Rep. Vos,

As president of **HOT** Government(Honest, Open, Transparent) a public watchdog group, I urge you to focus attention on City of Racine employee Vicky Selkowe.

Upon information and belief, we allege that Vicky Selkowe is a kingpin concerning the "Dirty Five" cities who utilized outside funding for public elections.

I urge you to subpoena Vicky Selkowe's email records concerning her involvement with the 2020 national elections within the State of Wisconsin.

I have attached our public records request filed in March of this year which has not been fulfilled by the City of Racine.

It has now been over 90 days since we filed our request and it is obvious that the city has no intention of providing our requested documents.

We have been made aware of over 68,000 responsive emails concerning this specific public records request.

Please direct your detectives to target Vicky Selkowe's involvement concerning tainted and illegal acts of the 2020 Wisconsin elections.

It is imperative that you secure and analyze Vicky Selkowe's emails for a proper investigation.

Respectfully,

Harry Wait

VERIFIED AMENDED PETITION

This is an action seeking to enforce the right to inspect public records pursuant to Wisconsin's Open Records Law, Wisconsin Statutes § 19.31 et seq. Plaintiffs are Wisconsin entities, Wisconsin electors, and a Wisconsin State Representative who have requested public records from Respondents who are City of Racine, Wisconsin employees with the authority and an obligation to produce governmental records.

Complainants' public records requests have not been fully answered or have been denied without cause. These records are subject to timely production under the Wisconsin Open Records Law, and Defendants continue to stall in their production or to outright withhold the requested public records without lawful justification. This Court's intervention and the sanction of an award of attorney fees are therefore required.

PARTIES

1. Plaintiffs are Wisconsin entities, Wisconsin electors, and a Wisconsin State Assembly Member. They are "requesters" as defined in Wisconsin Statutes § 19.32(3) and used in Wisconsin Statutes § 19.31 et seq.
2. Defendants are the City of Racine and two employees of the City of Racine, the mayor and City Clerk, who are "authorities" under Wisconsin Statutes § 19.32.

JURISDICTION & VENUE

3. Jurisdiction and venue are proper under Wisconsin Statutes §§ 801.50(2)(a) and 801.50(3).

FACTUAL ALLEGATIONS

4. In March of 2021, pursuant to the Wisconsin Open Records Law, Wisconsin Statutes § 19.31 et seq., the Plaintiffs made requests for documents to the Defendants.
5. However, Plaintiffs have requested additional public records from Defendants to further prove their allegations and claims, but Defendants have not produced documents in response to those requests.
6. The March 2021 Public Record Requests resulted in the production of some data, and the follow up requests which are the subject of this action were designed to obtain many more documents, including additional texts, social media posts, and emails.
7. Plaintiffs made the following requests which either have resulted in no response, or a very limited response:
 - Representative Janel Brandtjen request March 15, 2021 [**PR2021-053**] (Ex. 3).
 - H.O.T. Government requests March 17, 2021 [Vicky Selkove] [**PR2021-055**] (Ex. 4); March 17, 2021 [Tara Coolidge] [**PR2021-056**] (Ex. 5); and June 14, 2021 [Tara Coolidge] (Ex. 6); and,
 - Wisconsin Voters Alliance request April 29, 2021 [Erick Kaardal to Tara Coolidge] [**PR2021-084**] (Ex. 7).

8. The City of Racine failed to respond to the above Public Records requests and so on July 13, 2021, attorney Erick Kaardal, on behalf of the Wisconsin Voters Alliance, H.O.T. Government, and Wisconsin State Representative Janel Brandtjen, sent a letter to Mr. Scott Letteney, City Attorney for the City of Racine demanding full responses and production. (Ex. 8). Plaintiffs also informed Respondents that the lack of production was “unacceptable,” and that “time is of the essence because of pending matters in the Wisconsin Elections Commission,” including the July 28, 2021 deadline for Plaintiffs’ reply, the purpose of which was to demonstrate Defendants’ illegalities and to defeat Defendant’s motion to dismiss.
9. Defendants responded through the City of Racine City Attorney’s Office on July 15, 2021 (Ex. 9, four months after the date of the Public Records request) regarding **PR2021-055** (H.O.T. request of March 17, 2021 to Vicky Selkove), as amended by Mr. Wait, informing H.O.T.’s representative that the “City will proceed to process your request as revised and respond thereto as soon as practicable and without delay.” Thus to date, five months after the Public Records request, though some documents have been produced, most responsive documents have not been produced on the basis that the number of responsive documents would create an “unreasonable burden.”
10. The City of Racine responded to Erick Kaardal’s April 29, 2021 request [**PR2021-084**] on July 23, 2021 (Ex. 10), nearly three months later, through the response of Racine City Attorney Marisa L. Roubik. Some documents have been produced, but

Requests 1 and 2 which seek the social media posts and text messages “made on funded cell phones by city officials that relate to or reference the following topics” have not been produced:

- “CTCL, Tiana-Epps Johnson, Josh Goldman, Whitney May, NVAHI, Hillary Hall, Michael Spitzer-Rubenstein, Ida42, Center for Civic Design, US Digital Response, The Elections Group, Quick Base, voter registration, ballot counting, ballot transport, reconstruction, election, voter outreach, absentee ballots, cure, curing, grant, claw-back, grant conditions, grant requirements, grant rules.”

11. Defendants responded to Representative Brantjen’s March 15, 2021 request (**PR2021-053**) on July 16, 2021 (Ex. 11), more than four months after it was served. The City of Racine has only made a partial production under this request.
12. Defendants responded to Mr. Wait’s H.O.T. request (**PR2-21-056**) on July 16, 2021 (Ex. 12) stating that there were over 41,000 emails that were responsive, but the City of Racine has not produced them. Thus, now five months after the Public Records request, many responsive documents have not been produced.
13. Defendants responded on August 6, 2021 (Ex. 13) to Harry Wait’s request dated April 8, 2021, responding to 3 of the requests stating the City needed “additional time.” These Public Records requests specifically asked for documents directly

related to the five actions, and Defendants have apparently stonewalled the production of those records.

- Mr. Wait's requests included: "All communications containing CTCL, National Vote at Home Institute Center for Tech and Civic Life, Wisconsin Safe voting plan, Ideas42, Michelle Nelson, Tiana Epps Johnson, John McLaughlin, Kris Teske, John Antaramian, Maribeth Witzel-Behl, S. Claire Woodall-Vogg, Kathleen Fischer, Whitney May, Hillary Hall, Michael Spitzer-Rubenstein, Tara Coolidge, Vicky Selkove, Regi Bachochin, Fabi Maldonado, Jody Spencer, Nick Demske, Melissa Kaprelian-Becker, Robin Vos, Van Wanggaard, Robert Wittke, Cory Mason, Scott Letteney, Marisa Roubik.

14. Defendants produced a blank version of a document entitled "Wisconsin Municipal Election Data & Needs" form, and only upon several follow up requests did completed forms get produced. However, the texts, emails and social media posts pertaining to those, the creation of the Wisconsin Safe Voting Plan, and numerous other responsive documents have not been produced, pursuant to the original requests months ago, or pursuant to Mr. Kaardal's numerous request letters.
15. Upon information and belief, the Defendants are refusing to produce the responsive documents in order to run out the clock on the Wisconsin Elections Commission case, and to withhold documents that are clearly relevant and which likely will provide support for Plaintiffs' claims

