I'm confused by this paragraph - what is the interaction between this paragraph and 97.012(15) and 106.25(1) and (2)? Are you modifying the powers/duties that already exist in law? I think I sent over language previously that referred to statutory framework already in place. If you are trying to do something different than the language I previously sent, just be aware of the below provisions already in law.

SOS already has jurisdiction to conduct preliminary investigations into any irregularities or fraud involving voter registration, voting, candidate petition, or issue petition activities and report findings to statewide prosecutor or state attorney of that judicial circuit in question. See 97.012(15).

Compare that jurisdiction to the FEC in 106.24 and 106.25. FEC is a separate entity housed within the Office of the Attorney General and it is authorized to investigate and determine violations of chapter 106 and 104 (this does not limit jurisdiction of any other officer or agency empowered by law to investigate or act upon violations of the code). FEC can only investigate after having received sworn complaint or info from Division of Elections. 106.25(2), Fla. Stat.

However, the office may assert primary jurisdiction over any investigation initiated by a local law enforcement agency or state attorney of election law violations or election irregularities.

If any observer makes a reasonable objection to a duplicate of a ballot, the ballot must be presented to the canvassing board for a determination of the validity of the duplicate. AMERICAN OVERSIGHT

A bill to be entitled

An act relating to transportation, transferring control of the Santa Rosa Bay Bridge Authority system to the Florida Department of Transportation; transferring all assets, rights, powers, duties, and bond liabilities of the authority to the department; transferring all provisions that protect the rights of certain bondholders from the authority to the department; authorizing the use of department funds to acquire, redeem, defease or refinance outstanding bonds of the authority; authorizing transfer of the bridge system to Florida's Turnpike Enterprise; authorizing the use of turnpike revenues and issuance of turnpike revenue bonds to acquire, redeem, defease or refinance outstanding bonds of the authority; repealing part IV of ch. 348, F.S., which provides for the creation and operation of the Santa Rosa Bay Bridge Authority; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Transfer to the Florida Department of Transportation.— The governance and control of the Santa Rosa Bay Bridge Authority is transferred to the Florida Department of Transportation.

(1) The assets, facilities, tangible and intangible property and any rights in such property, and any other legal rights of the authority, including the bridge system operated by the authority, are transferred to the department. All powers of the authority shall succeed to the department, and the operations and maintenance of the bridge system shall be under the control of the department, pursuant to this section. The department also assumes all liability for bonds of the bridge authority pursuant to the provisions of subsection (2). The

AMERICAN OVERSIGHT

department may review other contracts, financial obligations, and contractual obligations and liabilities of the authority and may assume legal liability for such obligations that are determined to be necessary for the continued operation of the bridge system.

(2) The transfer pursuant to this section is subject to the terms and covenants provided for the protection of the holders of the Santa Rosa Bay Bridge Authority bonds in the lease-purchase agreement and the resolutions adopted in connection with the issuance of the bonds. Further, the transfer does not impair the terms of the contract between the authority and the bondholders, does not act to the detriment of the bondholders, and does not diminish the security for the bonds. After the transfer, the department shall operate and maintain the bridge system and any other facilities of the authority in accordance with the terms, conditions, and covenants contained in the bond resolutions and lease-purchase agreement securing the bonds of the authority. The department shall collect toll revenues and apply them to the payment of debt service as provided in the bond resolution securing the bonds and shall expressly assume all obligations relating to the bonds to ensure that the transfer will have no adverse impact on the security for the bonds of the authority. The transfer does not make the obligation to pay the principal and interest on the bonds a general liability of the department or pledge department revenues to payment of the bonds. Revenues that are generated by the bridge system and other facilities of the authority and that were pledged by the authority to the payment of the bonds remain subject to the pledge for the benefit of the bondholders. The transfer does not modify or eliminate any prior obligation of the department to pay certain costs of the bridge system from sources other than revenues of the bridge system.

AMERICAN OVERSIGHT

(3) The department is authorized to purchase, redeem, defease, or otherwise refinance outstanding authority bonds. The department may utilize any department funds appropriated for such purpose. Upon acquisition, redemption, defeasance or other refinancing of all the outstanding authority bonds, revenues of the bridge system and other facilities of the authority shall be department revenues free and clear of the prior pledge for the benefit of the authority's bondholders and the lease-purchase agreement securing the authority bonds, and all obligations of the department under the lease-purchase agreement shall be terminated. Upon the acquisition, redemption, defeasance or refinancing of all the outstanding authority bonds, the accumulated long-term debt due to the department for the payment of the costs of operations, maintenance, renewal, and replacement of the bridge system shall be deemed to be costs of operation and maintenance of a department-owned toll facility paid from moneys in the State Transportation Trust Fund. In connection with or following refinancing or payment of the outstanding bonds of the authority, the bridge system may be transferred by the department and become part of the turnpike system under the Florida Turnpike Enterprise Law, in which event the turnpike enterprise shall operate and maintain the bridge system and other facilities of the authority as part of the turnpike system in accordance with the Florida Turnpike Enterprise Law and revenues collected on the bridge system shall be considered turnpike revenues.

(4) As directed by chapter 2017-42, section 7, Laws of Florida, the department has conducted a feasibility study relating to the acquisition of the Santa Rosa Bay Bridge which satisfies the definition and required determination of economic feasibility in ss. 338.221(8) and 338.223. In addition to the provisions of subsection (3), the department is authorized to

AMERICAN OVERSIGHT

purchase, redeem, defease, or otherwise refinance outstanding authority bonds using turnpike revenues lawfully available for such purpose remaining after payment of all amounts required under the terms of any resolution under which turnpike system revenue bonds have been issued. Pursuant to section 11(f), Art. VII of the State Constitution, the issuance of turnpike system revenue bonds to finance the department's acquisition, redemption, defeasance or refinancing of outstanding authority bonds is also approved. If turnpike revenues or turnpike bond proceeds are used to acquire or refund the outstanding authority bonds, the bridge system shall be transferred by the department and become part of the turnpike system under the Florida Turnpike Enterprise Law, the turnpike enterprise shall operate and maintain the bridge system and other facilities of the authority as part of the turnpike system in accordance with the Florida Turnpike Enterprise Law and the terms and conditions of any turnpike bonds issued to refund the outstanding authority bonds, and revenues collected on the bridge system shall be considered turnpike revenues.

(5) The powers conferred by this section shall be in addition and supplemental to the existing powers of the department and the turnpike, including s. 338.2275. This section shall not be construed as repealing any of the provisions of any other law, general, special, or local; or to supersede, repeal, rescind, or modify any other law or laws relating to the department, the State Board of Administration, or the Florida Turnpike Enterprise Law, ss. 338.22-338.241; but shall supersede such other law or laws as are inconsistent with the provisions of this section.

Section 2. Part IV of chapter 348, Florida Statutes, consisting of ss. 348.965, 348.966, 348.967, 348.968, 348.969, 348.97, 348.971, 348.972, 348.973, 348.974, 348.9751, 348.9761,

AMERICAN OVERSIGHT

348.9771, and 348.9781, is repealed.

AMERICAN OVERSIGHT

A bill to be entitled

An act relating to defamation; providing legislative findings; creating ss. 770.09, 770.10, 770.11, 770.12, 770.13, F.S.; amending 768.295(4), F.S.; providing for severability; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. The Legislature finds that:

(1) Defamation is and should be purely a matter of state law.

(2) *New York Times Co. v. Sullivan*, 376 U.S. 254 (1964), and its progeny have federalized major aspects of defamation law, notwithstanding the U.S. Supreme Court's pre-1964 precedents and historical understanding to the contrary, and foreclosed many meritorious defamation claims to the detriment of citizens of all walks of life.

(3) The federalization of defamation law, including the judicially created actual malice standard, bears no relation to the text, structure, or history of the First Amendment to the U.S. Constitution.

(4) The federalization of defamation law fails to acknowledge that defamatory falsehoods are equally injurious to plaintiffs regardless of whether they are public officials, public figures, or private figures, and regardless of whether the alleged defamatory falsehoods relate to matters of official conduct or of public or private concern.

CODING: Words stricken are deletions; words underlined are additions.

V

AMERICAN OVERSIGHT

FL-GOV-22-0226, 20-0378-A-001283

(5) The federalization of defamation law interferes with the ability of the states to update their defamation laws in response to societal changes, including the widespread proliferation of defamatory falsehoods via new technologies and the ever-diminishing investigation and reporting standards of publishers.

(6) The federalization of defamation law has further fostered an environment in which defamatory falsehoods are routinely published without fear of consequence, but truthful speech is often self-censored for fear of being tarnished without an adequate remedy at law.

(7) The U.S. Supreme Court should therefore reassess its post-1964 understanding of defamation law and, consistent with our nation's system of federalism, return to the states the authority to protect their citizens from defamatory falsehoods and the ability to make their own policy judgments regarding the prevention of defamation.

(8) But even under current U.S. Supreme Court precedent, states like Florida retain a measure of flexibility to continue to formulate their own defamation laws in response to societal changes.

(9) Today, defamatory statements are regularly published to widespread audiences via the internet and social media platforms.

(10) Defamatory statements are also regularly published without investigation, fact-checking, or editing.

CODING: Words stricken are deletions; words underlined are additions.

V

AMERICAN OVERSIGHT

(11) Publishers of defamatory statements regularly rely on anonymous sources, which they know or should know are inherently untrustworthy.

(12) The state has an important interest in protecting its citizens from injurious defamatory statements.

Section 2. Section 770.05, Florida Statutes, is amended to read:

(1) No person shall have more than one choice of venue for damages for libel or slander, invasion of privacy, or any other tort founded upon any single publication, exhibition, or utterance, such as any one edition of a newspaper, book, or magazine, any one presentation to an audience, any one broadcast over radio or television, or any one exhibition of a motion picture. Recovery in any action shall include all damages for any such tort suffered by the plaintiff in all jurisdictions.

(2) Notwithstanding any other provision of this chapter, or any other statute providing for venue, when damages for defamation, including libel or slander, are based on material published through the radio, television, or internet, venue is proper in any county where the material was accessed.

Section 3. Section 770.08, Florida Statutes, is amended to read:

Except as provided in s. 770.05(2), no ~~No~~ person shall have more than one choice of venue for damages for libel founded upon a single publication or exhibition or utterance, as described in s. 770.05.~~, and~~ Upon ~~upon~~ his or her election in any one of his or her choices of venue, ~~then~~ the person shall be bound to recover there all damages allowed him or her.

AMERICAN OVERSIGHT

Section 4. Section 770.09, Florida Statutes, is created to read:

Application of costs and attorney's fees in defamation cases.- The fee-shifting provisions of s. 768.79 do not apply to defamation claims, including claims for libel or slander. Notwithstanding any other provision of law, a prevailing plaintiff on a claim of defamation, including libel or slander, is entitled to an award of reasonable costs and attorney's fees.

Section 5. Section 770.10, Florida Statutes, is created to read:

Limitations on judicial determination of a public figure.- A person may not be considered a "public figure" for purposes of establishing a claim of defamation, including libel or slander, if his or her fame or notoriety arises solely from one or more of the following:

(a) Defending him- or herself publicly against accusations.

(b) Granting an interview on a specific topic.

(c) Public employment other than elected office or appointment by an elected official.

(d) A video, image, or statement uploaded on the internet that has reached a broad audience.

Section 6. Section 770.11, Florida Statutes, is created to read:

Use of defamatory statements.- A failure to validate or corroborate the alleged defamatory statement is evidence of actual malice.

Section 7. Section 770.12, Florida Statutes, is created to read:

CODING: Words stricken are deletions; words underlined are additions.

V

AMERICAN OVERSIGHT

FL-GOV-22-0226, 20-0378-A-001286

Presumption regarding anonymous sources.- Statements by anonymous sources are presumed to be false in a defamation cause of action.

Section 8. Section 768.295(4), Florida Statutes, is amended to read:

(4) A person or entity sued by a governmental entity or another person in violation of this section has a right to an expeditious resolution of a claim that the suit is in violation of this section. A person or entity may move the court for an order dismissing the action or granting final judgment in favor of that person or entity. The person or entity may file a motion for summary judgment, together with supplemental affidavits, seeking a determination that the claimant's or governmental entity's lawsuit has been brought in violation of this section. The claimant or governmental entity shall thereafter file a response and any supplemental affidavits. As soon as practicable, the court shall set a hearing on the motion, which shall be held at the earliest possible time after the filing of the claimant's or governmental entity's response. The court may award, subject to the limitations in s. 768.28, the party sued by a governmental entity actual damages arising from a governmental entity's violation of this section. The court shall award the ~~prevailing~~ non-moving party reasonable attorney fees and costs incurred in connection with a claim that an action was filed in violation of this section if the non-moving party prevails on a motion filed under this section.

Section 9. Section 720.304(4)(c), Florida Statutes is amended to read:

AMERICAN OVERSIGHT

FL-GOV-22-0226, 20-0378-A-001287

(c) A parcel owner sued by a governmental entity, business organization, or individual in violation of this section has a right to an expeditious resolution of a claim that the suit is in violation of this section. A parcel owner may petition the court for an order dismissing the action or granting final judgment in favor of that parcel owner. The petitioner may file a motion for summary judgment, together with supplemental affidavits, seeking a determination that the governmental entity's, business organization's, or individual's lawsuit has been brought in violation of this section. The governmental entity, business organization, or individual shall thereafter file its response and any supplemental affidavits. As soon as practicable, the court shall set a hearing on the petitioner's motion, which shall be held at the earliest possible time after the filing of the governmental entity's, business organization's or individual's response. The court may award the parcel owner sued by the governmental entity, business organization, or individual actual damages arising from the governmental entity's, individual's, or business organization's violation of this section. A court may treble the damages awarded to a prevailing parcel owner and shall state the basis for the treble damages award in its judgment. The court shall award the ~~prevailing~~ non-moving party reasonable attorney's fees and costs incurred in connection with a claim that an action was filed in violation of this section if the non-moving party prevails on a motion filed under this section.

provided before the final hearing that the agency has published a notice of rulemaking under s. 120.54(3)(a), such notice shall automatically operate as a stay of proceedings pending rulemaking. The administrative law judge may vacate the stay for good cause shown. A stay of proceedings under this paragraph remains in effect so long as the agency is proceeding expeditiously and in good faith to adopt the statement as a rule. The administrative law judge shall award reasonable costs and reasonable attorney ~~attorney's~~ fees accrued by the petitioner before ~~prior to~~ the date the notice was published, unless the agency proves to the administrative law judge that it did not know and should not have known that the statement was an unadopted rule. Attorney ~~attorneys'~~ fees and costs under this paragraph and paragraph (a) shall be awarded only upon a finding that the agency received notice that the statement may constitute an unadopted rule at least 30 days before a petition under s. 120.56(4) was filed and that the agency failed to publish the required notice of rulemaking pursuant to s. 120.54(3) that addresses the statement within that 30-day period. 1006.20 Athletics in public K-12 schools.—

(1) GOVERNING NONPROFIT ORGANIZATION.—The Florida High School Athletic Association (FHSAA) is designated as the governing nonprofit direct support organization of the Florida Department of Education, under the direction of the State Board of Education and Commissioner of Education, of athletics in Florida public schools. If the FHSAA fails to meet the provisions of this section, the commissioner ~~shall designate~~may dissolve some or all of the governing board of the FHSAA ~~a nonprofit organization to govern athletics~~ with the approval of the State Board of Education, upon a recommended order to the State Board of Education by the Commissioner and a finding by the State Board of Education that the governing board of the FHSAA has not complied with Florida law. The FHSAA is not a state agency as defined in s. 120.52. The FHSAA shall be subject to the provisions of s. 1006.19. A private school that wishes to engage in high school athletic competition with a public high school may become a member of the FHSAA. Any high school in the state, including charter schools, virtual schools, and home education cooperatives, may become a member of the FHSAA and participate in the activities of the FHSAA. However, membership in the FHSAA is not mandatory for any school. The FHSAA must allow a private school the option of maintaining full membership in the association or joining by sport and may not discourage a private school from simultaneously maintaining membership in another athletic association. The FHSAA may allow a public school the option to apply for consideration to join another athletic association. The FHSAA may not deny or discourage interscholastic competition between its member schools and non-FHSAA member Florida schools, including members of another athletic governing organization, and may not take any retributory or discriminatory action against any of its member schools that participate in interscholastic competition with non-FHSAA member Florida schools. The FHSAA may not unreasonably withhold its approval of an application to become an affiliate member of the National Federation of State High School Associations submitted by any other organization that governs interscholastic athletic competition in this state. The bylaws of the FHSAA are the rules by which high school athletic programs in its member schools, and the students who participate in them, are governed, unless otherwise specifically provided by statute. For the purposes of this section, “high school” includes grades 6 through 12.

(2) ADOPTION OF BYLAWS, POLICIES, OR GUIDELINES.—

(a) The FHSAA shall adopt bylaws that, unless specifically provided by statute, establish eligibility requirements for all students who participate in high school athletic competition in its member schools. The bylaws governing residence and transfer shall allow the student to be immediately eligible in the school in which he or she first enrolls each school year or the school in which the student makes himself or herself a candidate for an athletic team by engaging in a practice prior to enrolling in the school. The bylaws shall also allow the student to be immediately eligible in the school to which the student has transferred. The student shall be eligible in that school so long as he or she remains enrolled in that school. Subsequent eligibility shall be determined and enforced through the FHSAA’s bylaws.

AMERICAN OVERSIGHT

Requirements governing eligibility and transfer between member schools shall be applied similarly to public school students and private school students. The FHSAA' bylaws shall be reviewed for approval at least once per year by the State Board of Education, upon the recommendation of the Commissioner. The Commissioner may direct the FHSAA to consider revisions to its bylaws at any time as necessary.

(4) BOARD OF DIRECTORS.—

(a) The executive and legislative authority of the FHSAA shall be vested in its board of directors, which shall act as a representative assembly. Any entity that appoints members to the board of directors shall examine the ethnic and demographic composition of the board when selecting candidates for appointment and shall, to the greatest extent possible, make appointments that reflect state demographic and population trends. The board of directors shall be composed of 16 persons, as follows:

1. Four public member school representatives appointed by the Governor, one ~~elected~~ from ~~among its public school representative members~~ within each of the four administrative regions.

2. Four nonpublic member school representatives appointed by the Governor, one ~~elected~~ from ~~among its nonpublic school representative members~~ within each of the four administrative regions.

3. Three representatives appointed by the Governor ~~commissioner~~, one appointed from the two northernmost administrative regions and one appointed from the two southernmost administrative regions. The third representative shall be appointed to balance the board for diversity or state population trends, or both.

4. Two district school superintendents appointed by the Governor, one ~~elected~~ from the two northernmost administrative regions ~~by the members in those regions~~ and one ~~elected~~ from the two southernmost administrative regions ~~by the members in those regions~~.

5. Two district school board members appointed by the Governor, one elected from the two northernmost administrative regions by the members in those regions and one elected from the two southernmost administrative regions by the members in those regions.

6. The commissioner or his or her designee from the department executive staff.

(b) A quorum of the board of directors shall consist of nine members.

(c) The board of directors shall elect a president and a vice president from among its members. These officers shall also serve as officers of the FHSAA.

(d) Members of the board of directors shall serve terms of 3 years and are eligible to succeed themselves only once. A member of the board of directors, other than the commissioner or his or her designee, may serve a maximum of 6 consecutive years. The FHSAA's bylaws shall establish a rotation of terms to ensure that a majority of the members' terms do not expire concurrently.

(e) The authority and duties of the board of directors, acting as a body and in accordance with the FHSAA's bylaws, are as follows:

1. To act as the incorporated FHSAA's board of directors and to fulfill its obligations as required by the FHSAA's charter and articles of incorporation.

AMERICAN OVERSIGHT

2. To establish such guidelines, regulations, policies, and procedures as are authorized by the bylaws.

3. To vest with the ~~employ an~~ FHSAA executive director ~~who shall have~~ the authority to waive the bylaws of the FHSAA in order to comply with statutory changes.

4. To levy annual dues and other fees and to set the percentage of contest receipts to be collected by the FHSAA.

5. To approve the budget of the FHSAA. The budget of the FHSAA must be subsequently reviewed for approval by the State Board of Education.

6. To organize and conduct statewide interscholastic competitions, which may or may not lead to state championships, and to establish the terms and conditions for these competitions.

7. To act as an administrative board in the interpretation of, and final decision on, all questions and appeals arising from the directing of interscholastic athletics of member schools.

(5) FHSAA EXECUTIVE DIRECTOR AND STAFF.—

(a) The Commissioner of Education shall hire the FHSAA's executive director and professional staff, who shall be employed as employees of the State Board of Education. The Commissioner shall hire the FHSAA's executive director with input from the government board of the FHSAA, which is encouraged to consider and interview candidates for executive director and subsequently provide the Commissioner with input and recommendations. However, the Commissioner maintains the final discretion over the executive director's employment.

(8) AMENDMENT OF BYLAWS.—Each member school representative, the board of directors acting as a whole or as members acting individually, any advisory committee acting as a whole to be established by the FHSAA, the Commissioner of Education and the FHSAA's executive director are empowered to propose amendments to the bylaws. Any other individual may propose an amendment by securing the sponsorship of any of the aforementioned individuals or bodies. All proposed amendments must be submitted directly to the representative assembly for its consideration. The representative assembly, while empowered to adopt, reject, or revise proposed amendments, may not, in and of itself, as a body be allowed to propose any amendment for its own consideration.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Legislative purpose.—It is the intent of the Legislature to pursue a state executive structure more aligned with the federal system in order to promote greater accountability and efficiency. When America's founding fathers designed our federal government structure, they intentionally chose a system in which there was a unitary executive. The founders very consciously declined to sap the executive's strength by dividing the executive power and instead vested the executive power in one elected individual, believing that an energetic executive is the leading character in the definition of good government. The changes made herein reflect our intent to move away from a plural executive structure toward more unitary executive governance that encourages greater accountability in the democratic process and efficiencies in

The agency may provide an election-of-rights form for the respondent's use in requesting a hearing, so long as any form provided by the agency calls for the information in sub-subparagraphs a. through c. and does not impose any additional requirements on a respondent in order to request a hearing, unless such requirements are specifically authorized by law.

6. Uniform rules of procedure for the filing and prompt disposition of petitions for declaratory statements. The rules shall also describe the contents of the notices that must be published in the Florida Administrative Register under s. 120.565, including any applicable time limit for the filing of

balanced future economic, social, physical, environmental, and fiscal development of the area that reflects community commitments to implement the plan and its elements. These principles and strategies shall guide future decisions in a consistent manner and shall contain programs and activities to ensure comprehensive plans are implemented. The sections of the comprehensive plan containing the principles and strategies, generally provided as goals, objectives, and policies, shall describe how the local government's programs, activities, and land development regulations will be initiated, modified, or continued to implement the comprehensive plan in a consistent manner. It is not the intent of this part to require the inclusion of implementing regulations in the comprehensive plan but rather to require identification of those programs, activities, and land development regulations that will be part of the strategy for implementing the comprehensive plan and the principles that describe how the programs, activities, and land development regulations will be carried out. The plan shall establish meaningful and predictable standards for the use and development of land and provide meaningful guidelines for the content of more detailed land development and use regulations.

(f) All mandatory and optional elements of the comprehensive plan and plan amendments shall be based upon relevant and appropriate data and an analysis by the local government that may include, but not be limited to, surveys,

studies, community goals and vision, and other data available at the time of adoption of the comprehensive plan or plan amendment. To be based on data means to react to it in an appropriate way and to the extent necessary indicated by the data available on that particular subject at the time of adoption of the plan or plan amendment at issue.

1. Surveys, studies, and data utilized in the preparation of the comprehensive plan may not be deemed a part of the comprehensive plan unless adopted as a part of it. Copies of such studies, surveys, data, and supporting documents for proposed plans and plan amendments shall be made available for public inspection, and copies of such plans shall be made available to the public upon payment of reasonable charges for reproduction. Support data or summaries are not subject to the compliance review process, but the comprehensive plan must be clearly based on appropriate data. Support data or summaries may be used to aid in the determination of compliance and consistency.

2. Data must be taken from professionally accepted sources. The application of a methodology utilized in data collection or whether a particular methodology is professionally accepted may be evaluated. However, the evaluation may not include whether one accepted methodology is better than another. Original data collection by local governments is not required. However, local governments may use original data so long as

CODING: Words stricken are deletions; words underlined are additions.

AMERICAN OVERSIGHT

methodologies are professionally accepted.

3. The comprehensive plan shall be based upon permanent and seasonal population estimates and projections, which shall either be those published by the Office of Economic and Demographic Research or generated by the local government based upon a professionally acceptable methodology. The plan must be based on at least the minimum amount of land required to accommodate the medium projections as published by the Office of Economic and Demographic Research for at least a 10-year planning period unless otherwise limited under s. 380.05~~,~~ ~~including related rules of the Administration Commission~~. Absent physical limitations on population growth, population projections for each municipality, and the unincorporated area within a county must, at a minimum, be reflective of each area's proportional share of the total county population and the total county population growth.

(6) In addition to the requirements of subsections (1)-(5), the comprehensive plan shall include the following elements:

(a) A future land use plan element designating proposed future general distribution, location, and extent of the uses of land for residential uses, commercial uses, industry, agriculture, recreation, conservation, education, public facilities, and other categories of the public and private uses of land. The approximate acreage and the general range of

density or intensity of use shall be provided for the gross land area included in each existing land use category. The element shall establish the long-term end toward which land use programs and activities are ultimately directed.

1. Each future land use category must be defined in terms of uses included, and must include standards to be followed in the control and distribution of population densities and building and structure intensities. The proposed distribution, location, and extent of the various categories of land use shall be shown on a land use map or map series which shall be supplemented by goals, policies, and measurable objectives.

2. The future land use plan and plan amendments shall be based upon surveys, studies, and data regarding the area, as applicable, including:

a. The amount of land required to accommodate anticipated growth.

b. The projected permanent and seasonal population of the area.

c. The character of undeveloped land.

d. The availability of water supplies, public facilities, and services.

e. The need for redevelopment, including the renewal of blighted areas and the elimination of nonconforming uses which are inconsistent with the character of the community.

f. The compatibility of uses on lands adjacent to or

closely proximate to military installations.

g. The compatibility of uses on lands adjacent to an airport as defined in s. 330.35 and consistent with s. 333.02.

h. The discouragement of urban sprawl.

i. The need for job creation, capital investment, and economic development that will strengthen and diversify the community's economy.

j. The need to modify land uses and development patterns within antiquated subdivisions.

3. The future land use plan element shall include criteria to be used to:

a. Achieve the compatibility of lands adjacent or closely proximate to military installations, considering factors identified in s. 163.3175(5).

b. Achieve the compatibility of lands adjacent to an airport as defined in s. 330.35 and consistent with s. 333.02.

c. Encourage preservation of recreational and commercial working waterfronts for water-dependent uses in coastal communities.

d. Encourage the location of schools proximate to urban residential areas to the extent possible.

e. Coordinate future land uses with the topography and soil conditions, and the availability of facilities and services.

f. Ensure the protection of natural and historic

resources.

g. Provide for the compatibility of adjacent land uses.

h. Provide guidelines for the implementation of mixed-use development including the types of uses allowed, the percentage distribution among the mix of uses, or other standards, and the density and intensity of each use.

4. The amount of land designated for future planned uses shall provide a balance of uses that foster vibrant, viable communities and economic development opportunities and address outdated development patterns, such as antiquated subdivisions. The amount of land designated for future land uses should allow the operation of real estate markets to provide adequate choices for permanent and seasonal residents and business and may not be limited solely by the projected population. The element shall accommodate at least the minimum amount of land required to accommodate the medium projections as published by the Office of Economic and Demographic Research for at least a 10-year planning period unless otherwise limited under s. 380.05~~, including related rules of the Administration Commission~~.

5. The future land use plan of a county may designate areas for possible future municipal incorporation.

6. The land use maps or map series shall generally identify and depict historic district boundaries and shall designate historically significant properties meriting protection.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

7. The future land use element must clearly identify the land use categories in which public schools are an allowable use. When delineating the land use categories in which public schools are an allowable use, a local government shall include in the categories sufficient land proximate to residential development to meet the projected needs for schools in coordination with public school boards and may establish differing criteria for schools of different type or size. Each local government shall include lands contiguous to existing school sites, to the maximum extent possible, within the land use categories in which public schools are an allowable use.

8. Future land use map amendments shall be based upon the following analyses:

a. An analysis of the availability of facilities and services.

b. An analysis of the suitability of the plan amendment for its proposed use considering the character of the undeveloped land, soils, topography, natural resources, and historic resources on site.

c. An analysis of the minimum amount of land needed to achieve the goals and requirements of this section.

9. The future land use element and any amendment to the future land use element shall discourage the proliferation of urban sprawl.

a. The primary indicators that a plan or plan amendment

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

AMERICAN OVERSIGHT

does not discourage the proliferation of urban sprawl are listed below. The evaluation of the presence of these indicators shall consist of an analysis of the plan or plan amendment within the context of features and characteristics unique to each locality in order to determine whether the plan or plan amendment:

(I) Promotes, allows, or designates for development substantial areas of the jurisdiction to develop as low-intensity, low-density, or single-use development or uses.

(II) Promotes, allows, or designates significant amounts of urban development to occur in rural areas at substantial distances from existing urban areas while not using undeveloped lands that are available and suitable for development.

(III) Promotes, allows, or designates urban development in radial, strip, isolated, or ribbon patterns generally emanating from existing urban developments.

(IV) Fails to adequately protect and conserve natural resources, such as wetlands, floodplains, native vegetation, environmentally sensitive areas, natural groundwater aquifer recharge areas, lakes, rivers, shorelines, beaches, bays, estuarine systems, and other significant natural systems.

(V) Fails to adequately protect adjacent agricultural areas and activities, including silviculture, active agricultural and silvicultural activities, passive agricultural activities, and dormant, unique, and prime farmlands and soils.

(VI) Fails to maximize use of existing public facilities

and services.

(VII) Fails to maximize use of future public facilities and services.

(VIII) Allows for land use patterns or timing which disproportionately increase the cost in time, money, and energy of providing and maintaining facilities and services, including roads, potable water, sanitary sewer, stormwater management, law enforcement, education, health care, fire and emergency response, and general government.

(IX) Fails to provide a clear separation between rural and urban uses.

(X) Discourages or inhibits infill development or the redevelopment of existing neighborhoods and communities.

(XI) Fails to encourage a functional mix of uses.

(XII) Results in poor accessibility among linked or related land uses.

(XIII) Results in the loss of significant amounts of functional open space.

b. The future land use element or plan amendment shall be determined to discourage the proliferation of urban sprawl if it incorporates a development pattern or urban form that achieves four or more of the following:

(I) Directs or locates economic growth and associated land development to geographic areas of the community in a manner that does not have an adverse impact on and protects natural

(II) Promotes the efficient and cost-effective provision or extension of public infrastructure and services.

(III) Promotes walkable and connected communities and provides for compact development and a mix of uses at densities and intensities that will support a range of housing choices and a multimodal transportation system, including pedestrian, bicycle, and transit, if available.

(IV) Promotes conservation of water and energy.

(V) Preserves agricultural areas and activities, including silviculture, and dormant, unique, and prime farmlands and soils.

(VI) Preserves open space and natural lands and provides for public open space and recreation needs.

(VII) Creates a balance of land uses based upon demands of the residential population for the nonresidential needs of an area.

(VIII) Provides uses, densities, and intensities of use and urban form that would remediate an existing or planned development pattern in the vicinity that constitutes sprawl or if it provides for an innovative development pattern such as transit-oriented developments or new towns as defined in s. 163.3164.

