Re: Public Information Request

Dear Public Information Officer:

Pursuant to the Texas Public Information Act, as codified at Tex. Gov't Code ch. 552, American Oversight makes the following request for public records.

Requested Records

American Oversight requests that your office promptly produce the following:

1. All email communications (including email messages, calendar invitations, and any attachments) sent by (A) any of the State Board of Education (SBOE) officials listed below, to (B) anyone communicating on behalf of an organization listed below, including, but not limited to, anyone communicating from an email address ending in the listed domain(s).

State Board of Education Members

- a) SBOE Member and former Chair Keven Ellis
- b) SBOE Vice Chair Pam Little
- c) SBOE Member Evelyn Brooks
- d) SBOE Member Julie Pickren
- e) SBOE Member LJ Francis
- f) SBOE Chair Aaron Kinsey
- g) Commissioner Mike Morath

Outside Organizations and individuals

- a) Anyone communicating on behalf of National School Chaplain Association, and/or anyone communicating from an email address ending in nationalschoolchaplainassociation.org
- b) Anyone communicating on behalf of Wallbuilders, and/or anyone communicating from an email address ending in wallbuilders.com
- c) Anyone communicating on behalf of Texas Values, and/or anyone communicating from an email address ending in txvalues.org

2. All email communications (including any email messages, complete email chains, attachments, or calendar invitations) sent by any of the SBOE officials listed in part one of this request containing any of the following key terms:

- 1) "David Barton"
- 2) "Matt Krause"
- 3) "Mission Generation"
- 4) "Rafael Cruz"
- 5) "Rocky Malloy"
- 6) "Senate Bill 763"
- 7) "Ten Commandments"
- 8) Chaplin
- 9) evangelize
- 10) proselytize
- 11) secular

For both parts of this request, in an effort to accommodate your office and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited its request to emails sent by the listed custodians. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both sent and received messages. This means, for example, that both SBOE Board Member Aaron Kinsey's response to an email containing a listed key term and the initial received message are responsive to this request and should be produced.

Please note that American Oversight does not seek, and this request specifically excludes, the initial mailing of news clips or other mass-distribution emails. However, subsequent communications forwarding or responding to such emails are responsive to this request. In other words, for example, if SBOE Member Kinsey received a mass-distribution news clip email from the Wallbuilders, that initial email would not be responsive to this request. However, if SBOE Member Kinsey forwarded that email to a listed individual with her own commentary, that subsequent message would be responsive to this request and should be produced.

For both parts of this request, please provide all responsive records from April 1, 2023 to the date the search is conducted.

American Oversight insists that your office use the most up-to-date technologies to search for responsive information and take steps to ensure that the most complete repositories of information are searched. American Oversight is available to work with you to craft appropriate search terms. **However, custodian searches are still required; governmental authorities may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.**

Please search all records regarding official business. **You may not exclude searches of files or emails in the personal custody of your officials, such as personal email**

accounts. Emails conducting government business sent or received on the personal account of a governmental authority's officer or employee constitutes a record for purposes of the Texas Public Information Act.¹

In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed throughout the document. If a request is denied in whole, please state specifically that it is not reasonable to segregate portions of the record for release.

Please take appropriate steps to ensure that records responsive to this request are not deleted by your office before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

To ensure that this request is properly construed, that searches are conducted in an adequate but efficient manner, and that extraneous costs are not incurred, American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your office can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in electronic format by email or in PDF or TIF format on a USB drive. Please send any responsive material being sent by mail to American Oversight, 1030 15th Street NW, Suite B255, Washington, DC 20005. If it will accelerate release of responsive records to American Oversight, please also provide responsive material on a rolling basis.

Fee Waiver Request

In accordance with Tex. Gov't Code § 552.267(a), American Oversight requests a waiver of fees associated with processing this request for records, because such a waiver "is in the public interest because providing the copy of the information primarily benefits the general public." The requested records are directly related to the work of state officials, with the potential to shed light on the communications between Texas state officials and outside groups who support school chaplains conducting mental health counseling. This issue is a subject of substantial public interest in Texas.²

Accordingly, release of any responsive records may help the public understand the operations and activities of state officials and is therefore in the public interest.

Release of the requested records will primarily benefit the public.³ As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the requested records is not in American Oversight's financial interest, but is rather in the public interest. American Oversight is committed to transparency and makes the responses governmental authorities provide to public records requests publicly available. As noted, the subject of this request is a matter of public interest, and the public would benefit from an enhanced understanding of the government's activities through American Oversight's analysis and publication of these records. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.com.⁴

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through numerous substantive analyses posted to its website.⁵ Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to the organization's investigations into misconduct and corruption in state governments;⁶ the posting of records related to the Trump Administration's contacts with Ukraine and analyses of those contacts;⁷ posting records and editorial content about the federal government's response to the Coronavirus pandemic;⁸ posting records received as part of American Oversight's "Audit the Wall" project to gather and analyze information related to the administration's proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;⁹ the posting of records

Accordingly, American Oversight qualifies for a fee waiver. If your office denies our request for a fee waiver, please notify American Oversight of any anticipated fees or costs in excess of \$40 prior to incurring such costs or fees.

Also, if American Oversight's request for a fee waiver is not granted in full, please contact us immediately upon making such a determination.