**Claim: Violation of Wisconsin Public Records Act Law,
Wisconsin Statutes § 19.31 et seq.**

16. Plaintiffs incorporate herein all allegations set forth in the preceding paragraphs.
17. The Wisconsin Open Records Law declares a strong public interest in favor of disclosure: “it is declared to be the public policy of this state that all persons are entitled to the greatest possible information regarding the affairs of government” Wis. Stat. § 19.31. The law “shall be construed in every instance with a presumption of complete public access” Id.
18. Under Wis. Stat. § 19.35, “any requester has a right to inspect any record” and “to make or receive a copy of a record.”
19. Once it has received a request, an authority must respond “as soon as practicable and without delay” pursuant to Wis. Stat. § 19.35(4)(a).
20. Case law makes clear that the public records law is designed to make existing records available to the public unless withholding such documents is specifically authorized by law. *Journal Times v. Police & Fire Com'rs Bd.*, 866 N.W.2d 563, 362 Wis.2d 577 (2015).
21. Absent a clear statutory exception, a limitation under the common law, or an overriding public interest in keeping a public record confidential, the Open Records Law shall be construed in every instance with a presumption of complete public access. *Hagen v. Board of Regents of University of Wisconsin System*, 916 N.W.2d 198, 200, 383 Wis.2d 567 (Wis. Ct. App. 2018).

22. The Open Records Law serves one of the basic tenets of state's democratic system by providing an opportunity for public oversight of the workings of government. *Voces De La Frontera, Inc. v. Clarke*, 891 N.W.2d 803, 808, 373 Wis.2d 348 (2017).
23. The court interprets the text of the Open Records Law in light of the Declaration of Policy, which is to foster transparent government, *Milwaukee Journal Sentinel v. City of Milwaukee*, 815 N.W.2d 367, 375, 341 Wis.2d 607 (2012), and to enable the citizenry to monitor and evaluate the performance of public officials and employees. *Journal/Sentinel, Inc. v. School Bd. of School Dist. of Shorewood*, 521 N.W.2d 165, 172, 186 Wis.2d 443 (Wis. Ct. App. 1994), review denied 525 N.W.2d 733.
24. Even if there is an objection to part of a record requested, the non-objectionable part must be produced: “any portion of that record which contains public information is open to public inspection as provided in sub. (6).” Wis. Stat. § 19.36(1).
25. Denial of public access to public records is contrary to public interest and is to be allowed only in exceptional case and exceptions to general rule of disclosure must be narrowly construed. *Oshkosh Northwestern Co. v. Oshkosh Library Bd.*, 373 N.W.2d 459, 461, 125 Wis.2d 480 (Wis. Ct. App. 1985).
26. Requests for records under the open records law does not require a request to contain any “magic words.” *WIREData, Inc. v. Village of Sussex*, 729 N.W.2d 757, 764, 298 Wis.2d 743 (Wis. Ct. App. 2007), review granted 737 N.W.2d 431, 302 Wis.2d 104, affirmed in part, reversed in part 751 N.W.2d 736, 310 Wis.2d 397 (2008).

27. As set forth in the Facts section, Plaintiffs made Public Records requests to the Defendants which either have resulted in no response, or a very limited response.
28. No response was made, which resulted in counsel for the Plaintiffs making a letter request on July 13, 2021 for full responses and production. Plaintiffs also informed Respondents that the lack of production was “unacceptable,” and that “time is of the essence because of pending matters in the Wisconsin Elections Commission,” including the July 28, 2021 deadline for Plaintiffs’ reply, the purpose of which was to demonstrate Defendants’ illegalities and to defeat Defendant’s motion to dismiss.
29. Defendants finally responded to Plaintiff’s request of April 29, 2021 through a letter from the Racine City Attorney Marisa L. Roubik’s response on July 23, 2021.
30. Upon information and belief, Defendants are refusing to produce the responsive documents in order to run out the clock on the case, and to withhold documents that are clearly relevant and which likely will provide support for Plaintiffs’ claims.
31. Defendants’ response through the City of Racine City Attorney’s Office on July 15, 2021 informing Plaintiffs that the “City will proceed to process your request as revised and respond thereto as soon as practicable and without delay,” has still not resulted in the production of any documents.
32. Under *Oshkosh Northwestern Co. v. Oshkosh Library Bd.*, 125 Wis. 2d 480 (Wis. Ct. App. 1985), an authority that denies a request must offer specific public policy reasons for

the denial. Defendants have violated the Wisconsin Open Records Law because it delayed granting access to the requested records without a valid reason.