10. The future land use element shall include a future land use map or map series.

Such principles for guiding development shall apply to any development undertaken subsequent to the legislative review pursuant to paragraph (c) of the designation of the area of critical state concern with or without modification but prior to the adoption of land development rules and regulations or a local comprehensive plan for the critical area pursuant to subsections (6) and (8). Be It Enacted by the Legislature of the State of Florida:

Section 1. Legislative purpose.—It is the intent of the Legislature to pursue a state executive structure more aligned with the federal system in order to promote greater accountability and efficiency. When America's founding fathers designed our federal government structure, they intentionally chose a system in which there was a unitary executive. The founders very consciously declined to sap the executive's strength by dividing the executive power and instead vested the executive power in one elected individual, believing that an energetic executive is the leading character in the definition of good government. The changes made herein reflect our intent to move away from a plural executive structure toward more unitary executive governance that encourages greater accountability in the democratic process and efficiencies in

balanced future economic, social, physical, environmental, and fiscal development of the area that reflects community commitments to implement the plan and its elements. These principles and strategies shall guide future decisions in a consistent manner and shall contain programs and activities to ensure comprehensive plans are implemented. The sections of the comprehensive plan containing the principles and strategies, generally provided as goals, objectives, and policies, shall describe how the local government's programs, activities, and land development regulations will be initiated, modified, or continued to implement the comprehensive plan in a consistent manner. It is not the intent of this part to require the inclusion of implementing regulations in the comprehensive plan but rather to require identification of those programs, activities, and land development regulations that will be part of the strategy for implementing the comprehensive plan and the principles that describe how the programs, activities, and land development regulations will be carried out. The plan shall establish meaningful and predictable standards for the use and development of land and provide meaningful guidelines for the content of more detailed land development and use regulations.

studies, community goals and vision, and other data available at the time of adoption of the comprehensive plan or plan amendment. To be based on data means to react to it in an appropriate way and to the extent necessary indicated by the data available on that particular subject at the time of adoption of the plan or plan amendment at issue.

1. Surveys, studies, and data utilized in the preparation of the comprehensive plan may not be deemed a part of the comprehensive plan unless adopted as a part of it. Copies of such studies, surveys, data, and supporting documents for proposed plans and plan amendments shall be made available for public inspection, and copies of such plans shall be made available to the public upon payment of reasonable charges for reproduction. Support data or summaries are not subject to the compliance review process, but the comprehensive plan must be clearly based on appropriate data. Support data or summaries may be used to aid in the determination of compliance and consistency.

2. Data must be taken from professionally accepted sources. The application of a methodology utilized in data collection or whether a particular methodology is professionally accepted may be evaluated. However, the evaluation may not include whether one accepted methodology is better than another. Original data collection by local governments is not required. However, local governments may use original data so long as

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

AMERICAN OVERSIGHT

methodologies are professionally accepted.

3. The comprehensive plan shall be based upon permanent and seasonal population estimates and projections, which shall either be those published by the Office of Economic and Demographic Research or generated by the local government based upon a professionally acceptable methodology. The plan must be based on at least the minimum amount of land required to accommodate the medium projections as published by the Office of Economic and Demographic Research for at least a 10-year planning period unless otherwise limited under s. 380.05~~, including related rules of the Administration Commission~~. Absent physical limitations on population growth, population projections for each municipality, and the unincorporated area within a county must, at a minimum, be reflective of each area's proportional share of the total county population and the total county population growth.

(6) In addition to the requirements of subsections (1)-(5), the comprehensive plan shall include the following elements:

(a) A future land use plan element designating proposed future general distribution, location, and extent of the uses of land for residential uses, commercial uses, industry, agriculture, recreation, conservation, education, public facilities, and other categories of the public and private uses of land. The approximate acreage and the general range of

density or intensity of use shall be provided for the gross land area included in each existing land use category. The element shall establish the long-term end toward which land use programs and activities are ultimately directed.

1. Each future land use category must be defined in terms of uses included, and must include standards to be followed in the control and distribution of population densities and building and structure intensities. The proposed distribution, location, and extent of the various categories of land use shall be shown on a land use map or map series which shall be supplemented by goals, policies, and measurable objectives.

2. The future land use plan and plan amendments shall be based upon surveys, studies, and data regarding the area, as applicable, including:

a. The amount of land required to accommodate anticipated growth.

b. The projected permanent and seasonal population of the area.

c. The character of undeveloped land.

d. The availability of water supplies, public facilities, and services.

e. The need for redevelopment, including the renewal of blighted areas and the elimination of nonconforming uses which are inconsistent with the character of the community.

f. The compatibility of uses on lands adjacent to or

closely proximate to military installations.

g. The compatibility of uses on lands adjacent to an airport as defined in s. 330.35 and consistent with s. 333.02.

h. The discouragement of urban sprawl.

i. The need for job creation, capital investment, and economic development that will strengthen and diversify the community's economy.

j. The need to modify land uses and development patterns within antiquated subdivisions.

3. The future land use plan element shall include criteria to be used to:

a. Achieve the compatibility of lands adjacent or closely proximate to military installations, considering factors identified in s. 163.3175(5).

b. Achieve the compatibility of lands adjacent to an airport as defined in s. 330.35 and consistent with s. 333.02.

c. Encourage preservation of recreational and commercial working waterfronts for water-dependent uses in coastal communities.

d. Encourage the location of schools proximate to urban residential areas to the extent possible.

e. Coordinate future land uses with the topography and soil conditions, and the availability of facilities and services.

f. Ensure the protection of natural and historic

resources.

g. Provide for the compatibility of adjacent land uses.

h. Provide guidelines for the implementation of mixed-use development including the types of uses allowed, the percentage distribution among the mix of uses, or other standards, and the density and intensity of each use.

4. The amount of land designated for future planned uses shall provide a balance of uses that foster vibrant, viable communities and economic development opportunities and address outdated development patterns, such as antiquated subdivisions. The amount of land designated for future land uses should allow the operation of real estate markets to provide adequate choices for permanent and seasonal residents and business and may not be limited solely by the projected population. The element shall accommodate at least the minimum amount of land required to accommodate the medium projections as published by the Office of Economic and Demographic Research for at least a 10-year planning period unless otherwise limited under s. 380.05~~, including related rules of the Administration Commission~~.

5. The future land use plan of a county may designate areas for possible future municipal incorporation.

6. The land use maps or map series shall generally identify and depict historic district boundaries and shall designate historically significant properties meriting protection.

7. The future land use element must clearly identify the land use categories in which public schools are an allowable use. When delineating the land use categories in which public schools are an allowable use, a local government shall include in the categories sufficient land proximate to residential development to meet the projected needs for schools in coordination with public school boards and may establish differing criteria for schools of different type or size. Each local government shall include lands contiguous to existing school sites, to the maximum extent possible, within the land use categories in which public schools are an allowable use.

8. Future land use map amendments shall be based upon the following analyses:

a. An analysis of the availability of facilities and services.

b. An analysis of the suitability of the plan amendment for its proposed use considering the character of the undeveloped land, soils, topography, natural resources, and historic resources on site.

c. An analysis of the minimum amount of land needed to achieve the goals and requirements of this section.

9. The future land use element and any amendment to the future land use element shall discourage the proliferation of urban sprawl.

a. The primary indicators that a plan or plan amendment

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

AMERICAN OVERSIGHT

does not discourage the proliferation of urban sprawl are listed below. The evaluation of the presence of these indicators shall consist of an analysis of the plan or plan amendment within the context of features and characteristics unique to each locality in order to determine whether the plan or plan amendment:

(I) Promotes, allows, or designates for development substantial areas of the jurisdiction to develop as low-intensity, low-density, or single-use development or uses.

(II) Promotes, allows, or designates significant amounts of urban development to occur in rural areas at substantial distances from existing urban areas while not using undeveloped lands that are available and suitable for development.

(III) Promotes, allows, or designates urban development in radial, strip, isolated, or ribbon patterns generally emanating from existing urban developments.

(IV) Fails to adequately protect and conserve natural resources, such as wetlands, floodplains, native vegetation, environmentally sensitive areas, natural groundwater aquifer recharge areas, lakes, rivers, shorelines, beaches, bays, estuarine systems, and other significant natural systems.

(V) Fails to adequately protect adjacent agricultural areas and activities, including silviculture, active agricultural and silvicultural activities, passive agricultural activities, and dormant, unique, and prime farmlands and soils.

(VI) Fails to maximize use of existing public facilities

and services.

(VII) Fails to maximize use of future public facilities and services.

(VIII) Allows for land use patterns or timing which disproportionately increase the cost in time, money, and energy of providing and maintaining facilities and services, including roads, potable water, sanitary sewer, stormwater management, law enforcement, education, health care, fire and emergency response, and general government.

(IX) Fails to provide a clear separation between rural and urban uses.

(X) Discourages or inhibits infill development or the redevelopment of existing neighborhoods and communities.

(XI) Fails to encourage a functional mix of uses.

(XII) Results in poor accessibility among linked or related land uses.

If the department determines that the amendments and any new land development regulations that a county has adopted do not meet the criteria established in subsection (1), or the department receives no amendments or new land development regulations and determines that the county's existing local comprehensive plan and land development regulations do not comply with the provisions of subsection (1), the department shall petition the Department of Economic Opportunity ~~Governor and Cabinet~~ to order the county to adopt such amendments to its local comprehensive plan or land development regulations or such new land development regulations as it deems necessary to meet the criteria in subsection (1). A determination or petition made by the department pursuant to this subsection shall not be final agency action.

(4) The Department of Economic Opportunity ~~Governor and Cabinet, sitting as the Land and Water Adjudicatory Commission,~~ shall render an order on the petition. 373.114 ~~Land and Water Adjudicatory Commission;~~ Review of district rules and orders; department review of district rules.—

(1) Except as provided in subsection (2), the department has ~~Governor and Cabinet, sitting as the Land and Water Adjudicatory Commission, have~~ the exclusive authority to review any order or rule of a water management district, other than a rule relating to an internal procedure of the district or a final order resulting from an evidentiary hearing held under s. 120.569 or s. 120.57 or a rule that has been adopted after issuance of a final order resulting from an evidentiary hearing held under s. 120.56, to ensure consistency with the provisions and purposes of this chapter. Subsequent to the legislative ratification of the delineation methodology pursuant to s. 373.421(1), this subsection also shall apply to an order of ~~the department, or~~ a local government exercising delegated authority, pursuant to ss. 373.403-373.443, except an order pertaining to activities or operations subject to conceptual plan approval pursuant to chapter 378 or a final order resulting from an evidentiary hearing held under s. 120.569 or s. 120.57.

(a) Such review may be initiated by the department or by a party to the proceeding below by filing a request for review with the department ~~Land and Water Adjudicatory Commission~~ and serving a copy ~~on the department and~~ on any person named in the rule or order within 20 days after adoption of the rule or the rendering of the order. For the purposes of this section, the

term "party" means any affected person who submitted oral or written testimony, sworn or unsworn, of a substantive nature which stated with particularity objections to or support for the rule or order that are cognizable within the scope of the provisions and purposes of this chapter. In order for the department ~~commission~~ to accept a request for review initiated by a party below, with regard to a specific order, the department ~~three members of the commission~~ must determine on the basis of the record below that the activity authorized by the order would substantially affect natural resources of statewide or regional significance. Review of an order may also be accepted if the department determines ~~three members of the commission determine~~ that the order raises issues of policy, statutory interpretation, or rule interpretation that have regional or statewide significance from the standpoint of agency precedent. The party requesting the department ~~commission~~ to review an order must allege with particularity, and the department ~~commission~~ must find, that:

1. The order is in conflict with statutory requirements; or

2. The order is in conflict with the requirements of a duly adopted rule.

(b) Review by the department ~~Land and Water Adjudicatory Commission~~ is appellate in nature and shall be based solely on the record below unless the department ~~commission~~ determines

that a remand for a formal evidentiary proceeding is necessary to develop additional findings of fact. If there is no evidentiary administrative proceeding resulting from a remand or referral for findings of fact by the department ~~commission~~, then the facts contained in the proposed agency action or proposed water management district action, including any technical staff report, shall be deemed undisputed. The matter shall be heard by the department c~~ommission~~ not more than 60 days after receipt of the request for review, unless waived by the parties; provided, however, such time limit shall be tolled by a referral or remand pursuant to this paragraph. The department ~~commission~~ may refer a request for review to the Division of Administrative Hearings for the production of findings of fact, limited to those needed to render the decision requested, to supplement the record, if the department ~~a majority of the commission~~ determines that supplementary findings of fact are essential to determine the consistency of a rule or order with the provisions and purposes of this chapter. Alternatively, the department ~~commission~~ may remand the matter to the agency below for additional findings of fact, limited to those needed to render the decision requested, to supplement the record, if the department ~~a majority of the commission~~ determines that supplementary findings of fact are essential to determine the consistency of a rule or order with the provisions and purposes of this chapter. Such proceedings must be conducted and the findings transmitted to the department

(c) If the department ~~Land and Water Adjudicatory Commission~~ determines that a rule of a water management district is not consistent with the provisions and purposes of this chapter, it may require the water management district to initiate rulemaking proceedings to amend or repeal the rule. If the department ~~commission~~ determines that an order is not consistent with the provisions and purposes of this chapter, the department ~~commission~~ may rescind or modify the order or remand the proceeding for further action consistent with the order of the department ~~Land and Water Adjudicatory Commission~~ only if the department ~~commission~~ determines that the activity authorized by the order would substantially affect natural resources of statewide or regional significance. In the case of an order which does not itself substantially affect natural resources of statewide or regional significance, but which raises issues of policy that have regional or statewide significance from the standpoint of agency precedent, the department ~~commission~~ may direct the district to initiate rulemaking to amend its rules to assure that future actions are consistent with the provisions and purposes of this chapter without modifying the order.

(d) In a review under this section of a construction permit issued pursuant to a conceptual permit under part IV, which conceptual permit is issued after July 1, 1993, a party to

the review may not raise an issue which was or could have been raised in a review of the conceptual permit under this section.

(e) A request for review under this section shall not be a precondition to the seeking of judicial review pursuant to s. 120.68 or the seeking of an administrative determination of rule validity pursuant to s. 120.56.

(f) The department ~~Florida Land and Water Adjudicatory Commission~~ may adopt rules to set forth its procedures for reviewing an order or rule of a water management district consistent with the provisions of this section.

(g) For the purpose of this section, it shall be presumed that activity authorized by an order will not affect resources of statewide or regional significance if the proposed activity:

1. Occupies an area less than 10 acres in size, and

2. Does not create impervious surfaces greater than 2 acres in size, and

3. Is not located within 550 feet of the shoreline of a named body of water designated as Outstanding Florida Waters, and

4. Does not adversely affect threatened or endangered species.

This paragraph shall not operate to hold that any activity that exceeds these limits is presumed to affect resources of statewide or regional significance. The determination of whether

an activity will substantially affect resources of statewide or regional significance shall be made on a case-by-case basis, based upon facts contained in the record below.

(2) The department shall have the exclusive authority to review rules of the water management districts, other than rules relating to internal management of the districts, to ensure consistency with the water resource implementation rule as set forth in the rules of the department. Within 30 days after adoption or revision of any water management district rule, the department shall initiate a review of such rule pursuant to this section.

(a) Within 30 days after adoption of a rule, any affected person may request that a hearing be held before the secretary of the department, at which hearing evidence and argument may be presented relating to the consistency of the rule with the water resource implementation rule, by filing a request for hearing with the department and serving a copy on the water management district.

(b) If the department determines that the rule is inconsistent with the water resource implementation rule, it may order the water management district to initiate rulemaking proceedings to amend or repeal the rule.

(3) The initial 5-year work plan and any subsequent modifications or additions thereto shall be adopted by each water management district after a public hearing. Each water management district shall provide at least 14 days' advance notice of the hearing date and shall separately notify each county commission within which a proposed work plan project or project modification or addition is located of the hearing date.

(c) The Secretary of Environmental Protection shall release acquisition moneys from the appropriate account or trust fund to a district following receipt of a resolution adopted by the governing board identifying the lands being acquired and certifying that such acquisition is consistent with the 5-year work plan of acquisition and other provisions of this section. The governing board also shall provide to the Secretary of Environmental Protection a copy of all certified appraisals used to determine the value of the land to be purchased. Each parcel to be acquired must have at least one appraisal. Two appraisals are required when the estimated value of the parcel exceeds $1 million. However, when both appraisals exceed $1 million and differ significantly, a third appraisal may be obtained. If the

purchase price is greater than the appraisal price, the governing board shall submit written justification for the increased price. The Secretary of Environmental Protection may withhold moneys for any purchase that is not consistent with the 5-year plan or the intent of this section or that is in excess of appraised value. The governing board may appeal any denial to the Division of Administrative Hearings ~~Land and Water Adjudicatory Commission pursuant to s. 373.114~~.

Section 59. Subsection (1) of section 373.217, Florida Statutes, is amended to read:

373.217 Superseded laws and regulations.—

(1) It is the intent of the Legislature to provide a means whereby reasonable programs for the issuance of permits authorizing the consumptive use of particular quantities of water may be authorized by the Department of Environmental Protection, subject to judicial review and also subject to review ~~by the Governor and Cabinet, sitting as the Land and Water Adjudicatory Commission~~ as provided in s. 373.114.

Section 60. Subsections (11) and (13) of section 373.2295, Florida Statutes, are amended to read:

If local authorities deny the application for rezoning, the applicant may appeal this decision to the Department of Economic Opportunity ~~Land and Water Adjudicatory Commission~~, which shall authorize a variance or nonconforming use to the existing comprehensive plan and zoning ordinances, unless the Department of Economic Opportunity ~~commission~~ determines after notice and hearing that such variance or nonconforming use is contrary to the public interest.

(13) When a consumptive use permit under this section is granted for water use beyond the boundaries of a local government from which or through which the groundwater is withdrawn or transferred and a local government denies a permit required under chapter 125 or chapter 153 for a facility or any infrastructure which produces, treats, transmits, or distributes such groundwater, the person or unit of government applying for the permit under chapter 125 or chapter 153 may appeal the denial to the Department of Economic Opportunity ~~Land and Water Adjudicatory Commission~~. The Department of Economic Opportunity ~~commission~~ shall review the local government action for consistency with this chapter and the interdistrict groundwater transfer permit and may reverse, modify, or approve the local government's action.

373.4275 Review of consolidated orders.—

(1) Beginning on the effective date of the rules adopted under s. 373.427(1), review of any consolidated order rendered pursuant to s. 373.427(1) shall be governed by the provisions of s. 373.114(1). However, the term "party" shall mean any person who participated as a party in a proceeding under ss. 120.569 and 120.57 on the concurrently reviewed authorizations, permits, waivers, variances, or approvals, or any affected person who submitted to the department, water management district, or board of trustees oral or written testimony, sworn or unsworn, of a substantive nature which stated with particularity objections to or support for the authorization, permit, waiver, variance, or approval, provided that such testimony was cognizable within the scope of this chapter or the applicable provisions of chapter 161, chapter 253, or chapter 258 when the consolidated notice of intent includes an authorization, permit, waiver, variance, or approval under those chapters. In such cases, the standard of review shall also ensure consistency with the applicable provisions and purposes of chapter 161, chapter 253, or chapter 258 when the consolidated order includes an authorization, permit, waiver, variance, or approval under those chapters. If the consolidated order subject to review includes approval or denial of proprietary authorization to use submerged lands on which the board of trustees has previously acted, as described in s. 373.427(2), the scope of review under this section shall

(b) If a consolidated order includes proprietary authorization under chapter 253 or chapter 258 to use submerged lands owned by the Board of Trustees of the Internal Improvement Trust Fund for an activity for which the authority has been delegated to take final agency action without action of the board of trustees, the following additional provisions and exceptions to s. 373.114(1) apply:

1. The Governor and Cabinet shall sit ~~concurrently~~ as ~~the Land and Water Adjudicatory Commission and~~ the Board of Trustees of the Internal Improvement Trust Fund in exercising the exclusive authority to review the order;

2. The review may also be initiated by the Governor or any member of the Cabinet within 20 days after the rendering of the order in which case the other provisions of s. 373.114(1)(a) regarding acceptance of a request for review do not apply; and

3. If the Governor and Cabinet find that an authorization to use submerged lands is not consistent with chapter 253 or chapter 258, any authorization, permit, waiver, or approval authorized or granted by the consolidated order must be rescinded or modified or the proceeding must be remanded for further action consistent with the order issued under this

Ryan:

Attached is your draft #82769 relating to out-of-state personal income tax collection. I just released it to Rep. Garrison's dashboard for review and approval. I wanted to bring to your attention something the drafter has mentioned to you; it seems this bill may have a public records exemption

AMERICAN OVERSIGHT

provision in it. See subsection (3) on lines 119-130.

You may want to check with House Government Operations Subcommittee staff to verify whether this is a public records exemption. If it is, there are two options going forward. They are:

Remove this provision from the bill and file it without this provision; or

Submit a bill draft request in Leagis for a linked public records exemption bill. Under this option we would draft a separate bill for the exemption and would need from you a public necessity statement.

If you have any questions, please feel free to call us.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (1) and (2) of section 119.12, Florida Statutes, is amended to read:

from repeal by the Legislature; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (1), paragraphs (a) and (f) of subsection (2), paragraph (c) of subsection (3), paragraphs (a) and (e) of subsection (4), subsection (5), paragraph (b) of subsection (6), and subsection (8) of section 1006.20, Florida Statutes, are amended, and subsection (9) is added to that section, to read:

1006.20 Athletics in public K-12 schools.—

(1) GOVERNING NONPROFIT ORGANIZATION.—The Florida High School Athletic Association (FHSAA) is designated as the governing nonprofit direct-support organization of the Department of Education which promotes, directs, supervises, and regulates ~~of~~ athletics in Florida public schools under the direction of the State Board of Education and the Commissioner of Education. If the FHSAA fails to meet the provisions of this section, the commissioner may dissolve some or all of the board of directors of the FHSAA ~~shall designate a nonprofit organization to govern athletics~~ with the approval of the State Board of Education upon a recommendation to the state board by the commissioner and a finding by the state board that the FHSAA board of directors has not complied with Florida law~~this section~~. The FHSAA is not a state agency as defined in s. 120.52. The FHSAA is ~~shall be~~ subject to ~~the provisions of~~ s. 1006.19. A private school that wishes to engage in high school athletic competition with a public high school may become a

AMERICAN OVERSIGHT

FL-GOV-22-0226, 20-0378-A-001757

member of the FHSAA. Any high school in this ~~the~~ state, including charter schools, virtual schools, and home education cooperatives, may become a member of the FHSAA and participate in the activities of the FHSAA. However, membership in the FHSAA is not mandatory for any school. The FHSAA must allow a private school the option of maintaining full membership in the association or joining by sport and may not discourage a private school from simultaneously maintaining membership in another athletic association. The FHSAA may allow a public school the option to apply for consideration to join another athletic association. The FHSAA may not deny or discourage interscholastic competition between its member schools and non-FHSAA member Florida schools, including members of another athletic governing organization, and may not take any retributory or discriminatory action against any of its member schools that participate in interscholastic competition with non-FHSAA member Florida schools. The FHSAA may not unreasonably withhold its approval of an application to become an affiliate member of the National Federation of State High School Associations submitted by any other organization that governs interscholastic athletic competition in this state. The bylaws of the FHSAA are the rules by which high school athletic programs in its member schools, and the students who participate in them, are governed, unless otherwise specifically provided by statute. For the purposes of this section, "high school" includes grades 6 through 12.

(2) ADOPTION OF BYLAWS, POLICIES, OR GUIDELINES.—

(a) The FHSAA shall adopt bylaws that, unless specifically provided by statute, establish eligibility requirements for all

AMERICAN OVERSIGHT

FL-GOV-22-0226, 20-0378-A-001758

students who participate in high school athletic competition in its member schools. The bylaws governing residence and transfer must ~~shall~~ allow the student to be immediately eligible in the school in which he or she first enrolls each school year or the school in which the student makes himself or herself a candidate for an athletic team by engaging in a practice prior to enrolling in the school. The bylaws must ~~shall~~ also allow the student to be immediately eligible in the school to which the student has transferred. The student is ~~shall be~~ eligible in that school so long as he or she remains enrolled in that school. Subsequent eligibility must ~~shall~~ be determined and enforced through the FHSAA's bylaws. Requirements governing eligibility and transfer between member schools must ~~shall~~ be applied similarly to public school students and private school students. The FHSAA's bylaws must be reviewed for approval at least annually by the State Board of Education or upon the recommendation of the commissioner. The commissioner may direct the FHSAA to consider revisions to its bylaws at any time.

(f) The FHSAA shall adopt bylaws that establish sanctions for coaches who have committed major violations of the FHSAA's bylaws and policies.

1. Major violations include, but are not limited to, knowingly allowing an ineligible student to participate in a contest representing a member school in an interscholastic contest or committing a violation of the FHSAA's recruiting or sportsmanship policies.

2. Sanctions placed upon an individual coach may include, but are not limited to, prohibiting or suspending the coach from coaching, participating in, or attending any athletic activity

AMERICAN OVERSIGHT

FL-GOV-22-0226, 20-0378-A-001759

sponsored, recognized, or sanctioned by the FHSAA and the member school for which the coach committed the violation. If a coach is sanctioned by the FHSAA and the coach transfers to another member school, those sanctions remain in full force and effect during the term of the sanction.

3. If a member school is assessed a financial penalty as a result of a coach committing a major violation, the coach must ~~shall~~ reimburse the member school before being allowed to coach, participate in, or attend any athletic activity sponsored, recognized, or sanctioned by the FHSAA and a member school.

4. The FHSAA shall establish a due process procedure for coaches sanctioned under this paragraph, consistent with the appeals procedures set forth in subsection (8) ~~(7)~~.

(3) GOVERNING STRUCTURE OF THE FHSAA.—

(c) The FHSAA's membership shall be divided along existing county lines into four contiguous and compact administrative regions, each containing an equal or nearly equal number of member schools to ensure equitable representation on the FHSAA's board of directors~~, representative assembly,~~ and appeals committees.

(4) BOARD OF DIRECTORS.—

(a) The executive and legislative authority of the FHSAA is ~~shall be~~ vested in its board of directors~~, which shall act as a representative assembly.~~ Any entity that appoints members to the board of directors shall examine the ethnic and demographic composition of the board when selecting candidates for appointment and shall, to the greatest extent possible, make appointments that reflect state demographic and population trends. The board of directors shall be composed of 16 members

(c) Members of a committee on appeals shall serve terms of 3 years and are eligible to succeed themselves only once. A member of a committee on appeals may serve a maximum of 6 consecutive years. The FHSAA's bylaws shall establish a rotation of terms to ensure that a majority of the members' terms do not expire concurrently.

(d) The authority and duties of a committee on appeals shall be to consider requests by member schools seeking exceptions to bylaws and regulations, to hear undue hardship eligibility cases filed by member schools on behalf of student athletes, and to hear appeals filed by member schools or student athletes.

The board of directors shall have the authority to uphold, reverse, or amend the decision of the committee on appeals. In all such cases, the decision of the board of directors shall be final.

(f) The FHSAA shall expedite the appeals process on determinations of ineligibility so that disposition of the appeal can be made before the end of the applicable sports season, if possible.

If evidence is presented on appeal, a de novo decision must be made by the committee or board hearing the appeal, or the determination may be suspended and the matter remanded for a new determination based on all the evidence. If a de novo decision is made on appeal, the decision must be made in writing, setting forth the findings of fact and specific violation upon which the decision is based. If a de novo decision is not required, the decision appealed must be set aside if the decision on ineligibility was not based on clear and convincing evidence. Any further appeal shall be considered on a record that includes all evidence presented.

(9)~~(8)~~ AMENDMENT OF BYLAWS.—Each member school representative, the board of directors acting as a whole or as members acting individually, any advisory committee acting as a whole to be established by the FHSAA, the commissioner, and the FHSAA's executive director are empowered to propose amendments to the bylaws. 97.022 Office of Election Crimes and Security; election law violations and election irregularities.—

(1) The Office of Election Crimes and Security is created in the Department of State. The office shall be considered a criminal justice agency as defined in s. 943.045. The purpose of the office, consistent with the Secretary of State's duties under s. 97.012(15), is to:

(a) Receive and review notices and reports generated by government officials or any other person regarding alleged occurrences of election law violations or election irregularities in this state.

(b) Initiate independent inquiries and conduct investigations into allegations of election law violations or election irregularities in any Florida county or municipality.

(2) The office is authorized to review complaints and conduct investigations into alleged violations of any provision of Title IX or any rule adopted pursuant thereto. As needed based on the findings of its reviews and investigations, the office shall make referrals for further legal action directly to a statewide prosecutor, who shall have primary statewide jurisdiction for enforcement and prosecution of election law violations and election irregularities. The office shall also refer to a statewide prosecutor for further legal action any complaints of election law violations or election irregularities that it deems frivolous and intended to otherwise disrupt the legal administration of Florida elections or the certification of Florida election results.

(4) The secretary shall appoint a director of the Office of Election Crimes and Security. Qualifications for the director shall include training and experience in law enforcement or security provision. The director shall supervise, direct, coordinate, and administer all activities of the office.

(5) The Office of Election Crimes and Security shall consist of a central office in Tallahassee, as well as sworn law enforcement officers with statewide jurisdictions and non-sworn investigators based in field offices throughout the state as determined by the director. The positions and resources necessary for the office to accomplish its duties shall be established through and subject to the legislative appropriations process.

(6) The director and all investigators employed by the department shall meet the requirements for employment and appointment provided in s. 943.13, and shall satisfy the

I'm confused by this paragraph - what is the interaction between this paragraph and 97.012(15) and 106.25(1) and (2)? Are you modifying the powers/duties that already exist in law? I think I sent over language previously that referred to statutory framework already in place. If you are trying to do something different than the language I previously sent, just be aware of the below provisions already in law.

SOS already has jurisdiction to conduct preliminary investigations into any irregularities or fraud involving voter registration, voting, candidate petition, or issue petition activities and report findings to statewide prosecutor or state attorney of that judicial circuit in question. See 97.012(15).

Compare that jurisdiction to the FEC in 106.24 and 106.25. FEC is a separate entity housed within the Office of the Attorney General and it is authorized to investigate and determine violations of chapter 106 and 104 (this does not limit jurisdiction of any other officer or agency empowered by law to investigate or act upon violations of the code). FEC can only investigate after having received sworn complaint or info from Division of Elections. 106.25(2), Fla. Stat.

requirements for certification established by the Criminal Justice Standards and Training Commission pursuant to Chapter 943. The director and investigators shall be designated law enforcement officers and shall have the authorization to investigate, detect, apprehend, and arrest anyone for an alleged violation of any provision of Title IX or any rule adopted pursuant thereto, or any law of this state.

(7) The office shall, for the purposes of any investigation or proceeding conducted by the office, have the authority to administer oaths and affirmations, require affidavits, take depositions, issue subpoenas, and compel attendance of witnesses and the production of paper-based, electronic-based, or any other type of evidence. Evidence gathered as authorized by this subsection is exempt from public records requirements under Chapter 119 and s. 24(a), Art. I of the State Constitution.

(8) The office shall oversee the department's voter fraud hotline.

(9) Nothing in this section limits the jurisdiction of any other offices or agencies of government empowered by law to investigate, act upon, or dispose of alleged election law violations. However, the office may assert primary jurisdiction over any investigation initiated by a local law enforcement agency or state attorney of election law violations or election irregularities.

(10) It is the duty of each statewide prosecutor receiving a complaint referred by the office to investigate the complaint promptly and thoroughly, to undertake any related criminal or civil actions as justified by law, and to report to the office

The failure or refusal of a statewide prosecutor to prosecute or initiate action on a complaint or referral by the office shall not bar further action by any other law enforcement entity with jurisdiction.

