Subject: Democracy on the Move-Voter ID in the Upcoming Election

---

Over the past 21 months, we've interviewed politicians, candidates, activists, book authors, public defenders and anyone involved in helping to improve our democracy. We emphasize good citizenship that seeks to "change from within." We feel that any new law, such as the new provisions of HB-1878, must be examined with a critical eye toward ensuring true representation that is in agreement with our common American values as well as the spirit of democracy.

Local event to assist registered voters in compiling documentation to obtain a nondriver license for voting purposes. Sites could be faith institutions/house of worship, senior citizen residential facilities, college/university campus, libraries, grocery stores. Most events would occur on Tuesday or Thursday, times could include evenings. SOS would need **three to four** days notice in order to plan an on site event.	Provide mutually agreed to locations and times where SOS staff can assist individuals in need of obtaining documentation. Key elements will be to communicate to those in the surrounding community the services offered and setting expectations.
Obtaining a Photo ID-DMV	Once all documentation has been collected the registered voter will need to take the documentation to the DMV for processing. Military Appreciation Day
Missouri State Fair
August 14, 2022

The Missouri State Fair is approaching and we are so excited to host you all for the Military Appreciation Day Celebration again this year! This handout provides information concerning, admission, parking, VIP reception, and the ceremony.

Here are some things you should know before arriving on Sunday:

RSVP & VIP List
Our VIP list is used to plan for the reception, admission to the fair, and reserved seating for the ceremony. We ask that each invitee RSVP to Danyelle High by Aug. 5. Please include the name of any guest who will be attending with you.

Admission and Parking:
We have reserved parking in the Red/Orange Tag Parking Area next to the National Guard Armory (see the attached map). Please make your way to Clarendon Road and ***enter the fairgrounds through Gate 6A.*** At Gate 6A, you will be greeted by hospitality staff. They will have our VIP list with the information you provided. This will permit entry for you and your guest with free admission. Again, please only enter through Gate 6A (not Gate 6).

Admission is free for Veterans and Active Duty Military on Sunday, Aug. 14 for Military Appreciation Day.

VIP Reception

Military Appreciation Day
Missouri State Fair
August 14, 2022

The Missouri State Fair is approaching and we are so excited to host you all for the Military Appreciation Day Celebration again this year! This handout provides information concerning, admission, parking, VIP reception, and the ceremony.

Here are some things you should know before arriving on Sunday:

RSVP & VIP List
Our VIP list is used to plan for the reception, admission to the fair, and reserved seating for the ceremony. We ask that each invitee RSVP to Danyelle High by Aug. 5. Please include the name of any guest who will be attending with you.

Admission and Parking:
We have reserved parking in the Red/Orange Tag Parking Area next to the National Guard Armory (see the attached map). Please make your way to Clarendon Road and ***enter the fairgrounds through Gate 6A.*** At Gate 6A, you will be greeted by hospitality staff. They will have our VIP list with the information you provided. This will permit entry for you and your guest with free admission. Again, please only enter through Gate 6A (not Gate 6).

Admission is free for Veterans and Active Duty Military on Sunday, Aug. 14 for Military Appreciation Day.

VIP Reception
You and your guest are invited to the VIP Reception at 1 p.m. in the National Guard Armory classroom. VIP's invited to the reception include speakers, sponsors, military dignitaries and elected officials.

Ceremony & VIP Seating
After the VIP Reception, you and your guest will be escorted down to the reserved seating area for the Ceremony. The Ceremony will begin in the Mathewson Exhibition Center Arena at 2 p.m.

Possible discuss points to consider are:

- How to vote in Missouri- what do voters need to know? What are recent changes?

Reference to an article citing some recent changes. https://missouriindependent.com/2022/05/09/voter-id-requirement-absentee-ballot-changes-clear-missouri-senate/

- How is the Secretary of State ensuring voting confidence in the Missouri?
- What are the laws regarding photo ID requirement?
- Provisional ballots- what are they and how do they work?
- Missouri is a paper ballot state. Discuss how electronic ballots are used?

TO: Chief Officers, Authorizing Officials, and LSTA Coordinators

In partnership with our legal team, we are scheduling a webinar around the 2023-2027 Five-Year Plan certifications, which will be due with the Plan by June 30, 2022, regardless of whether you have the same authorizing official with existing paperwork on file, or whether your official is acting/interim. The target audience for the webinar is chief officers (and other authorizing officials), who sign these IMLS assurances and certifications, and LSTA coordinators, who often play a role in corralling them.

Please save the date of Thursday, May 26, from 3:00-4:30pm Eastern Time for this webinar. The zoom link is: https://www.zoomgov.com/j/1605615487?pwd=QzAxd3VBVzZWcFBQTkxmL0g5N0dwZz09

Attachments:	Missouri Boys and Girls State - 06.16.22 - Itinerary for Secretary Ashcroft.pdf

The programs will be held on the campus of Lindenwood University in St. Charles, Missouri and will run from Saturday, June 11 to Saturday, June 18, 2021. For the first time, we will hold the Boys State and Girls State programs concurrently. Together we plan on having 1,700 leading high school students (from nearly every county in the State) in attendance.

If your schedule permits it, we would be very pleased to host you on Thursday, June 16 from 10:00 a.m. to 2:00 p.m. Ideally, we would organize your visit similarly to the afternoon you attended last summer at Boys State. Our proposed schedule would begin with you attending an assembly of the Girls State delegation to present remarks and announce the winners of Girls State statewide primary election. You could then join a group of the students for lunch and thereafter attend an assembly of the Boys State citizens to deliver remarks and announce the winners of Boys State statewide election.

ITINERARY AND RUN OF SHOW FOR SECRETARY OF STATE JAY ASHCROFT
THURSDAY, JUNE 16, 2022
LINDENWOOD UNIVERSITY, ST. CHARLES, MO

Meeting Location: Spellman Center, Lindenwood University, John Weber Drive, St. Charles, MO 63301

Event Day Contact: Michael Bushur | www.linkedin.com/in/michael-bushur-778886217/ | 816-547-6073

Programming Notes:

- This is an exciting time for the Missouri Boys State and Missouri Girls State programs. For the first time in the programs' long history, both Girls State and Boys State will be simultaneously co-hosted on the same campus. It is the first year both programs will be hosted at Lindenwood University. And filmmakers behind the award-winning BOYS STATE documentary (which focused on the Texas program) will be on campus to film their follow-up GIRLS STATE documentary (featuring Missouri's program), which is being produced for Apple+.
- Thursday is a big "election day" for both programs. For Girls State, Secretary Ashcroft will announce the winners of the primary elections for statewide offices. And for Boys State, he will announce the statewide general election winners, then issue the oath of office to all winners other than the Governor-elect (who will be sworn into office by Governor Parson later that evening). Both programs will also be bustling with activity by this point in the week and, time permitting, we would be happy for Secretary Ashcroft to tour the programs and interact with our Boys State and Girls State "citizens" during their "governmental activities."

General Program Flow:

- Arrive on campus, welcome from Program and University officials
- Tour of Girls State governmental activities
- Head to J. Scheidegger Performing Arts Center to review stage layout and run of show for Girls State
- Call to Order and Introduction by Girls State Governor
- Present remarks (~10 minutes) and announce winners of Girls State primary elections for statewide offices
- Thank you from Girls State Governor and exit stage for brief "press avail" with Girls State "journalists"
- Head out on tour of Boys State governmental activities
- Lunch with Boys State citizens
- Head back to J. Scheidegger Performing Arts Center to review Boys State run of show
- Call to Order by Boys State Dean of Counselors followed by final speech by outgoing Boys State Governor
- Dean of Counselors introduces Secretary Ashcroft
- Present remarks (~10 minutes) and announce winners of Boys Stage general election, then issue the oath of office to winners other than the MBS Governor-elect
- Thank you from Boys State Dean of Counselors, exit stage for brief "press avail" with Boys State "journalists"
- Free to depart

4. Subject to subdivision (7) of subsection 3 of this section, without limiting other terms that may be included in an operating agreement, the following rules apply:

(1) The operating agreement may:

(a) Specify the method by which a specific act or transaction that would otherwise violate the duty of loyalty may be authorized or ratified by one or more disinterested and independent persons after full disclosure of all material facts; and

(b) Alter the prohibition in subdivision (2) of subsection 1 of section 347.1082 so that the prohibition requires only that the company's total assets not be less than the sum of its total liabilities;

(2) To the extent the operating agreement of a member-managed limited liability company expressly relieves a member of a responsibility that the member otherwise would have under sections 347.1000 to 347.1228 and imposes the responsibility on one or more other members, the agreement also may eliminate or limit any fiduciary duty of the member relieved of the responsibility which would have pertained to the responsibility;

(3) If not manifestly unreasonable, the operating agreement may:

(a) Alter or eliminate the aspects of the duty of loyalty stated in subsections 2 and 9 of section 347.1090;

(b) Identify specific types or categories of activities that do not violate the duty of loyalty;

(c) Alter the duty of care, but may not authorize conduct involving bad faith, willful or intentional misconduct, or knowing violation of law; and

(d) Alter or eliminate any other fiduciary duty.

5. The court shall decide as a matter of law whether a term of an operating agreement is manifestly unreasonable under subdivision (6) of subsection 3 of this section or subdivision (3) of subsection 4 of this section. The court:

(1) Shall make its determination as of the time the challenged term became part of the operating agreement and by considering only circumstances existing at that time; and

(2) May invalidate the term only if, in light of the purposes, activities, and affairs of the limited liability company, it is readily apparent that:

(b) The term is an unreasonable means to achieve the term's objective.

347.1010. 1. A limited liability company is bound by and may enforce the operating agreement, whether or not the company has itself manifested assent to the operating agreement.

AMERICAN OVERSIGHT

2. A person that becomes a member is deemed to assent to the operating agreement.

347.1012. 1. An operating agreement may specify that its amendment requires the approval of a person that is not a party to the agreement or the satisfaction of a condition. An amendment is ineffective if its adoption does not include the required approval or satisfy the specified condition.

2. The obligations of a limited liability company and its members to a person in the person's capacity as a transferee or a person dissociated as a member are governed by the operating agreement. Subject only to a court order issued under subdivision (2) of subsection 2 of section 347.1098 to effectuate a charging order, an amendment to the operating agreement made after a person becomes a transferee or is dissociated as a member:

(1) Is effective with regard to any debt, obligation, or other liability of the limited liability company or its members to the person in the person's capacity as a transferee or person dissociated as a member; and

(2) Is not effective to the extent the amendment imposes a new debt, obligation, or other liability on the transferee or person dissociated as a member.

3. If a record delivered by a limited liability company to the secretary of state for filing becomes effective and contains a provision that would be ineffective under subsection 3 or subdivision (3) of subsection 4 of section 347.1008 if contained in the operating agreement, the provision is ineffective in the record.

4. Subject to subsection 3 of this section, if a record delivered by a limited liability company to the secretary of state for filing becomes effective and conflicts with a provision of the operating agreement:

(1) The agreement prevails as to members, persons dissociated as members, transferees, and managers; and

(2) The record prevails as to other persons to the extent they reasonably rely on the record.

(2) For purposes of applying subdivision (10) of section 347.1002 and subject to subsection 4 of section 347.1012, language in the company's articles of organization designating the company's management structure operates as if that language were in the operating agreement.

347.1022. 1. The name of a limited liability company must contain the phrase "limited liability company" or "limited company" or the abbreviation "L.L.C.", "LLC", "L.C.", or "LC". "Limited" may be abbreviated as "Ltd.", and "company" may be abbreviated as "Co.".

2. Except as otherwise provided in subsection 4 of this section, the name of a limited liability company, and the name under which a foreign limited liability company may register to do business in this state, must be distinguishable on the records of the secretary of state from any:

5. (5) The record must state the name and capacity, if any, of each individual who signed it, either on behalf of the individual or the person authorized or required to sign the record, but need not contain a seal, attestation, acknowledgment, or verification.

