AMERICAN OVERSIGHT

Parental Rights in Education
Monday, March 28, 2022

[INTRODUCTION]

- Good afternoon. It's great to be here at Classical Preparatory School.
- Not only is this a great school, but it is also the public charter school that Commissioner Corcoran's wife Anne founded.
- I'm glad we were able to make this school a part of his farewell tour.
- Joining me today are:
    - Commissioner Richard Corcoran
    - Speaker Chris Sprowls
    - Senator Kelli Stargel
    - Senator Dennis Baxley
    - Representative Joe Harding
    - Representative Blaise Ingoglia
    - Representative Cord Byrd
    - Representative Mike Beltran
    - Representative Erin Grall
    - Senator Danny Burgess
    - Representative Randy Maggard
    - January Littlejohn, Parent from Leon County
    - And Erin Lovely, Parent from Palm Beach County
- In 2020, many parents became part-time teachers for their children across the country during quarantines and zoom classes.

AMERICAN OVERSIGHT

- While Florida was the first state in the nation to reopen for in-person learning, during that short time of zoom classes, parents were appalled by what they found:
    - Curriculum embedded with sex education and woke ideologies;
    - Libraries with pornographic materials; and
    - Services available for their children that were intentionally kept from parents.

[CUTTING PARENTS OUT OF DECISIONS]

- In Florida we found at least six school districts had policies to cut parents out of decisions regarding their child's wellbeing and shield them from knowing about mental health services:
    - Broward, Hillsborough, Miami-Dade, Palm Beach, Sarasota and Volusia; and
    - Martin County also had a gender transition plan that can be implemented without a parent's consent.
    - In Leon County Florida, a school excluded parents from conversations about a student's gender transition – a situation for which the district's superintendent even apologized for and admitted should have never occurred.
- Across the country we have seen schools cut parents out of conversations about their child's gender:
    - In Idaho, a counselor was working with a 10-year-old student to help the student transition to a different gender without informing the child's parents.

AMERICAN OVERSIGHT

- In California, a mother has filed a legal case alleging two middle-school teachers manipulated her child's identity, then called a meeting to inform her the student is transgender.

[MATERIALS FOUND IN CLASSROOMS]

- We also found cases where school districts and individual schools took it upon themselves to decide that it's okay to sexualize the education of young children.

- Today I brought examples of what we found in our schools:

  - Gender Queer: A Memoir – a book containing graphic, pornographic images.

  - Call Me Max – a book for second graders about being transgender.

  - The "Genderbread Person" a guide that's used to teach young children about sexual orientation and gender identity.

- And that is only in Florida. In other states across the country, they are encouraging early childhood sex education.

  - In Connecticut, Kindergarten students are taught about being transgender as a part of "Social Justice Standards;"

  - In Denver, kindergartners were subject to "gender sensitivity training"; and

  - In Illinois, they require sex education beginning in Kindergarten.

[PROTECT STUDENTS, SUPPORT PARENTS]

- This is a part of a national trend to cut parents out of their child's education.

AMERICAN OVERSIGHT

- In Florida, we know that parents have a right to be involved, and that everyone benefits when parents are involved in these conversations.

- Today, we are going to further protect those rights by signing HB 1557 – Parental Rights in Education.

- HB 1557 takes three key steps:

    - First, this bill prohibits classroom instruction about sexual orientation or gender identity in K-3 classrooms, and after 3rd grade, these conversations need to be age-appropriate.

    - Second, this bill ensures that at the beginning of every school year, parents will be notified about healthcare services offered at the school, with the right to decline any service offered.

    - Finally, this bill ensures that whenever a questionnaire or health screening is given to K-3 students, parents receive it first and give permission for the school to give it to their child.

- **The vast majority of Americans and Floridians, and especially parents, support the measures in this bill.**

    - Three recent polls found a majority of Americans do not believe it is appropriate to teach kindergarten through third grade students about sexual orientation or gender identity.

    - When asking parents alone, one poll found 68% support for these measures.

- Meanwhile, the Biden Administration has inexplicably opposed this bill and supported the sexualization of 7-year-olds.

[CONCLUSION]

- This bill is yet another win for parents and students in the state of Florida.

AMERICAN OVERSIGHT

- But most importantly, this bill is significant because it helps protect young children from the oversexualization occurring in our society today.

- The only thing a 7-year-old needs to identify as, is a kid.

- Thank you to Senator Baxley and Representative Harding for spearheading this initiative and for not backing down under pressure.

- Now let's hear from some parents who are with us today to tell their story of why this is so important.

BIOGRAPHIES:

January Littlejohn, *Parent, Leon County*

Littlejohn is a mother of 3 and licensed mental health counselor. Her daughter attended Deer Lake Middle School in Tallahassee in 2020. Without her consent, knowledge or input, her daughter was being given gender affirming therapy at school. This only came to light after January's daughter disclosed to her parents that she was being questioned by the school on her preferred pronouns.

Leon County School secretly helped her daughter establish a new identity and gender at school. Her daughter was allowed to change her pronouns, restroom preference and even choose to room with male or female classmates on overnight school field trips. After significant dispute with the school, January discovered there was a six-page support plan completed with the Vice Principal, Guidance Counselor and Social Worker that she had never met. In the support plan stated that "Outing a student, especially to parents, can be very dangerous to the student's health and well-being." The plan also directed the school employees to use her birth name when speaking to her parents, not her new name, to intentionally deceive her parents.

The family has a federal lawsuit pending against Leon County.

January's daughter is ok and was able to resolve the issue with some ongoing private therapy. However, she wants to ensure no parent is left unaware of critical things happening to their children.

Press Conference – Parental Bill of Rights

Monday, March 28, 2022, 12:30 p.m. – 1:15 p.m.
Classical Preparatory School, 12836 Shady Hills Road, Spring Hill, FL 34610

Erin Lovely, *Parent, Palm Beach County*

Moved from Celebration, Florida to West Palm Beach at the beginning of the school year and chose to buy a home so their son could attend Marsh Point Elementary. She heard from everyone that it was one of the best and they are unable to afford private school in South Florida.

Aside from academics, they also chose this school district because kids were going to be allowed to have mask flexibility, but then he was forced to wear a mask. Then her son, who has just moved was pulled from his initial classroom into a brand-new class. That new class had a teacher that read the "Call Me Max" book to her 2nd graders. Call me Max is a book about a little girl who identifies as a boy.

Erin's son raised his hand during the reading and told the teacher that God doesn't make mistakes and makes us the way we are supposed to be. The teacher told him no, you can be anything you want to be.

Erin was told on Thanksgiving morning that the son had been read that book. She immediately emailed the principal who apologized and said it wouldn't happen again, but also said the book was required to be in the school by the district as it is part of a broader book list.

At her request, her son was moved to a third class to finish the year but given all of the other changes, and the complete loss of trust in the school district, her son is now being homeschooled. They have no plan on sending him back to this public school. He was one of 4 other children to be pulled.

AMERICAN OVERSIGHT

Parental Rights in Education
Monday, March 28, 2022

[INTRODUCTION]

- Good afternoon. It's great to be here at Classical Preparatory School.
- Not only is this a great school, but it is also the public charter school that Commissioner Corcoran's wife Anne founded.
- I'm glad we were able to make this school a part of his farewell tour.
- Joining me today are:
    - Commissioner Richard Corcoran
    - Speaker Chris Sprowls
    - Senator Kelli Stargel
    - Senator Dennis Baxley
    - Representative Joe Harding
    - Representative Blaise Ingoglia
    - Representative Cord Byrd
    - Representative Mike Beltran
    - Representative Erin Grall
    - Senator Danny Burgess
    - Representative Randy Maggard
    - January Littlejohn, Parent from Leon County
    - And Erin Lovely, Parent from Palm Beach County
- In 2020, many parents became part-time teachers for their children across the country during quarantines and zoom classes.

AMERICAN OVERSIGHT

- While Florida was the first state in the nation to reopen for in-person learning, during that short time of zoom classes, parents were appalled by what they found:
    - Curriculum embedded with sex education and woke ideologies;
    - Libraries with pornographic materials; and
    - Services available for their children that were intentionally kept from parents.

[CUTTING PARENTS OUT OF DECISIONS]

- In Florida we found at least six school districts had policies to cut parents out of decisions regarding their child's wellbeing and shield them from knowing about mental health services:
    - Broward, Hillsborough, Miami-Dade, Palm Beach, Sarasota and Volusia; and
    - Martin County also had a gender transition plan that can be implemented without a parent's consent.
    - In Leon County Florida, a school excluded parents from conversations about a student's gender transition – a situation for which the district's superintendent even apologized for and admitted should have never occurred.
- Across the country we have seen schools cut parents out of conversations about their child's gender:
    - In Idaho, a counselor was working with a 10-year-old student to help the student transition to a different gender without informing the child's parents.

AMERICAN OVERSIGHT

- In California, a mother has filed a legal case alleging two middle-school teachers manipulated her child's identity, then called a meeting to inform her the student is transgender.

[MATERIALS FOUND IN CLASSROOMS]

- We also found cases where school districts and individual schools took it upon themselves to decide that it's okay to sexualize the education of young children.

- Today I brought examples of what we found in our schools:

  - Gender Queer: A Memoir – a book containing graphic, pornographic images.

  - Call Me Max – a book for second graders about being transgender.

  - The "Genderbread Person" a guide that's used to teach young children about sexual orientation and gender identity.

- And that is only in Florida. In other states across the country, they are encouraging early childhood sex education.

  - In Connecticut, Kindergarten students are taught about being transgender as a part of "Social Justice Standards;"

  - In Denver, kindergartners were subject to "gender sensitivity training"; and

  - In Illinois, they require sex education beginning in Kindergarten.

[PROTECT STUDENTS, SUPPORT PARENTS]

- This is a part of a national trend to cut parents out of their child's education.

AMERICAN OVERSIGHT

- In Florida, we know that parents have a right to be involved, and that everyone benefits when parents are involved in these conversations.

- Today, we are going to further protect those rights by signing HB 1557 – Parental Rights in Education.

- HB 1557 takes three key steps:

    - First, this bill prohibits classroom instruction about sexual orientation or gender identity in K-3 classrooms, and after 3rd grade, these conversations need to be age-appropriate.

    - Second, this bill ensures that at the beginning of every school year, parents will be notified about healthcare services offered at the school, with the right to decline any service offered.

    - Finally, this bill ensures that whenever a questionnaire or health screening is given to K-3 students, parents receive it first and give permission for the school to give it to their child.

- **The vast majority of Americans and Floridians, and especially parents, support the measures in this bill.**

    - Three recent polls found a majority of Americans do not believe it is appropriate to teach kindergarten through third grade students about sexual orientation or gender identity.

    - When asking parents alone, one poll found 68% support for these measures.

- Meanwhile, the Biden Administration has inexplicably opposed this bill and supported the sexualization of 7-year-olds.

[CONCLUSION]

- This bill is yet another win for parents and students in the state of Florida.

AMERICAN OVERSIGHT

- But most importantly, this bill is significant because it helps protect young children from the oversexualization occurring in our society today.

- The only thing a 7-year-old needs to identify as, is a kid.

- Thank you to Senator Baxley and Representative Harding for spearheading this initiative and for not backing down under pressure.

- Now let's hear from some parents who are with us today to tell their story of why this is so important.

BIOGRAPHIES:

January Littlejohn, *Parent, Leon County*

Littlejohn is a mother of 3 and licensed mental health counselor. Her daughter attended Deer Lake Middle School in Tallahassee in 2020. Without her consent, knowledge or input, her daughter was being given gender affirming therapy at school. This only came to light after January's daughter disclosed to her parents that she was being questioned by the school on her preferred pronouns.

Leon County School secretly helped her daughter establish a new identity and gender at school. Her daughter was allowed to change her pronouns, restroom preference and even choose to room with male or female classmates on overnight school field trips. After significant dispute with the school, January discovered there was a six-page support plan completed with the Vice Principal, Guidance Counselor and Social Worker that she had never met. In the support plan stated that "Outing a student, especially to parents, can be very dangerous to the student's health and well-being." The plan also directed the school employees to use her birth name when speaking to her parents, not her new name, to intentionally deceive her parents.

The family has a federal lawsuit pending against Leon County.

January's daughter is ok and was able to resolve the issue with some ongoing private therapy. However, she wants to ensure no parent is left unaware of critical things happening to their children.

Monday, March 28, 2022, 12:30 p.m. – 1:15 p.m.
Classical Preparatory School, 12836 Shady Hills Road, Spring Hill, FL 34610

Erin Lovely, *Parent, Palm Beach County*

Moved from Celebration, Florida to West Palm Beach at the beginning of the school year and chose to buy a home so their son could attend Marsh Point Elementary. She heard from everyone that it was one of the best and they are unable to afford private school in South Florida.

Aside from academics, they also chose this school district because kids were going to be allowed to have mask flexibility, but then he was forced to wear a mask. Then her son, who has just moved was pulled from his initial classroom into a brand-new class. That new class had a teacher that read the "Call Me Max" book to her 2nd graders. Call me Max is a book about a little girl who identifies as a boy.

Erin's son raised his hand during the reading and told the teacher that God doesn't make mistakes and makes us the way we are supposed to be. The teacher told him no, you can be anything you want to be.

Erin was told on Thanksgiving morning that the son had been read that book. She immediately emailed the principal who apologized and said it wouldn't happen again, but also said the book was required to be in the school by the district as it is part of a broader book list.

At her request, her son was moved to a third class to finish the year but given all of the other changes, and the complete loss of trust in the school district, her son is now being homeschooled. They have no plan on sending him back to this public school. He was one of 4 other children to be pulled.

Subject: Interview request

Hi Savanah! I'm writing to request an interview with Governor DeSantis for *El Pulso del Poder*/*The Pulse of Power* show in Americano which airs at 10am EST daily from Monday to Friday. Americano is the first even Spanish language news network with a conservative editorial line. It broadcasts through SiriusXM (Channel 153) and through its own APP (Americano Media). https://www.nbcnews.com/politics/politics-news/defcon-1-moment-new-spanish-language-conservative-network-fuels-fresh-rcna18704

I'd like to have the Governor on the show this week or next, if possible. We would pre-tape the interview at a time of the Governor's convenience. It would be a call-in and would last 10-15 minutes. Topics would include inflation, gas prices, border security, mask and vaccine mandates, parental rights, right to life and the Hispanic vote.

The Pulse is the flagship conservative opinion show in the network. Since launching, only a few weeks ago, we have had as guests,, among others, Senator Mike Lee, Congressman Jim Jordan and Texas Governor Greg Abbott.

The show will serve as a bridge between conservative politicians, activists and thought leaders - who understandably avoid the liberally biased mainstream Spanish language networks- and the Hispanic community. As you know, recent polling shows Hispanic support for conservative ideas is growing exponentially, which makes communicating with this constituency extremely important.

AMERICAN OVERSIGHT

The goal of the show is to facilitate a constructive conversations with our guests through which they can convey their ideas to the Hispanic audience.

I'd appreciate your timely response.

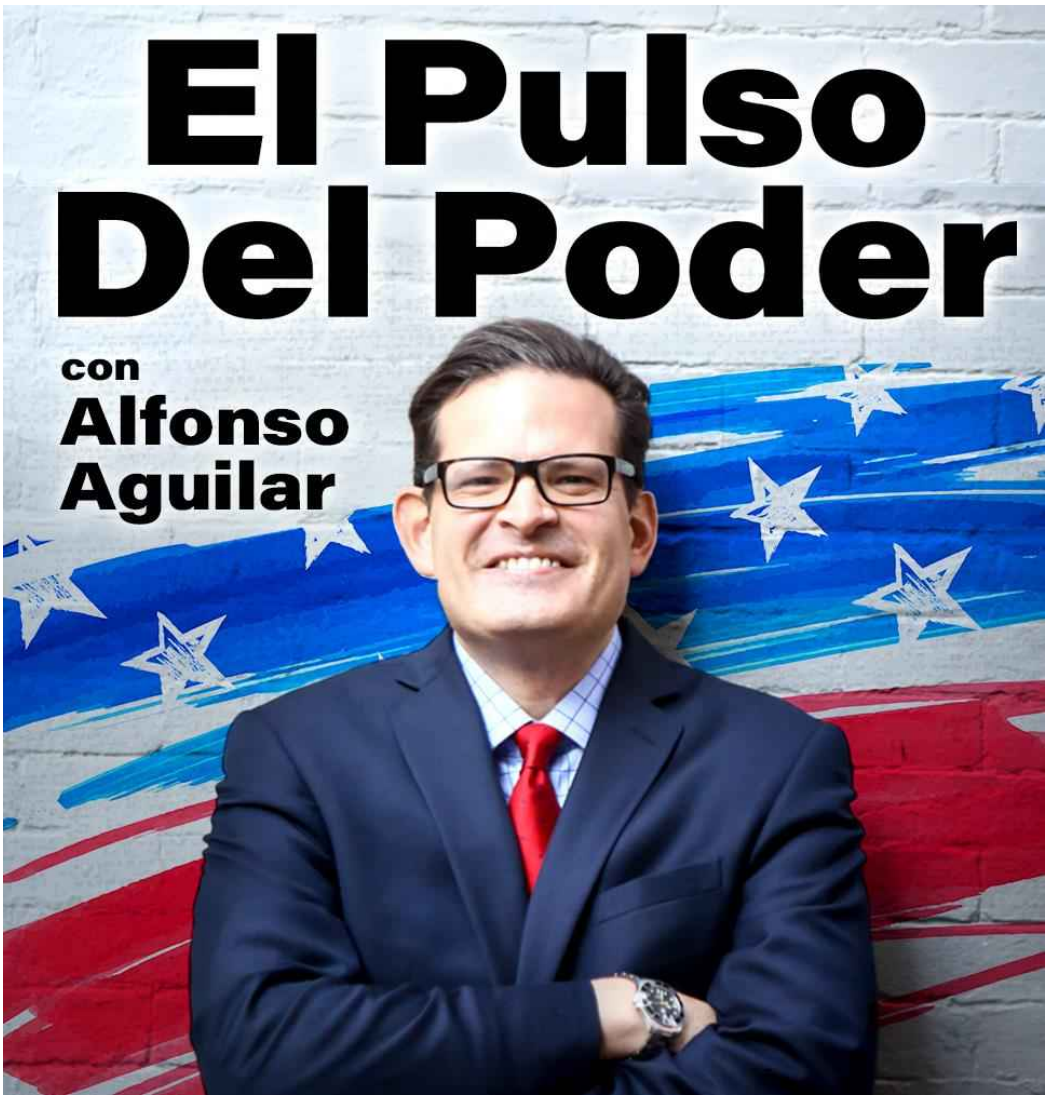

Best regards,

Alfonso Aguilar

Mr. Nash does not travel to Florida very often, and we are in hopes of securing time the last week of March or first week of April?

The Governor's availability will determine which date he will travel 😊

Gov is thinking about attending a spring training game before it ends (he mentioned Monday, 4/4, Tuesday, 4/5, and Wednesday, 4/6 although he thinks it ends on the 6th). He mentioned North Port (Braves) or Charlotte County (Rays). Can we pull all Florida options for those days to present to him? Thank you!!!!!

Hi there! Unfortunately we are in DC the week of April 4 leading up to the mansion reception so we were hoped for a time this week. If there's a time slot that could work that isn't Thursday morning, I can quickly draft emails to their professors requesting class absence excusal. Please let me know!

Thank you!!

Nick,

This opportunity may appeal to the Governor since its our largest event. We could make him the keynote at our annual conference in Orlando, Sept 20 or 21 this year. He can choose the day and time so that it works for his schedule. I would suggest the 20th any time of day, or before noon on the 21st since it's the last day of the conference.

AMERICAN OVERSIGHT

This vacation rental conference will have over 500 attendees and attracts Florida vacation rental home owners and managers from across the state. In addition, it will draw major national representatives from Expedia, airbnb, and other global travel brands.

Location: Wyndham I Drive Orlando

Please let me know if his team has interest. We will hold this keynote spot until we hear back.

Hi Taylor!

Rachel will have George Nash, CEO of Atkins North America in Tallahassee soon. She would like to schedule a meet/greet with Gov. DeSantis.

Mr. Nash does not travel to Florida very often, and we are in hopes of securing time the last week of March or first week of April?

The Governor's availability will determine which date he will travel 😊

Can you please let me know if his schedule permits?

Thanks so much!

The Honorable Ron DeSantis
Office of the Governor, State of Florida
The Capitol
400 S. Monroe St.
Tallahassee, FL 32399-0001

Dear Governor DeSantis:

The Tampa Bay Regional Planning Council and its Regional Resiliency Coalition cordially invites you to the second Tampa Bay Regional Resiliency Leadership Summit on April 5, 2022 - April 6, 2022, at the Hilton St. Petersburg Carillon Park, 950 Lake Carillon Drive, St. Petersburg, Florida 33716.

At the first Leadership Summit in 2020, we heard from national and international leaders in resiliency while engaging in a constructive dialogue about new and innovative programs, strategies, and policies that our local leaders can implement in their communities to create a more resilient Tampa Bay. The second Summit will take our regional resiliency efforts to the next level as we unveil the progress and work that has taken place since the first summit with the introduction of the *DRAFT Regional Resiliency Action Plan (RRAP)*. Summit attendees will participate in a historic event to solidify this resiliency plan for future generations to come. And like the first event, the agenda will be comprised of local leaders and experts in the field of resiliency and will specifically address impacts such as storm surge, sea level rise, flooding, and extreme weather that affect our region and how best we can work together to address these issues.

Since 1962 the Tampa Bay Regional Planning Council has been recognized throughout the State of Florida and the nation for innovative planning and implementation of projects in areas of economic development, emergency preparedness, natural resources and the environment, affordable housing, regional transportation, and resiliency. We would be honored by your participation as well as the opportunity to partner with you on your endeavors to serve the citizens of the Tampa Bay Region and the State of Florida.

