EXTERNAL SENDER

In response to the request below, records that are maintained by the House were searched for public records that meet the criteria of the request. Those searches yielded the attached public records.

Additionally, Speaker Sprowls was contacted and asked for any additional records that may be responsive to this request. He did not have additional records to provide.

The House considers this matter closed.

Kind regards,

Office of Open Government  
Florida House of Representatives

Please Note: The Florida Constitution requires disclosure of public records unless a Florida Statute exempts the records from the disclosure requirement. Most emails to and from House members and staff that were sent or received in connection with the transaction of legislative business are public records that will be made available to the public and media upon request. Therefore, the contents of your email and your email address are subject to public disclosure unless a specific statute exempts them from the Constitution's disclosure requirements.