2. If law other than sections 347.1000 to 347.1228 prohibits the disclosure by the secretary of state of information contained in a record delivered to the secretary of state for filing, the secretary of state shall file the record if the record otherwise complies with sections 347.1000 to 347.1228 but may redact the information.

3. When a record is delivered to the secretary of state for filing, any fee required under sections 347.1000 to 347.1228 and any fee, tax, interest, or penalty required to be paid under sections 347.1000 to 347.1228 or law other than sections 347.1000 to 347.1228 must be paid in a manner permitted by the secretary of state or by that law.

4. The secretary of state may require that a record delivered in written form be accompanied by an identical or conformed copy.

AMERICAN OVERSIGHT

5. The secretary of state may provide forms for filings required or permitted to be made by sections 347.1000 to 347.1228, but, except as otherwise provided in subsection 6 of this section, their use is not required.

6. The secretary of state may require that a cover sheet for a filing be on a form prescribed by the secretary of state.

347.1054. Except as otherwise provided in section 347.1056 and subject to subsection 4 of section 347.1058, a record filed under sections 347.1000 to 347.1228 is effective:

(1) On the date and at the time of its filing by the secretary of state, as provided in subsection 2 of section 347.1060;

(2) On the date of filing and at the time specified in the record as its effective time, if later than the time under subdivision (1) of this section;

(3) At a specified delayed effective date and time, which may not be more than ninety days after the date of filing; or

(4) If a delayed effective date is specified, but no time is specified, at 12:01 a.m. on the date specified, which may not be more than ninety days after the date of filing.

347.1056. 1. Except as otherwise provided in sections 347.1182, 347.1194, 347.1206, and 347.1218, a record delivered to the secretary of state for filing may be withdrawn before it takes effect by delivering to the secretary of state for filing a statement of withdrawal.

2. A statement of withdrawal must:

(1) Be signed by each person that signed the record being withdrawn, except as otherwise agreed by those persons;

(2) Identify the record to be withdrawn; and

(3) If signed by fewer than all the persons that signed the record being withdrawn, state that the record is withdrawn in accordance with the agreement of all the persons that signed the record.

3. On filing by the secretary of state of a statement of withdrawal, the action or transaction evidenced by the original record does not take effect.

347.1058. 1. A person on whose behalf a filed record was delivered to the secretary of state for filing may correct the record if:

(1) The record at the time of filing was inaccurate;

(2) The record was defectively signed; or

(3) The electronic transmission of the record to the secretary of state was defective.

AMERICAN OVERSIGHT

2. To correct a filed record, a person on whose behalf the record was delivered to the secretary of state must deliver to the secretary of state for filing a statement of correction.

3. A statement of correction:

(1) May not state a delayed effective date;

(2) Must be signed by the person correcting the filed record;

(3) Must identify the filed record to be corrected;

(4) Must specify the inaccuracy or defect to be corrected; and

(5) Must correct the inaccuracy or defect.

4. A statement of correction is effective as of the effective date of the filed record that it corrects except for purposes of subsection 4 of section 347.1004 and as to persons relying on the uncorrected filed record and adversely affected by the correction. For those purposes and as to those persons, the statement of correction is effective when filed.

347.1060. 1. The secretary of state shall file a record delivered to the secretary of state for filing which satisfies sections 347.1000 to 347.1228. The duty of the secretary of state under this section is ministerial.

2. When the secretary of state files a record, the secretary of state shall record it as filed on the date and at the time of its delivery. After filing a record, the secretary of state shall deliver to the person that submitted the record a copy of the record with an acknowledgment of the date and time of filing and, in the case of a statement of denial, also to the limited liability company to which the statement pertains.

3. If the secretary of state refuses to file a record, the secretary of state shall, not later than fifteen business days after the record is delivered:

(1) Return the record or notify the person that submitted the record of the refusal; and

(2) Provide a brief explanation in a record of the reason for the refusal.

4. If the secretary of state refuses to file a record, the person that submitted the record may petition a court of competent jurisdiction to compel filing of the record. The record and the explanation of the secretary of state of the refusal to file must be attached to the petition. The court may decide the matter in a summary proceeding.

5. The filing of or refusal to file a record does not:

(1) Affect the validity or invalidity of the record in whole or in part; or

(2) Create a presumption that the information contained in the record is correct or incorrect.

AMERICAN OVERSIGHT

6. Except as otherwise provided by section 347.1036 or by law other than sections 347.1000 to 347.1228, the secretary of state may deliver any record to a person by delivering it:

(1) In person to the person that submitted it;

(2) To the address of the person's registered agent;

(3) To the principal office of the person; or

(4) To another address the person provides to the secretary of state for delivery.

347.1062. 1. On request of any person, the secretary of state shall issue a certificate of good standing for a limited liability company or a certificate of registration for a registered foreign limited liability company.

2. A certificate under subsection 1 of this section must state:

(1) The limited liability company's name or the registered foreign limited liability company's name used in this state;

(2) In the case of a limited liability company:

(a) That a certificate of organization has been filed and has taken effect;

(b) The date the certificate became effective;

(c) The period of the company's duration if the records of the secretary of state reflect that its period of duration is less than perpetual; and

(d) That:

a. No statement of dissolution, statement of administrative dissolution, or statement of termination has been filed;

b. The records of the secretary of state do not otherwise reflect that the company has been dissolved or terminated; and

c. A proceeding is not pending under section 347.1122;

(3) In the case of a registered foreign limited liability company, that it is registered to do business in this state;

(4) That all fees, taxes, interest, and penalties owed to this state by the limited liability company or foreign limited liability company and collected through the secretary of state have been paid, if:

(a) Payment is reflected in the records of the secretary of state; and

(b) Nonpayment affects the good standing or registration of the company or foreign company;

(5) That the most recent annual report required by section 347.1064 has been delivered to the secretary of state for filing; and

(6) Other facts reflected in the records of the secretary of state pertaining to the limited liability company or foreign limited liability company which the person requesting the certificate reasonably requests.

AMERICAN OVERSIGHT

3. Subject to any qualification stated in the certificate, a certificate issued by the secretary of state under subsection 1 of this section may be relied on as conclusive evidence of the facts stated in the certificate.

347.1064. 1. A limited liability company or registered foreign limited liability company shall deliver to the secretary of state for filing an annual report that states:

(1) The name of the company or foreign company;

(2) The name and street and mailing addresses of its registered agent in this state;

(3) The street and mailing addresses of its principal office;

(4) If the company is member managed, the name of at least one member;

(5) If the company is manager managed, the name of at least one manager; and

(6) In the case of a foreign company, its jurisdiction of formation and any alternate name adopted under subsection 1 of section 347.1150.

2. Information in the annual report must be current as of the date the report is signed by the limited liability company or registered foreign limited liability company.

3. The first annual report must be delivered to the secretary of state for filing after January first and before April first of the year following the calendar year in which the limited liability company's certificate of organization became effective or the registered foreign limited liability company registered to do business in this state. Subsequent annual reports must be delivered to the secretary of state for filing after January first and before April first of each calendar year thereafter.

4. If an annual report does not contain the information required by this section, the secretary of state promptly shall notify the reporting limited liability company or registered foreign limited liability company in a record and return the report for correction.

5. If an annual report contains the name or address of a registered agent which differs from the information shown in the records of the secretary of state immediately before the report becomes effective, the differing information in the report is considered a statement of change under section 347.1030.

347.1066. 1. A member is not an agent of a limited liability company solely by reason of being a member.

2. A person's status as a member does not prevent or restrict law other than sections 347.1000 to 347.1228 from imposing liability on a limited liability company because of the person's conduct.

347.1068. 1. A limited liability company may deliver to the secretary of state for filing a statement of authority. The statement:

AMERICAN OVERSIGHT

(1) Must include the name of the company and the name and street and mailing addresses of its registered agent;

(2) With respect to any position that exists in or with respect to the company, may state the authority, or limitations on the authority, of all persons holding the position to:

(a) Sign an instrument transferring real property held in the name of the company; or

(b) Enter into other transactions on behalf of, or otherwise act for or bind, the company; and

(3) May state the authority, or limitations on the authority, of a specific person to:

(a) Sign an instrument transferring real property held in the name of the company; or

(b) Enter into other transactions on behalf of, or otherwise act for or bind, the company.

2. To amend or cancel a statement of authority filed by the secretary of state, a limited liability company must deliver to the secretary of state for filing an amendment or cancellation stating:

(1) The name of the company;

(2) The name and street and mailing addresses of the company's registered agent;

(3) The date the statement being affected became effective; and

(4) The contents of the amendment or a declaration that the statement is canceled.

3. A statement of authority affects only the power of a person to bind a limited liability company to persons that are not members.

4. Subject to subsection 3 of this section and subsection 4 of section 347.1004, and except as otherwise provided in subsections 6, 7, and 8 of this section, a limitation on the authority of a person or a position contained in an effective statement of authority is not by itself evidence of any person's knowledge or notice of the limitation.

5. Subject to subsection 3 of this section, a grant of authority not pertaining to transfers of real property and contained in an effective statement of authority is conclusive in favor of a person that gives value in reliance on the grant, except to the extent that when the person gives value:

(1) The person has knowledge to the contrary;

(2) The statement has been canceled or restrictively amended under subsection 2 of this section; or

AMERICAN OVERSIGHT

(3) A limitation on the grant is contained in another statement of authority that became effective after the statement containing the grant became effective.

6. Subject to subsection 3 of this section, an effective statement of authority that grants authority to transfer real property held in the name of the limited liability company, a certified copy of which statement is recorded in the office for recording transfers of the real property, is conclusive in favor of a person that gives value in reliance on the grant without knowledge to the contrary, except to the extent that when the person gives value:

(1) The statement has been canceled or restrictively amended under subsection 2 of this section, and a certified copy of the cancellation or restrictive amendment has been recorded in the office for recording transfers of the real property; or

(2) A limitation on the grant is contained in another statement of authority that became effective after the statement containing the grant became effective, and a certified copy of the later-effective statement is recorded in the office for recording transfers of the real property.

7. Subject to subsection 3 of this section, if a certified copy of an effective statement containing a limitation on the authority to transfer real property held in the name of a limited liability company is recorded in the office for recording transfers of that real property, all persons are deemed to know of the limitation.

8. Subject to subsection 9 of this section, an effective statement of dissolution or termination is a cancellation of any filed statement of authority for the purposes of subsection 6 of this section and is a limitation on authority for the purposes of subsection 7 of this section.

9. After a statement of dissolution becomes effective, a limited liability company may deliver to the secretary of state for filing and, if appropriate, may record a statement of authority that is designated as a post-dissolution statement of authority. The statement operates as provided in subsections 6 and 7 of this section.

10. Unless earlier canceled, an effective statement of authority is canceled by operation of law five years after the date on which the statement, or its most recent amendment, becomes effective. This cancellation operates without need for any recording under subsection 6 or 7 of this section.

11. An effective statement of denial operates as a restrictive amendment under this section and may be recorded by certified copy for purposes of subdivision (1) of subsection 6 of this section.

347.1070. A person named in a filed statement of authority granting that person authority may deliver to the secretary of state for filing a statement of denial that:

AMERICAN OVERSIGHT

(1) Provides the name of the limited liability company and the caption of the statement of authority to which the statement of denial pertains; and

(2) Denies the grant of authority.

347.1072. 1. A debt, obligation, or other liability of a limited liability company is solely the debt, obligation, or other liability of the company. A member or manager is not personally liable, directly or indirectly, by way of contribution or otherwise, for a debt, obligation, or other liability of the company solely by reason of being or acting as a member or manager. This subsection applies regardless of the dissolution of the company.

2. The failure of a limited liability company to observe formalities relating to the exercise of its powers or management of its activities and affairs is not a ground for imposing liability on a member or manager for a debt, obligation, or other liability of the company.

347.1074. 1. If a limited liability company is to have only one member upon formation, the person becomes a member as agreed by that person and the organizer of the company. That person and the organizer may be, but need not be, different persons. If different, the organizer acts on behalf of the initial member.

2. If a limited liability company is to have more than one member upon formation, those persons become members as agreed by the persons before the formation of the company. The organizer acts on behalf of the persons in forming the company and may be, but need not be, one of the persons.

3. After formation of a limited liability company, a person becomes a member:

(1) As provided in the operating agreement;

(2) As the result of a transaction effective under sections 347.1164 to 347.1222;

(3) With the affirmative vote or consent of all the members; or

(4) As provided in subdivision (3) of subsection 1 of section 347.1108.

4. A person may become a member without:

(1) Acquiring a transferable interest; or

(2) Making or being obligated to make a contribution to the limited liability company.

347.1076. A contribution may consist of property transferred to, services performed for, or another benefit provided to the limited liability company or an agreement to transfer property to, perform services for, or provide another benefit to the company.

347.1078. 1. A person's obligation to make a contribution to a limited liability company is not excused by the person's death, disability, termination, or other inability to perform personally.

AMERICAN OVERSIGHT

2. If a person does not fulfill an obligation to make a contribution other than money, the person is obligated at the option of the limited liability company to contribute money equal to the value of the part of the contribution which has not been made.

3. The obligation of a person to make a contribution may be compromised only by the affirmative vote or consent of all the members. If a creditor of a limited liability company extends credit or otherwise acts in reliance on an obligation described in subsection 1 of this section without knowledge or notice of a compromise under this subsection, the creditor may enforce the obligation.

347.1080. 1. Any distribution made by a limited liability company before its dissolution and winding up must be in equal shares among members and persons dissociated as members, except to the extent necessary to comply with a transfer effective under section 347.1096 or charging order in effect under section 347.1098.

2. A person has a right to a distribution before the dissolution and winding up of a limited liability company only if the company decides to make an interim distribution. A person's dissociation does not entitle the person to a distribution.

3. A person does not have a right to demand or receive a distribution from a limited liability company in any form other than money. Except as otherwise provided in subsection 4 of section 347.1120, a company may distribute an asset in kind only if each part of the asset is fungible with each other part and each person receives a percentage of the asset equal in value to the person's share of distributions.

4. If a member or transferee becomes entitled to receive a distribution, the member or transferee has the status of, and is entitled to all remedies available to, a creditor of the limited liability company with respect to the distribution. However, the company's obligation to make a distribution is subject to offset for any amount owed to the company by the member or a person dissociated as a member on whose account the distribution is made.

347.1082. 1. A limited liability company may not make a distribution, including a distribution under section 347.1120, if after the distribution:

(1) The company would not be able to pay its debts as they become due in the ordinary course of the company's activities and affairs; or

(2) The company's total assets would be less than the sum of its total liabilities plus the amount that would be needed, if the company were to be dissolved and wound up at the time of the distribution, to satisfy the preferential rights upon dissolution and winding up of members and transferees whose preferential rights are superior to the rights of persons receiving the distribution.

AMERICAN OVERSIGHT

2. A limited liability company may base a determination that a distribution is not prohibited under subsection 1 of this section on:

(1) Financial statements prepared on the basis of accounting practices and principles that are reasonable in the circumstances; or

(2) A fair valuation or other method that is reasonable under the circumstances.

3. Except as otherwise provided in subsection 5 of this section, the effect of a distribution under subsection 1 of this section is measured:

(1) In the case of a distribution as defined in paragraph (a) of subdivision (4) of section 347.1002, as of the earlier of:

(a) The date money or other property is transferred or debt is incurred by the limited liability company; or

(b) The date the person entitled to the distribution ceases to own the interest or right being acquired by the company in return for the distribution;

(2) In the case of any other distribution of indebtedness, as of the date the indebtedness is distributed; and

(3) In all other cases, as of the date:

(a) The distribution is authorized, if the payment occurs not later than one hundred twenty days after that date; or

(b) The payment is made, if the payment occurs more than one hundred twenty days after the distribution is authorized.

4. A limited liability company's indebtedness to a member or transferee incurred by reason of a distribution made in accordance with this section is at parity with the company's indebtedness to its general, unsecured creditors, except to the extent subordinated by agreement.

5. A limited liability company's indebtedness, including indebtedness issued as a distribution, is not a liability for purposes of subsection 1 of this section if the terms of the indebtedness provide that payment of principal and interest is made only if and to the extent that payment of a distribution could then be made under this section. If the indebtedness is issued as a distribution, each payment of principal or interest is treated as a distribution, the effect of which is measured on the date the payment is made.

6. In measuring the effect of a distribution under section 347.1120, the liabilities of a dissolved limited liability company do not include any claim that has been disposed of under section 347.1114, 347.1116, or 347.1118.

347.1084. 1. Except as otherwise provided in subsection 2 of this section, if a member of a member-managed limited liability company or manager of a manager-managed limited liability company consents to a distribution made in violation of section 347.1082 and in consenting to the distribution fails to comply with section

AMERICAN OVERSIGHT

347.1090, the member or manager is personally liable to the company for the amount of the distribution which exceeds the amount that could have been distributed without the violation of section 347.1082.

2. To the extent the operating agreement of a member-managed limited liability company expressly relieves a member of the authority and responsibility to consent to distributions and imposes that authority and responsibility on one or more other members, the liability stated in subsection 1 of this section applies to the other members and not the member that the operating agreement relieves of the authority and responsibility.

3. A person that receives a distribution knowing that the distribution violated section 347.1082 is personally liable to the limited liability company but only to the extent that the distribution received by the person exceeded the amount that could have been properly paid under section 347.1082.

4. A person against which an action is commenced because the person is liable under subsection 1 of this section may:

(1) Implead any other person that is liable under subsection 1 of this section and seek to enforce a right of contribution from the person; and

(2) Implead any person that received a distribution in violation of subsection 3 of this section and seek to enforce a right of contribution from the person in the amount the person received in violation of subsection 3 of this section.

5. An action under this section is barred unless commenced not later than two years after the distribution.

347.1086. 1. A limited liability company is a member-managed limited liability company unless the operating agreement:

(1) Expressly provides that:

(a) The company is or will be "manager-managed";

(b) The company is or will be "managed by managers"; or

(c) Management of the company is or will be "vested in managers"; or

(2) Includes words of similar import.

2. In a member-managed limited liability company, the following rules apply:

(1) Except as expressly provided in sections 347.1000 to 347.1228, the management and conduct of the company are vested in the members;

(2) Each member has equal rights in the management and conduct of the company's activities and affairs;

(3) A difference arising among members as to a matter in the ordinary course of the activities and affairs of the company may be decided by a majority of the members;

(4) The affirmative vote or consent of all the members is required to:

AMERICAN OVERSIGHT

(a) Undertake an act outside the ordinary course of the activities and affairs of the company; or

(b) Amend the operating agreement.

3. In a manager-managed limited liability company, the following rules apply:

(1) Except as expressly provided in sections 347.1000 to 347.1228, any matter relating to the activities and affairs of the company is decided exclusively by the manager, or, if there is more than one manager, by a majority of the managers;

(2) Each manager has equal rights in the management and conduct of the company's activities and affairs;

(3) The affirmative vote or consent of all members is required to:

(a) Undertake an act outside the ordinary course of the company's activities and affairs; or

(b) Amend the operating agreement;

(4) A manager may be chosen at any time by the affirmative vote or consent of a majority of the members and remains a manager until a successor has been chosen, unless the manager at an earlier time resigns, is removed, or dies, or, in the case of a manager that is not an individual, terminates. A manager may be removed at any time by the affirmative vote or consent of a majority of the members without notice or cause;

(5) A person need not be a member to be a manager, but the dissociation of a member that is also a manager removes the person as a manager. If a person that is both a manager and a member ceases to be a manager, that cessation does not by itself dissociate the person as a member;

(6) A person's ceasing to be a manager does not discharge any debt, obligation, or other liability to the limited liability company or members which the person incurred while a manager.

4. An action requiring the vote or consent of members under sections 347.1000 to 347.1228 may be taken without a meeting, and a member may appoint a proxy or other agent to vote, consent, or otherwise act for the member by signing an appointing record, personally or by the member's agent.

5. The dissolution of a limited liability company does not affect the applicability of this section. However, a person that wrongfully causes dissolution of the company loses the right to participate in management as a member and a manager.

6. A limited liability company shall reimburse a member for an advance to the company beyond the amount of capital the member agreed to contribute.

7. A payment or advance made by a member which gives rise to a limited liability company obligation under subsection 6 of this section or subsection 1 of section

AMERICAN OVERSIGHT

347.1088 constitutes a loan to the company which accrues interest from the date of the payment or advance.

8. A member is not entitled to remuneration for services performed for a member-managed limited liability company, except for reasonable compensation for services rendered in winding up the activities of the company.

347.1088. 1. A limited liability company shall reimburse a member of a member-managed company or the manager of a manager-managed company for any payment made by the member or manager in the course of the member's or manager's activities on behalf of the company, if the member or manager complied with sections 347.1082, 347.1086, and 347.1090 in making the payment.

2. A limited liability company shall indemnify and hold harmless a person with respect to any claim or demand against the person and any debt, obligation, or other liability incurred by the person by reason of the person's former or present capacity as a member or manager, if the claim, demand, debt, obligation, or other liability does not arise from the person's breach of section 347.1082, 347.1086, or 347.1090.

3. In the ordinary course of its activities and affairs, a limited liability company may advance reasonable expenses, including attorney's fees and costs, incurred by a person in connection with a claim or demand against the person by reason of the person's former or present capacity as a member or manager, if the person promises to repay the company if the person ultimately is determined not to be entitled to be indemnified under subsection 2 of this section.

4. A limited liability company may purchase and maintain insurance on behalf of a member or manager against liability asserted against or incurred by the member or manager in that capacity or arising from that status even if, under subdivision (7) of subsection 3 of section 347.1008, the operating agreement could not eliminate or limit the person's liability to the company for the conduct giving rise to the liability.

347.1090. 1. A member of a member-managed limited liability company owes to the company and, subject to section 347.1128, the other members the duties of loyalty and care stated in subsections 2 and 3 of this section.

2. The fiduciary duty of loyalty of a member in a member-managed limited liability company includes the duties:

(1) To account to the company and hold as trustee for it any property, profit, or benefit derived by the member:

(a) In the conduct or winding up of the company's activities and affairs;

(b) From a use by the member of the company's property; or

(c) From the appropriation of a company opportunity;

AMERICAN OVERSIGHT

(2) To refrain from dealing with the company in the conduct or winding up of the company's activities and affairs as or on behalf of a person having an interest adverse to the company; and

(3) To refrain from competing with the company in the conduct of the company's activities and affairs before the dissolution of the company.

3. The duty of care of a member of a member-managed limited liability company in the conduct or winding up of the company's activities and affairs is to refrain from engaging in grossly negligent or reckless conduct, willful or intentional misconduct, or knowing violation of law.

4. A member shall discharge the duties and obligations under sections 347.1000 to 347.1228 or under the operating agreement and exercise any rights consistently with the contractual obligation of good faith and fair dealing.

5. A member does not violate a duty or obligation under sections 347.1000 to 347.1228 or under the operating agreement solely because the member's conduct furthers the member's own interest.

6. All the members of a member-managed limited liability company or a manager-managed limited liability company may authorize or ratify, after full disclosure of all material facts, a specific act or transaction that otherwise would violate the duty of loyalty.

7. It is a defense to a claim under subdivision (2) of subsection 2 of this section and any comparable claim in equity or at common law that the transaction was fair to the limited liability company.

8. If, as permitted by subsection 6 or subdivision (6) of subsection 9 of this section or the operating agreement, a member enters into a transaction with the limited liability company which otherwise would be prohibited by subdivision (2) of subsection 2 of this section, the member's rights and obligations arising from the transaction are the same as those of a person that is not a member.

9. In a manager-managed limited liability company, the following rules apply:

(1) Subsections 1, 2, 3, and 7 of this section apply to the manager or managers and not the members;

(2) The duty stated under subdivision (3) of subsection 2 of this section continues until winding up is completed;

(3) Subsection 4 of this section applies to managers and members;

(4) Subsection 5 of this section applies only to members;

(5) The power to ratify under subsection 6 of this section applies only to the members;

AMERICAN OVERSIGHT

(6) Subject to subsection 4 of this section, a member does not have any duty to the company or to any other member solely by reason of being a member.