33. Under *Milwaukee Journal Sentinel v. City of Milwaukee*, 341 Wis.2d 607 (2012), authorities cannot charge for redaction or separation fees. Wis. Stat. § 19.35(3) allows charges for only: “reproduction and transcription,” “photographing and photographic processing,” “locating,” and “mailing or shipping.” Defendants may exceed the scope of the statute by attempting to charge for redaction and separation.
34. The Defendants’ actions have caused and will continue to cause injury to Plaintiffs; its actions also continue to deprive the public of its rights under the Wisconsin Open Records Law.

RELIEF REQUESTED

WHEREFORE, Plaintiffs request a writ of mandamus pursuant to Wis. Stat. § 19.31 et seq.:

1. Compelling Defendants to produce the requested records for the Plaintiffs without further delay, pursuant to Wis. Stat. § 19.37(1)(a);
2. Awarding Plaintiffs their reasonable attorney’s fees, actual costs and damages of not less than \$100, pursuant to Wis. Stat. § 19.37(2);
3. Finding Defendants acted arbitrarily and capriciously in denying the request and failing to respond to the request and awards Plaintiffs punitive damages, pursuant to Wis. Stat. § 19.37(3); and

4. Awarding such other relief as the Court deems just and equitable.

29. Defendants finally responded to Plaintiff’s request of April 29, 2021 through a letter from the Racine City Attorney Marisa L. Roubik’s response on July 23, 2021.
30. Upon information and belief, Defendants are refusing to produce the responsive documents in order to run out the clock on the case, and to withhold documents that are clearly relevant and which likely will provide support for Plaintiffs’ claims.
31. Defendants’ response through the City of Racine City Attorney’s Office on July 15, 2021 informing Plaintiffs that the “City will proceed to process your request as revised and respond thereto as soon as practicable and without delay,” has still not resulted in the production of any documents.
32. Under *Oshkosh Northwestern Co. v. Oshkosh Library Bd.*, 125 Wis. 2d 480 (Wis. Ct. App. 1985), an authority that denies a request must offer specific public policy reasons for

the denial. Defendants have violated the Wisconsin Open Records Law because it delayed granting access to the requested records without a valid reason.

33. Under *Milwaukee Journal Sentinel v. City of Milwaukee*, 341 Wis.2d 607 (2012), authorities cannot charge for redaction or separation fees. Wis. Stat. § 19.35(3) allows charges for only: “reproduction and transcription,” “photographing and photographic processing,” “locating,” and “mailing or shipping.” Defendants may exceed the scope of the statute by attempting to charge for redaction and separation.
34. The Defendants’ actions have caused and will continue to cause injury to Plaintiffs; its actions also continue to deprive the public of its rights under the Wisconsin Open Records Law.

RELIEF REQUESTED

WHEREFORE, Plaintiffs request a writ of mandamus pursuant to Wis. Stat. § 19.31 et seq.:

1. Compelling Defendants to produce the requested records for the Plaintiffs without further delay, pursuant to Wis. Stat. § 19.37(1)(a);
2. Awarding Plaintiffs their reasonable attorney’s fees, actual costs and damages of not less than \$100, pursuant to Wis. Stat. § 19.37(2);
3. Finding Defendants acted arbitrarily and capriciously in denying the request and failing to respond to the request and awards Plaintiffs punitive damages, pursuant to Wis. Stat. § 19.37(3); and

4. Awarding such other relief as the Court deems just and equitable.

Subject: Foreign cyber interference in the 2020 election in Wisconsin -
materials I promised Friday to forward
Attachments: PCAPS release pivot WI 11.3.2020.xlsx

Rep. Brandtjen:

It was a pleasure to meet you in Ft. Atkinson and hear your update on the forensic audit efforts. As a former auditor and systems control specialist, I know how politically challenging your task is, and I'm very thankful for your balanced and resolute approach to the challenge. I'm glad you have one or two peers firmly in your corner, and that you can see right through those who oppose you.