Living in Tampa Bay is living in paradise. However, living in paradise comes with great responsibility. Your efforts on behalf of a more resilient Florida will protect our beautiful home state for generations to come. We invite you to share your vision and accomplishments for a more resilient Florida on April 5, 2022, from 4:00 p.m. until 5:00 p.m. Other leaders invited to participate include Senator Wilton Simpson and Representative Chris Sprowls.

Thank you for your leadership in the State of Florida and we hope to see you at the Summit. We would be honored by your participation.

Sincerely,

Jack Mariano

Nick,

This opportunity may appeal to the Governor since its our largest event. We could make him the keynote at our annual conference in Orlando, Sept 20 or 21 this year. He can choose the day and time so that it works for his schedule. I would suggest the 20th any time of day, or before noon on the 21st since it's the last day of the conference.

This vacation rental conference will have over 500 attendees and attracts Florida vacation rental home owners and managers from across the state. In addition, it will draw major national representatives from Expedia, airbnb, and other global travel brands.

Location: Wyndham I Drive Orlando
Wyndham Orlando Resort
8001 International Drive
Orlando, FL 32821

Please let me know if his team has interest. We will hold this keynote spot until we hear back.

Thanks
Denis

Update on Sierra Space meeting request:

- "As we discussed, Tom would like to visit with the Governor sooner v. later, so is flexible to meet with the Governor at a date, location and time that works best anywhere in the state."

Mr. Nash does not travel to Florida very often, and we are in hopes of securing time the last week of March or first week of April?

The Governor's availability will determine which date he will travel 😊

Mary, I'm happy to chime in on my and Ray's availability, and also to coordinate with Academica as needed, but please go ahead and see what dates might work with Casey.

Thank you to both of you!

Hi Savannah,

I want to check with you again about the possibility of a visit with the Governor by Mr. Ricketts in early April. I'm thinking a 30-45 minute meeting would be sufficient. I will participate, as will two of my senior colleagues, and I believe Fernando Zulueta and Julio Robaina from Academica will come as well, as we have now formed a partnership following the introduction from the Governor. We'll be happy to come to Tallahassee, or meet him somewhere else if needed.

Please let me know what dates might work for this.

Thank you very much!

Manuel,

Great to see all the positive updates and two things regarding your tremendous progress.

1. Regarding the Governor's calendar on April 6, I've copied in Savannah, who leads all things calendar related. She'll work with you to see what is feasible.
2. Regarding your Career Pathways Program and Network, I want to introduce you to Chancellor Henry Mack at Florida DOE. I know I introduced you to Chancellor Jacob Oliva and Dr. Dre Graham previously. Hen ry would be a great contact for you

regarding career pathways.

Thank you again for the updates. These developments are so exciting for Florida's students!

Hi Alex,

I hope the year is going well for you and your

AMERICAN OVERSIGHT

team. A lot has happened here and I figured it's time for catching you up. I also want to see about a visit from Mr. Ricketts to Florida with an opportunity to meet with the governor.

We had very productive calls with every one of your introductions - thank you again for your effort in making that happen. Since then, we've formalized a partnership with Academica, and are now in the process of rolling out our program in two of their schools. We're also beginning the work on 3 charter applications in central Florida, with the plan to expand that each year over the coming years. To drive that work, we've hired Katharine Fuente, formerly on the city council of Hialeah. She's based in Miami. We are also working on hiring an additional teacher trainer, and will expand the Florida team of Opportunity Education as the school network grows.

As part of our rollout of the program, we are including our Career Pathways Program and Network, which will focus on career explorations, internships, foundations of professionalism and personal finance - that

AMERICAN OVERSIGHT

seems to fit well into the current education needs, and we're very excited to develop corporate partnerships to engage with Pathways in the Orlando area.

Finally, Mr. Ricketts is planning to come to Orlando to visit the schools and meet the Academica leadership. He is eager to meet the governor briefly, if that were possible. We are targeting Wednesday, April 6 as a possible date - what's the best way to explore that possibility?

Thank you again for all your help, and I hope to meet you in person in April!

Best wishes,

Manuel

I am looping in our scheduling team to confirm, but I don't believe the Governor will be able attend due to other commitments that day.

We will certainly share the invite with him, and please keep our office in mind for future opportunities.

Thank you!

Subject: Invitation: USF's Research Park Ribbon Cutting Ceremony

Good evening Taylor,

I hope this email finds you well. On behalf of the University of South Florida, I wanted to extend an invite to Governor DeSantis for USF's Research Park Building Ribbon Cutting Ceremony. The event will take place on Thursday, March 31 at 10 AM on the USF Tampa campus. We would be

AMERICAN OVERSIGHT

honored if the Governor could join us in celebrating the unveiling of USF's new building that will transform their position in research and leave a lasting impact on our community.

I have attached an invite which includes additional information.

Located at the gateway to the USF Tampa campus, the project is designed to bring together researchers, patent officers, entrepreneurs, financial investors, and corporations to maximize the success of technology commercialization and the Tampa Bay region's growing innovation and knowledge economy.

USF's innovation and economic development efforts generate more than $582 million in statewide impact each year and sustains more than 4,000 jobs. 82% of the jobs created by USF innovation statewide are in the knowledge-based services sector. USF also ranks 8th in the nation among public universities and 15th worldwide for granted U.S. patents among all universities according to the *Intellectual Property Owners Association*/NAI (2020) and has been among the Top 10 public universities for U.S. patents granted for nine consecutive years.

If the Governor is able to attend, kindly RSVP to me in response to this email or lhartmann@usf.edu, (727) 743-6228.

Please let me know if you have any further questions I can answer.

Thank you! I look forward to hearing from you.

Best,

Madyson

All, thank you very much. I am taking I am taking the liberty of jumping in here. I am sure the governor is super busy, especially in this election year.

My husband Mark Levin and I had the honor of being with the Governor and First Lady just last Friday night at the Lincoln Day dinner. They are truly magnificent in terms of their values, what they are doing for Florida and the United States, quite frankly. They are also dear friends of Mark and me.

A brief “shout out” to OCS. I would appreciate it if you would share with the Governor that I am on the Board of Our Community Salutes, and believe thoroughly in its mission. There is no entity in the United States that honors the less than 1% of our country’s high school graduates who, instead of going to college or trade school or otherwise, sign up to serve in our United States Armed Forces. Indeed, they are willing to make the ultimate sacrifice for all of us. In these precarious times, their willingness is especially crucial. Our communities across the United States must honor them.

We would be beyond honored to have Governor DeSantis and, of course the First Lady, attend this OCS Ceremony.

Thank you for your time.

Best to you all.

Katherine Anne, hope you are well. Seems like a million years since you did the Marshall Fellows thing with us!

Dustin I guess our mutual pal thought you might be right person to ask about this.

Below in the next email under, Dr. Ken Hartman wants to start a dialogue about Governor DeSantis potentially serving as a keynote speaker at one of his "Our Community Salutes" events.

Jim Carafano and I met with Dr. Hartman a couple of weeks ago and he told us about his organization's mission: to honor high school students who volunteer to serve in the armed forces. I think it is a wonderful purpose and idea. Right now the military is struggling to attract enough volunteers.

I was hoping you might be able to refer Ken to the appropriate person in the Governor's office? Just FYI I am speaking at a May 20 event here in the DC area, so they have my full support.

Best wishes from the Heritage mothership!

Good morning Jim,

Just checking to see if you are available to speak at our OCS High School Enlistee Recognition Dinner Ceremony in Fairfax County on 20 May.

Also, during our last conversation, someone suggested Florida Governor Ron DeSantis would make a great speaker at our inaugural OCS Ceremony in Orlando on 23 May (House of Blues-Orlando, 500 people expected).

Do you have a good contact for Governor DeSantis that we could use to send him a speaking invitation?

Dear Governor DeSantis,

I write to invite you to be our featured civilian speaker at the Inaugural Our Community Salutes High School Enlistee Recognition Dinner Ceremony in Orlando on May 23rd at the House of Blues-Orlando.

Our Community Salutes recognizes and honors high school seniors (and their parents) who plan to enlist into the military after graduation this spring. Over the past fourteen years, OCS Ceremonies have been conducted in over 50 locations throughout the country, including three OCS Ceremonies in Florida (Miami, Jacksonville, Palm Beach), Philadelphia, Delaware, Baton Rouge, Detroit, Atlanta, Hawaii, Austin, Dallas/Fort Worth, Baltimore, San Antonio, San Juan (PR), and Washington (DC).

As with past OCS Ceremonies, we expect over 400 people in attendance at the Orlando OCS Ceremony (5:30 pm to 9:00 pm), including over 100 active duty and FL National Guard service members, local military veterans, regional business leaders, college presidents, school superintendents, and both local and national media.

Good Evening
I am a firefighter in Southwest Florida and I am an advisor for a youth firefighter program. Every July we have a silent auction at the Florida Fire Chiefs Association Executive Development Conference that benefits our cadets. I was wondering if I sent a photo to Gov. Desantis, would he be willing to sign for our auction? Also, I got a challenge coin display donated and I am having departments around the state donating a coin. Does the governor have a coin willing to donate? I attached a letterhead which goes into detail of our event, organization and our 501c3 ID. If you have any questions, please let me know.
Thank you

Clint Skelton

Florida Fire Chiefs' Association
Fire Rescue Cadets

The Florida Fire Chiefs' Association (FFCA) is holding their annual conference in July 2022. The FFCA has given the Fire Rescue Cadets the opportunity to hold a silent auction during their conference this year. One hundred percent of the proceeds will be used to sponsor Cadet training events throughout the year. Most of the funding for the individual Cadet programs comes from fundraising and often this becomes a barrier for some of the youth to attend the training events. These donations will allow the Section to reduce the costs of these events and provide the youth more opportunities to attend.

The Fire Rescue Cadets are a non-profit (501c3) Section of the Florida Fire Chiefs' Association (FFCA). The Mission of the Florida Fire Chiefs' Association Fire Rescue Cadet Section is to provide fire departments with the necessary resources to sponsor youth programs that will develop future firefighters and emergency medical providers. The Section is dedicated to "Home Growing Our Own" by ensuring the leaders of each program have the resources to provide purposeful training in fire, emergency medicine, and leadership development. The goal for each sponsoring fire department is to provide a program that will provide the youth of their communities an opportunity to become mature young adults with good leadership and decision-making skills.

Donations is the form of items, collectables, gift cards, tickets, or vouchers are essential to the success of our auction. You or your organization will be identified on the auction item as the donor along with any promotional material or business cards you provide. The Section can also provide you with a Thank You letter or receipt if needed for accounting purposes. We are requesting that all items please be received by June 30, 2022.

Thank you for considering a donation and helping the future firefighters and emergency medical responders in Florida.

Sincerely,

Clint Skelton, Cadet Advisor

AMERICAN OVERSIGHT

Masks on Transportation Lawsuit
March 29, 2022

[INTRODUCTION]

- Its great to be here today with Attorney General Moody.
- Over the past two years, unelected federal bureaucrats have used COVID to exert power over Americans – enacting heavy-handed mandates without the data to back them up.
- They have tried to prevent us from traveling and attending events without masks or vaccine passports.
- They have tried to prevent us from visiting with our loved ones in hospitals and nursing homes for months at a time.
- All of this, while trying to prevent children from attending school in person, despite what the science says.
- The Biden Administration has tried to force us to wear masks, even outdoors, despite COVID cases dropping and the efficacy of masks proven to be low.
- **In Washington D.C., they want to brainwash us into believing that they know what is best, but in Florida we know that each individual deserves the freedom to make their own decisions on what is best for them.**
- **In Florida, we closed the curtain on COVID theater.**
- I have stood up for freedom, doing everything in my power to fight back against the Biden administration and their baseless, overreaching, mandates.
- That is why last July, I signed an executive order to allow parents to choose whether their child needed to wear a mask in school.
    - And we fought hard to make sure that schools complied.

AMERICAN OVERSIGHT

- And in October, I joined AG Moody in announcing a lawsuit against the Biden Administration's order to require federal contractors to be vaccinated.
- In November, we launched a lawsuit to fight the unconstitutional OSHA employer vaccine mandate.
- And we will continue to take action and fight for the rights of Floridians, because it is time for a return to normal, without the federal government telling you how to live your life.

[ANNOUNCEMENT]

- **Today, I am joining AG Moody in announcing a lawsuit against the Biden Administration's ridiculous continuation of the transportation mask mandate.**
- The Biden Administration continues to hold onto the idea that we need them to think for us but we will not sit idly by and let them continue their COVID theater.
- Last week, the CEOs of major airlines including American, United and Delta wrote an open letter to the Biden Administration asking for an end to the mask mandate on transportation.
- In 2021, the FAA reported that nearly 70% of passenger incidents were mask-related.
- **We are all calling upon the Biden administration to do what is long overdue and remove this unwarranted mandate.**
- There is no scientific reason for forcing people to wear masks that we know are not effective.
- Forcing a three year old to wear a mask on a flight, who doesn't understand why they are wearing a mask in the first place, is not effective.

AMERICAN OVERSIGHT

[CONCLUSION]

- As long as I am Governor, I will not allow Floridians to be jerked around by the Federal Government.
- Floridians are done being told what is best for them, by people who do not live in Florida and who vacation here to escape the mess that they themselves created.
- If you feel comfortable vacationing in Miami or Palm Beach maskless, then there is no reason to force masks while you are traveling here.
- I will continue to fight along with AG Moody for the freedoms Floridians deserve and a rightful return to normal life.
- COVID theater ends here.
- Thank you.

Subject: Jax Businesses

Joseph's Pizza

- Two locations: one in Atlantic Beach and one in downtown Jacksonville.
- Jacksonville's oldest pizzeria. **Very** popular with law enforcement and **very** friendly with Jacksonville Sheriff's Office (JSO), Jacksonville Fire Rescue Department (JFRD), and Atlantic Beach Police Department.

Junior's Seafood Restaurant & Grill

- Located in downtown Jacksonville.
- In January there was a fire that had the restaurant closed for two weeks and officers from JSO from Zone 6 helped to raise money to get the restaurant back open. I believe they raised over $3,000 to help the owner and the employees. This restaurant is very popular among JSO and JFRD. Not sure if this location has reopened yet, but they also have a location in Callahan in Nassau County.

Angie's Subs

- Located in Jax Beach, and they make really great subs (based on many personal experiences)
- Owner has done events with Jacksonville Beach Police Department in the past and they are a frequent stop for officers that live at the beach or work for Jacksonville Beach Police Department.

Lynch's Irish Pub

- Located in Jax Beach.
- Known for being a military and police-friendly bar and grill. In kind of a funny story, I think they also donated something like $10,000 to firefighters a couple of years ago after the fire marshals deemed all the cash they had hanging throughout the restaurant was a fire hazard.

Hi Anna,

Here is the information for the 2022 Captains For Clean Water, Florida Skiff Challenge.
Would love to have the Gov at the kickoff on Thursday. April 7th at The Flora-Bama in Pensacola. As of now, the race is scheduled to start at 6:30 am on Thursday, April 7th. We could start the race a little later if we need to accommodate him.
The idea would be to have him say a few words and start the race. We limited the race to 6 boat manufacturers this year. Of the 6 boat companies, I believe 4 of them manufacture their boats in Florida.

Thank you!
Jess

The owners of this business struggled during 2020 and know that without Governor DeSantis' hard work for everyone in the state that they could have lost their business. Hi Anna,

Here is the information for the 2022 Captains For Clean Water, Florida Skiff Challenge.
Would love to have the Gov at the kickoff on Thursday. April 7th at The Flora-Bama in Pensacola. As of now, the race is scheduled to start at 6:30 am on Thursday, April 7th. We could start the race a little later if we need to accommodate him.
The idea would be to have him say a few words and start the race. We limited the race to 6 boat manufacturers this year. Of the 6 boat companies, I believe 4 of them manufacture their boats in Florida.

Thank you!
Jess

SKIFF CHALLENGE OVERVIEW

THE 2022 FLORIDA SKIFF CHALLENGE

Thursday, April 7– Sunday, April 10, 2022

What began as a head-to-head battle for bragging rights has evolved into a daring feat to help Captains for Clean Water shine a spotlight on Everglades restoration and solutions to Florida's water crisis.

Skiff manufacturers are invited to put their boats and best teams to the ultimate endurance test, circumnavigating the state of Florida in a nonstop race to the finish.

1,300 miles of grueling waterway. Two days. No sleep. One winner.
May the best skiff win.

ABOUT CAPTAINS FOR CLEAN WATER

Captains For Clean Water is a 501c3 nonprofit organization advocating for clean water and healthy estuaries across South Florida.

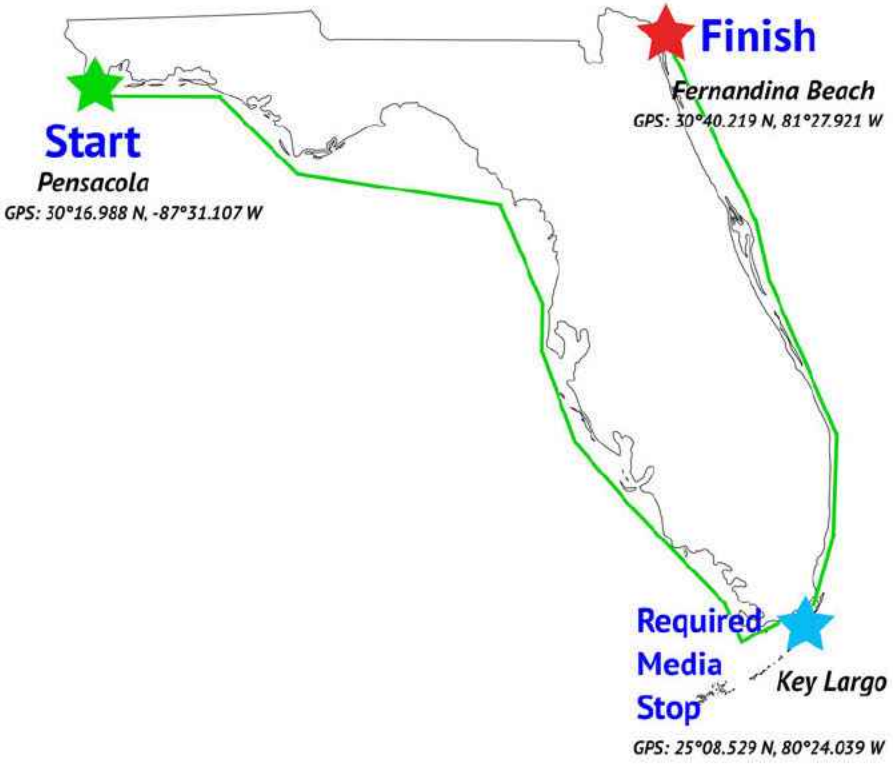

They started out as a group of fishing guides that "had enough" of Florida's poor water management practices. Given the destruction seen firsthand, they were convinced that if everyone knew what they knew, the problem would have been fixed already. They discovered that solutions have been delayed for decades due to a lack of political will and public awareness.

Through public education and advocacy, they fight to ensure science-based solutions to Florida's water quality issues are implemented by our policymakers.

AMERICAN OVERSIGHT

NEED-TO-KNOWS

DAY-OF PLANNING

- Boat fuel tank should be empty for inspections. If full, tank will be siphoned so capacity can be properly checked.
- All team members must be present at race start - captains and chase crew.

FUELING & REPAIRS

- Once skiff enters the water, it cannot be removed for any reason. Repairs to skiff must be made in the water, at a dock, or on a sandbar. If skiff is loaded on a trailer or removed from water, the team is disqualified.
- Teams cannot trade any items or supplies from another vessel to their vessel. All supplies must be received from chase crew on land.
- Fuel must be provided by only the Chase Crew throughout the entire event with the exception of two "exemption zones." In the two exemption zones, skiffs will be allowed to re-fuel from any source on land with the assistance of other individual(s) that are not Chase Crew members. Once the skiff exits the exemption zone, the original rule applies, and fuel can only be provided by the Chase Crew from land once again. These fuel exemption zones will alleviate the time constraints and enhance our safety measures to the Chase Crews.
- Fuel must be provided by chase crew or a place of purchase. Fueling may not be done from another vessel or by an individual other than a team member.

REQUIRED MEDIA STOP + TIME-SHAVING INCENTIVE

Skiffs are required to stop at Key Largo Marriott to speak with media. Your time depends on amount of funds raised on your team fundraising page. An official timekeeper will be onsite to time each team. No repairs or fueling allowed during your required time. Teams must wait until allotted time has passed, then may proceed with fueling and any repairs.

- 2 Hour Stop can be reduced to as little as 30 minutes
- Every $250 raised shaves 1 minute from required time

Key Largo Marriott, Key Largo, FL
103800 Overseas Highway Mm 103.8, Key Largo, FL 33037

- GPS devices will stream to a map on captainsforcleanwater.org/skiff-challenge where viewers can follow the race in real-time
- The Facebook Group will be embedded on same page as map so viewers can get in on the action in one place

State Funeral for World War II Veterans, George Patton Award

Subject: Acceptable Dates this Summer to Present the George Patton Award to Gov DeSantis in TALLAHASSEE

As Representative Maney has shared with you, we feel it is a perfect "fit" for the Governor of Florida to be our first ever recipient of the George Patton Award. We presented our George Marshall award to Senator Joe Manchin a few weeks ago.

Our goal: To convince the President of the United States (who has sole authority) to designate a State Funeral for the final MOH holder from World War II. As you know this is hero is Woody Williams, (Iwo Jima 1945) who is interested in traveling to Florida to make this presentation, depending on the date. This funeral will honor all 16 million men and women who served in the Second World War. A final salute t the greatest generation.

