Subject: BREAKING: Hobbs declares AZ a "sanctuary state"

Hi Phil,

It's official: Her loss in the [Battle of Arizona](#) has driven Gov. Katie Hobbs off the deep end.

In her freakout over how Trump won AZ by 6% and Republicans gained seats in the state legislature, Katie Hobbs has decided to go full Communist- she has announced that she intends to make Arizona a Sanctuary State that doesn't cooperate with ICE and won't deport any of the invaders taking over our state.

The criminals, the drug dealers, the Venezuelan gangs.... no one. The mask has finally come off.

FOX News has this:

She then added, "What I will unequivocally say is that, as governor, I will not tolerate efforts that are part of misguided policies that harm our communities, that threaten our communities, that terrorize our communities, and Arizona will not take part in those."

Trump made launching a mass deportation operation a key part of his 2024 presidential campaign, and his transition team has already started making plans on the logistics of the operation. On Monday, Trump said he was open to declaring a national emergency and using military assets to make it happen.

When pressed on the deportations, Hobbs' was asked if state police and National Guard would help with deportations.

"We will not be participating in misguided efforts that harm our communities, and I've been incredibly clear about that," she said.

Our governor has gone full Massachusetts.

Never, EVER trust a Democrat when they promise they are "different" or "moderate". **In reality, they are ALL Massachusetts leftists.**

The "Secure the Border Act" just passed. That gives our law enforcement extra tools to combat the invasion at the border.

The Arizona Senate will do everything in our power to improve the border AND work with the Trump Administration to give them what they need. We won't let AZ's border keep being open when the people of Arizona clearly voted for it not to be.

[The AZ Dems WANT an open border. They WANT the invasion and the cartels and the human trafficking. They WANT Arizona to fall! Will YOU help us stop them?](#)

[I have a goal of \\$40,000 raised before the end of the year yo send them loser Dems in Arizona a message. Clearly, they did not get the message from the election. We will need to send them a BIGGER message to defend Arizona!](#)

Subject: Immigration Enforcement Questions
To: lauren.reimer@pinal.gov <lauren.reimer@pinal.gov>

Hi Lauren,

We are reporting on the involvement of Arizona's Sheriffs in immigration enforcement.

Could you please respond to the following questions:

Is your agency currently devoting any staff to the enforcement of state and/or federal immigration laws? If so, how many staff members, and what are they doing to conduct immigration enforcement?

How will your agency respond if Arizona's Prop 314 becomes law? How would your agency go about enforcing that law?

Do you believe Prop 314 would give your agency immigration enforcement power?

Would you allow people arrested in violation of Prop 314 to be housed in your jail(s)?

Have you been contacted about enforcing federal immigration by anyone from the federal government and/or anyone from the incoming Trump administration? If so, what were the nature of those conversations?

If the Trump administration asks your agency to assist in the enforcement of federal immigration law, would you do so?

Do you currently house any detainees for Immigrations and Customs Enforcement in your jail(s)? If so, how many?

Do you currently house any detainees who are being held by any agency for immigration law violations, or who are charged with violating immigration laws? If so, how many?

Would you allow your jail to be used to house people detained by the state or federal government on charges of violating immigration law?

Thank you for your time,

Jimmy

Hi Mark,

I'm writing about the role sheriffs will play in the new Trump administration's plans for mass deportations of illegal immigrants.

I saw that you and several other sheriffs met with Border Czar Tom Homan this week and I was wondering if you might be available to chat about what you spoke about and your views on the deportation plans?

Regards

David
