# Pro-life Victory: AZ Gov. Ducey Signs Discrimination Abortion Ban Into Law

*New Law Also Protects Against Mail-Order Abortion Drugs, Stops Taxpayer Funding for Abortion Industry, and More*

**Washington, D.C.** – Tonight the national pro-life group **Susan B. Anthony List (SBA List)** celebrated as **Arizona Governor Doug Ducey (R)** signed **S.B. 1457** into law. The new law prohibits discriminatory abortions due to a prenatal diagnosis such as Down syndrome. It also ensures that abortion drugs cannot be shipped through the mail, prevents taxpayer dollars from being used for research that involves fetal remains from an abortion, and requires dignified and respectful treatment of the remains of aborted children.

“It’s a proud moment for a strongly pro-life state like Arizona,” said **SBA List State Policy Director Sue Liebel**. “This law is a bold stride forward to end lethal discrimination in the womb, safeguard women against the proliferation of dangerous abortion drugs, and protect taxpayers from being forced to fund the abortion industry. At a time when our federal government under the Biden-Harris administration is pushing an extreme anti-life agenda, it’s so encouraging to see state legislatures and leaders like Gov. Ducey taking charge and acting on the will of the people. We thank Gov. Ducey, State Senator Nancy Barto, Cathi Herrod and all our pro-life allies for their dedication to protecting the most vulnerable among us.”

**David Prentice, Ph.D., vice president and research director of SBA List’s research arm Charlotte Lozier Institute, [testified in support of the bill](#).**

A **[Marist/Knights of Columbus poll](#)** earlier this year found that **70% of Americans** – including 56% of those who identify as pro-choice, 59% of Democrats, and 70% of Independents – oppose abortion based on the expectation that an unborn child may have Down syndrome.

*SBA List is a network of 900,000 pro-life Americans nationwide, dedicated to ending abortion by electing national leaders and advocating for laws that save lives, with a special calling to promote*

ELECTION  
TRANSPARENCY  
INITIATIVE

*Fighting for transparent, secure, and accountable elections all voters can trust*

March 28, 2022

Dear Governor Ducey,

I write on behalf of the Election Transparency Initiative, a joint project of the Susan B. Anthony List and the American Principles Project, to express our support for recently passed legislation ensuring only qualified applicants are properly registered and voting in Arizona elections. H.B. 2492 would safeguard your state's voter registration process and restore voters' trust in secure, transparent and accountable elections.

We urge you to sign it into law without delay.

As you know, the right to vote is enshrined in the U.S. Constitution as a fundamental tenant of U.S. citizenship and our democratic process, but it is also codified Arizona law. In 2004, Arizona voters overwhelmingly approved Proposition 200, which required that voter registration applications be accompanied by proof of U.S. citizenship. Unfortunately, since then this voter-approved requirement has been left with no enforcement and an increasing number of individuals who have never had to prove their citizenship are voting in Arizona elections.

Importantly, H.B. 2492 does not place an administrative burden on election officials. Two of the database checks required by H.B. 2492 are purportedly already used by election officials under the directive of the Elections Procedures Manual. Because H.B. 2492 would require election officials to reject state forms without proof of citizenship, there would be no added workload to check additional databases for these applications for registration.

Additionally, counties will not have to comb through voter rolls to remove individuals who have never provided proof of citizenship because they registered to vote prior to Prop 200. Such individuals are "grandfathered in" and are deemed to have provided satisfactory evidence of citizenship. Thus, they would still be qualified electors under H.B. 2492.

Make no mistake, illegal aliens and non-citizens should not be voting in U.S. elections, be it in Arizona or any other state. Only U.S. citizens should be able to decide the outcome of Arizona elections.

H.B. 2492 is a commonsense solution to an increasingly concerning, coordinated effort by the Left to undermine the right to vote on a national scale. Giving those who lack citizenship the ability to vote not only dilutes the voice and votes of U.S. citizens, but also undermines those

who have dutifully adhered to the lawful process of naturalization in order to attain the full rights of citizenship.

Attached for your [reference is a letter](#) I was happy to sign in support of H.B. 2492 as part of a national coalition of organizations dedicated to free and fair elections voters can trust.

Sincerely,

**Ken Cuccinelli**

Former Virginia State Senator  
Former Acting Deputy Secretary of DHS
