Dear Commissioners,

Because of the irregularities that the New Mexico Audit Force has uncovered in Otero County in the 2020 general election, I am writing to ask that the County Commission stipulate that there will be no voting on electronic machines for the 2022 elections and subsequent elections. I prefer paper ballots, hand counted by live persons.

I also request that there be no "ballot drop boxes" in Otero County.

RE: Delivery of Contracted Services for 2020 Election Audit

Dear Mr. Phelan:

This letter follows our recent conversations and is in response to your client, Dr. Shiva's letter dated March 17, 2022, where he asserts EchoMail completed its contracted tasks with Otero County and demands payment of the remaining contracted amount of $24,875. Concerning the letter, Otero County disagrees that Echomail fulfilled all of its contractual obligations. Two days prior to Dr. Shiva's letter he sent an email with the subject of "Status Report as of March 15, 2022". In this email, Dr. Shivas clearly states there are remaining items and work to be completed. Further, Dr. Shiva suggested that we have a meeting to discuss the way forward. I responded to this email and we scheduled a meeting for 1:30 PM, Friday, March 18, 2022. In Dr. Shiva's last email correspondence, on March 16th, he confirmed the meeting and stated that his assistant John Medlar would send a Zoom meeting link. A link was never sent and all follow-up emails and phone calls attempting to schedule a meeting have been ignored.

We are aware that on March 16, 2022, the U.S. House of Representatives, Committee on Oversight and Reform sent Dr. Shiva a letter requesting "information regarding EchoMail's participation in an "audit" of the 2020 election in Otero County, New Mexico". We understand EchoMail may no longer wish to participate in the Otero County election audit due to Congressional interest and perceived political bickering. However, Otero County will not pay for services not rendered or subpar product hastily produced in an attempt to end EchoMail's relationship with the County. Consequently, Otero County demands either that EchoMail complete its obligated services to the satisfaction of the County or, alternatively, that EchoMail reimburse the County for the incomplete

AMERICAN OVERSIGHT

services. As set forth below, the County considers the value of services completed to date to be $9,750. Therefore, should Dr. Shiva wish to terminate the contract, the County requests a refund of $15,125 of the previously paid $24,875.

The following breakdown provides the County's assessment of services rendered and those that are outstanding. Per the contract, Otero County is responsible for the payment of Schedule A. Included with Schedule A is the following pricing schedule:

Pricing Schedule

Part Number	Part Description	Units	Unit Cost	One-Time	Recurring
	Professional Services				
EM-PS-PROJ-PLAN	Project Planning	1	$ 3,000.00	$ 3,000.00	$ 0.00
EM-DW-100EPU - SETUP	Integrated EchoMail® DataWarehouse	1	$ 12,500.00	$ 12,500.00	$ 0.00
EXT-FORENSICS	Hardware Forensics	1	$ 14,500.00	$ 14,500.00	$ 0.00
EM-ANALYTICS	Data Analytics and Reporting	1	$ 7,500.00	$ 7,500.00	$ 0.00
			Sub-Total	**$ 37,500.00**	**$ 0.00**
	Licenses				
EM-DW-LICENSE	EchoMail® DataWarehouse	1	$ 12,250.00	$ 12,250.00	$ 0.00
			Sub-Total	**$ 12,250.00**	**$ 0.00**
			NET-Total	**$ 49,750.00**	**$ 0.00**

EM-PS-PROJ-PLAN: Project planning ($3,000) - This item is incomplete. Weekly progress meetings were supposed to be held with the County and New Mexico Audit Force (NMAF) for project updates. Only one initial kick-off meeting was held on February 9, 2022. A second project update meeting was scheduled for March 18, 2022 but not held. No notice of cancelation or explanation. At a minimum, the County will require a meeting to discuss the status of the project, and a final meeting with the Board of County Commissioners (BOCC) involving a presentation of EchoMail's analysis and findings of the audit to consider this task complete. The County considers the value of this task completed to date to be $1,500.

EM-DW-100EPU-SETUP: Integrated EchoMail Data Warehouse ($12,500) - This item is incomplete. The Data Warehouse was to include the County Voter Rolls, Participating Voter List, Cast Vote Records, Images of the Return Ballot Envelopes, Ballot Images from the Election Management System (EMS), Paper Ballot Scans, and door-to-door canvass data. The images of the Ballot Envelopes, complete Ballot images from the EMS, and door-to-door canvass data appended to the voter roll are not included in the data warehouse. In the March 15, 2022, status update email EchoMail acknowledges that this data is not part of the data warehouse and pending submission. The EchoMail letter dated March 17, 2022 erroneously reports that all agreed upon data has been incorporated into the data warehouse. Further, without EchoMail's continued participation the data warehouse is useless to the County. Otero County specifically contracted

AMERICAN OVERSIGHT

with EchoMail for Dr. Shiva's credentials and ability to provide expert data analysis. The County considers the value of this task completed to date to be $6,250.

EXT-FORENSICS: Hardware Forensics ($14,500) – This task has not been started due to delays caused by the New Mexico Secretary of State denying access to election equipment. EchoMail, in the contract cover letter agreed "the County will not be liable for payment or portions of payments of line items in Schedule A in the event certain items cannot be obtained." The County considers the value of this task considered completed to date to be $0.

EM-ANALYTICS: Data Analytics and Reporting ($7,500) - this task is only partially complete. The data analysis provided by Echomail consisted of 13 relatively rudimentary charts with no accompanying report or explanation. At a minimum, the contracted analysis is missing a statistical evaluation of the relationship between registrations and votes cast to include trends and potential anomalies similar to the "fishtail" analysis that EchoMail completed in their audit of Maricopa County. A simple tabulation of the number of votes that were cast by precinct has already been done by NMAF. The contrast between services provided by EchoMail to Otero County and the Arizona Senate are stark despite both costing approximately the same amount of $50,000[1]. To the Arizona Senate, EchoMail provided a 99-page formal report that included an abstract, introduction, methodology, results, discussion, and a conclusion[2]. In addition to the report, Dr. Shiva made a formal presentation to the Arizona Senate that consisted of 180 power point slides[3]. In comparison, the data provided to Otero County is woefully lacking. For the Otero County BOCC to consider this item complete far greater analysis is required along with a formal report and presentation of findings. The County considers the value of this task completed to date to be $2,000.

EM-DW-LICENSE: EchoMail Data Warehouse License ($12,250) - The County does not consider this task complete. Access to the EchoMail Data Warehouse was never provided to either the County or NMAF per the Master Agreement. As previously noted, agreed upon data is missing from the data warehouse. Without EchoMail's continued participation in the audit the license has no value. Without access to the data warehouse the County cannot input additional data or conduct additional analysis. Further, the County contracted with EchoMail in order for Dr. Shiva to use his expertise to provide analysis of data incorporated into the data warehouse. As noted above, only limited analysis has been provided thus far. The County considers the value of this task completed to date to be $0.

Per EchoMail's January 25, 2022 cover letter to the County, Schedules A through E were to be completed as a whole to complete the entire audit. Per the cover letter, funding for Schedules B through E would be provided by EchoMail's partners. The contract voted on and approved by the BOCC contained all Schedules. The signed contract sent by EchoMail on January 25, 2022 did not include Schedules B through E but the cover letter still references them and their funding. The

County considers the audit, which includes Schedule A, to be complete when all schedules are complete, with the caveat that the County and EchoMail are not be responsible for tasks that could not be completed in the event that certain data or hardware could not be obtained. However, the County provided or is capable of providing all data listed in the schedules per the agreement with the sole exception of the forensic imaging of the election equipment/hardware.

In summary, Otero County's position is that EchoMail has not performed its contractually obligated services. Otero County had a reasonable expectation to receive the same or similar products and services as those provided to the Arizona Senate by EchoMail for the Maricopa County audit. The products and services provided by EchoMail to Otero County are severely lacking in professional quality and substance. Otero County is willing to accept one of two options: 1) EchoMail continues to work on the audit and complete its obligated services to the satisfaction of the County, or 2) EchoMail reimburses the County for the services that remain uncompleted. At this juncture, the County has only received $9,750 in value from EchoMail's services. If EchoMail intends to terminate the contract, it must refund the County $15,125 of the previously paid $24,875. to consider the contract terminated. Should EchoMail desire to move forward and receive the final payment contemplated in the Master Agreement and Schedule A, it must complete services and provide the agreed upon deliverables.

If you have any questions on these matters, please do not hesitate to contact me.

Sincerely,

R.B. Nichols

Paulette,

The volunteers are not hired by or working for Otero County. So, to answer your question, no, Otero County has not performed background checks on them. The volunteers are with an organization called New Mexico Audit Force run by Erin Clements. Her number is 575-680-4004.

My neighbor was a volunteer for CASA and she recognized someone who came to her door asking about how she voted in November 2021 as someone who either was convicted or pleaded guilty to sex with a child.

She is terrified. She has grandchildren she cares for.

Did the County perform background checks on the volunteers going to voters homes?

Dear Sheriff Black,

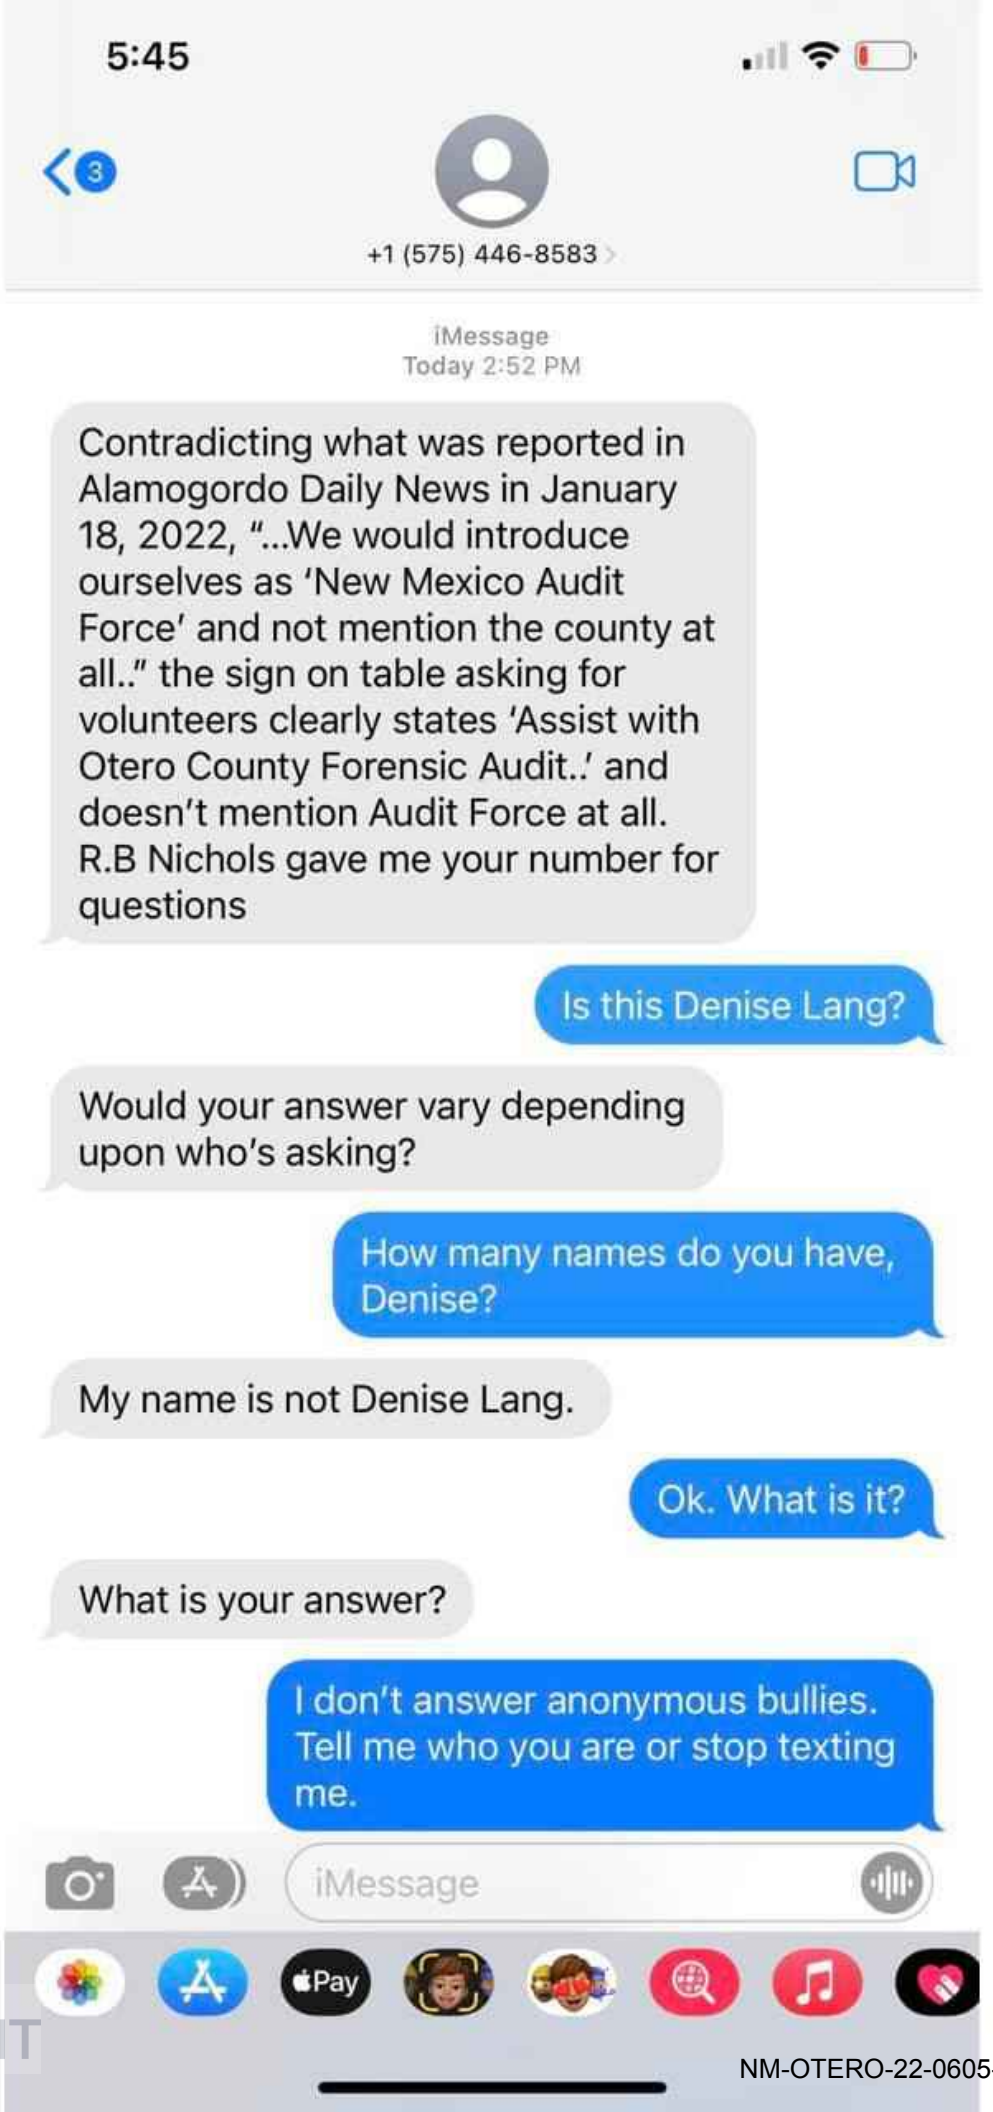
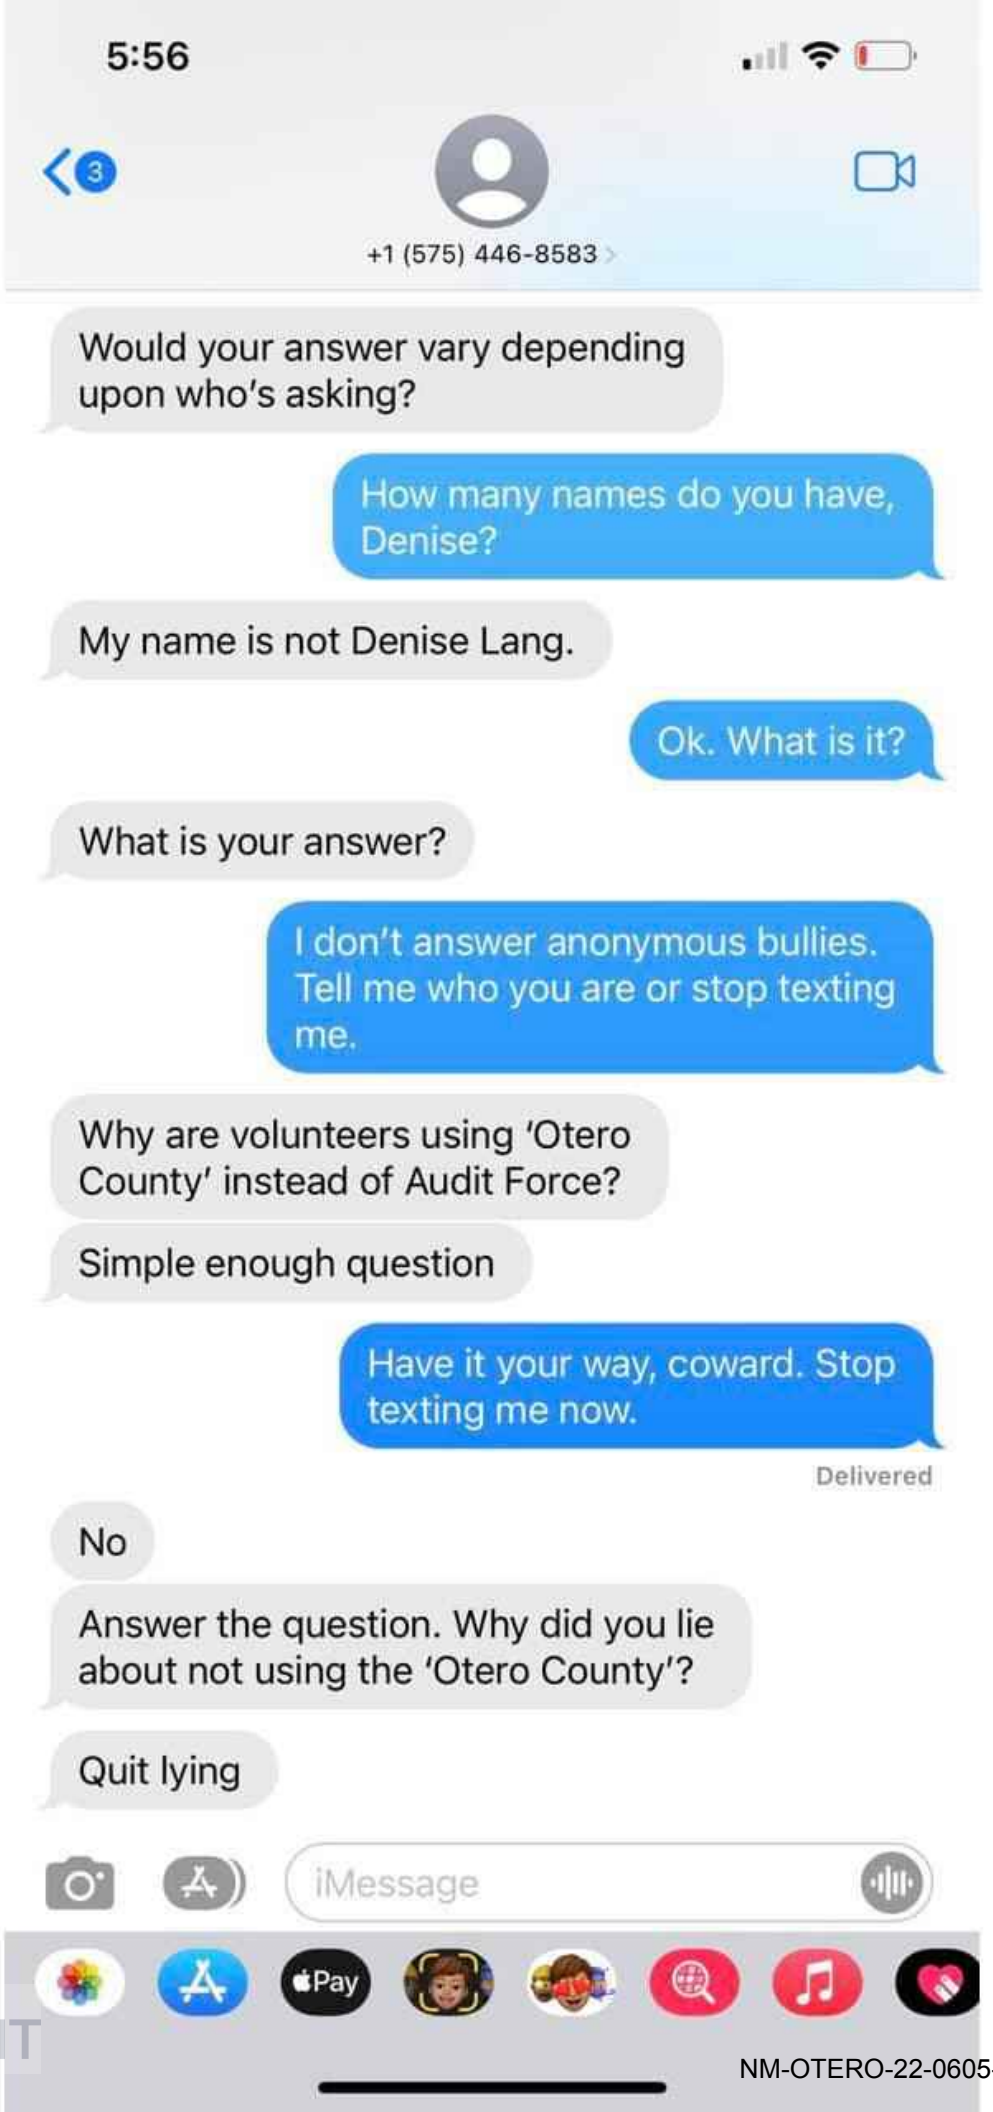
On Thursday, 2/24, I got a phone call from an Alamogordo resident (I think she said her first name is Leslie - but I could be wrong). Her number is 575-446-8583. She was asking me if we were doing background checks on our canvass volunteers. I let her know that we're not doing formal background checks and that's not typical for the type of work we're doing, but that we train all our volunteers, and we work in pairs so that there is accountability. She claimed that a friend of hers opened the door one day and a known pedophile was at her door - by himself presumably. I asked for the name of this pedophile. It wasn't one of our volunteers. I suspect she's making up the whole story, but I was very clear this person wasn't working with us.

Yesterday, two of our volunteers set up a table at Lowes Market to recruit volunteers for our canvass and this same woman happened to be there and started yelling at them in public and accusing our volunteers of being pedophiles. They felt threatened and harassed.



Then throughout the night and this morning I've gotten several phone calls from out of state or unknown numbers (screen shot of these numbers is below). Three of them left threatening messages. I think this same woman may have handed out my number to operatives of some kind to harass me.

Just wanted to let you know in case there is something you can do. There have been a lot of accusations about verifying the information on the voter rolls as being "intimidation," but so far, the only intimidation that has occurred has been directed at our canvassers.



Thank you so much.

Sincerely,

Subject: Another Excellent Meeting 6/13/22

Commissioner Marquardt,

Thanks for asking those important questions and demanding answers. All three Commissioners had excellent thoughts. Proud of you and your fellow Commissioners.

Notes:

- Mandamus is not to force a specific outcome but to force an official to take action that the law requires. The law does not 'require" the BOCC to certify. It requires the BOCC consider and decide. If it required only certification why have the BOCC involved? You have considered the election and voted not to certify. Mandamus is not applicable. Ask the lawyer for a researched opinion as his advice was incorrect.

- The election process involves three main players. They are independent (otherwise why not just have the SoS declare results valid). The BOCC has recognized this (thank you). The Otero County Clerk seems to think she is part of the SoS organization and not independent (and therefore possibility at odds with the SoS). She should actively take responsibility for an independent Clerk's office or let someone else have the job. I saw no recognition she saw a need for improvement, only obfuscation. When you asked about using different machines she led you to belief that the Dominion machines already in place were your only choice. Then when you read the law to her she suddenly remembered that you could have different (approved) machines. This was the theme throughout her testimony in my view. Lies by omission are the the worst. Why not offer a complete, careful, coherent explanation? Slippery answers lead one to mistrust all answers and to suspect a hidden agenda

- The Clerk is busy, busy, busy, apparently too busy to timely address the BOCC questions. Timely work by the Clerk could have helped in decision making. Yet this was not done, putting pressure on the BOCC to "rubber stamp" the results(is this the Clerk's plan?). Poor time prioritization/utilization by the Clerk's office is another reason for the Clerk to get help, or get out. She was/is always busy, busy, busy. Apparently her work priority is not the BOCC/audit/election certification.

- The Clerk's office, rather than offer the BOCC information requested, asks them to go the SoS website(!) or gives excuses. See above. The BOCC seems to be low on her importance list (just like inspecting machine hardware). Why is this? Perhaps too "busy, busy, busy" to help the BOCC? "Busy, busy, busy" contributes to a "no" vote on certification? How does that affect the "busy" Clerk and her staff? Poor!

- Deleted Project File and useless logs and keys open to anyone in the office. These don't affect election integrity? The Project File defines the election, logs allow responsibility tracking (unless the passwords/user names are mismanaged) keys left without security/sign in are a joke. Keep in mind this is the Clerk's "election security"as testified to by her. Might be good enough for some trivial system but for an Otero County election?

There is much more but I believe you know.

I do not share your support of this Clerk. In my view she has failed. She shows little interest in improving or listening to suggestions or questions. In fact she seems tied in tight with Santa Fe and supports weakening of election integrity by reduced chain of custody and becoming more integral with the SoS organization (which weakens the process checks and balances). I ask you to judge her by actual results before the BOCC and not by personality or longevity.

Again, hats off the you and the other Commissioners. Good Work!

Walt

Re: Letter of Concern
Potential Violations at Otero County

Dear County Commissioners:

The Office of the State Auditor (OSA) conducted fact-finding regarding allegations we received reporting that Otero County ("County") may have misspent government funds for the purpose of an 'audit' of the County's 2020 General Election. It is the OSA's understanding that the County engaged a private company to 'audit' the results of the County's 2020 general election results. It has also been reported to the OSA that representatives of the contractor EchoMail, Inc. ("Contractor") may be making false claims to County citizens and engaging in improper actions, which, if true, could subject the County to potential costly civil litigation.

The OSA requested specific information and documentation from the County regarding the County's purchasing policies, as well as the contract between the vendor and the County. Through our fact-finding procedures, review of documents received from the County, and review of public meetings regarding the procurement, the OSA has identified concerns and potential violations we want to bring to your attention, as the OSA seeks to deter waste and abuse in government.

The OSA has noted, as detailed below, the County is deficient in their ability to properly oversee the compliance of contractual agreements and further lacks proper oversight policies for contract compliance. Additionally, from our review, it appears the County Commissioners may have abused their power in approving the County's contract with the vendor for an 'election audit' that was not in the best interests of constituents and seemingly purely political grandstanding. The stated purpose and methodology of the 'audit' gives the appearance of the entire affair simply being a careless and extravagant waste of public funds, which does not appear to serve any useful purpose to the taxpayers of Otero County.

AMERICAN OVERSIGHT

Contract Oversight Deficiencies

Since fiscal year 2020, the County has had an annual audit finding related to a lack of policies for contract oversight, indicating the County has not been effectively managing contract compliance. The County's Independent Public Accountant (IPA) has noted in the audit report that without appropriate policies and procedures in place to require and ensure appropriate oversight of contractual agreements entered into by the County there is an increased risk to County resources and services, including potential for waste, fraud, and abuse.

Additionally, in our review of the contract that the County entered into with EchoMail, Inc., the Contractor was to "perform [a] door-to-door canvass of [the] Otero County voter registration database" to determine its accuracy. Under the guidance of Echomail, Inc., the canvassing would be performed by volunteers calling themselves "New Mexico Audit Force". Based on statements made to Commissioners, these volunteers would in no way represent themselves as County employees to County residents that they were interviewing. However, additional concerns brought to our attention suggest that it appears volunteer canvassers at the direction of the contractor are falsely representing themselves as employed by the County. The OSA has concerns of potential liability for the County in connection with alleged civil rights violations of its citizens.

Governmental Conduct Act

Our review also found the County Commissioners may have violated the Governmental Conduct Act (GCA), specifically, NMSA 1978, Section 10-16-3, regarding the requirement to treat the position as a public trust. We noted in our review there were no specific or articulable facts provided by Commissioners to support any allegation that fraud may have occurred in an election which fell under the jurisdiction of the County as part of the 2020 general election. However, second and third hand statements were made regarding allegations of potential fraud occurring outside of the County's jurisdiction, in other states, which were ultimately deemed without merit. Our review found that no supporting facts or documents were presented by the County or the Commission to support the Commission's procurement and contracting of these services was a direct result of any alleged fraud having occurred within the County's jurisdiction.

As a result, it appears that the County Commission failed to treat their government position as a public trust and instead used the powers and resources of their public office to waste public resources in pursuit of private interests concerning unsubstantiated claims of widespread election fraud, and failed to advance the public interest in the County by entering into a contractual agreement with a private company to look for fraud within the County's general election despite the County's results.

New Mexico's GCA provides guidance to those trusted to serve the public interest by establishing parameters for ethical and legal conduct and holds all government actors to equally high standards. The OSA encourages the County ensure compliance with the GCA, including by implementing and adhering to policies and procedures that encourage high standards of ethical and legal conduct, as well as transparency and accountability.

AMERICAN OVERSIGHT

Otero County Purchasing Policy and Personnel Policy

Based on our review of the documents provided by the County, as well as review of County Commission meeting video from January 13, 2022, it appears that while the County attempted to follow their policy regarding the procurement of professional services, the County Commissioners may have violated the County's own purchasing policy, specifically Section 1.1, User Applicability, by failing to conduct the purchasing function for this particular contract, "in a manner above reproach, with complete impartiality and without preferential treatment." An impartial perspective seemingly would have deemed such an expenditure unnecessary under the circumstances and considering the County's 2020 general election results.

The OSA noted in reviewing the January 13, 2022, County Commission meeting the County Attorney, RB Nichols, informed the Commission he had "reservations" related to this 'audit'. Not only did he voice his concerns related to the legality of the 'audit', but Attorney Nichols also voiced his concern regarding the additional administrative burden and cost to the County Clerk's office. He noted that the Clerk's office will need to make redactions and hand-scan around 6,000 absentee ballots and envelopes in addition to their statutorily mandated duties. He questioned if the Clerk's office would have staff available, but also what the associated overtime costs to the County might be. The concern of "taxpayer value" was also noted by Attorney Nichols stating that as part of the contract, EchoMail would be comparing signatures of absentee ballots to voter registrations, however, as Attorney Nichols noted, "New Mexico does not require signature verification … so why would we be looking at that?"

The County Clerk, Robyn Holmes, also stated in the January 13, 2022, County Commission meeting that her office conducts "three audits" after the election to confirm that the vote count is accurate. She did not note any inaccuracies regarding the 2020 general election in Otero County. In addition, the OSA also reviewed the New Mexico Secretary of State Agreed Upon Procedures Report on the *Evaluation of the Accuracy of Voting Machine Tabulators used for the 2020 General Election Held on November 3, 2020 (Voting System Check)* ("Report"). Otero County, Precinct 27, was included in this report. Our review noted that in the three (3) contests tested in the County as part of that audit, the error rate between hand-counting and machine counting ballots was so low, that no additional testing was needed.

The OSA is expressing our concern regarding these matters to urge County management and those responsible for governance to proactively address the issues noted. The OSA appreciates your attention to this matter and respectfully requests the County provide a response within fifteen (15) calendar days a detailed corrective action plan establishing what actions the County has taken or plans to take to address these issues.

Additionally, as always, OSA's staff is available and ready to assist you in any way you may require.

Thank you.

Dear Commissioners:
Any one of you who refuses to certify the recent midterms elections is clearly a Putin supporter and a conspiracy nut who supports Donald Trump. I remind you: Donald is a liar and a thief; he pays pornstars tens of thousands of dollars to be quiet about fucking him; he is a seditious and violent prick; he is a racist and anti-Semite. We must assume you are the same. If you support him and his false theories about Dominion voting machines are any other such conspiracy, then you un-American and certifiably insane. If you refuse to move to Russia where they love you, then you belong in jail for committing this felony.

I am talking to the republicans here: how long were you denied oxygen at birth? Why do you feel assertions without evidence are valid. I assert here, with evidence, that you are lunatics and menaces to society if you continue this travesty of Trumpian lies.

In the words of the Ukrainian heroes to the Russian attackers: go fuck yourself, cospirancy idiots.

Subject: Certifying Election Results

Commissioners,

As someone who has spent half his career working for county governments in Arizona, Washington, and Oregon, I want to thank the Otero County Commission for reversing course and certifying your 2022 primary election results. While I believe your reticence to certify is built upon a genuinely felt skepticism, it is a fact that there is no evidence that voting machines in your county were compromised.

County governments in New Mexico are not sovereign. They are creatures of the State. Their respective authorities and responsibilities are derived from the New Mexico Constitution and Statutes. Otero County is not an independent entity, it is a subdivision of the State of New Mexico.

Consequently, when faced with a state-mandated ministerial duty to certify the results of an election, you don't have a choice. You must act to certify. You cannot refuse to certify based upon an ephemeral "gut feeling" or "intuition." Nor can you do so because a vocal contingent of local citizens demand that you do.

For you to "stand your ground" would have disenfranchised thousands of Otero County citizens of their Constitutional right to express themselves at the ballot box. It would also have subjected you to substantial criminal and civil liability.

In addition, advancing unfounded claims that the voting machines in question were tainted is profoundly unfair to the private company that manufactures them. Commissioner Griffin's public admission that he has no evidence or facts on which to base his opposition would have likely placed Otero County on the losing end of a defamation suit brought on by the company he so recklessly harmed.

I've worked for dozens of elected county commissioners in my career representing all sides of the political spectrum. The very best ones were those with the smarts to discern fact from fiction and then have the courage to respectfully tell the truth to their constituents. Those who were incapable of this often placed the county at significant financial risk. Most of those never made it to a second term.

It's not about "letting anybody down." It's about your duty to tell the truth no matter how unwelcome.

I suspect that nothing I've shared here is at all different from what you probably heard in private from your legal counsel. I am grateful to know that at least a majority of your Commission followed his or her advice.

Best regards,
Don Krupp, Retired County Administrator

You, however, are a disgrace. A seditionist. A tin foil hat moron. A promoter of grotesque anti-American bullshit. You should be ashamed of yourself. At the very least, if you do not have the ability to comprehend reality – as in, Dominion Voting Systems have been repeatedly proven reliable, and there has never been ANY evidence to the contrary – you should resign from any position of responsibility you have tragically been granted. And let's hope the contempt citation results in a little jail time. Maybe you'll have a minute to consider the fact that you apparently have no connection to the real world.

Hello:

CitizensOversight, a 501(c)3 nonprofit is proposing to provide a ballot image audit, waiving our usual fee, for Otero County in this recent election.

Please see the attached PDF letter.

Ray Lutz, Executive Director of Citizens Oversight said, "We believe it is absolutely reasonable to scrutinize the outcome of this recent election, and we have the tool to do it: AuditEngine, a cloud-based platform that can audit any election that produces ballot images."

New Mexico uses Dominion Voting Systems, and they produce ballot images as a normal function.

We hope you will seriously consider this proposal.

Dear County Clerk Robyn Holmes and County Commissioners:

The eyes of the nation are on Otero County right now.

Because it is so important that voters and candidates trust the outcome, our organization of election experts is willing to waive our usual charges to analyze your recent election using a ballot image audit. We've done similar audits in many other counties around the nation, and we are ready to provide this service to the public in this election.

We believe that it is important to double check these very close contests -- with as small as an eleven vote margin -- because the machines do sometimes misinterpret voter marks.

After watching elections for more than 17 years, we started in 2019 an initiative to provide a ballot-image auditing platform called **AuditEngine** (AuditEngine.org)**.** We believe this is perfectly suited to resolve every question about the machine evaluation of the votes in this close election. Our application independently evaluates all marks on the ballots, and performs OCR of written selections on BMD summary cards (we do not use the QRCode on those ballots), and then forms an independent tabulation, and compares the result of every single ballot, including whether any changes were made during the normal adjudication process.

A bipartisan 2018 Senate Intelligence Committee report[1] said,

[1] https://www.intelligence.senate.gov/publications/russia-inquiry

AMERICAN OVERSIGHT

> "systems that are not connected to the internet, such as voting machines, may still be updated via software downloaded from the internet. These potentially vulnerable systems include... vote tallying... States should consider implementing more widespread, statistically sound audits of election results."

(AuditEngine is statistically sound, since it examines 100% of ballot images.)

Also in 2018, former Governor Richardson, who signed New Mexico's law requiring paper ballots, wrote[2],

> "There is no use in having a paper trail if no one checks it...We cannot catch election errors if we are not looking for them... We can and must check more. ... The CIA, NSA, and big Silicon Valley companies have been hacked, so no one is immune."

Our Proposal:
For an audit of a county the size of Otero, our standard rate is $6,000 (for a county with fewer than 50K ballots). However, because we have just started to deploy this solution, we would like to offer a **FREE audit** to Otero County, or at your option, be under contract at the aforementioned rate.

We believe we can finish our audit prior to your statewide certification deadline if we start immediately.

The Dominion Voting System that you are using in New Mexico already captures ballot images of all ballots. As AuditEngine is a cloud-based application, the Ballot images, the Cast Vote Records, the PDF Ballot Style Masters are first uploaded to secure cloud storage adjacent to computing resources where we are authorized to use up to 10,000 computers in parallel to process the election by reviewing ballot images. By doing this work in parallel, we can complete the full evaluation in minutes or hours (once fully mapped) rather than many days or weeks if a single computer were to do the same work.

In our recent case study of AuditEngine in three Florida Counties, Volusia, Collier, and Port St. Lucie, we processed both ES&S and Dominion ballots, and found that the AuditEngine evaluation of the vote differed from the voting system evaluation in only about 0.23% of the targets, and in those cases when we differed, we evaluated voter intent 93% more accurately than the voting system. And in those last 7% when we did not correctly evaluate the vote, generally the voting system did not either, due to very strange marking by the voter.

The case study report is available here: https://copswiki.org/Common/M1970

We have since worked to complete audits in Bartow County, GA, Fulton County GA, Dane County, WI, among others, as a service to those communities in the divisive 2020 general election. We provided some important feedback to election officials, and in the case of Volusia County, provided a certificate of appreciation in completing an accurate outcome despite some unnerving failures of the ES&S system they used. AuditEngine is under the wing of CitizensOversight.org, a 501(c)3 nonprofit

organization.

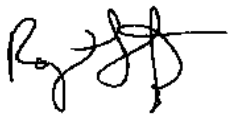
I am an electronics and computer engineer with more than 45 years of experience in related technical fields, and have had direct experience for 17 years reviewing election systems. Our team of election experts will be providing oversight, and we can provide live streaming or at least a video recording of the audit process, and the review of all discrepancies.

Statement of work:

1. Otero County elections staff will export ballot images, cast vote records, and ballot style masters from your Dominion Voting System. Here is the exporting guide: https://auditengine.org/user-guide/dom_exporting_guide/

2. Because time is of the essence, please upload the data directly to our datacenter. We have established a permanent upload page for Otero County: https://engine.auditengine.org/upload/170/NM_Otero

   The instructions for uploading are at this link under "Sending Data to AuditEngine" https://auditengine.org/user-guide/exporting_guide



3. We will use AuditEngine to create a set of style templates, perform a full extraction of the votes from all ballots using AuditEngine, create an independent tabulation for all contests and compare our result with the official result on a ballot-by-ballot basis.

4. We will provide a discrepancy report with more than 40 categories, and a full report including intermediate data for all the steps involved.

AuditEngine is perfectly suited to help resolve the disputes in this election, and we hope the price we are offering will help you decide to allow us to provide our services to the public. We have seen a similar audit performed in the 2020 Election by EchoMail for $49,750[3] and thus it seems getting the ballot images is possible under state law.

Please contact me by phone at your earliest convenience: 619-820-5321. I am willing to come to your site to explain the process and help you to understand what a great tool AuditEngine can be, or perhaps better, have a virtual meeting so we can answer any questions you might have.

Here's my copypasta comment from Maggie's campaign video with Richard Madcow on Youtube. I was the first to comment! Comments will be probably be closed soon, which is sad, so thought I'd share:

I think the Commissioners just simply wanted a hand count of all the ballots, independent of the state's auditing authority and under their implicit common law authority as a commission, to verify the machines are accurate in tabulating the results of the paper ballots. They didn't violate their oaths, either. The Supreme Court did shit upon the Commission's due process in declaring a discretionary authority of the board to be a ministerial duty subject to mandamus. The Court erred. What a tragedy. The truth is Maggie wouldn't have been able to get a jury of Otero voters to convict any of them for removal from public office. And the real irony is the Maggie has damaged faith in the elections this week in greater magnitudes than she's accused others of. We all know how the recall petition went.

