Hi Rep. Harding,

Thanks for your time today.

As I mentioned, here is the article about Seminole County's initial plan to censor yearbook photos of a student walkout protest against HB 1557. The school board reversed course on this Tuesday.

A few questions for you:
-- What is your response to criticism that HB 1557 is leading to censorship in schools of LGBTQ topics beyond grade three because school administrators are fearful of angering state leaders or being sued by parents?
-- Do you think HB 1557 has anything to do with the removal of books on LGBTQ topics from school libraries, editing of graduation speeches or censorship of school yearbooks? In particular, Equality Florida wrote in a news release, "Yearbooks, graduation ceremonies, school newspapers, and school libraries for all students are being held hostage under the law's new lawsuit provision."

If you need to reach me by phone, you can get me at 954-200-9418. My deadline on this is 5 p.m. Thursday.

AMERICAN OVERSIGHT

'Don't say gay' protest photos to be covered up in yearbook

A Seminole County high school is covering up yearbook photos of students protesting Florida's so-called "don't say gay" bill, a move that the publication's staffers call censorship.

Lyman High School's yearbook features photos of students holding rainbow flags and a "love is love" sign during a walkout protest in March.

But school officials delayed distributing the yearbooks Monday and determined that certain pictures and descriptions "did not meet school board policy," Michael Hunter, the school's principal, said in a recorded message.

"Rather than reprinting the yearbook at substantial cost and delay, we have elected to cover the material that is out of compliance with board policy so that yearbooks can be distributed as soon as possible," he said.

Danielle Pomeranz, the yearbook's faculty adviser, said she was told to check into placing stickers over photos and captions of the walkout protest.

Students who worked on the yearbook have launched a social media campaign called #stopthestickers.

"This really shouldn't be happening because all we did as journalists was document what was happening at our school on our campus," said Skye Tiedemann, one of the yearbook's editors-in-chief. "To have that covered up isn't right. ... This is censorship."

Hunter's message didn't explain which material in the yearbook was objectionable or why, but he said distribution was delayed to ensure the yearbook meets all Seminole County School Board policies, "particularly as it pertains to non-school sponsored events contained in school publications."

"Unfortunately, the pictures and descriptions that depicted this event did not meet school board policy and were not caught earlier in the review process," he said.

Michael Lawrence, a district spokesman, said school officials decided to cover the photos and captions because they thought the descriptions gave the impression the walkout was a school-sponsored event when it was not.

The yearbook includes a page highlighting the school's gay-straight alliance club, which met board policy and will not be covered, he said.

About 600 yearbooks were ordered, and it would cost about $45,000 to have them reprinted, Pomeranz said.

Earlier this year, students across Florida walked out of class to protest HB 1557, officially titled Parental Rights in Education but known as the "don't say gay" bill by opponents. The law bans classroom instruction on "sexual orientation or gender identity" for grades kindergarten through three or in a manner that is not

AMERICAN OVERSIGHT

"age appropriate."

Opponents said the law is vague and will have a chilling effect on the discussion of LGBTQ topics in schools.

Madi Koesler, a college volunteer who took the photos, said censoring the yearbook would validate those fears.

"They are having their voices taken away from them," said Koesler, a student at Seminole State College and a recent Lyman High School graduate. "As someone who took the photo, it is heartbreaking to see this. This is exactly what they were protesting, and now it is happening to them. It is so disappointing."

School officials didn't raise concerns about coverage of a student demonstration published in the yearbook in 2018, Koesler said.

That event expressed support for victims of the Parkland school shooting that killed 17 students and staff.

The U.S. Supreme Court ruled in a 1988 landmark case that educators could prevent the publication of articles about teenage pregnancy and divorce in a school-sponsored newspaper. Justices wrote, "A school need not tolerate student speech that is inconsistent with its basic educational mission, even though the government could not censor similar speech outside the school."

Educators can exercise editorial control in school-sponsored publications as long as their actions are "reasonably related to legitimate pedagogical concerns," the justices wrote.

But Clay Calvert, a University of Florida law and journalism professor, said he thinks blocking the photos could raise First Amendment issues for the district.

"I don't see any legitimate teaching concerns here," Calvert said. "The speech that is being censored is political speech that is at the heart of the First Amendment."

AMERICAN OVERSIGHT

Friends,

This week has been a monumental week for the rights of parents and protection of women. As many of you know HB 1557 Parental Rights in Education has become a target for the radical left all the way from the White House, Liberal Media, and by some of our own Floridians.

This week also saw my **Senate Companion Bill SB 1798 Sexually Related Offenses pass unanimously in both the House and Senate**. A true milestone for the **protection of women and men from lax privacy and data policies with Big Tech.**

Both of which now are on Gov. Ron DeSantis desk!

Read on to learn more...

AMERICAN OVERSIGHT

A VICTORY FOR PARENTS

HB 1557 PARENTAL RIGHTS IN EDUCATION

Do you know that in the entire wording of the bill the words **"Don't say gay" is not once used?** Not once. The **left loves spinning false narratives** knowing if **they can shorten down something to a catchy phrase** their followers **won't even bother to investigate, just hate.**

For a group that confesses to love and accept everyone, they seem to have a problem with the idea of family.

