Please know that, under D.C. Official Code § 2-537 and 1 DCMR § 412, you have the right to appeal this response to the Mayor or to the Superior Court of the District of Columbia. If you elect to appeal to the Mayor, your appeal must be in writing and contain "Freedom of Information Act Appeal" or "FOIA Appeal" in the subject line of the letter as well on the outside of the envelope. The appeal must include (1) a copy of the original request; (2) a copy of any written denial; (3) a statement of the circumstances, reasons, and/or arguments advanced in support of disclosure; and (4) a daytime telephone number, an e-mail and/or U.S. mailing address at which you can be reached.

I am specifically investigating an allegation involving a deployment of tear gas into a residence. I have reviewed body worn cameras, cell phone videos, social media, and porch cameras, and I have found no evidence tear gas was used on scene. There was multiple deployments of pepper spray. If your willing, I would like to get your account of the events that took place.

ADMINISTRATIVE ISSUANCE SYSTEM

Mayor's Order 2020-069
June 1, 2020

SUBJECT: Continuation of District-wide Curfew during COVID-19 Public Emergency and Second Public Emergency

ORIGINATING AGENCY: Office of the Mayor

By virtue of the authority vested in me as Mayor of the District of Columbia pursuant to section 422 of the District of Columbia Home Rule Act, approved December 24, 1973, Pub. L. 93-198, 87 Stat. 790, D.C. Official Code § 1-204.22 (2016 Repl.); pursuant to the Coronavirus Support Emergency Amendment Act of 2020 (the "Act"), effective May 19, 2020, D.C. Act 23-326, and any substantially similar subsequent emergency or temporary legislation; section 5 of the District of Columbia Public Emergency Act of 1980, effective March 5, 1981, D.C. Law 3-149, D.C. Official Code § 7-2304 (2018 Repl.); section 5a of the District of Columbia Public Emergency Act of 1980, effective October 17, 2002, D.C. Law 14-194, D.C. Official Code § 7-2304.01 (2018 Repl.); section 1 of An Act To Authorize the Commissioners of the District of Columbia to make regulations to prevent and control the spread of communicable and preventable diseases, approved August 11, 1939, 53 Stat. 1408, D.C. Official Code §§ 7-131 *et seq.* (2012 Repl.); 24 DCMR §§ 2200 - 2203, and in accordance with Mayor's Order 2020-045, dated March 11, 2020, Mayor's Order 2020-046, dated March 11, 2020, Mayor's Order 2020-050, dated March 20, 2020, Mayor's Order 2020-063, dated April 15, 2020, Mayor's Order 2020-066, May 13, 2020, and Mayor's Order 2020-068, dated May 31, 2020, it is hereby **ORDERED** that:

I. BACKGROUND

1. The findings of Mayor's Order 2020-068, dated May 31, 2020, are incorporated herein.

2. For the past several nights, our police, firefighters, and members of the public safety team for Washington, DC, along with our federal partners, have been working to make sure people may exercise their First Amendment rights, while not defacing, damaging, or destroying churches, monuments, parks, businesses, and government offices in Washington, DC.

3. In multiple areas throughout the District of Columbia, numerous businesses, vehicles, and government buildings have been vandalized, burned, or looted. More than eighty (80) individuals were arrested over the past two (2) days in connection with these incidents, with the majority charged with felonies.

4. On the night of May 31, 2020, looting and vandalism occurred at multiple locations throughout the city, in addition to the rioting in the downtown area.

AMERICAN OVERSIGHT

Vandals smashed windows in Northeast DC, upper Northwest DC stretching to Georgetown, and caused extensive damage in the Golden Triangle Business Improvement District, Downtown DC Business Improvement District, and Mount Vernon Triangle Community Improvement District. Rioting and looting affected the operations of District government agencies.

5. Moreover, the District continues to be under a declared public health state of emergency due to COVID-19, and gatherings of more than ten (10) persons are currently prohibited in order to reduce the spread of the disease and to protect the public health.

6. I must exercise my authority to impose a new curfew, in order to protect the safety of persons and property in the District.

II. CURFEW ORDERED

1. A District-wide curfew is hereby imposed during the following times:

   a. Monday, June 1, 2020, beginning at 7:00 p.m. and ending at 6:00 a.m. on Tuesday, June 2, 2020; and

   b. Tuesday, June 2, 2020, beginning at 7:00 p.m. and ending at 6:00 a.m. on Wednesday, June 3, 2020;

2. During the hours of the curfew, no person, other than persons designated by the Mayor, shall walk, bike, run, loiter, stand, or motor by car or other mode of transport upon any street, alley, park, or other public place within the District.

3. **Exemptions**: The curfew imposed by this Order shall not apply to:

   a. Essential workers, including healthcare personnel and working media with their outlet-issued credentials, when engaged in essential functions, including travel to and from their essential work; and

   b. Individuals who are voting and participating in election activities, including poll workers, volunteers, and individuals exercising their right to vote.

4. Nothing in this Order shall be construed to prohibit or restrict travel to a hospital or urgent care facility, nor shall such travel be considered in violation of this Order.

AMERICAN OVERSIGHT

III. ENFORCEMENT

Any person who violates the curfew imposed by this Order may be subject to a criminal fine of up to three-hundred dollars ($300) or to imprisonment for not more than ten (10) days pursuant to Title 24 of the District of Columbia Municipal Regulations § 2203.4.

IV. EFFECTIVE DATE: This Order shall become effective immediately.

Commanding Officer shall thoroughly investigate the member's statement, submit a report, with recommendations, based on the facts developed

TO: **DIRECTOR** **DATE:** 06/04/2020

Fleet Services Division **DTR#** N/A

I have investigated the member's statement and report as follows:

Sergeant [redacted] of the Third District investigated the circumstances surrounding the damage to Third District marked Take Home Cruiser #1306. The investigation revealed the following facts:

On June 2, 2020, at approximately 2120 hours, Cruiser #1306 was vandalized and set on fire while it was parked and unoccupied, in the 2400 block of 14th Street NW. This destruction occurred as civil unrest erupted with protestors who marched along the 14th Street Corridor. DCFD responded to the scene and extinguished the fire.

There are no known suspects, and video of the active fire is documented in evidence.com. Officer [redacted] completed a Destruction of MPD Property offense report, bearing CCN # [redacted] which was reviewed and approved by Sgt. [redacted] All other related videos were uploaded into Evidence.com

On June 4, 2020, Captain [redacted] from Patrol Services North, sent an email to the Third District indicating that any destruction of MPD property which was sustained during the civil unrest events should not obtain IS numbers. Captain [redacted] indicated the directive is on behalf of the Internal Affairs Bureau (IAB); therefore there were no IS numbers drawn. Additionally, none of the relative videos were tagged, as there are no IS numbers.

end of Swann Street in Northwest DC.

Police "just started charging" at the peaceful protesters, pepper-spraying them, and "pushing and hitting" them, Meka said.

In the chaos, Meka, who only wished to be identified by his first name to protect his privacy, turned around and saw a man open his door to let demonstrators in.

Meka, along with dozens of other protesters, ran into the home of Rahul Dubey and spent more than eight hours inside his house to avoid being arrested by Metropolitan Police Department officers.

Videos and photos shared by protesters and two reporters at the scene showed MPD officers boxing in the large group of demonstrators on Swann Street and arresting them for curfew violation.

Tense situation on Swann Street in DC. Cops surrounded protesters and started firing pepper spray. A resident let more than 100 protesters take shelter in his home. "I'm not letting any of these kids out of my sight," he told me over the phone.

I've talked to a few other people. There are at least 4 houses I'm certain that let people in. Mind you - we weren't trying to be in a neighborhood. We got rushed by police while peacefully protesting.

As largely peaceful protests against police brutality continued across the country, police violently attacked protesters in Philadelphia and Washington, DC, on Monday evening. In DC, police gassed a large crowd of peaceful protesters outside the White House on Monday evening so that President Donald Trump could get a photo op outside a damaged church.

MPD Chief Peter Newsham said Tuesday that his officers had "stopped" a large group of people on Swann Street to arrest them for violating the curfew. Officers arrested 194 protesters in the 1400 block of Swann Street on Monday night and early Tuesday, Newsham said.

Newsham said that around 9 p.m. on Monday, his officers saw "an indication of escalation of potential violence" by the large group of protesters moving in Northwest DC in violation of the curfew.

"Officers saw behavior consistent with behavior that preceded the very violent activity two night before when we actually had a Metropolitan Police Department that was set on fire," Newsham said.

He said officers stopped the group on Swann Street where they made "significant arrests of multiple folks who were in violation of the curfew," adding that the arrests were made as "safely and respectfully as possibly" and that the use of pepper spray was "limited."

However, Dubey, a 44-year-old Indian American, who sheltered more than 60 protesters inside his home on Swann Street through the night to prevent them from being arrested, described it as "a hostage situation."

Dubey told BuzzFeed News that it wasn't a choice to open his door and provide refuge to the mostly young protesters.

"If you had seen what was going on in front of my eyes, there was no choice," he said. "People were getting pepper-sprayed and beaten and slammed to the ground."

He said he flung his door open for several minutes as a "tsunami" of protesters fled from the police officers to the safety of Dubey's 1,500-square-foot home.

I'm at a house in DC after being pepper sprayed and knocked down by the police. There are about 100 of us in a house surrounded by cops. All the neighbors on this street opened their doors and are tending to protesters. The cops corralled us on this street and sprayed us down.

Even as protesters began streaming into Dubey's home, officers pepper-sprayed them, he said.

For about an hour and a half, it was "mayhem" inside, Dubey said. People were spread out upstairs, downstairs, in the backyard and in the kitchen, pouring milk and water on each other's faces.

"It was chaotic," Meka said. "People were screaming, crying, and coughing."

This is Rahul. Rahul saved 62 DC protesters who were trapped for hours on his block by police. He allowed them to stay all night, fed them, gave them water, charged their phones, and most importantly kept them safe. This was no party, the police through pepper spray canisters

But then, Dubey said, "some magic took place."

The air cleared, the pepper spray dissipated, and the protesters, who were complete strangers, began talking and trying to figure things out, Dubey said.

He said he ordered five or six pizzas from his favorite pizza place because people were starving inside. However, he said the police

"I had to do a covert pizza operation," Dubey said with a laugh.

Responding to the allegations of protesters on social media, MPD Chief Newsham said "some of the information put out on Twitter and other social media platforms was completely inaccurate."

He added, "When you have those type of allegations, we're going to take a very close look that police were respectful and professional in conducting those arrests."

As videos of the incident spread across social media through early Tuesday, Francisco Alvarez, a 28-year-old economist in DC, became increasingly concerned about the protesters trapped on Swann Street and began to mobilize his social media network for help.

Meka said that while he was relieved to get out of the house after eight hours, it was still nerve-racking.

"We didn't know if there were officers waiting and hiding and trying to draw us out," Meka said. However, at the time, there were no officers around and the protesters who had taken refuge inside Dubey's house managed to leave Swann Street without being arrested.

Newsham confirmed that those who were in Dubey's house were "ultimately not arrested."

Some praised Dubey's actions on social media.

"I think 95% of people in this world would have absolutely held that door open and would have grabbed people into any sort of shelter if they had seen what I had seen," Dubey said.

He said the protesters walked out with their heads held high and would go back out to protest the minute they were allowed to do it peacefully.

"They're the ones out there who got sprayed. I just held a door open," he said. "They're the heroes. They are America."

Please notify my office if your investigation reveals any allegations of excessive force as alleged by Mr[redacted] to multiple news outlets "that MPD members used excessive force by beating, and slamming protesters to the ground."

Subject: Excessive Force Alligation

On Monday June 1, 2020, there were large scale First Amendment demonstrations held in the District of Columbia. The Metropolitan Police Department (MPD) fully activated it Civil Disturbance Units (CDU) for necessary crowd management. Mayor Muriel Bowser of Washington D.C., ordered a District-wide curfew for June 1, 2020, commencing at 1900 hours and ending at 0600. Under Mayor Bowser's order, no person during the hours of curfew, unless designated by the Mayor, shall be on public space within the District of Columbia.

