**Re: D.C. Freedom of Information Act Request**

Dear FOIA Officer:

Pursuant to the District of Columbia Freedom of Information Act (FOIA), D.C. Code §§ 2-531 et seq., and implementing regulations at 1 DCMR §§ 400 et seq., American Oversight makes the following request for records.

On June 1, 2020, the Metropolitan Police Department (MPD) allegedly unlawfully “kettled” numerous protesters in the area surrounding Swann Street near DuPont Circle.<sup>1</sup> Protesters and residents also reported that officers shoved, beat, and used pepper spray on protesters during or surrounding the alleged kettling.<sup>2</sup> Last week, during testimony to the City Council, acting MPD Chief Robert Contee III reneged on a commitment to make public the results of MPD’s investigation of the June 1, 2020 Swann Street incident, justifying his decision to withhold the investigation’s findings on grounds that it could open MPD to legal liability.<sup>3</sup> Even as acting Chief Contee refused to make the MPD report public, he acknowledged that the investigation was complete and stated that the substance of the report differed from a recent American Civil Liberties Union (ACLU) report.<sup>4</sup> Specifically, Contee said that MPD spoke to members of the community and protesters who reported different information than the information reported by the ACLU. Contee acknowledged that his predecessor, Chief Newsham, had committed to making the report on MPD’s investigation public within six months.<sup>5</sup> Also last week, the D.C. Attorney General’s office announced that it would

not prosecute any of the 194 protesters arrested in the June 1, 2020 Swann Street incident.<sup>6</sup>

### **Requested Records**

American Oversight requests that MPD produce the following records within fifteen business days:

The report (or other similar compilation of investigatory filings) reflecting MPD's investigatory findings regarding the June 1, 2020 Swann Street incident where MPD officers allegedly "kettled" protesters and ultimately arrested 194 individuals.

Public reports suggest that the Internal Affairs Bureau likely conducted this investigation. Acting Chief Contee has testified that the investigation is complete, and the D.C. Attorney General's office has stated that none of the arrested protesters will be prosecuted.

Please provide all responsive records from June 1, 2020, through the date of the search.

### **Fee Waiver Request**

In accordance with D.C. Code § 2-532(b), American Oversight requests a waiver of fees associated with processing this request for records. A waiver of fees for this request "is in the public interest because furnishing the information can be considered as primarily benefiting the general public."<sup>7</sup>

The general public has a significant interest in whether MPD conducts actions in a lawful manner, uses force appropriately, and, specifically, how MPD acted in the vicinity of Swann Street on June 1, 2020, when many individuals allege that MPD officers used illegal kettling techniques and excessive force. Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the D.C. government, including by showing MPD's own understanding of the events that transpired on Swann Street on and around June 1, 2020, particularly given acting Chief Contee's comments stating that MPD's investigation has significantly different findings than an ACLU investigation.

American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the general public's understanding of the government's activities would be enhanced through American Oversight's analysis

### **Guidance Regarding the Search & Processing of Requested**

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics. For instance, if the request seeks "communications," please search all locations likely to contain communications, including relevant hard-copy files, correspondence files, appropriate locations on hard drives and shared drives, emails, text messages or other direct messaging systems (such as iMessage, WhatsApp, Signal, or Twitter direct messages), voicemail messages, instant messaging systems such as Lync or ICQ, and shared messages systems such as Slack.
- In conducting your search, please understand the terms "record," "document," and "information" in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in

files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages.

- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

### **Conclusion**