347.1092. 1. In a member-managed limited liability company, the following rules apply:

(1) On reasonable notice, a member may inspect and copy during regular business hours, at a reasonable location specified by the company, any record maintained by the company regarding the company's activities, affairs, financial condition, and other circumstances, to the extent the information is material to the member's rights and duties under the operating agreement or sections 347.1000 to 347.1228;

(2) The company shall furnish to each member:

(a) Without demand, any information concerning the company's activities, affairs, financial condition, and other circumstances which the company knows and is material to the proper exercise of the member's rights and duties under the operating agreement or sections 347.1000 to 347.1228, except to the extent the company can establish that it reasonably believes the member already knows the information; and

(b) On demand, any other information concerning the company's activities, affairs, financial condition, and other circumstances, except to the extent the demand for the information demanded is unreasonable or otherwise improper under the circumstances;

(3) The duty to furnish information under subdivision (2) of this subsection also applies to each member to the extent the member knows any of the information described in subdivision (2) of this subsection.

2. In a manager-managed limited liability company, the following rules apply:

(1) The informational rights stated in subsection 1 of this section and the duty stated in subdivision (3) of subsection 1 of this section apply to the managers and not the members;

(2) During regular business hours and at a reasonable location specified by the company, a member may inspect and copy information regarding the activities, affairs, financial condition, and other circumstances of the company as is just and reasonable if:

(a) The member seeks the information for a purpose reasonably related to the member's interest as a member;

(b) The member makes a demand in a record received by the company, describing with reasonable particularity the information sought and the purpose for seeking the information; and

(c) The information sought is directly connected to the member's purpose;

AMERICAN OVERSIGHT

(3) Not later than ten days after receiving a demand pursuant to paragraph (b) of subdivision (2) of this subsection, the company shall inform in a record the member that made the demand of:

(a) What information the company will provide in response to the demand and when and where the company will provide the information; and

(b) The company's reasons for declining, if the company declines to provide any demanded information;

(4) Whenever sections 347.1000 to 347.1228 or an operating agreement provides for a member to vote on or give or withhold consent to a matter, before the vote is cast or consent is given or withheld, the company shall, without demand, provide the member with all information that is known to the company and is material to the member's decision.

3. Subject to subsection 8 of this section, on ten days' demand made in a record received by a limited liability company, a person dissociated as a member may have access to the information to which the person was entitled while a member if:

(1) The information pertains to the period during which the person was a member;

(2) The person seeks the information in good faith; and

(3) The person satisfies the requirements imposed on a member by subdivision (2) of subsection 2 of this section.

4. A limited liability company shall respond to a demand made pursuant to subsection 3 of this section in the manner provided in subdivision (3) of subsection 2 of this section.

5. A limited liability company may charge a person that makes a demand under this section the reasonable costs of copying, limited to the costs of labor and material.

6. A member or person dissociated as a member may exercise the rights under this section through an agent or, in the case of an individual under legal disability, a legal representative. Any restriction or condition imposed by the operating agreement or under subsection 8 of this section applies both to the agent or legal representative and to the member or person dissociated as a member.

7. Subject to section 347.1100, the rights under this section do not extend to a person as transferee.

8. In addition to any restriction or condition stated in its operating agreement, a limited liability company, as a matter within the ordinary course of its activities and affairs, may impose reasonable restrictions and conditions on access to and use of information to be furnished under this section, including designating information confidential and imposing nondisclosure and safeguarding obligations on the recipient.

AMERICAN OVERSIGHT

In a dispute concerning the reasonableness of a restriction under this subsection, the company has the burden of proving reasonableness.

347.1094. A transferable interest is personal property.

347.1096. 1. Subject to subsection 6 of section 347.1098, a transfer, in whole or in part, of a transferable interest:

(1) Is permissible;

(2) Does not by itself cause a person's dissociation as a member or a dissolution and winding up of the limited liability company's activities and affairs; and

(3) Subject to section 347.1100, does not entitle the transferee to:

(a) Participate in the management or conduct of the company's activities and affairs; or

(b) Except as otherwise provided in subsection 3 of this section, have access to records or other information concerning the company's activities and affairs.

2. A transferee has the right to receive, in accordance with the transfer, distributions to which the transferor would otherwise be entitled.

3. In a dissolution and winding up of a limited liability company, a transferee is entitled to an account of the company's transactions only from the date of dissolution.

4. A transferable interest may be evidenced by a certificate of the interest issued by a limited liability company in a record, and, subject to this section, the interest represented by the certificate may be transferred by a transfer of the certificate.

5. A limited liability company need not give effect to a transferee's rights under this section until the company knows or has notice of the transfer.

6. A transfer of a transferable interest in violation of a restriction on transfer contained in the operating agreement is ineffective if the intended transferee has knowledge or notice of the restriction at the time of transfer.

7. Except as otherwise provided in paragraph (b) of subdivision (5) of section 347.1104, if a member transfers a transferable interest, the transferor retains the rights of a member other than the transferable interest transferred and retains all the duties and obligations of a member.

8. If a member transfers a transferable interest to a person that becomes a member with respect to the transferred interest, the transferee is liable for the member's obligations under sections 347.1078 and 347.1084 known to the transferee when the transferee becomes a member.

347.1098. 1. On application by a judgment creditor of a member or transferee, a court may enter a charging order against the transferable interest of the judgment debtor for the unsatisfied amount of the judgment. Except as otherwise provided in subsection 6 of this section, a charging order constitutes a lien on a judgment debtor's

AMERICAN OVERSIGHT

transferable interest and requires the limited liability company to pay over to the person to which the charging order was issued any distribution that otherwise would be paid to the judgment debtor.

2. To the extent necessary to effectuate the collection of distributions pursuant to a charging order in effect under subsection 1 of this section, the court may:

(1) Appoint a receiver of the distributions subject to the charging order, with the power to make all inquiries the judgment debtor might have made; and

(2) Make all other orders necessary to give effect to the charging order.

3. Upon a showing that distributions under a charging order will not pay the judgment debt within a reasonable time, the court may foreclose the lien and order the sale of the transferable interest. Except as otherwise provided in subsection 6 of this section, the purchaser at the foreclosure sale obtains only the transferable interest, does not thereby become a member, and is subject to section 347.1096.

4. At any time before foreclosure under subsection 3 of this section, the member or transferee whose transferable interest is subject to a charging order under subsection 1 of this section may extinguish the charging order by satisfying the judgment and filing a certified copy of the satisfaction with the court that issued the charging order.

5. At any time before foreclosure under subsection 3 of this section, a limited liability company or one or more members whose transferable interests are not subject to the charging order may pay to the judgment creditor the full amount due under the judgment and thereby succeed to the rights of the judgment creditor, including the charging order.

6. If a court orders foreclosure of a charging order lien against the sole member of a limited liability company:

(1) The court shall confirm the sale;

(2) The purchaser at the sale obtains the member's entire interest, not only the member's transferable interest;

(3) The purchaser thereby becomes a member; and

(4) The person whose interest was subject to the foreclosed charging order is dissociated as a member.

7. Sections 347.1000 to 347.1228 do not deprive any member or transferee of the benefit of any exemption law applicable to the transferable interest of the member or transferee.

8. This section provides the exclusive remedy by which a person seeking in the capacity of judgment creditor to enforce a judgment against a member or transferee may satisfy the judgment from the judgment debtor's transferable interest.

AMERICAN OVERSIGHT

347.1100. If a member dies, the deceased member's legal representative may exercise:

(1) The rights of a transferee provided in subsection 3 of section 347.1096; and

(2) For the purposes of settling the estate, the rights the deceased member had under section 347.1092.

347.1102. 1. A person has the power to dissociate as a member at any time, rightfully or wrongfully, by withdrawing as a member by express will under subdivision (1) of section 347.1104.

2. A person's dissociation as a member is wrongful only if the dissociation:

(1) Is in breach of an express provision of the operating agreement; or

(2) Occurs before the completion of the winding up of the limited liability company and:

(a) The person withdraws as a member by express will;

(b) The person is expelled as a member by judicial order under subdivision (6) of section 347.1104;

(c) The person is dissociated under subdivision (8) of section 347.1104; or

(d) In the case of a person that is not a trust other than a business trust, an estate, or an individual, the person is expelled or otherwise dissociated as a member because it willfully dissolved or terminated.

3. A person that wrongfully dissociates as a member is liable to the limited liability company and, subject to section 347.1128, to the other members for damages caused by the dissociation. The liability is in addition to any debt, obligation, or other liability of the member to the company or the other members.

347.1104. A person is dissociated as a member when:

(1) The limited liability company knows or has notice of the person's express will to withdraw as a member, but, if the person has specified a withdrawal date later than the date the company knew or had notice, on that later date;

(2) An event stated in the operating agreement as causing the person's dissociation occurs;

(3) The person's entire interest is transferred in a foreclosure sale under subsection 6 of section 347.1098;

(4) The person is expelled as a member pursuant to the operating agreement;

(5) The person is expelled as a member by the affirmative vote or consent of all the other members if:

(a) It is unlawful to carry on the limited liability company's activities and affairs with the person as a member;

AMERICAN OVERSIGHT

(b) There has been a transfer of all the person's transferable interest in the company, other than:

a. A transfer for security purposes; or

b. A charging order in effect under section 347.1098 which has not been foreclosed;

(c) The person is an entity and:

a. The company notifies the person that it will be expelled as a member because the person has filed a statement of dissolution or the equivalent, the person has been administratively dissolved, the person's charter or the equivalent has been revoked, or the person's right to conduct business has been suspended by the person's jurisdiction of formation; and

b. Not later than ninety days after the notification, the statement of dissolution or the equivalent has not been withdrawn, rescinded, or revoked, the person has not been reinstated, or the person's charter or the equivalent or right to conduct business has not been reinstated; or

(d) The person is an unincorporated entity that has been dissolved and whose activities and affairs are being wound up;

(6) On application by the limited liability company or a member in a direct action under section 347.1128, the person is expelled as a member by judicial order because the person:

(a) Has engaged or is engaging in wrongful conduct that has affected adversely and materially, or will affect adversely and materially, the company's activities and affairs;

(b) Has committed willfully or persistently, or is committing willfully or persistently, a material breach of the operating agreement or a duty or obligation under section 347.1090; or

(c) Has engaged or is engaging in conduct relating to the company's activities and affairs which makes it not reasonably practicable to carry on the activities and affairs with the person as a member;

(7) In the case of an individual:

(a) The individual dies; or

(b) In a member-managed limited liability company:

a. A guardian or general conservator for the individual is appointed; or

b. A court orders that the individual has otherwise become incapable of performing the individual's duties as a member under sections 347.1000 to 347.1228 or the operating agreement;

(8) In a member-managed limited liability company, the person:

AMERICAN OVERSIGHT

(a) Becomes a debtor in bankruptcy;

(b) Signs an assignment for the benefit of creditors; or

(c) Seeks, consents to, or acquiesces in the appointment of a trustee, receiver, or liquidator of the person or of all or substantially all the person's property;

(9) In the case of a person that is a testamentary or inter vivos trust or is acting as a member by virtue of being a trustee of such a trust, the trust's entire transferable interest in the limited liability company is distributed;

(10) In the case of a person that is an estate or is acting as a member by virtue of being a personal representative of an estate, the estate's entire transferable interest in the limited liability company is distributed;

(11) In the case of a person that is not an individual, the existence of the person terminates;

(12) The limited liability company participates in a merger under sections 347.1164 to 347.1222 and:

(a) The company is not the surviving entity; or

(b) Otherwise as a result of the merger, the person ceases to be a member;

(13) The limited liability company participates in an interest exchange under sections 347.1164 to 347.1222 and, as a result of the interest exchange, the person ceases to be a member;

(14) The limited liability company participates in a conversion under sections 347.1164 to 347.1222;

(15) The limited liability company participates in a domestication under sections 347.1164 to 347.1222 and, as a result of the domestication, the person ceases to be a member; or

(16) The limited liability company dissolves and completes winding up.