Approximately 2100 hours, a large group of approximately two-hundred (200) individuals gathered on public space in the area of 14th and Swan Street, Northwest, in violation in the Mayor's Order. Multiple MPD CDU units responded to the scene to make a mass arrest for a curfew violation.

MPD CDU units positioned themselves in a line formation at 15th and Swan Street, Northwest, and at 14th and Swan Street, Northwest. MPD CDU units positioned themselves around the

AMERICAN OVERSIGHT

perimeter of the 1400 block of Swan Street, Northwest to prevent the curfew violators from escaping. Additionally, MPD cruiser 1306 was set on fire in the 2400 block of 14th Street, Northwest, and the behavior of the crowd gave an indication for a potential escalation of violence. Multiple MPD vehicles and equipment was destroyed during violent actively by large groups the night before.

Approximately 2130 hours, MPD CDU units at 14th and Swan Street, Northwest, began moving westbound on Swan Street, Northwest, and they pushed the crowd towards 15th Street. Also MPD CDU units from 15th and Swan Street, Northwest advance forward to encircle the curfew violators to make an arrest. MPD members gave multiple loud verbal commands to move back as they advanced forward, and they utilized their shields and batons to push the crowd back. As MPD members advanced forward, projectiles and bottles were being thrown by the individuals in the crowd. Several individuals attempted to evade police capture, and they attempted to push open several front doors of the residences, in the 1400 block of Swan Street, Northwest.

An unidentified male ignored the loud verbal commands, and he stood on top of a vehicle on the north side of the 1400 block of Swan Street, Northwest. Lieutenant [redacted] of the Special Operations Division (SOD), recovered his Oleoresin Capsicum (OC) dispenser with his right hand, and he deployed a single one (1) second burst to the unidentified male's facial area. The male then jump off the vehicle from the trunk, and he fled back into the crowd.

While advancing forward in the 1400 block of Swan Street, Northwest, an undefined male charged directly at Officer [redacted] of the Sixth District. Officer [redacted] was equipped with a shield, and he was able to repel the males attack by pushing him back. Lieutenant [redacted] deployed a single one (1) second burst of OC spray to the unified male's facial area, and the male then retread back to the north sidewalk.

A large group of curfew violators then fled up the front stairs at a residence, located at [redacted]. Mr. [redacted], who resides at the location, opened the front door, and he allowed approximately sixty (60) individuals enter his residence, to evade police capture.

As MPD CDU units continued to advance forward, they continued to give multiple loud verbal commands for the crowd to move back. Several individuals remained on the sidewalk at the bottom of the stairs directly in front of [redacted], and they ignored the MPD member's commands to move back. An unidentified MPD member then deployed single burst of his OC dispenser at the facial area of an individual on the sidewalk. The member deployed his OC spray in an eastbound direction, on the side walk, and at no time did he deploy OC spray towards the residence, or towards the front door of the curfew violators fleeing inside. MPD members were able to encircle the crowd, and approximately one-hundred (100) curfew violators were placed under arrest without further incident. Sixty (60) curfew violators remained in Mr. Dubey's residence for approximately six (6) hours to avoid arrest.

E. NARRATIVE

On Monday June 1, 2020 at approximately 2130 hours, members of Special Operations Division, Domestic Security Operations and District CDU Platoons were holding police lines at 14th and Swann St NW and 15th and Swann Street NW. The police line at 14th and Swann St NW was preventing eastbound pedestrian traffic and the CDU line at 15th and Swann St NW was preventing westbound pedestrian traffic. There were approximately 100-200 individuals in the 1400 Block of Swann Street who were not free to leave the block and were under arrest for the mayor's curfew order.

On Monday June 1 2020 the mayor enacted a curfew effective at 1900 hours. Any individual outside of their residence after 1900 hours was subject to arrest. This group at Swann Street NW came from the Whitehouse area northbound on 14th Street NW. While downtown on 17th Street NW this group was given numerous warnings via LRAD (Long Range Acoustical Device) that if they were outside after 1900 hours they would be in violation of the mayor's curfew order and would be subject to arrest. Furthermore after 1900 hours they were advised via LRAD that they were in violation of the mayor's curfew order and would be arrested if they did not leave.

This group moved northbound on 14th Street and were destroying property while traveling to include spray painting buildings/cars, breaking windows, and setting a marked police car on fire.

When the group was in the 1400 Block of Swann Street NW they were continuously throwing rocks, bottles, and other projectiles at the MPD officers on the CDU line. Members of the group were jumping on top of vehicles causing damage to these vehicles and checking residence front doors to gain entry. At approximately 2138 hours there were multiple individuals in the block who began kicking the front doors of residences attempting to forcibly gain entry. At this time the CDU line at 15th and Swann St NW began moving the crowd in the eastbound direction.

The group continuously threw bottles and other projectiles at the police line while refusing to follow police commands to move back. Many individuals were assaulting Officers on the police line. OC spray was deployed to disperse the assaultive individuals and prevent further injuries and property damage. Multiple individuals were seen entering a residence on the north side of the block. There was a continuous flow of individuals running up the front steps and into this residence. MPD Officers reasonably believed that a possible Burglary was taking place. OC spray was deployed on the steps to prevent more individuals from entering the residence.

A tactical takedown was utilized on one defendant who was resisting arrest once placed in handcuffs. Mechanical force was utilized by CDU members when moving the riotous crowd eastbound in the block. The crowd was refusing commands to move back and were actively assaulting the officers on the police line. Multiple CDU members utilized their issued MPD riot batons and shields to move the crowd Eastbound along Swann Street, NW due to the crowd's violent behavior and refusal to follow the loud verbal commands to, "Move back."

On June 1, 2020, a knife, taser, and a can of spray paint were turned into the Third District after the arrest of the curfew violators.

Lieutenant [redacted] **Special Operations Division**

On July 14, 2020, Agent [redacted] of the IAD conducted an audio recorded interview with Lieutenant [redacted] at the IAD. The following is a brief summary of Lieutenant [redacted] statement:

On June 1, 2020, there was a large group of curfew violators that traveled northbound up 14th Street, Northwest, from the White House area. The group was involved in suspected destruction of property as they traveled up 14th Street, Northwest. A curfew went into effect at 1900 hours. The group that traveled up 14th Street, Northwest, was in violation of the curfew order. The group was no longer participating in a First Amendment assembly because they were in violation of the Mayor's Order. The LRAD was used to give this group of curfew violators multiple warnings. The curfew violators were warned that they were in violation of the Mayor's Order, and they were subject to arrest. Lieutenant [redacted] felt the group that traveled onto 14th Street heard the warnings.

Lieutenant [redacted] was made aware that the group was destroying property through multiple radio transmissions. Lieutenant [redacted] did not witness any of the criminal activity on 14th Street. Lieutenant [redacted] was made aware that an MPD cruiser was burned on 14th Street, Northwest, from a radio transmission. There was an official that made a radio transmission that the group that destroyed the MPD cruiser was moving towards Swann Street, Northwest.

Inspector Glover authorized a mass arrest of the curfew violators, and he was the incident commander of the scene. The group was "snake marching" by moving to different locations. The group appeared to move down Swann Street, because this was the avenue they chose. Inspector Glover chose Swann Street, Northwest, to effect the mass arrest. Additional MPD CDU units were requested to respond to the scene. MPD CDU units were positioned in a police line on the east and west ends of Swann Street, and the alleys were secured by additional MPD members. MPD members were equipped with PPE equipment. Inspector Glover authorized the use of the PPE, because thought the day, projectiles were being thrown at members.

Inspector Glover gave the order for MPD members to move in to make the arrest. Lieutenant [redacted] positioned himself on the 15th Street side of Swann Street. When the MPD CDU units began moving from 14th Street, Lieutenant [redacted] observed a change of behavior in the crowd. There were multiple curfew violators checking, and knocking on doors in the 1400 block of Swann Street. Several people were attempting to gain entry into the dwellings. Lieutenant [redacted] also

observed several curfew violators attempting to kick in several doors. The group went from "checking doors, to kicking doors very quickly."

The MPD CDU units moved west bound from 15th Street, and the crowd began throwing projectiles at the officers. Several individuals attempted to push through the police line. There were multiple individuals jumping on vehicles inside the block. People were still attempting to gain entry into multiple residences.

MPD members were giving loud verbal commands for the crown to move back. Several individuals from the crowd were not compliant, and they did not move back. MPD members then utilized mechanical force with their shields and batons, to push the curfew violators back to effect the arrest. There were multiple projectiles thrown at the MPD police line. Inspector Glover did authorize the use of OC spray.

As the MPD police line advanced forward, Lieutenant [redacted] encountered an individual on top of a vehicle. This individual jumped up on the vehicle, and it was not feasible for any officers to chase him on top of the vehicle, for safety and tactical reasons. Multiple commands were given to the individual from the officers on the line to get back, and he would not get down. The individual was almost behind the police line due to his elevated position. Lieutenant [redacted] felt the individual was a danger to the officers and to public safety.

The individual was jumping on the vehicle, and he was attempting to evade capture. He was under arrest for the curfew violation. Lieutenant [redacted] was yelling get back, and the individual would not get off the vehicle. From approximately six (6) to eight (8) feet away, Officer [redacted] deployed a single one second burst of OC spray to the individual's facial area. The individual's behavior changed, and he immediately jumped off the vehicle and moved away from the police line.

As the police line advanced forward, an individual charged towards the police line. His fists appeared to be clinched, and he took an aggressive posture. He ran up to the police line, and made contact with an officer with a shield. The officer pushed him back with a shield. Lowd verbal commands were given by the officers on the line to get back, and he did not comply. Lieutenant [redacted] felt this individual was a danger to the officers on the line. From approximately six (6) to eight (8) feet away, Lieutenant [redacted] deployed a one (1) second burst of OC spray to the individual's facial area. The individual's behavior changed and he retreated back away from the police line, and he stopped his aggressive behavior.

Many curfew violators joined arms in an attempt to stop the officers from advancing forward. There were several people that tried to push their way through the MPD line. It was at that time, MPD members used mechanical force (batons and shields) to push the crowd back. The curfew violators were also throwing objects towards the police line.

Mr. [redacted] [redacted]

On July 17, 2020, Agent [redacted] of the IAD conducted an audio recorded telephone interview with Mr. [redacted] The following is a brief summary of Mr. [redacted] statement:

On June 1, 2020, Mr. [redacted] was aware there was a curfew order established by Mayor Bowser at 1900 hours. Earlier that day, Mr. [redacted] was in front of the White House. Mr. [redacted] did not hear the curfew warnings voiced by MPD on the LRAD after 1900 hours.

Mr. [redacted] was "dispersed" from the White House around 1845 hours. Mr. [redacted] then walked north on Black Lives Matter Plaza (800-900 blocks of 16th Street, Northwest). Several streets were blocked, and Mr. [redacted] had to travel down various streets to get to his vehicle. Mr. [redacted] vehicle was parked in Dupont Circle, and he needed to exit on Connecticut Avenue, Northwest.

Everyone was in "groups" and "they" were marching, and walking up 14th Street, Northwest. There were hundreds of people leaving after they were dispersed from the White House. Everyone was heading in the same direction. According to Mr. [redacted] the police blocked the streets he needed to use to go home.

Mr. [redacted] observed acts of vandalism while he was on 14th Street. There were negative people "doing the most." When people were throwing water bottles, Mr. [redacted] was hit with water bottles, and he was hit with a brick. Mr. [redacted] did not throw any projectiles at the police. Mr. [redacted] did not participate in the acts of vandalism, and he was concerned for his own safety.

At approximately 1920 hours, Mr. [redacted] encountered an officer who was assisting with escorting people out of the city. At that point, Mr. [redacted] and they group he was with were advised that they needed to "leave the city." Police were escorting people out of the city safely. Mr. [redacted] asked an officer if he was going to his car was in in violation? The officer advised Mr. [redacted] to hurry up and get to his vehicle. Mr. [redacted] was warned to hurry up, and to make his way out of the city by the officer. The officer advised Mr. [redacted] to leave right now, because they were serious about the curfew.

