Subject: Biden Administration move will let in 1.7 MILLION more illegals

Hello Patriot -

On May 23rd the Biden Administration is going to end Title 42 - the policy that stopped 1.7 million illegals from crossing the border.

If the administration goes through with this plan, they will be deliberately opening the border to millions of illegal immigrants!

We have to take action now before its too late. This is an all hands on deck moment - we need your support today.

[Help us fight back with a generous contribution of \\$35 or more right now.](#)

DONATE TODAY

2 MILLION illegal immigrants have already crossed the border since President Biden took office. That's higher than the population of more than a dozen states.

Our country is being permanently changed by these levels of immigration. Democrats are doing this on purpose!

It's up to conservatives like you to help us fight back and keep Title 42 in place. We need to have an army behind us.

[Send an urgent donation of \\$75 or more right now to help us fight the Biden Administration. I am counting on your support.](#)

Our law enforcement members are already speaking out against this move. We are taking the message nationwide and organizing opposition.

Fund our efforts today and we can save Title 42 together.

Subject: Texas to charge fentanyl dealers with MURDER

Hello Patriot -

Fentanyl is 50 times more powerful than heroin and 100 times more powerful than morphine. It's not a drug, it's a poison!

Governor Greg Abbott of Texas wants to charge drug dealers who push fentanyl with murder because they are knowingly selling poison.

As a law enforcement officer who has seen the effects of fentanyl firsthand, I think this is a great idea.

[Help us support the passage of this new law in Texas and across the country with a quick \\$45 donation to our organization.](#)

DONATE TODAY

3 milligrams of fentanyl is all it takes to kill an average adult male. You can see in the photo above how incredibly small of an amount that is.

Most people who are poisoned by fentanyl did not intend to consume it. Drug dealers deliberately add fentanyl to other drugs to increase their potency and do not tell their consumers.

Dealers are purposefully adding a drug they know to be toxic - and hiding it - in order to increase their profits. They should be charged with murder for that!

[Help us support changing the law today with a generous contribution of \\$70 or more right now. We need you to have our back.](#)

Law enforcement officers have seen how fentanyl destroys families from all walks of life. Over 100,000 people overdosed last year, and 77% of deaths those were from fentanyl.

We have to take strong action to stop this scourge. Support our organization today and help us fight back.

Subject: The biggest attack on your gun rights in DECADES

Hello Patriot -

Conservatives banded together and defeated David Chipman, the first nominee to head up the ATF, but President Biden hasn't given up.

Biden just nominated Steve Dettelbach, a political hack with no law enforcement experience and an even worse record of supporting unconstitutional gun control.

In addition, Biden announced executive actions to prohibit Americans from making their own firearms - a right that dates to before the American Revolution.

[We won't let them get away with it. Send a quick \\$35 donation right now to support our fight against the Biden Administration.](#)

DONATE TODAY

Americans have been making their own firearms since we were still a British colony. Our ability to manufacture our own arms contributed to our victory over the British Army!

Joe Biden has no authority to regulate away that freedom. It is an inalienable right protected by our Second Amendment.

Law enforcement officers across our country must stand up and refuse to enforce this unconstitutional regulation.

[We are leading the resistance to this new rule, and to Biden's new nominee to lead the ATF. Help us fight back with a generous gift of \\$60 or more today.](#)

If we can defeat David Chipman, we can defeat Steve Dettelbach. But we have to get started right away.

Biden knows he's going to lose the Senate this November. He is going to try and rush this nomination through. We will have to work overtime to stop him.

Join our organization today to help us win this fight and stop a tyrant from taking over the ATF.

Subject: OUTRAGEOUS! No baby formula shortage at border detention facilities

Hello Patriot -

President Biden allows illegal immigrants to walk across our border, take jobs from American citizens, send their children to public schools, and receive free healthcare.

The administration is even providing baby formula for illegals caught at the border in the midst of a nationwide baby formula shortage!

With the Progressives in charge, it's illegals first, Americans last. We have to reverse course and take care of our own people first.