347.1106. 1. If a person is dissociated as a member:

(1) The person's right to participate as a member in the management and conduct of the limited liability company's activities and affairs terminates;

(2) The person's duties and obligations under section 347.1090 as a member end with regard to matters arising and events occurring after the person's dissociation; and

(3) Subject to section 347.1100 and sections 347.1164 to 347.1222, any transferable interest owned by the person in the person's capacity as a member immediately before dissociation is owned by the person solely as a transferee.

2. A person's dissociation as a member does not of itself discharge the person from any debt, obligation, or other liability to the limited liability company or the other members which the person incurred while a member.

AMERICAN OVERSIGHT

347.1108. 1. A limited liability company is dissolved, and its activities and affairs must be wound up, upon the occurrence of any of the following:

(1) An event or circumstance that the operating agreement states causes dissolution;

(2) The affirmative vote or consent of all the members;

(3) The passage of ninety consecutive days during which the company has no members unless before the end of the period:

(b) At least one person becomes a member in accordance with the consent;

(4) On application by a member, the entry by a court of competent jurisdiction of an order dissolving the company on the grounds that:

(c) The managers or those members in control of the company:

a. Have acted, are acting, or will act in a manner that is illegal or fraudulent; or

b. Have acted or are acting in a manner that is oppressive and was, is, or will be directly harmful to the applicant; or

(5) The signing and filing of a statement of administrative dissolution by the secretary of state under section 347.1122.

2. In a proceeding brought under paragraph (c) of subdivision (4) of subsection 1 of this section, the court may order a remedy other than dissolution.

347.1110. 1. A dissolved limited liability company shall wind up its activities and affairs and, except as otherwise provided in section 347.1112, the company continues after dissolution only for the purpose of winding up.

3. If a dissolved limited liability company has no members, the legal representative of the last person to have been a member may wind up the activities and affairs of the company. If the person does so, the person has the powers of a sole manager under subsection 3 of section 347.1086 and is deemed to be a manager for the purposes of subsection 1 of section 347.1072.

4. If the legal representative under subsection 3 of this section declines or fails to wind up the limited liability company's activities and affairs, a person may be appointed to do so by the consent of transferees owning a majority of the rights to receive distributions as transferees at the time the consent is to be effective. A person appointed under this subsection:

(3) In connection with a proceeding under subdivision (4) of subsection 1 of section 347.1108.

347.1112. 1. A limited liability company may rescind its dissolution, unless a statement of termination applicable to the company has become effective, a court of competent jurisdiction has entered an order under subdivision (4) of subsection 1 of section 347.1108 dissolving the company, or the secretary of state has dissolved the company under section 347.1122.

2. Rescinding dissolution under this section requires:

(1) The affirmative vote or consent of each member; and

(2) If the limited liability company has delivered to the secretary of state for filing a statement of dissolution and:

(a) The statement has not become effective, delivery to the secretary of state for filing of a statement of withdrawal under section 347.1056 applicable to the statement of dissolution; or

(b) If the statement of dissolution has become effective, delivery to the secretary of state for filing of a statement of rescission stating the name of the company and that dissolution has been rescinded under this section.

3. If a limited liability company rescinds its dissolution:

(1) The company resumes carrying on its activities and affairs as if dissolution had never occurred;

(2) Subject to subdivision (3) of this subsection, any liability incurred by the company after the dissolution and before the rescission has become effective is determined as if dissolution had never occurred; and

(3) The rights of a third party arising out of conduct in reliance on the dissolution before the third party knew or had notice of the rescission may not be adversely affected.

347.1114. 1. Except as otherwise provided in subsection 4 of this section, a dissolved limited liability company may give notice of a known claim under subsection 2 of this section, which has the effect provided in subsection 3 of this section.

2. A dissolved limited liability company may in a record notify its known claimants of the dissolution. The notice must:

(1) Specify the information required to be included in a claim;

(2) State that a claim must be in writing and provide a mailing address to which the claim is to be sent;

(3) State the deadline for receipt of a claim, which may not be less than one hundred twenty days after the date the notice is received by the claimant; and

(4) State that the claim will be barred if not received by the deadline.

AMERICAN OVERSIGHT

3. A claim against a dissolved limited liability company is barred if the requirements of subsection 2 of this section are met and:

(1) The claim is not received by the specified deadline; or

(2) If the claim is timely received but rejected by the company:

(a) The company causes the claimant to receive a notice in a record stating that the claim is rejected and will be barred unless the claimant commences an action against the company to enforce the claim not later than ninety days after the claimant receives the notice; and

(b) The claimant does not commence the required action not later than ninety days after the claimant receives the notice.

4. This section does not apply to a claim based on an event occurring after the date of dissolution or a liability that on that date is contingent.

347.1116. 1. A dissolved limited liability company may publish notice of its dissolution and request persons having claims against the company to present them in accordance with the notice.

2. A notice under subsection 1 of this section must:

(1) Be published at least once in a newspaper of general circulation in the county in this state in which the dissolved limited liability company's principal office is located or, if the principal office is not located in this state, in the county in which the office of the company's registered agent is or was last located;

(2) Describe the information required to be contained in a claim, state that the claim must be in writing, and provide a mailing address to which the claim is to be sent; and

(3) State that a claim against the company is barred unless an action to enforce the claim is commenced not later than three years after publication of the notice.

3. If a dissolved limited liability company publishes a notice in accordance with subsection 2 of this section, the claim of each of the following claimants is barred unless the claimant commences an action to enforce the claim against the company not later than three years after the publication date of the notice:

(1) A claimant that did not receive notice in a record under section 347.1114;

(2) A claimant whose claim was timely sent to the company but not acted on; and

(3) A claimant whose claim is contingent at, or based on an event occurring after, the date of dissolution.

4. A claim not barred under this section or section 347.1114 may be enforced:

(1) Against a dissolved limited liability company, to the extent of its undistributed assets; and

AMERICAN OVERSIGHT

(2) Except as otherwise provided in section 347.1118, if assets of the company have been distributed after dissolution, against a member or transferee to the extent of that person's proportionate share of the claim or of the company's assets distributed to the member or transferee after dissolution, whichever is less, but a person's total liability for all claims under this subdivision may not exceed the total amount of assets distributed to the person after dissolution.

347.1118. 1. A dissolved limited liability company that has published a notice under section 347.1116 may file an application with the circuit court in the county where the company's principal office is located or, if the principal office is not located in this state, where the office of its registered agent is or was last located, for a determination of the amount and form of security to be provided for payment of claims that are reasonably expected to arise after the date of dissolution based on facts known to the company and:

(1) At the time of application:

(a) Are contingent; or

(b) Have not been made known to the company; or

(2) Are based on an event occurring after the date of dissolution.

2. Security is not required for any claim that is or is reasonably anticipated to be barred under section 347.1116.

3. Not later than ten days after the filing of an application under subsection 1 of this section, the dissolved limited liability company shall give notice of the proceeding to each claimant holding a contingent claim known to the company.

4. In a proceeding under this section, the court may appoint a guardian ad litem to represent all claimants whose identities are unknown. The reasonable fees and expenses of the guardian, including all reasonable expert witness fees, must be paid by the dissolved limited liability company.

5. A dissolved limited liability company that provides security in the amount and form ordered by the court under subsection 1 of this section satisfies the company's obligations with respect to claims that are contingent, have not been made known to the company, or are based on an event occurring after the date of dissolution, and such claims may not be enforced against a member or transferee on account of assets received in liquidation.

347.1120. 1. In winding up its activities and affairs, a limited liability company shall apply its assets to discharge the company's obligations to creditors, including members that are creditors.

AMERICAN OVERSIGHT

2. After a limited liability company complies with subsection 1 of this section, any surplus must be distributed in the following order, subject to any charging order in effect under section 347.1098:

(1) To each person owning a transferable interest that reflects contributions made and not previously returned, an amount equal to the value of the unreturned contributions; and

(2) Among persons owning transferable interests in proportion to their respective rights to share in distributions immediately before the dissolution of the company.

3. If a limited liability company does not have sufficient surplus to comply with subdivision (1) of subsection 2 of this section, any surplus must be distributed among the owners of transferable interests in proportion to the value of the respective unreturned contributions.

4. All distributions made under subsections 2 and 3 of this section must be paid in money.

347.1122. 1. The secretary of state may commence a proceeding under subsection 2 of this section to dissolve a limited liability company administratively if the company does not:

(1) Pay any fee, tax, interest, or penalty required to be paid to the secretary of state not later than six months after it is due;

(2) Deliver an annual report to the secretary of state not later than six months after it is due; or

(3) Have a registered agent in this state for sixty consecutive days.

2. If the secretary of state determines that one or more grounds exist for administratively dissolving a limited liability company, the secretary of state shall serve the company with notice in a record of the secretary of state's determination.

3. If a limited liability company, not later than sixty days after service of the notice under subsection 2 of this section, does not cure or demonstrate to the satisfaction of the secretary of state the nonexistence of each ground determined by the secretary of state, the secretary of state shall administratively dissolve the company by signing a statement of administrative dissolution that recites the grounds for dissolution and the effective date of dissolution. The secretary of state shall file the statement and serve a copy on the company pursuant to section 347.1060.

4. A limited liability company that is administratively dissolved continues in existence as an entity but may not carry on any activities except as necessary to wind up its activities and affairs and liquidate its assets under sections 347.1110, 347.1114, 347.1116, 347.1118, and 347.1120, or to apply for reinstatement under section 347.1124.

AMERICAN OVERSIGHT

5. The administrative dissolution of a limited liability company does not terminate the authority of its registered agent.

347.1124. 1. A limited liability company that is administratively dissolved under section 347.1122 may apply to the secretary of state for reinstatement not later than two years after the effective date of dissolution. The application must state:

(1) The name of the company at the time of its administrative dissolution and, if needed, a different name that satisfies section 347.1022;

(2) The address of the principal office of the company and the name and street and mailing addresses of its registered agent;

(3) The effective date of the company's administrative dissolution; and

(4) That the grounds for dissolution did not exist or have been cured.

2. To be reinstated, a limited liability company must pay all fees, taxes, interest, and penalties that were due to the secretary of state at the time of the company's administrative dissolution and all fees, taxes, interest, and penalties that would have been due to the secretary of state while the company was administratively dissolved.

3. If the secretary of state determines that an application under subsection 1 of this section contains the required information, is satisfied that the information is correct, and determines that all payments required to be made to the secretary of state by subsection 2 of this section have been made, the secretary of state shall:

(1) Cancel the statement of administrative dissolution and prepare a statement of reinstatement that states the secretary of state's determination and the effective date of reinstatement; and

(2) File the statement of reinstatement and serve a copy on the limited liability company.

4. When reinstatement under this section has become effective, the following rules apply:

(1) The reinstatement relates back to and takes effect as of the effective date of the administrative dissolution;

(2) The limited liability company resumes carrying on its activities and affairs as if the administrative dissolution had not occurred;

(3) The rights of a person arising out of an act or omission in reliance on the dissolution before the person knew or had notice of the reinstatement are not affected.

347.1126. 1. If the secretary of state denies a limited liability company's application for reinstatement following administrative dissolution, the secretary of state shall serve the company with a notice in a record that explains the reasons for the denial.

AMERICAN OVERSIGHT

2. A limited liability company may seek judicial review of denial of reinstatement in a court of competent jurisdiction not later than thirty days after service of the notice of denial.

347.1128. 1. Subject to subsection 2 of this section, a member may maintain a direct action against another member, a manager, or the limited liability company to enforce the member's rights and protect the member's interests, including rights and interests under the operating agreement or sections 347.1000 to 347.1228 or arising independently of the membership relationship.

2. A member maintaining a direct action under this section must plead and prove an actual or threatened injury that is not solely the result of an injury suffered or threatened to be suffered by the limited liability company.

347.1130. A member may maintain a derivative action to enforce a right of a limited liability company if:

(1) The member first makes a demand on the other members in a member-managed limited liability company, or the managers of a manager-managed limited liability company, requesting that they cause the company to bring an action to enforce the right, and the managers or other members do not bring the action within a reasonable time; or

(2) A demand under subdivision (1) of this section would be futile.

3. After a plan of merger has been approved and before a statement of merger becomes effective, the plan may be abandoned as provided in the plan. Unless prohibited by the plan, a domestic merging limited liability company may abandon the plan in the same manner as the plan was approved.

3. An interest exchange involving a foreign acquired entity is not effective unless it is approved by the foreign entity in accordance with the law of the foreign entity's jurisdiction of formation.

4. Except as otherwise provided in its organic law or organic rules, the interest holders of the acquiring entity are not required to approve the interest exchange.

347.1194. 1. A plan of interest exchange may be amended only with the consent of each party to the plan, except as otherwise provided in the plan.

(4) A person has whatever rights of contribution from any other person as are provided by sections 347.1000 to 347.1228, law other than sections 347.1000 to 347.1228, or the operating agreement of the domestic domesticating limited liability company with respect to any interest holder liability preserved under subdivision (1) of this subsection as if the domestication had not occurred.

5. When a domestication becomes effective, a foreign limited liability company that is the domesticated company may be served with process in this state for the collection and enforcement of any of its debts, obligations, and other liabilities as provided in section 347.1036.

6. If the domesticating limited liability company is a registered foreign entity, the registration of the company is canceled when the domestication becomes effective.

~~duties as may from time to time be established, including rights, powers, and duties senior and subordinate to or different from existing classes and groups of members or managers associated with the series.~~

~~(2) A series may be managed either by the member or members associated with the series or by the manager or managers chosen by the members of such series, as provided in the operating agreement. Unless otherwise provided in an operating agreement, the management of a series shall be vested in the members associated with such series.~~

~~(3) An operating agreement may grant to all or certain identified members or managers, or to a specified class or group of the members or managers associated with a series, the right to vote separately or with all or any class or group of the members or managers associated with the series, on any matter. An operating agreement may provide that any member or class or group of members associated with a series shall have no voting rights or ability to otherwise participate in the management or governance of such series, but any such member or class or group of members are owners of the series.~~

~~(4) Except as modified in this section, the provisions of this chapter which are generally applicable to limited liability companies and their managers, members, and transferees shall be applicable to each particular series with respect to the operation of such series.~~

~~(5) Except as otherwise provided in an operating agreement, any event specified in this chapter or in an operating agreement that causes a manager to cease to be a manager with respect to a series shall not, in itself, cause such manager to cease to be a manager of the limited liability company or with respect to any other series thereof.~~

~~(6) Except as otherwise provided in an operating agreement, any event specified in this chapter or in an operating agreement that causes a member to cease to be associated with a series shall not, in itself, cause such member to cease to be associated with any other series, terminate the continued membership of a member in the limited liability company, or cause the termination of the series, regardless of whether such member was the last remaining member associated with such series.~~

~~(7) An operating agreement may impose restrictions, duties, and obligations on members of the limited liability company or any series thereof as a matter of internal governance, including, without limitation, those with regard to:~~

~~(a) Choice of law, forum selection, or consent to personal jurisdiction;~~

~~(b) Capital contributions;~~

~~(c) Restrictions on, or terms and conditions of, the transfer of membership interests;~~

~~(d) Restrictive covenants, including noncompetition, nonsolicitation, and confidentiality provisions;~~

~~(e) Fiduciary duties; and~~

~~(f) Restrictions, duties, or obligations to or for the benefit of the limited liability company, other series thereof, or their affiliates.~~

~~6. (1) If a limited liability company with the ability to establish series does not register to do business in a foreign jurisdiction for itself and its series, a series of a limited liability company may itself register to do business as a~~

~~limited liability company in the foreign jurisdiction in accordance with the laws of the foreign jurisdiction.~~

~~(2) If a foreign limited liability company, as permitted in the jurisdiction of its organization, has established a series having separate rights, powers, or duties and has limited the liabilities of such series so that the debts, liabilities, and obligations incurred, contracted for, or otherwise existing with respect to a particular series are enforceable against the assets of such series only, and not against the assets of the limited liability company generally or any other series thereof, or so that the debts, liabilities, obligations, and expenses incurred, contracted for, or otherwise existing with respect to the limited liability company generally or any other series thereof are not enforceable against the assets of such series, then the limited liability company, on behalf of itself or any of its series, or any of its series on its own behalf may register to do business in this state in accordance with this chapter. The limitation of liability shall also be stated on the application for registration. As required under section 347.153, the registration application filed shall identify each series being registered to do business in the state by the limited liability company. Unless otherwise provided in the operating agreement, the debts, liabilities, and obligations incurred, contracted for, or otherwise existing with respect to a particular series of such a foreign limited liability company shall be enforceable against the assets of such series only and not against the assets of the foreign limited liability company generally or any other series thereof, and none of the debts, liabilities, obligations, and expenses incurred, contracted for, or otherwise existing with respect to such a foreign limited liability company generally or any other series thereof shall be enforceable against the assets of such series.~~

~~7. Nothing in sections 347.039, 347.153, or 347.186 shall be construed to alter existing Missouri statute or common law providing any cause of action for fraudulent conveyance, including but not limited to chapter 428, or any relief available under existing law that permits a challenge to limited liability.~~**]**

[~~347.187. 1. A limited liability company created pursuant to sections 347.010 to 347.187 or entering the state pursuant to sections 347.010 to 347.187 and its authorized persons, or their equivalent, shall have the duty to withhold and pay such taxes as are imposed by the laws of this state or any political subdivision thereof on a basis consistent with such limited liability company's classification pursuant to Section 7701 of the Internal Revenue Code of 1986, as amended.~~

Contact: Chris Yaudas, 417/434-1218

Chris Yaudas is the treasurer on the library board, the library has doubled the size recently (without asking the citizens for a tax increase), and have just purchased land to build a bigger library in Seneca. The library director, Carrie Cline, is a dynamo and they have managed to stay mostly open and serving their patrons during the COVID lockdowns through creativity. They also offer a wide variety of programs and services that they would like to share with the Secretary.

---

His teacher is Sara Floyd.
His interview is for my IB Global Politics class. They engage in a political research project for about a year which consists of an interview, an involved activity, and a 2000 word paper. His political engagement is based in voting, specifically voting rights, registering young people to vote, and the security of elections. For his activity he is registering students at his high school to vote. The person he was most interested in interviewing on the topic was Secretary Ashcroft.
Here are some of the questions he was hoping to ask:

- Does preregistration have a significant effect on voter turnout?
- How would you encourage voters to register as soon as they are eligible (e.g. when they are seventeen and a half)?
- What is your opinion on eliminating the use of election equipment capable of internet connectivity? Do you believe this is useful in preventing voter fraud?
- You spoke on two Missouri residents committing voter fraud in the state of Florida. Do you consider it a top priority to eliminate such a minuscule case of voter fraud when it is not necessarily in our state?
- Why do you believe there is a greater possibility of voter fraud when in-person paper ballots are not used?
- Could you comment on the impact of youth voting in the state of Missouri as a whole?
- What is the importance of prohibiting political apparel to the polls?
- About 3 million Missourians voted in the 2020 general election. Do you believe one vote can have a significant impact in our state when a majority of about 57%, or a lead of about 500,000, determined our electoral votes in that election?

Lights on Afterschool is Thursday, October 28. This is a national observance where 1 million people participate in 10,000 events across the country to shine a light on the work of afterschool programs in the community and their positive impact on youth. Afterschool programs enjoy broad, bi-partisan support, including 88% of Missouri Republicans who support public funding of afterschool programs.

Chairman Donald Palmer

October 1, 2021

AMERICAN OVERSIGHT

Voting System Penetration Testing

- Vulnerability assessment and penetration testing will soon be required as part of system test readiness review (TRR)

New Jersey's Early Voting and Election Day
Network Connectivity for e-Poll Books

AMERICAN OVERSIGHT

New Jersey Implements Early Voting

On March 30, 2021 New Jersey passed a law requiring Early Voting be implemented for the 2021 General Election

The addition of early voting requires the use of e-poll books during the Early Voting period and on Election Day

There will be roughly 14,000 e-poll books in use between the 150+ Early Voting locations and the 3400+ Election Day polling places

All of these locations will require a wireless network connection

AMERICAN OVERSIGHT

Wireless Network for e-Poll Books

The NJ Division of Elections and the NJ Office of Homeland Security and Preparedness took the lead in establishing a wireless network to be used for all of the e-Poll Book connectivity

- Standard configuration to minimize county work effort
- Contracted to use the AT&T FirstNet network which is a nationwide wireless broadband network for critical infrastructure communications
- The State is purchasing the necessary hardware and covering the network usage costs

AMERICAN OVERSIGHT

Cradlepoint IBR900

State provided hardened Cradlepoint routers for Early Voting sites

- Used in Early Voting sites only
- Includes router, antenna and power supply
- Initially configured by AT&T
- ePoll books linked before deploy
- Poll worker simply powers on and logs into ePoll book

AMERICAN OVERSIGHT

Cradlepoint IBR900

Hardened carrying case

AMERICAN OVERSIGHT

Nighthawk Hotspot Router

State provided Nighthawk wireless hotspot for all Election Day polling locations

- Includes router and power supply
- Initially configured by AT&T
- ePoll books linked before deploy
- Poll worker simply powers on and logs into ePoll book
- Primarily needed for start of day synchronization to central database

AMERICAN OVERSIGHT

Remote Network Management

- Remote access by county elections IT team
- Able to make common profile changes across all routers
- Apply changes to all routers simultaneously

New Jersey's Early Voting and Election Day
Network Connectivity for e-Poll Books

AMERICAN OVERSIGHT

New Jersey Implements Early Voting

On March 30, 2021 New Jersey passed a law requiring Early Voting be implemented for the 2021 General Election

The addition of early voting requires the use of e-poll books during the Early Voting period and on Election Day

There will be roughly 14,000 e-poll books in use between the 150+ Early Voting locations and the 3400+ Election Day polling places

All of these locations will require a wireless network connection

AMERICAN OVERSIGHT

Wireless Network for e-Poll Books

The NJ Division of Elections and the NJ Office of Homeland Security and Preparedness took the lead in establishing a wireless network to be used for all of the e-Poll Book connectivity

- Standard configuration to minimize county work effort
- Contracted to use the AT&T FirstNet network which is a nationwide wireless broadband network for critical infrastructure communications
- The State is purchasing the necessary hardware and covering the network usage costs

AMERICAN OVERSIGHT

Cradlepoint IBR900

State provided hardened Cradlepoint routers for Early Voting sites

- Used in Early Voting sites only
- Includes router, antenna and power supply
- Initially configured by AT&T
- ePoll books linked before deploy
- Poll worker simply powers on and logs into ePoll book

AMERICAN OVERSIGHT

Cradlepoint IBR900

Hardened carrying case

AMERICAN OVERSIGHT

Nighthawk Hotspot Router

State provided Nighthawk wireless hotspot for all Election Day polling locations

- Includes router and power supply
- Initially configured by AT&T
- ePoll books linked before deploy
- Poll worker simply powers on and logs into ePoll book
- Primarily needed for start of day synchronization to central database

AMERICAN OVERSIGHT

Remote Network Management

- Remote access by county elections IT team
- Able to make common profile changes across all routers
- Apply changes to all routers simultaneously

New Jersey's Early Voting and Election Day
Network Connectivity for e-Poll Books

AMERICAN OVERSIGHT

New Jersey Implements Early Voting

On March 30, 2021 New Jersey passed a law requiring Early Voting be implemented for the 2021 General Election

The addition of early voting requires the use of e-poll books during the Early Voting period and on Election Day

There will be roughly 14,000 e-poll books in use between the 150+ Early Voting locations and the 3400+ Election Day polling places

All of these locations will require a wireless network connection

AMERICAN OVERSIGHT

Wireless Network for e-Poll Books

The NJ Division of Elections and the NJ Office of Homeland Security and Preparedness took the lead in establishing a wireless network to be used for all of the e-Poll Book connectivity

- Standard configuration to minimize county work effort
- Contracted to use the AT&T FirstNet network which is a nationwide wireless broadband network for critical infrastructure communications
- The State is purchasing the necessary hardware and covering the network usage costs

AMERICAN OVERSIGHT

Cradlepoint IBR900

State provided hardened Cradlepoint routers for Early Voting sites

- Used in Early Voting sites only
- Includes router, antenna and power supply
- Initially configured by AT&T
- ePoll books linked before deploy
- Poll worker simply powers on and logs into ePoll book

AMERICAN OVERSIGHT

Cradlepoint IBR900

AMERICAN OVERSIGHT

Nighthawk Hotspot Router

State provided Nighthawk wireless hotspot for all Election Day polling locations

- Includes router and power supply
- Initially configured by AT&T
- ePoll books linked before deploy
- Poll worker simply powers on and logs into ePoll book
- Primarily needed for start of day synchronization to central database

AMERICAN OVERSIGHT

Remote Network Management

- Able to make common profile changes across all routers
- Apply changes to all routers simultaneously

MOLYNEAUX AssuredPartners

Neal,

Please find below, the information you had requested after your meetings last week. We look forward to providing further explanation on our unique and proprietary processes, that drive better outcomes to combat rising healthcare costs.

