Re: Freedom of Information Act Request

Dear FOIA Officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, American Oversight makes the following request for records.

Recent reporting revealed that the Federal Emergency Management Agency (FEMA) denied requests for disaster relief funding in North Carolina and Washington state.¹ American Oversight seeks records to shed light on these request denials, including how FEMA criteria for disaster relief may have changed.

Requested Records

American Oversight requests that FEMA produce the following records within twenty business days:

For all parts of this request, please provide all responsive records from March 1, 2025, through the date the search is conducted.

1. All official and unofficial dissent memoranda and complaints (such as formal memoranda, ethics complaints, and informal email communications) submitted to FEMA regarding (a) the decision to deny North Carolina's request for an extension of the emergency relief federal cost share,² and (b) the decision to deny Washington state's request for emergency relief funds.³

² See Bacharier, *supra* note 1.

³ See Baumann, *supra* note 1.

For part 1 of this request, American Oversight requests all such documents received from employees, appointees, board members, or contractors of FEMA. To be clear, American Oversight is not asking your agency to release the names of any individuals who have submitted responsive documents and does not object to withholding the name of any such individual.

2. All records reflecting policies, procedures, and practices—both formal and informal—prepared by, received by, or otherwise in the possession of FEMA regarding the provision of emergency relief funds and/or assistance to states based on political affiliation or partisanship.
3. All email communications (including emails, email attachments, complete email chains, calendar invitations, and calendar invitation attachments) sent by any of the FEMA officials listed below and containing both a key term from Column A and a key term from Column B.

FEMA Officials:

- i. Cameron Hamilton, Senior Official Performing the Duties of FEMA Administrator
- ii. MaryAnn Tierney, Senior Official Performing the Duties of FEMA Deputy Administrator
- iii. Julia Moline, Acting Chief of Staff
- iv. Mike Plostock, Acting Deputy Chief of Staff
- v. Cynthia Spishak, Associate Administrator
- vi. Julie Waters, Acting Deputy Associate Administrator
- vii. Robert Samaa, Regional Administrator, Region 4
- viii. Robert Ashe, Deputy Regional Administrator, Region 4
- ix. Vincent Maykovich, Acting Regional Administrator, Region 10
- x. Tony Morea, Acting Deputy Regional Administrator, Region 10

Key Terms:

Column A	Column B
a. "Bomb cyclone"	a. "Public assistance"
b. "North Carolina"	b. Application
c. Blue	c. Declaration
d. Helene	d. Denial
e. Washington	e. Denied
f. NC	f. Deny
g. WNC	g. Extension
	h. Stafford

To clarify, an email sent by an official listed above that included both "bomb cyclone" and "public assistance" would be responsive. An email sent by an official listed above that included "bomb cyclone" but did not include any of the terms listed in Column B would not be responsive.

To the extent your agency has the capacity to run Boolean searches, American Oversight believes the following search string is an example of one that would be most effective in the search for responsive records: “bomb cyclone” AND (“public assistance” OR “application” OR “declaration” OR “denial” OR “denied” OR “deny” OR “extension” OR “stafford”). American Oversight is available to work with you to construct an appropriate search, based on your search capabilities, to most efficiently identify responsive records.

In an effort to accommodate your agency and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited part 3 of its request to emails sent by the officials listed above. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both sent and received messages. This means that both a specified official’s response to an email containing any of the key terms listed above and the initial received message are responsive to this request and should be produced.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency’s regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is “in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government.”⁴ The public has a significant interest in the Trump Administration’s recent actions to prioritize FEMA payments based on states’ political affiliations.⁵ Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the federal government, including whether denials of FEMA emergency relief in North Carolina and Washington state were based on political affiliation or other criteria. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public’s understanding of the government’s activities would be enhanced through American Oversight’s analysis and publication of these records.

This request “is not primarily in the commercial interest of the requester.”⁶ In fact, as a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose, and the release of the information requested is not in American Oversight’s commercial interest. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and X (formerly Twitter).⁷

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.⁸ Examples reflecting this commitment include the posting of records related to the first Trump Administration’s contacts with Ukraine and analyses of those contacts;⁹ posting records and editorial content about the federal government’s response to the COVID-19 pandemic;¹⁰ posting records received as part of American Oversight’s “Audit the Wall” project to gather and analyze information related to the first Trump administration’s proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;¹¹ the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department’s process for issuing such

Accordingly, American Oversight qualifies for a fee waiver.

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.
- In conducting your search, please understand the terms “record,” “document,” and “information” in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages, and transcripts, notes, or minutes of any meetings, telephone conversations, or discussions.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.¹⁴ It is not adequate to rely on policies and procedures that require officials to move such information to official systems

within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.¹⁵

- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,¹⁶ and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or

Where possible, please provide responsive material in an electronic format by email. Alternatively, please provide responsive material in native format or in PDF format on a USB drive. Please send any responsive material being sent by mail to American Oversight, 1030 15th Street NW, Suite B255, Washington, DC 20005. If it will accelerate release of responsive records to American Oversight, please also provide responsive material on a rolling basis.

We share a common mission to promote transparency in government. American Oversight looks forward to working with your agency on this request.