At the meeting I handed you a printout "pivot table" summary of the attached workbook, that showed the 8 or so different foreign countries in addition, to the Peoples Republic of China, that were involved in 11/3/21 to 11/6/21 hacks to various county clerks offices according to the capture of IP-to-IP data traffic. While my source for this was the public post on Frankspeech.com (<https://thebiglie.frankspeech.com/WISCONSIN/index.html>), I know that similar data was gathered under Trump by the Defense Intelligence Agency in 2018, independently re-gathered in 2020 on election night and the days that followed, and independently gathered by retired military intelligence officers who went on to form cybersecurity firms after they separated from service. Some of these officers were directly involved in the Arizona cyberforensic audit, and testified at legislative hearings around the county that preceded the audit. My workbook consists of tabs for the downloaded raw data, the hand-transcribed data worksheet, and various pivot table views to validate the data. As I pointed out to you, Milwaukee County's cyberattack occurred on the 6th of November, and Dane County on the 5th of November, according to the data.

I need to point out that the original encrypted data string for each attack has been translated by experts on Mike Lindell's team into the lines I put in my workbook, and while you can watch these scroll rapidly by on his site, these have not been released to the public in originally captured form. I've seen examples of these original strings on various of his broadcasts, and they include descriptions of originating sites in China for 92% of the election attacks, with the IP addresses of other countries and states being "waypoints".

My understanding is that Col. (Ret.) Phil Waldron led the team for Lindell that did this transcribing, and that he consults with various states about this.

I'd also like to point out that what I've labeled "Certification Error Result" on my transcription worksheet represents the revised margin in each county between Trump and Biden, once the votes "flipped" in each attack are reversed. Hence, half that figure is the number of actual votes that were flipped in the cyber attacks. The use of an automated machine algorithm for this is strongly suggested, because when I tested each line, the target margin for the flips was right around 8.4% in each and every county, that is, flipping 4.2% of the votes in each county. I later found out that this uniform 8.4% target margin held true when I tested a few counties each in Texas, South Dakota and Arizona.

Lastly, I note that half the sum of the target margin (i.e., number of electronic votes flipped) comes to 136,335. This compares plausibly, I believe, with [143,379 ballots, all for Joe Biden](#) that turned up miraculously in Milwaukee in the wee hours of 11/4 when the counting stopped, as it did in several "swing" states. The cyber attacks happened in all 72 counties in the state regardless of voting equipment involved.

I hope if nothing else, this information will encourage you that your audit approach needs to prevail, and that Gableman's approach must not supplant yours. If you did manage to get your hands on the routers via subpoena, the data you would find there would confirm what I'm sending you now, but of course, it's also proof of a potentially capital crime - so that's the fight you have on your hands. Your approach has a far better chance of supporting the removal of digital voting equipment for the 2022 Federal election, and for supporting decertification of the 2020 fraudulently certified electors. In light of the poor prospects for prosecution of large election crimes in Wisconsin at this time, your approach is as vital as it is difficult. Because of the 5 big "blue" counties that have come to rely on cheating to win, I believe the legislature needs to exercise its plenary powers in the U.S. Constitution to adopt a statewide resolution outside of the veto of Tony Evers to take both actions, but at minimum the removal of digital voting. If not, I believe this evidence makes clear that the CCP will continue to select our leaders for us, cheating every voter in the state. I don't believe it's correct to look at this as a choice between investigating law violations and investigating cyber fraud. I believe both pieces were developed over a concurrent time frame going back to the Obama administration to work together to hide the crime, and both must be investigated together to put a stop to it. I have further reason to believe that both Obama and Biden [were directly involved](#) in developing the machine side of it, since at least 2009 (shared so that you more fully

understand your obstacles to obtaining cyberforensic evidence).
I am beyond grateful for your efforts, and will be praying for the ultimate success of your team. You have the people behind you!