We excel at bringing organization cost savings tools, products, and advice that also provide a better experience when seeking medical attention. In the past five years implementing these financial levers, we have reduced our largest clients medical and pharmacy spending by 20% or more. The City of Davenport is the 3rd largest city in Iowa and has adopted many of our programs which has reduced their overall healthcare spend by 24% since we began working with them a few years ago. Davenport's med spend has gone from $17 Million to $13 Million by implementing our model.

Over my 30 years as a benefits consultant working with larger self-funded employers, I have never been so excited as to where our healthcare solutions are heading. We pride ourselves on pulling financial levers that the traditional brokers are not pulling. We compare your plan with our highest performing clients plan to set a benchmark. ***Nothing is good or bad, better or worse, except by comparison.*** We have identified over 50 financial levers unique in the industry to help our employers maximize savings while creating a better experience for the employee. A few of these financial levers include:

VIP Network – a specialty provider network we created with bundled pricing at a significate savings to our clients. Not asking a customer to travel for this same type of arrangement is what has been attractive. Our network can be accessed in 35 states, and your employees will never be balance billed with a cost structure much less than the major carriers. https://www.vipsupport247.com/

Convenient Care Plus – A network of over 17,000 "Doc In a Box"/Urgent Care clinics, telemedicine, and over 200 normally prescribed prescriptions for clients seeking care in these type of facilities all at a set price per month. Unlimited access with unlimited visits has been the attraction for our clients and employees. https://convenientcareplus.com/

Cash Based Pharmacy Network – remove the PBM's from the game and get down to cost of ingredients with a small dispensing fee to the pharmacy. We can mail order all over the country and we have seen 50% savings in pharmacy cost.

Please let us know if your contacts would be willing to jump on a 20-minute Zoom call for quick introductions and an overview of where we believe we can help.

Sincerely,

Chris Boling | Vice President |chris.boling@molyneaux.com

Will you be Secretary Ashcroft's Point of Contact for our Records? We will require him to arrive masked and get his temperature checked before going on stage. He may take his mask off when at the podium. We will have him speak first in order to excuse him for the remainder of his day as planned. The assembly starts at 10:40am and we will contact you about a week before to confirm if there are any time adjustments needed.

Please relay to Secretary of State Ashcroft that he will speak right before our primary election results are announced which is such an exciting time at ALA MGS!

He will speak at Hendricks Hall located in the UCM Administration Building. It is on the corner of South Street and Maguire (Business 13 Hwy) in Warrensburg on the Campus of the University of Central Missouri.

NOTE: Sen. David Pearce will meet you in the parking lot and escort you to Hendricks Hall.

Dear Mr. Ashcroft:

On behalf of the Department of Public Safety's Crime Victim Services/Juvenile Justice Unit and the Crime Victims' Rights Week Planning Committee, I would like to cordially invite you to attend the State of Missouri Crime Victims' Rights Week Ceremony, to be held **Thursday, April 22, 2021** on the South Lawn Steps of the State Capitol. We are working with the Boone County Muleskinners/Democrats in putting together a voter education forum on Wednesday, May 19, starting at 6:30 p.m. at the Knights of Columbus Hall in Columbia.

This would include voting procedures, equipment used in Boone and Cooper counties, local experiences and such. We're not going to cover candidates and issues.

We thought Sec. Ashcroft, or an official representative, may want to participate, given we may get questions about the different types of voting equipment used across the state, or questions about any new federal policies enacted through new legislation. Or just how your state office interacts with county clerks on election days and throughout the year. We hope to have a statewide perspective available at this event.

Brianna Lennon from Boone County and Sarah Herman of Cooper County have agreed to participate. Our working title is "Show Me the Vote!" but we're not sure your office uses that phrase already.

We are also going to have a table for the local GOP and local Dems to potentially get people interested in local politics. Your office can have a table as well if you have information you would like to disperse.

We are doing this because it seems many people have lost faith in our electoral process; not necessarily in Boone and Cooper, but the perception is out there among a good number of Missourians. So we're trying to put together an event to show transparency and provide information.

My number is 573-808-2947 if you have questions. We will follow Boone County health and safety guidelines that are in place at the time.

Thanks!

Mike Zweifel

NASS After-Action Review: IT and Cybersecurity Observations from the 2020 Election Cycle and Priorities for Moving Forward

Helping local election offices improve their cybersecurity posture:

What went well?

Local election official engagement in the election cybersecurity mission was at an all-time high during the 2020 election cycle. Many states implemented cyber navigator programs, and states forged individualized, one-on-one relationships with local election officials. States helped local election entities assess and manage risk to their systems. As a result, state-level awareness of cybersecurity risk to election systems increased. States provided funding and/or direct assistance to local election offices to mitigate risks prioritized by assessments. Many states helped local election officials create cyber incident response plans, increasing the level of preparedness to respond to cyber incidents throughout the country. Additionally, more local election officials belonged to the EI-ISAC and took advantage of their services than ever before.

How to improve moving forward?

There will be a continued need for building trusted relationships with local election officials, particularly amid turnover. States will continue the increased day-to-day connectivity with local election officials resulting from the use of virtual platforms during the pandemic even once in-person meetings resume. States hope to encourage more local election officials to join the EI-ISAC and to use their new services, such as Endpoint Detection & Response (EDR) and Malicious Domain Blocking and Reporting (MDBR). States also plan to help more local election officials move their email and websites to the .gov domain. States see an opportunity to continue to increase local election official engagement in cybersecurity by educating on ransomware and its prevalence and real-world impacts. In the year ahead, states plan to implement new or expanded outreach programs to local election officials that were impeded by the pandemic, such as onsite assessments. Finally, states see a continued need to support local election officials in their efforts to increase the priority of election cybersecurity within the broader county or municipal government through interaction with county/municipal IT departments and appropriators.

Working with private sector partners:

What went well?

States have built strong, trusted partnerships with private-sector technology and service providers. These private-sector partners were more engaged in the election cybersecurity mission than ever before. Many of them stepped up to help election officials administer a secure and accessible election during the pandemic. Private-sector partners set up election operations

AMERICAN OVERSIGHT

centers or participated in the state operation centers. Most were prepared to offer hands-on support during key periods. Several private sector partners offered valuable, new no-cost or low-cost services to help states respond to the pandemic and move to remote work.

How to improve moving forward?
States identified several areas for improvement related to working with private-sector partners, starting with ensuring the remaining vendors, who don't already, buy into their role as a partner to government in the mission to protect US elections from cyber threats. States also want to continue to increase their understanding of the cybersecurity postures of their private sector partners, using contract requirements and other methods. Some states also have plans to help local election officials oversee the cybersecurity practices of their IT providers and other vendors. States identified a need to improve (with help from the federal government) their visibility of vendor supply chains. The current supply chain security incidents also raise important considerations for contracts. States also learned important lessons for incident response planning related to working with the private sector, particularly in scenarios where one vendor serves many local election offices and may have diminished response capacity during an incident. Finally, states identified a challenge in determining the vendor role vs. the state and local election official role in communicating with the public about the security of election-related systems.

Collaborating with state government partners on election cybersecurity:
What went well?
Collaboration with state government partners including emergency managers, homeland security advisors, state CIOs/CISOs, National Guard, and others increased in response to the pandemic and other challenges in 2020. Many state government partners proactively reached out to election offices to offer assistance on cybersecurity and COVID response in 2020. There was an increased willingness to ask each other questions and for help as we all dealt with the COVID crisis. States continued their cybersecurity-related partnerships with the National Guard; in several states, units used training hours to assist with election cybersecurity at no cost to the state election offices. Some states also leveraged existing relationships with the National Guard and emergency managers to receive pandemic response-related assistance. Because of work done in previous years, state partners were more prepared and ready to assist in election operations than in previous years. Many were included in Slack channels, operation centers, cyber situational awareness rooms, etc.

How to improve moving forward?

AMERICAN OVERSIGHT

Some of these intrastate relationships were new in 2020 and directly tied to the pandemic response. States see opportunities to continue these relationships as we move beyond the pandemic to address other challenges, including cybersecurity. States identified a need to continue to improve coordination with other state agencies on incident response planning, including for cybersecurity and physical security incidents as well as natural disasters and other crises.

Cybersecurity services and information provided by federal partners:

What went well?

The quality of cybersecurity information sharing from federal partners was improved in 2020. Specifically, classified briefings were significantly more useful than during past years. CISA's relationship with state election offices continued to improve in 2020. State IT leaders find strong value in the addition of the Crossfeed program to CISA's suite of election cybersecurity services. The EI-ISAC cyber situational awareness room continues to help states have visibility into what is happening in other states in real-time during critical election periods. In 2020, many states implemented their own cyber situational awareness rooms (with partners and local officials) and fed applicable information from the state room into the national room. FBI Cyber was more engaged in work with election officials and was more accessible to election officials than in previous years, and this seemed to contribute to improved intelligence sharing. The coordination between FBI Cyber and CISA also seemed greatly improved – there was significantly less disconnect between these two federal partners than previously observed.

How to improve moving forward?

States have ongoing concerns about CISA's bandwidth to provide services and information to the entire election administration community. CISA has plans to address this concern, in part, by creating election security trends reports and increasing scalable services. Additionally, states encourage CISA to leverage state cyber navigator programs (and similar relationships) to connect with and provide services to local election administrators. States also identified continued room for improvement in federal partners' coordination with each other. For example, while CISA and the FBI have improved coordination, states still witnessed some disconnect or duplication of efforts between the FBI and the MS/EI-ISAC.

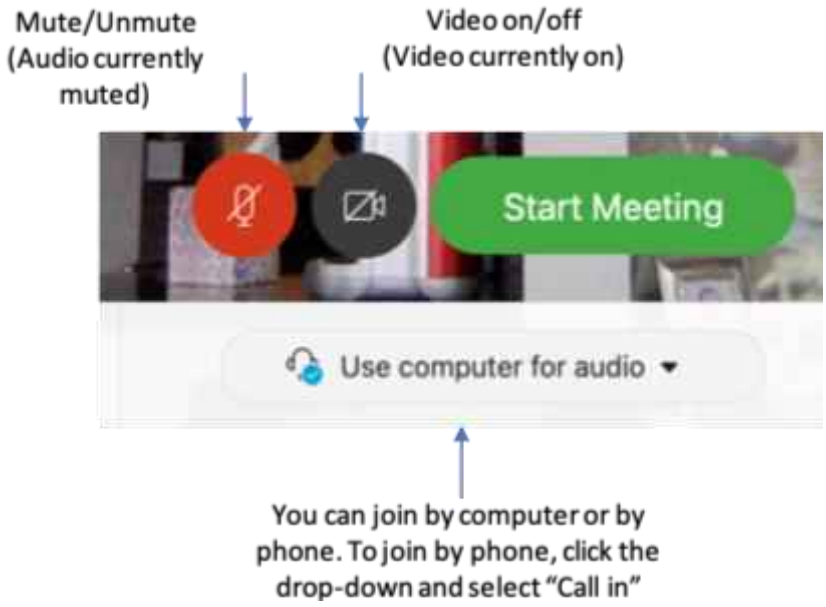
In the interest of minimizing technical difficulties and making the conference run smoothly, please see the below step-by-step instructions for using WebEx for this event.

