVID-19 Vaccine — United States, December 2020 | MMWR (cdc.gov))

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

PM 3.6: Has the awardee initiated vaccination planning (or implemented vaccination activities) with the following industries or business sectors in the past reporting period: first responders, corrections, food/agricultural workers, postal workers, manufacturing workers, grocery store workers, public transit workers, teachers and educational support staff, child care workers.

4. Increase vaccine confidence through education, outreach, and partnerships
Enhance/amplify messaging (including through translation) to promote COVID-19 vaccination, especially among underserved populations (see also CLAS Standards - Think Cultural Health (hhs.gov)

AMERICAN OVERSIGHT

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

PM 4.1: Describe COVID-19 communication / education activities, including among underserved and racial and ethnic minority populations, in the past quarter.

Fund local **education campaigns** and approaches to adapting CDC materials to community audiences, including a focus on racial and ethnic minority groups

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

PM 4.1: Describe COVID-19 communication / education activities, including among underserved and racial and ethnic minority populations, in the past quarter. ***(same as above)***

Share educational, outreach and marketing approaches and materials with CDC and others engaged in similar activities to allow for national dissemination. Recipients are reminded to be cognizant of the statutory and policy requirements for acknowledging HHS/CDC funding when issuing statements, press releases, publications, requests for proposal, bid solicitations and other documents in accordance with CDC General Terms and Conditions for Non-research Awards - Acknowledgement of Federal Funding in your base award.

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

PM 4.2: Describe efforts to regularly share educational and outreach materials with CDC and/or others (e.g., Association of Immunization Managers, National Public Health Information Coalition in the past quarter for the purpose of facilitating national dissemination

AMERICAN OVERSIGHT

Address vaccine education efforts to include addressing possible vaccine **misinformation** and increase **vaccine confidence and vaccine uptake,** including with racial and ethnic minority groups

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

PM 4.3: Describe work in the past quarter to address vaccine misinformation and to increase vaccine confidence and uptake, especially with racial and ethnic minority populations.

Fund local health department contracts to promote COVID-19 and other vaccinations to increase vaccine confidence in racial and ethnic minority groups and to increase accessibility for people with disabilities

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

PM 4.3: Describe work in the past quarter to address vaccine misinformation and to increase vaccine confidence and uptake, especially with racial and ethnic minority populations. ***(same as above)***

5. Develop and implement community engagement strategies to promote COVID-19 vaccination efforts

Support broad education efforts that explain to the public options for how/where/when they can get COVID-19 vaccine in their communities.

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

AMERICAN OVERSIGHT

(This will be measured using PM 4.1: Describe COVID-19 communication / education activities, including among underserved and racial and ethnic minority populations, in the past quarter.)

Fund partnerships for **community engagement to identify trusted voices that represent the diversity of affected communities** to promote vaccination and have bidirectional conversations in communities with vaccine hesitancy. These partnerships need to reflect the diversity of the jurisdiction's population.

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

PM 5.1: Describe the work of funded partnerships to engage with trusted communities, in the past quarter, promoting COVID-19 vaccination.

Implement a **rapid community assessment** guide to diagnose potential barriers and **identify solutions to low vaccine uptake or vaccine confidence** in specific communities.

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

PM 5.2: Describe potential barriers and solutions, identified in the past quarter, for low vaccine uptake in specific communities.

Fund **community-based organizations** and build local partnerships or coalitions to allow for coordinated activities across community organizations working to **promote vaccine confidence**. Examples of community-based organizations include social service agencies, nonprofit organizations, and formal and informal community groups, like neighborhood groups or recreational or special-interest clubs.

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**

AMERICAN OVERSIGHT

(add more rows as needed)		

PM 5.3: Number of type of funded community-based organizations and/or coalitions that have engaged in activities, in the past quarter, to promote vaccine confidence. Provide short descriptions of that work.

6. Support high vaccination uptake in tribal nations

As applicable, provide funding to support **Tribal Health Programs and Urban Indian Organizations** (e.g., for supplies, educational/communication materials, storage and handling equipment).. Any funding provided to Tribal Health Programs and Urban Indian Organizations should complement efforts supported through the Indian Health Service.

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

PM 6.1: Funding to Tribal Health Programs or Urban Indian Organizations should be reflected in the budget submitted within 45 days.

Collaborate with Tribal organizations to develop **culturally appropriate materials** for their specific American Indian/Alaska Native (AI/AN) populations, as appropriate.

