EXTERNAL SENDER

Greetings,

Our office has concluded the search for your requested public records.

Regarding Item 1 of your request, there were no responsive results. Please note that our office only has access to records and communications within the Office of the Governor. As such, we do not have access to any records for individuals e through i listed in your request. You will need to contact their respective offices for their records.

Regarding Item 2 of your request, there were results that contained some of the listed key terms such as "signature" and "amendment." However, none of these communications were pertaining to "any proposed ballot initiative seeking to guarantee a fundamental right to reproductive freedom or a fundamental right to abortion until fetal viability in the Nevada state constitution."

As such, we do not consider those communications responsive to your request. Please let us know if that is not the case.

Please let me know if I can be of any further assistance.

Best,

Andrew