Best regards,

Carol Vaclavicek

Reminder: *international* voting intrusions are not only FRAUD, they are espionage.

U.S. - routed intrusions could have originated by CCP or other agents from points within the U.S.

Foreign-routed intrusions could have similarly been originated by agents of countries such as China, Iran, Pakistan, etc. within more "benign" countries.

Mike Lindell implied that these are "thrupoints" for the CCP.

of physical ballots that would have needed to be "found" to cover.

Reminder: *international* voting intrusions are not only FRAUD, they are espionage.

U.S. - routed intrusions could have originated by CCP or other agents from points within the U.S.

Foreign-routed intrusions could have similarly been originated by agents of countries such as China, Iran, Pakistan, etc. within more "benign" countries.

Mike Lindell implied that these are "thrupoints" for the CCP.

of physical ballots that would have needed to be "found" to cover.

Subject: Racine County Circuit Court Scheduling Conference Summary

Dear all:

We held the scheduling conference with the judge today. The City was represented by attorney Luke Martell. I represented the Plaintiffs (you).

The court and briefing schedule is as follows:

Hearing on April 12, 2022 at 1:30 p.m.
Opening summary judgment briefs filed more than 30 days prior to hearing (March 13)
Responses to summary judgment briefs filed within 10 days of opening brief
Replies filed within 5 days of response briefs

We have really good substantive arguments that the City of Racine violated the Open Records Law. As part of our summary judgment motion, in order to timely and comprehensively move forward, and to conserve the parties' and court's resources, we will be seeking the appointment of a neutral (Mark Lanterman, <https://www.compforensics.com/mark-lanterman>) to copy the computer hard drives and cell phones and to ensure a process which is timely and comprehensive.

The scheduling conference was a step in the right direction.

Thank you.

egk

PATRIOT ACTION ALERT

Waukesha County GOP Caucus

SATURDAY, FEBRUARY 19

10 - 12 Noon

*** (The Liberty Picket should start at 9:15 am)

Waukesha GOP Office: 1701 Pearl St. #5 in Waukesha

Patriots are needed at this Caucus – *especially* VOTING MEMBERS -- to help pass the following Resolutions to Save Wisconsin from the RINOs:

- 1) Support Ramthun's De-Certification effort to Restore Election Integrity.
- 2) Removal of Tyrant Vos from Office – 5 GOP Counties have already issued their statements with more to come from additional GOP County Parties.
- 3) Removal of Waukesha's RINO Senator Chris Kapenga from office for refusing to sign the Brandtjen subpoenas. He is also the fool who crammed the Article V Constitutional Convention Scam to shred our U.S Constitution on our state. Kapenga is up for Re-Election this Year. We are done with his RINO's arrogance!
- 4) Replacement of RINO State Party Chair Paul Farrow. This year the Grassroots will be mounting a BATTLE ROYALE for the Heart and Soul of Wisconsin. We can't afford to have a girlie-man like Farrow at the helm. It's time for Competent GOP leadership!
- 5) Finally, we need to send a clear message that we hard-working, Liberty-loving Taxpayers will Not Tolerate the GOP cramming Waukesha's homegrown RINO Princess Kleefisch down our throats as Governor!

We need Patriots on the March outside of the Republican Party Office carrying signs demanding the Removal of Vos, Kapenga, and Farrow. The Waukesha GOP is the MACHINE that drives the State Party. We MUST NOT ALLOW them to sit on their hands and Give the RINOs a Free Pass Any Longer!