Partners to consider funding include, but are not limited to:

- ☐ Tribal Health Programs and Urban Indian Organizations
- ☐ Tribal Epidemiology Centers (TECs)
- ☐ Area Indian Health Boards
- ☐ Tribal WIC programs
- ☐ Tribal daycares
- ☐ Association of American Indian Physicians (AAIP) local affiliates
- ☐ National Association of Indian Nurses of America (NAINA) local affiliates
- ☐ Tribal & Urban Indian Health Immunization Coalition

AMERICAN OVERSIGHT

☐ Alaskan Native Tribal Health Consortium (ANTHC)

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

PM 6.2: Number and description of Tribal organizations collaborating with, in the past quarter, to develop culturally appropriate materials.

7. Use immunization information systems to support efficient COVID-19 vaccination

Promote and implement email and text messaging **reminder/recall** activities at either the state or provider level

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

PM 7.1: Describe work to promote and implement email and text messaging reminder/recall activities in the past quarter.

Monitor and manage the COVID-19 **vaccine supply** in the jurisdiction and ensure that the vaccine is broadly available across the jurisdiction, including in the places where it is needed most

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

PM 7.2: Describe work in the past quarter to monitor COVID-19 vaccine supply ensuring that vaccine is where it is most needed.

AMERICAN OVERSIGHT

Enhance IIS vaccine ordering and inventory capabilities including improving business processes and tools for vaccine ordering and tracking inventory, use of the ExIS interface with VTrckS, training of providers, capacity for vaccine order reviews, automated tools to improve data quality (e.g., address validation), and help desk staffing

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

PM 7.3: Describe work in the past quarter to update the IIS to include the COVID-19 vaccine information to support CDS and use of VaccineFinder (in conjunction with the IIS for jurisdictions that will report inventory on behalf of providers).

Develop and enhance health information infrastructure and IIS upgrades to improve data quality and ensure robust reporting at the jurisdiction and Federal level including onboarding to and staff to support ongoing use of the Immunization (IZ) Gateway, COVID-19 Data Clearinghouse, IZ Data Lake, Vaccine Administration Management System (VAMS), VaccineFinder, Privacy Preserving Record Linkage (PPRL) and related systems. Other ideas: Upgrade IIS to the latest version of the platform, support data exchange, enhance IIS analytics and visualization capabilities, move to the cloud. https://www.cdc.gov/vaccines/covid-19/reporting/requirements/index.html

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

PM 7.4: Describe work in the past quarter to ensure data quality (i.e., for providers, vaccine inventory, orders, and doses administered) including data quality metrics that have been assessed. Describe work to triage and address data quality issues (e.g., with provider enrollment data in the Data Lake, provider information in VTrckS, and vaccine administration submitted to the Data Clearinghouse).

Ensure **timely and accurate reporting** of vaccine administration, demographic, and other data. This includes sharing this information with local health entities and other appropriate partners within the jurisdiction.

Activities *(specific,*	**Performance Measures** *(in addition to the*	**Phase**

AMERICAN OVERSIGHT

measurable, timebound)	*CDC required performance measure(s) below)*	
(add more rows as needed)		

PM 7.5: Describe efforts in the past quarter to ensure timely and accurate reporting of vaccine administration, demographic, and other data, including metrics that have been used to measure and monitor improvements. Describe work to onboard to the IZ Gateway to ensure IIS access to doses administered from partners and other jurisdictions.

Implement and support systems to provide consumer access to immunization records including methods to securely document COVID-19 vaccination using a “digital vaccination card”.

Activities *(specific, measurable, timebound)*	**Performance Measures** *(in addition to the CDC required performance measure(s) below)*	**Phase**
(add more rows as needed)		

PM 7.6: Describe activities in the past quarter to implement secure consumer access to immunization records, including methods using a digital vaccination card.

Program Evaluation and Measurement Plan

This section should:

- Describe a strong approach to evaluating the success of the project through reference to CDC’s Framework for Evaluation.
- Describe a clear approach for tracking progress on SMART objectives, activities, outcomes and performance measures.
- Describe planned participation with partners.
- Describe clear monitoring and evaluation procedures that will be incorporated into planning and implementation

AMERICAN OVERSIGHT

COVID-19 Supplemental Funding (January 2021)
Budget Narrative Template
Awardee Name: Choose an item.

Total Funding Amount:

Brief Summary of Proposed Plan:
Refer to the Programmatic Guidance document and to the COVID-19 Vaccination Playbook as you develop your workplan and budget: COVID-19 Vaccination Program Operational Guidance (cdc.gov)

At least 10% of your total budget must fund activities with high-risk and underserved populations, including racial and ethnic minority populations, and rural communities. **Funding for these populations must be clearly designated with an asterisk within this budget**; any reviewer must be able to easily identify the 10% of your budget allocated for these populations.

