Mariuxi,

I am still waiting on my question regarding two emails to be answered, but in the meantime wanted to send you what is determined to be releasable along with a list of redactions. Please see attached.

Two similar emails that we are still reviewing are regarding submissions to our agency's grant review committee which reviews grant applications before submission by our various offices. Do you know if you would be interested in these records?

Thank you,
Davy

I can do that and my apologies for the issues with your submission. You should receive a confirmation email once I submit. Should I use the records@americanoversight.org email as the contact email or something else? The name I would assume I'd include would be Elizabeth Haddix.