AMERICAN OVERSIGHT

The George Patton Award is for a elected official who has a long history of military service and of serving and honoring Veterans. A man like Ron DeSantis

This is the perfect presentation at the perfect time.

HOW DOES THIS BENEFIT GOVERNOR DESANTIS?

- There are 35 million families who have a parent, grandparent, great aunt or uncle who served in the Second World War.
- Florida is a terrific military state and veterans of all ages will love this award
- This puts Governor DeSantis in favor of something simple and patriotic that former President Donald Trump never got around to doing when he was in the White House
- We are organized in all 50 States!

POSSIBLE DATES FOR A SUMMER PRESENTATION IN Tallahassee
- May 21. 22, 23, 24, 25, 26, 27
- June 14, 15, 16, 17,20, 21, 22, 23

Please let us know as soon as possible which date is best for you so we can buy airfare at the lowest possible price. This is important to a non profit like ours!

Mr. Nash does not travel to Florida very often, and we are in hopes of securing time the last week of March or first week of April?

The Governor's availability will determine which date he will travel 😊

State Funeral for World War II Veterans, George Patton Award

AMERICAN OVERSIGHT

Subject: Acceptable Dates this Summer to Present the George Patton Award to Gov DeSantis in TALLAHASSEE

As Representative Maney has shared with you, we feel it is a perfect "fit" for the Governor of Florida to be our first ever recipient of the George Patton Award. We presented our George Marshall award to Senator Joe Manchin a few weeks ago.

Our goal: To convince the President of the United States (who has sole authority) to designate a State Funeral for the final MOH holder from World War II. As you know this is hero is Woody Williams, (Iwo Jima 1945) who is interested in traveling to Florida to make this presentation, depending on the date. This funeral will honor all 16 million men and women who served in the Second World War. A final salute t the greatest generation.

The George Patton Award is for a elected official who has a long history of military service and of serving and honoring Veterans. A man like Ron DeSantis

This is the perfect presentation at the perfect time.

HOW DOES THIS BENEFIT GOVERNOR DESANTIS?

- There are 35 million families who have a parent, grandparent, great aunt or uncle who served in the Second World War.
- Florida is a terrific military state and veterans of all ages will love this award
- This puts Governor DeSantis in favor of something simple and patriotic that former President Donald Trump never got around to doing when he was in the White House
- We are organized in all 50 States!

POSSIBLE DATES FOR A SUMMER PRESENTATION IN Tallahassee
- May 21. 22, 23, 24, 25, 26, 27
- June 14, 15, 16, 17,20, 21, 22, 23

Please let us know as soon as possible which date is best for you so we can buy airfare at the lowest possible price. This is important to a non profit like ours!

Are there some dates over the summer that would work for you all? As we are in the heat of the bill signing season, it is hard to predicate when the Governor will be in the office right now, so summer is a bit better on our end.

I will try to extend an invitation to the Governor for our 2023 awards luncheon -- after he is re-elected. I know he is very busy. Can you give me some advice on when to start the process to facilitate his acceptance for next year's program?

the Governor's availability and let's see if it would work. We, in my organization, recognize that the Governor is

very much pro-law enforcement and we applaud him for that. The Florida Crown Chapter (Greater Jacksonville)

of the Society of Former Special Agents of the FBI, each year recognizes special employees of the Jacksonville

Division of the FBI, the largest division territorially in Florida and in which is found His Office - Tallahassee.

During our April 22nd luncheon we will proudly honor the Special Agent of the Year, the Task Force Officer of the

Year, the Professional Support Person of the Year and the Humanitarian of the Year.

It would be a great honor if Governor DeSantis would agree to be our guest speaker for this event.

Director Smith, what do you think about this possibility? We would need to get a firm commitment in a timely manner.

I look forward to hearing from you and getting your thoughts about this possibility. Do we need to speak telephonically

regarding this matter?

I have attached a copy of that letter for your perusal. We determined that Gov. DeSantis, because of scheduling conflicts, could not speak at our February, 2022 meeting and I offered some other dates; see below.

Below are the messages you and I exchanged in regards to my request for Gov. DeSantis to speak before our group of retired special agents of the FBI:

Mr. Jones,

Good morning. Thank you for inviting Governor DeSantis to attend the Florida Crown Chapter Society of Former Special Agents of the FBI Chapter Luncheon next year. Unfortunately, I regret to inform you that the Governor will be unable to attend the luncheon next February due to some scheduling conflicts. Good Morning Director Smith. Thank you very much for your response. I certainly appreciate it! I can work with you in an effort to schedule Governor DeSantis. My Chapter members and I very, very much support the Governor and his work for the betterment of the State of Florida. As in my letter, we would very much like to have him as our guest speaker for this special event. Again, I must say that he will have a very friendly and supportive audience at this luncheon. I have the liberty and responsibility to schedule the event to coincide with the schedule of the Governor. Rather than have him in February, would it be possible to schedule him on either of the below dates:

Hi Christina,

AMERICAN OVERSIGHT

I hope you are well.

I am following up on a January story: the Equal Ground Action Fund published an open letter asking the Florida government to put more state-run testing sites and vaccination sites in communities of color. One of the leaders of Equal Ground Action Fund, Pastor McCoy, said the governor's scheduler reached out after that public letter and said Gov. Ron DeSantis was interested in scheduling a meeting.

Pastor McCoy told me today that a meeting was never scheduled and the governor's office did not respond to a follow-up request. He shared an opinion that the governor "blatantly ignored our plea." He still hopes to arrange a meeting because he feels more testing and vaccination sites should be put in Black communities.

I have a few questions in response to this.

1. Why has the governor not met with the Equal Ground Action Fund?
2. Is the governor hoping to meet with the group in the future to discuss the needs of communities of color?
3. Could you share the names of leaders or organizations that currently advise the governor on Black communities' needs?

My deadline is Tuesday, March 29 at 10 am.

Thank you,
Caroline

Pastor McCoy,

My name is Dylan Fisher, and I have the privilege of serving as Director of the Governor's Faith and Community Initiative Office. My colleague on the Governor's external affairs team was kind enough to share your information with the hopes of us connecting to discuss faith-based initiatives and continued support for our state's HBCU's.

I would welcome the opportunity to meet with you and the Florida State Network of African American Clergy Alliance Presidents, on behalf of the Governor. I have also included Ms. Shelby Cecil, the Governor's Education Policy Coordinator, on this email in hopes that she can participate in our meeting, particularly as it relates to the investment in and support of Florida's HBCU's.

It is my understanding that you and your team are available next Tuesday, Wednesday, and Thursday for a virtual meeting. If that is still the case, may I suggest next Wednesday in the afternoon?

Again, I very much look forward to hearing from you and meeting soon.

Savannah,
I wanted to follow up on an invitation the Florida Wildlife Corridor Foundation sent to Governor DeSantis to have him kickoff the statewide Summit on Wednesday morning April 13th (of course we would be honored to have him at any time!).
Do you have all the information you need from us? I believe the Executive Director Mallory Dimmitt sent the original invitation to Anna and I presume she forwarded it along to you.
I would appreciate the opportunity to talk you through the Summit agenda and hopefully find the best chance to have the Governor participate. Please give me a call at 407-247-3000 if you have a moment.
Thanks,
Oscar

Savannah- just an FYI, we are now approaching 400 attendees for the May 4 Tampa dinner for the Governor. We have just asked for full military honor guard from MacDill Air Force base, Central Command to be there that evening with the Governor.

A couple of questions, everyone hopes First Lady Casey can also attend as she did the Miami dinner we did in October of 2019. Also should we invite local House and Senate members to this event? Thanks and let me know as we get closer which members from your team will be in attendance.

Wil give you more updates later on. Thanks. Alex

Realize that we are less than 6 weeks out and that should the Governor decline, we won't have much time to find a suitable alternate. Please advise as soon as you can. AMERICAN OVERSIGHT

For Internal Use Only
Last Updated March 16, 2022

In collaboration with the City of Miami Beach and a diverse group of partner institutions in and beyond South Florida, the Aspen Institute is enlisting global and local policymakers, scientific experts, corporate leaders, inventors and innovators, artists, young leaders, influencers, and engaged members of the public to participate in Aspen Ideas: Climate 2022. This multi-day event will take place May 9-12, 2022, and will feature main stages, breakout and roundtable sessions, tours of local and historic resilience points of interest, as well as fashion, food, art, and music activities. Aspen Ideas: Climate is designed to offer the public a chance to interact, learn, and collaborate with thinkers and do-ers whose actions are critical to addressing our collective future around the realities of a changing climate.

Why are we doing this? Earth's climate is changing, and it is changing now. As the global temperature rises, it brings sea level rise, fire, drought, flooding, extreme weather events, and heatwaves, having subtle and severe long-term effects on species of all kinds. What is our path forward? We take the view that to mitigate the worst effects of climate change and adapt our society to these unsettling conditions, we need to develop and deploy climate solutions on a planetary scale, with speed and efficiency, or we risk increasingly destructive outcomes. Importantly, we need the public to embrace ideas.

There are a range of potential solutions, including new policies, new and improved technologies, and redesigned market and financial instruments. While each community, company, and country will choose their own path, a comprehensive approach requires us to rethink mobility and architecture, shift priorities in investment and job creation, and change how we produce and consume energy and food. It will also require collaboration and consideration of diverse perspectives for meaningful change to occur.
The problem is urgent, but it is solvable if everyone — individuals, communities, national governments, NGOs, and the private sector — acts now.

Enter Aspen Ideas: Climate, where a number of the world's most ambitious climate problem solvers from across the U.S. and around the world will participate in a major public event in Miami Beach. This great city is facing the daily effects of sea-level rise, intensifying storms, and weather shifts. It is also a locus of innovation and adaptation in the face of the crisis. Miami Beach is making the necessary changes to enhance its resilience, and city, business, and community leaders have collectively embraced this effort. Participants will be more prepared to engage this formidable challenge with a deeper appreciation for what is necessary — and possible.

Tracks

Earth on Offense

Climate change represents a clear and immense danger to our terrestrial and ocean ecosystems. And with growing threats from ocean acidification and deforestation, both land and sea are victims of our rapidly warming planet. Hope lies, however, in repositioning our earth as the offensive player it can be in halting climate change and uplifting the innovative solutions that lie within our ecosystems. The discussions in this track will provide a framework to view agriculture and food systems, forests, and the ocean as key tools in what will need to be a rapidly expanding toolbox. Can we challenge the common adaptive approaches that unnaturally bifurcate land and sea, and instead frame solutions through a broader systems approach? Sometimes the best defense is a good offense, and our earth's ecosystems together offer the solutions necessary to beat the climate crisis.

Sessions:

- Telling the Story of the Ocean
- Forests of the Land and Sea
- Farming as a Solution to Climate Change
- Food as a Solution to Climate Change
- Exploring Carbon Dioxide Removal
- Improving on "Americas Best Idea": How National Parts and Protect Areas are Innovators

Clean Power, Bright Future

Our coffee makers, phone chargers, washing machines—our lives—are powered by the humble flip of a switch, click of a plug, or press of a button. Convenience is so ubiquitous, it's easy to lose sight of where the energy that powers it comes from. Fossil fuel combustion for energy, predominantly through transportation and electric power sectors, accounts for roughly 74 percent of total annual U.S. greenhouse gas emissions.. As the principal instigator of the climate crisis, how can society transform the way in which we power our world to work with—not against—Mother Nature? Is electrifying our economy and powering it with clean energy within our reach? What policies, technologies, and

AMERICAN OVERSIGHT

innovations do humans need to deploy to achieve clean energy solutions? Who will help us get there and how do we ensure no one is left behind?

Sessions:

- Climate Action, By the Ton: Bringing the True Cost of Climate Change into Decision-making
- Advancing Nuclear Energy: Opening a Versatile Toolkit for Decarbonization
- Energy for Equality | Unlocking Clean Energy Investment in Developing Nations
- Electric Sector Decarbonization Playbook
- Powering the Neighborhood of the Future
- A Just Transition
- Addressing Climate Across the Aisle

Climate-Smart Money

While government policies and funding are crucial to scaling climate solutions, the private sector has a critical role to play in reducing greenhouse gas emissions, building a climate-smart economy, and helping our communities adapt to climate change. From new sustainable business models, green investing, and billionaire philanthropic bets to individual charitable acts, this track will examine what's working and what's not. What are the best ideas for enabling a just and inclusive transition to a net-zero economy? How can corporate leaders, entrepreneurs, investors, philanthropists, and average citizens contribute to climate solutions?

Sessions:

- Corporate Green Beacons: Leading in Corporate Sustainability
- Investment Houses Turn Green: Will it make a difference?
- Sustainability at the Top: Corporate Sustainability Officers Roundtable
- The Inside Game: The Power of Climate Investor Activism
- Green Investing 101: A Primer
- Green Investing 202: Exploring Sustainability Strategies
- Green Investing Showcase: Tech for NetZero
- Philanthropic Approaches to Climate Action: Strategies and Tools
- Climate Smart Lives: What Can I Do?

Resilient Communities

Even before climate scientists sounded the alarms, building resilient communities to withstand adversities, both small and large, was essential to quality of life. But now that the climate crisis is at our front door, the mainstays of a strong community—good schools and hospitals, safe housing, desirable jobs, and green spaces—are more important than ever. How can we strengthen the resilience of all people and the places they live while centering equity in the process? How are small towns and big cities alike driving change by empowering activists, storytellers, and teachers and deploying the best ideas among architects and city planners? And for communities destroyed by disaster, can we imagine a framework for relocating them with dignity and respect? As we work to adapt to—and hopefully heal—a planet in peril, this track will highlight stories of resilience and design that serve everyone.

Sessions:

- Miami Leaders at Ground Zero and What They Are Doing About It
- Freedom to Breathe: Climate Justice is Social Justice
- Resilient By Design
- 2100 and the Buoyant City
- Climate Change Communication
- Adapting Communities to Extreme Weather
- How Can We Save Small Town America?
- It's Getting Hot in Here
- Teaching Climate Change in Schools

Viewpoints

Beyond the kinds of discussions and presentations that each program track will embrace, we will also bring to the stage a range of presenters and leaders whose work transcends and addresses a broader range of topics, including: Artists, Policy Makers, Philanthropists, Industry Leaders, Storytellers.

Wanted to start this email to discuss room logistics for next Thursday. I know you and Barbara are looking at the space this Thursday, but wanted to see if you could follow up with the room name and pictures.

I've looped in Silvia Castellanos with my team who will advance the event for us next week. She will need to access the room about two hours early that day. We will also need to make sure we have all the AV needed for the event (podium, mic, mixer, mult-box). Is this something we should connect with you about or your AV team?

In this luncheon, they do have it scheduled to recognize Jackson Health System for their service to the community and their commitment to the local businesses as part of their modernization bond (which was passed in 2013) which helped expand and modernize their facilities and which they did accomplish with help from many local businesses. This event will be held at the Biltmore Hotel. Other luncheon dates for 2022 the Governor has been invited to: o LBA Awards Luncheon – Friday, September 30th (location TBD) • Similar to 2021, their Awards Luncheon is one of their biggest events of the year. In 2022, they will look to build on what they did in 2021. It is usually attended by nearly 800 individuals, including many local small business representatives. They would like for the Governor to serve as their guest of honor and keynote speaker at this event over all the other events. This is a repeat of their 2021 event where the Governor was the keynote speaker, but they can imagine the Association awarding him the 'Leader of the Year' Award for 2022. o LBA October Luncheon – Friday, October 28th, location TBD • Their October luncheon should be very interesting as it will be Mid-Term Election weekend – with plenty of local, state and federal elections on the line. Their group is overwhelmingly conservative, so they strongly anticipate this being a rally point for election day. They do not have a keynote speaker set for this luncheon just yet, and if the Governor cannot do the Awards Luncheon, they believe this luncheon would be very special given the election implications.

	Notes	o The Able Trust High School High Tech (HSHT) program provides high school students with disabilities the opportunity to explore jobs and post-secondary education leading to in-demand careers. HSHT connects students to a broad range of academic and career development resources and experiences that will help prepare them to meet the demands of the 21st century workforce. o In 2019 The Able Trust launched Project Venture, a business development competition, focused on creating a hands-on experience for High School High Tech youth. As part of the competition, students create a plan for a business or product, in any sector of their choice. The only limit is their creativity. The goals of Project Venture are to Introduce students to entrepreneurism and the entrepreneurial spirit, facilitate students working in teams on real-world applications, allow students to develop workplace communication skills and other soft skills, enable students to learn-by-doing. o Through Project Venture, students learn how to delegate tasks, develop timelines, produce written communications, solve problems, and engage in "Big Picture" thinking. Project Venture helps students strengthen those skills that will be key to their success once they enter the workforce or post-secondary education.

		Some students learn by hearing; some by seeing; and still others by doing. Project Venture ensures that all types of learners can participate. o Each HSHT site is encouraged to build interest and develop a team to participate. A panel of judges review all submissions and select three finalists. Those three teams advance to the state competition where they submit their business plan and commercial and make their presentation to the judges. The Project Venture winning team receives a cash award they can use for various needs of their HSHT site. All Project Venture participants leave the competition having gained new skills and a new confidence that will be beneficial as they consider their future beyond high school.

	Time	TBD
	Location	TBD, South Florida
	Requestor	David (invite came through External Affairs Director Savannah Kelly Jefferson)
	Role	Keynote
	Attendees	2,500+
	Notes	○ On May 8, the Israeli American Council (IAC), and all the major pro-Israel groups are planning a big pro-Israel rally in South Florida to celebrate Israel's Independence Day – Yom Ha'atzmaut. In previous years such rallies have had a couple thousand people in attendance. For example, the one in Tampa alone gets more than 2,500 people and in 2019 they did an event with for 4,000 kids in Marlins Park. ○ All the Jewish and pro-Israel organizations will sponsor the event with the consul general, mayors etc. speaking but they want the Governor to be the keynote speaker. The organizers are asking to find a time on May 8th whenever works for the Governor to start the rally to maximize the chances he can attend. This is a particularly good event for outreach to not just Floridians who are pro-Israel but also the sizable Israeli American community in Florida. ○ This is particularly important this year because the Biden Administration is seeking a new even worse deal with Iran. The Governor opposed the original Iran Deal when he was in Congress. Sen. Cruz recently led a letter with 32 Senate colleagues to Biden on February 8th committing to blocking the implementation of any Iran deal that is not submitted to Congress for approval as required under U.S. law and would face the same fate of a future Republican President ripping up the original deal. Rep. Mike Gallagher and Michael Waltz led a very similar letter to Biden signed by nearly all House Republicans. This week all Senate Republicans (except Rand Paul) signed a major joint statement against the upcoming deal and pledged an agreement won't last without broad bipartisan support that is approved by Congress. And even a dozen House Democrats have written a letter to Biden saying it is hard for them to envision supporting the new Iran Deal.

I didn't realize that Monday, April 18 was the day after Easter – I'm uncertain we can make that work and apologize for offering that up initially. Is there any shot of Wednesday, April 20? I know that will work for all parties on our side.

Again, sincere apologies.

Appreciate all!

Hi Savannah,

I want to check with you again about the possibility of a visit with the Governor by Mr. Ricketts in early April. I'm thinking a 30-45 minute meeting would be sufficient. I will participate, as will two of my senior colleagues, and I believe Fernando Zulueta and Julio Robaina from Academica will come as well, as we have now formed a partnership following the introduction from the Governor. We'll be happy to come to Tallahassee, or meet him somewhere else if needed.

Please let me know what dates might work for this.

Thank you very much!

Hi Alex,

I hope the year is going well for you and your team. A lot has happened here and I figured it's time for catching you up. I also want to see about a visit

AMERICAN OVERSIGHT

from Mr. Ricketts to Florida with an opportunity to meet with the governor.

We had very productive calls with every one of your introductions - thank you again for your effort in making that happen. Since then, we've formalized a partnership with Academica, and are now in the process of rolling out our program in two of their schools. We're also beginning the work on 3 charter applications in central Florida, with the plan to expand that each year over the coming years. To drive that work, we've hired Katharine Fuente, formerly on the city council of Hialeah. She's based in Miami. We are also working on hiring an additional teacher trainer, and will expand the Florida team of Opportunity Education as the school network grows.

As part of our rollout of the program, we are including our Career Pathways Program and Network, which will focus on career explorations, internships, foundations of professionalism and personal finance - that seems to fit well into the current education needs, and we're very excited to develop corporate partnerships

AMERICAN OVERSIGHT

to engage with Pathways in the Orlando area.

Finally, Mr. Ricketts is planning to come to Orlando to visit the schools and meet the Academica leadership. He is eager to meet the governor briefly, if that were possible. We are targeting Wednesday, April 6 as a possible date - what's the best way to explore that possibility?

Thank you again for all your help, and I hope to meet you in person in April!

Best wishes,

Manuel

Since you drove to PC on 3/5/22 and then again on 3/6/22, you may claim the estimated cost of a rental car + fuel for both days, which totals **$100.53**. Did you want to have Savannah reject this Trip Form so you can update the amount? Or do you want to leave it how it is at $50.27?

Savannah- the event will be held at the Hilton hotel, in downtown Tampa located at 211 N Tampa Street, if possible Governor should arrive about 630 PM, photo with banker group, brief reception, then 7 PM enter main ballroom for the beginning of the leadership dinner in honor of Governor DeSantis. Dinner ends at about 8:15 PM.

Savannah can I invite Maria Bartiromo of Fox Business to sit at the head table as a guest not as a reporter?

A couple of questions, everyone hopes First Lady Casey can also attend as she did the Miami dinner we did in October of 2019. Also should we invite local House and Senate members to this event? Thanks and let me know as we get closer which members from your team will be in attendance.

Popping in!

AMERICAN OVERSIGHT

These shouldn't be that dated, but certainly, people move around quickly! I'd do agency heads, deputy secretaries and COS for the initial round of invitations. We spent a lot of time working on the Christmas one, so I'd use that as the template, then just send around to senior staff to update.