Budget must fund the entire budget period through 6/30/2024

AMERICAN OVERSIGHT

IP19-1901: Immunization and Vaccines for Children Program
COVID Cycle 3 Supplemental Funding
FAQs: 1/19/2021

What is the budget period for these funds?

July 1, 2020 - June 30, 2024

Can these COVID-19 supplement funds be used retroactively?

Yes, the funds may be used back to activities conducted since July 1, 2020. The project period on the NOA will show as starting 7/1/2020.

Is the document number for this 3rd COVID-19 supplemental the same as the other COVID supplemental funding?

These funds will appear on an NOA that reflects all the funding that has been dispersed in YR2 – core award, components, previous supplements; however, it will have a separate document number ending in C5.

When is the acknowledgement of funding due?

Within five business days of receipt of this guidance, the Authorized Official is required to acknowledge receipt of this guidance as a grant note. The acknowledgement must be submitted on official letterhead and utilize the "Acknowledgement Letter for IP19-1901 – COVID-19 Supplemental Funds" template.

When is the workplan and budget for this funding due?

Within 45 days of receipt of the Notice of Award (NOA) the application documents must be submitted in GrantSolutions, as a Budget Revision Amendment as part of the applicant's current award (IP19-1901) Budget Period 02.

Can the awardee's COVID-19 vaccination plan be used as the awardee's workplan for the COVID Cycle 3 supplement; highlighting the required activities listed in the guidance?

By itself, the awardee COVID plan will not be a suitable workplan for this funding. There are specific required activities and performance measures associated with this funding. A new workplan will need to be developed. Please see the separate workplan guidance and template.

How do we make changes to our DA IIS contracts?

Please speak with your IISSB consultant for needed changes to your IIS contract.

Are purchases or building alterations to enhance security of vaccine allowed?

Supplies, equipment, or other costs associated with enhancing vaccine security are allowed.

AMERICAN OVERSIGHT

When can awardees begin using these funds (do they need to wait for their workplan and budget to be approved?)

Awardees may begin using these COVID-19 supplemental funds as soon as they receive the Notice of Award. A workplan and budget are required, and restrictions to the funding will take effect as noted within the Programmatic Guidance if the workplan and budget are not received. However, the use of the funds may begin immediately.

Does the extended budget period (through June 30, 2024) of this COVID funding extend to the previously awarded COVID funding?

Yes, all COVID supplements issued under IP19-1901 have a budget period through June 30, 2024. This includes COVID/Flu funding awarded in June 2020 and COVID funding awarded in September 2020, December 2020, and January 2021.

How was the funding amount for each awardee determined?

As dictated by legislative language included in *Coronavirus Response and Relief Supplemental Appropriations Act of 2021, P.L. 116-260,* the funding allotted to each awardee is population-based.

What is the prior approval deadline for these funds (i.e., request for redirections)?

Per federal guidelines, all prior approval requests must be made at least 120 days before the end of the budget period.

If the Authorized Official is no longer in their position, may the Principle Investigator sign the Acknowledgement Letter?

Yes, the PI may sign the letter if the AO is no longer available.

AMERICAN OVERSIGHT

Performance Measure Guidance: COVID-19 Vaccination Supplemental Funding

Performance measures for the COVID-19 January 2021 supplemental funding

Supported through the ***Coronavirus Response and Relief Supplemental Appropriations Act of 2021****, P.L. 116-260*

Funding provided through NCIRD to the 64 immunization jurisdictions

AMERICAN OVERSIGHT

Performance measure guidance for supplemental funding (January 2021) for IP19-1901 Immunization and Vaccines for Children cooperative agreement recipients

Background and Purpose

This document describes the specific performance measures that accompany the required activities described in the separate companion document (the COVID-19 supplemental funding guidance document). The performance measures are intended to be used by NCIRD and recipients to help:

- Support continuous monitoring and examine opportunities to improve performance and implementation of activities;
- Demonstrate accountability and return on investment to stakeholders (e.g., funders, public) by showing how NCIRD funds are being spent; and
- Clarify NCIRD project expectations and priorities.

NCIRD realizes that there are limitations to using performance measures to evaluate the scope of public health work being conducted by the awardees. For example, without a consideration of contextual factors, measures do not always fully represent how strongly or poorly a recipient is doing. Thus, it is important to have other ways of collecting project information to more fully demonstrate performance (i.e., workplan/milestone updates, progress calls, success stories, site visits). NCIRD will rely on a combination of these sources of information in order to more fully assess progress throughout the duration of the project.

Unless stated otherwise within the guidance below, these performance metrics will be collected quarterly through RedCap.

Intended Use of the Guidance

Please take some time to review the guidance and share it with the appropriate staff members in your jurisdiction who are involved in the implementation of these activities. Ensure that you and your staff members understand each measure and how it applies to your jurisdiction. Some of these measures will be monitored through data reporting already coming to CDC. NCIRD recommends that you develop a plan for how you will collect, organize, and synthesize this information for reporting.

While NCIRD has made every effort to consolidate data submission intervals, please note that some measures require a different frequency of reporting than others. Furthermore, due to the relatively long project period, recipients should anticipate and work with NCIRD to re-evaluate and potentially modify some measures due to shifts in priorities during the time frame of this project and efforts to improve the ability to monitor performance and progress. Some additional data collection for other measures may be required, and some measures may eventually become obsolete. NCIRD will make every effort to keep these changes minimal.
If you have questions related to these performance measures, please contact your POB Project Officer.

AMERICAN OVERSIGHT

Performance Measures

Each performance measure follows the relevant required activity. While awardees may describe other performance measures within their workplans, the performance measures described here are required.

1. Increase COVID-19 vaccination capacity across the jurisdiction, including among high-risk and underserved populations

- **Increase the number of vaccine provider sites, including through the use of pharmacies**. This can be done through a competitive application process, through enrollment of specific providers into such a program, or through other means

  Performance Measure (PM) 1.1: Number of new vaccine providers, by type, enrolled as COVID-19 providers in the past quarter. (Provider types as listed on the COVID-19 Provider Agreement)

- **Enroll/train vaccine providers**, including complementary providers, to build capacity to vaccinate pediatric and adult populations in accordance with ACIP recommendations.

  PM 1.2: Number of vaccine providers trained in proper vaccine administration and in vaccine storage/handling in the past quarter.

- **Enlist/educate adult providers**, including specialists that see high risk patients, to identify and refer patients to vaccination clinics if they are not themselves vaccinators

  PM 1.3: Number of adult health care providers trained in the past quarter for the purposes of ensuring patients are appropriately immunized or referred for vaccinations.

- Fund local health departments to **expand** their **operations** (e.g., providing vaccinations during evenings, overnight, and on weekends) and to **increase** their **throughput**

  PM 1.4: Number and percent of health departments with expanded operations in the past quarter. List examples of that expanded operations.

- Support public health **workforce recruitment and training** including working with health providers from rural communities, communities of color, and/or communities of high social vulnerability. (CDC's Social Vulnerability Index (SVI))

  PM 1.5: Number of new public health workers hired (FTE, contractor, etc) in the past quarter .

AMERICAN OVERSIGHT

- Implement **vaccine strike teams, mobile vaccine clinics, satellite clinics, temporary, or off-site clinics** to travel and provide vaccination services in non-traditional settings and/or to supplement the work of local health departments in underserved communities

  PM 1.6: Number and percent of strike teams, mobile clinics, or temporary off-site clinics held in the past quarter in underserved communities.

  PM 1.7: Number of vaccine doses provided through strike teams, mobile clinics, or temporary off-site clinics in the past quarter in underserved communities.

2. Ensure high-quality and safe administration of COVID-19 vaccines

- Implement **site visits** to COVID-19 vaccination clinics to provide monitoring and quality assurance support (supportive supervision) and to promote quality improvement.

  PM 2.1: Number and percent of site visits (in-person and virtual) to COVID-19 vaccination clinics in the past quarter for the purposes of ensuring proper vaccine administration, proper vaccine storage and handling, and improved quality assurance. Describe key issues identified and how resolved.

- Support vaccine administration sites by responding to issues, questions, and ensuring training as needed for new products or changes to products

  PM 2.2: Number and percent of COVID-19 provider sites supported in the past quarter through trainings or response to issues/questions.

- Provide **supplies (including personal protective equipment (PPE)), equipment, and training** to providers and partners for:
  - ✓ **Vaccine storage and handling**, including monitoring **temperature** of vaccines
  - ✓ **Vaccine transport, including any vaccine-specific considerations,** for temporary mass vaccination clinics.
  - ✓ **Vaccine administration**

  PM 2.3: Number of supplies/equipment, by type, delivered to providers and partners for vaccine storage and handling, in the past quarter. (Types: temperature monitoring devices, refrigerators, freezers, other). Describe any concerns regarding ability to obtain needed supplies/equipment.

  PM 2.4: Number of supplies/equipment, by type, delivered to providers and partners for vaccine transport, in the past quarter. (Types: temperature monitoring devices, mobile vaccine storage units, other). Describe any concerns regarding ability to obtain needed supplies/equipment.

