KEN PAXTON
ATTORNEY GENERAL OF TEXAS

February 28, 2022

Mr. Joseph Behnke
Assistant General Counsel
Office of the Governor
P.O. Box 12428
Austin, Texas 78711

OR2022-06047

Dear Mr. Behnke:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 932935 (OOG ID# 669-21).

The Office of the Governor (the "governor's office") received a request for communications involving certain named individuals and key terms. You claim the submitted information is excepted from disclosure under sections 552.101 and 552.111 of the Government Code. Additionally, you state the governor's office notified a third party of the request for information.¹ *See* Gov't Code § 552.304 (providing that interested party may submit written comments regarding why information should or should not be released). We have considered the exceptions you claim and reviewed the submitted representative sample of information.²

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information that is made confidential by other statutes. You raise section 552.101 in conjunction with sections 418.176 and 418.177 of the Texas Homeland Security Act (the "HSA"), chapter 418 of the Government Code.

¹ As of the date of this letter, we have not received comments from any third party.

² We assume that the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

Sections 418.176 through 418.182 were added to chapter 418 as part of the HSA. These provisions make certain information related to terrorism confidential. Section 418.176 of the HSA provides in relevant part:

(a) Information is confidential if the information is collected, assembled, or maintained by or for a governmental entity for the purpose of preventing, detecting, responding to, or investigating an act of terrorism or related criminal activity and:

(1) relates to the staffing requirements of an emergency response provider, including a law enforcement agency, a fire-fighting agency, or an emergency services agency; [or]

(2) relates to a tactical plan of the provider; or

(3) consists of a list or compilation of pager or telephone numbers, including mobile and cellular telephone numbers of the provider.

Id. § 418.176(a). Section 418.177 provides that information is confidential if it:

(1) is collected, assembled, or maintained by or for a governmental entity for the purpose of preventing, detecting, or investigating an act of terrorism or related criminal activity; and

(2) relates to an assessment by or for a governmental entity, or an assessment that is maintained by a governmental entity, of the risk or vulnerability of persons or property, including critical infrastructure, to an act of terrorism or related criminal activity.

Id. § 418.177. The fact that information may be related to a governmental body's security concerns does not make such information *per se* confidential under the HSA. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute's key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any exception to disclosure, a governmental body asserting one of the confidentiality provisions of the HSA must adequately explain how the responsive records fall within the scope of the claimed provision. *See* Gov't Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You state some of the responsive information reveals tactical plans of emergency response providers in relation to operations at the border and possible vulnerabilities related to the border. Further, you argue release of the information at issue could aid terrorists and other criminals in avoiding detection and in the commission of crimes against critical infrastructure related to the state's international border. Based on these representations and our review, we find the information we marked relates to staffing requirements and tactical plans of emergency response providers or assessments of vulnerabilities related to the border maintained by the governor's office for the purpose of preventing, detecting,

responding to, or investigating an act of terrorism or related criminal activity. See Open Records Decision Nos. 542, 532 (1989), 515 (1988), 252 (1980). Accordingly, the governor's office must withhold the information we marked under section 552.101 of the Government Code in conjunction with sections 418.176 and 418.177 of the Government Code.³ However, we find you have failed to demonstrate the remaining information at issue is confidential for the purposes of section 418.176 or 418.177. Therefore, the governor's office may not withhold any of the remaining information under section 552.101 of the Government Code in conjunction with section 418.176 of the Government Code or section 418.177 of the Government Code.

Section 552.111 of the Government Code excepts from disclosure “[a]n interagency or intraagency memorandum or letter that would not be available by law to a party in litigation with the agency[.]” Gov’t Code § 552.111. This exception encompasses the deliberative process privilege. See Open Records Decision No. 615 at 2 (1993). The purpose of section 552.111 is to protect advice, opinion, and recommendation in the decisional process and to encourage open and frank discussion in the deliberative process. See *Austin v. City of San Antonio*, 630 S.W.2d 391, 394 (Tex. App.—San Antonio 1982, no writ); Open Records Decision No. 538 at 1-2 (1990).

In Open Records Decision No. 615, this office re-examined the statutory predecessor to section 552.111 in light of the decision in *Texas Department of Public Safety v. Gilbreath*, 842 S.W.2d 408 (Tex. App.—Austin 1992, no writ). We determined section 552.111 excepts from disclosure only those internal communications that consist of advice, recommendations, opinions, and other material reflecting the policymaking processes of the governmental body. See ORD 615 at 5. A governmental body's policymaking functions do not encompass routine internal administrative or personnel matters, and disclosure of information about such matters will not inhibit free discussion of policy issues among agency personnel. *Id.*; see also *City of Garland v. Dallas Morning News*, 22 S.W.3d 351 (Tex. 2000) (section 552.111 not applicable to personnel-related communications that did not involve policymaking). A governmental body's policymaking functions do include administrative and personnel matters of broad scope that affect the governmental body's policy mission. See Open Records Decision No. 631 at 3 (1995).

Further, section 552.111 does not protect facts and written observations of facts and events severable from advice, opinions, and recommendations. *Arlington Indep. Sch. Dist. v. Tex. Attorney Gen.*, 37 S.W.3d 152 (Tex. App.—Austin 2001, no pet.); see ORD 615 at 5. But if factual information is so inextricably intertwined with material involving advice, opinion, or recommendation as to make severance of the factual data impractical, the factual information also may be withheld under section 552.111. See Open Records Decision No. 313 at 3 (1982). Upon review, we find you have failed to demonstrate the remaining information pertains to policymaking matters of the governor's office for the purposes section 552.111 of the Government Code. Accordingly, the governor's office may not withhold any portion of the submitted information under section 552.111 of the Government Code.

³ As our ruling is dispositive, we need not address the remaining arguments against disclosure of this information.

In summary, the governor's office must withhold the information we marked under section 552.101 of the Government Code in conjunction with sections 418.176 and 418.177 of the Government Code. The governor's office must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at <https://www.texasattorneygeneral.gov/open-government/members-public/what-expect-after-ruling-issued> or call the OAG's Open Government Hotline, toll free, at (877) 673-6839.