This bill is really common sense. However, **in this day and age** we must understand that **common sense really isn't that common anymore.** So **Rep. Rizo, Senator Baxley, and myself developed legislation** that let the educational system know **the parents are in charge of their children**. It also let them know **you do not need to teach 4 to 8 year old children about gender identity or instruct them on gender/sexuality topics.**

AMERICAN OVERSIGHT

10 Years ago if a teacher would have began discussing such topics in that age group they would have been arrested. A lot has changed in 10 years but one thing hasn't. **My belief in Family, Faith and Community.**

Thank you to all my supporters of HB 1557 and thank you for always standing with me!

A VICTORY FOR WOMEN

SC/HB 1798 SEXUALLY RELATED OFFENSES

As technology and it's capabilities become even more accessible to everyone, in terms of editing and distribution, **people are falling victim to malicious predators who utilize lax privacy/data policies to victimize others.**

This is a threat that can happen to anyone, **but a threat many women deal with daily**. It is **never okay to steal someone's images or create fake and damaging photos in an attempt to hurt someone.**

AMERICAN OVERSIGHT

That is why this bill passed unanimously through both the house and senate. If we are to protect Floridians we must **act against those who use technology maliciously.** If **you're sharing an image or sharing a private moment** with **someone and that person creates digital content to bring you pain and suffering**, **THERE WILL BE CONSEQUENCES.**

Once again my friends, thank you for your time. I will be sure to update you again next week. Until then, have a great weekend!

Best regards,

If it's not a ton of trouble, we'd love him to keep his phone handy - for audio quality, our favorite method is a "tape sync" where he talks to me on Zoom, but simultaneously makes a local recording of his own voice using the Voice Memos app. Then he'd just email me that cleaner audio afterwards, and that's the sound we'd use to make him sound extra good.

We definitely will have him clear by 5:15 - our segment shouldn't go more than 6-7 minutes.

We generally don't send questions in advance, but I think he should be prepared to talk about why he thinks this bill is necessary in the first place, and how he responds to parents who say this could have real negative consequences to LGBTQ kids.

And I'm reachable at 347.749.4839 if he's having any issues connecting. Thanks!!

-Brad

I'm a reporter for ABC News, where I host the daily podcast "Start Here." We're doing a quick segment about HB 1557, and would love to speak to Rep. Harding about it. Any chance he's available for a 5 minute audio interview at some point today?

This would post tomorrow, and could be taped anytime between now and 7pm ET.

Let me know if you think that would work - if not we'll probably just feature an ABC News reporter, but hearing from lawmakers themselves is always preferable!

ICYMI: Rep. Joe Harding Defends Parental Rights Bill Against Misinformation Campaign

TALLAHASSEE, Fla. *(February 24, 2022)* — Florida State Representative Joe Harding, R-Ocala, sponsor of House Bill 1557, "Parental Rights" spoke with *Fox News* to explain how his

AMERICAN OVERSIGHT

legislation has been misrepresented by the media and detractors:

Sponsor of Florida's so-called 'Don't Say Gay' bill defends it against media disinformation' narrative

By Andrew Mark Miller | *Fox News*

The bill, labeled by critics and media outlets as the "Don't Say Gay Bill," …is being slammed by various LGBTQ groups and Democratic politicians as a bill that would prohibit the word gay from being discussed in school while also targeting LGBTQ students.

The sponsor of House Bill 1557, Republican Florida State Rep. Joe Harding, says the text of the actual bill does nothing of the sort.

According to Harding, the bill does two things in an effort to give parents more of a say in what their young children are being told about sexuality in school.

"One, it defines that there are certain instructions related to gender and sexual orientation that are just not appropriate at certain ages and we define that as kindergarten through third grade," Harding, a father of four, told Fox News….

Harding continued, "The second thing is that it creates a course of action for the parent who is dealing with a school district that has decided they are going to become the parent."

…The non-profit group Equality Florida has also accused Harding of trying to "erase LGTBQ people from classrooms" with the bill.

The bill has also been criticized by President Joe Biden and his White House Press Secretary Jen Psaki. Biden amplified the idea in a tweet earlier this month that the bill was an "attack" on LGBT children.

Harding says the attacks against the bill are part of a misinformation campaign.

"They said that we were banning the word, that we were banning people, all things that aren't true," Harding said. "I think that's backfiring because the American people have woken up over the past five or six years and realized not to believe what you're hearing. Do your own research."

…Harding added that parents concerned by inflammatory headlines should "read the bill and block out the noise" while acknowledging he knows that's "hard to do" in this heavily divided political climate.

"The biggest danger and the biggest lie is that what the opposition to the bill is saying that you can't be pro-parent and compassionate and tolerant to the LGBTQ community," Harding said.

Interview is at 4:07 PM and can be heard live on WTAN Website, www.tantalk1340.com <http://www.tantalk1340.com> as well as 1340 AM and 106.1 FM

Thank you Haylee and thank you to Representative Harding, too. The interview will last about 20 minutes and will begin at about 4:07pm. I look forward to asking the Representative to describe the negotiations and legislative discussions that went into advancing the bill through the process, how he reacts to the reaction and particularly to the phrase "don't say gay", to the debate about Disney. I would also like him to described the Speaker's leadership and the Governors, to comment on the increasing number of states who are drafting similar language, and where the discussion goes from here in terms of parents, teachers, school boards and the final authority over the education of children.

