EXTERNAL SENDER

Good afternoon Mariuxi,

I will be providing Senator Felzkowski's schedule from January 1st through the date the request came in (December 2nd, 2021) as you cannot future date the request. If you would like the same records up to the current date, please resubmit another request.

In relation to the request, we are denying it in part. To print every single meeting, with attachments would take a burdensome amount of time. We've fulfilled the request to show appointments and details, and attachment titles. If you would like any of the attachments printed and submitted, we are more than happy to do so.

This email has two zip folders containing the monthly calendars from January-June and July-December. The August calendar is over 15,000 kb, meaning it can't be sent in the same email as the rest, so I will be following this email up with the calendar from August. We worked with our technical services bureau to figure out the best way to do this, and this is what we came up with.

At this time, we consider this request fulfilled.

Please let us know that you've received this email. Thanks!

Collin

Or join via phone: +16468769923,,95033768851#

All attendees are either WPHCA staff of Health Center staff/Board Members/patients. In terms of agenda, Health Centers will provide an overview of recent successes, COVID-19 pandemic response, and relevant policy priorities. We plan to save approximately 10 minutes for Q&A/discussion and learning more about lawmaker health-related priorities.

Attached in preparation for the meeting, please find:

- Issue Brief on the Community Health Center State Grant SB59/AB66
- One-pager with WPHCA's policy priorities
- Statewide Health Center data brochure
- Map of all WI Community Health Centers

Please note that staff are also welcome to join for the virtual meeting. Finally, Health Centers have indicated interest in snapping a photo during the meeting. Please either provide your objection prior to the meeting, or turn off your camera at that time.

Let me know if you have any questions and we look forward to 'seeing you' this week as part of WPHCA's Virtual Advocacy Days. Cheers,

Good afternoon Senator and Liz,

Thank you for meeting with us this morning. Appreciate the opportunity to touch base and hear where various efforts are headed. We look forward to the engagement on Dental Therapy and your ongoing leadership on the issue.

We will follow up with you on the dental licensing issues, just considering what examples to put forward and what background information may be most useful. Stay tuned for that from me.

A request that I didn't get around to today: We'll be scheduling virtual meetings with Health Center advocates and their legislators for early April (in lieu of our typical in-person Day at the Capitol). We're trying a few things differently this year. **Would you be interested in hosting a joint meeting with Health Centers *and* Representatives in-district?** If so, we would arrange a virtual meeting, ideally for 30-45 minutes on April 1 or 2.

AMERICAN OVERSIGHT

We think this approach will be a more efficient use of lawmaker and Health Center advocate time, opposed to scheduling individual meetings. Please let me know your interest; otherwise we can schedule separately if preferred. Thank you for considering,

Nice talking with you. Here is the WTA legislative agenda. Again, I'd like to focus on finance related items for now, especially transportation and rural fire/EMS. I would also like to add in something that's not on the agenda, which does wrap into fire/EMS, which is lack of tax base due to too much public land and also lack of PILT payments.

AMERICAN OVERSIGHT

Location: Already Registered

Good afternoon,

Since 2013, the Wisconsin State Legislature has prioritized investment in the Treatment Alternatives and Diversion (TAD) Program, making it possible for the program to grow from just nine counties in 2013 to 53 counties and three tribes currently. With such significant growth, I believe it's important to provide you and your staff with an update on the program's evolution, available data, and insight as to how the program is operating statewide.

I invite you and your staff to participate in a **webinar on Monday, April 5, from 12:30 p.m. to 1:45 p.m. on TAD and the program's success and future.** In addition to myself, the webinar will include presentations by:

- Renee Lushaj, TAD Program Manager
- Matt Raymer, Justice Programs Supervisor
- Lara Kenny, Director, Bureau of Justice Programs
- Derek Veitenheimer, Director, Bureau of Justice Information & Analysis
- Officials from county TAD programs

This will be an opportunity to learn from and ask questions of criminal justice professionals about the program.

Meeting to Discuss High Cost Transportation Aid Proposal
Join Zoom Meeting
https://us02web.zoom.us/j/85006373527?pwd=ejJpdFRtYVIvRzVrVmNpM3I0Nm9Fdz09
Estimated impact to 29 school districts represented by Senator Felzkowski (see attached printout – legislator tab)
Representative Jeff Mursau (R-Crivitz) will sponsor a *budget motion to* ***modify the high cost transportation program*** *to provide that Fund 10 transportation costs for eligible districts do not exceed the statewide average per pupil transportation cost.*

This motion will help to ensure that students are not systematically exposed to better or worse systems of educational opportunity simply because of where they happen to reside. Districts serving students in sparse, distant, and/or rural locales, in particular, are often forced to spend a greater proportion of their revenue on transportation than are other districts. In this light, the student experience and corresponding educational opportunities are directly and detrimentally impacted by virtue of local characteristics beyond the districts' control.
The motion will modify the ***high cost transportation aid program*** as follows: 1) lower the aid threshold from 145% to 100% of the statewide average per pupil transportation cost; eligible districts would receive aid equal to the difference between the district's per pupil Fund 10 transportation cost and the statewide average per pupil cost, multiplied by the number of pupils enrolled in the district, and 2) a district would be eligible for aid if its membership in the previous year was less than 30,000.

In 2019-20, the statewide average transportation cost per member is equal to $441 (2018-19 data used to calculate high cost transportation aid in 2019-20). It is estimated that in 2019-20, fully funding the proposal for 287 eligible school districts would require an increase to the appropriation for high cost transportation aid of $41.0 million GPR, for a total of $54.3 million GPR. In 2019-20, these 287 school districts had Fund 10 transportation costs of $195.5 million, with an average transportation cost per member of $699.

Ensuring that Fund 10 transportation costs for eligible districts do not exceed the statewide average per pupil transportation cost will **support the *goal of equity* as increased state transportation aid will serve to balance costs across locales**. The ***adequacy goal*** **will be met as dollars that were previously syphoned off into transportation can now be allocated towards instruction, thereby increasing avenues for educational opportunity.**

Just wondering if Mary is planning to attend this Friday's CESA 9 legislative conversation at 8:30 am and, if so, if she would be willing to hop on the Zoom a little early (8:10?) as I have a question for her about some upcoming legislation I would like to propose...just a simple (I think!) legislative fix for an issue around paying our school year employees at CESA 9 year round as school district employees are able to do. Please let me know if that would work or if we could schedule a different time soon.

4/10/2021 (All day) FYI: Phelps Maple Sugar Fest
Location: Phelps Chamber of Commerce

The 10th annual Phelps Maple Syrup Fest will take place on Saturday, April 10 at the Phelps Chamber of Commerce and local sugar bushes.
"We are thrilled to be able to host the Phelps Maple Syrup Fest again this year and welcome visitors that are interested in learning more about Maple Syrup," Phelps Chamber of Commerce executive director Amy Thomason said.

The event will include the ever popular Sugar Bush tours and a variety of demonstrations, informational opportunities and children's activities as well as some tasty maple treats.

"As we continue to plan for our 10th annual Phelps Maple Syrup Fest we will be adding additional experiences for our visitors to enjoy," Thomason said.

The craft fair portion of the Phelps Maple Syrup Fest has been canceled this year due to the continued safety recommendations from local health officials and the closure of the Phelps School to the public.

"We were saddened to make the decision to not host the Craft fair portion of the Phelps Maple Syrup Fest this year, but we felt that the safety of our community, our visitors and our vendors was top priority," Thomason said.

Many of the activities will be held at the Phelps Chamber of Commerce offices, where maps and schedules will also be available for those heading out for a Sugar Bush tour. Visit www.phelpswi.us for more information.

Sen. Felzkowski:
The late Bonnie Reese was a trailblazer and role model for Wisconsin women serving in government. She was the first woman to head a major state agency as the Executive Director of the Legislative Council. She epitomized the very best of women in government and combined her extraordinary professionalism with grace and a sense of humor. In her honor, Wisconsin Women in Government dedicates a portion of our annual gala proceeds to a legislative internship in her name for a young woman to work within one of Wisconsin's five nonpartisan legislative agencies.

This year's Bonnie Reese Trailblazers are Cristina Peterson and Kara Weatherby.

In 2019, Cris was an intern with the Legislative Audit Bureau. Cris graduated from UW-Whitewater in 2019 with a bachelor's degree in accounting and now works at the Audit Bureau as an Associate Financial Auditor. Outside of work, Cris volunteers at the Dane County Humane Society.

Kara was a 2020 intern with the Legislative Council where she completed a publication on no-knock warrants. She is currently in her second year at the University of Wisconsin Law School. She is a member of the Wisconsin Women's Law Student Association, the Black Law Student Association, and the Environmental Law Society.

Congratulations, Cris and Kara.

3:00p to 3:30p (Mary & Chris) Ken Lucht- Watco purchase of CN Rail
Location: 415S

Hello Senator Felzkowski, I hope you're doing well!

I just wanted to keep you in the loop as the status of our transaction with CN and ask you for support. Watco did petition the Surface Transportation Board (STB) on Monday, April 5th for the boards approval of the transaction between Watco and CN. Finance docket #36504.

In summary, the three subdivisions in the Southern Cluster will become part of an existing regional railroad carrier already operated by Watco – called the Wisconsin & Southern Railroad (WSOR). All other lines in Wisconsin will become part of a new entity called: Fox Valley & Lake Superior Rail System. We chose this name due to the lines geographic importance and the fact that we view these lines as a "system". The subdivision in the Upper Peninsula of Michigan will become part of our Grand Elk Railroad.

I'm wondering if you would be so kind as to consider a letter of support for this transaction? I've drafted one for your consideration. Since the STB has already set up a docket for this matter, if we could have one prepared in the next couple weeks, that would be wonderful!

Thank you again,

1:00p to 1:30p (Chris) Mining Rule Conversation
Location: Zoom

Hi all,

It looks like Thursday afternoon will be best for everyone. With how busy next week is, I'm glad we were able to find a time that works for everyone! If we could plan on Thursday at 1pm, that would be perfect. We have two bills up in Assembly Environment at 10am, and while the hearing shouldn't be longer than two hours I'd imagine, I want to give myself a bit of a buffer past noon.

I've set-up a Zoom invite for Thursday, the 15th at 1pm with the invitation below. Looking forward to the discussion!

Thank you for your prompt response and I have attached the booklet that contains our budget priorities for 2021-2023. We welcome the availability of staff to meet with constituents at 2:00 on 4/15/21. Irene Mehlos will be hosting the meeting. In my previous contact with the Senator Felzkowski we talked specifically about the expansion of the TAD program and she had shown some interest. That will be one of the programs discussed on Thursday.

Sen. Felzkowski,

This Thursday is the opportunity for a discussion with constituents on the WISDOM budget priorities for 2021-2023. I hope you will be able to join in along with staff. I will also be inviting Rep. Please let me know if you and or staff members will be able to attend this virtual session, so I can let our team members know.

Hi Collin,

Thanks again for your time (and the Senator's) to discuss Stewardship reauthorization and the LUG program. I'm attaching the WPRA leave-behind that speaks to some of the points we discussed. I was wondering if you had some time later this week just to pop and in and chat about some of the "other policy changes" we are hearing.

Hello Chris, & Collin,

Thursday at 3:00 pm works good for us - we will see you then. Again, we appreciate you taking the time to help us learn more about Senator Felzkowski's concerns with the Council (as proposed) and to explore possibilities that still advance the objective to make Wisconsin's programs more efficient and help Wisconsin communities pursue hydrologic restoration that reduces flood risks and improves water quality. As you know, this legislation is a priority for us, a product of conversations with legislative authors over the course of several years. We're happy to have the chance to discuss it with you, and explore ways to address the Senator's concerns and potentially make it even better.

~Jennifer

3:30p to 4:00p (Liz) Mike Rogowski- Wisconsin Autism Providers Association
Location: 415S

As per our conversation, I wanted to follow-up with an Email to provide you with additional information.

Mike Rogowski and his client, the Wisconsin Autism Providers Association, are hoping to meet with the Senator regarding support for Early Access to Autism Diagnosis and Treatment in the budget. You may have recently seen the Rep. Murphy/Sen. Jacque co-sponsorship memo (LRB 1844/1, relating to: support for Early Access to Autism Diagnosis and Treatment), and a version of this was included in the Governor's Budget.

We would love to meet in person for a meeting in the next couple of weeks, but defer to your schedule. Attending on our end would be Mike Rogowski and Dr. Becky Thompson.

For additional background:
A recent study by the Wisconsin Autism Providers Association (WAPA) estimated that over 1300 children with autism are currently (August 2020) on waitlists for treatment; and children with Medicaid funding wait an average of 6 to 18 months to begin a treatment program depending on where they live, with the city of Milwaukee and rural areas being the most difficult to serve.

To raise awareness of the access barriers to autism diagnosis and treatment that exist in Wisconsin, the Joint Legislative Council hosted a Symposia Series on Early Access to Autism Treatment, where Dr. Becky Thompson was a presenter, in September 2020. The Series presented information on the barriers that Wisconsin families and children face in accessing early diagnosis and treatment of autism and identified options for enhancing access to early diagnosis and promoting treatment that is based on evidence-based medical practices.

It was learned that several factors contribute to Wisconsin falling behind in diagnosing children with autism and the wait lists that exist for treatment, including:

- Treatment providers having insufficient staff to offer services to all children with autism.

AMERICAN OVERSIGHT

- Inequities in treatment access for ethnic minorities and rural families who may not be able to travel to a treatment center or who cannot access home-based services.
- Low Medicaid reimbursement rates that have resulted in large provider organizations leaving the state, out of state (national) companies only treating children who have commercial insurance, and existing providers limiting or capping enrollment to remain solvent.

In order to address these significant challenges that exist for Wisconsin families in need of early access to diagnosis and treatment of autism, WAPS is advocating for a 25% reimbursement rate increase for all autism treatment codes under the Medicaid behavioral treatment benefit. This increase would bring Wisconsin Medicaid rates closer to our neighboring states and is consistent with commercial insurance rates and practices. The impact of the proposal would support increased wages and allow providers to attract more staff to address diagnosis and treatment waitlists and to provide more access to services in underserved areas of the state.

Let us know if you have any additional questions or need anything else.

Thanks,

Nathan

8:30a to 9:30a (Mary) Aspirus Press Conference- Wausau (Arrive at 8:30 to prepare to speak)
Location: Aspirus Birthing Center Conferece Room, 333 Pine Ridge Blvd., Wausau, WI, Entrance C

We will be holding the event at 9 am on Monday in the birthing center conference room in Aspirus Wausau Hospital. The conference room is just inside Entrance C, which is on the southeast side of campus. This link will take you to a map of hospital entrances: https://www.aspirus.org/Uploads/Public/Documents/Maps/AWH-Entrance-Map.pdf

If Sen F is willing to speak, I'd like to meet her at 8:30 am to go over speaking points. I'll have a copy of the program and a short list of suggested comments for her to review and consider.

If you or she have questions between then and now, please feel free to text me at 715-571-2690.

I'd like to formally invite you to participate in a 9 am press conference on Monday, Aug. 2 at Aspirus Wausau Hospital.

The event will celebrate and announce the closing of Aspirus's acquisition of 7 hospitals and 21 clinics from Ascension Wisconsin. I thought of you, Sen. Felzkowski, for two reasons:

1. You were kind enough to write a letter of support for this initiative in January.
2. You represent communities served by five of the seven impacted hospitals: Merrill, Tomahawk, Rhinelander, Woodruff and Eagle River.

This would be an excellent opportunity to demonstrate to your constituents just how engaged and supportive you are regarding their continued access to high-quality local care. It also would be an opportunity for Aspirus to publicly thank you for your involvement and backing throughout the process.

Please let me know if there are additional details I can provide or questions I can answer.

Respectfully,
Andy

- Facebook: https://www.facebook.com/events/525154281905981/

You will not be on camera so you don't have to dress up.

Dear Senator Felzkowski,

On August 4th, one resident and one organization from your district will be honored at the 2021 Governor's Service Awards. The honorees are:
- Mildred "Dolly" McGeshick - AmeriCorps Seniors Volunteer of the Year
- Copper Lake/Lincoln Hills Foster Grandparent Program - AmeriCorps Seniors Program of the Year

We sincerely apologize for the late notice regarding the awards ceremony this year as we transition back to an in-person ceremony after holding a virtual ceremony last year, but we wanted to make sure you were aware of these great service stories taking place, including within your district.