While Mr. [redacted] was on 14th Street, he did not witness any one vandalize, or destroy an MPD vehicle. Several individuals parked where Mr. [redacted] parked, and he was advised if he stayed with them, he would end back up at Dupont Circle. Mr. [redacted] then followed a group of people onto Swann Street. It was late when Mr. [redacted] traveled onto Swann Street, and it was almost

dark outside. The group Mr. [redacted] was with were actual activists, and he asked them for their help. Mr. [redacted] was trying to get out of the city ask quickly as he could. After MPD arrived, Mr. [redacted] remained on Swann Street for approximately an hour and a half. Mr. [redacted] pleaded to leave, and he advised the officers his vehicle was down the street. Mr. [redacted] request was denied by MPD members.

There were over one-hundred (100) people on Swann Street, Northwest. Mr. [redacted] could not back up without bumping into someone. MPD blocked everyone in, and the group was advised they were not allowed to leave. Mr. [redacted] and the group, were "pushed" into a smaller circle by MPD members, and at that point MPD began arresting people.

Initially, there were no objects thrown at the police, and people were making phone calls to their lawyers. Mr. [redacted] was not "tear gassed" or "maced," and he was not physically assaulted by any MPD member. When Mr. [redacted] was advised by MPD members to move back, he complied and he moved back. Mr. [redacted] stood in the front on the line, and according to Mr. [redacted] he observed several juveniles there. As the MPD members moved forward, Mr. [redacted] observed MPD members being hit with projectiles. Mr. [redacted] was also hit with a projectile (water bottle), because he was in the front. Other protesters were hit with objects from the "knuckle heads" that were throwing things.

According to Mr. [redacted] he was there, and what was said on TV was not what he experienced. MPD just started collecting people, and making arrests. MPD did not make the arrests in a bias way, and they randomly selected people from the group to be processed.

Mr. [redacted] did not witness anyone being beaten, or struck with batons. The only altercation Mr. [redacted] witnessed was after MPD advised the crowd to move back multiple times, some people began fighting and clashing with the police. MPD members had their shields, and they were not thrusting them at anyone. MPD members only used their shields to push people back that would not move. MPD was equipped with what Mr. [redacted] described as night sticks and mace. Mr. [redacted] did not observe any MPD members deploy any rubber bullets, or stinger grenades on scene. Mr. [redacted] did not observe any MPD members deploy any OC spray into any of the residence.

Mr. [redacted] went on to say that the MPD members conduct was very professional, and this was the best interaction he had with the police since the demonstrations began. Mr. [redacted] did not observed anyone attempt to break into, or flee into any of the residence on the street.

Mr. [redacted] was arrested the past during protests, and this was the most efficient experience he has had with MPD. After Mr. [redacted] was processed, MPD members assisted him in getting a ride back home. Mr. [redacted] was stranded in a part of DC he did not know. Mr. [redacted] [redacted]

On June 12, 2020, Agent [redacted] of the IAD conducted an audio recorded telephone interview with Mr. [redacted] The following is a brief summary of Mr. [redacted] statement:

On June 1, 2020, Mr. [redacted] was in the downstairs apartment and, he heard some moderate shouting. He really could not see what was going on and he sent a text message to his landlord. His landlord advised that protesters were blocked in on his street, and Mr. [redacted] went upstairs to his landlord's apartment. Mr. [redacted] observed the protesters being placed under arrest for a curfew violation. Some of the curfew violators were freaking out, and there was "some" resistance. Some people were peacefully being arrested, and some, who were younger, did not understand they were being arrested for the curfew violation.

Mr. [redacted] thought he observed a bottle thrown towards the police, and he did not really observe any altercations. Mr. [redacted] thought pepper spray was used because he could smell it through his window. Mr. [redacted] was sure if tear gas was deployed. Mr. [redacted] thought MPD deployed pepper spray after a bottle was thrown. Mr. [redacted] did not think MPD's conduct towards the protesters was rude, or disrespectful. The protesters were yelling at the police on scene.

A "guy," two (2) doors down, had let approximately sixty (60) protesters into his residence. Some of the protesters were jumping through people back yards to escape. There was a police presence in the alley, and they were blocked in. Mr. [redacted] walked back down to his apartment and he observed two (2) or (3) people in his yard. They asked if they could cut through his residence, and Mr. [redacted] asked them to get off the property. One of the unidentified individuals turned back and stated, "I'm going to remember you, and I'm going to come back and fuck you up."

Mr. [redacted] did hear the curfew warning that were administered by MPD, however he could not recall exactly what was said. Mr. [redacted] did not observe any of the curfew violators being thrown to the ground by MPD members. According to Mr. [redacted] MPD members were very professional and there was "no aggression from the police." Mr. [redacted] did not observe any MPD members punch of kick any of the curfew violators. The protesters were shouting, "Fuck the police!'

Mr. [redacted] felt MPD was just doing their job, and they were following the Mayor's orders. Mr. [redacted] found a switch blade and a tazer the next day, and he believed this property was left behind by the curfew violators who were cutting through the yard. The next day a young male and

REPORT RE: Statement of Mr [redacted]

Mr. [redacted] [redacted]

On June 3, 2020, Mr. [redacted] provided an audio recorded statement to Agent [redacted] of the IAD. The following is a summary of Mr. [redacted] statement:

Mr. [redacted] reported that at 9:18 PM he exited his residence, and stood on his front porch stoop. Mr. [redacted] reported that there was a heavy presence in the air. Mr. [redacted] reported that there were numerous protesters at Swann and 15th Street, NW, which were peacefully chanting. Shortly after 9:18 PM, Mr. [redacted] heard a bang, and screaming coming from 15th Street, NW, Mr. [redacted] opened his front door and ordered everyone inside. Mr. [redacted] reported that there was, "pepper spray everywhere", and that there was total "pandemonium." Mr. [redacted] reported that he held his front door open for 10 minutes to allow people inside.

Mr. [redacted] reported that there was a human wave of fierce Robo-Cops pushing their way down Swann Street. Mr. [redacted] reported that he walked past a few of these offices and they were four times his size. Mr. [redacted] reported that the human wave of police officers pushed their way to the lamp post just past his house. At that time, Mr. [redacted] ran inside and locked his front door.

When asked to elaborate on what he meant, Mr. [redacted] stated that he heard crunching plastic, and screeching from the protesters. Mr. [redacted] reported that the protesters were running for their lives, and screaming at the top of their lungs. Mr. [redacted] reported that the cops were "hunting" the protesters. Mr. [redacted] reported that the police pepper sprayed protesters in the back of the head. Mr. [redacted] reported that he observed an "amped up, totally roided out cop" that was looking to grab someone, and was spraying the whole place with pepper spray.

AMERICAN OVERSIGHT

Mr. [redacted] reported that he was 99.9% sure that the Swann Street incident was not started by the protesters. Mr. [redacted] felt that if the protesters were out to riot and loot that they would have looted his house and that didn't happen.

Mr. [redacted] was asked how the pepper spray was deployed. Mr. [redacted] was unable to provide a specific manner in which the officers deployed pepper spray. Mr. [redacted] was asked if the officers sprayed pepper spray into his house. Mr. [redacted] replied that officers sprayed the crowd of people in the back as they ran inside his house from the sidewalk in front of his residence. Mr. [redacted] then reported that the officers were trying to spray individuals who were inside his house. When asked if the officers sprayed directly inside his house he reported that he heard a bang followed by cloud of smoke or pepper spray. Mr. [redacted] reported that after that the effects of the pepper spray were felt inside his residence. Mr. [redacted] never provided a direct answer to the question of whether or not he observed police officers spray pepper spray directly into his residence.

Mr. [redacted] reported that one protester who sought refuge inside his house was curled up in the fetal position holding his head and crying. Mr. [redacted] said this was the result of the police using force for no reason. Mr. [redacted] refused to provide the name of this individual. Mr. [redacted] felt that the police used more force than they would have if they faced10 people armed with guns and knives.

Mr. [redacted] [redacted]

On June 9, 2020, Agent [redacted] of the IAD conducted an audio recorded telephone interview with Mr. [redacted] The following is a brief summary of Mr. [redacted] statement:

On June 1, 2020, Mr. [redacted] was on the telephone with a friend and he heard a large amount of activity out of his front window. Mr. [redacted] observed "two-hundred (200) people running down the block." Mr. [redacted] contacted 911 to report the people in the street. Mr. [redacted] went outside to make sure nothing happened to his vehicles. Everyone was just standing around not doing" anything." There were three individuals standing in front of Mr. [redacted] house, and he began a conversation with them. The individuals indicated that they were protesting by the White House, and they were chased up 16th Street, Northwest, and they were then moved over to 14th Street, Northwest. Approximately 2130, MPD members moved down in a line, and they moved people back towards 15th Street, Northwest. Mr. [redacted] observed what was going on from an upstairs window. There were also National Guard members in the line. The line of MPD members passed Mr. [redacted] house and moved towards to 15th Street, Northwest. Mr. [redacted] did not observe any MPD members kick or punch the curfew violators, and he did not observe anyone attempt to break into any of the residences.

Describe the Incident (Please provide as much information about the incident as possible)	I am writing to complain about the way police corralled, harassed and attacked peaceful protesters in DC last night. Specifically the treatment of protesters that were attacked on 15th and Swann Street NW. Tear gas and mace was used on a private residence that was protecting protesters. This is a disgusting and unacceptable use of force and I am furious that my tax dollars are being used to actively harm this city. I demand better treatment of DC residents and better leadership from Mayor Bowser.

Describe the Incident (Please provide as much information about the incident as possible)	After peacefully protesting all day, at around 10:00pm police blocked us off and wouldn't let anyone through. So we then turned around and went on Swann Street, they then cut off 14th Street. We turned back around towards 15th Street and they cut us off again, not letting anyone through. So now we're trapped on Swann Street and they're pushing people, pepper spraying people, and arresting people. We were trapped for hours, some residents on the block saw what was going on and was letting people inside of their homes. Not everyone got inside of a home though, those who didn't were arrested and taken. I was arrested around 11:40pm and they immediately took my phone, cut my strings and took my shoelaces. They put zip ties on my wrist and put me in a van, after they loaded the van up they took us to their police academy. When we got there they made us sit outside in the grass for 2 hours. Finally we walked down to a building where they told us we were getting citation papers and being released. The time is now 4:00am, They take me in the building and finally cut the zip ties off which have been on the entire time since 11:40pm. After cutting them they took me to a room and told me to practice social distancing, I walked into a room with at least 50 other males. I stayed in that room until 7:30am. They gave us no food or no phone calls. This was a very traumatizing experience for me because I've never been in any type of trouble with the law ever, so for them to treat me like that, I'm scarred for life, I haven't stopped thinking about it since it has happened and I cry every time I do. Something has to be done about this.

The Sc Police, National Guard, and other law enforcement agencies brutally attacked, tear gassed, shot, and arrested our community members. It is not lost on us that it is because we are demanding an end to racist police brutality that we have been met with this extreme violence. Describe the Incident (Please provide as much information about the incident as possible):
I am writing to offer my observance of disturbing incidents taking place in my neighborhood earlier this week on Monday night. It is now widely known that officers kettled upwards of 700 individuals on Swann street between 14th and 15th in NW. I live a block away and was disturbed by the excessive noise of explosions (flash bangs) and low lying helicopters hovering over my building. This took place over several hours and I actually went up to my rooftop where I watched numerous helicopters overhead causing significant amounts of noise disturbance.

In addition to those incidents I observed directly, I was also in touch with protesters held up in one of my neighbor's houses. They shared with me in real time their experiences, and I was also able to see social media posts/images and videos of the incidents taking place a block away. I was absolutely SHOCKED to see the way in which the armed, militarized police were treating those on that street and the frankly, "stalking" of the protesters inside the home. I observed a video of the uniformed personnel rushing forward with their batons and shoving

AMERICAN OVERSIGHT

individuals, including an international reporter declaring he was press. I saw additional videos of not just police officers, but individuals wearing military fatigues (possibly the national guard) and step marching towards peaceful protestors in such an intimdating way. They line across the entire width of the street was made up of officers and military personel 15 -20 people deep.