Please ask the Representative to telephone 727-441-3000 at about 4 pm on Wednesday the 13th. The interview can be heard live on the WTAN website, www.tantalk1340.com <http://www.tantalk1340.com> as well as on the broadcast frequencies, 1340Am and 106.1FM

Thanks! Ron Ogden 727-754-4334

Hey Haylee,
Would a phone call be easier? I would only need 10-15 minutes of his time.
I'll just add that I'm one of the only reporters in the country from a national media outlet covering this bill closely. The way that the majority of the media is portraying the bill and Rep. Harding is arguably not favorable. I was really hoping to get his in-depth perspective into the wider conversation.
Please let me know if he has any time. I'm flexible.

If it's not a ton of trouble, we'd love him to keep his phone handy - for audio quality, our favorite method is a "tape sync" where he talks to me on Zoom, but simultaneously makes a local recording of his own voice using the Voice Memos app. Then he'd just email me that cleaner audio afterwards, and that's the sound we'd use to make him sound extra good.
We definitely will have him clear by 5:15 - our segment shouldn't go more than 6-7 minutes.
We generally don't send questions in advance, but I think he should be prepared to talk about why he thinks this bill is necessary in the first place, and how he responds to parents who say this could have real negative consequences to LGBTQ kids.
And I'm reachable at 347.749.4839 if he's having any issues connecting. Thanks!!

Hi Haylee, thanks for speaking on the phone just now.

I'm a reporter for ABC News, where I host the daily podcast "Start Here." We're doing a quick segment about HB 1557, and would love to speak to Rep. Harding about it. Any chance he's available for a 5 minute audio interview at some point today?
This would post tomorrow, and could be taped anytime between now and 7pm ET.
Let me know if you think that would work - if not we'll probably just feature an ABC News reporter, but hearing from lawmakers themselves is always preferable!

Thank him for us!! I was having mush mouth and had trouble getting my questions out, so we went in circles just a tad - and as a result I'm worried I kept him too late! But he was very generous with his time. Appreciate you!

Here's the Zoom link:
https://disney.zoom.us/j/99876346504?pwd=WnpSbkhoWHZGWkRXeENQMjE1U1pBUT09
If it's not a ton of trouble, we'd love him to keep his phone handy - for audio quality, our favorite method is a "tape sync" where he talks to me on Zoom, but simultaneously makes a local recording of his own voice using the Voice Memos app. Then he'd just email me that cleaner audio afterwards, and that's the sound we'd use to make him sound extra good.
We definitely will have him clear by 5:15 - our segment shouldn't go more than 6-7 minutes.
We generally don't send questions in advance, but I think he should be prepared to talk about why he thinks this bill is necessary in the first place, and how he responds to parents who say this could have real negative consequences to LGBTQ kids.
And I'm reachable at 347.749.4839 if he's having any issues connecting. Thanks!!

Absolutely, that timing is great.
For audio quality, we'd love to do this via Zoom from a computer, rather than a phoner. Does that work? If so, I'll send a link.

Hi Haylee, thanks for speaking on the phone just now.
I'm a reporter for ABC News, where I host the daily podcast "Start Here." We're doing a quick segment about HB 1557, and would love to speak to Rep. Harding about it. Any chance he's available for a 5 minute audio interview at some point today?
This would post tomorrow, and could be taped anytime between now and 7pm ET.
Let me know if you think that would work - if not we'll probably just feature an ABC News reporter, but hearing from lawmakers themselves is always preferable!

The distribution will take place Saturday, April 16 at 10:00 a.m. at the College of Central Florida Ocala Campus. The college is located at 3001 SW College Rd, Ocala, FL 34474.

The food will be available on a first-come, first-served basis. To access the college, the main entrance is located off College Road (State Road 200). Good morning, Haylee,

The food pallets will be placed in a paved parking area.

Do you need a flyer example as reference? Here is some content from a previous news release so that you have details about entering the campus, etc.

See below the answers Farm Share has given to your questions:

- Will the truck stay during the entire event, or will it drop food and then leave?

The Farm Share truck and I will arrive at the events. I will provide instructions. We will not be staying for the entire event. We will depart from the event after directions are given and the event is running smoothly.

- Is there a way for getting the food out of the truck? Do we need to have something to get it out of the truck?

No. We will provide our own pallet jack and our box truck has a lift gate.

- I have attached a map that shows the flow of traffic through campus and where the tables will be set up. It shows the area where the trucks will need to go to drop off the pallets.

Is the area that the pallets of food will be placed on concrete? Our pallet jack cannot operate on grass or dirt.

We can provide cooler, tents, tables, and possibly the masks and gloves. I'll confirm next week. We will also provide volunteers. I have also requested a schematic so that you can see traffic flow, where the food will be set up, etc.

Hello,
Thank you so much. Any information you want to share about previous Farm Shares would be greatly appreciated. Happy to hear there is already an effective plan when it comes to things like this. I believe we have the news release covered and we will also come up with flyers. When we have said things I'd be more than happy to send it over so that you can get it around campus. Thank you so much we need 15-60 volunteers so the more the merrier. Will the college be able to provide the tables/tents, gloves, masks? Possibly even have a giant cooler to hold water bottles for the volunteers?
I just want to apologize in advance, we have never done this so I am just a bit confused and could use all the help we can get. I really appreciate it!

Good afternoon, Haylee,

Thank you for the email. I have confirmed that there is no other event at the Ocala Campus on the morning of April 16, and Dr. Henningsen has approved a Farm Share event in partnership with Rep. Harding and team. I will be your point of contact as we proceed.