[Help us fight to put a stop to this madness with a quick \\$40 donation right now.](#)

DONATE TODAY

The nationwide out-of-stock percentage for baby formula is at 43%. Nearly half of all stores have empty shelves!

Meanwhile, there is no shortage of baby formula for illegal immigrants caught breaking our laws to enter our country illegally.

Enough is enough. We are demanding the Biden Administration take immediate action to ensure American citizens are put at the front of the line.

[Help us keep the pressure on President Biden with a generous contribution of \\$70 or more right now.](#)

There is no sector of the economy that has not been decimated by President Biden's policies. Progressives are turning the U.S. into a third world country.

We need conservatives like you to stand with us in this fight. We have to show the Biden Administration that we mean business.

Subject: Sheriffs announce MAJOR initiative to secure our elections!

Hello Patriot -

We have spent the last two years fighting to secure our border, defend our gun rights, and uphold the rule of law.

And now, we are turning our attention to the most important issue of them all - the issue that undergirds all the rest: election integrity.

If we don't have secure elections, we will never be able elect the representatives we need to pass border security legislation, defend our Second Amendment, and back the blue.

[Protect America Now and True the Vote have joined forces to launch ProtectAmerica.vote. This new initiative will educate voters and local Sheriffs on how they can act to secure our elections.](#)

[WATCH THE VIDEO](#)

ProtectAmerica.vote will begin work immediately to secure our elections:

1. **EMPOWERING SHERIFFS** Starting immediately, ProtectAmerica.vote will provide local Sheriffs with the training, resources and tools to have real-time eyes on voting in their county.
2. **ONE PERSON ONE VOTE** Starting August 1st, ProtectAmerica.vote will begin a national campaign on TV, online and radio to educate voters state-by-state on what they can and can't do at the ballot box.
3. **SEE SOMETHING, SAY SOMETHING** Starting August 1st, voters can call the National Election Integrity Voter Hotline to report suspicious activity at any voting center or drop box. Through partnerships with county sheriffs, calls will be quickly evaluated by trained monitors and routed to the correct Sheriff's department.

We need your help to fund this project. We can have secure elections in this country again, but it's up to you to help us make this happen.

Please donate to our organization today to help us get this initiative off the ground. We are counting on your financial support to make this a success.

Subject: National Election Integrity Voter Hotline Goes Live in August!

Hello Patriot -

As you may have heard, True the Vote (the organization that provided intel for the documentary 2000 Mules) and Protect America Now have partnered to launch ProtectAmerica.vote.

This is a national effort to equip sheriffs, educate citizens and protect our elections.

We have big news to announce!

ProtectAmerica.vote is launching a National Election Integrity Voter Hotline to provide voters with a point of contact to report potential fraud and to connect them with their local sheriffs.

If citizens see something unusual, we are asking them call our voter integrity hotline and we will route the concerns to the appropriate Sheriff's office in their community. Sheriffs are the last line of defense and they can help enforce election integrity.

The Hotline goes live in August and we need your help to ensure the hotline is fully staffed.

[Watch the video and help us fund this important work right now with a quick \\$50 donation. We need your help to secure our elections.](#)

WATCH THE VIDEO

Should the election process break down, most citizens in this country would not know where to turn. That is unacceptable.

That is why we are launching this hotline. Now there is somewhere for citizens to turn when they see something happening that shouldn't be.

[Our new hotline will close the gap between citizen and sheriff and ensure this coming election is as secure as possible. Send a gift of \\$75, \\$125, \\$200 or more right now to help fund this critical work.](#)

We are on the front lines of securing our elections. We are empowering tens of thousands of Americans to take action.

Donate to our organization today and we will enforce election integrity together.

Subject: FBI RAIDS TRUMP RESIDENCE

Hello Patriot -

As a law enforcement professional, I am deeply concerned by the dangerous, unnecessary, and likely politically-motivated raid on Mar-a-Lago.

Raiding President Trump's private home is the latest in a long line of partisan witch hunts that have destroyed the reputation of the FBI.

This is far from law and order. This is the kind of behavior you would expect in a banana republic!

This raid is the perfect example of the lack of accountability we have come to expect from federal law enforcement agencies.
