Good afternoon:

In the three years since Ranking Member Rodney Davis took over Republican leadership at House Administration, we've gotten to know each of you, both in D.C. and in your states (17 states + territories and counting!) and have benefited from learning from your experience. You've told us that Congressional Republicans needed to do a better job at staving off election nationalization. You've told us that simply defeating H.R. 1 and H.R. 4 wasn't enough, that we needed Republican legislation to protect federalism and reaffirm the Constitution's structure: States have primary authority over federal elections, and congressional authority is not only secondary but very limited.

As you know, those conversations led us to explore with you and your teams how we might fill this void with solid legislation that not only meets the moment, but, more importantly, respects federalism and our conservative principles. This has led us to the American Confidence in Elections (ACE) Act, a bill we have drafted together with Republican Secretaries of State, Lt. Governors, state elections directors, state elections commissioners, state legislators, local officials, and other key stakeholders over the past two years.

At the suggestion of Secretary Warner (WV) and following a recent meeting with Secretary Ardoin (LA), we will be facilitating a detailed bill review session for a final examination of the draft text. This virtual bill review session will be held Thursday, June 16, beginning at 11:00 a.m. EDT.

Each of you has been a vital partner in this process, and now that we are nearing introduction this summer, we would appreciate the further benefit of your experience to review the near-final text to ensure nothing has been missed. This working review session will be driven by the participation and conversation between attendees. Senior Committee staff will be online to facilitate and to answer questions or to discuss policy considerations.

Re: Lent C. Carr Protest Petition
Filed May 20, 2022

Dear Ms. Karen Brinson Bell & NC State Board of Election Members:

Reading today's The News-Journal of Hoke County news article titled: "No evidence Thomas bought votes" on the front page, WETHEPEOPLE #2 Outreach of Hoke County, expresses grave concerns of a statement made your spokeman, Mr. Patrick Gannon, " The investigation into votes buying complaint was closed after finding there were insufficient evidence of a violation".

Enclosed is actual evident of Allen Thomas, i.e video, photo and affidavits from witnesses that had previously been provided to you, of Thomas standing in a Handicap Voting Zone-Voting Booth passing money.

The News-Journal also wrote " Multiple people including Hoke Election Director Chassidy Chavis reportedly saw Thomas handing money to a man in a truck in the parking lot of the Pratt Building during early voting, but Thomas said he was paying his "lawn care guy" for mowing grass on two properties. (???)

Let's take it from the top. Enclosed is factual evidence of a video and photo, provided to the local Director of Election and the NC State Board of Election that clearly dispute there were

AMERICAN OVERSIGHT

insufficicent evidence. In this email, when you stroll down to the end, is the evidence Mr. Lent C. Carr had stamped by the local board and sent to the NC State Board of Election, to whit, we wish to believe you carefully reviewed before rendering your decision to " Administratively Dismiss Mr. Lent C. Carr Protest complaint.

As you will see, Clearly, the video and photo is proof that Mr. Thomas is not in the parking lot but standing inside a "Handicap Parking Space- Voting Booth" handing money as witnessed by the Hoke County's Director of Election and Affidavits , and certainly not in the parking lot as reported in the news article.

You closed your investigation stating there were no "probable cause" to believe a violation had been committed, but the enclosed evidence clearly disputes your finding to Administrative Dismiss the Protest Ciomplaint.te

It has been stated that your NC Board of Election never requested any information nor evidence regading photo, video or any documents to substantiate Mr. Carr's complaint. Our question to you is, how did you reach your decision to dismiss without evidentiary discoveries'. Or why did you dismiss?

The issue was not about the votes tabulation as your decision seem to insinuates, but about a candidate /Commissioner paying for votes inside a handicap parking space which in all reality is a violation. Also, you mentioned the driver. Ok, we'll grant you that. However, Mr. Thomas as you see in the video and photo is on the passenger side passing the money, whereas, the passenger was there and waiting to VOTE.

Karen Brinson Bell and NC State Board of Election Members, , WETHEPEOPLE of Hoke County, is confused and puzzled as to how and why you Administratively Dismiss Mr. Lent C, Carr Protest Complaint against Allen Thomas. Is there something about voter fraud, paying for votes standing in a handicap parking Voter Booth, and violation of the Voters Act, we do not understand?
If so, please advise us.