97.0291 Prohibition on use of private funds for election-related expenses.—No agency or state or local official responsible for conducting elections, including, but not limited to, a supervisor of elections, may solicit, accept, use, or dispose of any donation in the form of money, grants, property, or personal services from an individual or a nongovernmental entity for the purpose of funding any type of ~~election-related~~ expense~~s~~ related to election administration, including but not limited to ~~or~~ voter education, voter outreach, ~~or~~ voter registration programs, or the cost of any litigation related to election administration. 4. By delivery to a designee on election day or up to 9 days before the day of an election. Any elector may designate in writing a person to pick up the ballot for the elector; however, the person designated may not pick up more than two vote-by-mail ballots per election, other than the designee's own ballot, except that additional ballots may be picked up for members of the designee's immediate family. For purposes of this section, "immediate family" means the designee's spouse or the parent, child, grandparent, grandchild, or sibling of the designee or of the designee's spouse. The designee shall provide to the supervisor the written authorization by the elector and a picture identification of the designee and must complete an affidavit. The designee shall state in the affidavit that the designee is authorized by the elector to pick up that ballot and shall indicate if the elector is a member of the designee's immediate family and, if so, the relationship. The department shall prescribe the form of the affidavit. If the supervisor is satisfied that the designee is authorized to pick up the ballot and that the signature of the elector on the written authorization matches the signature of the elector on file, the supervisor shall give the ballot to that designee for delivery to the elector.

5. Except as provided in s. 101.655, the supervisor may not deliver a vote-by-mail ballot to an elector or an elector's immediate family member on the day of the election unless there is an emergency, to the extent that the elector will be unable to go to his or her assigned polling place. If a vote-by-mail ballot is delivered, the elector or his or her designee shall execute an affidavit affirming to the facts which allow for

(5) If the department is unable to certify candidates for an election in time to comply with paragraph (4)(a), the Department of State is authorized to prescribe rules for a ballot to be sent to absent uniformed services voters and overseas voters.

(6) Only the materials necessary to vote by mail may be mailed or delivered with any vote-by-mail ballot.

(7) Except as expressly authorized for voters having a disability under s. 101.662, for overseas voters under s. 101.697, or for local referenda under ss. 101.6102 and 101.6103, a county, municipality, or state agency may not send a vote-by-mail ballot to a voter unless the voter has requested a vote-by-mail ballot in the manner authorized under this section.

(8) Effective March 31, 2022, all requests for vote-by-mail ballots previously received and accepted by each supervisor of elections under subsection (1) are declared null and void. By April 1, 2022, each supervisor shall begin the process of mailing notices to all vote-by-mail ballot requestors whose requests had been received and accepted prior to April 1, 2022, stating that a new vote-by-mail ballot request must be submitted if the elector wishes to vote-by-mail in any election occurring through the end of the calendar year of the next regularly scheduled general election. Each supervisor must complete the process of mailing the notices to all those impacted by April 30, 2022.

Section 8. Paragraphs (a) and (b) of subsection (2) of section 101.69, Florida Statutes, are amended to read:

Commented [MBR4]: How is this going to work with elections ongoing – it would wipe out a request received the day before. Think also UOCAVA voters. Is it just before 2022?

And other points made during discussion.

OF STATE

Secretary Laurel Lee
Secretary of State
R.A. Gray Building
500 South Bronough Street
Tallahassee, Florida 32399

Dear Secretary Lee:

By the authority vested in me as Governor of the State of Florida, under the provisions of Article III, Section 8 of the Constitution of Florida, I do hereby vetó and transmit my objection to **CS/SB 102**, enacted during the 124th Session of the Legislature of Florida, during Regular Session 2022 and entitled:

An act relating to establishing the congressional districts of the state

As presented in both the primary and secondary maps enacted by the Legislature, Congressional District 5 violates the Equal Protection Clause of the Fourteenth Amendment to the U.S. Constitution for the reasons set forth in the attached memorandum. Although I understand the Legislature's desire to comply with the Florida Constitution, the Legislature is not absolved of its duty to comply with the U.S. Constitution. Where the U.S. and Florida Constitutions conflict, the U.S. Constitution must prevail.

Accordingly, I withhold my approval of **CS/SB 102** and do hereby veto the same.

Sincerely,

Ron DeSantis
Governor

MEMORANDUM

Re: Constitutionality of CS/SB 102, An Act Relating to Establishing the Congressional Districts of the State

Congressional District 5 in both the primary and secondary maps enacted by the Legislature violates the Equal Protection Clause of the Fourteenth Amendment to the U.S. Constitution because it assigns voters primarily on the basis of race but is not narrowly tailored to achieve a compelling state interest.

"Just as the State may not, absent extraordinary justification, segregate citizens on the basis of race in its public parks, buses, golf courses, beaches, and schools," the U.S. Supreme Court has made clear that the State also "may not separate its citizens into different voting districts on the basis of race." *Miller v. Johnson*, 515 U.S. 900, 911 (1995) (internal citations omitted). "When the State assigns voters on the basis of race," the Court explained, "it engages in the offensive and demeaning assumption that voters of a particular race, because of their race, 'think alike, share the same political interests, and will prefer the same candidates at the polls.'" *Id.* at 911-12 (quoting *Shaw v. Reno*, 509 U.S. 630, 647 (1993)).

For these reasons, the Court has interpreted the Equal Protection Clause of the Fourteenth Amendment to the U.S. Constitution to prohibit state legislatures from using race as the "predominant factor motivating [their] decision to place a significant number of voters within or without a particular district," *id.* at 916, unless they can prove that their "race-based sorting of voters serves a 'compelling interest' and is 'narrowly tailored' to that end," *Cooper v. Harris*, 137 S. Ct. 1455, 1464 (2017) (citation omitted). That race was the predominant factor motivating a legislature's line-drawing decision can be shown "either through circumstantial evidence of a district's shape and demographics or more direct evidence going to legislative purpose." *Miller*, 515 U.S. at 916.

AMERICAN OVERSIGHT

Although non-adherence to traditional districting principles, which results in a non-compact, unusually shaped district, is relevant evidence that race was the predominant motivation of a legislature, such evidence is not required to establish a constitutional violation. "Race may predominate even when a reapportionment plan respects traditional principles, . . . if '[r]ace was the criterion that, in the State's view, could not be compromised,' and race-neutral considerations 'came into play only after the race-based decision had been made.'" *Bethune-Hill v. Va. State Bd. of Elections*, 137 S. Ct. 788, 798 (2017) (quoting *Shaw v. Hunt*, 517 U.S. 899, 907 (1996) (alteration in original)). "The racial predominance inquiry concerns the actual considerations that provided the essential basis for the lines drawn, not *post hoc* justifications the legislature in theory could have used but in reality did not." *Id.* at 799. A legislature "could construct a plethora of potential maps that look consistent with traditional, race-neutral principles," but "if race for its own sake is the overriding reason for choosing one map over others, race still may predominate." *Id.* It is the "racial purpose of state action, not its stark manifestation," that offends the Equal Protection Clause. *Miller*, 515 U.S. at 913.

In light of these well-established constitutional principles, the congressional redistricting bill enacted by the Legislature violates the U.S. Constitution. The bill contains a primary map and secondary map that include a racially gerrymandered district—Congressional District 5—that is not narrowly tailored to achieve a compelling state interest. *See generally* Fla. H.R. Comm. on Redist., recording of proceedings, at 0:00-2:55:19 (Feb. 25, 2022), https://thefloridachannel.org/videos/2-25-22-house-redistricting-committee/ (committee presentation and discussion of the maps later passed by the Legislature).

In the secondary map, which was the original map reported out of the House Congressional Redistricting Subcommittee, District 5 is a sprawling district that stretches approximately 200 miles from East to West and cuts across eight counties to connect a minority population in Jacksonville with a separate and distinct minority population in Leon and Gadsden Counties. The district is not compact, does not conform to usual political or geographic boundaries, and is bizarrely shaped to include minority populations in western Leon County and Gadsden County while excluding non-minority populations in eastern Leon County. Because this version of District 5 plainly subordinates traditional districting criteria to avoid diminishment of minority voting age population, there is no question that race was "the predominant factor motivating the legislature's decision" to draw this district. *Miller*, 515 U.S. at 916.

AMERICAN OVERSIGHT

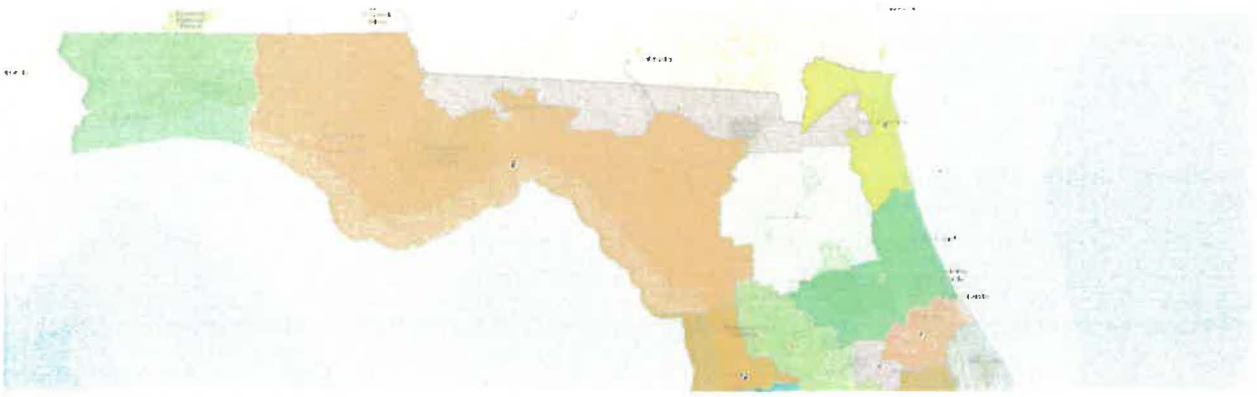
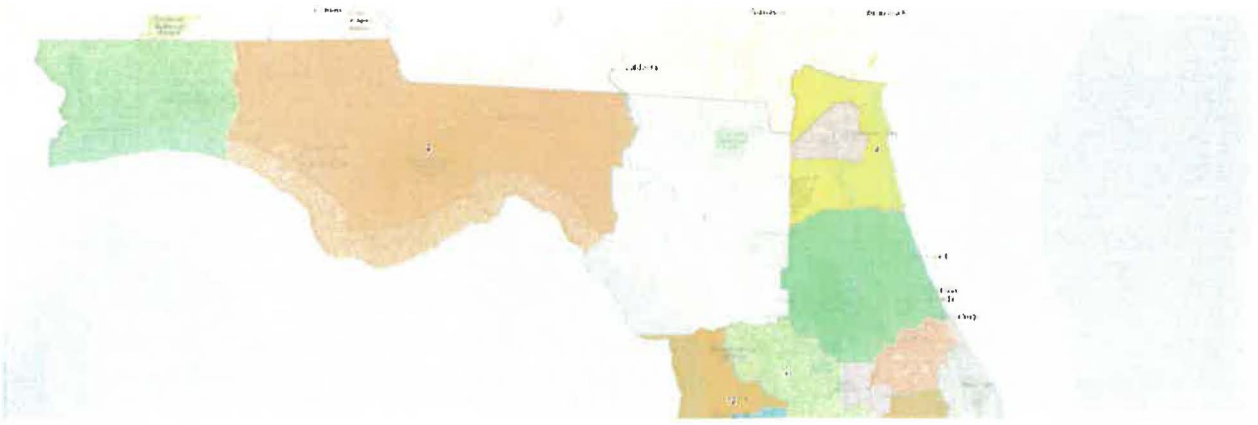
District 5 in the Secondary Map (Purple)



In response to federal constitutional concerns about the unusual shape of District 5 as it was originally drawn, and which is now reflected in the secondary map, the House Redistricting Committee drew a new version of District 5, which is reflected in the primary map. This configuration of the district is more compact but has caused the adjacent district—District 4—to take on a bizarre doughnut shape that almost completely surrounds District 5. The reason for this unusual configuration is the Legislature's desire to maximize the black voting age population in District 5. The Chair of the House Redistricting Committee confirmed this motivation when he explained that the new District 5 was drawn to "protect[] a black minority seat in north Florida." Fla. H.R. Comm. on Redist., recording of proceedings, at 19:15-19:26 (Feb. 25, 2022).

District 5 in the Primary Map (Purple)



Despite the Legislature's attempt to address the federal constitutional concerns by drawing a more compact district, the constitutional defect nevertheless persists. Where "race was the criterion that, in the State's view, could not be compromised, and race-neutral considerations came into play only after the race-based decision had been made," it follows that race was the predominant factor, even though the district

AMERICAN OVERSIGHT

otherwise respects traditional districting principles. *Bethune-Hill*, 137 S. Ct. at 798 (cleaned up).

Such was the case here. Even for the more compact district, the Legislature believed (albeit incorrectly) that the Florida Constitution required it to ensure "a black minority seat in north Florida." Fla. H.R. Comm. on Redist., recording of proceedings, at 19:15-19:26 (Feb. 25, 2022). Specifically, according to the House Redistricting Chair, the primary map's version of District 5 is the House's "attempt at continuing to protect the minority group's ability to elect a candidate of their choice." *Id.* at 19:45-19:54. The Legislature thus used "an express racial target" for District 5 of a black voting age population sufficiently large to elect a candidate of its choice. *Bethune-Hill*, 137 S. Ct. at 800.

Because racial considerations predominated even in drawing the new District 5, the Legislature must satisfy strict scrutiny, the U.S. Supreme Court's "most rigorous and exacting standard of constitutional review." *Miller*, 515 U.S. at 920. And to satisfy strict scrutiny, the Legislature "must demonstrate that its districting legislation is narrowly tailored to achieve a compelling interest." *Id.* That, the Legislature cannot do.

There is no good reason to believe that District 5 needed to be drawn as a minority-performing district to comply with Section 2 of the Voting Rights Act (VRA), because the relevant minority group is not sufficiently large to constitute a majority in a geographically compact area. In the primary map, the black voting age population of District 5 is 35.32%, and even in the secondary map, with the racially gerrymandered, non-compact version of District 5, the black voting age population increases only to 43.48%. *Compare* Fla. Redist. 2022, H000C8019, https://bit.ly/3uczOXb (available at floridaredistricting.gov/pages/submitted-plans) (last visited Mar. 28, 2022), *with* Fla. Redist. 2022, H000C8015, https://bit.ly/36hFRBB (available at floridaredistricting.gov/pages/submitted-plans) (last visited Mar. 28, 2022). "When a minority group is not sufficiently large to make up a majority in a reasonably shaped district, § 2 simply does not apply." *Cooper*, 137 S. Ct. at 1472 (citing *Bartlett v. Strickland*, 556 U.S. 1, 18-20 (2009) (plurality opinion)); *see also Thornburg v. Gingles*, 478 U.S. 30, 50 (1986) (explaining that one of the threshold conditions for proving vote dilution under Section 2 is that the minority group is "sufficiently large and geographically compact to constitute a majority").

Nor is there good reason to believe that District 5 is required to be drawn to comply with Section 5 of the VRA. Section 5 is no longer operative now that the U.S. Supreme Court invalidated the VRA's formula for determining which jurisdictions are subject to Section 5. *See Shelby Cnty. v. Holder*, 570 U.S. 529, 553-57 (2013); *see also Ala. Legis. Black Caucus v. Alabama*, 575 U.S. 254, 279 (2015) (suggesting that continued compliance with Section 5 may not remain a compelling interest in light of *Shelby County*). In any event, even before the coverage formula was invalidated, the State of

AMERICAN OVERSIGHT

Florida was not a covered jurisdiction subject to Section 5. *See In re Senate Joint Resolution of Legislative Apportionment 1176* (*Apportionment I*), 83 So. 3d 597, 624 (Fla. 2012). Only five counties in Florida were covered—Collier, Hardee, Hendry, Hillsborough, and Monroe—and none of them are in northern Florida where District 5 is located. *See id.*

The only justification left for drawing a race-based district is compliance with Article III, Section 20(a) of the Florida Constitution. But District 5 does not comply with this provision. Article III, Section 20(a) provides that "districts shall not be drawn with the intent or result of denying or abridging the equal opportunity of racial or language minorities to participate in the political process or to diminish their ability to elect representatives of their choice." The Florida Supreme Court has noted that these "dual constitutional imperatives follow almost verbatim the requirements embodied in the Federal Voting Rights Act." *Id.* at 619 (cleaned up). The first imperative, which prohibits districts that deny or abridge the equal opportunity of minority groups to participate in the political process, is modeled after Section 2 of the VRA, and the second imperative, which prohibits districts that diminish the ability of minority groups to elect representatives of their choice, is modeled after Section 5. *Id.* at 619-20.

Like the VRA, these provisions of the Florida Constitution "aim[] at safeguarding the voting strength of minority groups against both impermissible dilution and retrogression." *Id.* at 620. Although judicial interpretation of the VRA is relevant to understanding the Florida Constitution's non-dilution and non-diminishment provisions, the Florida Supreme Court nonetheless recognizes its "independent constitutional obligation" to interpret these provisions. *Id.* at 621.

Relevant here is the Florida Constitution's non-diminishment requirement. Unlike Section 5 of the VRA, this requirement "applies to the entire state." *Id.* at 620. Under this standard, the Legislature "cannot eliminate majority-minority districts or weaken other historically performing minority districts where doing so would actually diminish a minority group's ability to elect its preferred candidates." *Id.* at 625. The existing districts "serve[] as the 'benchmark' against which the 'effect' of voting changes is measured." *Id.* at 624 (cleaned up). Where a voting change leaves a minority group "less able to elect a preferred candidate of choice" than the benchmark, that change violates the non-diminishment standard. *Id.* at 625 (internal quotation marks omitted); *see also id.* at 702 (Canady, C.J., concurring in part and dissenting in part) (noting that the dictionary definition of "diminish" means "to make less or cause to appear less" (citation omitted)).

The Florida Supreme Court has acknowledged that "a slight change in percentage of the minority group's population in a given district does not necessarily have a cognizable effect on a minority group's ability to elect its preferred candidate of choice." *Id.* at 625. The minority population percentage in each district need not be

AMERICAN OVERSIGHT

"fixed" in perpetuity. *Id.* at 627. But where the reduction in minority population in a given district is more than "slight," such that the ability of the minority population to elect a candidate of choice has been reduced (even if not eliminated), the Legislature has violated the Florida Constitution's non-diminishment requirement as interpreted by the Florida Supreme Court.

Given these principles, there is no good reason to believe that District 5, as presented in the primary map, complies with the Florida Constitution's non-diminishment requirement. The benchmark district contains a black voting age population of 46.20%, whereas the black voting age population of District 5 in the primary map is only 35.32%.[1] *Compare* Fla. Redist. 2022, FLCD2016, https://bit.ly/3Iv6FeW (available at floridaredistricting.gov/pages/submitted-plans) (last visited Mar. 28, 2022), *with* Fla. Redist. 2022, H000C8019, https://bit.ly/3uczOXb (available at floridaredistricting.gov/pages/submitted-plans) (last visited Mar. 28, 2022). This nearly eleven percentage point drop is more than slight, and while the House Redistricting Chair represented that the black population of the district could still elect a candidate of choice, *see* Fla. H.R. Comm. on Redist., recording of proceedings, at 59:44-1:00:17 (Feb. 25, 2022), there appears to be little dispute that the ability of the black population to elect such a candidate had nevertheless been reduced, *see id.* at 1:00:18-1:00:58 (noting that the benchmark district performed for the minority candidate of choice in 14 of 14 previous elections and that the new district would not perform for the minority candidate of choice in one-third of the same elections).

Moreover, the House Redistricting Chair claimed that the only criterion that mattered was whether the new district still performed at all. *See id.* at 1:06:09-1:06:30 ("It is not a diminishment unless the district does not perform."); *see also id.* at 1:05:05-1:05:13 ("Is it less likely to perform? Honestly, I don't know."). But that view is plainly inconsistent with the Florida Supreme Court precedent described above, which prohibits any voting change that leaves a minority group "less able to elect a preferred candidate of choice." *Apportionment I*, 83 So. 3d at 625 (internal quotation marks omitted). In sum, because the reduction of black voting age population is more than slight and because such reduction appears to have diminished the ability of black voters to elect a candidate of their choice, District 5 does not comply with the non-diminishment requirement of Article III, Section 20(a) of the Florida Constitution. Therefore, compliance with the Florida Constitution cannot supply the compelling reason to justify the Legislature's use of race in drawing District 5 in the primary map.

---

[1] The benchmark district itself is a sprawling, non-compact racial gerrymander that connects minority communities from two distinct regions of the State; however, for purposes of this point, I assume that the district can be used as a valid benchmark against which to judge the new maps.

AMERICAN OVERSIGHT

In the secondary map, by contrast, District 5 complies with the Florida Constitution's non-diminishment requirement, but in doing so, it violates the Equal Protection Clause of the Fourteenth Amendment to the U.S. Constitution. The U.S. Supreme Court has warned that a "reapportionment plan that includes in one district individuals who belong to the same race, but who are otherwise widely separated by geographical and political boundaries, and who may have little in common with one another but the color of their skin, bears an uncomfortable resemblance to political apartheid." *Shaw*, 509 U.S. at 647. As described earlier, District 5 in the secondary map does precisely this.

That the district is believed to be necessary to comply with the Florida Constitution's non-diminishment requirement does not alone suffice to justify the use of race in drawing bizarre, non-compact district boundaries for the sole purpose of cobbling together disparate minority populations from across northern Florida to form a minority-performing district. Mere compliance with a state constitutional requirement to engage in race-based districting is not, without more, a compelling interest sufficient to satisfy strict scrutiny. The Fourteenth and Fifteenth Amendments to the U.S. Constitution and the VRA, which enforces the Fifteenth Amendment, exist to *prevent* states from engaging in racially discriminatory electoral practices. Indeed, one such weapon that states long used, and that the VRA was designed to combat, "was the racial gerrymander—the deliberate and arbitrary distortion of district boundaries for racial purposes." *Id.* at 640 (cleaned up).

Here, the Florida Constitution's non-diminishment standard would be satisfied only by a sprawling, non-compact district that spans 200 miles and repeatedly violates traditional political boundaries to join minority communities from disparate geographic areas. Such a district is not narrowly tailored to achieve the compelling interest of protecting the voting rights of a minority community in a reasonably cohesive geographic area. As applied to District 5 in the secondary map, therefore, the Florida Constitution's non-diminishment standard cannot survive strict scrutiny and clearly violates the U.S. Constitution.

For the foregoing reasons, Congressional District 5 in both maps is unlawful.

All of the fees may be combined into one draft. Just let me know if that is the intent, and I'll be happy to combine the three attachments.

Good Morning!
Please see the email below – the attorney drafting this bill said she has two versions so wanted to clarify which to draft – she is waiting for further instruction before she proceeds. If you have a name in your office that can speak to her directly to clarify the instructions I will share that with her and they can speak directly.
Thanks,

Subject: Draft Number: 5-01387-22 (Income Tax Fee Bill)

Hi Tonya,
I was just checking in about which version I should draft for the fee bill. Since the only difference among them is the amount and entity responsible for paying the fee, this is a policy choice on which I will need additional direction.

Also, I wanted to mention ahead of time that the general administrative and rulemaking authority included in the attached language for the fee bill will have to be put into the linked substantive bill. The constitutional provision regarding fees requires that the bill only include the fee as the subject matter. But, this will be very straightforward for me to transfer to the other draft.

Thanks for your help and I hope you have a great Friday!

Hi Tonya,
I was just checking in about which version I should draft for the fee bill. Since the only difference among them is the amount and entity responsible for paying the fee, this is a policy choice on which I will need additional direction.

Also, I wanted to mention ahead of time that the general administrative and rulemaking authority included in the attached language for the fee bill will have to be put into the linked substantive bill. The constitutional provision regarding fees requires that the bill only include the fee as the subject matter. But, this will be very straightforward for me to transfer to the other draft.

A bill to be entitled

An act relating to ad valorem tax abatement; creating s. 197.319, F.S.; defining terms; providing for the abatement of ad valorem taxes for residential improvements destroyed following certain events; providing procedures and requirements for filing applications for the abatement; specifying requirements for property appraisers and tax collectors; providing construction; providing retroactive applicability; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 197.319, Florida Statutes, is created to read:

197.319 Abatement of taxes for residential improvements following a destruction caused by a sudden collapse.—

(1) As used in this section, the term:

(a) "Destruction" means the immediate demolition of a building caused by a sudden and unforeseen collapse and the subsequent demolition of remaining sections of the building recognized as having experienced a major structural collapse by an executive order issued by the Governor pursuant to s. 252.36.

(b) "Disaster relief credit" means the product arrived at by multiplying the percent change in value by the amount of timely paid taxes initially levied in the year in which the destruction occurred.

(c) "Percent change in value" means the difference between

Commented [SS1]: Requester: Because the definition of "damage differential" is the same as "percent change in value", I have deleted it and replaced the phrase with "percent change in value" throughout.

Commented [KS2R1]: Ok with change

Commented [SS3]: Requester: I could not find the phrase "dangerously unstable" used in the executive orders issued by the Governor. If this phrase was used in a document issued by the Governor or other entity, this definition should be rephrased to refer to that document.

This has been revised to reflect EO 21-148.

Regardless of which document is cited, the language needs to clearly refer to what is intended.

Commented [KS4R3]: Ok with change

a residential parcel's just value as of January 1 of the year in which the destruction occurred and its postdisaster just value expressed as a percentage of the parcel's just value as of January 1 of the year in which the destruction occurred.

(d) "Postdisaster just value" means the just value of the residential parcel on January 1 of the year in which the destruction occurred, reduced to reflect the just value of the residential improvement as provided in subsection (5) as a result of the destruction. Postdisaster just value is determined only for purposes of calculating tax abatements under this section and does not determine a parcel's just value as of January 1 each year.

(e) "Residential improvement" means a multistory residential building comprised of at least 50 dwelling units.

(2) If a residential improvement located in a county as defined in s. 125.011(1) is destroyed following a sudden and unforeseen collapse or the subsequent demolition of remaining sections of the building recognized as having experienced a major structural collapse by an executive order issued by the Governor pursuant to s. 252.36 during the 2021 calendar year, taxes initially levied in 2021 must be abated in the following manner:

(a) The property owner must file an application with the property appraiser no later than May 1, 2022. A property owner who fails to file an application by May 1, 2022, waives a claim for abatement of taxes under this section.

(b) The application must identify the residential parcel on which the residential improvement was destroyed and the date the destruction occurred.

Commented [SS5]: Requester: Please see comment above

(c) The application must be verified under oath and is subject to penalty of perjury.

(d) Upon receipt of the application, the property appraiser must investigate the statements contained in the application to determine if the applicant is entitled to an abatement of taxes. If the property appraiser determines that the applicant is not entitled to an abatement, the applicant may file a petition with the value adjustment board, pursuant to s. 194.011(3), requesting that the abatement be granted. If the property appraiser determines that the applicant is entitled to an abatement, the property appraiser must issue an official written statement to the tax collector by June 1, 2022, which provides:

1. The just value of the residential parcel as determined by the property appraiser on January 1 of the year in which the destruction for which the applicant is claiming an abatement occurred.

2. The post-destruction just value of the residential parcel as determined by the property appraiser.

3. The percent change in value applicable to the residential parcel.

(3) Upon receipt of the written statement from the property appraiser, the tax collector shall calculate the percent change in value and disaster relief credit pursuant to this section and process a refund in an amount equal to the disaster relief credit.

(4) No later than July 1, 2022, the tax collector shall notify:

(a) The department of the total reduction in taxes for all properties that qualified for an abatement pursuant to this

AMERICAN OVERSIGHT

section.

(b) The governing board of each affected local government of the reduction in such local government's taxes that occurred pursuant to this section.

(5) For purposes of this section, residential improvements that are uninhabitable shall have no value placed thereon.

(6) This section applies retroactively to January 1, 2021.

Section 2. This act shall take effect upon becoming a law.

Commented [SS7]: Requester: since this applies to taxes already paid, it needs this retroactive application clause.

Commented [KS8R7]: yes

Subject: State Monoclonal Sites Shutdown - Due to Biden Administration Revoking the Emergency Use Authorization for Regeneron and Eli Lilly Monoclonal Treatments

Good Evening –

Apologies for the late email, but today, the Biden Administration (through the FDA),

AMERICAN OVERSIGHT

announced they revoked the emergency use authorization for regeneron and Eli Lilly monoclonal treatments. This also impacts all private providers with doses of Regeron and Eli Lilly products. Florida has to shut down all of our state run monoclonal sites (Okaloosa, Duval, Seminole, Broward, Palm Beach, Miami Dade, and Collier) starting tomorrow, canceling more than 2,000 appointments tomorrow at those sites alone.

Floridians that had scheduled appointments, should contact the U.S. FDA at 1-888-463-6332, for an explanation as to why this decision was made, and reach out to their health care providers for treatment options.

MONOCLONAL ANTIBODY SITES STATEWIDE WILL BE CLOSED AFTER FDA REMOVES TREATMENT AUTHORIZATION

Tallahassee, Fla. — This evening, without any advanced notice, the U.S. Food and Drug Administration (FDA) revised the Emergency Use Authorizations (EUA) for bamlanivimab/etesevimab and REGEN-COV. The revised EUAs do not allow providers to administer these treatments within the United States.

Unfortunately, as a result of this abrupt decision made by the federal government, all monoclonal antibody state sites will be closed until further notice.

Individuals with appointments have been directly contacted regarding cancellations. If you have tested positive for COVID-19, please contact your health care provider for more information and resources on treatment options. Resources for emerging treatments can be found at www.HealthierYouFL.org. Pharmacies that have received allocations of anti-viral treatments can be found at www.FloridaHealthCOVID-19.gov.

Florida disagrees with the decision that blocks access to any available treatments in the absence of clinical evidence. To date, such clinical evidence has not been provided by the United States Food and Drug Administration (FDA).

Subject: State Monoclonal Sites Shutdown - Due to Biden Administration Revoking the Emergency Use Authorization for Regeneron and Eli Lilly Monoclonal Treatments

Good Evening –

AMERICAN OVERSIGHT

Apologies for the late email, but today, the Biden Administration (through the FDA), announced they revoked the emergency use authorization for regeneron and Eli Lilly monoclonal treatments. This also impacts all private providers with doses of Regeron and Eli Lilly products. Florida has to shut down all of our state run monoclonal sites (Okaloosa, Duval, Seminole, Broward, Palm Beach, Miami Dade, and Collier) starting tomorrow, canceling more than 2,000 appointments tomorrow at those sites alone.

Floridians that had scheduled appointments, should contact the U.S. FDA at 1-888-463-6332, for an explanation as to why this decision was made, and reach out to their health care providers for treatment options.

MONOCLONAL ANTIBODY SITES STATEWIDE WILL BE CLOSED AFTER FDA REMOVES TREATMENT AUTHORIZATION

Tallahassee, Fla. — This evening, without any advanced notice, the U.S. Food and Drug Administration (FDA) revised the Emergency Use Authorizations (EUA) for bamlanivimab/etesevimab and REGEN-COV. The revised EUAs do not allow providers to administer these treatments within the United States.

Unfortunately, as a result of this abrupt decision made by the federal government, all monoclonal antibody state sites will be closed until further notice.

Individuals with appointments have been directly contacted regarding cancellations. If you have tested positive for COVID-19, please contact your health care provider for more information and resources on treatment options. Resources for emerging treatments can be found at www.HealthierYouFL.org. Pharmacies that have received allocations of anti-viral treatments can be found at www.FloridaHealthCOVID-19.gov.

Florida disagrees with the decision that blocks access to any available treatments in the absence of clinical evidence. To date, such clinical evidence has not been provided by the United States Food and Drug Administration (FDA).

As stated in one of the pre-print studies cited on the NIH website, "despite observing differences in neutralizing activity with certain mAbs, it remains to be determined how this finding translates into effects on clinical protection against B.1.1.529."

For more information on why this decision was made, please contact the FDA at 1-888-463-6332.

of or an increase in tuition differential for a state research university designated as a preeminent state research university pursuant to s. 1001.7065(3). The tuition differential must ~~shall~~ promote improvements in the quality of undergraduate education and must ~~shall~~ provide financial aid to undergraduate students who exhibit financial need.