From inside the home I received several messages from friends inside observing that pepper spray was deployed inside the home via an open window. I was told that officers were using tactics to try to manipulate and coerce individuals to come outside including pretending to be fellow protesters, legal advisors, and other. And I understand that the police were at the location well into the wee-hours of the morning, essentially stalking and harassing those welcomed inside the home all night long. I hear reports of between 3-5am is when they finally left.

My issues and why I am reporting this today is that the tactics I observed and learned about deeply concern me as a fellow citizen and DC resident. The types of engagement were excessive in nature and I believe overstepped the bounds of the DC Police's, otherwise outstanding reputation- or at least based on my previous engagement. I am shocked. I'm truly disappointed. And I'm angered that decisions were made to treat these peaceful protesters in such a benign and ugly manner. I am seeking police reform. I want these actions assessed by a separate community action group. and I want there to be accountability on behalf of police department to DC residents.

It is my expectation that forms of retaliation towards peaceful protesters, the home owner or even myself or discouraged. I believe our community needs a conversation. I now don't feel nearly as safe as I once did in my community.

I also want to recognize that there is an overlap and disgusting encroachment by the current occupant of the White House which the DC Police department was being imposed upon at this time. I commend the department and specifically Mayor Bowser for their additional action the following night on Tuesday in which the police department acted in accordance with what I WOULD expect the organization to behave. This too, should have been the same on Monday night.

I know there is a long battle ahead by our police department and mayor to protect all DC residents and our autonomy as a city. I am exteremly proud of them in their efforts to protect ALL residents and hope that once this dark cloud removes itself from our town, we will be able to come together to identify truth and reconciliation that can learn from this terrible incident.

NARRATIVE: Case synopsis

Inspector Robert Glover **Special Operations Division**

On July 9, 2020, Agent [redacted] of the IAD conducted an audio recorded interview with Inspector Robert Glover at the IAD. The following is a brief summary of Inspector Glover's statement:

On June 1, 2020, there was a Mayor's Order, and a curfew went into effect at 1900 hours. There was a large crowd that had gathered in the downtown area around that time. The crowd was advised utilizing the LRAD for approximately twenty (20) minutes that they were invitation of the Mayor's Order, and that they were subject to arrest. Inspector Glover gave the curfew violators a "way to leave." The warning could be heard over long distances through the city on the LRAD. According to Inspector Glover, the warnings were clear and audible.

The crowd from downtown moved onto 14th Street, Northwest, and they traveled northbound. Several individuals from the group began to spray paint vehicles and buildings. Several windows were broken on buildings during their course of travel. The group was heading towards the Target store, which was looted the night before. Inspector Glover was concerned about the commercial buildings on 14th Street, Northwest. The group did turn around on 14th Street, and they headed in a southbound direction. Inspector Glover heard a radio transmission that the group burned a marked MPD cruiser on 14th Street. The group of curfew violators was challenging MPD members, and they were hostile. Several individuals from the group were throwing rocks, bricks, and water bottles. Due the conduct of the crowd, Inspector Glove authorized the use of PPE for MPD members, which included helmets, batons, and shields for protection.

Inspector Glover authorized the arrest of the curfew violators based on probable cause that they were in violation of the Mayor's Order. Initially Inspector Glover wanted to coordinate the mass arrest on S Street, Northwest. The group appeared to move onto Swann Street, Northwest, for undetermined reasons. Inspector Glover was able to deploy police lines to encircle the group to make the arrest. The group "dictated" where the arrest was going to take place because that was the street they moved onto. Inspector Glover's initial intent was not to make the arrest on Swann Street, Northwest, in that specific residential area.

After Inspector Glover authorized the arrest, he became the incident commander for the scene. Inspector Glover requested multiple MPD CDU Platoons to respond the Swann Street. CDU units formed police lines from building line to building line to east and west ends of Swann Street, Northwest. There were also MPD members positioned in the alleys, and as rear security.

NARRATIVE: Case synopsis

Inspector Glover gave the command for the MPD members to encircle the group. Normally MPD CDU units would actually encircle the group, however MPD units just formed up from building line to building line to effect the arrest. The crowd was longer involved in a First Amendment assembly because they were in violation of the Mayor's Order.

Inspector Glover made a decision based on the crowd dynamics that a majority of the curfew violators were on the west end of Swann Street. Inspector Glover initially had the CDU units push the curfew violators east to west from 14th Street. The movement was very slow and methodical, and MPD members provided loud verbal commands to back up. MPD members were clearing stairwells. The movement was very controlled and it was not "rushed." According to Inspector Glover, the officers performed within Departmental policy. The NSID high volume arrest team was positioned on 15th Street, Northwest.

Inspector Glover did not authorize the use of chemical munitions. Inspector Glover authorized the use of the 40mm EIW, and he believed that was the best force option for the safety of the members. Inspector Glover did authorize the use of OC spray in defense of the MPD members.

Inspector Glover did not witness anyone attempt to break into the residences. Inspector Glover did witness the crowd throwing projectiles at MPD members. It appeared the projectiles were going in a west bound direction. Inspector Glover did not witness anyone chased or pushed into any residences. Inspector Glover did not witness any MPD member deploy chemical agents, sting balls, or rubber bullets on scene. Inspector Glover did not witness any MPD members deploy any chemical agents into any of the residents, and he did not witness any baton strikes. Inspector Glover did not witness any MPD member throwing any curfew violators to the ground. Inspector Glover did not witness any use of force on the scene.

The whole crowd was in violation of the curfew order, and there was probable cause to make the arrest. The criminal activity they committed on their course of travel was witnessed by multiple MPD officials. Inspector Glover was surveying the crowd, and there appeared to be no elderly, or persons with visible disabilities among the group. MPD members were very restrained, and they used the minimum amount of force necessary to conduct the arrests in the safest manner possible.

AMERICAN OVERSIGHT

Mayor Muriel Bowser of Washington D.C., ordered a District-wide curfew for June 1, 2020, commencing at 1900 hours and ending at 0600 hours. Under Mayor Bowser's order, no person during the hours of curfew, unless designated by the Mayor, shall be on public space within the District of Columbia. On the previous night, in multiple areas throughout the District of Columbia, numerous businesses, vehicles, and government buildings were vandalized, burned, or looted. Rioting had occurred, and vandals smashed windows, and caused extensive property damage throughout the city. **(Attachment 1)**

At approximately 1845 hours, the United States Park Police (USPP) dispersed a large crowd from Lafayette Square, which is a park directly north of the White house on H Street, Northwest, in order to erect a barricade around the park. The group that was dispersed by the USPP then gathered in the area of 16th and H Street, Northwest.

At 1901 hours, Assistant Chief of Police Jeffery Carroll of the Homeland Security Bureau (HSB), directed MPD members over the radio zone, to begin making announcements for the crowd to disperse, because the curfew order was in effect. Multiple warnings were voiced, by Officer [redacted] of the Special Operations Division (SOD), on the Long Range Acoustic Device (LRAD)[1], in the area of 17th and D Street, Northwest. Officer [redacted] moved to an area near 17th and Pennsylvania Avenue, Northwest, just west of Lafayette Park in close proximity of 16th and H Street, Northwest. Officer [redacted] voiced that if you remained on the street in violation of the Mayor's Order, you were subject to arrest. LRAD systems are used by the MPD to broadcast audible notifications and warnings over a long distance.

Lieutenant [redacted] of the SOD, who utilized call sign Cruiser 8701, observed a large group of approximately one-thousand (1000) individuals traveling northbound in the 1500 block of 14th Street, Northwest. This was the same group of individuals who were originally in the area of 16th and H Street, Northwest. Lieutenant [redacted] monitored the group as they made their way up 14th Street, Northwest, and he observed multiple individuals from the group engage in criminal acts by destroying, and defacing buildings[2]. The group was spray painting buildings as they traveled northbound on 14th Street. The front window at 1914 14th Street, Northwest (Trader Joe's) was broken. Earlier that afternoon, the front glass door was broken at 1819 14th Street, Northwest (El Centro Night Club). Central Complaint Numbers (CCN), [redacted] and [redacted] were obtained for the incidents. **(Attachments 2 & 3)**

Mr. [redacted][3], who was dispersed from the White House earlier in the day, also observed acts of vandalism while he traveled with a large group of people north on 14th Street, Northwest. According to Mr. [redacted] he was hit with a water bottle and a brick.

Mr. [redacted] did not participate in the acts of vandalism, and he was concerned for his own safety.

Lieutenant [redacted] of the HSB, who utilized call sign Intel-1, was on 14th Street, Northwest monitoring the group. He observed a group of unidentified individuals damage a MPD vehicle (Cruiser 1306), that was parked unoccupied, on the east side of the street, in the 2400 block of 14th Street, Northwest.

Lieutenant [redacted] observed an unidentified individual approach, and break out the windows of the MPD cruiser with a skateboard. There was a large group of unidentified individuals around the MPD vehicle. Lieutenant [redacted] immediately voiced over the radio zone what he observed. A majority of the group then walked off, and they traveled southbound on 14th Street, Northwest.

After the group walked off, another small group of unidentified individuals approached the MPD vehicle, and they set it on fire[4]. Lieutenant [redacted] did not witness who set the MPD vehicle on fire. After the MPD vehicle was destroyed, Lieutenant [redacted] observed the small group that was near the MPD vehicle travel southbound on 14th Street, Northwest, and they rejoined the larger group on 14th Street, Northwest. Lieutenant [redacted] continued to monitor the group's movements to Florida Avenue, Northwest, and he observed them eventually travel southbound on 15th Street, Northwest. Officer [redacted] of the Third District completed a PD Form 43 (Report of Damage to or Loss of District Government Property), and CCN [redacted] was obtained for the incident. **(Attachment 4)**

The 1800 block of 14th Street, Northwest, has multiple businesses and restaurants that lined the east and west side of the street. The behavior of the crowd gave an indication[5] for a potential escalation of violence, and there was a danger of personal injury or significant damage to property. On the previous evening, multiple MPD vehicles, and equipment were destroyed, and multiple buildings, and vehicles were set on fire by groups such as the one they were currently monitoring. According to Inspector Robert Glover, of the HSB, who utilized call sign Cruiser 50, he was concerned that the group was going to travel to 3100 14th Street, Northwest, to loot the Target retail store. The curfew violators grew increasingly hostile, and they began throwing projectiles, and bottles on 14th Street, Northwest.

Under District of Columbia Code § 5-331.07, the First Amendment Assembly Provisions of the First Amendment Rights and Police Standards Act of 2004, MPD is authorized to arrest persons who engage in unlawful disorderly conduct, or violence directed at persons or property, and it was well past curfew.

4 Lieutenant [redacted] was not close enough to the MPD vehicle to identify who destroyed it.
5 According to Inspector Glover, the group was throwing projectiles at MPD members, and they were damaging property.

FOIA Request No.: 2020-FOIA-06045

At approximately 2045 hours, a large group of over two-hundred (200) individuals gathered on public space in the area of 14th and Swann Street, Northwest, in violation of Mayor Bowser's Order. There was another group of curfew violators traveling southbound on 15th Street, Northwest. Additionally, MPD members still observed groups of individuals, attempting to damage buildings, and break windows. According to Lieutenant [redacted] he observed the same group of individuals he believed was responsible for destroying the MPD vehicle (Cruiser 1306), travel on foot from 14th Street, to the area of 15th and Swann Street, Northwest.[6]

According to Ms. [redacted] she was walking with a crowd near Swann Street, Northwest, and an unidentified male kept telling everyone to go down Swann Street. When people from Ms. [redacted] group inquired where he was taking them, the individual advised they could cut through onto another street. According to Ms. [redacted] the entire crowd followed this individual onto Swann Street, Northwest. Mr. [redacted] also followed a group of people onto Swann Street, Northwest.