We would like to extend an invitation for you to attend the ceremony either in-person from 10:00 to 11:00 a.m. at the Monona Terrace or virtually via the event livestream (will also post recording on website for the Governor's Service Awards). The ceremony this year will honor nine individuals and five organizations from throughout the state that were nominated for their outstanding volunteerism and service to the people of Wisconsin, as well as recognizing 221 AmeriCorps Seniors volunteers that have volunteered to help our fellow Wisconsinites for 20 years or more. We are attaching the list of those being recognized at the ceremony, as well as the service descriptions of the honorees.

If you would like to attend the ceremony in person, we will have a photographer available to take pictures with the awards winners from your district following the ceremony. If you would like to virtually attend the ceremony, it can be viewed live at these links.
- YouTube: https://www.youtube.com/watch?v=FpGPVqXPkJ0
- Facebook: https://www.facebook.com/events/525154281905981/

Additionally, if you would like to send something to recognize those being honored from your district following the ceremony or post something onto social media, we would be happy to be of assistance.

AMERICAN OVERSIGHT

Once again, we apologize for the late notice regarding the awards. Please contact Kyle Clower at Kyle.Clower@wisconsin.gov or 573-864-5765 with any questions or if you plan on attending this celebration of service in person on August 4th.

Christopher,

I hope all is well!

I was wondering if I could schedule a meeting with the Senator regarding the attached bill draft. I can give you some background, but I'm hoping to discuss with the Senator whether she'd be willing to author this bill for us. Does the Senator have any availability? If it's easier, I'd be happy to have a call with her, in the event she's not in Madison.

Thank you!!

4:00p to 4:30p (Stamena) Meet and Greet with Lead WI Teen constituents
Location: Assembly Parlor

If you to send a staff member on behalf of the Senator, that's fine with us. Just let me know.

Dear Senator Felzkowski,

You are receiving this email invitation because at least one teen from your legislative district is attending Wisconsin Family Council's LEAD WI summer camp next week, August 1-6.

LEAD WI is built on a government/civics platform. During the entire week our 81 teen campers will be involved in a mock legislative session. On **Wednesday, August 4**, they will be holding public hearings in the State Capitol. **After the hearings, we are hosting a meet & greet in the Assembly Parlor**. **We would like to invite you to this informal time where you will be introduced and then given time to meet with the teens from your district. The meet & greet is from 4:00 to 4:30 PM.**

Our goal for this meet & greet is to give the teens an opportunity to meet their elected officials, ask them questions about their service, etc., and to let you as an elected official interact with them and have an opportunity to impact the next generation of Wisconsin leaders.

We hope you can join us for this event on **Wednesday, August 4, from 4-4:30 PM in the Assembly Parlor**. If you can attend, please let me know by return email.

Chris,
I am working with a client, Cicero Action, that has an idea for parole and probation reform. It's not expungement, and it's not as strict as Senator Bradley's parole bill. We think it could be a happy medium for the various positions in your caucus.
We have been working with Rep. Callahan on drafting and believe your boss may be interested in working on this issue in the Senate.
Would your boss have time to meet any of the following to learn more about our idea?
After 2:00 PM on 8/3

Thanks for your consideration!

10:00a to 12:00p (Staff) 12th Senate District Educators LFB Briefing on the Funding Formula
Location: Zoom

Good afternoon 12th Senate District Superintendents,

We are reaching out to first thank you for your work and dedication in educating and caring for our youth. We know that the act of running a school district, especially a rural school district, has gotten infinitely more complex and demanding over the last several years. As you all know, Wisconsin's schools are funded through a complex web of categorical aids, state funding, and local taxes. With this is mind, we wanted to offer access to a resource that we as legislators have that is invaluable to understanding the school funding formula. The Legislative Fiscal Bureau is a non-partisan agency made up of our state's best fiscal analysts that advise the Legislature on fiscal programs and the state's budget.

We have arranged for their K-12 funding experts to present a webinar on K-12 funding and be available for a Q & A session for school administrators in the 12th Senate District. This will take place virtually on **Wednesday, August 18th from 10:00-11:30am**. Please feel free to share this with your School Business Officer or any other members of your team that may wish to participate.

We ask that anyone participating **RSVP to Sen.Felzkowski@legis.wi.gov by 12:00pm on Monday, August 16th**. The Zoom link will be emailed upon receipt of the RSVP.

As this is a non-partisan informational session, we will not be in attendance. We simply wanted to arrange this opportunity for you to have access to some of the state's premier K-12 funding experts. Good Afternoon!

How are you doing? Hopefully you have gotten a little bit of time since the budget to enjoy your summer. Now the trick is staying cool in this heat. Would it be possible for you to put together a meeting for Chris Snyder and I to meet with Senator Felzkowski? I am under the impression she could be hearing this bill in committee, sooner rather than later.

Let me know if something is possible. I am always available by email, but you are welcome to contact me on my cell phone at any time. (608) 843-5578 cell.

Have a great rest of your week and I look forward to hearing from you.

We believe there will be a Government Operations Committee hearing soon on both the auto-dealer legislation (SB 462) and registered interior designers (SB 344). We were hoping to meet with Sen. Felzkowski ahead of that hearing. Does she have any availability next week - ideally Wednesday?
We represent both Tesla and the interior designer associations and thought we knock out both topics in one meeting if that works?

10:00a to 10:30a (Mary) Ripco Credit Union Ribbon Cutting (Open House postponed)
Location: Ripco Credit Union, 121 Sutliff Ave, Rhinelander, WI 54501

I'm just updating you on a format change for our Remodeling Project Ribbon Cutting on August 26th at 10:00 AM. We are still moving forward with the official ribbon cutting on that day & time, but will be postponing the actual Open House portion of the celebration until October 21st (which is actually International Credit Union Day). Due to recent CDC and Oneida County Health Department COVOD updates and out of concern for the health and safety of all, our team felt that it made the most sense to postpone the 'party' portion of the event.

Dear Senator Felzkowksi,

As I mentioned when I had the opportunity to visit with you briefly for the grant presentations at the Rhinelander Chamber office, I'm trying to plan an Open House to celebrate the completion of Ripco's remodeling project. We're looking at the third or fourth week of August, and would be honored to have you and Assemblyman Swearingen join us. Would any days/times of day either of those weeks work best for you?

Thank you so much for your consideration.

Location: Tomahawk Post Office, 311 W Wisconsin St., Tomahawk, WI

Good Morning Calvin and Mary,

I wanted to let you know that the renaming of the Tomahawk Post Office for Einar 'Sarge' Ingman, Jr. will be on Saturday, August 28th at 9:30am at the Tomahawk Post Office located at 311 West Wisconsin Street, Tomahawk, WI.

Senator Johnson and Congressman Tiffany would like you both to be involved in the ceremony if it works into your schedules. Please let me know if you are available on that day.

The event will be outdoors – unless inclement weather in which it will be moved to the American Legion nearby.

Let me know if you have any other questions regarding this special event.

Hello All-

We are just about one week out from the Renaming of the Post Office in Tomahawk. I wanted to just let you all know the details of the event.

Here is the program and they participants as of right now.

National Anthem – Elizabeth Peronto
Honor Guard – Gerry Johnson - American Legion
Pledge of Allegiance – Rep. Calvin Callahan
Introductions (Emcee) Scott Bolstad – Sen. Johnson's Office
Reading of the Citation – Scott Bolstad
Speaker - Kevin Loomis – USPS Manager
Speaker - Sam Reed – USPS District Manager
Speaker – State Senator Mary Felzkowski
Speaker – Congressman Tom Tiffany
Speaker – Senator Ron Johnson
Unveiling of the Plaque

AMERICAN OVERSIGHT

Conclusion (Army song)
(refreshments at the American Legion)

Should there be anything I am missing, please let me know. We are putting the finishing touches on the program that will include pictures, the citation, the agenda and a thank you from the family. I will be speaking with Mary Ingman (daughter) to discuss any last minute finite details.

We will be setting up starting at 7:30am. The city will place barricades along the side of the street on Friday and we can place them accordingly. American Legion will assist in setting chairs.

The plaque will be on an easel for the ceremony and will be hung shortly after.

In the event of inclement weather, the American Legion will act as the alternate site. We will have staff to direct folks there.

Both Sen. Johnson's team and Rep. Tiffany's teams are putting out Media advisories and social media notifications shortly. I have sent flyers around to veterans and civic organizations. The city also has a flyer. People I have spoken to today are hearing nice chatter about folks attending!

For the local people on this e-mail, if you chat with folks, encourage them to bring lawn chairs in the event of a large crowd.

It has been a privilege to help in the organization of this event. Please let me know if you have any questions.

Regards,
Maggie Cronin

Location: Zoom

Hello Timber Industry Stakeholders:

I hope you can join this coming Monday's Zoom **call at 3:00 PM** to continue discussing how we can work collaboratively to support, develop, and diversify our timber industry and hear updates on some funding opportunities.

My email on August 20th mentioned a few of the intended topics. Since then, we've put together and attached an agenda to guide our discussion.

Building off the momentum we have with the US EDA Regional Economic Diversification effort and related listening sessions, our goal for this discussion is to provide an update on several related topics and opportunities, and get your input on how we can coordinate and expand efforts towards enhancing a sustainable and robust forest industry.

We'll see you this coming Monday, August 30th at 3:00 PM. Let me know in the meantime if you have questions.

Thanks

Location: 415S

Hello Senator Felzkowski and Staff,

I am reaching out with a scheduling request. One of our clients, Jeff Fedorchak from TruGreen will be in town August 31st and we are hoping to set up a meeting with Senator Felzkowski. She is the Vice-chair to the committee that SB -351 is in. This is a bill that TruGreen has some serious concerns with. This would also be a chance to do a meet and greet meeting, for Jeff to introduce himself and tell her a little more about the company. If the Senator is in town 8/31 would she be available to meet with Jeff, Annie and Jeremey at 12PM or 12:30PM?

Thank you in advance,

Brooke

10:00a to 11:00a (Staff) Trails Caucus Briefing
Location: 412E

Dear Colleagues,

We hope you are having a good day. In the previous legislative session, Rep. Goyke and I presented the idea of forming a "Trails Caucus" to the legislature and provided briefings from numerous stakeholders. Thank you to all of the members, staff, and stakeholders who attended both meetings.

Over the past year, we have held conversations with a broad range of constituents who are interested in the growth of the Trails Caucus and the preservation and expansion of Wisconsin's outdoor trails systems. These trails support hiking, biking, snowmobiling, ATVs, and other transportation and recreational uses. These trails not only represent a better quality of life for our constituents, but also a large economic benefit to the Badger State in sectors such as tourism and local business. There is much to do in support of Wisconsin's trail networks, and we hope that you will join us in discussing and moving forward initiatives that will directly improve the lives of residents and visitors.

We invite you to join a follow-up presentation and legislative briefing on Tuesday, November 30th at 10:00 a.m. in 412 East – The Joint Finance Committee hearing room. A Zoom option will be available for attendees as well. The briefing will include:

- Rep. Goyke and Rep. Kurtz provide updates about next steps for the legislative trails caucus regarding vision, policy, and growth.
- The Ohio Legislative Trails Caucus Co-Chair will share challenges and successes in Ohio as opportunities for the Badger State
- The national Rails-To-Trails Conservancy will present and highlight new federal funding to help protect and maintain Wisconsin's trail, walking and biking infrastructure.
- The Wisconsin Bike Federation will provide a briefing on pending projects in Wisconsin, as well as policy ideas generated by their bi-partisan legislative advisory committee.

Please join us on Tuesday, November 30th. Legislators, staff, and members of the public are welcome.

When: Tuesday, November 30th at 10:00 am
Where: 412 East – Joint Finance Hearing Room

Please direct any questions to the office of Rep. Goyke at (608) 266-0645 or Rep. Kurtz at (608) 266-8531.

Chris;
Per a conversation I just had with Liz, wanted to make a couple scheduling requests, these would be virtual/zoom meetings because of travel bans for these two clients;

- Meet & Greet with Margaret Nunne, Regional Director of Government Affairs for **State Farm**. Margaret is new to the role and region, so this would be a true meet & greet.
- Beginning of session touch base with the **Wisconsin Primary Health Care Association**; Richelle Andre and myself, and maybe one or two others. Topics would be dental therapy, health center grant, other rural health priorities.

Thanks much,
Tony

11:00a to 11:30a (Mary & Chris) Jordan Lamb- Cranberry and Potato Research Program Funding
Location: 415S

Good afternoon, Senator Felzkowski. I am emailing about legislation that will be reintroduced by Senator Testin and Representative Vander Meer this session (see links below to last session drafts) to provide funding for critical agricultural research programs for cranberries and potatoes.

These bills two are meant to be a public match to the private farmer funds that are currently being used for cranberry and potato research programs. This has become increasingly important as we are seen steady cuts to UW Ag Applied research programs but steady increasing pressure on farmers to change production practices to address environmental concerns.

Cranberries: 2019 SB 564 would provide $500,000 to the cranberry marketing board for the purpose of funding research vital to the industry and individual growers in the field. The applied research investment will provide practical and applicable utility to growers in order to sustain our state's status as the premier cranberry producer in the world. Last session, this legislation got a hearing in both houses, but we ran out of time before the session came to an end.

Potatoes: Similarly, 2019 SB 568 would provide $500,000 in funding to the potato (and vegetable) marketing board for the purpose of funding vital research. The applied research investment will provide practical and applicable utility to potato and vegetable growers, and will help sustain this important industry in our state, by supplementing the private investments in research provided by the farmers.

Please let me know if you would be interested in discussing co-sponsoring these bills. I am happy to fill you in on all the details from last session! ☺

Many thanks,
Jordan

Location: Zoom: https://zoom.us/j/98095841803?pwd=aVloU0l3YXluemR6ZTF5VDBrYUEzZz09

Elisabeth,

This past August I had the opportunity to meet (virtually) with Senator Felzkowski re: a mental health/social emotional learning group the Health System is partnering with area schools. She then facilitated a call with area superintendents on the program. An outcome of that meeting was a number of schools reached out requesting the program. We expanded to; Stratford, Antigo (3 elementary schools), Lac Du Flambeau, Lakeland Union High School, MHLT Elementary Schools, and Manitowish Waters.

The mental health needs have greatly increased and there will be a continued demand for this program from our communities. We would like to explore ways to expand this opportunity, via the budget process, to more communities.

Thank you,

Randy Neve

We are reaching out to you and your staff with a scheduling request. We are hoping to schedule a meet and greet meeting, which can be in person if you plan to be in Madison soon, or we are happy to do the meeting virtual as well. If we do meet in the office we are hoping to have a virtual option for members of our team that can't make the in person meeting. I know the Senator already knows members of our team but this would be a chance for us to discuss new clients and issues. Please provide some dates and times that might work for this meeting.

Yes we will take 2PM on Feb 2nd. We will have some in person, most likely Annie Early and Jeremey Shepherd. The rest of the team will be virtual. Potentially Bill and Ken. The purpose of the meeting is to cover our client list and the issues they represent.

Thank you so much! Jeremey will bring his laptop to facilitate the zoom for those who can't make it.

3:30p to 4:00p (Mary & Collin) Jennifer Hauser- Wisconsin Wetlands Association
Location: Zoom: https://us02web.zoom.us/j/87142409324?pwd=NWlyMkRCWGdjdlZBYW1lTUxRWFdoUT09

Dear Senator Felzkowski,

Congratulations on your election to the Wisconsin Senate! As the 2021 session gears up, I was contacting members of the Committee on Natural Resources to (re)introduce myself and talk a bit about the Wisconsin Wetlands Association priorities and initiatives for the next couple of years.

The Wisconsin Wetlands Association is a non-partisan, non-profit wetland conservation organization, with members throughout the state. We focus on science-based advocacy for wetlands and are particularly focused on how wetlands can help solve water management problems faced by our communities. Whether it's, building resilience into our landscapes, protecting infrastructure from damaging floods, or addressing aspects of water quality, wetlands have an important role to play. WWA also often collaborates with farmers to explore how wetlands can be assets to farmers and their communities and help resolve both on-farm and watershed-scale water challenges.

Would it be possible to introduce myself, our organization, and highlight some of the initiatives we are working on through a short conversation with you via phone or zoom (whichever you prefer) within the next couple of weeks? If you'd like to suggest a day/time that works for you it will likely work on my end. We'd just be 15-20 minutes in duration. I can be reached at jennifer.westernhauser@wisconsinwetlands.org or 608-692-8640.

As you sit on the Natural Resources Committee, I also wanted to mention we are holding our annual Wetland Science Conference February 16-19. There will be a lot of great content from workshops to virtual field trips, and a symposium focusing on successful restoration programs in other states and how we can achieve more hydrologic restoration in Wisconsin. I attached an informational brochure, and you can find more information on the conference by visiting https://conference.wisconsinwetlands.org.