(a) Seventy percent of the revenues from the tuition differential must ~~shall~~ be expended for purposes of undergraduate education. Such expenditures may include, but are not limited to, increasing course offerings, improving graduation rates, increasing the percentage of undergraduate students who are taught by faculty, decreasing student-faculty ratios, providing salary increases for faculty who have a history of excellent teaching in undergraduate courses, improving the efficiency of the delivery of undergraduate education through academic advisement and counseling, and reducing the percentage of students who graduate with excess hours. This expenditure for undergraduate education may not be used to pay the salaries of graduate teaching assistants. Except as otherwise provided in this subsection, the remaining 30 percent of the revenues from the tuition differential, or the equivalent amount of revenue from private sources, must ~~shall~~ be expended to provide financial aid to undergraduate students who exhibit financial need, including students who are scholarship recipients under s. 1009.984, to meet the cost of university attendance. This expenditure for need-based financial aid may ~~shall~~ not supplant the amount of need-based aid provided to undergraduate students in the preceding fiscal year from financial aid fee revenues, the direct appropriation for

AMERICAN OVERSIGHT

financial assistance provided to state universities in the General Appropriations Act, or from private sources. The total amount of tuition differential waived under subparagraph (b)6. ~~(b)7.~~ may be included in calculating the expenditures for need-based financial aid to undergraduate students required by this subsection. If the entire tuition and fee costs of resident students who have applied for and received Pell Grant funds have been met and the university has excess funds remaining from the 30 percent of the revenues from the tuition differential required to be used to assist students who exhibit financial need, the university may expend the excess portion in the same manner as required for the other 70 percent of the tuition differential revenues.

(b) Each tuition differential is subject to the following conditions:

1. The tuition differential may be assessed on one or more undergraduate courses or on all undergraduate courses at a state university.

2. The tuition differential may vary by course or courses, by campus or center location, and by institution. Each university board of trustees shall strive to maintain and increase enrollment in degree programs related to math, science, high technology, and other state or regional high-need fields when establishing tuition differentials by course.

3. ~~For each state university that is designated as a preeminent state research university by the Board of Governors, pursuant to s. 1001.7065, the aggregate sum of tuition and the tuition differential may be increased by no more than 6 percent of the total charged for the aggregate sum of these fees in the~~

~~preceding fiscal year. The tuition differential may be increased if the university meets or exceeds performance standard targets for that university established annually by the Board of Governors for the following performance standards, amounting to no more than a 2-percent increase in the tuition differential for each performance standard:~~

~~a. An increase in the 4-year graduation rate for full-time, first-time-in-college students, as reported annually to the Integrated Postsecondary Education Data System.~~

~~b. An increase in the total annual research expenditures.~~

~~c. An increase in the total patents awarded by the United States Patent and Trademark Office for the most recent years.~~

~~4.~~ The aggregate sum of undergraduate tuition and fees per credit hour, including the tuition differential, may not exceed the national average of undergraduate tuition and fees at 4-year degree-granting public postsecondary educational institutions.

4.~~5.~~ Beneficiaries having prepaid tuition contracts pursuant to s. 1009.98(2)(b) which were in effect on July 1, 2007, and which remain in effect, are exempt from the payment of the tuition differential.

5.~~6.~~ The tuition differential may not be charged to any student who was in attendance at the university before July 1, 2007, and who maintains continuous enrollment.

6.~~7.~~ The tuition differential may be waived by the university for students who meet the eligibility requirements for the Florida Public Student Assistance Grant Program established in s. 1009.50.

7.~~8.~~ Subject to approval by the Board of Governors, the tuition differential authorized pursuant to this subsection may

take effect with the 2009 fall term.

(c) A university board of trustees may submit a proposal to the Board of Governors to implement a tuition differential for one or more undergraduate courses. At a minimum, the proposal must ~~shall~~:

1. Identify the course or courses for which the tuition differential will be assessed.

2. Indicate the amount that will be assessed for each tuition differential proposed.

3. Indicate the purpose of the tuition differential.

4. Indicate how the revenues from the tuition differential will be used.

5. Indicate how the university will monitor the success of the tuition differential in achieving the purpose for which the tuition differential is being assessed.

(d) The Board of Governors shall review each proposal and advise the university board of trustees of approval of the proposal, the need for additional information or revision to the proposal, or denial of the proposal. The Board of Governors shall establish a process for any university to revise a proposal or appeal a decision of the board.

(e) The Board of Governors shall submit a report to the President of the Senate, the Speaker of the House of Representatives, and the Governor describing the implementation of ~~the provisions of~~ this subsection no later than February 1 of each year. The report must ~~shall~~ summarize proposals received by the board during the preceding fiscal year and actions taken by the board in response to such proposals. In addition, the report must ~~shall~~ provide the following information for each university

AMERICAN OVERSIGHT

FL-GOV-22-0226, 20-0378-A-002185

~~that has been~~ approved by the board to assess a tuition differential:

1. The course or courses for which the tuition differential was assessed and the amount assessed.

2. The total revenues generated by the tuition differential.

3. With respect to waivers authorized under subparagraph (b)6. ~~(b)7.~~, the number of students eligible for a waiver, the number of students receiving a waiver, and the value of waivers provided.

4. Detailed expenditures of the revenues generated by the tuition differential.

5. Changes in retention rates, graduation rates, the percentage of students graduating with more than 110 percent of the hours required for graduation, pass rates on licensure examinations, the number of undergraduate course offerings, the percentage of undergraduate students who are taught by faculty, student-faculty ratios, and the average salaries of faculty who teach undergraduate courses.

(f) No state university shall be required to lower any tuition differential that was approved by the Board of Governors and in effect prior to January 1, 2009, in order to comply with ~~the provisions of~~ this subsection.

(17)(a) A state university may assess a student who enrolls in a course listed in the distance learning catalog, established pursuant to s. 1006.73, a per-credit-hour distance learning course fee. For purposes of assessing this fee, a distance learning course is a course in which at least 80 percent of the direct instruction of the course is delivered using some form of

AMERICAN OVERSIGHT

FL-GOV-22-0226, 20-0378-A-002186

technology when the student and instructor are separated by time or space, or both.

(b) The amount of the distance learning course fee may not exceed the additional costs of the services provided which are attributable to the development and delivery of the distance learning course. If the distance learning course fee is assessed by a state university, the institution may not assess duplicative fees to cover the additional costs. Beginning July 1, 2023, a university board of trustees may not increase the distance learning course fee authorized under this subsection by more than 3 percent of the amount assessed the prior year; however, the total collected by an institution from such fee may not exceed the cost of the service provided by that institution. Fees assessed as a result of a vendor contract may exceed the 3 percent cap only after the institution has made every effort available, and has followed the competitive solicitation process pursuant to s. 287.057(1), to minimize the cost.

1. By September 1 of each year, each board of trustees shall report to the Chancellor of the State University System the total amount of revenue generated for the prior fiscal year by the fee authorized by this subsection and how that revenue was expended.

2. By November 1 of each year, the Chancellor of the State University System shall report the total amount of revenue generated by the distance learning course fee for the prior fiscal year and how the revenue was expended, both systemwide and by institution, to the Governor, the President of the Senate, and the Speaker of the House of Representatives.

(c) If an institution assesses the distance learning fee,

AMERICAN OVERSIGHT

FL-GOV-22-0226, 20-0378-A-002187

the institution must provide a link to the catalog within the advising and distance learning sections of the institution's website.

(20)(a) All tuition and fees described in this section, and any proposed changes to them, must be published prominently on the university's home page on its website in a location that is transparent and easily accessable. Each state university shall publicly notice and notify all enrolled students of any proposal to change tuition or fees at least 28 days before its consideration for a vote taken at a board of trustees meeting. The notice must:

1.~~(a)~~ Include the date and time of the meeting at which the proposal will be considered.

2.~~(b)~~ Specifically outline the details of existing tuition and fees, the rationale for the proposed change, and how the funds from the proposed change will be used.

3.~~(c)~~ Be published ~~posted~~ on the university's home page on its website and issued in a press release. The press release must also be enclosed in an e-mail sent to all enrolled students.

(b) Each university shall annually submit a fee schedule to the Board of Governors for approval by the board by a date established by board regulation. When a fee is changed pursuant to paragraph (17)(b), a university must submit an amended fee schedule for approval by the board by a date established by board regulation.

The tuition differential must ~~shall~~ promote improvements in the quality of undergraduate education and must ~~shall~~ provide financial aid to undergraduate students who exhibit financial need.

(a) Seventy percent of the revenues from the tuition differential must ~~shall~~ be expended for purposes of undergraduate education. Such expenditures may include, but are not limited to, increasing course offerings, improving graduation rates, increasing the percentage of undergraduate students who are taught by faculty, decreasing student-faculty ratios, providing salary increases for faculty who have a history of excellent teaching in undergraduate courses, improving the efficiency of the delivery of undergraduate education through academic advisement and counseling, and reducing the percentage of students who graduate with excess hours. financial assistance provided to state universities in the General Appropriations Act, or from private sources. The total amount of tuition differential waived under subparagraph (b)6. ~~(b)7.~~ may be included in calculating the expenditures for need-based financial aid to undergraduate students required by this subsection. If the entire tuition and fee costs of resident students who have applied for and received Pell Grant funds have been met and the university has excess funds remaining from the 30 percent of the revenues from the tuition differential required to be used to assist students who exhibit financial need, the university may expend the excess portion in the same manner as required for the other 70 percent of the tuition differential revenues.

(b) Each tuition differential is subject to the following conditions:

1. The tuition differential may be assessed on one or more undergraduate courses or on all undergraduate courses at a state university.

2. The tuition differential may vary by course or courses, by campus or center location, and by institution. Each university board of trustees shall strive to maintain and increase enrollment in degree programs related to math, science, high technology, and other state or regional high-need fields when establishing tuition differentials by course.

3. ~~For each state university that is designated as a preeminent state research university by the Board of Governors, pursuant to s. 1001.7065, the aggregate sum of tuition and the tuition differential may be increased by no more than 6 percent of the total charged for the aggregate sum of these fees in the~~

~~b. An increase in the total annual research expenditures.~~

~~c. An increase in the total patents awarded by the United States Patent and Trademark Office for the most recent years.~~

~~4.~~ The aggregate sum of undergraduate tuition and fees per credit hour, including the tuition differential, may not exceed the national average of undergraduate tuition and fees at 4-year degree-granting public postsecondary educational institutions.

4.~~5.~~ Beneficiaries having prepaid tuition contracts pursuant to s. 1009.98(2)(b) which were in effect on July 1, 2007, and which remain in effect, are exempt from the payment of the tuition differential.

5.~~6.~~ The tuition differential may not be charged to any student who was in attendance at the university before July 1, 2007, and who maintains continuous enrollment.

6.~~7.~~ The tuition differential may be waived by the university for students who meet the eligibility requirements for the Florida Public Student Assistance Grant Program established in s. 1009.50.

7.~~8.~~ Subject to approval by the Board of Governors, the tuition differential authorized pursuant to this subsection may

(c) A university board of trustees may submit a proposal to the Board of Governors to implement a tuition differential for one or more undergraduate courses. At a minimum, the proposal must ~~shall~~:

1. Identify the course or courses for which the tuition differential will be assessed.

2. Indicate the amount that will be assessed for each tuition differential proposed.

3. Indicate the purpose of the tuition differential.

4. Indicate how the revenues from the tuition differential will be used.

5. Indicate how the university will monitor the success of the tuition differential in achieving the purpose for which the tuition differential is being assessed.

(d) The Board of Governors shall review each proposal and advise the university board of trustees of approval of the proposal, the need for additional information or revision to the proposal, or denial of the proposal. The Board of Governors shall establish a process for any university to revise a proposal or appeal a decision of the board.

(e) The Board of Governors shall submit a report to the President of the Senate, the Speaker of the House of Representatives, and the Governor describing the implementation of ~~the provisions of~~ this subsection no later than February 1 of each year. The report must ~~shall~~ summarize proposals received by the board during the preceding fiscal year and actions taken by the board in response to such proposals. 4. Detailed expenditures of the revenues generated by the tuition differential.

5. Changes in retention rates, graduation rates, the percentage of students graduating with more than 110 percent of the hours required for graduation, pass rates on licensure examinations, the number of undergraduate course offerings, the percentage of undergraduate students who are taught by faculty, student-faculty ratios, and the average salaries of faculty who teach undergraduate courses.

(f) No state university shall be required to lower any tuition differential that was approved by the Board of Governors and in effect prior to January 1, 2009, in order to comply with ~~the provisions of~~ this subsection.

(17)(a) A state university may assess a student who enrolls in a course listed in the distance learning catalog, established pursuant to s. 1006.73, a per-credit-hour distance learning course fee. For purposes of assessing this fee, a distance learning course is a course in which at least 80 percent of the direct instruction of the course is delivered using some form of

technology when the student and instructor are separated by time or space, or both.

(b) The amount of the distance learning course fee may not exceed the additional costs of the services provided which are attributable to the development and delivery of the distance learning course. If the distance learning course fee is assessed by a state university, the institution may not assess duplicative fees to cover the additional costs. Beginning July 1, 2023, a university board of trustees may not increase the distance learning course fee authorized under this subsection by more than 3 percent of the amount assessed the prior year; however, the total collected by an institution from such fee may not exceed the cost of the service provided by that institution. Fees assessed as a result of a vendor contract may exceed the 3 percent cap only after the institution has made every effort available, and has followed the competitive solicitation process pursuant to s. 287.057(1), to minimize the cost.

1. By September 1 of each year, each board of trustees shall report to the Chancellor of the State University System the total amount of revenue generated for the prior fiscal year by the fee authorized by this subsection and how that revenue was expended.

2. By November 1 of each year, the Chancellor of the State University System shall report the total amount of revenue generated by the distance learning course fee for the prior fiscal year and how the revenue was expended, both systemwide and by institution, to the Governor, the President of the Senate, and the Speaker of the House of Representatives.

(c) If an institution assesses the distance learning fee,

the institution must provide a link to the catalog within the advising and distance learning sections of the institution's website.

(20)(a) All tuition and fees described in this section, and any proposed changes to them, must be published prominently on the university's home page on its website in a location that is transparent and easily accessable. Each state university shall publicly notice and notify all enrolled students of any proposal to change tuition or fees at least 28 days before its consideration for a vote taken at a board of trustees meeting. The notice must:

1.~~(a)~~ Include the date and time of the meeting at which the proposal will be considered.

2.~~(b)~~ Specifically outline the details of existing tuition and fees, the rationale for the proposed change, and how the funds from the proposed change will be used.

3.~~(c)~~ Be published ~~posted~~ on the university's home page on its website and issued in a press release. The press release must also be enclosed in an e-mail sent to all enrolled students.

(b) Each university shall annually submit a fee schedule to the Board of Governors for approval by the board by a date established by board regulation. When a fee is changed pursuant to paragraph (17)(b), a university must submit an amended fee schedule for approval by the board by a date established by board regulation.

A bill to be entitled

An act relating to transportation, transferring control of the Santa Rosa Bay Bridge Authority system to the Florida Department of Transportation; transferring all assets, rights, powers, duties, and bond liabilities of the authority to the department; transferring all provisions that protect the rights of certain bondholders from the authority to the department; authorizing the use of department funds to acquire, redeem, defease or refinance outstanding bonds of the authority; authorizing transfer of the bridge system to Florida's Turnpike Enterprise; authorizing the use of turnpike revenues and issuance of turnpike revenue bonds to acquire, redeem, defease or refinance outstanding bonds of the authority; repealing part IV of ch. 348, F.S., which provides for the creation and operation of the Santa Rosa Bay Bridge Authority; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Transfer to the Florida Department of Transportation.— The governance and control of the Santa Rosa Bay Bridge Authority is transferred to the Florida Department of Transportation.

(1) The assets, facilities, tangible and intangible property and any rights in such property, and any other legal rights of the authority, including the bridge system operated by the authority, are transferred to the department. All powers of the authority shall succeed to the department, and the operations and maintenance of the bridge system shall be under the control of the department, pursuant to this section. The department also assumes all liability for bonds of the bridge authority pursuant to the provisions of subsection (2). The

AMERICAN OVERSIGHT

department may review other contracts, financial obligations, and contractual obligations and liabilities of the authority and may assume legal liability for such obligations that are determined to be necessary for the continued operation of the bridge system.

(2) The transfer pursuant to this section is subject to the terms and covenants provided for the protection of the holders of the Santa Rosa Bay Bridge Authority bonds in the lease-purchase agreement and the resolutions adopted in connection with the issuance of the bonds. Further, the transfer does not impair the terms of the contract between the authority and the bondholders, does not act to the detriment of the bondholders, and does not diminish the security for the bonds. After the transfer, the department shall operate and maintain the bridge system and any other facilities of the authority in accordance with the terms, conditions, and covenants contained in the bond resolutions and lease-purchase agreement securing the bonds of the authority. The department shall collect toll revenues and apply them to the payment of debt service as provided in the bond resolution securing the bonds and shall expressly assume all obligations relating to the bonds to ensure that the transfer will have no adverse impact on the security for the bonds of the authority. The transfer does not make the obligation to pay the principal and interest on the bonds a general liability of the department or pledge department revenues to payment of the bonds. Revenues that are generated by the bridge system and other facilities of the authority and that were pledged by the authority to the payment of the bonds remain subject to the pledge for the benefit of the bondholders. The transfer does not modify or eliminate any prior obligation of the department to pay certain costs of the bridge system from sources other than revenues of the bridge system.

AMERICAN OVERSIGHT

(3) The department is authorized to purchase, redeem, defease, or otherwise refinance outstanding authority bonds. The department may utilize any department funds appropriated for such purpose. Upon acquisition, redemption, defeasance or other refinancing of all the outstanding authority bonds, revenues of the bridge system and other facilities of the authority shall be department revenues free and clear of the prior pledge for the benefit of the authority's bondholders and the lease-purchase agreement securing the authority bonds, and all obligations of the department under the lease-purchase agreement shall be terminated. Upon the acquisition, redemption, defeasance or refinancing of all the outstanding authority bonds, the accumulated long-term debt due to the department for the payment of the costs of operations, maintenance, renewal, and replacement of the bridge system shall be deemed to be costs of operation and maintenance of a department-owned toll facility paid from moneys in the State Transportation Trust Fund. In connection with or following refinancing or payment of the outstanding bonds of the authority, the bridge system may be transferred by the department and become part of the turnpike system under the Florida Turnpike Enterprise Law, in which event the turnpike enterprise shall operate and maintain the bridge system and other facilities of the authority as part of the turnpike system in accordance with the Florida Turnpike Enterprise Law and revenues collected on the bridge system shall be considered turnpike revenues.

(4) As directed by chapter 2017-42, section 7, Laws of Florida, the department has conducted a feasibility study relating to the acquisition of the Santa Rosa Bay Bridge which satisfies the definition and required determination of economic feasibility in ss. 338.221(8) and 338.223. In addition to the provisions of subsection (3), the department is authorized to

AMERICAN OVERSIGHT

purchase, redeem, defease, or otherwise refinance outstanding authority bonds using turnpike revenues lawfully available for such purpose remaining after payment of all amounts required under the terms of any resolution under which turnpike system revenue bonds have been issued. Pursuant to section 11(f), Art. VII of the State Constitution, the issuance of turnpike system revenue bonds to finance the department's acquisition, redemption, defeasance or refinancing of outstanding authority bonds is also approved. If turnpike revenues or turnpike bond proceeds are used to acquire or refund the outstanding authority bonds, the bridge system shall be transferred by the department and become part of the turnpike system under the Florida Turnpike Enterprise Law, the turnpike enterprise shall operate and maintain the bridge system and other facilities of the authority as part of the turnpike system in accordance with the Florida Turnpike Enterprise Law and the terms and conditions of any turnpike bonds issued to refund the outstanding authority bonds, and revenues collected on the bridge system shall be considered turnpike revenues.

(5) The powers conferred by this section shall be in addition and supplemental to the existing powers of the department and the turnpike, including s. 338.2275. This section shall not be construed as repealing any of the provisions of any other law, general, special, or local; or to supersede, repeal, rescind, or modify any other law or laws relating to the department, the State Board of Administration, or the Florida Turnpike Enterprise Law, ss. 338.22-338.241; but shall supersede such other law or laws as are inconsistent with the provisions of this section.

Section 2. Part IV of chapter 348, Florida Statutes, consisting of ss. 348.965, 348.966, 348.967, 348.968, 348.969, 348.97, 348.971, 348.972, 348.973, 348.974, 348.9751, 348.9761,

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (1), paragraphs (a) and (f) of subsection (2), paragraph (c) of subsection (3), paragraphs (a) and (e) of subsection (4), subsection (5), paragraph (b) of subsection (6), and subsection (8) of section 1006.20, Florida Statutes, are amended, and subsection (9) is added to that section, to read:

1006.20 Athletics in public K-12 schools.—

(1) GOVERNING NONPROFIT ORGANIZATION.—The Florida High School Athletic Association (FHSAA) is designated as the governing nonprofit direct-support organization of the Department of Education which promotes, directs, supervises, and regulates ~~of~~ athletics in Florida public schools under the direction of the State Board of Education and the Commissioner of Education. If the FHSAA fails to meet the provisions of this section, the commissioner may dissolve some or all of the board of directors of the FHSAA ~~shall designate a nonprofit organization to govern athletics~~ with the approval of the State Board of Education upon a recommendation to the state board by the commissioner and a finding by the state board that the FHSAA board of directors has not complied with Florida law~~this section~~. The FHSAA is not a state agency as defined in s. 120.52. The FHSAA is ~~shall be~~ subject to ~~the provisions of~~ s. 1006.19. A private school that wishes to engage in high school athletic competition with a public high school may become a

member of the FHSAA. Any high school in this ~~the~~ state, including charter schools, virtual schools, and home education cooperatives, may become a member of the FHSAA and participate in the activities of the FHSAA. However, membership in the FHSAA is not mandatory for any school. The FHSAA must allow a private school the option of maintaining full membership in the association or joining by sport and may not discourage a private school from simultaneously maintaining membership in another athletic association. The FHSAA may allow a public school the option to apply for consideration to join another athletic association. The FHSAA may not deny or discourage interscholastic competition between its member schools and non-FHSAA member Florida schools, including members of another athletic governing organization, and may not take any retributory or discriminatory action against any of its member schools that participate in interscholastic competition with non-FHSAA member Florida schools. The FHSAA may not unreasonably withhold its approval of an application to become an affiliate member of the National Federation of State High School Associations submitted by any other organization that governs interscholastic athletic competition in this state. The bylaws of the FHSAA are the rules by which high school athletic programs in its member schools, and the students who participate in them, are governed, unless otherwise specifically provided by statute. For the purposes of this section, "high school" includes grades 6 through 12.

(2) ADOPTION OF BYLAWS, POLICIES, OR GUIDELINES.—

(a) The FHSAA shall adopt bylaws that, unless specifically provided by statute, establish eligibility requirements for all

AMERICAN OVERSIGHT

FL-GOV-22-0226, 20-0378-A-002288

students who participate in high school athletic competition in its member schools. The bylaws governing residence and transfer must ~~shall~~ allow the student to be immediately eligible in the school in which he or she first enrolls each school year or the school in which the student makes himself or herself a candidate for an athletic team by engaging in a practice prior to enrolling in the school. The bylaws must ~~shall~~ also allow the student to be immediately eligible in the school to which the student has transferred. The student is ~~shall be~~ eligible in that school so long as he or she remains enrolled in that school. Subsequent eligibility must ~~shall~~ be determined and enforced through the FHSAA's bylaws. Requirements governing eligibility and transfer between member schools must ~~shall~~ be applied similarly to public school students and private school students. The FHSAA's bylaws must be reviewed for approval at least annually by the State Board of Education or upon the recommendation of the commissioner. The commissioner may direct the FHSAA to consider revisions to its bylaws at any time.

(f) The FHSAA shall adopt bylaws that establish sanctions for coaches who have committed major violations of the FHSAA's bylaws and policies.

1. Major violations include, but are not limited to, knowingly allowing an ineligible student to participate in a contest representing a member school in an interscholastic contest or committing a violation of the FHSAA's recruiting or sportsmanship policies.

2. Sanctions placed upon an individual coach may include, but are not limited to, prohibiting or suspending the coach from coaching, participating in, or attending any athletic activity

AMERICAN OVERSIGHT

FL-GOV-22-0226, 20-0378-A-002289

sponsored, recognized, or sanctioned by the FHSAA and the member school for which the coach committed the violation. If a coach is sanctioned by the FHSAA and the coach transfers to another member school, those sanctions remain in full force and effect during the term of the sanction.

3. If a member school is assessed a financial penalty as a result of a coach committing a major violation, the coach must ~~shall~~ reimburse the member school before being allowed to coach, participate in, or attend any athletic activity sponsored, recognized, or sanctioned by the FHSAA and a member school.

4. The FHSAA shall establish a due process procedure for coaches sanctioned under this paragraph, consistent with the appeals procedures set forth in subsection (8) ~~(7)~~.

(3) GOVERNING STRUCTURE OF THE FHSAA.—

(c) The FHSAA's membership shall be divided along existing county lines into four contiguous and compact administrative regions, each containing an equal or nearly equal number of member schools to ensure equitable representation on the FHSAA's board of directors~~, representative assembly,~~ and appeals committees.

(4) BOARD OF DIRECTORS.—

(a) The executive and legislative authority of the FHSAA is ~~shall be~~ vested in its board of directors, which shall act as a representative assembly. Any entity that appoints members to the board of directors shall examine the ethnic and demographic composition of the board when selecting candidates for appointment and shall, to the greatest extent possible, make appointments that reflect state demographic and population trends. The board of directors shall be composed of 16 members

AMERICAN OVERSIGHT

2. Four nonpublic member school representatives appointed by the Governor, one ~~elected~~ from ~~among its nonpublic school representative members~~ within each of the four administrative regions.

3. Three representatives appointed by the Governor ~~commissioner~~, one appointed from the two northernmost administrative regions and one appointed from the two southernmost administrative regions. The third representative shall be appointed to balance the board for diversity or state population trends, or both.

4. Two district school superintendents appointed by the Governor, one ~~elected~~ from the two northernmost administrative regions ~~by the members in those regions~~ and one ~~elected~~ from the two southernmost administrative regions ~~by the members in those regions~~.

Section 1. Subsection (1), paragraphs (a) and (f) of subsection (2), paragraph (c) of subsection (3), paragraphs (a) and (e) of subsection (4), subsection (5), paragraph (b) of subsection (6), and subsection (8) of section 1006.20, Florida Statutes, are amended, and subsection (9) is added to that section, to read:

1006.20 Athletics in public K-12 schools.—

member of the FHSAA. Any high school in this ~~the~~ state, including charter schools, virtual schools, and home education cooperatives, may become a member of the FHSAA and participate in the activities of the FHSAA. However, membership in the FHSAA is not mandatory for any school. The FHSAA must allow a private school the option of maintaining full membership in the association or joining by sport and may not discourage a private school from simultaneously maintaining membership in another athletic association. The FHSAA may allow a public school the option to apply for consideration to join another athletic association. The FHSAA may not deny or discourage interscholastic competition between its member schools and non-FHSAA member Florida schools, including members of another athletic governing organization, and may not take any retributory or discriminatory action against any of its member schools that participate in interscholastic competition with non-FHSAA member Florida schools. The FHSAA may not unreasonably withhold its approval of an application to become an affiliate member of the National Federation of State High School Associations submitted by any other organization that governs interscholastic athletic competition in this state. The bylaws of the FHSAA are the rules by which high school athletic programs in its member schools, and the students who participate in them, are governed, unless otherwise specifically provided by statute. For the purposes of this section, "high school" includes grades 6 through 12.

(2) ADOPTION OF BYLAWS, POLICIES, OR GUIDELINES.—

(a) The FHSAA shall adopt bylaws that, unless specifically provided by statute, establish eligibility requirements for all

The bylaws governing residence and transfer must ~~shall~~ allow the student to be immediately eligible in the school in which he or she first enrolls each school year or the school in which the student makes himself or herself a candidate for an athletic team by engaging in a practice prior to enrolling in the school. The bylaws must ~~shall~~ also allow the student to be immediately eligible in the school to which the student has transferred. The student is ~~shall be~~ eligible in that school so long as he or she remains enrolled in that school. Subsequent eligibility must ~~shall~~ be determined and enforced through the FHSAA's bylaws. Requirements governing eligibility and transfer between member schools must ~~shall~~ be applied similarly to public school students and private school students. The FHSAA's bylaws must be reviewed for approval at least annually by the State Board of Education or upon the recommendation of the commissioner. The commissioner may direct the FHSAA to consider revisions to its bylaws at any time.

(f) The FHSAA shall adopt bylaws that establish sanctions for coaches who have committed major violations of the FHSAA's bylaws and policies.

1. Major violations include, but are not limited to, knowingly allowing an ineligible student to participate in a contest representing a member school in an interscholastic contest or committing a violation of the FHSAA's recruiting or sportsmanship policies.

2. Sanctions placed upon an individual coach may include, but are not limited to, prohibiting or suspending the coach from coaching, participating in, or attending any athletic activity

sponsored, recognized, or sanctioned by the FHSAA and the member school for which the coach committed the violation. If a coach is sanctioned by the FHSAA and the coach transfers to another member school, those sanctions remain in full force and effect during the term of the sanction.

3. If a member school is assessed a financial penalty as a result of a coach committing a major violation, the coach must ~~shall~~ reimburse the member school before being allowed to coach, participate in, or attend any athletic activity sponsored, recognized, or sanctioned by the FHSAA and a member school.

4. The FHSAA shall establish a due process procedure for coaches sanctioned under this paragraph, consistent with the appeals procedures set forth in subsection (8) ~~(7)~~.

(3) GOVERNING STRUCTURE OF THE FHSAA.—

(c) The FHSAA's membership shall be divided along existing county lines into four contiguous and compact administrative regions, each containing an equal or nearly equal number of member schools to ensure equitable representation on the FHSAA's board of directors~~, representative assembly,~~ and appeals committees.

(4) BOARD OF DIRECTORS.—

(a) The executive and legislative authority of the FHSAA is ~~shall be~~ vested in its board of directors, which shall act as a representative assembly. provided before the final hearing that the agency has published a notice of rulemaking under s. 120.54(3)(a), such notice shall automatically operate as a stay of proceedings pending rulemaking. The administrative law judge may vacate the stay for good cause shown. A stay of proceedings under this paragraph remains in effect so long as the agency is proceeding expeditiously and in good faith to adopt the statement as a rule. The administrative law judge shall award reasonable costs and reasonable attorney ~~attorney's~~ fees accrued by the petitioner before ~~prior to~~ the date the notice was published, unless the agency proves to the administrative law judge that it did not know and should not have known that the statement was an unadopted rule. Attorney ~~attorneys'~~ fees and costs under this paragraph and paragraph (a) shall be awarded only upon a finding that the agency received notice that the statement may constitute an unadopted rule at least 30 days before a petition under s. 120.56(4) was filed and that the agency failed to publish the required notice of rulemaking pursuant to s. 120.54(3) that addresses the statement within that 30-day period. A bill to be entitled

An act relating to ad valorem tax abatement; creating s. 197.3181, F.S.; providing for tax abatement for residential improvements following destruction caused by sudden collapse; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 197.3181, Florida Statutes, is created to read:

197.3181 Abatement of taxes for residential improvements following a destruction caused by a sudden collapse.—

(1) As used in this section, the term:

(a) "Damage differential" means the percent change in value.

(b) "Disaster relief credit" means the product arrived at by multiplying the damage differential by the amount of timely paid taxes that were initially levied in the year the destruction occurred.

(c) "Destruction" means the immediate demolition of a building caused by a sudden and unforeseen collapse and the subsequent demolition of remaining sections of the building deemed dangerously unstable pursuant to a governor emergency order.

(d) "Percent change in value" means the difference between a residential parcel's just value as of January 1 of the year in which the destruction occurred and its postdisaster just value

AMERICAN OVERSIGHT

expressed as a percentage of the parcel's just value as of January 1 of the year in which the destruction occurred.

(e) "Postdisaster just value" means the just value of the residential parcel on January 1 of the year in which the destruction occurred, reduced to reflect the just value of the residential improvement as provided in subsection (5) as a result of the destruction. Postdisaster just value is determined only for purposes of calculating tax abatements under this section and does not determine a parcel's just value as of January 1 each year.

(f) "Residential improvement" means a multistory residential building comprising of at least 5o dwelling units.

(2) If a residential improvement located in a county as defined in s. 125.011(1) is destroyed following a sudden and unforeseen collapse or the subsequent demolition of remaining sections of the building deemed dangerously unstable pursuant to a governor emergency order during the 2021 calendar year, taxes initially levied in 2021 shall be abated in the following manner:

(a) The property owner must file an application with the property appraiser no later than May 1, 2022. A property owner who fails to file an application by May 1, 2022, waives a claim for abatement of taxes under this section.

(b) The application shall identify the residential parcel on which the residential improvement was destroyed and the date the destruction occurred.

(c) The application shall be verified under oath and is subject to penalty of perjury.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

To accomplish the intent of the Legislature set forth in section 3 of this act, a retail dealer of motor fuel, at the dealer's option, may manage its motor fuel inventory in such a way that the benefit to residents of this state of the tax reduction is maximized during October 2022. A retail dealer of motor fuel may sell motor fuel purchased without the tax reduction at an amount determined as if the tax reduction applied and may sell motor fuel purchased with the tax reduction at an amount determined as if the tax reduction did not apply; however, the retail dealer must show that the number of gallons purchased with the reduced tax equals the number of gallons sold at a price reflecting the reduced tax.

It looks like the GAA usually refers to funds being "transferred using nonoperating budget authority". I would suggest rephrasing this to align with that.

Would it be sufficient to say instead that the funds are appropriated from GR to the TF's?

To accomplish the intent of the Legislature set forth in section 3 of this act, a retail dealer of motor fuel, at the dealer's option, may manage its motor fuel inventory in such a way that the benefit to residents of this state of the tax reduction is maximized during October 2022. working days after receipt of a written request by the board or its designee. However, such distance requirement does not apply to an association governing a timeshare condominium. This paragraph may be complied with by having a copy of the official records of the association available for inspection or copying on the condominium property or association property, or the association may offer the option of making the records available to a unit owner electronically via the Internet or by allowing the records to be viewed in electronic format on a computer screen and printed upon request. record inspections and copying. The failure of an association to provide the records within 10 working days after receipt of a written request creates a rebuttable presumption that the association willfully failed to comply with this paragraph. A unit owner who is denied access to official records is entitled to the actual damages or minimum damages for the association's willful failure to comply. Minimum damages are $50 per calendar day for up to 10 days, beginning on the 11th working day after receipt of the written request. The failure to permit inspection entitles any person prevailing in an enforcement action to recover reasonable attorney fees from the person in control of the records who, directly or indirectly, knowingly denied access to the records.

2. Any person who knowingly or intentionally defaces or destroys accounting records that are required by this chapter to be maintained during the period for which such records are required to be maintained, or who knowingly or intentionally fails to create or maintain accounting records that are required to be created or maintained, with the intent of causing harm to the association or one or more of its members, is personally subject to a civil penalty pursuant to s. 718.501(1)(d).

3. The association shall maintain an adequate number of copies of the declaration, articles of incorporation, bylaws, and rules, and all amendments to each of the foregoing, as well as the question and answer sheet as described in s. 718.504 and year-end financial information required under this section, on the condominium property to ensure their availability to unit owners and prospective purchasers, and may charge its actual costs for preparing and furnishing these documents to those requesting the documents. An association shall allow a member or his or her authorized representative to use a portable device, including a smartphone, tablet, portable scanner, or any other technology capable of

scanning or taking photographs, to make an electronic copy of the official records in lieu of the association's providing the member or his or her authorized representative with a copy of such records. The association may not charge a member or his or her authorized representative for the use of a portable device. Notwithstanding this paragraph, the following records are not accessible to unit owners:

a. Any record protected by the lawyer-client privilege as described in s. 90.502 and any record protected by the work-product privilege, including a record prepared by an association attorney or prepared at the attorney's express direction, which reflects a mental impression, conclusion, litigation strategy, or legal theory of the attorney or the association, and which was prepared exclusively for civil or criminal litigation or for adversarial administrative proceedings, or which was prepared in anticipation of such litigation or proceedings until the conclusion of the litigation or proceedings.

b. Information obtained by an association in connection with the approval of the lease, sale, or other transfer of a unit.

c. Personnel records of association or management company employees, including, but not limited to, disciplinary, payroll, health, and insurance records. d. Medical records of unit owners.

e. Social security numbers, driver license numbers, credit card numbers, e-mail addresses, telephone numbers, facsimile numbers, emergency contact information, addresses of a unit owner other than as provided to fulfill the association's notice requirements, and

other personal identifying information of any person, excluding the person's name, unit designation, mailing address, property address, and any address, e-mail address, or facsimile number provided to the association to fulfill the association's notice requirements. Notwithstanding the restrictions in this sub-subparagraph, an association may print and distribute to parcel owners a directory containing the name, parcel address, and all telephone numbers of each parcel owner. However, an owner may exclude his or her telephone numbers from the directory by so requesting in writing to the association. An owner may consent in writing to the disclosure of other contact information described in this sub-subparagraph. The association is not liable for the inadvertent disclosure of information that is protected under this sub-subparagraph if the information is included in an official record of the association and is voluntarily provided by an owner and not requested by the association.

f. Electronic security measures that are used by the association to safeguard data, including passwords.

g. The software and operating system used by the association which allow the manipulation of data, even if the owner owns a copy of the same software used by the association. The data is part of the official records of the association.

h. All affirmative acknowledgements made pursuant to s. 718.121(4)(c).

(d) The association shall prepare a question and answer sheet as described in s. 718.504, and shall update it annually.

(e)1. The association or its authorized agent is not required to provide a prospective purchaser or lienholder with information about the condominium or the association other than information or documents required by this chapter to be made available or disclosed. The association or its authorized agent may charge a

2. An association and its authorized agent are not liable for providing such information in good faith pursuant to a written request if the person providing the information includes a written statement in substantially the following form: "The responses herein are made in good faith and to the best of my ability as to their accuracy."

(f) An outgoing board or committee member must relinquish all official records and property of the association in his or her possession or under his or her control to the incoming board within 5 days after the election. The division shall impose a civil penalty as set forth in s. 718.501(1)(d)6. against an outgoing board or committee member who willfully and knowingly fails to relinquish such records and property.

The rules must include, but not be

working days after receipt of a written request by the board or its designee. However, such distance requirement does not apply to an association governing a timeshare condominium. This paragraph may be complied with by having a copy of the official records of the association available for inspection or copying on the condominium property or association property, or the association may offer the option of making the records available to a unit owner electronically via the Internet or by allowing the records to be viewed in electronic format on a computer screen and printed upon request. record inspections and copying. The failure of an association to provide the records within 10 working days after receipt of a written request creates a rebuttable presumption that the association willfully failed to comply with this paragraph. A unit owner who is denied access to official records is entitled to the actual damages or minimum damages for the association's willful failure to comply. Minimum damages are $50 per calendar day for up to 10 days, beginning on the 11th working day after receipt of the written request. The failure to permit inspection entitles any person prevailing in an enforcement action to recover reasonable attorney fees from the person in control of the records who, directly or indirectly, knowingly denied access to the records.

2. Any person who knowingly or intentionally defaces or destroys accounting records that are required by this chapter to be maintained during the period for which such records are required to be maintained, or who knowingly or intentionally fails to create or maintain accounting records that are required to be created or maintained, with the intent of causing harm to the association or one or more of its members, is personally subject to a civil penalty pursuant to s. 718.501(1)(d).

3. The association shall maintain an adequate number of copies of the declaration, articles of incorporation, bylaws, and rules, and all amendments to each of the foregoing, as well as the question and answer sheet as described in s. 718.504 and year-end financial information required under this section, on the condominium property to ensure their availability to unit owners and prospective purchasers, and may charge its actual costs for preparing and furnishing these documents to those requesting the documents. An association shall allow a member or his or her authorized representative to use a portable device, including a smartphone, tablet, portable scanner, or any other technology capable of

scanning or taking photographs, to make an electronic copy of the official records in lieu of the association's providing the member or his or her authorized representative with a copy of such records. The association may not charge a member or his or her authorized representative for the use of a portable device. Notwithstanding this paragraph, the following records are not accessible to unit owners:

a. Any record protected by the lawyer-client privilege as described in s. 90.502 and any record protected by the work-product privilege, including a record prepared by an association attorney or prepared at the attorney's express direction, which reflects a mental impression, conclusion, litigation strategy, or legal theory of the attorney or the association, and which was prepared exclusively for civil or criminal litigation or for adversarial administrative proceedings, or which was prepared in anticipation of such litigation or proceedings until the conclusion of the litigation or proceedings.

b. Information obtained by an association in connection with the approval of the lease, sale, or other transfer of a unit.

d. Medical records of unit owners.

e. Social security numbers, driver license numbers, credit card numbers, e-mail addresses, telephone numbers, facsimile numbers, emergency contact information, addresses of a unit owner other than as provided to fulfill the association's notice requirements, and

other personal identifying information of any person, excluding the person's name, unit designation, mailing address, property address, and any address, e-mail address, or facsimile number provided to the association to fulfill the association's notice requirements. Notwithstanding the restrictions in this sub-subparagraph, an association may print and distribute to parcel owners a directory containing the name, parcel address, and all telephone numbers of each parcel owner. However, an owner may exclude his or her telephone numbers from the directory by so requesting in writing to the association. An owner may consent in writing to the disclosure of other contact information described in this sub-subparagraph. The association is not liable for the inadvertent disclosure of information that is protected under this sub-subparagraph if the information is included in an official record of the association and is voluntarily provided by an owner and not requested by the association.

f. Electronic security measures that are used by the association to safeguard data, including passwords.

g. The software and operating system used by the association which allow the manipulation of data, even if the owner owns a copy of the same software used by the association. The data is part of the official records of the association.

h. All affirmative acknowledgements made pursuant to s. 718.121(4)(c).

(d) The association shall prepare a question and answer sheet as described in s. 718.504, and shall update it annually.

(e)1. The association or its authorized agent is not required to provide a prospective purchaser or lienholder with information about the condominium or the association other than information or documents required by this chapter to be made available or disclosed. 2. An association and its authorized agent are not liable for providing such information in good faith pursuant to a written request if the person providing the information includes a written statement in substantially the following form: "The responses herein are made in good faith and to the best of my ability as to their accuracy."

(f) An outgoing board or committee member must relinquish all official records and property of the association in his or her possession or under his or her control to the incoming board within 5 days after the election. The division shall impose a civil penalty as set forth in s. 718.501(1)(d)6. against an outgoing board or committee member who willfully and knowingly fails to relinquish such records and property.

(g)1. ~~By January 1, 2019~~, January 1, 2023 an association managing a condominium with 150 or more units which does not contain timeshare units shall post digital copies of all official records of the association as specified in s. 718.111(12)(a)1.- 19. ~~the documents specified in subparagraph 2.~~ on its website.

working days after receipt of a written request by the board or its designee. However, such distance requirement does not apply to an association governing a timeshare condominium. This paragraph may be complied with by having a copy of the official records of the association available for inspection or copying on the condominium property or association property, or the association may offer the option of making the records available to a unit owner electronically via the Internet or by allowing the records to be viewed in electronic format on a computer screen and printed upon request. The failure of an association to provide the records within 10 working days after receipt of a written request creates a rebuttable presumption that the association willfully failed to comply with this paragraph. A unit owner who is denied access to official records is entitled to the actual damages or minimum damages for the association's willful failure to comply. Minimum damages are $50 per calendar day for up to 10 days, beginning on the 11th working day after receipt of the written request. The failure to permit inspection entitles any person prevailing in an enforcement action to recover reasonable attorney fees from the person in control of the records who, directly or indirectly, knowingly denied access to the records.

2. Any person who knowingly or intentionally defaces or destroys accounting records that are required by this chapter to be maintained during the period for which such records are required to be maintained, or who knowingly or intentionally fails to create or maintain accounting records that are required to be created or maintained, with the intent of causing harm to the association or one or more of its members, is personally subject to a civil penalty pursuant to s. 718.501(1)(d).

scanning or taking photographs, to make an electronic copy of the official records in lieu of the association's providing the member or his or her authorized representative with a copy of such records. The association may not charge a member or his or her authorized representative for the use of a portable device. Notwithstanding this paragraph, the following records are not accessible to unit owners:

Notwithstanding the restrictions in this sub-subparagraph, an association may print and distribute to parcel owners a directory containing the name, parcel address, and all telephone numbers of each parcel owner. However, an owner may exclude his or her telephone numbers from the directory by so requesting in writing to the association. An owner may consent in writing to the disclosure of other contact information described in this sub-subparagraph. The association is not liable for the inadvertent disclosure of information that is protected under this sub-subparagraph if the information is included in an official record of the association and is voluntarily provided by an owner and not requested by the association.

f. Electronic security measures that are used by the association to safeguard data, including passwords.

g. The software and operating system used by the association which allow the manipulation of data, even if the owner owns a copy of the same software used by the association. The data is part of the official records of the association.

h. All affirmative acknowledgements made pursuant to s. 718.121(4)(c).

(d) The association shall prepare a question and answer sheet as described in s. 718.504, and shall update it annually.

(e)1. The association or its authorized agent is not required to provide a prospective purchaser or lienholder with information about the condominium or the association other than information or documents required by this chapter to be made available or disclosed. 2. An association and its authorized agent are not liable for providing such information in good faith pursuant to a written request if the person providing the information includes a written statement in substantially the following form: "The responses herein are made in good faith and to the best of my ability as to their accuracy."

(f) An outgoing board or committee member must relinquish all official records and property of the association in his or her possession or under his or her control to the incoming board within 5 days after the election. The division shall impose a civil penalty as set forth in s. 718.501(1)(d)6. against an outgoing board or committee member who willfully and knowingly fails to relinquish such records and property.

Secretary Laurel Lee
Secretary of State

Tallahassee, Florida 32399

Dear Secretary Lee:

By the authority vested in me as Governor of the State of Florida, under the provisions of Article III, Section 8 of the Constitution of Florida, I do hereby vetó and transmit my objection to **CS/SB 102**, enacted during the 124th Session of the Legislature of Florida, during Regular Session 2022 and entitled:

An act relating to establishing the congressional districts of the state

As presented in both the primary and secondary maps enacted by the Legislature, Congressional District 5 violates the Equal Protection Clause of the Fourteenth Amendment to the U.S. Constitution for the reasons set forth in the attached memorandum. Although I understand the Legislature's desire to comply with the Florida Constitution, the Legislature is not absolved of its duty to comply with the U.S. Constitution. Where the U.S. and Florida Constitutions conflict, the U.S. Constitution must prevail.

Accordingly, I withhold my approval of **CS/SB 102** and do hereby veto the same.

Sincerely,

Ron DeSantis

Re: Constitutionality of CS/SB 102, An Act Relating to Establishing the Congressional Districts of the State

Congressional District 5 in both the primary and secondary maps enacted by the Legislature violates the Equal Protection Clause of the Fourteenth Amendment to the U.S. Constitution because it assigns voters primarily on the basis of race but is not narrowly tailored to achieve a compelling state interest.

"Just as the State may not, absent extraordinary justification, segregate citizens on the basis of race in its public parks, buses, golf courses, beaches, and schools," the U.S. Supreme Court has made clear that the State also "may not separate its citizens into different voting districts on the basis of race." *Miller v. Johnson*, 515 U.S. 900, 911 (1995) (internal citations omitted). "When the State assigns voters on the basis of race," the Court explained, "it engages in the offensive and demeaning assumption that voters of a particular race, because of their race, 'think alike, share the same political interests, and will prefer the same candidates at the polls.'" *Id.* at 911-12 (quoting *Shaw v. Reno*, 509 U.S. 630, 647 (1993)).

For these reasons, the Court has interpreted the Equal Protection Clause of the Fourteenth Amendment to the U.S. Constitution to prohibit state legislatures from using race as the "predominant factor motivating [their] decision to place a significant number of voters within or without a particular district," *id.* at 916, unless they can prove that their "race-based sorting of voters serves a 'compelling interest' and is 'narrowly tailored' to that end," *Cooper v. Harris*, 137 S. Ct. 1455, 1464 (2017) (citation omitted). That race was the predominant factor motivating a legislature's line-drawing decision can be shown "either through circumstantial evidence of a district's shape and demographics or more direct evidence going to legislative purpose." *Miller*, 515 U.S. at 916.

AMERICAN OVERSIGHT

Although non-adherence to traditional districting principles, which results in a non-compact, unusually shaped district, is relevant evidence that race was the predominant motivation of a legislature, such evidence is not required to establish a constitutional violation. "Race may predominate even when a reapportionment plan respects traditional principles, . . . if '[r]ace was the criterion that, in the State's view, could not be compromised,' and race-neutral considerations 'came into play only after the race-based decision had been made.'" *Bethune-Hill v. Va. State Bd. of Elections*, 137 S. Ct. 788, 798 (2017) (quoting *Shaw v. Hunt*, 517 U.S. 899, 907 (1996) (alteration in original)). "The racial predominance inquiry concerns the actual considerations that provided the essential basis for the lines drawn, not *post hoc* justifications the legislature in theory could have used but in reality did not." *Id.* at 799. A legislature "could construct a plethora of potential maps that look consistent with traditional, race-neutral principles," but "if race for its own sake is the overriding reason for choosing one map over others, race still may predominate." *Id.* It is the "racial purpose of state action, not its stark manifestation," that offends the Equal Protection Clause. *Miller*, 515 U.S. at 913.

In light of these well-established constitutional principles, the congressional redistricting bill enacted by the Legislature violates the U.S. Constitution. The bill contains a primary map and secondary map that include a racially gerrymandered district—Congressional District 5—that is not narrowly tailored to achieve a compelling state interest. *See generally* Fla. H.R. Comm. on Redist., recording of proceedings, at 0:00-2:55:19 (Feb. 25, 2022), https://thefloridachannel.org/videos/2-25-22-house-redistricting-committee/ (committee presentation and discussion of the maps later passed by the Legislature).

In the secondary map, which was the original map reported out of the House Congressional Redistricting Subcommittee, District 5 is a sprawling district that stretches approximately 200 miles from East to West and cuts across eight counties to connect a minority population in Jacksonville with a separate and distinct minority population in Leon and Gadsden Counties. The district is not compact, does not conform to usual political or geographic boundaries, and is bizarrely shaped to include minority populations in western Leon County and Gadsden County while excluding non-minority populations in eastern Leon County. Because this version of District 5 plainly subordinates traditional districting criteria to avoid diminishment of minority voting age population, there is no question that race was "the predominant factor motivating the legislature's decision" to draw this district. *Miller*, 515 U.S. at 916.

AMERICAN OVERSIGHT

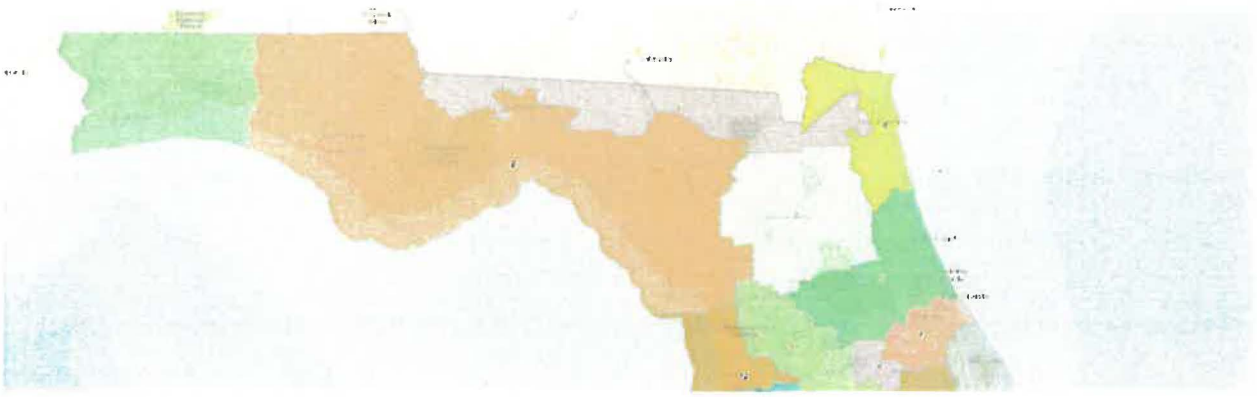
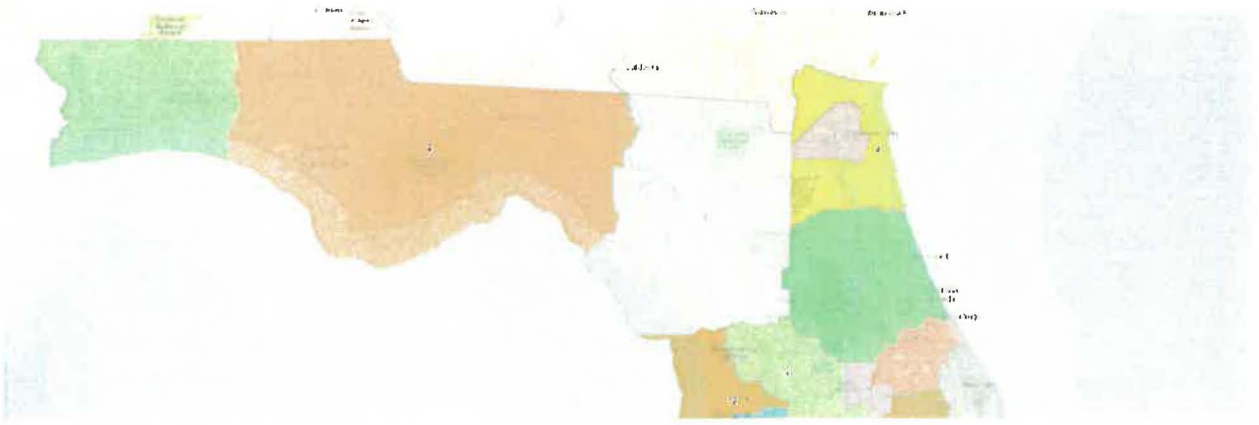
District 5 in the Secondary Map (Purple)



In response to federal constitutional concerns about the unusual shape of District 5 as it was originally drawn, and which is now reflected in the secondary map, the House Redistricting Committee drew a new version of District 5, which is reflected in the primary map. This configuration of the district is more compact but has caused the adjacent district—District 4—to take on a bizarre doughnut shape that almost completely surrounds District 5. The reason for this unusual configuration is the Legislature's desire to maximize the black voting age population in District 5. The Chair of the House Redistricting Committee confirmed this motivation when he explained that the new District 5 was drawn to "protect[] a black minority seat in north Florida." Fla. H.R. Comm. on Redist., recording of proceedings, at 19:15-19:26 (Feb. 25, 2022).

District 5 in the Primary Map (Purple)



Despite the Legislature's attempt to address the federal constitutional concerns by drawing a more compact district, the constitutional defect nevertheless persists. Where "race was the criterion that, in the State's view, could not be compromised, and race-neutral considerations came into play only after the race-based decision had been made," it follows that race was the predominant factor, even though the district

AMERICAN OVERSIGHT

otherwise respects traditional districting principles. *Bethune-Hill*, 137 S. Ct. at 798 (cleaned up).

Such was the case here. Even for the more compact district, the Legislature believed (albeit incorrectly) that the Florida Constitution required it to ensure "a black minority seat in north Florida." Fla. H.R. Comm. on Redist., recording of proceedings, at 19:15-19:26 (Feb. 25, 2022). Specifically, according to the House Redistricting Chair, the primary map's version of District 5 is the House's "attempt at continuing to protect the minority group's ability to elect a candidate of their choice." *Id.* at 19:45-19:54. The Legislature thus used "an express racial target" for District 5 of a black voting age population sufficiently large to elect a candidate of its choice. *Bethune-Hill*, 137 S. Ct. at 800.

Because racial considerations predominated even in drawing the new District 5, the Legislature must satisfy strict scrutiny, the U.S. Supreme Court's "most rigorous and exacting standard of constitutional review." *Miller*, 515 U.S. at 920. And to satisfy strict scrutiny, the Legislature "must demonstrate that its districting legislation is narrowly tailored to achieve a compelling interest." *Id.* That, the Legislature cannot do.

There is no good reason to believe that District 5 needed to be drawn as a minority-performing district to comply with Section 2 of the Voting Rights Act (VRA), because the relevant minority group is not sufficiently large to constitute a majority in a geographically compact area. In the primary map, the black voting age population of District 5 is 35.32%, and even in the secondary map, with the racially gerrymandered, non-compact version of District 5, the black voting age population increases only to 43.48%. *Compare* Fla. Redist. 2022, H000C8019, https://bit.ly/3uczOXb (available at floridaredistricting.gov/pages/submitted-plans) (last visited Mar. 28, 2022), *with* Fla. Redist. 2022, H000C8015, https://bit.ly/36hFRBB (available at floridaredistricting.gov/pages/submitted-plans) (last visited Mar. 28, 2022). "When a minority group is not sufficiently large to make up a majority in a reasonably shaped district, § 2 simply does not apply." *Cooper*, 137 S. Ct. at 1472 (citing *Bartlett v. Strickland*, 556 U.S. 1, 18-20 (2009) (plurality opinion)); *see also Thornburg v. Gingles*, 478 U.S. 30, 50 (1986) (explaining that one of the threshold conditions for proving vote dilution under Section 2 is that the minority group is "sufficiently large and geographically compact to constitute a majority").

Nor is there good reason to believe that District 5 is required to be drawn to comply with Section 5 of the VRA. Section 5 is no longer operative now that the U.S. Supreme Court invalidated the VRA's formula for determining which jurisdictions are subject to Section 5. *See Shelby Cnty. v. Holder*, 570 U.S. 529, 553-57 (2013); *see also Ala. Legis. Black Caucus v. Alabama*, 575 U.S. 254, 279 (2015) (suggesting that continued compliance with Section 5 may not remain a compelling interest in light of *Shelby County*). In any event, even before the coverage formula was invalidated, the State of

AMERICAN OVERSIGHT

Florida was not a covered jurisdiction subject to Section 5. *See In re Senate Joint Resolution of Legislative Apportionment 1176* (*Apportionment I*), 83 So. 3d 597, 624 (Fla. 2012). Only five counties in Florida were covered—Collier, Hardee, Hendry, Hillsborough, and Monroe—and none of them are in northern Florida where District 5 is located. *See id.*

The only justification left for drawing a race-based district is compliance with Article III, Section 20(a) of the Florida Constitution. But District 5 does not comply with this provision. Article III, Section 20(a) provides that "districts shall not be drawn with the intent or result of denying or abridging the equal opportunity of racial or language minorities to participate in the political process or to diminish their ability to elect representatives of their choice." The Florida Supreme Court has noted that these "dual constitutional imperatives follow almost verbatim the requirements embodied in the Federal Voting Rights Act." *Id.* at 619 (cleaned up). The first imperative, which prohibits districts that deny or abridge the equal opportunity of minority groups to participate in the political process, is modeled after Section 2 of the VRA, and the second imperative, which prohibits districts that diminish the ability of minority groups to elect representatives of their choice, is modeled after Section 5. *Id.* at 619-20.

Like the VRA, these provisions of the Florida Constitution "aim[] at safeguarding the voting strength of minority groups against both impermissible dilution and retrogression." *Id.* at 620. Although judicial interpretation of the VRA is relevant to understanding the Florida Constitution's non-dilution and non-diminishment provisions, the Florida Supreme Court nonetheless recognizes its "independent constitutional obligation" to interpret these provisions. *Id.* at 621.

Relevant here is the Florida Constitution's non-diminishment requirement. Unlike Section 5 of the VRA, this requirement "applies to the entire state." *Id.* at 620. Under this standard, the Legislature "cannot eliminate majority-minority districts or weaken other historically performing minority districts where doing so would actually diminish a minority group's ability to elect its preferred candidates." *Id.* at 625. The existing districts "serve[] as the 'benchmark' against which the 'effect' of voting changes is measured." *Id.* at 624 (cleaned up). Where a voting change leaves a minority group "less able to elect a preferred candidate of choice" than the benchmark, that change violates the non-diminishment standard. *Id.* at 625 (internal quotation marks omitted); *see also id.* at 702 (Canady, C.J., concurring in part and dissenting in part) (noting that the dictionary definition of "diminish" means "to make less or cause to appear less" (citation omitted)).

The Florida Supreme Court has acknowledged that "a slight change in percentage of the minority group's population in a given district does not necessarily have a cognizable effect on a minority group's ability to elect its preferred candidate of choice." *Id.* at 625. The minority population percentage in each district need not be

AMERICAN OVERSIGHT

"fixed" in perpetuity. *Id.* at 627. But where the reduction in minority population in a given district is more than "slight," such that the ability of the minority population to elect a candidate of choice has been reduced (even if not eliminated), the Legislature has violated the Florida Constitution's non-diminishment requirement as interpreted by the Florida Supreme Court.

Given these principles, there is no good reason to believe that District 5, as presented in the primary map, complies with the Florida Constitution's non-diminishment requirement. The benchmark district contains a black voting age population of 46.20%, whereas the black voting age population of District 5 in the primary map is only 35.32%.[1] *Compare* Fla. Redist. 2022, FLCD2016, https://bit.ly/3Iv6FeW (available at floridaredistricting.gov/pages/submitted-plans) (last visited Mar. 28, 2022), *with* Fla. Redist. 2022, H000C8019, https://bit.ly/3uczOXb (available at floridaredistricting.gov/pages/submitted-plans) (last visited Mar. 28, 2022). This nearly eleven percentage point drop is more than slight, and while the House Redistricting Chair represented that the black population of the district could still elect a candidate of choice, *see* Fla. H.R. Comm. on Redist., recording of proceedings, at 59:44-1:00:17 (Feb. 25, 2022), there appears to be little dispute that the ability of the black population to elect such a candidate had nevertheless been reduced, *see id.* at 1:00:18-1:00:58 (noting that the benchmark district performed for the minority candidate of choice in 14 of 14 previous elections and that the new district would not perform for the minority candidate of choice in one-third of the same elections).

Moreover, the House Redistricting Chair claimed that the only criterion that mattered was whether the new district still performed at all. *See id.* at 1:06:09-1:06:30 ("It is not a diminishment unless the district does not perform."); *see also id.* at 1:05:05-1:05:13 ("Is it less likely to perform? Honestly, I don't know."). But that view is plainly inconsistent with the Florida Supreme Court precedent described above, which prohibits any voting change that leaves a minority group "less able to elect a preferred candidate of choice." *Apportionment I*, 83 So. 3d at 625 (internal quotation marks omitted). In sum, because the reduction of black voting age population is more than slight and because such reduction appears to have diminished the ability of black voters to elect a candidate of their choice, District 5 does not comply with the non-diminishment requirement of Article III, Section 20(a) of the Florida Constitution. Therefore, compliance with the Florida Constitution cannot supply the compelling reason to justify the Legislature's use of race in drawing District 5 in the primary map.

---

[1] The benchmark district itself is a sprawling, non-compact racial gerrymander that connects minority communities from two distinct regions of the State; however, for purposes of this point, I assume that the district can be used as a valid benchmark against which to judge the new maps.

AMERICAN OVERSIGHT

In the secondary map, by contrast, District 5 complies with the Florida Constitution's non-diminishment requirement, but in doing so, it violates the Equal Protection Clause of the Fourteenth Amendment to the U.S. Constitution. The U.S. Supreme Court has warned that a "reapportionment plan that includes in one district individuals who belong to the same race, but who are otherwise widely separated by geographical and political boundaries, and who may have little in common with one another but the color of their skin, bears an uncomfortable resemblance to political apartheid." *Shaw*, 509 U.S. at 647. As described earlier, District 5 in the secondary map does precisely this.

That the district is believed to be necessary to comply with the Florida Constitution's non-diminishment requirement does not alone suffice to justify the use of race in drawing bizarre, non-compact district boundaries for the sole purpose of cobbling together disparate minority populations from across northern Florida to form a minority-performing district. Mere compliance with a state constitutional requirement to engage in race-based districting is not, without more, a compelling interest sufficient to satisfy strict scrutiny. The Fourteenth and Fifteenth Amendments to the U.S. Constitution and the VRA, which enforces the Fifteenth Amendment, exist to *prevent* states from engaging in racially discriminatory electoral practices. Indeed, one such weapon that states long used, and that the VRA was designed to combat, "was the racial gerrymander—the deliberate and arbitrary distortion of district boundaries for racial purposes." *Id.* at 640 (cleaned up).

