Subject: [EXTERNAL] Governor Gianforte Bans Sanctuary Cities in Montana

Hey Taylor,

Governor Gianforte signed legislation today to ban sanctuary cities in Montana. Similar legislation was previously vetoed by former Democratic Governor Steve Bullock in 2019.

Let me know if you'd be interested in having him on to discuss. Also – he announced today that he'll be getting his COVID-19 vaccine tomorrow, the first day that the vaccine is eligible to all Montanans 16 and older. Hope all is well!

Best,

Brooke Stroyke
Press Secretary
Office of the Governor