  PM 2.5: Number of supplies/equipment, by type, delivered to providers and partners for vaccine administration, in the past quarter. (Types: needles, syringes, PPE, other).Describe any concerns regarding ability to obtain needed supplies/equipment.

AMERICAN OVERSIGHT

- Ensure vaccine administration sites have appropriate capabilities to **address adverse events, including anaphylaxis**

  PM 2.6: Number and percent of COVID-19 administration sites that have been assessed by the awardee as capable of addressing adverse events including anaphylaxis in the past quarter. The assessment should include that the provider has epinephrine on site, equipment to measure vital signs, and antihistamines.

- Support **provider training and reporting of vaccine adverse events** to VAERS

  PM 2.7: Number and percent of provider sites trained on how to report to VAERS in the past quarter.

3. Ensure equitable distribution and administration of COVID-19 vaccines

- Monitor **vaccination coverage** among population subgroups, identifying populations and geographic areas with low coverage. **Implement and evaluate interventions** and direct vaccine and vaccination efforts to increase coverage

  PM 3.1: Number of people and percent of population vaccinated with COVID-19 vaccine, by subgroups (subgroups are not mutually exclusive):

  CDC will track and capture these data separately through other sources.

  - Health care personnel
  - Long-term care facility residents
  - Front line essential workers
  - Persons aged ≥75 years
  - Persons aged 65–74 years
  - Persons aged 16–64 years with high-risk medical conditions
  - All persons aged ≥16 years

- Monitor and improve access to vaccinations in communities of high social vulnerability. (CDC's Social Vulnerability Index (SVI))

  PM 3.2: Describe work to monitor and improve access to vaccinations in underserved communities or communities of high social vulnerability in the past quarter.

- Continue and expand on the work of **Vaccine Equity Committees (or similar committees)** to ensure transparency and engagement with the community

  PM 3.3: Number of Vaccine Equity Committee (or similar) meetings held in the past quarter. Describe key activities of the committee in the past quarter.

AMERICAN OVERSIGHT

- Have a written plan to **address high-risk and specific populations** (including older adults) and how to reach each group, including **congregate settings (e.g. correctional facilities), homeless populations, essential workers**, and others.

  PM 3.4: These plans, including related performance measures, must be included as part of the workplan due within 45 days of the NOA. If additional time is needed, these plans may be received no later than July 1, 2021.

- Partner, plan, and implement vaccination activities with **critical organizations**. These organizations could include but are not limited to:
  - ✓ Colleges and Universities
  - ✓ Occupational health settings for large employers
  - ✓ Churches or religious institutions
  - ✓ Federally Qualified Health Centers (FQHCs), including Community Health Centers (CHCs)
  - ✓ Pharmacies
  - ✓ Long-term care facilities (LTCFs), including independent living facilities, assisted living centers, and nursing homes
  - ✓ Organizations and businesses that employ critical workforce
  - ✓ First responder organizations
  - ✓ Non-traditional providers and locations that serve high-risk populations
  - ✓ Other partners that serve underserved populations

  PM 3.5: Number and type of partner organizations that have implemented COVID-19 vaccination activities in the past quarter. Include also a short statement of the activities.

- Plan and implement vaccination activities with organizations and business that employ **frontline essential workers**

  "ACIP used CISA guidance to define **frontline essential workers** as the subset of essential workers likely at **highest risk for work-related exposure** to SARS-CoV-2, the virus that causes COVID-19, because their work-related duties must be performed on-site and involve being in close proximity (<6 feet) to the public or to coworkers. ACIP has classified the following non–health care essential workers as frontline workers: **first responders (e.g., firefighters and police officers), corrections officers, food and agricultural workers, U.S. Postal Service workers, manufacturing workers, grocery store workers, public transit workers, and those who work in the education sector (teachers and support staff members) as well as child care workers**."
  (The Advisory Committee on Immunization Practices' Updated Interim Recommendation for Allocation of COVID-19 Vaccine — United States, December 2020 | MMWR (cdc.gov))

  PM 3.6: Has the awardee initiated vaccination planning (or implemented vaccination activities) with the following industries or business sectors in the past reporting period: first responders, corrections, food/agricultural workers, postal workers, manufacturing workers, grocery store workers, public transit workers, teachers and educational support staff, child care workers.

AMERICAN OVERSIGHT

4. Increase vaccine confidence through education, outreach, and partnerships

- **Enhance/amplify messaging (including through translation)** to promote COVID-19 vaccination, especially among underserved populations (see also CLAS Standards - Think Cultural Health (hhs.gov)

  PM 4.1: Describe COVID-19 communication / education activities, including among underserved and racial and ethnic minority populations, in the past quarter.