We have hosted a few Farm Share events at the Ocala Campus, and our Conference Services and Public Safety teams have an effective plan for moving guests efficiently through campus. Entrance is from College Road (State Road 200) and vehicles travel to the back of campus where they pick up food and exit onto Southwest 20th St. I have attached a general map for your reference and we will provide schematic later.

A few other points to consider:

- Will you be preparing a news release or should we provide a draft for your consideration?
- What about a flyer?
- We will promote the volunteer opportunity on campus to our faculty, staff and students.

We look forward to working with you.

Good morning, Haylee,
The food pallets will be placed in a paved parking area.
Do you need a flyer example as reference? Here is some content from a previous news release so that you have details about entering the campus, etc.

> OCALA, Fla. (June 18, 2020) — Fresh food will be distributed to Marion County families Thursday, June 25, 10 a.m. to 1 p.m. at the College of Central Florida Ocala Campus, 3001 SW College Road, through a partnership of Farm Share, CF and Sen. Keith Perry.
>
> Food items are for Marion County residents and are available on a first-come, first-served basis. Participants will be asked to show their IDs. Volunteers will place food items in vehicle trunks to maintain social distancing. Entrance to the drive-through distribution will be at the main entrance of the college at College Road and S.W. 26th Street, across from the Paddock Mall. Other entrances will be blocked off. Approximately 500 families will receive food through the distribution.

See below the answers Farm Share has given to your questions:

- Will the truck stay during the entire event, or will it drop food and then leave?

The Farm Share truck and I will arrive at the events. I will provide instructions. We will not be staying for the entire event. We will depart from the event after directions are given and the event is running smoothly.

- Is there a way for getting the food out of the truck? Do we need to have something to get it out of the truck?

No. We will provide our own pallet jack and our box truck has a lift gate.

- I have attached a map that shows the flow of traffic through campus and where the tables will be set up. It shows the area where the trucks will need to go to drop off the pallets.

Is the area that the pallets of food will be placed on concrete? Our pallet jack cannot operate on grass or dirt.

Hello,
Thank you so much. Any information you want to share about previous Farm Shares would be greatly appreciated. Happy to hear there is already an effective plan when it comes to things like this. I believe we have the news release covered and we will also come up with flyers. When we have said things I'd be more than happy to send it over so that you can get it around campus. Thank you so much we need 15-60 volunteers so the more the merrier. Will the college be able to provide the tables/tents, gloves, masks? Possibly even have a giant cooler to hold water bottles for the volunteers?
I just want to apologize in advance, we have never done this so I am just a bit confused and could use all the help we can get. I really appreciate it!

Good afternoon, Haylee,

Thank you for the email. I have confirmed that there is no other event at the Ocala Campus on the morning of April 16, and Dr. Henningsen has approved a Farm Share event in partnership with Rep. Harding and team. I will be your point of contact as we proceed.

We have hosted a few Farm Share events at the Ocala Campus, and our Conference Services and Public Safety teams have an effective plan for moving guests efficiently through campus. Entrance is from College Road (State Road 200) and vehicles travel to the back of campus where they pick up food and exit onto Southwest 20th St. I have attached a general map for your reference and we will provide schematic later.

A few other points to consider:

- Will you be preparing a news release or should we provide a draft for your consideration?
- What about a flyer?
- We will promote the volunteer opportunity on campus to our faculty, staff and students.

We look forward to working with you.

Good Morning,

My name is Haylee and I am the District Secretary for Representative Harding. I believe you recently spoke to our Legislative Aide, Kennedy Starnes about partnering with the College of Central Florida to host a Farm Share on April 16th at 10:00 AM. We would like to get permission for President Henningsen to partner with the College.

Please let me know if this is a possibility.

Hey! Thanks so much for responding.

I actually got to sit it on the call with the Harding that he was on for Start Here, ABC's podcast, so I'm all set for this article since it's going up this weekend. I would still love to chat with him on Monday though so we can update quotes if needed.

Over the phone works fine -- whatever time is best for you all is best for me.

It's been called anti-LGBTQ and "dangerous" for LGBTQ youth, an already vulnerable population. I wanted to get your feedback on this criticism, as well as why you think this is an important fix to the education system. Let me know if you're interested in chatting or sending a statement along regarding these thoughts. Thanks so much for any help you can offer! Kiara

AMERICAN OVERSIGHT

Friends,

I am so pleased to share with you all that has been transpiring with HB 1557.

It's been a victorious week for Parental rights in Florida.

House Bill 1557 has passed the House of Representatives and now moves to the Senate. I know that they also will embrace this Bill as it will secure freedoms for Parental Rights in the Florida Educational System.

