Re: Public Information Request No. R012054

Dear Ms. Lewis:

This e-mail is in response to your public information request to the Office of the Attorney General ("OAG"), received by the OAG on March 21, 2022.

The OAG has reviewed its files and has located the attached documents that are responsive to your request. Although the Public Information Act allows a governmental body to charge for providing documents under certain circumstances, the attached documents are being provided to you at no charge.

Please note the OAG has redacted personal e-mail addresses from the attached documents pursuant to section 552.137 of the Government Code and the previous determination issued by the Open Records Division. See Open Records Decision No. 684 (2009) (governmental bodies may withhold certain information without necessity of requesting decision from Open Records Division).

The OAG has also redacted access device numbers that are confidential under section 552.136 of the Government Code. Because our office is prohibited by law from releasing this information to you, we have removed it from the attached documents. Normally, we must request a ruling from the Open Records Division before we can withhold information. However, section 552.136 allows us to withhold this specific information without requesting a ruling from the Open Records Division. You have the right to appeal our decision to withhold this information from you. Instructions for appeal are attached. If you do not want to appeal, you do

not need to do anything else. Please note that we are only withholding a specific category of information that is confidential under section 552.136.

Finally, the attached documents contained the personal cellular telephone number of an employee of the OAG. As allowed by section 552.024 of the Government Code, this employee has chosen to make this personal information confidential. Because our office is prohibited by law from releasing this personal information to you, we have removed it from the attached documents. Normally, we must request a ruling from the Open Records Division before we can withhold any of the information you requested. However, section 552.024 allows us to withhold this specific information without requesting a ruling.

You have the right to appeal our decision to withhold this information from you. Instructions for appeal are attached. If you do not want to appeal, you do not need to do anything else. Please note that we are only withholding the specific categories of information that are confidential under sections 552.024 and 552.117 of the Government Code.

If you have any questions, please contact publicrecords@oag.texas.gov.

Sincerely,

Marisol Bernal-Leon
Public Information Coordinator's Office

Hi Kimberly,

We're looking forward to having AG Paxton join us this evening! Hit time will be 6:55 PM EST. Please have him seated at Austin PAC SAT by 6:40 PM EST for an audio check ahead of the hit. He will be one on one with Liz to discuss the Biden administration's ICE report and the latest news from the border.

Please see topic details below and pass along AG Paxton's POV when you have it. Let me know if you have any questions!

Scoop: Biden officials fear "mass migration event" if COVID policies end

Those estimates, first reported by Axios, include potentially around 170,000 people coming to the US southern border and some 25,000 migrants already in shelters in Mexico, the source said.

Hey Alejandro! This Monday, Sept 27, we are taking the show to Texas to highlight the crisis that we are seeing at the Southern border. Would AG Paxton be available to join Leland for a live interview on site? Leland will be on site early to pretape some other elements for the show, so we could also arrange a pretaped interview as well!

We really want to tell the story of what Texas is going through right now - how this crisis is overwhelming the area, how

We really want to tell the story of what Texas is going through right now - how this crisis is overwhelming the area, how Texas DPS is being credited for helping to control the situation at the Del Rio bridge, and how this impacts the economy, etc. Let me know if we can make something work. Happy to work around your schedule!

Hi Erenia. I don't think he'll be in Texas on Monday but I can check. How long will you guys be here? And in what city?

Hi! Leland Lands on Saturday afternoon. The team is planning to tape a lot of elements to highlight/show how bad things are down at the border. I'm working with Texas DPS to link up with Leland. But we're flexible! Leland can go to the AG Saturday later afternoon/evening or anytime

Hey Erenia. Can this be over the phone?

I can check! Could he do FaceTime?

Probably not. He'll likely be on the road during that time slot.

Thanks for checking.

Copy that. I'll check on a phoner. Totally understand he's on the road. Any time restraints/hard time out?

Still checking on availability.

Hey, sorry for the delay!
Unfortunately we no longer will talk border, just on the news about the governor's mandate, so we have clear this segment for today.
I'm so so sorry, but please thank AG Paxton for making the time to join us! Just really bad luck on our end

No worries. I understand. It happens. Thanks for considering AG Paxton.

Delivered

Thank you for being understanding. Always appreciate it! And of course. Hope to make it work sometime soon!