Multiple warnings had been given earlier in the day for crowds to disperse, because they were in violation of the Mayor's Order[8]. After learning an MPD cruiser was destroyed, and witnessing multiple acts of vandalism and destruction of property were committed, the Incident Commander, Inspector Glover, authorized the mass arrest of the curfew violators, based on probable cause that they were on public space, in violation of the curfew order.

Inspector Glover advised Lieutenant [redacted] of the SOD, who utilized call sign 8600, and Lieutenant [redacted] to coordinate, and facilitate the mass arrest of the curfew violators. Lieutenant [redacted] and Officer [redacted] of the SOD, who were in full uniform, and equipped with BWCs, responded to the scene, along with other Domestic Security Operations Section (DSO) officers to assist. Officer [redacted] utilized Cruiser 8602.

Lieutenant [redacted] and Officer [redacted] both were equipped with MK-9 Oleoresin Capsicum (OC) dispensers. OC is a less-than-lethal-agent that causes a temporary discomfort, and irritation to the eyes. It is utilized to protect officers from physical injury, assist in the arrest of actively resisting subjects, or it can be deployed on subjects who are endangering public safety or security. According to Inspector Glover, he initially wanted to effect the arrests on S Street, Northwest, however the groups from 14th

On June 1, 2020, the Emergency Alert System was utilized, and at 1641 hours, a message was sent out to all cell phones advising of the 1900 hours curfew. Also, announcements were made through the local media about the curfew in the District of Columbia.

An encirclement can be utilized when probable cause has been established that a significant number or percentage of the persons located in the area or zone have committed unlawful acts. Everyone in the group was in violation of the Mayor's Order.

At approximately 2100 hours, multiple MPD CDU units were directed by Inspector Glover to respond to the scene. Inspector Glover set up the incident command post in the 1800 block of 14th Street, Northwest, and he authorized the use of Personal Protective Equipment (PPE) by MPD members for protection from projectiles being thrown at them. Assistant Chief Carroll of the HSB, also responded to the incident command post.

CDU Platoon-14[9], which was a Mountain Bike Platoon, in full uniform, equipped with BWCs, responded northbound, up through the 1800 block of 14th Street, Northwest, and they positioned themselves at the intersection of 14th and Swann Street, Northwest, to assist in the detention, and arrest of the curfew violators. According to Lieutenant Colonel [redacted] MPD and National Guard members did not have any physical contact with the curfew violators as they advanced forward.

As MPD members moved past Mr. [redacted] and Mr. [redacted] residences, they exited, and they made contact with MPD members. MPD members then conducted a walkthrough of Mr. [redacted] and Mr. [redacted] residences, and no one was located inside [redacted]

Lieutenant [redacted] observed several individuals attempting to gain entry into the dwellings by kicking the doors of the residences, and he directed CDU Platoon-62 and CDU Platoon- 52, who were positioned on the west end of Swann Street, to advance forward eastbound, in a line formation from 15th and Swann Street, Northwest, to contain the curfew violators. Lieutenant [redacted] and Officer [redacted] positioned themselves behind the CDU lines at 15th Street, Northwest. Lieutenant [redacted] gave the order for the MPD units to advance forward.

MPD members gave multiple loud verbal commands to move back, as they advanced forward in a police line. As MPD members advanced forward, projectiles and water

bottles were being thrown by the curfew violators at the MPD police line. MPD members gave loud verbal warnings to each other about the incoming projectiles.

Several individuals attempted to evade police capture, and they attempted to push, and kick open several of the front doors of the residences in the 1400 block of Swann Street, Northwest. According to Lieutenant [redacted] he observed several individuals attempt to gain entry to multiple residences by checking door handles, and kicking doors. Also, several individuals evaded arrest by fleeing into the back yards of the homes in the 1400 block of Swann Street, Northwest.

Multiple curfew violators did not comply with the MPD members' loud verbal commands to move back, and a small group interlocked their arms, and they stood in a line to prevent the police line from advancing forward. Several other curfew violators stood on line with their hands up in the air, and they refused to move back as MPD members approached them. Several individuals attempted to break through the police lines, and they attempted to push their way through the MPD members.

MPD members prevented the curfew violators from crossing their police lines, and CDU Platoon-62 and CDU Platoon-52 utilized their shields, and batons to push the crowd back. Approximately 2132 hours, CDU Platoon-62 and CDU Platoon-52 stopped, and reformed their line. Multiple curfew violators lined up in front of the MPD members with their hands in the air.

An unidentified male[15], only identified by a white tee shirt, and a yellow mask, ignored the loud verbal commands to move back, and he climbed up on top of a [redacted] ([redacted] tag number [redacted]), that was parked facing eastbound, on the north side of the 1400 block of Swann Street, Northwest. The male began moving around the top of the vehicle to avoid being detained. The male, who was not the owner, damaged the vehicle by scratching, and denting the rear deck lid[16].

At one point, the unidentified male kneeled down on the top of the vehicle, and he held an electronic device (cell phone) in his right hand extended out towards MPD members as they approached. The individual was actively evading capture, and he posed a threat to public safety[17] by ignoring the officers' loud verbal commands to get back. He was standing on top of the vehicle, directly over the top of the officers, and he was a safety risk. As the police line advanced forward, officers had to maneuver around the vehicle, and there was a breach in the line. According to Lieutenant [redacted] it was not feasible for MPD to go up on to the vehicle to detain him.

15 Agent [redacted] reviewed arrest photos and he was unable to identify the male.

Lieutenant [redacted] retrieved his OC dispenser with his right hand, and he deployed a single one (1) second burst to the unidentified male's facial area, from approximately eight (8) feet away. The male then jumped off the vehicle from the front hood, and he fled back into the crowd. Another unidentified male[18], then emerged from the crowd, dressed in dark clothing, and he advanced towards the MPD line. He was holding an undetermined object in his right hand, and he cocked his arm back, and he threw an unknown object at the MPD members[19]. Lieutenant [redacted] determined this individual was a danger to MPD members, and he again deployed a one (1) second burst of OC spray from approximately twelve (12) feet away towards the individual. This unidentified individual appeared not to have been contaminated with OC spray, and he retreated back into the crowd.

While advancing forward in the 1400 block of Swann Street, Northwest, an individual identified as Mr. [redacted] charged directly at Officer [redacted] of the Sixth District in the street. Mr. [redacted] was shouting, "We are peaceful," as he charged forward. Officer [redacted] was equipped with a shield. Mr. [redacted] was clinching his fists to his sides, while he was holding a water bottle in his left hand, and a sign in his right hand. Mr. [redacted] attempted to push his upper torso into Officer [redacted] shield, to push Officer [redacted] back. Officer [redacted] was able to repel the Mr. [redacted] attack quickly by pushing him back with his shield.

Lieutenant [redacted] deployed a single one (1) second burst of OC spray to Mr. [redacted] facial area from approximately eight (8) feet away to halt his attack. Mr. [redacted] then retreated back to the north side of the sidewalk, and he grouped up with several other individuals in front of [redacted]

A large group of curfew violators fled up the front stairs at a residence, located at [redacted] Lieutenant [redacted] observed one (1) unidentified individual kicking the front door. The residence is a multi-level brick front, attached row home with a wrought iron stair case in the front. Also there is a large bay window directly in the front of the residence. Mr. [redacted] who resides at the location, opened the front door, and he allowed approximately sixty (60) curfew violators to enter his residence, to evade police capture.

As MPD CDU units continued to advance forward, they continued to give multiple loud verbal commands for the crowd to move back. Several individuals remained on the sidewalk at the bottom of the stairs directly in front of [redacted] and they ignored the MPD members' commands to move back. Another unidentified individual threw an unknown object at the MPD members from the side walk directly in front of Mr. [redacted] residence[20].

Multiple curfew violators were attempting to evade capture, and they posed a risk to public safety by attempting to break into homes. Officer [redacted] was unaware that Mr. [redacted] aided in the escape of the curfew violators by letting them in his residence. As MPD members advanced forward, Mr. [redacted] did not make himself known, and at that time, he did not advise MPD members he was allowing the curfew violators into his residence.

Officer [redacted] stepped out from behind the police line, and he deployed a single burst from of his OC dispenser to the facial areas of a group of individuals that were gathering on the sidewalk, in order to move them back away from the residence. Ms. [redacted] and Mr. [redacted] were standing on the side walk, and they were both contaminated with OC spray. Officer [redacted] deployed his OC spray in an eastbound direction on the side walk. At no time did Officer [redacted] deploy OC spray towards the residence, or towards the front door of the residence. An individual who was standing near the stairwell at [redacted] recorded the incident, and he was not contaminated with the direct stream of OC spray[21].

Ms. [redacted] and Mr. [redacted] retreated eastbound on Swann Street, Northwest and they were stopped by advancing MPD and DC National Guard members. While standing on the north sidewalk, Mr. [redacted] blew his nose into his right hand. Mr. [redacted] then threw the mucus from his hand, directly towards the MPD members from approximately three (3) feet away[22].

Mr. [redacted] who resided at [redacted] observed several individuals in the back yard of his residence. They asked Mr. [redacted] if they could cut through his residence to evade capture. Mr. [redacted] advised them to get off his property, and one of the individuals threatened Mr. [redacted] and he stated was going to remember him, and he was going to come back.

The High Volume Arrest Prisoner Control System was activated to handle the large number of arrests. At approximately 2145 hours, members from the Narcotics and Special Investigations Division (NSID) responded to 15th and Swann Street, Northwest, to assist with transporting the arrestees for prisoner processing. The processing took place at the Metropolitan Police Academy (MPA) located at 4665 Blue Plains Drive, Southwest.

MPD members were able to encircle the crowd, and at approximately 21:52[23] hours the first arrest was made, and one hundred and ninety-four (194) curfew violators were ultimately placed under arrest. Once the scene was secure, MPD members canvassed

the back yards of the residences to locate curfew violators that fled from arrest. According to Mr. [redacted] he was the third person arrested, and MPD members were not biased when they were selecting people to be processed. MPD members were not selecting curfew violators from the group to be processed based on their race. The arrestees were only separated based on their gender, and juveniles were not transported with adults.

Officer [redacted] of the SOD and Officer [redacted] of the Sixth District escorted Mr. [redacted] up 15th Street, Northwest to a transport vehicle to be processed. Officer [redacted] was escorting Mr. [redacted] by his left arm, and Officer [redacted] was escorting him by his right arm. Mr. [redacted] pulled his right arm away from Officer [redacted] and he attempted to flee. Officer [redacted] grabbed onto Mr. [redacted] waist, and he conducted a tactical take down to prevent Mr. [redacted] from escaping. Mr. [redacted] pulled Officer [redacted] to the ground as he tried to pull away from her. An unidentified individual yelled out, "Get off his neck!" Officer [redacted] straddled Mr. [redacted] lower torso, and he regained control of his arms. Officers [redacted] and [redacted] did not make any contact with Mr. [redacted] neck, and Officer [redacted] then assisted Mr. [redacted] to his feet without further incident.

Approximately sixty (60) curfew violators remained in Mr. [redacted] residence for approximately six (6) hours to avoid arrest. The following morning, the individuals inside Mr. [redacted] residence left without being arrested.

While at the MPA being processed, Ms. [redacted] alleged she sustained contusions to her right arm, left rib cage, and left leg when she was struck with a baton. A PD Form 313 (Report of Injury or Illness of Arrestee) was completed by Sergeant [redacted] of the NSID. Ms. [redacted] was then transported to the United Medical Center (UMC), where she was treated by the emergency room staff for her injuries, and released. **(Attachment 12)**

Lieutenant [redacted] **Special Operations Division**

On July 14, 2020, Agent [redacted] of the IAD conducted an audio recorded interview with Lieutenant [redacted] at the IAD. The following is a brief summary of Lieutenant [redacted] statement: **(Attachment 27)**

On June 1, 2020, there was a large group of curfew violators that traveled northbound up 14th Street, Northwest, from the White House area[26]. The group was involved in suspected destruction of property as they traveled up 14th Street, Northwest. A curfew went into effect at 1900 hours. The group that traveled up 14th Street, Northwest, was in violation of the curfew order. The group was no longer participating in a First Amendment assembly because they were in violation of the Mayor's Order. The LRAD was used to give this group of curfew violators multiple warnings. The curfew violators were warned that they were in violation of the Mayor's Order, and they were subject to arrest. Lieutenant [redacted] felt the group that traveled onto 14th Street heard the warnings.

