Re: Freedom of Information Act Request

Dear FOIA Officer(s):

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, American Oversight makes the following request for records.

Recent reporting indicates that multiple members of Congress have Elon Musk's phone number and have been in contact with him in his capacity as advisor to the Trump Administration and leader of the Department of Government Efficiency (DOGE).[1] American Oversight seeks records with the potential to shed light on these communications.

Requested Records

American Oversight requests that your agency produce the following records within twenty business days:

1. All email communications (including emails, email attachments, complete email chains, calendar invitations, and calendar invitation attachments) between (a) any of the officials listed below — and/or anyone communicating on their behalf, such as a chief of staff, secretary, assistant, adviser, or scheduler — and (b) anyone communicating from the U.S. House of Representatives (including email communications from email addresses ending in @mail.house.gov) and/or U.S. Senate (including email communications from email addresses containing senate.gov).

   Officials:
   i. Elon Musk
   ii. Amy Gleason
   iii. Katie Miller
   iv. Steve Davis

2. All text messages (including complete text message threads or conversations) or messages on messaging platforms (such as Signal, Slack, GChat or Google Hangouts, Lync, Skype, X (formerly Twitter) direct messages, Facebook messages, WhatsApp, Telegram, or Parler) between (a) any of the officials listed above in part one of this request — and/or anyone communicating on their behalf, such as a chief of staff, secretary, assistant, adviser, or scheduler — and (b) anyone communicating from the U.S. House of Representatives and/or U.S. Senate.

3. All records reflecting the contents of any oral communications, meetings, or calls between (a) any of the officials listed above in part one of this request — and/or anyone communicating on their behalf, such as a chief of staff, secretary, assistant, adviser, or scheduler — and (b) anyone communicating from the U.S. House of Representatives and/or U.S. Senate.

   Part three of this request includes all meeting notices, agendas, minutes, meeting notes — including all handwritten or electronic notes taken during any oral communications — transcripts, summaries of any oral communications, lists of meeting attendees, or materials displayed or exchanged during the meetings (such as handouts or PowerPoint presentations) or provided in advance of the meetings (such as preparation materials provided with a meeting invitation).

4. All records of telephone calls made, received, or transferred to or by any of the officials listed above in part one of this request — and/or anyone communicating on their behalf, such as a chief of staff, secretary, assistant, adviser, or scheduler — with anyone communicating from the U.S. House of Representatives and/or U.S. Senate.

   Part four of this request includes detailed billing information or phone records received by DOGE, the U.S. DOGE Service (formerly U.S. Digital Service, and/or the U.S. DOGE Service Temporary Organization from any telecommunications provider for (a) state-owned/leased phones maintained by any of the officials listed above in part one of this request — and/or anyone communicating on their behalf, such as a chief of staff, secretary, assistant, adviser, or scheduler — and (b) personal phones or devices to the extent they are used to conduct official business.

For all parts of this request, please provide all responsive records from January 29, 2025, through the date the search is conducted.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government

procedures by the general public in a significant way. Moreover, the request is for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government."[2] The public has a significant interest in communications between DOGE and members of Congress.[3] Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the federal government, including whether and to what extent DOGE officials are communicating with members of Congress. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

This request "is not primarily in the commercial interest of the requester. "[4] In fact, as a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose, and the release of the information requested is not in American Oversight's commercial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and X (formerly Twitter).[5]

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.[6] Examples reflecting this commitment include the posting of records related to the first Trump Administration's contacts with Ukraine and analyses of those contacts;[7] posting records and editorial content about the federal government's response to the COVID-19 pandemic;[8] posting records received as part of American Oversight's

Accordingly, American Oversight qualifies for a fee waiver.

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics. For instance, if the request seeks "communications," please search all locations likely to contain communications, including relevant hard-copy files, correspondence files, appropriate locations on hard drives and shared drives, emails, text messages or other direct messaging systems (such as iMessage, WhatsApp, Signal, or X (formerly Twitter) direct messages), voicemail messages, instant messaging systems such as Lync or ICQ, and shared messages systems such as Slack.

- In conducting your search, please understand the terms "record," "document," and "information" in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as

well as letters, emails, facsimiles, telephone messages, voice mail messages, and transcripts, notes, or minutes of any meetings, telephone conversations, or discussions.

- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.

- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.[12] It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.[13]

- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,[14] and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.

- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.