Here, the Florida Constitution's non-diminishment standard would be satisfied only by a sprawling, non-compact district that spans 200 miles and repeatedly violates traditional political boundaries to join minority communities from disparate geographic areas. Such a district is not narrowly tailored to achieve the compelling interest of protecting the voting rights of a minority community in a reasonably cohesive geographic area. As applied to District 5 in the secondary map, therefore, the Florida Constitution's non-diminishment standard cannot survive strict scrutiny and clearly violates the U.S. Constitution.

For the foregoing reasons, Congressional District 5 in both maps is unlawful.

Sarah Shuler: (1/5/2022 9:09 AM):
Hi Dee,
One additional question--now that this version has lengthened the tax relief period beyond the month of October, should Section 10 of the draft be revised to refer to the new extended time period instead of only October?

Sarah Shuler: (1/5/2022 8:39 AM):
Hi Dee,
I wanted to mention that in Section 13 of the draft, I revised the last line of each subsection to refer to Section 2 of the act instead of Section 12. I believe this was a typo since Section 12 refers to appropriations, while Section 2 speaks to the noncollection of taxes. Please ensure that this conforms with what was intended. Please let me know if you have any questions.

1. Here are 6 of your 8 drafts that are currently 'released for approval'.

2. The attached 'Abortion Option 1' draft has the following comments from the drafter:

Oaj Gilani: (12/3/2021 12:29 PM):
Hi Dee,
I wanted to explain the changes I made in drafting this bill. The attachment wanted to make amendments to subsection (2) of s. 391.0111, F.S., but that subsection deals solely with the requirement that only a physician may perform an abortion. If we want to create a prohibition on abortions after 15 gestational weeks unless the medical emergency exemptions apply, then I would suggest making those revisions directly to the related provisions in ss. 390.0111 and 390.01112, F.S., as I've done in the draft. If I misunderstood and the requester had something else in mind, let me know and we can work on a redraft together.

Best,
Oaj

3. The attached 'Fuel Tax Holiday' draft comes with the following comments from the drafter:

Sarah Shuler: (12/10/2021 8:17 AM):
Hi Dee,
I've attached a document noting some concerns and questions with the language. Importantly, the reduction in the tax levied pursuant to s. 206.41(1)(g) would likely contradict the language in s. 206.41(1)(g) 1. stating that the rate shall not be lower than 6.9 cents/gallon. Further, I defer to Appropriations Committee staff on the best phrasing for transfers from GR to trust funds, though I've noted some questions related to those sections of the draft. Please let me know if you have any questions.
NOTE: attached is both the clean draft AND the draft with all of the drafters comments by each edit.

Hello again—
Just a followup on this email.
I await your instructions on these drafts.

Also, Senator Bean mentioned he is running the Governor's immigration bill. Can you tell me who has that draft in the senate. We need to get it transferred to us asap. Who is the House sponsor?

Call me if needed.

1. Here are 6 of your 8 drafts that are currently 'released for approval'.

2. The attached 'Abortion Option 1' draft has the following comments from the drafter:

Oaj Gilani: (12/3/2021 12:29 PM):
Hi Dee,
I wanted to explain the changes I made in drafting this bill. The attachment wanted to make amendments to subsection (2) of s. 391.0111, F.S., but that subsection deals solely with the requirement that only a physician may perform an abortion. If we want to create a prohibition on abortions after 15 gestational weeks unless the medical emergency exemptions apply, then I would suggest making those revisions directly to the related provisions in ss. 390.0111 and 390.01112, F.S., as I've done in the draft. If I misunderstood and the requester had something else in mind, let me know and we can work on a redraft together.

Best,
Oaj

3. The attached 'Fuel Tax Holiday' draft comes with the following comments from the drafter:

Sarah Shuler: (12/10/2021 8:17 AM):
Hi Dee,
I've attached a document noting some concerns and questions with the language. Importantly, the reduction in the tax levied pursuant to s. 206.41(1)(g) would likely contradict the language in s. 206.41(1)(g) 1. stating that the rate shall not be lower than 6.9 cents/gallon. Further, I defer to Appropriations Committee staff on the best phrasing for transfers from GR to trust funds, though I've noted some questions related to those sections of the draft. Please let me know if you have any questions.
NOTE: attached is both the clean draft AND the draft with all of the drafters comments by each edit.

4. Both the DBPR/Condo Language draft and the K-12 Education Standards draft are still being drafted.

Total of 8 items.
If there are any questions or changes you want to make, please let me know.

Finally, an important date to remember:
Deadlines for Senate Bill Drafting are fast approaching for the 2022 Regular Session.
Friday, January 7, 2022 – deadline for approving final drafts of general bills and joint resolutions, including companion bills

Boss,

Regarding Pat Hemphill's issue of the 3 CSX Special Agents waiting on commissions, our office reached out and brought this issue to the Governor's office's attention and asked for assistance in getting it resolved. I heard back from Jaclyn Feltgen from the Office of Appointments in the Executive Office of the Governor on this issue recently.

- Apparently the initial applications were submitted in the final days of the Rick Scott administration and very beginning of the current one. So they were 2-3 years old with the information given. The transition of governors probably played a part in this issue occurring.
- There is a new appointments head and he recommended that the information be sent in again so that it would not be outdated, but instead be current/updated.
- Jaclyn mentioned that their office had spoken with Kenneth Frost, the CSX CEO, to let them know when the apps are going to be sent in so they can be on the lookout for it.
-

AMERICAN OVERSIGHT

It seems that CSX has not yet sent in the new, updated applications, but once they are sent in, it can be handled once and for all assuming everything checks out.

- The appointments office also gave them the packet information for FDLE's background process to assist in future applications ideally so this doesn't occur again.
- If there are any questions or issues, they can be sent to the Director's email which is Drew.Meiner@eog.myflorida.com.

Mr. Bean

As we discussed this morning we have three CSX Police Department Special Agents who have been waiting on there commissions for several years. They each completed everything required by the state of Florida within a couple months of relocating/transferring here and submitted all documents. Part of the process is a background investigation by FDLE which gets done relatively quickly after the packets are submitted, then it just seems to sit. Each time we call the commission office to check on the status of the commissions we are told the packets are too old and we have to do everything again. This will be the third time we have had to complete the process for one Agent and the second for the other two, their names are below. Any help you could give us in getting these three commissions processed would be greatly appreciated. We would also appreciate any help you could give us with avoiding these types of issues with any future commissions we may submit. Thanks in advance for your help with this matter. Good talking to you this morning.

Mr. Bean

As we discussed this morning we have three CSX Police Department Special Agents who have been waiting on there commissions for several years. They each completed everything required by the state of Florida within a couple months of relocating/transferring here and submitted all documents. Part of the process is a background investigation by FDLE which gets done relatively quickly after the packets are submitted, then it just seems to sit. Each time we call the commission office to check on the status of the commissions we are told the packets are too old and we have to do everything again. This will be the third time we have had to complete the process for one Agent and the second for the other two, their names are below. Any help you could give us in getting these three commissions processed would be greatly appreciated. We would also appreciate any help you could give us with avoiding these types of issues with any future commissions we may submit. Thanks in advance for your help with this matter. Good talking to you this morning.

Hello Drew and Jaclyn,

Just wanted to put this on your radars again given we spoke of the CSX commissions issue this past summer. CSX has resubmitted their commission packets a second time with up-to-date information as requested. Senator Bean is aware of this issue and hopes that it can be handled as efficiently as the process allows. Please let us know if there is anything we can do to assist and whether there is a timeframe you can give us on how long it may take to have this handled. Thank you!

Subject: FW: CSX Special Agent Commissions - Constituent issue

Boss,

Regarding Pat Hemphill's issue of the 3 CSX Special Agents waiting on commissions, our office reached out and brought this issue to the Governor's office's attention and asked for assistance in getting it resolved. I heard back from Jaclyn Feltgen from the Office of Appointments in the Executive Office of the Governor on this issue recently.

- Apparently the initial applications were submitted in the final days of the Rick Scott administration and very beginning of the current one. So they were 2-3 years old with the information given. The transition of governors probably played a part in this issue occurring.
- There is a new appointments head and he recommended that the information be sent in again so that it would not be outdated, but instead be current/updated.
- Jaclyn mentioned that their office had spoken with Kenneth Frost, the CSX CEO, to let them know when the apps are going to be sent in so they can be on the lookout for it.
-

AMERICAN OVERSIGHT

It seems that CSX has not yet sent in the new, updated applications, but once they are sent in, it can be handled once and for all assuming everything checks out.

- The appointments office also gave them the packet information for FDLE's background process to assist in future applications ideally so this doesn't occur again.
- If there are any questions or issues, they can be sent to the Director's email which is Drew.Meiner@eog.myflorida.com.

Subject: State Monoclonal Sites Shutdown - Due to Biden Administration Revoking the Emergency Use Authorization for Regeneron and Eli Lilly Monoclonal Treatments

Good Evening –

AMERICAN OVERSIGHT

Apologies for the late email, but today, the Biden Administration (through the FDA), announced they revoked the emergency use authorization for regeneron and Eli Lilly monoclonal treatments. This also impacts all private providers with doses of Regeron and Eli Lilly products. Florida has to shut down all of our state run monoclonal sites (Okaloosa, Duval, Seminole, Broward, Palm Beach, Miami Dade, and Collier) starting tomorrow, canceling more than 2,000 appointments tomorrow at those sites alone.

Floridians that had scheduled appointments, should contact the U.S. FDA at 1-888-463-6332, for an explanation as to why this decision was made, and reach out to their health care providers for treatment options.

See Governor DeSantis' response linked here:

MONOCLONAL ANTIBODY SITES STATEWIDE WILL BE CLOSED AFTER FDA REMOVES TREATMENT AUTHORIZATION

(850) 245-4111

Tallahassee, Fla. — This evening, without any advanced notice, the U.S. Food and Drug Administration (FDA) revised the Emergency Use Authorizations (EUA) for bamlanivimab/etesevimab and REGEN-COV. The revised EUAs do not allow providers to administer these treatments within the United States.

Unfortunately, as a result of this abrupt decision made by the federal government, all monoclonal antibody state sites will be closed until further notice.

Individuals with appointments have been directly contacted regarding cancellations. If you have tested positive for COVID-19, please contact your health care provider for more information and resources on treatment options. Resources for emerging treatments can be found at www.HealthierYouFL.org. Pharmacies that have received allocations of anti-viral treatments can be found at www.FloridaHealthCOVID-19.gov.

Florida disagrees with the decision that blocks access to any available treatments in the absence of clinical evidence. To date, such clinical evidence has not been provided by the United States Food and Drug Administration (FDA).

As stated in one of the pre-print studies cited on the NIH website, "despite observing differences in neutralizing activity with certain mAbs, it remains to be determined how this finding translates into effects on clinical protection against B.1.1.529."

For more information on why this decision was made, please contact the FDA at 1-888-463-6332.

Good Evening –

Apologies for the late email, but today, the Biden Administration (through the FDA), announced they revoked the emergency use authorization for regeneron and Eli Lilly monoclonal treatments. This also impacts all private providers with doses of Regeron and Eli Lilly products. Florida has to shut down all of our state run monoclonal sites (Okaloosa, Duval, Seminole, Broward, Palm Beach, Miami Dade, and Collier) starting tomorrow, canceling more than 2,000 appointments tomorrow at those sites alone.

Floridians that had scheduled appointments, should contact the U.S. FDA at 1-888-463-6332, for an explanation as to why this decision was made, and reach out to their health care providers for treatment options.

MONOCLONAL ANTIBODY SITES STATEWIDE WILL BE CLOSED AFTER FDA REMOVES TREATMENT AUTHORIZATION

Tallahassee, Fla. — This evening, without any advanced notice, the U.S. Food and Drug Administration (FDA) revised the Emergency Use Authorizations (EUA) for bamlanivimab/etesevimab and REGEN-COV. The revised EUAs do not allow providers to administer these treatments within the United States.

Unfortunately, as a result of this abrupt decision made by the federal government, all monoclonal antibody state sites will be closed until further notice.

Individuals with appointments have been directly contacted regarding cancellations. If you have tested positive for COVID-19, please contact your health care provider for more information and resources on treatment options. Resources for emerging treatments can be found at www.HealthierYouFL.org. Pharmacies that have received allocations of anti-viral treatments can be found at www.FloridaHealthCOVID-19.gov.

Florida disagrees with the decision that blocks access to any available treatments in the absence of clinical evidence. To date, such clinical evidence has not been provided by the United States Food and Drug Administration (FDA).

As stated in one of the pre-print studies cited on the NIH website, "despite observing differences in neutralizing activity with certain mAbs, it remains to be determined how this finding translates into effects on clinical protection against B.1.1.529."

For more information on why this decision was made, please contact the FDA at 1-888-463-6332.

Hello Drew and Jaclyn,

Just wanted to put this on your radars again given we spoke of the CSX commissions issue this past summer. CSX has resubmitted their commission packets a second time with up-to-date information as requested. Senator Bean is aware of this issue and hopes that it can be handled as efficiently as the process allows. Please let us know if there is anything we can do to assist and whether there is a timeframe you can give us on how long it may take to have this handled. Thank you!

Boss,

Regarding Pat Hemphill's issue of the 3 CSX Special Agents waiting on commissions, our office reached out and brought this issue to the Governor's office's attention and asked for assistance in getting it resolved. I heard back from Jaclyn Feltgen from the Office of Appointments in the Executive Office of the Governor on this issue recently.

- Apparently the initial applications were submitted in the final days of the Rick Scott administration and very beginning of the current one. So they were 2-3 years old with the information given. The transition of governors probably played a part in this issue occurring.
- There is a new appointments head and he recommended that the information be sent in again so that it would not be outdated, but instead be current/updated.
- Jaclyn mentioned that their office had spoken with Kenneth Frost, the CSX CEO, to let them know when the apps are going to be sent in so they can be on the lookout for it.
- It seems that CSX has not yet sent in the new, updated applications, but once they are sent in, it can be handled once and for all assuming everything checks out.
- The appointments office also gave them the packet information for FDLE's background process to assist in future applications ideally so this doesn't occur again.
- If there are any questions or issues, they can be sent to the Director's email which is Drew.Meiner@eog.myflorida.com.

Mr. Bean

As we discussed this morning we have three CSX Police Department Special Agents who have been waiting on there commissions for several years. They each completed everything required by the state of Florida within a couple months of relocating/transferring here and submitted all documents. Part of the process is a background investigation by FDLE which gets done relatively quickly after the packets are submitted, then it just seems to sit. Each time we call the commission office to check on the status of the commissions we are told the packets are too old and we have to do everything again. This will be the third time we have had to complete the process for one Agent and the second for the other two, their names are below. Any help you could give us in getting these three commissions processed would be greatly appreciated. We would also appreciate any help you could give us with avoiding these types of issues with any future commissions we may submit. Thanks in advance for your help with this matter. Good talking to you this morning.

The accounting records must include, but are not limited to:

(b) The official records specified in subparagraphs (a)1.-6. must be permanently maintained from the inception of the association. All other official records must be maintained within the state for at least 7 years, unless otherwise provided by general law. All official records must be maintained in a manner and format delineated by Division rule so that records are easily accessible for inspection. The records of the association shall be made available to a unit owner within 45 miles of the condominium property or within the county in which the condominium property is located within 10

working days after receipt of a written request by the board or its designee. However, such distance requirement does not apply to an association governing a timeshare condominium. This paragraph may be complied with by having a copy of the official records of the association available for inspection or copying on the condominium property or association property, or the association may offer the option of making the records available to a unit owner electronically via the Internet or by allowing the records to be viewed in electronic format on a computer screen and printed upon request. The association is not responsible for the use or misuse of the information provided to an association member or his or her authorized representative pursuant to the compliance requirements of this chapter unless the association has an affirmative duty not to disclose such information pursuant to this chapter.

(c)1. The official records of the association are open to inspection by any association member or the authorized representative of such member at all reasonable times. The association must provide a checklist of all official records made available in response to a statutorily compliant written request. If any or all of the official records are not available, it must be noted accordingly on the checklist. Each checklist issued to a requestor in conjunction with an official records request must be accompanied by a sworn affidavit from the person facilitating or handling the request on behalf of the association, attesting that the requested documents have been provided to the requestor. The checklist must be maintained by the association for seven years. The right to inspect the records includes the right to make or obtain copies, at the reasonable expense, if any, of the member or authorized representative of such member. A renter of a unit has a right to inspect and copy the association's bylaws and rules. The association may adopt reasonable rules regarding the frequency, time, location, notice, and manner of

record inspections and copying. The failure of an association to provide the records within 10 working days after receipt of a written request creates a rebuttable presumption that the association willfully failed to comply with this paragraph. A unit owner who is denied access to official records is entitled to the actual damages or minimum damages for the association's willful failure to comply. Minimum damages are $50 per calendar day for up to 10 days, beginning on the 11th working day after receipt of the written request. The failure to permit inspection entitles any person prevailing in an enforcement action to recover reasonable attorney fees from the person in control of the records who, directly or indirectly, knowingly denied access to the records.

2. Any person who knowingly or intentionally defaces or destroys accounting records that are required by this chapter to be maintained during the period for which such records are required to be maintained, or who knowingly or intentionally fails to create or maintain accounting records that are required to be created or maintained, with the intent of causing harm to the association or one or more of its members, is personally subject to a civil penalty pursuant to s. 718.501(1)(d).

3. The association shall maintain an adequate number of copies of the declaration, articles of incorporation, bylaws, and rules, and all amendments to each of the foregoing, as well as the question and answer sheet as described in s. 718.504 and year-end financial information required under this section, on the condominium property to ensure their availability to unit owners and prospective purchasers, and may charge its actual costs for preparing and furnishing these documents to those requesting the documents. An association shall allow a member or his or her authorized representative to use a portable device, including a smartphone, tablet, portable scanner, or any other technology capable of

AMERICAN OVERSIGHT

scanning or taking photographs, to make an electronic copy of the official records in lieu of the association's providing the member or his or her authorized representative with a copy of such records. The association may not charge a member or his or her authorized representative for the use of a portable device. Notwithstanding this paragraph, the following records are not accessible to unit owners:

a. Any record protected by the lawyer-client privilege as described in s. 90.502 and any record protected by the work-product privilege, including a record prepared by an association attorney or prepared at the attorney's express direction, which reflects a mental impression, conclusion, litigation strategy, or legal theory of the attorney or the association, and which was prepared exclusively for civil or criminal litigation or for adversarial administrative proceedings, or which was prepared in anticipation of such litigation or proceedings until the conclusion of the litigation or proceedings.

b. Information obtained by an association in connection with the approval of the lease, sale, or other transfer of a unit.

c. Personnel records of association or management company employees, including, but not limited to, disciplinary, payroll, health, and insurance records. For purposes of this sub-subparagraph, the term "personnel records" does not include written employment agreements with an association employee or management company, or budgetary or financial records that indicate the compensation paid to an association employee.

d. Medical records of unit owners.

e. Social security numbers, driver license numbers, credit card numbers, e-mail addresses, telephone numbers, facsimile numbers, emergency contact information, addresses of a unit owner other than as provided to fulfill the association's notice requirements, and

AMERICAN OVERSIGHT

other personal identifying information of any person, excluding the person's name, unit designation, mailing address, property address, and any address, e-mail address, or facsimile number provided to the association to fulfill the association's notice requirements. Notwithstanding the restrictions in this sub-subparagraph, an association may print and distribute to parcel owners a directory containing the name, parcel address, and all telephone numbers of each parcel owner. However, an owner may exclude his or her telephone numbers from the directory by so requesting in writing to the association. An owner may consent in writing to the disclosure of other contact information described in this sub-subparagraph. The association is not liable for the inadvertent disclosure of information that is protected under this sub-subparagraph if the information is included in an official record of the association and is voluntarily provided by an owner and not requested by the association.

f. Electronic security measures that are used by the association to safeguard data, including passwords.

g. The software and operating system used by the association which allow the manipulation of data, even if the owner owns a copy of the same software used by the association. The data is part of the official records of the association.

h. All affirmative acknowledgements made pursuant to s. 718.121(4)(c).

(d) The association shall prepare a question and answer sheet as described in s. 718.504, and shall update it annually.

(e)1. The association or its authorized agent is not required to provide a prospective purchaser or lienholder with information about the condominium or the association other than information or documents required by this chapter to be made available or disclosed. The association or its authorized agent may charge a

2. An association and its authorized agent are not liable for providing such information in good faith pursuant to a written request if the person providing the information includes a written statement in substantially the following form: "The responses herein are made in good faith and to the best of my ability as to their accuracy."

(f) An outgoing board or committee member must relinquish all official records and property of the association in his or her possession or under his or her control to the incoming board within 5 days after the election. The division shall impose a civil penalty as set forth in s. 718.501(1)(d)6. against an outgoing board or committee member who willfully and knowingly fails to relinquish such records and property.

(g)1. ~~By January 1, 2019~~, January 1, 2023 an association managing a condominium with 150 or more units which does not contain timeshare units shall post digital copies of all official records of the association as specified in s. 718.111(12)(a)1.- 19. ~~the documents specified in subparagraph 2.~~ on its website.

c. Upon a unit owner's written request, the association must provide the unit owner with a username and password and access to the protected sections of the association's website that contain any notices, records, or documents that must be electronically provided.

~~2. A current copy of the following documents must be posted in digital format on the association's website:~~

(13) FINANCIAL REPORTING.—Within 90 days after the end of the fiscal year, or annually on a date provided in the bylaws, the association shall prepare and complete, or contract for the preparation and completion of, a financial report for the preceding fiscal year. Within 21 days after the final financial report is completed by the association or received from the third party, but not later than 120 days after the end of the fiscal year or other date as provided in the bylaws, the association shall mail to each unit owner at the address last furnished to the association by the unit owner, or hand deliver to each unit owner, a copy of the most recent financial report or a notice that a copy of the most recent financial report will be mailed or hand delivered to the unit owner, without charge, within 5 business days after receipt of a written request from the unit owner. The rules must include, but not be

This disclosure is not applicable to reserves funded via the pooling method. In adopting such rules, the division shall consider the number of members and annual revenues of an association. Financial reports shall be prepared as follows:

(a) An association that meets the criteria of this paragraph shall prepare a complete set of financial statements in accordance with generally accepted accounting principles. The financial statements must be based upon the association's total annual revenues, as follows:

2. Reviewed or audited financial statements, if the association is required to prepare compiled financial statements; or

If the division determines that the association failed to mail or hand deliver a copy of the most recent financial report to the unit owner, the division shall provide written notice to the association that the association must mail or hand deliver a copy of the most recent financial report to the unit owner and the division within 5 business days after it receives such notice from the division. Hello Stephanie,

Our office recently received this email from one of our FL National Guard members who is facing termination due to his vaccination status. Was there anything on the state level that we could provide him to assist? He is aware of the laws we passed during special session, but I wasn't sure if we had any information we could also pass along to him that may be useful. I appreciate any guidance you can provide us with this one, thanks!

Dear Senator Bean,

I am writing to first thank you for your service to our great state, and for defending freedom for all Floridians. Your leadership is greatly appreciated. Second, I am writing to inform you

AMERICAN OVERSIGHT

(and ask your assistance) in preventing the unlawful termination of employment for many full-time Florida National Guard soldiers (including myself) due to the COVID vaccine mandate. The Florida National Guard has given notice of employment termination to any full-time Guardsman who does not take the vaccine, despite the law that the Florida legislature and the Governor enacted last November to protect Floridians' jobs, both public and private. This unlawful directive is in violation of state law and is a detriment to military readiness in the state. Any assistance you can provide to allow us to continue to serve our great state is humbly appreciated.

Here are drafters comments:

Sarah Shuler: (1/5/2022 9:09 AM):
Hi Dee,
One additional question--now that this version has lengthened the tax relief period beyond the month of October, should Section 10 of the draft be revised to refer to the new extended time period instead of only October?

Sarah Shuler: (1/5/2022 8:39 AM):
Hi Dee,
I wanted to mention that in Section 13 of the draft, I revised the last line of each subsection to refer to Section 2 of the act instead of Section 12. I believe this was a typo since Section 12 refers to appropriations, while Section 2 speaks to the noncollection of taxes. Please ensure that this conforms with what was intended. Please let me know if you have any questions.

AMERICAN OVERSIGHT

There are 2 programs in Florida, one in Gainesville and one at Nova Health near Hollywood Florida.

We have been struggling with NYU for some time as per her letter but we have come to realize the cost of court action, legal fees etc. is too much to bear when dealing with in institution this large. She is entitled to Title III and Title VII accommodation in theory but it would take too much time and finances in a hostile environment to persist. The simplest answer is for her to change schools. Sadly, the number of chairs for this specialty is limited.

Any thoughts or ideas might help would be so much appreciated.

1. Here are 6 of your 8 drafts that are currently 'released for approval'.

2. The attached 'Abortion Option 1' draft has the following comments from the drafter:

Oaj Gilani: (12/3/2021 12:29 PM):
Hi Dee,
I wanted to explain the changes I made in drafting this bill. The attachment wanted to make amendments to subsection (2) of s. 391.0111, F.S., but that subsection deals solely with the requirement that only a physician may perform an abortion. If we want to create a prohibition on abortions after 15 gestational weeks unless the medical emergency exemptions apply, then I would suggest making those revisions directly to the related provisions in ss. 390.0111 and 390.01112, F.S., as I've done in the draft. If I misunderstood and the requester had something else in mind, let me know and we can work on a redraft together.

Best,
Oaj

3. The attached 'Fuel Tax Holiday' draft comes with the following comments from the drafter:

Sarah Shuler: (12/10/2021 8:17 AM):
Hi Dee,
I've attached a document noting some concerns and questions with the language. Importantly, the reduction in the tax levied

AMERICAN OVERSIGHT

pursuant to s. 206.41(1)(g) would likely contradict the language in s. 206.41(1)(g) 1. stating that the rate shall not be lower than 6.9 cents/gallon. Further, I defer to Appropriations Committee staff on the best phrasing for transfers from GR to trust funds, though I've noted some questions related to those sections of the draft. Please let me know if you have any questions.
NOTE: attached is both the clean draft AND the draft with all of the drafters comments by each edit.

A bill to be entitled

An act relating to duties of state attorneys; amending s. 27.14, F.S.; providing that a state attorney's neglect of duty may serve as a basis for an investigation, a case, or a matter to be reassigned to another judicial circuit; creating s. 112.39, F.S.; requiring state attorneys to exercise prosecutorial discretion on a case-specific basis in a specified manner; requiring the state attorney to provide written information, upon the Governor's request, detailing the basis for the disposition resulting from exercising prosecutorial discretion; providing that adopting a blanket non-prosecution policy is evidence of failure to exercise prosecutorial discretion; specifying the actions by a state attorney which constitute neglect of duty for purposes relating to executive suspensions; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (1) of section 27.14, Florida Statutes, is amended to read:

27.14 Assigning state attorneys to other circuits.—

Any exchange or assignment of any state attorney to a particular circuit shall expire 12 months after the date of issuance, unless an extension is approved by order of the Supreme Court upon application of the Governor showing good and sufficient cause to extend such exchange or assignment.

AMERICAN OVERSIGHT

(2) It is the duty of the state attorney, upon request of the Governor, to promptly provide a statement detailing the basis for the disposition of a case when an arrest was made and prosecution was not sought or to provide information in writing upon any subject relating to the execution of the duty to faithful enforce the criminal laws of the State of Florida, as set forth in subsection (1), including, but not limited to, any policies prohibiting or restricting the prosecution of any type of case.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Present subsections (7) through (13) of section 390.011, Florida Statutes, are redesignated as subsections (8) through (14), respectively, and a new subsection (7) is added to that section, to read:

390.011 Definitions.—As used in this chapter, the term:

(7) "Gestational age" means the actual or probable amount of time that has elapsed from the first day of the last menstrual period of the pregnant woman.

Section 2. Subsections (1) and (4) of section 390.0111, Florida Statutes, are amended to read:

390.0111 Termination of pregnancies.—

(1) TERMINATION AFTER 15 GESTATIONAL WEEKS ~~IN THIRD TRIMESTER~~; WHEN ALLOWED.—A ~~No~~ termination of pregnancy may not ~~shall~~ be performed on any human being after the gestational age of the fetus has reached 15 weeks ~~in the third trimester of pregnancy~~ unless one of the following conditions is met:

(a) Two physicians certify in writing that, in reasonable medical judgment, the termination of the pregnancy is necessary to save the pregnant woman's life or avert a serious risk of

AMERICAN OVERSIGHT

substantial and irreversible physical impairment of a major bodily function of the pregnant woman other than a psychological condition.

(b) The physician certifies in writing that, in reasonable medical judgment, there is a medical necessity for legitimate emergency medical procedures for termination of the pregnancy to save the pregnant woman's life or avert a serious risk of imminent substantial and irreversible physical impairment of a major bodily function of the pregnant woman other than a psychological condition, and another physician is not available for consultation.

(4) STANDARD OF MEDICAL CARE TO BE USED AFTER 15 GESTATIONAL WEEKS ~~IN THIRD TRIMESTER~~.—If a termination of pregnancy is performed after the gestational age of the fetus has reached 15 weeks ~~in the third trimester~~, the physician performing the termination of pregnancy must exercise the same degree of professional skill, care, and diligence to preserve the life and health of the fetus which the physician would be required to exercise in order to preserve the life and health of a fetus intended to be born and not aborted. However, if preserving the life and health of the fetus conflicts with preserving the life and health of the pregnant woman, the physician must consider preserving the woman's life and health the overriding and superior concern.

Section 3. Section 390.01112, Florida Statutes, is amended to read:

390.01112 Termination of pregnancies during viability.—

(1) A ~~No~~ termination of pregnancy may not ~~shall~~ be performed on any human being if the physician determines that,

AMERICAN OVERSIGHT

FL-GOV-22-0226_20-0378A-002884

in reasonable medical judgment, the fetus has achieved viability or reached a gestational age of 15 weeks, whichever occurs earlier, unless:

(a) Two physicians certify in writing that, in reasonable medical judgment, the termination of the pregnancy is necessary to save the pregnant woman's life or avert a serious risk of substantial and irreversible physical impairment of a major bodily function of the pregnant woman other than a psychological condition; or

(b) The physician certifies in writing that, in reasonable medical judgment, there is a medical necessity for legitimate emergency medical procedures for termination of the pregnancy to save the pregnant woman's life or avert a serious risk of imminent substantial and irreversible physical impairment of a major bodily function of the pregnant woman other than a psychological condition, and another physician is not available for consultation.

(2) Before performing a termination of pregnancy, a physician must determine if the fetus is viable or has reached a gestational age of 15 weeks by, at a minimum, performing a medical examination of the pregnant woman and, to the maximum extent possible through reasonably available tests and the ultrasound required under s. 390.0111(3), an examination of the fetus. The physician must document in the pregnant woman's medical file the physician's determinations ~~determination~~ and the method, equipment, fetal measurements, and any other information used to determine the viability and gestational age of the fetus.

(3) If a termination of pregnancy is performed during

AMERICAN OVERSIGHT

viability or after the fetus has reached a gestational age of 15 weeks, the physician performing the termination of pregnancy must exercise the same degree of professional skill, care, and diligence to preserve the life and health of the fetus that the physician would be required to exercise in order to preserve the life and health of a fetus intended to be born and not aborted. However, if preserving the life and health of the fetus conflicts with preserving the life and health of the woman, the physician must consider preserving the woman's life and health the overriding and superior concern.

Section 10. To accomplish the intent of the Legislature set forth in section 3 of this act, a retail dealer of motor fuel, at the dealer's option, may manage its motor fuel inventory in such a way that the benefit to residents of this state of the tax reduction is maximized during October 2022. A retail dealer of motor fuel may sell motor fuel purchased without the tax reduction at an amount determined as if the tax reduction applied and may sell motor fuel purchased with the tax reduction at an amount determined as if the tax reduction did not apply; however, the retail dealer must show that the number of gallons purchased with the reduced tax equals the number of gallons sold at a price reflecting the reduced tax.

