RE: Public Information Request for certain Operation Lone Star related records. (PIR 21-3730)

Ms. Lewis:

As a follow-up to my correspondence dated December 15, 2021, please find attached updated spreadsheets for both referrals and arrests made as part of Operation Lone Star.

Referral spreadsheets

Attached are three spreadsheets that correspond to the data sources that DPS used to report this information during several time periods in 2021. Migrant referrals prior to the beginning of Operation Lone Star (OLS) on March 4, 2021 were documented using the THP-83 form (Spreadsheet 1). Referrals since the beginning of OLS reflect reporting documented as part of OLS. OLS reporting of referrals from March 4, 2021, through May 11, 2021 was documented through OLS Daily Activity Reports (Spreadsheet 2), while OLS reporting of referrals beginning on May 12, 2021 is documented through the OLS Incident Reports (Spreadsheet 3).

Spreadsheet 1 – THP-83

Spreadsheet 1 contains information on migrant referrals in DPS South Region and West Region as documented using the THP-83 form. The date range for this data is January 1, 2021 to March 3, 2021. This data represents an extract from a live database, and information is subject to change as records are reviewed, approved, and updated, and additional reports are processed. This information is current as of December 9, 2021. Information on 310 referrals reported by the DPS Tactical Marine Unit in January and February 2021 is not available at this time.

Spreadsheet 2 – OLS Daily Activity Report

Spreadsheet 2 contains information on migrant referrals documented through OLS Daily Activity Reports in the OLS Area of Interest. The date range for this data is March 4, 2021 to May 11, 2021. This information is current as of June 2021. The DARs generally did not capture identifying information for the referrals so only total numbers are provided.

AMERICAN OVERSIGHT

Spreadsheet 3 – OLS Incident Report

Spreadsheet 3 contains information on migrant referrals documented through OLS Incident Reports in the OLS Area of Interest. The date range for this data is May 12, 2021 to November 25, 2021. This data represents an extract from a live database, and information is subject to change as records are reviewed, approved, and updated, and additional reports are processed. This information is current as of December 1, 2021. The table below provides a detailed explanation of the last eight columns for this spreadsheet.

Column	Current Name	Long Name
F	IA Adult Ref F	Illegal Alien Adult Referral - Female
G	IA Adult Ref M	Illegal Alien Adult Referral - Male
H	IA Adult Ref Unk	Illegal Alien Adult Referral - Unknown Gender
I	IA Child Ref F	Illegal Alien Child Referral - Female
J	IA Child Ref M	Illegal Alien Child Referral - Male
K	IA Child Ref Unk	Illegal Alien Child Referral - Unknown Gender
L	Ia Unspc	Illegal Alien Unspecified
M	UA Ref	Illegal Alien Total Referrals

The OLS Incident Reports contain information that is law enforcement sensitive or otherwise excepted from public disclosure requirements, and DPS has previously withheld these records for this reason. DPS believes that the release of this limited information from these OLS Incident Reports during this time period is in the public interest and that this information can be released without jeopardizing the ongoing OLS mission. All other information from these reports must continue to be withheld.

Arrest spreadsheet

Please find enclosed the comprehensive spreadsheet covering arrests made within the Operation Lone Star (OLS) area of interest, updated through December 9, 2021. This spreadsheet serves as an update to the arrest spreadsheet that was previously provided to you on December 15, 2021. The date range for the criminal arrests and charges is March 4, 2021 through December 9, 2021 as reported on December 10, 2021.

DPS is continuously improving how we collect and report data for OLS to better reflect the mission. The department completed a comprehensive review to identify which offenses, categorically, should be counted. Charges reflected in this spreadsheet include Texas Penal Code Sections 20, 20a, 30.05, 31.07, 34.02, 37.09, 38.03, 38.04, 46, and 71.02; Texas Health and Safety Code Chapters 481 and 483; Texas Transportation Code Section 545.421; United States Code Titles 8 USC, 18 USC § 922, 18 USC § 1546, 18 USC § 1956, 18 USC § 1960, 21 USC § 801-971, 26 USC § 5861, 26 USC § 7206; and all warrants.

AMERICAN OVERSIGHT

This data represents an extract from a live database, and information is subject to change as investigations continue. The records may not represent the totality of all criminal arrests and charges as existing records are reviewed, approved, and updated, and additional reports are processed.

Methodology used for arrest and charges counts:

- Criminal Arrests: A distinct count of the Arrest URN
- Criminal Trespass Arrests: A distinct count of the Arrest URN and selecting only the "Criminal Trespass Arrests" option under "Offense (group)" field.
- Felony, Misdemeanor, Federal/Other Charges: Total count of records (rows) based on the Level (group) field. We do not count the row if the offense field is blank. Do NOT apply an Arrest URN distinct count for this calculation.

If you have any questions regarding this request, please submit them in writing via email to OGC.Webmaster@dps.texas.gov or via mail to the address in the letterhead. Thank you.

Cordially,

Brian Sears
Assistant General Counsel