- Fund local **education campaigns** and approaches to adapting CDC materials to community audiences, including a focus on racial and ethnic minority groups

  PM 4.1: Describe COVID-19 communication / education activities, including among underserved and racial and ethnic minority populations, in the past quarter. ***(same as above)***

- **Share educational, outreach and marketing approaches and materials** with CDC and others engaged in similar activities to allow for national dissemination. Recipients are reminded to be cognizant of the statutory and policy requirements for acknowledging HHS/CDC funding when issuing statements, press releases, publications, requests for proposal, bid solicitations and other documents in accordance with CDC General Terms and Conditions for Non-research Awards - Acknowledgement of Federal Funding in your base award.

  PM 4.2: Describe efforts to regularly share educational and outreach materials with CDC and/or others (e.g., Association of Immunization Managers, National Public Health Information Coalition in the past quarter for the purpose of facilitating national dissemination

- Address vaccine education efforts to include addressing possible vaccine **misinformation** and increase **vaccine confidence and vaccine uptake,** including with racial and ethnic minority groups

  PM 4.3: Describe work in the past quarter to address vaccine misinformation and to increase vaccine confidence and uptake, especially with racial and ethnic minority populations.

- **Fund local health department contracts** to promote COVID-19 and other vaccinations to increase vaccine confidence in racial and ethnic minority groups and to increase accessibility for people with disabilities

  PM 4.3: Describe work in the past quarter to address vaccine misinformation and to increase vaccine confidence and uptake, especially with racial and ethnic minority populations. ***(same as above)***

AMERICAN OVERSIGHT

5. Develop and implement community engagement strategies to promote COVID-19 vaccination efforts

- Support broad education efforts that explain to the public options for how/where/when they can get COVID-19 vaccine in their communities

  (This will be measured using PM 4.1: Describe COVID-19 communication / education activities, including among underserved and racial and ethnic minority populations, in the past quarter.)

- Fund partnerships for **community engagement to identify trusted voices that represent the diversity of affected communities** to promote vaccination and have bidirectional conversations in communities with vaccine hesitancy. These partnerships need to reflect the diversity of the jurisdiction's population.

  PM 5.1: Describe the work of funded partnerships to engage with trusted communities, in the past quarter, promoting COVID-19 vaccination.

- Implement a **rapid community assessment** guide to diagnose potential barriers and **identify solutions to low vaccine uptake or vaccine confidence** in specific communities.

  PM 5.2: Describe potential barriers and solutions, identified in the past quarter, for low vaccine uptake in specific communities.

- Fund **community-based organizations** and build local partnerships or coalitions to allow for coordinated activities across community organizations working to **promote vaccine confidence**. Examples of community-based organizations include social service agencies, nonprofit organizations, and formal and informal community groups, like neighborhood groups or recreational or special-interest clubs.

  PM 5.3: Number of type of funded community-based organizations and/or coalitions that have engaged in activities, in the past quarter, to promote vaccine confidence. Provide short descriptions of that work.

6. Support high vaccination uptake in tribal nations

- As applicable, provide funding to support **Tribal Health Programs and Urban Indian Organizations** (e.g., for supplies, educational/communication materials, storage and handling equipment).. Any funding provided to Tribal Health Programs and Urban Indian Organizations should complement efforts supported through the Indian Health Service.

  PM 6.1: Funding to Tribal Health Programs or Urban Indian Organizations should be reflected in the budget submitted within 45 days.

AMERICAN OVERSIGHT

- Collaborate with Tribal organizations to develop **culturally appropriate materials** for their specific American Indian/Alaska Native (AI/AN) populations, as appropriate.

  PM 6.2: Number and description of Tribal organizations collaborating with, in the past quarter, to develop culturally appropriate materials.

  Partners to consider funding include, but are not limited to:

  - ✓ Tribal Health Programs and Urban Indian Organizations
  - ✓ Tribal Epidemiology Centers (TECs)
  - ✓ Area Indian Health Boards
  - ✓ Tribal WIC programs
  - ✓ Tribal daycares
  - ✓ Association of American Indian Physicians (AAIP) local affiliates
  - ✓ National Association of Indian Nurses of America (NAINA) local affiliates
  - ✓ Tribal & Urban Indian Health Immunization Coalition
  - ✓ Alaskan Native Tribal Health Consortium (ANTHC)

7. Use immunization information systems to support efficient COVID-19 vaccination

- Promote and implement email and text messaging **reminder/recall** activities at either the state or provider level

  PM 7.1: Describe work to promote and implement email and text messaging reminder/recall activities in the past quarter.