Section 11. For the 2022-2023 fiscal year, the sum of $300,000 in nonrecurring funds from the General Revenue Fund is appropriated to the Department of Revenue for the purpose of developing and implementing a public awareness campaign for and administering this act.

Section 12. For the 2022-2023 fiscal year, the following nonoperating transfers are authorized:

(1) The sum of $135 million may be transferred from the General Revenue Fund into the State Transportation Trust Fund.

(2) The sum of $9 million may be transferred from the General Revenue Fund into the Fuel Tax Collection Trust Fund maintained by the State Treasury for distribution as provided in s. 206.60.

(3) The sum of $9 million may be transferred from the General Revenue Fund into the Fuel Tax Collection Trust Fund maintained by the State Treasury for distribution as provided in s. 206.605.

Commented [SS4]: Requester: Should this be a requirement instead of authorization? (i.e., "funds shall be transferred" instead of "transfers are authorized"?)

It looks like the GAA usually refers to funds being "transferred using nonoperating budget authority". I would suggest rephrasing this to align with that.

Would it be sufficient to say instead that the funds are appropriated from GR to the TF's?

Commented [SS5]: Requester: is there another Fuel Tax Collection Trust Fund such that this must be distinguished as the one maintained by the State Treasury?

to make amendments to subsection (2) of s. 391.0111, F.S., but that subsection deals solely with the requirement that only a physician may perform an abortion. If we want to create a prohibition on abortions after 15 gestational weeks unless the medical emergency exemptions apply, then I would suggest making those revisions directly to the related provisions in ss. 390.0111 and 390.01112, F.S., as I've done in the draft. If I misunderstood and the requester had something else in mind, let me know and we can work on a redraft together.

Sarah Shuler: (12/10/2021 8:17 AM):
Hi Dee,
I've attached a document noting some concerns and questions with the language. Importantly, the reduction in the tax levied pursuant to s. 206.41(1)(g) would likely contradict the language in s. 206.41(1)(g) 1. stating that the rate shall not be lower than 6.9 cents/gallon. Further, I defer to Appropriations Committee staff on the best phrasing for transfers from GR to trust funds, though I've noted some questions related to those sections of the draft. Please let me know if you have any questions.

A bill to be entitled

An act relating to duties of state attorneys; amending s. 27.14, F.S.; providing that a state attorney's neglect of duty may serve as a basis for an investigation, a case, or a matter to be reassigned to another judicial circuit; creating s. 112.39, F.S.; requiring state attorneys to exercise prosecutorial discretion on a case-specific basis in a specified manner; requiring the state attorney to provide written information, upon the Governor's request, detailing the basis for the disposition resulting from exercising prosecutorial discretion; providing that adopting a blanket non-prosecution policy is evidence of failure to exercise prosecutorial discretion; specifying the actions by a state attorney which constitute neglect of duty for purposes relating to executive suspensions; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (1) of section 27.14, Florida Statutes, is amended to read:

27.14 Assigning state attorneys to other circuits.—

(1) If any state attorney is disqualified to represent the state in any investigation, case, or matter pending in the courts of his or her circuit or if, for any other good and sufficient reason, <u>including, but not limited to, the neglect of duty of such state attorney,</u> the Governor determines that the ends of justice would be best served, the Governor may, by

executive order filed with the Department of State, either order an exchange of circuits or of courts between such state attorney and any other state attorney or order an assignment of any state attorney to discharge the duties of the state attorney with respect to one or more specified investigations, cases, or matters, specified in general in the executive order of the Governor. Any exchange or assignment of any state attorney to a particular circuit shall expire 12 months after the date of issuance, unless an extension is approved by order of the Supreme Court upon application of the Governor showing good and sufficient cause to extend such exchange or assignment.

Section 2. Section 112.39, Florida Statutes, is created to read:

112.39 Suspension of state attorneys for neglect of duty.—It is the duty of the state attorney to exercise prosecutorial discretion by making, or directing his or her subordinates to make, case-specific determinations as to whether the facts of each case in the judicial circuit justify prosecution and, upon request of the Governor, to promptly provide a statement detailing the basis for the disposition of a case when an arrest was made and prosecution was not sought or to provide information in writing upon any subject relating to the lawful execution of that duty. The adoption of a blanket policy of non-prosecution of any type of case, including, but not limited to, the penalty phase of death penalty-eligible cases, constitutes evidence of a failure to exercise prosecutorial discretion. A state attorney may be suspended from office by the Governor for neglect of duty, including, but not limited to, the state attorney's failure to exercise prosecutorial discretion by

failing to make, or failing to direct his or her subordinates to make, a case-specific determination as to whether the facts of each case in the judicial circuit justify prosecution as stated herein, or the state attorney's failure, upon request of the Governor, to fully, adequately, and promptly explain in writing any such determination.

Section 10. To accomplish the intent of the Legislature set forth in section 3 of this act, a retail dealer of motor fuel, at the dealer's option, may manage its motor fuel inventory in such a way that the benefit to residents of this state of the tax reduction is maximized during October 2022. A retail dealer of motor fuel may sell motor fuel purchased without the tax reduction at an amount determined as if the tax reduction applied and may sell motor fuel purchased with the tax reduction at an amount determined as if the tax reduction did not apply; however, the retail dealer must show that the number of gallons purchased with the reduced tax equals the number of gallons sold at a price reflecting the reduced tax.

Section 11. For the 2022-2023 fiscal year, the sum of $300,000 in nonrecurring funds from the General Revenue Fund is appropriated to the Department of Revenue for the purpose of developing and implementing a public awareness campaign for and administering this act.

Section 12. For the 2022-2023 fiscal year, the following nonoperating transfers are authorized:

(1) The sum of $135 million may be transferred from the General Revenue Fund into the State Transportation Trust Fund.

(2) The sum of $9 million may be transferred from the General Revenue Fund into the Fuel Tax Collection Trust Fund maintained by the State Treasury for distribution as provided in s. 206.60.

(3) The sum of $9 million may be transferred from the General Revenue Fund into the Fuel Tax Collection Trust Fund maintained by the State Treasury for distribution as provided in s. 206.605.

Commented [SS4]: Requester: Should this be a requirement instead of authorization? (i.e., "funds shall be transferred" instead of "transfers are authorized"?)

It looks like the GAA usually refers to funds being "transferred using nonoperating budget authority". I would suggest rephrasing this to align with that.

Would it be sufficient to say instead that the funds are appropriated from GR to the TF's?

Commented [SS5]: Requester: is there another Fuel Tax Collection Trust Fund such that this must be distinguished as the one maintained by the State Treasury?

Commented [SS6]: Requester: same

AMERICAN OVERSIGHT

(4) The sum of $72 million may be transferred from the General Revenue Fund into the Fuel Tax Collection Trust Fund maintained by the State Treasury for distribution as provided in s. 206.608.

Section 13. This act shall take effect upon becoming a law.

Commented [SS7]: Requester: same

1. Here are 6 of your 8 drafts that are currently 'released for approval'.

2. The attached 'Abortion Option 1' draft has the following comments from the drafter:

Oaj Gilani: (12/3/2021 12:29 PM):
Hi Dee,
I wanted to explain the changes I made in drafting this bill. The attachment wanted to make amendments to subsection (2) of s. 391.0111, F.S., but that subsection deals solely with the requirement that only a physician may perform an abortion. If we want to create a prohibition on abortions after 15 gestational weeks unless the medical emergency exemptions apply, then I would suggest making those revisions directly to the related provisions in ss. 390.0111 and 390.01112, F.S., as I've done in the draft. If I misunderstood and the requester had something else in mind, let me know and we can work on a redraft together.

Best,
Oaj

3. The attached 'Fuel Tax Holiday' draft comes with the following comments from the drafter:

Sarah Shuler: (12/10/2021 8:17 AM):
Hi Dee,
I've attached a document noting some concerns and questions with the language. Importantly, the reduction in the tax levied

AMERICAN OVERSIGHT

pursuant to s. 206.41(1)(g) would likely contradict the language in s. 206.41(1)(g) 1. stating that the rate shall not be lower than 6.9 cents/gallon. Further, I defer to Appropriations Committee staff on the best phrasing for transfers from GR to trust funds, though I've noted some questions related to those sections of the draft. Please let me know if you have any questions.
NOTE: attached is both the clean draft AND the draft with all of the drafters comments by each edit.

4. Both the DBPR/Condo Language draft and the K-12 Education Standards draft are still being drafted.

Total of 8 items.
If there are any questions or changes you want to make, please let me know.

A bill to be entitled

An act relating to duties of state attorneys; amending s. 27.14, F.S.; providing that a state attorney's neglect of duty may serve as a basis for an investigation, a case, or a matter to be reassigned to another judicial circuit; creating s. 112.39, F.S.; requiring state attorneys to exercise prosecutorial discretion on a case-specific basis in a specified manner; requiring the state attorney to provide written information, upon the Governor's request, detailing the basis for the disposition resulting from exercising prosecutorial discretion; providing that adopting a blanket non-prosecution policy is evidence of failure to exercise prosecutorial discretion; specifying the actions by a state attorney which constitute neglect of duty for purposes relating to executive suspensions; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (1) of section 27.14, Florida Statutes, is amended to read:

27.14 Assigning state attorneys to other circuits.—

(1) If any state attorney is disqualified to represent the state in any investigation, case, or matter pending in the courts of his or her circuit or if, for any other good and sufficient reason, <u>including, but not limited to, the neglect of duty of such state attorney,</u> the Governor determines that the ends of justice would be best served, the Governor may, by

executive order filed with the Department of State, either order an exchange of circuits or of courts between such state attorney and any other state attorney or order an assignment of any state attorney to discharge the duties of the state attorney with respect to one or more specified investigations, cases, or matters, specified in general in the executive order of the Governor. Any exchange or assignment of any state attorney to a particular circuit shall expire 12 months after the date of issuance, unless an extension is approved by order of the Supreme Court upon application of the Governor showing good and sufficient cause to extend such exchange or assignment.

Section 2. Section 112.39, Florida Statutes, is created to read:

112.39 Suspension of state attorneys for neglect of duty.—

(1) It is the duty of the state attorney to faithfully enforce the criminal laws of the State of Florida. In executing this duty, the state attorney may exercise prosecutorial discretion by making, or directing his or her subordinates to make, case-specific determinations as to whether the facts of each case in the judicial circuit justify prosecution. ~~and, upon request of the Governor, to promptly provide a statement detailing the basis for the disposition of a case when an arrest was made and prosecution was not sought or to provide information in writing upon any subject relating to the lawful execution of that duty.~~ The adoption of a blanket policy of non-prosecution of any type of case, including, but not limited to, the penalty phase of death penalty-eligible cases, constitutes evidence of a failure to ~~exercise prosecutorial discretion~~ faithfully enforce the criminal laws of the State of Florida.

(2) It is the duty of the state attorney, upon request of the Governor, to promptly provide a statement detailing the basis for the disposition of a case when an arrest was made and prosecution was not sought or to provide information in writing upon any subject relating to the execution of the duty to faithful enforce the criminal laws of the State of Florida, as set forth in subsection (1), including, but not limited to, any policies prohibiting or restricting the prosecution of any type of case.

(3) A state attorney may be suspended from office by the Governor for neglect of duty, including, but not limited to, the state attorney's failure to faithfully enforce the criminal laws of the State of Florida, as set forth in subsection (1) ~~exercise prosecutorial discretion by failing to make,~~; or the state attorney's failure to provide information upon request of the Governor, as set forth in subsection (2). ~~failing to direct his or her subordinates to make, a case-specific determination as to whether the facts of each case in the judicial circuit justify prosecution as stated herein, or the state attorney's failure, upon request of the Governor, to fully, adequately, and promptly explain in writing any such determination.~~

Dear Governor DeSantis:

There is a $4,000,000 grant that has been submitted on behalf of the Town of Callahan in efforts to build on the infrastructure for one of the mega sites in Nassau County. The town has been working closely with a major manufacturer who is prepared to relocate their business to the county. I am requesting your support in helping us make this happen as the potential benefits of bringing 800 new (FTE) jobs and a capital investment of $400,000,000 would open the floodgates of opportunity.

Development of this type represents a structural change in the character of the Nassau County economy. Diversification and development of key local economic advantages would result from this type of structural change. The ability to take advantage of the economic opportunities available at Crawford Diamond Industrial Park will support a more economically stable and growing community in Nassau County.

Thank you for your support in economic development throughout our beautiful state. I enthusiastically support their proposal for funding and hope you will too.

Sincerely,

Aaron Bean

WHEREAS Nana Macaulay Bergman (1897-1982) taught school for the children of the Potawatomi Indian Reservation, Hannahville, Michigan at the age of 19,

WHEREAS after her marriage to John George Bergman they began their family in Madison, Wisconsin. Their first daughter, Shirley Irene, was born on April 4, 1920. The other 5 girls followed, their son later,

WHEREAS Nana taught herself music arrangement and began creating six-part acapella harmony versions for the popular songs. She taught the six girls each their part based on their own voices. They became the Bergman Sisters Sextet.

WHEREAS with the onset of the great depression the family moved in with Nana's mother (Mary Katherine Harris Macaulay) on Dunlap Ave, Menominee, Michigan,

WHEREAS Here the children claimed, despite poverty, they only learned they were poor as adults. Their mother made each day a joy and an opportunity for learning,

WHEREAS in 1936 the Bergman Sisters Sextet entered the Upper Peninsula State Fair vocal festival contest in Escanaba, Michigan and placed second competing with much larger choirs,

WHEREAS Shirley Bergman graduated Menominee High in 1937,

WHEREAS upon moving to Grosse Pointe, Michigan finding affordable housing for their family was impossible. Nana saw a large empty home adjacent to the Edsel Ford property which needed significant maintenance. Nana approached the neighbor and with persistence negotiated a lease for a small portion of the expected rent,

WHEREAS Nana Bergman and two friends began Detroit's first daycare center in the basement of a building owned by their sponsor, JL Hudson Co. At the time working women had few options and day care was unheard of; women needed their husband's permission to open a checking account; were not known able to tackle such an innovative project.

WHEREAS World War II began and demands for aircraft exploded. Two of the Bergman girls, Peggy and Beverly, landed jobs as "Rosie the Riveters" at Willow Run. Here they built the famous bombers so critical to winning the war. Earning their first paychecks they were part of the social change including women in America's workforce,

WHEREAS the Bergman Sisters Sextet formed a trio to perform in dinner clubs in the area such as The Latin Quarter where, on their last performance in July, they learned they earned a program spot on WJR Radio singing war tunes,

WHEREAS in late 1945, Peggy, Beverly, and Ellen (only 18), as the Doleens joined the USO touring the South Pacific entertaining the troops on a schedule like that of Bob Hope. They visited Guam, Eniwetok, Iowa Jima, Okinawa, Saipan, Hiroshima, Tokyo, and Korea.

WHEREAS after the war they all successfully raised families and continued their signing. A few examples of their other activities: Shirley was an activist helping obtain living wages for

farm workers in El Salvador; Peggy a newspaper editor and founder of a Women's Authors Organization in Stuart, Florida; Ellen a private duty oncology nurse,

WHEREAS Nana and John Bergman, Shirley Bergman Yuenger, Peggy Bergman Meissner, Jacky Bergman Farago, and Ellen Bergman Masty spent their retirement years in Stuart, Florida. The Bergman Sisters Sextet performed regularly for family and larger crowds,

WHEREAS the Bergman women of Menominee, are remembered today for caring for the least of us, dedication to family, never ceasing to learn, being financially responsible, being people of faith, proudly standing as Americans, expecting to find goodness in others. Having taught their children that we can make a difference and that people, all over the world are fascinating and good,

NOW, THEREFORE, I, Gayle Harrell, Senator, of the State of Florida, District 25, do declare March 17, 2022, as *Bergman Women of Menominee Day* in Florida.

Boss,

Regarding Pat Hemphill's issue of the 3 CSX Special Agents waiting on commissions, our office reached out and brought this issue to the Governor's office's attention and asked for assistance in getting it resolved. I heard back from Jaclyn Feltgen from the Office of Appointments in the Executive Office of the Governor on this issue recently.

- Apparently the initial applications were submitted in the final days of the Rick Scott administration and very beginning of the current one. So they were 2-3 years old with the information given. The transition of governors probably played a part in this issue occurring.
- There is a new appointments head and he recommended that the information be sent in again so that it would not be outdated, but instead be current/updated.
- Jaclyn mentioned that their office had spoken with Kenneth Frost, the CSX CEO, to let them know when the apps are going to be sent in so they can be on the lookout for it.
- It seems that CSX has not yet sent in the new, updated applications, but once they are sent in, it can be handled once and for all assuming everything checks out.
- The appointments office also gave them the packet information for FDLE's background process to assist in future applications ideally so this doesn't occur again.

- If there are any questions or issues, they can be sent to the Director's email which is Drew.Meiner@eog.myflorida.com.

Mr. Bean
As we discussed this morning we have three CSX Police Department Special Agents who have been waiting on there commissions for several years. They each completed everything required by the state of Florida within a couple months of relocating/transferring here and submitted all documents. Part of the process is a background investigation by FDLE which gets done relatively quickly after the packets are submitted, then it just seems to sit. Each time we call the commission office to check on the status of the commissions we are told the packets are too old and we have to do everything again. This will be the third time we have had to complete the process for one Agent and the second for the other two, their names are below. Any help you could give us in getting these three commissions processed would be greatly appreciated. We would also appreciate any help you could give us with avoiding these types of issues with any future commissions we may submit. Thanks in advance for your help with this matter. Good talking to you this morning.

Hello Drew and Jaclyn,

Just wanted to put this on your radars again given we spoke of the CSX commissions issue this past summer. CSX has resubmitted their commission packets a second time with up-to-date information as requested. Senator Bean is aware of this issue and hopes that it can be handled as efficiently as the process allows. Please let us know if there is anything we can do to assist and whether there is a timeframe you can give us on how long it may take to have this handled. Thank you!

Boss,

Regarding Pat Hemphill's issue of the 3 CSX Special Agents waiting on commissions, our office reached out and brought this issue to the Governor's office's attention and asked for assistance in getting it resolved. I heard back from Jaclyn Feltgen from the Office of Appointments in the Executive Office of the Governor on this issue recently.

- Apparently the initial applications were submitted in the final days of the Rick Scott administration and very beginning of the current one. So they were 2-3 years old with the information given. The transition of governors probably played a part in this issue occurring.
- There is a new appointments head and he recommended that the information be sent in again so that it would not be outdated, but instead be current/updated.
- Jaclyn mentioned that their office had spoken with Kenneth Frost, the CSX CEO, to let them know when the apps are going to be sent in so they can be on the lookout for it.
- It seems that CSX has not yet sent in the new, updated applications, but once they are sent in, it can be handled once and for all assuming everything checks out.
- The appointments office also gave them the packet information for FDLE's background process to assist in future applications ideally so this doesn't occur again.

- If there are any questions or issues, they can be sent to the Director's email which is Drew.Meiner@eog.myflorida.com.

Mr. Bean
As we discussed this morning we have three CSX Police Department Special Agents who have been waiting on there commissions for several years. They each completed everything required by the state of Florida within a couple months of relocating/transferring here and submitted all documents. Part of the process is a background investigation by FDLE which gets done relatively quickly after the packets are submitted, then it just seems to sit. Each time we call the commission office to check on the status of the commissions we are told the packets are too old and we have to do everything again. This will be the third time we have had to complete the process for one Agent and the second for the other two, their names are below. Any help you could give us in getting these three commissions processed would be greatly appreciated. We would also appreciate any help you could give us with avoiding these types of issues with any future commissions we may submit. Thanks in advance for your help with this matter. Good talking to you this morning.

Hi Dee,

Redrafted as requested; however, on lines 45, 53, 59, and 65-66 the phrase "the criminal laws of the State of Florida" could also be written as "the criminal laws of this state." This phrasing is more common in the statutes. If you'd like to make this change, or any other changes, please let us know via a redraft request. 1) Here are 6 of your 8 drafts that are currently 'released for approval'.

2) The attached 'Abortion Option 1' draft has the following comments from the drafter:

Oaj Gilani: (12/3/2021 12:29 PM):
Hi Dee,
I wanted to explain the changes I made in drafting this bill. The attachment wanted to make amendments to subsection (2) of s. 391.0111, F.S., but that subsection deals solely with the requirement that only a physician may perform an abortion. If we want to create a prohibition on abortions after 15 gestational weeks unless the medical emergency exemptions apply, then I would suggest making those revisions directly to the related provisions in ss. 390.0111 and 390.01112, F.S., as I've done in the draft. If I misunderstood and the requester had something else in mind, let me know and we can work on a redraft together.

Best,
Oaj

3) The attached 'Fuel Tax Holiday' draft comes with the following comments from the drafter:

Sarah Shuler: (12/10/2021 8:17 AM):
Hi Dee,
I've attached a document noting some concerns and questions with the language. Importantly, the reduction in the tax levied pursuant to s. 206.41(1)(g) would likely contradict the language in s. 206.41(1)(g) 1. stating that the rate shall not be lower than 6.9 cents/gallon. Further, I defer to Appropriations Committee staff on the best phrasing for transfers from GR to trust funds, though I've noted some questions related to those sections of the draft. Please let me know if you have any questions.

AMERICAN OVERSIGHT

NOTE: attached is both the clean draft AND the draft with all of the drafters comments by each edit.

4) Both the DBPR/Condo Language draft and the K-12 Education Standards draft are still being drafted.

Total of 8 items.
If there are any questions or changes you want to make, please let me know.

Finally, an important date to remember:

Good Afternoon,
I know that Ann Bolduc in our office reached out earlier in the week regarding the ask to have First Lady DeSantis record a welcome to the Youth of the Year event like she did last year. Youths across the state were thrilled to see her welcome video and Boys and Girls Clubs have asked our office again to see if she and Governor DeSantis would be willing to pre-record the welcome message to the students. It would be 3 to 5 minutes, longer if she or they both would like.
They have called me again as they need to find someone else if the First Lady and Governor are not able to do the video. I do not mean to put pressure on but they cannot wait too long to ask others.
I have attached the flyer of the event and would so appreciate and answer as soon as possible.

Thank you so much for assisting with this special request. Take care and have a great evening,

Governor Ron DeSantis
State of Florida
The Capital, 400 S. Monroe St.
Tallahassee, Fl 32399

Dear Governor DeSantis:

Listed below is a description of a very worthwhile project in the 2022 -23 budget. This project was supported by both Representative Clay Yarborough and Senator Aaron Bean. It is located in Section 3, (Human Services), line 372 (Special Categories, Grants and Aids and Contracted Services from the General Revenue Fund). It is titled Public School Telehealth and Mental Health Services (Senate Form 1591).

PROJECT MISSION:
ESE's primary mission is to reduce public school absenteeism by providing in-school primary medical care and mental health counseling. An additional benefit is that ESE Telehealth clinics in the schools will allow parents and guardians to remain at work or at home rather than having to remove their child from school for a medical or counseling appointment.

PROJECT DESCRIPTION:
ESE TELEHEALTH will establish primary care telehealth and mental health counseling clinics in 20 Northeast Florida K-12 public school nurse's stations. Each station will be staffed with an RN, LPN or MA. ESE will provide a full complement of hardware, software and medical instruments and will also provide training for school personnel.

The approved budget request is for $250,000. ESE will have a MATCHING VESTED INTEREST in this project by providing $250,000 in matching funds.

ESE respectfully urges your support of this budget item.

Bobby Hulslander , ESE Florida

1) Here are 6 of your 8 drafts that are currently 'released for approval'.

2) The attached 'Abortion Option 1' draft has the following comments from the drafter:
Oaj Gilani: (12/3/2021 12:29 PM):
Hi Dee,
I wanted to explain the changes I made in drafting this bill. The attachment wanted to make amendments to subsection (2) of s. 391.0111, F.S., but that subsection deals solely with the requirement that only a physician may perform an abortion. If we want to create a prohibition on abortions after 15 gestational weeks unless the medical emergency exemptions apply, then I would suggest making those revisions directly to the related provisions in ss. 390.0111 and 390.01112, F.S., as I've done in the draft. If I misunderstood and the requester had something else in mind, let me know and we can work on a redraft together.

Best,
Oaj

3) The attached 'Fuel Tax Holiday' draft comes with the following comments from the drafter:
Sarah Shuler: (12/10/2021 8:17 AM):
Hi Dee,
I've attached a document noting some concerns and questions with the language. Importantly, the reduction in the tax levied pursuant to s. 206.41(1)(g) would likely contradict the language in s. 206.41(1)(g) 1. stating that the rate shall not be lower than 6.9 cents/gallon. Further, I defer to Appropriations Committee staff on the best phrasing for transfers from GR to trust funds, though I've noted some questions related to those sections of the draft. Please let me know if you have any questions.
NOTE: attached is both the clean draft AND the draft with all of the drafters comments by each edit.

4) Both the DBPR/Condo Language draft and the K-12 Education Standards draft are still being drafted.

Total of 8 items.
If there are any questions or changes you want to make, please let me know.

An act relating to duties of state attorneys; amending s. 27.14, F.S.; providing that a state attorney's neglect of duty may serve as a basis for an investigation, a case, or a matter to be reassigned to another judicial circuit; creating s. 112.39, F.S.; requiring state attorneys to exercise prosecutorial discretion on a case-specific basis in a specified manner; requiring the state attorney to provide written information, upon the Governor's request, detailing the basis for the disposition resulting from exercising prosecutorial discretion; providing that adopting a blanket non-prosecution policy is evidence of failure to exercise prosecutorial discretion; specifying the actions by a state attorney which constitute neglect of duty for purposes relating to executive suspensions; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (1) of section 27.14, Florida Statutes, is amended to read:

Any exchange or assignment of any state attorney to a particular circuit shall expire 12 months after the date of issuance, unless an extension is approved by order of the Supreme Court upon application of the Governor showing good and sufficient cause to extend such exchange or assignment.

The adoption of a blanket policy of non-prosecution of any type of case, including, but not limited to, the penalty phase of death penalty-eligible cases, constitutes evidence of a failure to exercise prosecutorial discretion. A state attorney may be suspended from office by the Governor for neglect of duty, including, but not limited to, the state attorney's failure to exercise prosecutorial discretion by

Section 10. To accomplish the intent of the Legislature set forth in section 3 of this act, a retail dealer of motor fuel, at the dealer's option, may manage its motor fuel inventory in such a way that the benefit to residents of this state of the tax reduction is maximized during October 2022. A retail dealer of motor fuel may sell motor fuel purchased without the tax reduction at an amount determined as if the tax reduction applied and may sell motor fuel purchased with the tax reduction at an amount determined as if the tax reduction did not apply; however, the retail dealer must show that the number of gallons purchased with the reduced tax equals the number of gallons sold at a price reflecting the reduced tax.

Section 11. For the 2022-2023 fiscal year, the sum of $300,000 in nonrecurring funds from the General Revenue Fund is appropriated to the Department of Revenue for the purpose of developing and implementing a public awareness campaign for and administering this act.

Section 12. For the 2022-2023 fiscal year, the following nonoperating transfers are authorized:

(1) The sum of $135 million may be transferred from the General Revenue Fund into the State Transportation Trust Fund.

(2) The sum of $9 million may be transferred from the General Revenue Fund into the Fuel Tax Collection Trust Fund maintained by the State Treasury for distribution as provided in s. 206.60.

(3) The sum of $9 million may be transferred from the General Revenue Fund into the Fuel Tax Collection Trust Fund maintained by the State Treasury for distribution as provided in s. 206.605.

Commented [SS4]: Requester: Should this be a requirement instead of authorization? (i.e., "funds shall be transferred" instead of "transfers are authorized"?)

It looks like the GAA usually refers to funds being "transferred using nonoperating budget authority". I would suggest rephrasing this to align with that.

Would it be sufficient to say instead that the funds are appropriated from GR to the TF's?

Commented [SS5]: Requester: is there another Fuel Tax Collection Trust Fund such that this must be distinguished as the one maintained by the State Treasury?

Commented [SS6]: Requester: same

15. A copy of the inspection report as described in s. 718.301(4)(p).

16. Bids for materials, equipment, or services.

17. All affirmative acknowledgments made pursuant to s. 718.121(4)(c).

18. Checklists and sworn affidavits executed in response to a unit owner's request for access to records pursuant to paragraph (c).

19. A copy of any structural or engineering inspection report completed on or after July 1, 2022.

20. All other written records of the association not specifically included in the foregoing which are related to the operation of the association.

(b) The official records specified in subparagraphs (a)1.-6. must be permanently maintained from the inception of the association. Bids for work to be performed or for materials, equipment, or services must be maintained for at least 1 year after receipt of the bid. All other official records must be maintained within the state for at least 7 years, unless otherwise provided by general law. The official records must be maintained in a manner and format prescribed by division rule which make the records easily accessible for inspection. The division shall adopt rules to ensure records are maintained in such manner and format. The records of the association shall be made available to a unit owner within 45 miles of the

AMERICAN OVERSIGHT

condominium property or within the county in which the condominium property is located within 10 working days after receipt of a written request by the board or its designee. However, such distance requirement does not apply to an association governing a timeshare condominium. This paragraph may be complied with by having a copy of the official records of the association available for inspection or copying on the condominium property or association property, or the association may offer the option of making the records available to a unit owner electronically via the Internet or by allowing the records to be viewed in electronic format on a computer screen and printed upon request. The association is not responsible for the use or misuse of the information provided to an association member or his or her authorized representative in compliance with this chapter unless the association has an affirmative duty not to disclose such information under this chapter.

(c)1.a. The official records of the association are open to inspection by any association member or the authorized representative of such member at all reasonable times. The right to inspect the records includes the right to make or obtain copies, at the reasonable expense, if any, of the member or authorized representative of such member. A renter of a unit has a right to inspect and copy only the declaration of condominium and the association's bylaws and rules. The association may adopt reasonable rules regarding the frequency, time, location, notice, and manner of record inspections and copying but may not require a member to demonstrate any purpose or state any reason for the inspection. The failure of an association to provide the records within 10 working days after receipt of a written

AMERICAN OVERSIGHT

FL-GOV-22-0226_20-0378A-003029

request creates a rebuttable presumption that the association willfully failed to comply with this paragraph. A unit owner who is denied access to official records is entitled to the actual damages or minimum damages for the association's willful failure to comply. Minimum damages are $50 per calendar day for up to 10 days, beginning on the 11th working day after receipt of the written request. The failure to permit inspection entitles any person prevailing in an enforcement action to recover reasonable attorney fees from the person in control of the records who, directly or indirectly, knowingly denied access to the records.

b. In response to a statutorily compliant written request to inspect records, the association must simultaneously provide an itemized list to the requestor of all records made available for inspection and copying and a sworn affidavit in which the person facilitating or handling the association's compliance with the request attests to the veracity of the itemized list provided to the requestor. The itemized list must also identify any of the association's official records that were not made available to the requestor. An association must maintain an itemized list provided under this sub-subparagraph for 7 years.

2. Any person who knowingly or intentionally defaces or destroys accounting records that are required by this chapter to be maintained during the period for which such records are required to be maintained, or who knowingly or intentionally fails to create or maintain accounting records that are required to be created or maintained, with the intent of causing harm to the association or one or more of its members, is personally subject to a civil penalty pursuant to s. 718.501(1)(d).

