Subject: CPRA HSDRRS Zoom Meeting

Senators and Representatives,

The Coastal Protection and Restoration Authority is organizing a Zoom meeting to discuss the Hurricane Storm Damage Risk Reduction System (HSDRRS) that protects portions of the five coastal parishes around New Orleans and the state's plan to pay the principal amount due on the system. This meeting will be Friday, February 19th from 11am-noon. I will follow up by calendar invite with all of the necessary meeting information.

We will have a short presentation on the system itself, update you on its current status, and discuss the state's payment plan to fulfill its required cost-share. After Hurricane Katrina, Congress fully funded the Hurricane Protection System (now called HSDRRS) that surrounds the greater New Orleans area protecting it and thousands of businesses and countless lives from future hurricanes. The system has an overall cost of over \$14 billion, with the state's cost share, just for principal, being \$1.145 billion. Recently, with the help of our congressional delegation, especially Congressmen Graves, Richmond, and Scalise, the state was successful in getting relief from the construction interest due on the system (over \$600 million) through the Water Resources Development Act of 2020 (WRDA). The language in WRDA 2020 will forgive the state's obligation to pay back the construction interest to the federal government so long as the state pays its required cost share principal by September 30, 2023.

If you have any questions, please do not hesitate to reach out to me. We look forward to discussing this with you all more on the 19th.

Thank you,

Russell

Subject: Legislators Climate Solutions Call
Location: https://us02web.zoom.us/meeting/register/tZMpduGvpzoqHNJxNzbTgNXtSN_CCvAyie0A
Start: Tue 3/16/2021 1:00 PM
End: Tue 3/16/2021 2:00 PM
Show Time As: Tentative
Recurrence: (none)
Meeting Status: Not yet responded
Organizer: Noa Dalzell

Hi all,
Our quarterly state legislators climate solutions call is coming up, and I wanted to make sure everyone was registered. This call is an opportunity for legislators from across the country to hear from climate champions who are pushing for strong and ambitious policies. Be sure to register here: https://us02web.zoom.us/meeting/register/tZMpduGvpzoqHNJxNzbTgNXtSN_CCvAyie0A https://us02web.zoom.us/meeting/register/tZMpduGvpzoqHNJxNzbTgNXtSN_CCvAyie0A
The following speakers will be joining us: Arizona Senator Martin Quezada, Florida Representative Anna Eskamani, New Hampshire Senator David Watters, Kentucky Representative Nima Kulkarni
Best,
Noa

Subject: VIRTUAL CONFERENCE: ADVISORY PANEL W/ ORLEANS & JEFFERSON DELEGATIONS

When: Wednesday, January 27, 2021 3:30 PM-5:00 PM (UTC-06:00) Central Time (US & Canada).

Where: CITY HALL, MAYOR'S OFFICE

Zoom Information:

Join Zoom Meeting

<https://us02web.zoom.us/j/87151716249>

Meeting ID: 871 5171 6249

Meeting Purpose and Overview:

The purpose of this briefing is to provide local members of the state legislature with updates and information about the hard work of this task force. This is an opportunity for local members to hear from the panel about its incredible work, its findings, and the path ahead. Discussion topics include vaccinations and vaccine roll-out strategy, economic strategy, and university updates.

Agenda:

1. Welcome
 - a. Mayor Cantrell and President Lee Sheng
2. Advisory Panel and Working Group Overview
 - a. Monika Gerhart and Liana Elliott
2. City of New Orleans COVID-19 Response
 - a. Dr. Jennifer Avegno
3. University Update
 - a. Testing and community spread - Reynold Verret
 - b. University community- Mike Fitts
4. Vaccine Strategy
 - a. Vaccine Overview - Dr. MarkAlain Dery
 - b. Role of private sector in combatting virus - Warner Thomas
4. Economic Strategy
 - a. Economic Overview - TBD
 - b. Events/Strategic Planning - Rich Tallant
 - c. Film Industry - Susan Brennan
 - d. Hospitality Industry "bars, venues, destinations" - Jeff Schwartz

6. Local Government Partnerships

- a. Support/resources from private sector have been vital - Liana Elliott
 - i. Ochsner/Project Management; Shell/Scenario Planning; Joe/F4F

7. Closing and Questions

- a. Mayor Cantrell and President Lee Sheng

Panelists:

- Dr. Jennifer Avegno, City of New Orleans Health Director
- Dr. MarkAlain Dery, Epidemiologist and Advisory Panel Member
- Warner Thomas, Ochsner CEO
- Rich Tallant, Shell Vice President
- Susan Brennan, Second Line Stages Owner
- Dr. Reynold Verret, Xavier President
- Mike Fitts, Tulane President

Participants:

- Mayor Cantrell
- President Cynthia Lee Sheng
- Monika Gerhart, City of New Orleans
- Liana Elliott, City of New Orleans
- Justin Boone, City of New Orleans
- Trey Caruso, City of New Orleans

Orleans Parish Delegation (RSVPs Highlighted):

- Rep. Gary Carter
- Rep. Mack Cormier
- Rep. Royce Duplessis
- Rep. Aimee Freeman
- Rep. Ray Garofalo
- Rep. Stephanie Hilferty
- Rep. Jason Hughes

- Rep. Mandie Landry
- Rep. Candace Newell
- Rep. Matthew Willard
- Sen. Joe Bouie
- Sen. Troy Carter
- Sen. Jimmy Harris
- Sen. Sharon Hewitt
- Sen. Karen Carter-Peterson
- Sen. Cameron Henry

Jefferson Parish Delegation (RSVPs Highlighted):

- Rep. Debbie Villio
- Rep. Polly Thomas
- Rep. Joe Stagni
- Rep. Joseph Orgeron
- Rep. Joe Marino
- Rep. Rodney Lyons
- Rep. Timothy Kerner
- Rep. John Illg
- Rep. Kyle Green
- Sen. Kirk Talbot
- Sen. Gary Smith
- Sen. Pat Connick

Good afternoon Chairman Jenkins-

Per our conversation earlier, please see the invite below for LDH's weekly Covid-19 update to the Democratic Caucus. Please share with your members and note we will host this call every Friday until the vaccine process subsides.

Thank you again for working with us.

Respectfully,

Bethany Blackson

JUVENILE JUSTICE REFORM ACT IMPLEMENTATION COMMISSION

March 16, 2021

Via Videoconference

Members in Attendance:

Bridget Denicola

Tracie Woods

Gina Womack

James Lemoine

Justice Elect Piper Griffin

Representative Royce Duplessis

Richard Pittman

Call to Order:

The meeting came to order at 2:04 p.m.

Black Girls Rising-Kassidy Ison

Kassidy Ison expressed warm remarks about Families and Friends of Louisiana's Children and the support that was provided to her and her brother.

Department of Education-Dr. Cade Brumley

Dr. Brumley stated he was extremely proud of the work being done across the state to keep schools open. Stated there are about 70% of our state's children who are receiving face to face instruction. Additionally, students also have the ability to remain fully virtual, if they have a need or prefer to do so.

Ms. Womack highlighted that in 2003 when the reform was passed it set up a juvenile justice and education partnership. She expressed that the commission is extremely interested in the communication that's suppose to occur between educational systems and juvenile justice agencies. Additionally, she expressed a desire to understand what BESE's role is in revising the student discipline codes, to remove more explicit zero tolerance mandates.

Dr. Brumley stated school systems across the state are following statute in terms of how to deal with discipline laws. He stated that there are ways in which systems are dealing with discipline issues, some of which include positive approaches that aren't in statute, but that school systems are trying to employ everyday that aren't necessarily mandated. He mentioned that most administrators are working through statutes passed by legislators, that are then placed in their local policies. He is happy to hear the commission's thoughts and feedback on any areas that can be improved.

Richard Pittman stated that a rather higher percentage of all delinquency cases in the public defender's system came out of school settings. Half of those cases were for disturbing the peace or simple battery. Noted that a significant amount of these cases, were represented by black children. He shared that a high concentration of disturbing the peace cases occurred between July 2020 and December 30, 2020 in Caddo parish. More than one out of every three disturbing the peace cases came from that parish, but the reason is still unknown.

Dr. Brumley stated that in his previous role as a district superintendent, they decided to move away from out of school suspensions. In instances that qualified for this type of action, his team instead suspended to a district site that was a rehab and counseling type center for a specific amount of time. This allowed students to maintain their attendance, assignments and get the specific intervention of support needed to be successful. Asked Ricard to share where concentrations of these incidences are occurring so he can take a further look.

Ms. Womack asked for more information on how BESE is ensuring that every school provides training for teachers, that supports positive intervention. Dr. Brumley stated that since legislation charges BESE with oversight, he would have to look at it. Asked that information is sent to him for any particulars the commission would like done and any insight the commission has.

Ms. Womack will generate questions to send to the commission to add/vet and then she will send those questions to Dr. Brumley.

Representative Duplessis asked about trauma informed care as far as where we were, where we are now and where we would like to go. Additionally, he wanted to know the role of the Department of Education in addressing and dealing with these matters and not allowing kids to get in secure care. Dr. Brumley stated the department could continue to break down barriers, so external providers can. Additionally, Dr. Kelli Peterson stated that the department is working with Ochsner to provide mental health support to educators to span not just during regular hours but also during off hours. Additionally, the department works with LSU'S social work department to make sure they provide additional supports within 12 systems. The department has a listing of schools in need of intervention due to their high rates or discipline referrals and suspensions. Those schools are taking part in a social emotional learning an academic integration pilot. It is an SEL academy helping to train educators and leaders in those schools on things like understanding emotions, showing empathy etc. Additionally, systems can now use some of the stimulus funds coming from the federal government to have social workers and counselors, due to the impact the pandemic is having on mental health.

Ms. Womack suggested that JJRAIC set up committees to work with various state holders to ensure we are tackling these issues from the local levels all the way up to the state to ensure accountability and better communication.

Dr. Brumley wanted to ensure that the commission knew that currently Louisiana only has 4 out of 10 kids coming to kindergarten on day one with the skills needed to be successful on day one. He stated that until we invest in not just the quantity but also the quality of seats in early childhood, we will not see the shifts/transformation we want. He stressed the importance of investment in early childhood. Also stated that there if you're a student in Louisiana there is a 60% that your teacher would be a white woman. He expressed the need for more representation of teachers in our school system and highlighted that there is only a 5% chance that a student's teacher would be an African American male. He continued to express the importance of having African American male teachers and the impacts representation can have on young black boys in grades 3 to 8. He, asked for specific support in this area from the commission.

Children's Cabinet- Dr. Dana Hunter

Human Trafficking

Dr. Hunter stated that childhood hunger was extremely high when she first started in her position and that this was of heightened concern for the Governor and the First Lady. Mentioned that our state was one of eight states awarded a grant to address technology issues that impeded on childhood hunger in 2017. From those resources, they were able to implement a state specific plan in July of 2017 and in September 2017 they created No Kid Hungry. One goal of No Kid Hungry was to launch the implementation of a state specific plan- which included getting our

state to 100% community eligibility (this rule stated that all kids could eat for free regardless of applications). Louisiana was able to get 98% to adopt the community eligibility rule.

Additional goals of No Kid Hungry was increasing school breakfast participation, have a targeted focus on delta regions in North Louisiana, and ensure that kids had access to food in aftercare and during the summer months. Two years after this implementation, there was an increase in over 1 million meals and an increase in sponsors of summer school programs.

Dr. Hunter went on to describe the work being done around Human Trafficking. In 2017 there was Human Trafficking which provided information on children, youth and adults impacted by this issue. Over 700 key service providers participated. In 2018, the department applied for a grant from the United States Department of Justice. The grant would be used to improve outcomes of children and youth who were trafficked. Louisiana became the only state in the country to receive this award. The initiative was launched in January 2019 and through the initiative eight regional coordinators were hired across the state, to serve as key contacts/experts to service providers in their specific regions. The name of the initiative is: The Louisiana Child and Youth Human Trafficking Collaborative

Children's Cabinet Advisory Board (CCAB)

The Children's Cabinet Advisory Board works on the following issues: Supporting for early Intervention, working with DCFS on foster care issues and raising the age for foster care children etc. Currently, her department is working towards implementing an objective screening tool to see if a juvenile should be detained and is supporting DOE and LDH on Project Aware. Project Aware helps to increase the number of mental health professionals in K-12 schools.

Additionally, Dr. Hunter is working with Senator Barrow on bill (SB128), this bill was introduced last year but postponed due to COVID. The legislation would require certain assessments and screenings for children in schools that are being recommended for suspension. Instead of suspending students, the legislation would require school personnel to give them a screening for ACEs and trauma.

CCAB also made a recommendation for a statewide Perinatal Consultation Program, which would allow physicians and other health professions to screen families early on, to see what specific needs are needed prior to the child being born. This will help to apply wrap-around services for families prior to the birth of a child.

Ms. Womack asked about how to include Children Youth Planning Board to coordinate services. Dr. Hunter stated that when the legislation first went into effect there was a grant, however after funding was depleted those boards slowly went away because they could no longer function. Last year, an assessment was sent to all the existing boards to understand how they are currently operating and how they were able to stay in place. Many stated they had a dedicated staff and an Executive Director. Areas had funding, continued to function, however CYPBs that were not funded, stated they didn't have the capacity to do so. Dr. Hunter asked if JJRAIC could develop a plan to fund these boards and then present it to the legislature and the Governor.

Ms. Robin Simmons-Personal Testimony

Shared a personal family story of the impacts solitary confinement has on juveniles and is advocating for the stopping of this practice in Juvenile centers across the state of Louisiana. Her adopted grand-son, Solan Peterson, took his life during solitary confinement in a juvenile center in Shreveport, La, he was 13 years old at the time. He was to be released the next day. Two days later another teen committed suicide, at the same facility. She asked the commission to investigate this matter.

Rachel Gassert- Policy Director of the Louisiana Center for Children's Rights

Stated that Louisiana has made some improvements on the issues of solitary confinement on children, when compared to adults. She mentioned adults could be sent to solitary confinement for days, months and even years. In juvenile detentions, there are limitations on solitary confinement. These facilities are all required to have licensing

by DCFS. As it related to Solan's facility, there were many deficiencies that were found at the facility. The facility was afforded to correct the issues and continue its operations. The maximum amount of time a child can be held in solitary confinement in these facilities is 72 hours. She stated that she believes that many legislative actions can occur to address these issues. The national standard is that room confinement should always be voluntary. In the case of involuntary room confinement the practice should just be used until the juvenile calm down, after this happens he/she should be immediately returned to the general community.

Ms. Gassert stated she was extremely concerned with what is occurring as it relates to room confinement due to COVID and that she has no knowledge of what has happened in local detentions due to health precautions. She also expressed that licensing standards do not apply to OJJ, as they have their own internal policies.

Deputy Secretary Bill Sommers- Office of Juvenile Justice

Deputy Secretary Sommers stated solitary confinement is not a good thing and their best practice is not utilizing solitary confinement and mentioned that children are checked on regularly. He stated that there is a behavior unit that he hopes to do away with. He also mentioned that three of their social workers would attend TBRI-trainings so they understand trauma and can become practitioners. This training will be done throughout the state to both their nonsecure and secure sites so every probation officer will be TBRI trained in the years to come. Mr. Sommers also stated on this Saturday and Sunday, OJJ is opening visitation for secure care after almost a year. When asked if a new facility is being built, Mr. Sommers stated that although a new facility has not broken ground, bonds have been sold for a rebuild of one of the facilities, but that he would notify the commission immediately when this happened.