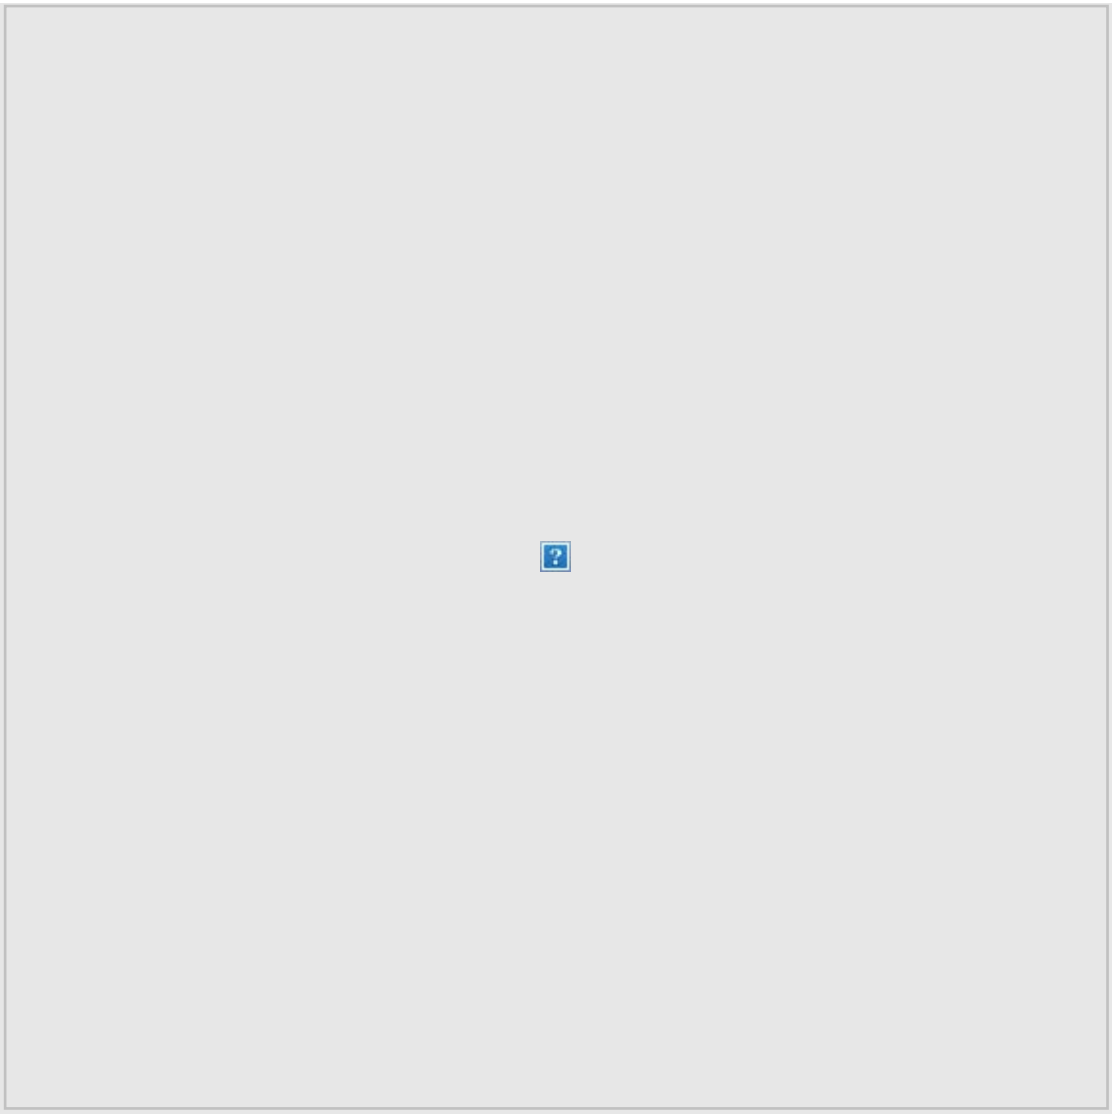
PROUD TO HAVE SPOKEN AT THE MOMS FOR LIBERTY RALLY ON HB 1557

AMERICAN OVERSIGHT

Moms for Liberty is an activist organization made up of Mothers, Fathers, and Grandparents that **advocates for American Liberties and Government Accountability**. It was **my honor to speak at their rally this week** in detail about **the victories for parental rights that HB 1557 will bring** once it is signed into law. A great group of people and truly dedicated Floridians and Americans!

LIBERAL MEDIA ATTACKS ME OVER HB 1557
I MUST BE DOING SOMETHING RIGHT...

AMERICAN OVERSIGHT



Liberal Media has taken aim at the bill by naming it the "Don't Say Gay Bill", **as usual they have taken things out of context to make it fit their narrative.**

Here is what my response was to Fox News:

"**One, it defines that there are certain instructions related to gender and sexual orientation that are just not appropriate at certain ages** and we define that as kindergarten through third grade. **A school having curriculum that teaches gender and sexual orientation and what that means and getting into the weeds on that is just not age appropriate**.