She knows this.

It's like that scene in A Bug's Life where Hopper kills off a few of his buddies in a violent showing to the rest of the crew of the inherent danger in the long term of one ant standing up to their tyranny. The crazed Redditors are already pointing at Otero and saying they fear as much to start popping up everywhere. Good. Let's review the paper ballots! Without the machines.

But indeed, yes, Maggie knows how to puff up & bitch. I've always respected her amazing bitching prowess. Now there's a woman whose give-a-shitter is clearly long bent. A true sociopath.

Otero Countty uses the Dominion machine the Imagecast Evolution, which scans a digital image of every ballot that gets fed into the machine and stores it in memory. Election integr\ity activists have hit upon asking for and counting these to insure the official tallies were not hacked.

The latest high profile case was in a Massachusetts US Senate primary which was obviously won by real Republican, not RINO, Dr. Shiva. You may have heard of him he did a presentation in AZ about the 2020 election steal.

https://rumble.com/vnro0h-dr.-shiva-analysis-of-mail-in-ballots-pima-county-arizona..html

Shiva asked for the ballot images for his race but the counties illegally destroyed them. (the images, not the paper ballots, which "debunks" claim Dr. Shiva said were destroyed, when he never said that.)

Here is some background:

https://www.bostonbroadside.com/voterfraud/shivaexposedfraud/

https://soapboxie.com/us-politics/It-Is-Up-to-States-Move-to-Preserve-Key-Potential-Evidence-of-Vote-Counting-Fraud-the-Ballot-Images

If they don't want to give you the ballot images them it is a sure sign they are hiding something, since it is easy and free and does not involve accessing the paper ballots. You can easily fit them all on a thumb drive.

I will give you a call. If you like I'm pretty sure Dr. Shiva, a friend of mine, would give you a all to give you the lowdown on ballot image fights.

Subject: Decent Election Systems

Dear Commissioners Griffin, Matherly, and Marquardt,

My name is Carey Briggs and I represent an open-source election systems company called Decent Elections LLC. I've been following your commission meetings on YouTube, specifically regarding the fight over certifying the 2022 primary results for your county. I share your concerns about transparency and accountability in our current election systems. I encourage you in your pursuit of your own machines at the county level, and wish you the best of luck in doing so. I'd love to sit down and chat about what a secure and accountable election system looks like, and I'll gladly meet with any auditors you trust to explain in painstaking detail how our system works. A general overview can be found on our website at decentelections.com. If this sounds interesting to you, please give me a call or email.

Best Regards,
Carey Briggs

Good Afternoon,

I am reaching out to you to show support in not allowing the certification of your recent primary.

Your county has the opportunity to show this nation how to fight for election integrity. I ask you to brave and stand your ground.

The nation is watching...be the light for us!

Thank you for your time.

My name is Patricia Erwin and I live in Texas. Like many others in the U.S. I totally believe that the 2020 election was compromised through fraud using electronic voting machines by people who wish to destroy our rights and liberty. I also believe that this type of activity has been used in the past to put the elected officials in place that are now using their official capacity to ignore or twist the law to cover up the fraud that put them in office.

I want to thank you for your courage in upholding the law and standing by your oath of office in the trying circumstances that you are in and am praying that you are able to stand your ground and succeed in this very important endeavor.

Thanks again,

Patricia Erwin

Good morning, Couy

We are so proud of the stands you have taken!!! And you have been rug through the ringer. You are being tempered with fire. And I don't need to tell you the following, but I am saying this to let you know how we feel.

We feel you (and we, as you represent us) are in uncharted waters, with unknown dangers everywhere. You have the radical left citizens vocalizing their fascist views and their feet stomping/fist shaking gestures along with their threats, directed most likely against you personally!! Despicable and desperate is what this is! And we are sorry our county/country has become so radical!

And now you have a NM Supreme Court order, which was not followed according to their own statutes where the SOS was supposed to direct any conflicts via the AG, who then works the local DA who then submits docs to you. Here, the SOS went directly to the Supreme Court who then directly orders you as commissioner, to certify.

According to the statutes, it is the commissioners' duty to certify, not the Supreme Court. The whole statutes are set up for a checks-and-balances where local and state entities check each other with a process. When one entity starts to DICTATE what the other is to do, I believe that is called a "Dictator". If that is in fact a demand, then we have no representative government!!

We pray the good people of Otero county not only pray, but actually show up to support you, as bold, courageous commissioners, take a stand against dictatorial tyrants!

One more note, think of all the Bible prophets and apostles who took a stand for truth…….and how many bore the persecution of their governments: some with public flogging, some with imprisonment, some even with death. But they took a stand, a bold and courageous stand, because they firm in their conviction to do the right thing!!!

And this country was not founded by people who complied, but by people who resisted tyranny!!!! And fought back!

So God's followers and our country's founders all took a stand to do what is right! We stand not behind you, but with you and proudly and boldly defy tyranny. DO NOT CERTIFY!

Very sincerely,
Chuck "Grandpa Chuckie" Andreas

Subject: Dominion machines questionable legitimacy

Mr Griffin,

I was inspired by the results of the Otero County's diligence in questioning the legitimacy of the Dominion machines and urging other counties in New Mexico to hold off on their certifying of these past midterm election results until they, too, can conduct a thorough research of the questionable certification process by our Secretary of State, Maggie Toulouse Oliver.

I am, therefore, forwarding to you a copy of the email that I sent to my San Juan County Commission urging them to delay their certifying of this election, due date of Friday, June 17, 2022. I hope this will be an encouragement to you that your investigation results did no fall on deaf ears. Thank you for your service to Otero County and to all of New Mexico!

Wed, Jun 15 at 8:36 AM

Mr. Lanier — In light of the ongoing revelation of the New Mexico primary election process irregularities, (ie - non-certified Dominion machines), I am URGING you and the commission to NOT CERTIFY this election, deadline date of Friday, June 17, 2022. The Otero County Commission has been diligent in their pursuit of the legitimacy of this election. Until the Secretary of State is forthcoming in allowing the Dominion machines to be inspected by an outside, neutral party as requested by the Otero County Commission, the legitimacy of this and all other elections is in legal question.

The people of New Mexico must have answers to the questions of the legitimacy of these machines. If that question is not addressed, you and the commission are foregoing an opportunity to stand up to this ramrodded certification process by our Secretary of State, Maggie Toulouse Oliver. I am asking this commission to not certify these election results until the Dominion machine issue is resolved to the satisfaction of the Otero Commission and, hopefully, the San Juan County Commission. Thank you, in advance, for your service to San Juan County!

STUNNING ADMISSION: Government Finally Agrees Dominion Machines Are Vulnerable

by Vince Quill 2 hours ago 4 comments 1.6k views

Do you hear that? It's the sound of vindication!

According to a report from the Cybersecurity & Infrastructure Security Agency—a government bureau—Dominion voting machines have critical vulnerabilities that could potentially affect them in the 16 states they are used.

We have been reporting on this since day 1, but the U.S. government has finally caught up nearly 2 years later…

I want to point out that the word 'potential', which is the wording the Associated Press and others are using, need not apply here, this potentiality became a *reality* during the 2020 election and beyond.

Trending: Is This President Trump's New VP Pick?

Unfortunately, this is how government admissions are made. First, they adamantly deny the claims—even going so far as to persecute the accusers, then they cede some ground by acknowledging pieces of the claims in an offhanded way…

AMERICAN OVERSIGHT

Last, but certainly not least, the full admission breaks through the illusory narrative, usually*years* after it matters; Right now we are in that second phase of this time-honored charade.

@WeLoveTrumpNoah

Despite this stunning admission, and corroborating claims, we are still hearing testimony like this:

AMERICAN OVERSIGHT

Even The Associated Press is reporting on the CISA findings:

> *CISA Executive Director Brandon Wales said in a statement that "states' standard election security procedures would detect exploitation of these vulnerabilities and in many cases would prevent attempts entirely."*
>
> *Yet the advisory seems to suggest states aren't doing enough. It urges prompt mitigation measures, including both continued and enhanced "defensive measures to reduce the risk of exploitation of these vulnerabilities."*
>
> *Those measures need to be applied ahead of every election, the advisory says, and it's clear that's not happening in all of the states that use the machines.*

NATIONAL POLL: Should Nancy Pelosi Be Removed From Office?

Western Journal adds:

> *The CISA advisory is based on a report by computer scientist J. Alex Halderman of the University of Michigan.*

AMERICAN OVERSIGHT

He has previously argued for multiple safeguards to be put in place for voting machines and has said that hand-marked paper ballots are the most secure way to vote, according to the AP.

You fucking faggot.
And what the fuck kinda snowflake motherfucking name is couy? Was your inbred mother drunk while trying to spell Cody or some shit because that's pretty gay too but not as gay as whatever the fuck your dumbshit name is. Or maybe she was too lumped up to notice the mistake after your equally inbred daddy beat her again for the eight millionth time.
Good job of continuing to be a sniveling little crybaby bitch because your fuckboi lost the election. You fucking lost get over it, you cunt.
There's mountains of evidence that say so, but your fucking peabrain can only absorb information if it's on youtube.
Oh by the way you look like a yuuuuuuge fairy douche riding your fucking pony down 5th Ave. Like you're fucking Dennis Weaver in McCloud□

Good morning, Commissioner Griffin,

I watched a recent video on the Otero election for 2020. There was a spreadsheet on a slide that showed data that I cannot read, for the counties I lost in 2020 for District 8.

It's extremely difficult for me to read what it said. Think you could pass my contact on to Dr. Clements? I have no interest in pursuing legal recourse in NM courts, as I am now a Texas resident again. Just want to see what others believe happened, because my instincts said it wasn't right.

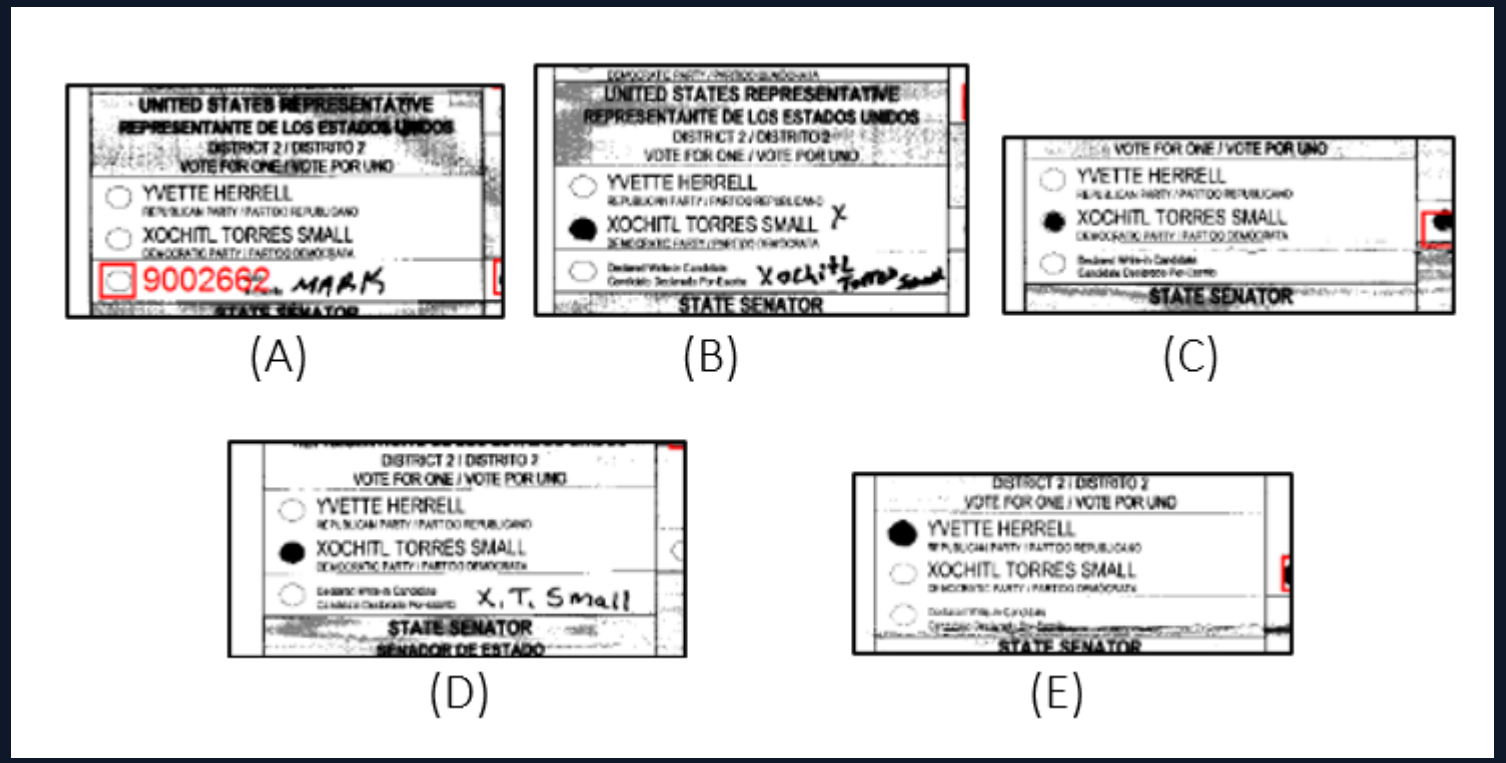
Record Accuracy – Cast Vote Record v Dominion Ballot Images



- By law tabulators can't have more than 1 error in every 125,000 vote opportunities. This translates to no more than 4 misadjudicated votes in Otero County.

- VVSG Section 4.1.5.2: "To ensure accuracy, paper-based systems shall: (d) Detect marks that conform to manufacturer specifications with an error rate that enables satisfaction of the system-level accuracy requirement indicated in Subsection 4.1.1. (e) Ignore, and not record, extraneous perforations, smudges, and folds."

- Tabulators misadjudicated 71 votes, 15 times higher than the allowable limit. These fell into 5 categories:
  - Unexplained misadjudication
  - Paper folds interpreted as votes
  - Voter missed oval
  - Stray marks counted as votes
  - Voter changed mind and clearly indicated intent

Tabulator Warning Messages	
Blank Ballot Warning	The tabulator does not detect any voter selections on the scanned ballot. Please ensure you used a proper marking pen.
Overvote Warning	One or more contests have too many votes. If you choose to cast the ballot as-is, contests with too many votes will not be counted.
Ambiguous Marks Warning	The tabulator detected marks on the ballot but the selections are not clear. The ballot will be returned automatically.
Ballot Misread Warning	The tabulator is unable to recognize the ballot. Check the ballot for damage or stray marks, particularly in the timing mark area. If damaged, spoil the ballot and issue another. If no damage is detected, re-insert the ballot in a different orientation.

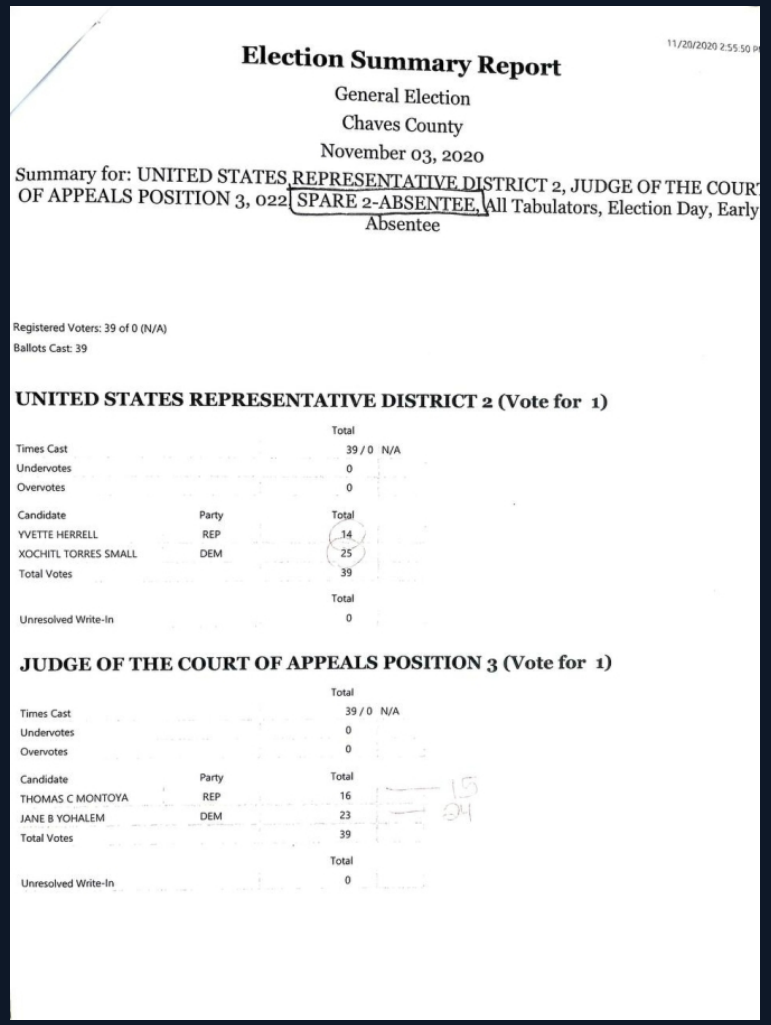
RE: Post-Election Voting System Check for the November 3, 2020 General Election

Dear Mr. Rivera,

Chaves County was selected to participate in the accuracy check of the tabulators used in the 2020 General Election. At this time, we have completed the accuracy check. We were able to locate all the ballots in precinct 22. We hand tallied these ballots for the U.S. Representative District 2 contest and Judge of the Court of Appeals, Position 3 contest and found the following discrepancies:



Tabulator AAFEBEM0046 – Absentee, Spare #2
39 ballots were hand tallied. The discrepancy appears in the Judge of the Court of Appeals, Position 3, contest.
The results from RTR - Dominion Server show to be:
Thomas C. Montoya - 16
Jane B. Yohalem - 23
Undervotes – 0
Overvotes – 0

The hand tally results show to be:
Thomas C. Montoya - 15
Jane B. Yohalem – 24
Undervotes – 0
Overvotes – 0

Attached please find our tally sheets as well as a report from the Dominion system for the tabulator with the discrepancy. Please let me know if you need any additional information.

Thank you,
Cindy Fuller

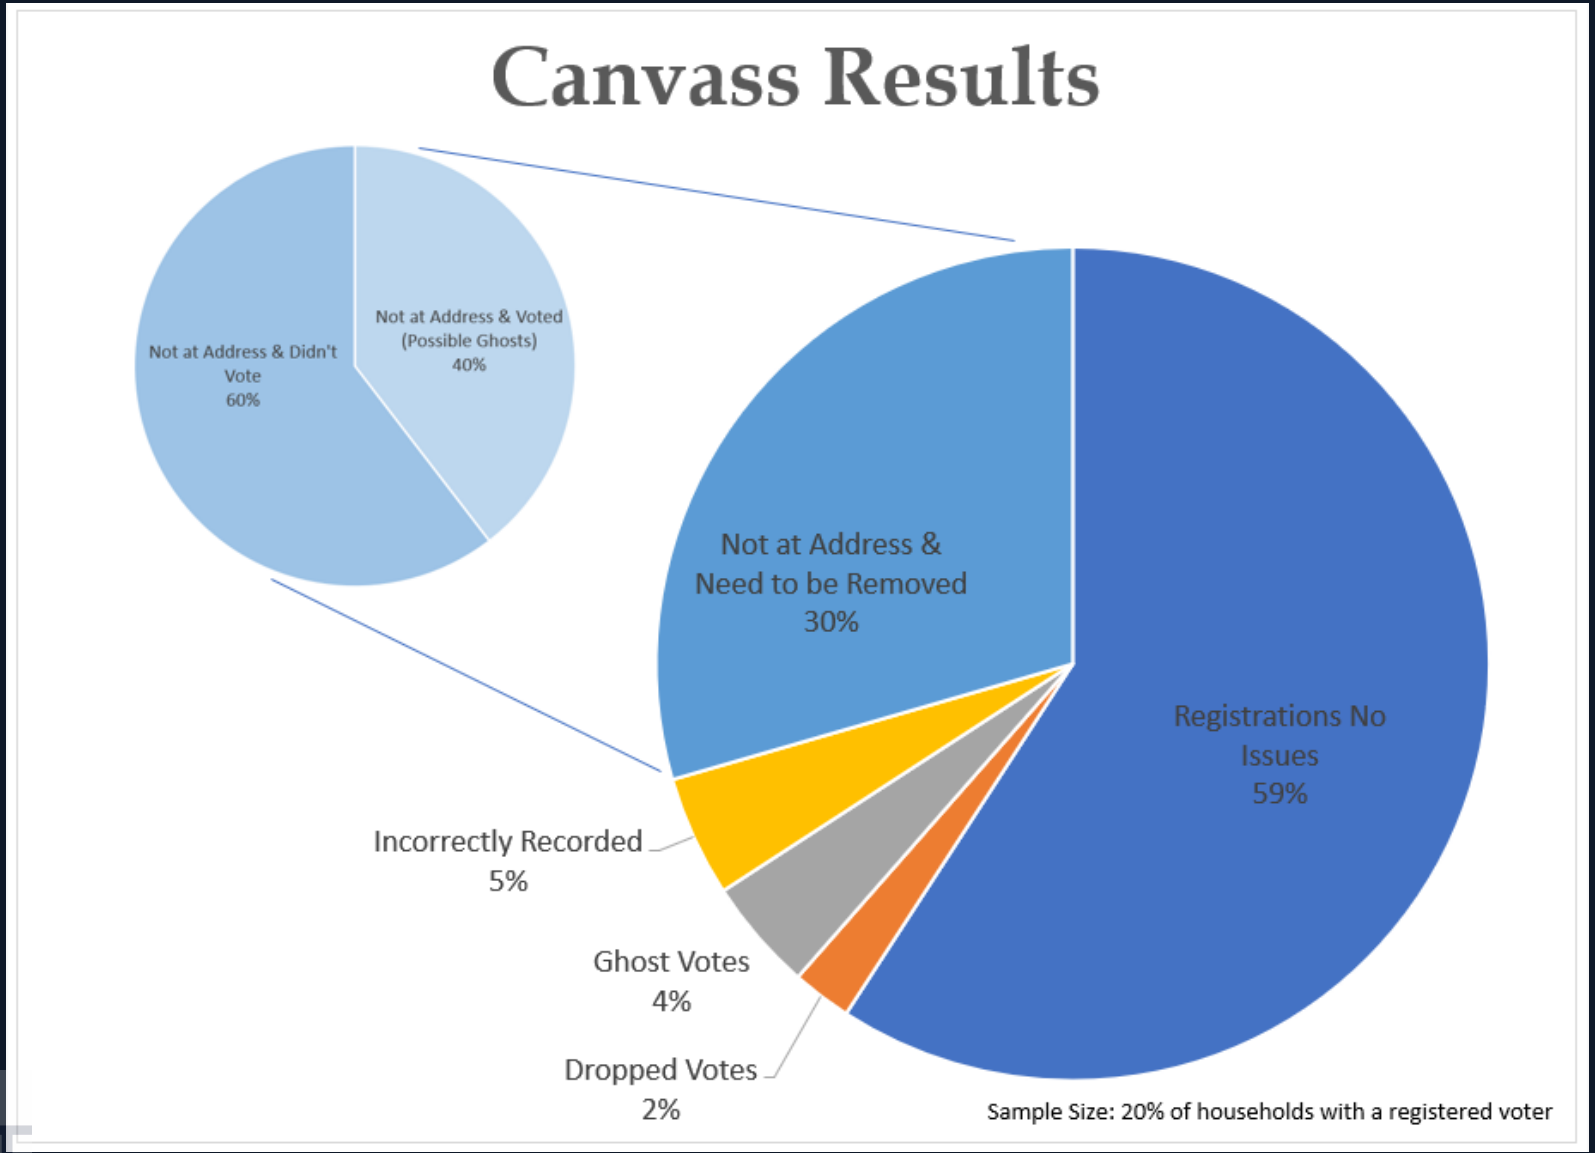
Official Reports Admit Problems with Absentee Voting



- "We gave voters a list of possible illegal election activities and asked, "Which of the following situations did you personally observe in the 2020 general election?" Over three-quarters (77%) of NM voters indicated they did not personally witness any of these election fraud or irregular voting activities. 21% indicated they saw one or more election problems and 3% gave no response. •

- Of these illegal activities, the highest response was for unsolicited absentee ballots that 11 did not belong to anyone in the household arriving at the voter's residence. This occurred 7% of the time, a surprisingly high frequency. "

I believe your decision not to certify the election was heroic, patriotic and trustworthy. With the knowledge that machines were not in compliance there was no other decision a just person could make. This is the point that the people need to work together to fix our election system. The response of tyranny you have been given only makes the people distrust the election system more. Prayers for all involved and justice be done.

Thank you

Sir, your unwillingness to certify the election based on false claims is in violation of your Oath and you should be prosecuted otherwise; produce the evidence and show us all. All you are asserting is a “belief”. Trump and the MAGA Mov has gone to court 60 times and have yet to produce ANY credible evidence. You Sir are undermining our election integrity, the rule of law, all based on a LIE. I’m a Republican who believes in my country. I’m a retired Vet who fought for my Country. Either certify the election or resign - you’re a disgrace to all who have served and paid the ultimate price for our freedoms that you’re undermining with your bullshit. If you do not resign, I hope you’re removed from office and prosecuted to the fullest extent of the law.

I have been following the recent election in Otero County and wish to commend you on your courage to vote against certifying the election.

If I am understanding it correctly, the Secretary and New Mexico Supreme Court is way out of line to exert any pressure on you at all. You clearly have the legal right to exercise judgement in whether to certify.

I just wanted to send a quick note to let you know that many people around the country are aware of what is happening in Otero County, and stand by you.

My name is Lynette and I am reaching out to you from California! First I want to say thank you from all 50 states and 58 counties in California!!! Thank you for standing up for the people and doing the right thing! I know it's difficult but just know we are all with you! The reason I am reaching out is because I've been attending my county board of supervisors meetings for over a year now. I speak and bring them information and ask them to stand with us. I wanted to ask you and the 2 other board members for advice. What can I do or file to compel my Placer County Board of Supervisors to stop using the machines? I've written up agreements and resolutions requesting the board to just read them and put them in the agenda with no avail. I believe many local elected officials may have been forced or even bribes back in 2020 to implement these machines. I just want them to recognize and consider the fact that there are so many discrepancies and questions regarding 2020 and that alone should justify not using these machines moving forward! Any recommendations you have would be greatly appreciated! I hope and pray many more county's throughout this great nation stand firm as you are!!!! □□

Thank you,
Lynette Dubey =

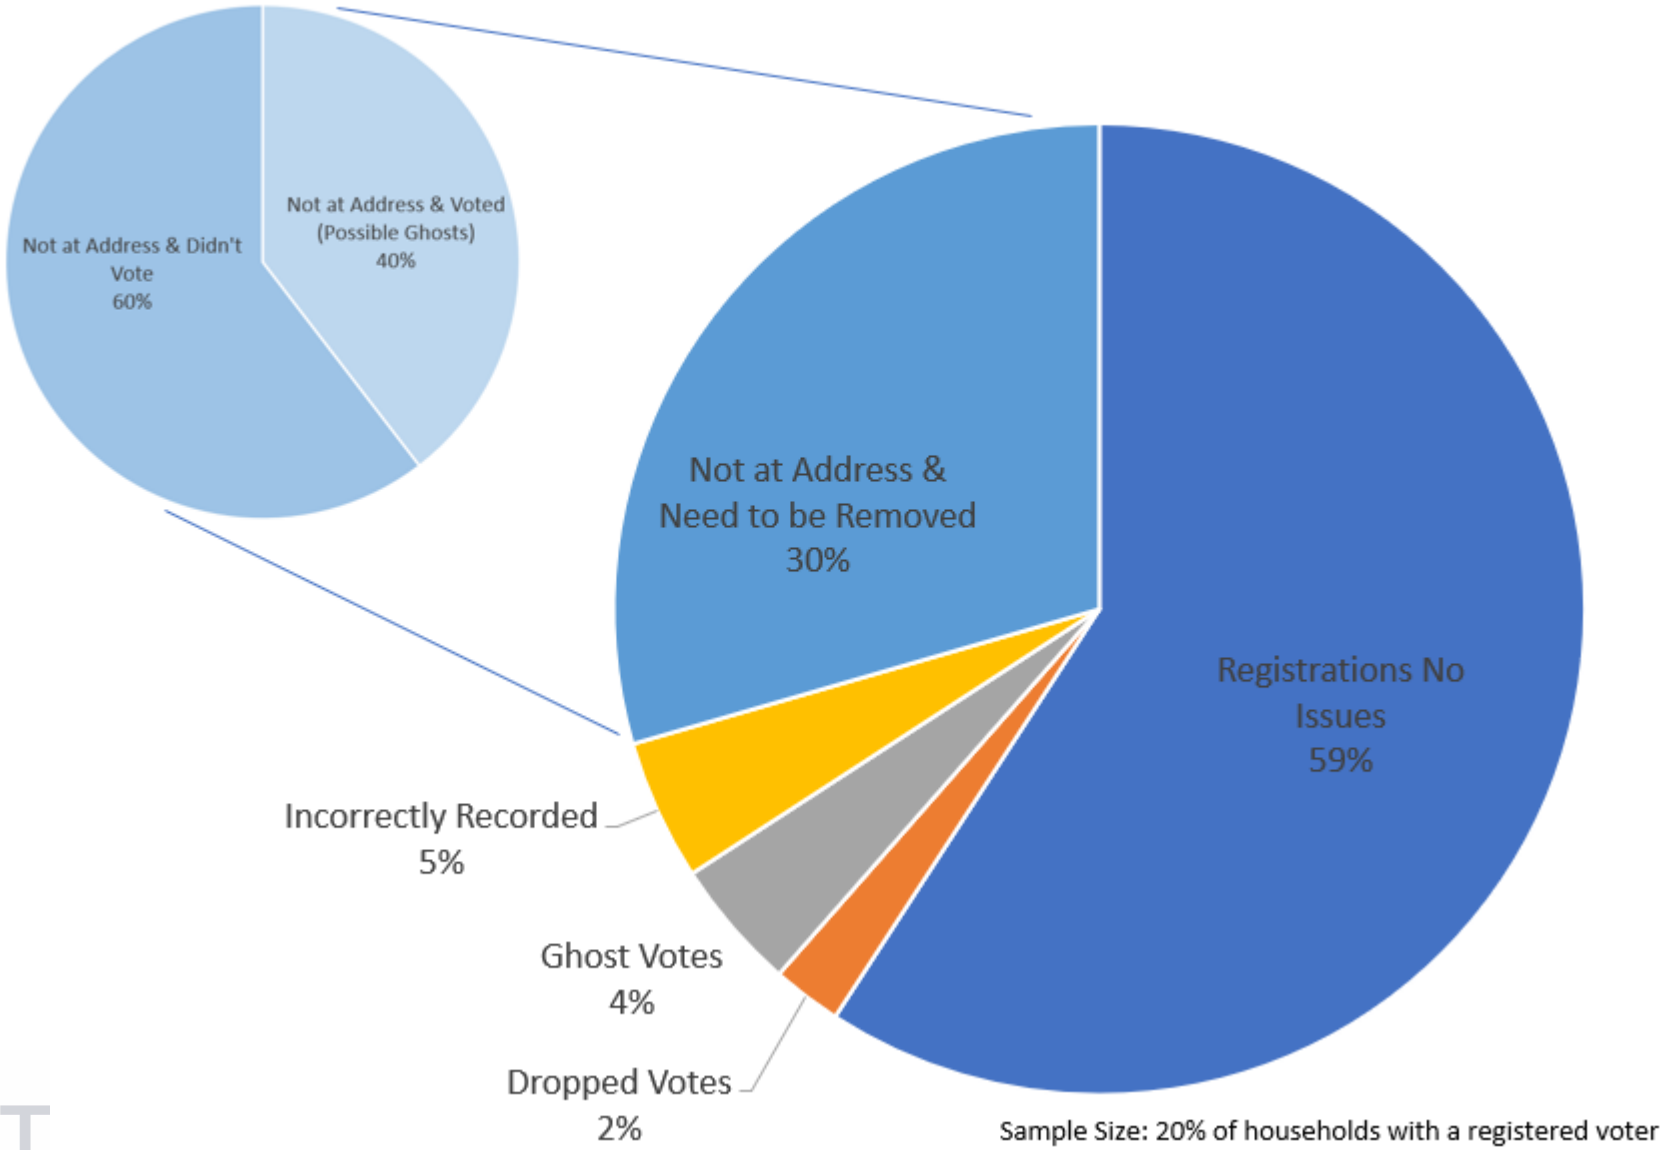
Update on the Otero County Audit



AMERICAN OVERSIGHT

Update on the Audit

- Team has been reorganized since the loss of prime contractor and data analysis work from qualified professionals continues.
- Some additional records are requested from the County Clerk.
- Enthusiasm for preserving and analyzing the election record in NM is growing. By the end of the month, we will have preserved the paper records in eight New Mexico counties.
- Additional groups all over the state have become active in urging their County Commissions to address the obvious problems that existing in our election system.
- The release of 2000 Mules supports our data analysis published in October 2021 which showed massive anomalies in the November 2020 election in the absentee ballots in EVERY COUNTY.
- This massive influx in fraudulent absentee ballots was made possible by the drop boxes funded by the Center for Tech and Civic Life – a non-government organization.

Subject: OVR updates in New Mexico

Hey all,

I wanted to circle back on our conversation regarding OVR and third-parties from last month. We're excited to utilize the updates the Sec. of State's office will be making available this year, so please send more details.

Additionally, I wanted to outline the updates we're hoping to eventually see in New Mexico to make voter registration in the field and via third-party web tools more seamless.

Essentially, we're asking for an update to how your OVR system accepts voter registration applications, removing the requirement that they are processed through your website. Instead, approved partners would be able to provide them directly to your system. I've attached a white paper on this approach to OVR, which we've termed "Connected OVR." Generally, this involves some technical enhancements such as building an API, or updating existing infrastructure to support third-parties. Ideally, in addition to increased flexibility to drop-off applications, we'd also be able to track the success of these applications with a feedback mechanism.

For the field, we'd no longer need a constant internet connection to register voters, and for the web, the user experience would be greatly improved -- right now they start on a partner page to ensure we get opt-ins and follow-up, and then continue onto the state website.

Both Pennsylvania and Virginia now offer this to approved third-parties and I'm sure they'd be happy to discuss the details with your office if you're interested. It's also worth noting that because the state is in control of the system, they are able to set the parameters for approving partners. There are a number of security and data checks we've completed to comply in both states that I'd recommend modeling.

Happy to discuss further, but I wanted to outline the request so we're all on the same page. Please keep us posted on developments for 2018 that we should make sure to use.

Best,
Jen

Hi Couy,

I'm so very sorry that you are having to deal with corruption that is trying to force you not to do your best in your position as a commissioner. How can anyone expect you to endorse something that isn't true?! GRRR!!! Please continue to stand for the truth. The entire nation is at stake and all eyes are now on Otero. You have the support of We the People. We've seen the evidence. No one could honestly certify that fraudulent election. God bless you as you face these tough decisions before you. Please continue to choose in favor of the truth.

Thank you so very much,

Subject: End Review - Fifty-Fifth Legislature, First Special Session, 2022

So, some of you have probably found yourselves asking,*"Ukraine? What the hell? Why was that the first recital of the proclamation? Why am I supposed to care about Ukraine now?"*

Fair questions.

Some of you aren't on social media, or on the Internet often, or maybe even without a TV. Good job if you've somehow managed to avoid the brainwashing. And since Grishy is so taken by the matters, as you saw in the proclamation, I figured I'd elaborate a little on the issue. Let me get you up to speed.

Why didn't their blame mat just state in generic terms, "WHEREAS, ongoing global conflict has contributed to vola-blah blah blah..."?

Here's the answer, because they like to say the name.

It's victimhood culture. And it's been growing in this country for a bit now. If you remember the Summer of Love 2020, especially MAGA Night (How many of you remember MAGA Night??) at the end of May when the White House went black dark and several fires simultaneously broke out across DC as it descended into chaos - which was much closer to a true insurrection - then you're probably wise enough to put two and two together and see that the same sheep who've been bleating out Russia, Russia, Russia/BLM/COVID are now bleating out Ukraine talking points. And if you can see past the Wikipedia propaganda on #GamerGate, then you're probably on a level that most aren't.

Victimhood culture's got a name, too: it's Hunter Biden. You have to wonder how much that CIA puppet has managed to entangle us in foreign affairs that we should have never been involved with in the first place. And that's a just a drop in the bucket of stupid shit that probably traces back to Zorro Ranch, New Mexico. The amount of international espionage, nuclear proliferation, and secrets being routed and purchased through that playhouse would be, I reckon, unbelievable even if I could tell you.

Could you imagine if the children of our founding fathers were of this same nature? Their kids screwing off on no-show jobs as directors of boards in foreign countries, namely Ukraine; (still) living it up. That Burisma shit was real. It's archived on the web. You can find it and translate it with common Internet tools.

Just wait until we find out that the election meddling was being routed through Ukraine. Yikes! Not just a cash cow anymore. And you know who else is in Ukraine: Holtec. I've been following that for some time.

But back to the victimhood culture war now showing up in your proclamations. You see, it can not be that both of them, Ukraine and Russia, are each in their own wrongs. No. It must be aggressor versus victim. It has to be. Thus, New Mexico proclaims an "invasion" which is "against" the hyped victim. There it is, it's in the proclamation.

In this case, Ukraine is the perceived victim. Russia is the perceived aggressor.

It makes me question the state executive's motive for aligning with that victim-aggressor viewpoint.

But yeah, I tuned in to that senate session earlier tonight. Holy hell. Some of you need coaching help. Big help. Lots of facepalm and sighs from me as I watched during that ending bit. Somebody needs to write the book, "How To Raze Hell In The Roundhouse: A Primer" where you'd find excellent blurbs, such as:

> "And every time Howie's up there, with that big, beautiful grin of his, *the Smile of New Mexico*, and he manages to utter out an "...without objection", then that means you've missed an opportunity to grieve the process, even if just a little."

I liked the part where the senators clapped their backs as everything was wrapped up in a day. hahahahahahahahahahaha. Beautiful. It's still so cordial up in there. It's almost cute. I don't really like democrats, but George is alright. George is alright.

They'd throw my ass out / lock me up during every session**In a hurry.** It'd be the first order of business, too. "BRING US BACK LARRY/GAY," all the screamers would cry right after proverbially voting me off of the island. Think that's a joke?

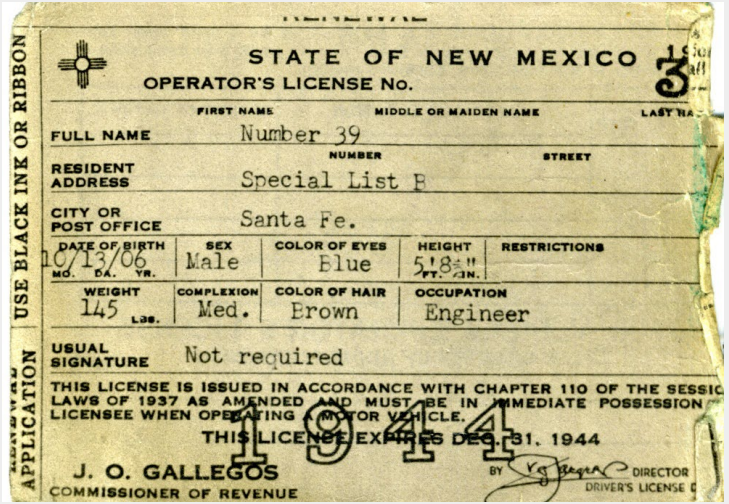
Voter ID (NMSA §1-1-24)



As used in the Election Code, "required voter identification" means any of the following forms of identification as chosen by the voter:

A. a physical form of identification, which may be:

(1) an original or copy of a current and valid photo identification with or without an address, which address is not required to match the voter's certificate of registration; or

(2) an original or copy of a utility bill, bank statement, government check, paycheck, student identification card or other government document, including identification issued by an Indian nation, tribe or pueblo, that shows the name and address of the person, the address of which is not required to match the voter's certificate of registration; or

B. a verbal or written statement by the voter of the voter's name, registration address and year of birth; provided, however, that the statement of the voter's name need not contain the voter's middle initial or suffix.

Subject: Excellent Special Meeting 6/17/22

Commissioner Marquardt,

Commissioner Griffin has my heart, but thank you, thank you, Commissioner Marquardt (and Commissioner Matherly) for considering the impact to Otero County from the likely actions of the Governor. We need you guys. You were forced to "approve" (By the way, compelling speech (or votes) is a First Amendment violation, no surprise as this is typical Santa Fe).

I owe the lawyer an apology. I was reading out of date NM statues. I never thought that the legislature would compel "rubber stamping" elections. Should have known, based on their performance, that fraud is not of interest (or maybe it is).