Representative Duplessis asked if there would be any benefit to reintroduce Senator's Gatti's expired bill.

Ms. Gassert, stated some amendments should be made if it is introduced and that this commission should oversee and lead the study.

Representative Duplessis stated he or Ms. Womack would forward the report sent to him, to the entire commission.

Discussion was made on having a tour of Bridge City Center or the Swanson Center. A poll will be sent to commission members to see which day works best, in addition to another poll to plan the next JJRAIC meeting.

Closing Remarks

The meeting was adjourned at 4:11 p.m.

Richard Pittman

Call to Order:

The meeting came to order at 2:04 p.m.

Black Girls Rising-Kassidy Ison

Kassidy Ison expressed warm remarks about Families and Friends of Louisiana's Children and the support that was provided to her and her brother.

Department of Education-Dr. Cade Brumley

Dr. Brumley stated he was extremely proud of the work being done across the state to keep schools open. Stated there are about 70% of our state's children who are receiving face to face instruction. Additionally, students also have the ability to remain fully virtual, if they have a need or prefer to do so.

Ms. Womack highlighted that in 2003 when the reform was passed it set up a juvenile justice and education partnership. She expressed that the commission is extremely interested in the communication that's suppose to occur between educational systems and juvenile justice agencies. Additionally, she expressed a desire to understand what BESE's role is in revising the student discipline codes, to remove more explicit zero tolerance mandates.

Dr. Brumley stated school systems across the state are following statute in terms of how to deal with discipline laws. He stated that there are ways in which systems are dealing with discipline issues, some of which include positive approaches that aren't in statute, but that school systems are trying to employ everyday that aren't necessarily mandated. He mentioned that most administrators are working through statutes passed by legislators, that are then placed in their local policies. He is happy to hear the commission's thoughts and feedback on any areas that can be improved.

Richard Pittman stated that a rather higher percentage of all delinquency cases in the public defender's system came out of school settings. Half of those cases were for disturbing the peace or simple battery. Noted that a significant amount of these cases, were represented by black children. He shared that a high concentration of disturbing the peace cases occurred between July 2020 and December 30, 2020 in Caddo parish. More than one out of every three disturbing the peace cases came from that parish, but the reason is still unknown.

Dr. Brumley stated that in his previous role as a district superintendent, they decided to move away from out of school suspensions. In instances that qualified for this type of action, his team instead suspended to a district site that was a rehab and counseling type center for a specific amount of time. This allowed students to maintain their attendance, assignments and get the specific intervention of support needed to be successful. Asked Ricard to share where concentrations of these incidences are occurring so he can take a further look.

Ms. Womack asked for more information on how BESE is ensuring that every school provides training for teachers, that supports positive intervention. Dr. Brumley stated that since legislation charges BESE with oversight, he would have to look at it. Asked that information is sent to him for any particulars the commission would like done and any insight the commission has.

Ms. Womack will generate questions to send to the commission to add/vet and then she will send those questions to Dr. Brumley.

Representative Duplessis asked about trauma informed care as far as where we were, where we are now and where we would like to go. Additionally, he wanted to know the role of the Department of Education in addressing and dealing with these matters and not allowing kids to get in secure care. Dr. Brumley stated the department could continue to break down barriers, so external providers can. Additionally, Dr. Kelli Peterson stated that the department is working with Ochsner to provide mental health support to educators to span not just during regular hours but also during off hours. Additionally, the department works with LSU'S social work department to make sure they provide additional supports within 12 systems. The department has a listing of schools in need of intervention due to their high rates or discipline referrals and suspensions. Those schools are taking part in a social emotional learning an academic integration pilot. It is an SEL academy helping to train educators and leaders in those schools on things like understanding emotions, showing empathy etc. Additionally, systems can now use some of the stimulus funds coming from the federal government to have social workers and counselors, due to the impact the pandemic is having on mental health.

Ms. Womack suggested that JJRAIC set up committees to work with various state holders to ensure we are tackling these issues from the local levels all the way up to the state to ensure accountability and better communication.

Dr. Brumley wanted to ensure that the commission knew that currently Louisiana only has 4 out of 10 kids coming to kindergarten on day one with the skills needed to be successful on day one. He stated that until we invest in not just the quantity but also the quality of seats in early childhood, we will not see the shifts/transformation we want. He stressed the importance of investment in early childhood. Also stated that there if you're a student in Louisiana there is a 60% that your teacher would be a white woman. He expressed the need for more representation of teachers in our school system and highlighted that there is only a 5% chance that a student's teacher would be an African American male. He continued to express the importance of having African American male teachers and the impacts representation can have on young black boys in grades 3 to 8. He, asked for specific support in this area from the commission.

Children's Cabinet- Dr. Dana Hunter

Human Trafficking

Dr. Hunter stated that childhood hunger was extremely high when she first started in her position and that this was of heightened concern for the Governor and the First Lady. Mentioned that our state was one of eight states awarded a grant to address technology issues that impeded on childhood hunger in 2017. From those resources, they were able to implement a state specific plan in July of 2017 and in September 2017 they created No Kid Hungry. One goal of No Kid Hungry was to launch the implementation of a state specific plan- which included getting our

state to 100% community eligibility (this rule stated that all kids could eat for free regardless of applications). Louisiana was able to get 98% to adopt the community eligibility rule. Additional goals of No Kid Hungry was increasing school breakfast participation, have a targeted focus on delta regions in North Louisiana, and ensure that kids had access to food in aftercare and during the summer months. Two years after this implementation, there was an increase in over 1 million meals and an increase in sponsors of summer school programs.

Dr. Hunter went on to describe the work being done around Human Trafficking. In 2017 there was Human Trafficking which provided information on children, youth and adults impacted by this issue. Over 700 key service providers participated. In 2018, the department applied for a grant from the United States Department of Justice. The grant would be used to improve outcomes of children and youth who were trafficked. Louisiana became the only state in the country to receive this award. The initiative was launched in January 2019 and through the initiative eight regional coordinators were hired across the state, to serve as key contacts/experts to service providers in their specific regions. The name of the initiative is: The Louisiana Child and Youth Human Trafficking Collaborative

Children's Cabinet Advisory Board (CCAB)

The Children's Cabinet Advisory Board works on the following issues: Supporting for early Intervention, working with DCFS on foster care issues and raising the age for foster care children etc. Currently, her department is working towards implementing an objective screening tool to see if a juvenile should be detained and is supporting DOE and LDH on Project Aware. Project Aware helps to increase the number of mental health professionals in K-12 schools.

Additionally, Dr. Hunter is working with Senator Barrow on bill (SB128), this bill was introduced last year but postponed due to COVID. The legislation would require certain assessments and screenings for children in schools that are being recommended for suspension. Instead of suspending students, the legislation would require school personnel to give them a screening for ACEs and trauma.

CCAB also mad a recommendation for a statewide Perinatal Consultation Program, which would allow physicians and other health professions to screen families early on, to see what specific needs are needed prior to the child being born. This will help to apply wrap-around services for families prior to the birth of a child.

Ms. Womack asked about how to include Children Youth Planning Board to coordinate services. Dr. Hunter stated that when the legislation first went into effect there was a grant, however after funding was depleted those boards slowly went away because they could no longer function. Last year, an assessment was sent to all the existing boards to understand how they are currently operating and how they were able to stay in place. Many stated they had a dedicated staff and an Executive Director. Areas had funding, continued to function, however CYPBs that were not funded, stated they didn't have the capacity to do so. Dr. Hunter asked if JJRAIC could develop a plan to fund these boards and then present it to the legislature and the Governor.

Ms. Robin Simmons-Personal Testimony

Shared a personal family story of the impacts solitary confinement has on juveniles and is advocating for the stopping of this practice in Juvenile centers across the state of Louisiana. Her adopted grand-son, Solan Peterson, took his life during solitary confinement in a juvenile center in Shreveport, La, he was 13 years old at the time. He was to be released the next day. Two days later another teen committed suicide, at the same facility. She asked the commission to investigate this matter.

Rachel Gassert- Policy Director of the Louisiana Center for Children's Rights

Stated that Louisiana has made some improvements on the issues of solitary confinement on children, when compared to adults. She mentioned adults could be sent to solitary confinement for days, months and even years. In juvenile detentions, there are limitations on solitary confinement. These facilities are all required to have licensing

by DCFS. As it related to Solan's facility, there were many deficiencies that were found at the facility. The facility was afforded to correct the issues and continue its operations. The maximum amount of time a child can be held in solitary confinement in these facilities is 72 hours. She stated that she believes that many legislative actions can occur to address these issues. The national standard is that room confinement should always be voluntary. In the case of involuntary room confinement the practice should just be used until the juvenile calm down, after this happens he/she should be immediately returned to the general community.

Ms. Gassert stated she was extremely concerned with what is occurring as it relates to room confinement due to COVID and that she has no knowledge of what has happened in local detentions due to health precautions. She also expressed that licensing standards do not apply to OJJ, as they have their own internal policies.

Deputy Secretary Bill Sommers- Office of Juvenile Justice

Deputy Secretary Sommers stated solitary confinement is not a good thing and their best practice is not utilizing solitary confinement and mentioned that children are checked on regularly. He stated that there is a behavior unit that he hopes to do away with. He also mentioned that three of their social workers would attend TBRI-trainings so they understand trauma and can become practitioners. This training will be done throughout the state to both their nonsecure and secure sites so every probation officer will be TBRI trained in the years to come. Mr. Sommers also stated on this Saturday and Sunday, OJJ is opening visitation for secure care after almost a year. When asked if a new facility is being built, Mr. Sommers stated that although a new facility has not broken ground, bonds have been sold for a rebuild of one of the facilities, but that he would notify the commission immediately when this happened.

Representative Duplessis asked if there would be any benefit to reintroduce Senator's Gatti's expired bill.

Ms. Gassert, stated some amendments should be made if it is introduced and that this commission should oversee and lead the study.

Representative Duplessis stated he or Ms. Womack would forward the report sent to him, to the entire commission.

Discussion was made on having a tour of Bridge City Center or the Swanson Center. A poll will be sent to commission members to see which day works best, in addition to another poll to plan the next JJRAIC meeting.

Closing Remarks

The meeting was adjourned at 4:11 p.m.

A live recording of the meeting can be found here: <https://www.youtube.com/watch?v=fedw7R5hav4&t=1871s>

GOVERNOR'S OFFICE of PROGRAMS and PLANNING

JUVENILE JUSTICE REFORM ACT IMPLEMENTATION COMMISSION

June 29, 2021

Via Videoconference

Members in Attendance:

Gina Womack

Tracie Woods

Justice Piper Griffin

Representative Royce Duplessis

Richard Pittman

Call to Order:

The meeting came to order at 2:03 p.m.

Raise the Age Presentations & Discussions

New York Youth Justice Agency- Dana Kaplan

Dana Kaplan from NYC's Mayor's office of criminal justice presented on how the city implemented the raise the age legislation. In 2014, there were close to three hundred 16 to 17 year olds in detention centers and at Rikers Island. However, by April 2021 there were only 120 kids across these facilities.

- NYC has 4 million children under age 18 and 226,000 16 & 17 year olds
- The vast majority of cases of 16- and 17-year-olds will be heard in family court, either originating there or being transferred there from the new youth part of the adult criminal court.
- Youth whose cases are heard in family court will be processed according to existing juvenile delinquency laws.
 - o Nonviolent felonies: youth part will transfer the case to family court unless the DA makes a motion to keep the case in criminal court due to "extraordinary circumstances."
 - o Violent felonies: if the district attorney provides evidence of the accused displaying a deadly weapon, causing physical injury, or engaging in unlawful sexual conduct, removal to family court is only possible with the district attorney's consent

The following investments were made for population reduction/culture change

- Expanded supervised release for 16 and 17 year olds (no charge restrictions, smaller caseloads)
- Expanded alternatives to incarceration (i.e. family therapy)
- Intensive mentoring programs through probation
- Additional non-profit providers in facilities, including credible messenger/violence prevention specialists and reentry supports.

*** Dana Kaplan's presentation can be found [here](#)***

The Sentencing Project- Marcy Mistrett

Marcy Mistrett is a senior fellow with the Sentencing Project, which recently released a report entitled, [Bringing More Teens Home: Raising the Age Without Expanding Secure Confinement](#). Currently, eleven states have raised the age, effectively returning 100,000 youth per year back to juvenile court.

- Retaining staff is an issue across the country and is a challenge for OJJ directors. This leads to more security response vs. rehabilitation responses out of necessity not values.
- **Louisiana**
 - o One new facility is set to open since *Raise the Age* legislation passed
 - o Current youth facilities are not operating at capacity
 - o In the past 10-15 years, reliance on carceral responses to children has reduced
 - o It is estimated that fewer than 70 children per year will end in secure commitment in Louisiana
 - **Policy Recommendations**
 - Treat children like children
 - Build out a continuum of care with an emphasis on community-based services
 - Establish guardrails that reduce which children can be sent to detention and other secure facilities
 - Be deliberate about ending racial and ethnic disparities
 - Invest in pre-trial diversion
 - Build out community based mentoring or credible messaging programs
 - Look at risk assessment tools- when secure commitment is necessary vs. when it should not be used even if the child has high needs
 - Deliberately use a racial justice lens to ensure young Black, Latino, and tribal young people are not being pushed deeper in the system than their White counterparts
 - Have smaller facilities so there isn't an obligation to fill those beds- North Carolina doesn't have any juvenile facility that has more than 24 beds.
 - Establish smaller and more therapeutic family-like settings
 - Train staff extensively- Utah allowed staff to go back into the community to work with the same families they worked with while they were in the care of the state. Workers comp has gone down, sick leave has gone down, as well as recidivism rates even though moderate-risk kids were sent home with wrap around services.

Parent Testimony

Ms. Porter shared the story of her son who was in the custody of OJJ for almost six years. Ms. Porter shared that several systems failed him prior to being in OJJ's custody and that she wished the system was more rehabilitative for children who are sentenced to juvenile life. On three separate occasions OJJ recommended and advocated to the judge that her son was rehabilitated. However, he was never released. His eventual release was due to him receiving an adult charge. He is currently 20-years-old and free, but it is her belief that he is ill-prepared in basic life skills like obtaining a license or being able to grocery shop.

Bridge City Center for Youth Tour Debrief

Members discussed their experiences of touring Bridge City. Members also discussed the need to treat children holistically, including education, life skills and rehabilitation.

Accountability Discussion

Rep. Duplessis discussed the legislation that created the commission in addition to the roles and duties of its members. He also elevated the need for the council to recommend specific administrative or legislative policy proposals.

Ms. Womack advocated for all systems impacted by the 2003 Juvenile reform legislation be present, so that everyone can understand everything that happens on the back end when preventive measures on the front end aren't taken. Additionally, she stressed the importance of having youth planning boards to identify areas of improvement and actions that can be taken prior to a child being taken into OJJ's custody.

Mr. Pittman highlighted [Article 898](#) that added mandatory post-dispositional hearings in certain cases. The purpose of this section was to ensure that courts who sent children into OJJ's custody don't just forget about them. The legislation allowed for those children's cases and sentencing to be reviewed periodically. For some, they have to have mandatory modification hearings to determine if the child will have to stay in OJJ's care. This will allow for an opportunity to determine if kids in the past were given long sentences, but can now be released. In his opinion, there are some courts that aren't doing this process effectively and the JJRAIC can determine if the courts are utilizing those hearings effectively to find children who can be released from custody or into probation.

- Rep. Duplessis will get with Justice Griffin as well as engage juvenile judges across the state about this matter. Additionally, a subcommittee may be formed to take a deeper dive into this matter.

Secretary Sommers echoed sentiments from other members on the need for rehabilitative services for children and advocated for additional preventative measures so children don't end up in the state's system. He would like to establish a more holistic approach that emphasizes diversion and restorative justice programs. Additionally, there was discussion between members and OJJ on the history leading up to new facility being built.

Policy suggestions from Non-Members:

- Having OJJ's attorneys strongly advocate for children to be released if they are not receiving rehabilitative services while in secure care. This would reduce the number of youth in custody thus, reducing the number of staff needed.
- Encourage city court judges to utilize their ability to limit the number of youth in secure care.
- Including juvenile lifers and those directly impacted by the system as part of the commission
- Holding focus groups with those directly impacted to hear what they believe needs to be changed.
- Ensuring that the juvenile system is not more punitive than the adult system.
- Recognizing the goal is not punishment, but rather rehabilitation
- Considering sending youth to facilities that are not at capacity instead of building a new facility.
- Having OJJ partner with local jurisdictions similar to other efforts in other states.

Closing Remarks

The meeting was adjourned at 3:57 p.m.

Subject: Zoom briefing on COVID-19 and tutorial on data dashboard
Location: <https://us02web.zoom.us/j/85102913432>

Start: Wed 8/11/2021 8:30 AM
End: Wed 8/11/2021 9:30 AM
Show Time As: Tentative

Recurrence: (none)

Meeting Status: Not yet responded

Organizer: Shayla Cockerm

Dear Members:

Speaker of the House, Clay Schexnayder, and Representative Stagni, Chairman of the House Select Committee on Homeland Security, has requested that the Louisiana Department of Health (LDH) provide all House Members with a tutorial of the LDH COVID-19 and Vaccine Dashboards. There have been recent revisions and information added and therefore, believe this tutorial will allow for easier navigation and ability to locate the information that you need to better respond to your constituents. The briefing will occur on Wednesday, August 11th, 2021, beginning at 8:30a.

If you have specific questions that you would like included in the tutorial, please send them by noon time on Tuesday, August 10th, 2021, through your Homeland Security staff, Drew Murray, murrayd@legis.la.gov and we will do our best to incorporate them. You will be able to submit questions in the chat function during the tutorial that we will attempt to answer at that time.

I will send a calendar invite for this meeting shortly. If you have any questions or concerns, please let me know.

Kind regards,

Shayla Cockerm

Panelists

Addressing Poverty in Louisiana's NICUs

Meg Parker, MD, MPH

Dr. Parker is an Associate Professor of Pediatrics and Director of Newborn Research at Boston Medical Center (BMC), Boston University School of Medicine. Dr. Parker is a neonatal health services researcher and holds several federal and foundation grants in the area of social disparities in preterm birth outcomes; she has a particular interest in safe sleep and breastfeeding. Dr. Parker is also an expert in multi-site implementation science and is the Co-Chair of the Neonatal Quality Improvement Collaborative of Massachusetts and an Improvement Advisor from the Institute of Healthcare Improvement. She has led multi-site NICU quality improvements focused on breastfeeding and family engagement. Dr. Parker applies a health equity lens to her local and multi-site quality improvement projects.

Veronica Gillispie-Bell, MD

Dr. Veronica Gillispie-Bell is a Board-Certified Obstetrician & Gynecologist and Associate Professor for Ochsner Health in New Orleans, Louisiana. She serves as the Senior Site Lead and Section Head of Obstetrics and Gynecology at Ochsner Kenner. Additionally, she serves as the Director of Quality for Women's Services for the Ochsner Health System and is the Medical Director of the Minimally Invasive Center for the Treatment of Uterine Fibroids. Dr. Gillispie-Bell is also the Medical Director of the Louisiana Perinatal Quality Collaborative and Pregnancy Associated Mortality Review for the Louisiana Department of Health. Clinically, Dr. Gillispie-Bell performs advanced laparoscopic and robotic assisted laparoscopic procedures. She has served in several local and national leadership roles and received many accolades for her clinical, academic, and community services contributions.

Addressing Poverty in Louisiana's NICUs

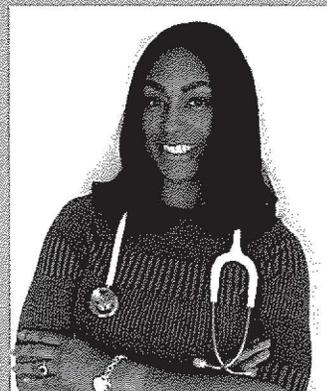

Esteban Gershanik, MD

Dr. Esteban Gershanik is a Medicine and Pediatric Hospitalist with over 15 years of clinical practice at leading hospitals and 10 years in management and informatics dedicated to advancing healthcare quality, safety, and experience for systems, providers, and patients through ensuring an equity lens in operations, innovation, and research. He currently serves as Medical Director of Quality, Safety, and Equity at Brigham Health and previously served as Louisiana Department of Health Chief Information Officer, Health Informatics Director, and consultant on public health, emergency preparedness, and clinical quality measures for the state Medicaid program as it went through expansion. Dr. Gershanik currently is a part-time Instructor at Harvard Medical School, fellow of the American Academy of Pediatrics and Society of Hospital Medicine, member of the Alpha Omega Alpha and Arnold P. Gold Humanism Honor societies, and serves as an Ambassador for the HIMSS Global Health Equity Network Advisory Task Force.

Shanika Valcour-LeDuff, APRN, FNP-C

Shanika Valcour-LeDuff is a Family Nurse Practitioner and Maternal-Child registered nurse! She has worked in women and children's health for over 15 years with the most recent 10 years in OB services. Shanika founded Labor and Love after experiencing her own hardships during pregnancy, birth, and the postpartum period. Through this organization, families receive support during the prenatal period through infancy including prenatal and postpartum health services, childbirth education, doula services, postpartum support, and mother-baby health services. Shanika is passionate about the health, wellness, and well-being of all mothers, children, and families. She puts a lot of labor and love into all of her work. The mission of Labor and Love is to educate, advocate, and empower women through their journey into motherhood.

Addressing Poverty in Louisiana's NICUs

Jay Davis, MD

Dr. Jay Davis is an Assistant Professor of Clinical Obstetrics and Gynecology in the Division of Maternal Fetal Medicine (MFM) at LSU Health Sciences Center and has been a perinatologist at LSU Health since 2020. Dr. Davis was born and raised in New Orleans, LA and received his medical education at Meharry Medical College followed by an obstetrics and gynecology residency at LSUHSC-New Orleans. He continued his medical training and completed an MFM fellowship at The Renaissance School of Medicine at Stony Brook in New York. He is board certified by the American Board of Obstetrics and Gynecology. Dr. Davis chose MFM because of his desire to care for both pregnant women and their unborn child(ren) with high-risk conditions and provide specialized care, which has continued to be his driving force and motivation. In addition to clinical duties, Dr. Davis is the Assistant MFM AI Director at LSUHSC and enjoys educating medical students during clinical rotations and educational presentations.

Prescribing Breastmilk as Medicine

Frankie Robertson, MPA

Frankie Robertson is founder and president of The Amandla Group, LLC, a social justice consulting firm dismantling structural barriers that impact the health of Black and brown birthing people. Frankie has an unwavering commitment to social justice and equity. She is passionate about mental health, addressing toxic stress, and experienced the premature birth of her daughter, Zoe Amandla, at 28 weeks gestation. She applies her experiences as an activist mom of a Black son and a preemie, with training as a birth doula and education in structural racism, to advance policies to address the root causes of health inequities for Black birthing people. Frankie is founder of Black Joy, a doula agency centering mental health, joy, and advocacy to supportive positive birth experiences and outcomes for birthing people and their families. Most importantly, she is married and has a three year older daughter and a six year older son.

Lisa Barbiero, MD

Dr. Barbiero grew up in Southwestern Connecticut and obtained a B.S. degree in nutritional biochemistry at the University of Connecticut. She earned her MD in 2003 from the University of Connecticut School of Medicine and then joined the Tulane-Ochsner pediatric residency training program. Due to the effects of Hurricane Katrina, Dr. Barbiero completed her third year of residency at Texas Children's Hospital where she served as an Associate Chief resident. She then completed her neonatology fellowship training at Emory University. Dr. Barbiero worked as an independent contractor for 11 years, before joining Tulane University as a full-time faculty member in August 2021. Dr. Barbiero has a keen interest in optimizing nutritional outcomes in high-risk neonates. She also greatly values her role as mentor for medical students and residents interested in pediatrics and neonatology. When she is not on the road for work, Dr. Barbiero enjoys cooking, travel and creating the next adventure with her husband and 3 children.

Empowering Families Experiencing Substance Use Disorders

Demetrice Smith, FNP-C, CNM

Demetrice Smith is a dually trained Certified Nurse Midwife and Family Nurse Practitioner with extensive experience in the OB/GYN arena. She is currently pursuing her Doctor of Nursing Practice with a specialization in Educational Leadership.

Demetrice is the founder of Melanated Midwife, an educational platform to decrease maternal and infant mortality while empowering Black and Brown Mamas. She specializes in childbirth education for Black families with a previous pregnancy and infant loss as well as preterm labor/birth. Demetrice recently obtained her Buprenorphine waiver certification and plans to open a medication assistance therapy practice for pregnant and postpartum women with substance use disorders. Demetrice also works with a non-profit organization, serves as a member of the Pregnancy Associated Mortality Review (PAMR) for Louisiana, member of the Louisiana Opioid Perinatal Stakeholder Workgroup, President of Louisiana Black Midwives Alliance, Board Member of Saul's Light, and an Evidence-Based Birth © (EBB) Instructor.

Katie Queen, MD

Dr. Queen is a general pediatrician with Our Lady of the Lake Children's Health at Our Lady of the Angels Bogalusa. She is also a diplomate of the American Board of Obesity Medicine, and is passionate about preventing chronic disease, mental illness and obesity in children by promoting healthy lifestyle choices and strong family and community connection. Dr. Queen completed her degree in Plan II Honors liberal arts at the University of Texas at Austin, and went on to complete her medical degree from LSU School of Medicine in New Orleans and her pediatric residency at LSU Pediatrics in New Orleans. Dr. Queen is an active member of Bogalusa Strong, Franklington Focus, Washington Parish Community Connect, Covington Community Garden, and Covington Mayor's Council on Healthy Living. She participated as the Our Lady of the Angels community liaison for the 2020-1 LDH Nows Grant program, and was recently chosen as a faculty member for the LDH ICSED (Infant and Child substance Exposed Dyad) Pilot Program. She plans to continue to partner with local organizations to help improve the care of substance exposed newborns and mothers with substance use disorder, especially in St. Tammany, Washington Parish, and rural Louisiana.

Empowering Families Experiencing Substance Use Disorders

Kerrie Redmond, MSN, RNC-OB

As the Perinatal Quality Improvement Advisor for the Louisiana Department of Health's Bureau of Family Health, Perinatal Quality Collaborative, Kerrie comes to the team as an experienced nursing clinician of 25 years and previous Women's Services Director of a level III facility. Before her transition to the Bureau of Family Health, she served on the committee that brought the development and building of a level III Women's Health Center, and a team lead for the designation of the second Baby Friendly hospital in the state of Louisiana. Kerrie has been engaged in Louisiana state's improvement initiatives as nursing leader for several years with both the Louisiana Department of Health and the Institute of Healthcare Improvement. As the Perinatal Improvement Advisor, Kerrie works closely with Louisiana state birthing hospitals as they use quality improvement to test and implement new processes, use data for improvement and provide equitable, evidenced-based care to birthing persons and their infants in our state.

Katherine Penton, CPSS

My name is Katherine Penton, I go by Katie. I am in long-term recovery from opioid addiction, and I have lived experience with being in MAR (medication assisted recovery A.K.A. MAT-medication assisted treatment). I had my first child in September of 2018 and, due to the medication I was on, he was in the NICU for almost four weeks. This was the most uncertain and terrifying experience I have ever gone through. I am eternally grateful for the many supportive and amazing people that helped me through that difficult time in my life. Becoming a mother changed everything for me and ultimately saved my life. All these experiences have changed me and helped me become the person I am today. I am now a Certified Peer Support Specialist with Volunteers of America and I work in St. Tammany Parish at Florida Parishes Human Services Authority. Being able to use my lived experience to help others who are facing similar challenges in life is what helps me stay clean today.

Caring for New Orleans' NICU families since 2015

Panelists

Safeguarding the Mental Health of NICU Parents

Emily Remington

Emily Remington grew up on the coast of North Carolina; she majored in English and minored in Political Science at Wake Forest University, then completed George Washington University's Master of Public Policy program. After working in the Texas legislature and for the University of Texas, Emily moved to New Orleans in 2008 to work at the Scott S. Cowen Institute for Public Education Initiatives at Tulane University, where she created and managed an Advanced Placement Training and Incentive Program, AdvanceNOLA. In 2014, Emily joined CASA Jefferson, Inc. as Executive Director; in 2015, she became the first Executive Director of the French Quarter Management District. Most recently, Emily was the Director of Business Development and Strategic Partnerships at the University of New Orleans. In January 2021, Emily became the Executive Director of 504HealthNet, a nonprofit organization whose members are committed to health equity. Emily is a wife, a stepmother, and a mother.

Victoria Williams, LMSW

Highly dedicated, passionate, and a mother of three girls, Victoria Williams is a Licensed Master Social Worker, Doula, Maternal Child Health Consultant, Perinatal Community Health Worker, and a Program Coordinator. She has an extensive background within each of these fields, and fully enjoys being able to support, guide, and enrich the lives of families within the community so they can live prosperously during such transformational times. Victoria was born in Birmingham, Alabama, and always admired to become a valuable resource that families and new mothers could rely on. She earned a Bachelor's in Social work from the Miles College in Fairfield and later moved to New Orleans in 2011 to complete her Master's in Social Work from Tulane University. In Addition, Victoria has an impressive inventory of prestigious training certificates, including focuses on infant mental health and perinatal mood disorders.

