American Oversight is not in a position to provide phone numbers for these individuals. To the extent Commissioner Spindell is unable to provide them, please use their first and last names as search terms. For example, a search for text messages between Commissioner Spindell and Cleta Mitchell would be conducted by searching Commissioner Spindell's text messages using the key terms "Cleta Mitchell," "Cleta," and "Mitchell."

For both parts of this request, the search should include email and text communications sent or received by any individual or personal accounts associated with Commissioner Spindell if they were used to conduct official business, as well as those sent or received by official email addresses and phones.

For both parts of this request, please provide all responsive records from September 1, 2023, through the date the search is conducted.

Guidance Regarding the Search & Processing of Requested Records

American Oversight seeks all responsive records regardless of format, medium, or physical characteristics. Please search all locations and systems likely to have responsive records regarding official business. **You may not exclude searches of files or emails in the personal custody of your officials, such as personal email accounts.** Emails conducting government business sent or received on the personal account of the authority's officer or employee constitutes a record for purposes of Wisconsin's public records laws.⁵

In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records.⁶ If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed throughout the document. If a request is denied in whole, please state specifically that it is not reasonable to segregate portions of the record for release.
