Re: Right to Know regarding Hollis checklist

Dear Ms. Lewis:

We are in receipt of your request received on November 18, 2022, for documents under New Hampshire RSA 91-A for the following:

1. Records sufficient to identify all materials on which the Office of the Attorney General relied in determining the appropriateness of the methodology used by Hollis officials to identify registered voters to receive "30 Day Letters."
2. Any formal or informal assessment, opinion, analysis, or other similar regarding the "30 Day Letters" sent by Hollis officials including, but not limited to, any conclusions sent to any Hollis official or any other New Hampshire official, including anyone in the New Hampshire Department Office of State.
3. Records sufficient to identify the current or final disposition of any other reviews of voter checklist purge practices conducted by the Office of the Attorney General.
4. All complaints, requests for opinion, and requests for review regarding any New Hampshire locality's methodology for identifying registered voters to receive "30 Day Letters" or otherwise be considered for purging from the voter checklist.

RSA 91-A requires the production of governmental records, which are specific pre-existing files, documents, or data in an agency's files, but not information that might be gathered or compiled from numerous sources. RSA 91-A does not require a public body or a public agency to create governmental records to answer a question.

One document responsive to your request is exempt from disclosure as it is confidential information protected by the attorney-client privilege under RSA 91-A:5, IV. All additional records that are responsive to your request are attached.

Additionally, the Election Procedure Manual is available online at: <https://www.sos.nh.gov/elections/information/election-laws>. An explanation of the use of a 30-day Letter begins on page 45 of the above-linked manual.

Sincerely,

Myles B. Matteson

8/10/2022 10:46:00 AM (MM) Emma Mintz - re bulk 30 day letters in age group

Emma asked if we had heard about a town sending out 30 day letters to everybody between the ages of 18 and 36. She said it was a rumor and has no more information alleging what town.

She will report to us if she hears anything more.