Panelists

Safeguarding the Mental Health of NICU Parents

Veronica Martinez, LPC-S, NCC

Veronica Martinez is a licensed therapist and board approved supervisor with over 13 years of experience working in the mental health field in school and community agency settings. She is currently the Director of Trauma Recovery Services at the New Orleans Family Justice Center, where she oversees a team of therapists and provides counseling to survivors of Intimate Partner violence, sexual assault, human trafficking, and stalking. Veronica also has a small private practice, VIVA Counseling LLC, located in the New Orleans metro area. She is passionate about working and advocating for survivors of trauma and abuse, the LGBTQ community, and the immigrant population. In 2016, her son was born at 26 weeks and was in the NICU for 3 months. Since then, Veronica has held a strong connection and love for advocating and helping NICU families. She enjoys watching movies, gardening, and spending time with her son, wife, and mini-schnauzer

Cheryl Tschirn, RN

Cheryl is the Nurse Navigator for the LCMC Maternal Fetal Medicine Clinics. A graduate of the LSU School of Nursing BSN program in 1981, she has worked in the field of obstetrics for the last 36 years. Most recently she has been focused on the coordination of care for women experiencing High-Risk pregnancies. It is her pleasure to be of service at what can be both a challenging and joyful time in their lives. She enjoys working closely with families and helping them prepare for delivery. A native New Orleanian with 7 siblings caregiving comes naturally.

Caring for New Orleans' NICU families since 2015

Panelists

Compassionate Communication

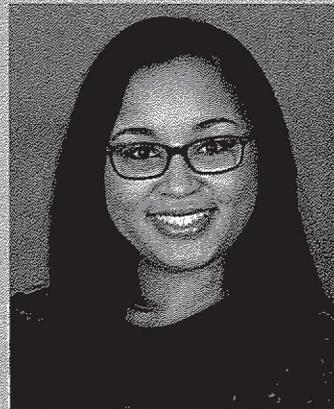

Sarah DiGregorio, Keynote Speaker

Sarah DiGregorio is a journalist and the author of *Early: An Intimate History of Premature Birth and What it Teaches Us About Being Human*, published by Harper in 2020. She is working on a new book about the history and importance of nurses, tentatively titled *Taking Care: An Essential History of the Nurse*, forthcoming from Harper. She has written and reported for *The New York Times*, *The Washington Post*, *The Wall Street Journal*, *Parade*, *Slate*, *Catapult* and *Insider*. She was a preemie herself and is lucky to be the mom of Mira, born at 28 weeks and now six years old. She and her family live in Brooklyn, New York.

Shaneá Morrison Nelson, Ph.D

Shaneá Morrison Nelson is an advocate for maternal and child health equity. Dr. Nelson is a two-time preeclampsia survivor, which prompted the premature births and NICU stays of both of her daughters. This lived experience has fueled Dr. Nelson's passion for supporting expectant mothers and NICU families by sharing her experience, connecting them to helpful community resources, and simply offering a listening ear. Dr. Nelson currently serves as Peer Mentor for NICU families for Saul's Light Foundation. She is also a board member for the Family Tree of Acadiana and is actively involved in the efforts of the Healthy Start Program serving the Acadiana area, particularly focused on maternal mortality and premature births. She is married to her wonderful husband, Terry Nelson, Jr. (T.J.) and they are the parents of two beautiful daughters, Mary Grace Elizabeth, who was born two months prematurely and Emerie Frances born three months prematurely.

Caring for New Orleans' NICU families since 2015

Panelists

Compassionate Communication

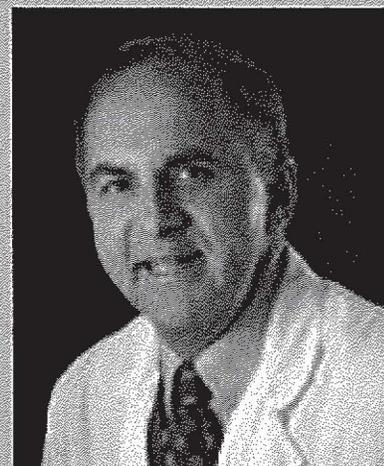

Tabitha Quebedeaux, MD

Dr. Quebedeaux was born and raised on the Westbank of New Orleans. After completing her undergraduate studies at Loyola University - New Orleans, she continued her undergraduate research in Neuroscience at Tulane University and the University of New Orleans. She went on to complete a MD/PhD program at LSUHSC-New Orleans. Her PhD thesis work, which focused on epileptogenesis, or the development of epilepsy, had a strong influence on her developing long-term research interests. In particular, the influence of the in utero environment on neonatal neurological outcomes stood out as an amazing field of medicine that blended her love of Neuroscience and Perinatology. Ultimately, she decided to pursue a career in Maternal Fetal Medicine to care for the high-risk obstetric population while simultaneously continuing research in fetal neurodevelopment. During her MFM fellowship at the University of Maryland School of Medicine, she utilized an animal model of chronic in utero hypoxia exposure to investigate mitochondrial function in the fetal forebrain. She has now come back to LSUHSC-New Orleans to care for high risk pregnancies in the greater New Orleans area and to build a research program focused on perinatal research.

Brian Barkemeyer, MD

Dr. Brian Barkemeyer is a New Orleans native, married and father of 5, neonatologist, Professor and Vice Chair of Pediatrics at LSU Health Sciences Center, Service Line Director for Neonatology - LCMC, Medical Director of NICU - Children's Hospital

Caring for New Orleans' NICU families since 2015

Panelists

Parent Advocates

Nicole Hardesty

In the summer of 2020, amid a pandemic, Nicole gave birth to a baby girl, Bryant Nicole Hardey, at 24 weeks gestation. She made her way into the world on June 14th and was facing a long and challenging NICU stay. Nicole began her NICU journey like most, visiting all day and every day. Like all NICU journeys, Nicole arrived at the hospital daily holding her breath for any news at all, good or bad. From brain bleeds to blood transfusions Nicole had just begun to settle into the idea that the emotional rollercoaster wouldn't stop until she brought Bryant home. At 27 days, Bryant contracted an infection with a high mortality rate in premature infants. Necrotizing enterocolitis (NEC). Nicole got the dreaded 3am phone call from the NICU to hear that her baby was too sick and needed to be transported to a level 4 NICU. When Nicole arrived at the Children's Hospital, doctors were already preparing her that she may not survive the day. Bryant took her last breaths in her parents arms in less than 24 hours.

Danielle Celino

My pregnancy was anything but enjoy full from the start. I was hospitalized for a week for dehydration, could not keep anything down, and was nauseous the entire time. But I was always told the baby was fine. Long story short, my anxiety brought me in, and I was diagnosed with preeclampsia/HELLP syndrome, a detached placenta, and blood clotting issues. I was 23 weeks. After a ton of steroids and blood tests, I was told they were going to induce me. Things went downhill hours after receiving the pill to induce, and it turned into an emergency C section. Cayden was born at 24 weeks and 1 day and weighed 15 ounces. We were in the NICU for about 4.5 months. He was on the oscillator for breathing. It took him forever to get to regular oxygen. He was septic, needed a few blood transfusions, had a grade 1 brain bleed, detached retina, VSD (hole in his heart), underdeveloped lungs, and 2 inguinal hernias. Today, aside from some respiratory issues, Cayden is a happy and healthy 2 and a half year old boy.

Caring for New Orleans' NICU families since 2015

Panelists

Parent Advocates

Arionne Washington

Arionne Washington is the mother of Celina Johnson and Shane Johnson Jr. (heavenly baby). Arionne is an educator of 10 years by trade. Through teaching she began advocating for the needs of different services for her students. Little did she know that advocating experience would be needed for her son Shane aka "Deuce". Arionne gave birth to Deuce at 23 weeks weighing right at 1 pounds 0oz. The life expectancy given for Deuce was less than 28%. However, with the help of many doctors, nurses, specialists, the support of family, and Arionne's strong advocating skills: Deuce survived until 7 months old, weighing 15 pounds. After the passing of her son, she began to share her NICU journey via social media, and volunteered as a peer supporter with Saul's Light. This gave Arionne the opportunity to encourage and educate other families that may experience the loss of a child or going through a NICU journey of their own. Arionne realized, through the loss of her son, she found her purpose. So in her son's memory, she honors him by allowing herself to be of service to those going through a NICU journey or experiencing the loss of a child.

Jessica Whiteman

Jessica Whiteman is a wife and proud mother of four children. She works in Human Resources specializing in Learning & Development and also published her first children's book to which her and her husband donate a portion of books to children's hospitals and causes. Jessica partners with Saul's Light, serves as a mentor for Graham's Foundation, and sits on a local hospital's NICU Family Advisory Board. Her three sons were born premature and spent time in the NICU, and now she is passionate about serving others going through similar journeys.

[more details »](#)

Join a conversation with DFER's national policy team on the America Rescue Plan Act of 2021 with a focus on what is included in the K-12 and higher education space. DFER's National team has been working with partners and Members of Congress to ensure students, especially those who have been historically marginalized from pre-k through college, and their families, have the resources to ensure their educational success. This invitation has been extended to members of the legislature, including members and leadership of the House and Senate Education committees, BESE members, members of school boards in East Baton Rouge, Orleans and Jefferson parishes, DFER partners and community stakeholders. This session will focus on the federal stimulus package and its implications for education will serve as a resource as you continue to make decisions on behalf of Louisiana's students and families across the state.

EXTERNAL EMAIL: Please do not click on links or attachments unless you know the content is safe.

Good morning,

Over the past few months, I've had the pleasure of meeting with many of you since I joined the GNO, Inc. team and it has been amazing getting to know you and your teams. If I have not met with you yet, I look forward to scheduling a time to discuss more about the STEM Center. In January 2021, GNO, Inc. was selected by the Louisiana Board of Regents LA STEM Advisory Council to be the Region 1 STEM Center through Act 392 which created 9 regional STEM centers to advance STEM initiatives across the state of Louisiana. As part of the Region 1 STEM, we are seeking to create a regional STEM Advisory Committee to advocate for STEM and to be our partners in growing a strong STEM ecosystem.

I am reaching out to invite you to be a voting member of the Region 1 STEM Advisory Committee! We are thrilled to bring together partners across the region from diverse backgrounds and disciplines to serve on the Advisory Committee. The advisory committee's purpose is to convene various stakeholders throughout the region to drive STEM initiatives, enhance the STEM ecosystem, and to promote STEM businesses and industries. We are seeking 25 voting committee members and we will also have non-voting associate members that will also play a key role in building a strong STEM Center for the region.

Attached is an overview of the advisory committee, structure, and member responsibilities. At our first meeting, we will review the attachment and discuss our plans for the upcoming year.

We are planning to have our first meeting on **Thursday, October 28th from 11:00am-12:00pm** at GNO, Inc. office. Lunch will be served following the meeting. If you are unable to make the first meeting, please let me know.

We are excited to extend an invitation for you to serve on the advisory committee. I am happy to set up a call to discuss further before the first meeting if we have not had a chance to connect. Thank you for your partnership and willingness to serve on the committee! We look forward to seeing you soon.

Kind regards,

Daphne Barnes
STEM Director

Region 1 STEM
Advisory Council

Region 1 STEM Advisory Committee

Region 1 STEM Advisory Committee Overview

The Board of Regents LaSTEM Advisory Council, through Act 392, created 9 regional STEM Centers to advance STEM initiatives across the state of Louisiana. These nine geographic area networks are strategically positioned across Louisiana. The purpose of the Regional STEM Network is to provide broader access to science, technology, engineering and mathematics educational opportunities and promote STEM economic development within regions and across regions where it makes sense. In order for communities, parishes, regions, and the state to achieve improved STEM education, coordination and communication of opportunities, and advancement of STEM growth, it is expected that current and developing STEM activities will span one or more Louisiana STEM regions. The advisory committee's purpose is to convene various stakeholders throughout the region to drive STEM initiatives, enhance the STEM ecosystem, and promote advancement of STEM business and industry throughout the regions and the State. The Region 1 STEM Center reports to the LaSTEM Advisory Council.

Greater New Orleans, Inc. (GNO, Inc.), and its 501(c) 3 affiliate Greater New Orleans Development Foundation (GNODF), believes that the economic growth of the region and its businesses depends upon the strength of qualified labor pipelines. Serving as a workforce development intermediary, GNODF/GNO, Inc. connects employers and industry partners to education and training providers to ensure talent needs are met through industry-influenced programming and curricula. By building an ecosystem that supports a sizeable, growing, and qualified workforce—particularly in STEM fields—the opportunities for high-wage, high-demand careers and pathways to economic mobility improve.

In fall 2020, GNODF/GNO, Inc. received the designation as the Region 1 STEM Network Center by the Louisiana Board of Regents LaSTEM Advisory Council. GNODF/GNO, Inc. is one of nine regional STEM Network Centers, which are a system of STEM leadership entities strategically positioned across Louisiana to improve access to STEM education, participation, and advancement. This includes closing the opportunity gap for underserved and underrepresented populations to engage in Louisiana's STEM workforce.

As the Region 1 STEM Network Center, GNODF/GNO, Inc. and our strong network of STEM partners will:

- Build strong foundations for STEM literacy
- Increase diversity, equity, and inclusion in STEM
- Prepare the STEM workforce for jobs of today, and of tomorrow

The Region 1 STEM Network Center will share information, facilitate partnerships, and coordinate resources to achieve the following goals:

1. Increase collaboration of STEM initiatives across the region and statewide
2. Create and maintain comprehensive one-stop-shop web resource that catalogs regional STEM initiatives and partners
3. Advocate for the expansion of STEM funding and activities
4. Foster the involvement of businesses in the Region to help advance STEM education and work experiences, in addition to teacher development
5. Address regional gaps in STEM education and programming

6. Lead collaborative efforts to identify and leverage funding and other resources to support regional initiatives

GNODF/GNO, Inc. are seeking a regional partners to build the first Region 1 STEM Center Advisory Committee. The Committee will have representation from diverse backgrounds and expertise to help drive the Center's initiatives and to improve the overall STEM ecosystem throughout the region. The Committee will be made up of 20 voting committee members and non-voting associate members. The voting committee members will have set out responsibilities and requirements to stay in good standing throughout their term. Non-voting associate members will also have set out responsibilities and requirements to serve. The Advisory Committee will have a Chairperson to serve. Below are the requirements and responsibilities of all parties.

Advisory Committee Member Requirements, Responsibilities, & Terms

Membership to the Region 1 STEM Advisory Committee is by invitation and prospective members must complete an application to be considered. Applications for voting members will be reviewed once a year in June. Non-voting Associate members can submit applications on a rolling basis and will be reviewed semi-annually by Regional Director and voting advisory members.

Committee Member Requirements:

1. Applicants must be registered voters in Louisiana and reside or work within the Region.
2. Complete Regional STEM Advisory Committee Member application
3. Commit to serving 3 terms on the Region 1 STEM Advisory Committee

Committee Member Terms:

Members of the Regional STEM Advisory Committees will serve staggered three-year terms and may serve a total of three terms. Applications must be received by the identified deadline to be approved for an appointment year that commences on July 1. Terms begin on July 1 and end on June 30 of each year. One third of the Regional STEM Advisory Committee terms expire each year so that rotation does not disrupt the actions of the Regional Advisory Committee.

Regional STEM Advisory Committee Responsibilities:

1. Convene regularly under the direction of the Regional STEM Director and the Committee Chair to assist with the activities of the Regional STEM Network
2. Assist the Regional STEM Director in developing, implementing, maintaining and promoting a seamless and collaborative communication system with other Louisiana STEM Regions for open and continuous sharing and development of resources, opportunities and promising practices
3. Assist the Regional STEM Director in creating and maintaining a comprehensive catalog and asset map of STEM activities and resources within each Region that is shared and promoted
4. Help to serve as the "voice" of and for STEM in all meetings and venues within a Region, assisting the Regional STEM Director in convening region-wide dialogs to build awareness, interest, and shared beliefs in STEM-related activities and opportunities
5. Assist the Regional STEM Director in promoting STEM Council programs, advancing the STEM cause in Louisiana by communicating through existing networks/colleagues and fostering the involvement of businesses and schools in the region to help advance STEM education

6. Volunteer to serve on working groups and/or review teams for STEM program proposals. Assist the Regional STEM Director in building an inventory of STEM initiatives in the Region and contribute to discussions of regional gaps and needs and explore and develop initiatives to address those needs
7. Help the Regional STEM Director fulfill the comprehensive Scope of Work and Action Plans based on data and deliverables
8. Assist the Regional STEM Director in reporting to the LaSTEM Program Administrator and the LaSTEM Advisory Council on activities and progress
9. Assist the Regional STEM Director in measuring all STEM initiatives and goals regionally and contribute to a statewide STEM expansion process
10. Contribute expertise to the implementation of programs at the community and regional level under guidance from the Regional STEM Network Center and the LaSTEM Advisory Council

Regional STEM Advisory Committee Chair Selection:

Each September or the nearest date to September, the Regional STEM Advisory Committee votes by submitting marked ballots to the Regional STEM Director who tallies votes with the assistance of one Committee member not on the ballot.

- The current Regional STEM Advisory Committee Chair invites nominations of any Committee member
- Nominations are to be conveyed to the Regional STEM Director in writing no later than one week in advance of the meeting at which the vote will take place
- Self-nominations are accepted
- Current Committee Chair is eligible for re-election a total of three subsequent terms
- Majority vote of members is needed for determining Committee Chair

Regional STEM Advisory Committee Chair Responsibilities*:

1. Develop and review Regional Committee meeting agendas with the Regional STEM Director.
2. Conduct and organize or co-organize meetings in negotiation with the Regional STEM Director and by polling members
3. Provide feedback of Regional Director performance to GNO, Inc. managers and LaSTEM Program Administrator
4. Serve on search committee for a Regional STEM Director when requested
5. Delegate assignments to Committee members as needs arise
6. Attend annual meeting of Regional Committees
7. Invite nominations and organize election of other Committee positions as needed and requested by a majority of the Committee

*Any and all responsibilities above may be delegated by the Committee Chair, in consultation with the Regional STEM Director, to another Committee member at any time so long as mutually agreed upon.

Regional STEM Advisory Associate Members

In addition to the Advisory Committee, the Region 1 STEM Center can invite select stakeholders to be Associate members. Additionally, aspiring Associate members may apply throughout the year, as applications will be reviewed semi-annually. The Associate members will serve as non-voting parties who will assist in realizing the overarching goal of building a strong STEM Network throughout Region 1 and the State.

Associate member requirements:

1. Applicants must be registered voters in Louisiana and reside or work within the state of Louisiana
2. Complete Regional STEM Associate Member application
3. Commit to serving 2 terms as an Associate member

Regional Associate Member Responsibilities:

1. Increase collaboration of STEM initiatives across the region and statewide
2. Advocate for the expansion of STEM funding and activities
3. Help to serve as the “voice” of and for STEM in all meetings and venues within a Region, assisting the Regional STEM Director in convening region-wide dialogs to build awareness, interest, and shared beliefs in STEM-related activities and opportunities
4. Assist the Regional STEM Director in promoting STEM Council programs, advancing the STEM cause in Louisiana by communicating through existing networks/colleagues and fostering the involvement of businesses and schools in the region to help advance STEM education
5. Volunteer to serve on working groups and/or review teams for STEM program proposals
6. Assist the Regional STEM Director in building an inventory of STEM initiatives in the Region and contribute to discussions of regional gaps and needs and explore and develop initiatives to address those needs
7. Assist the Regional STEM Director in measuring all STEM initiatives and goals regionally and contribute to a statewide STEM expansion process
8. Contribute expertise to the implementation of programs at the community and regional level under guidance from the Regional STEM Network Center and the LaSTEM Advisory Council

JUVENILE JUSTICE REFORM ACT IMPLEMENTATION COMMISSION

March 16, 2021

Via Videoconference

Members in Attendance:

Bridget Denicola

Tracie Woods

Gina Womack

James Lemoine

Justice Elect Piper Griffin

Representative Royce Duplessis

Richard Pittman

Call to Order:

The meeting came to order at 2:04 p.m.

Black Girls Rising-Kassidy Ison

Kassidy Ison expressed warm remarks about Families and Friends of Louisiana's Children and the support that was provided to her and her brother.

Department of Education-Dr. Cade Brumley

Dr. Brumley stated he was extremely proud of the work being done across the state to keep schools open. Stated there are about 70% of our state's children who are receiving face to face instruction. Additionally, students also have the ability to remain fully virtual, if they have a need or prefer to do so.

Ms. Womack highlighted that in 2003 when the reform was passed it set up a juvenile justice and education partnership. She expressed that the commission is extremely interested in the communication that's suppose to occur between educational systems and juvenile justice agencies. Additionally, she expressed a desire to understand what BESE's role is in revising the student discipline codes, to remove more explicit zero tolerance mandates.

Dr. Brumley stated school systems across the state are following statue in terms of how to deal with discipline laws. He stated that there are ways in which systems are dealing with discipline issues, some of which include positive approaches that aren't in statue, but that school systems are trying to employ everyday that aren't necessarily mandated. He mentioned that most administrators are working through statues passed by legislators, that are then placed in their local policies. He is happy to hear the commission's thoughts and feedback on any areas that can be improved.

Richard Pittman stated that a rather higher percentage of all delinquency cases in the public defender's system came out of school settings. Half of those cases were for disturbing the peace or simple battery. Noted that a significant amount of these cases, were represented by black children. He shared that a high concentration of disturbing the peace cases occurred between July 2020 and December 30, 2020 in Caddo parish. More than one out of every three disturbing the peace cases came from that parish, but the reason is still unknown.

Dr. Brumley stated that in his previous role as a district superintendent, they decided to move away from out of school suspensions. In instances that qualified for this type of action, his team instead suspended to a district site that was a rehab and counseling type center for a specific amount of time. This allowed students to maintain their attendance, assignments and get the specific intervention of support needed to be successful. Asked Ricard to share where concentrations of these incidences are occurring so he can take a further look.

Ms. Womack asked for more information on how BESE is ensuring that every school provides training for teachers, that supports positive intervention. Dr. Brumley stated that since legislation charges BESE with oversight, he would have to look at it. Asked that information is sent to him for any particulars the commission would like done and any insight the commission has.

Ms. Womack will generate questions to send to the commission to add/yet and then she will send those questions to Dr. Brumley.

Representative Duplessis asked about trauma informed care as far as where we were, where we are now and where we would like to go. Additionally, he wanted to know the role of the Department of Education in addressing and dealing with these matters and not allowing kids to get in secure care. Dr. Brumley stated the department could continue to break down barriers, so external providers can. Additionally, Dr. Kelli Peterson stated that the department is working with Ochsner to provide mental health support to educators to span not just during regular hours but also during off hours. Additionally, the department works with LSU'S social work department to make sure they provide additional supports within 12 systems. The department has a listing of schools in need of intervention due to their high rates or discipline referrals and suspensions. Those schools are taking part in a social emotional learning an academic integration pilot. It is an SEL academy helping to train educators and leaders in those schools on things like understanding emotions, showing empathy etc. Additionally, systems can now use some of the stimulus funds coming from the federal government to have social workers and counselors, due to the impact the pandemic is having on mental health.

Ms. Womack suggested that JJRAIC set up committees to work with various state holders to ensure we are tackling these issues from the local levels all the way up to the state to ensure accountability and better communication.

Dr. Brumley wanted to ensure that the commission knew that currently Louisiana only has 4 out of 10 kids coming to kindergarten on day one with the skills needed to be successful on day one. He stated that until we invest in not just the quantity but also the quality of seats in early childhood, we will not see the shifts/transformation we want. He stressed the importance of investment in early childhood. Also stated that there if you're a student in Louisiana there is a 60% that your teacher would be a white woman. He expressed the need for more representation of teachers in our school system and highlighted that there is only a 5% chance that a student's teacher would be an African American male. He continued to express the importance of having African American male teachers and the impacts representation can have on young black boys in grades 3 to 8. He, asked for specific support in this area from the commission.

Children's Cabinet- Dr. Dana Hunter

Human Trafficking

Dr. Hunter stated that childhood hunger was extremely high when she first started in her position and that this was of heightened concern for the Governor and the First Lady. Mentioned that our state was one of eight states awarded a grant to address technology issues that impeded on childhood hunger in 2017. From those resources, they were able to implement a state specific plan in July of 2017 and in September 2017 they created No Kid Hungry. One goal of No Kid Hungry was to launch the implementation of a state specific plan- which included getting our

state to 100% community eligibility (this rule stated that all kids could eat for free regardless of applications). Louisiana was able to get 98% to adopt the community eligibility rule.

Additional goals of No Kid Hungry was increasing school breakfast participation, have a targeted focus on delta regions in North Louisiana, and ensure that kids had access to food in aftercare and during the summer months. Two years after this implementation, there was an increase in over 1 million meals and an increase in sponsors of summer school programs.

Dr. Hunter went on to describe the work being done around Human Trafficking. In 2017 there was Human Trafficking which provided information on children, youth and adults impacted by this issue. Over 700 key service providers participated. In 2018, the department applied for a grant from the United States Department of Justice. The grant would be used to improve outcomes of children and youth who were trafficked. Louisiana became the only state in the country to receive this award. The initiative was launched in January 2019 and through the initiative eight regional coordinators were hired across the state, to serve as key contacts/experts to service providers in their specific regions. The name of the initiative is: The Louisiana Child and Youth Human Trafficking Collaborative

Children's Cabinet Advisory Board (CCAB)

The Children's Cabinet Advisory Board works on the following issues: Supporting for early Intervention, working with DCFS on foster care issues and raising the age for foster care children etc. Currently, her department is working towards implementing an objective screening tool to see if a juvenile should be detained and is supporting DOE and LDH on Project Aware. Project Aware helps to increase the number of mental health professionals in K-12 schools.

Additionally, Dr. Hunter is working with Senator Barrow on bill (SB128), this bill was introduced last year but postponed due to COVID. The legislation would require certain assessments and screenings for children in schools that are being recommended for suspension. Instead of suspending students, the legislation would require school personnel to give them a screening for ACEs and trauma.

CCAB also made a recommendation for a statewide Perinatal Consultation Program, which would allow physicians and other health professions to screen families early on, to see what specific needs are needed prior to the child being born. This will help to apply wrap-around services for families prior to the birth of a child.

Ms. Womack asked about how to include Children Youth Planning Board to coordinate services. Dr. Hunter stated that when the legislation first went into effect there was a grant, however after funding was depleted those boards slowly went away because they could no longer function. Last year, an assessment was sent to all the existing boards to understand how they are currently operating and how they were able to stay in place. Many stated they had a dedicated staff and an Executive Director. Areas had funding, continued to function, however CYPBs that were not funded, stated they didn't have the capacity to do so. Dr. Hunter asked if JJRAIC could develop a plan to fund these boards and then present it to the legislature and the Governor.

Ms. Robin Simmons-Personal Testimony

Shared a personal family story of the impacts solitary confinement has on juveniles and is advocating for the stopping of this practice in Juvenile centers across the state of Louisiana. Her adopted grand-son, Solan Peterson, took his life during solitary confinement in a juvenile center in Shreveport, La, he was 13 years old at the time. He was to be released the next day. Two days later another teen committed suicide, at the same facility. She asked the commission to investigate this matter.

Rachel Gassert- Policy Director of the Louisiana Center for Children's Rights

Stated that Louisiana has made some improvements on the issues of solitary confinement on children, when compared to adults. She mentioned adults could be sent to solitary confinement for days, months and even years. In juvenile detentions, there are limitations on solitary confinement. These facilities are all required to have licensing

by DCFS. As it related to Solan's facility, there were many deficiencies that were found at the facility. The facility was afforded to correct the issues and continue its operations. The maximum amount of time a child can be held in solitary confinement in these facilities is 72 hours. She stated that she believes that many legislative actions can occur to address these issues. The national standard is that room confinement should always be voluntary. In the case of involuntary room confinement the practice should just be used until the juvenile calm down, after this happens he/she should be immediately returned to the general community.

Ms. Gassert stated she was extremely concerned with what is occurring as it relates to room confinement due to COVID and that she has no knowledge of what has happened in local detentions due to health precautions. She also expressed that licensing standards do not apply to OJJ, as they have their own internal policies.

Deputy Secretary Bill Sommers- Office of Juvenile Justice

Deputy Secretary Sommers stated solitary confinement is not a good thing and their best practice is not utilizing solitary confinement and mentioned that children are checked on regularly. He stated that there is a behavior unit that he hopes to do away with. He also mentioned that three of their social workers would attend TBRI-trainings so they understand trauma and can become practitioners. This training will be done throughout the state to both their nonsecure and secure sites so every probation officer will be TBRI trained in the years to come. Mr. Sommers also stated on this Saturday and Sunday, OJJ is opening visitation for secure care after almost a year. When asked if a new facility is being built, Mr. Sommers stated that although a new facility has not broken ground, bonds have been sold for a rebuild of one of the facilities, but that he would notify the commission immediately when this happened.

Representative Duplessis asked if there would be any benefit to reintroduce Senator's Gatti's expired bill.

Ms. Gassert, stated some amendments should be made if it is introduced and that this commission should oversee and lead the study.

Representative Duplessis stated he or Ms. Womack would forward the report sent to him, to the entire commission.

Discussion was made on having a tour of Bridge City Center or the Swanson Center. A poll will be sent to commission members to see which day works best, in addition to another poll to plan the next JJRAIC meeting.

Closing Remarks

The meeting was adjourned at 4:11 p.m.

A live recording of the meeting can be found here: <https://www.youtube.com/watch?v=fedw7R5hav4&t=1871s>

GOVERNOR'S OFFICE of PROGRAMS and PLANNING

JUVENILE JUSTICE REFORM ACT IMPLEMENTATION COMMISSION

June 29, 2021

Via Videoconference

Members in Attendance:

Gina Womack

Tracie Woods

Justice Piper Griffin

Representative Royce Duplessis

Richard Pittman

Call to Order:

The meeting came to order at 2:03 p.m.

Raise the Age Presentations & Discussions

New York Youth Justice Agency- Dana Kaplan

Dana Kaplan from NYC's Mayor's office of criminal justice presented on how the city implemented the raise the age legislation. In 2014, there were close to three hundred 16 to 17 year olds in detention centers and at Rikers Island. However, by April 2021 there were only 120 kids across these facilities.

- NYC has 4 million children under age 18 and 226,000 16 & 17 year olds
- The vast majority of cases of 16- and 17-year-olds will be heard in family court, either originating there or being transferred there from the new youth part of the adult criminal court.
- Youth whose cases are heard in family court will be processed according to existing juvenile delinquency laws.
 - o Nonviolent felonies: youth part will transfer the case to family court unless the DA makes a motion to keep the case in criminal court due to "extraordinary circumstances."
 - o Violent felonies: if the district attorney provides evidence of the accused displaying a deadly weapon, causing physical injury, or engaging in unlawful sexual conduct, removal to family court is only possible with the district attorney's consent

The following investments were made for population reduction/culture change

- Expanded supervised release for 16 and 17 year olds (no charge restrictions, smaller caseloads)
- Expanded alternatives to incarceration (i.e. family therapy)
- Intensive mentoring programs through probation
- Additional non-profit providers in facilities, including credible messenger/violence prevention specialists and reentry supports.

*** Dana Kaplan's presentation can be found [here](#)***

The Sentencing Project- Marcy Mistrett

Marcy Mistrett is a senior fellow with the Sentencing Project, which recently released a report entitled, [Brining More Teens Home: Raising the Age Without Expanding Secure Confinement](#). Currently, eleven states have raised the age, effectively returning 100,000 youth per year back to juvenile court.

- Retaining staff is an issue across the country and is a challenge for OJJ directors. This leads to more security response vs. rehabilitation responses out of necessity not values.
- **Louisiana**
 - o One new facility is set to open since *Raise the Age* legislation passed
 - o Current youth facilities are not operating at capacity
 - o In the past 10-15 years, reliance on carceral responses to children has reduced
 - o It is estimated that fewer than 70 children per year will end in secure commitment in Louisiana
 - **Policy Recommendations**
 - Treat children like children
 - Build out a continuum of care with an emphasis on community-based services
 - Establish guardrails that reduce which children can be sent to detention and other secure facilities
 - Be deliberate about ending racial and ethnic disparities
 - Invest in pre-trial diversion
 - Build out community based mentoring or credible messaging programs
 - Look at risk assessment tools- when secure commitment is necessary vs. when it should not be used even if the child has high needs
 - Deliberately use a racial justice lens to ensure young Black, Latino, and tribal young people are not being pushed deeper in the system than their White counterparts
 - Have smaller facilities so there isn't an obligation to fill those beds- North Carolina doesn't have any juvenile facility that has more than 24 beds.
 - Establish smaller and more therapeutic family-like settings
 - Train staff extensively- Utah allowed staff to go back into the community to work with the same families they worked with while they were in the care of the state. Workers comp has gone down, sick leave has gone down, as well as recidivism rates even though moderate-risk kids were sent home with wrap around services.

Parent Testimony

Ms. Porter shared the story of her son who was in the custody of OJJ for almost six years. Ms. Porter shared that several systems failed him prior to being in OJJ's custody and that she wished the system was more rehabilitative for children who are sentenced to juvenile life. On three separate occasions OJJ recommended and advocated to the judge that her son was rehabilitated. However, he was never released. His eventual release was due to him receiving an adult charge. He is currently 20-years-old and free, but it is her belief that he is ill-prepared in basic life skills like obtaining a license or being able to grocery shop.

Bridge City Center for Youth Tour Debrief

Members discussed their experiences of touring Bridge City. Members also discussed the need to treat children holistically, including education, life skills and rehabilitation.

Accountability Discussion

Rep. Duplessis discussed the legislation that created the commission in addition to the roles and duties of its members. He also elevated the need for the council to recommend specific administrative or legislative policy proposals.

Ms. Womack advocated for all systems impacted by the 2003 Juvenile reform legislation be present, so that everyone can understand everything that happens on the back end when preventive measures on the front end aren't taken. Additionally, she stressed the importance of having youth planning boards to identify areas of improvement and actions that can be taken prior to a child being taken into OJJ's custody.

Mr. Pittman highlighted [Article 898](#) that added mandatory post-dispositional hearings in certain cases. The purpose of this section was to ensure that courts who sent children into OJJ's custody don't just forget about them. The legislation allowed for those children's cases and sentencing to be reviewed periodically. For some, they have to have mandatory modification hearings to determine if the child will have to stay in OJJ's care. This will allow for an opportunity to determine if kids in the past were given long sentences, but can now be released. In his opinion, there are some courts that aren't doing this process effectively and the JJRAIC can determine if the courts are utilizing those hearings effectively to find children who can be released from custody or into probation.

- Rep. Duplessis will get with Justice Griffin as well as engage juvenile judges across the state about this matter. Additionally, a subcommittee may be formed to take a deeper dive into this matter.

Secretary Sommers echoed sentiments from other members on the need for rehabilitative services for children and advocated for additional preventative measures so children don't end up in the state's system. He would like to establish a more holistic approach that emphasizes diversion and restorative justice programs. Additionally, there was discussion between members and OJJ on the history leading up to new facility being built.

Policy suggestions from Non-Members:

- Having OJJ's attorneys strongly advocate for children to be released if they are not receiving rehabilitative services while in secure care. This would reduce the number of youth in custody thus, reducing the number of staff needed.
- Encourage city court judges to utilize their ability to limit the number of youth in secure care.
- Including juvenile lifers and those directly impacted by the system as part of the commission
- Holding focus groups with those directly impacted to hear what they believe needs to be changed.
- Ensuring that the juvenile system is not more punitive than the adult system.
- Recognizing the goal is not punishment, but rather rehabilitation
- Considering sending youth to facilities that are not at capacity instead of building a new facility.
- Having OJJ partner with local jurisdictions similar to other efforts in other states.

Closing Remarks

The meeting was adjourned at 3:57 p.m.

An outstanding faculty has been assembled for this summit. Each faculty member was selected based on their individual area of expertise and ability to communicate current, evidence-based, and practical information to participants. Faculty include Neonatologists and other physicians, Neonatal Nurse Practitioners, NICU nurses, NICU families, and representatives from community-based organizations and maternal and child health stakeholder groups.

CME, Nursing continuing education and CERP are available for participants.

Saul's Light NICU Summit Agend...

Saul's Light NICU Summit Panel...

Panelists

Opening Address

Rebekah Gee, MD

Dr. Rebekah Gee is an Obstetrician/Gynecologist and CEO of Health Care Services for LSU Health. She formerly served as Secretary of the Louisiana Department of Health, the state's largest agency with a budget of \$14 billion. While Secretary, Dr. Gee oversaw the implementation of Medicaid expansion which extended coverage to over 500,000 Louisianans. Dr. Gee is a trained health services researcher and created a dashboard demonstrating that access to Medicaid means access to primary and preventive services, not just health care coverage. In addition, Dr. Gee is a champion for health equity and created the South's first Office of Health Equity in a state department of health.

SAUL'S • LIGHT

Caring for New Orleans' NICU families since 2015

Panelists

Remarks from Legislator

Representative Royce Duplessis

Royce Duplessis was elected to serve as State Representative for District 93 in New Orleans, Louisiana in the Spring of 2018. Prior to serving in the Legislature, he worked as Special Counsel for the Louisiana Supreme Court and served as Chairman of the New Orleans City Planning Commission. Royce is a Past President of the Louis A. Martinet Legal Society. Since 2012, he has volunteered as a mentor to male teenagers through the nationally-renowned Silverback Society. Royce ran for public office in order to better serve those who are underserved and marginalized—with a focus on living wages for the working class, increased access to quality early childhood education, and more innovative criminal justice policies.

SAUL'S • LIGHT

Caring for New Orleans' NICU families since 2015

Panelists

Agenda Overview

Clinton Trahant

Clinton is the Chair of the Saul's Light Foundation Board of Directors. Clinton's passion for families impacted by the NICU began with his own story, or rather the story of his son. Jack Thomas was born three weeks early with Gastroschises, a condition where the intestines develop outside of the body. After three surgeries, numerous setbacks, and six months in the NICU at Children's Hospital in New Orleans, Jack was finally able to go home. Jack's story is one of the good ones. Clinton realizes many people are not as fortunate, and understands the importance of providing resources, support, and services to those in need, as they undertake their own difficult journey through life in the NICU.

SAUL'S • LIGHT

Caring for New Orleans' NICU families since 2015

Panelists

Addressing Poverty in Louisiana's NICUs

Meg Parker, MD, MPH

Dr. Parker is an Associate Professor of Pediatrics and Director of Newborn Research at Boston Medical Center (BMC), Boston University School of Medicine. Dr. Parker is a neonatal health services researcher and holds several federal and foundation grants in the area of social disparities in preterm birth outcomes; she has a particular interest in safe sleep and breastfeeding. Dr. Parker is also an expert in multi-site implementation science and is the Co-Chair of the Neonatal Quality Improvement Collaborative of Massachusetts and an Improvement Advisor from the Institute of Healthcare Improvement. In addition, she has led multi-site NICU quality improvements focused on breastfeeding and family engagement. Dr. Parker applies a health equity lens to her local and multi-site quality improvement projects.

Veronica Gillispie-Bell, MD

Dr. Veronica Gillispie-Bell is a Board-Certified Obstetrician & Gynecologist and Associate Professor for Ochsner Health in New Orleans, Louisiana. She serves as the Senior Site Lead and Section Head of Obstetrics and Gynecology at Ochsner Kenner. Additionally, she serves as the Director of Quality for Women's Services for the Ochsner Health System and is the Medical Director of the Minimally Invasive Center for the Treatment of Uterine Fibroids. Dr. Gillispie-Bell is also the Medical Director of the Louisiana Perinatal Quality Collaborative and Pregnancy Associated Mortality Review for the Louisiana Department of Health. Clinically, Dr. Gillispie-Bell performs advanced laparoscopic and robotic assisted laparoscopic procedures. She has served in several local and national leadership roles and received many accolades for her clinical, academic, and community services contributions.

Caring for New Orleans' NICU families since 2015

Panelists

Addressing Poverty in Louisiana's NICUs

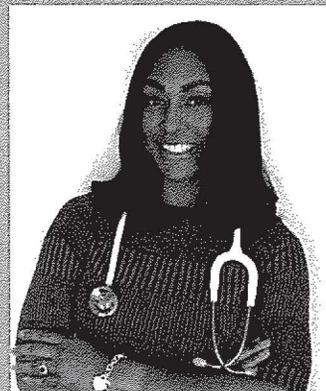

Esteban Gershanik, MD

Dr. Esteban Gershanik is a Medicine and Pediatric Hospitalist with over 15 years of clinical practice at leading hospitals and 10 years in management and informatics dedicated to advancing healthcare quality, safety, and experience for systems, providers, and patients through ensuring an equity lens in operations, innovation, and research. He currently serves as Medical Director of Quality, Safety, and Equity at Brigham Health and previously served as Louisiana Department of Health Chief Information Officer, Health Informatics Director, and consultant on public health, emergency preparedness, and clinical quality measures for the state Medicaid program as it went through expansion. Dr. Gershanik currently is a part-time Instructor at Harvard Medical School, fellow of the American Academy of Pediatrics and Society of Hospital Medicine, member of the Alpha Omega Alpha and Arnold P. Gold Humanism Honor societies, and serves as an Ambassador for the HIMSS Global Health Equity Network Advisory Task Force.

Shanika Valcour-LeDuff, APRN, FNP-C

Shanika Valcour-LeDuff is a Family Nurse Practitioner and Maternal-Child registered nurse. She has worked in women and children's health for over 15 years with the most recent 10 years in OB services. Shanika founded Labor and Love after experiencing her own hardships during pregnancy, birth, and the postpartum period. Through this organization, families receive support during the prenatal period through infancy including prenatal and postpartum health services, childbirth education, doula services, postpartum support, and mother-baby health services. Shanika is passionate about the health, wellness, and well-being of all mothers, children, and families. She puts a lot of labor and love into all of her work. The mission of Labor and Love is to educate, advocate, and empower women through their journey into motherhood.

Jay Davis, MD

Dr. Jay Davis is an Assistant Professor of Clinical Obstetrics and Gynecology in the Division of Maternal Fetal Medicine (MFM) at LSU Health Sciences Center and has been a perinatologist at LSU Health since 2020. Dr. Davis was born and raised in New Orleans, LA and received his medical education at Meharry Medical College followed by an obstetrics and gynecology residency at LSUHSC-New Orleans. He continued his medical training and completed an MFM fellowship at The Renaissance School of Medicine at Stony Brook in New York. He is board certified by the American Board of Obstetrics and Gynecology. Dr. Davis chose MFM because of his desire to care for both pregnant women and their unborn child(ren) with high-risk conditions and provide specialized care, which has continued to be his driving force and motivation. In addition to clinical duties, Dr. Davis is the Assistant MFM AI Director at LSUHSC and enjoys educating medical students during clinical rotations and educational presentations.

Caring for New Orleans' NICU families since 2015

Panelists

Practicing Cultural Humility

Divine Bailey-Nicholas

Divine Bailey-Nicholas is the Founder and Executive Director of the nonprofit organization Community Birth Companion, started in 2012 with the goal of lowering infant and maternal mortality rates in St. Landry Parish. Divine is a Certified Lactation Counselor, Midwife Apprentice and Doula. Currently, she serves on the Louisiana Breastfeeding Coalition Steering Committee, is a member of the Healthy St. Landry Steering Committee, is a local Ambassador for the National Perinatal Task Force and is a member of the Community Partners Advisory Subcommittee for the Louisiana Perinatal Quality Collaborative. Divine serves mothers and families in Opelousas, LA where she resides with her husband and four children.

Tasha Johnson, MSW, LCSW-BACS

Tasha Johnson is a NICU social worker at Ochsner Baptist Medical Center where she performs biopsychosocial assessments and handles case management and care coordination for children with complex medical diagnoses. Tasha has 17 years of medical social work experience and extensive experience in case management in medical environments. Tasha received her BS in Family and Consumer Sciences from Nicholls State University in 1997 and was awarded her MSW from Southern University at New Orleans in 2004.

Panelists

Practicing Cultural Humility

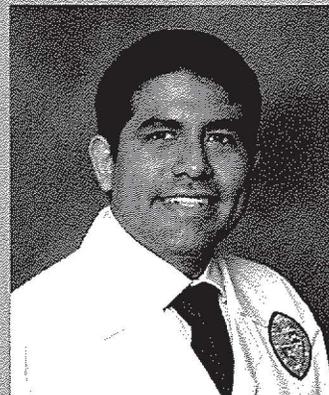

Julie Norman, LCSW

Julie Norman is a New Orleans based social worker/therapist who provides counseling, advocacy, and accompaniment to individuals facing crises, trauma, grief, and transition. Originally from Syracuse, NY, Julie has worked for many years with refugees, immigrants, and individuals from diverse cultural, ethnic, and spiritual backgrounds. Julie is committed to promoting loving, affirming, & accessible spaces for all she works with, and to confronting the systemic inequities and barriers that obstruct the health, safety, comfort, and opportunity of marginalized individuals. Additionally, she partners with Saul's Light to provide Spanish language counseling & outreach to Latinx NICU families.

Alvaro Proaño, MD

Alvaro Proaño, MD is a third year pediatrics resident at Tulane University and an aspiring neonatologist. He is from Lima, Perú, where he did his first neonatology rotation at a resource-limited hospital. During his residency he has worked in both CHNOLA-NICU and Tulane-Lakeside NICU. His experience as both a native Spanish speaker and a Peruvian immigrant has helped him better understand the needs of our Hispanic families in NOLA.