- **Monitor** and manage the COVID-19 **vaccine supply** in the jurisdiction and ensure that the vaccine is broadly available across the jurisdiction, including in the places where it is needed most

  PM 7.2: Describe work in the past quarter to monitor COVID-19 vaccine supply ensuring that vaccine is where it is most needed.

- **Enhance IIS vaccine ordering and inventory capabilities** including improving business processes and tools for vaccine ordering and tracking inventory, use of the ExIS interface with VTrckS, training of providers, capacity for vaccine order reviews, automated tools to improve data quality (e.g., address validation), and help desk staffing

  PM 7.3: Describe work in the past quarter to update the IIS to include the COVID-19 vaccine information to support CDS and use of VaccineFinder (in conjunction with the IIS for jurisdictions that will report inventory on behalf of providers).

- **Develop and enhance health information infrastructure and IIS upgrades to improve data quality and ensure robust reporting at the jurisdiction and Federal level** including onboarding to and staff to support ongoing use of the Immunization (IZ) Gateway, COVID-19 Data Clearinghouse, IZ Data Lake, Vaccine Administration Management System (VAMS), VaccineFinder, Privacy Preserving Record Linkage (PPRL) and related systems. Other ideas: Upgrade IIS to the latest version of the

AMERICAN OVERSIGHT

FL-DOH-21-0168-A-050324

platform, support data exchange, enhance IIS analytics and visualization capabilities, move to the cloud. https://www.cdc.gov/vaccines/covid-19/reporting/requirements/index.html

PM 7.4: Describe work in the past quarter to ensure data quality (i.e., for providers, vaccine inventory, orders, and doses administered) including data quality metrics that have been assessed. Describe work to triage and address data quality issues (e.g., with provider enrollment data in the Data Lake, provider information in VTrckS, and vaccine administration submitted to the Data Clearinghouse).

- Ensure **timely and accurate reporting** of vaccine administration, demographic, and other data. This includes sharing this information with local health entities and other appropriate partners within the jurisdiction.

  PM 7.5: Describe efforts in the past quarter to ensure timely and accurate reporting of vaccine administration, demographic, and other data, including metrics that have been used to measure and monitor improvements. Describe work to onboard to the IZ Gateway to ensure IIS access to doses administered from partners and other jurisdictions.

- Implement and support systems to provide consumer access to immunization records including methods to securely document COVID-19 vaccination using a “digital vaccination card”.

  PM 7.6: Describe activities in the past quarter to implement secure consumer access to immunization records, including methods using a digital vaccination card.

AMERICAN OVERSIGHT

	B
1	
2	
3	**Definition**
4	Name of the organization as enrolled in Florida SHOTS
5	Type of facility as indicated by the provider in the CDC COVID provider agreement form. For county health departments, the literal "CHD" will appear before the facility type.
6	County of the site receiving the vaccines
7	Name of the site enrolled in the COVID-19 vaccination program in Florida SHOTS
8	An unique identifier provided by Agency for Healthcare Administration (AHCA) to an hospital or nursing home.
9	Unique Identifier of the site enrolled in the COVID-19 vaccination program
10	Number of doses of vaccines that is reported by CDC as having been shipped to the provider (site). The site will appear on this table only if they have performed an inventory related transactions such as, acknowledging/accepting receipts, transfer in. Hence total doses shipped to Florida will differ from doses ordered with CDC.
11	Number of doses received into inventory in Florida SHOTS by the site
12	Number of doses transferred into inventory from another provider in Florida SHOTS by the site
13	Number of doses transferred out of inventory to another provider in Florida SHOTS by the site
14	Number of doses recorded as wasted or spoiled in Florida SHOTS
15	Number of doses adjusted for inventory reconciliation purposes. Documenting vaccine inventory for a patient who has opted out of registry participation, correcting incorrect shipment information, correcting a human error in recording, and documenting imprecise measure of extraction from a multi-dose vial are examples of adjusting the inventory doses
16	Number of doses recorded as administered for the inventory record in Florida SHOTS. Doses administered will be attributed to an inventory record only if the inventory details sent by the provider such as, NDC, lot number, and expiration date match the information on the inventory record
17	Number of doses currently on hand for the site per the inventory records in Florida SHOTS. It is calculated as follows (dose received + doses transferred in) - (doses transferred out + doses wasted/spoiled + FLSHOTS inventory - doses administered) + doses adjusted
18	Percentage of doses remaining. It is calculated as (FLSHOTS inventory - quantity on hand)/(doses received + doses transferred in)
19	Number of doses reported as administered as the first dose by the site to Florida SHOTS. It will match FLSHOTS inventory - doses administered only when a provider reports a shot with all inventory details that are considered a match to the inventory record on that site.
20	Number of doses reported as administered as the second dose for a patient by the site to Florida SHOTS. It will match FLSHOTS inventory - doses administered only when a provider reports a shot with all inventory details that are considered a match to the inventory record on that site.
21	Number of doses reported as administered by the site to Florida SHOTS. It will match FLSHOTS inventory - doses administered only when a provider reports a shot with all inventory details that are considered a match to the inventory record on that site.
22	Number of doses currently on hand for the site based on the shots reported data in Florida SHOTS. It is calculated as follows (dose received + doses transferred in) - (doses transferred out + doses wasted/spoiled + FLSHOTS reporting - doses reported) + doses adjusted. It is considered an estimate as it will vary with the actual provider inventory level due to lag in reporting data to FLSHOTS.
23	Estimate on the percentage of doses remaining based on the shots reported information. It is calculated as (FLSHOTS reporting - quantity on hand)/(doses received + doses transferred in)
24	Estimate on the percentage of doses remaining based on the shots reported information. It is calculated as (FLSHOTS reporting - quantity on hand)/(doses received + doses transferred in)