Now our election process apparently only involves the SoS and the County Clerk for checks and balances. As I've stated before, I believe our Clerk is not competent at best. The poor security, no curiosity about motherboards/software, her support for 100% mail in ballots, busy, busy, and loss of data, etc, etc, etc sure looks like incompetence to me. The problem is when incompetence combines with an agenda of always complying with the SoS and her "no independent verification" and she has power to effectively certify. We are in big trouble with election fraud unless we get a Clerk that is independent and willing to challenge the SoS. We need sunshine not secrets in the election process. This Clerk will not deliver that sunshine in my view and the Commission should that this in to account.

Again thank you for standing up - and for recognizing when it was time to pull back.

Dear Commissioners,

Because of the irregularities that the New Mexico Audit Force has uncovered in Otero County in the 2020 general election, I am writing to ask that the County Commission stipulate that there will be no voting on electronic machines for the 2022 elections and subsequent elections. I prefer paper ballots, hand counted by live persons.

I also request that there be no "ballot drop boxes" in Otero County.

Thank you all for all that you do and for standing strong!

Subject: RE: [EXTERNAL]Quo Warranto complaint against Commissioner Griffin

RB,

Sorry for the delay – I've been out of the office a few days and catching up on emails.

There would not be coverage for this. There are several definitions that I refer you to in the Coverage Agreement. The first being "Member" – Com'r Griffin is considered a "Member" for purposes of coverage being triggered, if he is acting within the scope of his duties as a county commissioner. If Com'r Griffin was not acting as a county commissioner during the alleged insurrection on January 6, 2022, then there is no coverage. The other definitions that apply are the definitions of "Claim", "Occurrence" and "Wrongful Act". Based on the complaint, there are no claims for money damages resulting from an occurrence and the alleged wrongful act did not result in bodily injury, personal injury or property damage. Based on these definitions, there is no coverage. See attached Coverage Agreement for definitions on pages 18-23.

In addition, I believe there are several exclusions that likely apply. See attached Coverage Agreement for exclusions 13, 14, 24, and 33, located on pages 12-17.

Based on these definitions and exclusions, coverage is excluded for this matter.

Thank you.

New Mexico County Insurance Authority
Multi-Line and Law Enforcement Program

Member Coverage Agreement

January 1, 2022

Part I

A. General Coverage Declarations

The New Mexico County Insurance Authority (NMCIA) Pool (the "Pool") is a risk sharing arrangement among New Mexico county governments. The **Pool** was formed pursuant to the provisions of the Joint Powers Act, Section 11-1-1 et. seq. NMSA 1978, as amended, and through the Bylaws and Joint Powers Agreement signed by its members. The purposes of the **Pool** is to provide a multi-line program for property and casualty coverages, and a law enforcement program and to assist members in controlling costs by providing specialized governmental risk management services and systems.

The purpose of this Coverage Agreement is to describe the property, liability and law enforcement coverages provided to its **Named Members** through the **Pool**. The coverages, deductibles and limitations are unique to the **Pool** and may not be available elsewhere through private or commercial insurance.

It is the intent of the **Pool** to provide the property, liability and law enforcement coverages outlined in this Coverage Agreement to each **Named Member** and those who work for them or on their behalf in accordance with the laws of the State of New Mexico. This Coverage Agreement was created to eliminate misunderstandings regarding coverage; to avoid coverage disputes; to clarify responsibilities during the claims handling process; and to provide the **Named Members** with a document that easily identifies what is and is not covered.

Part II – <u>Coverage Conditions</u>

A. Limits of Liability

AMERICAN OVERSIGHT

1. The **Pool's** liability for **Money Damages** as the result of any one **Occurrence** is limited as described in the Limits of Coverage of this **Agreement** less the amount of the **Member**'s deductible.

For the purpose of determining the limit of liability, all **Money Damages** arising out of continuous or repeated exposure to substantially the same general conditions shall be considered as arising out of one **Occurrence**.

2. **The Pool Will Pay With Respect to any Claim or Suit It Defends**

a. All expenses the **Pool** incurs, including all claims expenses as defined in General Definitions, Part IV, "**Claims Expenses**.".

b. The cost of bonds to release attachments and appeal bonds required in any suit the **Pool** defends, but only for bond amounts within the applicable Limit of Insurance. The **Pool** does not have to furnish these bonds.

c. All reasonable expenses incurred by the **Member** at the **Pool**'s request to assist the **Pool** in the investigation or defense of the **claim** or suit. Such expenses do not include salaries of officials or employees of the **Member**.

d. All costs assessed against the **Member** in the suit, unless otherwise excluded.

e. Pre-judgment interest awarded against the **Member** on that part of the judgment the **Pool** pays. If the **Pool** makes an offer to pay the applicable Limit of Insurance, the **Pool** will not pay any pre-judgment interest based on that period of time after the offer.

f. All interest on the full amount of any judgment that accrues after entry of the judgment and before the **Pool** has paid, offered to pay, or deposited in court the part of the judgment that is within the applicable Limit of Insurance.

g. Expenses incurred by the **Member** for first aid to others at the time of an **occurrence**, for **bodily injury** to which this **Agreement** applies.

3. **Deductible** - at the option and discretion of the **Pool**, the **Pool** may pay all or part of the deductible amounts to effect settlement and upon notification to the **Named Member**. **Named Member** shall promptly reimburse the **Pool** for all such expenditures.

4. **Attorney Fees** –Defense attorneys fees and costs are within the policy limits. The Pool has the sole authority to choose defense counsel to represent Member in the defense of a claim or suit.

B. **Contribution Payments**

Contributions are determined by the **Pool Board** based upon current underwriting information.

C. **Territorial Scope**

This coverage applies to **Occurrences** worldwide for which any **Claim** is made or suit is brought and maintained in the United States.

AMERICAN OVERSIGHT

D. Clash Coverage

In the event a **Claim** is brought which could fall under more than one coverage section of this **Agreement**, regardless of the number of claimants or defendants, only one coverage section will apply, and only one occurrence limit shall apply. The coverage section with the highest limit will be the applicable coverage section.

E. Arbitration

In the event the **Member** and the **Pool** are unable to agree on any matter concerning this **Agreement**, including but not limited to coverage issues, the dispute shall be resolved through arbitration, not litigation. Either party may issue a written demand for arbitration within 90 days of the event triggering the arbitration request. The **Member** and the **Pool** shall agree on the selection of an arbitrator. If they cannot agree within 30 days, either party shall select an arbitrator and the two arbitrators shall select a third arbitrator to constitute a panel. Each party will pay the attorneys' fees and expenses it incurs and share the expenses of the arbitrator(s) equally. The **Member's** portion of the arbitrator's fee shall not accrue to or be payable by the **Pool**.

Both parties shall agree upon the location of the arbitration; if they cannot agree, the selected arbitrator shall determine the location. Local (State District Court) rules as to arbitration procedure and evidence will apply. The arbitrator's decision will be binding and that judgment may be entered in any court of competent jurisdiction. Any decision of the arbitrator(s) shall be non appealable and binding on all parties.

F. Termination/Suspension of Coverage/Withdrawal

Any **Named Member** may withdraw from the **Pool** at the end of any fiscal year (January 1 to December 31 each year) by giving at least 120 days prior written notice to the **Pool Board**. The withdrawn **Named Member** is not entitled to any reimbursement of contributions that are paid or become payable in the future, and shall continue to be obligated to make payment for which an obligation arose prior to withdrawal. In addition, the withdrawn **Named Member** shall forfeit all rights to any future distribution of equity.

A **Named Member** may be expelled in accordance with the **Pool's** Bylaws and Joint Powers Agreement.

The **Pool Board** may decline to offer renewal coverage on a particular line of coverage, or a portion of a line of coverage, at the end of any fiscal year upon 120 days notice to the affected member.

The **Pool Board** may suspend coverage of a **Named Member** for failure to make any payments due to the **Pool** or for other failings outlined in the **Pool's** Bylaws and Joint Powers Agreement. The **Named Member** shall be given a reasonable opportunity, of not less than 30 days to remedy the alleged failure.

G. Claims Process

1) **Members** shall immediately notify the **Pool's** claims administrator in writing, but in no event not later than ten (10) business days from the date of knowledge of an **Occurrence**, which may result or is likely to result in a **Claim**. Notice shall include how, when and where the **Occurrence** took place; the names, addresses and telephone numbers of any injured persons and witnesses; and the nature

AMERICAN OVERSIGHT

and location of any injury or damage arising out of the **Occurrence**. Notice of an **Occurrence** is not notice of a **Claim**.

2) If a **Claim** is received by any **Member**, the **Member** shall immediately record the specifics of the **Claim** and the date received and shall immediately notify the **Pool's** claims administrator in writing, but in no event not later than ten (10) business days.

3) The **Member** shall:

a. Immediately send the **Pool's** claims administrator copies of any demands, notices, summonses or legal papers received in connection with the **Claim** or suit; and

b. Authorize the claims administrator to obtain records and other information; and
c. Assist the **Pool**, upon its request, in the enforcement of any right against any person or organization which may be liable to the **Member** because of injury or damage to which this **Agreement** may also apply.
d. **Named Member** shall pay deductibles to NMCIA within 30 days of receipt of invoice.

4) No **Member** shall voluntarily make a payment, assume any obligation or incur any expense, other than for first aid or other bona fide emergency, without the **Pool's** written consent or in any way bind or obligate **NMCIA**.

5) The **Member** shall promptly take at its own expense, except as otherwise provided in this **Agreement**, all reasonable steps to prevent additional injury or damage from or arising out of the same or similar conditions at the same location where the initial injury or damage occurred. Any such expense shall not be recoverable under this **Agreement**.

6) A **Member** shall also fully cooperate with the **Pool's** investigation, settlement or defense including if asked to enforce any right against anyone or any organization that may be liable to a **Member** because of a covered injury or damage.

7) **Named Member** acknowledges and agrees that **NMCIA** has the sole authority to make representations, voluntarily make payments, assume obligations, or incur expenses.

8) **Members** shall not discuss any **Claim** with anyone other than **NMCIA**, defense counsel, anyone **NMCIA** deems necessary to the proper administration or defense of a **Claim,** or as required by law or contract.

9) Failure to comply with any of the above 1 through 8 shall constitute a breach of this **Agreement** and may result in sanctions being taken against the **Member** including without limitation a **Claim** denial and no further obligation for the **Pool** to defend or indemnify the **Member** for this **Claim**.

H. Due Diligence

The **Member** shall use due diligence and take all reasonable and practical steps to avoid or diminish any loss of or damage to the property insured.

AMERICAN OVERSIGHT

I. Inspections, Audits and Verification of Values

The **Pool** or its authorized representatives may inspect the premises used by the **Members** and audit **Member's** books or records at any time during the term of this **Agreement** or within three (3) years after its expiration or termination. There is no time limit for auditing the **Member's** books or records with respect to **Claims** under this **Agreement**.

J. Other Insurance

If **Member** has other insurance, or is named as an additional insured on another policy against loss or damage covered under this **Agreement**, the **Pool** is liable under the terms of this **Agreement** only as excess of coverage provided by another insurance policy. However, this clause does not apply to the purchase of excess insurance or reinsurance above the excess limits of insurance stated in this **Agreement**.

K. Subrogation, Salvage and Recovery

The **Pool** shall be subrogated to all rights which the **Member** may have against any person or other entity in respect to any **Claim** or payment made under this **Agreement** and the **Member** shall execute all papers required by the **Pool** and shall cooperate with the **Pool** to secure the **Pool's** rights. If any reimbursement is obtained, or salvage or recovery made by the **Member** or the **Pool** on account of any loss covered by the **Pool**, the net amount of such reimbursement, salvage or recovery, after deducting the actual cost of obtaining or making the same, shall be first applied to the following order:

1. To the amount of loss which has been paid by the excess insurer or reinsurer and which exceeds the applicable excess limits;
2. To reduce the **Pool's** loss until the **Pool** is fully reimbursed;
3. To reduce the **Named Member's** loss because of the application of the deductible.

L. Waiver of Subrogation

This coverage shall not be invalidated if the **Member**, by written agreement, has waived or shall waive its right of recovery from any party for loss or damage covered hereunder; provided that any such waiver is made prior to the **Occurrence** of the loss or damage and with the prior written approval of the **Pool**.

M. Fraudulent Claims

If a **Member** makes a **Claim** knowing the **Claim** to be false or fraudulent, coverage shall become void and the **Claim** shall be denied.

N. Optional Extended Reporting Period

In the event of expulsion, withdrawal or non-renewal of this **Agreement** by the **Pool** or the **Member**, the **Member**, upon payment of an additional contribution to be determined by the **Pool**, shall have the right to extend the period in which a **Claim** which arose during the **Agreement** period, may be reported by the **Named Member** against the **Pool.** Such extended reporting period shall be for a period to be determined by the **Pool** after the expiration date of this **Agreement,** and is only for reporting claims that occurred during the **Agreement** period. The rights contained

AMERICAN OVERSIGHT

in this paragraph shall terminate, however, unless written notice of such election, together with the additional contribution due is received by the **Pool** within thirty (30) days after the effective date of cancellation or non-renewal. The additional contribution for the optional extended reporting period shall be fully earned at the inception of the optional extended reporting period. The optional extended reporting period is not cancelable. This clause and the rights contained herein shall not apply to any cancellation resulting from non-payment of contribution.

The extended reporting period does not apply to **Claims** that are covered under any subsequent coverage which a **Member** purchases or that would have been covered but for exhaustion of the amount of coverage applicable to those **Claims**.

The optional extended reporting period does not reinstate or increase the Limits of Coverage.

O. Multiple Claims or Claimants

The making of more than one **Claim** or the bringing of suits by more than one person or organization shall not operate to increase Limits of Coverage. Two or more **Claims** arising out of a single **Wrongful Act** or series of related **Wrongfu**l **Acts** shall be considered first made during the coverage period, or extended reporting period if purchased, in which the earliest **Notice of Claim** arising out of such **Wrongful Act** or related **Wrongful Acts** was first made and all such **Claims** shall be subject to the same Limits of Coverage.

P. Non-Waiver Of Rights

Failure by the New Mexico County Insurance Authority **Pool** to enforce any provision of this **Agreement** shall not be interpreted as a waiver of such provision or any other provision or any existing or future rights or privileges under this **Agreement**. The terms and conditions of this **Agreement** may be strictly enforced at any time despite any past or subsequent failure to do so by the **Pool**.

Part III – <u>General Coverage Exclusions</u>

The following exclusions apply to all coverages described in this **Agreement**. This **Agreement** does not provide coverage for:

1. Loss, damage or any type of **Claim**, including mysterious disappearance, caused by or resulting from fraudulent or dishonest acts committed by the **Member**, whether working alone or with others, except as provided in Section VI - Crime;
2. Expenses from any cost, civil fine, penalty, sanctions or expense against any **Member** for any compliance or enforcement action from any federal, state or local governmental regulatory agency, court or any alternative dispute resolution process;
3. Any **Claim** for front pay, back pay or other incidents of compensation or benefits due no matter how characterized to a **Named Member's** employees unless provided otherwise by sublimit or endorsement;
4. Any **Claim** arising from **Law Enforcement Activities**, except as provided in Part IX -- Law Enforcement Coverage;

AMERICAN OVERSIGHT

5. Any **Claim** arising out of hospital, nursing home or clinic malpractice, malpractice by a physician, medical doctor, osteopath, chiropractor, resident, extern, intern, psychiatrist, pharmacist, dentist, orthodontist, periodontist, or psychologist.

6. Any obligation for which the **Member** may be held liable under any workers' compensation, occupational disease, unemployment compensation, disability benefits law, employers' liability or under any similar law or to bodily injuries to any employee or to any liability for indemnity or contribution brought by any party for bodily injuries to any employee.

7. Any **Claim** arising from administrative proceedings, declaratory and/or injunctive relief, except as otherwise provided by endorsement.

8. Any **Claim or Suit** arising from any criminal penalties imposed, or provided for, pursuant to any federal, state, or local law, statute, ordinance, or regulation, however characterized.

9. Except as otherwise provided by endorsement, any **Claim** arising out of the operation of the principles of eminent domain, condemnation proceedings or claims, inverse condemnation proceedings or claims, regulatory taking by whatever name called, land use actions, zoning, rezoning or failure to zone, whether that liability accrues directly against the **Member** or by virtue of any agreement entered into, by or on behalf of the **Member**. Claims alleging civil rights violations arising out of any of the listed proceedings are also excluded. However, liability coverage under this **Agreement** is provided for monetary damages arising from a decision by the **Member** or its officers, agents or employees to issue or not issue building or construction permits, certificates of occupancy, business licenses, alcoholic beverage licenses or other permits and licenses that the **Member** is authorized by law to issue.

10. **Bodily Injury**, **Personal Injury**, **Property Damage** or any type of damage whatsoever to the property of the **Member** due to war, either directly or indirectly occasioned by, happening through or in consequence of war, invasion, acts of foreign enemies, any weapon of war employing atomic fission or radioactive force whether in time of peace or war, hostilities (whether war was declared or not), civil war, rebellion, revolution, insurrection, military or usurped power, confiscation or nationalization or requisition or destruction of or damage to property by or under the order of any government or public or local authority.

11. **Bodily Injury**, **Personal Injury**, **Property Damage.** Except as otherwise provided by endorsement, any **Claim** arising out of **Bodily Injury**, **Personal Injury**, **Property Damage** or any type of damage whatsoever, including the loss of use or any other type of loss or damage caused by the discharge, dispersal, release, escape, migration, or seepage of any solid, liquid, gaseous or thermal irritant, contaminant, or pollutant, including soil, silt, sedimentation, smoke, soot, vapors, fumes, acids, alkalis, chemicals, electromagnetic fields (EMFs), hazardous substances, hazardous materials, waste materials, "low-level radioactive waste", "mixed waste" and medical, red bag, infectious or pathological wastes, on, in, into, or upon land and structures thereupon, the atmosphere, surface water, or groundwater.

12. **Bodily Injury**, **Personal Injury**, **Property Damage** or any other type of damage whatsoever, directly or indirectly caused by the presence of asbestos or lead

AMERICAN OVERSIGHT

in any form. This exclusion applies to **Claims** alleging wrongful acts or public officials' errors or omissions resulting in the presence of asbestos or lead.

13. **Intentional Acts.** Any **Claim** or **Suit** for:

    a. **Bodily Injury** or **Property Damage** that is intended or expected from the standpoint of the **Member**, even if the **Bodily Injury** or **Property Damage** is of a different kind or degree, or is sustained by a different person, than intended. This exclusion shall not apply to **Bodily Injury** or **Property Damage** resulting from the use of reasonable force to protect persons or property, including excessive force claims under **Law Enforcement Liability.** However, if any law enforcement **Member** is found or adjudicated to have, or admits to, or pleads no contest to, committing a criminal act, the **Pool** will have no obligation to provide a defense or pay **Money Damages** on behalf of such **Member**; or

    b. **Personal Injury** caused by or at the direction of a **Member** with the knowledge that the act would violate the rights of another; or

    c. **Wrongful Acts**, errors or omissions that are dishonest, fraudulent, criminal or malicious.

14. Any **Claim** or **Suit** for criminal proceedings and criminal defense costs, except as specifically provided in this **Agreement**, including but not limited to those:

    a. Arising from any criminal charges or proceedings against any **Member**;

    b. Arising out of any malfeasance of office or willful and deliberate violation of any statute, regulation or ordinance;

    c. Arising from any other dishonest or fraudulent acts committed by any **Member**, whether working alone or with others.

15. 16. Any **Claim** arising out of **Cyber Liability**, except as provided in Part X – Cyber Liability Coverage;

17. Any **Claim** arising out of the ownership, maintenance, loading or unloading, entrustment to others, use or operation of any aircraft, airfields, runways, hangars, buildings or other properties in connection with aviation activities, and any liability arising out of the maintenance, operation or use of watercraft over 26 feet in length or watercraft used to carry persons or property for a charge. This exclusion applies even if the **Claims** against any **Member** allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by the **Member**.

18. Any **Claim** or **Claims** for **Bodily Injury** or **Personal Injury** relating to:

    a. Human Immune Deficiency Virus (HIV);

    b. Acquired Immune Deficiency Syndrome Related Complex (ARC);

    c. Acquired Immune Deficiency Syndrome (AIDS);

AMERICAN OVERSIGHT

d. Any virus, complex or syndrome that is related to the foregoing;

EXCEPT this exclusion does not apply to any actual or alleged discrimination based on the actual or alleged contraction of any of the foregoing as covered under Part VII (B) – Public Officials Errors and Omissions.

19. Any **Claim** based upon the **Member's** failure to comply with the Federal Employee Retirement Income Security Act of 1974 (ERISA), including subsequent amendments or any similar federal, state or local law or regulations;

20. Any **Claim** arising out of investment activities or the administration of self-insurance funds, except as covered in Part VI – Crime or Part VII, Item C., Employee Benefits Liability;

21. **Bodily Injury**, **Personal Injury**, **Property Damage** or any type of damage whatsoever resulting directly or indirectly from atomic or nuclear incidents, the hazardous properties of nuclear material, the preparation or operation of any site or location used in the storage of or disposal of nuclear material or nuclear waste, atomic or nuclear reaction, radiation, or radioactive contamination, however caused or characterized, including any loss or damage by fire resulting therefrom.

22. Any investigatory, disciplinary or criminal proceedings against an individual **Member or Named Member,** except that the **Pool** may at its own option assign counsel in the defense of any such investigatory, administrative or disciplinary proceeding. Should the **Pool** elect to assign counsel that shall not constitute a waiver or estoppel of any rights the **Pool** may have pursuant to the terms, conditions, exclusions, and limitations of this **Agreement**.

23. Any **Claim** arising out of a breach of contract other than an employment contract. Employment contracts do not include collective bargaining agreements.

24. Any **Claim** seeking relief or redress, in any form other than **Money Damages**, and for fees or expenses relating to **Claims**, demands or actions seeking relief in any form other than **Money Damages**, unless otherwise provided by endorsement. This exclusion includes but is not limited to all costs incurred to comply with injunctive relief ordered under the Americans with Disabilities Act but shall not apply to **Claims** for monetary damages under the Americans with Disabilities Act.

25. Medical or hospital expenses or costs incurred by the **Named Member** in providing or furnishing medical aid or treatment to an inmate or detainee at a jail or correctional facility as a result of the **Named Member's** statutory or constitutional obligation to furnish medical or hospital care to an inmate or detainee within its physical custody.

26. Any **Claim** for which the **Member** is entitled to indemnity and/or payment by reason of having given notice of any circumstances which might give rise to a **Claim** under any agreement or agreements the term of which has commenced prior to the inception date of this **Agreement**.

27. **Sexual Abuse.** Any act or the participation in any act, whether alleged criminally or civilly of **Sexual Abuse** of any person by any **Member**; except as otherwise provided by Endorsement 8. This exclusion does not apply to **Claims** against any **Member** alleging negligence or other wrongdoing in the

AMERICAN OVERSIGHT

supervision, hiring, employment, training or monitoring of others by that **Member.**

28. Punitive Damages.

29. Any **Claim,** including, but not limited to, a counter-claim or cross-claim by a **Member** against any other **Member,** whether or not the **Members** are related to the same **Named Member**, for anything other than Property Damage and Employment Practices Liability.

30. Any **Claim** related to the operation or administration of a detention center when said detention center is operated or administered by anyone other than a **Named Member** is excluded from **Law Enforcement Liability** coverage (Part IX, supra) under this **Agreement**. This exclusion does not apply when a **Named Member** participates in the operation or administration of the detention center through a Joint Powers Agreement with other local governments ***and*** the detention center's employees are employees of the **Named Member**.

31. Any cost, **Money Damages**, civil fine or penalty against any **Member** for any compliance or enforcement action regarding any tax, including allegations of over-assessment of taxes;

32. **Money Damages** assessed under the Inspection of Public Records Act that are required by statute to be paid from funds of the public body.

33. All loss, cost or expense arising out of or related to, either directly or indirectly, any "Terrorist Activity" as defined herein, and any action taken to hinder, defend against or respond to any such activity. This exclusion applies regardless of any other cause or event that in any way contributes concurrently or in any sequence to the loss, cost or expense.

    a. "Terrorist Activity" shall mean any deliberate, unlawful act that:

        i. is declared by any authorized governmental official to be or to involve terrorism, terrorist activity or acts of terrorism; or

        ii. includes, involves, or is associated with the use or threatened use of force, violence or harm against any person, tangible or intangible property, the environment, or any natural resources, where the act or threatened act is intended, in whole or in part, to

            1. promote, further or express opposition to any political, ideological, philosophical, racial, ethnic, social or religious cause or objective; or

            2. influence, disrupt or interfere with any government related operations, activities or policies; or

            3. intimidate, coerce or frighten the general public or any segment of the general public; or

            4. disrupt or interfere with a national economy or any segment of the national economy; or

        iii. includes, involves, or is associated with, in whole or in part, any of the following activities, or the threat thereof:

AMERICAN OVERSIGHT

1. hijacking or sabotage of any form of transportation or conveyance, including but not limited to spacecraft, satellite, aircraft, train, vessel, or motor vehicle;
2. hostage taking or kidnapping;
3. the use or threatened use of, or release or threatened release of any nuclear, biological, chemical or radioactive agent, material, device or weapon;
4. the use of any bomb, incendiary device, explosive or firearm;
5. the interference with or disruption of basic public or commercial services and systems, including but not limited to the following services or systems: electricity, natural gas, power, postal, communications, telecommunications, information, public transportation, water, fuel, sewer or waste disposal;
6. the injuring or assassination of any elected or appointed government official or any government employee;
7. the seizure, blockage, interference with, disruption of, or damage to any government buildings, institutions, functions, events, tangible or intangible property or other assets; or
8. the seizure, blockage, interference with, disruption of, or damage to tunnels, roads, streets, highways, or other places of public transportation or conveyance.,

b. Any of the activities listed in section a. (iii) above shall be considered "Terrorist Activity" except where the **Named Member** can demonstrate to the **Pool** that the foregoing activities or threats thereof were motivated solely by personal objectives of the perpetrator that are unrelated, in whole or in part, to any intention to
   i. promote, further or express opposition to any political, ideological, philosophical, racial, ethnic, social or religious cause or objective; or
   ii. influence, disrupt or interfere with any government related operations, activities or policies; or
   iii. intimidate, coerce or frighten the general public or any segment of the general public; or
   iv. disrupt or interfere with a national economy or any segment of a national economy.

34. Any **Claim** arising out of the igniting or discharging of fireworks in conjunction with any display, demonstration or show on privately owned property. Fireworks include but are not limited to firecrackers and all aerial or ground displays.

35. Communicable Disease Exclusion. Notwithstanding any other provision of this **Agreement**, this coverage does not apply to any actual or alleged liability, injury, loss, damages, claim, cost, expense, fee or any other payment of any kind, directly or indirectly based upon, in whole or in part, arising out of:

   a. a **Communicable Disease**; or
   b. the fear or threat (whether actual or perceived) of a **Communicable Disease;** or
   c. any requirement or recommendation of any **Governmental Authority** regarding a **Communicable Disease**;

AMERICAN OVERSIGHT

d. the actual or alleged transmission, spread or failure to prevent, suppress or remove a **Communicable Disease**; or
e. the reporting of, monitoring of, disclosure of, testing for, or failure to report, monitor, disclose or test for, a **Communicable Disease.**

This Exclusion applies regardless of whether:

a. any other cause, event, material, product or incident of whatever kind or nature contributed, concurrently or in any sequence, to the actual or alleged liability, injury, loss, damage, claim, cost, expense or any other payment of any kind; or
b. such actual or alleged liability, injury, loss, damage, claim, cost, expense or any other payment of any kind is based upon, caused by, resulting from, arising from, related to, or attributable, in whole or in part, to any persons (including, without limitation, any insured or other person or entity.

We will have no duty or obligation to defend, indemnify, or pay to or on behalf of any person (including, without limitation, any insured or other person or entity), with respect to any claim, suit or proceeding that alleges or is, directly or indirectly, in whole or in part, arising out of any of the above, except as otherwise provided by endorsement.

Part IV – <u>General Definitions</u>

"Accident" means an event or **Occurrence**, including continuous and repeated exposure to the same general harmful conditions, which occurs on or after the retroactive dates attached to this **Agreement** and which results in **Bodily Injury**, **Personal Injury** or **Property Damage**. If the **Bodily Injury**, **Personal Injury** or and **Property Damage** result from the same **Occurrence**, it shall be treated as resulting from one **Accident**.

"**Agreement"** or **"Coverage Agreement"** means the **Coverage Agreement** created to describe the property, liability and law enforcement coverages provided to the **Named Members** of the **Pool**.

"Automobile" means any motor vehicle intended or designed for travel on public roads, and trailers or semi-trailers, including their equipment and any other equipment permanently attached to it, but **Automobile** does not include **Mobile Equipment**. However, self-propelled vehicles with the following types of permanently attached equipment are considered **Automobiles:** equipment designed primarily for snow removal; equipment designed primarily for road maintenance, but not construction or resurfacing; equipment designed primarily for street cleaning; cherry pickers and similar devices mounted on automobile or truck chassis and used to raise or lower workers; and air compressors, pumps, and generators, including spraying, welding building cleaning, geophysical exploration, lighting, and well servicing equipment.

"Bodily Injury" means physical injury (including death) to any person, and any mental anguish or shock, sickness, disease, disability or death associated with or arising from that physical injury. **Bodily Injury** also includes battery.

"Claim" is a demand for **Money Damages** resulting from an **Occurrence** for which a **Member** seeks coverage under this **Agreement**.

AMERICAN OVERSIGHT

"Claims Expense" includes hospital, medical and funeral charges and all sums paid as fees, charges and legal costs, premiums on attachment or appeal bonds, interest, expenses for doctors, lawyers, nurses and investigators, and for litigation, settlement, adjustment and investigation of **Claims** and lawsuits which are paid as a consequence of any **Occurrence** covered by this **Agreement**. **This Agreement does not cover any claim for front pay, back pay or other incidents of compensation or benefits due to a Named Member's employees.**

"Communicable Disease" means a disease, illness or condition directly or indirectly based upon, caused by, arising out of, relating or attributable to, in whole or in part, any actual, alleged, direct or indirect contact with or exposure to any **Infectious Agent**.

"Cyber Liability" means any liability resulting from the unauthorized access, unauthorized use, receipt or transmission of a malicious code or denial of service attack, arising out of a **Member's** business operations which:

1. Alters, copies, misappropriates, corrupts, destroys, disrupts, deletes, damages or prevents, restricts or hinders access to, a Computer System, including data stored on a third party's Computer System;

2. Results in the disclosure of private or confidential information stored on a Computer System;

3. Results in identity theft

Whether any of the foregoing is intentional or unintentional, malicious or accidental, fraudulent or innocent, and regardless of whether the perpetrator is motivated by profit.

As used herein, Computer System shall mean computers and associated input and output devices, data storage devices, networking equipment, and back up facilities:

1. operated by and either owned by or leased to the **Member**; or

2. systems operated by a third party service provider and used for the purpose of providing hosted computer application services to the **Member** or for processing, maintaining, hosting or storing the **Member's** electronic data, pursuant to a written agreement or contract with the **Member** for such services.

"Deductible" means the amount the **Named Member** is legally obligated to reimburse the Pool before the Pool incurs liability. The deductible applies to all costs, fees and expenses incurred by the Pool for any claim.

Part VII – Liability

SECTION A – GENERAL LIABILITY

I. CLAIMS MADE COVERAGE AGREEMENT

A. **What the Pool Will Pay**

CLAIMS MADE COVERAGE AGREEMENT: PAYMENT AND DEFENSE

In consideration of the **Named Member's** contribution and subject to the terms, exclusions and definitions in this **Agreement**, the **Pool** agrees to pay on behalf of the **Member** all sums which the **Member** shall become legally obligated to pay as a result of **Money Damages** by reason of the negligent act(s) committed by the **Member** stated in a **Claim**, to which this coverage applies, which results in **Personal Injury, Bodily Injury** or **Property Damage** arising out of an **Occurrence.**

PROVIDED ALWAYS that the following are true:

1. **Notice of Claim** occurs during the **Agreement** Period or during the Optional Extended Reporting Period, if applicable; and

2. The negligent act for which **Claim** is first made happened on or after the applicable retroactive date set forth in this **Agreement** and before the end of the **Agreement** period; and

3. The **Member** had no knowledge or reason to believe at the inception of the first **Agreement** Period or any extensions or renewals thereof that any negligent act was likely to result in a **Claim** being made against any **Member**.

B. **Defense**

1. Subject to all of the provisions contained in this **Agreement**, the **Pool** has the right and duty to defend any **Claim** arising out of the categories of conduct enumerated above brought against the **Member**, alleging a negligent act and seeking **Money Damages** on account thereof, even if a **Claim** is groundless, false or fraudulent. The **Pool** shall have the right to incur **Claims Expenses** and to make such investigation and settlement of any **Claim** or suit as may be deemed expedient by the **Pool** and the **Pool** may settle any **Claim** at its sole discretion and without the consent of the **Member**, although the **Pool** will endeavor to seek the input of the **Member**. The determination by the **Pool** as to any settlement and as to the reasonableness of settlements and **Claims Expenses** shall be conclusive on the **Member**. The **Pool** shall have the right, but not the obligation, to appeal any judgment adverse to the **Member**.

AMERICAN OVERSIGHT

2. (a). Upon written request to the **Pool** by a **Member** for pre-**Claim** involvement of the **Pool** prior to the formal existence of a **Claim**, the **Pool** has the right, but not the duty, to designate attorneys, investigators, or other persons to perform work and incur expenses on behalf of the **Member** where the **Pool** anticipates a **Claim**.

(b) If, in the sole discretion of the **Pool**, employing the services of attorneys, investigators, or other persons to perform work and incur expenses on behalf of any **Member** or the **Pool** is deemed appropriate to protect **Pool** interests prior to the formal existence of a **Claim**, the **Pool** has the right, but not the duty, to employ such persons as a **Pool** operational expense.

3. The **Pool** shall have the right, but not the duty, to monitor and participate in the defense of any investigatory, administrative or disciplinary proceeding relating to any **Member**. Should the **Pool** elect to defend, monitor or participate under this provision, such election shall not constitute a waiver of any rights the **Pool** may have pursuant to any of the provisions of the **Coverage Agreement**.

II. EXCLUSIONS APPLICABLE TO SECTION A – GENERAL LIABILITY

In addition to the general exclusions of this **Agreement,** this part does not apply to:

A. Any **Claim** for **Money Damages**, whether direct or consequential, or for any cause of action which is covered under any other section of this **Agreement**.

B. Damage or destruction of property owned by the **Named Member**.

C. The withdrawal, inspection, repair, replacement, or loss of use of the **Named Member's** products or work completed by or on behalf of the **Named Member** or of any property of which such products or work form a part, if such products, work or property are withdrawn from the market or from use because of any known or suspected defect or deficiency therein.

D. **Bodily Injury**, **Property Damage, Personal Injury** or any other damages whatsoever caused by the maintenance, operation, use, loading or unloading, or entrustment of an **Automobile**. This exclusion applies even if the **Claims** against and **Member** allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that **Member**.

SECTION B – EMPLOYMENT PRACTICES LIABILITY

I. CLAIMS MADE COVERAGE AGREEMENT

A. <u>What the Pool Will Pay</u>

The **Pool** agrees, subject to the limitations, terms and conditions of this **Agreement**, to provide a defense and pay on behalf of the **Member** all **Money Damages** that the **Member** shall become legally obligated to pay by reason of any **Employment Practices Liability Wrongful Act** arising out of any **Claim** first made during the period of this **Agreement**.

AMERICAN OVERSIGHT

PROVIDED ALWAYS that the following are true:

1. **Notice of Claim** occurs during the **Agreement** Period or during the Optional Extended Reporting Period, if applicable; and

2. The **Employment Practices Liability Wrongful Act** for which a **Claim** is first made happened on or after any applicable retroactive date set forth in this **Agreement** and before the end of the **Agreement** period; and

3. The **Member** had no knowledge or reason to believe at the inception of the first **Agreement** Period or any extensions or renewals thereof that any **Employment Practices Liability Wrongful Act** was likely to result in a **Claim** being made against any **Member**.

The **Pool** will pay on behalf of the **Member Money Damages** and expenses incurred by the **Pool**, the cost of attachment or similar bonds (but without any obligation on the part of the **Pool** to apply for or furnish such bonds), and costs, charges and expenses incurred in connection with any governmental investigation provided that a **Claim** is brought against the **Member** for an **Employment Practices Liability Wrongful Act** that is or was a subject of a governmental investigation, and that **Claim** is otherwise covered by this **Agreement**.

B. Defense

1. Subject to all of the provisions contained in this **Agreement**, the **Pool** has the right and duty to defend any **Claim** brought against the **Member** alleging an **Employment Practices Liability Wrongful Act** and seeking **Money Damages** on account thereof, even if a **Claim** is groundless, false or fraudulent. The **Pool** shall have the right to incur **Claims Expenses** and to make such investigation and settlement of any **Claim** or suit as may be deemed expedient by the **Pool** and the **Pool** may settle any **Claim** at its sole discretion and without the consent of the **Member**, although the **Pool** will endeavor to seek the input of the **Member**. The determination by the **Pool** as to any settlement and as to the reasonableness of settlements and **Claims Expenses** shall be conclusive on the **Member**. The **Pool** shall have the right, but not the obligation, to appeal any judgment adverse to the **Member**.

2. (a) Upon written request to the **Pool** by a **Member** for pre-**Claim** involvement of the **Pool** prior to the formal existence of a **Claim**, the **Pool** has the right, but not the duty, to designate attorneys, investigators, or other persons to perform work and incur expenses on behalf of the **Member** where the **Pool** anticipates a **Claim**.

   (b) If, in the sole discretion of the **Pool**, employing the services of attorneys, investigators, or other persons to perform work and incur expenses on behalf of any **Member** or the **Pool** is deemed appropriate to protect **Pool** interests prior to the formal existence of a **Claim**, the

AMERICAN OVERSIGHT

Pool has the right, but not the duty, to employ such persons as a **Pool** operational expense.

3. The **Pool** shall have the right, but not the duty, to monitor and participate in the defense of any investigatory, administrative or disciplinary proceeding relating to any **Member**. Should the **Pool** elect to defend, monitor or participate under this provision, such election shall not constitute a waiver of any rights the **Pool** may have pursuant to any of the provisions of the **Agreement**.

II. EXCLUSIONS APPLICABLE TO EMPLOYMENT PRACTICES LIABILITY

In addition to the general exclusions of this **Agreement**, this section shall not apply to any **Claim** made against the **Member**:

A. For actual or alleged **Bodily Injury**, sickness, disease or death of any person, or damage or destruction of any tangible or intangible property including loss of use thereof, whether or not such property is physically injured; provided, however, that this exclusion shall not apply to mental anguish, emotional distress or humiliation;

B. For any actual or alleged violation of the responsibilities, obligations or duties imposed by the Employee Retirement Income Security Act of 1974, the New Mexico Public Employee Bargaining Act, the Worker Adjustment and Retraining Notification Act, the Consolidated Omnibus Budget Reconciliation Act of 1985, the Occupational Safety and Health Act, all as amended, or any rules or regulations promulgated thereunder, or similar provisions of any common or statutory federal, state or local law; provided, however, this exclusion does not apply to any such **Claim** alleging violations of the Equal Pay Act or **Retaliation**;

C. For any actual or alleged **Sexual Abuse**. However, with respect to civil defense only, the **Pool** will provide defense and indemnification to any **Member** alleged to have committed an act of **Sexual Abuse;** provided that, in no event shall further defense or indemnity be provided where a judgment or other final adjudication should establish, or it is otherwise determined, that the **Member** committed or participated in any act of **Sexual Abuse**

D. Alleging, based upon, arising out of, attributable to, directly or indirectly resulting from, in consequence of, or in any way involving any dishonest, deliberately fraudulent or criminal act; provided, however, that with respect to civil proceedings only, this exclusion shall not apply unless and until there is a final judgment against such **Member** as to such conduct. If such excluded conduct is established through a final judgment, the **Member** shall reimburse the **Pool** for any costs, charges and expenses;

E. Alleging, based upon, arising out of, attributable to, directly or indirectly resulting from, in consequence of, or in any way involving, any actual or

AMERICAN OVERSIGHT

alleged responsibility, obligation or duty of any **Member** pursuant to any workers compensation, unemployment insurance, social security, disability benefits or pension benefits or similar law; provided, however, this exclusion shall not apply to any such **Claim** alleging **Retaliation**; or

F. For that portion of any **Money Damages** covered under any other coverage section of this **Agreement.**

III. SPECIFIC CONDITIONS – PART VII – LIABILITY

A. Employment Practices Liability Deductible

The **Pool's** liability for **Money Damages** as the result of any one **Employment Practices liability Occurrence** is limited as described in the Limits of Coverage of this **Agreement** less the amount of the **Named Member's Employment Practices Liability** deductible as set forth in the Endorsements.

For the purpose of determining the limit of liability, all **Money Damages** arising out of continuous or repeated exposure to substantially the same general conditions shall be considered as arising out of one **Occurrence**.

SECTION C – PUBLIC OFFICIALS ERRORS AND OMISSIONS LIABILITY

I. CLAIMS MADE COVERAGE AGREEMENT

A. <u>What the Pool Will Pay</u>

The **Pool** agrees, subject to the limitations, terms and conditions of this **Agreement**, to provide a defense and pay on behalf of the **Member** all **Money Damages** that the **Member** shall become legally obligated to pay by reason of any Public Officials Errors and Omissions Liability **Wrongful Act** arising out of any **Claim** first made during the period of this **Agreement**.

PROVIDED ALWAYS that the following are true:

1. **Notice of Claim** occurs during the **Agreement** Period or during the Optional Extended Reporting Period, if applicable; and

2. The Public Officials Errors and Omissions Liability **Wrongful Act** for which a **Claim** is first made happened on or after any applicable retroactive date set forth in this **Agreement**; and before the end of the **Agreement** period; and

3. The **Member** had no knowledge or reason to believe at the inception of the first **Agreement** Period or any extensions or renewals thereof that any Public Officials Errors and Omission Liability **Wrongful Act** was likely to result in a **Claim** being made against any **Member**.

The **Pool** will pay on behalf of the **Member Money Damages** and expenses incurred by the **Pool**, the cost of attachment or similar bonds (but without any obligation on the part of the **Pool** to apply for or furnish such bonds), and costs, charges and expenses incurred in connection with any governmental investigation provided that a **Claim** is brought against the **Member** for a Public Officials Errors and Omissions Liability **Wrongful Act** that is or was a subject

AMERICAN OVERSIGHT

of a governmental investigation, and that **Claim** is otherwise covered by this **Agreement**.

B. Defense

1. Subject to all of the provisions contained in this **Agreement**, the **Pool** has the right and duty to defend any **Claim** brought against the **Member** alleging a Public Officials Errors and Omissions Liability **Wrongful Act** and seeking **Money Damages** on account thereof, even if a **Claim** is groundless, false or fraudulent. The **Pool** shall have the right to incur **Claims Expenses** and to make such investigation and settlement of any **Claim** or suit as may be deemed expedient by the **Pool** and the **Pool** may settle any **Claim** at its sole discretion and without the consent of the **Member**, although the **Pool** will endeavor to seek the input of the **Member**. The determination by the **Pool** as to any settlement and as to the reasonableness of settlements and **Claims Expenses** shall be conclusive on the **Member**. The **Pool** shall have the right, but not the obligation, to appeal any judgment adverse to the **Member**.

2. (a) Upon written request to the **Pool** by a **Member** for pre-**Claim** involvement of the **Pool** prior to the formal existence of a **Claim**, the **Pool** has the right, but not the duty, to designate attorneys, investigators, or other persons to perform work and incur expenses on behalf of the **Member** where the **Pool** anticipates a **Claim**.

   (b) If, in the sole discretion of the **Pool**, employing the services of attorneys, investigators, or other persons to perform work and incur expenses on behalf of any **Member** or the **Pool** is deemed appropriate to protect **Pool** interests prior to the formal existence of a **Claim**, the **Pool** has the right, but not the duty, to employ such persons as a **Pool** operational expense.

3. The **Pool** shall have the right, but not the duty, to monitor and participate in the defense of any investigatory, administrative or disciplinary proceeding relating to any **Member**. Should the **Pool** elect to defend, monitor or participate under this provision, such election shall not constitute a waiver of any rights the **Pool** may have pursuant to any of the provisions of the **Agreement**.

II. EXCLUSIONS APPLICABLE TO PUBLIC OFFICIALS ERRORS AND OMISSIONS LIABILITY

In addition to the general exclusions of this **Agreement**, this section shall not apply to any **Claim** made against the **Member**:

A. Based upon or attributable to their gaining in fact any personal profit or advantage to which they were not legally entitled including remuneration paid in violation of law as determined by the courts.

B. Based upon or attributable to the rendering or failure to render any opinion, treatment, consultation or service if that opinion, treatment, consultation or service was rendered or failed to have been rendered while the **Member** was engaged in any activity for which they received compensation from any source other than the **Named Member.**

1. Subject to all of the provisions contained in this **Agreement**, the **Pool** has the right and duty to defend any **Claim** arising out of the categories of conduct enumerated above brought against the **Member**, alleging an error, omission or negligent act and seeking **Money Damages** on account thereof, even if a **Claim** is groundless, false or fraudulent. The **Pool** shall have the right to incur **Claims Expenses** and to make such investigation and settlement of any **Claim** or suit as may be deemed expedient by the **Pool** and the **Pool** may settle any **Claim** at its sole discretion and without the consent of the **Member**, although the **Pool** will endeavor to seek the input of the **Member**. The determination by the **Pool** as to any settlement and as to the reasonableness of settlements and **Claims Expenses** shall be conclusive on the **Member**. The **Pool** shall have the right, but not the obligation, to appeal any judgment adverse to the **Member**.

2. (a) Upon written request to the **Pool** by a **Member** for pre-**Claim** involvement of the **Pool** prior to the formal existence of a **Claim**, the **Pool** has the right, but not the duty, to designate attorneys, investigators, or other persons to perform work and incur expenses on behalf of the **Member** where the **Pool** anticipates a **Claim**.

(b) If, in the sole discretion of the **Pool**, employing the services of attorneys, investigators, or other persons to perform work and incur expenses on behalf of any **Member** or the **Pool** is deemed appropriate to protect **Pool** interests prior to the formal existence of a **Claim**, the **Pool** has the right, but not the duty, to employ such persons as a **Pool** operational expense.

3. The **Pool** shall have the right, but not the duty, to monitor and participate in the defense of any investigatory, administrative or disciplinary proceeding relating to any **Member**. Should the **Pool** elect to defend, monitor or participate under this provision, such election shall not constitute a waiver of any rights the **Pool** may have pursuant to any of the provisions of the **Agreement**.

II. EXCLUSIONS APPLICABLE TO EMPLOYEE BENEFITS LIABILITY

In addition to the general exclusions of this **Agreement,** this section shall not apply to any **Claim** made against the **Member** for:

C. Any **Claim** for failure of performance of contract by any insurer, including failure of any **Employee Benefit Program**.

D. Any **Claim** based upon the **Member's** failure to comply with any law concerning workers' compensation, unemployment insurance, social security or disability benefits.

E. Any **Claim** based upon:

1. Failure of investment to perform as represented by any **Member**;
2. Advice given by a **Member** to a employee to participate or not to participate in stock subscription plans;
3. The investment or non-investment of funds; or
4. Errors in providing information on the past performance of investment vehicles.

F. Taxes, fines or penalties, including those imposed under the Internal Revenue Code or any similar state law;

G. **Money Damages** arising out of employment, employment discrimination, or other employment-related practices;

H. Any **Claim** arising out of the **Member's** failure to comply with the mandatory provisions of any workers' compensation, unemployment compensation insurance, social security or disability benefits law or any similar law.

III. DEFINITIONS

The unqualified word **"Administration"** wherever used means:

A. Giving counsel to employees with respect to the **Employee Benefits Programs**;

B. Interpreting the **Employee Benefit Programs**;

C. Handling records in connection with the **Employee Benefits Programs**; and

D. Effecting the enrollment, termination or cancellation of employees under the **Employee Benefits Programs**; provided all such acts are authorized by the **Named Member**.

Part VIII – Auto Liability

I. CLAIMS MADE COVERAGE AGREEMENT

A. <u>What the Pool Will Pay</u>

AMERICAN OVERSIGHT

The **Pool** agrees to pay for those sums which the **Member** becomes legally obligated to pay as **Money Damages** because of **Bodily Injury** or **Property Damage** arising out of the ownership, maintenance or use of any **Automobile**, subject to the limitations, terms and conditions of this **Agreement**.

PROVIDED ALWAYS that the following are true:

1. **Notice of Claim** occurs during the **Agreement** Period or during the Optional Extended Reporting Period, if applicable; and

2. The **Accident** for which a **Claim** is first made happened on or after any applicable retroactive date set forth in this **Agreement** and before the end of the **Agreement** period**;** and

3. The **Member** had no knowledge or reason to believe at the inception of the first **Agreement** Period or any extensions or renewals thereof that any Accident was likely to result in a **Claim** being made against any **Member**.

B. **<u>Defense</u>**

1. Subject to all of the provisions contained in this **Agreement**, the **Pool** has the right and duty to defend any **Claim** arising out of the categories of conduct enumerated above brought against the **Member** alleging an **Accident** and seeking **Money Damages** on account thereof, even if a **Claim** is groundless, false or fraudulent. The **Pool** shall have the right to incur **Claims Expenses** and to make such investigation and settlement of any **Claim** or suit as may be deemed expedient by the **Pool** and the **Pool** may settle any **Claim** at its sole discretion and without the consent of the **Member**, although the **Pool** will endeavor to seek the input of the **Member**. The determination by the **Pool** as to any settlement and as to the reasonableness of settlements and **Claims Expenses** shall be conclusive on the **Member**. The **Pool** shall have the right, but not the obligation, to appeal any judgment adverse to the **Member**.

2. (a) Upon written request to the **Pool** by a **Member** for pre-**Claim** involvement of the **Pool** prior to the formal existence of a **Claim**, the **Pool** has the right, but not the duty, to designate attorneys, investigators, or other persons to perform work and incur expenses on behalf of the **Member** where the **Pool** anticipates a **Claim**.

   (b) If, in the sole discretion of the **Pool**, employing the services of attorneys, investigators, or other persons to perform work and incur expenses on behalf of any **Member** or the **Pool** is deemed appropriate to protect **Pool** interests prior to the formal existence of a **Claim**, the **Pool** has the right, but not the duty, to employ such persons as a **Pool** operational expense.

AMERICAN OVERSIGHT

II. DEFINITIONS – PART VIII – AUTO LIABILITY

"Hired Autos" means only those "autos" a **Named Member** leases, hires, rents or borrows. This does not include any "auto" a **Named Member** leases, hires, rents or borrows from any of the **Named Member's** employees or partners or members of their households.

"**Member**", wherever used in this **Agreement**, includes not only the **Named Member** but also:

1. Under Part VIII, any person while using an **Automobile** owned by the **Named Member** or a hired **Automobile**, and any person or organization legally responsible for the use thereof, provided the actual use of the **Automobile** is by the **Named Member** or with the **Named Member's** permission and any official of the **Named Member** with respect to the use of non-owned **Automobile**s in the business of the **Named Member**. This coverage, with respect to any person or organization other than the **Named Member**, *does not apply:*

    a. to any person or organization or to any or their agents or employees operating an **Automobile** sales agency, repair shop, service station, storage garage or public parking place, with respect to any **Accident** arising out of those operations;

    b. with respect to any **Hired Autos**, to the owner or lessee, other than the **Named Member**, nor to any agent or employee of that owner or lessee.

"Non-Owned Autos" means only those "autos" a **Named Member** does not own, lease, hire, rent or borrow that are used in connection with the **Named Member**'s business. This includes "autos" owned by a **Named Member's** employees or members of their households but only while used in the **Named Member**'s business.

III. EXCLUSIONS THAT APPLY TO PART VIII – AUTO LIABILITY

In addition to the general exclusions of this **Agreement**, this **Agreement** does not cover:

A. Any **Claim** for **Money Damages** or for any cause of action which is covered under any other section of this **Agreement**.

B. Uninsured and/or Underinsured Motorists Liability

C. Any **Claim** for **Money Damages** arising out of the use of a covered **Automobile** by any third party where such use is not related to the operations of the **Named Member's** business or not authorized for such use by the **Named Member**.

AMERICAN OVERSIGHT

Part IX – Law Enforcement Liability

CLAIMS MADE COVERAGE AGREEMENT: PAYMENT AND DEFENSE

In consideration of the **Named Member's** contribution to the **Pool** and in reliance upon representations made by the **Named Member** in the Application and any Renewal Application for this coverage, and subject to all provisions contained in this **Agreement**, including any endorsements hereto, the **Pool** agrees as follows:

A. **What The Pool Will Pay**

The **Pool** agrees, subject to the limitations, terms and conditions of this **Agreement**, to provide a defense and pay on behalf of the **Member** all **Money Damages** that the **Member** shall become legally obligated to pay by reason of any Law Enforcement Liability **Wrongful Act** arising out of an **Occurrence** due to the **Law Enforcement Activities** of a **Member** during the period of this **Agreement**.

PROVIDED ALWAYS that the following are true:

1. **Notice of Claim** occurs during the **Agreement** Period or during the Optional Extended Reporting Period, if applicable; and

2. The error, omission or negligent act for which **Claim** is first made happened on or after the retroactive date set forth in the in this **Agreemen**t and before the end of the **Agreement** period; and

3. The **Member** had no knowledge or reason to believe at the inception of the first **Agreement** Period or any extensions or renewals thereof that any error, omission or negligent act was likely to result in a **Claim** being made against any **Member**.

B. **Defense**

1. Subject to all of the provisions contained in this **Agreement**, the **Pool** has the right and duty to defend any **Claim** arising out of the categories of conduct enumerated above brought against the **Member**, alleging an error, omission or negligent act and seeking **Money Damages** on account thereof, even if a **Claim** is groundless, false or fraudulent. The **Pool** shall have the right to incur **Claims Expenses** and to make such investigation and settlement of any **Claim** or suit as may be deemed expedient by the **Pool** and the **Pool** may settle any **Claim** at its sole discretion and without the consent of the **Member**, although the **Pool** will endeavor to seek the input of the Member. The determination by the **Pool** as to any settlement and as to the reasonableness of settlements and **Claims Expenses** shall be conclusive on the **Member**. The **Pool** shall have the right, but not the obligation, to appeal any judgment adverse to the **Member**.

AMERICAN OVERSIGHT

2. (a). Upon written request to the **Pool** by a **Named Member** for pre-**Claim** involvement of the **Pool** prior to the formal existence of a **Claim**, the **Pool** has the right, but not the duty, to designate attorneys, investigators, or other persons to perform work and incur expenses on behalf of the Named Member where the **Pool** anticipates a **Claim**.

(b) If, in the sole discretion of the **Pool**, employing the services of attorneys, investigators, or other persons to perform work and incur expenses on behalf of any **Member** or the **Pool** is deemed appropriate to protect **Pool** interests prior to the formal existence of a **Claim**, the **Pool** has the right, but not the duty, to employ such persons as a **Pool** operational expense.

3. The **Pool** shall have the right, but not the duty, to monitor and participate in the defense of any investigatory, administrative or disciplinary proceeding relating to any **Law Enforcement Activity** of the **Member**. Should the **Pool** elect to defend, monitor or participate under this provision, such election shall not constitute a waiver of any rights the **Pool** may have pursuant to any of the provisions of the **Coverage Agreement**.

EXCLUSION OF LOSS TO AND LOSS OF USE OF DATA, COMPUTER HARDWARE AND SYSTEMS

Random Attack – Hacking Event or Computer Virus

We will not pay for direct physical loss or damage caused by a random attack, a hacking event or computer virus. Such loss is excluded regardless of any other cause or event that contributes concurrently or in any sequence to the loss.

Random Attack means the widespread attack, by a hacking event or computer virus, directed against the computer systems, software, data, or telecommunications systems of multiple organizations or persons who are not part of you, rather than solely at your computer systems, software, data, or telecommunications systems. Such attack is intended for the purpose of fraud, nuisance, or malicious tampering or destruction.

Hacking Event means an attack that allows unauthorized access or use of a computer or telecommunications system by electronically circumventing a security or procedure.

Computer Virus means a piece of code that is maliciously or fraudulently introduced into a computer or telecommunications system. Once introduced, the virus may destroy, alter, contaminate, or degrade the integrity, quality, or performance of data or any computer application software, computer network, or computer operating system and related software.

This exclusion does not apply to any specific attack to your computer equipment otherwise covered in Part V, Property.

Specific Attack means the intentional attack, by a hacking event or computer virus, directed solely at your computer system, software, data or telecommunications system. Such attack is intended for the purpose of fraud, nuisance, or malicious tampering or destruction.

Denial of Services

We do not cover any loss of earnings or extra expense caused by or resulting from denial of services.

Denial of Services means an intentional specific or random attack on your computer system or telecommunications system for the purposes of nuisance, sabotage, malicious tampering which has the effect of:

1. Depleting system resources available through the Internet to authorized external users of your computer system or telecommunications systems; or
2. Impeding Internet access of authorized external users to your computer system or telecommunications system.

SEXUAL ABUSE ENDORSEMENT

To the extent insurance coverage is provided by this endorsement, paragraph 27. of Part III – General Coverage Exclusions does not apply.

SCHEDULE

Sexual Abuse Retroactive Date: April 18, 2008

IMPORTANT NOTICE

THIS **SEXUAL ABUSE** LIABILITY ENDORSEMENT PROVIDES COVERAGE ON A **CLAIMS**-MADE BASIS. THE COVERAGE PROVIDED BY THIS ENDORSEMENT IS LIMITED TO ONLY AN **OCCURRENCE** OF **SEXUAL ABUSE** TAKING PLACE ON OR AFTER THE **SEXUAL ABUSE** RETROACTIVE DATE STATED IN THE SCHEDULE AND THEN ONLY FOR THOSE CLAIMS FOR WHICH A **NOTICE OF CLAIM** OCCURS DURING THE AGREEMENT PERIOD OR DURING THE OPTIONAL EXTENDED REPORTING PERIOD, IF APPLICABLE.

THIS ENDORSEMENT IS SUBJECT TO THE TERMS, EXCLUSIONS, DEFINITIONS AND CONDITIONS OF THE **AGREEMENT**, EXCEPT AS OTHERWISE MODIFIED BY THIS ENDORSEMENT. PLEASE REVIEW THE ENDORSEMENT CAREFULLY. ALL WORDS OR PHRASES THAT ARE PRINTED IN BOLD FACE ARE DEFINED IN THE ENDORSEMENT OR ELSEWHERE IN THE **AGREEMENT**.

PART VII – LIABILITY IS AMENDED TO INCLUDE THE FOLLOWING:

I. COVERAGE AGREEMENT – SEXUAL ABUSE

A. In consideration of the **Named Member's** contribution, the **Pool** will pay all sums that the **Named Member** or a **Named Member's** Manager becomes legally obligated to pay as **Money Damages** because of a settlement or a court judgment findings the **Named Member** or a **Named Member's** Manager vicariously liable, due to the actions of another **Member(s)**, for **Bodily Injury** arising out of, resulting from, caused or contributed to or by, or in connection with, an **Occurrence** of **Sexual Abuse**, or a series of related **Occurrences** of **Sexual Abuse**.

The **Pool's** payment obligation will not exceed the Per **Occurrence** Limit of Coverage shown in **Part I**, section **B. Limits** that is applicable to **Section A – General Coverage Declarations** subject to the Pool Aggregate Limit of Coverage

AMERICAN OVERSIGHT

shown in **Part I**, section **B. Limits** that is applicable to **Part VII, Section A, General Liability; Part VII, Section B, Employment Practices Liability; and Part IX, Law Enforcement Liability**.

All **Claims Expenses** incurred by the **Pool** in investigating or settling any **Claim**, or in defending any suit, against a **Named Member** or a **Named Member's** Manager that is covered by this endorsement's insurance serve to erode, individually or together with any **Money Damages** paid by the **Pool**, the Per **Occurrence** Limit of Coverage shown in **Part I**, section **B. Limits** that is applicable to **Part VII, Section A, General Liability; Part VII, Section B, Employment Practices Liability; and Part IX, Law Enforcement Liability**.

B. This endorsement's insurance coverage applies to **Bodily Injury** arising out of, resulting from, caused or contributed to or by, or in connection with, an **Occurrence** of **Sexual Abuse** only if:

1. Such **Bodily Injury Occurrence** of **Sexual Abuse** takes place in the coverage territory stated in paragraph C. Territorial Scope of Part II – General Conditions;

2. Such **Bodily Injury Occurrence** of **Sexual Abuse** takes place on or after the **Sexual Abuse** Retroactive Date shown in the Schedule and before the end of the **Agreement** Period; and

3. **Notice of Claim** resulting from an **Occurrence** of **Sexual Abuse** occurs during the **Agreement** Period or during the Optional Extended Reporting Period, if applicable.

C. No other obligation or liability to pay any sum or perform any act or service under this endorsement is covered unless explicitly provided for in this endorsement or elsewhere in the **Agreement**.

D. Any continuation, change or resumption of an **Occurrence** of **Sexual Abuse** on or after the effective date of this endorsement will be deemed to have been known prior to the effective date of this endorsement. In such case, the limit of liability is sub-limited to $2,000,000.

E. All **Bodily Injury** arising out of, resulting from, caused or contributed to or by, or in connection with, any **Occurrence** of **Sexual Abuse** shall be deemed to be a single **Claim**:

1. Whether committed by the same person or two or more persons acting in concert with each other and all breaches of duty giving rise to such acts, and without regard to the number of:

a. Persons sexually abused or incidents of **Sexual Abuse**;

b. Locations where **Sexual Abuse** took place;

c. **Agreement** periods covered by the Pool over which the **Sexual Abuse** took place;

d. **Occurrences** of **Sexual Abuse** taking place after the first **Occurrence** of **Sexual Abuse** covered by the **Pool**; provided such subsequent

AMERICAN OVERSIGHT

Occurrences of **Sexual Abuse** take place during the **Agreement** Period where such **Sexual Abuse** coverage is provided by the **Pool**.

2. With respect to all **Money Damages** and/or **Claims Expenses** related to such **Bodily Injury**, including any subsequent related **Bodily Injury**.

F. For each single **Claim**, only a single Per **Occurrence** Limit of Coverage that is applicable to **Part VII, Section A, General Liability; Part VII, Section B, Employment Practices Liability; and Part IX, Law Enforcement Liability** will apply. The **Agreement** Period in which the first **Occurrence** of **Sexual Abuse** insured by the **Pool** takes place will determine the applicable Per **Occurrence** Limit of Coverage.

II. EXCLUSIONS

The following exclusions apply to this endorsement and are in addition to those exclusions stated in Part III – General Coverage Exclusions and **Part VII, Section A, General Liability, Sub-Section II, Exclusions; and Part VII, Section B, Employment Practices Liability, Sub-Section II, Exclusions**. Exclusions Applicable To Part VII, Section A, General Liability; **Part VII, Section B, Employment Practices Liability, and Part IX Law Enforcement Liability**

This endorsement does not provide coverage:

A. To any **Member** or other person(s) who:

1. Committed, participated in, directed or was aware of and allowed an **Occurrence** of **Sexual Abuse**.

   However, in civil proceedings only, the **Pool** will provide a defense and pay associated **Claims Expenses** of a **Member** who is, or **Members** who are, alleged in a **Claim** or suit to have committed or participated in an **Occurrence** of **Sexual Abuse**. The **Pool's** payment obligation will not exceed limits of $50,000 per **Occurrence** (includes one or more **Members**) and $100,000 annual aggregate per **Named Member** (hereinafter referred to as "Defense **Claims Expenses** – Allegation of **Sexual Abuse** Limits"). The **Pool's** defense ends for an accused **Member** when:

   a. The **Member** is found by a court of law to be innocent or guilty or not guilty of the charges;

   b. The **Member** pleads 'nolo contendere' to the charges;

   c. The Member is found to be civilly liable or reaches a civil settlement; or

   d. The Defense **Claims Expenses** – Allegation of **Sexual Abuse** Limits are exhausted, whichever occurs first.

2. Failed to follow established written **Named Member** policy in taking action to prevent an initial **Occurrence** of **Sexual Abuse** or to prevent a recurrence of any **Occurrence** of **Sexual Abuse**.

AMERICAN OVERSIGHT

B. For punitive or exemplary damages, treble damages, any sum awarded in excess of compensatory damages, any multiple of compensatory damages, or that part of any award not attributable to compensatory damages.

C. To any **Member** for liability arising out of, resulting from, caused or contributed to or by, or in connection with, an **Occurrence** of **Sexual Abuse**, or a series of related **Occurrences** of **Sexual Abuse**, because of **Law Enforcement Activities** or **Strip Searches**, or arising out of the ownership, maintenance or use of any **Automobile**.

D. For any **Claim** made by any **Member** against any other **Member**. This exclusion does not apply to **Claims** brought by a **Member** against a **Named Member** or a **Named Member's** Manager (so long as the **Named Member's** Manager is not the alleged perpetrator).

E. For an **Occurrence** of **Sexual Abuse** which, prior to the inception date of this endorsement, the **Named Member** or its authorized person or any other **Member** had knowledge of or otherwise had knowledge of facts and circumstances which could reasonably give rise to anticipate a **Claim** or suit might result.

III. LIMITS OF COVERAGE

A. With respect to insurance coverage provided by this endorsement, the Per **Occurrence** Limit of Coverage shown in **Part I**, section **B. Limits** that is applicable to **Part VII, Section A, General Liability; Part VII, Section B, Employment Practices Liability; and Part IX, Law Enforcement Liability** is the most the **Pool** will pay for the sum of **Money Damages** and/or **Claims Expenses** because of **Bodily Injury** arising out of, resulting from, caused or contributed to or by, or in connection with, any single covered **Occurrence** of **Sexual Abuse**.

B. Subject to paragraph A. above, the Pool Aggregate Limit of Coverage shown in **Part I**, section **B. Limits** that is applicable to **Part VII, Section A, General Liability; Part VII, Section B, Employment Practices Liability; and Part IX, Law Enforcement Liability** is the most the **Pool** will pay for the sum of all **Money Damages** and **Claims Expenses** during the **Agreement** Period because of **Bodily Injury** arising out of, resulting from, caused or contributed to or by, or in connection with, all covered **Occurrences** of **Sexual Abuse**.

C. The Defense **Claims Expenses** – Allegation of **Sexual Abuse** Limits stated in subparagraph A of section **II. EXCLUSIONS** of this endorsement are separate from and in addition to the Per **Occurrence** Limit of Coverage shown in **Part I**, section **B. Limits** that is applicable to **Part VII, Section A, General Liability; Part VII, Section B, Employment Practices Liability; and Part IX, Law Enforcement Liability** and the Pool Aggregate Limit of Coverage shown in **Part I**, section **B. Limits** that is applicable to **Part VII, Section A, General Liability; Part VII, Section B, Employment Practices Liability; and Part IX, Law Enforcement Liability**.

IV. EXTENDED REPORTING PERIOD(S)

With respect to the insurance coverage provided by this endorsement, any optional extended reporting period made available by the **Pool** will coincide with that stated in paragraph N. of Part II – Coverage Conditions.

V. DEFINITIONS

AMERICAN OVERSIGHT

The following definition applies to this endorsement only and is in addition to those definitions stated in Part IV – General Definitions or as may be amended by endorsement to the **Agreement**:

A. **Named Member's** Manager means a person who is employed by a **Named Member** in a management capacity to provide executive, administrative and supervisory direction. **Named Member** also includes **Named Member's** elected or appointed officials.

Mr. Griffin,
I live in Sierra County, and wonder if you could perhaps, come to the next County Commissioners Meeting here on June 21, and give a brief presentation of why you, correctly so, did what you did about the voter fraud in NM. In case this helps, here are two recent videos https://rumble.com/v18d97y-part-two-of-my-rebuttal-to-new-mexico-sec.-of-states-critique-of-2000-mules.html and https://rumble.com/vygdag-incestuous-nm-election-corruption-exposed.html P.S. I just got your call, but, sending this in case you can view these videos. Phillip (I sent to you personal email, the time of the meeting here on 6/21/2022 in T or C.)

Lee,

Please see attached settlement agreement. EchoMail decided to end their participation and provided the attached limited analysis. The County has no other contract. My understanding is NM Audit Force is conducting their own independent audit/review with their own funding. Also attached is the requested communication. Hello Mr. Nichols.

David Clements of New Mexico Audit Force indicated yesterday on social media (Telegram: The Professor's Record) that EchoMail/V.A. Shiva Ayyadurai has refunded $40,000 to the county and possibly exited the contract related to a review of the 2020 election in Otero County.

What is the current status of the election audit/review contract? Is New Mexico Audit Force still at work on the election audit/review?

Please provide copies of any and all correspondence between Otero County officials and Echo Mail and/or V.A. Shiva Ayyadurai regarding the services contracted earlier this year to review the 2020 election, and any receipts for refunds to the county, between March 1, 2022 and the date this request is fulfilled. Please provide any related correspondence between the county and Erin Clements and/or New Mexico Audit Force for the same period.

Thank you.

SETTLEMENT AGREEMENT AND RELEASE OF ALL CLAIMS

This Settlement Agreement and Release of All Claims is entered into between Otero County, New Mexico ("County"), and EchoMail all of whom may also be referred to collectively as "the Parties."

RECITALS

WHEREAS, the County entered into a Master License and Services Agreement (hereinafter "Contract") with EchoMail as its contractor, executed on or about January 25th, 2022 for integrated data warehousing and analytics of the 2020 General Election ("Project"); and

WHEREAS, on February 24, 2022, the County paid $24,875 to EchoMail pursuant to the Contract;

WHEREAS, the County believes the value of the services received from EchoMail is $9,750.00 and EchoMail disputes this claim.

WHEREAS, on March 17, 2022, EchoMail demanded the balance of $24,875 be paid;

WHEREAS EchoMail believes the unpaid balance is due and payable; and

WHEREAS, the County disputes whether payment is due and owing; and

WHEREAS, on April 15, 2022 the County requested the return of $15,125.00

WHEREAS, it is the position of EchoMail they fulfilled their obligations under the Contract and found No Election Fraud as a result of their services.

WHEREAS, the Parties have agreed to settle claims against one another prior to litigation without admitting or conceding liability as to any matter at issue;

NOW THEREFORE, IN CONSIDERATION OF THE FOREGOING AND IN CONSIDERATION OF THE COVENANTS CONTAINED HEREIN, THE PARTIES AGREE TO THE FOLLOWING:

AMERICAN OVERSIGHT

NM-OTERO-22-0605-A-000352

UNDERLYING SETTLEMENT TERMS

1. In consideration for payment described herein in paragraph 5, EchoMail dismisses, waives, releases, and discharges Otero County, its current and former commissioners, directors, departments, attorneys, legal representatives, predecessors, insurers, successors, assigns, employees and agents from all manners of liabilities, claims, demands, and causes of action, known or unknown, fixed or contingent, arising in the past, present, or future which EchoMail or anyone claiming through EchoMail may personally have or claim to have against Otero County as a result of the dispute over the January 25, 2022 Contract with prejudice. This Agreement includes all demands, obligations, actions, claims, damages, costs, or rights EchoMail, its agents, successors, and assigns now have or may have against Otero County that could be related to the Contract between the Parties. This shall be a fully binding and complete settlement between the Parties, and each party's agents, successors and assigns.

2. In consideration for payment described herein, the County dismisses, waives, releases, and discharges EchoMail, its directors, attorneys, legal representatives, predecessors, insurers, successors, assigns, employees and agents from all manners of liabilities, claims, demands, and causes of action, known or unknown, fixed or contingent, arising in the past, present, or future which the County or anyone claiming through the County may personally have or claim to have against EchoMail as a result of the dispute over the January 25, 2022 Contract with prejudice. This Agreement includes all demands, obligations, actions, claims, damages, costs, or rights the County, its agents, successors, and assigns now have or may have against EchoMail that could be related to the Contract. This shall be a fully binding and complete settlement between the Parties, and each party's agents, successors and assigns.

3. The Parties understand that this is a general release encompassing all claims against one another arising under federal, state, or local law, including but not limited to claims arising

AMERICAN OVERSIGHT

under state and federal statutes, as well as any claims arising under any theory of common law concerning the Contract. Claims released are those of which the Parties are presently aware, and those of which it may be unaware, for breach of contract or otherwise. This general release is binding upon the current and former directors, departments, attorneys, legal representatives, predecessors, insurers, successors, assigns, and employees of the Parties.

4. It is expressly understood and agreed that the payment of the sum described in the below paragraphs, is not and shall not be construed as an admission of liability by either Party. The Parties are settling and compromising disputed claims as to which they expressly deny any liability.

CONSIDERATION

5. Pursuant to this Settlement Agreement and Release of All Claims, EchoMail agrees to pay the County in settlement of the above dispute, the sum of $15,125.00. The aforementioned amount will be made payable to the County within 30-days of execution.

SUPPLEMENTAL DOCUMENTS

6. EchoMail and the County agree to cooperate fully to execute any and all supplementary documents, and take all additional actions that may be necessary to give full force and effect to this Settlement Agreement and Release of All Claims.

FEES

7. Each Party shall bear its own costs and fees, including attorneys' fees associated with the underlying contract and/or settlement agreement.

ADVICE OF COUNSEL

8. The Parties acknowledge they are represented by counsel and have read and understood the effects of this Settlement Agreement and Release of All Claims. The Parties further

AMERICAN OVERSIGHT

state they execute this Settlement Agreement and Release of All Claims of their own free will and accord, for the purpose and consideration set forth in this Agreement.

INTEGRATION

9. This Settlement Agreement and Release of All Claims contains the entire understanding between the Parties hereto concerning the subject matter contained herein.

10. EchoMail and the County agree that each paragraph and component of this Settlement Agreement and Release of All Claims is a material term and that failure to comply with any of the provisions contained herein constitutes a material breach of this Agreement.

11. The Parties represent and warrant that there have been no representations or promises made by either Party on which they relied in connection with the Settlement Agreement and Release of All Claims, other than what is set forth herein in writing.

12. The Parties further represent and warrant that it is not being induced to enter into this Agreement by anything other than the written words contained in this Agreement.

13. This Settlement Agreement and Release of All Claims constitutes the entire agreement and understanding between EchoMail and the County and shall not be modified or altered, except in writing, and signed by the Parties to this Settlement Agreement and Release of All Claims.

14. This Settlement and Release of All Claims shall be effective following execution by the Parties. Facsimile signatures shall be acceptable as original for all purposes.

RE: Delivery of Contracted Services for 2020 Election Audit

Dear Honorable Commissioners:

Per the Master Agreement and the sole Schedule signed on January 26, 2022 between Otero County and EchoMail, EchoMail is contracted to perform two (2) specific tasks: 1) Creation of an integrated data warehouse; and, 2) Data analysis of the registrations and votes cast at the precinct level and by vote type.

EchoMail has completed both of these tasks.

Concerning the first task - creation of the integrated data warehouse - attached on the USB stick is the integrated data warehouse that is approximately 17GB containing the Cast Vote Records in MySQL database format, Cast Vote Records in an import-friendly format, Voter Rolls, Ballot Images, Paper Ballot Scans, and County Canvass data. We have received payment of $24,875 for this task per the Schedule.

Concerning the second task - data analysis of the registrations and votes (ballots) cast at the precinct level and by vote type - on the same USB is a PDF containing the data analysis. As of March 1, 2022, we were to be paid the remainder $24,875 for the completion of the data analysis, for which we have yet to receive payment. The delivery of this USB concludes our contracted services with the County. It has been a pleasure working with you. Kindly make arrangements for the outstanding payment.

Sincerely,

Dr. Shiva Ayyadurai
President/CEO
EchoMail, Inc.

Attachment(s): "Registrations to Ask For Source.xlsx"

Thank you so much, Selina.

I attached the spreadsheet of the registrations that I'd really like to get the original registration date, the source of the registration in code. The first tab is a sample of 100 problem entries from the canvass. The second tab has about 200 registrations that show as having registered to vote after election day (many are first time voters), yet they still voted. And the last tab. are the 1,200 registrations that occurred during the early voting/election day period.

I know it's a lot. The first tabs and the first-time voters on the second tab are probably the highest priority if you have time to work through them. Maybe just a sampling from the last tab would be enough.

Thank you again for your time today.

Sincerely,
Erin Clements

Selina,

There are two more things I would like to request - (1) the number of ballots that were delivered each day from the USPS and (2) could I have three fields out of the voter rolls that you have - the original registration date, and the affiliated party. I wouldn't need names or birthdates or anything else. That would allow me to see if the original registration dates follow a random pattern the way they should - rather than the controlled pattern that is in the registration date field that I have.

Thank you,
Erin

Thank you so much, Selina.

AMERICAN OVERSIGHT

I attached the spreadsheet of the registrations that I'd really like to get the original registration date, the source of the registration in code. The first tab is a sample of 100 problem entries from the canvass. The second tab has about 200 registrations that show as having registered to vote after election day (many are first time voters), yet they still voted. And the last tab. are the 1,200 registrations that occurred during the early voting/election day period.

I know it's a lot. The first tabs and the first-time voters on the second tab are probably the highest priority if you have time to work through them. Maybe just a sampling from the last tab would be enough.

Thank you again for your time today.

Sincerely,

Erin Clements

Thank you, Selina.

Regarding the chain of custody documents - I primarily mean the chain of custody regarding the absentee ballots. That would include records of when and by who they were requested, when they were mailed, when they were returned, and whatever bookkeeping forms your office used to document how many ballots were returned through drop boxes and when they were returned.

Right now, we are estimating the volunteer force needed to complete the work of scanning the ballots and envelopes within two days as approximately 40 people. Please advise as to the location that would be best for your office to do this work.

Regarding the equipment list - please provide the list of vendors used by the County along with the specific types of equipment they provided for the November 2020 election so that we can contact the individual vendors.

I attached the updated Data Request Form. Please note we are requesting all available fields to be provided that document the application date, acceptance date, and source of each registrant.

Thank you for your help with all of this.

Sincerely,

Erin Clements

Dear Selina,

Please point to the language in the IPRA guide that allows you to charge us time for reviewing documents. I certainly can't find it. Again, we are not asking the County to make or transmit copies - that is not applicable to this project. We will not be requiring any assistance for scanning the ballots from additional employees. That is an unnecessary expense that we are not requesting and are not willing to pay. If you feel like 5 additional people are needed, we will bring five additional volunteers. We are training our volunteers ahead of time, and they will be more helpful to us that five new employees who are not familiar with what we're doing and how we are planning to get this done quickly.

We will see you on March 9th at 8 am at the fairgrounds.

EchoMail has been hired by the County Commission - which is a government entity. If you prefer the request come from the county directly, we can submit a new affidavit of authorization. This is no different from public records and the voter rolls being regularly provided to the Electronic Registration Information Center, which is a private entity do work contracted on behalf of a government entity.

I assume you are on the same page about this - but we are expecting the boxes that contain the ballots and envelopes to be sealed when we arrive and unsealed in our presence so there is no question about chain-of-custody. Also, regarding chain-of-custody, we have concerns over our equipment being left in a locked building during lunch, as such we will require at least one of our people to remain with our equipment at all times.

We are asking the sheriff to send a deputy to oversee the process as I have received several threats over the last few days, including death threats, and we feel it is important for the safety of everyone. Perhaps the Sheriff's office will be willing to let his deputy remain with our representative in the room while your staff and our volunteers go to lunch between noon and 1 pm if you have any concerns over a representative of the county not being present at all times.

Mr. Nichols,

Would you please fill out the affidavit of authorization (attached) for obtaining the latest copy of the voter rolls for Otero County as well as brief statement requesting all of the chain of custody documents and digital records for when absentee ballots were requested, mailed, and received back. Selina needs the request to come directly from the county in order to approve it.

Sincerely,
Erin Clements

In accordance with IPRA, we are allowed to charge the actual cost to the public body for making and transmitting copies, including any personal time involved. There are just over 23,400 ballots and just over 5900 envelopes to be scanned. We have 5 employees from our office and have hired 5 additional employees, which should be adequate to assist you with your request.

If you feel like one day will suffice, I have attached a new invoice. We will need to receive payment no later than Monday, March 7, 2022 by end of business day. If you need more time, please let us know and we can reschedule.

Your affidavit of authorization is denied due to the fact that EchoMail is not a governmental entity. (1-4-5.5, NMSA 1978)

Dear Selina,

We will bring 20 people to scan the ballots. We will let our volunteers know that only sealed drinks will be allowed and no writing devices.

We do not believe the invoice for time is fair, applicable, or in accordance with IPRA statutes and the Compliance Guide published by the Attorney General. We have never been charged for reviewing documents in person by any county of the 10 counties where we have reviewed any paper records in person, including paper ballots. This includes Dona Ana county where staff from the County Clerk's office met us at the election warehouse aware from their regular place of work on two different occasions to review ballots and tabulator tapes for several hours at a time. Or Harding County, where we reviewed documents for most of a working day. We are not requiring any overtime from your staff as the hours are within normal working hours. Also note that we believe we can finish the work in one day, we have asked for two only to account for contingencies.

Further, the Inspection of Public Records Compliance Guide (https://www.nmag.gov/uploads/files/Publications/ComplianceGuides/Inspection%20of%20Public%20Records%20Compliance%20Guide%202015.pdf) lists the circumstances under which a records custodian may charge the records requestor on page 33. Note that fees can only be charged when the custodian is making copies on behalf of the requestor and there is no circumstance where the guide allows the custodian to charge the requestor time for reviewing the documents. We are not asking the County Clerk to create copies for us. EchoMail has already paid the County Clerk's office roughly $1,000 for the production of digital files. Note that the guide states: "Downloaded copies: A custodian may charge the actual costs of downloading copies of public records to a computer disk or other storage device, including the actual cost of the storage device." You will recall that we were charged a fee ***per electronic file*** when the guide only allows custodians to charge for the actual cost of the storage, postage, and time to download files (which was likely not more than an hour). We believe we have already been charged excessive, unjustified fees for the records we have received to date.

Please provide further explanation on why you are rejecting the request for the voter rolls. Also, it is my understanding that the absentee ballot records we are requesting are provided to candidates and parties on a weekly basis (and even published on the SOS website) leading up the election. We need further explanation as to why the Count Clerk's office is refusing to provide this same data for this audit commissioned by the County Commissioners. As you know, the County Commissioners are expected to certify the election results based, in part, on these records that you are refusing to provide for inspection. As such, I am renewing my request for the full records related to the absentee ballots as well as the most recent copy of the voter rolls with full voter history.

Sincerely,

Erin Clements

AMERICAN OVERSIGHT

Concerning (1), the following has been achieved since February 21, 2022 and to as of today:
a. Receipt of the CVR data from the County
b. Receipt of the Ballot Image data from the County
c. Incorporation of the CVR data into the datawarehouse by EchoMail
d. Incorporation of the ballot image data into the datawarehouse by EchoMail

Concerning (1), relative to outstanding data items
1. Paper Ballot scans have still not been received
2. Envelope Images have still not been received

Concerning (2), I suggest we have a meeting so we can itemize the kinds of analytics the County will want performed.

Administrative Items:
1. EchoMail received first payment from the County pursuant to the Agreement.
2. The press is erroneously reporting that EchoMail has been contracted to perform door-to-door canvassing and is directing NMAF. This is not true. As of now, EchoMail's obligations are pursuant to Schedule A.
3. Setup a follow up project meeting

Next Steps:
1. Set date/time for Zoom meeting for project

Thank you.

Sincerely,
Dr. Shiva Ayyadurai

Status Report as of February 21, 2022
RE: EchoMail® Project Update Memo As of February 21, 2022
This memorandum provides an update on the current status of the project pursuant to Schedule A executed between EchoMail, Inc. (“EchoMail”) and Otero County, (“County”).

February 2, 2022 – EchoMail Setup of EchoMail Data Warehouse
EchoMail has setup the EchoMail® Data Warehouse (DW) that includes

Good morning RB. As an ILRA request - can I please have a copy of the email you sent to that person who was asking about background checks for our canvassers so I can give it to the sheriff? She wasn't acting in good faith and just used it to dox me on a tick tock channel which has resulted in me getting threatening messages every few hours all weekend long from people all over the country. She also accosted two of our volunteers in Lowes Market.

Our canvassers have been introducing themselves this way: "I am a volunteer assisting Otero County who recently commissioned an audit of their elections, including the voter rolls. Would you have a couple minutes to help us verify the information on the voter rolls for this address?"

We're trying to explain why we're there as simply as possible.

Is that language ok?

Yes, I know. We're careful not to say that we're working for the county. I'm not sure how to communicate that there is interest from the county in determining the state of the rolls through this canvassing effort and that it's (a free) part of the audit the county is conducting without saying 'County.'

I know that they would be equally mad if we were completely disconnected from the county and just going out as citizens gathering information with no apparent audience. We have a bunch of trolls attacking an effort like that in NC.

Subject: Status Report as of March 15, 2022

Dear All:

I hope this email finds you well. I wanted to provide this Status Report to update you on the current state of Schedule A tasks. To review, per our Agreement, EchoMail is to provide two (2) items for the Audit:
(1) Setup of the Integrated Datawarehouse incorporating data from various sources i.e. cvr, ballot images, etc.; and ,
(2) Data Analytics

Status of Project:
Concerning (1), the following has been achieved since February 21, 2022 and to as of today:
a. Receipt of the CVR data from the County
b. Receipt of the Ballot Image data from the County
c. Incorporation of the CVR data into the datawarehouse by EchoMail
d. Incorporation of the ballot image data into the datawarehouse by EchoMail

Concerning (1), relative to outstanding data items
1. Paper Ballot scans have still not been received
2. Envelope Images have still not been received

Concerning (2), I suggest we have a meeting so we can itemize the kinds of analytics the County will want performed.

Administrative Items:
1. EchoMail received first payment from the County pursuant to the Agreement.
2. The press is erroneously reporting that EchoMail has been contracted to perform door-to-door canvassing and is directing NMAF. This is not true. As of now, EchoMail's obligations are pursuant to Schedule A.
3. Setup a follow up project meeting

Next Steps:
1. Set date/time for Zoom meeting for project

Thank you.

Sincerely,
Dr. Shiva Ayyadurai

Subject: Attorney General Opinion Re: Secured Containers
Importance: High

Dear Clerks,

Our office requested a legal opinion from the Attorney General's Office to provide clarity on the statutory requirements and obligations related to secured containers. Specifically, we asked for an opinion regarding a county's obligation to provide secured containers for mailed ballots under Section 1-6-9 of the Absent Voter Act, NMSA 1978, ch. 1, art. 6 (1969, as amended through 2019).

I have included a summary of the questions asked and the conclusion below. However, please review the attached for a detailed explanation of the legal analysis.

1. **Does Section 1-6-9(E) require all counties to make available secured containers for voters to return their mailed ballots?**

2. **Is the rule adopted by the Secretary of State ("SOS") requiring each county to make available "a minimum of two secured containers" permissible?**

Based on our examination of the applicable constitutional, statutory, and case law authority, as well as the information provided in the request, we conclude that: (1) Section 1- 6-9(E) obligates all counties to make secured containers available to receive mailed ballots, and (2) the SOS's rule requiring each county to maintain a minimum of two secured containers appears reasonable and within her statutory authority.

Further information will be forthcoming for counties that are not currently in compliance with this requirement. Please let me know if you have any questions.

Thank you,
Mandy

STATE OF NEW MEXICO
OFFICE OF THE ATTORNEY GENERAL

HECTOR H. BALDERAS
ATTORNEY GENERAL

June 2, 2022

The Honorable Maggie Toulouse Oliver
Secretary of State
325 Don Gaspar, Suite 300

Re: Secured Containers for Mailed Ballots

Dear Secretary Toulouse Oliver:

You have requested an opinion regarding a county's obligation to provide secured containers for mailed ballots under Section 1-6-9 of the Absent Voter Act, NMSA 1978, ch. 1, art. 6 (1969, as amended through 2019). In particular, you ask:

1. Does Section 1-6-9(E) require all counties to make available secured containers for voters to return their mailed ballots?

2. Is the rule adopted by the Secretary of State ("SOS") requiring each county to make available "a minimum of two secured containers" permissible?

As discussed below, based on our examination of the applicable constitutional, statutory and case law authority, as well as the information provided in the request, we conclude that: (1) Section 1-6-9(E) obligates all counties to make secured containers available to receive mailed ballots, and (2) the SOS's rule requiring each county to maintain a minimum of two secured containers appears to be reasonable and within her statutory authority.

1. County Clerks' Responsibility for Providing Secured Containers

The Absent Voter Act was amended, along with the Election Code and other statutes related to elections, during the 2019 legislative session. *See* 2019 N.M. Laws, ch. 212. As a result of the amendments, any person who votes in an election covered by the Election Code may vote absentee, i.e., "fill out and return a ballot at a place and time other than a polling location on the day of the election." NMSA 1978, §§ 1-6-1.1(A); 1-6-3.

Section 1-6-9(A) of the Absent Voter Act provides that, after a voter has followed the specified procedures for voting with a mailed ballot, the voter is required to "return the official mailing envelope containing the voted ballot to the county clerk of the voter's county of residence." Prior to the 2019 amendments, a voter was required to "mail or deliver" the official mailing envelope to the appropriate county clerk. *See* NMSA 1978, § 1-6-9 (2015). The current provisions give voters additional options for returning their mailed ballots. Specifically:

> B. The official mailing envelope may be returned by mail ….
>
> C. The official mailing envelope may be returned using a commercial delivery service ….
>
> D. The official mailing envelope may be returned in person to the office of the county clerk or to an alternate voting location, mobile alternate voting location or election day voting location.
>
> E. The official mailing envelope may be returned by depositing the official mailing envelope in a secured container made available by the county clerk to receive voted mailed ballots for that election; provided that:
>
> (1) the location of the containers and the days and times the containers will be available to receive ballots are posted by the county clerk at least ninety days before a statewide election or forty-two days before a special election;
>
> (2) the location of a secured container is considered a polling place for purposes of electioneering too close to the polling place …;
>
> (3) all secured containers shall be monitored by video surveillance cameras and the video recorded by that system shall be retained by the county clerk as a record related to voting …;
>
> (4) signage at the location of a secured container shall inform voters and those dropping off ballots at the location:
>
> (a) that it is a violation of law for any person who is not an immediate family member to collect and deliver a ballot for another person;
>
> (b) that electioneering is prohibited within one hundred feet of the secured container; and
>
> (c) of the dates and approximate time the ballots will be collected; and
>
> (5) at least once a day, the county clerk or a full-time deputy county clerk shall collect the ballots from the secured containers, register the date and time stamp on each official mailing envelope and identify the location of the secured container in the ballot register.

AMERICAN OVERSIGHT

NMSA 1978, § 1-6-9 (2019).

When interpreting a statute, a court first looks to its plain language to determine the intent of the legislature. *State v. Adams*, 2022-NMSC-008, ¶ 10, 503 P.3d 1130. Unless an ambiguity exists, the court "must adhere to the plain meaning of the language." *State v. Maestas*, 2007-NMSC-001, ¶ 14, 149 P.3d 933. "A statute is ambiguous when it can be understood by reasonably well-informed persons in two or more different senses." *State v. Elmquist*, 1992-NMCA-119, ¶ 5, 844 P.2d 131. Courts do not rely on the literal meaning of a statute "when such an application would be absurd, unreasonable, or otherwise inappropriate. *State v. Rivera*, 2004-NMSC-001, ¶ 13, 82 P.3d 939. When language used in a statutory provision is doubtful or ambiguous, courts "read the provision[] … 'in the context of the statute as a whole,' including its purposes and consequences." *Grisham v. Romero*, 2021-NMSC-009, ¶ 23, 483 P.3d 545 (citation omitted).

Looking at Section 1-6-9 as a whole, the evident purpose of Subsections (B) through (E) is to provide all voters who use a mailed ballot several alternative means for returning the ballot to county clerk. That purpose is supported by the words, "The official mailing envelope *may* be returned" at the beginning of each subsection (emphasis added). The only reasonable interpretation of those words in this context is that the legislature intended to provide voters with a choice of four methods for returning their mailed ballots. *See* NMSA 1978, § 12-2A-4(B) (the term "may" in a statute "confers a power, authority, privilege or right").

Subsection (E) gives a voter the option of returning the mailed ballot by depositing it in "a secured container made available by the county clerk." This option necessarily requires a county clerk to provide a secured container. An interpretation leaving the provision of a secured container to the discretion of the county clerk would eliminate the option for returning mailed ballots in Subsection (E) for some voters, contrary to the legislature's intent.

Our conclusion that counties are required to make secured containers available is not affected by Subsection (E)'s use of the term "provided that" before the list of requirements for secured containers. While the term "provided that" can be used in drafting legislation or contracts to denote a condition, *see, e.g., Jacobsen v. Katzer*, 535 F.3d 1373, 1381 (Fed. Cir. 2008), it can also supply "an exception or addition." Black's Law Dictionary 1481 (11th ed. 2019) (definition of "proviso"). *See also* Bryan A. Garner, *Ax these terms from your legal writing*, American Bar Journal (Apr. 2014) (available online at abajournal.com) ("[e]xperts in legal drafting have long agreed that [the phrase "provided that"] is the bane of legal drafting" because, among other things, "its meaning is unclear – it can mean if, except or also …"); Joseph Kimble, *Down with Provided That*, 83 Michigan Bar Journal 40 (July 2004) (citing publications on legal drafting that discuss the use of "provided that").

The five paragraphs following the term "provided that" in Subsection (E) describe a county clerk's responsibilities related to the secured containers, such as posting their locations, retaining video recorded by video surveillance systems, and collecting ballots from the secured containers (¶¶ 1, 3, 5); impose requirements for signs at the locations of secured containers (¶ 4); and define a secured container as a polling place for purposes of the Election Code's restrictions on electioneering (¶ 2). The five paragraphs describe the legal requirements applicable to secured

AMERICAN OVERSIGHT

containers. They cannot readily be interpreted as conditions to a county's obligation to provide secured containers under Section 1-6-9(E). Not only would that interpretation be strained, it would be contrary to the legislature's intent, as discussed above. In our view, the only reasonable interpretation is that, rather than denoting a condition, the phrase "provided that" in Subsection (E) is intended to mean "also" or an additional provision that sets out the legal requirements related to the secured containers.

2. SOS Rule Requiring a Minimum of Two Secured Containers

The Election Code obligates the SOS to "make rules pursuant to the provisions of, and necessary to carry out the purposes of, the Election Code …." NMSA 1978, § 1-2-1(B)(2) (2017). Under this authority, the SOS adopted a rule intended to "provide clear guidance and uniform standards in the application, operation, and interpretation of the law related to secured containers and mailed ballot delivery …." 1.10.19.6 NMAC. In pertinent part, the rule provides:

> To meet the requirement of Subsection E of Section 1-6-9 NMSA 1978, which provides that all voters have the option to use a secured container to return official mailing envelopes, county clerks shall provide one ballot box per 25,000 registered voters in the county with a minimum of two secured containers required per county. County clerks may request a waiver from the secretary of state to the minimum requirement set by the formula with consideration given for special geographic or security constraints.

1.10.19.8(A) NMAC. The terms "ballot box" and "secured container" appear to be used interchangeably in the provision.

In "our modern, regulatory state," it is common for the legislature to delegate the implementation of a law to an administrative agency or officer, such as the SOS. *Unite NM v. Oliver,* 2019-NMSC-009, ¶ 8, 438 P.3d 343. An agency's rules "are presumed valid and will be upheld if reasonably consistent with the statutes that they implement." *Wilcox v. New Mexico Bd. of Acupuncture & Oriental Medicine*, 2012-NMCA-106, ¶ 7, 288 P.3d 902. Actions by the SOS to implement the Election Code are closely analyzed by the courts to ensure that "the right of New Mexico citizens to vote for the candidate of their choice" is protected. *Morper v. Oliver*, 2020-NMSC-012, ¶ 11, 470 P.3d 245 (citation omitted) (holding that the SOS's power to approve the forms and procedures for elections under Section 1-2-1(C) did not authorize her to invalidate nominating petitions that met the Election Code's requirements).

For several reasons, we believe Rule 1.10.19.8(A) is a reasonable exercise of the SOS's authority under Section 1-2-1(B)(2) to make rules necessary to implement the Election Code. First, Section 1-6-9(E) of the Absent Voting Act contemplates that a county clerk may be responsible for making multiple "secured containers" available, *see* NMSA 1978, § 1-6-9(E)(1), (3), (5), but does not provide guidance for determining the appropriate number of containers for a particular county. The rule's requirements for a minimum of two secured containers per county is intended to give voters in each county adequate access to a secured container for returning their mailed ballots, consistent with the letter and intent of Subsection (E). Second, the rule is not absolute. It allows a county clerk to request a waiver from the minimum requirement for secured containers. Finally,

AMERICAN OVERSIGHT

the rule "carr[ies] out" the purposes of Section 1-6-9 to facilitate the use of mailed ballots and, in turn, the exercise by New Mexico citizens of their right "to vote for the candidate of their choice."

Hello,

I write this message in support of what you are doing regarding the refusal to certify the primary election results in Otero County, NM. Please hold the line and do not conform to the order from the State Supreme Court. Doing the right thing is not always the easy thing. Thank you and be encouraged!

Subject: CitizensOversight proposes use of AuditEngine in Otero County to perform a Ballot Image Audit

Hello:

CitizensOversight, a 501(c)3 nonprofit is proposing to provide a ballot image audit, waiving our usual fee, for Otero County in this recent election.

Please see the attached PDF letter.

Ray Lutz, Executive Director of Citizens Oversight said, "We believe it is absolutely reasonable to scrutinize the outcome of this recent election, and we have the tool to do it: AuditEngine, a cloud-based platform that can audit any election that produces ballot images."

New Mexico uses Dominion Voting Systems, and they produce ballot images as a normal function.

We hope you will seriously consider this proposal.

Dear County Clerk Robyn Holmes and County Commissioners:

The eyes of the nation are on Otero County right now.

Because it is so important that voters and candidates trust the outcome, our organization of election experts is willing to waive our usual charges to analyze your recent election using a ballot image audit. We've done similar audits in many other counties around the nation, and we are ready to provide this service to the public in this election.

We believe that it is important to double check these very close contests -- with as small as an eleven vote margin -- because the machines do sometimes misinterpret voter marks.

After watching elections for more than 17 years, we started in 2019 an initiative to provide a ballot-image auditing platform called **AuditEngine** (AuditEngine.org)**.** We believe this is perfectly suited to resolve every question about the machine evaluation of the votes in this close election. Our application independently evaluates all marks on the ballots, and performs OCR of written selections on BMD summary cards (we do not use the QRCode on those ballots), and then forms an independent tabulation, and compares the result of every single ballot, including whether any changes were made during the normal adjudication process.

A bipartisan 2018 Senate Intelligence Committee report[1] said,

[1] https://www.intelligence.senate.gov/publications/russia-inquiry

AMERICAN OVERSIGHT

> "systems that are not connected to the internet, such as voting machines, may still be updated via software downloaded from the internet. These potentially vulnerable systems include... vote tallying... States should consider implementing more widespread, statistically sound audits of election results."

(AuditEngine is statistically sound, since it examines 100% of ballot images.)

Also in 2018, former Governor Richardson, who signed New Mexico's law requiring paper ballots, wrote[2],

> "There is no use in having a paper trail if no one checks it...We cannot catch election errors if we are not looking for them... We can and must check more. ... The CIA, NSA, and big Silicon Valley companies have been hacked, so no one is immune."

Our Proposal:
For an audit of a county the size of Otero, our standard rate is $6,000 (for a county with fewer than 50K ballots). However, because we have just started to deploy this solution, we would like to offer a **FREE audit** to Otero County, or at your option, be under contract at the aforementioned rate.

We believe we can finish our audit prior to your statewide certification deadline if we start immediately.

The Dominion Voting System that you are using in New Mexico already captures ballot images of all ballots. As AuditEngine is a cloud-based application, the Ballot images, the Cast Vote Records, the PDF Ballot Style Masters are first uploaded to secure cloud storage adjacent to computing resources where we are authorized to use up to 10,000 computers in parallel to process the election by reviewing ballot images. By doing this work in parallel, we can complete the full evaluation in minutes or hours (once fully mapped) rather than many days or weeks if a single computer were to do the same work.

In our recent case study of AuditEngine in three Florida Counties, Volusia, Collier, and Port St. Lucie, we processed both ES&S and Dominion ballots, and found that the AuditEngine evaluation of the vote differed from the voting system evaluation in only about 0.23% of the targets, and in those cases when we differed, we evaluated voter intent 93% more accurately than the voting system. And in those last 7% when we did not correctly evaluate the vote, generally the voting system did not either, due to very strange marking by the voter.

The case study report is available here: https://copswiki.org/Common/M1970

We have since worked to complete audits in Bartow County, GA, Fulton County GA, Dane County, WI, among others, as a service to those communities in the divisive 2020 general election. We provided some important feedback to election officials, and in the case of Volusia County, provided a certificate of appreciation in completing an accurate outcome despite some unnerving failures of the ES&S system they used. AuditEngine is under the wing of CitizensOversight.org, a 501(c)3 nonprofit

organization.

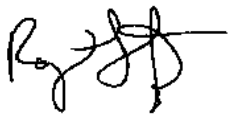
I am an electronics and computer engineer with more than 45 years of experience in related technical fields, and have had direct experience for 17 years reviewing election systems. Our team of election experts will be providing oversight, and we can provide live streaming or at least a video recording of the audit process, and the review of all discrepancies.

Statement of work:

1. Otero County elections staff will export ballot images, cast vote records, and ballot style masters from your Dominion Voting System. Here is the exporting guide: https://auditengine.org/user-guide/dom_exporting_guide/

2. Because time is of the essence, please upload the data directly to our datacenter. We have established a permanent upload page for Otero County: https://engine.auditengine.org/upload/170/NM_Otero

   The instructions for uploading are at this link under "Sending Data to AuditEngine" https://auditengine.org/user-guide/exporting_guide



3. We will use AuditEngine to create a set of style templates, perform a full extraction of the votes from all ballots using AuditEngine, create an independent tabulation for all contests and compare our result with the official result on a ballot-by-ballot basis.

4. We will provide a discrepancy report with more than 40 categories, and a full report including intermediate data for all the steps involved.

AuditEngine is perfectly suited to help resolve the disputes in this election, and we hope the price we are offering will help you decide to allow us to provide our services to the public. We have seen a similar audit performed in the 2020 Election by EchoMail for $49,750[3] and thus it seems getting the ballot images is possible under state law.

Please contact me by phone at your earliest convenience: 619-820-5321. I am willing to come to your site to explain the process and help you to understand what a great tool AuditEngine can be, or perhaps better, have a virtual meeting so we can answer any questions you might have.

Wanted to let you know I stand behind you wholeheartedly for not certifying the election. I have an idea that some of the statutes do not follow you State Constitution or Federal Constitution. Both being the Supreme Law of the Land. Any unconstitutional law is not a law. 99.999% of the laws are unconstitutional, both Federal and State. I hope you can get a good constitutional lawyer to help you. I really like KrisAnne Hall and Jenna Ellis. Both really know the Constitution and believe would help you. They could also read your State Constitution and give you advice. They are both true Christians. As you know our Constitution comes from the Bible.

Re: Recertification of AutoVote Version 11.0 Ballot Printing System

Dear Mr. Marquez:

Thank you for presenting the AutoVote Version 11.0 Ballot Printing System during the August 4, 2021 meeting of the Voting System Certification Committee (VSCC) for the committee's consideration of recommending recertification of your voting system to the Secretary of State (SOS) as required pursuant to NMSA 1978 Section 1-9-7.4(A).

During the meeting, the VSCC members voted unanimously to recommend recertification of your system to the SOS. Therefore, in accordance with NMSA 1978 Section 1-9-14(H), the Secretary of State is pleased to recertify your system for use in elections in this state.

Please keep in mind that any functional changes to the voting system may impact this certification designation and the Secretary of State may require your system to go through testing and certification again to determine whether the system maintains all mandatory functionality required by the New Mexico election code and remains suitable for use in elections in the state. Please communicate any software or version changes to the SOS prior to implementing them for use.

Thank you very much for your continued interest in working with our office and the county clerks and your dilligent efforts in support of the successful conduct of elections in New Mexico. Should you have any further questions or concerns, please don't hesitate to contact my office.

Re: Certification of Democracy Suite Voting System Version 5.4

Dear Ms. Romero

Thank you for presenting the Dominion Democracy Suite 5.4 voting system during the August 4, 2021 meeting of the Voting System Certification Committee (VSCC) for the committee's consideration of recommending certification of your voting system to the Secretary of State (SOS) as required pursuant to NMSA 1978 Section 1-9-7.2.

During the meeting, the VSCC members voted unanimously to recommend certification of your system to the SOS. Therefore, in accordance with NMSA 1978 Section 1-9-14(H), the Secretary of State is pleased to certify your system for use in elections in this state.

Please note, however, that Sections 1-9-7.4(B) and 1-9-14 NMSA 1978 require that all voting systems certified for use in New Mexico to comply with the most recent VVSG to maintain certification. While we understand that certification to VVSG 2.0 is not currently possible given the current stage of work at the Election Assistance Commission, it is imperative that you keep us informed of any progress, including a timeline and path toward certification, as work continues in this area.

In the meantime, if any functional changes are made to the voting system that may impact the current certification, your system will be required to go through testing and certification again to determine whether the system maintains all mandatory functionality required by the New Mexico election code and remains suitable for use in elections in the state. Please communicate any software or version changes to the SOS prior to implementing them for use.

Finally, please ensure that you provide updated source code escrow information for the voting systems and that New Mexico has been granted access pursuant to Section 1-9-7.11 NMSA 1978.

Thank you very much for your continued interest in working with our office and the county clerks and your dilligent efforts in support of the successful conduct of elections in New Mexico. Should you have any further questions or concerns, please don't hesitate to contact my office.

AMERICAN OVERSIGHT

1. Introduction

Pursuant to Section 1-9-7.4(A) NMSA 1978, the Secretary of State (SOS) is required to review and recertify each voting system already in use in the state in the year following the presidential election.

This report is being published by the Office of the Secretary of State as required by Section 1-9-14(C) NMSA 1978, after an examination of all application and test materials submitted by the voting system vendors. The report and applications for certification submitted by each vendor is available on the SOS website at https://www.sos.state.nm.us/voting-and-elections/data-and-maps/voting-system-certification-committee/ and is subject to a 21 day public comment period as of the date of this report.

As used in Chapter 1, Article 9 NMSA 1978, "voting system" means a combination of mechanical, electromechanical or electronic equipment, including the software and firmware required to program and control the equipment, that is used to cast and count votes, and also including any type of system that is designed to print or to mark ballots at a polling location; equipment that is not an integral part of a voting system but that can be used as an adjunct to it is considered to be a component of the system. Based upon this definition, there are two types of voting systems, and a total of three systems, eligible for recertification that are discussed in this report:

1. Tabulation System
    - Dominion Voting Systems (DVS) – Democracy Suite v5.4
2. Ballot Printing Systems
    - Robis Elections – AskEd System
    - Automated Election Systems (AES) – AutoVote System

Any previously certified system that does not comply with the requirements of the Election Code and is not recertified by the Secretary of State shall be deemed decertified for use in the state.

AMERICAN OVERSIGHT

2. Voluntary Voting System Guidelines

The Voluntary Voting System Guidelines (VVSG), which are adopted by the United States Election Assistance Commission (EAC), are a set of specifications against which a voting system can be tested to determine if the system meets the identified standards. The New Mexico Election Code, Section 1-9-14 NMSA 1978, requires that all voting systems used for the conduct of elections in accordance with the Election Code be tested by an independent testing authority to the most recently adopted VVSG[1].

In February 2021, the EAC adopted new standards, the VVSG 2.0. The EAC is currently working with the independent Voting System Test Labs (VSTLs)[2] to complete the federal accreditation process that will allow the VSTLs to test systems to the VVSG 2.0 requirements. This process is expected to be completed by early 2022. This process also includes the definition of all test assertions to be used by the VSTLs in their testing. As a result, there are currently no VSTLs with accreditation to test to VVSG 2.0 nor are there any voting systems vendors who have been certified to the new VVSG 2.0 standards.

Therefore, for purposes of publishing this report, the SOS has reviewed the last available VSTL laboratory report for DVS based upon the previous VVSG 2005 standards. The SOS recommends that the Voting System Certification Committee (VSCC) reconvene to evaluate the voting system again once a testing and accreditation process have been established by the EAC for the new VVSG 2.0 standards.

3. Election Code - Voting System Requirements

In addition to meeting the specifications of the VVSG, as applicable, both the tabulation systems and the ballot printing systems are also required to meet specific requirements set forth in statute. Specifically, Sections 1-9-7.7 to 1-9-7.10 NMSA 1978 are required for all tabulation systems and Sections 1-9-20 to 1-9-22 NMSA 1978 set the requirements for ballot printing systems.

To verify that these sections are met, the SOS requested that each vendor provide specific information about how their systems adhere to the statutory requirements, including any technical or user documentation or references that can be reviewed to further verify that the requirements have been met.

Additionally, the ballot printing system vendors were subjected to a test conducted by a VSTL in 2011 to independently determine whether their respective systems conformed to the requirements of the Election Code. Both vendors have provided confirmation that changes to the system since the 2011 testing are not relevant or impactful to the statutory provisions.

[1] The VVSG does not contain specific guidelines for ballot printing systems and, therefore, the EAC does not provide for a certification process for these types of systems. The VVSG only applies to tabulation systems.
[2] A list of EAC certified VSTLs can be found on the EAC website at https://www.eac.gov/voting-equipment/voting-system-test-laboratories-vstl/.

AMERICAN OVERSIGHT

4. Voting System Certification Committee (VSCC)

Following the period of public comment, the SOS is required to submit a report of findings and any public comment to the VSCC. The VSCC shall review the information and make recommendations regarding the suitability and reliability of the use of the equipment in the conduct of elections and shall recommend that a voting system be certified for use only if it complies with the requirements in the Election Code.

If the VSCC determines that the voting system does not comply with all requirements for certification, the SOS shall allow 30 days for an appeal of the findings to be filed or for the deficiencies to be corrected by the vendor(s). Following this period, the SOS shall prepare a final written report and the VSCC shall reconvene to consider the report and make final recommendations regarding the reliability and suitability of the voting equipment.

If the VSCC recommends that the voting system is suitable for use in elections in New Mexico, the SOS shall recertify the equipment for use in elections in this state, within 30 days of receiving the recommendation from the VSCC. Likewise, if the VSCC does not recommend the voting system, the SOS shall deny the application or decertify the equipment for use in elections in this state.

5. Tabulation System Certification

5.1 Dominion Voting Systems

The SOS has verified, based upon a review of the VSTL test report prepared by Pro V&V dated August 24, 2017, that the DVS Democracy Suite 5.4 voting system meets the standards set forth in VVSG 2005. Further, except as described below in regard to ballot length in Section 1-9-7.10(A) NMSA 1978, applicable requirements outlined in Chapter 1, Article 9 of the Election Code have also been met by DVS.

Democracy Suite v5.4 has been utilized in New Mexico elections since being certified in 2017 and has repeatedly passed all pre- and post-election verification and testing processes and has proven accurate and reliable in post-election voting system checks and recounts. Additionally, DVS has offered the State a commitment to bring their system into compliance with the VVSG 2.0 requirements and test assertions once they become available from the EAC.

Voting System components submitted by DVS for re-certification:

- **Democracy Suite Election Management System v5.4.17.5** – application software used to manage the election workflow, from import of election definition information, ballot layout, voting machine programming and pre-election test, Election Night reporting, and post-election activities.

- **Democracy Suite Adjudication v5.4.17.3 –** application software used to allow ballots with exceptions or out-stack conditions such as over-votes, blank ballots, write-ins and marginal marks to be resolved on-screen and sent to tally.

AMERICAN OVERSIGHT

- **ImageCast Evolution v5.4.8.3** – an accessible voting machine that combines an optical scanner and a ballot marking device, suitable for use by all voters while complying with the accessibility requirements of the Help America Vote Act and the 2005 Voluntary Voting System Guidelines (VVSG).

- **ImageCast Central v5.4.2.1** – a high-speed absentee ballot central scanning solution that utilizes Canon brand scanners (DR-X10C and DR-G1130).

- **ImageCast Central v5.4.2.2** – The State previously approved for use in jurisdictions using the Rank Choice Voting method in Democracy Suite 5.4 voting system.

Specific requirements for voting systems outlined in Chapter 1, Article 9 of the Election Code:

1-9-7.1. Voting system; use of paper ballot.

A. All voting systems used in elections covered by the Election Code [Chapter 1 NMSA 1978] shall use a paper ballot on which the voter physically or electronically marks the voter's choices on the ballot itself.

Democracy Suite 5.4 is an optical scan voting system. Voters with accessibility needs mark their ballot using the ImageCast® Evolution, generating a paper ballot.

1-9-7.7. Voting systems; technical requirements.

Voting systems certified for use in state elections shall:

A. Have a unique embedded internal serial number for audit purposes

Each unit carries a serial number in non-volatile internal memory, given to the unit at the time of its manufacture.

B. Be supplied with a dust- and moisture-proof cover for transportation and storage purposes

Each ballot box has a top cover for this purpose; individual units can be transported in a dust and moisture proof case.

C. If the net weight of the system, or aggregate of voting device parts, is over twenty pounds, have self-contained wheels so that the system can be easily rolled by one person on rough pavement and can roll through a standard thirty-inch door frame

All ballot boxes have casters, are designed to be moved by one person, and fit through a 30-inch door.

D. Be a stand-alone, non-networked election system such that all pre-election, Election Day and post-election events and activities can be recorded and retained in each device

Dominion recommends strongly that the election systems never be attached to the Internet or other

AMERICAN OVERSIGHT

network. Democracy Suite 5.4 is capable of operating in this manner.

E. Employ scalable technology allowing easy enhancements that meet United States Election Assistance Commission standards and state law

Democracy Suite 5.4 has a variety of scalable configurations and platform options. It has been certified by the U.S. Election Assistance Commission (EAC) to the VVSG 2005 requirements.

F. Have ancillary equipment, such as printers, power sources, microprocessors and switch and indicator matrices, that is installed internally or is modular and transportable

All necessary printers, power supplies, and similar ancillary devices required for precinct use are built into the voting machine or ballot box.

G. Display publicly the number of ballots processed

The ImageCast Evolution scanner continuously shows the number of ballots processed (Public Counter) when polls are open.

H. Be able to print:

(1) An alphanumeric printout of the contests, candidates and vote totals when the polls are opened so that the poll workers can verify that the counters for each candidate are on zero;
(2) An alphanumeric printout of the contests, candidates and vote totals at the close of the polls, which printouts shall contain the system serial number and public counter total; and
(3) As many copies of the alphanumeric printouts as necessary to satisfy state law

All ImageCast equipment is capable of printing reports to these specifications. They also allow the jurisdiction to program a default number of report copies and allow the poll worker to print additional report copies as needed.

I. Include a feature to allow reports to be sent to an electronic data file.

Reports can be exported to Excel, pdf, and other formats at the jurisdiction's discretion.

1-9-7.8. Voting systems; operational requirements.

Voting systems certified for use in state elections shall:

A. Have internal application software that is specifically designed and engineered for the election application

All internal application software is produced by Dominion Voting Systems, specifically for elections.

B. Include comprehensive diagnostics designed to ensure that failures do not go undetected

All scanners have a Power-On Self-Test (POST) as well as continuous monitoring of all critical functions so that malfunctions result in immediate warning to the poll worker and in unrecoverable situations, unit shutdown.

AMERICAN OVERSIGHT

C. Have a real-time clock capable of recording and documenting the total time polls are opened

All scanners have a real-time clock. Poll opening and closing events are recorded in the unit's audit log.

D. Have a self-contained, internal backup battery that powers all components of the system that are powered by alternating current power; and, in the event of a power outage in the polling place:

(1) The self-contained, internal backup battery power shall engage with no disruption of operation for at least two hours and with no loss of data; and

All precinct-based scanners contain an internal battery tested to maintain at least two hours of operation.

(2) The system shall maintain all vote totals, public counter totals and the internal clock time in the event that the main power and battery backup power fail.

In the event that battery power is exhausted, all vote totals, counters, clock time, and any votes cast and confirmed to a voter are saved.

1-9-7.9. Voting systems; memory; removable storage media device; requirements.

Voting systems certified for use in state elections shall:

A. Be programmable with removable storage media devices

Each ImageCast scanner, as well as Central Count scanners, are programmed through Compact Flash cards.

B. Contain ballot control information, summary vote totals, maintenance logs and operator logs on the removable storage media device

Ballot control information, summary vote totals, maintenance logs and operator logs are carried on the Compact Flash cards for each scanner and can be uploaded along with results from that scanner.

C. Ensure that the votes stored on the removable storage media device accurately represent the actual votes cast

ImageCast Evolution utilizes a pair of Compact Flash cards, writing results information to each one and checking that written information so that the accuracy of the information on each card is ensured. Mismatches in card content cause the unit to give a warning message then shut down.

D. Be designed so that no executable code can be launched from random access memory

ImageCast scanners are protected from code being launched from random access memory. The firmware for each unit is encrypted and signed when placed in the unit and only that code will execute on the scanner.

E. Have any operating system software stored in nonvolatile memory, which shall include internal quality checks such as parity or error detection and correction codes, and which software shall include comprehensive diagnostics to ensure that failures do not go undetected

AMERICAN OVERSIGHT

The operating system for the scanners is stored in non-volatile memory on each unit. Each unit undergoes a Power-On Self-Test (POST) to ensure the integrity of its firmware prior to allowing polls to be opened.

F. Allow for pre-election testing of the ballot control logic and accuracy, with results stored in the memory that is used on Election Day, and shall be capable of printing a zero-results printout prior to these tests and a results printout after the test

Pre-election logic and accuracy testing is accomplished using the same compact flash cards in each unit that will be utilized on Election Day. Zero tapes are available at the start of pre-election logic and accuracy test as well as Election Day. Results tapes are also available after pre-election logic and accuracy testing and Election Day.

G. Have internal audit trail capability such that all pre-election, election day and post-election events shall be stored, recorded and recovered in an easy-to-read printed form and be retained within memory that does not require external power for memory retention

Each ImageCast scanner, as well as the central election management software maintain audit trails in accordance with VVSG 2005 requirements. These can be recovered in soft files and printed to hard copy as desired. The logs are stored on the Compact Flash cards in the scanners until uploaded to the election management software.

H. Possess the capability of remote transmission of election results to a central location only by reading the removable storage media devices once they have been removed from the tabulation device after the poll closing sequence has been completed

The Democracy Suite 5.4 system accommodates remote transmission sites wherein, after a paper tape results report is printed, the Compact Flash cards containing results and logs are removed from the scanners and the contents transmitted subsequent to that removal.

I. Prevent data from being altered or destroyed by report generation or by the transmission of results.

Report generation and transmission do not affect the raw results or logs. This applies to any of the scanners and the election management software.

1-9-7.10. Voting systems; ballot handling and processing requirements.

Voting systems certified for use in state elections shall:

A. Accept a ballot that is a minimum of six inches wide and a maximum of twenty-four inches long, in dual columns and printed on both sides

ImageCast scanners meet this requirement, being able to scan 8.5 inch by 11, 14-, 17-, 20-, and 22-inch ballots, two to four columns, double-sided.

SOS finding: At this time, the DVS system being considered for recertification falls short of this particular requirement with the capability to accept ballots up to 22” long. In fact, no tabulator system

AMERICAN OVERSIGHT

submitted for certification in New Mexico or used in statewide elections since this law was enacted in 2010 has ever met the 24" long maximum included in statute. The longest ballot that has been produced to date for use in a statewide election was 19" long printed on both sides. Additionally, all testing conducted on the ballot printing systems, including throughput testing and printer certification testing, has been conducted using ballots 19" long or less.

B. Accept a ballot in any orientation when inserted by a voter

Any of the four possible orientations are read by ImageCast scanners.

C. Have the capability to reject a ballot on which a voter has made more than the allowable number of selections in any contest

Over voted contests will cause a ballot to be rejected by the scanner.

D. Be designed to accommodate the maximum number of ballot styles or ballot variations encountered in the largest New Mexico election jurisdiction

Democracy Suite is designed to accommodate the largest jurisdictions in the United States and can easily accommodate New Mexico jurisdiction geographic and ballot layout needs.

E. Be able to read a single ballot with at least four hundred twenty voting positions

Democracy Suite can prepare ballots with 462 ballot positions.

1-9-7.11. Voting systems; source code; escrow.

As a condition of initial certification and continued certification, the source code that operates a voting system shall be placed in escrow and be accessible to the state of New Mexico in the event the manufacturer ceases to do business or ceases to support the voting system.

Dominion utilizes the NCC Group as a third-party escrow agent. The State of New Mexico has been given beneficiary status for the escrowed products of this system configuration. The release conditions meet the state's requirements.

1-9-13. Voting system technicians.

A. Voting system technicians shall be trained and certified by the secretary of state as to their adequacy of training and expertise on voting systems certified for use in the state.

Dominion has a variety of training courses and materials to aid in compliance with this requirement.

6. Ballot Printing System Certification

The VVSG does not contain specific guidelines for systems designed to print ballots and, therefore, the EAC does not provide for a certification process for these types of systems. However, the definition of voting system in the New Mexico Election Code does include systems designed to print ballots and

AMERICAN OVERSIGHT

provides for specific statutory requirements in Sections 1-9-20 to 1-9-22 NMSA 1978 used to determine suitability and reliability for certification purposes.

SLI Global Solutions, an independent testing laboratory, accredited by the EAC conducted tests on both the Robis AskED Ballot Printing System and the AES Autovote System in December 2011 to determine whether the systems met the specific requirements set forth in statute. Additionally, both vendors provided evidence of undergoing independent print qualification procedures with DVS to ensure ballots generated by these systems can be accurately scanned by the DVS Imagecast Evolution tabulation system.

Both of these vendors have requested recertification based upon the original VSTL lab reports and have assured the SOS that any software enhancements made since the last test report have not impacted the statutorily required functionality nor is there a test procedure in place for the specific improvements made. Further, all enhancements made to the software have been successfully implemented and utilized in several elections already conducted within the State of New Mexico including the 2020 primary and general elections.

6.1 Robis Elections

Voting System(s) submitted for re-certification: AskED Ballot Printing System

Voting System Testing Laboratory (VSTL): SLI Global Solutions

Original Test Date: December 2011

Specific requirements for voting systems outlined in Chapter 1, Article 6 of the Election Code:

1-6-5.7(D). Early voting

D. When voting at an early voting location, the voter shall provide the required voter identification to the election board, county clerk or the clerk's authorized representative. If the voter does not provide the required voter identification, the voter shall be allowed to vote on a provisional ballot. If the voter provides the required voter identification, the voter shall be allowed to vote after subscribing an application to vote on a form approved by the secretary of state or its electronic equivalent approved by the voting system certification committee. The county clerk or the clerk's authorized representative shall make an appropriate designation on the signature roster or register next to the voter's name indicating that the voter has voted early.

The system provides for a voter to subscribe to an application to vote prior to issuance of a ballot for early voting. See Appendix 1 for a sample of the form.

Specific requirements for voting systems outlined in Chapter 1, Article 9 of the Election

AMERICAN OVERSIGHT

Code:

Further detail regarding each test case conducted by an independent testing laboratory can be found in the SLI Global Solutions testing report.

1-9-20. Systems designed to print ballots at polling locations; Ballot preparation requirements.

Systems designed to print ballots at polling locations shall provide the general capabilities for ballot preparation and shall be capable of:

A. Enabling the automatic formatting of ballots in accordance with the requirements of the Election Code, as amended from time to time, for offices, candidates and questions qualified to be placed on the ballot for each political subdivision and election district

Using Primary election style and General election style ballots as supplied by the State of New Mexico, it was verified that the Robis ballot on demand system is capable of printing a ballot automatically formatted with the appropriate offices, candidates and questions qualified to be placed on the ballot for each political subdivision and election district, as well as with any pertinent overlays.

B. Supporting the maximum number of potentially active voting positions

Using a ballot style representative of a maximum active voting position layout, as supplied by the State of New Mexico, it was verified that the Robis ballot on demand system is capable of printing a ballot supporting the maximum active voting positions.

C. Generating ballots for a primary election that segregate the choices in partisan contests by party affiliation

Using a Primary election style ballot, as supplied by the State of New Mexico, it was verified that the Robis ballot on demand system is capable of printing ballots for a primary election that segregates the choices in party contests, by party affiliation.

D. Generating ballots that contain identifying codes or marks uniquely associated with each format

Printing of different ballot styles within a jurisdiction, for both primary and general elections, it was verified that the Robis ballot on demand system is capable of generating ballots that contain identifying codes or marks that are uniquely associated with each format.

E. Ensuring that voting response fields properly align with the specific candidate names and/or questions printed on the ballot

Printing single ballots and batches of ballots, of both primary and general elections, it was verified that the Robis ballot on demand system generates voting response fields properly aligned with the specific candidate names and/or questions printed on the ballot.

AMERICAN OVERSIGHT

F. Generating ballots which can be tabulated by all certified voting systems in the state

Using ballots supplied by the State of New Mexico, of both primary and general elections, it was verified that the Robis ballot on demand system is able to produce ballots which are capable of being tabulated by the certified voting systems in the state.

G. Generating a ballot for an individual voter based on voter registration data provided by state or county

Using the voter registration data set provided by the State of New Mexico, it was verified that the Robis ballot on demand system is able to generate an individual voter's ballot, as needed.

H. Functionality in both absentee and early voting environments

Using primary and general election style ballots, as provided by the State of New Mexico, the functionality was verified that the Robis ballot on demand system is functional in both absentee and early voting environments. Elections configured included: an early voting primary, an absentee primary, an early voting general and an absentee general election. This allowed the system to produce ballots, as well as detailed reporting for each election.

I. Providing absentee ballot tracking ability

It was verified that the Robis ballot on demand system provides adequate absentee ballot tracking capabilities.

J. Uniform allocation of space and fonts used for each office, candidate and question such that the voter perceives no active voting position to be preferred to any other

Using ballots supplied by the State of New Mexico, it was verified that the Robis ballot on demand system is able to produce ballots, as created by voting systems certified by the State, with uniform allocation of space and fonts, such that no active voting position is perceived to be preferential to any other position.

K. Rendering the ballot in any of the languages required by the Voting Rights Act of 1965, as amended

Using ballots supplied by the State of New Mexico, it was verified that the Robis ballot on demand system is able to render the ballot in any language, as prescribed by the State (English and Spanish).

L. Conformity with voting system vendor specifications for type of paper stock, weight, size, shape, size, font and location of voting positions used to record votes, folding, bleed through,

AMERICAN OVERSIGHT

and ink for printing

Using ballots supplied by the State of New Mexico, it was verified that the Robis ballot on demand system is able to utilize paper and ink type that conforms to voting systems, certified by the State, prescribed requirements, such that ballots are appropriately produced.

M. Interfacing with the statewide voter file for the exchange of data.

Using the voter registration data supplied by the State, the Robis ballot on demand system was verified to be capable of interfacing with the statewide voter file, for the exchange of data.

1-9-21. Systems designed to print ballots at polling locations; Security requirements.

Systems designed to print ballots at polling locations shall provide the security capabilities for ballot preparation and shall be capable of:

A. Providing a full audit trail of individual voter activity

It was verified that the Robis ballot on demand system is capable of adequately providing full audit trails for individual voter activities.

B. Providing full ballot production audit logs for all activity including, but not limited to, absentee by mail, in person absentee, early voting, provisional voting and spoiling ballots

The Robis ballot on demand system is capable of producing this information. The audit log contains all of the required items. The system is not meant for the poll worker to be able to search through the logs. It is assumed, by Robis, that the log would be analyzed either using SQL queries or by loading into excel or another program. At that point, the user can see any subset of the audit log data they so choose.

C. Creation and preservation of an audit trail of every ballot issued during a period of interrupted communication in the event of loss of network connectivity

It was verified that the Robis ballot on demand system is capable of creation and preservation of an audit trail of every ballot issued, from its system, during periods of interrupted communications due to the loss of network connectivity.

D. Suitable security passwords at user, administrator and management levels

The Robis ballot on demand system provides suitable password security policies such that the system is secure to each role level implemented, though there are only two roles provided, user and management. No Administration type role is provided through the system. Robis utilizes the Windows operating system Administrator role for the third role level.

AMERICAN OVERSIGHT

E. Preventing the modification of ballot formatting by polling place users

It was verified that the Robis ballot on demand system provides suitable security, by implementation of appropriate password policy enforcement and role enforcement, that no polling place user is able to modify a ballots format.

F. Retaining full functionality and capability of printing ballots during a period of interrupted communication in the event of a loss of network connectivity

It was verified that the Robis ballot on demand system does retain full functionality and capability of printing ballots during periods of interrupted communications, such as the event of a loss of network connectivity, by removing network connectivity to the system.

1-9-22. Systems designed to print ballots at polling locations; Hardware, software and usability requirements.

Systems designed to print ballots at polling locations shall:

A. Provide hardware requirements that:

(1) Shall be networkable and scalable for multi-user environments;

The Robis ballot on demand hardware complies with this requirement.
The HP LaserJet 5200tn (O7545A) printer has four possible network printer configurations:

1. Connect directly to the network (direct mode or peer-to-peer printing).
2. Connect directly to the network and a shared print queue is configured on a network file/print server (client-server printing).
3. Connect directly to a PC that acts as a print server, allowing the printer to be shared to PC clients on the network.
4. PC clients connect to a device that has already been set up on the network or connect to a print queue that is shared from either another PC client or file/print server. Complies with this requirement.

HP LaserJet 5200tn (O7545A) printer

- **Connectivity, standard**: 1 IEEE -1284 parallel; 1 USB; 1 Fast Ethernet 10/100; 1 EIO
- **Connectivity, optional**: HP Jetdirect 175x Fast Ethernet Print Server (J6035G), HP Jetdirect en3700 Fast Ethernet Print Server (J7942G), HP Jetdirect 620n Fast Ethernet Print Server (J7934G), HP Jetdirect 625n Gigabit Ethernet Print Server (J7960G), HP Jetdirect 635n IPv6/IPsec Print Server (J7961G), HP Jetdirect ew2400 802.11g Wireless Print Server (J7951G).

(2) Function without degradation in capabilities after transit to and from the place of use;

The Robis ballot on demand hardware complies with this requirement.

- Storage temperature: 0 to 402 C. Storage humidity: 1Oto 80% H. Noise level per ISO 9296: Sound power: LwAd 6.84 B(A). Sound pressure: LpAm 54 dB(A).

(3) Function without degradation in capabilities after storage between elections

The Robis ballot on demand hardware complies with this requirement. Printing and paper storage environment should be at or near room temperature, and not too dry or too humid.

HP LaserJet 5200tn (Q7545A) printer

- Printer cartridge black: 12,000 pages ~6 months in accordance with ISO/IEC 19752
- Environmental Conditions
    - Temperature (printer and print cartridge):
        - Printing: 15°to 32.5°C (59° to 89°F)
        - Storage/standby: -20 ° to 40°C (-4° to 104°F)
    - Relative humidity:
        - Printing: 10% to 80%
        - Storage/standby: 10% to 90%
    - Storage: The paper storage environment should be properly maintained to ensure optimum printer performance. The required condition is 20° to 24°C (68°to 75°F), with a relative humidity of 45% to 55%.
    - Storage Temperature: 32 to 104 degrees F (0 to 40 degrees C).

(4) Function in the natural environment, including variations in temperature, humidity and atmospheric pressure

The Robis ballot on demand hardware complies with this requirement.

HP LaserJet 5200tn (Q7545A) printer

- Operating Temperature:
    - 50 to 90 degrees F (10 to 32 degrees C)
- Storage Temperature:
    - 32 to 104 degrees F (0 to 40 degrees C)
- Relative Humidity Conditions:
    - 20 to 80 %, non-condensing.

(5) Function in induced environment, including proper and improper operation and handling of the system and its components during the election process

The Robis ballot on demand hardware complies with this requirement.

HP LaserJet 5200tn (O7545A) printer

- Operating Temperature:

AMERICAN OVERSIGHT

    - 50 to 90 degrees F (10 to 32 degrees C)
- Storage Temperature:

- Relative Humidity Conditions:
    - 20 to 80 %, non-condensing

(6) Contain prominent instructions as to any special requirements

The Robis ballot on demand hardware complies with this requirement.
LaserJet 5200tn (O7545A) printer provides step-by-step instructions, troubleshooting the printer, etc.

(7) Have no restrictions on space allowed for installation, except that the arrangement of the system shall not impede the performance of duties by election workers, the orderly flow of voters through the polling place or the ability of the voter to vote in private

This requirement will be determined by the allowed space for installation per location and the physical dimensions of the HP LaserJet 5200tn (O7545A) printer

Dimensions:
- Height 404 mm (15.9 in)
- Depth 535 mm (21 in)
- Width 490 mm (19.3 in)
- Weight 30.2 kg (66.5 lb)

(8) Operate with the electrical supply ordinarily found in polling places (Nominal 120 Vac/60Hz/1 phase).

The Robis ballot on demand hardware complies with this requirement.
HP LaserJet 5200tn (O7545A) printer
- Power Specifications: (AC110 - 127V, 50/60Hz (+/- 2 Hz).
- Rated short-term current: 10.0 Amps.

B. Provide software requirements that shall:

(1) Be capable of exporting voter data and voter activity status data to state and county voter registration systems

It was verified that the Robis ballot on demand system is capable of exporting voter data, as required, to state/county voter registration systems.

(2) Be capable of generating all required absentee and early voting signature rosters in a state-approved format;

Note that 4.2, was provided the additional clarification by the State:

AMERICAN OVERSIGHT

The Robis ballot on demand system does contain a capability to generate voting signature rosters, though it does not make the differentiation of absentee or early voting. The current signature roster refers to early voting. Robis has indicated that with guidance from the State on absentee specifications, that a specific absentee signature roster can be implemented.

(3) Generate daily and to-date activity reports based on user-defined criteria

Robis provides the user four reports that can be run as the daily or to date reports. With the implementation of these reports Robis considers their system to meet the "user defined criteria" portion of the requirement. Within the reports themselves the user does not have a capability to define specific criteria other than to specify daily vs. to-date. Robis has indicated that it can add any additional criteria requested by the state; however, no other criteria were specified in the requirements.

(4) Must have both single transaction and batch transaction absentee production capability.

It was verified that the Robis ballot on demand system is capable of processing ballot requests in both single transaction and batch transaction modes.

C. Be capable of being operated by computer users familiar with a graphical user interface.

It was verified that a computer user with basic familiarity with graphical user interfaces are capable of operating the Robis ballot on demand system.

6.2 Automated Election Systems

Voting System(s) submitted for re-certification: AES AutoVote™ E-PollBook Ballot Management System Version 12.3

Voting System Testing Laboratory (VSTL): SLI Global Solutions

Original Test Date: December 2011

Specific requirements for voting systems outlined in Chapter 1, Article 6 of the Election Code:

1-6-5.7(D). Early voting

D. When voting at an early voting location, the voter shall provide the required voter identification to the election board, county clerk or the clerk's authorized representative. If the voter does not provide the required voter identification, the voter shall be allowed to vote on a provisional ballot.

AMERICAN OVERSIGHT

If the voter provides the required voter identification, the voter shall be allowed to vote after subscribing an application to vote on a form approved by the secretary of state or its electronic equivalent approved by the voting system certification committee. The county clerk or the clerk's authorized representative shall make an appropriate designation on the signature roster or register next to the voter's name indicating that the voter has voted early.

The system provides for a voter to subscribe to an application to vote prior to issuance of a ballot for early voting. See Appendix 2 for a sample of the form.

Specific requirements for voting systems outlined in Chapter 1, Article 9 of the Election Code:

Further detail regarding each test case conducted by an independent testing laboratory can be found in the SLI Global Solutions testing report.

1-9-20. Systems designed to print ballots at polling locations: Ballot preparation requirements.

Systems designed to print ballots at polling locations shall provide the general capabilities for ballot preparation and shall be capable of:

A. Enabling the automatic formatting of ballots in accordance with the requirements of the Election Code, as amended from time to time, for offices, candidates and questions qualified to be placed on the ballot for each political subdivision and election district

Using Primary election style and General election style ballots as supplied by the State of New Mexico, it was verified that the AES ballot on demand system is capable of printing a ballot automatically formatted with the appropriate offices, candidates and questions qualified to be placed on the ballot for each political subdivision and election district, as well as with any pertinent overlays.

B. Supporting the maximum number of potentially active voting positions

Using a ballot style representative of a maximum active voting position layout, as supplied by the State of New Mexico, it was verified that the AES ballot on demand system is capable of printing a ballot supporting the maximum active voting positions.

C. Generating ballots for a primary election that segregate the choices in partisan contests by party affiliation

Using a Primary election style ballot, as supplied by the State of New Mexico, it was verified that the AES ballot on demand system is capable of printing ballots for a primary election that segregates the choices in party contests, by party affiliation.

D. Generating ballots that contain identifying codes or marks uniquely associated with each format

AMERICAN OVERSIGHT

Printing of different ballot styles within a jurisdiction, for both primary and general elections, it was verified that the AES ballot on demand system is capable of generating ballots that contain identifying codes or marks that are uniquely associated with each format.

E. Ensuring that the voting response fields properly align with the specific candidate names or questions printed on the ballot

Printing single ballots and batches of ballots, of both primary and general elections, it was verified that the AES ballot on demand system generates voting response fields properly aligned with the specific candidate names and/or questions printed on the ballot.

F. Generating ballots that can be tabulated by all certified voting systems in the state

Using ballots supplied by the State of New Mexico, of both primary and general elections, it was verified that the AES ballot on demand system is able to produce ballots which are capable of being tabulated by the certified voting systems in the state.

G. Generating a ballot for an individual voter based on voter registration data provided by state or county

Using the voter registration data set provided by the State of New Mexico,
it was verified that the AES ballot on demand system is able to generate an individual voter's ballot, as needed.

H. Functionality in absentee, early and Election Day environments

Using primary and general election style ballots, as provided by the State of New Mexico, the functionality was verified that the AES ballot on demand system is functional in both absentee and early voting environments. Note that AES employs two applications one for Absentee voting and one for Early voting, within their Autovote system. Elections exercised included an absentee primary (in Autovote Absentee System), and an early voting general (in Autovote Voting Convenience Center).
This allowed the system to produce ballots, as well as detailed reporting for each election. Due to the manner in which the system was instantiated for an election, we were not able to configure either an absentee general or early voting primary election on the respective applications within the Autovote system.

I. Providing absentee ballot tracking ability

It was verified, that the AES ballot on demand system, provides adequate absentee ballot tracking capabilities.

J. Uniform allocation of space and fonts used for each office, candidate and question such that the

AMERICAN OVERSIGHT

voter perceives no active voting position to be preferred to any other

Using ballots supplied by the State of New Mexico, it was verified that the AES ballot on demand system is able to produce ballots, as created by voting systems certified by the State, with uniform allocation of space and fonts, such that no active voting position is perceived to be preferential to any other position.

K. rendering the ballot in any of the written languages required by the federal Voting Rights Act of 1965, as amended

Using ballots supplied by the State of New Mexico, it was verified that the AES ballot on demand system is able to render the ballot in any language, as prescribed by the State (English and Spanish).

L. Conformity with the optical scan vote tabulator vendor specifications for type of paper stock, weight, size and shape, size and location of voting positions used to record votes; folding; bleed through and ink for printing

Using ballots supplied by the State of New Mexico, it was verified that the AES ballot on demand system is able to utilize paper and ink type that conforms to voting systems, certified by the State, prescribed requirements, such that ballots are appropriately produced.

M. Interfacing with the statewide voter file for the exchange of data.

Using the voter registration data supplied by the State, the AES ballot on demand system was verified to be capable of interlacing with the statewide voter file, for the exchange of data.

1-9-21. Systems designed to print ballots at polling locations; Security requirements.

Systems designed to print ballots at polling locations shall provide the security capabilities for ballot preparation and shall be capable of:

A. providing a full audit trail of individual voter activity

It was verified that the AES ballot on demand system is capable of adequately providing full audit trails for individual voter activities.

B. providing full ballot production audit logs for all activity, including absentee voting by mail, in person absentee voting, early voting, provisional voting and spoiling ballots

It was verified that the AES ballot on demand system is capable of adequately providing full ballot production audit logs for required activities, as noted in the requirement.

C. creation and preservation of an audit trail of every ballot issued, including during a period of

AMERICAN OVERSIGHT

interrupted communication in the event of a loss of network connectivity

It was verified that the AES ballot on demand system is capable of creation and preservation of an audit trail of every ballot issued from its system during periods of interrupted communications due to the loss of network connectivity.

D. suitable security passwords at user, administrator and management levels

The AES ballot on demand system provides suitable password security policies such that the system is secure to each role level implemented, though there are only two roles provided, user and administrator. No management type role is provided.

E. preventing the modification of ballot formatting by polling place users

It was verified that the AES ballot on demand system provides suitable security, by implementation of appropriate password policy enforcement and role enforcement, that no polling place user is able to modify a ballots format.

F. retaining full functionality and capability of printing ballots during a period of interrupted communication in the event of a loss of network connectivity

It was verified that the AES ballot on demand system does retain full functionality and capability of printing ballots during periods of interrupted communications, such as the event of a loss of network connectivity, by removing network connectivity to the system.

1-9-22. Systems designed to print ballots at polling locations; Hardware, software and usability requirements.

Systems designed to print ballots at polling locations shall:

A. Provide hardware requirements that:

(1) Shall be networkable and scalable for multi-user environments

The AES ballot on demand hardware complies with this requirement.
The HP LaserJet 5200tn (Q7545A) printer has four possible network printer configurations:

1. Connect directly to the network (direct mode or peer-to-peer printing).
2. Connect directly to the network and a shared print queue is configured on a network file/print server (client-server printing).
3. Connect directly to a PC that acts as a print server, allowing the printer to be shared to PC clients on the network.
4. PC clients connect to a device that has already been set up on the network or connect to a print queue that is shared from either another PC client or file/print server. Complies with this requirement.

HP LaserJet 520otn (Q7545A) printer

- **Connectivity, standard:** 1 IEEE-1284 parallel; 1 USB; 1Fast Ethernet 10/100; 1 EIO
- **Connectivity, optional:** HP Jetdirect 175x Fast Ethernet Print Server (J6035G), HP Jetdirect en3700 Fast Ethernet Print Server (J7942G), HP Jetdirect 620n Fast Ethernet

AMERICAN OVERSIGHT

Print Server (J7934G), HP Jetdirect 625n Gigabit Ethernet Print Server (J7960G), HP Jetdirect 635n IPv6/IPsec Print Server (J7961G), HP Jetdirect ew2400 802.11g Wireless Print Server (J7951G)

(2) Function without degradation in capabilities after transit to and from the place of use

Transit specifications on the HP LaserJet 5200tn (O7545A) printer not provided or found.

(3) Function without degradation in capabilities after storage between elections

The AES ballot on demand hardware complies with this requirement. Printing and paper storage environment should be at or near room temperature, and not too dry or too humid.

HP LaserJet 5200tn (Q7545A) printer

- Printer cartridge black: 12,000 pages ~6 months in accordance with ISO/IEC 19752
    - Environmental Conditions
    - Temperature (printer and print cartridge):
        - Printing: 15°to 32.5°C (59° to 89°F)
        - Storage/standby: -20° to 40°C (-4° to 104°F)
    - Relative humidity:
        - Printing: 10% to 80%
        - Storage/standby: 10% to 90%
    - Storage: The paper storage environment should be properly maintained to ensure optimum printer performance. The required condition is 20°to 24°C (68°to 75°F), with a relative humidity of 45% to 55%.
    - Storage Temperature: 32 to 104 degrees F (0 to 40 degrees C)

(4) Function in the natural environment, including variations in temperature, humidity and atmospheric pressure

The AES ballot on demand hardware complies with this requirement.
HP LaserJet 5200tn (Q7545A) printer

- Operating Temperature:
    - 50 to 90 degrees F (10 to 32 degrees C)
- Storage Temperature:
    - 32 to 104 degrees F (0 to 40 degrees C)
- Relative Humidity Conditions:
    - 20 to 80 %, non-condensing

(5) Function in an induced environment, including proper and improper operation and handling of the system and its components during the election process

The AES ballot on demand hardware complies with this requirement
HP LaserJet 5200tn (Q7545A) printer

- Operating Temperature:
    - 50 to 90 degrees F (10 to 32 degrees C)
- Storage Temperature:
    - 32 to 104 degrees F (0 to 40 degrees C)

AMERICAN OVERSIGHT

- Relative Humidity Conditions:
  - 20 to 80 %, non-condensing

(6) Contain prominent instructions as to any special requirements

The AES ballot on demand hardware complies with this requirement LaserJet 52001n (O7545A) printer provides step-by-step instructions, troubleshooting the printer, etc.

(7) Have no restrictions on space allowed for installation, except that the arrangement of the system shall not impede the performance of duties by election workers, the orderly flow of voters through polling place or the ability of voters to vote in private

This requirement will be determined by the allowed space for installation per location and the physical dimensions of the HP LaserJet 5200tn (Q7545A) printer

- Dimensions:
  - Height 404 mm (15.9 in)
  - Depth 535 mm (21 in)
  - Width 490 mm (19.3 in)
  - Weight 30.2 kg (66.5 lb).

(8) Operate with the electrical supply ordinarily found in polling place, nominal one hundred twenty volts alternating current, sixty hertz, single phase

The AES ballot on demand hardware complies with this requirement.
HP LaserJet 5200tn (Q7545A) printer

- Power Specifications: (AC110-127V, 50/60Hz (+/- 2 Hz).
- Rated short-term current: 10.0 Amps

B. provide software requirements that shall:

(1) Be capable of exporting voter data and voter activity status data to state and county voter registration systems

It was verified that the AES ballot on demand system is capable of exporting voter data, as required, to state/county voter registration systems.

(2) Be capable of generating all required absentee and early voting signature rosters in a state-approved format

The AES ballot on demand system does create absentee and early voting signature rosters, though the rosters do not contain NMSA 1-12-7.3 "B, page numbers". The Absentee System application does contain the voter's gender, as per NMSA 1-12-7.3. "A(2) gender". The Voting Convenience Center does not contain NMSA 1-12-7.3. "A(2) gender".

(3) Generate daily and to-date activity reports based on user-defined criteria

AMERICAN OVERSIGHT

It was verified that the AES ballot on demand system implements adequate capability for generating both daily and to-date type reports, based on user defined criteria.

(4) Have both single transaction and batch transaction absentee production capability

It was verified that the AES ballot on demand system is capable of processing ballot requests in both single transaction and batch transaction modes.

C. Be capable of being operated by computer users familiar with a graphical user interface

It was verified that a computer user with basic familiarity with graphical user interfaces can operate the AES ballot on demand system.

7.0 Conclusion

The contents of this report of findings are being posted along with the test reports and non-proprietary application materials submitted by the voting system vendors to the SOS website for a 21-day public comment period beginning on the date of this report. All public comments should be submitted to leeann.lopez3@state.nm.us. The public comment will be reviewed by the SOS and provided to the VSCC for their consideration during their meeting conducted to recommend certification.

Any previously certified system that does not comply with the requirements of the Election Code and is not recertified by the Secretary of State shall be deemed decertified for use in the state.

Is Dominion Voting Systems Going to Own Newsmax?

Defamation time! (Allegedly!)

Two things:

(1) TNB last night was very good. I was in the chat dropping bombs and you can't recreate that magic. But you can watch the rewind here or listen to the podcast version here. You'll probably want to watch, because Tim looked like a damn movie star last night.

(2) I'm going to be AWOL for the next week. Big Life Change stuff so no newsletters or podcasts from me. And I won't be responding to emails. Catch you on the flip side from Dirty Jersey.

1. Collateral Damage

Lost in the January 6 Committee news yesterday was a ruling in a Delaware court that the Dominion Voting Systems defamation case against Newsmax could proceed.

Dominion is seeking $1.6 billion in damages and Newsmax's first line of defense was something like*How could we have possibly known that the stuff we said about Dominion was false!*

The judge wasn't buying it. You can read the whole decisionhere if you want. It is hot fire.

But it's also 64 pages long and I don't expect you to read the whole thing. So I did it for you.

Defamation cases are very hard to prove. But this Dominion suit looks strong.

The first leg of the stool is Dominion proving that Newsmax was peddling false claims. That's the easy part:

> Shortly after Fox called the election for President Biden, to stem the tide and try to recover lost viewers and former President Trump, Fox changed its narrative and began reporting that former President Trump lost because of massive election fraud. On November 8, Fox invited Ms. Powell on the *Sunday Morning Futures* show and began connecting Dominion with the narrative of election fraud. Ms. Powell declared that there was "a massive and coordinated effort to steal this election from We the People of the United States of America, to delegitimize and destroy votes for Donald Trump, to manufacture votes for Joe Biden," and that "the Dominion software" was to blame. According to Ms. Powell:

AMERICAN OVERSIGHT

> "That is where the fraud took place, where they were flipping votes in the computer system or adding votes that did not exist." . . .
>
> Newsmax promoted a false origin story that Dominion was created in Venezuela by Hugo Chavez for the purpose of rigging elections. This connection was based on the verifiably false claim that Dominion is owned by Smartmatic. Smartmatic is actually a Dominion's competitor and the two entities are not otherwise affiliated.
>
> On November 10, 2020, Ms. Robinson retweeted the false claim that Smartmatic was synonymous with fraud for most Venezuelans and that Smartmatic is a subsidiary of Dominion. Ms. Robinson's tweet claimed that "All crooked roads lead to Dominion Voting Systems." Newsmax and its on-air talent sold to the American public the story "that Dominion rigged the 2020 election and stole it from Trump just like it stole elections in Venezuela for Chavez."

The next step is proving that Newsmax knew (or should have known) that the claims it was making were false:

> [On November 12, 2000] a joint statement from federal, state, and local authorities was published by CISA confirming that there was "no evidence that any voting system deleted or lost votes, changed votes, or was in any way compromised." Newsmax knew about the announcement and "Newsmax's White House Correspondent, Emerald Robinson, had been responding to and reposting then-CISA Director Christopher Krebs' 'Rumor Control Update' posts debunking election fraud claims on Twitter since November 6." . . .
>
> Dominion began circulating an email titled "SETTING THE RECORD STRAIGHT: FACTS & RUMORS" with links to independent sources disproving claims made about Dominion.150 Dominion maintained a page on its public website with this information from November 11, 2020, onwards.
>
> On November 17, 2020, at 3:10 PM EST, Dominion sent its first "SETTING THE RECORD STRAIGHT" email to Newsmax's booking producer, Alicia Hesse. Ms. Hesse is involved with soliciting guests to speak on Newsmax TV, including Mr. Kelly's show. Newsmax believes that Ms. Hesse shared the contents of the emails she received from Dominion with the hosts and other producers for the shows she books. Dominion did not receive a reply from Newsmax to this email. . . .
>
> On November 17, after Dominion sent the first "SETTING THE RECORD STRAIGHT" email, Mr. Kelly hosted Ms. Powell on *Greg Kelly Reports*.156 Ms. Powell claimed to have "evidence" of "the guy who founded" Dominion admitting "he can change a million votes, no problem at all" and continued to falsely link Dominion with election rigging.157 Ms. Powell did not have any such evidence.

There is *a lot* more on this score.

The next leg of the stool is Dominion attempting to prove that the reason Newsmax continued to lie about them is malicious intent: Because they were using these lies to grow their business:

> Newsmax created a brand and campaign selling its audience on the idea that Dominion rigged the election and stole it from former President Trump. Newsmax began this campaign with a segment on the primetime show *Greg Kelly Reports* titled, "*Democracy or Dominion.*" On November 16, 2020, in its *'Democracy or Dominion*" segment, Newsmax and Mr. Kelly rebroadcast and endorsed an interview that aired on Fox featuring Ms. Powell claiming that Dominion's voting software was designed to shift millions of votes from former President Trump to President Biden. Mr. Kelly commented in the segment that "the truth is finally told" . . .
>
> On November 18, 2020, former President Trump called Mr. Ruddy. Mr. Ruddy reported that former President Trump "said that its just incredible, the ratings you're getting, and everyone's talking about it" and told Ruddy to "keep up the good work." Mr. Ruddy tweeted several times that day. First, Mr. Ruddy tweeted: "Fox News 'stabbed us in the back.' Is Newsmax out new alternative?" Later that day, Mr. Ruddy tweeted: "Another call today from @realDonaldTrump, he's wowed by Newsmax TV's ratings and big buzz. Says he's gaining in Michigan, more Coming! Keep watching

AMERICAN OVERSIGHT

> @newsmax: nws.mx/tv."
>
> Newsmax published on its website that it was telling "the stone-cold truth, and once you get a taste of it, you will never tolerate being lied to again."

I don't know how to read this except as Newsmax using its lies about Dominion as product differentiation and *literally advertising the lies as a selling point* in an attempt to court viewers away from a competitor.

And Newsmax kept willfully ignoring Dominion's attempts to stop the (alleged!) defamation:

> On December 18, 2020, Dominion sent a formal retraction demand letter to Newsmax. The letter demanded that Newsmax stop publishing false claims about Dominion. The letter reiterated the truth about Dominion which was also included in the multiple emails Dominion previously sent to Newsmax, and in the public domain from election officials and other news agencies. . . .
>
> Newsmax refused to retract. Instead, a few hours after Dominion sent the letter to Newsmax, Newsmax and Mr. Kelly invited Mr. Ramsland on air to promote Ramsland's Antrim County Report.

The next day, Newsmax got spooked. They aired a "clarification." But it was a heavily-lawyered statement worded to avoid any actual retraction:

> On December 19, 2020, Newsmax issued a "clarification" regarding its statements about Dominion rigging the election. The clarification was titled "Facts about Dominion, Smartmatic You Should Know." The clarification acknowledged that: "No evidence has been offered that Dominion or Smartmatic used software or reprogrammed software that manipulated votes in the 2020 election." The clarification was not a wholesale retraction and was couched in terms that avoided correcting previous statements made by Newsmax. For instance the clarification stated: "Dominion has stated its company has no ownership relationship with the House Speaker Nancy Pelosi's family, Sen. Dianne Feinstein's family, the Clinton family, Hugo Chavez, or the government of Venezuela."

After waiting a few months and hoping it would all blow over, Newsmax continued to try to have it both ways—giving just enough to Dominion that they thought they could limit their exposure, while not giving so much that their audience saw them as cucks:

> On April 30, 2021, Newsmax issued an apology statement to Dr. Eric Coomer, Dominion's then-Director of Product Strategy and Security. Newsmax admitted that its hosts and guests published unproven claims that "Dr. Coomer played a role in manipulating Dominion voting machines, Dominion voting software, and the final vote counts in the 2020 presidential election" even though Newsmax had "no evidence that such allegations were true." However, Newsmax stated only that Dr. Coomer was not involved in the "manipulation" of voting machines during the 2020 election, and did not absolve Dominion of responsibility for alleged election fraud. Newsmax continued to promote individuals who spread lies about Dominion including Mr. Lindell through July 2021.

How transparent were Newsmax's defenses? This transparent:

> Mr. Ruddy wrote a letter to Dominion Founder and CEO John Poulos on May 24, 2021. Mr. Ruddy claimed that Newsmax never received Dominion's December 18 retraction demand letter. However, Newsmax's lawyers admitted that "the email addresses used for Mr. Ruddy and Mr. Chandler" to send the letter "appear to be correct." Mr. Ruddy next claimed that neither he nor Newsmax generally knew that information it published about Dominion were lies and that they continue to be unaware "of any independent review and examination of the voting software." Mr. Ruddy also claimed that all Newsmax did was "report then President Trump's public claims, the claims made by his lawyers, and claims they made in legal documents in several states."

That's uh . . . that's the best they can do?*Didn't get that one email! Must have gone to spam! We never said anything about Dominion* ***ourselves!***

Secretary of State Files Lawsuit Against Otero County Commission for Illegal Actions to Disenfranchise 2022 Primary Election Voters and Harm Primary Candidates

SANTA FE – Secretary of State Maggie Toulouse Oliver today filed a writ of mandamus with the New Mexico

AMERICAN OVERSIGHT

Supreme Court seeking to compel the Otero County Commission to certify the 2022 Primary Election results after the commission illegally refused to certify the results, potentially disenfranchising every Otero County voter who legally and securely cast a ballot and harming candidates seeking to have their names on the General Election ballot. (The writ is attached to this release.)

"New Mexico's 2022 Primary Election was conducted with the highest standards of election administration by dedicated county clerks and civil servants across our state," said Secretary of State Maggie Toulouse Oliver, New Mexico's chief elections officer. "The post-election canvassing process is a key component of how we maintain our high levels of election integrity in New Mexico and the Otero County Commission is flaunting that process by appeasing unfounded conspiracy theories and potentially nullifying the votes of every Otero County voter who participated in the Primary."

The 2022 Primary Election took place on Tuesday, June 7, 2022 and county canvassing boards have ten days from the election to certify the results (NMSA 1-13-13). As of today, sixteen New Mexico counties have already certified the results of the Primary Election.

Under state law, county canvassing boards must certify the results of the election unless there is proof of discrepancies in the election returns (NMSA 1-13-5). The Otero County Commission's stated reason for not certifying the 2022 Primary Election results is that they do not trust the vote tabulators used in the election, though they offered no evidence to prove any problems with the vote tabulators or election returns.

New Mexico's vote tabulator systems undergo a bi-partisan certification process by the voting system certification committee following every presidential election and this process was most recently completed in 2021.

The Otero County Commission took their vote yesterday over the objection of their County Clerk, who provided the commission with findings about the Primary Election proving it was conducted legally and securely and election returns were accurate.

The Secretary of State's Office filed this writ today to ensure state law is being followed and to ensure that the voices of every legal voter in Otero County are heard. This most recent action by the Otero County Commission is part of a disturbing trend across the nation motivated by conspiracy theories about the 2020 election that have been debunked time and time again (most notably in the failure of over 60 lawsuits filed in the wake of 2020).

All county officials take an oath to uphold the constitution and laws of New Mexico. The Otero County Commission has now, in the last two weeks, taken two votes in willful violation of the New Mexico Election Code – their vote yesterday to not certify the 2022 Primary Election and a vote last week about discontinuing the use of secured, monitored ballot drop boxes and the state's voting machines, even though they were informed by the county attorney they had no legal authority to pursue those actions. Because of these violations of their oaths, the Secretary of State's Office is also preparing a criminal referral to the New Mexico Attorney General related to these willful violations of the Election Code by county officers and their willful failure or refusal to perform their duties under the Election Code.

AMERICAN OVERSIGHT

Misinformation about our voting and elections poses a dire threat to our system of government and way of life and, because of this, the Secretary of State's Office has launched a new misinformation fact check site called "Rumor vs. Reality" that the public can use to get the facts about how our elections are conducted and secured.

MAGGIE TOULOUSE OLIVER, in her official capacity as Secretary of State of the State of New Mexico,

THE OTERO COUNTY COMMISSION

Respondent.

EMERGENCY VERIFIED PETITION FOR WRIT OF MANDAMUS TO COMPEL CERTIFICATION OF ELECTION RESULTS

Submitted by:

Dylan K. Lange
General Counsel
Office of the Secretary of State

Attorney for Office of the New Mexico Secretary of State.

AMERICAN OVERSIGHT

NEW MEXICO SECRETARY OF STATE Maggie Toulouse Oliver (the "**Secretary**" or the "**SOS**"), pursuant to Rule 12-504 NMRA, through her General Counsel, respectfully petitions this Court to issue a Writ of Mandamus compelling certification of the election returns against Respondent, the Otero County Commission, acting as the ex officio county canvass board ("Canvassing Board" or "Respondent") who failed to certify the canvass results of the 2022 primary election without any basis in law. As set forth in the body of this Petition, the Canvassing Board met on June 13 and voted not to certify the election results.[1] At the meeting they identified no deficiency in the election results, but rather made unsubstantiated claims about the voting systems in use throughout the state. By the express language of the election code, "the county canvassing board *shall* meet to approve the report of the canvass of the returns and declare the results no sooner than six days and no later than ten days from the date of the election." NMSA 1978, Section 1-13-13(A). The Canvassing Board met on the sixth day and voted to not certify the election results and will not do so without a Writ of Mandamus compelling their action. Therefore, the Secretary requests this Court enter a Writ of Mandamus commanding Respondent to comply with its ministerial duty to certify the election results

and otherwise comply with the procedures set forth in the Election Code.[2] We further state that there is a statewide attempt to influence other County Canvassing Boards who are meeting to certify this week and we assume other Counties will be noncompliant with this provision which jeopardizes the general election ballot for all candidates.[3] Indeed, the Torrance County Canvassing Board tabled a vote on certification of the election results on June 13, 2022, over concerns not related to the election returns of the canvass.

INTRODUCTION

Elections are the "bedrock" of our democratic system. *See Lubin v. Parish*, 415 U.S. 709, 714, 94 S. Ct. 1315 (1974). In this dispute, the Respondent has violated its duties under state law to certify the election as mandated by the Legislature. The citizens of Otero County are entitled to have their votes certified and their representatives nominated for the 2022 general election without further delay. The mandatory provisions of certification have not been followed by the Canvassing

[2] **EXPEDITED RELIEF** is required in this case. Otero County has a statutory deadline of June 17 to meet and certify their election results. NMSA 1978, Section 1-13-13(A). The State Canvassing Board is scheduled to meet on June 28, 2022, to approve the report of the canvass and declare the results of the election for all statewide and multi-county candidate contests. They cannot do that without county certified election results. As such, the Secretary requests expedited briefing and relief in this time sensitive matter.

Board, as set forth in the Article 13 of the state Election Code. The relevant facts in this case are that:

1. On June 13, 2022, the Otero County Clerk presented her findings to the County Canvassing Board for the Board's Consideration and approval.
2. The Otero County Clerk recommended certification of the canvass results.[4]
3. After debate the Canvassing Board voted against certifying the election results.
4. The Canvassing Board did not explain their votes in detail, but the discussion before the vote centered around questions about the voting systems or vote tabulators used to canvass the election.
5. The Canvassing Board did not find conclusively any deficiency in the election returns.
6. No summons has been issued directed to any precinct board commanding them to appear and make necessary corrections or supply omissions in the election returns pursuant to NMSA 1978, Section 1-13-5.
7. As of the filing of this Petition, twelve County Canvassing Boards have certified the results of the canvass pursuant to Section 1-13-13.

PARTIES AND STANDING

The Secretary of State is a constitutional officer of the State of New Mexico who has pledged to "support the constitution of the United States and the constitution and laws of [New Mexico], and... faithfully and impartially discharge the duties of [her] office to the best of [her] ability." N.M. Const., Art. XX, § 1. The Secretary is defined by law as the "chief elections officers" who "shall obtain and maintain uniformity in the application, operation and interpretation of the Election Code." NMSA 1978, § 1-2-1. Further, she shall "generally supervise all elections... [and] advise county clerks [and] boards...as to the proper methods of performing their duties prescribed by the Election Code." *See* § 1-2-2 NMSA 1978. The Election Code also provides that "[n]o forms or *procedures* shall be used in any election held pursuant to the Election Code without prior approval of the secretary of state." (*emphasis added*) *Id*.