Prescribing Breastmilk as Medicine

Frankie Robertson, MPA

Frankie Robertson is founder and president of The Amandla Group, LLC, a social justice consulting firm dismantling structural barriers that impact the health of Black and brown birthing people. Frankie has an unwavering commitment to social justice and equity. She is passionate about mental health, addressing toxic stress, and experienced the premature birth of her daughter, Zoe Amandla, at 28 weeks gestation. She applies her experiences as an activist mom of a Black son and a preemie, with training as a birth doula and education in structural racism, to advance policies to address the root causes of health inequities for Black birthing people. Frankie is founder of Black Joy, a doula agency centering mental health, joy, and advocacy to supportive positive birth experiences and outcomes for birthing people and their families. Most importantly, she is married and has a three-year-old daughter and a six-year-old son.

Lisa Barbiero, MD

Dr. Barbiero grew up in Southwestern Connecticut and obtained a B.S. degree in nutritional biochemistry at the University of Connecticut. She earned her MD in 2003 from the University of Connecticut School of Medicine and then joined the Tulane-Ochsner pediatric residency training program. Due to the effects of Hurricane Katrina, Dr. Barbiero completed her third year of residency at Texas Children's Hospital where she served as an Associate Chief resident. She then completed her neonatology fellowship training at Emory University. Dr. Barbiero worked as an independent contractor for 11 years, before joining Tulane University as a full-time faculty member in August 2021. Dr. Barbiero has a keen interest in optimizing nutritional outcomes in high-risk neonates. She also greatly values her role as mentor for medical students and residents interested in pediatrics and neonatology. When she is not on the road for work, Dr. Barbiero enjoys cooking, travel and creating the next adventure with her husband and three children.

Prescribing Breastmilk as Medicine

Shelley Thibeau, PhD, RN

Shelley Thibeau is the director of Mothers' Milk Bank of Louisiana at Ochsner Baptist Medical Center. She oversees the development of the Mothers' Milk Bank of Louisiana and is involved with community outreach to normalize breastfeeding culture and use of human donor milk. Dr. Thibeau has extensive experience as a clinical coordinator and registered nurse working in the NICU. She has also worked as a senior RN researcher, focusing on nursing practices and maternal stress and milk immunology.

Portia Williams, RN BSN IBCLC, RLC

Portia is an International Lactation Consultant with 18 years of Maternal Child experience located in New Orleans. As the CHAMPS Greater New Orleans Community & Hospital Consultant/Project Manager she established Louisiana's 1st Baby Café in June 2016 and 2nd Nola Baby Café Westbank in 2017. In 2019 with help from Meshawn Tarver and in partnership with The Touro Infirmary Foundation Nola Baby Cafe' Touro & Nola Baby Cafe' Touro-Bywater was opened. Portia currently serves as NOLA Baby Café Facilitator & Regional Coordinator for Baby Cafe USA. Portia has worked as a Lactation Consultant at a local hospital & serves as Director of Clinical Lactation for HER Institute. Her personal experience as a NICU mom guides her love for supporting families. She is a proud graduate of the University of Louisiana at Lafayette and a member of Zeta Phi Beta Sorority, Inc. Portia is a proud mom of two healthy breastfed boys, who she tandem nursed until the age of 3 1/2.

Empowering Families Experiencing Substance Use Disorders

Demetrice Smith, FNP-C, CNM

Demetrice Smith is a dually trained Certified Nurse Midwife and Family Nurse Practitioner with extensive experience in the OB/GYN arena. She is currently pursuing her Doctor of Nursing Practice with a specialization in Educational Leadership.

Demetrice is the founder of Melanated Midwife, an educational platform to decrease maternal and infant mortality while empowering Black and Brown Mamas. She specializes in childbirth education for Black families with a previous pregnancy and infant loss as well as preterm labor/birth. Demetrice recently obtained her Buprenorphine waiver certification and plans to open a medication assistance therapy practice for pregnant and postpartum women with substance use disorders. Demetrice also works with a non-profit organization, serves as a member of the Pregnancy Associated Mortality Review (PAMR) for Louisiana, is a member of the Louisiana Opioid Perinatal Stakeholder Workgroup, the President of Louisiana Black Midwives Alliance, a Board Member of Saul's Light, and an Evidence-Based Birth® (EBB) Instructor.

Katie Queen, MD

Dr. Queen is a general pediatrician with Our Lady of the Lake Children's Health at Our Lady of the Angels Bogalusa. She is also a diplomate of the American Board of Obesity Medicine, and is passionate about preventing chronic disease, mental illness and obesity in children by promoting healthy lifestyle choices and strong family and community connection. Dr. Queen completed her degree in Plan II Honors liberal arts at the University of Texas at Austin, and went on to complete her medical degree from LSU School of Medicine in New Orleans and her pediatric residency at LSU Pediatrics in New Orleans. Dr. Queen is an active member of Bogalusa Strong, Franklington Focus, Washington Parish Community Connect, Covington Community Garden, and Covington Mayor's Council on Healthy Living. She participated as the Our Lady of the Angels community liaison for the 2020-1 LDH News Grant program, and was recently chosen as a faculty member for the LDH ICSED (Infant and Child substance Exposed Dyad) Pilot Program. She plans to continue to partner with local organizations to help improve the care of substance-exposed newborns and mothers with substance use disorder, especially in St. Tammany, Washington Parish, and rural Louisiana.

Empowering Families Experiencing Substance Use Disorders

Kerrie Redmond, MSN, RNC-OB

As the Perinatal Quality Improvement Advisor for the Louisiana Department of Health's Bureau of Family Health, Perinatal Quality Collaborative, Kerrie comes to the team as an experienced nursing clinician of 25 years and previous Women's Services Director of a level III facility. Before her transition to the Bureau of Family Health, she served on the committee that brought the development and building of a level III Women's Health Center, and a team lead for the designation of the second Baby-Friendly hospital in the state of Louisiana. Kerrie has been engaged in Louisiana state's improvement initiatives as nursing leader for several years with both the Louisiana Department of Health and the Institute of Healthcare Improvement. As the Perinatal Improvement Advisor, Kerrie works closely with Louisiana state birthing hospitals as they use quality improvement to test and implement new processes, use data for improvement and provide equitable, evidenced-based care to birthing persons and their infants in our state.

Katherine Penton, CPSS

My name is Katherine Penton, I go by Katie. I am in long-term recovery from opioid addiction, and I have lived experience with being in MAR (medication assisted recovery A.K.A. MAT-medication assisted treatment). I had my first child in September of 2018 and, due to the medication I was on, he was in the NICU for almost four weeks. This was the most uncertain and terrifying experience I have ever gone through. I am eternally grateful for the many supportive and amazing people that helped me through that difficult time in my life. Becoming a mother changed everything for me and ultimately saved my life. All these experiences have changed me and helped me become the person I am today. I am now a Certified Peer Support Specialist with Volunteers of America and I work in St. Tammany Parish at Florida Parishes Human Services Authority. Being able to use my lived experience to help others who are facing similar challenges in life is what helps me stay clean today.

Caring for New Orleans' NICU families since 2015

Panelists

Safeguarding the Mental Health of NICU Parents

Emily Remington

Emily Remington grew up on the coast of North Carolina; she majored in English and minored in Political Science at Wake Forest University, then completed George Washington University's Master of Public Policy program. After working in the Texas legislature and for the University of Texas, Emily moved to New Orleans in 2008 to work at the Scott S. Cowen Institute for Public Education Initiatives at Tulane University, where she created and managed an Advanced Placement Training and Incentive Program, AdvanceNOLA. In 2014, Emily joined CASA Jefferson, Inc. as Executive Director; in 2015, she became the first Executive Director of the French Quarter Management District. Most recently, Emily was the Director of Business Development and Strategic Partnerships at the University of New Orleans. In January 2021, Emily became the Executive Director of 504HealthNet, a nonprofit organization whose members are committed to health equity. Emily is a wife, a stepmother, and a mother.

Victoria Williams, LMSW

Highly dedicated, passionate, and a mother of three girls, Victoria Williams is a Licensed Master Social Worker, Doula, Maternal Child Health Consultant, Perinatal Community Health Worker, and a Program Coordinator. She has an extensive background within each of these fields, and fully enjoys being able to support, guide, and enrich the lives of families within the community so they can live prosperously during such transformational times. Victoria was born in Birmingham, Alabama, and always endeavored to become a valuable resource that families and new mothers could rely on. She earned a Bachelor's in Social Work from the Miles College in Fairfield and later moved to New Orleans in 2011 to complete her Master's in Social Work from Tulane University. In addition, Victoria has an impressive inventory of prestigious training certificates, including focuses on infant mental health and perinatal mood disorders.

Panelists

Safeguarding the Mental Health of NICU Parents

Veronica Martinez, LPC-S, NCC

Veronica Martinez is a licensed therapist and board approved supervisor with over 13 years of experience working in the mental health field in school and community agency settings. She is currently the Director of Trauma Recovery Services at the New Orleans Family Justice Center, where she oversees a team of therapists and provides counseling to survivors of Intimate Partner violence, sexual assault, human trafficking, and stalking. Veronica also has a small private practice, VIVA Counseling LLC, located in the New Orleans metro area. She is passionate about working and advocating for survivors of trauma and abuse, the LGBTQ community, and the immigrant population. In 2016, her son was born at 26 weeks and was in the NICU for 3 months. Since then, Veronica has held a strong connection and love for advocating and helping NICU families. She enjoys watching movies, gardening, and spending time with her son, wife, and mini-schnauzer.

Cheryl Tschirn, RN

Cheryl is the Nurse Navigator for the LCMC Maternal Fetal Medicine Clinics. A graduate of the LSU School of Nursing BSN program in 1981, she has worked in the field of obstetrics for the last 36 years. Most recently she has been focused on the coordination of care for women experiencing High-Risk pregnancies. It is her pleasure to be of service at what can be both a challenging and joyful time in their lives. She enjoys working closely with families and helping them prepare for delivery. A native New Orleanian with seven siblings caregiving comes naturally.

Caring for New Orleans' NICU families since 2015

Panelists

Compassionate Communication

Sarah DiGregorio, Keynote Speaker

Sarah DiGregorio is a journalist and the author of *Early: An Intimate History of Premature Birth and What it Teaches Us About Being Human*, published by Harper in 2020. She is working on a new book about the history and importance of nurses, tentatively titled *Taking Care: An Essential History of the Nurse*, forthcoming from Harper. She has written and reported for *The New York Times*, *The Washington Post*, *The Wall Street Journal*, *Parade*, *Slate*, *Catapult* and *Insider*. She was a preemie herself and is lucky to be the mom of Mira, born at 28 weeks and now six years old. She and her family live in Brooklyn, New York.

Shaneá Morrison Nelson, Ph.D

Shaneá Morrison Nelson is an advocate for maternal and child health equity. Dr. Nelson is a two-time preeclampsia survivor, which prompted the premature births and NICU stays of both of her daughters. This lived experience has fueled Dr. Nelson's passion for supporting expectant mothers and NICU families by sharing her experience, connecting them to helpful community resources, and simply offering a listening ear. Dr. Nelson currently serves as Peer Mentor for NICU families for Saul's Light Foundation. She is also a board member for the Family Tree of Acadiana and is actively involved in the efforts of the Healthy Start Program serving the Acadiana area, particularly focused on maternal mortality and premature births. She is married to her wonderful husband, Terry Nelson, Jr. (T.J.) and they are the parents of two beautiful daughters, Mary Grace Elizabeth, who was born two months prematurely and Emerie Frances born three months prematurely.

Caring for New Orleans' NICU families since 2015

Panelists

Compassionate Communication

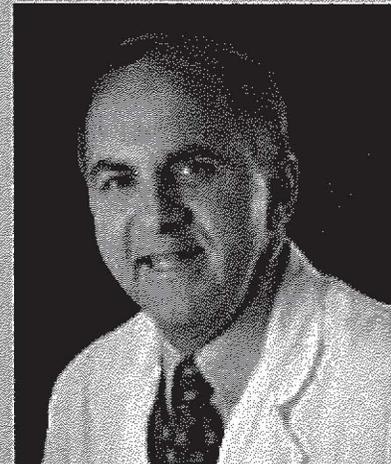

Tabitha Quebedeaux, MD

Dr. Quebedeaux was born and raised on the Westbank of New Orleans. After completing her undergraduate studies at Loyola University - New Orleans, she continued her undergraduate research in Neuroscience at Tulane University and the University of New Orleans. She went on to complete a MD/PhD program at LSUHSC-New Orleans. Her PhD thesis work, which focused on epileptogenesis, or the development of epilepsy, had a strong influence on her developing long-term research interests. In particular, the influence of the in utero environment on neonatal neurological outcomes stood out as an amazing field of medicine that blended her love of Neuroscience and Perinatology. Ultimately, she decided to pursue a career in Maternal Fetal Medicine to care for the high-risk obstetric population while simultaneously continuing research in fetal neurodevelopment. During her MFM fellowship at the University of Maryland School of Medicine, she utilized an animal model of chronic in utero hypoxia exposure to investigate mitochondrial function in the fetal forebrain. She has now come back to LSUHSC-New Orleans to care for high risk pregnancies in the greater New Orleans area and to build a research program focused on perinatal research.

Brian Barkemeyer, MD

Dr. Brian Barkemeyer is a New Orleans native, married and father of 5, neonatologist, Professor and Vice Chair of Pediatrics at LSU Health Sciences Center, Service Line Director for Neonatology - LCMC, Medical Director of NICU - Children's Hospital

Caring for New Orleans' NICU families since 2015

Panelists

Parent Advocates

Nicole Hardesty

In the summer of 2020, amid a pandemic, Nicole gave birth to a baby girl, Bryant Nicole Hardeman, at 24 weeks gestation. She made her way into the world on June 14th and was facing a long and challenging NICU stay. Nicole began her NICU journey like most, visiting all day and every day. Like all NICU journeys, Nicole arrived at the hospital daily holding her breath for any news at all, good or bad. From brain bleeds to blood transfusions Nicole had just begun to settle into the idea that the emotional rollercoaster wouldn't stop until she brought Bryant home. At 27 days, Bryant contracted an infection with a high mortality rate in premature infants. Necrotizing enterocolitis (NEC). Nicole got the dreaded 3 am phone call from the NICU to hear that her baby was too sick and needed to be transported to a level 4 NICU. When Nicole arrived at the Children's Hospital, doctors were already preparing her that she may not survive the day. Bryant took her last breaths in her parents arms in less than 24 hours.

Danielle Celino

My pregnancy was anything but enjoyfull from the start. I was hospitalized for a week for dehydration, could not keep anything down, and was nauseous the entire time. But I was always told the baby was fine. Long story short, my anxiety brought me in, and I was diagnosed with preeclampsia/HELLP syndrome, a detached placenta, and blood clotting issues. I was 23 weeks. After a ton of steroids and blood tests, I was told they were going to induce me. Things went downhill hours after receiving the pill to induce, and it turned into an emergency C section. Cayden was born at 24 weeks and 1 day and weighed 15 ounces. We were in the NICU for about 4.5 months. He was on the oscillator for breathing. It took him forever to get to regular oxygen. He was septic, needed a few blood transfusions, had a grade 1 brain bleed, detached retina, VSD (hole in his heart), underdeveloped lungs, and 2 inguinal hernias. Today, aside from some respiratory issues, Cayden is a happy and healthy 2 and a half year old boy.