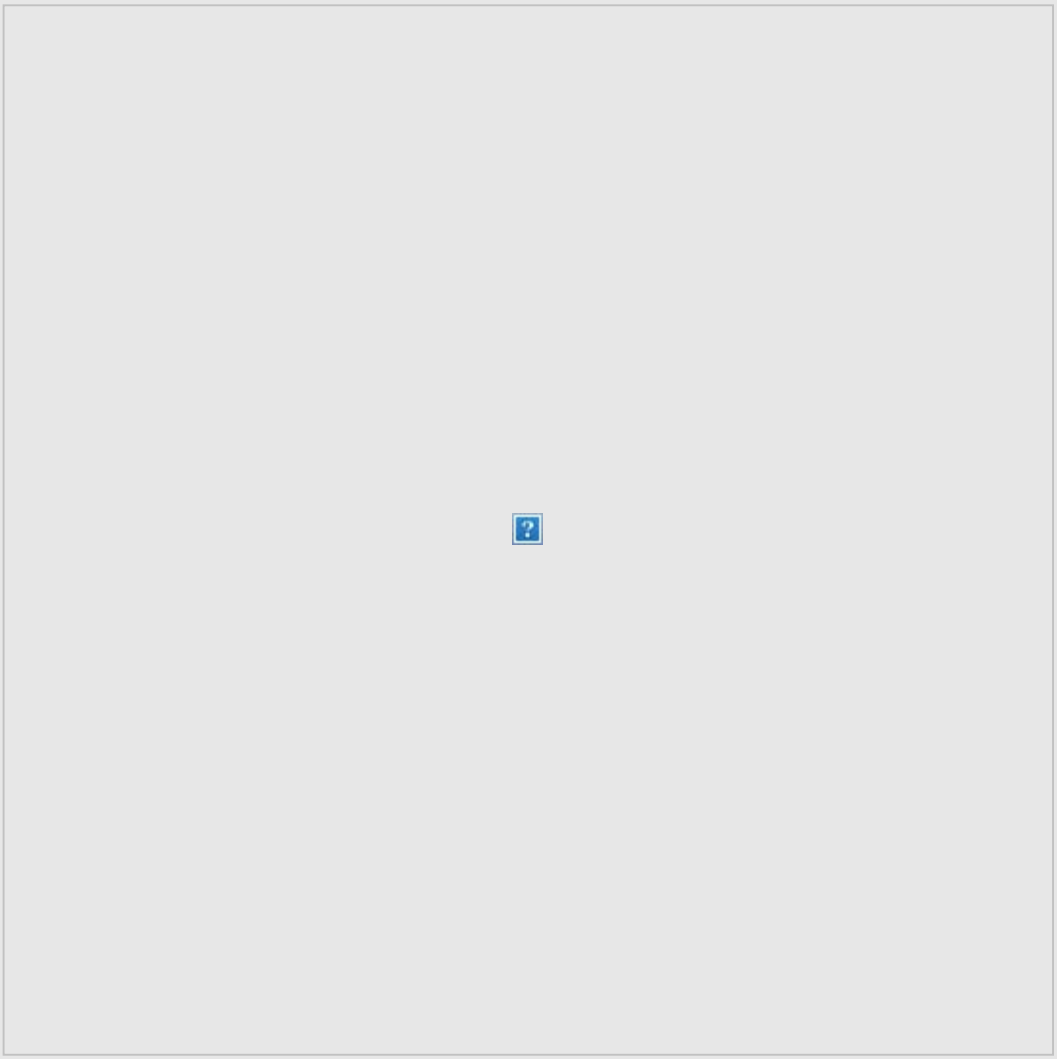
The second thing is that it creates a course of action for the parent who is dealing with a school district that has decided they are going to become the parent. They're going to take your student that has anxiety and stress and mental concerns maybe even talking about self harm and **they're going to put them in mental health** and **take steps to change the services at the school** and **protect that student from themselves but never engage with the parent. That's just wrong so our bill seeks to remedy that**."

READ IT ON FOX NEWS

AMERICAN OVERSIGHT

READ IT ON THE DAILY WIRE

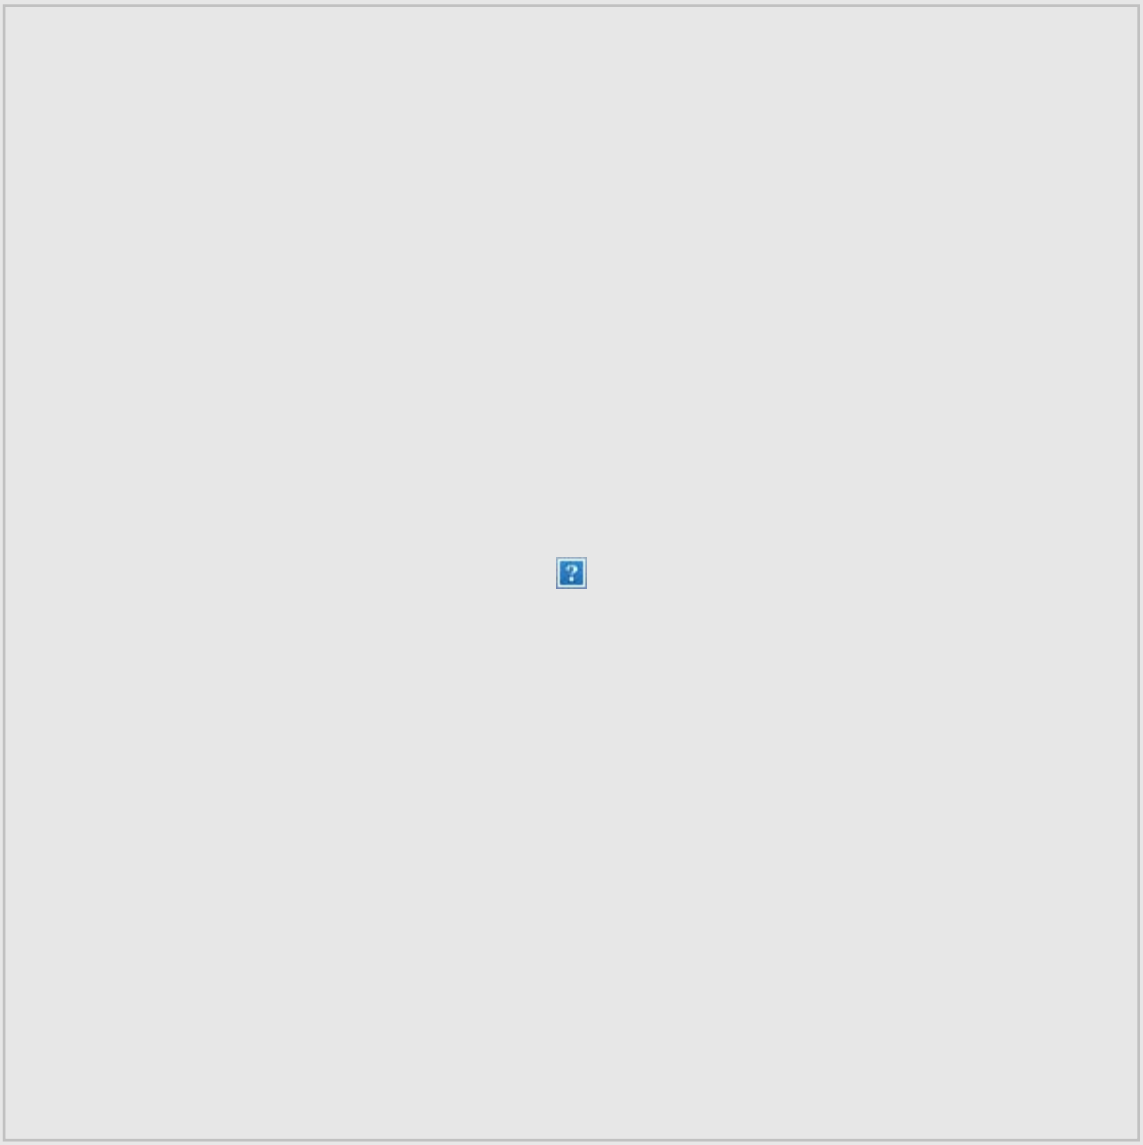
IS THIS PARENTAL RIGHTS UNDER ATTACK FROM THE HIGHEST LEVELS?