This action is being brought against Otero County in the name of the Board of County Commissioners of the County of Otero in accordance with NMSA 1978 § 4-46-1. Defendant Board of County Commissioners of Otero County is the governing body of Otero County, New Mexico, a subdivision of the State of New Mexico. Pursuant to NMSA 1978, Section 1-13-1(A), "the board of county commissioners is ex officio the county canvassing board in each county."

AMERICAN OVERSIGHT

The Canvassing Board has failed to comply with its mandatory, non-discretionary duty to certify the 2022 primary election results pursuant to NMSA 1978, Section 1-13-13(A). This jeopardizes all the countywide candidate's placement on the general election ballot and affects the certification of all statewide and multi-county candidates who the State Canvassing Board certify the nomination for. This is because county canvassing boards certify the nominations of county officers, magistrates, and to members of the legislature elected from districts wholly within one county pursuant to Section 1-13-13(C). After certification of these contests, county canvassing boards must send the certified results to the State Canvasing Board for their certification of the statewide and multi-county candidate contests. NMSA 1978, Section 1-13-15(A).

Given the foundational importance of elections in our electoral democracy, and that this case involves a first impression interpretation county certification of election results, the Secretary submits that this matter constitutes a "matter of great public importance." *New Energy Econ., Inc. v. Martinez*, 2011-NMSC-006, ¶ 11, 149 N.M. 207, 247 P.3d 286; *State ex rel. Sugg v. Oliver*, 2020-NMSC-002, ¶ 7-8, 456 P.3d 1065.

JURISDICTION AND VENUE

This Court has original jurisdiction over petitions for writ of mandamus against state officers, boards, or commissions, and the power to issue all other writs

AMERICAN OVERSIGHT

necessary or proper for the complete exercise of its jurisdiction and to hear and determine the same."[5] N.M. Const. art. VI, § 3. This Court has found that: "The right of qualified electors to vote is fundamental to the integrity of state government." *State ex rel. League of Women Voters v. Advisory Comm. to the N.M. Compilation Comm'n*, 2017-NMSC-025, ¶ 10, 401 P.3d 734. N.M. Const. art. VI, § 3 jurisdiction may be exercised even where the district courts have concurrent jurisdiction over the action. *State ex rel. Taylor v. Johnson*, 1998-NMSC-015, ¶ 15, 125 N.M. 343, 961 P.2d 768.

The Court's power to issue writs of mandamus encompasses orders prohibiting public officials from taking unlawful official actions. "Prohibitory mandamus may well have been a part of New Mexico jurisprudence even before statehood." *State ex rel. Clark v. Johnson*, 1995-NMSC-048, ¶ 19, 120 N.M. 562, 904 P.2d 11. "This Court on several occasions has recognized that mandamus is an appropriate means to prohibit unlawful or unconstitutional official action." *Id.*; *see also State ex rel. Edwards v. City of Clovis*, 1980-NMSC-039, ¶ 12, 94 N.M. 136,

[5] Even if the Respondents are not generally deemed a state officer, county clerks and county canvassing boards undeniably exercise the legal power of the state in administering statewide elections and the Respondent's delegated role by the legislature to ensure the constitutional right to vote is protected is a general, public action that may be enjoined by this Court. As the Court discussed in *State ex rel. Ward v. Romero*, 1912-NMSC-011, ¶ 23, 17 N.M. 88, 125 P. 617 (quoting *Burch v. Hardwicke*, 71 Va. 24, 32 (1878)) (finding when a public official's duties are public or general nature, they are considered state officers, whether the Legislature itself makes the appointment or delegates its authority).

AMERICAN OVERSIGHT

607 P.2d 1154 ("Once petitioner showed that there was a valid ordinance in existence and that it was being violated, the duty cast upon the City became ministerial and subject to enforcement by mandamus."). The judicial power to issue writs of mandamus extends to writs against mayors and county clerks. *See, e.g.*, NMSA 1978, Section 1-14-21 (If a county clerk fails to perform any act pertaining recounts, the applicant may apply to the supreme court of New Mexico for Writ of Mandamus to compel performance). Understanding the importance of election certification, the Election Code also allows for the New Mexico Courts to "issue a writ of mandamus to the county canvassing board to compel it to approve the report of the canvass and certify the election." NMSA 1978, Section 1-13-12.

Mandamus lies only to "compel [or prohibit] the performance of a ministerial act or duty that is clear and indisputable." *New Energy Econ., Inc.* 2011-NMSC-006 ¶ 10. "A ministerial act is an act which an officer performs [or is prohibited from performing] under a given state of facts, in a prescribed manner, in obedience to a mandate [or prohibition] of legal authority, without regard to the exercise of his own judgment upon the propriety of the act being done." *Id*.

In these proceedings, a Writ of Mandamus is a proper and a necessary exercise of the Court's jurisdiction. First, Respondent has already acted in nonconformance with a mandatory, ministerial act required in the election code. The Canvassing Board has not approved the report of the county canvass and voted not to certify the

AMERICAN OVERSIGHT

election results. Second, there is little basis for disagreement over the salient facts in this dispute. To wit, that the Canvassing Board has not identified any defective returns that would necessitate not certifying the elections in Otero County. Third, the disputed actions of the Canvassing Board are subject to a clear legal duty, without regard to the exercise of the Canvassing Board's judgement. Fourth, the Election Code's post-election provisions and procedures in Article 13 of the election code govern the certification of the elections, and they must be strictly followed. Finally, this failure to act affects the certification not only of the county and countywide candidate contests but also all statewide and multi-county contests which are statutorily required to be certified on June 28, 2022. § 1-13-15(C) and § 1-13-15(A). Without certification of the county, the Secretary cannot meet her statutory obligation to issue certificates of nomination for any winning candidate or move forward with the preparation of the ballot content for the upcoming General Election. § 1-13-15(C) and NMSA 1978, Section 1-13-16(B).

GROUNDS FOR ISSUING THE WRIT

I. The Plain Language of the Election Code Renders the Board's Action Unlawful.

New Mexico courts generally give the statutory language its "ordinary and plain meaning unless the Legislature indicates a different interpretation is necessary." *Cooper v. Chevron U.S.A., Inc.*, 2002-NMSC-020, ¶ 16, 132 N.M. 382.

AMERICAN OVERSIGHT

The election code is straight forward on how election returns are certified at the county level after an election. First, the county clerk must "prepare the report of the canvass of the election returns by carefully examining the returns of each precinct to ascertain if they contain the properly executed certificates required by the election Code and ascertain whether any discrepancy, omission or error appears on the face of the election returns." NMSA 1978, Section 1-13-4(A). Then, the county clerk "must also present the report of the canvass to the county canvassing board for consideration and approval." § 1-13-4(B).

Then the county canvassing board "shall meet to approve the report of the canvass of the returns and declare the results no sooner than six days and no later than ten days from the date of the election."[6] § 1-13-13(A). Further, the county canvassing board, "immediately upon approval of the report of the canvass of the returns of an election, shall issue a certificate of canvass of the results of the election." § 1-13-13(B). The county canvassing board then will "immediately after completion of the canvass, shall declare the results of the election and of all ballot questions affecting only precincts within the county." § 1-13-13(C).

The only discretionary power the county canvassing board has is to "summon a precinct board to appear before it to correct or supply omissions found" pursuant

[6] NMSA 1978, Section 1-1-3 states "As used in the Election Code… "shall" is mandatory and "mat" is permissive."

AMERICAN OVERSIGHT

to Section 1-13-5(A). This power is limited to a discrepancy within the election returns itself and in the precinct itself. *Id*. Although the Canvassing Board may issue a summons to correct a deficient return, the Canvasing Board must still proceed with the canvass of all correct election returns by at least ten days after the election. § 1-13-5(C), § 1-13-13.

On June 13, 2022, the Otero County Clerk presented the results of the canvass, found no discrepancies in the results, and recommended approval to certify the canvass report. The Canvassing Board did not vote to certify the election results; indeed, they took affirmative action *not* to certify the results. It is important to also remember that the Canvassing Board has issued no summons and has identified no omissions or discrepancies on the face of any election returns. As such, the plain language of the election code commands that the Canvassing Board proceed with the canvass of all correct returns and certify the election results by June 17, 2022.

II. The Existing Statutory Scheme Governing Canvassing an Election Must Hold and Prevail.

As certification was just denied, no written account has been made available of the Canvassing Board's decision, but upon belief and based on the Canvassing Board's comments at the meeting, Respondent has no issue with the election returns in Otero County in the 2022 Primary Election specifically. Rather, they have a general grievance with the voting machines or voting systems themselves and have

AMERICAN OVERSIGHT

directed the County to pursue alternative recount methods before they certify, potentially seeking a hand recount of all election returns. This alternative counting of ballots is not proper in time or in substance and the Canvassing Board not complementing its ministerial duty to certify the election returns is unlawful.

To begin with, our appellate courts recognize that "[d]eparture from the strict letter of a statute should … be undertaken with great caution. In particular, one must be careful not to underestimate the purposes served by strict compliance with the letter of the statute." 1996-NMCA-023, 121 N.M 414, ¶ 18. The admonition to be careful in deviating from the explicit requirements of the statute is especially important when dealing with the Election Code. The rules governing elections must be clear both so that the Secretary can fairly and objectively enforce them and so that candidates, parties, and voters understand how a candidate gets on the ballot.

The election code does not allow for a hand recount of election results at this stage of the election process and the Secretary has not approved such a process. What the election code does allow for is for Candidates to contest or pay for election recounts, and even has an automatic recount process in law. *See generally*, NMSA 1978, Sections 1-14-1 to 24. These are the procedures in place mandated by the Legislature to recount election returns. It goes beyond the legislative authority to perform a hand recount or a recount otherwise at this stage of the election process at

AMERICAN OVERSIGHT

the whim of a county canvassing board with no issue with the election returns specifically.

The New Mexico Constitution is unequivocal that it the "legislature shall have the power to require the registration of the qualified electors as a requisite for voting and shall regulate the manner, time and places of voting." N.M. Const. art. VII, § 1. Further the Constitution states that "[t]he legislature shall enact such laws as will secure the secrecy of the ballot and the purity of elections and guard against the abuse of elective franchise." *Id*. Therefore, the statutory framework of the election code makes clear that election administrators and county canvassing boards must follow the election code, and do not have the power to change its mandatory provisions. *Herrera*, 2009-NMSC-003, ¶ 12, 145 N.M. 563, 203 P.3d 94; *see, e.g.*, § 1-2-1(B) (stating that the Secretary's responsibilities as chief election officer include "obtain[ing] and maintain[ing] uniformity in the application, operation and interpretation of the Election Code" and "mak[ing] rules pursuant to the provisions of, and necessary to carry out the purposes of, the Election Code"); §§ 1-2-2(B)-(D) (stating that the Secretary's election-related duties include "supervis[ing] all elections by administering the Election Code," advising county clerks and election officials and workers "as to the proper methods of performing their duties prescribed by the Election Code," and "report[ing] possible violations of the Election Code" to prosecuting authorities).

AMERICAN OVERSIGHT

Any alternative relief the Respondent seeks to justify their unsubstantiated claims related to the certified voting machines should be dismissed as not relevant; and most importantly, is not a remedy available under the express provisions of the election code. Ordering such relief by the Canvassing Board or Supreme Court counters the legislative mandates and is an improper overreach of the Canvassing Board and the Court. This is because when legislation governs an area of law, the Courts equitable powers are "concurrent or supplemental to the legal remedy created by statute." *Sims v. Sims*, 1996-NMSC-078, ¶ 29, 122 N.M. 618, 624, 930 P.2d 153, 159. In those situations, Courts only fashion remedies that "fill[s] in the interstices" of the legislation "in accordance with those legal concepts, principles, or objectives which may apply to the situation and that are in harmony and legally compatible with" the legislation. *Gunaji*, 2001-NMSC-028, ¶ 21, 130 N.M. 734, 31 P.3d 1008 (internal quotation marks omitted) (quoting *State ex rel. Olson v. Bakken*, 329 N.W.2d 575, 580 (N.D. 1983)).

This Court's equitable powers do not extend so far as to allow it to disregard procedures set forth by statute or to rearrange the Election Code. *State v. Roy*, 1936-NMSC-048, ¶ 73, 40 N.M. 397, 60 P.2d 646 ("We are committed by our Constitution to the doctrine of separation of powers. It is fundamental that no one of the three branches of government can effectively delegate any of the powers which peculiarly

AMERICAN OVERSIGHT

and intrinsically belong to that branch. The power to make law is reserved exclusively to the Legislature.").

Our office believes that any issues raised regarding voting machines, alternative ways to canvass, and procedures for recounts are all specifically addressed in the election code and Respondent interjecting with its own procedures goes against legislative mandates when certifying election results pursuant to Section 1-13-13 and must be prohibited. The existing statutory scheme should hold and prevail and none of these issues potentially raised by the Canvassing Board are germane to the Canvassing Board's mandatory, ministerial duty to certify the election results.

STATEMENT OF RELIEF SOUGHT

As this Petition makes clear, the Canvassing Board has failed to undertake its statutory duty to approve the canvass report and certify the election. Respondent has not pointed to any discrepancies in the election results and have not issued any summons to that effect as mandated by statute.

Pursuant to her duty to "obtain and maintain uniformity in the application, operation and interpretation of the Election Code," § 1-2-1, the Secretary asks this Court to enforce the Legislature's plain language directives in certification of the election results. By so doing, the Court will also safeguard the county and state

AMERICAN OVERSIGHT

election results and set a precedence to all other County Canvasing Boards refusing to certify the election results due to political biases.

Accordingly, the Secretary asks that the Court issue a Writ of Mandamus to Respondent compelling the certification of the 2022 Primary Election in Otero County by July 17, 2022, their statutory deadline, as Respondent has a nondiscretionary duty to follow the election procedures set forth in the Election Code when certifying the election results, and not to deviate from those procedures.

Name: Alexandra Ulmer Telephone No: (415) 605-3672

Mailing Address: 50 California St, Suite 300

City: San Francisco State: CA Zip: 94105

Please check at least one of the following:

- ○ I want to inspect/review this information in your office.
- ◉ I would like copies of this information.

Public information sought (be specific as possible)

I am a reporter with Reuters. Under the New Mexico Inspection of Public Records Act, 14-2-1 NMSA 1978 et seq., I am requesting copies of all communications (including but not limited to: emails, text messages, transcripts of phone calls, recordings, memos etc) between Commissioner Couy Griffin and 1) David Clements and 2) Erin Clements between Feb. 1, 2022 and the present (June 13, 2022, or whenever this request is processed).

If there are any fees for searching or copying these records, please inform me if the cost exceeds $25.00. As a member of the news media, I would also like to request a waiver of all fees as the requested information is in the public interest.

I understand that I will be required to pay the fees imposed by the County of Otero pursuant to the Inspection of Public Records Act. The County of Otero has agreed to provide me with a schedule of its fees for copying public records, and upon request, will provide me with an estimate of the costs for copies of the records I am requesting. I understand this is only an estimate and that I will not receive copies of any public record until I have paid the applicable fees. I also understand some of the materials enclosed may be provided to me as a community service and that the County of Otero is not responsible for any error or liability contained therein, or any use or misuse of this information.

NOTICE OF RIGHT TO INSPECT PUBLIC RECORDS AND ASSOCIATED FEES

By law, under the Inspection of Public Records Act, every person has the right to inspect public records of Otero County, New Mexico. The Act also makes compliance with requests to inspect records an integral part of the routine duties of the officers and employees of Otero County, New Mexico.

Requests to inspect public records should be submitted to the records custodian, located at:

1101 New York Avenue
Alamogordo, NM 88310-6935
Telephone: (575) 437-7427
Fax: (575) 443-2904

A person desiring to inspect public records must submit a request form, available from the Otero County Administration Office, or from our website at http://co.otero.nm.us to the records custodian. All procedures and penalties prescribed by the Act apply to the request. The request must contain the name, address, and telephone number of the person making the request. The request must describe the records sought in sufficient detail to enable the records custodian to identify and locate the requested records.

The records custodian must permit inspection immediately or as soon as practicable, but no later than fifteen (15) calendar days after the records custodian received the inspection request. If inspection is not permitted within three (3) business days, the person making the request will receive a written response explaining when the records will be available for the inspection or when the public body will respond to the request. If any of the records sought are not available for public inspection, the person making the request is entitled to a written response from the records custodian explaining the reasons inspection has been denied. The written denial shall be delivered or mailed within fifteen (15) calendar days after the records custodian received the request for inspection.

If a person requesting inspection would like a copy of a public record, a reasonable fee may be charged. The fee for documents eleven inches by seventeen inches or smaller is $0.25 cents per page. The fee for larger documents is $0.75 cents per page. For records other than documents, the reasonable fee is $4.00 dollars each. The records custodian may request that applicable fees for copying public records be paid in advance, before the copies are made. A receipt indicating that the fees have been paid for making copies of public records will be provided upon request to the person requesting the copies.

Thank you for standing and holding strong for the integrity of our elections and for holding our vote sacred.

New Mexico Secretary of State embraces Soviet style justice tactics. Threats of criminal prosecution, incarceration and removal from duly elected office are now being used in New Mexico to silence those that question the way elections are being conducted in New Mexico.

Never mind that Dominion tabulators have not been certified in accordance with NM state law. Never mind that Zuckerburg drop boxes have not been authorized by NM legislation. Never mind that Vote Cast records have been destroyed or are mysteriously not available. Never mind that voter registration and records show deceased people voting in our elections.

There is clear and convincing evidence of massive fraud occurring in New Mexico elections. The SOS is demanding the the Otero County Commissioners put their seal of approval and proclaim to the people of Otero County that the results of our elections are trustworthy and accurate, or be removed from office and thrown in prison!

This is what Tyrants do!

Call and write Otero county commissioners and tell them thanks for standing and holding strong for the integrity of our elections and for holding our vote sacred.

Re: Potential Criminal and Civil Violations of the Election Code and Governmental Conduct Act by the Otero County Commission

Honorable Hector Balderas:

The SOS is referring a criminal matter for investigation related to multiple unlawful actions by the Otero County Commission in June of 2022, that directly implicate criminal violations of the Election Code and the Governmental Conduct Act. The specific criminal and civil violations are found in NMSA 1978, Section 1-20-23 and NMSA 1978, Section 10-16-3. The specific actions stem from the Otero County Commission meetings held on June 9, 2022, and June 13, 2022. Specifically, the Commission continually refuses to comply with their mandatory duty under the Election Code in certifying the election returns and otherwise comply with the election code. Specifically, the Otero County Commission voted to hand count the election returns, to remove the secure containers mandated by the legislature to be in use for voters to return mailed ballots, and to discontinued use of the state certified voting systems or tabulators. All these actions are not permitted or are unlawful pursuant to the explicit terms of the election code. Additionally, on June 13, the Otero County Commission unlawfully voted to not certify the election results. Certification is necessary to issue certificates of nomination and declare the official results of the 2022 Primary Election. Therefore, all these violations of laws implicate the criminal and civil penalties in the Election Code and the Governmental Conduct Act.

June 9, 2022, Commission Meeting Action

The Otero County Commission met on June 9, 2022. Relevant to this referral, they met to discuss several election related issues. They are noted as point 22, 23, 24 of the agenda attached as **Exhibit 1**. There are no meeting minutes from this meeting yet but there is a YouTube video of the meeting.

[1] At the 7:07:08 mark of the link the Otero County attorney advises the Otero County Commission that: 1) the hand count of the election returns is not provided in the election code; that 2) the county would be responsible for paying for any recount, that 3) the use of secured containers are mandatory; and that 4) the County has to use the voting systems for the elections. The County Commission still voted to 1) approve a hand counting all ballots; 2) remove all election ballot drop boxes [secured containers] from the public square; and 3) discontinue the use of Dominion Voting Machines before the 2022 General Election. All these votes seem to be in violation of the legal advice given by their attorney and our position they violated the election code.

Specifically, election recounts are not available under Article 13 before certification of election results pursuant to NMSA 1978, Section 1-13-13. They are allowed under Article 14 after certification. The statutory framework of the election code makes clear that election administrators and county canvassing boards must follow the election code, and do not have the power to change its mandatory provisions. *State of N.M. ex rel. League of Woman Voters v. Herrera*, 2009-NMSC-003, ¶ 12, 145 N.M. 563, 203 P.3d 94.

In addition, the use of secured containers is mandatory and not discretionary upon the County pursuant to NMSA 1978, Section 1-6-9, as articulated in the AG Opinion issued on this matter on June 2, 2022. Attached as **Exhibit 2.** As such, removing them would be unlawful.

In addition, only voting systems approved by the state may be used pursuant to any election in the election code. *See* Voting Machines Act 1-9-1 to -22. Discontinuing their use or using their own voting systems that are not approved and certified by the State is not allowable under the election code.

AMERICAN OVERSIGHT

Therefore, the actions taken by the Commission on June 9 violated the express language of the election code. We believe they were told that such action violated the express language of the election code, but they still voted to approve those measures. NMSA 1978 Section 1-20-23 states:

> Violation of the Election Code [Chapter 1 NMSA 1978] by officers consists of the willful [willful] violation of the Election Code by any state or county officer or by any deputy or assistant thereto, or the willful [willful] failure or refusal of any such person to perform any act or duty required of him by the Election Code.
>
> Any officer, deputy or assistant who commits such willful [willful] violation of the Election Code is guilty of a fourth degree felony and, in addition, violation is sufficient cause for removal from office in a proceeding instituted for that purpose as provided by law.

We request an investigation into whether these matters are a violation of 1-20-23 and Section 10-16-3 of the General Conduct Act or any other violation of law.

June 13, 2022, Commission Meeting Action

The Otero County Commission presumably in their position as County Canvassing Board met on June 13, 2022. Relevant to this referral they met to discuss certification of the election results. The agenda is attached at **Exhibit 3**. There are no meeting minutes from this meeting but there is a YouTube video of the meeting.[2] Importantly, the commission voted to not certify the election in contravention of the Otero County Clerk's recommendation to approve, as she identified no deficiencies in the election returns. The SOS believes that this action was unlawful and filed a Writ of Mandamus in the Supreme Court to command this action. *See* S-1-SC-39426. On June 15, 2022, the Supreme Court granted the Writ Compelling Certification. Attached as **Exhibit 4.** The basis for voting to not certify the election was because they "harbor doubt regarding the accuracy of the state mandated election tabulators and believe that a hand recount is necessary to ensure an accurate vote tally." Although they were counseled on the proper way to certify the election, they still took the vote against certification based on these beliefs, and not a discrepancy in the election returns themselves.

We request an investigation into whether this vote, not based in law is a violation of 1-20-23 and Section 10-16-3 of the General Conduct Act or any other violation of law.

Conclusion

Our office believes that the specific votes of the Otero County Commission identified above implicate civil and criminal violations of law. As such, we respectfully request a prompt investigation into whether such violations occurred. Although we try to outline some of the issues identified by our office, this in no way should limit your office's review of any further violation of law implicated by these actions. If you need anything further from our office, please do not hesitate to contact us.

Re: Secured Containers for Mailed Ballots

Dear Secretary Toulouse Oliver:

You have requested an opinion regarding a county's obligation to provide secured containers for mailed ballots under Section 1-6-9 of the Absent Voter Act, NMSA 1978, ch. 1, art. 6 (1969, as amended through 2019). In particular, you ask:

1. Does Section 1-6-9(E) require all counties to make available secured containers for voters to return their mailed ballots?

2. Is the rule adopted by the Secretary of State ("SOS") requiring each county to make available "a minimum of two secured containers" permissible?

As discussed below, based on our examination of the applicable constitutional, statutory and case law authority, as well as the information provided in the request, we conclude that: (1) Section 1-6-9(E) obligates all counties to make secured containers available to receive mailed ballots, and (2) the SOS's rule requiring each county to maintain a minimum of two secured containers appears to be reasonable and within her statutory authority.

1. County Clerks' Responsibility for Providing Secured Containers

The Absent Voter Act was amended, along with the Election Code and other statutes related to elections, during the 2019 legislative session. *See* 2019 N.M. Laws, ch. 212. As a result of the amendments, any person who votes in an election covered by the Election Code may vote absentee, i.e., "fill out and return a ballot at a place and time other than a polling location on the day of the election." NMSA 1978, §§ 1-6-1.1(A); 1-6-3.

Section 1-6-9(A) of the Absent Voter Act provides that, after a voter has followed the specified procedures for voting with a mailed ballot, the voter is required to "return the official mailing envelope containing the voted ballot to the county clerk of the voter's county of residence." Prior to the 2019 amendments, a voter was required to "mail or deliver" the official mailing envelope to the appropriate county clerk. *See* NMSA 1978, § 1-6-9 (2015). The current provisions give voters additional options for returning their mailed ballots. Specifically:

> B. The official mailing envelope may be returned by mail ….
>
> C. The official mailing envelope may be returned using a commercial delivery service ….
>
> D. The official mailing envelope may be returned in person to the office of the county clerk or to an alternate voting location, mobile alternate voting location or election day voting location.
>
> E. The official mailing envelope may be returned by depositing the official mailing envelope in a secured container made available by the county clerk to receive voted mailed ballots for that election; provided that:
>
> (1) the location of the containers and the days and times the containers will be available to receive ballots are posted by the county clerk at least ninety days before a statewide election or forty-two days before a special election;
>
> (2) the location of a secured container is considered a polling place for purposes of electioneering too close to the polling place …;
>
> (3) all secured containers shall be monitored by video surveillance cameras and the video recorded by that system shall be retained by the county clerk as a record related to voting …;
>
> (4) signage at the location of a secured container shall inform voters and those dropping off ballots at the location:
>
> (a) that it is a violation of law for any person who is not an immediate family member to collect and deliver a ballot for another person;
>
> (b) that electioneering is prohibited within one hundred feet of the secured container; and
>
> (c) of the dates and approximate time the ballots will be collected; and
>
> (5) at least once a day, the county clerk or a full-time deputy county clerk shall collect the ballots from the secured containers, register the date and time stamp on each official mailing envelope and identify the location of the secured container in the ballot register.

When interpreting a statute, a court first looks to its plain language to determine the intent of the legislature. *State v. Adams*, 2022-NMSC-008, ¶ 10, 503 P.3d 1130. Unless an ambiguity exists, the court "must adhere to the plain meaning of the language." *State v. Maestas*, 2007-NMSC-001, ¶ 14, 149 P.3d 933. "A statute is ambiguous when it can be understood by reasonably well-informed persons in two or more different senses." *State v. Elmquist*, 1992-NMCA-119, ¶ 5, 844 P.2d 131. Courts do not rely on the literal meaning of a statute "when such an application would be absurd, unreasonable, or otherwise inappropriate. *State v. Rivera*, 2004-NMSC-001, ¶ 13, 82 P.3d 939. When language used in a statutory provision is doubtful or ambiguous, courts "read the provision[] … 'in the context of the statute as a whole,' including its purposes and consequences." *Grisham v. Romero*, 2021-NMSC-009, ¶ 23, 483 P.3d 545 (citation omitted).

Looking at Section 1-6-9 as a whole, the evident purpose of Subsections (B) through (E) is to provide all voters who use a mailed ballot several alternative means for returning the ballot to county clerk. That purpose is supported by the words, "The official mailing envelope *may* be returned" at the beginning of each subsection (emphasis added). The only reasonable interpretation of those words in this context is that the legislature intended to provide voters with a choice of four methods for returning their mailed ballots. *See* NMSA 1978, § 12-2A-4(B) (the term "may" in a statute "confers a power, authority, privilege or right").

Subsection (E) gives a voter the option of returning the mailed ballot by depositing it in "a secured container made available by the county clerk." This option necessarily requires a county clerk to provide a secured container. An interpretation leaving the provision of a secured container to the discretion of the county clerk would eliminate the option for returning mailed ballots in Subsection (E) for some voters, contrary to the legislature's intent.

Our conclusion that counties are required to make secured containers available is not affected by Subsection (E)'s use of the term "provided that" before the list of requirements for secured containers. While the term "provided that" can be used in drafting legislation or contracts to denote a condition, *see, e.g., Jacobsen v. Katzer*, 535 F.3d 1373, 1381 (Fed. Cir. 2008), it can also supply "an exception or addition." Black's Law Dictionary 1481 (11th ed. 2019) (definition of "proviso"). *See also* Bryan A. Garner, *Ax these terms from your legal writing*, American Bar Journal (Apr. 2014) (available online at abajournal.com) ("[e]xperts in legal drafting have long agreed that [the phrase "provided that"] is the bane of legal drafting" because, among other things, "its meaning is unclear – it can mean if, except or also …"); Joseph Kimble, *Down with Provided That*, 83 Michigan Bar Journal 40 (July 2004) (citing publications on legal drafting that discuss the use of "provided that").

The five paragraphs following the term "provided that" in Subsection (E) describe a county clerk's responsibilities related to the secured containers, such as posting their locations, retaining video recorded by video surveillance systems, and collecting ballots from the secured containers (¶¶ 1, 3, 5); impose requirements for signs at the locations of secured containers (¶ 4); and define a secured container as a polling place for purposes of the Election Code's restrictions on electioneering (¶ 2). The five paragraphs describe the legal requirements applicable to secured

AMERICAN OVERSIGHT

containers. They cannot readily be interpreted as conditions to a county's obligation to provide secured containers under Section 1-6-9(E). Not only would that interpretation be strained, it would be contrary to the legislature's intent, as discussed above. In our view, the only reasonable interpretation is that, rather than denoting a condition, the phrase "provided that" in Subsection (E) is intended to mean "also" or an additional provision that sets out the legal requirements related to the secured containers.

2. SOS Rule Requiring a Minimum of Two Secured Containers

The Election Code obligates the SOS to "make rules pursuant to the provisions of, and necessary to carry out the purposes of, the Election Code …." NMSA 1978, § 1-2-1(B)(2) (2017). Under this authority, the SOS adopted a rule intended to "provide clear guidance and uniform standards in the application, operation, and interpretation of the law related to secured containers and mailed ballot delivery …." 1.10.19.6 NMAC. In pertinent part, the rule provides:

> To meet the requirement of Subsection E of Section 1-6-9 NMSA 1978, which provides that all voters have the option to use a secured container to return official mailing envelopes, county clerks shall provide one ballot box per 25,000 registered voters in the county with a minimum of two secured containers required per county. County clerks may request a waiver from the secretary of state to the minimum requirement set by the formula with consideration given for special geographic or security constraints.

1.10.19.8(A) NMAC. The terms "ballot box" and "secured container" appear to be used interchangeably in the provision.

In "our modern, regulatory state," it is common for the legislature to delegate the implementation of a law to an administrative agency or officer, such as the SOS. *Unite NM v. Oliver,* 2019-NMSC-009, ¶ 8, 438 P.3d 343. An agency's rules "are presumed valid and will be upheld if reasonably consistent with the statutes that they implement." *Wilcox v. New Mexico Bd. of Acupuncture & Oriental Medicine*, 2012-NMCA-106, ¶ 7, 288 P.3d 902. Actions by the SOS to implement the Election Code are closely analyzed by the courts to ensure that "the right of New Mexico citizens to vote for the candidate of their choice" is protected. *Morper v. Oliver*, 2020-NMSC-012, ¶ 11, 470 P.3d 245 (citation omitted) (holding that the SOS's power to approve the forms and procedures for elections under Section 1-2-1(C) did not authorize her to invalidate nominating petitions that met the Election Code's requirements).

For several reasons, we believe Rule 1.10.19.8(A) is a reasonable exercise of the SOS's authority under Section 1-2-1(B)(2) to make rules necessary to implement the Election Code. First, Section 1-6-9(E) of the Absent Voting Act contemplates that a county clerk may be responsible for making multiple "secured containers" available, *see* NMSA 1978, § 1-6-9(E)(1), (3), (5), but does not provide guidance for determining the appropriate number of containers for a particular county. The rule's requirements for a minimum of two secured containers per county is intended to give voters in each county adequate access to a secured container for returning their mailed ballots, consistent with the letter and intent of Subsection (E). Second, the rule is not absolute. It allows a county clerk to request a waiver from the minimum requirement for secured containers. Finally,

AMERICAN OVERSIGHT

the rule "carr[ies] out" the purposes of Section 1-6-9 to facilitate the use of mailed ballots and, in turn, the exercise by New Mexico citizens of their right "to vote for the candidate of their choice."

Re: Potential Criminal and Civil Violations of the Election Code and Governmental Conduct Act by the Otero County Commission

Honorable Hector Balderas:

The SOS is referring a criminal matter for investigation related to multiple unlawful actions by the Otero County Commission in June of 2022, that directly implicate criminal violations of the Election Code and the Governmental Conduct Act. The specific criminal and civil violations are found in NMSA 1978, Section 1-20-23 and NMSA 1978, Section 10-16-3. The specific actions stem from the Otero County Commission meetings held on June 9, 2022, and June 13, 2022. Specifically, the Commission continually refuses to comply with their mandatory duty under the Election Code in certifying the election returns and otherwise comply with the election code. Specifically, the Otero County Commission voted to hand count the election returns, to remove the secure containers mandated by the legislature to be in use for voters to return mailed ballots, and to discontinued use of the state certified voting systems or tabulators. All these actions are not permitted or are unlawful pursuant to the explicit terms of the election code. Additionally, on June 13, the Otero County Commission unlawfully voted to not certify the election results. Certification is necessary to issue certificates of nomination and declare the official results of the 2022 Primary Election. Therefore, all these violations of laws implicate the criminal and civil penalties in the Election Code and the Governmental Conduct Act.

June 9, 2022, Commission Meeting Action

The Otero County Commission met on June 9, 2022. Relevant to this referral, they met to discuss several election related issues. They are noted as point 22, 23, 24 of the agenda attached as **Exhibit 1**. There are no meeting minutes from this meeting yet but there is a YouTube video of the meeting.

[1] At the 7:07:08 mark of the link the Otero County attorney advises the Otero County Commission that: 1) the hand count of the election returns is not provided in the election code; that 2) the county would be responsible for paying for any recount, that 3) the use of secured containers are mandatory; and that 4) the County has to use the voting systems for the elections. The County Commission still voted to 1) approve a hand counting all ballots; 2) remove all election ballot drop boxes [secured containers] from the public square; and 3) discontinue the use of Dominion Voting Machines before the 2022 General Election. All these votes seem to be in violation of the legal advice given by their attorney and our position they violated the election code.

Specifically, election recounts are not available under Article 13 before certification of election results pursuant to NMSA 1978, Section 1-13-13. They are allowed under Article 14 after certification. The statutory framework of the election code makes clear that election administrators and county canvassing boards must follow the election code, and do not have the power to change its mandatory provisions. *State of N.M. ex rel. League of Woman Voters v. Herrera*, 2009-NMSC-003, ¶ 12, 145 N.M. 563, 203 P.3d 94.

In addition, the use of secured containers is mandatory and not discretionary upon the County pursuant to NMSA 1978, Section 1-6-9, as articulated in the AG Opinion issued on this matter on June 2, 2022. Attached as **Exhibit 2.** As such, removing them would be unlawful.

In addition, only voting systems approved by the state may be used pursuant to any election in the election code. *See* Voting Machines Act 1-9-1 to -22. Discontinuing their use or using their own voting systems that are not approved and certified by the State is not allowable under the election code.

AMERICAN OVERSIGHT

Therefore, the actions taken by the Commission on June 9 violated the express language of the election code. We believe they were told that such action violated the express language of the election code, but they still voted to approve those measures. NMSA 1978 Section 1-20-23 states:

> Violation of the Election Code [Chapter 1 NMSA 1978] by officers consists of the willful [willful] violation of the Election Code by any state or county officer or by any deputy or assistant thereto, or the willful [willful] failure or refusal of any such person to perform any act or duty required of him by the Election Code.
>
> Any officer, deputy or assistant who commits such willful [willful] violation of the Election Code is guilty of a fourth degree felony and, in addition, violation is sufficient cause for removal from office in a proceeding instituted for that purpose as provided by law.

We request an investigation into whether these matters are a violation of 1-20-23 and Section 10-16-3 of the General Conduct Act or any other violation of law.

June 13, 2022, Commission Meeting Action

The Otero County Commission presumably in their position as County Canvassing Board met on June 13, 2022. Relevant to this referral they met to discuss certification of the election results. The agenda is attached at **Exhibit 3**. There are no meeting minutes from this meeting but there is a YouTube video of the meeting.[2] Importantly, the commission voted to not certify the election in contravention of the Otero County Clerk's recommendation to approve, as she identified no deficiencies in the election returns. The SOS believes that this action was unlawful and filed a Writ of Mandamus in the Supreme Court to command this action. *See* S-1-SC-39426. On June 15, 2022, the Supreme Court granted the Writ Compelling Certification. Attached as **Exhibit 4.** The basis for voting to not certify the election was because they "harbor doubt regarding the accuracy of the state mandated election tabulators and believe that a hand recount is necessary to ensure an accurate vote tally." Although they were counseled on the proper way to certify the election, they still took the vote against certification based on these beliefs, and not a discrepancy in the election returns themselves.

We request an investigation into whether this vote, not based in law is a violation of 1-20-23 and Section 10-16-3 of the General Conduct Act or any other violation of law.

Conclusion

Our office believes that the specific votes of the Otero County Commission identified above implicate civil and criminal violations of law. As such, we respectfully request a prompt investigation into whether such violations occurred. Although we try to outline some of the issues identified by our office, this in no way should limit your office's review of any further violation of law implicated by these actions. If you need anything further from our office, please do not hesitate to contact us.

Re: Secured Containers for Mailed Ballots

Dear Secretary Toulouse Oliver:

You have requested an opinion regarding a county's obligation to provide secured containers for mailed ballots under Section 1-6-9 of the Absent Voter Act, NMSA 1978, ch. 1, art. 6 (1969, as amended through 2019). In particular, you ask:

1. Does Section 1-6-9(E) require all counties to make available secured containers for voters to return their mailed ballots?

2. Is the rule adopted by the Secretary of State ("SOS") requiring each county to make available "a minimum of two secured containers" permissible?

As discussed below, based on our examination of the applicable constitutional, statutory and case law authority, as well as the information provided in the request, we conclude that: (1) Section 1-6-9(E) obligates all counties to make secured containers available to receive mailed ballots, and (2) the SOS's rule requiring each county to maintain a minimum of two secured containers appears to be reasonable and within her statutory authority.

1. County Clerks' Responsibility for Providing Secured Containers

The Absent Voter Act was amended, along with the Election Code and other statutes related to elections, during the 2019 legislative session. *See* 2019 N.M. Laws, ch. 212. As a result of the amendments, any person who votes in an election covered by the Election Code may vote absentee, i.e., "fill out and return a ballot at a place and time other than a polling location on the day of the election." Section 1-6-9(A) of the Absent Voter Act provides that, after a voter has followed the specified procedures for voting with a mailed ballot, the voter is required to "return the official mailing envelope containing the voted ballot to the county clerk of the voter's county of residence." Prior to the 2019 amendments, a voter was required to "mail or deliver" the official mailing envelope to the appropriate county clerk. *See* NMSA 1978, § 1-6-9 (2015). The current provisions give voters additional options for returning their mailed ballots. Specifically:

> B. The official mailing envelope may be returned by mail ….
>
> C. The official mailing envelope may be returned using a commercial delivery service ….
>
> D. The official mailing envelope may be returned in person to the office of the county clerk or to an alternate voting location, mobile alternate voting location or election day voting location.
>
> E. The official mailing envelope may be returned by depositing the official mailing envelope in a secured container made available by the county clerk to receive voted mailed ballots for that election; provided that:
>
> (1) the location of the containers and the days and times the containers will be available to receive ballots are posted by the county clerk at least ninety days before a statewide election or forty-two days before a special election;
>
> (2) the location of a secured container is considered a polling place for purposes of electioneering too close to the polling place …;
>
> (3) all secured containers shall be monitored by video surveillance cameras and the video recorded by that system shall be retained by the county clerk as a record related to voting …;
>
> (4) signage at the location of a secured container shall inform voters and those dropping off ballots at the location:
>
> (a) that it is a violation of law for any person who is not an immediate family member to collect and deliver a ballot for another person;
>
> (b) that electioneering is prohibited within one hundred feet of the secured container; and
>
> (c) of the dates and approximate time the ballots will be collected; and
>
> (5) at least once a day, the county clerk or a full-time deputy county clerk shall collect the ballots from the secured containers, register the date and time stamp on each official mailing envelope and identify the location of the secured container in the ballot register.

AMERICAN OVERSIGHT

NMSA 1978, § 1-6-9 (2019).

When interpreting a statute, a court first looks to its plain language to determine the intent of the legislature. *State v. Adams*, 2022-NMSC-008, ¶ 10, 503 P.3d 1130. Unless an ambiguity exists, the court "must adhere to the plain meaning of the language." *State v. Maestas*, 2007-NMSC-001, ¶ 14, 149 P.3d 933. "A statute is ambiguous when it can be understood by reasonably well-informed persons in two or more different senses." *State v. Elmquist*, 1992-NMCA-119, ¶ 5, 844 P.2d 131. Courts do not rely on the literal meaning of a statute "when such an application would be absurd, unreasonable, or otherwise inappropriate. *State v. Rivera*, 2004-NMSC-001, ¶ 13, 82 P.3d 939. When language used in a statutory provision is doubtful or ambiguous, courts "read the provision[] … 'in the context of the statute as a whole,' including its purposes and consequences." *Grisham v. Romero*, 2021-NMSC-009, ¶ 23, 483 P.3d 545 (citation omitted).