We should ask Stephanie about legislators.

Do we have families identified?

I think we send invites out to the first round on 3/30 with a 4/13 response deadline. First round should be: agency heads, deputy secretaries, COS, families, and legislators.

We should send an email to communications, LADS and EOG/OPB about the event, but also the call to staff. Then we can look at following up with a more formal invitation.

Checking in for Easter!

Kim, can you clarify who we invited to Easter last year (excluding special guests)? I want to be mindful of not offending anyone. And when did you send the invite out, in relation to the event date?

These lists look somewhat outdated - but between agency heads and chiefs (~65) and EOG/OPB (~200) + special guests we'd be around 275 invites -- I imagine a lot of folks won't be in town though since it's the day before Easter.

Yes! Once we have the invite list, I'll have Casey load up the CRM and send a mock invite to us before sending to the full list.

No worries - thank you.

We'll plan on Casey running point on sending invites.

Can someone please send me the final mock invite before it goes out though?

I will provide family contact information once I have it.

AMERICAN OVERSIGHT

Stephanie said it would be a nice gesture to invite legislators but not mandatory - she couldn't recall whether they were invited last year or not.

Invites were sent mainly by me with a few coming from Diane and Mara. I think the process this year is Casey sending out invites from the External Affairs system.

Who sent the invites out last year? It sounded like they were sent by different people?

Popping in!

These shouldn't be that dated, but certainly, people move around quickly! I'd do agency heads, deputy secretaries and COS for the initial round of invitations. We spent a lot of time working on the Christmas one, so I'd use that as the template, then just send around to senior staff to update.

AMERICAN OVERSIGHT

We should ask Stephanie about legislators.

Do we have families identified?

I think we send invites out to the first round on 3/30 with a 4/13 response deadline. First round should be: agency heads, deputy secretaries, COS, families, and legislators.

We should send an email to communications, LADS and EOG/OPB about the event, but also the call to staff. Then we can look at following up with a more formal invitation.

Thanks!

Checking in for Easter!

Kim, can you clarify who we invited to Easter last year (excluding special guests)? I want to be mindful of not offending anyone. And when did you send the invite out, in relation to the event date?

These lists look somewhat outdated - but between agency heads and chiefs (~65) and EOG/OPB (~200) + special guests we'd be around 275 invites -- I imagine a lot of folks won't be in town though since it's the day before Easter.

Thanks!

Can you take this list, delete everything but agency heads, deputy secretaries and COS and distribute to our deputy COS to make sure the contacts are correct?

This is what each deputy COS oversees:

https://www.flgov.com/wp-content/uploads/2022/01/EOG-Org-Chart-1-14-22.pdf

Then, can you ask Brenda for a list of all the legislators emails?

Can you then compile into one list for review by tomorrow? Should have at minimum, first name, last name and email.

Thanks!

Yes! Once we have the invite list, I'll have Casey load up the CRM and send a mock invite to us before sending to the full list.

No worries - thank you.

We'll plan on Casey running point on sending invites.

Can someone please send me the final mock invite before it goes out though?

I will provide family contact information once I have it.

Stephanie said it would be a nice gesture to invite legislators but not mandatory - she couldn't recall whether they were invited last year or not.

Invites were sent mainly by me with a few coming from Diane and Mara. I think the process this year is Casey sending out invites from the External Affairs system.

James gave the green light for Ronald McDonald House in Tallahassee for special guest families. I will reach out to them.

Who sent the invites out last year? It sounded like they were sent by different people?

Popping in!

These shouldn't be that dated, but certainly, people move around quickly! I'd do agency heads, deputy secretaries and COS for the initial round of invitations. We spent a lot of time working on the Christmas one, so I'd use that as the template, then just send around to senior staff to update.

We should ask Stephanie about legislators.

Do we have families identified?

I think we send invites out to the first round on 3/30 with a 4/13 response deadline. First round should be: agency heads, deputy secretaries, COS, families, and legislators.

We should send an email to communications, LADS and EOG/OPB about the event, but also the call to staff. Then we can look at following up with a more formal invitation.

Thanks!

Checking in for Easter!

Kim, can you clarify who we invited to Easter last year (excluding special guests)? I want to be mindful of not offending anyone. And when did you send the invite out, in relation to the event date?

These lists look somewhat outdated - but between agency heads and chiefs (~65) and EOG/OPB (~200) + special guests we'd be around 275 invites -- I imagine a lot of folks won't be in town though since it's the day before Easter.

Thanks!

Good morning Savannah,

After a two year absence due to the pandemic the Florida Sheriffs Association will be hosting two upcoming Commanders Academies at our headquarters in Tallahassee. This program consist of 30 or so Command Level Law Enforcement Professionals each class, representing Sheriffs Offices from every corner of the state. This is a two week program with the attendees being in town for a week and then returning a few weeks later for the second week. If Governor DeSantis is willing and available it would be very meaningful if he would like to speak to each group for a few minutes of his support for law enforcement at one of our onsite luncheons.

The days of our onsite luncheons are as follows:

- Class 10: Tue 3/15,Wed 3/16, Thu 3/17, Tue 4/5, Wed 4/6, and Thu 4/7.
- Class 11: Tue 4/26, Wed 4/27, Thu 4/28, Tue 5/17, Wed 5/18, and Thu 5/18.

Thank you,

Steve Cole, MPA

Casey,

I have attached both rosters. Class 10 will be on campus next week and Class 11 will be on campus for the other 2 weeks. We do have AG Moody stopping by on Wednesday April 27th so that wouldn't work. Also on any given day there may be a few sheriffs on campus as well.

Good morning Savannah,

After a two year absence due to the pandemic the Florida Sheriffs Association will be hosting two upcoming Commanders Academies at our headquarters in Tallahassee. This program consist of 30 or so Command Level Law Enforcement Professionals each class, representing Sheriffs Offices from every corner of the state. This is a two week program with the attendees being in town for a week and then returning a few weeks later for the second week. If Governor DeSantis is willing and available it would be very meaningful if he would like to speak to each group for a few minutes of his support for law enforcement at one of our onsite luncheons.

The days of our onsite luncheons are as follows:

- Class 10: Tue 3/15,Wed 3/16, Thu 3/17, Tue 4/5, Wed 4/6, and Thu 4/7.
- Class 11: Tue 4/26, Wed 4/27, Thu 4/28, Tue 5/17, Wed 5/18, and Thu 5/18.

Borinqueneers Congressional Gold Medal (by US Congress/US President)

MEDIA ADVISORY/ RELEASE

*** MEDIA CONFERENCE/ QUESTIONS: After Ceremony**

Tampa, FL: A "Patriots Gathering" to Honor and support the US 65th Infantry Regiment—the Borinqueneers (Winners of the Congressional Gold Medal); all American Veterans will be held on: "National Borinqueneers' Day"-- **13 APRIL (WEDS)/ 11:30 am**
Location: Veterans Memorial Park--3602 Highway 301 North, Tampa, FL 33619

The U.S. 65th Infantry Regiment (Borinqueneers), Patriots of True Grit, from the US Territory of Puerto Rico—traces its linage from the first U.S. Infantry Battalion of Puerto Rican Volunteer Troops authorized by Congress in 1899. Also, other Hispanics served with the brave Regiment, like General Cavazos from Texas. Today, many Borinqueneers live in Florida.

The Borinqueneers, along with other US Veterans, have sacrificed; served; shed sweat, blood, and tears to defend our families, communities, USA, and Humanity. The US 65th Infantry Regiment valiantly fought, since 1899-- in WW-I; WW-II; and in Korea; received many Unit and Individual combat awards to include the Congressional Gold Medal—highest honor our US Congress, with US President, can bestow.

General of the Armies Douglas MacArthur said--: "…the Puerto Ricans…of the gallant 65th Infantry on the battlefields of Korea by valor, determination, and a resolute will to victory give daily testament to their invincible loyalty to the United States… They write a brilliant record of achievement in battle and I am proud indeed to have them in this command. I wish that we might have many more like them!"

The Borinqueneers-US Army Warriors of Good—served and fought valiantly, but, per US History, the Borinqueneers faced racism and Federal discrimination along with other US Veterans in the US Territory of Puerto Rico (since 1898-until today) as also mentioned by US Presidents, US Speakers of the House, and other Patriots, and especially during the Borinqueneer Congressional Gold Medal Ceremony in the US Capitol…

Dennis says, we Patriots Petition our Federal Government to support Fairness-Equal Rights for all "WE THE PEOPLE" (US Veterans-US Citizens)! Let's work for the Good of all!

BORINQUENEERS CONGRESSIONAL GOLD MEDAL
Highest Honor US Congress, with US President, can bestow!

AMERICAN OVERSIGHT

MAJOR BORINQUENEERS' HEROIC FEATS (KOREA) in Korea include

In 1950, the 65th Infantry, who face Federal discrimination, were the first fighting Infantrymen, of the U.S. 3d Infantry Division (The Rock of the Marne), to fearlessly meet the enemy on the battlefield of Korea (Pusan); once courageously fought off a two Regiment Enemy size attack (twice their strength) to victory—the last Regimental Bayonet Charge in US Army History!! Also:

1.* In 1950, after a huge Chinese Army joined the war on the North Korean side, the U.S. 1st Marine Division and the U.S. Army 7th Infantry Division were forced into a major retreat; faced encirclement by hordes of Chinese Troops close to the Manchurian Border (Chosin Reservoir)… Then, the 65th Infantry heroically moved forward fought to rescue them; protected the Soldiers and Marines' withdrawal and supply lines…bravely staying to face a superior numbered enemy while covering the strategic withdrawal…

2. *At the strategic evacuation of Hungnam (NK), The US 65th Infantry help hold overwhelming enemy forces in a rear guard action; was one of the last units to embark—helping protect UN/US Forces against vastly superior Enemy Forces… so they could successfully return to South Korea to fight again another day and restore land for a Free Korea. The Borinqueneers help avert a potential catastrophic disaster…

3. *In 1951, the 65th Infantry was in the midst of a desperate battle for hills 449 and 262 (outnumbered by the Enemy)—after 3 days of bloody fighting… two battalions of the 65th Infantry boldly fixed bayonets & audaciously charged the Chinese Troops making the enemy flee and capturing the hills in the last Infantry Regiment bayonet charge in U.S. Army history;

4. *The 65th Infantry saved the 3rd Division Headquarters when an enemy infantry regiment infiltrated the lines at night. The US 65th Infantry was camped nearby, spotted the enemy and immediately counter attacked, saving the 3rd Division (the Rock of the Marne) Commanding General and his Staff;

5. *Over the course of the Korean War Puerto Rico suffered one casualty for every 660 of its inhabitants as compared to one casualty for every 1,125 inhabitants in the States… proportionally suffering more casualties than a majority of States.

Operation PORTEX: Besides, the US 65th Infantry Regiment distinguished itself when the United States, on the eve of the Korean War, conducted a military exercise code named "Operation PORTEX", meaning Puerto Rico Exercise, on the island of Vieques, against the elite US 82d Airborne Division and Other Units that led Colonel William W. Harris, the commanding officer of the 65th, to state: "Stopping the assault forces at the water's edge proved that the Puerto Ricans could hold their own against the best-trained soldiers that the United States Army could put into the field"…

In 1959, the US 65th Infantry Regiment (Borinqueneers) Colors were passed to the US Territory of Puerto Rico National Guard in 1959 (which today are fighting in the World War on Terrorism). This is the only time in US Army History that Active Unit Colors were not retired, but, turned over to a National Guard Unit which continues to valiantly defend us in the same tradition of the original Borinqueneers. The US Hispanic-Borinqueneers' legacy lives on!

SUMMMARY:

**The Borinqueneers valiantly fought even though they faced closet racism, segregation, and, along with today's US Citizens-American Veterans in the US Territory of Puerto Rico—face Federal discrimination (no Vote for their US President; no just representation in Congress nor full US Citizenship rights or benefits or Parity in Federal Laws nor a permanent statutory US Citizenship (even living in a STATE)!

**But, today, Puerto Ricans loyally and bravely fight and defend our noble US Flag!

**Loyal US Puerto Ricans fought or fight for the good of all-locked in step with their Ancestors (roots) who were the first Europeans to find Florida in 1513—opened the doors to the advanced civilized settlement of the USA—107 years before the Pilgrims;) fought in the US Revolutionary War (1776) …

Himno del Regimiento 65 de Infantería
US 65th Infantry Regiment-The Borinqueneers' Song
By Alexis Brau (Spanish)
(English Traduction-Dennis Freytes)

Arriba muchachos vamos a zarpar,
a lejanas tierras vamos a pelear.
Por los caminos de la ley y el bien,
marcha el Regimiento de mi Borinquén.

Todo por la patria habremos de dar.
Por padres y hermanos que quedan atrás.
Por la noviecita, el hijo y mi Dios.
A la isla querida decimos adiós.

Adiós terruño adorado de mis anhelos.
No olvides de este hijo ausente en tus oraciones.
Que yo en mis noches tristes con mis canciones,
podré aliviar la angustia de mi dolor.

Gane o pierda- siempre lucha con valor.
Nuestro Regimiento se cubrió de honor.
En mil combates, cien batallas cien.
Siempre cara al viento marcha el Regimiento
de mi Borinquén.

¡De mi Borinquén!

Get up Soldiers, we are shipping out-
to faraway lands we are going to fight.
Along the paths of law and good,
marches the Regiment of my
Borinquen!

All for our Country we will give our most. For parents and siblings that remain behind. For my sweetheart, my son and my God- To my lovely Island we say goodbye!

Goodbye my adored land of my Dreams. Don't forget your absent Son in your Prayers. That I, in my sad lonely nights, will be able- with my songs, to sooth the anguish of my pain.

Win or lose-- always bravely fight.
Our Regiment covered itself with honor. In thousand combats and hundreds of battles, always facing the wind, marches the Regiment of my Borinquen!

Of my Borinquen!

Old Soldiers never die nor fade away—their noble Warrior fighting Spirit lives on! For the good of all: Family, Community, USA, and Humanity!

We don't leave any American Veteran behind!

Can you take this list, delete everything but agency heads, deputy secretaries and COS and distribute to our deputy COS to make sure the contacts are correct?

This is what each deputy COS oversees:

Then, can you ask Brenda for a list of all the legislators emails?

Can you then compile into one list for review by tomorrow? Should have at minimum, first name, last name and email.

Thanks!

I'm fine with the first round going to agency heads, deputy secretaries, COS, and legislators – Kim, can you work with Savannah's team to make sure lists are updated?

Popping in!

These shouldn't be that dated, but certainly, people move around quickly! I'd do agency heads, deputy secretaries and COS for the initial round of invitations. We spent a lot of time working on the Christmas one, so I'd use that as the template, then just send around to senior staff to update.

We should ask Stephanie about legislators.

Do we have families identified?

I think we send invites out to the first round on 3/30 with a 4/13 response deadline. First round should be: agency heads, deputy secretaries, COS, families, and legislators.

We should send an email to communications, LADS and EOG/OPB about the event, but also the call to staff. Then we can look at following up with a more formal invitation.

Checking in for Easter!

AMERICAN OVERSIGHT

Kim, can you clarify who we invited to Easter last year (excluding special guests)? I want to be mindful of not offending anyone. And when did you send the invite out, in relation to the event date?

These lists look somewhat outdated - but between agency heads and chiefs (~65) and EOG/OPB (~200) + special guests we'd be around 275 invites -- I imagine a lot of folks won't be in town though since it's the day before Easter.

Savannah- just an FYI, we are now approaching 400 attendees for the May 4 Tampa dinner for the Governor. We have just asked for full military honor guard from MacDill Air Force base, Central Command to be there that evening with the Governor.

A couple of questions, everyone hopes First Lady Casey can also attend as she did the Miami dinner we did in October of 2019. Also should we invite local House and Senate members to this event? Thanks and let me know as we get closer which members from your team will be in attendance.

Good morning Savannah,

After a two year absence due to the pandemic the Florida Sheriffs Association will be hosting two upcoming Commanders Academies at our headquarters in Tallahassee. This program consist of 30 or so Command Level Law Enforcement Professionals each class, representing Sheriffs Offices from every corner of the state. This is a two week program with the attendees being in town for a week and then returning a few weeks later for the second week. If Governor DeSantis is willing and available it would be very meaningful if he would like to speak to each group for a few minutes of his support for law enforcement at one of our onsite luncheons.

The days of our onsite luncheons are as follows:

- Class 10: Tue 3/15,Wed 3/16, Thu 3/17, Tue 4/5, Wed 4/6, and Thu 4/7.
- Class 11: Tue 4/26, Wed 4/27, Thu 4/28, Tue 5/17, Wed 5/18, and Thu 5/18.

Savannah- the event will be held at the Hilton hotel, in downtown Tampa located at 211 N Tampa Street, if possible Governor should arrive about 630 PM, photo with banker group, brief reception, then 7 PM enter main ballroom for the beginning of the leadership dinner in honor of Governor DeSantis. Dinner ends at about 8:15 PM.

Savannah can I invite Maria Bartiromo of Fox Business to sit at the head table as a guest not as a reporter?

Savannah- just an FYI, we are now approaching 400 attendees for the May 4 Tampa dinner for the Governor. We have just asked for full military honor guard from MacDill Air Force base, Central Command to be there that evening with the Governor.

A couple of questions, everyone hopes First Lady Casey can also attend as she did the Miami dinner we did in October of 2019. Also should we invite local House and Senate members to this event? Thanks and let me know as we get closer which members from your team will be in attendance.

Wil give you more updates later on. Thanks. Alex

Popping in!

These shouldn't be that dated, but certainly, people move around quickly! I'd do agency heads, deputy secretaries and COS for the initial round of invitations. We spent a lot of time working on the Christmas one, so I'd use that as the template, then just send around to senior staff to update.

We should ask Stephanie about legislators.

Do we have families identified?

I think we send invites out to the first round on 3/30 with a 4/13 response deadline. First round should be: agency heads, deputy secretaries, COS, families, and legislators.

We should send an email to communications, LADS and EOG/OPB about the event, but also the call to staff. Then we can look at following up with a more formal invitation.

Checking in for Easter!

Kim, can you clarify who we invited to Easter last year (excluding special guests)? I want to be mindful of not offending anyone. And when did you send the invite out, in relation to the event date?

These lists look somewhat outdated - but between agency heads and chiefs (~65) and EOG/OPB (~200) + special guests we'd be around 275 invites -- I imagine a lot of folks won't be in town though since it's the day before Easter.

Thanks!

Casey,

I wanted to reach back out to see if there might be an opportunity to host Governor DeSantis at the Forum Club after Session as I am sure there will be a number of accomplishments to highlight. I have the following dates available and on hold:

April 19, 20, 25, 29

May 4, 5, 6, 9, 10, 11, 12, 16, 17, 18, 19, 20, 27

Please let me know if one of these might work for the Governor. I am also attaching an updated invitation that has these dates included.

Thank you,

Sarah

AMERICAN OVERSIGHT

Thank you for letting me know. Our season runs from August 2021 to May 2022, and we feature 1-2 speakers each month. We are relatively flexible in our scheduling and can accommodate any weekday at noon as long as it is available at one of our venues, so if there is any planned travel to South Florida, we can always build in an event at the Forum Club as well. Alternatively, I can always send over a list of dates for your consideration. I assume that there will be greater flexibility post-Session, so if there is a particular month that might be better than others, please let me know and I will check with our venues to determine their current availability.

We appreciate your help and consideration of our invitation, and I look forward to staying in touch!

Unfortunately, I regret to inform you that the Governor will be unable to attend due to some scheduling conflicts. However, I ask that you please do not hesitate to keep in contact with us for any future invitations as I would be more than happy to make sure they get on the Governor's list for consideration! Thank you, and I look forward to hearing from you down the road.

Adrian and Mara,

The Forum Club of the Palm Beaches, Florida's largest nonpartisan political and public affairs organization, would like to invite Governor DeSantis to be the keynote speaker at our 2021-2022 Season Opener in August. For 45 years, the Forum Club has created a legacy of hosting our nation's leaders in Palm Beach for meaningful and thoughtful discussions with our membership of nearly 800 South Florida business, political and community leaders. We would be honored to add the Governor to our prestigious list of speakers.

Attached, please find an invitation outlining the format of our events, some potential dates for your consideration and a few examples of the leaders we have had the honor of hosting in the past.

Should you need additional information, please do not hesitate to contact me via email or on my cell phone at (850) 591-7499. We appreciate your consideration of our invitation and look forward to discussing this opportunity with you further.

Sincerely,
Sarah

AMERICAN OVERSIGHT

		○ They would like to present the Governor and First Lady with the Humanitarian Award, which is the same award personally presented to President Reagan and First Lady Nancy Reagan in 1990 in Orlando. ○ After teaching 25 years in the public school system and at a state-operated detention center, Founder and President, Sara Trollinger, started House of Hope, a residential program, in 1985 as a safe haven for hurting teens. Having witnessed firsthand the revolving doors for teenagers in the social service system, where they would come and go, repeating negative behaviors time and again, she saw the need for these troubled teens to understand the life-changing principles based on God's Word. As a non-denominational, not-for-profit, Christ-centered residential program, House of Hope offers hurting teens, ages 13-17, a place to find hope and healing in a loving, supportive environment and be reconciled to their families.

	Role	Remarks
	Attendees	Attendance ranges from 250-400 attendees. They expect around 800 attendees for their Awards Luncheon in September.
	Notes	For the April Luncheon, they currently do not yet have an assigned keynote speaker. They have reached out to some folks within the SBA to speak about small business lending and opportunities but not yet confirmed. In this luncheon, they do have it scheduled to recognize Jackson Health System for their service to the community and their commitment to the local businesses as part of their modernization bond (which was passed in 2013) which helped expand and modernize their facilities and which they did accomplish with help from many local businesses. This event will be held at the Biltmore Hotel. Other luncheon dates for 2022 the Governor has been invited to: ○ LBA Awards Luncheon – Friday, September 30th (location TBD) • Similar to 2021, their Awards Luncheon is one of their biggest events of the year. In 2022, they will look to build on what they did in 2021. It is usually attended by nearly 800 individuals, including many local small business representatives. They would like for the Governor to serve as their guest of honor and keynote speaker at this event over all the other events. This is a repeat of their 2021 event where the Governor was the keynote speaker, but they can imagine the Association awarding him the 'Leader of the Year' Award for 2022. ○ LBA October Luncheon – Friday, October 28th, location TBD • Their October luncheon should be very interesting as it will be Mid-Term Election weekend – with plenty of local, state and federal elections on the line. Their group is overwhelmingly conservative, so they strongly anticipate this being a rally point for election day. They do not have a keynote speaker set for this luncheon just yet, and if the Governor cannot do the Awards Luncheon, they believe this luncheon would be very special given the election implications.

	Time	TBD
	Location	TBD, South Florida
	Requestor	David (invite came through External Affairs Director Savannah Kelly Jefferson)
	Role	Keynote
	Attendees	2,500+
	Notes	○ On May 8, the Israeli American Council (IAC), and all the major pro-Israel groups are planning a big pro-Israel rally in South Florida to celebrate Israel's Independence Day – Yom Ha'atzmaut. In previous years such rallies have had a couple thousand people in attendance. For example, the one in Tampa alone gets more than 2,500 people and in 2019 they did an event with for 4,000 kids in Marlins Park. ○ All the Jewish and pro-Israel organizations will sponsor the event with the consul general, mayors etc. speaking but they want the Governor to be the keynote speaker. The organizers are asking to find a time on May 8th whenever works for the Governor to start the rally to maximize the chances he can attend. This is a particularly good event for outreach to not just Floridians who are pro-Israel but also the sizable Israeli American community in Florida. ○ This is particularly important this year because the Biden Administration is seeking a new even worse deal with Iran. The Governor opposed the original Iran Deal when he was in Congress. Sen. Cruz recently led a letter with 32 Senate colleagues to Biden on February 8th committing to blocking the implementation of any Iran deal that is not submitted to Congress for approval as required under U.S. law and would face the same fate of a future Republican President ripping up the original deal. Rep. Mike Gallagher and Michael Waltz led a very similar letter to Biden signed by nearly all House Republicans. This week all Senate Republicans (except Rand Paul) signed a major joint statement against the upcoming deal and pledged an agreement won't last without broad bipartisan support that is approved by Congress. And even a dozen House Democrats have written a letter to Biden saying it is hard for them to envision supporting the new Iran Deal.

Ms. Stephanie,

Do you have an approximate signing date and possible place for the Governor to sigh SB 226/HB25?

This is the medical reimbursement for Retired Law Enforcement Canines.

I have a young girl in Palm Coast that started a support group for Law Enforcement K-9s.

Her web sit is, EmmalovesK9s and she donates all the monies she raises to K-9s in Flagler County.

I would love to invite her to the bill signing if possible

Thank you

Sam

Popping in!

These shouldn't be that dated, but certainly, people move around quickly! I'd do agency heads, deputy secretaries and COS for the initial round of invitations. We spent a lot of time working on the Christmas one, so I'd use that as the template, then just send around to senior staff to update.

We should ask Stephanie about legislators.

Do we have families identified?

I think we send invites out to the first round on 3/30 with a 4/13 response deadline. First round should be: agency heads, deputy secretaries, COS, families, and legislators.

We should send an email to communications, LADS and EOG/OPB about the event, but also the call to staff. Then we can look at following up with a more formal invitation.

Thanks!

Checking in for Easter!

Kim, can you clarify who we invited to Easter last year (excluding special guests)? I want to be mindful of not offending anyone. And when did you send the invite out, in relation to the event date?

These lists look somewhat outdated - but between agency heads and chiefs (~65) and EOG/OPB (~200) + special guests we'd be around 275 invites -- I imagine a lot of folks won't be in town though since it's the day before Easter.

Thanks!

Hope you are well. Want to make sure you saw this request. It's somewhat time sensitive.

Sierra Space CEO, Tom Vice would like to meet with the Governor and discuss their new Dream Chaser space plane they are going to be launching at the Cape. I understand the Governor is going to be in Brevard on Friday? Is there any time for a meeting? Otherwise, a meeting can be in Tallahassee or anywhere else the Governor has time. Thanks.

Casey –

It was good to speak with you this morning. As we discussed, Tom would like to visit with the Governor sooner v. later, so is flexible to meet with the Governor at a date, location and time that works best anywhere in the state.

I have cc'd his asst Lydia Biondo and his director of government affairs, Meghan Allen, to answer any additional scheduling and topic questions.

Lydia – could you advise if there are dates in April that DO NOT WORK for Tom to meet with the Governor in Florida?

I've looped in Silvia Castellanos with my team who will advance the event for us next week. She will need to access the room about two hours early that day. Ryan,

Apologies for the informality of this invitation, but we would be honored if Governor De Santis would be Kelly Shackelford's special guest at two of the largest events we host: one in Dallas on April 9th and the other in Houston on April 23rd.

Last year, despite the pandemic, we had over 1000 people at our Dallas event year at which Charlie Kirk was our guest and a little less than half that number at our Houston event. We anticipate similar attendance, at the least, at this year's events. The format will be Kelly interviewing the Governor to hear his insight on the battles we are facing defending religious freedom in America and what he sees from his perspective.
Both events take place during the evening and are private, invitation only. Attendees are some of First Liberty's largest donors and supporters. Previous guests at our events have included Kayleigh McEnany, Shannon Bream, Dinesh D'Souza, Michele Bachman, Candace Owens.

Even if the Governor can only do one of the two events, we understand, but we would love if he could commit to both. We are happy to provide an honorarium if that is required or requested. I realize you are probably not the right person to address this invitation, and would appreciate you passing it along to whomever is. Also, if your schedule permits, you are more than welcome to attend and we'd love to see you.

Hi Savannah,

Life is good in Texas, just as it is in Florida! Please forgive me, I should have followed up sooner, but our team had to identify another speaker who could confirm both dates. Governor DeSantis was our top choice (and he still is for future events) but events of this size take months to plan in advance. I hope the Governor and you all do not take offense, as none is intended in any way.

Speaking of events, are you all still planning to host something related to the military? I don't know whether you saw, but we were just granted class action status on behalf of the entire US Navy and the judge entered a classwide injunction against the vaccine mandate. I know Gov DeSantis is a proud former Navy officer and he's been a true leader against these mandates, so this might be of particular interest to him. Here's our press release discussing: https://firstliberty.org/media/breaking-federal-court-expands-injunction-against-military-vaccine-mandate-to-include-all-u-s-navy-personnel/

Keep up the great work! We're cheering you all on all the way from Texas.

Hey Mike,

Hope you are doing well! The Governor is not going to be able to make it on April 9, but I hope to get an answer on April 23. That event is in Houston, correct? Thank you!

Savannah, if it would help, we are happy to offer an honorarium of $50,000 to Governor DeSantis for both events. Because we are a c(3), we cannot contribute to his campaign so it would have to go to the Governor personally. But we are happy to do so if it helps.

Ryan,

Apologies for the informality of this invitation, but we would be honored if Governor De Santis would be Kelly Shackelford's special guest at two of the largest events we host: one in Dallas on April 9th and the other in Houston on April 23rd.

Last year, despite the pandemic, we had over 1000 people at our Dallas event year at which Charlie Kirk was our guest and a little less than half that number at our Houston event. We anticipate similar attendance, at the least, at this year's events. The format will be Kelly interviewing the Governor to hear his insight on the battles we are facing defending religious freedom in America and what he sees from his perspective.
Both events take place during the evening and are private, invitation only. Attendees are some of First Liberty's largest donors and supporters. Previous guests at our events have included Kayleigh McEnany, Shannon Bream, Dinesh D'Souza, Michele Bachman, Candace Owens.

Even if the Governor can only do one of the two events, we understand, but we would love if he could commit to both. We are happy to provide an honorarium if that is required or requested. I realize you are probably not the right person to address this invitation, and would appreciate you passing it along to whomever is. Also, if your schedule permits, you are more than welcome to attend and we'd love to see you.

Casey,

Thank you for responding and assisting with this.

The International Association of Arson Investigators (www.firearson.com) is an International Organization committed to the furtherance of fire, arson and explosion investigations around the world through education. Having been in existence for nearly 75 years, the organization is steeped in the progression of fire and arson investigative techniques as the science related to fire evolves.

Our organization is comprised of over 10,000 members through over 80 chapters worldwide. This year we will expand by one chapter, as the United Arab Emirates will be newly chartered this year. We are comprised of firefighters, police officers, federal agents (ATF), and national police officers, as well as private sector investigators and insurance professionals around the globe whose primary responsibility is the investigation of fire, arson, and explosion incidents wherever they may occur.

Each year, we gather for our International Training Conference, which moves around the US and abroad from year to year. This year, the ITC will be held at the Hyatt Hotel in Jacksonville, Florida. Currently we are expecting approximately 700 investigators, again from around the world, to gather for a full week of intensive training related to the latest developments in fire investigation techniques. As a native Floridian, retired Florida State Fire Marshal Detective and current business owner in Orange Park, Florida. I am excited that the ITC is once again in Florida.

We are requesting Governor DeSantis to speak at our opening ceremonies on Monday, April 11, 2022 at 8:00 AM. He will be in the company of Jacksonville Sherriff Mike Williams, Jacksonville Fire Chief

AMERICAN OVERSIGHT

Powers, and Assistant ATF Director Thomas Chittum from Washington DC, all who have committed to join us for the opening ceremonies. We would ask The Governor to be our keynote speaker, to give welcoming remarks for approximately 5 minutes. Although our opening ceremonies extend from 8:00 AM until 10:00 AM, after opening remarks (usually approximately 8:45 AM) we have a window where we let any dignitaries who need to duck out, leave the head table before we proceed with our memorial service for members who have passed away in the past year and other housekeeping issues before classes begin at 10:00 AM. The Governor is welcome to stay, but we understand that our dignitaries are usually limited on time.

Please let me know if you need any further details and we hope that The Governor will be able to speak to our membership.

Date: Wednesday, February 9, 2022 4:04:48 PM

To whom it may concern,

My name is Samuel Ryu and I am the US branch director from RETD Co. Ltd. We have attempted to submit the online request form, however due to our domain email server/address being that of Korean origin, the website would not register our comapny's email address as a valid address. Hence on the advice of the Governor's office. We are writing to this adress directly, and apologize for any inconveniences in advance.I would like to arrange a time and date where we could give a presentation about us, Korean maglev, and discuss the various benefits that maglev and landmark TOD (transit orientated development) could bring to the State of Virginia.

To provide a brief introduction,
RETD Co. Ltd is a South Korean firm, that was established in July 2015.
We were given the important duty to implement the commercialization and introduction of Korean Maglev trains both domestically and internationally.

RETD was established to work on behalf of various institutions under the Urban Maglev Program, headed by the Ministry of Land, Infrastructure, and Transportation, to provide not only the initiative to strengthen Korea's high tech maglev train and core competitiveness, but also to collaborate internationally with global partners and set important milestones in Urban maglev R&D.

RETD Co. LTD's Net Stream engages in the continued innovation of urban areas through cooperative economic development by implementing efficient, and productive landmark TOD areas.

Agenda:
Give a presentation on the company, our technology, affiliations, success, history, and success of TOD in Asia and how Asia's economic growth and Urbanization can be used as a model to further revolutionize and bring economic growth and opportunities to the State of Flroida.

Explain and describe the business, finance, and other models that are ongoing in other countries that have agreed to adopt/ adopted RETD's Urban Maglev and TOD.

Discussion of MOU/LOI between RETD/South Korea & Florida or thereof

Address any questions from the you and or your team.

LEGISLATIVE PRIORITY HIGHLIGHTS

The 117th Congress, in which both Chambers are under the leadership of highly partisan Leftist Democrat bosses combined with Joe Biden in the White House brought a whirlwind of Leftist policies and legislative proposals that undermine our Constitution, the God-given inalienable rights of Americans, the importance of the States in our republic, and which attempt to establish single party and bureaucratic control of our Nation. AMAC Action, in a highly focused and concerned mode, is meeting these challenges directly in Congress, in the states, in the media, and with the Biden Administration. We are very disappointed that from the moment Biden was sworn into office, he started and has continued to spitefully block the important reforms that were launched by President Trump and his Administration. Hence, the year started busy and stayed that way through the end of 2021. Moreover, membership polling revealed an interest in three more issues that were added to our legislative portfolio for 2021:

- Election integrity
- Critical Race Theory
- Elder abuse, neglect, and financial fraud

In addition to sending support and opposition letters addressing AMAC priority issues including Social Security, healthcare, Constitutional rights, national debt, and taxes to Members of Congress on Capitol Hill and state legislators, below are highlights of the activity in which AMAC Action was engaged throughout 2021.

Election Integrity

AMAC Action spent considerable time and resources in 2021 working to defeat H.R. 1 / S. 1, the fraudulently titled "For the People Act," and H.R. 4, the "John Lewis Voting Rights Advancement Act" while also supporting initiatives to strengthen election integrity in states across the country.

Even though these bills were defeated, AMAC Action fully expects aspects of these measures, designed to demolish state election authority under the US Constitution, and virtually guarantee one-party (Democrat) rule under the guise of federal election oversight and "voter rights," to be inserted into various legislative proposals throughout the 117th Congress, which runs through 2022. As such, AMAC Action will continue to work and strategize with the leaders of conservative groups supporting election integrity, including the **Election**

Transparency Initiative, Honest Elections Project, Independent Women's Vote, Institute for Free Speech, Judicial Watch, Public Interest Legal Foundation, Heritage Action, Conservative Partnership Institute, and Job Creators Network, to keep our elections free and fair.

AMAC members were greatly involved in the defeat of the "For the People Act" and the "John Lewis Voting Rights Advancement Act." They made over **419,000** contacts throughout 2021 to members of the United States Senate in addition to targeted pressure campaigns to key Senators including, Joe Manchin of West Virginia and Kyrsten Sinema of Arizona. AMAC members also composed letters to the editor stating their opposition to the "For the People Act" which were published in West Virginia and Arizona publications.

AMAC-supported election reform legislation passed state legislatures with the assistance of engaged advocacy by local AMAC members in **Arizona, Florida, Kentucky, Michigan, Pennsylvania, and Texas. Legislation was signed into law in Kentucky, Arizona, Texas, and Florida.** Further advocacy was done at the state level by the membership in **Alaska**.

AMAC Action joined with other conservative groups to support the Arizona initiative that helped to place the "Voter ID Act" on the ballot in 2022.

Healthcare

HEALTH Act

The AMAC Action team in Washington, D.C. is currently working with members of Congress to introduce the "Helping Everyone Access Long Term Healthcare (HEALTH) Act." It will be similar legislation to the "Physician Pro Bono Care Act" introduced in the previous Congress as H.R. 856 and will allow healthcare professionals who treat Medicaid-eligible patients to voluntarily take a simple tax deduction instead of billing Medicaid for their services. The bill is projected to save the Medicaid program billions of dollars while helping Medicaid patients to establish long-term relationships with primary care physicians leading to better healthcare outcomes.

Hospital Price Transparency

AMAC Action also activated the membership to leave comments on a Centers for Medicare and Medicaid Services (CMS) website compelling CMS to keep the requirement for hospitals to report their median Medicare Advantage rate. The CMS proposal to repeal this requirement would allow hospitals to revert to the previous manner of reporting inaccurate, inflated price estimates that would prevent patients from accessing important pricing information to assist them in making better informed healthcare decisions.

Critical Race Theory

At the direction of the AMAC membership, AMAC Action made a mid-year addition to our legislative portfolio. Resources have been developed to educate and activate AMAC members on Critical Race Theory (CRT). These resources will assist members in identifying CRT, networking to oppose CRT, and engaging local school boards to stop the CRT curriculum. **We also experienced success in a CRT call-to-action as Arizona AMAC members helped to pass a bill that was signed into law that prevents funding for CRT training for public employees in the state. In addition, AMAC Action staff and advocates were present, at the request of the Florida Governor's office, at a key Florida State School Board meeting where Critical Race Theory was voted out of, and therefore, disallowed from the state's public schools' curriculum.**

National Debt

AMAC Action facilitated the introduction of the Bill of Financial Responsibilities at the annual American Legislative Exchange Council's (ALEC) Annual Meeting in late July with the intent of aligning with other budget amendment groups to convene a states' Constitutional Convention to address and curb runaway federal spending, reform taxation, and ensure fiscal accountability and compliance with standards of fiscal management and accounting. AMAC Action is continuing to work with other allies in 2022 to achieve a mandate upon the Congress to set the time and place for a convention called by the States for proposing an amendment to the Constitution that will impose fiscal responsibility and accountability upon the federal government, thereby providing a check on runaway federal spending and taxation.

Social Security

Work continues to initiate bipartisan congressional introduction and passage of the key elements of AMAC's Social Security Guarantee to prevent insolvency and also to eliminate the income tax on Social Security and Railroad Retirement benefits.

CONSERVATIVE PARTNERSHIPS AND COALITIONS

Engagement with the Major Conservative Organizations

AMAC and AMAC Action staff and leadership also attended major conservative events including the **Conservative Political Action Conference (CPAC); Council for National Policy;** and the **Faith & Freedom Coalition's Road to the Majority** event. AMAC Action also exhibited at the **Conservative Minority Conference's** convention.

AMAC Action is a regular participant in forums with Washington, D.C.-based conservative movement organizations, including the **American Tax Reform's Center Right Coalition, the Weyrich Lunch, the Conservative Action Project, the American Conservative Union, and the National Tax Limitation Committee.**

Free2Care

AMAC belongs to the non-partisan **Free2Care** coalition, a partnership of physician and patient advocates working together to create a package of healthcare reforms that empowers both physicians and patients.

State Association Meetings and CFADD Meeting

In addition to attending the aforementioned American Legislative Exchange Council's (ALEC) annual meeting, AMAC Action sponsored a booth at the National Conference of State Legislatures (NCSL) conference to further expand relationships with state legislators and develop AMAC's state-level advocacy efforts. AMAC Action also attended the Christian Families Against Destructive Decisions (CFADD) meeting.

- Facilitate introductions to AMAC and AMAC Action for freshmen members of the 117th Congress

AMAC-SUPPORTED BILLS

H.R. 1799, the PPP Extension Act, was signed into law by President Joe Biden. The bill extends the Payroll Protection Program to ensure more small businesses take advantage of the program. This bill is of particular importance to America's seniors as they are one of the largest groups of small business owners and will be responsible for putting Americans back to work as the economic recovery continues.

H.R. 1448, the Puppies Assisting Wounded Servicemembers (PAWS) for Veterans Therapy Act, was signed into law by President Joe Biden. This bill requires the Department of Veterans Affairs (VA) to implement a five-year pilot program to provide canine training to eligible veterans diagnosed with post-traumatic stress disorder as an element of a complementary and integrative health program.

H.R. 5142, the Congressional Gold Medal Bill, was signed into law by President Joe Biden. This bill posthumously provides for the award of a Congressional Gold Medal in commemoration of the 13 service - members who died on August 26, 2021, while protecting men, women, and children during the evacuation of citizens of the United States and Afghan allies at Hamid Karzai International Airport in Afghanistan.

H.R. 2922, the Elder Abuse Prevention Act, was passed by the House of Representatives and was introduced in the Senate. This bill codifies a Trump Administration initiative that requires the Justice Department to designate an elder justice coordinator to oversee law enforcement efforts. The coordinator also would evaluate training models for law enforcement, prosecutors, judges, emergency responders, medical and mental health professionals, and others working with seniors on how to:

- Conduct investigations of elder abuse cases
- Address legal issues
- Work with victims and witnesses of elder abuse in administrative, civil, and criminal proceedings

H.R. 2062, the Protecting Older Workers Against Discrimination Act, was passed by the House of Representatives and was introduced in the Senate. This bill revises the evidentiary standard for age discrimination by establishing an unlawful employment practice when the complaining party demonstrates that age or participation in an investigation, proceeding, or litigation related to an age discrimination claim was a motivating factor for an adverse practice, even though other factors also motivated the practice (thereby allowing what are commonly known as mixed motive claims).

GRASSROOTS ADVOCACY
THE AMAC ARMY

AMAC Action offers two options for members to volunteer to become engaged in local advocacy—membership and leadership in AMAC Action Chapters and the Delegate Program.

AMAC Action Chapters

Chapters provide a forum for fellowship and education for the local AMAC membership at-large. Each Chapter has a volunteer Leader, and some have volunteer Co-Leaders. Chapter Leader(s) schedule, plan and preside over monthly or bi-monthly meetings.

AMAC Action Chapters focus on topics and legislation supported by the membership and advocated for by AMAC Action's Government Relations Team in Washington, D.C. Chapters meet to, among other things, educate AMAC members on significant issues to amplify the narrative in their local communities regarding the Association's mission and relate matters of importance to friends and neighbors. Chapter members are also encouraged to attend local Congressional events and meetings as scheduled by their Delegate(s).

There are 82 (up from 53 in 2020) active AMAC Action Chapters throughout the United States. A total of 117 Chapter meetings were held with a reported attendance of approximately 5,100 AMAC members and friends in 2021. Meeting attendees heard elected officials and candidates speak, learned about relevant issues, and participated in discussions regarding the US Constitution, Critical Race Theory, Article V, COVID-19 vaccine mandates, and educational freedom, among other topics.

Meetings were held in person where appropriate, virtually, along with a hybrid of the in-person and virtual formats.

AMAC Action Delegate Program

Delegates are members of Chapters and are volunteer liaisons for AMAC Action to their local Congressional District office. They are the lead contact for grassroots Congressional communication within the local District and are trained to articulate AMAC's mission and stance on key issues. Each Delegate is associated with the Congressional office in the District in which they live and vote and coordinate local activity. This includes scheduling meetings with Representatives and candidates, organizing Meet & Greet events, and other similar events.

AMAC Action Delegates held a combined 57 meetings with local Congressional offices and Meet & Greet events with Members of Congress in 2021. These meetings connect the AMAC membership with their local Member of Congress and give them an opportunity to let their voice be heard on issues that are important to them.

These meetings also complement the work of the Government Relations Team in Washington, D.C. while further building Congressional relationships and raising AMAC's profile. The AMAC Action team has challenged itself to continuously grow this program until all 435 Congressional Districts are represented by motivated, engaged Delegates.

AMERICAN OVERSIGHT

FL-GOV-22-0462-A-000922

AMAC Action has a total of 348 (and growing) volunteer advocates serving in the capacity of Delegates, Chapter Leaders, and in the dual role of Chapter Leader/Delegate. These advocates serve as our "feet on the street" at the grassroots level. New advocate recruiting efforts have yielded strong results with 79 new advocates being onboarded in 2021.

Additionally, there are over 320,000 AMAC Action advocates who have participated in Congressional, state level, and regulatory Call-to-Action campaigns by contacting their representatives to express their views on issues like election integrity, budget bills, support for the Senate filibuster, healthcare, and Article V.

AMAC Action State Coordinators

AMAC Action retains a team of State Coordinators who visit Congressional offices in multi-state regions. State Coordinators work on behalf of AMAC's legislative mission while working closely with local Delegates and Chapter Leaders to develop skills, recruit new advocates, and schedule Congressional and Chapter events.

AMAC Action has State Coordinators active in **Florida, Georgia, Illinois, Indiana, Iowa, Kentucky, Michigan, Minnesota, Ohio, Oklahoma, Texas, and Wisconsin.**

In addition to working with advocates at meetings in the field, AMAC Action State Coordinators attended 22 meetings with Congressional offices and other events in 2021 and facilitated a Congressional candidate forum in Texas' 6th District with AMAC Action Delegates and Chapter Leaders.

Calls-to-Action

AMAC Action activated the membership at-large and in individual states throughout 2021 to contact federal and state representatives in numerous Call-to-Action campaigns to compel them to support election integrity legislation, oppose Critical Race Theory, rein in federal spending, promote hospital price transparency, and other issues of interest to the membership:

- In February, AMAC members sent over **48,000** emails appealing to the US Senate to work in a bipartisan manner to secure our elections and not consider the "For the People Act" as a solution to reform elections.
- In March, Kentucky AMAC members made over **100** telephone calls to the state Senate telling them to support H.B. 574 and ensured its placement on the legislative agenda. This comprehensive election reform bill was placed on the agenda, passed, and was signed into law by the Governor.
- In March, the AMAC membership sent the US Senate over **146,000** messages telling them not to support the "For the People Act."
- In March, April, May, and June, Arizona AMAC members sent **22,374** emails to the state legislature telling them to vote for election integrity bills and their support helped to get third-party money out of local election administration; stop inactive voters from automatically receiving ballots; prevent the changing of election deadlines; penalize non-compliance for cleaning up voter rolls; and enhance voter ID for early voting ballots; all of which were signed into law by Governor Doug Ducey. AMAC members also told the Arizona legislature to support a measure that bans Critical Race Theory funding for public employees. This bill passed the legislature and was signed into law by the Governor as well.
- In March and April, Mississippi AMAC members sent **335** messages to the state legislature telling them to approve a measure that would allow Mississippi to join with other states in initiating an Article V Constitutional-amending convention.

- In April and May, Texas AMAC members sent **17,143** messages telling their state representatives to support election integrity and security legislation. The bill passed the Senate and had support in the House, but House Democrats walked out of the legislative session as it expired in a last-ditch effort to prevent a vote.
- In April and May, Maine AMAC members sent over **324** messages to the state legislature in opposition to National Popular Vote legislation that would give away their electoral votes based on the national popular vote. AMAC members helped to defeat this measure which ultimately failed in the Maine House of Representatives when 20 Democrats joined Republicans in voting against it.
- In April, South Carolina AMAC members engaged their state legislature with **509** messages in support of an Article V Convention of States initiative.
- In May, AMAC member advocates sent nearly **25,000** emails each (over **222,000** in total) to the nine Republican members of the Senate Rules Committee directing them to share the disdain the membership has for the "For the People Act" with their Democrat colleagues. The bill failed in Committee but was brought to the floor of the Senate for a vote via a procedural move by Majority Leader Chuck Schumer where it was ultimately defeated.
- In June, Texas AMAC members sent over **3,300** messages to Governor Greg Abbott asking him to call back the state legislature ASAP to convene a vote on election integrity that the Democrats previously walked out on.
- In June, AMAC members left over **9,300** comments on a regulatory website telling the Centers for Medicare and Medicaid Services (CMS) to keep the requirement for hospitals to report their median, payer-specific negotiated charges for Medicare Advantage organizations. CMS issued a rule that would rescind this requirement and cloud this aspect of hospital price transparency. AMAC member comments accounted for approximately one-third of all comments left on the website. CMS was reviewing the comments as of year's end.
- In June, Pennsylvania AMAC members sent nearly **4,000** email messages to the state legislature telling them to pass H.B. 1300, the "Voting Rights Protection Act." AMAC members were successful in getting the bill passed in the legislature, but it was vetoed by Governor Tom Wolf.
- In June, West Virginia AMAC members continued their advocacy on behalf of preserving the filibuster in the US Senate by sending another **222** messages to Senator Joe Manchin telling him to persist in his support of this valuable tool that gives a voice to the minority party. Senator Manchin did not waver, and the filibuster endured and was used by Senate Republicans to defeat the "For the People Act."
- In June, Michigan AMAC members sent members of the state House of Representatives over **1,700** messages telling them to support voter ID bills for mail-in and in-person voting. The bills, which already passed the state Senate, were passed by the state House.
- In June, Pennsylvania AMAC members pressured Governor Tom Wolf by sending him over **3,700** emails demanding that he sign the "Voting Rights Protection Act" just prior to his veto. While the veto was expected, AMAC members were able to speak their minds in support of election integrity.
- In August, AMAC members sent the entire US Congress over **99,000** messages telling them not to support the Democrats' wasteful $3.5 trillion budget resolution. House Democrats eventually shrank this budget bill to $1.75 trillion which they passed. As of year's end, this bill is dead due to opposition from centrist Senate Democrats.
- In August, a targeted campaign was sent to Senators Sinema, Tester and Manchin. AMAC members in Arizona, West Virginia, and Montana, collectively made over **1,000** contacts with these Senators to tell them to oppose the double death tax. Senator Sinema's opposition to this proposal caused it to be removed from the "Build Back Better Act" before final House passage.

FL-GOV-22-0462-A-000924

- In August, the AMAC membership left over **16,400** comments in favor of hospital price transparency on a CMS website that was seeking public comments. CMS was reviewing the comments as of year's end.
- In August and November, AMAC Action sent thousands of AMAC members in California and Virginia to websites to sign up to become poll watchers and election workers. The November election for Virginia Governor had an unprecedented amount of scrutiny due to the significant increase of people working the polls. AMAC members also sold out a poll watcher/election worker training session in Virginia in advance of November's gubernatorial election.
- In September, 10 Democrats (Peters, CA-52; Auchincloss, MA-04; Schrader, OR-05; Rice, NY-04; Murphy, FL-07; Correa, CA-46; Strickland, WA-10; Mrvan, IN-01; Gottheimer, NJ-05; and Cardenas, CA-29) received over **773** messages from AMAC members in those respective districts compelling them not to include Nancy Pelosi's price-fixing, innovation-stifling drug price bill in the budget reconciliation act. Representative Murphy publicly stated that she would not support the $3.7 trillion bill declaring it was "too big" after AMAC members in FL-07 sent her nearly **100** messages.
- In September, AMAC's Alaska members directed their concern over the federal takeover of elections to Senators Murkowski and Sullivan by sending them **570** messages. Senator Murkowski opposed a compromise at the time which would have federalized elections, but ultimately supported debate on the "John Lewis Voting Rights Act." The vote before the Senate to open this debate ultimately failed.
- In September, over **105,270** messages were sent by the AMAC membership to Congress to tell them to oppose Biden's push for a capital gains tax hike, that would hurt millions of seniors' retirement income, to be included the budget bill. This effort by AMAC members was successful, as the proposal was removed from the legislation.
- In September and December, AMAC's Pennsylvania members, who were very active throughout the year, sent over **4,850** messages to the state legislature urging lawmakers to pass comprehensive voter reform legislation. The latest measure, H.B. 1800, was scheduled for a vote in early 2022.
- In September, AMAC members sent over **740** messages to Democrats in the Senate telling them not to further damage the economy with their political maneuvering regarding the debt limit. This initiative resulted in the Democrats being forced to take a politically risky vote on raising the debt limit using only Democratic votes. No Republicans voted in favor of increasing the debt limit.
- In September, AMAC members in West Virginia, Arizona, Montana, and New Hampshire again reached out to Senators Manchin, Sinema, Tester, and Hassan with over **1,900** messages telling them to remain steadfast in their support for the filibuster.
- In October, AMAC members in Pennsylvania took on a new issue, a directive by their Governor to join a regional greenhouse gas initiative that would drive up energy costs for state residents and businesses. AMAC members flooded the state Senate with over **3,350** messages telling legislators to oppose the Governor's directive. The resolution to oppose this directive passed the Senate with 3 Democrats voting with the majority.
- In November, AMAC's members in Pennsylvania, New Hampshire, Arizona, and West Virginia sent over **1,680** messages to Senators Casey, Hassan, Sinema, and Manchin telling them to oppose the Democrats' drug pricing bill. Senator Manchin ultimately put down the budget reconciliation bill and the Democrats' drug pricing bill along with it.
- In November, AMAC's Idaho members sent nearly **200** messages inviting their state legislators to attend a meeting to discuss Idaho's potential participation in an Article V Convention of States. This initiative resulted in high enthusiasm among potential state sponsors for the initiative.

AMERICAN OVERSIGHT

FL-GOV-22-0462-A-000925

- In November, AMAC members sent over **14,900** messages to CMS Administrator Chiquita Brooks-LaSure telling her not to raise the Medicare Part B premium and deductible. Shortly after this initiative, US Senators Bernie Sanders (I-VT) and Ron Wyden (D-OR) who is the Chairman of the Senate Finance Committee, both appealed to the Biden Administration to limit any Part B premium increase.
- In November and December, New Jersey AMAC members sent over **3,230** messages to their state legislators telling them to oppose the recission of a resolution they previously passed in support of the Article V Convention of States. Unfortunately, the party-line vote to rescind New Jersey's Article V application was successful.

It's long been recognized in Washington, D.C. and more specifically on Capitol Hill and in state capitals across the country, that direct constituent engagement with representatives' offices is a powerful indicator of public interest and concern about key issues. The greater the amount of constituent interest, the greater the level of importance of the issue. Additionally, modes and methods of how constituents communicate their concerns is an indicator of issue importance – phone calls, emails, and in-person meetings typically indicate that for every one constituent inquiry there are likely numerous other constituents who also care about these issues.

AMAC members made over 735,000 contacts with members of the US House and Senate, state legislators, and the Centers for Medicare and Medicaid Services during 2021! There is no other organization within the conservative movement that certifies the hundreds of thousands of active, engaged advocates delivering the grassroots results like AMAC Action does. This effort is purely organic with zero dollars spent on outside resources like robo-calling. All grassroots advocacy results are exclusively driven by the AMAC membership.

CALL-TO-ACTION TESTIMONIALS

2021 was indeed busy. Part of what makes doing advocacy work on behalf of the membership so satisfying is the opportunity to work alongside of so many passionate, dedicated members of AMAC. Your love of God and country is profound and inspires the AMAC Action team to double-down on our efforts to fight the Left's assault on the Constitution and our freedoms.

If a particular call-to-action campaign in which you participated did not get the hoped-for results, do not believe that your effort was a waste of time -- it wasn't. Just as your patriotism inspires the AMAC Action team, your messages to elected representatives gives them the strength and courage they need to fight for you in Washington, D.C. and in states across the country. We know this to be true because some of them have told us how your support humbles them and reinforces their resolve:

"AMAC members were critical in grassroots support for H.B. 1300. Without it, we're not sure we would have had the support to pass it to the Governor."

Representative Seth Grove, (PA House District 196), sponsor of H.B. 1300, Voting Rights Protection Act Chairman, House State Government Committee

"AMAC members played a crucially important role in helping Arizona lead the nation on important issues like election integrity and putting an end to the teaching of hateful, racist Critical Race Theory in our schools and government institutions. The thousands of emails and calls from AMAC patriots helped us to stay the course and put these common-sense reforms into law, despite tremendous media and partisan opposition.

While some organizations sat on the sidelines or even opposed Arizona's efforts, AMAC stepped up and made a lasting impact in the fight to protect the freedoms of all Arizonans."

Representative Jake Hoffman, (AZ House District 12), sponsor of election integrity and Critical Race Theory legislation

"Thanks to AMAC and our Electoral College Coalition partners, we defeated the National Popular Vote legislation in Maine this year. It received no "yes" votes in the Veterans & Legal Affairs Joint Committee. AMAC's grassroots engagement clearly had a positive impact!"

THE AMERICAN PATRIOT AWARD

In November, AMAC Action invited 103 Members of Congress to an event on Capitol Hill in Washington, D.C. recognizing them for the work they've done on behalf of the AMAC membership. The honorees received the American PATRIOT Award, which was conceived by AMAC's late founder, Dan Weber, to show these representatives our appreciation for their perseverance during these chaotic times and inspire them to keep fighting on our behalf.

2021 PROACTIVE COMMUNICATIONS STRATEGY

AMERICAN OVERSIGHT

Jenn Bengtson and I would like to talk with you about having Governor DeSantis address us at our **AMAC Action National Conference** for 2022 will be held on **May 19th, 20th and 21st** at the **Wyndham Grand Orlando Resort** at Bonnet Creek. It starts in the evening on May 19 (Thursday) and then runs through mid-afternoon on Saturday. https://amacaction.org/conference/. We would suggest noon time either Friday, May 20 or Saturday, May 21.

Our grassroots leaders – Chapter Leaders and Delegates – attending will be from all the states, except Hawaii, and would be very honored and appreciative if Gov. DeSantis would join us and speak. While governor of Florida, he is truly a national leader.

(BTW: Our AMAC FL membership is now almost 180,000 of our 2.35 million overall.)

Best Wishes,

Bob

State Funeral for World War II Veterans, George Patton Award

Subject: Acceptable Dates this Summer to Present the George Patton
Award to Gov DeSantis in TALLAHASSEE

As Representative Maney has shared with you, we feel it is a perfect "fit"
for the Governor of Florida to be our first ever recipient of the George Patton Award.
We presented our George Marshall award to Senator Joe Manchin a few weeks ago.

Our goal: To convince the President of the United States (who has sole authority)
to designate a State Funeral for the final MOH holder from World War II. As you know
this is hero is Woody Williams, (Iwo Jima 1945) who is interested in traveling to Florida to make this presentation, depending on the date. This funeral will honor all 16 million men and women who served in the Second World War. A final salute t the greatest generation.

The George Patton Award is for a elected official who has a long history of military service and of serving and honoring Veterans. A man like Ron DeSantis

This is the perfect presentation at the perfect time.

HOW DOES THIS BENEFIT GOVERNOR DESANTIS?

- There are 35 million families who have a parent, grandparent, great aunt or uncle
who served in the Second World War.
- Florida is a terrific military state and veterans of all ages will love this award
- This puts Governor DeSantis in favor of something simple and patriotic that
former President Donald Trump never got around to doing when he was in the White House

AMERICAN OVERSIGHT

- We are organized in all 50 States!

POSSIBLE DATES FOR A SUMMER PRESENTATION IN Tallahassee
- May 21. 22, 23, 24, 25, 26, 27
- June 14, 15, 16, 17,20, 21, 22, 23

Please let us know as soon as possible which date is best for you so we can buy airfare at the lowest possible price. This is important to a non profit like ours!

Hello,

I am with the Willie Montague campaign and we are hosting a Federick Douglass Dinner event on June 25th in Orlando, Florida. Willie was speaking to Christina Pushaw and she suggested we get in touch with you two about this. We are about to confirm all the details but really think it would be terrific if the governor could join the dinner and speak if he would be willing. KCarl, founder of the "Federick Douglas Republican" movement, will be the keynote speaker (unless the governor would like to headline the final speech/talk).

We have some really great guests we are getting lined up and it will be a major Black Republican outreach event. I think the governor's presence would speak volumes, even if his schedule only permits a brief appearance.

Please let me know if this is something that may be possible or if for the governor to come we need to look at other dates. We also submitted the proper appearance request form online.

Good Morning Casey,

Thank you so much for adding our invitation to the Governor's list for consideration!

We are still taking reservations for the event but anticipate between 450 – 500 people in attendance including our grassroots advocates, various guest speakers, and sponsors.

The event is being held at the Wyndam Grand Resort Bonnet Creek in Orlando. May 19, 20, and 21. We have a tentative "working" agenda but have the ability to modify in order to accommodate our Rock-Star Governor based on his availability (AMAC Action headquarters is located in Leesburg, Florida).

I have attached our "working" tentative agenda for your review… but please know, we will modify as needed.

We sincerely appreciate the Governor's consideration!

Sincerely,

Jennifer Bengtson

Jenn Bengtson and I would like to talk with you about having Governor DeSantis address us at our **AMAC Action National Conference** for 2022 will be held on **May 19th, 20th and 21st** at the **Wyndham Grand Orlando Resort** at Bonnet Creek. It starts in the evening on May 19 (Thursday) and then runs through mid-afternoon on Saturday. https://amacaction.org/conference/. We would suggest noon time either Friday, May 20 or Saturday, May 21.

Our grassroots leaders – Chapter Leaders and Delegates – attending will be from all the states, except Hawaii, and would be very honored and appreciative if Gov. DeSantis would join us and speak. While governor of Florida, he is truly a national leader.

(BTW: Our AMAC FL membership is now almost 180,000 of our 2.35 million overall.)

Casey,

Thanks a bunch. I am putting together the chain of events for opening ceremonies, so the sooner you could let me know one way or the other it would be appreciated.

And just because one very rarely gets a chance to speak to the Governors office, I want to tell you we in Florida have the absolute BEST Governor in the nation. As a retired state law enforcement officer, I have worked under several and what Governor DeSantis has done for Law Enforcement and Firefighters is absolutely incredible. If he comes, he will be in good company and surrounded by many from our state who appreciate him!!!

On a more personal note, my wife is a breast cancer survivor of 10 years this year. So ever since the news broke about The Governors wife, she has been in our thoughts and prayers. So we are living proof that breast cancer is treatable and survivable. Tell him to keep his head up and always enjoy the good days.

Thanks again.

Casey,

Thank you for responding and assisting with this.

The International Association of Arson Investigators (www.firearson.com) is an International Organization committed to the furtherance of fire, arson and explosion investigations around the world through education. Having been in existence for nearly 75 years, the organization is steeped in the progression of fire and arson investigative techniques as the science related to fire evolves.

Our organization is comprised of over 10,000 members through over 80 chapters worldwide. This year we will expand by one chapter, as the United Arab Emirates will be newly chartered this year. We are comprised of firefighters, police officers, federal agents (ATF), and national police officers, as well as private sector investigators and insurance professionals around the globe whose primary responsibility is the investigation of fire, arson, and explosion incidents wherever they may occur.

Each year, we gather for our International Training Conference, which moves around the US and abroad from year to year. This year, the ITC will be held at the Hyatt Hotel in Jacksonville, Florida. Currently we are expecting approximately 700 investigators, again from around the world, to gather for a full week of intensive training related to the latest developments in fire investigation techniques. As a native Floridian, retired Florida State Fire Marshal Detective and current business owner in Orange Park, Florida. I am excited that the ITC is once again in Florida.

We are requesting Governor DeSantis to speak at our opening ceremonies on Monday, April 11, 2022 at 8:00 AM. He will be in the company of Jacksonville Sherriff Mike Williams, Jacksonville Fire Chief Powers, and Assistant ATF Director Thomas Chittum from Washington DC, all who have committed to

AMERICAN OVERSIGHT

join us for the opening ceremonies. We would ask The Governor to be our keynote speaker, to give welcoming remarks for approximately 5 minutes. Although our opening ceremonies extend from 8:00 AM until 10:00 AM, after opening remarks (usually approximately 8:45 AM) we have a window where we let any dignitaries who need to duck out, leave the head table before we proceed with our memorial service for members who have passed away in the past year and other housekeeping issues before classes begin at 10:00 AM. The Governor is welcome to stay, but we understand that our dignitaries are usually limited on time.

Please let me know if you need any further details and we hope that The Governor will be able to speak to our membership.

Respectfully,

Dear Kendall,

It was a pleasure to speak with you just now regarding our invitation to the Governor to come and speak to our group. The conference will be held this year May 4th through 6th in Orlando at Disney's Yacht & Beach Club Resort. We would be honored to have him speak on the morning of Thursday, May 5th if he is available. Our interest is hearing his thought on Florida's future for energy and utilities.

We will have attendees from utilities, railroads, maritime shippers, coal companies, natural gas pipelines, and suppliers. We expect a well-attended conference. That should mean 300 – 400 in attendance.

We will gladly provide the Governor with a room and a registration, just as we do for all of our speakers. If he wishes to take part in any of the events on Wednesday, that is included in the registration as well.

If you have any questions, feel free to reach out to me at either of the numbers below or by email.