Caring for New Orleans' NICU families since 2015

Panelists

Parent Advocates

Arionne Washington

Arionne Washington is the mother of Celina Johnson and Shane Johnson Jr. (heavenly baby). Arionne is an educator of 10 years by trade. Through teaching she began advocating for the needs of different services for her students. Little did she know that advocating experience would be needed for her son Shane aka "Deuce". Arionne gave birth to Deuce at 23 weeks weighing right at 1 pounds 0oz. The life expectancy given for Deuce was less than 28%. However, with the help of many doctors, nurses, specialists, the support of family, and Arionne's strong advocating skills: Deuce survived until 7 months old, weighing 15 pounds. After the passing of her son, she began to share her NICU journey via social media, and volunteered as a peer supporter with Saul's Light. This gave Arionne the opportunity to encourage and educate other families that may experience the loss of a child or going through a NICU journey of their own. Arionne realized, through the loss of her son, she found her purpose. So in her son's memory, she honors him by allowing herself to be of service to those going through a NICU journey or experiencing the loss of a child.

Jessica Whiteman

Jessica Whiteman is a wife and proud mother of four children. She works in Human Resources specializing in Learning & Development and also published her first children's book to which her and her husband donate a portion of books to children's hospitals and causes. Jessica partners with Saul's Light, serves as a mentor for Graham's Foundation, and sits on a local hospital's NICU Family Advisory Board. Her three sons were born premature and spent time in the NICU, and now she is passionate about serving others going through similar journeys.

Subject: Zoom briefing on COVID-19 and tutorial on data dashboard

When: Wednesday, August 11, 2021 8:30 AM-9:30 AM.

Where: <https://us02web.zoom.us/j/85102913432>

Dear Members:

Speaker of the House, Clay Schexnayder, and Representative Stagni, Chairman of the House Select Committee on Homeland Security, has requested that the Louisiana Department of Health (LDH) provide all House Members with a tutorial of the LDH COVID-19 and Vaccine Dashboards. There have been recent revisions and information added and therefore, believe this tutorial will allow for easier navigation and ability to locate the information that you need to better respond to your constituents. The briefing will occur on Wednesday, August 11th, 2021, beginning at 8:30a.

If you have specific questions that you would like included in the tutorial, please send them by noon time on Tuesday, August 10th, 2021, through your Homeland Security staff, Drew Murray, murrayd@legis.la.gov and we will do our best to incorporate them. You will be able to submit questions in the chat function during the tutorial that we will attempt to answer at that time.

I will send a calendar invite for this meeting shortly. If you have any questions or concerns, please let me know.

Kind regards,

Shayla Cockerm

Legislative Liaison – Legislative & Governmental Affairs

Hello Reps. Duplessis, Hughes, and Willard,

We are thrilled to have you all join our *Next Gen Council Policy Series*. Specifically, we are looking forward to highlighting the *Louisiana Youth Jobs Tax Credit Program* and the *Louisiana Work Opportunity Tax Credit Program*.

Due to the surge of COVID-19 cases, we have pivoted our series to virtual. Here is the login information:

Join Zoom Meeting: <https://gnoinc.zoom.us/j/81655139228?pwd=UklUMjZvT1NoQklxckJqM1dFTitxUT09>
Meeting ID: 816 5513 9228
Password: 754521
One tap mobile: +13126266799,,81655139228#

We will be following up with an agenda and a list of prepared questions that will be asked during the discussion.

Happy to answer any questions/concerns. Looking forward to a dynamic discussion.

Thanks!

JUVENILE JUSTICE REFORM ACT IMPLEMENTATION COMMISSION

March 16, 2021

Via Videoconference

Members in Attendance:

Bridget Denicola

Tracie Woods

Gina Womack

James Lemoine

Justice Elect Piper Griffin

Representative Royce Duplessis

Richard Pittman

Call to Order:

The meeting came to order at 2:04 p.m.

Black Girls Rising-Kassidy Ison

Kassidy Ison expressed warm remarks about Families and Friends of Louisiana's Children and the support that was provided to her and her brother.

Department of Education-Dr. Cade Brumley

Dr. Brumley stated he was extremely proud of the work being done across the state to keep schools open. Stated there are about 70% of our state's children who are receiving face to face instruction. Additionally, students also have the ability to remain fully virtual, if they have a need or prefer to do so.

Ms. Womack highlighted that in 2003 when the reform was passed it set up a juvenile justice and education partnership. She expressed that the commission is extremely interested in the communication that's suppose to occur between educational systems and juvenile justice agencies. Additionally, she expressed a desire to understand what BESE's role is in revising the student discipline codes, to remove more explicit zero tolerance mandates.

Dr. Brumley stated school systems across the state are following statute in terms of how to deal with discipline laws. He stated that there are ways in which systems are dealing with discipline issues, some of which include positive approaches that aren't in statute, but that school systems are trying to employ everyday that aren't necessarily mandated. He mentioned that most administrators are working through statutes passed by legislators, that are then placed in their local policies. He is happy to hear the commission's thoughts and feedback on any areas that can be improved.

Richard Pittman stated that a rather higher percentage of all delinquency cases in the public defender's system came out of school settings. Half of those cases were for disturbing the peace or simple battery. Noted that a significant amount of these cases, were represented by black children. He shared that a high concentration of disturbing the peace cases occurred between July 2020 and December 30, 2020 in Caddo parish. More than one out of every three disturbing the peace cases came from that parish, but the reason is still unknown.

Dr. Brumley stated that in his previous role as a district superintendent, they decided to move away from out of school suspensions. In instances that qualified for this type of action, his team instead suspended to a district site that was a rehab and counseling type center for a specific amount of time. This allowed students to maintain their attendance, assignments and get the specific intervention of support needed to be successful. Asked Ricard to share where concentrations of these incidences are occurring so he can take a further look.

Ms. Womack asked for more information on how BESE is ensuring that every school provides training for teachers, that supports positive intervention. Dr. Brumley stated that since legislation charges BESE with oversight, he would have to look at it. Asked that information is sent to him for any particulars the commission would like done and any insight the commission has.

Ms. Womack will generate questions to send to the commission to add/vet and then she will send those questions to Dr. Brumley.

Representative Duplessis asked about trauma informed care as far as where we were, where we are now and where we would like to go. Additionally, he wanted to know the role of the Department of Education in addressing and dealing with these matters and not allowing kids to get in secure care. Dr. Brumley stated the department could continue to break down barriers, so external providers can. Additionally, Dr. Kelli Peterson stated that the department is working with Ochsner to provide mental health support to educators to span not just during regular hours but also during off hours. Additionally, the department works with LSU'S social work department to make sure they provide additional supports within 12 systems. The department has a listing of schools in need of intervention due to their high rates or discipline referrals and suspensions. Those schools are taking part in a social emotional learning an academic integration pilot. It is an SEL academy helping to train educators and leaders in those schools on things like understanding emotions, showing empathy etc. Additionally, systems can now use some of the stimulus funds coming from the federal government to have social workers and counselors, due to the impact the pandemic is having on mental health.

Ms. Womack suggested that JJRAIC set up committees to work with various state holders to ensure we are tackling these issues from the local levels all the way up to the state to ensure accountability and better communication.

Dr. Brumley wanted to ensure that the commission knew that currently Louisiana only has 4 out of 10 kids coming to kindergarten on day one with the skills needed to be successful on day one. He stated that until we invest in not just the quantity but also the quality of seats in early childhood, we will not see the shifts/transformation we want. He stressed the importance of investment in early childhood. Also stated that there if you're a student in Louisiana there is a 60% that your teacher would be a white woman. He expressed the need for more representation of teachers in our school system and highlighted that there is only a 5% chance that a student's teacher would be an African American male. He continued to express the importance of having African American male teachers and the impacts representation can have on young black boys in grades 3 to 8. He, asked for specific support in this area from the commission.

Children's Cabinet- Dr. Dana Hunter

Human Trafficking

Dr. Hunter stated that childhood hunger was extremely high when she first started in her position and that this was of heightened concern for the Governor and the First Lady. Mentioned that our state was one of eight states awarded a grant to address technology issues that impeded on childhood hunger in 2017. From those resources, they were able to implement a state specific plan in July of 2017 and in September 2017 they created No Kid Hungry. One goal of No Kid Hungry was to launch the implementation of a state specific plan- which included getting our

state to 100% community eligibility (this rule stated that all kids could eat for free regardless of applications). Louisiana was able to get 98% to adopt the community eligibility rule. Additional goals of No Kid Hungry was increasing school breakfast participation, have a targeted focus on delta regions in North Louisiana, and ensure that kids had access to food in aftercare and during the summer months. Two years after this implementation, there was an increase in over 1 million meals and an increase in sponsors of summer school programs.

Dr. Hunter went on to describe the work being done around Human Trafficking. In 2017 there was Human Trafficking which provided information on children, youth and adults impacted by this issue. Over 700 key service providers participated. In 2018, the department applied for a grant from the United States Department of Justice. The grant would be used to improve outcomes of children and youth who were trafficked. Louisiana became the only state in the country to receive this award. The initiative was launched in January 2019 and through the initiative eight regional coordinators were hired across the state, to serve as key contacts/experts to service providers in their specific regions. The name of the initiative is: The Louisiana Child and Youth Human Trafficking Collaborative

Children's Cabinet Advisory Board (CCAB)

The Children's Cabinet Advisory Board works on the following issues: Supporting for early Intervention, working with DCFS on foster care issues and raising the age for foster care children etc. Currently, her department is working towards implementing an objective screening tool to see if a juvenile should be detained and is supporting DOE and LDH on Project Aware. Project Aware helps to increase the number of mental health professionals in K-12 schools.

Additionally, Dr. Hunter is working with Senator Barrow on bill (SB128), this bill was introduced last year but postponed due to COVID. The legislation would require certain assessments and screenings for children in schools that are being recommended for suspension. Instead of suspending students, the legislation would require school personnel to give them a screening for ACEs and trauma.

CCAB also made a recommendation for a statewide Perinatal Consultation Program, which would allow physicians and other health professions to screen families early on, to see what specific needs are needed prior to the child being born. This will help to apply wrap-around services for families prior to the birth of a child.

Ms. Womack asked about how to include Children Youth Planning Board to coordinate services. Dr. Hunter stated that when the legislation first went into effect there was a grant, however after funding was depleted those boards slowly went away because they could no longer function. Last year, an assessment was sent to all the existing boards to understand how they are currently operating and how they were able to stay in place. Many stated they had a dedicated staff and an Executive Director. Areas had funding, continued to function, however CYPBs that were not funded, stated they didn't have the capacity to do so. Dr. Hunter asked if JJRAIC could develop a plan to fund these boards and then present it to the legislature and the Governor.

Ms. Robin Simmons-Personal Testimony

Shared a personal family story of the impacts solitary confinement has on juveniles and is advocating for the stopping of this practice in Juvenile centers across the state of Louisiana. Her adopted grand-son, Solan Peterson, took his life during solitary confinement in a juvenile center in Shreveport, La, he was 13 years old at the time. He was to be released the next day. Two days later another teen committed suicide, at the same facility. She asked the commission to investigate this matter.

Rachel Gassert- Policy Director of the Louisiana Center for Children's Rights

Stated that Louisiana has made some improvements on the issues of solitary confinement on children, when compared to adults. She mentioned adults could be sent to solitary confinement for days, months and even years. In juvenile detentions, there are limitations on solitary confinement. These facilities are all required to have licensing

by DCFS. As it related to Solan's facility, there were many deficiencies that were found at the facility. The facility was afforded to correct the issues and continue its operations. The maximum amount of time a child can be held in solitary confinement in these facilities is 72 hours. She stated that she believes that many legislative actions can occur to address these issues. The national standard is that room confinement should always be voluntary. In the case of involuntary room confinement the practice should just be used until the juvenile calm down, after this happens he/she should be immediately returned to the general community.

Ms. Gassert stated she was extremely concerned with what is occurring as it relates to room confinement due to COVID and that she has no knowledge of what has happened in local detentions due to health precautions. She also expressed that licensing standards do not apply to OJJ, as they have their own internal policies.

Deputy Secretary Bill Sommers- Office of Juvenile Justice

Deputy Secretary Sommers stated solitary confinement is not a good thing and their best practice is not utilizing solitary confinement and mentioned that children are checked on regularly. He stated that there is a behavior unit that he hopes to do away with. He also mentioned that three of their social workers would attend TBRI-trainings so they understand trauma and can become practitioners. This training will be done throughout the state to both their nonsecure and secure sites so every probation officer will be TBRI trained in the years to come. Mr. Sommers also stated on this Saturday and Sunday, OJJ is opening visitation for secure care after almost a year. When asked if a new facility is being built, Mr. Sommers stated that although a new facility has not broken ground, bonds have been sold for a rebuild of one of the facilities, but that he would notify the commission immediately when this happened.

Representative Duplessis asked if there would be any benefit to reintroduce Senator's Gatti's expired bill.

Ms. Gassert, stated some amendments should be made if it is introduced and that this commission should oversee and lead the study.

Representative Duplessis stated he or Ms. Womack would forward the report sent to him, to the entire commission.

Discussion was made on having a tour of Bridge City Center or the Swanson Center. A poll will be sent to commission members to see which day works best, in addition to another poll to plan the next JJRAIC meeting.

Closing Remarks

The meeting was adjourned at 4:11 p.m.

A live recording of the meeting can be found here: <https://www.youtube.com/watch?v=fedw7R5hav4&t=1871s>

Subject: CPRA HSDRRS Zoom Meeting

Senators and Representatives,

The Coastal Protection and Restoration Authority is organizing a Zoom meeting to discuss the Hurricane Storm Damage Risk Reduction System (HSDRRS) that protects portions of the five coastal parishes around New Orleans and the state's plan to pay the principal amount due on the system. This meeting will be Friday, February 19th from 11am-noon. I will follow up by calendar invite with all of the necessary meeting information.

We will have a short presentation on the system itself, update you on its current status, and discuss the state's payment plan to fulfill its required cost share. After Hurricane Katrina, Congress fully funded the Hurricane Protection System (now called HSDRRS) that surrounds the greater New Orleans area protecting it and thousands of businesses and countless lives from future hurricanes. The system has an overall cost of over \$14 billion, with the state's cost share, just for principal, being \$1.145 billion. Recently, with the help of our congressional delegation, especially Congressmen Graves, Richmond, and Scalise, the state was successful in getting relief from the construction interest due on the system (over \$600 million) through the Water Resources Development Act of 2020 (WRDA). The language in WRDA 2020 will forgive the state's obligation to pay back the construction interest to the federal government so long as the state pays its required cost share principal by September 30, 2023.

If you have any questions, please do not hesitate to reach out to me. We look forward to discussing this with you all more on the 19th.

Thank you,

Russell

Hi all,
Our quarterly state legislators climate solutions call is coming up, and I wanted to make sure everyone was registered. This call is an opportunity for legislators from across the country to hear from climate champions who are pushing from strong and ambitious policies. Be sure to register here: https://us02web.zoom.us/meeting/register/tZMpduGvpzoqHNJxNzbTgNXtSN_CCvAye0A
The following speakers will be joining us: Arizona Senator Martin Quezada, Florida Representative Anna Eskamani, New Hampshire Senator David Watters, Kentucky Representative Nima Kulkarni
Best,
Noa
