Dear Public Access Officer:

Pursuant to the Maine Freedom of Access Act, Me. Rev. Stat. tit. 1, §§ 400 et seq., American Oversight makes the following request for records.

American Oversight requests that your agency produce the following records within a reasonable period of time:

For all parts of this request, please provide all responsive records from February 17, 2025, through the date the search is conducted.

1. All formal or informal directives or guidance issued to the Maine Office of the Governor by any federal agency related to any Title IX violation investigation into the Maine Department of Education (MDOE), Maine School District, and/or the University of Maine.¹

Responsive records include, but are not limited to, any directives issued to the Office of the Governor by the U.S. Department of Education and/or the U.S. Department of Agriculture.²

are not limited to, any informal email communications, directives, and/or formal letters issued to the Office of the Governor.

Fee Waiver Request

In accordance with Me. Rev. Stat. tit. 1, § 408-A(11)(B), American Oversight requests a waiver of fees associated with processing this request for records. Disclosure of the requested records is in the public interest because it will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information will contribute significantly to public understanding of the operations of the government.³ The public has a significant interest in the recent Title IX investigation into public education agencies in Maine.⁴ Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the government, including whether and to what extent federal funding for state agencies is withheld as a result of the investigation. American Oversight is committed to transparency and makes the responses agencies provide to public records requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes. As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight's financial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and X (formerly Twitter).⁵

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.⁶ Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records and analysis related to the organization's investigations into misconduct and corruption in

state governments;⁷ posting records and analysis of federal and state governments' responses to the Coronavirus pandemic;⁸ posting records received as part of American Oversight's "Audit the Wall" project to gather and analyze information related to the Trump administration's proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;⁹ and the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department's process for issuing such waivers.¹⁰

Accordingly, American Oversight qualifies for a fee waiver.

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics. For instance, if the request seeks “communications,” please search all locations likely to contain communications, including relevant hard-copy files, correspondence files, appropriate locations on hard drives and shared drives, emails, text messages or other direct messaging systems (such as iMessage, WhatsApp, Signal, or X (formerly Twitter) direct messages), voicemail messages, instant messaging systems such as Lync or ICQ, and shared messages systems such as Slack.
- In conducting your search, please understand the terms “record,” “document,” and “information” in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion
