Hello, Brooke,

This is George Szucs with Newsmax TV's 8 pm ET show hosted by Grant Stinchfield.

Next week we're producing a weeklong series about the Southern border. I recently saw the Governor on Fox & Friends discussing the cartel's reach into states like Montana.

We'd be interested in having the Governor as guest next Friday at about 8:15 pm ET. We're highlighting the cartel that night, and it would be great to have his perspective on this.

Length is about 5-7 minutes. We can also make Skype and Zoom work.

If there's a chance we might be able to lock this in today he's be apart of our advertising and promotion plan kicking off Monday.

Thank you for the consideration.

George Szucs, Jr.
