Re: Public Information Request

Dear Public Information Officer(s):

Pursuant to the Texas Public Information Act, as codified at Tex. Gov't Code ch. 552, American Oversight makes the following request for public records.

Requested Records

American Oversight requests that your agency promptly produce the following:

1. All records reflecting policies and procedures—both formal and informal—prepared by or provided to your office regarding access to and/or viewing of body-worn camera footage, including, but not limited to, requests for body-worn camera footage from attorneys representing clients that appear in footage.
2. All email communications (including emails, complete email chains, calendar invitations, and attachments thereto) sent by the officials listed below and containing any of the key terms listed below.

Department of Public Safety Officials:

1. Steven McCraw, Former Director
2. Freeman F. Martin, Director
3. Walt Goodson, Deputy Director Law Enforcement Services
4. Jason Taylor, Deputy Director Law Enforcement Operations
5. Jason Hester, Chief of Infrastructure Operations
6. Phillip Ayala, Inspector General

Key Terms:

- a. "body cam"
- b. "body camera"
- c. "body worn camera"
- d. "body-cam"
- e. "body-worn camera"
- f. bodycam

In an effort to accommodate your office and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited part 2 of its request to emails sent by the listed officials. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both sent and received messages. This means, for example, that both a listed official's response to an email containing a listed key term and the initial received message are responsive to this request and should be produced.

For both parts of this request, please provide all responsive records from August 1, 2024, through the date the search is conducted.

American Oversight seeks all responsive records regardless of format, medium, or physical characteristics. In conducting your search, please understand the term "record" in its broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions. Our request includes any attachments to these records. **No category of material should be omitted from search, collection, and production.**

In addition, American Oversight insists that your office use the most up-to-date technologies to search for responsive information and take steps to ensure that the most complete repositories of information are searched. American Oversight is available to work with you to craft appropriate search terms. **However, custodian searches are still required; governmental authorities may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.**

Please search all records regarding official business. **You may not exclude searches of files or emails in the personal custody of your officials, such as personal email accounts.** Emails conducting government business sent or received on the personal account of a governmental authority's officer or employee constitutes a record for purposes of the Texas Public Information Act.¹

In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed throughout the document. If a request is denied in whole, please state specifically that it is not reasonable to segregate portions of the record for release.

¹ Tex. Gov't Code § 552.002(a-2); *see also Adkisson v. Paxton*, 459 S.W.3d 761, 773 (Tex. App. 2015).

Please take appropriate steps to ensure that records responsive to this request are not deleted by your office before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

To ensure that this request is properly construed, that searches are conducted in an adequate but efficient manner, and that extraneous costs are not incurred, American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your office can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in electronic format by email or in PDF or TIF format on a USB drive. Please send any responsive material being sent by mail to American Oversight, 1030 15th Street NW, Suite B255, Washington, DC 20005. If it will accelerate release of responsive records to American Oversight, please also provide responsive material on a rolling basis.

Fee Waiver Request

In accordance with Tex. Gov't Code § 552.267(a), American Oversight requests a waiver of fees associated with processing this request for records, because such a waiver “is in the public interest because providing the copy of the information primarily benefits the general public.” The requested records are directly related to the work of state officials, with the potential to shed light on access to body camera footage in Texas. This matter is a subject of substantial public interest in Texas.² Accordingly, release of any responsive records may help the public understand the operations and activities of state officials and is therefore in the public interest.

Release of the requested records will primarily benefit the public.³ As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the requested records is not in American Oversight's financial interest, but is rather in the public interest. American Oversight is committed to transparency and makes the responses governmental authorities provide to public records requests publicly available. As noted, the subject of this request is a matter of public interest, and the public would benefit from an enhanced understanding of the government's activities through American Oversight's analysis and publication of these records. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the
