Re: Freedom of Information Act Request

Dear FOIA Officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of Immigration and Customs Enforcement (ICE), 6 C.F.R. Part 5, American Oversight makes the following request for records.

President Trump's executive order "Protecting the American People Against Invasion" directs the Department of Homeland Security to expand the use of 287(g) agreements with local and state law enforcement.[1] American Oversight seeks records that shed light on the expansion of the 287(g) program to carry out President Trump's mass deportation agenda.

Requested Records

American Oversight requests that Immigration and Customs Enforcement (ICE) produce the following records within twenty business days:

1. All email communications (including emails, email attachments, complete email chains, calendar invitations, and calendar invitation attachments) sent by any of the Immigration and Customs Enforcement officials listed below, and/or anyone communicating on their behalf, such as an assistant, secretary, and/or chief of staff, and containing any of the key terms listed below.

   Immigration and Customs Enforcement Officials:
   i. Caleb Vitello, Acting Director
   ii. Kenneth Genalo, Acting Deputy Director
   iii. Jon Feere, Chief of Staff
   iv. Anyone serving as acting Director, Enforcement and Removal Operations ("ERO")

[1] For further identifying information, *see*, Protecting the American People Against Invasion (2025), https://www.whitehouse.gov/presidential-actions/2025/01/protecting-the-american-people-against-invasion/.

Key Terms:
a. "287 g"
b. 287g
c. 287(g)
d. "287 (g)"
e. "jail enforcement model"
f. JEM
g. "warrant service officer"
h. WSO

In an effort to accommodate your office and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited part 1 of this request to emails sent by the specified individuals. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both sent and received messages. This means that both an individual's response to an email and the initial received message are responsive to this request and should be produced.

2. All email communications (including emails, email attachments, complete email chains, calendar invitations, and calendar invitation attachments) between any of the officials listed below, and (b) any of the external entities listed below (including the listed domains).

Immigration and Customs Enforcement Officials:
i. Caleb Vitello, Acting Director
ii. Kenneth Genalo, Acting Deputy Director
iii. Jon Feere, Chief of Staff
iv. Anyone serving as acting Director, Enforcement and Removal Operations ("ERO")
v. Anyone serving as ERO Atlanta Field Office Director ("FOD")
vi. Anyone serving as ERO Dallas FOD
vii. Mellissa Harper, ERO New Orleans FOD
viii. John Cantu, ERO Phoenix FOD

External Entities:
i. Alamance County, North Carolina Sheriff's Office (alamance-nc.com)
ii. Canadian County, Oklahoma Sheriff's Office (ccsheriff.net)
iii. Greene County, Tennessee Sheriff's Office (greenetnso.org)
iv. Hamilton County, Tennessee Sheriff's Office (hcsheriff.gov)
v. Knox County, Tennessee Sheriff's Office (knoxsheriff.org)
vi. Pinal County, Arizona Sheriff's Office (pinal.gov)
vii. Putnam County, Tennessee Sheriff's Office (putnamcountytnsheriff.gov)
viii. Tarrant County, Texas Sheriff's Office (tarrantcountytx.gov, tarrantcounty.com)
ix. Yavapai County, Arizona Sheriff's Office (yavapaiaz.gov)

Please note that American Oversight does not seek, and that this request specifically excludes, the initial mailing of news clips or other mass-distribution emails. However, subsequent communications responding to or forwarding such emails are responsive to this request. In other words, for example, if an official received a mass-distribution news clip email from the Alamance County Sheriff's Office, that initial email would not be responsive to this request. However, if the official forwarded that email to another listed individual with their own commentary, that subsequent message would be responsive to this request and should be produced.

3. Records reflecting any final formal or informal directives (including informal email communications), guidance, protocol, or policies issued to law enforcement offices participating in 287(g) programs.

4. Records reflecting any training materials developed, created, or issued regarding 287(g) programs.

   Responsive records may include, but should not be limited to, PowerPoint slides, informational handouts, summary documents, handwritten or typed notes, training videos, or any other records used in trainings.

Please provide all responsive records from January 20, 2025, through the date the search is conducted.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government."[2] The public has a significant interest in the potential expansion of the 287(g) program.[3] Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the federal government, including how the 287(g) program will be used to carry out President Trump's mass deportation agenda. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public's understanding of the

government's activities would be enhanced through American Oversight's analysis and publication of these records.

This request "is not primarily in the commercial interest of the requester."[4] In fact, as a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose, and the release of the information requested is not in American Oversight's commercial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and X (formerly Twitter).[5]

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.[6] Examples reflecting this commitment include the posting of records related to the first Trump Administration's contacts with Ukraine and analyses of those contacts;[7] posting records and editorial content about the federal government's response to the COVID-19 pandemic;[8] posting records received as part of American Oversight's "Audit the Wall" project to gather and analyze information related to the first Trump administration's proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;[9] the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department's process for issuing such waivers;[10]

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.

- In conducting your search, please understand the terms "record," "document," and "information" in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind.

- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.

- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.[12] It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.[13]

- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,[14] and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.

- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.