- When you click the link in the calendar appointment, the WebEx application will open (or install, if you've never used it before). If you've never used WebEx before, we encourage you to install prior to the conference. If you didn't receive a confirmation calendar appointment, please check your spam folder and then reach out to me directly.
- Before you join the meeting, you will be given the option to mute your computer audio, turn your camera on/off, or join by phone. **Please mute your audio when you join and turn your video on**.



- If you choose to use phone audio, please select "Call in" from the drop down menu pictured above and then click "Join Meeting." You will be joined into the meeting with no audio. A box will pop up with the dial-in information for the meeting, including an "Attendee ID." This number ties your phone connection to your video connection.

AMERICAN OVERSIGHT

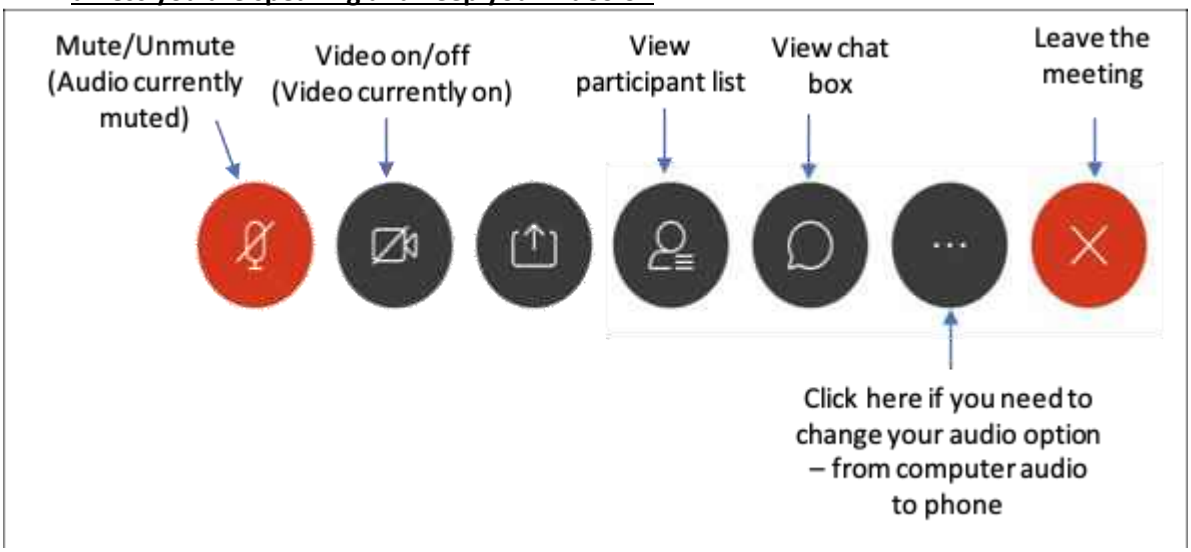
- In WebEx, the menu you need is on the bottom of your screen. **Please keep your audio muted unless you are speaking and keep your video on**.



- Every session has time built in for Q&A. You will be able to raise your hand to let the host know you want to ask a question or you can enter questions in the chat box.

Contact: Katy Holmer, 573/508-3141

Here is who is planning on attending on Thursday:

Dept. of Natural Resource Director Carol Comer
Missouri State Parks Director Mike Sutherland
Deputy Regional Director Melanie Robinson-Smith
Katy Holmer, Deutschheim Historic Site Supervisor
Alan LaBoube, Deutschheim Maintenance
Linda Walker-Stevens, Deutschheim guide who arranged to have Ordinance donated to the site
Eric and Susan Nichols, Hermann Farm

Director Comer would like to say a few words of thanks when accepting the return of the Ordinance. Will Secretary Ashcroft have prepared remarks? We will have an easel on a table on the front porch where we can place the framed copy of the ordinance.

I will contact the local Hermann newspaper and we might have a department staff photographer attend.

The address for the Hermann Farm is 526 E 1st St, Hermann, MO 65041. However, the Teubner - Husmann House is east of that address, with parking for about 10 cars. Here is a Google Maps view of it: https://www.google.com/maps/@38.7071672,-91.421336,3a,75y,246.64h,97.27t/data=!3m9!1e1!3m7!1s9ZdNKugo5z0iXyz8Gt4kew!2e0!7i13312!8i6656!9m2!1b1!2i38.

AMERICAN OVERSIGHT

NASS Summary: S. 3533 Securing and Enabling Commerce Using Remote and Electronic Notarization Act of 2020

Co-Sponsors: Sen. Kevin Cramer (R-ND) and Sen. Mark Warner (D-VA)
Introduced 03/18/2020 and referred to Senate Judiciary Committee

Requirements for Notarization of an Electronic Record

- Authorizes a notary to notarize an electronic record that occurs in or affects interstate commerce if the following requirements are met:
    - a stamp or seal of office is attached to or logically associated with the electronic record; or
    - the notary's electronic signature and any other required information is attached to or logically associated with the signature or electronic record; and
    - the stamp, seal, electronic signature, or other information is securely bound to the record in a manner that allows for independent verification and evidence of any changes or modifications to the record.

Requirements for Remote Notarization

- Authorizes notarizations that occur in or affect interstate commerce for individuals not in the physical presence of the notary if the following requirements are met:
    - the individual and the notary are able to communicate simultaneously by sight and sound through an electronic device or process at the time of the notarization;
    - the notary public has reasonably identified the individual by one or more of the following:
        - personal knowledge;
        - through public or private date using at least two 3rd party verification services or processes; or
        - oath or affirmation of a credible witness who:
            - is in the physical presence of the notary public or the individual, or is able to communicate with the notary public and the individual simultaneously by sight and sound through an electronic device or process at the time of the notarization;
            - has personal knowledge of the individual and
            - has been reasonably identified by the notary through personal knowledge or at least two 3rd party verification methods
    - The notary public, either directly or through an agent:
        - creates an audio and visual recording of the performance of the notarization; and

AMERICAN OVERSIGHT

        - retains the recording during the term of the notary public's office, unless state law requires a different retention period, and subject to any state laws regarding the content, retention, security, use, effect, and disclosure of the recording and any information contained in the recording
    - For an individual physically located outside of the U.S. at the time of the notarization:
        - the record is intended for filing with or relates to a matter before a court, governmental entity, public official, or other entity subject to the jurisdiction of the U.S; or
        - involves property located in the U.S. or a transaction substantially connected to the U.S; and
        - the notary public has no actual knowledge that the act of making the statement or signing the record is prohibited by the laws of the jurisdiction in which the individual is physically located
- Establishes that a state or federal law requiring personal or physical presence before the notary at the time of a notarization is satisfied if the individual and the notary can communicate simultaneously by sight and sound through an electronic device or process at the time of the notarization.

Recognition of Notarizations in Federal Court

- Requires federal courts to recognize any notarization performed by a notary public in a state outside of where the federal court is located if the following requirements are met:
    - the notarization occurs in or affects interstate commerce; and
    - for a tangible record, a stamp or seal is affixed or embossed on the record
    - for an electronic record:
        - a stamp or seal of office is attached to or logically associated with the electronic record; or
        - the electronic signature of the notary public, and all other information required to be included is attached to or logically associated with the electronic record

Interstate Recognition of Notarizations

- Requires each state to recognize notarizations performed by a notary in another state if the following requirements are met:
    - the notarization was performed under or relates to a public Act, record, or judicial proceeding of the state in which the notary is commissioned; or
    - the notarization occurs in or affects interstate commerce; and
    - a stamp or seal is affixed or embossed on a tangible record, or, in the case of an electronic record:
        - a stamp or seal is attached to or logically associated with the electronic record; or

AMERICAN OVERSIGHT

- the electronic signature of the notary, and all other information required to be included, is attached to or logically associated with the electronic record.

Electronic and Remote Notarization Not Required

- The Act does not require a notary to notarize an electronic record; perform a notarization for an individual not in the presence of the notary; or perform a notarization using a technology the notary has not selected

Rights of Aggrieved Persons Not Affected; No Effect on State Laws on Practice of Law

- The validity and recognition of a notarization under the Act does not prevent a person from seeking to invalidate a record or transaction, or from seeking other remedies under state or federal law for any reason not addressed in the Act, including on the basis:
    - that the person did not intend to authenticate or adopt a record;
    - that the individual was incompetent, lacked authority or capacity, or did not knowingly and voluntarily execute a record; or
    - of fraud, forgery, mistake, misrepresentation, impersonation, duress, undue influence, or other invalidating cause
- Nothing in the Act affects a state law governing, authorizing, or prohibiting the practice of law

Exception to Preemption

A state law is not affected by any provision in the Act if the state law:

- constitutes an enactment of the Revised Uniform Law on Notarial Acts (RULONA), except that any modification to RULONA in state law is preempted to the extent that it is inconsistent with the Act;
- specifies additional or alternative procedures or requirements for the performance of notarizations with respect to electronic records or for individuals not in the physical presence of a notary, if:
    - the additional or alternative procedures or requirements are consistent with the Act, and do not accord greater legal effect to the implementation or application of a specific technology or technical specification for performing the notarizations

Validity of Notarizations; Standard of Care; Special Notarial Commission; Savings Clause

- The failure of a notary to meet a requirement specified in the Act does not invalidate or impair the recognition of a notarization performed by the notary
- The Act does not to create a public or private cause of action or remedy

AMERICAN OVERSIGHT

- The Act does not prevent a state or a commissioning official from:
    - adopting a requirement in the Act as a duty or standard of care under the laws of the state or sanctioning a notary for breach of the duty or standard
    - establishing requirements and qualifications for, denying, refusing to renew, revoking, suspending, or imposing a condition on a commission as a notary; or
    - creating or designating a class or type of commission, or requiring an endorsement or other authorization to be received by a notary, as a condition on the authority to perform notarial acts with respect to electronic records or for individuals not in the physical presence of the notary public
- A notary may not perform an electronic or remote notarization under the Act if:
    - the state has enacted a law that creates or designates a class or type of commission, or requires an endorsement or other authorization to be received by a notary public, as a condition on the authority to perform notarial acts with respect to electronic records or for individuals not in the physical presence of the notary public; and
    - the notary public's commission is not of the class or type or the notary public has not received the endorsement or other authorization
- The Act does not affect the validity a notarization performed before the effective date of the Act

Severability

- If any provision of the Act or the application of the provision to any person or circumstance is held to be invalid or unconstitutional, the remainder of the Act and the application of the provisions to other persons or circumstances is not be affected.

AMERICAN OVERSIGHT

Missouri Right to Life is the oldest and largest single issue pro-life organization in Missouri and is the only Missouri affiliate of National Right to Life. Missouri Right to Life is dedicated to restoring and protecting the "unalienable" right to life through education, grassroots activation, and legislation.

The legislative work of Missouri Right to Life has played a critical role in making Missouri the most pro-life state in the country. Missouri is on the verge of being the first state without an abortion mill.

Missouri Right to Life's full-time presence in our State Capitol ensures our involvement in every step of the legislative process. Our staff works with legislators in crafting the strongest pro-life legislation possible, provides expert testimony in legislative hearings, and works at every step of the process to pass life-saving laws. Our vigilant oversight also helps prevent the passage of anti-life legislation.

Pro-life legislation protects every unborn child and every expectant mother. Your support of Missouri Right to Life ensures that our life-saving work in the State Capitol continues.

Help us keep Missouri the "Show Me Life" state!