- The Pinellas site will be taking on part of the F-35 assembly which will at ~50 additional jobs over the next 2 years at our current production rate

Please do not hesitate to reach out if I can be of any additional assistance.

Palm Beach County is a diverse community and has an equally diverse economy that includes both a large rural agricultural sector as well as a highly urbanized biotech sector. Our county is at the forefront of dealing with the impacts of climate change and sea level rise, not only along the coast but also inland where additional challenges threaten water supply and water quality.

As chair of the interagency Lake Worth Lagoon Initiative Steering Committee and a board member of the Palm Beach County Water Resources Task Force, Vice Mayor Weiss is especially involved with water quality issues. It is his special interest in protecting and conserving environmentally sensitive areas and ecosystems that inspires him to serve on several intergovernmental associations, i.e., the Water and Environmental Sustainability Policy Taskforce for the Florida Association of Counties (FAC) and the Resiliency Taskforce of the National Association of Counties (NACo).

Having traveled up through the Italian coast to liberate Italy, he was struck by the beauty of a young girl in Napoli. They fell in love, and the two of them married and returned to his dairy farm in Michigan. Her first bill as a State Representative endows certain benefits to our veterans in honor of their service, lest they ever be forgotten.

Subject: Governor speaking opportunity

Good afternoon Nick,

We were wondering if Governor DeSantis would be available and interested in speaking at our upcoming event, as our keynote. We have a large meeting with about 150 to 200 vacation rental industry and tourism leaders coming together April 7th at the Disney Coronado Springs resort. The breakfast starts at 8 AM, program starts at 9 AM and the Governor would be up at about 9:15 AM. Speaking for 20 or so minutes about the state of Florida tourism and hospitality, or other pertinent topics.

This is one of our larger events because Disney follows all speakers with resort updates.

Please let me know if his office would have interest in scheduling the Governor for this speaking opportunity in front of our hospitality leaders from Central Florida. As you know Central Florida represents over 45,000 vacation rental units in the state and vacation rentals are crushing it with occupancy and revenues.

Please let me know if you need anything else to make this request.

We are very excited about the event, and hope Governor DeSantis will be able to attend! It would mean a lot to his constituents who are still fighting for their medical freedom!

I appreciate your time.

Hello,

I hope you and your family had a wonderful holiday season and start to the new year!

Mandates Won't Fly is still hard at work educating, advocating and fighting for freedom. Many

AMERICAN OVERSIGHT

Floridians are still being affected by these tyrannical mandates. Even with the injunctions in the courts, the uncertainty of the outcomes has created an every day stress for families, and in many cases uncomfortable work environments. We are determined to to stand for freedom.

The last we spoke, I had informed you we were postponing our fundraiser due to the holiday season. We are excited to say we are officially hosting a fundraising event on, May 7th, 2022, at The American Muscle Car Museum, in Melbourne, Fl. This museum is a private collection of Mark Pieloch and not open to the general public. The museum is 123,000 sq ft, housing roughly 350 cars in his collection, and worth an estimated 34 Millions dollars, The venue is truly unlike any other. Mr. Pieloch does a lot for our community, and is very generous with his donations. Mandates Won't Fly would be honored to have the Governor attend this event, and allow the opportunity to

AMERICAN OVERSIGHT

introduce Mr. Pieloch to the Governor.

We are in the early stages of planning but wanted to send information of the fundraising event and date as soon as possible. We understand the Governors schedule is very demanding, on top of being an election year, however we would be honored for his attendance to be considered.

I appreciate your time and continued communication.

Sincerely,

>>> Our goal is to create an event that is like a traditional fundraiser but also modern and fun, bringing together multiple generations of patriots. We will

Governor DeSantis would attend this fundraiser event and speak to those still affected. Our event is to encourage and build moral amongst those who are still fighting. To raise money for legal counsel to combat the mandates, as well as to have reserve funds for those who are seeking legal action who have been terminated, discriminated in the work place or have been denied exemptions due to the mandates. Our organization is still working tirelessly to protect many Floridians against the unconstitutional mandates imposed on them by the Biden Administration. Federal contractors, civil servants, and many medical staff employees are just some of who are still fighting for body autonomy. These mandates, as I am sure you know, are set to go into affect in January. The time we have to take action is quickly approaching, we are eager to raise funds and get the needed attention in the community to help win this!

We would love an opportunity to host a MWF fundraising event for him to attend that would allow the Aerospace employees of The Space Coast (all of Florida really), to hear him do a little speech, a meet and greet, or anything you

AMERICAN OVERSIGHT

suggest or can offer. Mandates Won't Fly is hoping that this event would boost the moral of our industry and unite the impacted employees. As you know, there as SOOOO many that are being personally affected by this unconstitutional mandate, who have lost their jobs already or are living in daily stress due to the glooming unknown of what's to come in the next few weeks. We are open to any date, time or event. We know his schedule is crazy and are willing to make ANYTHING happen.

MWF is currently in the process of raising funds for litigation to fight for those who aren't in Florida and not blessed to have our amazing Govenor fighting for us. As well as those who have been personally discriminated on during this time. MWF is national group and so many employees in

other states are facing termination very soon, have had their exemptions denied, have already been fired and have turned to us for help. First Responder Bonuses – Ponte Vedra
Thursday, March 31, 2022

[INTRODUCTION]

- Good morning, it's great to be here in Ponte Vedra.
- Here with me today is:
  - CFO Jimmy Patronis
  - Sheriff Robert Hardwick with St. John's County
  - Sheriff Gator DeLoach with Putnam County
  - Sheriff Michelle Cook with Clay County (TENTATIVE)
  - Corporal Stacci SAS-TREY with St. John's County
  - Senator Travis Hutson
  - Representative Cyndi Stevenson
  - Representative Cord Byrd
  - Representative Bobby Payne
  - Senator Jennifer Bradley
  - Representative Sam Garrison
  - Representative Clay Yarborough
  - Representative Jason Fischer
  - Chief Gene Paul Smith with Jacksonville Beach PD
  - Chief Victor Gualillo with Atlantic Beach PD
  - Lt. Edward Peck with Atlantic Beach PD
  - Chief Richard Pike with Neptune Beach PD

AMERICAN OVERSIGHT

- Gary Snyder, Police Commander for Neptune Beach PD
- Chief Daniel Carswell with St. Augustine Beach PD
- And Travis Harrell, Police Commander for St. Augustine Beach PD

- We also have several Sheriff's Deputies from Jacksonville Sheriff's Office and St. John's Sheriff's Office

- Throughout my administration I have strived to deliver on my promise to support law enforcement and our first responders.
  - In 2021, we passed the most comprehensive pro-law enforcement legislation in the nation, prohibiting defunding our police.
  - Last year we also provided $1,000 bonuses to our first responders throughout the state.

[2022 SESSION]

- This year, with the support of the Legislature, we were able to have another banner year in support of our law enforcement officers.
- We provided pay raises to all our sworn state law enforcement officers.
- I also proposed sweeping law enforcement recruitment and retention legislation to help our state and local law enforcement bring the best and most talented officers to Florida.
- The Legislature answered the call and passed House Bill 3 – which I will be signing very soon.
  - HB 3 includes signing bonuses for every recruit who is new to the law enforcement profession in Florida.
  - It also creates a law enforcement academy scholarship program and provides the State Officer Certification Exam free of charge for officers relocating to Florida.

AMERICAN OVERSIGHT

- Florida wants to bring the best and brightest in law enforcement here, and we want to continue to show support to the brave first responders that work every day to protect Floridians.

[ANNOUNCEMENT]

- That is why in November, I also proposed a second round of bonuses for Florida's first responders and called upon the legislature to make this a reality.
- **Today, I am announcing that local first responders across Florida's local governments will be receiving $1,000 bonuses.**
    - This includes police officers, sheriff deputies, paramedics, EMTs and firefighters.
    - The bonuses were included as part of the budget passed by the Legislature – I haven't signed the budget yet, but I will be approving $125 million for these bonuses.
- This is the second straight year we have been able to provide bonuses to Florida first responders, which is well deserved for all that they provide our communities.
- Throughout the last two years, our first responders have been called upon time and time again to protect Floridians.
    - We have seen instances of great selflessness from first responders this year in the wake of the Chipola Wildfires and their dedication to saving their communities was admirable.
    - First responders make sure that our communities are protected, cared for and safe.
    - We depend on police officers to serve and protect every single day.
    - We depend on EMTs and paramedics to make sure we can receive medical care in difficult situations.
    - We depend on our firefighters to respond to fires, car accidents and do things like help us install car seats properly.

AMERICAN OVERSIGHT

- Our first responders go above and beyond while sacrificing their own safety for the benefit of their communities.
- And for that, they deserve the support of the people that they work everyday to protect.
- As Governor, I appreciate what the men and women of law enforcement do across Florida, and the Legislature showed they do as well.
- I am happy that the Legislature and I have been able to make this happen and give just a token of appreciation for the work that our first responders have done and continue to do every day.

[CONCLUSION]

- While other states have made a point to turn their backs on law enforcement and first responders, in Florida, we have a made it a point to invest in them.
- I will continue to find ways that we can support first responders throughout the state.
- Thank you

First Responder Bonuses – Palm Beach
Thursday, March 31, 2022

[INTRODUCTION]

- Good afternoon, it's great to be here in Palm Beach.
- Here with me today is:
    - CFO Jimmy Patronis
    - Sheriff Ric Bradshaw with Palm Beach County
    - Deputy Sheriff Al Lopez with Palm Beach County
    - Senator Gayle Harrell
    - Representative Mike Caruso
    - Representative John Snyder
    - And Representative Tae Emonds
    - We also have several Sheriff's Deputies from Palm Beach County Sheriff's Office
- Throughout my administration I have strived to deliver on my promise to support law enforcement and our first responders.
    - In 2021, we passed the most comprehensive pro-law enforcement legislation in the nation, prohibiting defunding our police.
    - Last year we also provided $1,000 bonuses to our first responders throughout the state.

[2022 SESSION]

- This year, with the support of the Legislature, we were able to have another banner year in support of our law enforcement officers.

AMERICAN OVERSIGHT

- We provided pay raises to all our sworn state law enforcement officers.
- I also proposed sweeping law enforcement recruitment and retention legislation to help our state and local law enforcement bring the best and most talented officers to Florida.
- The Legislature answered the call and passed House Bill 3 – which I will be signing very soon.
    - HB 3 includes signing bonuses for every recruit who is new to the law enforcement profession in Florida.
    - It also creates a law enforcement academy scholarship program and provides the State Officer Certification Exam free of charge for officers relocating to Florida.
- Florida wants to bring the best and brightest in law enforcement here, and we want to continue to show support to the brave first responders that work every day to protect Floridians.

[ANNOUNCEMENT]

- That is why in November, I also proposed a second round of bonuses for Florida's first responders and called upon the legislature to make this a reality.
- **Today, I am announcing that local first responders across Florida's local governments will be receiving $1,000 bonuses.**
    - This includes police officers, sheriff deputies, paramedics, EMTs and firefighters.
    - The bonuses were included as part of the budget passed by the Legislature – I haven't signed the budget yet, but I will be approving $125 million for these bonuses.
- This is the second straight year we have been able to provide bonuses to Florida first responders, which is well deserved for all that they provide our communities.
- Throughout the last two years, our first responders have been called upon time and time again to protect Floridians.

AMERICAN OVERSIGHT

    - We have seen instances of great selflessness from first responders this year in the wake of the Chipola Wildfires and their dedication to saving their communities was admirable.
    - First responders make sure that our communities are protected, cared for and safe.
    - We depend on police officers to serve and protect every single day.
    - We depend on EMTs and paramedics to make sure we can receive medical care in difficult situations.
    - We depend on our firefighters to respond to fires, car accidents and do things like help us install car seats properly.
- Our first responders go above and beyond while sacrificing their own safety for the benefit of their communities.
- And for that, they deserve the support of the people that they work everyday to protect.
- As Governor, I appreciate what the men and women of law enforcement do across Florida, and the Legislature showed they do as well.
- I am happy that the Legislature and I have been able to make this happen and give just a token of appreciation for the work that our first responders have done and continue to do every day.

[CONCLUSION]

- While other states have made a point to turn their backs on law enforcement and first responders, in Florida, we have a made it a point to invest in them.
- I will continue to find ways that we can support first responders throughout the state.
- Thank you

    - School Board and Superintendent handled the situation.
    - Director of Student Services is still employed with the school district.
- Based on conversation, may not be good fit due to not speaking on CRT.

Good afternoon Savannah and Bailey,

We are looking forward to hosting the Medal of Freedom event on April 7 here at Florida Atlantic University.

To help plan for the event, we'll be holding a walk through of the space tomorrow morning.

Part of this will include parking for the media and how much space we'll need to reserve for them in the venue.

I'm reaching out to discuss this and any other media logistics you would like to review.

You can reach me at my information below and this email whenever you are prepared to discuss this with us/set up a meeting or call.

Greetings Erin & Staff, I have a request that you may be able to help me with, please? I am aware that Gov. DeSantis will be in Vero Beach on April 4 and am hoping to extend an invitation to him to come to our pregnancy help center - A Caring Center for Women. We are a very grateful member of FPCN, which we know Gov. DeSantis supports, so wouldn't it be great to take 5 minutes to stop here to see what and who we are - 9 years of loving & serving moms and babies - in fact, we have SAVED over 5,000 at-risk babies since opening! We are governed by a very Republican Board of influential pillars of this community who appreciate ALL Rep. Grall and Gov. DeSantis has done for our Mission. If you could arrange or give me guidance on how to make this quick stop, a reality, I would be most grateful!

Thanks, Gerri Krempel-Rorick

Subject: Port St. Lucie - Cheney Brothers April 20

Thank you very much for your time this morning. As requested, I am attaching information about the project which will be holding its groundbreaking on Wednesday, April 20 at 9:30 a.m. at Legacy Park at Tradition in Port St. Lucie.

The Cheney Brothers family, City of Port St. Lucie and the Economic Development Council of St. Lucie County would be very honored to have the Governor speak at the groundbreaking. Last year, Governor DeSantis presented a check to the City of Port St. Lucie for partial funding of one of the main roads into Legacy Park, a grant which is contributing significantly to the success of the park. So far, FedEx Ground, Amazon and Cheney Brothers have been sited in the park. FedEx is open now, Amazon is under construction and this event breaks ground for Cheney Brothers. Two speculative industrial buildings are also under construction. At buildout, we anticipate the companies located in this industrial park will employ more than 3,000 local people.

We greatly appreciate the Governor's consideration of our request! If you require any additional information, my contact info is below.

To the Honorable Erin Grall ;

Greetings Erin & Staff, I have a request that you may be able to help me with, please? I am aware that Gov. DeSantis will be in Vero Beach on April 4 and am hoping to extend an invitation to him to come to our pregnancy help center - A Caring Center for Women. We are a very grateful member of FPCN, which we know Gov. DeSantis supports, so wouldn't it be great to take 5 minutes to stop here to see what and who we are - 9 years of loving & serving moms and babies - in fact, we have SAVED over 5,000 at-risk babies since opening! We are governed by a very Republican Board of influential pillars of this community who appreciate ALL Rep. Grall and Gov. DeSantis has done for our Mission. If you could arrange or give me guidance on how to make this quick stop, a reality, I would be most grateful!

Katherine Anne,

AMERICAN OVERSIGHT

This is an invite we received for the Governor and First Lady to attend. they would like to present them with the Humanitarian Award, which is the same award personally presented to President Reagan and First Lady Nancy Reagan in 1990 in Orlando. I was asked to send this over to you to see what the First Lady thinks about this invite!

Thursday, April 28 OR Thursday, May 5	**National House of Hope Humanitarian Award Gala**	
	Time	6:00pm
	Location	Orlando
	Requestor	Sara Trollinger, *House of Hope*
	Role	Remarks
	Attendees	1,000+
	Notes	○ Their request for the Governor to visit and receive the award sometime from February 24 – February 27, 2022, was regretted. They came back with new dates for March 2022, and they then requested either April 28th or May 5th. ○ Sara would like for the First Lady and the rest of the First Family to attend. She says that she spoke with someone from Team DeSantis who told her that the First Lady has a strong interest in attending the event. ○ They would like to present the Governor and First Lady with the Humanitarian Award, which is the same award personally presented to President Reagan and First Lady Nancy Reagan in 1990 in Orlando. ○ After teaching 25 years in the public school system and at a state-operated detention center, Founder and President, Sara Trollinger, started House of Hope, a residential program, in 1985 as a safe haven for hurting teens. Having witnessed firsthand the revolving doors for teenagers in the social service system, where they would come and go, repeating negative behaviors time and again, she saw the need for these troubled teens to understand the life-changing principles based on God's Word. As a non-denominational, not-for-profit, Christ-centered residential program, House of Hope offers hurting teens, ages 13-17, a place to find hope and healing in a loving, supportive environment and be reconciled to their families.

Hi Ari-

We are working with a tight schedule on 4/7 when the Governor is down for the holocaust remembrance event and it seems unlikely we will be able to plan for any meetings outside of the press conference. However, if you'd like to join for the announcement please let me know and we can add you guys to the list. I'm copying Savannah Kelly Jefferson, our director of external affairs, who manages our scheduling and can be helpful.

Best,
James

Thanks for the call earlier.
Per our conversation, I would like to extend an open invitation for the Governor to visit our museum in NY. It would be a great opportunity to meet with our community leaders.
Furthermore, our CEO Mr Elly Kleinman and myself would be happy to meet with him in Palm Beach at the event sidelines.
Also we are primarily looking to operate out of the Northern Palm Beach areas - i.e. West Palm or the PGA Blvd area.
This would be necessary in order to provide coverage and access to the broader County. I think Palm Beach State college on PGA Blvd would be a great option.

Here is the bio of Mr Kleinman -

Thank You!

Hi Ari-

We are working with a tight schedule on 4/7 when the Governor is down for the holocaust remembrance event and it seems unlikely we will be able to plan for any meetings outside of the press conference. However, if you'd like to join for the announcement please let me know and we can add you guys to the list. I'm copying Savannah Kelly Jefferson, our director of external affairs, who manages our scheduling and can be helpful.

Best,

James

artifacts to Palm Beach County. We have had some dialog with various entities concerning finding a location for civic use for a Holocaust exhibit and wanted your help to move things along.

I have attached below previous correspondence as well as letters to Rep Rick Roth.
I know its late, and the Reps have told me about the missed deadline, but they support it. However, I was told the Governor should have some latitude for these types of funding needs.

We are in the midst of a sharp rise of anti-semtism nationally and it's prudent to take action to ensure educational tools are made available to the students and public in Palm Beach.

Tomorrow, can you call these two older gentlemen and let them know that we'd like to recognize them at our event next week with Ben Ferencz? Ben is receiving the medal of freedom. These two gentlemen are Holocaust survivors and would just be attending and receiving a letter from GRD (and be recognized during the service).

We'd need them at FAU 30 minutes prior to the program start. Let me know if you have any questions!

AMERICAN OVERSIGHT

Kelsey Cunningham, *Brevard County Sheriff's Office*

[redacted]

Kelsey and her husband were sworn into the Brevard County Sheriff's Office on Wednesday, March 30th, 2022. They both previously worked for the New York Police Department (NYPD) but made the move to Florida because her and her husband's desire for better careers. She says that she is not the only one – when she was taking her Equivalency of Training courses at a Florida police academy, there were over six other former NYPD officers looking to get qualified to work at various departments across the State of Florida.

Kelsey's father lives in the area, and because of this he was able to become very familiar with Sheriff Wayne Ivey. Her interest in the Sheriff and wanting to work for his Office inspired Kelsey to think about leaving the NYPD. Finally, Kelsey and her husband started looking for job postings and saw the Sheriff's Office was hiring. She put in an application, got the job, took Equivalency of Training (EOT) courses at Eastern Florida State College, and then became a sworn Florida law enforcement officer.

While she has some family living in Brevard County, that wasn't her sole motivation for wanting to leave the NYPD. Kelsey says that one of the biggest motivations for her looking to apply for her position was that the community is very pro-law enforcement. She knows that the community has her and her husband's backs. She also knows that the Sherriff's Department has her back here in Brevard County, and she knows the state government does too starting with Governor DeSantis.

Kelsey and her husband have a seven-month-old child. When they moved to Florida it felt like a weight had been lifted off their chest because they knew their son was going to be safe. She feels that moving to Florida meant that her son was going to have better opportunities, a better education, and an environment to grow up in where he wouldn't be targeted because of his parents' professions.

Kelsey says that it means the world to know each time she goes into work she is appreciated by not only her department but by the residents she serves in Brevard County. It truly means something to Kelsey that every day when she goes into work every single Brevard County deputy has a smile on their face – something that was missing among the NYPD.

Kelsey served over five years in the NYPD's Patrol division, and her husband served just over two years. She says that while in New York, people were certainly not as supportive of the police as they are in Florida, and the constantly low morale was noticeable among many of the NYPD officers. This was especially true during the riots in 2020, as there was so much anti-police sentiment going around she felt a huge weight on her chest. Kelsey and her husband had their days off revoked during the riots, and there were even whole weeks were she and her husband didn't even get to see each other despite the fact that they live in the same house together. This was because the NYPD forcefully stationed them across the city on "tours" to

help curb some of the rioting in the city, and this separation from each other was especially hard when it came to taking care of their son.

Hello Casey,

Thank you so much for the note.

I didn't realize that Monday, April 18 was the day after Easter – I'm uncertain we can make that work and apologize for offering that up initially. Is there any shot of Wednesday, April 20? I know that will work for all parties on our side.

Again, sincere apologies.

Appreciate all!

Best,
Mary

The Governor would be available for a meeting sometime in the morning of April 18th. This meeting would take place in the Governor's Office in Tallahassee. Would this work for Mr. Ricketts and the other meeting participants?

Hi Casey,

Thank you so much for the note.