I look forward to talking with you!

Hello Christopher,

No worries! Actually does 12:30 pm to 1:30 pm on February 3rd work for you? The first 30 minutes would be spent with our Northwoods Tobacco Free Coalition and the last 30 minutes would be spent with our FACT youth group from the Rhinelander School District.

I will send the Zoom link to you once I have the meeting created.

Thank you for your time!

Paige

Hello Mary,

My name is Paige Swanson and I am a Community Health Specialist at the Oneida County Health Department.
I am a part of the Northwoods Tobacco Free Coalition (NWTFC) and I coordinate the Rhinelander School District's FACT group.

FACT is Wisconsin's youth tobacco prevention program; there are nearly 30 FACT groups at schools and community locations throughout our state. Rhinelander's FACT members don't just talk about change. They take action by spreading the truth about tobacco in their communities. Teens lead activism initiatives, peer-to-peer advocacy, media outreach, and meetings with state and local leaders.
If you would like to learn more about FACT, please visit their website or feel free to ask me!

I was wondering if you would have a hour available to meet virtually with the NWTFC and the FACT youth on either Wednesday, February 3rd or Wednesday, February 10th to discuss youth and adult tobacco prevention?

Thank you so much for your time. I cannot wait to hear from you.

Happy Holidays!

Best,

Paige Swanson

Legislative Aide
Office of State Senator Howard Marklein
17th Senate District
(608) 266-0703

All –

The LFB overview meeting on Thursday, February 4 will cover DPI. This is a change from the current schedule.

The reason is that Sen. Marklein would like to spend some of the time on Thursday with LFB having a discussion about the DPI plan to spend the federal Elementary and Secondary School Emergency Relief (ESSER) money.

For this reason, please be aware that we may end a little bit after 12:00pm. We will do our best to have the DPI federal plan discussion when the most Senators are there.

The JFC process for the DPI ESSER plan is as follows (WI Statute 115.295)

- DPI submits a plan to JFC to spend the federal money
- JFC Co-chairs determine that the plan is complete
  - Once this is determined, Joe Malkasian will distribute the plan to members like a regular passive review request
  - This action triggers a 14-day clock
- If JFC decides to amend/modify the plan, a meeting of JFC must take place within 14 days to amend/modify the plan.
  - There is not a formal objection process like a standard passive review. The plan would just be added to the JFC agenda if we decide to amend/modify the plan.
- If JFC decides to NOT amend/modify and the 14-day clock runs out, the plan is automatically approved.
  - DPI then has the authority to implement the plan.

Please let me know if you have questions. We will discuss this process in more detail at our 11am staff meeting on Monday.

Thanks,

Peter Hienz

Sen. Marklein has set up a series of six agency/topic overview meetings with the Legislative Fiscal Bureau for Senate GOP JFC members and staff.

The meetings will be held over the course of six weeks on Thursday's from 10:00am – 12:00pm in the LFB Conference Room (3rd Floor, 1 East Main). Please see the schedule below.

The first meeting is scheduled for Thursday, January 21.

LFB has asked us to limit the total number of people attending from each office to two.

The agenda of each meeting is as follows:

1. LFB will give a high level overview of each agency/topic;
2. LFB will touch on specific areas of interest and important decision points within each agency/topic; and
3. LFB and members/staff will have a discussion about how COVID has impacted, and will impact, each agency/topic.

Each meeting will cover one agency/topic. The six agencies/topics are:

- The Department of Transportation (DOT)
- The Department of Public Instruction (DPI)
- Taxes (General Fund Taxes, Shared Revenue, and Property Taxes)
- Higher Ed (UW System and Tech Colleges)
- The Department of Corrections (DOC)
- The Department of Health Services (DHS)

There may be additional agencies/topics added if legislators and staff find these initial meetings helpful.

Sen. Marklein would like at least one person from each office to attend each meeting, even if the legislator is unable to attend. I will follow-up with each office closer to each meeting so we can get a head count for LFB.

For now, **please let me know who from your office plans to attend the Thursday, January 21st meeting.**

In addition, as we discussed in our meeting earlier this week, we are creating agency summary packets for each of the larger agencies. We will distribute the appropriate agency summary prior to the meeting on that agency.

Please let me know if you have questions.

Hello all,

Thank you for your flexibility and patience with regard to the scheduling of the public hearing in the Senate Committee on Government Operations, Legal Review, and Consumer Protection on Thursday. Our office has reserved 411 S for the hearing, and the start time is planned for 1:00 PM.

Sen. Stroebel does not have any concrete plans for an executive session following the public hearing at this point in time, but I will be sure to keep you in the loop moving forward. I know the remainder of this week and next week are continuing to fill up from a scheduling standpoint.

I know a couple of committee members were either considering or planning to call in to the hearing. If possible, please contact me as soon as you

Before going any further with the public hearing plans, there were three additional bills and one clearinghouse rule referred to Gov. Ops earlier today:

SB 55: LRB-0437 Co-Sponsorship Memo | Meeting Minutes Publication (Sens. Feyen & Rep. Thiesfeldt) | Publication of proceedings of meetings held by certain governmental bodies.

SB 56: LRB-1870/LRB-0836 Co-Sponsorship Memo | Alcohol Click-N-Collect (Sen. Stroebel & Rep. Tauchen) | Remote orders for the sale of alcohol beverages to be picked up on retailed licensed premises.

SB 57: LRB-1871/LRB-0837 Co-Sponsorship Memo | Alcohol Delivery (Sen. Stroebel & Rep. Tauchen) | Alcohol beverages delivery and the face-to-face requirement for retail sales of alcohol beverages.

Here's the clearinghouse rule that was referred to the committee today:

CR 20-089: relating to absence provisions (DOA)

The 30-day review period for the rule ends on March 4, 2021. If members would like to request a hearing on the rule, please contact our office to let us know by February 25, 2021.

We also received a fiscal estimate from DOR for one of the bills in committee, SB 27, which can be found here.

My plan is to put out the notice for the public hearing this afternoon, hopefully sooner rather than later. Sen. Stroebel's plan is to place all seven of the bills in the committee on the agenda. While the agenda is not necessarily finalized at this point, here's the pool of items and the most likely order in which they will be taken up:

SB 55: Publication of proceedings of meetings held by certain governmental bodies.
- Sen. Feyen/Rep. Thiesfeldt

SB 51: Qualification of newspapers to receive compensation for publication of legal notices and requirements relating to publication.
- Sen. Cowles/Rep. Kitchens

SB 27: Defining "multijurisdictional" for the purposes of the lottery.
- Sen. Marklein/Rep. Summerfield

Hi Elizabeth,

I'm reaching out to see if the Senator would be available today for an interview to react to Gov. Ever's proposal to legalize marijuana and her legislation supporting cocktails to-go.
Since the Senator is a supporter of medical marijuana was hoping to have her insight on the governor's push.
Would she have any time for a zoom interview today before 3 p.m.?
Thank you.

Any idea when the online versions will be available? I was going to read all of the health care related papers from 2019, but it probably makes sense for me to wait and read 2021 if they'll be posted soon. Was hoping to read through them before our issue area meetings with you guys.

Briana Reilly here from the Cap Times. I'm working on a story this week about the bills that cleared the Assembly last year but died as they were awaiting Senate action and are now being revitalized in the opening weeks of this new session. Two of the bills I wanted to highlight are ones from Sen. Felzkowski that are also getting public hearings this week: the PBM one (SB 3) and the other that would let pharmacists prescribe certain contraceptives. Might she be available for a brief 10-15 minute phone interview this week, preferably before EOD Wednesday?

9:00a to 11:00a (Mary [call in] and Liz) LFB Agency Overview Meeting- Higher Ed
Location: LFB Conference Room

Here is the call-in information for the Higher Ed briefing at LFB on Thursday from 9am to 11am. I will have LFB send you materials prior to the meeting so you have them.

Legislative Aide
Office of State Senator Howard Marklein
17th Senate District
(608) 266-0703

Sen. Marklein has set up a series of six agency/topic overview meetings with the Legislative Fiscal Bureau for Senate GOP JFC members and staff.

The meetings will be held over the course of six weeks on Thursday's from 10:00am – 12:00pm in the LFB Conference Room (3rd Floor, 1 East Main). Please see the schedule below.

The first meeting is scheduled for Thursday, January 21.

LFB has asked us to limit the total number of people attending from each office to two.

The agenda of each meeting is as follows:
1. LFB will give a high level overview of each agency/topic;
2. LFB will touch on specific areas of interest and important decision points within each agency/topic; and
3. LFB and members/staff will have a discussion about how COVID has impacted, and will impact, each agency/topic.

Each meeting will cover one agency/topic. The six agencies/topics are:
- The Department of Transportation (DOT)
- The Department of Public Instruction (DPI)
- Taxes (General Fund Taxes, Shared Revenue, and Property Taxes)
- Higher Ed (UW System and Tech Colleges)
- The Department of Corrections (DOC)
- The Department of Health Services (DHS)

There may be additional agencies/topics added if legislators and staff find these initial meetings helpful.

Sen. Marklein would like at least one person from each office to attend each meeting, even if the legislator is unable to attend. I will follow-up with each office closer to each meeting so we can get a head count for LFB.

For now, **please let me know who from your office plans to attend the Thursday, January 21st meeting.**

In addition, as we discussed in our meeting earlier this week, we are creating agency summary packets for each of the larger agencies. We will distribute the appropriate agency summary prior to the meeting on that agency.

Please let me know if you have questions.

My name is Robert Knox and I am from Goodman in Northern Marinette County. I am also the band director with the School District of Florence County. I am contacting you today regarding the 2021 Wisconsin Drive-In Day, a music education advocacy event that is being organized by the Wisconsin Music Educators Association (WMEA). As a constituent in your district, I would like to request a brief meeting (approximately 20 minutes) via Zoom with you on Tuesday or Thursday, February 9th or 11th, any time after 3:30pm that would work best in your schedule.

The purpose of our meeting is threefold.
First, I would like to thank you for your support of music education in Wisconsin - including act 85 which requires the inclusion of a Music and Arts data point on annual school district report cards.
Second, Music students from around our state want to share their thoughts with you about what a well-supported music education has done and continues to do for them.
Finally, Through the pandemic, music education has endured and looks forward to support from all stakeholders as we renew and rejuvenate our schools and academic offerings and emerge from one of our country's most challenging times.

Please let me know what time would work for you to meet on February 9th or 11th, 2021.

Thank you - I look forward to the opportunity to visit with you! Have a wonderful day!

I hope you are doing well. I'm with the Natural Products Association based in Washington, D.C., we are the oldest and largest trade association dedicated to the natural products industry which includes vitamins, minerals, medical foods, and other health products.

I was wondering if you would have a few minutes to chat over the next couple of weeks week or so about a legislative proposal that would exempt certain dietary supplements like Vitamin-D and Zinc from the state sales tax. Currently, in the state of Wisconsin, dietary supplements are considered taxable.

Good morning,

The City of Superior and Douglas County are partnering for our annual Superior Days lobbying event, and are hoping to meet with Senator Felzkowski to discuss policy initiatives that will help make a great impact in our community. I am wondering if Senator Felzkowski would be available to meet on Wednesday, February 17 any time after 9am? I know there are logistical issues with meeting due to the current pandemic, but we are happy to send 1-2 of our representatives to meet at the Capitol building, host a digital meeting, or invite you to meet with us at the Madison Concourse Hotel. We would only need 15 minutes of your time.

Please let me know if we can get a short meeting scheduled with Senator Felzkowski on Wednesday, February 17. I look forward to hearing from you.

Good afternoon, I'm reaching out to you as a member of the previously formed Dental Therapy Coalition that worked hard last legislative session to move dental therapy forward in Wisconsin. While we weren't successful we did make significant headway. I'd like to invite you to participate in a call this **Friday February 19 at 1pm** to hear about the updates to the legislation that our organization is supportive of and have resulted in the Wisconsin Dental Association changing their position from opposition to neutral. I'm hopeful that your organization will continue to support this important effort to improve access to oral health services in Wisconsin.

Elisabeth Portz from Senator Felzkowski's office will join us to answer any questions that your organization might have about the updates to the bill. Senator Felzkowski is asking organizations to reach out to legislators to gain support on co-sponsorship by Feb 26. I've attached the legislative language above and below this email is the summary from Sen. Felzkowski's office

Register in advance for this meeting:
https://chwi.zoom.us/meeting/register/tJwkceyuqDwqHtUz9L2YSh0btt2v3dedgSLq

After registering, you will receive a confirmation email containing information about joining the meeting.

Please feel free to others that you think may want to join in support of Dental Therapy and feel free to CC me on that communication so that I can add them to our ongoing list of those interested and supportive of dental therapy. Thanks.

Good morning everyone,
I would first like to thank you all for all of the hard work you have put into the Dental Therapy Coalition last session. I am bringing the bill forward again this session, with Rep. Plumer as the new author in the Assembly. I wanted to reach out to each of you to explain where we are. Over the last several months, I have worked with the Wisconsin Dental Association on some changes to the bill that would allow for the Association to be neutral.

The bill draft is largely the same as last session except for the following provisions:

1. Dental Therapists will be required to operate in a Dental Health Professional Shortage Area (DHPSA) –OR– see a patient base of which 50% are patients on medical assistance, uninsured, those living in long-term care facilities, people who have trouble accessing dental care because of a disability, or veterans (similar to MN).
2. Dental Therapists will be required to accomplish 2000 post-graduate clinical hours under direct or in-direct supervision of a dentist before having the ability to operate under general supervision (same requirement as in MN).
3. Dental Therapists graduating in Wisconsin will have to graduate from a CODA accredited program (this what the intent of AB 81, but we created language to clarify that intent).
4. One dentist can have a collaborative management agreement with a maximum of four dental therapists at one time (same as in MN).

The co-sponsorship memo, as well as the bill draft, are attached. If you have any questions at all, please reach out to Liz Portz in my office. I am happy to meet with anyone who has thoughts, concerns, ideas, etc.

Your advocacy and support have been invaluable to getting where we are today, and I hope we can count on you this session to help to get this bill signed into law. **If you are able, it would be extremely helpful for you to reach out to legislators to ask them to sign on before the deadline.** Thank you for your time and have a great weekend,

Mary

Re: Co-Sponsorship of LRB-0253/1: Licensure of Dental Therapy

DEADLINE: 12:00 PM on Friday, February 26th, 2021

Did you know that February is National Children's Dental Health Month? In 2017, **Wisconsin ranked 45th of all states in the number of low-income children who saw a dentist**. Now more than ever, it is so important that we work toward increasing access to dental care for all. This bill is just one tool in the toolbox to start fixing this.

WHAT DOES THE BILL DO?

This bill seeks to increase access to care, especially for the 1.2 million Wisconsin residents currently living in areas with dental access shortages. The bill provides for the licensure of dental therapists who are members of the dental care team serving under the supervision of a dentist that would be able to engage in limited practices of dentistry, such as fillings and sealants.

As in other health care fields, dental therapists serve as a mid-level provider, like nurse practitioners and physician assistants. Providing dental practices the option to include these well-trained dental professionals in their dental teams will allow for increased access, lower practice costs, and savings for the state, all without compromising quality of care.

Dental therapists receive the same training as dentists for the procedures they are allowed to perform within their scope and must meet rigorous standards approved by the Commission on Dental Accreditation (CODA)- the same entity overseeing standards for the training of dentists nationwide.

WHAT PROBLEM WILL THE BILL SOLVE?

Access to Care

According to federal statistics, a staggering 64 of the 72 counties in Wisconsin face dental access shortages. Even more concerning, there are currently over 1 million Wisconsinites who depend on Medicaid for dental benefits that face additional barriers, especially access to Medicaid providers. Adding a dental therapist to the dental team can help dental practices see more Medicaid patients, and more patients overall.

Emergency Room Over-utilization

Research also shows dental therapists are needed to reduce the number of costly trips to emergency rooms for preventable dental conditions. In 2015, Wisconsin hospitals clocked more than 41,000 emergency room visits for which a preventable dental condition was the primary or secondary diagnosis (of these visits, 56% were paid for by Medicaid). If accounting for only primary diagnosis visits (33,113) at an average cost of $749 per visit (in 2012), this represents nearly $25 million in potentially avoidable hospital charges.

HOW CAN DENTAL THERAPISTS SOLVE THIS PROBLEM?