MY RESPONSE - KNOW THE FACTS BEFORE SOAP-BOXING YOUR AGENDA

I want all kids to feel safe at school, but that also has nothing to do with this bill. **HB 1557 lets parents access their kids' school records more easily, prevents school districts from adopting policies that keep information away from parents** and — here's the controversial part — the bill directs school districts — and I'll quote from the bill right here — '**A school district may not encourage classroom discussion sexual orientation or gender identity in primary grade levels. That is kindergarten through third grade.** The bill is designed to keep school districts from talking about these topics before kids are ready to process them. **I don't think it's controversial to empower parents.**

AMERICAN OVERSIGHT



WATCH THE VIDEO ON TWITTER

My friends we face a battle every day from the liberal leftists in DC. They demonize a piece of legislation whose main arguing point is this fact -**"Children from kindergarten to the third grade don't need to be taught a gender identity topics, they know what they are already!** The bill also **limits a schools authority from thinking "they are in charge of your kids"**.
I want all our children to be safe. **I am a father of four wonderful kids**. As a father **this bill is a milestone for parental rights** that have been under attack from the liberal left. I don't know about you - **but I believe in Family, Faith, and Duty!**

Best regards,
Joe

Thank you Halee and thank you to Representative Harding, too. The interview will last **about 20 minutes** and will begin at about **4:07pm**. I look forward to asking the Representative to describe the negotiations and legislative discussions that went into advancing the bill through the process, how he reacts to the reaction and particularly to the phrase "don't say gay", to the debate about Disney. I would also like him to described the Speaker's leadership and the Governors, to comment on the increasing number of states who are drafting similar language, and where the discussion goes from here in terms of parents, teachers, school boards and the final authority over the education of children.
Please ask the Representative to telephone 727-441-3000 at about 4 pm on Wednesday the 13th. The interview can be heard live on the WTAN website, www.tantalk1340.com as well as on the broadcast frequencies, 1340Am and 106.1FM

Dear Joe,

It was good seeing you last night at the Stone Creek Republican Club meeting.

My husband and I are members of the REC, Tea Party, On Top of the World Republican Club and Americans for Prosperity. In general, we are actively working to restore our country to an America first agenda and support candidates like you who are strong enough to back common sense values.

As we discussed, for the past 10 years we have been volunteer GALs. For over two years we have been guardians to a now 13 year-old girl. During that time, she has been in over 8 placements. She is in Special Education and has been prescribed psychotropic meds since she was Baker Acted over a year ago.

Recently, previously unidentified relatives came forward and offered this child a loving adoptive home. For over 6 months the child appeared happy and secure in the homer of her deceased father's brother and his wife.

It was very shocking when this girl suddenly told her new family she is really a boy! This child who is placed in special ED and who still has great difficulty making change for $1.00 is now saying words like 'transgender, gender fluidity and sex change surgery".