Would either Monday, April 18 or Wednesday, April 20 be possible? That works for Mr. Ricketts, Manuel Mattke and Ray Ravaglia on our side (we are awaiting word back from Academica).

Thank you!

Casey,

AMERICAN OVERSIGHT

Thank you for reaching out. I'm connecting you here to Mary McKenna, Mr. Ricketts' EA, as she manages his schedule and can actually answer your question.

Mary, I'm happy to chime in on my and Ray's availability, and also to coordinate with Academica as needed, but please go ahead and see what dates might work with Casey.

Thank you to both of you!

Hi Savannah,

I want to check with you again about the possibility of a visit with the Governor by Mr. Ricketts in early April. I'm thinking a 30-45 minute meeting would be sufficient. I will participate, as will two of my senior colleagues, and I believe Fernando Zulueta and Julio Robaina from Academica will come as well, as we have now formed a partnership following the introduction from the Governor. We'll be happy to come to Tallahassee, or meet him somewhere else if needed.

Please let me know what dates might work for this.

Thank you very much!

Great to see all the positive updates and two things regarding your tremendous progress.

1. Regarding the Governor's calendar on April 6, I've copied in Savannah, who leads all things calendar related. She'll work with you to see what is feasible.
2. Regarding your Career Pathways Program and Network, I want to introduce you to Chancellor Henry Mack at Florida DOE. I know I introduced you to Chancellor Jacob Oliva and Dr. Dre Graham previously. Hen ry would be a great contact for you regarding career pathways.

Thank you again for the updates. These developments are so exciting for Florida's students!

Hi Alex,

I hope the year is going well for you and your team. A lot has happened here and I figured it's time for catching you up. I also want to see about a visit from Mr. Ricketts to Florida with an opportunity to meet with the governor.

We had very productive calls with every one of your introductions -

AMERICAN OVERSIGHT

thank you again for your effort in making that happen. Since then, we've formalized a partnership with Academica, and are now in the process of rolling out our program in two of their schools. We're also beginning the work on 3 charter applications in central Florida, with the plan to expand that each year over the coming years. To drive that work, we've hired Katharine Fuente, formerly on the city council of Hialeah. She's based in Miami. We are also working on hiring an additional teacher trainer, and will expand the Florida team of Opportunity Education as the school network grows.

As part of our rollout of the program, we are including our Career Pathways Program and Network, which will focus on career explorations, internships, foundations of professionalism and personal finance - that seems to fit well into the current education needs, and we're very excited to develop corporate partnerships to engage with Pathways in the Orlando area.

Finally, Mr. Ricketts is planning to come to Orlando to visit the schools and meet the

AMERICAN OVERSIGHT

Academica leadership. He is eager to meet the governor briefly, if that were possible. We are targeting Wednesday, April 6 as a possible date - what's the best way to explore that possibility?

Thank you again for all your help, and I hope to meet you in person in April!

Best wishes,

Manuel

Director Smith,

This email is a follow-up message to the one I sent to you yesterday. Let me mention something to you regarding

the Governor's availability and let's see if it would work. We, in my organization, recognize that the Governor is

very much pro-law enforcement and we applaud him for that. The Florida Crown Chapter (Greater Jacksonville)

of the Society of Former Special Agents of the FBI, each year recognizes special employees of the Jacksonville

Division of the FBI, the largest division territorially in Florida and in which is found His Office - Tallahassee.

During our April 22nd luncheon we will proudly honor the Special Agent of the Year, the Task Force Officer of the

AMERICAN OVERSIGHT

Year, the Professional Support Person of the Year and the Humanitarian of the Year.

It would be a great honor if Governor DeSantis would agree to be our guest speaker for this event.

Director Smith, what do you think about this possibility? We would need to get a firm commitment in a timely manner.

I look forward to hearing from you and getting your thoughts about this possibility. Do we need to speak telephonically

regarding this matter?

Florida approves plan to clean up, shutter Piney Point

It represents one more step toward reducing the environmental threat posed by the old fertilizer plant property.

Published 3/31/22

Florida regulators have approved a plan to remove hundreds of millions of gallons of wastewater from the site of the old fertilizer plant at Piney Point.

The goal, the Department of Environmental Protection said, is to shut down the looming environmental menace to Tampa Bay. Piney Point was the source of 215 million gallons of wastewater dumped into Tampa Bay last spring.

“Today, as a result of ongoing efforts on the part of DEP, Manatee County and the court-appointed receiver, we are in a significantly better place than we were then, and this approval marks a key milestone in ensuring this is the last chapter in the long history of Piney Point,” said Department of Environmental Protection Secretary Shawn Hamilton in a statement.

There is still no estimate for how much it will cost to close Piney Point. State lawmakers last year agreed to dedicate up to $100 million to the project. The work could be finished as early as December 2024.

The plan is designed to eliminate the danger posed by hundreds of millions of gallons of wastewater stored on the site. The water is a mix of polluted byproducts from fertilizer manufacturing and additional water that became contaminated when it touched that waste.

If successful, workers will drain the enormous reservoirs on the property, treat the water, then pump it down a 3,300-foot well across the street on land owned by Manatee County.

After the ponds are emptied, crews will cover them with plastic liners and soil. That should keep future rainfall from becoming polluted and adding to waste stored onsite. Instead, the rainfall will drain away like stormwater.

The Piney Point property is dominated by phosphogypsum stacks, which cover hundreds of acres and are built from of a chalky byproduct of fertilizer production. The gypsum contains concentrated levels of radioactivity, which the federal government has deemed okay to live near — but not safe enough to reuse in almost any circumstance.

AMERICAN OVERSIGHT

Roughly two dozen massive stacks tower over Florida, a cradle of America's fertilizer industry.

Piney Point's tainted reservoirs reside within the stacks there, troubling the region for decades. In March 2021, the site became the epicenter of a full-blown crisis.

Water in one reservoir leaked through a torn plastic liner. Engineers feared pressure from the water would trigger a complete collapse of the stack. The pond held about 460 million gallons of wastewater when it started leaking. Emergency responders worried all of that could have rushed out at once, flooding homes and businesses.

To avoid such a catastrophe, the state let Piney Point's owner, HRK Holdings, pump wastewater into Tampa Bay. That water contained high levels of nitrogen, which scientists say may have fed algae blooms, including a toxic Red Tide that devastated the region last summer.

Florida has since sued HRK, saying the firm did not adequately care for Piney Point and failed to meet its promise of getting rid of contaminated water by 2019.

The state tried to close Piney Point before, spending tens of millions of dollars on cleanup in the early 2000s. But the Department of Environmental Protection supported an attempt to give the wasteland a new purpose, which failed. Hundreds of millions of gallons of newly polluted water have since filled the site.

Workers patched the leak and have tried to both treat and remove as much water as possible from the property over the last year. A judge appointed a Tampa lawyer to run Piney Point, both keeping it safe in the short term while also steering it toward closure.

The lawyer, Herb Donica, has said he wants to avoid another release to the bay but fears a hurricane or tropical storm could churn up heavy rains and winds that would stress the reservoirs, threatening to cause another leak.

Piney Point is still holding hundreds of millions of gallons of wastewater as the wet season approaches.

Good afternoon, and thank you again for inviting Governor DeSantis to attend these two events. Unfortunately, I regret to inform you that the Governor will be unable to attend them due to some scheduling conflicts. However, please keep in touch for any future invitations as I would be more than happy to make sure they get on the list for consideration! Thank you Casey. If the Governor attends the Run to Home Base, it would be great to have him speak at the opening ceremony inside Jet Blue Park. There will be a stage on top of the dugout and runners will be in the stands. General (Ret.) Jack Hammond, Executive Director of Home Base and General (Ret.) Frederick M. Franks Jr., VII Corps Commander in Operation Desert Storm and Home Base Florida's Honorary Director, will both be speaking as well. In prior years, on average, there have been approx. 1K attendees. For your reference, here is a VIDEO from the 2019 Run to Home Base Florida.

(Also, I wanted to make sure and mention that for the joint press conference with DLC on April 7th in Naples, Major General Hartsell, Director of the Florida Department of Veterans' Affairs, has confirmed his attendance.)

Dear Morgan,

Hope this email finds you well. On behalf of Home Base, I would like to extend an invitation for the Governor to join Home Base and David Lawrence Centers (DLC) for a joint press conference announcing the opening of a NEW mental health outpatient program for local Veterans, Service Members and Military Families impacted by the invisible wounds of war on **Thursday, April 7th at DLC** located at 6075 Bathey Ln, Naples, FL 34116. By way of background, I had the great pleasure of working with you and your team in 2019, when the Governor joined Home Base and Lee Health for a joint press conference in Fort Myers to announce the opening of 1st clinic in Fort Myers. Two and half years later, we couldn't be more thrilled to be opening our 2nd in Naples to expand access to care for our warriors and families that have sacrificed so much for our country.

Please find **attached** and below details for the press conference, in addition to another event on **April 9th at Jet Blue Park**. Is the Governor is able to join for either (or both), it would be my pleasure to provide additional information or jump on a call.

1. Press Conference: Home Base Florida & David Lawrence Center (DLC) Mental Health Program for Veterans, Service Members and Families

David Lawrence Center, 6075 Bathey Lane, Naples, FL 34116
Thursday, April 7th, 10-11am
Background: Press Conference will formally announce the strategic partnership between Home Base and DLC to increase access to high quality mental healthcare services for Veterans, Service Members and Families in Collier County. LINK

2. Run to Home Base FL at Jet Blue Park

JetBlue Park, 11500 Fenway South Drive, Fort Myers, FL 33913
Saturday, April 9th

- Opening Ceremony: 8:30AM
- Race Start: 9:00AM

Attendees: 1,000 attendees including Veterans, Service Members and Families

Hi Savannah,

Thanks for the prompt response. There should be reserve parking for the attendees. I'm not overseeing general parking, but we'll basically be blocking off most of/the entire student union parking lot from what I understand. Ryan and I will be sure to bring this up in our walk through this morning.

I'll also move forward with 25 parking spots and plan to reserve seating and space for that volume of media outlets inside the room.

@Silvia: Will you be coming before the event next week to go through set up specifics with us? If not, would there be a good time to have a call by early next week do discuss?

Our first question is do we need to plan for multiple audio mult-boxes in the media area? We have at least two at FAU that I know of. Ours provides 12 plugs. I don't know about the other one.

Thanks again and we look forward to hosting this event.

  - House Speaker Chris Sprowls
  - Senator Ed Hooper (TENTATIVE)
  - Representative Melony Bell
  - Representative Colleen Burton
  - Representative Sam Killebrew
  - And Senator Kelli Stargel
- Over the past two years in other parts of the country we have seen crime spike and we have seen cities burned by riotous mobs, all while politicians in Washington and New York, Oregon and California called to defund the police.
- Here in Florida we stood by law enforcement and we stood up for public safety, taking action to prevent local governments from defunding the police and passing legislation to preemptively put a stop to the rioting and looting that occurred elsewhere.

AMERICAN OVERSIGHT

- We reject calls to defund the police. We are funding law enforcement — and then some.

- Last year we provided $1,000 bonuses to every sworn law enforcement officer in the state to thank them for their tireless work in the real world while so many were working and existing virtually.

- This year, with the support of the Legislature, we were able to have another banner year in support of our law enforcement officers.
- We are providing pay raises to all our sworn state law enforcement officers.
- Yesterday we announced that we are giving $1,000 bonuses to local government first responders for the second straight year.

- Florida is a law-enforcement friendly state, and we want to do all we can to attract the best, most talented law enforcement officers.

- We want to encourage Floridians to pursue careers in law enforcement and we want to encourage high quality law enforcement officers from out of state who are sick and tired of the mistreatment they experience in anti-law enforcement jurisdictions in other parts of the country to bring their skills to Florida.

- **That is why I am excited to sign House Bill 3 here today which I proposed at the Fraternal Order of Police conference last year.**

[RECRUITMENT BONUS]

- HB 3 creates the Florida Law Enforcement Recruitment Bonus Program which will provide signing bonuses up to $5,000 to newly employed law enforcement officers in Florida.

    - Whether you are a Florida native who wants to join your local police department or a disaffected police officer in Seattle or Portland or Chicago or New York looking for sunnier weather and a more welcoming atmosphere, there's going to be a $5,000 check for you.

AMERICAN OVERSIGHT

- After the New York Police Department saw a 75% increase in departures in 2020 and the mayor cut the police budget by a billion dollars, the Lakeland Police Department recruited a dozen NYPD officers to fill vacancies on their force.

    - One of those former NYPD officers spoke about the move and he said that here in Florida, he could park his police cruiser in front of his house, he could tell his neighbors what he did for a living, and they would respect and appreciate him for it, not denigrate him or shun him like they would in New York.

    - In Florida, you don't have to be ashamed of being a cop. We know it's a noble profession.

- The North Miami Beach Police Department also recruited an officer from the NYPD who became Florida's first Orthodox Jewish police officer.

[BARRIERS TO ENTRY]

- We also want to reduce barriers to entry into the law enforcement profession.

- **We are creating the Florida Law Enforcement Academy Scholarship Program which will cover tuition, fees, and up to $1,000 of eligible education expenses for trainees enrolled in a law enforcement officer basic recruit training program.**

- This legislation also creates a reimbursement program to pay for up to $1,000 of equivalency training costs for certified law enforcement officers who relocate to Florida or members of the special operations forces who become full-time law enforcement officers in Florida.

    - If you were a Navy Seal or an Army Ranger or if you did special operations for the Marines or if you were honorably discharged from any unit, we want you to join Florida's police departments.

AMERICAN OVERSIGHT

- This bill exempts veterans from taking the basic skills test as a prerequisite to entering a law enforcement officer basic recruit training program.

    - It also exempts those with associates degrees or higher.

- **We are also making dependent children of law enforcement officers eligible to receive a Family Empowerment Scholarship to attend a private school.**

    - This will help the children of law enforcement officers achieve their scholastic goals and will help police officer parents send their children to the schools of their choice.

[ADOPTION BENEFITS]

- We know that law enforcement officers are some of the most trustworthy members of society and as we work to increase adoptions across the state through the First Lady's initiatives, we want to incentivize law enforcement officers to adopt.

- This legislation provides law enforcement officers who adopt a child from within the state child welfare system with a $10,000 benefit and a $25,000 benefit for adopting a child with special needs.

[EDUCATION PROVISIONS]

- This legislation also contains law enforcement-related education initiatives starting in high school.

- Each school district is now encouraged to establish public safety telecommunication training programs and law enforcement explorer programs in public schools.

- There will now also be health and wellness training for law enforcement officers as part of their initial certification training and through continued employment training.

[CONCLUSION]

AMERICAN OVERSIGHT

- Florida is a law and order state where public safety is paramount and law enforcement officers are respected and valued.

- From $1,000 scholarships to $5,000 bonuses to $25,000 adoption incentives, we are putting our money where our mouth is and we are backing the blue.

- When some states had riots, we passed an Anti-Riot Act.

- When some cities defunded the police, we put the kibosh on that in Florida's cities and we gave out $1,000 bonuses and salary increases instead.

- So long as I am Governor, we're going to keep our streets safe, our schools open, our roads smooth, and our water clean as we continue to make Florida an even better place to live and raise a family.

- If you're thinking about helping us with that mission by becoming a police officer, I encourage you to take a look at all of the pro-police provisions we've enacted here today.

To answer some of your questions, We would like to invite the governor to say a few words to open the event and perhaps if he could stay awhile, he could judge the pie eating contest.

The event runs from 9-5, I have enclosed a link to our website which contains a blog about the event including background information. Please direct any media inquiries to this link. We can work out specific details once his visit is confirmed. In the meantime if you have any other questions please feel free to contact me at the number below.

Just a thought, if any of you are planning to stay the night, I suggest that you should stay at the comfort suites. I have included the link below.

We are the **nationally recognized leader** in **STEM-related aerospace education** through our **Ramus Skylab Innovation Center**, the world's first purposely-built Aerospace based, hands-on, STEM Learning Labs. Good morning Savannah,

After a two year absence due to the pandemic the Florida Sheriffs Association will be hosting two upcoming Commanders Academies at our headquarters in Tallahassee. This program consist of 30 or so Command Level Law Enforcement Professionals each class, representing Sheriffs Offices from every corner of the state. This is a two week program with the attendees being in town for a week and then returning a few weeks later for the second week. If Governor DeSantis is willing and available it would be very meaningful if he would like to speak to each group for a few minutes of his support for law enforcement at one of our onsite luncheons.

The days of our onsite luncheons are as follows:

- Class 10: Tue 3/15,Wed 3/16, Thu 3/17, Tue 4/5, Wed 4/6, and Thu 4/7.
- Class 11: Tue 4/26, Wed 4/27, Thu 4/28, Tue 5/17, Wed 5/18, and Thu 5/18.

Good morning Savannah,

After a two year absence due to the pandemic the Florida Sheriffs Association will be hosting two upcoming Commanders Academies at our headquarters in Tallahassee. This program consist of 30 or so Command Level Law Enforcement Professionals each class, representing Sheriffs Offices from every corner of the state. This is a two week program with the attendees being in town for a week and then returning a few weeks later for the second week. If Governor DeSantis is willing and available it would be very meaningful if he would like to speak to each group for a few minutes of his support for law enforcement at one of our onsite luncheons.

The days of our onsite luncheons are as follows:

- Class 10: Tue 3/15,Wed 3/16, Thu 3/17, Tue 4/5, Wed 4/6, and Thu 4/7.

- Class 11: Tue 4/26, Wed 4/27, Thu 4/28, Tue 5/17, Wed 5/18, and Thu 5/18.

Not sure yet. Somewhere between June 16th and 18th if it all goes well. I'm waiting to hear back from the events coordinator Joy Ceasman. Just so you know, I'm open to having a showing in April or May too. Thank you for considering having a screening of Systematic Deception. I'll be praying and truly would be honored if this came to be. Thanks Alex!

Hi Mr. Alex Stiegler:

Thank you for speaking to me and giving me your card yesterday Alex. I copied and pasted the following info into this new email for you. It's what I sent to Mrs. Helen Aguirre Feree, the Executive Director of Florida GOP in the Tallahassee area. Also, I sent it to Mr. Peter Cuderman, the director of Coalitions on Gov. DeSantis' team. I truly hope you can forward this to Mr. DeSantis and will join in this exciting endeavor.

AMERICAN OVERSIGHT

Hi Mrs. Helen Aguirre Ferre.

It was wonderful to meet you at the gathering at The Governor's Mansion yesterday and speak to you on the phone just now concerning my documentary film, Systematic Deception. I'll CC Mr. Peter Cuderman and I hope he too finds interest in my potential film screening/fundraiser endeavor in Tallahassee. Above are some links to view the film and two trailers. I did give my card and a DVD to Gov. Ron DeSantis and briefly told him of my plan to show the film in Tallahassee. I was blessed to have my friend Mrs. Bea Thomas arrange for me to be on the list and attend.

Four people associated with my film were attendees at the event yesterday, me and three featured interviewees of "Systematic Deception". Qiusha King, Lateresa Jones, Bea Thomas, AKA Momma Bea, and myself were all honored to be there and check the attachments for images.

I funded most of the project myself and I am the sole owner, as well as the director and cinematographer. Sam and Kevin Sorbo funded (or
donated) about 35% of the film's cost and are the executive producers.
Soon Newsmax will be airing a 43 minute version of the film and paying me, so I'll be paying back Sam and Kevin Sorbo, although they didn't even ask for the money back. I just feel it's the right thing to do.
Also, the film has aired on OAN twice and the ratings were off the charts! Furthermore, Dr. Ralph Reed and Joy Creasman find interest in showing "Systematic Deception" at "The Road to Majority" function in Tennessee in June. They are looking over the film now. Below is a brief synopsis.

"Systematic Deception" - This cutting edge documentary is inspired by the book The Black History Bible, written by film's producer Lisa Babbage. Systematic Deception brings to light a generation of manipulation by the Democrat Party. Gripping testimonials from a cross section of black conservatives bookend evidence of intentional malfeasance within the federal government resulting in coercion of the black vote and crumbling American dreams. This intriguing film also focuses on exposing the insidious tactics of the Democratic party and how they lie to the Black community to keep them on the Democratic plantation, but covers other hot button topics too, such as politics and religion, abortion in the black community and the farce of BLM. We feel that it is imperative to inform the entire world of the diabolical tactics of the government and highlight the righteous black community fighting to save our nation. Interviewees include Col. Allen West, Alveda King, Kim Klacik and CL Bryant, to name a few.

As God has blessed me through this film, I wish to bless others. I wish to have a film screening/fundraiser event in Tallahassee and would be HONORED if Gov. DeSantis could attend and speak for a few minutes, but if this is not possible I still would like to move forward. Money raised through ticket sales or donations at an event could go to help a righteous republican and his or her campaign, a pro life charity, our vets, law enforcement, underprivileged minority youth or other worthy causes. Also, I could ask Sam and Kevin Sorbo to attend as they did my last screening CPAC week. (Attached are some
images.)

God bless you.

She had sent in an event invitation for the Governor (which we are handling in Scheduling), but she also mentioned that she was seeking an appointment to the Florida Board of Medicine. Is this something you all would handle?

Thanks a bunch. Do you know who I contact about Dr. Ladapo? Also, I submitted an application to be appointed to the Florida Board of Medicine a few months ago. I haven't heard anything. I'm concerned that they may bury my application due to me being a freedom doctor. I want to be sure the governor's office sees it. Thanks for your help.

When can I expect to hear whether the governor and/or Dr. Ladapo can be there? I am trying to finalize the speakers and people are pressuring me to invite Matt Gaetz. i would much rather have the other two as it is about medical freedom and I'm trying to keep it as A-politcal as possible in a complete red panhandle!!!!. I am skiing in CO currently and people that I meet on the lifts and gondolas just love Ron DeSantis! They want him to run for president!!!! Please let me know something soon so I can firm things up!!
