going to need a lot of help & a loss by him will be on him from matters like the hit piece below, or the coming noise about his residency. WI can't allow for another 4yrs of Evers either, so here we are.

Election integrity is unresolved. TM will help make that happen. Steen must win 'legally' in the 63rd. TM & Steen win, you & I both do too, big! Let's buckle up for the hit pieces & get this done...