At the family's request, the adoption was disrupted. Within two weeks the girl was placed with a more "understanding" family who allowed her to shave her head, change her name,

AMERICAN OVERSIGHT

purchase and wear boy's clothing, change her pronouns and attend a new school that registered her as a boy.
When this placement was terminated also, she was placed in a Group Home in Clermont and again attended a Middle School as a male.
To date, after much counselling, she now identifies as the girl "she truly" is but reserves the right to be gender fluid.
It is our belief, this troubled and vulnerable child was indoctrinated in school. As her Court appointed Guardians, we were never informed or involved in any of these life changing decisions.
We know this child has been irreparably damaged by a "one size fits all" agenda perpetuated by our schools and driven home by callous teachers.
Aside from the psychological damage caused to this child, her case is now costing the State of Florida countless dollars for Psych testing, intensive counselling, foster placements and adoptive search.
How can we make this stop? How can we protect other vulnerable children who are not protected under K-3 legislation?
Because Foster children and cases are subject to confidentiality, we would be glad to meet with you to discuss more specifics.
We hope you can help by raising awareness and calling out these schools for the damage they have caused.
You can reach us at (734) 777-7895 or sylvanmonroe@msn.com.
Respectfully,
Phyllis Richards, PhD.

Good Evening,

My name is Faith Corbett and I represent District D as a Senator in the University of Florida Student Senate. I'm emailing you today to bring your attention to a recently passed resolution expressing our condemnation of HB 1557/SB 1834, commonly referred to as the "Don't Say Gay" Bill. The resolution can be found attached to this email.
While the resolution itself was passed by unanimous consent, the undertaking of sending the resolution to each member of the Florida House and Senate can be attributed to a small group of Student Senators belonging to the minority caucus, myself included. In addition to the sentiment expressed through the resolution, we would like to further convey our disappointment and frustration at the fact the bill was recently signed into law by Governor DeSantis. This law creates not only a persecutory environment for the state's LGBTQ+ community but actively removes spaces for these students to feel accepted and safe among trusted adults. Know that our community does not take this development lying down, and we will actively encourage and participate in resistance to this unjust law wherever possible. We hope that our condemnation, in addition to the response from other UF Student Leaders, forces the state to reconsider its priorities and decisions regarding this matter.
Thank You,
Faith Corbett

Dear Rep. Latvala,

Equality Florida is celebrating 25 years of advancing LGBTQ equality in Florida. We are excited to gather with our Pinellas County supporters on May 7, at the Mahaffey Theater in St. Petersburg.

Each year, the St. Pete Gala brings together political, business, and civic leaders to celebrate and support the work of Equality Florida, as well as to honor local individuals leading the way. This year's in-person Gala will include a keynote address by Executive Director Nadine Smith and exciting entertainment to be announced.

But we need your help to show more visibility within the fight for LGBTQ equitability and the great work we have accomplished. **We hope you'll consider taking a leadership role in this year's Gala by being part of our Honorary Host Committee for the Equality Florida 2022 St. Pete Gala. Your distinguished titles will be listed in the program under the Honorary Host Committee. The deadline to be included is March 17.**

Additionally, we invite you to attend the event on May 7. Discounted tickets are available for elected officials and their plus one in the amount of $45 per person. Please RSVP by April 22, if you wish to attend.

Equality Florida is on track to meeting this year's fundraising goal of $500,000 for Pinellas County to help support our statewide efforts to continue the fight for full LGBTQ equality. These fundraising dollars allow our organization to not only operate but mobilize our volunteers to lobby elected officials such as yourself. In the last year, Equality Florida launched its largest Lobby Days program ever, mobilizing hundreds of volunteer lobbyists to

AMERICAN OVERSIGHT

connect with their Florida legislators on issues important to our community. With the ultimate goals of defending our recently achieved statewide protections for the LGBTQ community, as well as defeating the foul anti-transgender legislation rammed through the Legislature, we brought the fight back to Tallahassee this year--and our battle continues at full force. We're so close.

In addition to lobbying for pro-equality policies and nondiscrimination protections, your support will power Equality Florida's many education and advocacy programs, including:

- Our critical work to uproot anti-LGBTQ hatred and bigotry where it begins--in our schools.
- Our program to advance transgender equality and combat Florida's epidemic of anti-trans violence.
- Our efforts to modernize Florida's outdated HIV-specific laws and end stigma.
- Our programs to spotlight pro-equality businesses that support LGBTQ protections and are open to all.

To be included as part of the Honorary Host Committee, please contact Pinellas Development Director Todd Richardson at todd@equalityflorida.org or 727-822-2122 or Jennie O'Leary at eqfljennie@gmail.com or 727-224-1238.

Thank you for standing with us to move LGBTQ equality forward in Florida!

Hi Rep. Latvala,

My name is Robbie Whelan and I cover the Walt Disney Co. for the Wall Street Journal.

I'm working on a story about what role Disney will play in the campaigns of Florida GOP lawmakers seeking re-election this year. I've spoken to a few of Rep. Latvala's house colleagues already, but I've noticed that he has been very vocal about Disney on social media and in press appearances in recent weeks.

I'd really love to interview Rep. Latvala by phone and get his perspective on Disney, on how the company handled its response to HB1557, on how much he plans to talk about Disney in his campaign, and about the idea of repealing the Reedy Creek tax district.

Can you please help me connect with him in the next day or so? My contact info is below.

Thanks so much!

Welcome back to reality after the nice week of fantasy Disney. :) We have done the 3 day cruise twice.

Since the end of the month is almost here, make sure you send the rent check out and finish February report that is due on 31st. You can start putting the month of March into system as well since it will be due soon.

I also need from you all the information for the Office Account from January-March 31st.
Check amounts/to who and addresses of the person or business.
Beginning balance at end of December or before checks were written in January-March report.
Ending Balance after all checks are recorded.

You can call me with any questions. :)