Just saw some data during our precinct meetings that is very disturbing. The total vote was broken down by early in-person, election day in-person, and mail-in absentee. Here in Moore County the mail-in for every race was won by the Democrat by an average 70%-30% split. This simply cannot be! Fortunately It did not make enough of a difference here in Moore to change the outcome of any 2020 race. But when you look at it on a statewide basis virtually every county had the same results and % split for mail-in and it was enough to make the Trump victory very narrow, and enough to hand the Governor and Attorney General races to the democrats. The rule changes for accepting and counting mail-in ballots were liberalized by the SBE in mid-2020 based on the "pandemic" and I believe two Republican SBE members, Black and Raymond, resigned because of those changes.

There is already enough cynicism about election integrity to suppress turnout. If the above is all true and there was mail-in absentee fraud here in North Carolina we have a few months to get it cleaned up. Please advise.

Re: Lent C. Carr Protest Petition
Filed May 20, 2022

Dear Ms. Karen Brinson Bell & NC State Board of Election Members:

Reading today's The News-Journal of Hoke County news article titled: "No evidence Thomas bought votes" on the front page, WETHEPEOPLE #2 Outreach of Hoke County, expresses grave concerns of a statement made your spokeman, Mr. Patrick Gannon, " The investigation into votes buying complaint was closed after finding there were insufficient evidence of a violation".

Enclosed is actual evident of Allen Thomas, i.e video, photo and affidavits from witnesses that had previously been provided to you, of Thomas standing in a Handicap Voting Zone-Voting Booth passing money.

The News-Journal also wrote " Multiple people including Hoke Election Director Chassidy Chavis reportedly saw Thomas handing money to a man in a truck in the parking lot of the Pratt Building during early voting, but Thomas said he was paying his "lawn care guy" for mowing grass on two properties. (???)

Let's take it from the top. Enclosed is factual evidence of a video and photo, provided to the local Director of Election and the NC State Board of Election that clearly dispute there were

AMERICAN OVERSIGHT

insufficicent evidence. In this email, when you stroll down to the end, is the evidence Mr. Lent C. Carr had stamped by the local board and sent to the NC State Board of Election, to whit, we wish to believe you carefully reviewed before rendering your decision to " Administratively Dismiss Mr. Lent C. Carr Protest complaint.

As you will see, Clearly, the video and photo is proof that Mr. Thomas is not in the parking lot but standing inside a "Handicap Parking Space- Voting Booth" handing money as witnessed by the Hoke County's Director of Election and Affidavits , and certainly not in the parking lot as reported in the news article.

You closed your investigation stating there were no "probable cause" to believe a violation had been committed, but the enclosed evidence clearly disputes your finding to Administrative Dismiss the Protest Ciomplaint.te

It has been stated that your NC Board of Election never requested any information nor evidence regading photo, video or any documents to substantiate Mr. Carr's complaint. Our question to you is, how did you reach your decision to dismiss without evidentiary discoveries'. Or why did you dismiss?

The issue was not about the votes tabulation as your decision seem to insinuates, but about a candidate /Commissioner paying for votes inside a handicap parking space which in all reality is a violation. Also, you mentioned the driver. Ok, we'll grant you that. However, Mr. Thomas as you see in the video and photo is on the passenger side passing the money, whereas, the passenger was there and waiting to VOTE.

Karen Brinson Bell and NC State Board of Election Members, , WETHEPEOPLE of Hoke County, is confused and puzzled as to how and why you Administratively Dismiss Mr. Lent C, Carr Protest Complaint against Allen Thomas. Is there something about voter fraud, paying for votes standing in a handicap parking Voter Booth, and violation of the Voters Act, we do not understand?
If so, please advise us.

That data is true across the board, everywhere.

We need an election integrity task force here in Moore County that focuses on the mail in voting: the procedures for when those are sent, the verification procedures when applications are returned, and to be sure that only those who are verified actually received the ballots. Then there should be a transparent, observable process for verifying that the ballots are from legitimate voters.

We need to know what the process is with the USPS in the county to make sure that we are getting the information necessary from the USPS to verify that there is nothing going on behind the scenes with the postal authorities.

Yes, there are huge issues with absentee / mail in ballots. We are all concerned about it, and that is why we need a team of people whose only focus is monitoring the absentee voting process in Moore County – and every county.

We should also see if there are any potential legal challenges such as the ones brought in PA and WI where ballot drop boxes and absentee voting procedures in 2020 were challenged and where the courts have ruled in the last 2 weeks that the drop boxes were illegal (both WI and PA) and that the absentee ballot law passed by the PA legislature was a violation of the PA constitution.

We need to be doing everything we can to challenge and fight over the unrestricted and unverified mail ballot process.

Big big worry – and we need to be absolutely vigilant about any ballot harvesting activities in any locale anywhere in the state because that is illegal but the Democrats do it anyway, with their left wing "voting rights" groups