Lieutenant [redacted] was made aware that the group was destroying property through multiple radio transmissions. Lieutenant [redacted] did not witness any of the criminal activity on 14th Street. Lieutenant [redacted] was made aware that an MPD cruiser was burned on 14th Street, Northwest, from a radio transmission. There was an official that made a radio transmission that the group that destroyed the MPD cruiser was moving towards Swann Street, Northwest.

Inspector Glover authorized a mass arrest of the curfew violators, and he was the incident commander of the scene. The group was "snake marching" by moving to different locations. The group appeared to move down Swann Street, because this was the avenue they chose. Inspector Glover chose Swann Street, Northwest, to effect the mass arrest. Additional MPD CDU units were requested to respond to the scene. MPD CDU units were positioned in a police line on the east and west ends of Swann Street, and the alleys were secured by additional MPD members. MPD members were equipped with PPE equipment. Inspector Glover authorized the use of the PPE, because throughout the day, projectiles were being thrown at members.

Inspector Glover gave the order for MPD members to move in to make the arrest. Lieutenant [redacted] positioned himself on the 15th Street side of Swann Street. When the

MPD CDU units began moving from 14th Street, Lieutenant [redacted] observed a change of behavior in the crowd. There were multiple curfew violators checking, and knocking on doors in the 1400 block of Swann Street. Several people were attempting to gain entry into the dwellings. Lieutenant [redacted] also observed several curfew violators attempting to kick in several doors. The group went from "checking doors, to kicking doors very quickly."

The MPD CDU units moved east bound from 15th Street, and the crowd began throwing projectiles at the officers. Several individuals attempted to push through the police line. There were multiple individuals jumping on vehicles inside the block. People were still attempting to gain entry into multiple residences.

MPD members were giving loud verbal commands for the crowd to move back. Several individuals from the crowd were not compliant, and they did not move back. MPD members then utilized mechanical force with their shields and batons, to push the curfew violators back to effect the arrest. There were multiple projectiles thrown at the MPD police line. Inspector Glover did authorize the use of OC spray.

As the MPD police line advanced forward, Lieutenant [redacted] encountered an individual on top of a vehicle. This individual jumped up on the vehicle, and it was not feasible for any officers to chase him on top of the vehicle, for safety and tactical reasons. Multiple commands were given to the individual from the officers on the line to get back, and he would not get down. The individual was almost behind the police line due to his elevated position. Lieutenant [redacted] felt the individual was a danger to the officers and to public safety.

The individual was jumping on the vehicle, and he was attempting to evade capture. He was under arrest for the curfew violation. Lieutenant [redacted] was yelling get back, and the individual would not get off the vehicle. From approximately six (6) to eight (8) feet away, Officer [redacted] deployed a single one second burst of OC spray to the individual's facial area. The individual's behavior changed, and he immediately jumped off the vehicle and moved away from the police line.

As the police line advanced forward, an individual charged towards the police line. His fists appeared to be clinched, and he took an aggressive posture. He ran up to the police line, and made contact with an officer with a shield. The officer pushed him back with a shield. Loud verbal commands were given by the officers on the line to get back, and he did not comply. Lieutenant [redacted] felt this individual was a danger to the officers on the line. From approximately six (6) to eight (8) feet away, Lieutenant [redacted] deployed a one (1) second burst of OC spray to the individual's facial area. The individual's behavior changed and he retreated back away from the police line, and he stopped his aggressive behavior.

Lieutenant [redacted] did not observe Officer [redacted] OC spray deployment. As Lieutenant [redacted] advanced towards [redacted] he observed an

unidentified individual kicking the front door and he was pulling on the front door handle. When Lieutenant [redacted] turned and looked back, he observed that the front door was open, and there was a steady line of curfew violators entering into the residence. The home owner did not make himself know to Lieutenant [redacted] At that point, Lieutenant [redacted] thought that the curfew violators made entry into the residence, and a burglary was in progress.

Lieutenant [redacted] witnessed approximately twenty (20) to thirty (30) curfew violators enter the residence, and then the door was slammed shut. The owner at that time did not make himself known to MPD members, and he did not advise that he let the people into his residence.

Lieutenant [redacted] did not deploy OC spray into any residence, and he did not witness any MPD member deploy OC spray into any residence. According to Lieutenant [redacted] there was no tear gas or CS gas utilized on scene. There were no rubber bullets, or stinger grenades used on scene. Lieutenant [redacted] did not witness any curfew violator being thrown to the ground, and did not observe any baton strikes. According to Lieutenant [redacted] MPD members utilized their batons and shields in a manner consistent with Departmental policy.

On July 30, 2020, Agent [redacted] of the IAD conducted an audio recorded follow up interview with Lieutenant [redacted] at the IAD. The following is a brief summary of Lieutenant [redacted] statement:

After Lieutenant [redacted] deployed OC spay at the individual on top of the vehicle, the MPD police line continued to advance forward in an east bound direction. The crowd was continuing to throw projectiles at the MPD members on the police line. There were multiple individuals that ran towards the police line throwing projectiles. Lieutenant [redacted] was behind the shields and he observed an individual running towards the police line with an object in his hand. He appeared to getting ready to throw an object at the police line. Lieutenant [redacted] stepped up in-between the shields, and he deployed a single one (1) second burst of OC spray towards that individual. Lieutenant [redacted] stated that the individual was approximately twelve (12) feet away. Lieutenant [redacted] did not think he made contact with the individual because he was far back, and the individual eventually retreated back into the crowd.

On July 14, 2020, Agent [redacted] of the IAD conducted an audio recorded interview with Officer [redacted] at the IAD. The following is a brief summary of Officer [redacted] statement: **(Attachment 28)**

On June 1, 2020, Officer [redacted] and DSO members were asked by Inspector Glover to respond to the 1400 block of Swann Street, Northwest. There were large groups marching north up 14th and 15th Street, Northwest, and they were in violation of the

curfew order. These groups were warned with the LRAD system that they were violation of the Mayor's Order, which began at 1900 hours. Officer [redacted] did not witness the groups destroying or defacing property on 14th Street, Northwest. He only heard the radio transmissions that "they were marking cars, and vandalizing" property.

Inspector Glover authorized the mass arrest of the curfew violators, and he approved the use of OC spray. The curfew violators migrated onto Swann Street, Northwest, and additional MPD CDU units were requested to respond by command staff. The MPD CDU units positioned themselves on the east and the west sides on Swann Street, Northwest. They formed a police line from building line to building line, to arrest the curfew violators.

Officer [redacted] was positioned at 15th and Swann Street, Northwest, when the command staff ordered the MPD CDU units to move forward. MPD members gave the curfew violators loud verbal commands to move back, and some members of the crowd did not comply. Many curfew violators joined arms in an attempt to stop the officers from advancing forward. There were several people that tried to push their way through the MPD line. It was at that time, MPD members used mechanical force (batons and shields) to push the crowd back. The curfew violators were also throwing objects towards the police line.

Officer [redacted] observed several curfew violators on the front stoops of the residences, and he heard what sounding like doors being kicked in, on both sides of the street. Officer [redacted] believed the curfew violators were attempting to enter the people's dwellings.

Officer [redacted] observed approximately twenty (20) curfew violators run inside [redacted] At this point the owner did not make himself known to the MPD members, and Officer [redacted] did not hear the owner say "come inside." People were running inside the house. Based on Officer [redacted] own observations, and in good faith, he believed a burglary was occurring. The home owner at this time, did not make MPD aware he was allowing people into his residence. There was a large group of approximately ten (10) people that gathered on the side walk, and they appeared to attempt to gain entry into the house. There was a projectile thrown at MPD members from that general area. Officer [redacted] believed these individuals were a danger to public safety. The group at the bottom of the stairs, were given loud verbal commands, to move back, and they did not comply.

From approximately twelve (12) feet away, Officer [redacted] deployed a single one second bust of OC spray, from his MK-9, to the facial area of the curfew violators on the sidewalk, who were getting ready to go up the stairs. Officer [redacted] believed the individuals were committing a burglary based on his own observations. Officer [redacted] was on the side walk, and he was facing east on Swann Street, Northwest. Officer [redacted] voiced a warning to the crowd to move back prior to his deployment, and they did not comply.

AMERICAN OVERSIGHT

Officer [redacted] deployed his OC spray eastbound, and he did not deploy directly towards the house. Officer [redacted] did not deploy OC spray at the curfew violators on the stairs, and he did not deploy into the front door of the residence. Officer [redacted] did not deploy OC spray through the windows of the residence. After Officer [redacted] OC deployment, the group at the bottom of the stairs dispersed back in an eastbound direction.

Officer [redacted] did not witness Lieutenant Horos deploy OC spray on scene. According to Officer [redacted] there was no tear gas or CS gas used on scene. There were no rubber bullets or stinger grenades used on scene. Officer [redacted] did not witness any curfew violators thrown to the ground, and he did not witness and baton strikes. Officer [redacted] did not witness any MPD members chase or push any curfew violators into any residence.

Officer [redacted] Special Operation Division

On July 29, 2020, Agent [redacted] of the IAD conducted an audio recorded interview with Officer [redacted] at the IAD. Present for the interview was Master Patrol Officer (MPO) [redacted] of the Fraternal Order of Police (FOP). The following is a brief summary of Officer [redacted] statement: **(Attachment 29)**

On June 1, 2020, Officer [redacted] was advised to respond to 15th and Swann Street, Northwest, because an arrest was going to be made for the curfew violations. Officer [redacted] was part of a Quick Response Force (QRF), and he was not on the direct line with the officers.

After the arrests were made, there was supposed to be two (2) officers escorting each arrestee back to the transport wagons for processing. A female officer was escorting a gentleman alone. Lieutenant [redacted] advised Officer [redacted] to assist her. Officer [redacted] and Officer [redacted] then escorted Mr. [redacted] up to 15th Street, Northwest. Mr. [redacted] began moving his right arm up in an attempt to escape. Mr. [redacted] moved his right arm up several times. Once they were about twenty (20) feet from the transport, Mr. [redacted] broke away from Officer [redacted] grip. Mr. [redacted]

On July 17, 2020, Agent [redacted] of the IAD conducted an audio recorded telephone interview with Mr. [redacted] The following is a brief summary of Mr. [redacted] statement: **(Attachment 31)**

On June 1, 2020, Mr. [redacted] was aware there was a curfew order established by Mayor Bowser at 1900 hours. Earlier that day, Mr. [redacted] was in front of the White House. Mr. [redacted] did not hear the curfew warnings voiced by MPD on the LRAD after 1900 hours.

Mr. [redacted] was "dispersed" from the White House around 1845 hours. Mr. [redacted] then walked north on Black Lives Matter Plaza (800-900 blocks of 16th Street, Northwest). Several streets were blocked, and Mr. [redacted] had to travel down various streets to get to his vehicle. Mr. [redacted] vehicle was parked in Dupont Circle, and he needed to exit on Connecticut Avenue, Northwest.

Everyone was in "groups" and "they" were marching, and walking up 14th Street, Northwest. There were hundreds of people leaving after they were dispersed from the White House. Everyone was heading in the same direction. According to Mr. [redacted] the police blocked the streets he needed to use to go home.

Mr. [redacted] observed acts of vandalism while he was on 14th Street. There were negative people "doing the most." When people were throwing projectiles, Mr. [redacted] was hit with water bottles, and he was hit with a brick. Mr. [redacted] did not throw any projectiles at the police. Mr. [redacted] did not participate in the acts of vandalism, and he was concerned for his own safety.

At approximately 1920 hours, Mr. [redacted] encountered an officer who was assisting with escorting people out of the city. At that point, Mr. [redacted] and the group he was with were advised that they needed to "leave the city." Police were escorting people out of the city safely. Mr. [redacted] asked an officer[27] if he was going to his car was in violation. The officer advised Mr. [redacted] to hurry up and get to his vehicle. Mr. [redacted] was warned to hurry up, and to make his way out of the city by the officer. The officer advised Mr. [redacted] to leave right now, because they were serious about the curfew.

