Dear Ms. Shaw,

We are in receipt of your request of Sept 12, 2022, for:

> A complete copy (including any attachments) of any action readiness reports, after-action reports, status reports of operation activities, manifests of individuals for transport, reports reflecting the status of asylum seekers once delivered to the destination location, situation reports, reports reflecting passenger departures, or any other reports or updates regarding the Arizona program which transports asylum seekers to Washington, D.C. or New York City provided to or created by the Arizona Department of Emergency and Military Affairs, including, but not limited to, reports created by AMI Expeditionary Healthcare LLC to fulfill the requirements specified within Contract #CTR060262.1
>
> Any formal or informal complaints received by the Arizona Department of Emergency and Military Affairs related to the program that transports asylum seekers from the southern border to Washington, D.C. or New York City, including, but not limited to, complaints received from asylum seekers and/or organizations or individuals communicating on their behalf.
>
> Any records reflecting the number of (a) children under the age of 18 or (b) pregnant people that have traveled by bus as part of the state program that transports asylum seekers from the southern border to Washington, D.C. or New York City.

In response to your request, DEMA is providing 1341 pages of responsive records.

You will be receiving a link to a file share to download the responsive records. Please note that we redacted these records as necessary to remove Personally Identifying Information ("PII") for those individuals with a reasonable expectation of privacy. Redacted text is so noted with an all-caps "REDACTED" mark.

Sheldon,

The pleasure was ours! Thank you for making time for us in your busy day. I'll do my best to answer the questions posed, however there are some items that aren't broken out of the initial costing contract and would require significant administrative effort to dial in. When able I summarized the costs based on the original contract numbers included.

Total Buses: 50

Total Asylum Seekers Transported: 1810

Total Cost: $4.1M

Total Delay Cost: $57,647.81 up to 12July
Until current: Not currently tabulated

Food, Beverage and Medical Supply Cost: Included in ODC per contract and not tabulated except in the case of delay/cancellation.

Bus Cost: $1.93M (~47%)

Hopefully this helps and please let me know if there is anything else that you may need help with!
Justin

Diego is asking for passengers at his location however he did not have any as a certainty.

In our discussion he hopes to ask for a standard 5-7 passengers for the bus in the future. We plan on dialing it in tomorrow at 1530 during the meeting.

As this bus approached Dallas, TX, a family of five informed AMI staff that they wished to get off the bus and that they had nearby family who could pick them up in Dallas. There were no health, safety, or dissatisfaction issues at play; it was only a matter of wanting to get their small child off the long trip.

AMI provided the departing riders with an additional meal, made contact with the family member who was coming to pick them up, and remained in contact with all parties until it was confirmed that they had been safely transported to their family's home.

The riders departing the bus were:
