We have to do something about at least SCREVEN COUNTY, GEORGIA and likely at least THE OGEECHEE JUDICIAL CIRCUIT. They are allowing the faggot losers to murder the successful winner before We even go to college. They are murdering all of our families in cold blood-everybody that can move, specifically the truly moving, heterosexual, cripple/walking young men... before we even finish puberty.

It's so much of a problem that it's known, judicially notice fact. The local GBI. Investigator, br ett dickerson is well known for sexual abusing and murdering clients and society, specifically popular, cripple and walking young men, and he runs the Screven Sheriff's Department as like the supervisor, teaching other officers to photograph their sexual abuse victims, to vandalize and harass clients....

I've already lost my life to the corruption, but if I have anything to do with it, I'll be the last one. As you can see, I'm doing everything I can to make one of the top 5 shittiest place in the world to live and the murder capitol of the world, the nice place it actually is minus corrupt law enforcement. I'm doing

what I can, and as a US. citizen I'm doing my duty to the Country to take my discovery to past the ends of justice.

I really need your help. You can sneak in, hire in, win elections... taking the community for the good people, cleaning up the corruption, ad making it one of the top 5 country farm communities in the nation to live.... You are a lot more equip to clean up a faggot community, establish a nice community of truly moving winner... than I.

I know it's gotta make you sick. All the big, hard, throbbing cock men, who were gonna be our judges, DA's... Commissioners, ect. have and are being murdered by losers, who have cheated their way through life, murdering the competition.

Except that bre tt dickerson, CARLOS WINFIELD BLOCKER, LEROY LANG have my rectum out of my ass restraining my rectals and arms, I have the absolute perfect 5'7, 200lb body. I can stand the perfect full body mid section and 1 hand, 3 hand, 8 hand... gluts on my ass, right where they belong, full legs... standing the body perfect.... They just continue to restrain my rectal and to try to tar my arms off every time I stand my body properly, making me look like a weak, skin... instead of the big, cut, muscular man I am

I hope Judge Bennett will grant my protective order against them. Every time I correct my stance or even attempt to use my body, they batter me nearly to death-trying to cause me to lose my gluts up my ass... inflicting series pain as if I had Carpel Tunnel Syndrome....

It's just their restraints. Other than that, I have a perfect body.... I never even go to use my body as a grown man, and I was one of the best bodies of all times....

I have the right to kill them in self defense, but the local police and court

system support them and are depriving me of the equal protection of the law....

I was likely making a killing on my Bonds. I just wasn't yet totally competent to the Bonds I was giving. I had the strongest grip in the game ever... when a Bond was violated it's paid in full with interest for Life....

The Bond I had forced on Justice Roberts was a \$250,000.00 up front cash, with a 176/0.00176% annual interest to both parties-no pay back... unless one of the parties violates, at which time the violating party is liable for payment and interest....

English Law is the real way you are suppose to handle your legal issues. The paper form is fake and bogus... for the congenitally incompetent. Every court in the Nation is an English court... even though they practice paper form law too.

When in English, you go straight to your judge/justice, skipping the clerk's office, the story being the truth and nothing but the truth....

I don't know why, but Fran's Bond petition was the first thing I did this morning, naturally, even though I was not competent... but competent.... I

woke up at like 04:30 and began on it immediately. I don't know why, but my mind and body naturally knew what it was doing-only my congenital restraints kept me from actually realizing what was going on-I was doing.

Lang fu-ked JOHN ROBERTS JR. out of a \$250,000.00 up front, cash Bond...

It was the hardest Bond petition ever, ever. Most Bondsmen couldn't even live through it. You should have seen how hard of a body it took.

I'm richer than everybody and the best of the best of the best, but due Aggravated Sexual Battery, I can't stand up to my true life.

It was gonna be a lot nicer than a OCTA-LONG STAFF-SHORT STAFF-20... Article, 10, 8 subsections... English petition... long staffed to Chief Justice JOHN ROBERTS JR. to issue through Judge LOVETT BENNETT JR'S short staff... establishing all her Rights, \$18,000,000.00 redress... Bond stipulation... and the State was gonna have to pay me the full Bond....

I was just learning how to do Bonds-congenital.... It's cool as hell. If you have an OCTA-LONG-STAFF, which may not be a true certified SAI-BO, and OCTA-SECTION fingers and hands, you can Bond people....

I don't understand because of my disability, but you can make short staff, long staff, short staff-long staff, long staff-short staff... Bonds, Bonds that can't be violated and even which keep a person from ever committing the crime in the first place.

You can sell Bonds for anything or any purpose. Bonds on court orders are a little different, almost fake, but if you understand what you are doing, you can sell good congenital Bonds, which can't be violated by either party or staff... the whole long staff... the Bondsman holding a Bond on every member of the long staff, requiring the staff to take action... some of the Bonds keeping you from ever having to appear to court at all... and requiring that the staff doesn't bother you for any reason....

Hi Jonathan,

Just as the draft of the audit report is being prepared and is on its way to my Arizona Senate next week, we are reminded of why it is so important to get these elections right.

We have seen instance after instance of slipshod counting, voters who voted despite not being registered, voters who voted by mail without having been sent a ballot. All that played a part in Arizona in 2020, and probably other states too.

And now, the fraudulent President Biden has made an absolute mess of the Afghanistan pullout, with disastrous consequences- including between 15,000 and 40,000 Americans left stranded there and a woke military incapable of performing its mission.

THAT is why this matters.

I'm Arizona State Senator Wendy Rogers. I am an Arizona State Senator leading the nationwide movement for election integrity in the states! [Please help me continue to fight for election audits!](#)

First, the good news: the audit report is coming!

Now, the Leftist media will try to discredit the report- so be vigilant!

I am making a tour of the country to give support to our allies in the Election Integrity Caucus that are working to get audits in places like Pennsylvania!

I attended an event there this week, to support Doug Mastriano, Teddy Daniels, and others who are fighting for election integrity in the Keystone State!

But understand, that elections have consequences. That is why we are working so hard to make sure we get this right.

Because the bumbling fraudulent president, Joe Biden, stumbled his way to abandoning as many as 40,000 Americans to the murderous Taliban- who no longer fear us because of Biden.

This I know: President Trump would not have left tens of thousands of Americans to their deaths. He would not have let the Taliban reclaim Afghanistan in the first place. And he would not have let hundreds of billions of dollars of American military equipment fall into Taliban hands.

THAT is why we must get this right. Because elections have consequences.

Think of our progress:

- A 50-state caucus of election integrity champions
- Audit report due next week
- Strong election integrity bills upheld by the U.S. Supreme Court

And we're just getting started.

But there's so much more to do. But the utter failure of Joe Biden is showing why election integrity matters so much! That's why I know we will succeed. [Will you help me spread election integrity around the country?](#)

We can uncover this fraud. We can clean it up.

The Left cheats- constantly. It's the only way they can drag across a dud like Biden. [Help us finish this process!](#)

We are winning. Don't give up now. [Join our fight and help us stop the fraud!](#)

Thank you so much.