Mid-level providers in other fields of medicine were once a new concept and are now a mainstay in today's health care system. In addition to over 50 countries, dental therapists are currently authorized in Arizona, Maine, Michigan, Minnesota, and Vermont with tribal authorization in Alaska, Washington and Oregon. Several other states are currently considering legislation.

Dentists in other states who have embraced the concept and employed dental therapists report increased dental team productivity, increased profits, personnel cost savings, and improved patient satisfaction. A 2014 report released by Minnesota Board of Dentistry and Department of Health found clinics employing dental therapists could see more patients, over 80% on Medicaid. These patients experienced decreased travel time and nearly one-third saw decreased wait times. Increasing access and savings from the lower costs of employing dental therapists made it possible for clinics to expand capacity to see more Medicaid and underserved patients.

Dental therapists are also cost effective. Under the current system, dentists are often providing routine care rather than providing procedures at the top of their scope. This is a highly inefficient use of Medicaid dollars. With dental therapists as part of the team, dentists can delegate more routine procedures to their dental hygienists and dental therapists, freeing their time to do more complex and costly procedures.

In conjunction with the Wisconsin Dental Association, the following changes were made to this session's bill:

1. Dental Therapists will be required to operate in a Dental Health Professional Shortage Area (DHPSA) –OR– see a patient base of which 50% are patients on medical assistance, uninsured, those living in long-term care facilities, people who have trouble

AMERICAN OVERSIGHT

accessing dental care because of a disability, or veterans.

2. Dental Therapists will be required to accomplish 2000 post-graduate clinical hours under direct or in-direct supervision of a dentist before having the ability to operate under general supervision.
3. Dental Therapists graduating in Wisconsin will have to graduate from a CODA accredited program (this what the intent of AB 81, but we created language to clarify that intent).
4. One dentist can have a collaborative management agreement with a maximum of four dental therapists at one time.

Because of these changes, the Wisconsin Dental Association is neutral on the bill.

SUPPORT FOR DENTAL THERAPY

This concept is bipartisan and has been embraced by conservatives and liberals alike, a fact that was highlighted in an op-ed by Grover Norquist and Donald Berwick, CMS Administrator under President Obama, who wrote "allowing dental therapists to practice is a bipartisan solution that state legislators can adopt right now that benefits small businesses, helps patients, and eases the burden of rising health care costs, including Medicaid." In a national poll conducted in 2016 by Americans for Tax Reform, 79% of all voters were in favor the idea. That included support from 77% of Republicans, 79% of independents, and 80% of Democrats.

The dental access crisis in Wisconsin directly affects the health of children, those living in rural areas, the disabled, low-income residents, the elderly, and veterans. The indirect effects are felt by employers, school districts, taxpayers, and the health care system.

Last session, 2019 AB 81 had broad support from a dental therapy coalition that included the following groups. We look forward to engaging with these groups and more on this version of the bill this session to accomplish greater access to dental care for all in Wisconsin.

Analysis by the Legislative Reference Bureau

This bill provides for the licensure of dental therapists, who are health care practitioners who may engage in the limited practice of dentistry.

Under current law, dentists and dental hygienists are licensed by the Dentistry Examining Board to practice dentistry and dental hygiene, respectively. This bill provides for the licensure of a third type of dental practitioner, dental therapists. Under the bill, the board must grant a dental therapist license to an individual who satisfies certain criteria, including completion of an approved dental therapy program and passage of required examinations.

Dental therapists may provide dental therapy services only under the supervision of a dentist with whom the dental therapist has a collaborative management agreement that addresses various aspects of the dental therapist's practice. Dental therapists are, subject to the terms of a collaborative management agreement and what was covered in their dental therapy education program, limited to providing services, treatments, and procedures that are specified in the bill, as well as additional services, treatments, or procedures specified by the board by rule.

Dental therapists may initially provide dental therapy services only under the direct or indirect supervision of a qualifying dentist. Once a dental therapist licensed has provided dental therapy services for at least 2,000 hours, the dental therapist may provide services under the general supervision of a qualifying dentist. However, the level of supervision for a dental therapist may be further limited under the terms of a collaborative management agreement. Dental therapists must also, under the bill, either 1) limit their practice to federally defined dental shortage areas or 2) practice in settings where at least 50 percent of their patient base consists of certain specified populations. Dental therapists must complete 12 hours of continuing education each biennium.

The bill subjects dental therapists to, or covers dental therapists under, various other laws, including the health care records law, the volunteer health care provider program, the health care worker protection law, and the emergency volunteer health care practitioner law. The bill also provides for loan forgiveness for dental therapists under the health care provider loan assistance program.

Finally, the bill requires, effective when 50 individuals become licensed as a dental therapist in this state or five years after the bill is enacted, that, to the extent possible, one of the dental hygienist members on the board also be licensed as a dental therapist.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

Sen. Marklein has set up a series of six agency/topic overview meetings with the Legislative Fiscal Bureau for Senate GOP JFC members and staff.

The meetings will be held over the course of six weeks on Thursday's from 10:00am – 12:00pm in the LFB Conference Room (3rd Floor, 1 East Main). Please see the schedule below.

The first meeting is scheduled for Thursday, January 21.

LFB has asked us to limit the total number of people attending from each office to two.

The agenda of each meeting is as follows:
1. LFB will give a high level overview of each agency/topic;
2. LFB will touch on specific areas of interest and important decision points within each agency/topic; and
3. LFB and members/staff will have a discussion about how COVID has impacted, and will impact, each agency/topic.

Each meeting will cover one agency/topic. The six agencies/topics are:
- The Department of Transportation (DOT)
- The Department of Public Instruction (DPI)
- Taxes (General Fund Taxes, Shared Revenue, and Property Taxes)
- Higher Ed (UW System and Tech Colleges)
- The Department of Corrections (DOC)
- The Department of Health Services (DHS)

There may be additional agencies/topics added if legislators and staff find these initial meetings helpful.

Sen. Marklein would like at least one person from each office to attend each meeting, even if the legislator is unable to attend. I will follow-up with each office closer to each meeting so we can get a head count for LFB.

For now, **please let me know who from your office plans to attend the Thursday, January 21st meeting.**

In addition, as we discussed in our meeting earlier this week, we are creating agency summary packets for each of the larger agencies. We will distribute the appropriate agency summary prior to the meeting on that agency.

Hi Liz,

Here is some background on Lakeland Care and the Department's CY 2021 rate setting.

DHS contracts with five managed care organizations (MCOs), including Lakeland Care, Inc. (LCI), to operate Wisconsin's Family Care and Family Care Partnership programs. All of these MCOs are required to ensure Family Care members are able to access necessary services. However, DHS does not dictate the specific reimbursement rates provided by MCOs to assisted living providers.

Every year, DHS' reimbursement to these managed care organization changes, based on projected costs for the areas in which they operate. Projected costs can increase or decrease depending on factors such as changes in historic costs, member enrollment, and the complexity of the care that members need. Under federal requirements, DHS is required to set a rate that pays for projected costs and the capitation rates are certified by an independent actuarial firm to be actuarially sound.

LCI added a number of new members in one of their geographic service regions in 2020 compared to 2019 due to another MCO leaving the service region. These new members had projected costs that were substantially less per month compared to existing members in 2019. The relatively lower costs for these members led to a lower projection of cost for LCI in 2021, compared to 2020. Because the Department's payments are intended to pay for projected costs, and because LCI's projected costs decreased, the rate the Department pays LCI for members decreased in 2021 compared to 2020.

Thank you so much for joining us for Action Online, NAMI Wisconsin's annual advocacy event! We are grateful that you are taking the time to meet with your constituents about mental health. A few notes about the event:

- When you join the meeting, please **add your senate district** to the end of your name to help us with the breakout rooms. (Ex. Sen. Jane Doe, 26 or Rep. John Doe, 18)
- Please try to join **5 minutes early** if possible so we have time to sort you into the correct breakout room
- Action Online officially begins at 1 PM, but you don't need to join until **2:25 PM**. If you'd like to join from the start you are more than welcome. We will have a panel of mental health experts, discus our legislative priorities, and have a NAMI Smarts for Advocacy training.
- Each breakout room is sorted by senate district and there will be multiple legislators in each breakout room. We appreciate your understanding that we have limited technical capabilities and are not able to create breakout rooms for each person.
- There will be a NAMI Advocate in each breakout room to help lead the conversation.
- If you have any questions, reach out to crystal@namiwisconsin.org or call our office at (608) 268-6000.

Legislative Priorities they would like to discuss: https://namiwisconsin.org/advocacy/legislative-priorities/

It appears there are currently seven constituents from Senator Felzkowski's district signed up. If you have any further questions, feel free to reach out.

1/4/2021 (All day) Inauguration

11:15a to 11:45a (Mary) Inauguration--Report to Holding Area
Location: 201 SE

Here are details:

Time to report to 201 SE: 11:15 AM
Scheduled Oath of Office: 11:30 AM
Time to exit Senate Chambers: 11:45 AM

Dear Senator-elect Felzkowski,

First, I would like to extend a congratulations to you on your recent election. I would also like to thank you for your patience with me as I have been bombarding your staff with Inauguration details over the last few weeks. As Senator LeMahieu mentioned in the last caucus, I am reaching out to provide you with the details regarding where and when you need to be in the State Capitol on Inauguration Day.

This year, each incoming senator and re-elected senator will be taking their oath of office individually with their family and friends in the Senate Chambers before the Senate Session. Chief Justice Patience Roggensack will do us the honor of administering the oath of office to each senator. Before you are scheduled to take your oath of office, we would like to ask that you and your guests arrive at the State Capitol 15 minutes before your allotted swearing in time. We have reserved the hearing room 201 SE for the 15 minutes proceeding your scheduled oath. You and your guests are welcome to wait in this hearing room until myself (or another staffer) will come get you and take you to the Senate Chambers for your swearing in ceremony.

Here are details:

Time to report to 201 SE: 11:15 AM
Scheduled Oath of Office: 11:30 AM
Time to exit Senate Chambers: 11:45 AM

Each senator will have 15 minutes to swear in and take any photos with their family and friends. All of your guests are welcome to come into the chambers with you during the ceremony. The oath language and pen to sign the Oath of Office book will be given to you when you arrive.

Once you are done with your swearing in ceremony, you are free to leave. However, you will need to be back in the State Capitol before the Senate Session begins at 2:00 PM.

Please do not hesitate to reach out to me if you have any questions or concerns. I hope you have a Merry Christmas and Happy New Year! We look forward to seeing you on Inauguration Day.

Sincerely,

JFC Staff –

Due to the new time of caucus and the location of Assembly Health, we are going to change this meeting again.

This meeting will now be held **immediately following caucus in 411 South.** It won't take more than 45 minutes.

Looking forward to seeing everyone then and hopefully there won't be any more changes.

Senator Marklein would like to schedule a group meeting with Senate GOP JFC members and staff**.** The meeting will take place in the JFC 4th Floor Conference Room (On the 4th floor adjacent to the JFC Committee Room).

The purpose of this meeting is to get everybody in the same room before any potential JFC meeting to touch base and go over some high level JFC basics, procedures, and processes.

Calling around, it sounded like this should work for all offices, but please let me know ASAP if your boss is unable to attend.

In addition, please let me know if there is anyone else in your office that should be included on scheduling emails in the future.

Let me know if you have questions.

I would like to have 30 minutes to talk about some innovative uses of technology to connect rural folks with disabilities in her (new) district. We have been facing some obstacles with DHS policies around technology that would be easy to fix, but we need a champion. I think she would be interested in learning more about this.

I will be joined by Chris Patterson of Night Owl Support Systems. They are supporting people in the district with some innovative technologies.

3:45p to 5:15p (Mary & Fries) Snowmobile Derby Days
Location: World Snowmobile Headquarters, 1521 N Railroad Street, Eagle River

Cindy's cell number: 715-891-6841

Good morning Senator Felzkowski.

Wanted you to know that the Badger States Games Torch Ride meet and greet taking place Friday, January 15th. There is a group and dignitary *photograph being taken promptly at 4:00pm* at the World Snowmobile Headquarters at 1521 N Railroad Street, Eagle River, WI 54521, next to the World Championship Derby track. Please arrive by 3:45. Mary, this photo will be placed in the media and become a part of the history of the ride.

Please accept my apologies for not sending you an invitation to the Open Ceremonies taking place inside the track oval. The details for that ceremony have been completed. I knew you were invited to Tomahawk today and I thought it might be cumbersome to attend another event on Friday. You have now been placed on the list of dignitary invitations for 2021.

I look forward to seeing you at the World Headquarters tomorrow.

Photo op at 4:00pm—group photo

You can mingle afterwards with the group BUT you will not go down to the center of the track after. Registrations and clearance for that were already decided and closed.

They didn't intentionally leave you out-they saw you were doing the badger torch ride today, which is part of the derby days, and assumed you wouldn't have time to spend another event with the same group of people, they knew how Tom was always busy every single day going to a different area.

Next year, you will be invited right away.

Swearingen personally took care of this and called them to include you for the photo, so thank him when you can.

Good afternoon,

DPI has offered to brief the committee on their plan for distribution of the second round of federal funding from the Elementary and Secondary School Emergency Relief Fund prior to submitting the plan to JFC.

For reference, I have attached a Fiscal Bureau paper on the first round of funding under the CARES Act that the Committee reviewed last spring. This is not the plan for discussion tomorrow, I just wanted to provide it for background information.

We have set up a briefing for the Senate GOP offices tomorrow morning from 9:00-10:00 am. Your boss does not have to attend, unless they want to. But it would be good to have a staff member join. The briefing will take place using Microsoft Teams. I will forward you the link once I get it from DPI.

Please let me know who from your office plans to attend.

Thanks!

Eileen

1. LFB will give a high level overview of each agency/topic;
2. LFB will touch on specific areas of interest and important decision points within each agency/topic; and
3. LFB and members/staff will have a discussion about how COVID has impacted, and will impact, each agency/topic.

Each meeting will cover one agency/topic. The six agencies/topics are:
- The Department of Transportation (DOT)
- The Department of Public Instruction (DPI)
- Taxes (General Fund Taxes, Shared Revenue, and Property Taxes)
- Higher Ed (UW System and Tech Colleges)
- The Department of Corrections (DOC)
- The Department of Health Services (DHS)

There may be additional agencies/topics added if legislators and staff find these initial meetings helpful.

AMERICAN OVERSIGHT

Sen. Marklein would like at least one person from each office to attend each meeting, even if the legislator is unable to attend. I will follow-up with each office closer to each meeting so we can get a head count for LFB.

For now, **please let me know who from your office plans to attend the Thursday, January 21st meeting.**

In addition, as we discussed in our meeting earlier this week, we are creating agency summary packets for each of the larger agencies. We will distribute the appropriate agency summary prior to the meeting on that agency.

Please let me know if you have questions.

1:00p to 3:00p (Mary) Tour of New North Central Health Care Youth Psychiatric Hospital
Location: 1100 Lake View Dr., Wausau, WI 54403

Private Tour with CEO Michael Loy
A mask will be required

Great!! January 25 at 1:00 it is! We're looking forward to her visit!

I've also attached a flyer of our campus. She will enter off of Marshall Street which may feel as if she is entering a construction zone (which she is) but it is the entrance to 3 of our programs i.e. Mount View Care Center (our skilled nursing home) a new Adult CBRF, and the new Youth Behavioral Health hospital where Michael will meet her at their main entrance.

Michael Loy, CEO, will be providing the tour for the Senator. His cell phone is: 715-370-8034. She is also welcome to call my direct line at 715-848-4405 at any time.

Thanks so much for your help Stamena! I'll be in touch again soon.
Enjoy your day.
Debbie

As Elected Officials who represent portions or whole parts of Langlade, Lincoln and Marathon Counties, I wanted to invite you to tour North Central Health Care's new Youth Psychiatric Hospital that is set to open on October 20, 2020. This is an exciting new program for NCHC and our community. The tour will be scheduled to take approximately 30 minutes and participants will be required to wear a mask during the tour.

As many of you know, North Central Health Care is an organization created out of a multi-county governmental partnership of Langlade, Lincoln, and Marathon Counties to provide mental health, recovery, and long-term care programs. This new 8-Bed Youth Psychiatric Inpatient Hospital will be a County-owned facility and a welcomed addition to northern Wisconsin. Our new Youth Psychiatric Hospital will have a substantial impact on meeting youth mental health needs here regionally, resulting in substantially fewer youths being transported to the State Mental Health Institutions and keeping them closer to their natural supports. Sadly, we are seeing that the pandemic has only exacerbated the demand for youth mental health services. We expect these demands to only grow in the coming years and we are working to get out in front of these demands by expanding our programming. The opening of the Youth Psychiatric Hospital precedes our opening of one of the State's new Youth Crisis Stabilization Facilities in November. This new Youth Crisis Stabilization program is a new pilot program generously sponsored by a grant from the State of Wisconsin. Together, with these programs we will have drastically expanded the youth mental health continuum of care here in North Central Wisconsin.