AMERICAN OVERSIGHT

	B
1	
2	
3	**Definition**
4	Name of the organization as enrolled in Florida SHOTS
5	Type of facility as indicated by the provider in the CDC COVID provider agreement form. For county health departments, the literal "CHD" will appear before the facility type.
6	County of the site receiving the vaccines
7	Name of the site enrolled in the COVID-19 vaccination program in Florida SHOTS
8	An unique identifier provided by Agency for Healthcare Administration (AHCA) to an hospital or nursing home.
9	Unique Identifier of the site enrolled in the COVID-19 vaccination program
10	Number of doses of vaccines that is reported by CDC as having been shipped to the provider (site). The site will appear on this table only if they have performed an inventory related transactions such as, acknowledging/accepting receipts, transfer in. Hence total doses shipped to Florida will differ from doses ordered with CDC.
11	Number of doses received into inventory in Florida SHOTS by the site
12	Number of doses transferred into inventory from another provider in Florida SHOTS by the site
13	Number of doses transferred out of inventory to another provider in Florida SHOTS by the site
14	Number of doses recorded as wasted or spoiled in Florida SHOTS
15	Number of doses adjusted for inventory reconciliation purposes. Documenting vaccine inventory for a patient who has opted out of registry participation, correcting incorrect shipment information, correcting a human error in recording, and documenting imprecise measure of extraction from a multi-dose vial are examples of adjusting the inventory doses
16	Number of doses recorded as administered for the inventory record in Florida SHOTS. Doses administered will be attributed to an inventory record only if the inventory details sent by the provider such as, NDC, lot number, and expiration date match the information on the inventory record
17	Number of doses currently on hand for the site per the inventory records in Florida SHOTS. It is calculated as follows (dose received + doses transferred in) - (doses transferred out + doses wasted/spoiled + FLSHOTS inventory - doses administered) + doses adjusted
18	Percentage of doses remaining. It is calculated as (FLSHOTS inventory - quantity on hand)/(doses received + doses transferred in)
19	Number of doses reported as administered as the first dose by the site to Florida SHOTS. It will match FLSHOTS inventory - doses administered only when a provider reports a shot with all inventory details that are considered a match to the inventory record on that site.
20	Number of doses reported as administered as the second dose for a patient by the site to Florida SHOTS. It will match FLSHOTS inventory - doses administered only when a provider reports a shot with all inventory details that are considered a match to the inventory record on that site.
21	Number of doses reported as administered by the site to Florida SHOTS. It will match FLSHOTS inventory - doses administered only when a provider reports a shot with all inventory details that are considered a match to the inventory record on that site.
22	Number of doses currently on hand for the site based on the shots reported data in Florida SHOTS. It is calculated as follows (dose received + doses transferred in) - (doses transferred out + doses wasted/spoiled + FLSHOTS reporting - doses reported) + doses adjusted. It is considered an estimate as it will vary with the actual provider inventory level due to lag in reporting data to FLSHOTS.
23	Estimate on the percentage of doses remaining based on the shots reported information. It is calculated as (FLSHOTS reporting - quantity on hand)/(doses received + doses transferred in)
24	Estimate on the percentage of doses remaining based on the shots reported information. It is calculated as (FLSHOTS reporting - quantity on hand)/(doses received + doses transferred in)