While Mr. [redacted] was on 14th Street, he did not witness anyone vandalize, or destroy an MPD vehicle. Several individuals parked where Mr. [redacted] parked, and he was advised if he stayed with them, he would end back up at Dupont Circle. Mr. [redacted] then followed a group of people onto Swann Street. It was late when Mr. [redacted] traveled onto Swann Street, and it was almost dark outside. The group Mr. [redacted] was with were actual activists, and he asked them for their help. Mr. [redacted] was trying to get out of the city as quickly as he could. After MPD arrived, Mr. [redacted] remained on Swann Street for approximately an hour and a half. Mr. [redacted] pleaded to leave, and he advised the officers his vehicle was down the street. Mr. [redacted] request was denied by MPD members.

There were over one-hundred (100) people on Swann Street, Northwest. Mr. [redacted] could not back up without bumping into someone. MPD blocked everyone in, and the group was advised they were not allowed to leave. Mr. [redacted] and the group, were "pushed" into a smaller circle by MPD members, and at that point MPD began arresting people.

Initially, there were no objects thrown at the police, and people were making phone calls to their lawyers. Mr. [redacted] was not "tear gassed" or "maced," and he was not physically assaulted by any MPD member. When Mr. [redacted] was advised by MPD members to move back, he complied and he moved back. Mr. [redacted] stood in the front of the police line, and according to Mr. [redacted] he observed several juveniles near him. As the MPD members moved forward, Mr. [redacted] observed MPD members being hit with projectiles. Mr. [redacted] was also hit with a projectile (water bottle), because he was in the front. Other protesters were hit with objects from the "knuckle heads" that were throwing things.

According to Mr. [redacted] he was there, and what was said on TV was not what he experienced. MPD just started collecting people, and making arrests. MPD did not make the arrests in a biased way, and they randomly selected people from the group to be processed.

Mr. [redacted] did not witness anyone being beaten, or struck with batons. The only altercation Mr. [redacted] witnessed was after MPD advised the crowd to move back multiple times, some people began fighting and clashing with the police. MPD members had their shields, and they were not thrusting them at anyone. MPD members only used their shields to push people back that would not move. MPD was equipped with what Mr. [redacted] described as night sticks and mace. Mr. [redacted] did not observe any MPD members deploy any rubber bullets, or stinger grenades on scene. Mr. [redacted] did not observe any MPD members deploy any OC spray into any of the residences.

Mr. [redacted] went on to say that the MPD members' conduct was very professional, and this was the best interaction he had with the police since the demonstrations began. Mr. [redacted] did not observe anyone attempt to break into, or flee into any of the residence on the street.

AMERICAN OVERSIGHT

According to Mr. [redacted] the force used by MPD members was not excessive. The MPD members were extremely nice to him. Mr. [redacted] was arrested in the past during protests, and this was the most efficient experience he has had with MPD. After Mr. [redacted] was processed, MPD members assisted him in getting a ride back home. Mr. [redacted] was stranded in a part of DC he did not know. According to Mr. [redacted] that was the most peaceful arrest he has ever been part of. Mr. [redacted] learned he was arrested for the curfew violation after he received his paperwork.

Mr. [redacted] denied that MPD members took him to the ground after he attempted to flee from police custody. Mr. [redacted] denied that he was involved in that incident. Mr. [redacted] stated he was the third person processed and he did not resist arrest.

Mr. [redacted] resided in the lower basement unit at [redacted] Mr. [redacted] was in the back yard listening to loud noises consistent with rioting. Mr. [redacted] observed a group of individuals running down Swann Street, Northwest. People were banging on Mr. [redacted] door, and Mr. [redacted] pushed a dresser up against the front door so people could not gain entry into his residence. Mr. [redacted] was working from home, and his computer monitors were close to his window. The sound, and the vibrations from the commotion in the street cause one of his monitors to fall to the ground. Mr. [redacted] took shelter in his bathroom, and he called 911. The crowd became louder out front.

There was a back door in Mr. [redacted] bedroom that opened up to a fenced in back yard. Mr. [redacted] observed several males in hooded sweatshirts in his yard. When Mr. [redacted] turned the lights on, the individuals hopped back over the fence. Mr. [redacted] remained on the phone with the 911 call-taker, and he was advised that officers were making their way to him.

MPD then gained control of the situation by peaceful means, and they were able to get the crowd back. The crowd was screaming at the police officers who were wearing PPE equipment. Mr. [redacted] did not observe any MPD members make physical contact with the curfew violators. Once MPD was in front of Mr. [redacted] residence, he was advised to come out, and MPD conducted a sweep of Mr. [redacted] residence.

According to Mr. [redacted] he did not observe any MPD members act out of line, and he felt they did a fantastic job keeping the peace. Mr. [redacted] stated that there were several youths antagonizing the MPD members by screaming in their faces. Mr. [redacted] observed several home owners on the opposite side of the street allow people into their residences. Mr. [redacted] witnessed what he describes as an excellent job by MPD

On June 1, 2020, Mr. [redacted] was outside on his rooftop with his roommate Mr. [redacted] and he knew from events on the previous day that "things were escalating." They decided to go to Mr. [redacted] apartment in the lower level. There was a group of people that traveled down Swann Street, Northwest. While Mr. [redacted] was in the basement, he heard a bunch of people run past his residence.

Mr. [redacted] advised Mr. [redacted] that people were trying to get into their residence from the back. Mr. [redacted] looked out the front and he observed several individuals standing there. A couple people knocked on the front door. The back yard was fenced in, and there were several people that jumped over the fence into their back yard. Mr. [redacted] then called 911 for assistance. Mr. [redacted] back door was open to his residence, and he was concerned that people may have entered into his dwelling.

Mr. [redacted] stuck his head out the front door and he gained the attention of an officer there. A walk through was conducted by MPD on Mr. [redacted] residence and no one was located. Mr. [redacted] then left Swann Street, and he went to a friend's house. Mr. [redacted] did not witness any MPD use of force.

The protester that was denied entry into the basement stated to Mr. [redacted] tenant, "I'll remember you."

On June 12, 2020, Agent [redacted] of the IAD conducted an audio recorded telephone interview with Mr. [redacted] The following is a brief summary of Mr. [redacted] statement: **(Attachment 35)**

On June 1, 2020, Mr. [redacted] was in the downstairs apartment and he heard some moderate shouting. He really could not see what was going on and he sent a text message to his landlord. His landlord advised that protesters were blocked in on his street, and Mr. [redacted] went upstairs to his landlord's apartment. Mr. [redacted] observed the protesters being placed under arrest for a curfew violation. Some of the curfew violators were freaking out, and there was "some" resistance. Some people were peacefully being arrested, and some, who were younger, did not understand they were being arrested for the curfew violation.

Mr. [redacted] thought he observed a bottle thrown towards the police, and he did not really observe any altercations. Mr. [redacted] thought pepper spray was used because he could smell it through his window. Mr. [redacted] was not sure if tear gas was deployed. Mr. [redacted] thought MPD deployed pepper spray after a bottle was thrown. Mr. [redacted] did not think MPD's conduct towards the protesters was rude, or disrespectful. The protesters were yelling at the police on scene.

A "guy," two (2) doors down, had let approximately sixty (60) protesters into his residence. Some of the protesters were jumping through people's back yards to escape. There was a police presence in the alley, and they were blocked in. Mr. [redacted] walked back down to his apartment and he observed two (2) or (3) people in his yard. They asked if they could cut through his residence, and Mr. [redacted] asked them to get off the property. One of the unidentified individuals turned back and stated, "I'm going to remember you, and I'm going to come back and fuck you up."

Mr. [redacted] did hear the curfew warning that was administered by MPD[28], however he could not recall exactly what was said. Mr. [redacted] did not observe any of the curfew

Mr. [redacted] did not observe any MPD members punch or kick any of the curfew violators. The protesters were shouting, "Fuck the police!'

Mr. [redacted] felt MPD was just doing their job, and they were following the Mayor's orders. Mr. [redacted] found a switch blade and a taser the next day, and he believed this property was left behind by the curfew violators who were cutting through the yard. The next day a young male and female came back and they appeared to be looking for something. They were looking under vehicles in the area for "something." Mr. [redacted] was not sure if they were looking for the knife and taser he found.

Mr. [redacted] reported that the current media reports concerning the Swann Street incident were not consistent with what he observed. Mr. [redacted] reported that he observed three (3) protesters washing their eyes out and assumed that they were pepper sprayed at some point.

Mr. [redacted] reported that the MPD was very organized with effecting the arrests, and at no point did he observe any member of the MPD use any force. Mr. [redacted] reported that his experience during the Swann Street incident was vastly different than the account given by Mr. [redacted] Mr. [redacted] reported that Mr. [redacted] was quoted in the Washington Post as saying, "He could hear the skulls cracking." Mr. [redacted] reported that Mr. [redacted] also reported that officers sprayed pepper spray into his home. "After peaceful protesting all day, at around 10:00pm police blocked us off and wouldn't let anyone through. So we then turned around and went on Swann Street, they then cut off 14th Street. We turned back around towards 15th Street and they cut us off again, not letting anyone through. So we're now trapped on Swann Street and they're pushing people, pepper spraying people, and arresting people. We were trapped for hours, some residents on the block saw what was going on and was letting people inside their homes. Not everyone got inside a home though, those who didn't were arrested and taken. I was arrested around 11:40pm and they immediately took my phone, cut my strings and took my shoelaces. They put zip ties on my wrist and put me in a van, after they loaded the van up they took us to their police academy. When we got there they told us we were getting citation papers and being released. The time is now 4:00am, since 11:40pm. They take me in the building and finally cut the zip ties off which have been on the entire time since 11:40pm. After cutting them they took me to a room and told me to practice social distancing, I walked into a room with at least 50 other males. I

stayed in that room until 7:30am. They gave us no food or phone calls. This was a very traumatizing experience for me because I've never been in any type of trouble with the law ever, so for them to treat me like that, I'm scared for life, I haven't stopped thinking about it since it has happened and I cry every time I do. Something has to be done about this."

On June 1, 2020, there was a Mayor's Order, and a curfew went into effect at 1900 hours. There was a large crowd that had gathered in the downtown area around that time. The crowd was advised utilizing the LRAD for approximately twenty (20) minutes that they were in violation of the Mayor's Order, and that they were subject to arrest. Inspector Glover gave the curfew violators a "way to leave." The warning could be heard over long distances through the city on the LRAD. According to Inspector Glover, the warnings were clear and audible.

AMERICAN OVERSIGHT
FOIA Request No.: 2020-FOIA-06045

The crowd from downtown moved onto 14th Street, Northwest, and they traveled northbound. Several individuals from the group began to spray paint vehicles and buildings. Several windows were broken on buildings during their course of travel. The group was heading towards the Target store, which was looted the night before. Inspector Glover was concerned about the commercial buildings on 14th Street, Northwest. The group did turn around on 14th Street, and they headed in a southbound direction. Inspector Glover heard a radio transmission that the group burned a marked MPD cruiser on 14th Street. The group of curfew violators was challenging MPD members, and they were hostile. Several individuals from the group were throwing rocks, bricks, and water bottles. Due the conduct of the crowd, Inspector Glover authorized the use of PPE for MPD members, which included helmets, batons, and shields for protection.

Inspector Glover authorized the arrest of the curfew violators based on probable cause that they were in violation of the Mayor's Order. Initially Inspector Glover wanted to coordinate the mass arrest on S Street, Northwest. The group appeared to move onto Swann Street, Northwest, for undetermined reasons. Inspector Glover was able to deploy police lines to encircle the group to make the arrest. The group "dictated" where the arrest was going to take place because that was the street they moved onto. Inspector Glover's initial intent was not to make the arrest on Swann Street, Northwest, in that specific residential area.