3. The association shall maintain an adequate number of

AMERICAN OVERSIGHT

copies of the declaration, articles of incorporation, bylaws, and rules, and all amendments to each of the foregoing, as well as the question and answer sheet as described in s. 718.504 and year-end financial information required under this section, on the condominium property to ensure their availability to unit owners and prospective purchasers, and may charge its actual costs for preparing and furnishing these documents to those requesting the documents. An association shall allow a member or his or her authorized representative to use a portable device, including a smartphone, tablet, portable scanner, or any other technology capable of scanning or taking photographs, to make an electronic copy of the official records in lieu of the association's providing the member or his or her authorized representative with a copy of such records. The association may not charge a member or his or her authorized representative for the use of a portable device. Notwithstanding this paragraph, the following records are not accessible to unit owners:

a. Any record protected by the lawyer-client privilege as described in s. 90.502 and any record protected by the work-product privilege, including a record prepared by an association attorney or prepared at the attorney's express direction, which reflects a mental impression, conclusion, litigation strategy, or legal theory of the attorney or the association, and which was prepared exclusively for civil or criminal litigation or for adversarial administrative proceedings, or which was prepared in anticipation of such litigation or proceedings until the conclusion of the litigation or proceedings.

b. Information obtained by an association in connection with the approval of the lease, sale, or other transfer of a

AMERICAN OVERSIGHT

unit.

c. Personnel records of association or management company employees, including, but not limited to, disciplinary, payroll, health, and insurance records. For purposes of this sub-subparagraph, the term "personnel records" does not include written employment agreements with an association employee or management company, or budgetary or financial records that indicate the compensation paid to an association employee.

d. Medical records of unit owners.

e. Social security numbers, driver license numbers, credit card numbers, e-mail addresses, telephone numbers, facsimile numbers, emergency contact information, addresses of a unit owner other than as provided to fulfill the association's notice requirements, and other personal identifying information of any person, excluding the person's name, unit designation, mailing address, property address, and any address, e-mail address, or facsimile number provided to the association to fulfill the association's notice requirements. Notwithstanding the restrictions in this sub-subparagraph, an association may print and distribute to unit owners a directory containing the name, unit address, and all telephone numbers of each unit owner. However, an owner may exclude his or her telephone numbers from the directory by so requesting in writing to the association. An owner may consent in writing to the disclosure of other contact information described in this sub-subparagraph. The association is not liable for the inadvertent disclosure of information that is protected under this sub-subparagraph if the information is included in an official record of the association and is voluntarily provided by an owner and not requested by the

AMERICAN OVERSIGHT

association.

f. Electronic security measures that are used by the association to safeguard data, including passwords.

g. The software and operating system used by the association which allow the manipulation of data, even if the owner owns a copy of the same software used by the association. The data is part of the official records of the association.

h. All affirmative acknowledgments made pursuant to s. 718.121(4)(c).

(g)1. By January 1, 2023 ~~2019~~, an association managing a condominium with 150 or more units which does not contain timeshare units shall post digital copies of the association's official records specified in paragraph (a) ~~the documents specified in subparagraph 2.~~ on its website or make such documents available through an application that can be downloaded on a mobile device.

a. The association's website or application must be:

b. The association's website or application must be accessible through the Internet and must contain a subpage, web portal, or other protected electronic location that is

AMERICAN OVERSIGHT

inaccessible to the general public and accessible only to unit owners and employees of the association.

c. Upon a unit owner's written request, the association must provide the unit owner with a username and password and access to the protected sections of the association's website or application which contain any notices, records, or documents that must be electronically provided.

2. ~~A current copy of the following documents must be posted in digital format on the association's website or application:~~

~~e. A list of all executory contracts or documents to which the association is a party or under which the association or the unit owners have an obligation or responsibility and, after bidding for the related materials, equipment, or services has closed, a list of bids received by the association within the past year. In lieu of summaries, complete copies of the bids may be posted.~~

Notwithstanding the foregoing, the association or its agent is not liable for disclosing information that is protected or restricted under this paragraph unless such disclosure was made with a knowing or intentional disregard of the protected or restricted nature of such information.

3.~~4.~~ The failure of the association to post information required under subparagraph 1. ~~subparagraph 2.~~ is not in and of itself sufficient to invalidate any action or decision of the association's board or its committees.

(13) FINANCIAL REPORTING.—Within 90 days after the end of the fiscal year, or annually on a date provided in the bylaws, the association shall prepare and complete, or contract for the preparation and completion of, a financial report for the preceding fiscal year. Within 21 days after the final financial report is completed by the association or received from the third party, but not later than 120 days after the end of the fiscal year or other date as provided in the bylaws, the association shall mail to each unit owner at the address last furnished to the association by the unit owner, or hand deliver to each unit owner, a copy of the most recent financial report

AMERICAN OVERSIGHT

or a notice that a copy of the most recent financial report will be mailed or hand delivered to the unit owner, without charge, within 5 business days after receipt of a written request from the unit owner. The division shall adopt rules setting forth uniform accounting principles and standards to be used by all associations and addressing the financial reporting requirements for multicondominium associations. The rules must include, but not be limited to, standards for presenting a summary of association reserves, including a good faith estimate disclosing the annual amount of reserve funds that would be necessary for the association to fully fund reserves for each reserve item based on the straight-line accounting method. This disclosure is not applicable to reserves funded via the pooling method. In adopting such rules, the division shall consider the number of members and annual revenues of an association. Financial reports shall be prepared as follows:

(f) Beginning July 1, 2023, an association must upload a copy of the association's most recent financial statement and adopted budget to the division's website within 30 days after the date the financial statement and adopted budget are due under the governing documents of the association, or, if the governing documents do not specify a due date, within 30 days after the start of the association's fiscal year. The division shall maintain financial statements and adopted budgets uploaded to its website for 3 years and, by July 1, 2023, must make the uploaded documents available to the public and searchable by association name and fiscal year.

Section 3. Subsection (1) of section 718.501, Florida Statutes, is amended to read:

AMERICAN OVERSIGHT

718.501 Authority, responsibility, and duties of Division of Florida Condominiums, Timeshares, and Mobile Homes.—

(1) The division may enforce and ensure compliance with this chapter and rules relating to the development, construction, sale, lease, ownership, operation, and management of residential condominium units. In performing its duties, the division has complete jurisdiction to investigate complaints and enforce compliance with respect to associations that are still under developer control or the control of a bulk assignee or bulk buyer pursuant to part VII of this chapter and complaints against developers, bulk assignees, or bulk buyers involving improper turnover or failure to turnover, pursuant to s. 718.301. However, after turnover has occurred, the division has jurisdiction to investigate complaints related only to financial issues, elections, and the maintenance of and unit owner access to association records under s. 718.111(12). For the purposes of this subsection, the term "financial issue" means issues related to operating budgets; reserve schedules; accounting records under s. 718.111(12)(a)11.; notices of meetings and meeting minutes for budget or financial statement-related meetings; any assessments for common expenses, fees, or fines; commingling of funds; and any other records necessary to determine the revenues and expenses of the association. The division may adopt rules to further specify what is included within the meaning of the term.

(a)1. The division may make necessary public or private investigations within or outside this state to determine whether any person has violated this chapter or any rule or order hereunder, to aid in the enforcement of this chapter, or to aid in the adoption of rules or forms.

AMERICAN OVERSIGHT

2. The division may submit any official written report, worksheet, or other related paper, or a duly certified copy thereof, compiled, prepared, drafted, or otherwise made by and duly authenticated by a financial examiner or analyst to be admitted as competent evidence in any hearing in which the financial examiner or analyst is available for cross-examination and attests under oath that such documents were prepared as a result of an examination or inspection conducted pursuant to this chapter.

(b) The division may require or permit any person to file a statement in writing, under oath or otherwise, as the division determines, as to the facts and circumstances concerning a matter to be investigated.

(c) For the purpose of any investigation under this chapter, the division director or any officer or employee designated by the division director may administer oaths or affirmations, subpoena witnesses and compel their attendance, take evidence, and require the production of any matter which is relevant to the investigation, including the existence, description, nature, custody, condition, and location of any books, documents, or other tangible things and the identity and location of persons having knowledge of relevant facts or any other matter reasonably calculated to lead to the discovery of material evidence. Upon the failure by a person to obey a subpoena or to answer questions propounded by the investigating officer and upon reasonable notice to all affected persons, the division may apply to the circuit court for an order compelling compliance.

(d) Notwithstanding any remedies available to unit owners

AMERICAN OVERSIGHT

and associations, if the division has reasonable cause to believe that a violation of any provision of this chapter or related rule has occurred, the division may institute enforcement proceedings in its own name against any developer, bulk assignee, bulk buyer, association, officer, or member of the board of administration, or its assignees or agents, as follows:

1. The division may permit a person whose conduct or actions may be under investigation to waive formal proceedings and enter into a consent proceeding whereby orders, rules, or letters of censure or warning, whether formal or informal, may be entered against the person.

2. The division may issue an order requiring the developer, bulk assignee, bulk buyer, association, developer-designated officer, or developer-designated member of the board of administration, developer-designated assignees or agents, bulk assignee-designated assignees or agents, bulk buyer-designated assignees or agents, community association manager, or community association management firm to cease and desist from the unlawful practice and take such affirmative action as in the judgment of the division carry out the purposes of this chapter. If the division finds that a developer, bulk assignee, bulk buyer, association, officer, or member of the board of administration, or its assignees or agents, is violating or is about to violate any provision of this chapter, any rule adopted or order issued by the division, or any written agreement entered into with the division, and presents an immediate danger to the public requiring an immediate final order, it may issue an emergency cease and desist order reciting with particularity

AMERICAN OVERSIGHT

the facts underlying such findings. The emergency cease and desist order is effective for 90 days. If the division begins nonemergency cease and desist proceedings, the emergency cease and desist order remains effective until the conclusion of the proceedings under ss. 120.569 and 120.57.

3. If a developer, bulk assignee, or bulk buyer fails to pay any restitution determined by the division to be owed, plus any accrued interest at the highest rate permitted by law, within 30 days after expiration of any appellate time period of a final order requiring payment of restitution or the conclusion of any appeal thereof, whichever is later, the division must bring an action in circuit or county court on behalf of any association, class of unit owners, lessees, or purchasers for restitution, declaratory relief, injunctive relief, or any other available remedy. The division may also temporarily revoke its acceptance of the filing for the developer to which the restitution relates until payment of restitution is made.

4. The division may petition the court for appointment of a receiver or conservator. If appointed, the receiver or conservator may take action to implement the court order to ensure the performance of the order and to remedy any breach thereof. In addition to all other means provided by law for the enforcement of an injunction or temporary restraining order, the circuit court may impound or sequester the property of a party defendant, including books, papers, documents, and related records, and allow the examination and use of the property by the division and a court-appointed receiver or conservator.

5. The division may apply to the circuit court for an order of restitution whereby the defendant in an action brought under

AMERICAN OVERSIGHT

subparagraph 4. is ordered to make restitution of those sums shown by the division to have been obtained by the defendant in violation of this chapter. At the option of the court, such restitution is payable to the conservator or receiver appointed under subparagraph 4. or directly to the persons whose funds or assets were obtained in violation of this chapter.

6. The division may impose a civil penalty against a developer, bulk assignee, or bulk buyer, or association, or its assignee or agent, for any violation of this chapter or related rule. The division may impose a civil penalty individually against an officer or board member who willfully and knowingly violates this chapter, an adopted rule, or a final order of the division; may order the removal of such individual as an officer or from the board of administration or as an officer of the association; and may prohibit such individual from serving as an officer or on the board of a community association for a period of time. The term "willfully and knowingly" means that the division informed the officer or board member that his or her action or intended action violates this chapter, a rule adopted under this chapter, or a final order of the division and that the officer or board member refused to comply with the requirements of this chapter, a rule adopted under this chapter, or a final order of the division. The division, before initiating formal agency action under chapter 120, must afford the officer or board member an opportunity to voluntarily comply, and an officer or board member who complies within 10 days is not subject to a civil penalty. A penalty may be imposed on the basis of each day of continuing violation, but the penalty for any offense may not exceed $5,000. The division

AMERICAN OVERSIGHT

FL-GOV-22-0226_20-0378A-003042

shall adopt, by rule, penalty guidelines applicable to possible violations or to categories of violations of this chapter or rules adopted by the division. The guidelines must specify a meaningful range of civil penalties for each such violation of the statute and rules and must be based upon the harm caused by the violation, the repetition of the violation, and upon such other factors deemed relevant by the division. For example, the division may consider whether the violations were committed by a developer, bulk assignee, or bulk buyer, or owner-controlled association, the size of the association, and other factors. The guidelines must designate the possible mitigating or aggravating circumstances that justify a departure from the range of penalties provided by the rules. It is the legislative intent that minor violations be distinguished from those which endanger the health, safety, or welfare of the condominium residents or other persons and that such guidelines provide reasonable and meaningful notice to the public of likely penalties that may be imposed for proscribed conduct. This subsection does not limit the ability of the division to informally dispose of administrative actions or complaints by stipulation, agreed settlement, or consent order. All amounts collected shall be deposited with the Chief Financial Officer to the credit of the Division of Florida Condominiums, Timeshares, and Mobile Homes Trust Fund. If a developer, bulk assignee, or bulk buyer fails to pay the civil penalty and the amount deemed to be owed to the association, the division shall issue an order directing that such developer, bulk assignee, or bulk buyer cease and desist from further operation until such time as the civil penalty is paid or may pursue enforcement of the penalty in a court of

AMERICAN OVERSIGHT

FL GOV 22-0226 20-0378A-003043

competent jurisdiction. If an association fails to pay the civil penalty, the division shall pursue enforcement in a court of competent jurisdiction, and the order imposing the civil penalty or the cease and desist order is not effective until 20 days after the date of such order. Any action commenced by the division shall be brought in the county in which the division has its executive offices or in the county where the violation occurred.

7. If a unit owner presents the division with proof that the unit owner has requested access to official records in writing by certified mail, and that after 10 days the unit owner again made the same request for access to official records in writing by certified mail, and that more than 10 days has elapsed since the second request and the association has still failed or refused to provide access to official records as required by this chapter, the division shall issue a subpoena requiring production of the requested records where the records are kept pursuant to s. 718.112.

8. In addition to subparagraph 6., the division may seek the imposition of a civil penalty through the circuit court for any violation for which the division may issue a notice to show cause under paragraph (r). The civil penalty shall be at least $500 but no more than $5,000 for each violation. The court may also award to the prevailing party court costs and reasonable attorney fees and, if the division prevails, may also award reasonable costs of investigation.

(e) The division may prepare and disseminate a prospectus and other information to assist prospective owners, purchasers, lessees, and developers of residential condominiums in assessing

AMERICAN OVERSIGHT

the rights, privileges, and duties pertaining thereto.

(f) The division may adopt rules to administer and enforce this chapter.

(g) The division shall establish procedures for providing notice to an association and the developer, bulk assignee, or bulk buyer during the period in which the developer, bulk assignee, or bulk buyer controls the association if the division is considering the issuance of a declaratory statement with respect to the declaration of condominium or any related document governing such condominium community.

(h) The division shall furnish each association that pays the fees required by paragraph (2)(a) a copy of this chapter, as amended, and the rules adopted thereto on an annual basis.

(i) The division shall annually provide each association with a summary of declaratory statements and formal legal opinions relating to the operations of condominiums which were rendered by the division during the previous year.

(j) The division shall provide training and educational programs for condominium association board members and unit owners. The training may, in the division's discretion, include web-based electronic media, and live training and seminars in various locations throughout the state. The division may review and approve education and training programs for board members and unit owners offered by providers and shall maintain a current list of approved programs and providers and make such list available to board members and unit owners in a reasonable and cost-effective manner.

(k) The division shall maintain a toll-free telephone number accessible to condominium unit owners.

AMERICAN OVERSIGHT

(l) The division shall develop a program to certify both volunteer and paid mediators to provide mediation of condominium disputes. The division shall provide, upon request, a list of such mediators to any association, unit owner, or other participant in alternative dispute resolution proceedings under s. 718.1255 requesting a copy of the list. The division shall include on the list of volunteer mediators only the names of persons who have received at least 20 hours of training in mediation techniques or who have mediated at least 20 disputes. In order to become initially certified by the division, paid mediators must be certified by the Supreme Court to mediate court cases in county or circuit courts. However, the division may adopt, by rule, additional factors for the certification of paid mediators, which must be related to experience, education, or background. Any person initially certified as a paid mediator by the division must, in order to continue to be certified, comply with the factors or requirements adopted by rule.

(m) If a complaint is made, the division must conduct its inquiry with due regard for the interests of the affected parties. Within 30 days after receipt of a complaint, the division shall acknowledge the complaint in writing and notify the complainant whether the complaint is within the jurisdiction of the division and whether additional information is needed by the division from the complainant. The division shall conduct its investigation and, within 90 days after receipt of the original complaint or of timely requested additional information, take action upon the complaint. However, the failure to complete the investigation within 90 days does not prevent the division from continuing the investigation,

AMERICAN OVERSIGHT

FL-GOV-22-0226_20-0378A-003046

accepting or considering evidence obtained or received after 90 days, or taking administrative action if reasonable cause exists to believe that a violation of this chapter or a rule has occurred. If an investigation is not completed within the time limits established in this paragraph, the division shall, on a monthly basis, notify the complainant in writing of the status of the investigation. When reporting its action to the complainant, the division shall inform the complainant of any right to a hearing under ss. 120.569 and 120.57. The division may adopt rules regarding the submission of a complaint against an association.

(n) Condominium association directors, officers, and employees; condominium developers; bulk assignees, bulk buyers, and community association managers; and community association management firms have an ongoing duty to reasonably cooperate with the division in any investigation under this section. The division shall refer to local law enforcement authorities any person whom the division believes has altered, destroyed, concealed, or removed any record, document, or thing required to be kept or maintained by this chapter with the purpose to impair its verity or availability in the department's investigation.

(o) The division may:

1. Contract with agencies in this state or other jurisdictions to perform investigative functions; or

2. Accept grants-in-aid from any source.

(p) The division shall cooperate with similar agencies in other jurisdictions to establish uniform filing procedures and forms, public offering statements, advertising standards, and rules and common administrative practices.

AMERICAN OVERSIGHT

FL_GOV_22-0226_20-0378A-003047

(q) The division shall consider notice to a developer, bulk assignee, or bulk buyer to be complete when it is delivered to the address of the developer, bulk assignee, or bulk buyer currently on file with the division.

(r) In addition to its enforcement authority, the division may issue a notice to show cause, which must provide for a hearing, upon written request, in accordance with chapter 120.

(s) The division shall submit to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the chairs of the legislative appropriations committees an annual report that includes, but need not be limited to, the number of training programs provided for condominium association board members and unit owners, the number of complaints received by type, the number and percent of complaints acknowledged in writing within 30 days and the number and percent of investigations acted upon within 90 days in accordance with paragraph (m), and the number of investigations exceeding the 90-day requirement. The annual report must also include an evaluation of the division's core business processes and make recommendations for improvements, including statutory changes. The report shall be submitted by September 30 following the end of the fiscal year.

Section 4. This act shall take effect July 1, 2022.

Commissioner of Education shall design and implement a statewide, standardized assessment program aligned to the core curricular content established in the educational ~~Next Generation Sunshine State~~ standards adopted pursuant to s. 1003.41. The commissioner also must develop or select and implement a common battery of assessment tools that will be used in all juvenile justice education programs in the state. These tools must accurately measure the core curricular content established in the educational ~~Next Generation Sunshine State~~ standards. Participation in the assessment program is mandatory for all school districts and all students attending public schools, including adult students seeking a standard high school diploma under s. 1003.4282 and students in Department of Juvenile Justice education programs, except as otherwise provided by law. If a student does not participate in the assessment program, the school district must notify the student's parent and provide the parent with information regarding the implications of such nonparticipation. The statewide, standardized assessment program shall be designed and implemented as follows:

(a) *Statewide, standardized comprehensive assessments.*—The statewide, standardized English Language Arts (ELA) assessments shall be administered to students in grades 3 through 10. Retake opportunities for the grade 10 ELA assessment must be provided. Reading passages and writing prompts for ELA assessments shall incorporate grade-level core curricula content from social studies. The statewide, standardized mathematics assessments shall be administered annually in grades 3 through 8. The statewide, standardized science assessment shall be administered

annually at least once at the elementary and middle grades levels. In order to earn a standard high school diploma, a student who has not earned a passing score on the grade 10 ELA assessment must earn a passing score on the assessment retake or earn a concordant score as authorized under subsection (9). Statewide, standardized ELA and mathematics assessments in grades 3 through 6 must be delivered in a paper-based format.

(b) *End-of-course (EOC) assessments.*—EOC assessments must be statewide, standardized, and developed or approved by the Department of Education as follows:

1. EOC assessments for Algebra I, Geometry, Biology I, United States History, and Civics shall be administered to students enrolled in such courses as specified in the course code directory.

2. Students enrolled in a course, as specified in the course code directory, with an associated statewide, standardized EOC assessment must take the EOC assessment for such course and may not take the corresponding subject or grade-level statewide, standardized assessment pursuant to paragraph (a). Sections 1003.4156 and 1003.4282 govern the use of statewide, standardized EOC assessment results for students.

3. The commissioner may select one or more nationally developed comprehensive examinations, which may include examinations for a College Board Advanced Placement course, International Baccalaureate course, or Advanced International Certificate of Education course, or industry-approved examinations to earn national industry certifications identified in the CAPE Industry Certification Funding List, for use as EOC assessments under this paragraph if the commissioner determines

AMERICAN OVERSIGHT

FL-GOV-22-0226_20-0378A-003075

that the content knowledge and skills assessed by the examinations meet or exceed the grade-level expectations for the core curricular content established for the course in the education ~~Next Generation Sunshine State~~ standards. Use of any such examination as an EOC assessment must be approved by the state board in rule.

4. Contingent upon funding provided in the General Appropriations Act, including the appropriation of funds received through federal grants, the commissioner may establish an implementation schedule for the development and administration of additional statewide, standardized EOC assessments that must be approved by the state board in rule. If approved by the state board, student performance on such assessments constitutes 30 percent of a student's final course grade.

5. All statewide, standardized EOC assessments must be administered online except as otherwise provided in paragraph (d).

6. A student enrolled in an Advanced Placement (AP), International Baccalaureate (IB), or Advanced International Certificate of Education (AICE) course who takes the respective AP, IB, or AICE assessment and earns the minimum score necessary to earn college credit, as identified in s. 1007.27(2), meets the requirements of this paragraph and does not have to take the EOC assessment for the corresponding course.

(c) *Nationally recognized high school assessments.*—Each school district shall, by the 2021-2022 school year and subject to appropriation, select either the SAT or ACT for districtwide administration to each public school student in grade 11,

AMERICAN OVERSIGHT

FL_GOV_22-0226_20-0378A-003076

including students attending public high schools, alternative schools, and Department of Juvenile Justice education programs.

(d) *Students with disabilities; Florida Alternate Assessment.*—

1. Each district school board must provide instruction to prepare students with disabilities in the core content knowledge and skills necessary for successful grade-to-grade progression and high school graduation.

2. A student with a disability, as defined in s. 1007.02, for whom the individual education plan (IEP) team determines that the statewide, standardized assessments under this section cannot accurately measure the student's abilities, taking into consideration all allowable accommodations, shall have assessment results waived for the purpose of receiving a course grade and a standard high school diploma. Such waiver shall be designated on the student's transcript. The statement of waiver shall be limited to a statement that performance on an assessment was waived for the purpose of receiving a course grade or a standard high school diploma, as applicable.

3. The State Board of Education shall adopt rules, based upon recommendations of the commissioner, for the provision of assessment accommodations for students with disabilities and for students who have limited English proficiency.

a. Accommodations that negate the validity of a statewide, standardized assessment are not allowed during the administration of the assessment. However, instructional accommodations are allowed in the classroom if identified in a student's IEP. Students using instructional accommodations in the classroom that are not allowed on a statewide, standardized

AMERICAN OVERSIGHT

FL GOV 22-0226, 20-0378A-003077

assessment may have assessment results waived if the IEP team determines that the assessment cannot accurately measure the student's abilities.

b. If a student is provided with instructional accommodations in the classroom that are not allowed as accommodations for statewide, standardized assessments, the district must inform the parent in writing and provide the parent with information regarding the impact on the student's ability to meet expected performance levels. A parent must provide signed consent for a student to receive classroom instructional accommodations that would not be available or permitted on a statewide, standardized assessment and acknowledge in writing that he or she understands the implications of such instructional accommodations.

c. If a student's IEP states that online administration of a statewide, standardized assessment will significantly impair the student's ability to perform, the assessment shall be administered in hard copy.

4. For students with significant cognitive disabilities, the Department of Education shall provide for implementation of the Florida Alternate Assessment to accurately measure the core curricular content established in the Next Generation Sunshine State Standards.

(e) *Assessment scores and achievement levels.*—

1. All statewide, standardized EOC assessments and ELA, mathematics, and science assessments shall use scaled scores and achievement levels. Achievement levels shall range from 1 through 5, with level 1 being the lowest achievement level, level 5 being the highest achievement level, and level 3

AMERICAN OVERSIGHT

FL GOV 22-0226, 20-0378A-003078

indicating satisfactory performance on an assessment.

2. The state board shall designate by rule a passing score for each statewide, standardized assessment.

3. If the commissioner seeks to revise a statewide, standardized assessment and the revisions require the state board to modify performance level scores, including the passing score, the commissioner shall provide a copy of the proposed scores and implementation plan to the President of the Senate and the Speaker of the House of Representatives at least 90 days before submission to the state board for review. Until the state board adopts the modifications by rule, the commissioner shall use calculations for scoring the assessment that adjust student scores on the revised assessment for statistical equivalence to student scores on the former assessment. The state board shall adopt by rule the passing score for the revised assessment that is statistically equivalent to the passing score on the discontinued assessment for a student who is required to attain a passing score on the discontinued assessment. The commissioner may, with approval of the state board, discontinue administration of the former assessment upon the graduation, based on normal student progression, of students participating in the final regular administration of the former assessment. If the commissioner revises a statewide, standardized assessment and the revisions require the state board to modify the passing score, only students taking the assessment for the first time after the rule is adopted are affected.

(f) *Prohibited activities.*—A district school board shall prohibit each public school from suspending a regular program of curricula for purposes of administering practice assessments or

AMERICAN OVERSIGHT

engaging in other assessment-preparation activities for a statewide, standardized assessment. However, a district school board may authorize a public school to engage in the following assessment-preparation activities:

1. Distributing to students sample assessment books and answer keys published by the Department of Education.

2. Providing individualized instruction in assessment-taking strategies, without suspending the school's regular program of curricula, for a student who scores Level 1 or Level 2 on a prior administration of an assessment.

3. Providing individualized instruction in the content knowledge and skills assessed, without suspending the school's regular program of curricula, for a student who scores Level 1 or Level 2 on a prior administration of an assessment or a student who, through a diagnostic assessment administered by the school district, is identified as having a deficiency in the content knowledge and skills assessed.

4. Administering a practice assessment or engaging in other assessment-preparation activities that are determined necessary to familiarize students with the organization of the assessment, the format of assessment items, and the assessment directions or that are otherwise necessary for the valid and reliable administration of the assessment, as set forth in rules adopted by the State Board of Education with specific reference to this paragraph.

(g) *Contracts for assessments.*—The commissioner shall provide for the assessments to be developed or obtained, as appropriate, through contracts and project agreements with private vendors, public vendors, public agencies, postsecondary

AMERICAN OVERSIGHT

educational institutions, or school districts. The commissioner may enter into contracts for the continued administration of the assessments authorized and funded by the Legislature. Contracts may be initiated in 1 fiscal year and continue into the next fiscal year and may be paid from the appropriations of either or both fiscal years. The commissioner may negotiate for the sale or lease of tests, scoring protocols, test scoring services, and related materials developed pursuant to law.

The notification must comply with paragraph (5)(d) and must include a description of proposed interventions and supports that will be provided to the child to remediate the identified areas of reading deficiency.

2. Implement a policy for the midyear promotion of a student retained under paragraph (5)(c) who can demonstrate that he or she is a successful and independent reader and performing at or above grade level in reading or, upon implementation of English Language Arts assessments, performing at or above grade level in English Language Arts. Students promoted during the school year after November 1 must demonstrate proficiency levels in reading equivalent to the level necessary for the beginning of grade 4. The rules adopted by the State Board of Education must include standards that provide a reasonable expectation that the student's progress is sufficient to master appropriate grade 4 level reading skills.

3. Provide students who are retained under paragraph (5)(c), including students participating in the school district's summer reading camp under subparagraph (a)2., with a highly effective teacher as determined by the teacher's performance evaluation under s. 1012.34, and, beginning July 1, 2020, the teacher must also be certified or endorsed in reading.

1.a. Through June 30, 2001, the cost to the employer for benefits under the optional retirement program equals the normal cost portion of the employer retirement contribution which would be required if the employee were a member of the pension plan's Regular Class, plus the portion of the contribution rate required by s. 112.363(8) which would otherwise be assigned to the Retiree Health Insurance Subsidy Trust Fund.

AMERICAN OVERSIGHT

b. Effective July 1, 2001, through June 30, 2011, each employer shall contribute on behalf of each member of the optional program an amount equal to 10.43 percent of the employee's gross monthly compensation. The employer shall deduct an amount for the administration of the program.

c. Effective July 1, 2011, through June 30, 2012, each member shall contribute an amount equal to the employee contribution required under s. 121.71(3). The employer shall contribute on behalf of each program member an amount equal to the difference between 8.15 percent of the employee's gross monthly compensation and the employee's required contribution based on the employee's gross monthly compensation.

e. The employer shall contribute an additional amount to the Florida Retirement System Trust Fund equal to the unfunded actuarial accrued liability portion of the Regular Class contribution rate.

2. The decision to participate in the optional retirement program is irrevocable as long as the employee holds a position eligible for participation, except as provided in subparagraph 3. Any service creditable under the Florida Retirement System is retained after the member withdraws from the system; however, additional service credit in the system may not be earned while

a member of the optional retirement program.

3. An employee who has elected to participate in the optional retirement program shall have one opportunity, at the employee's discretion, to transfer from the optional retirement program to the pension plan of the Florida Retirement System or to the investment plan established under part II of this chapter, subject to the terms of the applicable optional retirement program contracts.

a. b. If the employee chooses to move to the pension plan of the Florida Retirement System, the employee shall receive service credit equal to his or her years of service under the optional retirement program.

(I) The cost for such credit is the amount representing the present value of the employee's accumulated benefit obligation for the affected period of service. The cost shall be calculated as if the benefit commencement occurs on the first date the employee becomes eligible for unreduced benefits, using the discount rate and other relevant actuarial assumptions that were used to value the Florida Retirement System Pension Plan liabilities in the most recent actuarial valuation. The calculation must include any service already maintained under the pension plan in addition to the years under the optional retirement program. The present value of any service already maintained must be applied as a credit to total cost resulting

(II) The employee must transfer from his or her optional retirement program account and from other employee moneys as necessary, a sum representing the present value of the employee's accumulated benefit obligation immediately following the time of such movement, determined assuming that attained service equals the sum of service in the pension plan and service in the optional retirement program.

4. Participation in the optional retirement program is limited to employees who satisfy the following eligibility criteria:

a. The employee is otherwise eligible for membership or renewed membership in the Regular Class of the Florida Retirement System, as provided in s. 121.021(11) and (12) or s. 121.122.

A member who receives a program distribution funded by employer and required employee contributions is deemed to be retired from a state-administered retirement system if the member is subsequently employed with an employer that participates in the Florida Retirement System.

6. Eligible community college employees are compulsory members of the Florida Retirement System until, pursuant to s. 1012.875, a written election to withdraw from the system and participate in the optional retirement program is filed with the program administrator and received by the division.

a. A community college employee whose program eligibility results from initial employment shall be enrolled in the optional retirement program retroactive to the first day of eligible employment. The employer and employee retirement contributions paid through the month of the employee plan change shall be transferred to the community college to the employee's optional program account, and, effective the first day of the next month, the employer shall pay the applicable contributions based upon subparagraph 1.

7. Effective July 1, 2003, through December 31, 2008, any member of the optional retirement program who has service credit in the pension plan of the Florida Retirement System for the period between his or her first eligibility to transfer from the pension plan to the optional retirement program and the actual date of transfer may, during employment, transfer to the optional retirement program a sum representing the present value of the accumulated benefit obligation under the defined benefit retirement program for the period of service credit. Upon transfer, all service credit previously earned under the pension plan during this period is nullified for purposes of entitlement to a future benefit under the pension plan.
