Ms. Monahan:

This letter responds to your public records request to the Office of the Governor, received on February 10, 2021. You requested the following, for the time period of September 1, 2020 and February 10, 2021: “All email communications (including email messages, email attachments, complete email chains, calendar invitations, and attachments thereto) sent by the officials in the Office of the Governor listed in Column A containing any of the key terms listed in Column B.”

Column A: Office of the Governor	Column B: Specified Terms
<ol style="list-style-type: none">1. Governor Mark Gordon or anyone communicating on his behalf (such as a scheduler or assistant)2. Chief of Staff, Buck McVeigh3. General Counsel, Betsy Anderson4. Policy Director, Renny McKay5. Human Services Policy Advisor, Jen Davis	<ol style="list-style-type: none">1. “herd immunity”2. “natural immunity”3. “natural infection”4. “focused protection”5. Atlas6. Kulldorff7. mkulldorff@bwh.harvard.edu8. Bhattacharya9. jay@stanford.edu10. Gupta11. sunetra.gupta@zoo.ox.ac.uk12. Barrington13. Sweden14. Swedish

On February 12, 2021, based on my suggestion, you revised your request “to exclude [] emails relating to energy, even if they contain a search term, but to retain any emails with any relationship to COVID-19.”

Although our Office has received a number of emails with the identified search terms, we do not have responsive emails that were sent from our Office which include the identified terms (or which include the identified domains). Please contact me with any questions.

Regards,

Emily Soli
Special Counsel