After Inspector Glover authorized the arrest, he became the incident commander for the scene. Inspector Glover requested multiple MPD CDU Platoons to respond the 1400 block of Swann Street, Northwest. CDU units formed police lines from building line to building line to the east and west ends of Swann Street, Northwest. There were also MPD members positioned in the alleys, and as rear security.

Inspector Glover gave the command for the MPD members to encircle the group. Normally MPD CDU units would actually encircle the group, however MPD units just formed up from building line to building line to effect the arrest. The crowd was no longer involved in a First Amendment assembly because they were in violation of the Mayor's Order.

Inspector Glover made a decision based on the crowd dynamics[30] that a majority of the curfew violators were on the west end of Swann Street. Inspector Glover initially had the CDU units push the curfew violators east to west from 14th Street. The movement was very slow and methodical, and MPD members provided loud verbal commands to back up. MPD members were clearing stairwells. The movement was very controlled and it was not "rushed." According to Inspector Glover, the officers performed within

Departmental policy. The NSID high volume arrest team was positioned on 15th Street, Northwest.

Inspector Glover did not authorize the use of chemical munitions. Inspector Glover authorized the use of the 40mm EIW[31], and he believed that was the best force option for the safety of the members. Inspector Glover did authorize the use of OC spray in defense of the MPD members.

Inspector Glover did not witness anyone attempt to break into the residences. Inspector Glover did witness the crowd throwing projectiles at MPD members. Inspector Glover did not witness any MPD member throwing any curfew violators to the ground. Inspector Glover did not witness any use of force on the scene.

The whole crowd was in violation of the curfew order, and there was probable cause to make the arrest. The criminal activity they committed on their course of travel was witnessed by multiple MPD officials. Inspector Glover was surveying the crowd, and there appeared to be no elderly citizens, or persons with visible disabilities among the group. MPD members were very restrained, and they used the minimum amount of force necessary to conduct the arrests in the safest manner possible.

CURRICLIUM REVIEW

On August 8, 2020, Agent [redacted] made a request for a curriculum review for the incident in the 1400 block of Swann Street, Northwest.

TACTICAL ANALYSIS

Under the First Amendment Assembly Provisions of the First Amendment Rights and Police Standards Act of 2004 § 5-331.07, it specifically states there is nothing in this subsection that is intended to restrict the authority of the MPD to arrest persons who engage in unlawful disorderly conduct, or violence directed at persons or property. Additionally, a public safety emergency (Covid-19) was declared by the Mayor that was not based solely on the fact that the First Amendment assembly is occurring.

AMERICAN OVERSIGHT
FOIA Request No.: 2020-FOIA-06045

On June 1, 2020, Mayor Muriel Bowser of Washington D.C., ordered a District-wide curfew for June 1, 2020, commencing at 1900 hours and ending at 0600 on June 2, 2020. Under Mayor Bowser's order, no person during the hours of curfew, unless designated by the Mayor, shall be on public space within the District of Columbia. On the previous night, in multiple areas thought the District of Columbia, numerous businesses, vehicles, and government buildings were vandalized, burned, or looted. Rioting occurred, and vandals smashed windows, and caused extensive property damage. Mayor Bowser specifically cited that the District was still under a public health state of emergency due to COVID-19.

Under the First Amendment Assembly Provisions of the First Amendment Rights and Police Standards Act of 2004, the unit commander, as a first means of dispersing a crowd, under static conditions, shall attempt to verbally persuade the crowd to disperse of its own accord.

At 1901, Assistant Chief Jeffery Carroll voiced a directive over the radio zone to the MPD members that the curfew was in effect, and he directed members to make announcements. Multiple announcements were made in the area of Lafayette Park utilizing the LRAD system. Curfew violators were specifically warned that they were in violation of the Mayor's Order, and that they were subject to arrest.

After the Mayor's Order went into effect, MPD members observed a large group of curfew violators engage in criminal acts by defacing buildings on 14th Street, Northwest, and destroying an MPD vehicle.

Inspector Glover established there was probable cause that the large group had committed a criminal act by violating the Mayor's Order by remaining on public space, and he ordered a mass arrest of the curfew violators. Inspector Glover directed Lieutenant [redacted] and Lieutenant [redacted] to utilize MPD CDU units to detain the curfew violators in the 1400 block of Swann Street, Northwest.

A tactical improvement opportunity identified by Agent [redacted] was that MPD members should have detained the curfew violators on 14th Street, Northwest, away from a residential street. There was an imminent likelihood of violence and a potential to cause significant property damage during the arrest.

Under the First Amendment Assembly Provisions of the First Amendment Rights and Police Standards Act of 2004, the incident commander shall authorize the wearing of hard PPE (e.g, helmets, gloves, chest protectors, shin guards) only when the donning of such equipment is consistent with the District policy on First Amendment assemblies and only where there is a danger of violence.

Inspector Glover authorized the use of PPE once individuals began throwing projectiles at MPD members on 14th Street, Northwest. Inspector Glover's authorization of PPE was reasonable and within Departmental policy given that there was a likelihood of

AMERICAN OVERSIGHT
FOIA Request No.: 2020-FOIA-06045

violence during the arrest, and during the previous night, several members from MPD were injured from projectiles, and there were individuals throwing projectiles at MPD members throughout the day.

Under the First Amendment Assembly Provisions of the First Amendment Rights and Police Standards Act of 2004 § 5-331.08, no emergency area or zone will be established by using a police line to encircle, or substantially encircle, a demonstration, rally, parade, march, picket line, or other similar assembly (or subpart thereof) conducted for the purpose of persons expressing their political, social, or religious views except where there is probable cause to believe that a significant number or percentage of the persons located in the area or zone have committed unlawful acts.

The formation of MPD lines at 14th and 15th Street, Northwest, and the subsequent encirclement of the curfew violators was within Department policy because the entire group in the area had committed an unlawful act (curfew violation), and they were being placed under arrest.

Under the First Amendment Assembly Provisions of the First Amendment Rights and Police Standards Act of 2004, physical force involves hands-on touching or pushing maneuvers, but with no deployment of tools or weapons. Mechanical force, Level I, includes the use of tools or weapons, to include the riot baton, ASP, and riot shield.

The use of physical force and mechanical force by CDU Platoons 62 and 52 was reasonable and justified to move the curfew violators into a containment area to safely effect an arrest. MPD members gave loud verbal commands for the crowd to move back, and several of the curfew violators would not comply. Several curfew violators began throwing projectiles at MPD members as they advanced forward, and MPD members utilized their batons and shields to push the crowd back.

Under the First Amendment Assembly Provisions of the First Amendment Rights and Police Standards Act of 2004, the decision to use the MK-9 or MK-46 OC canisters shall be based upon the necessity to protect officers or others from physical harm or to arrest actively resisting subjects, or if subjects are endangering public safety or security. Additionally, under General Order 901.04, OC Spray may be used when cooperative controls are insufficient to control or stop an aggressive act or act of resistance.

As the MPD line advanced forward, several individuals began throwing projectiles. An unidentified individual stood on a vehicle which posed a serious safety risk to the officers as he stood over top of the advancing police line. Loud verbal commands were given to the individual to get back, and he would not comply. Another individual advanced towards the police line and threw an unknown object at the MPD members. Lieutenant Horos' deployment of OC spay was reasonable and within Departmental policy because these individual were a public safety risk to the officers on scene.

Mr. [redacted] charged directly at Officer [redacted] and Officer [redacted] pushed him back with his shield. Lieutenant [redacted] second deployment of OC spray was within

AMERICAN OVERSIGHT
FOIA Request No.: 2020-FOIA-06045

Departmental policy because Mr. [redacted] behavior was assaultive, and the use of Lieutenant [redacted] OC spay was a reasonable response to halt Mr. [redacted] attack.

Several MPD members voiced that the curfew violators were attempting to break into homes as the lines advanced forward. Officer [redacted] observed a large group of curfew violators fleeing into Mr. [redacted] residence evading capture. Officer [redacted] was unaware Mr. [redacted] had let the curfew violators into his home. As MPD members advanced, they gave loud verbal commands to move back. There was a group of curfew violators on the side walk ignoring the loud verbal commands to move back. Officer [redacted] deployment of OC spray was reasonable and within Departmental policy because, Officer [redacted] had reason to believe the group on the side walk was breaking into Mr. [redacted] home to evade capture, and they were a danger to public safety.

As Officers [redacted] and [redacted] escorted Mr. [redacted] to a transport, Mr. [redacted] broke free from their grip and he attempted to flee. Officer [redacted] then conducted a takedown on Mr. [redacted] to prevent his escape; his actions were reasonable, and within Departmental policy.

Under the First Amendment Assembly Provisions of the First Amendment Rights and Police Standards Act of 2004, and the policy of the Metropolitan Police Department (MPD) is to value and preserve the sanctity of human life at all times, especially when lawfully exercising the use of force. Therefore, MPD members shall use the minimum amount of force that the objectively reasonable officer would use in light of the circumstances to effectively bring an incident or person under control, while protecting the lives of the member or others. When using force, members shall continuously reassess the perceived threat in order to select the reasonable use of force response, or one that is proportional to the threat faced by him, her, or others.

Agent [redacted] has determined that on June 1, 2020 MPD members established probable cause to effect an arrest on the curfew violators in the 1400 block of Swann Street, Northwest. Therefore it has been determined that the use of physical force, mechanical force, OC spray, and a takedown by members on the scene, were reasonable force options in that situation, and their actions represented the minimum amount of force necessary to take the curfew violators into custody.

SUMMARY AND CONCLUSIONS

In order to asses this issue of force and determine whether or not the events comport with applicable rules and regulations, several issues must be addressed and analyzed. Moreover, this type of analysis allows for a review of policies and procedures with the application of "hindsight vision," which lends itself as a teaching tool and helps precluded unsafe or improper practices from occurring in the future.

In reviewing and considering this matter, it is helpful to note the Supreme Court's decision in Graham v. Conner, 490 U.S. 386 (1989) as it relates to the reasonableness of force used by police. The Court indicated that:

"The reasonableness of a particular use of force must be judged from the perspective of a reasonable officer on the scene, rather than with the 20/20 vision of hindsight...The calculus of reasonableness must embody allowance for the fact that the police officers are often forced to make split-second judgments in circumstances that are tense, uncertain and rapidly evolving-about the amount of force that is necessary in a particular situation."

Based on the physical and testimonial evidence obtained during this investigation, the following facts have been established:

- On June 1, 2020, Mayor Muriel Bowser ordered a District-wide curfew commencing at 1900 hours. At 1901 hours, multiple warnings were voiced, on the LRAD, thought the District of Columbia, that if you remained on the street in violation of the Mayor's Order, you were subject to arrest.

- Approximately 2100 hours, a large group of over two-hundred (200) individuals gathered on public space in the area of 14th and Swann Street, Northwest, in violation in the Mayor Bowser's Order. MPD CDU and SOD members formed police lines at the east and west ends of the 1400 block of Swann Street, Northwest to contain, and effect the arrest of the curfew violators.

- CDU Platoons 52 and 62 gave loud verbal commands to move back, as they advanced forward, and several members of the crowd would not comply. MPD members utilized physical and mechanical force to push the curfew violators back into a containment area, to make the arrests.

- Curfew violators were throwing projectiles, and engaged in behavior that was a danger to public safety. Lieutenant [redacted] deployed OC spay at an individual on top of a vehicle, and he again deployed OC spay at an unidentified individual throwing an object at the MPD police line. Lieutenant [redacted] also deployed OC spray at Mr. [redacted] after he charged at Officer [redacted]

- Officer [redacted] deployed OC spray at multiple individuals, who were on the sidewalk in front of [redacted] Officer [redacted] believed they were breaking into Mr. [redacted] residence, and these individuals were a danger to public safety. Mr. [redacted] did not initially advise MPD members he allowed these individuals into his residence.

- Approximately sixty (60) individuals fled into Mr. [redacted] residence to evade capture, and there was not a deployment of OC spray or chemical munitions into Mr. [redacted] residence. CS gas, rubber bullets, or stinger grenades were not used by MPD members in the 1400 block of Swann Street, Northwest.