We're very excited to open this important program in the midst of the pandemic which has brought its own challenges. I've appreciated how much each of you supports improving youth mental health resources and we share this vision. There are bright spots to celebrate in the midst of the pandemic and we'd like to have you join us in celebrating this achievement for our community and the State of Wisconsin.

Make it a great day,

Michael Loy, MBA, FACHE
Chief Executive Officer

Location: Zoom: https://zoom.us/j/95692679185?pwd=Yzg1T1pDZFRKaVkwdEQ4enhROHhKZz09

Dear Sen. Felzkowski,
I am confirming our virtual 15-30 minute meeting for **1/26/2021 at 4:00:00 PM** with your credit union constituents.

I have also included a list of meeting attendees and the meeting Zoom link below my signature. From the 200+ credit union advocates participating in meetings next week, these individuals live or work at credit unions within your district.

Wisconsin Credit Union League staff will start the meeting and introduce either you or your staff, then turn it over to you for remarks. We would appreciate hearing your expectations or priorities for this upcoming session, or top issues you're hearing about from your district.

A designated spokesperson can then provide a brief overview of Wisconsin's not-for-profit financial cooperatives and current legislative priorities. As your schedule allows, we can field your questions or open the discussion for questions from the group as well.

The remarkable way credit unions helped their 3.4 million members toward financial stability in a challenging year like 2020 is not anything new – it's what credit unions were built to do. To hear more about the impact of our industry – with stories and statistics – we strongly encourage you to visit wicreditunions.coop – in advance of the meeting.

We are greatly appreciative of your time and look forward to the meeting next week! Please don't hesitate if you have questions in the meantime. Thanks again for your assistance.

Location: Zoom: https://hearst.zoom.us/j/96721965835?pwd=SFRtMU9LSHEzNElIWTF1UWNLMDV1UT09

Good afternoon,

We're so pleased Sen. Felzkowski will be able to join us for our UPFRONT taping tomorrow, at 12:10 p.m., in a joint appearance with Sen. Roys.

I've asked my director to send the Zoom invite over later this afternoon. If you do not see it by tomorrow morning, please let me know.

AMERICAN OVERSIGHT

We'd like this to be a discussion about SJR3 and these topics – the future of the mask mandate, the intersection of executive power and public health, and the new wrinkle of food aid allocations.

We'll see what COVID-related bills are before the Senate by the time we tape; we could ask about any of those if there is a major one awaiting action.

The program host is Adrienne Pedersen. If you have any questions, I am at 414-218-3929. Thank you so much and we look forward to talking to you tomorrow.

Best Regards,

☐ 7/1/2021 (All day) (Collin) Reach out to Oneida County Shoreland People

Mary,

Thank you for your quick response.

I am just following up on open issues in my old fashioned Franklin Planner.

I understand the priorities! No worries with that.

Look forward to touching base in July

Thank you again.

Bob Thome
Oneida County Supervisor

Hey Bob,

Thank you so much for following up on this issue, we're currently right in the heart of crafting the biennial budget – it's literally all we have time for at this moment. Our offices are looking into the issue at hand and we'd happy to sit down with all of the stakeholders and discuss it as soon as we get the budget done. According to statute, the budget needs to be finished by the end of June. I will personally reach out at the beginning of July to set something up.

Thank you so much for the patience!

Mary

Subject: Re: Letter from Four Concerned Citizens of Oneida County - Request for Status Update

Dear Senator Felzkowski and Representatives Callahan and Swearingen,

This is just a follow-up email to Rep. Swearingen's April 30th status email regarding shoreland zoning regulations in the State of Wisconsin.

As to the issue of 'traction' that Rep. Swearingen references.....this last month on Oneida County there were at least 10 Shoreland Zoning issues that were brought forward to the OC Planning & Development Committee for possible enforcement action....while this may not seem like a large number to you....this is an unusually large number compared to average.....clarification of the state regulations would help immensely....the issue has 'traction' and I am confident this is a statewide issue.

Has any progress been made on these issues?

We appreciate all efforts on your part to clarify and finalize this matter at your earliest convenience.

I have re-attached Mr. Steinhage's original emails to each of you.

Thank you in advance.

Hello Senator Felzkowski, Representative Swearingen and Representative Callahan,

On March 22, 2021, I sent you a certified mail letter (see below attachments) and corresponding e-message, on behalf of three other concerned Oneida County property owners and myself. Could you provide me/us with indication of status? On each of your websites, I submitted a similar message as well. Thank you.

Hey Sarah,

Thanks for giving us the time to look this over. Mary has one remaining concern. She'd really like to sit down with you or someone at OCI so you can run her through WISF and that whole issue, how it works, why the treatment is currently unequal, etc.

If this is something you'd be willing to do, we'd love to set it up. I've cc'ed Chris in our office who handles scheduling, please feel free connect with him to set something up.

Thank you!

AMERICAN OVERSIGHT

Would you have time in the next couple of weeks to get together with Hogan & me to discuss AJR 9/SJR 8? Sen. Felzkowski is the "#2" senator on the joint resolution and we understand she's interested in helping to promote it within the Senate Republican Caucus.

Hogan & I would like to compare notes on conversations we've had with some of Sen. Felzkowski's colleagues and we have some recommended next steps.

Wanted to find a time to touch base with you regarding SB 434 which was recently sent to the Insurance, Licensing and Forestry Committee. I realize that you will be quite busy as they are on the floor tomorrow, but maybe we could touch base on either Thursday or Friday of this week?

Also, I am looking to find a time to schedule a time for the Senator, my client David Miller of the American Adjusters Association and myself to meet. I understand that the Senator may not be in Madison as frequently post budget, but if possible would welcome a meeting the week of July 12th or to schedule a Zoom call for that week.

Towns that want to change from Northeast Tech to Nicolet Issue

Dear Senator Mary:

I am Ann Hogan, Chairperson for the Town of Riverview, in northern Oconto County. I am representing our Town and 5 other Towns in the northern 1/3rd section of our County (Townsend, Lakewood, Doty, Mountain & Breed). Our purpose is to assist our 6 Fire Departments and 2 Emergency Medical Services easier access to obtain their continuing educational programs to maintain their certification on an on-going basis.

We propose to request a redistricting for our Towns from Northeast WI Technical College, Green Bay, to the Nicolet Technical College based in Rhinelander. Our reasons are numerous but decades old. Now is the time to act. A snapshot of our issues:

1. Travel to our Regional Center in Oconto Falls, for some of the courses, is a distance of 45-55 miles, depending upon location of student. Travel to Green Bay for some of the other courses, is a distance of 65 to 75 miles (3 hours round-trip, 4 hour class, after an 8 hour work day, a total of 15 hours for the day. This can go on for 8 weeks leaving little time for family and leaving an exhausted student)--not exactly easy to recruit volunteers with such a schedule.

2. Property tax mill rate for NWTC is $0.83/$1,000 equalized valuation compared with Nicolet's of $0.39

3. NWTC won't allow Nicolet instructors to come into northern Oconto County to teach the class; yet, NWTC wont do it either.

4. Our Regional Center was eliminated from our communities years ago along with classes brought to our communities. Discussions with NWTC to reinstate programs and policies have fallen short of current needs despite the fact these Towns contribute $951,079 in tax dollars to the college in 2020.

With that said, I would like to let you know what has occurred over the last 6-8 months:

1. The six Towns petitioned NWTC as a group to redistrict. We then held a meeting with 6 Town Boards and NWTC Officials. We were told each Town had to petition separately if we wanted to continue in this direction. We petitioned separately. 4 Towns were denied because they did not have contiguous borders to the Nicolet system, but 2 Towns (Townsend & Lakewood), with contiguous borders to the Nicolet system, were given the opportunity to attend a public hearing. Though it was claimed by NWTC that these 2 Towns were notified with the date/time of the public hearings, the 2 Towns deny receiving such notification. NWTC published in the Green Bay Press Gazette and the Northwoods...Paper, notice of public hearings. Guess what--we don't receive those papers and were unaware public hearings were scheduled. Nothing was published in our Oconto County newspapers. Both Towns were then denied redistricting because of non-attendance and no written or verbal comments at public hearing.
2. 6 Towns attended a County Board meeting and requested their support with our next attempt to petition a redistricting. We want to approach it as the northern 1/3rd of Oconto County. The vote was unanimous in support of our efforts.
3. We now are at a point of determining how best to approach this. We are working to schedule a meeting with the County Board Chair and the County Administrative Assistant to petition on our behalf. We want to do everything possible to provide the information to the County and support them in anyway possible. Hopefully, they will be willing to help us.

We ask of you and your staff, Senator Mary, to consider supporting us when we get to the point of needing public comments sent to the NWTC System, or sooner if the need may occur. We feel we have not been treated fairly through this process in the hope we would give up and drop future requests. We will not give up and expect to have all in place for the NWTC meeting in September, our expectations when your support will be crucial.
Thank you for considering our request. I am available by email, text or cell: 715.850.1473.

Ann

AMERICAN OVERSIGHT

7:30a to 9:00a (Mary) Speak at the Wisconsin Outdoor Communicators Association conference
Location: Trees for Tomorrow Education Center, 519 Sheridan St, Eagle River, WI 54521

Greetings Sen. Felzkowski.

I'm writing in hopes that you'll join us for 60 to 75 minutes on Saturday, July 24, at the Trees for Tomorrow education center in Eagle River to share a few thoughts about yourself and current issues, and then answer questions from our members. Given your hunting and fishing background, and your role as vice-chair of the State Senate's Committee on Natural Resources and Energy, I'm confident you'd enjoy meeting our group and discussing your work.

In recent years we've been honored to host several Assembly reps and state senators such as Rob Stafsholt, Tom Tiffany, Nick Milroy, and Joel Kleefisch; as well as former DNR secretaries Cathy Stepp and George Meyer.

We ask our VIP speakers to spend 15 to 20 minutes telling us about themselves and their interests, and then we open the floor to questions. As WOCA's president, I emcee the discussion, and enforce a policy of "Ask questions, don't make speeches." (Our members appreciate the time our guest speakers put into their presentations—and the round-trip drives they make—so we remind ourselves we're in Eagle River to hear our guest speakers, not ourselves.)

Some speakers bring a PP presentation to help with their introductory comments, but It's not necessary. If possible, I want you to start off our Saturday sessions as our first speaker at 7:45, and give you the floor until 9 a.m.

Please let me know if you're available. If you can't make it Saturday, another possibility would be Friday evening. We hold a cookout from 5 to 6:45, and then move indoors for a 90-minute to two-hour session. Either way, feel free to arrive that night for the food and drinks. Feel free to bring a guest or two.

With respect,
Pat D.

Greetings, Sen. Felzkowski.

We're looking forward to seeing you in three weeks at the WOCA conference!

I've scheduled your 75-minute greeting/presentation and Q&A update for 7:45 to 9 a.m. on Saturday, July 24. As I likely mentioned earlier, feel free to tell us about yourself, your interest/background in the outdoors, and how/why you got into state politics. If you want to use a PP presentation, please bring it along on a flash drive (thumb drive) so we can plug it into our computer. Try to leave a half-hour or more for the Q&A.

As the emcee/presiding officer, I promise to keep things on track. We enforce a policy of "No speeches, just questions."

I also wrote up a short bio for the backside of our agenda sheet. See below. Let me know if there's any errors.

9:30a to 10:00a (Mary) Emilee Fannon Interview on Type 1
Location: She will call you

Hi Collin,

I hope all is well. I'm reaching out to see if the Senator might have some time today or tomorrow to talk about the bipartisan bill she's sponsoring that would build/fully fund a regional juvenile facility in Milwaukee County (LRB 4141/4306).

AMERICAN OVERSIGHT

I spoke to Rep. Goyke about this already and hoping to talk with the Senator as well. I don't have an immediate deadline but likely will be airing the story tomorrow.
Let me know if she might have some free time on her calendar for a zoom interview.
Thanks!

My name is Karla Segundo, and I am the Government Relations Manager at the National Association of Landscape Professionals (NALP). We represent the landscape industry across the country, and I am writing to you today on behalf of our members in Wisconsin.

I am hereby requesting a meeting with Senator Mary Felzkowski's office on behalf of our Wisconsin members to discuss how the bill WI S 351 will devastate affect the landscape industry in Wisconsin. We believe this bill will hurt the landscape industry economically and the health of Wisconsin landscapes.

Attending in this meeting will be the Vice President of GR at NALP, the Director of State and Local GR at NALP, the Executive Director at Wisconsin Nursery and Landscape Association, the President/CEO at TurfBot and we are expecting one to two more individuals from the landscape industry in Wisconsin.

Please let me know what day and time works best to chat regarding the bill either this week or early next week.

Thanks,

Karla Segundo Martinez

I am contacting you to discuss the 2021-23 State Budget. Central to the work of the Wisconsin Coalition Against Sexual Assault (WCASA) is advocacy to ensure high-quality sexual assault services are available to survivors across the state. Over the past two years, the structure for funding sexual assault services has changed significantly, leading to programs in Wisconsin hiring more sexual assault advocates. As a result, WCASA has experienced an increase in demand for our training and technical assistance services by programs across the state. WCASA is the only state-wide membership, training, and technical assistance agency in Wisconsin for sexual assault service providers. However, WCASA receives no state and limited federal funds to provide technical assistance and training. As a result, we have been advocating to increase funding to the Sexual Assault Victim Services (SAVS) program to enhance victim services across the state.

When the Executive Budget was released, funding for the SAVAS program was increased by $200,000 over the biennium, which includes grants available to WCASA to enhance sexual assault victim services in Wisconsin. As the Joint Finance Committee (JFC) begins its work on the state budget, I would like to set up a call or virtual meeting to discuss the budget and to ask that this item be included in the budget approved by JFC.

I look forward to hearing from you,

Ian Henderson

Lakeland meeting:
- Even with new proposed rates, 70% of providers in the Lakeland network will still face cuts April 1, instead of 9% cuts, in some instances it will be reduced to 6-7%

DHS:
- We did not make progress in this discussion on Lakeland or broader problems in Family Care
- We did ask the Medicaid surplus be directed to providers to mitigate the rate cuts set to take effect in April
- More information will be provided to us in writing as they consider our conversation

My name is Sara Sahli, I'm the Government Relations Director for the American Cancer Society Cancer Action Network in Wisconsin. I'm reaching out to request an opportunity to meet with Senator Felzkowski. I would like to meet with the Senator because of her position on the Joint Committee on Finance. In this meeting, I would plan to cover our budget priorities and share some information about an upcoming Cancer Lobby Day with volunteers from her district.

Would the Senator or a member of her staff have any availability for a virtual meeting sometime before February 16th? If you are willing, feel free to propose some options, I can certainly make something work that fits the schedule you offer.

Please let me know your thoughts and the Senator's availability for this meeting – and who I might work with to get this scheduled.

Thank you,

3:00p to 3:30p (Mary & Chris) Rep. Allen- Workforce Housing Legislation

AMERICAN OVERSIGHT

Location: 415S

I'm attaching 4 documents: the bill draft, the fiscal (the LRB# is from a draft last year, but only minor technical changes have been made), and the draft cosponsorship memo.

The idea stems from Goal 4 of the WRA report on *Falling Behind, [also attached]* to provide financial incentives for rehabilitating older housing in older neighborhoods. A straight-up tax credit is cost-prohibitive (it would be in the range of $120 million or more). The deduction Rep. Allen is thinking about has a much smaller price tag.

Rep. Allen would like to request a meeting with Sen. Felzkowski to discuss a piece of workforce housing legislation. He's looking for a Senate lead. Is that something the Senator would be interested in?

Thanks,
Dan

10:00a to 12:30p (Mary & Stamena) LFB Agency Overview Meetings- Taxes and DOC
Location: LFB Conference Room

Here's the call-in information

(608) 237-9600
(888) 732-6049
Conference ID: 947350

We are going to move the DOC agency overview briefing to March 4. We will combine DOC with the Taxes overview.

After talking with Bob, please plan for an extra 30 min for this one.

Due to session and (likely) caucus tomorrow morning, we are going to move the DPI overview meeting with LFB to **Thursday, March 4 from 10:00am – 12:00pm.**

We will maintain the rest of the schedule and will hold the taxes overview briefing on Thursday, February 4 from 10:00am – 12:00pm in the LFB Conference Room. If you know who will be attending this one now, please let me know. Otherwise, I will follow-up early next week to get a head count for LFB.

Thanks,

Peter Hienz

Liz,

LFB thinks that the sound will be worse if there is a video-in option because they have microphones/speakers spread throughout the room for the phone and they wouldn't have that for video.

They said if it's still hard to hear again, we can re-evaluate after this week.

If it's hard to hear again on Thursday, can you text me and I'll see if we can move the mics closer to the person speaking?

In addition – I'll let LFB know that you, Collin, and Chris are all calling in so Becky can send over the handouts ahead of time.

Here's the call-in info:

Legislative Aide
Office of State Senator Howard Marklein
17th Senate District
(608) 266-0703

Sen. Marklein has set up a series of six agency/topic overview meetings with the Legislative Fiscal Bureau for Senate GOP JFC members and staff.

The meetings will be held over the course of six weeks on Thursday's from 10:00am – 12:00pm in the LFB Conference Room (3rd Floor, 1 East Main). Please see the schedule below.

The first meeting is scheduled for Thursday, January 21.

LFB has asked us to limit the total number of people attending from each office to two.

AMERICAN OVERSIGHT

The agenda of each meeting is as follows:

1. LFB will give a high level overview of each agency/topic;
2. LFB will touch on specific areas of interest and important decision points within each agency/topic; and
3. LFB and members/staff will have a discussion about how COVID has impacted, and will impact, each agency/topic.

Each meeting will cover one agency/topic. The six agencies/topics are:

- The Department of Transportation (DOT)
- The Department of Public Instruction (DPI)
- Taxes (General Fund Taxes, Shared Revenue, and Property Taxes)
- Higher Ed (UW System and Tech Colleges)
- The Department of Corrections (DOC)
- The Department of Health Services (DHS)

There may be additional agencies/topics added if legislators and staff find these initial meetings helpful.

Sen. Marklein would like at least one person from each office to attend each meeting, even if the legislator is unable to attend. I will follow-up with each office closer to each meeting so we can get a head count for LFB.

For now, **please let me know who from your office plans to attend the Thursday, January 21st meeting.**

In addition, as we discussed in our meeting earlier this week, we are creating agency summary packets for each of the larger agencies. We will distribute the appropriate agency summary prior to the meeting on that agency.

Please let me know if you have questions.

2:00p to 2:30p (Mary & Collin) Dr. Morna Foy- WTCS Budget Request
Location: Microsoft Teams:

I would like to request a meeting with Senator Felzkowski and Dr. Morna Foy, President of Wisconsin Technical College System (WTCS) and Layla Merrifield, Executive Director of the Wisconsin Technical College District Boards Association. The meeting should only take about 30 minutes and is regarding the WTCS budget request.

Dear Senator Felzkowski –
Prior to our upcoming conversation, I wanted to share **materials related to the WTCS 2021-23 biennial budget** request along with some recent Wisconsin Technical College System (WTCS) publications highlighting college and student outcomes.

WTCS 2019 Graduate Outcomes
Technical college graduates routinely find employment, before or shortly after graduation, including **93 percent of 2019 graduates employed within six months of graduation**. These grads also enjoyed strong earnings (**$42,000 median annual salary**) and **93 percent stayed in Wisconsin**.

Five-Year Graduate Follow-up
One notable measure of graduate success is salary growth over time. This year's report shows an overall **58 percent increase in median annual salary** for responding 2013-14 technical college graduates.

Credit Transfer
While **nearly 9,000 technical college students transferred credits to a four-year institution in 2018-19**, lesser known is that **more than 10,200 students transferred credits *to* a technical college**. This reflects a notable trend in students opting for the valuable, relevant, affordable and accessible higher education options offered by Wisconsin's 16 technical colleges.

Apprenticeship Outcomes
With an overall **annual median salary of $81,072** for individuals who completed an apprenticeship in 2018-19, and who received their apprentice-related instruction at a Wisconsin technical college, it's easy to see why **participation has increased about 82 percent since 2013**.

In addition, you can access the latest edition of the WTCS **Fact Book: Student Data.**

Layla Merrifield, Executive Director of the District Boards Association will join our call. Layla represents all 16 technical colleges' governing boards and is a great resource for you and your team.

I am looking forward to our conversation –

Regards,

Morna

Hi, Collin. I just want to confirm that you and Senator Felzkowski have your Zoom invitations for Wednesday, March 10 at 10:10 to 10:45 AM.

Just to be sure there is no confusion about the invitation, Commissioner Afable will be on before the Senator (from 9:30 to about 10 AM), not at the same time.

I have attached a list of policies NAIFA is interested in this session. Annuity suitability is of special interest, since it is a new issue, but I hope to briefly touch base on most of the others, as well.

The Senator should feel free to provide updates on other topics of interest to members, including the state budget or other Finance issues.

Thank you, again, to you and to the Senator. We appreciate her great support of the insurance industry and look forward to working with her in her new roles.

This virtual event is a new experience for NAIFA, but it will hopefully go pretty smoothly.

Hi, Collin. Let's plan on Sen. Felzkowski for 10:10 AM on Wednesday, March 10 for the NAIFA virtual meeting. We can go to 10:45 or so.

I have cc'd Julie Phillips of NAIFA, who will be setting up the Zoom conference. Julie, please send invitations to Sen.Felzkowski@legis.wisconsin.gov and to collin.driscoll@legis.wisconsin.gov.

Thanks for your time on the phone today, Collin.

NAIFA-WI would like to invite Sen. Felzkowski to participate in a virtual Day on the Hill. We certainly appreciate all her support on insurance industry issues in the past several sessions.

Given Mary's new significant role as Senate Insurance chair, I'd like to give her first choice on time slots and find out her preference on format.

We are looking at the mornings of March 8, 9 or 10. We'd like to know if she prefers to do a solo presentation and Q&A on her own for maybe 45 minutes, or if she would prefer to be part of a panel with Assembly or Senate colleagues for about 90 minutes. If she can let us know soon, we can quickly reach out to other legislators. The Senator is welcome to touch on budget issues, in addition to our insurance focus, if she wants.

Our legislative priorities this session will be adopting the NAIC model bill creating a best interest standard for selling annuities (currently in the drafting stage at OCI) and adopting the NAIC model bill on cybersecurity (last session's AB 819, which died due to the cancelled final day in the Senate). We also support last session bill allowing financial advisors to delay transactions when elder abuse is suspected, if authorities are notified. That bill, AB 482, also died last session when the Senate' final day was cancelled.

Like other members of the insurance industry, we will also be following any proposals on data security.

Please let me know soon if the Senator can participate, as well as her preference for times and format. We are looking forward to continuing to work together.

Good morning, Senator Felzkowski,

I'm reaching out to you with hopes of setting a brief meeting with you and/or your lead staff person. The Greater Wausau Chamber of Commerce and the Greater Wausau Prosperity Partnership in tandem with NTC, UWS leadership, UW Stout, UW Stevens Point and regional manufacturers are collaborating to design and offer manufacturing engineering and manufacturing technology engineering baccalaureate degrees where students can enter and complete their respective program of study at NTC or UWSP Wausau campus, not having to leave the community. As we approach this partnership, we have actively worked with each leader from respective institutions and have garnered enthusiastic support from Governor Thompson, Interim President of the UW System, and regional manufacturers. We have met with Sen. Petrowski, Rep. Snyder, and Rep. Spiros to introduce the concept. They are supportive. As we approach this program designed to coalesce education and industry partners, there is a state budget component that will be needed. As a member of JFC, and being in the biennial budget development stages, we hope to introduce the concept to you and your staff soon.

Thank you for your time and consideration.

Description
A coalition of law enforcement, healthcare providers and counties recently released a framework on how to reform the state's complex mental health crisis system. A Wisconsin Health News panel will take a deep dive into the issues surrounding emergency detention and plans to reform it.

Additionally, we are planning our February social media and communications calendar and noted that it is Insurance Careers month. Would the Senator be willing to record a brief virtual conversation with the Commissioner that we can each post on social media to highlight insurance careers and the importance of the industry in Wisconsin?

I would be happy to provide a script and talking points. We pictured it as an opportunity for Mark to ask the Senator how she got into insurance, her career path in the industry, and they can both talk about the benefits of considering an insurance career.

Senate Committee Chairs,

Please hold your calendars for **Friday, March 12th from 10:30 AM – Noon** for an NCSL virtual Committee Chair Training. At this training you will have the opportunity to hear from experienced peers about how to best prepare and run a committee meeting. This program will deliver insight, skills and practical advice in a peer-to-peer, case-study driven format using virtual breakouts. Bring your own challenges and advice on working with other members, your colleague in the other chamber and testimony control.

Register for this meeting here:
https://ncsl.zoom.us/meeting/register/tJEqceutqD0oGNV2C-d7bh6IW1ejCSXBnR0i

After registering, you will see the link for the meeting. Also, a confirmation email containing information about joining the meeting will be sent.

Committee chairs are the front-line of legislative business. Your leadership style, organization of bills and running of the committee can create a smooth process for legislation. But, there are always curveballs and chaos can linger around the corner. We hope this training will facilitate productive discussions between members on best practices for chairing your assigned committees.

Please do not hesitate to contact my office if you have any questions.

Location: W9111 N. Rollwood Road, Antigo, WI 54409

I have attached the agenda that the WMSPA has provided thus far.

Senator Felzkowski will be added to the schedule to speak.

They are planning to send a final agenda once they hear from the Governor's office.

If you have any questions, please let me know.

Thank you,

Kristen

Good Afternoon,
We are reaching out to see if Mary would be able to attend the First Tree Tapping event for the Wisconsin Maple Syrup Association. We are a small maple syrup production business in Antigo WI and we have been asked to host the event this year. It will be on March 13 at 10:00. We are a supporter of Mary and would be honored if she would attend. The Wisconsin Maple Syrup Association was going to reach out so you may have already received a request but they suggested we reach out as well. The event will be held at the address listed above. Please call or email with any questions or to let us know if you are able to attend. Thank you!! Bert, Kristen, and Jordan Marvin

3/15/2021 (All day) FYI Staff: WISDOM's Bi-Annual Madison Action Day, April 15,2021
Location: Virtual

Senator Felzkowski,

WISDOM will be presenting priority issues that we would like to see included in the upcoming State Budget the afternoon of April 15, 2021. I am with the Central Wisconsin Affiliate, NAOMI and will be arranging the virtual visits for our area legislators and I hope to group them into a couple times if possible. I will provide your office with more details as they unfold. Usually all our affiliates gather in Madison, about 900 strong, for personal visits, but this year it will be a virtual event. We are preparing an Issues Booklet which will be available to your office. We look forward to meeting with you and key office staff. Thank you for considering our issues!

Sincerely,

Ron Alexander

9:00a to 10:00a Weekly Staff Meeting

1:30p to 2:00p (Liz) Dan Romportl- Emergency Room Physician
Location: 415S

I'm over at Greg Hubbard's firm now, and we were wondering if we could get 15 minutes with staff to discuss a MA issue for one of our clients (emergency room physicians). There was a provision in Evers' DHS budget that touched on it, and it's a high priority for us.

Would you or anyone on staff have some time in the coming weeks?

Thanks in advance,

2:30p to 3:00p (Collin) Call Jolene Hartman - Langlade County Dispatch Supervisor

AMERICAN OVERSIGHT

Location: 715-627-6699

Good Morning,

My name is Jolene Hartman and I am the dispatch supervisor for the Langlade County Sheriffs Department. I am hoping one of your offices could help me with a problem we are having with Frontier. Frontier handles our agencies 911 services. I have had two tickets open for quite a few months without any resolution or contact from Frontier. I have been trying to get in contact with Ned Jacklin from Frontier who is a 911 Specialist for IL and WI according to his email. Ned took some information regarding these tickets many months ago without a response or solution.

Our agency is needing to have the 911 transfers that go back and forth between Shawano, Menominee, and Oconto fixed. Shawano we can send a 911 call for their jurisdiction to their 911 line but then can't send one to our 911 line. Menominee and Oconto neither of us can send to each others 911 lines. The calls go to the non-emergency lines. The major problem would be that the receiving agency would not get any ani/ali information on call. The dispatcher would be reliant on the caller to hopefully know where they are or they would need to get the location from the transferring agency. I am having a hard time getting any answers and/or solutions to these concerns. Please let me know if you think your offices could be of any assistance or any other direction I could take. Any help would be greatly appreciated.

Hello Elizabeth, I was asked by Stephanie Sherman, COO for Carriage Healthcare, to get in touch with you. Stephanie said she had some conversations with you recently, about how passionate Senator Felzkowski is when it comes to advocating for staffing in long-term care. Bell Tower Residence is located in Merrill, WI in Mary's district, and I would be very interested in having further conversations with you. We are an assisted living facility, not a nursing home, but we face all of the same challenges as nursing homes do. As part of Wisconsin Illinois Senior Housing, our organization is largely made up of nursing homes.
I hope we have the chance to talk in the future.

10:00a to 1:00p Gov. Ops. Paper Ballot

Hi all,

The notice for the next executive session in Gov. Ops was just published. It will once again be a paper ballot executive session. Paper ballots will be distributed to committee members at 10:00 AM on Thursday, May 6, with a deadline of 1:00 PM on the same day. I'll be following the same routine as previous executive sessions with regard to distributing the paper ballots to committee members. You can of course let me know if your boss would prefer a different arrangement (e.g., electronic copy via email instead of paper copy dropped off at your office, or vice versa).

The four bills on the agenda are SB 51, SB 65, SB 91 and SB 174. There's a slight chance the agenda will be revised to add another bill or two, but that will be dependent upon the authors of those bills working through a couple of outstanding issues prior to the deadline for amending the

AMERICAN OVERSIGHT

notice. I'll of course be in touch with each of you if there are any changes to the agenda.

There are two amendments that will be on the paper ballot: one for SB 51 (Senate Amendment 1 from the author, Sen. Cowles) and one for SB 91 (Senate Amendment 1 from the author, Sen. Cowles).

SA1 to SB 51 is identical to AA1 to AB 47 (the Assembly companion). There is a Legislative Council amendment memo outlining the changes in AA1 to AB 47, but I will provide the bullet point breakdown here:

- Modifies a provision to clarify that a qualified newspaper's paid subscribers may be digital, electronic, or print subscribers.
- As an alternative to publishing at least 50 consecutive issues at least once per week in the municipality where published, allows a newspaper to verify to the Department of Administration that the newspaper has been circulated to the requisite number of paid subscribers prior to the issuance of its mailing permit from its place of publication.
- Modifies the definition of "newspaper" to require a newspaper to publish a minimum of 50 issues each year, corresponding with a 50-issue requirement in other provisions of the bill.
- Removes the requirement to include at least 10 percent news content for the alternative qualification method, instead retaining a requirement to publish at least 25 percent news content.

SA1 to SB 91 simply removes the proposed hydrologic restoration and management advisory council from the bill.

If any of your offices have any questions in the lead up to the executive session, please do not hesitate to reach out to me directly.

Thank you as always for your cooperation.

9:00a to 9:30a (Stamena) Joe Strohl- Menominee Tribal Gaming Issues in the Budget
Location: 415S

Linked below are 2 memos to members of JFC from Menominee Indian Tribal Chair Gunnar Peters commenting on the proposed state budget.

The first memo asks that committee members **support the various initiatives** that Gov. Evers has included in his budget that in most cases directly affect the Menominee Tribe and its members.

The second memo was sent to JFC members several weeks ago urging that **funds that the state has traditionally provided to tribes not be cut**. The memo specifically refers to the expected decline in tribal gaming revenue due to tribal casinos being closed during most of the pandemic. Tribes fear that since gaming revenue to the state has declined so too will state support tribes now receive. Sort of like taking from those most in need at the exact time their need is greatest.

Your consideration of these requests will be greatly appreciated.

Please let Chairman Peters or myself know if you have any questions. Thank you.

They are still working on the final verbiage of the bill and should be introducing it next week. The bill writer is Representative Horlacher.
I wanted to bring attention to a new Bill that will be entering the House in the next few weeks. This is an updated Interior Design bill for registered, educated Interior Designers to be able to stamp, seal and submit their drawings/projects for permit. It will help the industry not only for small business but also for larger firms. Interior design is not the same as interior decorating, it is a different type of education and is more technical. We are trained to keep health, safety and welfare in mind while creating beautiful spaces. Currently there are 11 other states that allow for Interior Designers to permit and we are looking for support for from you to have Wisconsin join that list. This Bill will further ensure Interior Designers that their designs are up to international and local code by taking on that liability.
I have also copied Mindy Hoppe – Owner and Interior Designer at Design Theory 19 in Wausau – we would love an opportunity to video chat or have a phone call with you to talk to you and answer any questions you may have about this updated Bill. Can you give us a few days/times that you are available to meet virtually for 10 minutes?

Thanks Chris! We'll take it. It will be Katie White and me.

Hi Liz,

I hope you are doing well. I'm looping back on a conversation we had back in March regarding Healthy Food Incentives. This is the program that provides funding to participating farmers markets and other healthy food retailers to double the purchasing power for FoodShare families, if they spend their benefit dollars on locally grown fruits and vegetables. Programs are often referred to as Double Dollars or Market Match.

In the meeting you thought it was something the Senator might be interested in and you asked us to keep your office in the loop. I'm happy to share that, in working with Rep. Spiros office, we have a P-draft.

I'd love to update you on how our conversations are going with legislators and share the P-draft. Do you have time to meet?

11:00a to 12:00p FYI: (Mary) Marathon County Law Enforcement Memorial Ceremony
Location: Marathon County Shooting Range Park, 217980 Rifle Rd., Mosinee, WI

Senators and Representatives,

Annually ceremonies are held in communities around the State for National Police Week. Marathon County hosts an event each year and the event is held at different law enforcement agencies. This year, the event is hosted by the Marathon County Sheriff's Office. Normally when we host the event, we have it at our Courthouse. This year we are moving the event to a more controlled secluded location with limited public access. This was a difficult decision for us as we prefer the event to be available and seen by all, but unfortunately with the current issues and trends facing law enforcement around this Nation we elected to move the event to this location for better safety and security. Also, by moving it here we could potentially bring some of our tactical equipment such as Bomb, SWAT, VIPER, etc. for displays. I realize this is a Friday, May 14, and you may have other commitments, but am extending an invitation to attend.

The Marathon County range is located on CTH KK between Rib Mountain and Wausau. It is signed as the Duane Corbin Shooting Range. Coming from Rib Mountain if you do not see this sign but end up in Half Moon where Pinewood Supper Club is, you have traveled too far south. If any of you have questions, feel free to reach out to me.

My name is Brooke Frehse with the Stephenson National Bank and Trust, headquartered in Marinette. I live in and currently work from our office in Wausaukee. I would like to set up a meeting with Senator Felzkowski or her staff, as part of the Wisconsin Bankers Association's Capitol Day. I have a flexible schedule that would accommodate most days before the end of May, for a virtual meeting. I would appreciate if the Senator's staff could coordinate with Representative Jeff Mursau, so he, or his staff, can attend as well.

Thank you,

For now, it may be just with me (sorry!). Depending on the day/time I will also try to find a physician to join me. I figure it's easier to schedule first, then identify a physician.

11:30a to 11:45a (Chris) Abigail Harris- Vita Inclinata Technologies Budget Ask
Location: 415S

I hope this email finds you well. As State Relations Lead for Vita Inclinata Technologies, a safety technology startup based out of Colorado, I wanted to reach out to you about our company's groundbreaking technological development. With your involvement with Senate Bill No. 111, I'm sure you will be interested to learn more.

SB No. 111 not only is the state's appropriations bill, it also includes further standards and regulations to be placed on the construction contractor registration, broadband construction, and bidding thresholds for public contracts. Although this bill is a step in the right direction to level the playing field within the construction industry, more can still be done to ensure that smaller construction companies have the same opportunities as large construction companies.

As the push for infrastructure updates in Wisconsin grows stronger, income inequality between small business and corporations will continue to rise. Currently, at least $1.3 billion will be used to fund transportation infrastructure projects across Wisconsin. $14.5 million will be used to update Wisconsin's harbors. Wisconsin not only needs to utilize engineered solutions to make the construction site safer and decrease overall insurance prices they also need them to combat nationwide construction industry labor shortages and an aging workforce to meet these important goals.

Attached to this email are two documents.
1. a PDF that can provide you with more information on our systems;
2. a white paper with our proposed amendment to S.B. 111.

As the need to update to our infrastructure grows stronger, engineered control is necessary to keep workers safe while also increasing efficiency. Would you have time next week to discuss our new legislative efforts? Thank you and I look forward to hearing back from you soon.

Best,

--

Just resending the Zoom link for our rescheduled meeting on Wednesday at 9:30. Cheryl DeMars of The Alliance and Matt Ohrt from Merrill Steel will join me for the meeting to discuss some innovative ways Merrill Steel is saving on employee health expenditures and how that ties in to the need for WHIO funding.

It was good speaking with you this morning. I'm working on a new initiative with the Business Health Care Group, The Alliance and Common Ground Healthcare Cooperative. Together these organizations help provide health benefits for over 350,000 Wisconsinites, and they are joining forces to raise awareness about the impact of high health care prices in Wisconsin on residents, their wages, our economy, local governments, jobs, businesses etc.

I expect the three CEOs from these organizations plus myself to participate in the meeting: Cheryl DeMars (Alliance CEO), Jeff Kluever (BHCG CEO) and Cathy Mahaffey (CGHC CEO). We'll bring a couple ideas to the table during the meeting but one thing that is important for the near term is

AMERICAN OVERSIGHT

funding for the Wisconsin Health Information Organization (WHIO) which supports our work around health care price transparency. We'd like to help the Senator navigate this issue which we have also spoken with leadership about.

I know the Senator knows these issues well and we definitely need someone who is passionate about it to help us understand how best to make progress. High health prices kill jobs in our state.

The Zoom information is obviously included above but I will rely on you to forward this invite or the information to the Senator's calendar. If we're limited to 30 minutes that's ok, I just include a little extra padding in meetings just in case.

Thank you for your help with this!

Hello,

Unite 2 Fight Paralysis and the Wisconsin Care Advocacy Network recently had a meeting with Sen. Felzkowski's legislative assistant, Liz, to discuss the Spinal Cord Injury Research Grant Program in the governor's proposed budget. We would like to have a follow-up meeting to discuss introducing this program into the base budget.

This program has been very successful in Minnesota, and has received strong Republican support from many lawmakers in the Minnesota Legislature. I am attaching a letter of support from the Republican author/sponsor of the bill when it was first introduced in 2015.

What is Sen. Felzkowski's or staff's ability to meet virtually for a 30 minute meeting during the days of May 18 through May 21?

I can create a Zoom meeting link, once we confirm a time. Thanks a lot for setting up this meeting with us, and we look forward to talking with you again.

Thanks a lot,

Senator Felzkowski, (Hi Mary,)

I am reaching out based upon our January 2020 meeting where we discussed water quality, especially as it related to cropland runoff and finding success.

I want to share with a success story here in Marathon County and how we can use it as a pilot. I know you were searching for innovate ways to get conservation on the ground, the outcomes we desire (clean water), and which also puts farmers in control of their options.

The Marathon County Board has endorsed this approach, and County Board Chair, Kurt Gibbs, requested that I reach out to you to see if you would have 15-20 minutes to discuss with us the county pilot project and how we can get support for it from the State.

I would also like to pull Senator Petrowski into the conversation if you are open to it.

I can setup a virtual meeting to make this as efficient as possible for you, as I know you are extremely busy with the State budget. Just provide me a time that works if this is possible.

9:00a to 10:00a (Mary): Tom Hittle- Discuss Knowles-Nelson Stewardship
Location: Mary's Insurance Office, Tomahawk

Senator Felzkowski: On behalf of Steigerwaldt Land Services CEO Lee Steigeraldt and COO Josh Burling, along with four of our timberland clients, I am attaching a letter regarding the Knowles-Nelson Stewardship Program. I spoke with Stamena this morning and provided a "heads-up" that this was on its way along with a brief synopsis of the letter's intentions.

To follow up on this matter, our group would very much appreciate the opportunity to meet in Tomahawk, or nearby, to discuss further. Please let me know what I can do to help with the logistics to further this discussion.

Thank you.
Tom

Good afternoon!

Hope you're doing well! I'm looking to set up a meeting with Senator Felzkowski or someone from your office on a few bills that the Wisconsin Startup Coalition is working on in regards to improving the Qualified New Business Venture program.

Is there a time next week that would work best? I'm available Wednesday and Thursday next week and depending on his schedule Peter might tag along! I've attached the three bills below. Just a note- there will be a change to the draft of LRB 4363 that I'll bring along, it simply improves the language to make WEDC comfortable with the bill.
Let me know, thank you!

Dear State Insurance Legislator:

As you may know, the National Council of Insurance Legislators (NCOIL) is holding its upcoming Annual National Meeting in Scottsdale, AZ from November 17-20. Our Summer Hybrid Meeting, held in Boston, MA from July 14-17, received great reviews, and we saw a large majority of attendees participating in person. We were encouraged especially by the number of legislators who attended the meeting in person, and are excited to be finally moving away from Zoom and back to our first fully in-person National Meeting since the start of the pandemic. There were 350 total attendees at our Summer Meeting (273 in-person; 77 virtual) which included 68 legislators – 58 of whom attended in person – from 29 states, including 28 first-time legislators. We expect very similar attendance numbers in Scottsdale.

Attached please find a letter from NCOIL CEO, Commissioner Tom Considine, inviting you to participate in the Annual Meeting. Also attached is a summary of NCOIL's last national meeting, and a tentative schedule for the Annual Meeting.

Please know that since your state is a dues-paying NCOIL Contributing State, there are travel stipends available for two legislators per meeting. Stipends cover the meeting registration fee, as well as reasonable travel and meal expenses up to $1,000. If more than two legislators from your state attend the meeting, there are also scholarships available for legislators, but they are generally reserved for first or second-time attendee legislators looking to "try out" NCOIL. More information about stipends/scholarships appears in the letter.

If you have any questions or are interested in attending the meeting, please reach out to NCOIL staff at (732) 201-4133.

11/17/2021 to 11/20/2021 NCOIL
Location: Scottsdale, AZ

Dear State Insurance Legislator:

As you may know, the National Council of Insurance Legislators (NCOIL) is holding its upcoming Annual National Meeting in Scottsdale, AZ from November 17-20. Our Summer Hybrid Meeting, held in Boston, MA from July 14-17, received great reviews, and we saw a large majority of attendees participating in person. We were encouraged especially by the number of legislators who attended the meeting in person, and are excited to be finally moving away from Zoom and back to our first fully in-person National Meeting since the start of the pandemic. There were 350 total attendees at our Summer Meeting (273 in-person; 77 virtual) which included 68 legislators – 58 of whom attended in person – from 29 states, including 28 first-time legislators. We expect very similar attendance numbers in Scottsdale.

Attached please find a letter from NCOIL CEO, Commissioner Tom Considine, inviting you to participate in the Annual Meeting. Also attached is a summary of NCOIL's last national meeting, and a tentative schedule for the Annual Meeting.

Please know that since your state is a dues-paying NCOIL Contributing State, there are travel stipends available for two legislators per meeting. Stipends cover the meeting registration fee, as well as reasonable travel and meal expenses up to $1,000. If more than two legislators from your state attend the meeting, there are also scholarships available for legislators, but they are generally reserved for first or second-time attendee legislators looking to "try out" NCOIL. More information about stipends/scholarships appears in the letter.

If you have any questions or are interested in attending the meeting, please reach out to NCOIL staff at (732) 201-4133.

Thank you, and we hope to see you in Scottsdale.

Best Regards,

Matt Lehman
Majority Leader

10:00a to 11:00a (Staff) Trails Caucus Briefing
Location: 412E

Dear Colleagues,

We hope you are having a good day. In the previous legislative session, Rep. Goyke and I presented the idea of forming a "Trails Caucus" to the legislature and provided briefings from numerous stakeholders. Thank you to all of the members, staff, and stakeholders who attended both meetings.

Over the past year, we have held conversations with a broad range of constituents who are interested in the growth of the Trails Caucus and the preservation and expansion of Wisconsin's outdoor trails systems. These trails support hiking, biking, snowmobiling, ATVs, and other transportation and recreational uses. These trails not only represent a better quality of life for our constituents, but also a large economic benefit to the Badger State in sectors such as tourism and local business. There is much to do in support of Wisconsin's trail networks, and we hope that you will join us in discussing and moving forward initiatives that will directly improve the lives of residents and visitors.

We invite you to join a follow-up presentation and legislative briefing on Tuesday, November 30th at 10:00 a.m. in 412 East – The Joint Finance Committee hearing room. A Zoom option will be available for attendees as well. The briefing will include:

- Rep. Goyke and Rep. Kurtz provide updates about next steps for the legislative trails caucus regarding vision, policy, and growth.
- The Ohio Legislative Trails Caucus Co-Chair will share challenges and successes in Ohio as opportunities for the Badger State
- The national Rails-To-Trails Conservancy will present and highlight new federal funding to help protect and maintain Wisconsin's trail, walking and biking infrastructure.
- The Wisconsin Bike Federation will provide a briefing on pending projects in Wisconsin, as well as policy ideas generated by their bi-partisan legislative advisory committee.

Please join us on Tuesday, November 30th. Legislators, staff, and members of the public are welcome.

When: Tuesday, November 30th at 10:00 am
Where: 412 East – Joint Finance Hearing Room

Please direct any questions to the office of Rep. Goyke at (608) 266-0645 or Rep. Kurtz at (608) 266-8531.

Thank you and we hope to see you there!
- Tony and Evan

Hey Lindsay,

Senator Felzkowski should be able to make the meeting work with her schedule. She does have another zoom meeting at 1pm, but I can't imagine the Legislative Update would fall beyond then. If she can't make it for any reason, I would be happy to join you. All the best!

Thanks to everyone who participated in the doodle poll. Let's plan to meet at **5:30 on October 4 at Olbrich**. We'll try to snag some picnic tables, but we recommend also bringing a chair in case it's crowded. They have snacks and drinks to purchase. In the event of inclement weather, we will send an email and reschedule for October 11. This is completely optional, but a good chance to get to know your fellow Board members.

Please let Amanda or me know if you have any questions.

Thank you.

AMERICAN OVERSIGHT

Senator Felzkowski,

My name is Jonathan Moody. I am the Director of Government Affairs at Quartz, a provider owned health insurance company with offices in Madison, Sauk City and Onalaska. With more than 800 employees and covering approximately 360,000 member lives across Wisconsin, Quartz plays an important role in Wisconsin's competitive health insurance market.

I would appreciate the opportunity to hold an introductory meeting with you and/or a member of your staff to share more about our company, talk about our partnership with best in class provider systems and do my best to answer any questions you might have Quartz or our perspectives on efforts to improve access to high quality, affordable health care in Wisconsin.

I would also like to share information about recent action Quartz has taken to reduce the cost of prescription drugs and improve affordability of health insurance through our specialty drug contacting and on-demand specialty pharmacy delivery initiative (sometimes referred to as "white-bagging"). Legislation has not been introduced on this topic but we anticipate something could be in the works for this session.

I am happy to work with a representative from your office to schedule a meeting that works with your busy schedule. My contact information is below.

I look froward to hearing from you or your staff soon!

-Jonathan

Before I can reserve a room through our town clerk, I need to know how large of an attendance you expect - our rooms have different seating capacities and configurations.

Once I know the room capacity needed, I will make the reservation and we can move forward from there.

9:00a to 5:00p FYI: October Wellness Walk
Location: Blackwell

The Town of Blackwell, after a year's hiatus due to COVID-19, is again sponsoring it's October Wellness Walk on the Rat River Recreational Trail on Saturday, October 9th, 2021. Registration is at 9:00 a.m. at the Blackwell Town Hall. Each year in lieu of a fee, we select a charity to support. In the past, we have collected food to distribute at the Forest County Food Pantry, pet food for the Animal Resource Fund and Forest County Humane Society, diapers & baby wipes for the Forest County Baby Closet, juice boxes and snacks for the Backpack program, and hygiene items for New Hope Shelter. This year we have the opportunity to "pay it forward" to a lady artist who painted our "River Rat" mile markers. Jean Onsrud is volunteering daily at Fort McCoy and has purchased 3 sewing machines and fabric and started a sewing circle for the Afghan women to make culturally appropriate and comfortable clothing for their families. The demand is heartening, and Blackwell, along with the Women's Presbyterian group of Forest Larger Parish is making it a mission to help Jean. We have 3 additional sewing machines pledged, and we are collecting fabric (muted colors but patterns preferred), thread, sewing needles, sewing scissors and elastic. We are also taking monetary donations to allow Sue to purchase needed items. Sue Banie, a resident of Blackwell and Jean's sister will coordinate the delivery of items collected for the walk. There will be a contest on the trail, and refreshments are served after the event. We cordially invite you to attend and enjoy a walk along the scenic Rat River .

9:30a to 11:00a Will need to be rescheduled (Stamena) Virent, Inc. Energy Facility Tour

Hello all,

Due to scheduling conflicts that have arisen for several legislators, we will be rescheduling this week's tour of Virent, Inc. to a later date. More details about the date and time will be forthcoming. Thank you!

Office of Rep. David Steffen

More information will be coming

Dear GOP energy and agriculture legislative leaders,

I am arranging for a small group of us to tour and learn about an incredible energy company, Virent, Inc., located within Dane County.

Virent, Inc., in coordination with Marathon Petroleum Corporation, is working to commercialize its technology for producing renewable gasoline, jet fuel, diesel fuel and the principle building blocks for 100% bio-based plastics using biomass (corn byproduct and eventually wood/timber byproduct).

Unlike ethanol, this fuel can immediately be formulated for direct use by cars, trucks, tractors, and planes without new infrastructure or adaptive technology for the engines. Furthermore, the carbon footprint is 50% less than ethanol, and with some other potential ancillary opportunities, could approach a zero-carbon footprint fuel solution.

As Wisconsin's corn producers sell up to 40% of their crop to the fuel industry, the trend toward non-combustion engines (i.e. electric engines) is a long-term threat to our Wisconsin farmers. Additionally, our Northwood's timber and pulp industry is already being challenged by foreign sourcing.

While the full potential of this fuel will not be available to the consumer market until 2026, the opportunity for Wisconsin to be on the front-end of this technology is promising.

I'm sure you would agree that this is exactly the type of forward-looking, free-market solution we want to understand as we struggle to find long-term solutions for key parts of our state's economy and energy needs.

AMERICAN OVERSIGHT

I'm arranging a legislative tour to Virent's headquarters, where it currently operates a small scale demonstration refinery, to learn about this technology and its potential for Wisconsin and our nation.

As the Assembly is likely to be on the floor on Tuesday, October 12, I have arranged for a small group tour of the facility the day after, in hopes that will be the most efficient on your calendars.

We are limited in the number of people who can tour at a single time, so I am targeting you, due to your leadership role in the legislature in both the agriculture and energy areas.

If you are interested and available to join us on Wednesday, October 13 at 9:30am, please contact my office. The facility is just 15 minutes from the Capitol, so it will be convenient for all of us.

Preparing our Grasslands for Winter and Next Spring

Bill Kolodziej

Buena Vista Wildlife Area, Lake Road, Portage Co.

Saturday October 16th, 2021, 10am—12pm

Come join us to see how 7 years of Intensive Rotational Grazing has improved our state lands. Grassland birds now are successfully fledging chicks on pasturelands. Several greater prairie chicken broods can now be flushed during the grazing season, while bobolinks and other grassland bird species of special concern can also be observed. Many other wildlife species have also benefited from the increased cover provided by grasses and forbs.

We will discuss:

- Frost seeding bare soils
- Leaving fall residual for spring regrowth, snow roosting and spring nesting
- Intensive spot grazing for lek management

Directions:

From north of Plover on I39, take State Highway 54 west ¾ miles to Hoover Ave. Take Hoover Ave. south ¾ miles to Prairie Drive. Take Prairie Drive west 1 mile to Taft Avenue. Take Taft Avenue south 4 miles to Lake Road. Take Lake Road west 1½ miles. Look for group of cars.

From south of Bancroft on I39, take County W north, than west, 3.5 miles. Take Taft Avenue north 2 miles to Lake Road. Take Lake Road west 2 miles. Look for group of cars.

Good afternoon –

I'm just updating you on a format change for our Remodeling Project Ribbon Cutting on August 26th at 10:00 AM. We are still moving forward with the official ribbon cutting on that day & time, but will be postponing the actual Open House portion of the celebration until October 21st (which is actually International Credit Union Day). Due to recent CDC and Oneida County Health Department COVOD updates and out of concern for the health and safety of all, our team felt that it made the most sense to postpone the 'party' portion of the event.

We certainly do look forward to seeing you, and hope that our modified event will still fit into your schedule.

Respectfully,

Subject: Abuse and Neglect of people with disabilities SB 395
Importance: High

Dear Senator Felzkowski and Liz –

I am wondering if you would be willing to meet with a small group of disability advocates to discuss SB 395 and an a related amendment that would provide funding. Specifically, we have been working to improve the system of abuse and neglect reporting for people with disabilities statewide and are requesting a change in statute that provide parity between the reporting systems for older adults and people under age 60 who might experience abuse/neglect and have a report made to the county adult protective services system. That change is a simple language change of "may" to "shall". However, we also recognize that making a change of this nature could increase caseloads for county APS workers and drive in more calls. While it would be good to ensure we are protecting more vulnerable people, we do not want to move an unfunded mandate to counties.

I specifically offered to reach out to you to discuss this further and to see if we could find support within the Joint Finance Committee to pursue a funding amendment. (The legislation does have the support of the Counties Association, but only if funding is attached.)

The total proposed funding is $1.9 million. Here is the justification for that amount:

- No increase in APS funding for the Adults at Risk Population (18-59) since 2006
- Increase in reporting for adults at risk (18-59) 38% from 2005-2019

The funding estimate aligns with what the data tells us has been the past and expected future increase in abuse/neglect case reporting in this area. An increase in funding to match the actual increase in case rates over the last six years which is 38.03%. See figures below.

Percentage increase in APS Reports for age 19-59 from 2013-2019	Current Annual GPR for APS	Proposed Increase in GPR for APS-38.03% increase	Total annual APS GPR funding with Proposed increase
38.03%	$ 5 million	$1,901,500	$6,901,500

Thank you in advance for scheduling a meeting with our group.

Regards,

Lisa

Senators and Representatives:
Please advise Marlene Brown, Shawano County Unit Secretary, at 715-526-2665 as to whether you will be able to attend. Thank you!

WTA County Unit Stimulus
Unit meetings are critical to WTA. It is where we network, learn, and develop capacity with state Representatives and Senators. All town elected and appointed officials are encouraged to attend county unit meetings. Without effective unit meetings, town government would be much different. Simply, a lot of our political influence is generated at and much of our network-based learning occurs during successful and well attended unit meetings.

COVID prompted a wide variety of approaches to unit meetings. Members responded to each uniquely, some positively and some with decreased attendance. In order to not only return to our previous level of success with unit meetings, but grow that success, WTA is offering the following incentives to be deployed at unit meetings:

Drawing #1:
One free Annual Convention registration will be raffled off at a unit meeting held sometime in June-September. If a winner knows on the night of the drawing that they cannot attend, then a new winner should be drawn.

Drawing #2:
One $50 gift card will be raffled off at a unit meeting held sometime in June-December.

Attendance Incentive:
The unit with the best attendance at a unit meeting held between June-September will receive $250 for their unit. Spouses and guests should not be included in the count. The unit with the highest percentage attendance will be deemed the winner.

NOTE: Unit leadership will provide the winner's names to WTA. The convention winner will receive a non-transferrable certificate from WTA to be sent in with their registration no later than October 4, and the gift card will be mailed to the winner no later than January 14, 2022.

Thank you to Scott Construction and Kwik Trip for sponsoring these drawings and supporting this effort!

10:00a to 12:00p (Mary) WAHP Annual Meeting- (10:30 Panel Discussion)
Location: Edgewater Hotel, Madison, WI

Tim would like Mary in the Ballroom by 10am on Friday

Thank you again for participating in the Wisconsin Association of Health Plans 2021 Annual Meeting Education Program, held Friday, September 17, from **9:00 a.m. – Noon,** at the Edgewater Hotel in Madison, WI. The schedule of the Education Program is attached to this email for your reference.

- **Program Format -** The Education Program begins at 9:00 a.m. with a keynote address from Dr. Craig Garthwaite, Kellogg School of Management, Northwestern University. Garthwaite's presentation is titled, "Staying Competitive in an Evolving Health Care Landscape." For your reference, a copy of his slide deck is attached to this email. Please do not share the contents of the slide deck with any third parties.
- We encourage you to attend Dr. Garthwaite's presentation, as it may help inform your participation in the Panel Discussion, which begins at 10:30 a.m. The title of the Panel Discussion is "Addressing Access to Health Insurance Coverage at the State Level." **If you are unable to**

AMERICAN OVERSIGHT

attend Garthwaite's presentation, please make your way to the Grand Ballroom at the Edgewater Hotel no later than 10:00 a.m.

- **Discussion Format -** Garthwaite will **open the Panel Discussion by giving each participant five minutes** to offer their view of the world, and the challenges and opportunities of addressing access to coverage. Garthwaite will then moderate a discussion with and between panel participants. Garthwaite is developing his own questions for participants, but Association staff have suggested the issues listed below as potential conversation topics (note—these potential topics are in ***addition*** to panel discussion around the potential benefits of transitioning Wisconsin to a state-based exchange.)

  - **State-Based Exchange.** What are the potential benefits for Wisconsin consumers and health plans in transitioning Wisconsin to a state-based exchange?
  - **Alternative Coverage Strategies.** Do alternative coverage strategies, such as direct primary care, short-term health plans, or faith-based sharing ministries, fit into the state's coverage strategy? What impact do these alternatives have on insurance markets and competition?
  - **Competition in Insurance Markets.** What role does competition play in health insurance markets? Do consumers in Wisconsin have adequate choice when it comes to insurance coverage? How can policymakers create conditions so that consumers are able to access coverage that is meaningful to them?
  - **Coverage Mandates.** Every session, both pre-ACA and post-ACA, state policymakers propose new insurance coverage mandates. How do you evaluate these mandate proposals?

- **Discussion Guide –** We are confident this panel will produce a robust, lively, and respectful discussion that illuminates various perspectives on access to health insurance coverage. On some issues, panel participants may be in agreement. On others, participants may disagree. That is ok! A large portion of the value of this program for the leaders of our member health plans and participating vendor sponsors is to hear your unique perspective on these important questions.

- **Housekeeping Items –** We are anticipating roughly ninety individuals to attend the Education Program in person. Meeting attendees include senior leaders at Association member health plans, and vendor sponsors that have a business relationship with member health plans (e.g. reinsurers). There will also be member health plan attendees tuning in via a live stream. Finally, as you are likely aware, Dane County is currently under a mask order, the details of which can be found here. Please let Association staff know if you have any questions or concerns about the safety protocols under which the Annual Meeting Education Program will occur.

If any issues arise the morning of the program, please contact Association staff as quickly as possible. I can be reached via cell phone at 715-491-2449.

Thanks again for participating in the Education Program, and see you soon!

12:00p to 1:00p (Chris) League of WI Municipalities Police Funding Webinar
Location: Zoom

Good Morning Legislators and Staff,

The League of Wisconsin Municipalities invites you to a webinar highlighting police funding challenges. New research provides an opportunity look at the different options for funding local government and to better understand the challenges municipalities face in funding public safety. Please Join us on Friday, September 17th at noon for an hour if you are free. We will host Mayor Dean Kaufert (Neenah) and Mayor Greg Hoffman (Chippewa Falls) to discuss local impacts and realities.

League Webinar to Highlight Police Funding Challenges

One in three Wisconsin police departments had to reduce the number of sworn officers in 2019, as the impact of levy limits and shrinking state support hammers local budgets. New research from the Wisconsin Policy Forum illustrates in sharp detail how communities across the state are struggling to maintain their police departments in the face of budgets that get tighter every year.

The Wisconsin Policy Forum looked at data comparing police budgets in 2018 and 2019 (the most recent data available). The data showed that both police and fire department budgets in roughly one-third of Wisconsin's local governments shrank from one year to the next. The phenomenon occurred in all size communities throughout Wisconsin. First responders are feeling the pinch.

What's a city or village to do? The League is hosting a special webinar for members, state policymakers and the media on **Friday, September 17**, to talk about that difficult question. **Please join us for this important event. There is no charge. Use this link to provide your name and email and join this webinar: https://us02web.zoom.us/webinar/register/WN_HQ02YZJ1TuOZ-EJjUnansA**

Agenda:

- 12:00 Welcome and introduction by League Executive Director Jerry Deschane
- 12:05 Wisconsin Policy Forum reviews its findings and their implications for the future.

AMERICAN OVERSIGHT

- 12:35 A panel of local leaders discusses strategies for coping with these statewide budget challenges – Mayor Dean Kaufert, Neenah and Mayor Gregory Hoffman, Chippewa Falls
- 1:00 Adjourn.

Good morning Stamena,

I'd love to stop in and go over privately owned forest owners issues. Let me know what works best for you. I'm open this afternoon, Wednesday afternoon, and most of Friday. Thursday am is the Council on Forestry meeting which I'll be watching. Not much of an agenda so if you're monitoring it I could join you then as well.

We would love to have her give a welcome message to the north woods, and a brief discussion about things she is working on in Madison, or trends she is seeing in her district as she interacts with her constituents would be great. Nothing too formal.

Hello,
WMC reached out and asked if Senator Felzkowski would be willing to join us at WMC's Annual Government Affairs Fall Conference at Red Crown Lodge and be our Monday evening Dinner Speaker. She confirmed that would work. We have had a few last minute changes with a speaker coming in from out of town and I am wondering if she would be willing to switch from Monday evening to Tuesday evening. We would love to have her still serve as a dinner speaker but would it be possible to have her join us on Tuesday, September 21st instead of the 20th?

I appreciate your consideration and look forward to hearing from you soon.

Have a wonderful day.

Below is the conference line information for Wednesday's Senate Committee on Natural Resources and Energy hearing:

- Call in Number: (877) 848-7030
- Access Code: 3848026

I've attached the resumes and statements of economic interest for the two appointees we'll be hearing in the Senate Committee on Natural Resources and Energy next Wednesday, September 29th, at 10:00am in 330-SW. The public hearing will include:

- Tim Short of Neenah to serve on the Fox River Navigational System Authority for a term ending July 1st, 2024.
- Korin Doering of Greenville to serve on the Wisconsin Waterways Commission for a term ending March 1st, 2025.
- Senate Bill 518 relating to environmental pollution in an environmental remediation tax incremental district (ER-TID) by Senator Cowles and Representatives Armstrong and Tittl (co-sponsorship memo).
- Senate Bill 346 relating to grants to map, control, eradicate, monitor, and minimize the spread of wild parsnip; funding for the Bureau of Natural Heritage Conservation; granting rule-making authority; and making an appropriation by Senators Testin and Carpenter and Representatives Shankland and VanderMeer (co-sponsorship memo) (bill is a reintroduction of 2019 Senate Bill 761).

As you may notice, the order listed above has Senate Bill 518 and Senate Bill 346 flipped from what the notice had listed. We had a request to move the order of those two bills to allow for a stakeholder to testify before heading back north for a preexisting obligation, and we've made the author of Senate Bill 346 aware of this change in order.

Kristen Mizzi at The Pew Charitable Trusts recommended that I contact you regarding an invitation for Senator Felskowski to be interviewed for an evaluation of the efforts of **The Pew Charitable Trust's Dental Campaign to expand the dental workforce** that our team at the University of California, San Francisco is conducted for Pew**.**
As part of this project, we would like to interview Senator Felskowski about Pew's dental workforce expansion efforts in Wisconsin. We are primarily interested in strategies, events, advocacy initiatives and key partnerships and collaborations that contributed to the development of dental therapy legislation in Wisconsin, or which hindered progress. The lead evaluators for this project are Janet Coffman, PhD and Carolyn Brown, DDS, MEd.
Healthforce Center will submit a report of the evaluation's findings to Pew's staff and will present a summary to its Board of Directors. No comments will be attributed to individual interviewees without their permission.
If Senator Felskowski consents, the interview will be conducted by videoconference or telephone at a time and location of your choice. The interview will last sixty (60) minutes at most. If Senator Felskowski is amenable, the evaluation team would like to record the interview to ensure that all of the information she shares is captured. Names and other identifying information will be removed from transcripts of the recordings. The recording will be destroyed after the project is completed.
If Senator Felskowski is willing to be interviewed, please contact me by e-mail. I will then forward your contact information to my colleague, Emily Shen, who will schedule the interview. I will contact you by telephone if I do not hear from you within the next several days.
Your insight would be a valuable contribution to this evaluation and we hope that you will agree to participate.
If you have any questions about this study, please contact me by email (Janet.Coffman@ucsf.edu) or phone (415-476-2435) or contact Emily Shen by email at Emily.Shen@ucsf.edu. If you would like to speak to someone at Pew about this evaluation, please contact Michele Lempa, Project Director, Evaluation at mlempa@pewtrusts.org or 202-540-6818.
