Re: Freedom of Information Act Request

Dear FOIA Officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, American Oversight makes the following request for records.

In January 2025, then president-elect Donald J. Trump announced that DAMAC Properties, a United Arab Emirates-based corporation founded by billionaire Hussain Sajwani, planned to make a \$20 billion investment in data centers to expand artificial intelligence and cryptocurrency infrastructure across the United States, particularly in the Midwest and the Sun Belt.¹ Sajwani, who developed Trump International Golf Club in Dubai, has built personal and business relationships with President Trump, the Trump Corporation, and the Trump family, and stands to profit from the Trump administration's policies regarding artificial intelligence, cryptocurrency and related tax, regulatory and infrastructure matters.² American Oversight seeks records with the potential to shed light on Sajwani's influence over the Trump administration and coordination with federal agency officials.

Requested Records

American Oversight requests that the Department of the Treasury (TREAS) produce the following records within twenty business days:

1. All records reflecting communications (including emails, email attachments, text messages, messages on messaging platforms (such as Slack, GChat or Google Hangouts, Lync, Skype, or WhatsApp), telephone call logs, calendar invitations, calendar entries, meeting notices, meeting agendas, informational material, talking points, any handwritten or electronic notes taken during any oral communications, handwritten or electronic summaries of any oral

communications, or other materials) between the agency officials listed below and the external individuals or entities listed below:

Department of the Treasury

- A. Scott Bessent, Secretary
- B. Dan Katz, Deputy Secretary
- C. Hunter McMaster, Director of Policy Planning

External Individuals and Entities

- i. Farooj Arjomand
- ii. Christophe Jacques Marc Cuvillier
- iii. Hitesh Dhoot
- iv. Sofyan Adnan Sami Khatib
- v. Ali Sajwani
- vi. Amira Sajwani
- vii. Hussain Sajwani
- viii. Mohammed Tahaineh
- ix. Anyone communicating from an email including “damacgroup.com” or “damacproperties.com”
- x. Anyone communicating from an email including “doge.eop.gov,” “doge.gov,” or “who.eop.gov.”

Please note that American Oversight does not seek, and that Part 1 of this request specifically excludes, the initial mailing of news clips or other mass-distribution emails. However, subsequent communications responding to or forwarding such emails are responsive to this request. For example, if a specific individual received a mass-distribution news clip email from an email ending in “@damacpoperties.com” that initial email would not be responsive to this request. However, if that specific individual forwarded that email to another individual with their own commentary, that subsequent message would be responsive to this request and should be produced.

- 2. All records reflecting communications (including emails, email attachments, text messages, messages on messaging platforms (such as Slack, GChat or Google Hangouts, Lync, Skype, or WhatsApp), sent by the agency officials listed below that contain any of the following terms:

Department of the Treasury Officials

- A. Scott Bessent, Secretary
- B. Dan Katz, Deputy Secretary
- C. Hunter McMaster, Director of Policy Planning

Key Terms:

- i. Bitcoin
- ii. blockchain
- iii. Crypto

- v. “crypto mining”

- vi. “DAMAC”

- xii. Hussain

In an effort to accommodate your agency and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited Part 2 of its request to emails sent by the specified officials. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both sent and received messages. This means that both the listed official’s response to an email containing a specified term and the initial received message are responsive to this request and should be produced.

For both parts of this request, please provide all responsive records from November 1, 2024, through the date the search is conducted.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency’s regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is “in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government.”³ The public has a significant interest in foreign investment in artificial intelligence and cryptocurrency infrastructure and potential conflicts of interest. Records with the potential to shed light on this issue would contribute significantly to public understanding of operations of the federal government, including whether Hussain Sajwani or DAMAC Properties is exercising undue influence over policy decision-making of United States federal agencies. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public’s understanding of the government’s activities would be enhanced through American Oversight’s analysis and publication of these records.

This request “is not primarily in the commercial interest of the requester.”⁴ In fact, as a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s commercial interest.

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics. For instance, if the request seeks “communications,” please search all locations likely to contain communications, including relevant hard-copy files, correspondence files, appropriate locations on hard drives and shared drives, emails, text messages or other direct messaging systems (such as iMessage, WhatsApp, Signal, or X (formerly Twitter) direct messages), voicemail messages, instant messaging systems such as Lync or ICQ, and shared messages systems such as Slack.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.¹² It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.¹³
- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-

wide requirements to manage agency information electronically,¹⁴ and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in an electronic format by email. Alternatively, please provide responsive material in native format or in PDF format on a USB drive. Please send any responsive material being sent by mail to American Oversight, 1030 15th Street NW, Suite B255, Washington, DC 20005. If it will accelerate release of responsive records to American Oversight, please also provide responsive material on a rolling basis.