Looking at Section 1-6-9 as a whole, the evident purpose of Subsections (B) through (E) is to provide all voters who use a mailed ballot several alternative means for returning the ballot to county clerk. That purpose is supported by the words, "The official mailing envelope *may* be returned" at the beginning of each subsection (emphasis added). The only reasonable interpretation of those words in this context is that the legislature intended to provide voters with a choice of four methods for returning their mailed ballots. *See* NMSA 1978, § 12-2A-4(B) (the term "may" in a statute "confers a power, authority, privilege or right").

Subsection (E) gives a voter the option of returning the mailed ballot by depositing it in "a secured container made available by the county clerk." This option necessarily requires a county clerk to provide a secured container. An interpretation leaving the provision of a secured container to the discretion of the county clerk would eliminate the option for returning mailed ballots in Subsection (E) for some voters, contrary to the legislature's intent.

Our conclusion that counties are required to make secured containers available is not affected by Subsection (E)'s use of the term "provided that" before the list of requirements for secured containers. While the term "provided that" can be used in drafting legislation or contracts to denote a condition, *see, e.g., Jacobsen v. Katzer*, 535 F.3d 1373, 1381 (Fed. Cir. 2008), it can also supply "an exception or addition." Black's Law Dictionary 1481 (11th ed. 2019) (definition of "proviso"). *See also* Bryan A. Garner, *Ax these terms from your legal writing*, American Bar Journal (Apr. 2014) (available online at abajournal.com) ("[e]xperts in legal drafting have long agreed that [the phrase "provided that"] is the bane of legal drafting" because, among other things, "its meaning is unclear – it can mean if, except or also …"); Joseph Kimble, *Down with Provided That*, 83 Michigan Bar Journal 40 (July 2004) (citing publications on legal drafting that discuss the use of "provided that").

The five paragraphs following the term "provided that" in Subsection (E) describe a county clerk's responsibilities related to the secured containers, such as posting their locations, retaining video recorded by video surveillance systems, and collecting ballots from the secured containers (¶¶ 1, 3, 5); impose requirements for signs at the locations of secured containers (¶ 4); and define a secured container as a polling place for purposes of the Election Code's restrictions on electioneering (¶ 2). The five paragraphs describe the legal requirements applicable to secured

AMERICAN OVERSIGHT

containers. They cannot readily be interpreted as conditions to a county's obligation to provide secured containers under Section 1-6-9(E). Not only would that interpretation be strained, it would be contrary to the legislature's intent, as discussed above. In our view, the only reasonable interpretation is that, rather than denoting a condition, the phrase "provided that" in Subsection (E) is intended to mean "also" or an additional provision that sets out the legal requirements related to the secured containers.

2. SOS Rule Requiring a Minimum of Two Secured Containers

The Election Code obligates the SOS to "make rules pursuant to the provisions of, and necessary to carry out the purposes of, the Election Code …." NMSA 1978, § 1-2-1(B)(2) (2017). Under this authority, the SOS adopted a rule intended to "provide clear guidance and uniform standards in the application, operation, and interpretation of the law related to secured containers and mailed ballot delivery …." 1.10.19.6 NMAC. In pertinent part, the rule provides:

> To meet the requirement of Subsection E of Section 1-6-9 NMSA 1978, which provides that all voters have the option to use a secured container to return official mailing envelopes, county clerks shall provide one ballot box per 25,000 registered voters in the county with a minimum of two secured containers required per county. County clerks may request a waiver from the secretary of state to the minimum requirement set by the formula with consideration given for special geographic or security constraints.

1.10.19.8(A) NMAC. The terms "ballot box" and "secured container" appear to be used interchangeably in the provision.

In "our modern, regulatory state," it is common for the legislature to delegate the implementation of a law to an administrative agency or officer, such as the SOS. *Unite NM v. Oliver,* 2019-NMSC-009, ¶ 8, 438 P.3d 343. An agency's rules "are presumed valid and will be upheld if reasonably consistent with the statutes that they implement." *Wilcox v. New Mexico Bd. of Acupuncture & Oriental Medicine*, 2012-NMCA-106, ¶ 7, 288 P.3d 902. Actions by the SOS to implement the Election Code are closely analyzed by the courts to ensure that "the right of New Mexico citizens to vote for the candidate of their choice" is protected. *Morper v. Oliver*, 2020-NMSC-012, ¶ 11, 470 P.3d 245 (citation omitted) (holding that the SOS's power to approve the forms and procedures for elections under Section 1-2-1(C) did not authorize her to invalidate nominating petitions that met the Election Code's requirements).

For several reasons, we believe Rule 1.10.19.8(A) is a reasonable exercise of the SOS's authority under Section 1-2-1(B)(2) to make rules necessary to implement the Election Code. First, Section 1-6-9(E) of the Absent Voting Act contemplates that a county clerk may be responsible for making multiple "secured containers" available, *see* NMSA 1978, § 1-6-9(E)(1), (3), (5), but does not provide guidance for determining the appropriate number of containers for a particular county. The rule's requirements for a minimum of two secured containers per county is intended to give voters in each county adequate access to a secured container for returning their mailed ballots, consistent with the letter and intent of Subsection (E). Second, the rule is not absolute. It allows a county clerk to request a waiver from the minimum requirement for secured containers. Finally,

AMERICAN OVERSIGHT

the rule "carr[ies] out" the purposes of Section 1-6-9 to facilitate the use of mailed ballots and, in turn, the exercise by New Mexico citizens of their right "to vote for the candidate of their choice."

NOTICE OF RIGHT TO INSPECT PUBLIC RECORDS AND ASSOCIATED FEES

By law, under the Inspection of Public Records Act, every person has the right to inspect public records of Otero County, New Mexico. The Act also makes compliance with requests to inspect records an integral part of the routine duties of the officers and employees of Otero County, New Mexico.

Requests to inspect public records should be submitted to the records custodian, located at:

1101 New York Avenue
Alamogordo, NM 88310-6935
Telephone: (575) 437-7427
Fax: (575) 443-2904

A person desiring to inspect public records must submit a request form, available from the Otero County Administration Office, or from our website at http://co.otero.nm.us to the records custodian. All procedures and penalties prescribed by the Act apply to the request. The request must contain the name, address, and telephone number of the person making the request. The request must describe the records sought in sufficient detail to enable the records custodian to identify and locate the requested records.

The records custodian must permit inspection immediately or as soon as practicable, but no later than fifteen (15) calendar days after the records custodian received the inspection request. If inspection is not permitted within three (3) business days, the person making the request will receive a written response explaining when the records will be available for the inspection or when the public body will respond to the request. If any of the records sought are not available for public inspection, the person making the request is entitled to a written response from the records custodian explaining the reasons inspection has been denied. The written denial shall be delivered or mailed within fifteen (15) calendar days after the records custodian received the request for inspection.

If a person requesting inspection would like a copy of a public record, a reasonable fee may be charged. The fee for documents eleven inches by seventeen inches or smaller is $0.25 cents per page. The fee for larger documents is $0.75 cents per page. For records other than documents, the reasonable fee is $4.00 dollars each. The records custodian may request that applicable fees for copying public records be paid in advance, before the copies are made. A receipt indicating that the fees have been paid for making copies of public records will be provided upon request to the person requesting the copies.

Subject: Gold Star - Fraud, Elections, Voting, BOCC and the County Clerk

Commissioner Marquardt,

Kathleen and I had to travel to Santa Fe (ugh) on business. This precluded attending Thursday's BOCC meeting. Watching the video was interesting. Your stamina is remarkable.

In Sunday school we used to get gold stars for attendance and for extra effort and good work. You get a gold star for your statements / actions in this meeting. Thank you for representing the large majority of your constituents. As you know the entrenched bureaucracy / politicos will fight you every step of the way to keep light away from their actions.

I am sending a copy of this to Commissioner Matherly and Commissioner Griffin because all of you have done a great job for election integrity. Past Commissions have just accepted status quo, as there is plenty of other work for the BOCC. Now we see what that trust has wrought

In August 2021 during the regular BOCC meeting Kathy Miller, Katie Jones (Samuel Gonzales too) talked about voting integrity. This was in the "Scheduled Citizen Communications" part of the meeting. Link to presentation is https://agendasuite.org/iip/otero/agendaitem/details/4181 . It was a good kick start to asking questions. I wish I could take some of the credit as it was the start of questioning process / results.

I was asked, during my comments on Mrs. Miller's presentation, if I had confidence in our elections here in Otero County. I stated I did not, and do not have confidence. This was based on my conversation with the Otero County Clerk prior to the 2020 General election. There was some lively discussion with Clerk Robyn Holmes after Mrs. Miller's presentation. (As a side note Ms Holmes talked about how busy she was. She suggested I sign up to be a poll worker, among other things, as a way to improve election integrity. Nothing about network / computer / data security or voter roles). Busy, busy, busy she was. We seems to be at the same place in 2022.

The just updated BOCC audit produced results. Bless you for poking the deep state hornet's nest! May I have a copy of the audit?

I have some observations and requests (not in any order):

- Budgets, Emergency Services, Law Enforcement are all examples of critical BOCC matters. Go even one day without any of them and see what happens. I ask you to consider that elections and election integrity are at least as important as these things. In fact, in the long run elections are more important since they can destroy the others given time. The BOCC is part of the election integrity process. It is your job and thanks for working on it.

- Lawyers are necessary. Often they advise counter to constituent's desires. I'd ask you to balance these conflicts and give heavy weight to the constituents and to the plain language of the Constitution (State/Federal). In my view lawyers are, by necessity, part of the deep state.

- "You are not likely to be prosecuted for knowingly certifying fraudulent election results from systemic fraud" (poorly paraphrasing the lawyer). Isn't this the problem? I had to chuckle at the County Attorney's counsel that you were safe from prosecution. No politician, bureaucrat, Commissioner gets prosecuted for going along to get along in elections. The "law" is selectively enforced and so you are safe. Good advice if you see election law violations as just minor matters and you are politically protected. As a constituent and voter I ask that every single word in the election law, state and federal, every paragraph, be honored and enforced, every time, no exceptions. Any politician or bureaucrat that breaks the law, or knows about it, for what ever excuse, should be prosecuted. A "minor" infraction in elections is NOT minor. I ask that you follow the law and that you insist others follow the law. If you know laws are violated, involve law enforcement. You also have a public forum, shout out. (Also, see my deep state comments above concerning lawyers.)

- As long as everyone (politician, bureaucrats, Commissioners) go along with law violations / fraud the election process can not be fixed. If any of the players objects all hell breaks loose. Pressure is there from deadlines and politics. The individual voter has little say. With crooked elections we can not even vote in honest people. Local elections

AMERICAN OVERSIGHT

still give hope, but when they fail and voter confidence is lost, our nation is doomed. Which of the election players are honest? Which are incompetent? I'd ask to see "all hell break loose" if laws are not followed 100%, every single time.

- In New Mexico the main election players are the SoS, the County Clerk, the BOCC. All have duties / powers and all must work together. In theory having all these political entities involved makes our elections more secure. If anyone of these players violates election law the others will cry "foul". In practice the BOCC rubber stamps results and hand in hand (with a hug) accepts the County Clerk's assurances on elections, voting locations, equipment, security, etc. Meanwhile, the Otero County Clerk is not able to understand complex network design, computers and motherboards, source code, wireless networks, network security management (including log management, backups, password management), security training, machine certification and on and on) but knows about election management and knows the SoS. I urge the BOCC to ask her for details on these areas and how she illegally lost election data. The Clerk heretofore just tells the BOCC "all is well, trust me". There have been no checks and balances no adversarial relationships until this audit. You see the reaction when legitimate criticism is levied. Why would questions and transparency be so repugnant? Just minor election law violations?

No comment from me on the SoS and her political involvement, use of the State Attorney General etc. Don't want the State Police showing up with machine guns (okay a little overstated).

In practice past elections are, what I think of as a love fest. All the players hug, all trust without verification, all sign off. Anyone not singing the correct tune gets hammered by the press / State politicians / political parties. Law enforcement is only for bit players. Part of this love fest system are State "audits" which are just PR as they just re-count erroneous data. They do not do the forensic analysis needed in our current electronic/network environment. The public is told that the elections are "audited" with no discussion of how effective (or not) the so called audit process is. The independent auditor must follow the rules laid out by the politicians. It is a formality only. Electronics, program source code, networks and security minimum requirements: any audit of them? Not here in New Mexico. (Until Otero County BOCC paid for an audit. Then you could hear the politicians screech all the way from Santa Fe to Washington D.C.)

Example: The BOCC was initially okay with closing all rural precincts(!), for "convenience" I was told. Rural voters would have had to travel many miles, in winter, over mountain passes to stand in line (during COVID) to vote. Yes, these rural folks could mail in votes using the USPS (a partisan organization) with no real chain of custody. Again the BOCC was okay with this. How is this not voter suppression? How is it not a "love fest"? Due to complaints the Clerk was suddenly able to use internet in the precincts and like magic rural precincts were re-allowed. We voters "trust" that the internet had/has security (- oh wait we, and the Clerk, have no clue). This is an example of coordination without verification. Love fest is another way of putting it.

- Last century we used paper ballots without electronics. There was still cheating on a small scale. Small precincts where poll workers knew voters, same day voting and so on made large scale fraud difficult. Things are better now days (for cheaters).

Communist Stalin said about elections: "I consider it completely unimportant who in the party will vote, or how; but what is extraordinarily important is this—who will count the votes, and how." (1923). We have progressed in that networks, electronics, computers and programming allows vote counting to be subtly manipulated on a grand scale. Yet ignorance of these voting systems vulnerabilities is wide spread. Behind the scenes electronic election fraud is only detectable by analysis of data, source code, rigid procedures and security, BUT this fraud nearly impossible to prove to courts. Why? Because the need for secrecy makes proving fraud difficult, the courts procedures predate computer systems, the bureaucracy encourages incompetence, the politicians - well, some enjoy fraud as Stalin said. In addition, other security problems involve drop boxes, mail in votes, identification, etc. It is a mess.

Maybe a return to paper ballots, small precincts and no internet (no "convenience centers") would be an improvement, but that is not likely.

- The BOCC can (and must) exercise its responsibility to insure election integrity. Demand proof that security was (is) in place. Demand to see logs, password requirements, hardware and so on (as listed by the audit). As an example, if the Clerk has "lost" logs or required election data this failure should not be accepted by the BOCC. How can you attest that election results are valid without information? Are we to just "trust" the Clerk? Why have the BOCC involved at all if this is the case? Further failure to protect election data is a serious breach of the Clerk's responsibilities. Trust has to be earned. The BOCC must do

AMERICAN OVERSIGHT

its own due diligence not rubber stamp the failed Clerk.

- The BOCC has rubber stamped the SoS and Clerk's drop box, "convenience centers", internet connected EMS system, etc all with little review of security / fraud /vote suppression (like the plan to close rural precincts just before an election). The BOCC should require assurance of security by independent audit and by transparent, auditable written requirements. Without this how can you attest that the votes are not fraudulent to the point of affecting election results? In the old days paper ballots, same day voting made this simple.

Times have changed. Just say no until you see reasonable proof.

- The BOCC should look out for the County voters and be involved with them when the SoS and Clerk make changes. Illegal changes should be met with the County Attorney in a court.

- The Otero County Clerk should resign. By this email I am asking her to resign for the benefit of the County. In my view she is not capable of understanding or managing the electronic / network system used for voting. She relies on non independent contractors (or State) to tell her all is well. Rather than develop her own assurance system she relies on others, others with an agenda. She is so incompetent in this area that she has allowed election data to be "lost". Who knows where it went or who has it. She can manage an "election" but can not manage the technical software / network / security / hardware / required to assure integrity. Without that assurance elections are suspect. Further she has failed to protect election data and failed to accept responsibility. "The dog ate my homework" or "I'm busy" is not accepting responsibility.

Article X, Section 9 of the New Mexico Constitution provides a method for the electorate to recall elected county officials based on malfeasance or misfeasance in office, or violation of the oath of office by the official sought to be recalled. I believe the Otero County Clerk has demonstrated misfeasance in her election duties. I ask you to ask the lawyer how to remove the Clerk. I ask you to privately ask her to resign.

The Clerk has been alleged to have violated both State and Federal law. I ask that you assign the lawyer to report to you forthwith and give an opinion. If warranted by your investigation the Clerk's performance must be reported to the appropriate DA. This should be in writing and discussed in a BOCC meeting. For example Federal law states:

§20701. "Retention and preservation of records and papers by officers of elections; deposit with custodian; penalty for violation
Every officer of election shall retain and preserve, for a period of twenty-two months from the date of any general, special, or primary election of which candidates for the office of President, Vice President, presidential elector, Member of the Senate, Member of the House of Representatives, or Resident Commissioner from the Commonwealth of Puerto Rico are voted for, all records and papers which come into his possession relating to any application, registration, payment of poll tax, or other act requisite to voting in such election, except that, when required by law, such records and papers may be delivered to another officer of election and except that, if a State or the Commonwealth of Puerto Rico designates a custodian to retain and preserve these records and papers at a specified place, then such records and papers may be deposited with such custodian, and the duty to retain and preserve any record or paper so deposited shall devolve upon such custodian. Any officer of election or custodian who willfully fails to comply with this section shall be fined not more than $1,000 or imprisoned not more than one year, or both."

If records were lost and laws violated let the Clerk offer "the dog ate my homework" or "I'm busy" to the prosecutor and courts if that is her defense. Or perhaps the vendor that allegedly deleted records should be held accountable. For sure someone must answer for law violations. Passing the buck for election malfeasance should not be acceptable to the BOCC. Do something, take action, require accountability.

If you made it this far I want to thank you again for your audit and the work you've done so far. Excellent! You are leaders for New Mexico and indeed the whole country. Stay strong. The threats from the SoS and AG are bound to get worse. Be strong as asking for reasonable proof is not a crime and is what any honest voter wants.

Best,

Walt

Subject: Great story to share with you – OCPF residents donate crochet items

PRESS RELEASE

Otero I residents crochet for a cause

(Chaparral, NM –June 17, 2022) — Several crochet items such as stuffed animals, blankets, scarves, and beanie sets made by residents of the Otero County Prison Facility were donated to the El Paso Children's Hospital last week.

Over 600 items were donated to the Child Life Program which distributes the items to the sick children at the hospital.

Mrs. Vasquez who is the state crochet coordinator at the prison facility had the opportunity to visit with some of the young patients and gift them stuffed animals and blankets prior to COVID-19. She said there is a reason why she chooses to donate to this program at the hospital.

"Our state crochet program looks forward to being able to do something so impactful for those who need a little cheer in their life," Mrs. Vasquez shared. "Seeing firsthand the positive impact and big smiles that kids going through cancer or other sicknesses get on their faces was a great distraction to them and such a blessing to us."

The facility's crochet program has donated several items to the hospital as well as other community partners in the past.

For residents of the facility who are part of the crochet program making these items gives them a sense of purpose.

"I enjoy doing something constructive with my time and know that what I'm making is going to someone in need," a resident shared.

Aside from the crochet items, coloring books made with illustrations hand-drawn by residents were also donated to the hospital. Eleven residents drew pictures of different images and sceneries but only the best were chosen by the classifications department of the facility.

Both MTC facilities have partnered with the El Paso Children's Hospital in the past and we hope to continue our partnership and bring a smile to all those children's faces.

Just so I understand correctly you want the taxpayers to pay for a hand recount, without any evidence of voter fraud, just because you have a “gut feeling”? You are abusing your position based on your misguided political beliefs. Stop trying to destroy America by relying on conspiracy theories and a career conman’s spewings that have zero merit. Lee,

Please see attached settlement agreement. EchoMail decided to end their participation and provided the attached limited analysis. The County has no other contract. My understanding is NM Audit Force is conducting their own independent audit/review with their own funding. Also attached is the requested communication. Please let me know if you have additional questions.

Subject: Associated Press request | 2020 election audit and EchoMail

Hello Mr. Nichols.

David Clements of New Mexico Audit Force indicated yesterday on social media (Telegram: The Professor's Record) that EchoMail/V.A. Shiva Ayyadurai has refunded $40,000 to the county and possibly exited the contract related to a review of the 2020 election in Otero County.

What is the current status of the election audit/review contract? Is New Mexico Audit Force still at work on the election audit/review?

Please provide copies of any and all correspondence between Otero County officials and Echo Mail and/or V.A. Shiva Ayyadurai regarding the services contracted earlier this year to review the 2020 election, and any receipts for refunds to the county, between March 1, 2022 and the date this request is fulfilled. Please provide any related correspondence between the county and Erin Clements and/or New Mexico Audit Force for the same period.

Thank you.

SETTLEMENT AGREEMENT AND RELEASE OF ALL CLAIMS

This Settlement Agreement and Release of All Claims is entered into between Otero County, New Mexico ("County"), and EchoMail all of whom may also be referred to collectively as "the Parties."

RECITALS

WHEREAS, the County entered into a Master License and Services Agreement (hereinafter "Contract") with EchoMail as its contractor, executed on or about January 25th, 2022 for integrated data warehousing and analytics of the 2020 General Election ("Project"); and

WHEREAS, on February 24, 2022, the County paid $24,875 to EchoMail pursuant to the Contract;

WHEREAS, the County believes the value of the services received from EchoMail is $9,750.00 and EchoMail disputes this claim.

WHEREAS, on March 17, 2022, EchoMail demanded the balance of $24,875 be paid;

WHEREAS EchoMail believes the unpaid balance is due and payable; and

WHEREAS, the County disputes whether payment is due and owing; and

WHEREAS, on April 15, 2022 the County requested the return of $15,125.00

WHEREAS, it is the position of EchoMail they fulfilled their obligations under the Contract and found No Election Fraud as a result of their services.

WHEREAS, the Parties have agreed to settle claims against one another prior to litigation without admitting or conceding liability as to any matter at issue;

NOW THEREFORE, IN CONSIDERATION OF THE FOREGOING AND IN CONSIDERATION OF THE COVENANTS CONTAINED HEREIN, THE PARTIES AGREE TO THE FOLLOWING:

AMERICAN OVERSIGHT

NM-OTERO-22-0605-A-000762

UNDERLYING SETTLEMENT TERMS

1. In consideration for payment described herein in paragraph 5, EchoMail dismisses, waives, releases, and discharges Otero County, its current and former commissioners, directors, departments, attorneys, legal representatives, predecessors, insurers, successors, assigns, employees and agents from all manners of liabilities, claims, demands, and causes of action, known or unknown, fixed or contingent, arising in the past, present, or future which EchoMail or anyone claiming through EchoMail may personally have or claim to have against Otero County as a result of the dispute over the January 25, 2022 Contract with prejudice. This Agreement includes all demands, obligations, actions, claims, damages, costs, or rights EchoMail, its agents, successors, and assigns now have or may have against Otero County that could be related to the Contract between the Parties. This shall be a fully binding and complete settlement between the Parties, and each party's agents, successors and assigns.

2. In consideration for payment described herein, the County dismisses, waives, releases, and discharges EchoMail, its directors, attorneys, legal representatives, predecessors, insurers, successors, assigns, employees and agents from all manners of liabilities, claims, demands, and causes of action, known or unknown, fixed or contingent, arising in the past, present, or future which the County or anyone claiming through the County may personally have or claim to have against EchoMail as a result of the dispute over the January 25, 2022 Contract with prejudice. This Agreement includes all demands, obligations, actions, claims, damages, costs, or rights the County, its agents, successors, and assigns now have or may have against EchoMail that could be related to the Contract. This shall be a fully binding and complete settlement between the Parties, and each party's agents, successors and assigns.

3. The Parties understand that this is a general release encompassing all claims against one another arising under federal, state, or local law, including but not limited to claims arising

AMERICAN OVERSIGHT

under state and federal statutes, as well as any claims arising under any theory of common law concerning the Contract. Claims released are those of which the Parties are presently aware, and those of which it may be unaware, for breach of contract or otherwise. This general release is binding upon the current and former directors, departments, attorneys, legal representatives, predecessors, insurers, successors, assigns, and employees of the Parties.

4. It is expressly understood and agreed that the payment of the sum described in the below paragraphs, is not and shall not be construed as an admission of liability by either Party. The Parties are settling and compromising disputed claims as to which they expressly deny any liability.

CONSIDERATION

5. Pursuant to this Settlement Agreement and Release of All Claims, EchoMail agrees to pay the County in settlement of the above dispute, the sum of $15,125.00. The aforementioned amount will be made payable to the County within 30-days of execution.

SUPPLEMENTAL DOCUMENTS

6. EchoMail and the County agree to cooperate fully to execute any and all supplementary documents, and take all additional actions that may be necessary to give full force and effect to this Settlement Agreement and Release of All Claims.

FEES

7. Each Party shall bear its own costs and fees, including attorneys' fees associated with the underlying contract and/or settlement agreement.

ADVICE OF COUNSEL

8. The Parties acknowledge they are represented by counsel and have read and understood the effects of this Settlement Agreement and Release of All Claims. The Parties further

AMERICAN OVERSIGHT

state they execute this Settlement Agreement and Release of All Claims of their own free will and accord, for the purpose and consideration set forth in this Agreement.

INTEGRATION

9. This Settlement Agreement and Release of All Claims contains the entire understanding between the Parties hereto concerning the subject matter contained herein.

10. EchoMail and the County agree that each paragraph and component of this Settlement Agreement and Release of All Claims is a material term and that failure to comply with any of the provisions contained herein constitutes a material breach of this Agreement.

11. The Parties represent and warrant that there have been no representations or promises made by either Party on which they relied in connection with the Settlement Agreement and Release of All Claims, other than what is set forth herein in writing.

12. The Parties further represent and warrant that it is not being induced to enter into this Agreement by anything other than the written words contained in this Agreement.

13. This Settlement Agreement and Release of All Claims constitutes the entire agreement and understanding between EchoMail and the County and shall not be modified or altered, except in writing, and signed by the Parties to this Settlement Agreement and Release of All Claims.

14. This Settlement and Release of All Claims shall be effective following execution by the Parties. Facsimile signatures shall be acceptable as original for all purposes.

15. The Parties acknowledge that the signatories to this Settlement and Release of All Claims have the necessary authority to bind their respective entities to its terms.

AMERICAN OVERSIGHT

16. The parties further agree "electronic signatures" are sufficient to legally execute and bind this agreement and shall be deemed valid and binding, as if original.

Commissioners for Otero County

Alamogordo, NM 88310

RE: Delivery of Contracted Services for 2020 Election Audit

Dear Honorable Commissioners:

Per the Master Agreement and the sole Schedule signed on January 26, 2022 between Otero County and EchoMail, EchoMail is contracted to perform two (2) specific tasks: 1) Creation of an integrated data warehouse; and, 2) Data analysis of the registrations and votes cast at the precinct level and by vote type.

EchoMail has completed both of these tasks.

Concerning the first task - creation of the integrated data warehouse - attached on the USB stick is the integrated data warehouse that is approximately 17GB containing the Cast Vote Records in MySQL database format, Cast Vote Records in an import-friendly format, Voter Rolls, Ballot Images, Paper Ballot Scans, and County Canvass data. We have received payment of $24,875 for this task per the Schedule.

Concerning the second task - data analysis of the registrations and votes (ballots) cast at the precinct level and by vote type - on the same USB is a PDF containing the data analysis. As of March 1, 2022, we were to be paid the remainder $24,875 for the completion of the data analysis, for which we have yet to receive payment. The delivery of this USB concludes our contracted services with the County. It has been a pleasure working with you. Kindly make arrangements for the outstanding payment.

Sincerely,

Dr. Shiva Ayyadurai
President/CEO
EchoMail, Inc.

Attachment(s): "Registrations to Ask For Source.xlsx"

Thank you so much, Selina.

I attached the spreadsheet of the registrations that I'd really like to get the original registration date, the source of the registration in code. The first tab is a sample of 100 problem entries from the canvass. The second tab has about 200 registrations that show as having registered to vote after election day (many are first time voters), yet they still voted. And the last tab. are the 1,200 registrations that occurred during the early voting/election day period.

I know it's a lot. The first tabs and the first-time voters on the second tab are probably the highest priority if you have time to work through them. Maybe just a sampling from the last tab would be enough.

Thank you again for your time today.

Sincerely,
Erin Clements

Selina,

There are two more things I would like to request - (1) the number of ballots that were delivered each day from the USPS and (2) could I have three fields out of the voter rolls that you have - the original registration date, and the affiliated party. I wouldn't need names or birthdates or anything else. That would allow me to see if the original registration dates follow a random pattern the way they should - rather than the controlled pattern that is in the registration date field that I have.

Thank you,
Erin

AMERICAN OVERSIGHT

I attached the spreadsheet of the registrations that I'd really like to get the original registration date, the source of the registration in code. The first tab is a sample of 100 problem entries from the canvass. The second tab has about 200 registrations that show as having registered to vote after election day (many are first time voters), yet they still voted. And the last tab. are the 1,200 registrations that occurred during the early voting/election day period.

I know it's a lot. The first tabs and the first-time voters on the second tab are probably the highest priority if you have time to work through them. Maybe just a sampling from the last tab would be enough.

Thank you again for your time today.

Sincerely,

Erin Clements

Regarding the chain of custody documents - I primarily mean the chain of custody regarding the absentee ballots. That would include records of when and by who they were requested, when they were mailed, when they were returned, and whatever bookkeeping forms your office used to document how many ballots were returned through drop boxes and when they were returned.

Right now, we are estimating the volunteer force needed to complete the work of scanning the ballots and envelopes within two days as approximately 40 people. Please advise as to the location that would be best for your office to do this work.

Regarding the equipment list - please provide the list of vendors used by the County along with the specific types of equipment they provided for the November 2020 election so that we can contact the individual vendors.

I attached the updated Data Request Form. Please note we are requesting all available fields to be provided that document the application date, acceptance date, and source of each registrant.

Thank you for your help with all of this.

Dear Selina,

Please point to the language in the IPRA guide that allows you to charge us time for reviewing documents. I certainly can't find it. Again, we are not asking the County to make or transmit copies - that is not applicable to this project. We will not be requiring any assistance for scanning the ballots from additional employees. That is an unnecessary expense that we are not requesting and are not willing to pay. If you feel like 5 additional people are needed, we will bring five additional volunteers. We are training our volunteers ahead of time, and they will be more helpful to us that five new employees who are not familiar with what we're doing and how we are planning to get this done quickly.

We will see you on March 9th at 8 am at the fairgrounds.

EchoMail has been hired by the County Commission - which is a government entity. If you prefer the request come from the county directly, we can submit a new affidavit of authorization. This is no different from public records and the voter rolls being regularly provided to the Electronic Registration Information Center, which is a private entity do work contracted on behalf of a government entity.

I assume you are on the same page about this - but we are expecting the boxes that contain the ballots and envelopes to be sealed when we arrive and unsealed in our presence so there is no question about chain-of-custody. Also, regarding chain-of-custody, we have concerns over our equipment being left in a locked building during lunch, as such we will require at least one of our people to remain with our equipment at all times.

We are asking the sheriff to send a deputy to oversee the process as I have received several threats over the last few days, including death threats, and we feel it is important for the safety of everyone. Perhaps the Sheriff's office will be willing to let his deputy remain with our representative in the room while your staff and our volunteers go to lunch between noon and 1 pm if you have any concerns over a representative of the county not being present at all times.

Mr. Nichols,

Would you please fill out the affidavit of authorization (attached) for obtaining the latest copy of the voter rolls for Otero County as well as brief statement requesting all of the chain of custody documents and digital records for when absentee ballots were requested, mailed, and received back. Selina needs the request to come directly from the county in order to approve it.

Sincerely,
Erin Clements

Dear Selina,

We will bring 20 people to scan the ballots. We will let our volunteers know that only sealed drinks will be allowed and no writing devices.

We do not believe the invoice for time is fair, applicable, or in accordance with IPRA statutes and the Compliance Guide published by the Attorney General. We have never been charged for reviewing documents in person by any county of the 10 counties where we have reviewed any paper records in person, including paper ballots. This includes Dona Ana county where staff from the County Clerk's office met us at the election warehouse aware from their regular place of work on two different occasions to review ballots and tabulator tapes for several hours at a time. Or Harding County, where we reviewed documents for most of a working day. We are not requiring any overtime from your staff as the hours are within normal working hours. Also note that we believe we can finish the work in one day, we have asked for two only to account for contingencies.

Further, the Inspection of Public Records Compliance Guide (https://www.nmag.gov/uploads/files/Publications/ComplianceGuides/Inspection%20of%20Public%20Records%20Compliance%20Guide%202015.pdf) lists the circumstances under which a records custodian may charge the records requestor on page 33. Note that fees can only be charged when the custodian is making copies on behalf of the requestor and there is no circumstance where the guide allows the custodian to charge the requestor time for reviewing the documents. We are not asking the County Clerk to create copies for us. EchoMail has already paid the County Clerk's office roughly $1,000 for the production of digital files. Note that the guide states: "Downloaded copies: A custodian may charge the actual costs of downloading copies of public records to a computer disk or other storage device, including the actual cost of the storage device." You will recall that we were charged a fee ***per electronic file*** when the guide only allows custodians to charge for the actual cost of the storage, postage, and time to download files (which was likely not more than an hour). We believe we have already been charged excessive, unjustified fees for the records we have received to date.

Please provide further explanation on why you are rejecting the request for the voter rolls. Also, it is my understanding that the absentee ballot records we are requesting are provided to candidates and parties on a weekly basis (and even published on the SOS website) leading up the election. We need further explanation as to why the Count Clerk's office is refusing to provide this same data for this audit commissioned by the County Commissioners. As you know, the County Commissioners are expected to certify the election results based, in part, on these records that you are refusing to provide for inspection. As such, I am renewing my request for the full records related to the absentee ballots as well as the most recent copy of the voter rolls with full voter history.

Sincerely,

Erin Clements

3. Scanning of paper tabulator tapes and chain of custody documents for analysis offsite.
4. Creation of forensic images of equipment used during the November 2020 election including tabulators, EMS server, routers, and poll books. The forensic images will not alter or damage the election equipment in any way.
5. Test of select tabulators.

Please provide a **full list of equipment used during the November 2020 election** and at least **three dates of availability to perform the physical examination of records and equipment** at your earliest possible convenience. Dates need to consist of two consecutive days for scheduling with the forensic experts who will create the forensic images of the equipment.

Thank you for your attention to these matters and please let us know if you have any questions about the documents and schedule being requested.

Sincerely,

Erin Clements

AMERICAN OVERSIGHT

Concerning (1), the following has been achieved since February 21, 2022 and to as of today:
a. Receipt of the CVR data from the County
b. Receipt of the Ballot Image data from the County
c. Incorporation of the CVR data into the datawarehouse by EchoMail
d. Incorporation of the ballot image data into the datawarehouse by EchoMail

Concerning (1), relative to outstanding data items
1. Paper Ballot scans have still not been received
2. Envelope Images have still not been received

Concerning (2), I suggest we have a meeting so we can itemize the kinds of analytics the County will want performed.

Administrative Items:
1. EchoMail received first payment from the County pursuant to the Agreement.
2. The press is erroneously reporting that EchoMail has been contracted to perform door-to-door canvassing and is directing NMAF. This is not true. As of now, EchoMail's obligations are pursuant to Schedule A.
3. Setup a follow up project meeting

Next Steps:
1. Set date/time for Zoom meeting for project

Thank you.

Sincerely,
Dr. Shiva Ayyadurai

Dear RB,
I'm terribly sorry I missed this. The first payment is upon signing the agreement. The second payment is on March 1, 2022. I can definitely send you a status memo of the project to date pursuant to Schedule A. Can the memo be via email or do you need something more formal on our letterhead?

Our canvassers have been introducing themselves this way: "I am a volunteer assisting Otero County who recently commissioned an audit of their elections, including the voter rolls. Would you have a couple minutes to help us verify the information on the voter rolls for this address?"

We're trying to explain why we're there as simply as possible.

Is that language ok?

Subject: Status Report as of March 15, 2022

Dear All:

I hope this email finds you well. I wanted to provide this Status Report to update you on the current state of Schedule A tasks. To review, per our Agreement, EchoMail is to provide two (2) items for the Audit:
(1) Setup of the Integrated Datawarehouse incorporating data from various sources i.e. cvr, ballot images, etc.; and ,
(2) Data Analytics

Status of Project:
Concerning (1), the following has been achieved since February 21, 2022 and to as of today:
a. Receipt of the CVR data from the County
b. Receipt of the Ballot Image data from the County
c. Incorporation of the CVR data into the datawarehouse by EchoMail
d. Incorporation of the ballot image data into the datawarehouse by EchoMail

Concerning (1), relative to outstanding data items
1. Paper Ballot scans have still not been received
2. Envelope Images have still not been received

Concerning (2), I suggest we have a meeting so we can itemize the kinds of analytics the County will want performed.

Administrative Items:
1. EchoMail received first payment from the County pursuant to the Agreement.
2. The press is erroneously reporting that EchoMail has been contracted to perform door-to-door canvassing and is directing NMAF. This is not true. As of now, EchoMail's obligations are pursuant to Schedule A.
3. Setup a follow up project meeting

Next Steps:
1. Set date/time for Zoom meeting for project

Thank you.

Sincerely,
Dr. Shiva Ayyadurai

Status Report as of February 21, 2022
RE: EchoMail® Project Update Memo As of February 21, 2022
This memorandum provides an update on the current status of the project pursuant to Schedule A executed between EchoMail, Inc. (“EchoMail”) and Otero County, (“County”).

Ref. Schedule A.

February 5, 2022 – Importing of Voter Rolls into EchoMail®/DWTM
EchoMail imported Voter Rolls received from the County via EH into the EchoMail®/DW.

February 9, 2022 – Project Kickoff Meeting Held
EchoMail and the County held a Project Kickoff meeting pursuant to Schedule A,

Attendees:
Dr. Shiva Ayyadurai, EchoMail (SA)
Robyn Holmes, County Clerk (RH)
Pamela Heltner, County Manager (PH)
Erin Hughes, County Commissioned Volunteer (EH)
John Medlar, EchoMail (JM)

AMERICAN OVERSIGHT

R.B. Nichols, County Attorney (RBN)
The meeting involved: a. Introductions, b. Review of the EchoMail Project Plan, c. Review of the EchoMail process, d. Review of the outstanding data elements needed for EchoMail to perform the Audit, and e. Next Steps.

February 9 – 18, 2022 – EchoMail Awaiting Additional Data
EchoMail and EH have had various follow up meetings to get the additional data required for Audit.

Cuoy,

The DOJ and the FBI withheld evidence from you during your trial. Namely:

The QAnon operation was an operational run out of the 201st Expeditionary Military intelligence Battalion by Blue Huber (recognize the name Huber?)

It was designed to do several things

1) Find the back-up tapes of Jeffrey Epstein's, which has over 1,000 ours of blackmail tapes of the elites of this world raping children

2) A means of communication for these wealthy people to communicate in a wide-open forum to lay out the plan of action to find the tapes, and then implement the New World Order

3) To indoctrinate and radicalize the citizens, and eventually ridicule, vilify, persecute, and then prosecute them for the January 6th "insurrection"

This was obviously entrapment and it worked like a charm. You were a victim of this entrapment.

If you want more information, I can provide it for you. I surmise that you will be vilified and kicked out of your county commissioner's position, so do what you will with this information.

Regards
Matt

Dear Commissioners,

Because of the irregularities that the New Mexico Audit Force has uncovered in Otero County in the 2020 general election, I am writing to ask that the County Commission stipulate that there will be no voting on electronic machines for the 2022 elections and subsequent elections. I prefer paper ballots, hand counted by live persons.

I also request that there be no "ballot drop boxes" in Otero County.

Fantastic news! Big blow to the commies today.

Otero County Commission just voted on some badass measures for 2022 general election:

1) Ballots to be hand counted;

2) Zuckerboxes eliminated;

3) Discontinue use of Dominion Voting machines.

Yeah!

We **never** get this kind of badassery from Lea County. You'd think Lea County would be leading the pack in the measures. The "republican stronghold" Lea County would be where these things happen.

Nope. Our commission votes solid blue in Lea County. We LOVE democrat policies and bowing down to our democrat masters. That's why our commission is constantly voting to advance democrat policies. Mandate to take experimental drugs? Check. Gun free kill zones for county employees? Check. Mike's very unconstitutional severance package in violation of article 9, section 10? Check.

You name your looney tunes crackpot democrat policy, and you'll find it down here in "deep red" Lea County.

We LOVE democrat policy in Lea County. We can't enough of it. Gib me more of that sweet democrat policy in Lea County. How we absolutely LOVE getting rammed by communists all of the time in every way possible in Lea County. Please! More! More of the democrat policies! Please!
